

### City

(Continued from Page 1)  
Herald reporter, along with Tuck, is partner in the building of Chulota into a new city described as the layout of the town that was once the gayest spot in Florida. "We're going to have an industrial area, an area for commercial business, and a shopping center, and the subdivisions for four types of houses. The restrictions that will be placed on construction will make Chulota a pleasant place to live," he said. The developer, his wife, and the corporation secretary-treasurer began to describe and relate some of the history of the original building of North Chulota. "It was famous for Niagara grapes, sugar and cattle from the early 1800s," he said. Founded in 1827 during the War Between the States, the settlement became famous with more and more families coming in 1868. Lake Mills was named after Robert A. Mills, who in 1881 said that Chulota would become one of the biggest cities in the State.

There was a race track for horse racing at one time, two hotels, "The Palms Hotel" and "The Chulota Inn." The Palms Hotel was the original where the parties attended at Central Florida's first social set regularly. The register carries names that are familiar to every Floridian and also includes the names of a count and a princess.

The population, in Chulota's hey-day numbered 1,200, but the 1924 and 1926 freezes, as it did to every Florida community, struck hard in that section. The flourishing community, however, attempted a comeback with the advent of the Florida East Coast railroad, a new school was built, and a railroad station, and prospects for a resort center seemed good.

The idea of a city never did become indelibly etched into the efforts of anyone until Moraki saw visions of what might be done with the natural beauty of the area, the tall timbers, the beautiful lakes, and silver etched waters.

"And now," he said, "we're in the center of Florida's activities. Just 19 miles from Sanford, 17 miles from Orlando, 44 miles from Cocoa Beach, and every other Florida attraction with easy access."

"We're going to have the nicest town in Seminole County with telephone service, electricity available, and a post office that has never been discontinued," said Moraki.

The two dreams of the developers are the new subdivisions, Spring Lake Terrace and Lake Mills Shores. Plans will shortly be completed for the final subdivision and offered for approval of the Seminole County Board of Commissioners.

"The old Chulota School," said Moraki, "will be our recreation center and with redecorating and improvements will be opened to the residents of our community."

Streets of Chulota and the new development have all been named and marked, new streets are beginning to be developed and will meet the paved streets that are already in the huge planned area. In the words of Thomas T. Tuck, the secretary-treasurer of Polonia Land Co. "Chulota is in the path of progress and simply must develop—it is high, dry land—ideal for new Florida homes of the future."

Tuck is a man of action—dynamic, both in appearance and in conversation. He came to Chulota and the new development from Lexington, Mass., where he was engaged in developing home sites and home buildings. He was a pilot and instructor in World War II, served with the Air Transport Command, was an instructor for the War Training Service, served in the China-Burma-India theatre and was recalled to service for two years during the Korean conflict.

He was a private pilot for Levee Brothers for four years and now has his private plane, a

### Legal Notice

IN THE CIRCUIT COURT, NINTH JUDICIAL CIRCUIT OF FLORIDA IN AND FOR SEMINOLE COUNTY CHANCERY NO. 9486 ANNA M. BARNES Plaintiff

WARD E. BARNES Defendant

NOTICE TO DEFENDANT THE STATE OF FLORIDA TO WARD E. BARNES, whose place of residence is unknown. A sworn complaint having been filed against you in the Circuit Court in and for Seminole County, Florida, in Chancery, the short title of said action being Anna M. Barnes, Plaintiff, vs. Ward E. Barnes, Defendant, wherein the relief sought is a decree of divorce, and an award of the Defendant's entire interest in and to certain real estate situate lying and being in the County of Seminole, State of Florida, to-wit: Lots 511 and 512 of the 1st of Longwood according to Plat Book 1, Pages 11-21, Public Records of Seminole County, Florida.

These presents are to cause and require you to file your written defense, if any, to the Complaint filed herein, and to serve a copy thereof upon Plaintiff's attorney on or before the 25th day of April, A. D. 1937, otherwise a Decree Pro Confesso will be entered against you and the cause proceed as herein.

WITNESS my hand and the official seal of said Court, this 25th day of March, A. D. 1937.

O. P. Herndon  
Clerk of the Circuit Court,  
Seminole County, Florida  
(Official Seal)

GORDON V. FREDERICK  
Attorney For Plaintiff  
411 North Park Avenue  
Sanford, Florida

### Enthusiasts

(Continued from Page 1)  
Orion is an exceptional and versatile organist and is blessed with perfect pitch. He is equally at home with the classics as he is with modern music and has committed to memory, note perfect, hundreds of pieces which have delighted all audiences where he has appeared.

It is ironic to note that despite his tremendous talent Osburn has never owned an organ on which to practice or entertain. The Hammond Organ Society of Central Florida, to which a number of Sanford music lovers belong, is participating in a co-operative effort with the Florida Council for the Blind to supply a Hammond Organ and equipment to transport it, so that more people may have the opportunity to hear him and appreciate his talents.

A Pop Concert by Osburn is being sponsored by the organization on Thursday, April 4, 8 p. m. at Edgewater High School in Orlando, to help fulfill this goal. The concert will be divided into three parts: classical, semi-classical and popular.

### Council

(Continued from Page 1)  
authorized to supervise the construction of two new rest rooms, at a figure not to exceed \$2500, at the Community House.

A resolution was read and adopted, rezoning Lots 11-12 Block three in Sanlando Suburb Beautiful, releasing the restrictions of a single type dwelling and permitting a duplex building to be constructed on the two lots.

Repairs on the piano at the Community House were also granted by the Council.

Lockheed Lodestar, on hand for his personal use. Now, at Chulota and the brand new development of what promises to be one of Florida's most promising communities, he can be found all over the place. He directs the giant bulldozers at work pushing new streets through the area, or working with the dragline as it dredges the lakes to make them clean and beautiful, or even maintaining the water system from which flows some of Florida's finest water.

Moraki is a native of Massachusetts, educated in Europe, but in this country became a clothing salesman, real estate salesman, building inspector at Millard, and even working in the shipyards in Jacksonville—but now imbued only with the visions of making Chulota the "living center of Central Florida."

