LENA CLARKE TRIAL NOW ON IN ORLANDO

Go On Jointly While Jury Venire is Made Up

NEW COURT RULES

WILL KEEP SPECTATORS FROM GOING AND COMING—JURY SELECTED TODAY.

(By The Associated Press) ORLANDO, Nov. 22.—Lena M. T. Clarke, former postmistress of West Palm Beach, and Baxter H. Patterson, who drove her to Orlando on the night of the killing of Fred Miltimore last August went on trial jointly here today on the charge of the murder of Miltimore who formerly worked in the West Palm Beach postoffice. Only two men were excused from the first venire of seventy-five by Judge C. O. Andrews and the work of selecting the jury got under way before noon. Despite rain which came in a steady downpour crowds assembled at the court house early. Word went forth that there would be no promiscuous going in and out of the room and that only spectators who can be seated would be admitted. It is expected the work of selecting the jury will consume a couple of days. Miss Clarke attired in a loose fitting plaid dress, sat with her parents, Rev. and Mrs. A. T. Clarke, and sister, Miss Maude Clarke.

Selecting the jury went on more rapidly than was expected and the state had tentatively accepted eleven for recess for luncheon.

Progress is Shown Naval Limit Plans, Big Three Together

(By The Associated Press) WASHINGTON, Nov. 22.—There was strong indication yesterday that definite progress toward an agreement on American proposals for naval reduction and limitation was being made although no definite action was taken.

The "big three" of the arms limitation conference, Secretary Hughes, Arthur J. Balfour and Admiral Baron Kato, met in Mr. Hughes office. Each was aided by the chief naval experts of each power; but so far as could be learned the discussion did not get beyond further talk over figures as to tonnage and other matters in the American plan. The fact that the experts had made such progress as to warrant the informal meeting of the heads of three delegations chiefly concerned in the naval program was regarded as significant however, and foreshadowing some early conclusion.

AMERICAN ENGINEER KILLED IN BOMBAY DURING RIOTING

(By The Associated Press) LONDON, Nov. 22.—In a dispatch to the Morning Post today from Bombay, it is said that William Francis Dougherty, an American engineer, was killed in last week's rioting at Bombay. The coroner's verdict was that he died of injuries from sticks thrown by rioters.

SOME OPINIONS AMONG DELEGATES AT CONFERENCE

OLD HEADS CAN SEE WHAT WILL BE ACCOMPLISHED AT LAST

(By The Associated Press) WASHINGTON, Nov. 22.—Opinions have been exchanged among arms delegates with such unprecedented directness that with the conference only ten days old some of the experienced diplomatists here believe they can see almost with precision what it will and will not accomplish. There are indications that an agreement on all but details of naval reduction is near at hand and readiness of all nations to commit themselves to general principles regarding the East and outspoken objection of Japan to discuss details that situation seem crystallized quickly conviction that adoption set of principles like four agreed upon yesterday be outcome of Far East negotiations.

LITTLE GIRL SAW FATHER KILN MOTHER AND THEN SUICIDE

(By The Associated Press) BALTIMORE, Nov. 22.—Too terrified to scream, twelve year old Helen Councilman, last night saw her father, Howard H. Councilman, veterinarian, kill her mother with a pistol. Councilman then went into the bathroom and killed himself. Councilman was thirty-five, and his wife thirty-one.

MILLIONS PROVIDED

WASHINGTON, Nov. 22.—A deficiency appropriation bill, carrying approximately \$104,000,000 or \$86,000,000 less than the \$190,000,000 requested by various government departments, was reported today by the house appropriations committee. The navy asks for \$27,000,000, and was granted nothing, while the veterans' bureau, which requested \$121,000,000 was allotted \$65,000,000.

State Will Rebuild Bridges in Pinellas Wrecked by Storm

TALLAHASSEE, Nov. 22.—Bridges linking Tampa with Safety Harbor and Clearwater with St. Petersburg by way of Seminole, washed out by the high water during the recent storm, will be rebuilt for Pinellas county, of permanent construction, by the state road department at a cost of approximately \$100,000. The board today voted to authorize the advertisements for bids at once.

The two bridges, known as the Safety Harbor bridge and the Seminole bridge, span the headwaters of Old Tampa bay and Big Bayou, respectively. The materials to be advertised are reinforced concrete or creosoted timber.

The county had no funds to rebuild the bridges after the storm, could not borrow without the delay of bonding, and as the state road department has spent no money within the county, it was decided to ask the state to undertake to replace the structure.

MARION COUNTY CLAIMS TO BE GREATEST HOG SECTION IN THE ENTIRE SOUTH

OCALA, Nov. 22.—Marion county claims to be the greatest Poland-China hog county in the South. Following close upon the capture of grand championships at the South-eastern fair, Atlanta; Tri-State fair, Savannah, and Georgia State fair, Macon, Marion county Poland-Chinas captured grand championships at the Florida state fair.

WOMAN'S BODY SHIPPED

ST. AUGUSTINE, Nov. 22.—The body of Miss Dorothy Munns, 47, of Chicago, found Saturday in the marshes on Anastasia Island, has been taken in charge by relatives and shipped to Chicago. Miss Munns had been suffering from a nervous breakdown and had wandered away from her hotel last Monday.

