Taxes Necessary Hazard

Though much grouning is heard around the country this time of the year, most thoughtful citisens would agree that taxes are a necessary hazard of life in modern society. The majority of responsible taxpayers might even subscribe to the view that taxes must be high because they pay for so much government and defense.

Now say to your citizen: The federal income tax is complicated and because it is complicated it has to be loaded down with exemptions and exceptions and inequities. Say that to the honest, hard-working citizen, and he sees red. Quite properly, he begins to sputter a retort intended to set you back on your beels. And when the sputtering is tamed down somewhat it turns out to have meant about this:

The income tax should be as simple as posethle without being unfair.

The income tax should have only a few general, uniform exemptions.

The progressiveness of the tex-s smell nercentage on small incomes. an increasingly larger percentare on larger incomes-should be essentially the same for all kinds of income, not a patchwork based more on politice than on common sense.

Taxes are high; there's no denying it. But the really irksome thing about the income tax is that under the present system it is needle-sly complex and not fair to all concerned.

That is what hurts.

Boyd, Mims Battle Last Night Ends In Split Decision

By CHARLES CHAMBERLAIN CHICAGO UP - After taking a soundly-boosd 10 round split deci-sion over Holly Mims, Bobby Boyd now is aiming for Charley Humes as another stepping stone to a chance at the middleweight crewn.

The lanky, long-armed Boyd, 22. and the stubby Mims, 26, hamstrung each other in an unimprestive, clinching-and-holding nationally televised bout last night at Chicago Stadium.

Boyd, regarded as Chicago's hottest title prospect in five years and ranked to gain his 10th ers, managed to gain his 10th straight victory.

He knecked his Washington D.C., opponent to the canvas with a short right in the sixth round. It was the first selid blow Boyd could land. He staggered Mims with another right to the head in the eighth and got through another solid right in the ninth.

Both missed repeated leads earlier and took several good rights fired by Mims from inside. Although Mime beat Boyd to the punch several times in the first five rounds he failed to punch often enough to hold his early

Referee Bernard Welseman warned them several times to quit holding and wrestling.

The turnout of 2,496 fans boord lustily at the spread of points on the officials' scores. Mims' man. ager, Nick Trotte, stormed about the ring at the decision.

Adlai Says Story Wholly Inaccurate

SOUTHERN PINES, N. C. U. Democratic presidential aspirant Adlai E. Stevenson, scheduled to fly to Pittsburgh from here today says a news story quoting him as saying he intends to win the nomination on the first ballot was 'wholly inaccurate."

But, said Stevenson, "It is a good idea." He added: "I don't know much about the

history of national conventions, but I doubt if many candidates have been nominated on the first ballot in contested conventions. "I've been wracking my brain trying to think of what I might have said to give the young man that impression. If it is a reporter making a prediction, let's hope it