To Moraki and Tuck "the town that needs to be awakened" is opening its eyes and will grow into a flourishing center, the "finest in Florida."

### CUT NITROGEN COSTS

ALMOST  
**1/3**

USE...  
**AMMO-NITE**

AMMONIUM NITRATE FERTILIZER  
33.5% NITROGEN

AMMO-NITE has 33.5% Nitrogen! Each bag contains more than twice as much N as 16% Nitrogen materials. Saves you money... and work! By using AMMO-NITE, plus infrequent liming at minor cost, you get a fertilizer that's better for your land... and your pocketbook. See the chart below.

Based on a ton of 2,000 lbs. of actual Nitrogen, here's a cost comparison example of AMMO-NITE (33.5%) and 16% Nitrogen.

	Per 2,000 lbs. actual N you need	Cost	YOU SAVE
16% Nitrogen	12,406 lbs.	\$374.88 @ \$30 ton <sup>1</sup>	
AMMO-NITE (33.5% Nitrogen)	5,968 lbs.	\$352.96 @ \$58 ton <sup>2</sup>	\$172.32

<sup>1</sup>Prices used are for illustration only and are not intended as quotations.

**YOU SAVE NEARLY 1/3**

- Fresh! Produced in nearby Escambia Chemical plant in Pensacola.
- Prompt shipments, fast delivery to trucks at plant.
- Uniform price low, steady.
- Protected in dry-dry (polyethylene-lined) bags.
- Available in bags or bulk form.
- Also, specify AMMO-NITE in your mixed fertilizer.

entire Officers, Board of Directors, Agents and Employees on the results for 1936, the best in the Company's history.

Other directors were re-elected, as follows: R. S. Abensathy, chairman and banking, Winter Haven; George S. Bradshaw, first vice president and treasurer, Orlando; Martin C. Dwyer, citrus and ranching, Lake Wales; Allen C. Gruber, attorney, St. Petersburg; Walter L. Hays, president, Orlando; Raymond F. Maguire, General Counsel, Orlando; Chas. A. McWhorter, attorney, Miami; W. C. Pedersen, President of Waverly Growers Cooperative, Waverly; Norman A. Street, banker, Winter Haven; Herbert E. Wolfe, banker, contractor, and cattleman, St. Augustine.

At the directors' meeting immediately following the stockholders' meeting, the following officers were re-elected: Walter L. Hays, president; George S. Bradshaw, first vice president and treasurer; Charles E. Riggs, vice president in charge of casualty underwriting; Baxter M. Porter, vice president in charge of fire underwriting; Donald B. Moonier, vice president in charge of mortgage loans; Dorothy C. de Noyelles, secretary; Charles W. Eady, comptroller; C. Blakey, assistant secretary; Leland M. Corry, assistant treasurer.

At the Directors' Meeting Feb. 13, an annual dividend of 11 per share was declared, payable on a quarterly basis.

### High

(Continued from Page 1)  
during the afternoon with the Seminole High School Band playing its concert during the meal. Following the Fish Fry, which is free to all Navy personnel and their families, a gigantic aerial fireworks display will be seen over Lake Monroe. Fireworks for the event are already in Sanford, said Bob Crumley, chairman of the amusements and entertainment committee.

To climax the biggest day in Sanford will be a "street dance" when the Rayborn Brothers Band, heard over Radio Station WTRR regularly, will play for both round and square dancing.

Civilians may purchase their tickets for the Fish Fry at Fort Mellon Park, the two co-chairmen announced yesterday. In the meantime, the big task of gathering together more than two tons of fish, hundreds of pounds of cabbage for slaw, butter, lard for frying the fish, coffee to serve, cold drinks, more than 5,000 ears of corn, and other materials is underway.

Florida's highest elevation is only 325 feet, at Iron Mountain. Louisiana is the only other state with as low an elevation.

### Lavy To Be Officer At State Confab

R. L. Lavy, Route 1, Sanford, City, clerk; James F. Barbee, St. Petersburg, secretary; J. O. Gustaf, Jacksonville, and R. B. Morrison, Jacksonville, alternate, both of Florida convention of the Woodmen of the World Life Insurance Society, March 27, to 29, in Hotel Thomas, Gainesville.

George F. Woodham, Avon Park, head camp of the Florida Head Camp, will preside at the business sessions of the convention to be attended by more than 127 delegates and officers representing some 15,400 Woodmen members in Florida.

Other Head Camp officers are E. B. Jackson, Tallahassee, junior post head camp; James B. Locklin, Chattahoochee, adviser; C. E. Baker, banker; L. R. Korne, auditor; K. A. Prusler, national representative, and A. W. Morrison, alternate representative, all of Miami; E. L. Mears, Lake

has moved into the office formerly occupied by Sheriff Luther Hobbs.

The new offices for the road department also include office space for the Board of County Commissioners, the County Planning and Zoning Commission, and the County Right-of-Way Agent.

Switchover to the new offices was made last week after being authorized by the Board of County Commissioners.

will be presented at the first business session, Thursday morning. The Woodmen will be welcomed by Mayor Steadham with South Florida State Manager W. H. Martin, Lakeland responding. Grant Simmons, consul commander of Gainesville Camp 5, will extend fraternal greetings. Master of ceremonies will be North Florida State Manager, R. E. Vance, Tallahassee.

The afternoon session Thursday will be devoted to committee work and election of delegates to the national convention in New York City, July 22 to 25. At 7:30 Thursday evening, the large Howard M. Lundgren class of new members will be initiated in ceremonies in the Odd Fellows Temple.

George W. Owen will be the speaker at a memorial service Friday morning honoring deceased Woodmen. DeEmmett Bradshaw, past president of the Society and chairman of the board the past 14 years until last fall, will give a statistical report on the Society's affairs prior to the lunch adjournment.

At the final session Friday afternoon standing committees will be appointed and the newly elected Head Camp officers will be installed. The convention will hear reports on the many fraternal and civic services performed by Woodmen Camps in Florida.

The state bird of Florida is the Mockingbird.