FRANCE SPEAKS THROUGH MOUTH OF PREMIER BRIAND, SAYS FRENCH NEWSPAPERS

Premier's Address Subject for Favorable Comment by the Newspapers

(By The Associated Press) PARIS, Nov. 22.—"France speaks through the mouth of Premier Briand," is almost the universal caption in the Paris morning newspapers over the accounts of the French premier's address at the Washington arms conference. The only exception to this favorable tone is the communist newspaper L'Humanite, which uses headline "Briand Defends France's Militarism."

Tax Revision Measure Has Passed House, Back to the Senate

Republican Leaders Determined to Put Bill Through in Time

(By The Associated Press) WASHINGTON, Nov. 22.—Bearing the stamp of the house's approval by a majority of 232 to 109 the tax revision measure as finally written in the conference was back today in the senate. There is doubt as to the full force of the opposition that may develop but Republican leaders said they were determined to put the measure through in time for congress to adjourn tomorrow night.

During consideration of the tax bill a clash occurred between Senator Penrose, Pennsylvania, and Heflin, of Alabama, when the former referred to "black rackets" Alabama, and Heflin characterized Pennsylvania as "manipulated by predatory interests."

RIOTING IN BELFAST CONTINUES TODAY—FOUR DEATHS ALREADY

(By The Associated Press) BELFAST, Nov. 22.—Gunmen resumed sniping under cover of mist which blanketed the city early today, killing a man in York street area, a pedestrian wounded yesterday, died during the night bringing the total deaths since the rioting started Sunday to four. One house was looted.

Another Movie Actress Found Dead in Calif., Looks Like Suicide

Countess DuCellis Was Wife of Buffalo, N. Y. Man

(By The Associated Press) LOS ANGELES, Nov. 22.—Authorities here planned to investigate today the death of Countess DuCellis, 45, a film actress, who was found dead in her apartments Sunday night. Investigation, was stated, will center on the empty phials said by police to have been found near the body. Countess DuCellis was the wife of H. C. Bunting, Buffalo, N. Y. man.

WAUCHULA, Nov. 22.—At the next regular meeting of the city council an ordinance to raise bonding election of \$80,000 is to be submitted by the city attorney. This money is to be used principally for paving streets in the business section.

Farmers to Consider Naval Limit Plans; Big Three Together

ATLANTA, Nov. 22.—At the third annual convention of the American Farm Bureau here today six national co-operative marketing committees brought before the farmers of America their first reports on the growing co-operative movement. These committees represent the wool, grain, live stock, fruit, dairy and vegetable growing industries. These committees appointed within the last year by President J. R. Howard of the American Farm Bureau Federation, are forming national selling agencies through which individual farmers pool their products. Forty-six states will have state representation.

This will be perhaps the first time in history that farmers have met nationally to consider as a national problem, the marketing of America's food supply. Taxation, transportation, tariff, banking, disarmament and finance are other subjects that hold place on the program. Experts in their lines have been called in to discuss these subjects.

HEAD CRUSHED IN

PLAN TOWN, Nov. 22.—The autopsy held Saturday over the body of Charles L. Hopson, who was killed by a slab of wood falling on him from a motor truck, showed Hopson's head had been frightfully crushed. Hopson and Thomas Wilbur, at the time of the accident, were in a truck that was being towed by the motor truck. A touring automobile collided with the motor truck, the collision causing the heavy timber to fall from the motor truck, striking Hopson on the head.

CONTRACT WORK TO START

INVERNESS, Nov. 22.—The McCreey Engineering Co., of Atlanta, that has been awarded the contract for building a new water system, and to also construct sewers, will start operations in a few days. Arrangements are being made to pave certain streets and also to build a new county school.

AGRICULTURAL NEWS

From the College of Agriculture, University of Fla.

WINTER CARE OF LIVESTOCK

The most critical season of the year for livestock is at hand. During November, December, January and part of February our farm animals suffer most. It is the coldest part of the year. Certain feeds are least plentiful. Pasture crops, upon which many animals subsist during the summer months, are no longer sufficient to maintain grazing stock without being supplemented by other feed. Of course, some animals live thru the winter upon nothing but pickings from the woods and pastures, but that is not the best way.

It is poor economy to neglect livestock during the winter. Neglected and left to themselves they will require more time and feed next spring to get them back to their normal health and growth. Professor J. M. Scott, of the Florida Experiment Station, says that livestock left to rustle for themselves through the winter will become stunted and can never regain health and vigor thus lost. It is economy to help livestock through the winter. Feed used in this way is money well invested.

RAPE MAKES GOOD HOG PASTURE

Every farmer who has hogs to carry through the winter and spring should have a patch of rape on which to graze them. It has been demonstrated that rape furnishes more grazing, where the land has been properly prepared, than any other forage crop for this season of the year. The earlier it is sown the quicker it will be ready for grazing. The land should be well prepared and, unless the soil is naturally fertile, 300 to 400 pounds of fertilizer to the acre should be applied. It is a mistake to attempt to grow rape on thin soil without any fertilizer. E. W. Jenkins, district agent for the Agricultural Extension Division of Florida, says that this fertilizer should be high in its nitrogen content. Sometimes a top dressing of nitrate of soda is always beneficial. It may be planted in rows or sown broadcast. When planted in rows it requires about three pounds of seed to the acre, and when sown broadcast about twice this amount. Experiments have shown that hogs grazed on rape and given a half ration of grain made gains of 462 pounds from each acre of rape. Persons desiring further information should call upon their county agent, or write to the College of Agriculture, Gainesville, Fla. Ask for copies of Farmers' Bulletin 164.

