Grant Provides For Historic Zone Expansion

A move to expand Sanford's downtown historic district into an adjacent residential area will begin this spring.

The plans are to be funded with \$5,000 in city budget monies and a matching state grant commissioners accepted Monday.

The city received word last month it was to be awarded the grant, which was applied for last fall by Planning and Engineering Director Bill Simmons and Historic Preservation Board Chairman Jerry Mills. Commissioners Monday executed documents accepting the monies from the state Department of Archive History and Records Management.

Mills said the surveys should begin within three months and be complete during the fall. The city will contract a private historic preservation consulting firm for the work. The firm will be looking at the exteriors of structures within a roughly 80-square-block residential area adjacent to the city's downtown historic commercial zone.

Mills said he's confident the residential area qualifies for historic status, based on the number of aged structures it contains. He said the surveys will firm up the zone's boundaries and the historic board will then gauge how property owners feel about the possible designation.

City commissioners would also hold public hearings before adopting an ordinance to establish the historic zone. Mills said if all goes well at the hearings, the new zone should be in place by the end of this year.

The ordinance would require property owners to seek seek historic board approval to alter the exterior of their structures. This is how the board operates in the historic commercial zone.

Mills said the board's "main thrust is providing assistance" to property owners who want to preserve the architectural integrity of their

Meat Theft Linked To Truck Driver

By Susan Loden Herald Staff Writer

A Seminole County School District truck driver remained jailed today in lieu of \$1,000 bond, accused of stealing meat from the school district.

William Lawrence Davison, 34, of Orlando, was charged with grand theft after being questioned by Sanford police investigator Gordon C. Reid at about 3:50 p.m. Monday at the police station.

Davison is accused of unloading about \$7,190 worth of meat from a school district truck at a warehouse at the Sanford Port Authority on Jan. 7 and 9. The meat was supposed to have been delivered to a school district warehouse at 410 E. Fourth St. In Sanford. The delivery to the port warehouse was not authorized, Reid reported.

The deliveries were made in a school district truck reportedly driven by Davison, who was accompanied by another school district employee, Reid reported. Included in the deliveries were 36 cases of turkey ham valued at \$409; 39 cases of turkey breasts valued at \$470; 42 cases of beef franks valued at \$340 and 119 cases of ground beef valued at

A witness reported the deliveries to police and said that he was given a turkey ham and a ground beef loaf by the operator of the warehouse at the port.

That ham and beef loaf were given to police by the witness and Reid reported that the manager of the school district warehouse identified them as school district property.

When questioned by Reid before his arrest Davison reportedly claimed to know the operator of the warehouse at the port.

Sanford Police Chief Steve Harriett said today charges are pending against the second school district employee believed to be involved in the theft, as well as against the warehouse operator.

Harriett said he does not know what if any of the meat, other than that given to the witness. has been recovered.

Davidson, whose job title is food service delivery and recelving clerk, has been employed with the school district since 1973, according to school spokesman Karen Coleman.

Mrs. Coleman said Davidson has been in his present position since 1983.

Michigander's Flight Will Recall Shuttle Disaster

By Deane Jordan Herald Staff Writer

When Curt Schupbach wings back to Michigan Wednesday he will feel the pulse of history and the pang of Challenger's destruction, for he will be unintentionally in the same place at the same time doing the same thing a year to the moment the space shuttle exploded.

Schupbach and his wife Lillian, who have a relative in Sanford, were on Michiganbound Pledmont flight 20, Jan. 28, at 35,000 feet between Orlando and Daytona Beach when the Ill-fated craft exploded at 11:39 a.m. The Schupbachs will be on the same flight Wednesday. They may even get the same pilot.

Schupbach, whose wife's aunt is Lillian Rothweilder of Sanford. said he watched the liftoff and the destruction from the plane and, although he had only seen he said.

one other liftoff, knew something was wrong.

"It will be something I will never forget." he sald. Schupbach, a businessman from Fenton, Mich., said the pilot had banked the plane so the dozen and a half passengers could get a good view. He was peering down when the shuttle's pillar of smoke suddendly fountained across the sky as shattered debris fell smouldering and two solid-fuel rockets meandered commandless over the Atlantic.

At first he thought it was the booster rockets dropping off but another passenger said it was worse than that. In a few minutes, the plane's pilot told the passengers and crew the stunning news.

When Schupbach's flight landed in Michigan in a few hours, his son asked him if he had heard the tragic news.

School Volunteers Get Week Of Honors

Special recognition of Seminole County school volunteers will be given during Florida School Volunteer Week, Feb. 9-13.

The week has been set aside to give special thanks to all Seminole County school volunteers and to the more than 122,000 school volunteers serving in schools all over Florida, said DeDe Schaffner, coordinator of Dividends, the county's school volunteer program.

A principal VIP day, scheduled for Tuesday. February 10, will give principals an opportunity to be a classroom teacher at another school. Also, Seminole County Congressmen, legislators, county commissioners, school board members, school board administrators and members of the media have been invited to serve in the classrooms as Dividend volunteers.

"The purpose of VIP Day is to provide these officials with an opportunity to see the district schools in action, observe the classroom benefits of a school volunteer program and to know the direct, personal rewards of being a school volunteer." Mrs. Schaffner said.

Aquino: Rebellion Quelled

Marcos' Rebels Try Coup

MANILA. Philippines (UPI) -Troops loyal to ousted ruler Ferdinand Marcos launched a coup attempt today, briefly capturing the air force headquarters and a key base. The rebels held a television station but the government said the uprising had been crushed.

One rebel was killed and nearly 60 people were injured in gunbattles and disturbances.

President Corazon Aquino announced over television the rebellion by "misguided military elements" had been quelled with "exemplary speed."

But as darkness fell over the capital, some 100 mutinous troops held the television station and about 30 hostages. There also were unconfirmed reports that as many as 16 truckloads of Marcos supporters were en route to Manila from his

northern stronghold. Aquino demanded the hold-outs

surrender, saying their position was hopeless. The situation is well in hand.

People should keep calm." said Aquino, who left the palace at dusk under heavy security to attend mass with her family at the nearby Manila Cathedral.

The coup attempt, in the wake of rumors of plots to thwart a criticial constitutional plebiscte next Monday, was the second and most serious armed challenge to Aquino's H-month-old government and involved simultaneous strikes.

reporting an alleged rape. The report was made at about 10:45 p.m. Sunday and the woman said she had been picked up outside the Deluxe Bar in Sanford by a man who offered her a ride home at about 10 p.m.

He took her to an isolated area of Sanford, threatened her with a knife and hit her in the face before forcing her to the bed of the truck where she was raped, a sheriff's report said. The woman escaped when she said she had to go to the bathroom. She went to the Satusuma Drive home and asked the owner to called sheriff's deputies.

But when deputies arrived it took them about 20 minutes to convince the woman to file a report on the assault. She refused medical treatment and asked to be taken back to the Deluxe Bar. She was dropped off at the bar by sheriff's deputies. -Susan Loden

Booming Coin Sales Surprises Mint

WASHINGTON (UPI) — Buyers working the superstance the U.S. that been no great that the gold and silver coins has been no great that the government did not even bother to advertise until two months.

Inventory was gone in two days, and within three months the million ounces.

"The sales were overwhelming far, far greater than anybody had expected," she said.

The gold coins come in sizes of one-tenth, one-quarter, one-half and a full ounce while the silver is only available in the one-ounce gold pieces and 2 million of the one-ounce gold coins in smaller denominations.

The mint recorded \$785 million in sales from those coins, but nearly all of that income went to buy the gold and silver used. By law, nearly all the raw product for the coins must come

to advertise until two months after minting began — and then only to tell people to be patient for the coins.

The sales also have led to the reopening of American mines and to hopes by Mint Director Donna Pope that the "Eagle" coins will dethrone Canada's Maple Leaf series as the world's top-selling bullion coins.

Pope said last week that when sales began in October, she expected to produce about 2.2 million ounces worth of coins the first year. But the initial

clearing more profit. Beth Deisher, the editor of Coin World Magazine in Sidney, Ohio, said the likelihood that relatively few coins would be minted the first year helped generate interest in them.

Deisher credited the large sales in part to pent-up demand for gold coins that began when President Reagan banned imports of South Africa's Krugerrand in September 1985.

That factor, plus press coverage, "created kind of a reawakening in the public sector," she said.

2nd Blizzard Blasts North

The East's second blizzard in less than a week headed to sea today but left behind up to 2 feet of snow that closed airports and schools, clogged streets in the nation's capital and stranded gamblers in the "ghost town" of Atlantic City.