### Seminole Face DeLand Tomorrow In Tract Mee

The Sanford Seminole team will face the all-veteran DeLand Bulldogs in a 16-event track meet tomorrow afternoon behind Seminole High School beginning at 4 o'clock.

Coach Fred Ganas will send his "highly enthusiastic" charges after the second victory in as many starts.

In the season opener last week, the Seminoles won by a landslide over Eustis 81-48.

### Contestants Told For Spelling Bee

Slavia—The spelling contestants for the Seminole County Spelling Bee have been selected at St. Luke's Christian Day School. Winning the school championship is Naomi Tuby, grade 7 and the other two representatives are Betty Duda, grade 8 and Patsy Miller, grade 7. Carol Rook and Patsy Holler are next in line as alternates.

This will be Betty Duda's third consecutive year in the competition at the Seminole County Bee. The Annual Spelling Bee will be held in April.

The Battle of Hueso (Ocean Pond) was Florida's major battle of the Civil War; 204 were killed on both sides.

# 7 YEARS OF SALES LEADERSHIP

... the result of products which set the pace in Progress, Performance, Protection

The sales leadership of our gasolines is based on public confidence. To insure the continuance of this confidence, we pioneered in offering Southern motorists a gasoline of the type of SUPER CROWN EXTRA—our newest fuel which has set the pace in progress and performance. ... One of our three best-selling gasolines is best for your car. Only you can tell—by use—whether it's Crown, Crown EXTRA or SUPER CROWN EXTRA. ... If SUPER CROWN EXTRA is not yet available at Standard Oil dealers in your community, it will be as soon as physical facilities can be arranged.

## Rep. Frederick Favors Sales Tax Broadening

### Top News In Brief

**TALLAHASSEE** — Gov. Le Roy Collins met with Florida educators today to discuss the subject which has aroused teachers through the state — a proposed raise in pay. Collins, who came out against the \$1,100 raise backed by the Florida Education Assn., was expected to discuss the entire pay raise problem with the teachers. He was also expected to dwell heavily on including possible means of raising the financial contribution of counties to teachers' pay.

**ST. PETERSBURG** — State Sen. J. Frank Houghton of St. Petersburg predicts the Legislature will not approve any expansion of the four-year university system. He indicated this included the planned four-year university at Temple Terrace near Tampa.

**TALLAHASSEE** — Gov. Le Roy Collins says he is concerned over the threat of athletics, social events and other extra-curricular activities taking the minds of Florida school children off the fundamentals of education.

**United Press Staff Correspondent**  
Israel reported today that Syrian troops opened fire on an Israeli settlement at midnight and that marauders from the Gaza Strip ambushed an Israeli truck Tuesday, seriously wounding one civilian.

**3 Soldiers Killed  
As Army's Exercise  
King Cole Begins**

**FT. POLK, La.** — Three soldiers were killed today as 25,000 troops involved in the Army's giant Exercise King Cole started rolling across western Louisiana toward Texas.

The three were victims of truck accidents on the opening day of the 31-day war games which are being held to test a new "pentomic" organization for airborne and infantry combat units.

U. S. forces will push paper aggressor forces from a 13,000 square mile maneuver area. The defenders will strike south and west in five phases and cross the Red and Sabine rivers to capture the Beaumont and Port Arthur, Tex., complex.

King Cole, a command post and field training exercise, will test atomic age concepts for airborne units, using some 25,000 troops.

The Air Force will back ground infantry and armored combat units with day fighter tactical bomber and support elements of the 9th Air Force and troop carrier units of the 19th Air Force.

Rep. Gordon W. Frederick, speaking before members and guests of the Pilot Club at its dinner meeting in the Yacht Club last night, favored a broadening of the Sales Tax to increase money in the State of Florida. He offered three suggestions: as alternatives to the present three percent Sales Tax as follows:

1. By placing a tax on phosphates, minerals and the cutting of timber;
2. By eliminating the three percent Sales Tax and instituting a two percent Sales Tax across the board;
3. By placing a three percent tax on the purchase of new automobiles.

Defending his stand on the proposed teacher pay hike, Rep. Frederick admitted that while teachers are underpaid, it is impossible to bring their pay up to the requested level unless more taxes are raised, by some means or other, in order to meet the demand.

Rep. Frederick also explained that about 40 percent of the population, in the low-income bracket, while enjoying all of the advantages and facilities which the state

has to offer, actually pay a nominal amount of taxes.

Advocating that the people who live in the fringe areas are entitled to a vote in the action of annexation, Rep. Frederick declared that he favored annexation by means of a petition or a referendum only. He also stated that a person should have the right to withdraw his name from the petition, if after thinking it over, he decided he did not favor it.

Rep. Frederick was introduced by Mrs. Al Hunt, program chairman. Mrs. Sue Stevenson presided and welcomed Mrs. Vivian Gartside and Mrs. Julia Burleson. Pilots from Winter Park and Mrs. Dorothy Frazier, niece of Mrs. George Stine, from Kentucky.

Mrs. David Gatchel briefed members on their duties for serving at the fish fry which will be held on Saturday, Mar. 30 in conjunction with "Navy Appreciation Day." All members were requested to be at the Soft Ball Diamond by 4 p.m. to start serving at 4:30.

Mrs. Verne C. Messenger called for volunteers to assist with the Cancer Drive on Apr. 9.

Mrs. B. E. Chapman, vice chairman of the newly organized Seminole County Health Unit, sponsored locally by the Pilot Club, announced that plans were getting underway for the annual Fund Drive which begins the latter part of April. She announced that Mrs. Messenger will serve as public relations chairman of the drive. She will be assisted by Mrs. A. K. Shoemaker Sr. The goal this year, she said, is \$1,000 or more.

### Angry Tenant Tries To Blow Up Apartment House

**ROME** — An angry tenant under an eviction notice tried to blow up a Rome apartment house by turning his apartment into a gas-filled bomb, police disclosed today. He used a cuckoo clock to try to set it off.

The 60 other tenants were saved when police arrived sooner than expected with the order to evict him. They entered the apartment just before the cuckoo clock bomb was to have gone off; they saved the day by switching off the electric current.