RETRENCHMENT MAY MEAN POOR BUSINESS

We say times are hard. They may be, but that is no reason for our practicing poor business. Many of us cry "Retrench!" Retrenchment is a fine thing, providing it is in the direction of practical and commonsense economy; but it is a poor thing when it limits the usefulness of essential officials and institutions. Occasionally counties discontinue

the work of their county and home demonstration agents by failing to make appropriations for their maintenance. This is poor business. Records show that in counties where these agents are employed more farmers, proportionately, pay their taxes promptly.

The Fort Worth (Texas) Star-Telegram, editorially discussing the abandonment of county agent work, has the following to say: "It has come to our notice that in three or four counties in Texas the county commissioners have discontinued support of county agent work. The reason given in each case is retrenchment. . . . This action indicates a woeful lack of appreciation of the real situation at present and of the real significance of this work.

"The plain truth is that there is no public work going forward at present that is so important as that of county agents. . . . The difficulty is that the work which needs doing most, the directing of a county into the proper agricultural channels, will require years for accomplishment, and this must be achieved in the face of great difficulties even under the most favorable conditions. . . .

" . . . The real demand of the times is to drive ahead, agriculturally, instead of to retrench. . . . It is the counties that drive ahead now that are going to enjoy continued progress. There will be no miracles. Farm agents are not magicians. But for the money expended they will return in the course of a few years bigger dividends than any other agency upon which a county may expend money. It is this that needs to be driven home at this time. . . . What we need is more counties making an intelligent effort to direct their agricultural activities and that means that we need more counties with county agents, not less of them."

SUNDAY SCHOOL CAMPAIGN WAS GREAT SUCCESS

THE VARIOUS CHURCHES HAD LARGE ENROLLMENTS YESTERDAY

The "Go to Sunday school" campaign inaugurated by the Sanford churches that has been put on the past week culminated in a result yesterday of which all the churches feel proud. The people generally rallied to the banners of the different churches and were urged to go to Sunday school by advertisements, posters, by personal solicitations and were made aware of the efforts of the churches to make it a big occasion.

The result was as follows yesterday morning:

- Methodist Church559
- Baptist Church427
- Congregational 84
- Presbyterian200

The Baptist church had 92 men, the Methodist had 113 men, the Presbyterian church had 45 men.

This was a wonderful showing for Sanford and is a great record and now that so many new ones have been added to the rolls an effort will be made to keep the various schools up to this high standard.

The four men directly responsible for the success of this Sunday School campaign are the following and they received the unqualified support of the pastors and officers and members of the churches:

W. E. Scoggans, director in chief; H. R. Stevens, in charge of auto campaign; J. J. Bolly, in charge of the 4-minute speakers; Zeb Ratliff, publicity man.

READY TO GIVE STATE ANOTHER JUDGE NOW THAT G. O. P. IN LINE.

WASHINGTON, Nov. 21.—Since it became known that the subcommittee of the house judiciary committee had recommended that a bill be passed providing for the appointment of additional district judges, including one for the southern district of Florida, there has been considerable interest manifested in the matter. It is recalled that during the control of congress by the democrats Senator Fletcher, on three different occasions, was successful in having the providing for an additional judge for the southern district, but for causes which have been the subject of comment each of his bills failed to pass the house.

Should this congress provide for an additional judge the appointment would doubtless go to a republican. The fact that the subcommittee has recommended that the bill as passed does not necessarily mean that the full committee of the house or the senate will concur, and if not then there will be no additional judge. It is most unfortunate that influence was exerted in the house to defeat the bills introduced by Senator Fletcher.

OUCH! LAME BACK, RUB LUMBAGO OR BACKACHE AWAY

RUB PAIN RIGHT OUT WITH A SMALL TRIAL BOTTLE OF OLD "ST. JACOBS OIL"

Kidneys cause backache? No! They have no nerves, therefore can not cause pain. Listen! Your backache is caused by lumbago, sciatica or a strain, and the quickest relief is soothing, penetrating "St. Jacobs' Oil." Rub it right on your painful back, and instantly the soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of "St. Jacobs Oil" from your druggist and limber up. A moment after it is applied you'll wonder what became of the backache or lumbago pain. Rub old, honest "St. Jacobs Oil" whenever you have sciatica, neuralgia, rheumatism or sprains, as it is absolutely harmless and doesn't burn the skin.—Adv.

MEAT CAUSE OF KIDNEY TROUBLE

TAKE SALTS TO FLUSH KIDNEYS IF BACK HURTS OR BLADDER BOTHERS.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who informs us that meat forms uric acid which almost paralyzes the kidneys in their effort to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacist here; take a spoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.—Adv.