The latest in a one-two punch of storms blamed for at least 26 deaths dumped 24 inches of snow on Kinsale, Va., then grew into a blizzard in Cape Cod Monday before veering toward Nova Scotia, the National Weather Service said.

Apollo Fire, Challenger

By William Harwood
UPI Science Writer
CAPE CANAVERAL (UPI) — in sobering coincidence, three Apollo 1 astronauts were killed in a launch pad fire 20 years ago today, just one day shy of the first anniversary of the Challenger disaster that claimed seven lives.

And in another haunting lrony, freezing temperatures were expected overnight and Wednesday, a bitter reminder of the cold weather blamed for contributing to the failure of Challenger's right-side booster rocket.

The anniversaries of NASA's two worst failures mark a time for reflection for the National Aeronautics and Space Administration even as the agency is gearing up for the first post-Challenger shuttle flight next

While the anniversary of the Apollo tragedy is overshadowed by the fresher memories of Challenger, memorial services across the nation this week are honoring the fallen astronauts of both crews.

Students at 67 Brevard County schools near the Kennedy Space Center participated in simultaneous ceremonies Monday, hoisting flags dedicated to excellence in education. The flags were similar to one carried aboard Challenger by space teacher Christa McAuliffe.

'They meant a lot to all of us," said Carrie Coultry, a fifth grader at Challenger 7 Elementary School in Port St. John. "It was really bad what happened to the Challenger (but) the space program shouldn't stop; it should go

On Wednesday, NASA Administrator James Fletcher and other top agency officials plan to attend a brief service with relatives of the Challenger astronauts at a chapel near

Arlington National Cemetery outside of Washington.
But first, agency employees and contractors will observe 75 seconds of silence beginning at 11:38 a.m. EST, the time one year ago that Challenger blasted off on its final flight.

President Reagan proclaimed the Challenger anniversary Wednesday a "National Day of Excellence.

"On Jan. 28, 1986, America lost a great flagship, the space shuttle Challenger," Reagan said in a statement released in Washington Monday. "Our nation united in grief for the valiant crew and their families in renewed resolve to move ahead with the peaceful exploration of space."

He said Challenger symbolized "the spirit of America: optimism and ingenuity, daring and determination. Their achievements have been an inspiration and a source of national pride. We owe an immense debt of gratitude to our space ploneers — to those who made the ultimate sacri-

Killed aboard Challenger were McAuliffe, commander Francis
"Dick" Scobee, co-pilot Michael Smith, Ellison Onizuka, Ronald McNair, Judith Resnik and Gregory Jarvis.

The first anniversary of the worst disaster in space history follows the 20th anniversary of a Jan. 27, 1967, launch pad fire that killed Apollo astronauts Virgil "Gus" Grissom, Roger

Chaffee and Edward White.

Like the Challenger disaster, the Apollo fire disrupted America's space program and resulted in a sweeping overhous of management and quality control.

"It is our job as engineers to make our these risks that are unaveidable are reduced to a bare minimum." German rocket pioneer Werhner von Braun said in the aftermath of the Apollo treateds.

Nicaraguan Officials Say Hall To Be Freed For Medical Reasons

MANAGUA, Nicaragua (UPI) — American Sam Hall, the self-styled soldier of fortune who said his scorn for communism drove him to spy on a Nicaraguan air base. will be freed for health reasons and turned over to his congressman brother, the Foreign Ministry said.

The Nicaraguan government Monday did not set a date for the release of Hall, an Olympic diving medalist and former Ohio lawmaker arrested Dec. 12 at an air base outside Managua. "The Nicaraguan government took the decision of handing over Sam Hall to his brother ... due to the sickness he suffers," foreign ministry spokeswoman Angela Saballos sald Monday.

Saballos said she did not know the type of illness afflicting Hall, 49, a recovered drug user and alcoholic who once shot himself and was hosptalized for mental illness.

She said Nicaragua does "not have the type of institution where he can be confined."

Just Some Twisted Logic

The Sandinistas delivered a new constitution to Nicaragua recently and at the same time said they won't obey it, extending their restrictions against a host of civil rights that have been formally prohibited since 1982.

President Daniel Ortega asserts he cannot grant political freedoms to his long-suffering citizens because of the military threat posed by the U.S.-backed rebels. Let's look at the logic of that position.

If Ortega and his colleagues really intended to establish freedom in Nicaragua, wouldn't the quickest way to do it be — just to do it? For if the Sandinistas initiated a genuine policy of human rights and all its attendant political freedoms, does anyone believe the administration would dare seek congressional support for the Contra rebels? More important, backing for the rebels in Nicaragua itself would evaporate.

But the Sandinistas - regardless of whether they are opposed militarily - simply do not intend to establish liberty - not this year, not next year, not ever. For they worship a doctrine - communism - which does not work, which necessitates totalitarian control just to keep the system limping along without collapsing from the weight of its own failed logic. The Contra units were formed years after the Sandinistas seized power in 1979. Mr. Ortega and his cohorts had plenty of time - without military opposition - to establish the freedoms they had promised. but they refused.

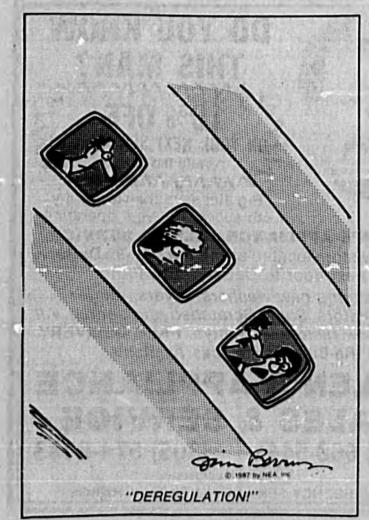

Congressional opponents of aid to the rebels are now smacking their lips over the Iran-arms affair, assuming they can use its revelations to sink the administration's Nicaragua policy. But this argument is a non sequitur. For whether a renegade operation within the administration did or did not divert funds from the sale of arms to Iran to the Contras is not germane to the fact that a totalitarian Soviet-Cuban ally controls and entombs the country in an ever-expanding

The new Nicaraguan constitution — even if it were enforced - legally ordains the Sandinistas as having a special place in the government. The opposition newspaper La Prensa remains closed, along with the Catholic radio station. The Sandinista Defense Committees extend their control over virtually every facet of life. An avalanche of documentation shows that the climate of fear and repression intensifies. Strong evidence indicates that the Sandinistas are in fact giving less aid these days to the leftist rebels in El Salvador, but only because they are concentrating their resources against the

Recently, Sen. thomas Dodd, D.Conn., a longtime opponent of aid to the Contras. conceded that the Sandinistas are firmer than ever in the Soviet-Cuban camp and have increased the tyranny against their own citizens. But he contends that the Sandinistas were driven to communism because of U.S. opposition to them. This echoes the twisted logic that presumed that the United States, by opposing communist dictatorship in Cambodia, was thus responsible for the fact that its communist rulers slaughtered and starved some 3 million of its citizens.

Sen. Dodd's Nicaragua solution is to stop all funding to the Contras and then sign an agreement with the Sandinistas "that would go a long way toward eliminating our immediate national-security concerns." In other words, he says, abandon Nicaragua to communist rulers if they promise to let their neighbors alone — then believe the promise. And he is serious.

Watergate-Irangate: No Comparisons, Please

WASHINGTON (UPI) - Some members of Congress and the administration are quick to argue that the troubles currently besetting President Reagan with respect to Iran and Nicaragua do not amount to another Watergate.

They say all the fishing, not to say floundering, that pundits are doing to find a name for the

iran-Nicaragua affair, or case, or scandal (choose one) shows again how lucky the president is.

I don't know what odds Reagan may have overcome as a man but the fact that the Middle East and Central America are on different continents probably is fortunate from the standpoint of a chief executive.

The disclosure of secret arms sales to Iran -Reagan has been accused of being willing to trade weapons for hostages held in Lebanon originally was dubbed "frangate"

However, that was before the revelation that some of the profits may have been sent, contrary to congressional decree, to forces seeking to overthrow the Sandanista government in Nicaragua.

Nor does calling it "Contragate" in honor of

the Nicaraguan opposition stand alone either. That designation overlooks the fact that the money supposedly came from CIA bank accounts in Switzerland.

Although a couple of former White House officials who served Reagan exercised their constitutional right against self-incrimination to avoid telling congressional committees what they knew, there was no clear-cut burglary. such as occurred at the Watergate Hotel.

Neither is the Iran-Nicaraguan deal as understandable as the Watergate cover-up, for which President Richard Nixon subsequently

We all remember how former Sen. Howard Baker, R-Tenn., then a member of the Senate Watergate committee, characterized that inqui-

He implied that the committee could investigate until it turned blue in the face but unless it established "what the president knew and when he knew it," the Senate was still preoccupied with a second-rate crime.