Detectives identified the tenant as Atorino Natall, 67, a former artillery officer and an electronics expert. Natall escaped and police ordered a citywide search for him.

### Cabinet Is Against Proposed Boundary Dispute Settlement

**TALLAHASSEE** — The State Cabinet went on record against a proposed congressional settlement of the 23-year-old dispute over boundaries of Everglades National Park, but voted to cooperate if Congress passes the measure.

The cabinet, on the motion of Comptroller Ray E. Green, voted unanimously Tuesday against Gov. LeRoy Collins' plea that it approve the compromise bill now ready for introduction in Congress.

But if Congress passes the measure anyway, cabinet members agreed to go along with a provision in the compromise which would turn over to the federal government 14,000 acres of state-owned land in the northwest section of the park instead of farm lands in Dade County which were being eyed by the national government.

### Ike Considering Florida Vacation In April For Cough

**WASHINGTON** — President Eisenhower is considering a Florida vacation next month to shake off the stubborn remnants of his troublesome cough, it was learned today from highly-placed government sources.

Exact date and location of the President's sojourn have not been determined. However the idea was described as definitely "in the works."

Because of other commitments, it was predicted the President might depart either around April 9 or April 18, depending on developments in the meantime and also possible changes in his condition. How long he would remain in the balmy, semi-tropical warmth of the southernmost state would depend on many factors.

If the President left around April 9, it appeared possible Florida might briefly be the temporary home of the nation's top two elected officials at the same time.

Vice President Richard M. Nixon also reportedly has been considering a brief sojourn in Florida to chase off the final traces of an influenza attack that plagued him throughout his recent African tour and sent him to Walter Reed Army Hospital here briefly last weekend.

### School Board Will Get \$56,773.20 For Expenditures

**WASHINGTON** — President Eisenhower announced today from Washington, D. C., that the Board of Public Instruction for Seminole County will receive \$56,773.20 in federal funds for their current expenditures in the year ending June 30.

Congressman Herlong explained that the money is granted by the Department of Health, Education and Welfare for schools in federally affected areas.

He said, in his telegram to The Sanford Herald this morning, that of the sum allocated to the Board of Public Instruction for Seminole County, \$45,418 will be paid immediately.

Superintendent of Public Instruction R. T. Milwee, this morning said that the difference between the \$56,773.20 and \$45,418 is withheld pending a final check at the end of the school year of the number of pupils of Navy and civilian personnel employed at the Sanford Naval Air Station and other military bases.

# Navy Event Expected To Draw Over 5,000

**FIVE DEGREES BELOW ZERO!** But it's fun to show off just a part of the fish that have been prepared for Seminole County Navy Appreciation Day. More than two tons of fish are being stored in the Central Florida Quick Freezer locker plant. (Left to right) are: Jack Sewell, chairman of the Serving Committee; Harry Canell and Garfield Willets, co-chairmen for the gigantic event; and Ambrose Oliff, in charge of publicity. (Staff Photo)

## Schedule Of Events Revealed

Final plans for Seminole County Navy Appreciation Day, Saturday, were completed last night at a meeting of all committee chairmen of the Jaycee organization and local civic clubs assisting in many of the efforts.

Co-chairmen Harry Canell and Garfield Willets explained to the near capacity audience in the City Commission Room last night the details surrounding the entire Navy Appreciation Day program.

Harry Canell emphasized the final schedule for the series of events that will take place.

2:00 — Jaycee Navy Appreciation Day baseball game between Minneapolis and Dallas at the Sanford Memorial Stadium.

4:30 — Fish Fry which will be served in Fort Mellon Park in the vicinity of the tennis courts—The Seminole High School will play a concert throughout the dinner period.

5:30 — Introduction of dignitaries attending the celebration.

7:30 — The new Ford car will be awarded.

8:15 — The aerial fireworks will take place.

9:00 — The street dance will begin.

It was explained at last night's meeting that the entire area from the tennis courts in Fort Mellon Park to the Municipal Swimming Pool will be roped off for the big event to which more than 5,000 Navy and local citizens are expected to attend.

A special area will be set up where all attending the fish fry and entertainment will obtain their tickets. Navy personnel and their families will be admitted free. However, all local civilians will pay \$1 per person with children under 12 years of age admitted free.

At least four of the booths to obtain tickets will be set up, said Canell, as he explained the entire procedure.

After tickets are obtained, 12 serving tables will be available at which each person will be served.

Twelve Sanford civic and fraternal organizations have volunteered to man the serving lines. Those taking on this chore are: Sanford Pilots Club, USO Girls, B and P.W. Club, Lions Club, K.L. (Continued On Page Ten)

### Britain's Strike Spreads To Vital London District

**LONDON** — Britain's nationwide strike wave spread to the vital London district today.

The executive council of the Confederation of Shipbuilding and Engineering Unions ordered 500,000 London area factory employees to go on strike Saturday.

They will join more than 1.2 million engineering, factory and shipbuilding workers already out in half a dozen key cities throughout the British Isles. Another million are awaiting strike calls.

The labor picture worsened as Prime Minister Harold Macmillan cut short his Bermuda stay and flew home to face this and a host of other problems jeopardizing the life of his conservative government.

The Socialist opposition already is in full cry with demands for a general election which it believes could put labor back in power.

It is attacking the government on the problems of Cyprus, the Suez Canal, rent controls, H-bomb tests and the current strikes.

## Fastest Growth Is Expected For State

**NEW YORK, N.Y.** — Florida is expected to grow faster than ever in the years ahead, according to Me Gregor Smith, Florida Power and Light Company board chairman, who revealed here today that his company's revised expansion plans call for boosting electric generating capability to nearly two and a half times its present rating by 1962—ten times its capacity at the end of the war.

Addressing some 200 members of the New York Society of security analysts he outlined a record breaking program which already has four major plant additions under construction and on order which will add 640,000 kilowatts to FPL's one million kilowatt system by 1959—an increase of 64.0 in the next three years.

Florida's "Grew-Some" Story

Smith's company, which serves the rapidly growing east and lower west coast areas and parts of central Florida, added new customers to its lines last year at the rate of 1,000 a week.