PIPE ORGAN CLUB

The members of the Pipe Organ Club were delightfully entertained yesterday afternoon by Mrs. R. B. Jarvis, at her home, 811 Oak avenue.

Meeting called to order by Mrs. C. J. Ryan, minutes of last meeting read by Mrs. Sina Bray; answer to roll call by Thanksgiving quotations.

Plans were definitely made for the bazaar next Saturday, November 26, at Dr. Moor's optical parlor.

A motion was made and carried, that the remaining weeks of this year be used on personal gifts.

Everybody bring your Christmas gifts to the club, and let's sew together.

Mrs. J. B. McCloud was initiated and the names of Mesdames R. E. Tolar and J. G. Sharron were presented and accepted.

After all business had been disposed of a social hour was enjoyed by a Thanksgiving reading, "Miss Hep- sie's Blessing," by Miss Clara Mil- len.

The hostess served fruit salad, saltines, coffee, cake and mints, as refreshments. Yellow chrysanthemums were used as favors.

Among those present were: Mes- dames C. J. Ryan, Geo. Hyman, Sina Bray, Kent Rossiter, Forrest Mc- Allister, Leslie Bryan, Irvin Estridge, A. M. Phillips, R. B. Jarvis, J. B. McCloud, B. G. Methine, M. B. Leon- ard. Visitors, S. S. Telford, Ken- neth Murrell, Misses Martha Fox and Clara Millen.

SANFORD ROTARY CLUB WILL HAVE GAME DINNER

The Sanford Rotary Club decided at their last meeting that they would postpone today's meeting and have the dinner next Saturday, at which time the members who were doing hunting would be home and would have enough game to put on a game dinner. Mr. Campbell of the Valdez hotel has promised to cook the game in Valdez style and it is safe to as- sert that the busy business men will hardly be fit for business after they do justice to all the game that the members expect to bring in. Of course there are slips between the game and the cook tent and hunters do not always hunt but if the game does not materialize the Valdez can be depended upon to have something equally as good and the meeting will as usual be a snappy one.

"THE BRONZE BELL" A FAMOUS NOVEL

"The Bronze Bell," the latest Para- mount-Ince special picture which will be presented at the Star Theatre to- night, has for more than ten years ranked as one of the most popular of American novels, and is still enjoying an enormous sale by bookdealers thru- out the English-speaking world.

A stirring romance of British East Indian, "The Bronze Bell," was pub- lished in novel form by Dodd, Mead & Co., of New York, in 1909, and with- in a few weeks was rated as one of the best sellers of the year. For many months an extraordinary demand was evinced, and several editions of the novel were issued.

When Thomas H. Ince negotiated for the screen rights of a number of Louis Joseph Vance's novels, "The Bronze Bell" received first consid- eration, both because of its wide popu- larity and its unusual adaptability for the screen. The story is dramatic and the heart appeal irresistible. Courten- ay Foote and Doris May head a cleav- er cast of players.

The Spirit of the Double Barred Cross

Miss Mary Clare Glynn in the title role of "The Spirit of the Double Barred Cross," a pageant given at the annual meeting of the National Tuberculosis Association. The Double Barred Cross has come to be recognized as the emblem of hope to the consumptive. It is the Spirit of the Double Barred Cross that has enabled many a patient to wear through the long weary nights and finally come out victorious against the Great White Plague. It is the Spirit of the Double Barred Cross that has led committees of men and women to sell Christmas Tuberculosis Seals in order to carry this message of hope and cheer to those who have been attacked by this foe of civilized man.

EDNA WHEATON, BEAUTY OF RENOWN IS MEMBER OF CAST OF "EXPERIENCE"

Edna Wheaton, designed by the Daily News, of New York, as the most beautiful girl in New York City, plays the role of "Beauty" in George Fitzmaurice's production of "Experience," a Paramount picture which will be shown at the Star Theatre Friday and Saturday of this week.

Miss Wheaton competed with 6,000 other Gotham beauties for the honor of appearing in "Experience." Her chance to break into the movies came as the result of the kindness of a friend who sent her picture to the newspaper. She is eighteen years of age and had come to New York from her home in Ithaca, N. Y., to study music.

Director George Fitzmaurice and the casting department at the Paramount eastern studios decided that some sort of a contest was necessary to get the right girl to play the part of "Beauty" in the picture. All the stage beauties were more or less cold and did not fit with Mr. Fitzmaurice's idea of beauty. Consequently the Daily News was enlisted in the search for the real American beauty and Miss Wheaton was the lucky contestant.

Miss Wheaton was busy for two weeks with her part having close-up shots with Richard Barthelme, who plays the leading role, "Youth," and other scenes filmed with the remaining principals in the cast.

GAS FIELD, GREATER THAN ANY IN WORLD. FOUND IN LOUISIANA.

NEW ORLEANS, Nov. 21.—An enormous natural gas field with production potentialities "unsurpassed in the history of the natural gas industry of the country" has been uncovered in northern Louisiana, according to a report made public here last night by engineers of the United

States Bureau of Mines, following an investigation conducted for the state at the request of Governor Parker.

A productive area of 221 square miles or approximately 135,000 acres in a solid block, located in Union, Ouchita, and Moorehouse parishes, near the city of Monroe, and designated as the Monroe gas field, is outlined in the report of the engineers.