Last month, at a briefing by a couple of members of the House Intelligence Committee, one of the groups before which Adm. John Poindexter and Lt. Col. Oliver North "took the fifth," one of them said it now depended on

what the president knew and when he forgot it. That shows how much things have changed

Reagan and Nixon may belong to the same political party, but the similiarity ends there.

For one thing, Reagan is older than Nixon. To imply that Reagan was born before the Fifth Amendment to the Constitution was adopted may be overdoing the age issue a bit. however.

We are celebrating the Constitution's bicentennial this year and the first 10 amendments, which were called the Bill of Rights, were ratified four or five years later.

Not even Reagan is that old.

Furthermore, neither Iran nor Nicaragua has the same number of syllables as the Watergate Hotel. So let's have no more comparisons, please.

VIEWPOINT

Alexander Hamilton Recalled

The bicentennial of the Constitution will be celebrated this year, but January 1987 also marks the 230th birthday of Alexander Hamilton, the statesman who, more than any other, made the Constitution a reality. During the War for Independence. Hamilton served as an aide to General Washington and distinguished himself in combat at Yorktown. He served in the Continental Congress, practiced law, and helped create the Bank of New York

before becoming a leader in the

drive for the Constitution.

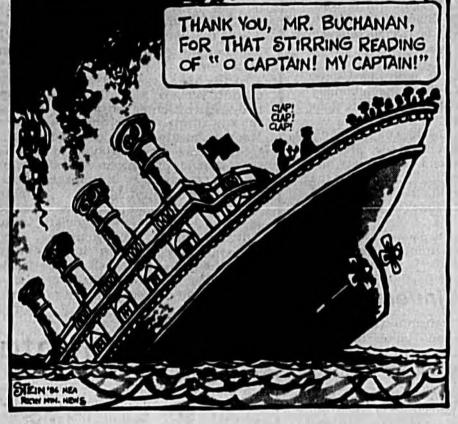

Hamilton was a prolific writer. His essays and state papers provide the fullest expression of political thought among the Founding Fathers. Hamilton wrote 57 of the 85 Federalist Papers, explaining the new Constitution and why it was needed to unite the separate states into a powerful nation. Many of his ideas had been expressed earlier in The Continentalist essays, written during the war. Hamilton was a nationalist who abhorred the anarchy promoted by feuds between states and factions in Congress. As a leader of the Federalist Party, he believed that the national interest must be placed above all others.

Hamilton thought that the best feature of the Constitution was the creation of a strong president. As Secretary of the Treasury under President Washington, Hamilton worked to give the Chief Executive the authority to lead the nation.

Hamilton was the central player in both domestic and foreign policy forniation. In frequent cabinet clashes with Secretary of State Thomas Jefferson, the logic of Hamilton's views prevailed. Instead of waiting for Congress to give the executive branch orders, as per the Jeffersonian theory. Hamilton took the initiative with Congress by submitting reports that became the basis for legislation. In disputes with France and England, he maintained executive control of foreign policy.

Hamilton's experience during the war and in Congress convinced him that the legislative branch was incapable of initiating policy or generating leadership. As the country has grown to world power status. Hamilton's view has been repeatedly confirmed, if not always

Hamilton's paramount concern for the national interest cost him his life. The 1800 election was decided by the House when Thomas Jefferson and Aaron Burr tied in electoral votes.

SAN ANTONIO (NEA) - You've although high at 9 percent, has heard stories that the freeways been a full point and more below the ringing hard-hit Texas cities are virtually empty of traffic because of the collapse of the oil-based economy?

A gross exaggeration in any case, it definitely does not apply in San Antonio. Driving in for a first visit, I can personally testify that light traffic is not one of the city's problems.

And to hear them talk here, the city has very few of any real

San Antonio has had a very good press of late - good to the point of hype, it has sometimes seemed. This is the nation's 10th largest city and among the half-dozen fastest growing. With its long history (founded as a mission in 1691) and Hispanic heritage, it has an ambiance that puts it in a special class with New Orleans and San Fran-

On top of that, it has been in recent years a city on the go almost go-go. It's almost too much. As I said, hype.

But as it turns out, there's a lot to all of it. For a city that was long the state's largest, then slept for decades as Houston and Dallas surged ahead, San Antonio has been doing very well since awakening in the '70s. And it still is, says Robert Peche, vice president of the cityfunded Economic Development Foundation.

What once seemed San Antonio's biggest disadvantage in comparison with its rivals, has turned out to be an advantage. Its economy is not oil-based. There is enough oilrelated activity so that it has not been able to completely escape the slump, Peche admits, but diversification has effectively cushioned the impact. Unemployment,

The major components of San Antonio's cushion are the military (four Air Force bases and one Army installation), a thriving tourist and convention trade, a growing electronics industry and a cluster of scientific and medical facilities.

The last receive special encouragement. Under development is a Texas Research Park west of the city, which is key to San Antonio's efforts to become a national center for biotechnology.

"We try to take advantage of our research strengths." Peche says. "We set up an atmosphere facilitating growth of small companies."

In its delayed surge. San Antonio has sought to avoid the downtown devastation that has been characteristic of other rapidly growing older American cities. There is still "life after dark" in downtown San Antonio, asserts Peche. Well, maybe. But firsthand in-

spection suggested that much of it was in clusters of people on corners. waiting for buses to outlying areas. Houston and Commerce streets have their share of the darkened department stores and vacant storefronts that are all too familiar to a Cleveland or a St. Louis.

Still. if downtown is not jumping. it is far from comatose. And it has the River Walk, a subtropically landscaped souvenir of the city's 1968 HemisFair that winds along the San Antonio River through the heart of the original city.

And then there is San Antonio's high-profile mayor. Henry Cisneros, arguably the most prominent and promising Hispanic public figure in the country, has to be high on any list of San Antonio's assets.

WASHINGTON WORLD

Small Step Back

By Steve Geratel

WASHINGTON (UPI) - Even in the slow and labored evolution of the U.S. Senate, the decision three years ago to reduce the number of committee assignments was no more than a mild distraction.

The proposal was not the creation of great visionaries nor radical reformers but the consensus of a number of senators - of course formed into a committee - who knew well that any more dramatic step was doomed.

As a result of their recommendation, the number of slots for senators on the major committees was reduced from 231 to 214, a drop accompanied by a 5 percent cut in panel budgets, a welcome sign in the Gramm-Rudman era.

There can be no question that, even at 214 slots, senators are very seriously overbooked.

A quick look-in at most committee hearings verifies that. Often, a single senator will conduct a hearing and other senators, shuffling schedules, will pop in, drop a question or two, and flit out of sight.

Despite the very visible evidence. the Senate at the start of this year took a step back, restoring 10 seats that had been eliminated to make room for the giant influx of new Democrats without discomforting returning Republicans. Sen. Dan Quayle, R-Ind., one of

those who engineered the 1984 pullback, said in a speech, "Some may think this is a lot of fuss to make about an increase of 10 seats on our major committees.

"After all, one could say the number is still less than it was before the reforms.'

He added, "Well, I strongly disagree with any such attempt to diminish the importance of the retrograde step we took - I disagree because that step is symptomatic of the problems of the Senate and, I fear, indicative of special problems the Senate may face in this Con-

The "basic problem" of the Senate, Quayle advised his colleagues "is its failure to exercise collective self-restraint."

Quayle said every senator wants more bills, more amendments, more staff, more subcommittees "and more individual power and influence."

"The increase in the number of committee assignments is a reflection of that weakness," Quayle said. "it is another example of our collective failure to put the welfare of the Senate as an institution ahead of our individual desire for 'more."

Statistically? Henderson Is **County's Best**

Statistics are not the most accurate yardstick to measure accomplishment in sports. In basketball, however, they do carry some weight.

After all, field goals and free throws do translate into points.

Statistics of rebounds, assists, steals and blocked shots are not as concrete. They depend on the statistician. Coaches, though. usually employ someone knowledgeable to keep the records.
One, hopefully, who can count.

All told, statistics in Seminole County should be similarly accurate since the students keeping the stats are usually of the same age and background.

With that in mind, let us examine those statistics as the season passes the halfway point.

Using a formula of 10 points for first, nine points for second, eight points for third, etc..., the following players emerged as the statistical leaders when combining the Top 10 in scoring. rebounds, assists, steals, blocked shots and free-throw shooting. Here's a look at the Top 12:

• (37 points): Seminole's Roderick Henderson, a 6-4 senior swingman, was the only player to rank among the Top 10 in all six categories. Henderson is first in scoring (15.9), second in blocks (1.4), fourth in assists (4.1) and steals (2.2), eight in rebounding (6.9) and 10th in free-throw shooting (67.6).