Since 1947 generating capability has been more than tripled, kilowatt hour sales more than quadrupled.

Three times Smith has had to make upward revisions in his current long range program. A 10-year plan set at \$32 million (Continued On Page 10)

### Expansion Plans Call For Boosting Electric Generating Capability

### J. 'Ed' Thompson Succumbs Tuesday

**Joseph E. "Ed" Thompson, 74,** passed away at his home at 6:50 p. m. Tuesday after a short illness.

Born in Sanford, Apr. 12, 1882, he was a lifelong resident. Thompson was a retired carpenter and a member of the Presbyterian Church.

Survivors include his wife and one daughter, Mrs. Arthur Loestler of St. Albans, N. Y.; eight grandchildren and one great-grandchild.

Funeral services will be at 8:30 p. m. Thursday at Brison Funeral Home with the Rev. A. G. Melnick officiating. Burial will be in Lake View Cemetery.

### City Officials Watch Field Carrier Landing Practice On Visit To SNAS

Three prominent Sanford citizens visited the "Savage Sons of Sanford" squadron this morning at the Sanford Naval Air Station at the invitation of Heavy Attack Squadron Five's Commanding Officer, Commander Joseph M. Tully Jr.

Mayor David Gatchel, H. L. Perkins Jr., president of the Sanford Merchants Association, and the Seminole County Chamber of Commerce president, Clifford McKibbin attended a flight briefing in the pilots ready room and later observed, first hand, the Field Carrier Landing Practice operations with the squadron's landing signal officer, Ledr. Robert B. Osterholm.

Lt. Cdr. Osterholm, prior to taking the group onto the runway to observe the Field Carrier Landing Practice Operations, demonstrated many of the signals used in such practice to guide pilots in bringing their planes aboard a carrier. He also demonstrated the method of approach to the carriers with the use of a chart and blackboard.

He emphasized the difficulties encountered by pilots faced with the prospect of landing a 20-ton aircraft on a pitching carrier deck which resembles a postage stamp

### Additional Local News On Page 10

field compared to the normal airfield runways.

Osterholm further explained the procedure followed at a squadron's home field before a pilot is considered ready to "come aboard." A minimum of 50 landings under the strict supervision of the landing signal officer are mandatory. Then, each aircraft commander must undertake 20 day and eight night landings aboard ship to complete his qualifications for the squadron's periodic deployment on the Mediterranean area.

### Weather

Fair and mild through Thursday  
low tonight 53 to 60.

THE BRAND NEW FORD TO BE given away Saturday night during Seminole County Navy Appreciation Day's program. Robson Jr. (in the car), Ralph Perold, Ed Hunt, Committee Chairman, and Bill Lockard. (Photo by Bergstrom)

### Mayor Gatchel, Chamber of Commerce President McKibbin, and Merchants Association President Perkins, who have shown much interest in the operations and problems of the Navy at San- ford, were next accompanied by (Continued On Page Ten)

"THIS IS THE WAY WE BRING them in," explained Lt. Cdr. Robert B. Osterholm as he explained Field Carrier Landing Practice to Mayor David Gatchel, Chamber of Commerce President Clifford McKibbin, and Merchants Association President H. L. Perkins Jr. this morning in the VAIL-8 squadron ready room. (Staff Photo)

# THE BLONDE DIED DANCING

by KELLEY ROOS

**CHAPTER 25**

"You asked Steve to be at your meeting this afternoon to see if he's a murderer," I said to Detective Lieutenant Bunting. "Do you think Steve could possibly be a murderer?"

"Now, Mrs. Barton, if murderers looked like murderers, we could put them away before they murdered anyone. In fact, murderers aren't murderers until somebody knows he committed a murder. And that applies even to a charming fellow like your husband, Mrs. Barton. I didn't know him; I was glad to see him."

"That man," I said, "has a special talent for running a girl's wedding anniversary. What time is it?"

"Almost ten," said Steve.

"Ten o'clock. You've got six hours."

"Yeah, Connie. Six hours to prove I'm not a murderer."

"Bunting," I said, "daring, let's get going."

We took a cab to the corner of West Twenty-fifth and Ninth Avenue. Steve took time out to buy Harriet Kroll and Mrs. Zeigler a present. He did his shopping in Manny's Bar and Grill. He bought two quart cartons of steaming, cold tap beer.

We didn't encounter the landlady again, but we didn't need her. Steve had learned that our ladies lived on the second floor front. We tapped gently on that door. We stood waiting. Upstairs someone was playing scales on a clarinet. Steve tapped again, less gently this time. The door opened.

A stalwart, hearty looking woman in a house, lined skirt and sensible shoes stood facing us. She was the goalie type. In fact, she could have been the older sister of a girl I played field hockey against back in 1944. We didn't score against her. And I was sure no one had ever scored against this woman in any game, including what is laughingly called the game of life.

"Mrs. Zeigler," Steve said.

"Yes," she said.

I couldn't believe it. This tower of bubbling health and strength with the clear eyes could not have been stumbling drunk last night. But she had been, and my admiration for her increased. No hangover ever dared trespass on this lady.

"And Miss Kroll?" Steve asked.

"Is she in?"

"Yes, she is." Mrs. Zeigler was studying Steve. "You look familiar."

"We met last night."

"Oh, really? Well, come in, come in!" she drove us through the doorway. "Harriet and I must so many people, but so few of them develop into lasting friendships. Harriet's in the bathroom, bathing. Call me Clara."

"I'm Steve Barton. This is my wife, Connie."

"How do you do, Connie? We were just about to have some breakfast."

In the center of the large, somewhat barren room a galleon table had been set up. Two places had been laid for a breakfast of tomato juice, sticky sweet rolls and tall glasses of milk. In the middle of the table stood a defiant looking geranium. There were some uneasy appearing chairs, two day beds, neatly made, and chest of drawers.

"What," Clara said, "is in the bag?"

"Beer, sparkling fresh-drawn tap beer." Steve put the bag on the table. "But if you haven't had breakfast yet..."