Although over ninety billion cubic feet of gas has been removed since the "discovery well" was drilled in 1916, the engineers estimate the total amount of gas remaining in the reservoir at approximately four trillion, seven hundred and fifty billion cubic feet, with indications that the volume is much greater because the limits of the field had not been finally determined at the time their investigation was concluded.

H. R. STEVENS, CANDIDATE FOR CITY COMMISSION

Having served one term as city commissioner, and having had the privilege of assisting in establishing the new form of government under which we are now working, and the people of Sanford having seen fit to place my name in nomination for another term, I hereby announce my candidacy for the position of city commissioner, to be voted for on December 6th next.

In making this announcement, I hereby refer you to city records of accomplishments of the past two years, and if elected I expect to continue to work for good, clean government, and for the interest of our city and its people.

Yours very truly,
H. R. STEVENS.

ROSELLE, THE FLOPIDA CRANBERRY

In riding over Seminole county, one notes that many of the farmers are raising Roselle, or Jamaica Sorrell, or the Florida cranberry, as many know it. The Roselle is easy to raise and a small patch will furnish the household with all the jelly and sauce needed during the season, and much of it can be sold. In fact, a campaign for the Roselle would not be out of place and would mean that our own farmers could be receiving the money that now goes out of the State for cranberries. The Herald has obtained recipes for the making of jelly, marmalade and sauce:

Roselle Jelly.
(Roselle is an East Indian plant, cultivated for its fleshy calyces, which are used for making tarts, jellies, etc.)

In removing the stem cut into the seed a little way and then it will be easy to push the seed out, leaving the calyx whole.

For each measure of fruit allow two measures of water. Boil ten minutes. Cover the vessel and set aside until cool. Pour into flannel jelly bag and press until no more juice can be obtained. The amount of sugar to be used is not more than three-fourths cut to a cup of juice. A little less makes a better jelly. Boil until the jelling point has been reached, which is indicated by the flaking or sheeting from the spoon. Extreme care must be exercised at this point because overcooking will cause it to syrup.

Roselle Marmalade.

Method 1. Take the pulp left after juice is extracted for jelly. Add a little water if too thick and an equal measure of sugar. Cook until it reaches 220 degrees F., or until it has the consistency of fruit butter. Be careful not to scorch. (An asbestos mat will aid in preventing scorching.)

Roselle Sauce.

If roselle is to be served as sauce use equal measures of the calyces and of water; cook until tender. About 10 minutes gives a tender product. Sweeten to taste and allow the sauce again to come to the boiling point in order to be certain that all the sugar is dissolved. The same may be rubbed through a coarse sieve and the sugar added to the strained product. This gives a very excellent sauce similar to the strained cranberry sauce.

Whitewashing and Japanning has no order in affairs at the conference.

"Food Prices Break" reads a headline over a Washington date line. Break who?

While they are disarming things at Washington allow us to suggest they disarm suspicion.

The new 1922 license tax for your auto will be levied by the weight of the car. Oh, you Fords.

The roar of big guns is now being succeeded by the roar of men who think they are big guns.

Sanford might present Foch with a bunch of celery. He can't eat those degrees and gilt swords.

The pen is mightier than the sword and if Japan isn't good we suggest they put Japan in the pen.

The German mark has taken another tumble. It has about as much value in Germany as a corkscrew in America.

The Jax Met printed the award of prizes in the poultry show of the state fair on its society page. Any significance in this?

An up state paper headlined an article, "120 gallons of Good Hope water in one shipment." It must have been moonshine.

The city of Sanford is attracting capital every day. Our location will make a big city. All it needs is a little pushing and it will go over.

We are very much worried over the new edict from Washington that they have fixed the income surtax at 50 per cent on incomes of \$200,000 or over.

The crops of vegetables in the Sanford fields never looked better. And when one goes away and comes back these green fields look better than ever. There is no winter vegetable section in the world that can compare with Sanford.

With our new pavilion and excellent band Sanford will be able to entertain once each week and on Sunday afternoons as never before. Sanford did not send out of town for music as other Florida cities but is supporting the home product.

THANKSGIVING.

In accordance with the long-established custom, the president issued a proclamation naming the last Thursday in November—Nov. 24—as a day of thanksgiving, devotion and prayer. The federal government does not establish national holidays, but Thanksgiving is observed in every state and it is a legal holiday in practically all.

President Harding devoutly recalls how many blessings this country has to be grateful for. "Foremost is the return of peace and the approach to normal ways again." He says that "the year has brought us back into relations of amity with all nations, after a long period of struggle and turbulence," and he asks divine guidance and approval in what the nation

does. "We shall be prospered as we deserve prosperity, seeking not alone for material things but those of the spirit as well." He points out that while we did our part in "the great trial of humanity," the war left us "comparatively little scarred." We have been favored as a nation, "as a part of a plan whose wisdom we cannot question." He continues: "Thus believing, we can do no less than hold our nation the willing instrument of the Providence which has so wonderfully favored us. Opportunity for very great service awaits us if we shall prove equal to it. Let our prayers be raised for direction in the right paths. Under God, our responsibility is great; to our own first; to all men afterward; to all mankind in God's own justice."