•(27 points): Seminole's Andre Whitney, a 5-11 junior guard, is the county leader in assists (6.2) and steals (3.4). Whitney is fourth in free-throw accuracy (73.3).

●(25 points): Lyman's Robert Thomas, a 5-10 senior guard, leads the county in free-throw percentage (80.3) and is second in assists (5.1). Thomas is fifth in

scoring (13.3). • (20 points): Lake Brantley's Brent Bell, a 6-1 senior swingman, is second in scoring (15.7), fifth in free-throw percentage (72.8) and sixth in

rebounding (7.0). •(19 points): Two centers -Seminole's Craig Walker and Lake Howell's Alonzo Robinson - are tied. Walker, a 6-8 junior, leads in blocked shots (3.5) and ranks second in rebounding (9.7). Robinson, a 6-4 junior, is first in rebounding (9.8), sixth in blocked shots (0.9) and seventh

in scoring (12.5). •(18 points): Seminole's Jerry "Stick" Parker, a 6-1 senior swingman, is third in scoring (15.2), second in freethrow shooting (74.2) and 10th

in assists (2.5). •(17 points): Two Oviedo players - Robb Hughes and Brian Wilson — are tied. Hughes, a 6-4 senior swingman, is ranked in four categories, the only one other than Henderson to do so. He is fourth in blocked shots (1.1), sixth in rebounding (7.1). ninth in steals (1.8) and 10th in scoring (10.6). Wilson, a 6-0 junior guard, is second in steals (2.8), fifth in assists (3.1) and ninth in free-throwing accuracy

•(15 points): Lake Mary's Terry "The Cat" Miller, a 5-10 junior guard, is third in steals (2.3), seventh in assists (2.9) and eighth in scoring (11.8).

•(13 points): Lyman's Craig Radzak and Lake Mary's Oscar Merthle. Radzak, a 6-2 junior forward, is fourth in scoring (13.6) and fifth and rebounding (7.3). Merthie, a 6-2 senior center, is sixth in scoring (13.0) and third in rebounding (9.4).

Smiles Are Enough For Satisfied Simms

PASADENA, Calif. (UPI) — Phil Simms would just as soon not look at a football in the near future.

He does not mind missing the Pro Bowl; he could not stand the thought of another practice, and he will not be writing a book revealing his exploits. Most of all, he does not want to think

about the 1987 season. "I don't want to talk about repeating as champions of the Super Bowl." Simms said the morning after he had **Football**

helped the New York Giants capture the NFL title. "I don't want to think about anything."

"Our postgame party was really crowded, and I didn't stay there very long. I just went up to my room and sat down with my family, and we just looked at each other and smiled."

Simms had made Super Bowl history Sunday by completing 88 percent of his passes in the Giants' 39-20 victory over

Denver. He was the unanimous choice for Most Valuable Player.

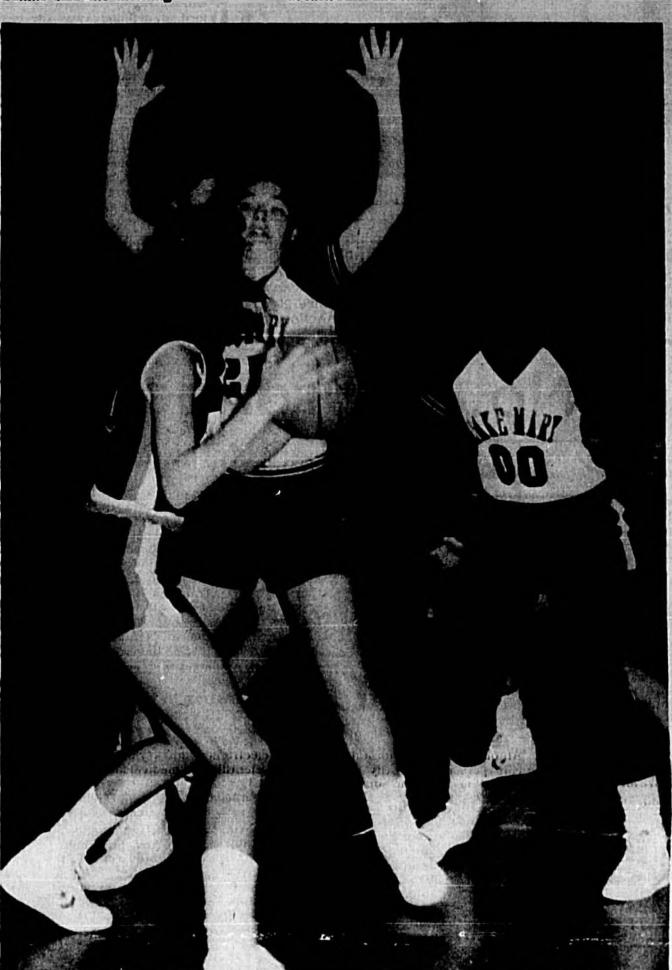

"The main thing," Simms said Monday after only a few hours sleep, "was that we won the game. I guess what I did will mean more to me as time goes by than it does now."

Simms was bypassed for the NFC-Pro-Bowl team this year, beaten in the voting

by Minnesota's Tommy Kramer and Washington's Jay Schroeder.

"Those two guys deserve going to the Pro Bowl, Simms said. "I said it before. and I mean it: I don't miss going at all. The last thing I want to do right now is think about going through another

Under Simms' guidance, the Giants scored 30 second-half points in the Super Bowl, a performance surprising even to the quarterback himself.

Lake Mary's 'D' **Checks Wildcats** For 17th In Row

By Chris Fister Heraid Sports Writer

LAKE MARY - The big time came to Lake Mary High School Monday night as two of the top teams in the state, third-ranked Lake Mary and eighth-ranked Winter Park battled to the buzzer before one of the largest crowds - a throng of 951 - to ever watch a girls basketball game in Seminole County.

Behind the dazzling play of junior guard Mimi Jones and the inside strength of senior center Heidi Wutscher, Winter Park had the Lady Rams on the ropes in the fourth quarter but the Lake Mary bounced back behind a solid defensive effort and the all-around play of point guard Gabby Olden to claim a 48-46 victory.

It was the 17th consecutive victory for Lake Mary which now stands at 19-1 overall. The Lady Rams have another nonconference game Wednesday at DeLand and return to Seminole Athletic Conference action Friday at Lyman.

we couldn't shoot the ball tonight so we won it defensively," Lake Mary coach Bill Moore said. "We got down and hustled in the last few minutes when we went to a zone press and started trapping.

Winter Park, which slipped from sixth to eighth in the latest state poll, now stands at 15-3 overall. The Lady Wildcats, who lost to the Lady Rams by five points earlier this year at home, host Orlando Boone Wednesday In a Metro Conference game.

"The girls played really well tonight and I believe we belong right up there with these folks (Lake Mary)," Winter Park coach Kerry Patrick said. "For a while, we had them right where we wanted them. I was really pleased with the quality of basketball played tonight."

Olden, a senior exchange student out of Sweden, made some big plays down the stretch

Basketball

and finished with eight points. eight assists and five steals.

"I think Winter Park played much better than the last game," Olden said. "We just had to take it easy and play our

Junior forward Sharon Bonaventure, a transfer from Winter Park High, was a force inside for the Lady Rams as she pumped in a team-high 15 points and pulled down seven rebounds. Senior forward Cynthia Patterson added 10 points and senior guard Tonya Lawson contributed eight.

Jones had a spectacular game for Winter Park with a gamehigh 17 points, three assists and four steals. Wutscher poured in 16 points and added six rebounds and Jenniser Scherer contributed seven points and a game-high 11 boards.

Bonaventure dominated the first quarter Thursday night as she scored eight points and pulled down five rebounds as Lake Mary built a 12.5 lead. Jones then hit a foul-line jumper to make it 12-7 and then took a pass from Lynn Parks and hit another Jumper with two seconds left to buil the Lady Cata

Winter Park stayed even with the Lady Rams much of the second quarter but, with point guard Astrid Soulette and Parks both in foul trouble, Lake Mary took control and built a 25-19 halftime lead. Olden had four points, two assists and two steals in the quarter while Gina Dawson was the defensive leader as she took two charges.