The bathroom door opened and Harriet Kroll drifted through it. My first impression was that she was a slip of a girl, aged about eighteen. Then I saw past the wide, pleading eyes, the dainty, timid touch of lipstick, the halo of curly, golden hair. I saw the tiny wrinkles, the infinite weariness in her face, and I felt very sad.

"Harriet," Clara said, "this is Connie and Steve Barton."

"Who?" Harriet asked.

"Friends of ours."

"Oh."

"We'll have our breakfast," Clara said, "while we chat. Drink your tomato juice, Harriet."

The two ladies sat at the table. Harriet lifted her tomato juice to her lips, her little finger extended slightly. But she put the juice down unstarted. She peered into the beer bag. She began to speak with a startling vivacity.

"How lovely! Yes, fresh-drawn from the tap, just as it should be! Just like home! At home we never had anything that came from a can. Mother would not stand for it. I can still hear her. 'Tin,' she would say, 'tin is for roofing. In the good Lord's name for food and drink to be in tin, he would have put it there! I can still hear her saying that..."

Harriet had taken a carton of beer out of the bag, lifted off its lid. She picked up her glass of milk, hesitated a moment, then emptied it into the geranium pot. She poured beer into the glass.

"Mother was a great believer in the proper thing. She just dumped it into us girls. There were four of us, all girls... and we wouldn't have been more shocked than when she left us to go off with Mr. Campbell..."

Harriet had, in quick little darts, drunk half a glass of beer. Her eyes were already beginning to shine and her frailty was disappearing. She finished the glass quickly, then refilled it. Clara got herself a clean glass and she was drinking beer, too.

"Trustfully, though," Harriet said, "Mr. Campbell was quite a charming man..."

"Harriet," Clara said, "you're prattling."

"Am I? And you've spoken to me about it so often."

Steve made his move. "I suppose you're wondering why we're really here. We've actually met Frank Stubbs but we have mutual friends..."

"Frank," Harriet said gently, "one of the few truly gallant men of our time. He never liked me, but he liked me. Little one, this, little one, that. Oh, yes, there's an enchantment about Frank. I've always thought Steve here would be much further ahead today if his last name weren't Stubbs. Stubbs is so very plain..."

"Harriet," Clara said.

"Oh, yes, prattling!"

"I've heard so much about Frank," Steve said, "I'm very anxious to meet him."

"Oh, dear," Harriet said, "how isn't that a shame."

"You mean," Steve asked, "Frank's out of town?"

"Out of town!" Harriet cried. "Out of town! Did you hear that, Clara? My dear young man, I should say that you, Frank is out of town." She leaned toward Steve, her voice almost a conspiratorial whisper. "Very, very much so, indeed."

"Well," Steve said, and it seemed to fit the occasion so perfectly that he said it once more. "Well!"

"Oh, yes," Harriet whispered. "Government business."

"Oh," Steve said.

"United Nations."

"Oh," Steve said.

"Oh, yes, utmost importance. Top secret."

"I understand."

"He can't even write to me," said Harriet. "His letters might be traced."

## Few Need Medical Help During The Menopause

By NERMAN H. RUBINSON, M.D.

IT is estimated that only five per cent of the nation's women need medical help during the menopause. The others either have mild symptoms or none at all.

Many are not aware of the changes until it is all over. Yet it might make things a little easier if you could recognize some of the symptoms but do not worry about them.

**Medical Care**

As I have explained previously, the "traditional" hot flashes are not really traditional at all. Only 20 women out of every 100 experience them. And medical care will bring relief if it is necessary.

There is, of course, a change in the monthly cycle. It may be skipped for one or two months and then return. Or, it may simply be of shorter duration.

This process of changing may take only a few months. In other cases, it may require a year or even two.

**Physiological Change**

Other symptoms sometimes accompany this physiological change, although in themselves they do not necessarily indicate the menopause.

These include headaches, fatigue, inability to sleep, palpitation and pains in the back or other joints. Perhaps there will be a numbness in the fingers and toes, stomach disturbances and general difficulties.

Sometimes night sweats accompany the menopause. And a woman may also be irritable and depressed.

Most of these symptoms are only temporary. Again, they may be connected with this period of change at all.

They do, however, signal that something is amiss. They are a warning to see your doctor. Medical help is available, even for persons experiencing the menopause. If you need it, get it.

**QUESTIONS AND ANSWERS**

Q. I am handicapped from meningitis and also have lost my hearing. Is there a possibility that my hearing will be restored?

A. Answer: It is quite unlikely that loss of hearing due to meningitis could be overcome.

## Owl Defies Army Eviction Efforts

MUTTIGART, Germany — A screech owl has defied eviction efforts of the U. S. Army and its refusal to leave a chimney nest is preventing 12 American families from moving into a new Army apartment building here.

The Army ordered its employees to get the owl out without injury. "The bird is to be removed peacefully without ruffling his feathers," the Army instructions said.

In the meantime, the 12 families must remain in their present quarters because Army housing inspectors will not approve occupancy until the new building is owless. Some families have been waiting more than a month.

A nearby resident said small boys in the neighborhood, not restricted by the Army policy, have been pelting the chimney with stones in hopes of frightening him out—ruffled feathers or not.

There were 56,921 farms in Florida in 1930, according to the U. S. census, most of which were between 10 and 20 acres.

## Stock Offering Is Released For Sale

A stock offering consisting of both 5 1/2 per cent cumulative preferred stock and a large block of common stock of the Winter Park Telephone Company has been released for sale by the U. S. Securities and Exchange Commission, C. H. Galloway Sr., president of the company, announced today. He revealed that the Commission has wired the company certifying the stock registration statement.

The stock is to be offered in units, each consisting of ten shares of common stock and one share of 5 1/2 per cent cumulative preferred stock at a unit price of \$220. These units are initially being offered by the Company to some 450 holders of its preferred stock for subscription of \$200 per unit at the rate of one unit for each two shares of stock held of record on Feb. 1, 1937. Following the offering of the stock to holders of preferred stock, any unsubscribed stock will be offered to the general public.