AS CHRISTMAS APPROACHES

In a few days some one is going to realize that it is only a month to Christmas. Then we will be urged to "do your Christmas shopping early."

It has just occurred to us that there are, also, only thirty-five days left for the merchants to do their advertising early.

It is as true that the early advertising bird gets the worm, as it is true that the early buying bird gets it; and, taking things by and large, the late buying bird has the advantage of the late advertising bird. There are many men and women now quietly looking for their Christmas articles. Many are buying as they find them and the search is taking them into all the stores. The man who is ready for them, and will tell them so, can concentrate a big part of this early trade at his counters.

Anticipating the wants of customers in advance of holiday observance, the merchant should make special efforts to capture the largest possible volume of trade. It is not the rush buying which a merchant can pack into a week of pre-season showing, which counts near so in the cash book balances, as it is the steady, ever increasing current of trade which sets in early and continues late, bearing on its way a golden profit. So, the merchant desiring to move a great volume of goods will not, if he be wise, wait until every other merchant starts his goods into the market. He will take advantage of the present time and get his going first.

Position and space also are more easily available to the early advertiser than to the last minute one. The merchant who leaves his holiday advertising to the very last minute is going to find not only that the papers are crowded with other merchants' offerings, but that the choice positions and the maximum of space he wants, more than likely have been secured, compelling him to take what he can, and how, and when.—Tampa Tribune.

"TURKEY DAY" DINNER.

The intimation that although the market will be well supplied with turkeys this year the cost of the Thanksgiving dinner will be scarcely less than it was last year is disappointing, yet it will not greatly surprise those who have made a study of the retail market for foodstuffs. For it seems as if in the case of certain commodities the ordinary laws of supply and demand do not apply. The fault probably lies in the system of distribution. It is not the material itself, but the expense of handling it, that frequently makes up the larger part of its cost. It has been said that if wheat should be sold for next to nothing it would be still impossible for bakers to make a sharp reduction in the price of bread without incurring a loss.

It may be that the maintenance of high prices for turkey can be explained in some such manner. The only other possible explanation, it seems, that some dealers in large cities, propose to profiteer. The Thanksgiving feast is hardly complete without turkey.

Nothing yet in the building construction of Orlando has surpassed the new San Juan garage and office building fronting on Central avenue when it comes to artistic designing and substantial construction. The building conforms in every respect to modern concrete and stucco construction so popular in the Sunny South. Even in the color scheme, one might travel from coast to coast and not find better harmony or consistency to surroundings.—Orlando Reporter-Star.

That new cattle bank to be established in Bartow is to lend money on cattle "only in tick-free areas." Those legislators who so zealously represented the cattle-ticks of Florida are thus given some food for thought—of they have thoughts.—Miami Metropolis.

JUST KIDS—Tomorrow is Saturday.

ALL TOGETHER—BOOST!

We can kick it, we can rap it, We can kick and we can scrap it, But let's advertise our town another way; Let us laud it and applaud it, Let's commend it and defend it, Till the world shall know we mean just what we say.

We can rake it, we can break it, We can make it or forsake it, Just by the way we talk about "Our Town." We can boast it, we can shove it, We must talk it, we must love it, If we want it to go UP instead of down.

Why not sing and shout it praises— Mention all its happy phases— Show the world the best town on the map? Boost it at the store and table Boost it when and where we're able— All together NOW— Let's boast and "can" the rap— Patrick Henry Dillon, Buzzsaw.

A FINE OLD HOME PAPER

(Tune—A Fine Old English Gentleman.) These magazines with gravures and all these works of art, Are very well for city folks who live by dint of mart; But give me first and foremost, I hold it is the prime— That fine old home town paper—one of the good old time.

The printin' isn't perfect, the ink's not uniform, The type is set by hand perhaps,—considerably overworn, The dear old press—I know it well— it's covered o'er with grime— But it prints that old home paper— one of the good old time.

I look for it each week as regularly it comes, And when the postman brings it in, I drop all other chums, I drink it in, from start to fin, ridiculous and sublime, That fine old home town paper one of the good old time.

Smith's cat may have some kittens; Jones is putting in new pumps, My girl chum has got married and the kids have got the mumps. Jack Wiltsey's built a lean-to, Johnson's roses upward climb, Oh, I love the old home paper, boys, one of the good old time. —GEO. E. WRAY.

Robert Sands has a force of carpenters at work on his new home on Cypress street, and expects to have the building ready for occupancy by himself and family in about two weeks. It is to be a modern fire-room bungalow and when completed will make a cozy and comfortable home. Construction was started about three weeks ago under the personal supervision of Mr. Sands.—Tarpon Springs Leader.

FOREST LAKE CANDIDATE FOR CITY COMMISSION

TO THE QUALIFIED ELECTORS OF SANFORD:

It is with a deep sense of duty that I have consented to become a candidate for the office of City Commissioner of the City of Sanford, but when 796 of my fellow-townsmen request it, I know of nothing else to do. Having been thus nominated I hereby announce that I am a candidate for the office of City Commissioner at the ensuing election to be held on the 6th day of December next, and pledge myself, if elected, to an impartial and conscientious performance of the duties of the office for the advancement of our city and the welfare of its people.