Lake Mary upped its lead to eight points, 29-21, on an Olden jumper early in the third quarter but the Lady 'Cats came back behind some deadly free throw,

Cash, Seminoles Pull Out 10th Win

Brandon Cash and some peculiar luck carried Seminole to its 10th consecutive victory in freshman basketball Monday

Cash poured in a career-high 29 points, grabbed 13 rebounds and blocked two shots but Seminole needed a converted free throw - which was supposed to miss - to hold off Lake Mary, 72-71, before 251 fans at Bill Fleming Memorial Gymna-

"These other teams are getting better," Seminole coach Bill Zeiss said. "We had the game under control but they almost came back and got us."

Lake Mary, 3-6, pulled within 72-70 on a free throw by Brett Cavanaugh. But when Cavanaugh tried to miss his second attempt to give coach Roger Casterline's frosh a chance to tie, the shot unexpectantly went in. Seminole then ran out the final four seconds for its 10-0 record.

Seminole reserve David Wright hit a key foul shot with 20 seconds left to provide the winning margin.victory. Bobby Cofield finished with 18 points and six assists while Bernard Eady tossed in 10.

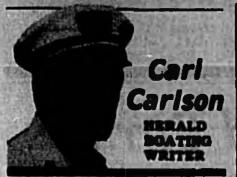

Jaimon Perry led the Rams with 18 points while Jaime Wallace totaled 12 and Cavanaugh finished with 10.

Seminole returns to play tonight at Kissimmee Osceola.

Fog Can Raise Havoc, Spoil Day For Boater

Fog. It can raise havoc with your nerves and spoil an otherwise enjoyable boating day. If you get caught out on the water in restricted visibility do not panic

— keep your cool and you can
minimize the problem.

First, it requires pre-planning. With the aid of your compass and an up-to-date chart of the local waters, you can normally get back to your home port without endangering your passengers or vessel.

If your compass is reasonably accurate (check it each time you go out by aligning it against a known stationary object), it should read the same each time you leave the same point.

It it does not, check for tools, etc. in the area of the compass. innocent appearing objects can many times affect its movements. Key rings and key cases are one of the most prevalent sources of errors.

Now get out your chart (map tional aid - some are lighted. others may be red triangular markers or square green markers known as Daymarkers.

From this known position, look on your chart to the next Nav-Aid and lay a straight edge from one to the other. Shift the straight edge to the center of the compass rose that is printed on each chart keeping the straight edge parallel to the line between the two Nav-Aids and read the heading you should take to reach that point.

You can improvise for a straight edge with an envelope nyuning. The comp rose is that round circle with degrees marked on it and a star at the top pointing north. Continue in this manner from Navaid to Nav-aid and checking your depth finder to be sure you do not run aground and soon you will return safe and sound.

If you practice several times before getting caught in an area of restricted visibility, you will feel more confident when the real thing comes along.

If for any reason you just can't seem to locate any of the markers or are out in the open sea, put out your anchor and wait for the fog to lift. Sit quietly and listen for the sounds of another boat. Its skipper may know the way home. At least you won't be running out of gas going around in circles.

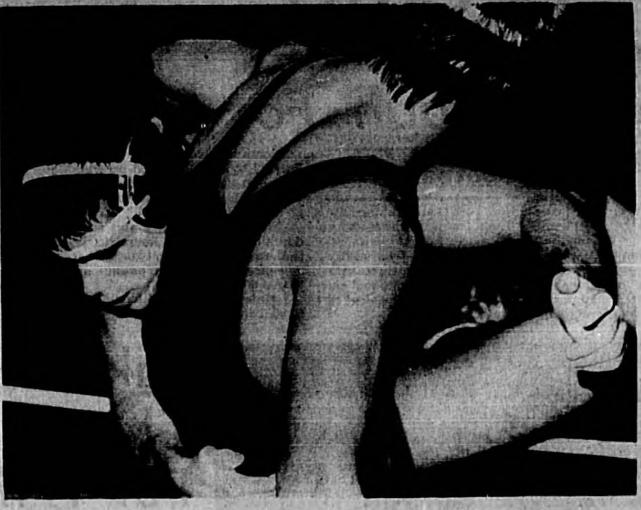

A final reminder, when in or near an area of restricted visibility (a fog bank or smoke cloud). international and inland rules of the road require that powerdriven vessels making way through the water shall sound at intervals of not more than two minutes one prolonged blast (a prolonged blast means one of from four to six seconds dura-

If you are under way but not making way, you are required to sound at intervals of not more than two minutes, two prolonged blasts in succession with an interval of two seconds between them.

Finally, just as you drive your car in restricted visibility, don't forget to turn your navigational

BOATING TIP - Carry a small pocket compass with you anytime you go boating, whether it be in a cabin cruiser, a saliboat or a rowboat. It can be a very inexpensive type just as long as it works. Recently, one of our boats was on a pleasure cruise off the coast and just out of sight of land. It was hailed by two youths in a small catamaran. An overcast day gave them no indication of direction. They were sailing away from shore and without a compass could have been lost at sea. They were happy to be shown the way to

Pittsburgh found a way to contain Syracuse center Rony Seikaly Monday

night - keep him on the bench. The 19th-ranked Panthers worked the ball inside against the No. 6 Orangemen and put Seikaly into early foul trouble. The 6-foot-10 junior played just 24 minutes and scored 6 points in Pittsburgh's 84-70 triumph over host Syracuse.

"That's probably the best anybody's played coming in here." Syracuse Coach Jim Boeheim said. "It's the first game Rony's been in foul trouble early and hat's because they took it inside

First-year Pittsburgh coach Paul Evans earned his second straight victory at the Carrier Dome. Last year in the NCAA Tournament, Evans' Navy team defeated Syracuse.

"It's a great win for us," Evans said. "We've had trouble versus the contending teams in the Big East. This is good for our confidence.'

The triumph was Pittsburgh's first against Syracuse at the Carrier Dome, which had opened in the fall of 1980, and sent the Orangemen to their first Big East defeat of the season. Pittsburgh improved to 15-4 overall and 4-2 in the league, while Syracuse dropped to 17-2

Jerome Lane scored 26 points and hauled down 15 rebounds, and Charles Basketball

Smith added 21 points for Pitt, which hit 62 percent of its shots.

Sherman Douglas paced the Orangemen with 18 points and Derrick Coleman added 14. In other games, No. 2 Nevada-Las Vegas routed Fresno State 106-58, No.

11 Duke slammed Cornell 85-59, No. 14 Clemson whipped Winthrop 96-69 and Northwestern edged Michigan State 67-65. At Las Vegas, Nev., Armon Gilliam

scored 23 points and grabbed 11 rebounds to help UNLV rout Fresno State and hand the Bulldogs their worst loss ever. Up 76-24 with 13:58 remaining. UNLV Coach Jerry Tarkanian yanked all his starters.

At Clemson, S.C., Anthony Jenkins scored 19 points, and Horace Grant and Michale Tait each added 17 to help Clemson roll over Winthrop. Jenkins connected on 5 of 7 shots from 3-point range and Tait hit 5 of 6 3-pointers.

At Durham, N.C., John Smith scored 22 points and Kevin Strickland added 21 to help Duke overcome a sluggish first half and whip Cornell. Cornell stayed close by shooting 60 percent in the first

At Evanston, Ill., Shon Morris hit a pair of free throws with five seconds left to lift Northwestern over Michigan State, snapping the Wildcats' 10-game losing streak. The victory gave first-year Northwestern coach Bill Foster his first Big Ten triumph after seven losses.

Elsewhere, American ripped William & Mary 83-55, Duquesne downed Rhode Island 85-78, Massachusetts topped Holy Cross 73-66. Alabama-Birmingham edged Jacksonville 81.80 in overtime, Eastern Kentucky slipped by Austin Peay 79-77, Western Kentucky beat South Alabama 68-60, Baylor defeated Houston 67-62 and New Mexico beat Texas-El Paso 75-69.

FSU WALLOPS UCF. 76-57

TALLAHASSEE - Florida State came to life in the second half to whip Central Florida 76-57 Monday, giving the Seminoles their second consecutive victory after losing five of their last seven

Central Florida (6-12) slowed the game's tempo to take away the Seminoles' running attack and managed to stay close through the first half, trailing FSU (11-6) by only 34-27 at intermission.

Florida State was led by Randy Allen with 19 points, Jerome Fitchett with 16 and Pee Wee Barber with 15. UCF's Pat Crocklin led all scorers with 21 points.

"The way we have played lately. It might seem surprising that we could win two games back-to-back," said FSU Coach Pat Kennedy. "We feel real confident about the way we played. The kids are starting to loosen up.

PONDER SINKS JACKSONVILLE

JACKSONVILLE - James Ponder hit a five-foot jumper with two seconds left in overtime Monday to lift Alabama-Birmingham to an 81-80 Sun Belt victory over Jacksonville, snapping the Dolphins' 14-game conference win streak.