The unsubscribed stock will be offered to the general public through the facilities of Security Associates, Inc. of Winter Park and St. Petersburg, and by First Florida Investors, Inc. of Orlando, Leesburg and Winter Haven. A block of 3,000 shares of five and a half per cent cumulative preferred stock of the Winter Park Telephone Company last fall was over subscribed by the public in eleven days, raising \$300,000 for expansion purposes. The current offering consisting of 4,000 shares of five and a half per cent cumulative preferred stock and 40,000 shares of common stock will net the company, it is estimated, a minimum of \$674,000 to be used to finance expansion required by the constantly increasing demand for telephone service.

A new building at Melbourne and New York Ave. Winter Park, Fla., is being built by the company to house its new equipment which is needed to install its Metropolitan Service to make available toll-free service between the Winter Park and Orlando exchange areas. The free calling area will consist of 538 square miles for flat service between the Winter Park and Orlando exchange areas. The free calling area will consist of 538 square miles for flat rate service between more than 10,000 telephone stations.

The extraordinary growth of the Winter Park Telephone Company is indicated in figures showing that the number of resident stations operated by the company has grown from 2,007 in 1927 to 5,588 in 1936 while business stations have increased from 1,911 in 1927 to 8,536 in 1936. In all, the company at the end of 1936, had in operation 11,376 telephone stations.

The current offering, marks the first time in its history that the Winter Park Telephone Company has offered common stock to the public.

The unit price of \$220 being offered initially to holders of preferred stock consisting of one share of preferred stock and ten shares of common stock establishes the cost of the common stock at a price of \$13 a share.

Galloway has indicated that the company expects to pay an annual dividend of sixty cents per share of common stock. It has paid 104 consecutive dividends on its preferred stock since 1930.

Since 1931 total operating revenues of the Company have increased each year from \$231,326 in 1931 to \$812,843 in 1936, while income before income taxes increased from \$55,116 to \$151 to \$280,823 in 1936. Net income available for common dividends has steadily increased from \$78 per share in 1931 to \$2.22 per share in 1936 on the capitalization outstanding at the end of the year.

The Winter Park Telephone Company began as a small operation in 1912 and was privately owned. It furnishes telephone service in an area consisting of the City of Winter Park and the towns of Maitland, Altamonte Springs, Longwood, Casselberry, Eatonsville, and the communities of Goldenrod and Forest City. National and international long distance service for the exchange area is furnished through connections with the Southern Bell Telephone and Telegraph Company in Orlando.

THE NAVY BUMP EPO-3 leaves its hangar at South Weymouth, Mass., at the beginning of a flight over the Atlantic to break records for endurance and distance. The 343-foot craft flew to Europe and back, and while over Puerto Rico, the old record of 300 hours and 12 minutes of non-refueled flight was broken and the 6,960-mile distance mark of the German dirigible Graf Zeppelin was surpassed. The 12-day voyage ended in Key West, Fla. (International Soundphoto)

## Tranquilizers Can Permanently Harm Youth's Personality

WASHINGTON — A parent who gives his child a tranquilizer pill to keep him quiet may be doing permanent harm to the youngster's personality.

This and other warnings about the use and abuse of the new "happy" drugs were sounded by federal health experts in recent testimony before a House Appropriations subcommittee. The testimony was made public today.

The government experts agreed the discovery of such drugs has produced a great advance in the treatment of specific mental disorders. They suggested that some physicians may be overdoing it, particularly in prescribing them for children.

Dr. Ralph W. Gerard, University of Michigan neurophysiology professor, said one-third of all prescriptions American doctors write today are for tranquilizers.

Dr. James A. Shannon, director of the National Institute of Health said some physicians are at times using the drugs "casually" on infants and children whose personalities are still developing.

He said it is hard to believe a "well-rounded individual" could develop from a "tranquilized" environment in which the child has no knowledge of the stresses and strains to which he will be exposed in later life.

"Fundamentally," Shannon said, "our social progress comes from dissatisfaction with what we find in our environment and our desire to do something about it, and I think if you remove the dissatisfaction on a wide scale then we will tend to halt progress."

Dr. Robert H. Felix, director of the National Institute of Mental Health, said the question whether the drugs should be given to small children "is one of the things we have not answered."

He added that it might be better to find some other treatment if tranquilizers reduce children's anxieties so much "they don't care whether they change their ways or whether they have to be corrected for something, or if they have the drive or motivation to put out their best efforts in school."

Florida is the 21st largest state of the Union.

**Hardman To Be Institute President**

CHARLOTTE, N. C. — Lillian Griffin Hardman Jr., of Commerce, Ga., will assume the presidency of the American Cotton Manufacturers Institute at a time when the industry seems headed into an era of progress and confidence.

Hardman, president of Harmony Grove Mills and now vice-president of ACMI, will help institute directors and officials formulate policies for a future which leaders say seems filled with hope.

If custom is followed, Hardman will become president of ACMI at its annual convention April 4-6 at West Palm Beach.

His father, a physician, served as governor of Georgia from 1927 to 1931.

The principal speaker at the convention will be Senate Majority Leader Lyndon B. Johnson. Alan H. Temple, executive vice president of the First National Bank of New York, and C. Carby Balderston, vice chairman of the board of governors of the Federal Reserve System, will address the convention April 5.

**Legal Notice**

IN THE CIRCUIT COURT  
NINTH JUDICIAL CIRCUIT  
IN AND FOR SEMINOLE  
COUNTY, FLORIDA  
IN CHANCERY NO. 9349.

VIOLA CROOM, individually and as administratrix of the estate of Robert L. Croom, also known as R. L. Croom,  
deceased  
Plaintiff,  
-vs-  
FANNIE B. MARSH and G. J. MARSH, her husband, WINNIE CROOM, widow, DENIDA CROOM, widow, WATSON HARRIS, W. A. WAY, her husband, GAYLE CROOM, wife and DENNIS LEE, her husband, as sole heirs of A. H. CROOM,  
deceased.  
Defendants.