I want here to express my appreciation for the splendid petitions filed placing me in nomination; Very sincerely, 196-tfc FOREST LAKE.

THE WEATHER

For Florida: Unsettled with probably rain tonight and Wednesday; no change in temperature.

O. P. Burroughes, of Jacksonville, representing the Hurty Turpentine Co., is in the city for a few days on business.

A crackin' good way to make business more "rotten" is to tell every customer, as he or she comes in, that business is "rotten."

E. H. Fagan, of Orlando, a well known traveling salesman of that city, was in Sanford this morning and paid the Herald office an appreciated visit.

Get your space in the Christmas editions of the Weekly and Daily Herolds. It will be the biggest and best advertising medium that has been presented to Sanford merchants in many years.

The auto license tag next year will also be tagged. The tag is required to show the weight of vehicle, so the comptroller will have to tag the tags with the weight of the cars before mailing them out.

This vicinity can be ruined by the power of suggestion. It can also be made one of the most popular places in the state by using the same means. It's up to us to make the vicinity what it is to be. What do you say?

Auto owners can find blanks for license applications at any bank, office of county judge, clerk of the circuit court, tax collector or motor club. After about the 1st of December these will also have information as to the weights and rates on cars and trucks.

T. H. Thomas and Ed. Zeager, of the Thomas Tent & Awning Co., of Miami, were in the city yesterday looking toward the establishment of an agency in this city. The Thomas Co. has recently opened a branch factory at Daytona and are prepared to take orders and make all kinds of awnings on quick notice. See their ad in the Daily Herald.

There is one plain provision of the automobile license law that the car owners of the state have in large numbers seem to overlook. That is when a car is sold or changes hands the tag goes with the car. Tags must not be changed from one car to another but the new owner is required by law to transfer the registration to his name.

INDIANAPOLIS PARTY HERE TODAY ON POST- CARD CAMPAIGN TRIP

The delegates of the Postcard Campaign touring Florida, whose pictures are given in today's Daily Herald, are here today.

The party, all of Indianapolis, consists of Mrs. Joseph J. Schmidt, wife of the president of the Indianapolis Real Estate Board, chaperon, Miss Harriet Dithmer, daughter of the president of the Kiwanis Club, queen, Miss Virginia Hall, daughter of the president of the Rotary Club, maid of honor, Miss Charlotte Wichter, daughter of the president of the Civitan Club, maid of honor, Scout Kenneth R. Davis, Scout Neil Robertson.

MATERNITY BILL

WASHINGTON, Nov. 22.—The senate today concurred in the house amendments to the maternity bill and the measure now goes to the president. There was no record vote.

AWNINGS AND TENTS

Tailor-made awnings that fit and satisfy. All latest styles and colors for your selection. Write or wire to Thomas Awning & Tent Co., Inc., Box 191, Daytona, Fla.

SANFORD'S TEMPERATURE

Well, the old bulb is getting down to cases again and it begins to look like "Eventually, why not now" we will have some colder weather. The boys who are camping out say that colder weather is needed to kill the mosquitoes, the growers say we must have colder weather to head the lettuce, the wood man says he wants colder weather, the clothing man wants colder weather and all of us want cold weather and we will probably get more than we want before the winter is over. However, it is 78 now and that is going some.

AMERICA WANTS SERVICE

In spite of the noist that is being made concerning the high cost of living and the low wages—in some places—it has been determined, beyond any doubt, that if genuine service is rendered, the average person proves to you that service is what is necessary to keep business going good. You can advertise "your head off" about the bargains you are offering, but if you are not able to show, or deliver the goods, your advertising is in vain.

We are advertising the fact to you that we give absolute service, whether it is in the line of advertising or commercial printing, and then every phone number is 148.

FINE FURS IN FILM

Probably the most costly array of furs ever seen in a Paramount picture is worn by the principal woman character in "Experience," which was produced under the direction of Geo. Fitzmaurice and which comes to the Star Theatre Friday and Saturday of this week. Arrangements were made with a prominent Fifth Avenue furrier for \$100,000 worth of fur coats, wraps, stoles and scarfs for use in the picture.

Yvonne Rouston, as "Fashion"; Nita Naldi as "Passion"; Lilyan Tashman as "Pleasure" and Edna Wheaton, who plays "Beauty," appear gorgeously attired in furs that will give those who see the picture a glimpse of the latest styles in four pieces. In one scene "Pleasure" wears a \$3,500 Russian sable stole and in another a \$30,000 chinchilla coat. "Passion" appears in an ermine coat valued at \$20,000; "Fashion" displays several fur pieces of great value and "Beauty" is attired in an evening cloak of manor velvet, embroidered in crystal and trimmed with Russian sable.

The entire eighteen holes of the Miami Beach golf club course will be opened from today on throughout the season. This announcement was made last week by Lee Nelson, manager of the golf courses at Miami Beach. Mowing machines have been busy for several days getting the course in condition for the opening of the nine holes north of Dade boulevard. Constant playing on the lower nine holes during the summer has worn the course to some extent, and with the opening of the full eighteen holes this situation will be relieved.—Miami Metropolis.