Jacksonville took a 78-75 lead in overtime but UAB came back to lead 79-78 with 1:13 to go. With 24 seconds left, Chris Slocum of Jacksonville scored to make it 80-79, setting up Ponder's last

With 2:57 left in regulation, UAB scored 8 straight points to take a 68-67 lead. After the Dolphins went up 69-68, UAB fought back to lead 74-71 with nine seconds left. Jacksonville's Pat Laguerre then hit a 3-point shot to send the game into overtime.

UAB, which improved to 13-6 overall and 5-2 in the league, was led by Eddle Collins with 17 points and Tracy Foster with 15. For Jacksonville, 11-7 and 6-1, Danny Pearson scored a game-high 26 points while Oviedo's Ronnie Murphy

Buntz' Only Point Pushes Oviedo By Bishop Moore

By Chris Fister **Herald Sports Writer**

Cheryl Buntz' only point of the game turned out to be the game-winner Monday night as Oviedo's Lady Lions pulled out a 45-44 victory over Orlando Bishop Moore's Lady Hornets at Bishop Moore High.

Buntz, a sophomore guard who started the season on the junior varsity, hit one of two free throws with 23 seconds left to provide the margin of victory. Ovledo improved to 5-12 overall and returns to Seminole Athletic Conference (0-5) action Thursday at home against Lake 'We fooled around and fooled

around and found ourselves behind," Oviedo coach John Thomas said. "We were down by five with two minutes left and had to pull it out in the last second.'

Junior guard Jodie Switzer and sophomore forward Kristin Harrell paced a balanced Oviedo scoring attack with eight points each. Switzer pulled down a team-high 10 rebounds and Harrell grabbed six boards.

Sophomore forward Suzanne Hughes and junior forward Bobbie Kelley contributed six points each while sophomore Wendy Malchow did a good job off the bench with six points. Basketball

four rebounds and two assists.

tered big numbers in New York and Denver for Sunday's Super Lewis Bowl telecast in overnight Blue Darters at Lake Howell Nielsen ratings released Monday.

The 13-city ratings showed the Gants' 39-20 victory over the Broncos drew a 47.8 rating and a 68 share. Those numbers topped the overnight ratings of the previous Super Bowl between Thursday night at Oviedo. Chicago and New England. which had a 47.6 rating.

> The full Nielsen ratings for the nation will not be released until Tuesday. Last year's Super Bowl game ratings went up over the initial overnight numbers. This Super Bowl failed to

CBS spokesman Doug Richardson said Super Bowl XXI should be among the top three or four most watched Super Bowls. "We don't know whether the

numbers will push it to the most watched ever," he said. "We could have done a little better if the second half hadn't turned out so onesided." The most watched NFL title

Whether the overnight ratings translate into CBS' projection of a record 130 million audience will not be known for a month. Richardson said.

"We just don't know yet," he said. "The numbers are encouraging, but as soon as all the diaries and numbers are added up we should have a good idea.

We are surprised we did as well in the numbers compared to the seventh game of the World Series, considering all of the support the Mets seem to have in the New York area."

The full ratings also will show how many people turned off the game once the Giants turned the game into a rout. Full national ratings, unlike the overnights, measure viewership every 15

The ratings also have no way of determining how many people were watching in bars or restaurants. In addition, use of videotape recorders cannot be factored into the numbers.

Maples Leafs Blow 5-0 Lead, Lose Third Consecutive Game

United Press International

Toronto Coach John Brophy, usually a volatile sort, spoke very quietly Monday night. There was little he could say that was not painfully obvious.

"Any time you've had a 5-0 lead, yes, you should have won," he said.

But the Maple Leafs didn't.

Colin Patterson scored 1:30 into overtime to complete an improbable rally and lift the visiting Calgary Flames to a 6-5 victory over Teronto, handing the Maple Leafs their third straight loss.

Toronto had built a 5-0 lead in the first period, then watched it evaporate as the Flames scored five times in the third — the tying goal coming from Joe Mullen with just 49 seconds left and Calgary goalie Reggie Lemelin out for an

On the winning goal, Carey Wilson dug the puck out of the corner and passed to Patterson, who was moving across the Toronto goalmouth. Patterson then slipped the puck under goaltender Alian Bester, who slid on the ice to attempt a save.

"(There's) nothing you can say about it except that it's a heartbreaking loss," Brophy said. "It wasn't that we weren't trying — it's just that we got run around and sometimes we were out-muscled."

Fine, Probation For 2 Mets

HOUSTON (UPI) - Two New York Mets were fined and placed on probation, and court officials agreed to drop misdemeanor charges against two others involved in a brawl with off-duty police officers outside a bar last

Attorneys and the players reached the plea-bargain agreement Monday, the day jury selection was to begin in the trial of Mets players Ron Darling and Tim Teufel.

Darling, a pitcher, and Teufel, a second baseman, had been indicted on felony assault charges. But they pleaded no-contest before state District Judge Joe Kegans to misdemeanor charges of resisting arrest.

Both players were fined \$200 and put on one-year deferred adjudication probation. Deferred adjudication means their records will be cleared if they are not brought back to court within a year. The players do not have to report to a probation officer.

Tar Heels Solidify No. 1 Hold

NEW YORK (UPI) - North Carolina, earning two Atlantic Coast Conference victories and benefiting from losses by three previously unbeaten teams, today solidified its hold on the top spot in the United Press International college basketball ratings.

The Tar Heels, 18-1, collected 39 first-place votes from the Board of Coaches, compared to 30 last week. North Carolina had posted victories last week over Wake Forest, 79-53, and Georgia Tech. 92-55, to improve to 6-0 in the conference. North Carolina received 621 points, 31 more than the week before. Stocks Open Higher

NEW YORK (UPI) — Prices opened higher today in active trading of New York Stock Exchange

The Dow Jones industrial average, which gained 5.76 Monday, was up 20.53 to 2127.81

shortly after the market opened. Advances led declines 739-230 among the 1,352 issues crossing the New York Stock Exchange tape.

Early turnover amounted to about 12,782,000

The stock market, regaining its balance after last week's violent close, ended mixed Monday in active trading as profit taking in the broad market countered a slight gain in the Dow.

"We had a very bad opening with declines leading advances 2-to-1," said Trude Latimer of Josephthal & Co. "We had some significant profit taking in the chemicals, most of the drugs, paper and lumber products and really any stocks that

have run up sharply in the past two months."

Latimer said the market is due for a period when lower prices "are not an automatic call for buyers to rush back in,"

"The only hesitation I have is that program activity frequently muddles the water," she

"The market has yet to recover from Friday's torment," said Michael Metz of Oppenheimer &

But Voice of Free Lebanon radio, controlled by the Christian Lebanese Forces militia, said today that Waite was still in Beirut and was in contact with his guards through a neutral intermediary. which it did not identify.

British Ambassador John Gray traveled to west Beirut to check and the Embassy urged the last "few" Britons in the Moslem sector of the capital to leave hours after gunmen abducted two unidentified English-speaking foreigners at gun-

"Waite was an envoy of the Anglican Church and not an envoy of the British government," Gray said. Gray, who said he did not know of Waite's whereabouts, met with Prime Minister Rashid Karami and the Shiite speaker of the Lebanese parliament, Hussein Husseini.

"Obviously we have been concerned about these reports," Embassy Defense Attache Col. lan Johnson said. "but I am quite sure that he (Waite) is safe and I am confident that he is continuing his efforts."

Sources on the latest kidnapping said Khaled Dib was snatched by gunmen Monday night on the road to Beirut International Airport that skirts the Palestinian refugee camp of Burj Al Barajneh.

His abduction, the second of a Saudi national in 15 days, raised to 28 the number of foreigners missing in Lebanon. That total does not include the U.S. Embassy political officer, William Buckley, identified by some as a CIA Middle East section chief, believed by the Reagan administration to have been killed by his captors.

The abductions were the latest in a wave of

kidnapoints since the arrest of a Lebanese Shitte Moslem in West Germany and the U.S. request to have him extradited to stand trial in the 1985 hijacking of TWA Flight 847.

In Washington, President Reagan expressed outrage at the latest hidnappings and urged

Americans and other foreigners to leave Beirut. "There is a limit to what our government can do in a chaotic situation, such as in Lebanon today," White House spokesman Larry Speakes said.

An estimated 1,000 Beirut University College

students marched through west Beirut Monday to protest the abductions Saturday of four professors identified as Americans Alann Steen, John Turner and Robert Polhill and Indian-born U.S. resident Mithileshwar Singh.

The Organization of the Oppressed on the Earth, a Shifte group that has claimed to have killed Lebanese Jewish hostages, took responsi-bility for the abductions and threatened to kill a hostage unless West Germany released the jailed Arab hijacking suspect.

Mohammed Ali Hamadei, 22, arrested Jan. 13 at Frankfurt airport with explosives, is wanted by the United States in the June 1985 hijacking of TWA Flight 847 that left Navy diver Robert Stethem dead and 39 Americans captive for up to 17 days.

Since West German authorities arrested Hamadei. West Germans have become targets for Lebanese kidnappers. West German Rudolph Cordes, 53, was seized Jan. 17 and West German Alfred Schmidt, 47, was reported missing Jan.

Two other men believed to be foreigners were kidnapped Jan. 23. A caller claiming responsibility said they were West Germans, but their identities and nationalities have not been con-

tentatively mapped out by the historic board to run 80 blocks and include between 600-800 structures - from Third to 13th streets, between Sanford and French avenues, Mills said.

The historic board plans to hold meetings for public input and to respond to questions from property owners once the boundaries have been firmed up, Mills said.

Also, as required by law, adoption of an ordinance establishing the district would be preceded by city commission sponsored public hearings.

Mills said while owner-occupied historic structures do not qualify for tax breaks, property values traditionally increase when a historic zone

He also said the new district "should enchance the city, overall. As people become aware of the value of restored architecture they tend to place emphasis on its maintanance and upkeep. Over a period of time the entire historic residential district should improve visually and become a more pleasant area."

The area's upgrade "would also have a beneficial trickle down affect on shop owners" in the adjacent commercial district, Mills said.

The city's commercial historic zone was established by ordinance in 1985 and contains about 30 buildings. This district runs about 24 blocks, bounded by Third Street to the south, Myrtle Avenue on the west, Sanford Avenue to the east and Fulton and Commercial avenues on -Karen Talley

Horner said the Cavaller banquet room will be able to seat about 200 people. Sharp said the Shoney's will seat 166 and have an annual payroll between \$250,000 and \$300,000.

Sharp also said about \$15,000 of the \$1.2 million construction cost will be used for landscaping. Although 27 pines which form the site's southern boundary will be cut down, hedging and about 35 laurel and starter oaks will be planted throughout the parcel. Sharp said.

"I don't want to make a habit of overturning the P&Z." freshman Commissioner Whitey Eckstein said Monday, "But 1 think this will be a beautiful addition to the city and the kind of light industry we should be encouraging.'

Mayor Bettye Smith said the landscaping "will be a tremendous improvement" over the lot's now vacant status.

The P&Z motion to deny the site plan was offered by member Brent Carll and seconded by vice-chairman Jay Malone at the panel's meeting Jan. 8.

Carli said he opposed the proposal because the parking would destroy a natural area.

Another parking proposal, involving use of city right-ofway, was conditionally approved by commissioners Monday.

The New Salem Primitive Baptist Church plans to develop a 20-space parking area using about 100 feet of vacated right-of-way on Oleander restaurant and accompanying Avenue, south of 12th Street. The development must be undertaken in accordance with stipulations of a motion from City Commissioner John Mercer.

School Board To Review List For Requests Of Legislature

What Seminole County Schools should ask from the state legislature in 1987 will be presented to the school board Wednesday as a proposal from Carey E. Ferrell, assistant superintendent for business and fi-

The meeting is to begin at 7:30 p.m. at in school board chambers at the district office, 1211 Mellonville Ave.

Ferrell, who is also the official lobbyist for Seminole County schools, will present the proposed legislative program as a guideline for lobbying efforts that will attempt to influence legislation coming before the Florida legislature this year.

brought before the board will include the school's Comprehensive Plan 1987-1992 for of the school district's comprehensive building program. Also, awarding of construction contracts for Casselberry Elementary School additions and School kitchen additions will be made.

Representatives from the Seminole Education Association and Seminole Association of School Administrators are being invited to make comments on any legislative matter they may according to Ferrell. Also invited to attend are representatives from PTAs and the county's school advisory committee which acts in an advisory capacity to the school board and is made up of parents, a secondary-level and an elementarylevel teacher representative and a secondary-level and an elementary-level administrator.

school's spokesman and school board representative on the advisory committee.

Priority items for the board to urge the legislature to consider. described in Ferrell's proposal, are: equalization, which provides for modification distribution of funds so that counties with relatively lower tax bases are treated equally with those that have a higher tax base; funding caps on special programs; an extended school day; a funding formula which refers to capital outlay for construction purposes: the dropout prevention act and the state career achievement

program. According to the proposal, the Other matters that will be level of equalization of local resources should be maintained or increased.

The proposal also proposes adoption and a financial update that no funding caps be imposed on special programs since the law requires provision of special programs for all exceptional students. In addition, "the legislature should retain the for Jackson Heights Middle current provision giving school boards the option of offering six or seven periods of instruction with corresponding levels of funding and that no funding caps be placed on either option."

Under the funding formula item, the board will propose that the legislature should ensure wish the board to consider, that public schools receive an equitable percentage of the total appropriation and give priority to those districts having the highest rate of growth.

The Dropout Prevention Act enacted by the 1986 legislature should be fully funded, according to the proposal, in order to adequately provide for a full range of alternatives for those students needing specialized according to Karen Coleman, programs and counseling.

The funior club is an affiliate of the Woman's Club of Sanford Inc., a member club of the Florida Federation Of Women's Club. Last year's sponsor was Emy Sokol of the senior club. The new sponsor is Sally Gross.

Among the special guests attending the event were Mayor Bettye Smith, president of the senior woman's club: Sanford Attorney Jack Bridges and Dr. Andrew Greenberg.

According to Gail Smith, the Junior Woman's Club contributed more than \$29,000 to the community during 1986 and gave more than 7,700 community service hours.

Newly installed officers of the Junior Woman's Club of Sanford are: Pam Tucker, from left, first vice president; Lisa Robertson, second vice president; Patty Austin,

third vice president; Sue Greenberg, president; Stacy Ray, corresponding secretary; Karen Strandberg, treasurer; and Joan Quinn, recording secretary.

Outstanding members of the Junior Woman's Club of Sanford receiving awards are: Sylvia Smith, right, presented by Pam

Tucker, with Beth Freeman, left, outgoing president, presenting a similar award to Cindy Guiles.

Bill Gielow, right, presents the "Bill Glelow Award" to Beth Freeman, outgoing president of the Junior Woman's Club, for community service above and beyond club work. Ms. Freeman was recognized for her volunteer service with the city of Sanford and for serving as president of Seminole County Mothers Against Drunk Drivers (MADD) and Ballet Guild of Sanford-Seminole.

Recipients of other honors are: Sue Greenberg, from left, Five Star Leadership award; Beth Freeman, Outstanding Leader of the Year award; Cindy Goembel, Presi-

dent's Achievement Award; and Kathy Marshall, Hooter's Award (best club promotion).

DEAR ABBY: During the hol-Idays someone left a beautiful big basket of fruit on my doorstep. I thought it a wonderful gesture, but after careful examination, I found there was

Woman Questions Fruit

not a card or any sort of identification on it anywhere. Now, I'm not usually the fraidy-cat sort of person, but after thinking about it, and having checked with friends and co-workers (all to no avail), I became rather concerned. Who would leave such a lovely basket with no card? Any other time I would have no qualms about cating it, but because of the Tylenol deaths and other such scares, there is no way I would eat it or give it to anyone else. It's a shame. Maybe I am being overly cautious, but then again,

what if I'm not? To the person, or persons, who left it, piease don't ever do anything like that again. If there was nothing wrong with it, a lovely basket of fruit went to waste. And if there was some-

thing in it, well, God help you. By the way, there were three people home the day it was put on the doorstep. If anyone knocked or rang our bell, nobody heard it. Only a few people at work even know where I live. and I checked with the neighbors to see if it could have been delivered to us by accident, and maybe their relatives were asking if they'd received it. Nothing. It seems so strange that no one knows where it came from, who delivered it, and no one saw anyone leave it on the

Left At Door Without Card Dear Abby

Tell me, Abby, am I being foolish?

JUDITH K., ST. LOUIS DEAR JUDITH: Foolish? Certainly not. I wouldn't eat it either. The most plausible explanation: The giver probably

delegated the job of delivering it to someone who was not very responsible — and the card that should have been delivered with the basket was "lost."

After this hits print, let me know if the giver comes forward.

CONFIDENTIAL TO DOWN INTHEDUMPSIN MONTGOMERY, ALA.: Nobody said it better than Dale Carnegie: "The tendency to seldom think of what we have but always of what we lack is the greatest tragedy on earth. Count your blessings - not your troubles!"