Williston citizens are to vote next month on township bonds for general improvements of their city. The original amount will be \$47,000 of which \$35,000 will be for the building of a municipal water and light plant.

KNIGHTS OF PYTHIAS DISTRICT MEETING TO BE HELD IN ORLANDO

One of the fraternal orders that can always command attention and get a crowd together is the Knights of Pythias. Something in its teachings and practice stirs enthusiasm in a brave and manly bocom. There seems to be such a large measure of confidence in every undertaking that success crowns the effort.

Friday night of this week, the regular district meeting will be held in Orlando. The Orlando brotherhood is made up of men who may well wear the exalted title of "Knight." They are men who in the daily walks of life exemplify the beautiful teachings of this great order. They do not believe in hiding their light beneath a bushel; so they have planned an open meeting for Friday night, 7:30, to which the public is invited. Every person who has ever been a Knight, or who has an ambition to be, will be welcome and will be assured of an evening full of good entertainment and practical lessons.

On the regular speakers program, are: Grand Chancellor, W. B. Crawford, Orlando; Grand Keeper of Records and Seal, L. B. Sparkman, Tampa; Grand Master at Arms, E. R. Dickinson, Tampa; Grand Inner Guard, George Lynch, St. Petersburg; and our own popular orators, W. R. O'Neal, N. P. Yowell, Mrs. Juliet Smith, Grand Chief of Pythian Sisters.

The Pythian sisters of the local lodge will serve a banquet and in this our home ladies are artists. This will be a double feast all in one night and no ordinary excuse ought to prevent any Knight or sister from attending. Other engagements ought to be arranged so as not to interfere with this meeting.—Orlando Reporter-Star.

LAWRENCE HAYNES, TENOR

Mr. Haynes is a Floridian. He made his bow as a singer at the early age of six years when he faced his first audience, singing them the story of the owl and the pussy cat who went to sea in a beautiful pen-green boat.

He has been facing audiences ever since.

Mr. Haynes passed through the choir boy age, singing in Jacksonville and Atlanta, Georgia, and showed without doubt an unusual gift for song. His parents decided to give him every advantage and sent him abroad. He studied for two years in Florence, Italy, under Vanucinni. He then went to Paris, where he had several teachers—Sbriglin, Monsieur Plunandon of the Paris Grand Opera, and Lucien Fugere, the great artist of the Opera Comique.

It was at this time that Mr. Haynes met Miss Fanny Reed, whose musicals were the most important in the French Capital. She recognized in his beautiful voice and interpretative ability the making of a great artist. It was in Miss Reed's salon, where Nellie Melba years ago had been first heard, that Mr. Haynes sang for the musicians of Paris. This hearing led to professional engagements during the season in the greatest houses of Paris.

Mr. Haynes will sing in Sanford for the benefit of Campbell-Lossing Post, American Legion and the date will be announced later.

MYSTERY IN SANFORD HAS BAFLED THOUSANDS WONDERFUL PIECE OF WORK

Daniel Hunt, an exhibitor, has arrived in this city with a mystery that has baffled hundreds of thousands who have seen it.

He has on exhibition a piece of work that he says no man could build with his two hands, working from dawn to dark every day he lived, from the cradle to the grave, death would claim him first, yet the exhibitor did it, using nothing but two iron wires to touch it, completing the work of a life time, in one year.

It cost ninety-three cents for the material, nothing being used except a few pieces of cigar box, a little putty, a couple of threads, and a hair from a woman's head.

He will give the man who solves the mystery one thousand dollars, and offers to marry any woman who solves it.

One of his hobbies is to show it to the governor of each state he passes through, and get his signature on a card, having showed it to Governor Hardee on November 11, at Palatka.

He says he had a dream that a person in this city solved the mystery and he came out of his way to show it here.

Whether it was a man or woman, that he dreamed of, Hunt would not state, and only smiled when asked. He will be in the city for several days, and says if the mystery is solved here, he will settle in this city.

KNIGHTS TEMPLAR ATTENTION!

Taylor Commandery will hold a called convocation on Wednesday evening, November 23rd, at 7 o'clock. The Order of the Temple will be conferred and matters referring to the coming inspection of the Commandery on December 2nd, by Deputy Grand Commander Samuel A. Johnson, will be attended to. All Sir Knights please attend in full dress uniform. Visitors welcomed.

By order of Eminent Commander.
JNO. D. JINKINS,
Recorder.

ATTENTION CO. D.

All officers and enlisted men of this organization are hereby ordered to report at the armory (court house) on Wednesday night, November 23, 1921, at 7:30, for the purpose of drill and instruction.

GEO. A. DECOTTES,
Capt. Inf. F. N. G., Comdg.

DO YOUR CHRISTMAS SHOPPING EARLY

If the preachers got discouraged every time they had a small congregation, the churches would soon close up. But the preachers keep right on hammering away, and most of them make good. Your customers may KNOW you are located in Sanford, same as a preacher may know his congregation is somewhere in the near vicinity, but if you want to get in on the ground floor, do your Christmas shopping early.

December will be your banner month—if you want it to be—and every month will be a banner month—if you advertise. We can and will help you if you are undecided as to your plan of campaign. Phone 148.