Wanda Geeting Joins Guys & Gals Salon Staff

Guys & Gals Hairstyling Salon, located at 113 W. 27th St., Sanford, welcomes Wanda Geeting to the staff. Wanda is experienced in all phases of cosmetology - facials, makeovers, manicures, pedicures, perms and color.

She has six years experience and formerly worked at Shear Magic, DeBary, and Towers Beauty Salon, Sanford. She is a graduate of Wilfred Academy of Beauty Culture.

Guys & Gals is located next to Pinecrest School between Highway 17-92 and South Sanford Avenue. It is a full-service family salon where men, women and childen are welcome. They now offer ear piercing in addition to services such as eyebrow waxing, facials and removal of unwanted facial hair.

At Guys & Gals, they listen before they cut, curl or perm to find out what you would like.

Owner/operator Bob Rathel took over the business six months ago and appreciates your patronage. The staff at Guys & Gals, which also includes Sylvia Metts and Diane Gillman, looks forward to continuing to serve you in 1987. Drop in for a free fresh cup of coffee.

Born and raised in Sanford, Bob has 11 years experience in the business and extensive training with Redken, Lamaur and Zotos. He specializes in perms and style cuts and offers "oldfashioned" clipper cuts for men.

He previously owned shops in Daytona Beach and Arkansas before returning to this area.

Sylvia has 13 years experience in Sanford including the last five years at the same location. Diane has been a hairstylist in Sanford for 11

For an appointment, call 322-8991. Appointments are not always necessary. Hours at the salon are 9 a.m. to 5 p.m. Tuesday through Saturday and Thursday night by appointment.

In a lunch meeting at the Japan National Press Club, Eishiro Saito, chairman of Keidanren, the country's most powerful business federation. sharply criticized what he called excessive speculation in currency markets.

He said it has skewed the values of key currencies such as the yen and the U.S. dollar so that they do not reflect the true state of their

nations' economies. 'The yen and the dollar have become commod-

September 1985, when the G-5 agreed to guide the dollar lower to ease the U.S. trade deficit. Although the higher yen has hurt Japan's exports and economy, it has not yet reduced its

trade surplus. The Bank of Japan has been unable to halt the yen's rise despite buying billions of dollars on world money markets. Japanese Finance Minister Kiichi Miyazawa

rushed to Washington last week to seek help, but won only a vague public promise from U.S. Treasury Secretary James Baker to continue monitoring exchange rates.

Miyazawa was believed to have offered a further cut in Japan's official discount rate, the fee the central bank charges to commercial banks. U.S. officials have demanded that Japan pump up domestic growth.

The reduction to a record low of 2.5 percent annually, from the present 3.0 percent, was expected Wednesday. But Bank of Japan Governor Satoshi Sumita, at a meeting with central bank branch chiefs, indicated it had been

"The Bank of Japan will deal with the matter at an adequate time with a view to stabilizing exchange markets," Sumita said. "We will carefully watch situations at home and abroad for

The Kyodo News Service, quoting bank sources, reported later the bank delayed the cut to allow time to monitor exchange rates and for Sumita to consult with Miyazawa, who suggested over the weekend that Washington had agreed to intervene in currency markets if the dollar fell below 150 yen.

In Tokyo Monday, the dollar closed at 152.75 yen, down 0.50 yen from Friday's close. Dealers said market participants were awaiting the outcome of last week's agreement .

Sanford Early Childhood Center, located at 801 classes each year. These requirements are more is such an outstanding center that it stringent than those required by the state at higher than other centers in Central Florida.

As Ruthann says, "a well-meaning individual who enjoys children is simply not qualified enough to teach or care for a group of children without special training."

The Sanford Early Childhood Center parent fees are equal to or slightly higher than other local centers. The services to children and their families, however, are tremendous. To list a few: monthly field trips, breakfast at no extra charge, delicious home-cooked meals served family style with tablecloth and centerpiece, comprehensive educational program, parental participation in the form of luncheons, graduations, parent classes, socials, monthly newsletters and much

Sanford is fortuante to have such a caring institution for young children. Parents, to learn more about this model facility call Ruthann, 322-6645 or visit and observe the children happily going about their play and gaining a positive outlook all the while!

Primary Status Aids Japanese Firms In U.S. Bond Market

Sanford Herald, Sanford, Fl. Tuesday, Jan. 27, 1987-8

NEW YORK (UPI) — Two of Japan's Big Four securities companies — Nomura Securities Co. and Daiwa Securities Co. — have seen their credit ratings in the American markets rise sharply since they were allowed to enter the elite group of primary dealers in U.S. government securities

Nobuaki Ohmura. senior vice president of Daiwa Securities America Inc., said although the volume of government bond transactions by his company has not increased significantly since the primary dealership designation, the new status has tremendously raised the company's position as an international investment banking firm.

The 40 primary dealers, banks and securities houses, are large government bond dealers that stand ready to bid for and offer Treasury issues. They are authorized to trade directly with the Federal Reserve Bank of New York when it engages in open-market operations to influence the nation's money supply.

Unlike most other government bond dealers. they are subject to oversight by the New York Fed

and report their transactions daily. Primary dealer status enhances Daiwa's operations in repurchase agreements, corporate bond handling and other activities, said Ohmura, who is in charge of his firm's government bond

Thanks to the status, many American compenies have even begun to propose Daiwa bid single-handedly to underwrite their new corporate bonds rather than leading the customary syndicates of investment banking firms that bring debt issues to market, he said.

Shampoos Can Help Some Itchy Scalps

DEAR DR. GOTT - My husband has a red, itchy scalp. The hair falls out and he gets a dry, scaly buildup. He won't see a doctor. Can you suggest a non-prescription treatment?

DEAR READER - Your husband may have one of many skin diseases, including psoriasis or an allergic reaction. Soborrhea is a common skin condition that produces flaking and scaling. This can be treated with a selenium-containing dandruff shampoo. If that doesn't work, your husband should see a doctor for a precise diagnosis.

DEAR READER - I take diuretics, which cause a potassium deficiency. Would this make my skin itch and get red spots?

DEAR READER - Possibly. Ask your doctor to check your level of blood potassium to make sure that you do not have a deficiency. In additin, many diur etics (kidney stimulants) can cause skin reactions in patients who become allergic to the medicine. Your doctor is a reasonable source of advice.

DEAR DR. GOTT - My last period was five years ago (I'm 55). Recently I started to take Premarin and Medroxprogest and have started menstruating again. Is this normal? Can I get pregnant?

DEAR READER — When used properly, the estrogen/progestin combination of female hormones will cause periodic bleeding. which is a normal effect of these drugs. Before menopause, when you were still ovulating, you could get pregnant. Now you cannot, because your bleeding is the result of synthetic hormones. not your natural menstrual cy-

DEAR DR. GOTT — My doctor says that I have hyperlipoproteinema. My blood tests showed a triglyceride level of 355 and a cholesterol level of 72. He's put me on a special diet. Will these levels improve or should I just hope to maintain current val-

WIN AT BRIDGE

By James Jacoby

When English experts Terence worked.' Reese and Martin Hoffman co-"Play It Again, Sam" in 1986, bridge-book buffs knew in the heart suit, can be they would get some exotic assumed to have started with deals. Today's offering did not only one club. West must hope disappoint them.

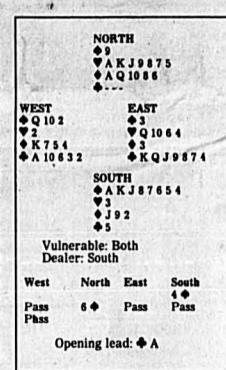

The opening club ace lead was ruffed in dummy as East played the king. Declarer played dummy's heart ace and then a low heart, which he ruffed with his spade eight. West overruffed and played another club, but South ruffed, drew trumps and made the rest of the tricks by aking the diamond finesse.

"We couldn't beat the hand unless South had another club," exclaimed West.

"If he did, wouldn't he have contract if declarer had the right which East will ruff.

shape, and it would have

Since declarer started with only one heart and from his play that declarer has three diamonds. If that is so, West can defeat the contract by leading a diamond at trick four, but not just any diamond. The winning defense is for West to exit with his diamond king. Declarer cannot play another heart without letting West make a second trump trick. If he tries for his contract by playing a second diamond to his jack, East will ruff with his solitary spade and play back a heart to set the contract two tricks. And the same result is obtained if detried to discard it on a second clarer ruffs the third heart with high heart?" replied East. "But his spade jack. West overruffs there was a way to defeat the and plays a second diamond,