NOTICE OF SETTLEMENT

State of Florida, To: Viola Croom, Plaintiff and Aden Hattaway, her husband, whose residence is Pensacola, Florida; Gayle Croom, her husband and Dennis Lee, her husband, whose residence is Hillsville, Georgia. You and each of you are hereby notified that there is a suit pending against you in the above styled court, the nature of which is to impress a trust and other relief against the following described property lying and being in Seminole County, Florida, to-wit:

W 1/2 of SE 1/4 of NW 1/4, Section 21, Township 21 South, Range 21 East.

W 1/2 of SW 1/4 of NW 1/4, Section 21, Township 21 South, Range 21 East.

The SE 1/4 of SW 1/4 of Section 21, Township 21 South, Range 21 East, except 2 1/2 acres in the NE corner described as follows:

Begin at NE corner of SE 1/4 of SW 1/4, run North 51 yards, West 117 1/2 yards, South 81 yards, East 117 1/2 yards to place of beginning, not also excepted but to be included in Block 3 of Bonita subdivision, as recorded in Plat Book 6, page 2 of the Public Records of Seminole County, Florida.

The SE 1/4 of SW 1/4 of Section 21, Township 21 South, Range 21 East, except 2 1/2 acres in the NE corner described as follows:

Begin at NE corner of SE 1/4 of SW 1/4, run North 51 yards, West 117 1/2 yards, South 81 yards, East 117 1/2 yards to place of beginning, not also excepted but to be included in Block 3 of Bonita subdivision, as recorded in Plat Book 6, page 2 of the Public Records of Seminole County, Florida.

That part of the SE 1/4 of SW 1/4 of Section 21, Township 21 South, Range 21 East, being East of the County Road, Seminole County, Florida.

and you and each of you are hereby required to appear and file personally or by your attorney with the Clerk of the above styled Court at Sanford, Seminole County, Florida, your written defenses, if any, to the complaint to impress a trust and other relief filed herein against you in this cause, and to serve a copy of the same on Plaintiff's attorney below, on or before the 28th day of April, A. D. 1957. Herein fail not or else a decree pro confesso will be entered against you.

DONE AND ORDERED in Sanford, Seminole County, Florida, this 19th day of March, A. D. 1957.

O. P. HERNDON, Clerk of the Circuit Court

By Aris J. Lundquist, Deputy Clerk.

W. C. HUTCHISON, Jr., Attorney for Plaintiff, Edwards Building, Sanford, Florida.

# Family Picnics, Excursions Will Acquaint Child With World Of Nature

In the early days of this country, an intimate day to day association with the world of nature was a part of every child's heritage. It was as natural as breathing. The growth of town life began to change that. The spread of America's great cities altered it irrevocably for whole generations of young Americans.

The complexities and attractions of civilized life in the twentieth century have added to this trend away from the world of nature. Millions of boys and girls cannot step easily into the real outdoors as boys and girls did years ago, but must make an excursion of it. A boy who lives in the city must travel for miles, sometimes as many as ten or twenty miles, before he finds himself in open country with no cluster of houses in sight. Even boys who live in towns have farther than in times past to get away from evidences of civilized life.

## Don't Delay, Get Polio Shots!

The chances are that somewhere in our vicinity next summer an ambulance may go screaming down the street and the next day you will learn that a neighbor has been stricken with paralytic polio.

Then you will remember that in the spring you had read about a polio vaccination drive. Of course, you had meant to get your family and yourself inoculated. But somehow you had put it off. It wasn't convenient just then; you'd do it later; it slipped your mind.

So, at the height of the summer polio season, you find yourself unprotected. A cold shiver comes over you as you recall pictures of young limbs in metal braces, young faces protruding from iron lungs.

Anxiously you telephone your doctor. Yes, he says, the Salk vaccine is effective against paralytic polio. "But," he adds, "it takes seven to ten days for the first shot to take effect, then a wait of two to six weeks for the second shot that will provide reasonable protection for this polio season."

You load your family in your car and you get your first injections. But days pass while you wait—and fear gnaws at your heart. Suppose the disease strikes before the vaccine builds up its defense? How could you ever forgive yourself?

If you act now, you need suffer no such fear and guilt. This is one time when delay may literally be fatal.

## Zoning Restrictions

There's a very pleasant atmosphere around Sanford and Seminole County concerning a question of utmost importance to the entire community.

It was at one time thought to be a controversial issue—but because of the very few who have uttered even a remark against it, everyone must be in accord with the plans to make Seminole County a protected community—that is, as far as property use rights are concerned.

On various occasions the question of zoning all of Seminole County has come up. In an effort to acquaint everyone of the benefits of countywide zoning and planning, this column has carried a complete explanation of just what the benefits of the proposed plan would be.

Only on one instance did one person come up with the fear that perhaps he "would not be allowed to repair his front door steps or maybe build a fence around his chicken yard" with zoning restrictions throughout the county.

Such fallacies just do not exist. As has been explained in this column on several occasions, zoning is a protection for the farmer, the grove owner, the church, business or any other reputable and good undertaking.

For the farmer, it means that his farm will remain as such until he decides to sell his tilled acreage to a developer. The same goes for the grove owner.

And for the homeowner, it means that a valuable home will not lose its worth through the building of lower priced buildings about it.

Businesses and commercial ventures would be restricted to areas provided for that purpose; juke joints, beer gardens, or what have you could only be built in zones recommended for such enterprises.

Seemingly, all of Seminole County is in agreement that zoning and planning should be granted to Seminole County—without a referendum.

No one wants to be run over by an avalanche or onrush of any one stream and that could certainly happen even in the short period of a few weeks should such economic changes come about that would affect the Seminole Community. Those who live and work in quiet solid communities, want it to remain that way—and only through the protection of an overall zoning law or bill could that protection be acquired.

The privilege to zone and plan for Seminole County given to the Board of Seminole County Commissioners, would be an advantage that many counties would like to have, even as does a neighboring county which desires zoning as quickly as possible because that has been forced upon it because of the laxities that exist without zoning protection.

## On Farm Front

By GAYLORD P. GOODWIN  
 United Press Staff Correspondent  
 WASHINGTON (AP)—The Defense Department conducts one of the largest food operations in the world.

It feeds armed forces personnel at home and abroad, supplies foreign aid programs designated as military responsibility, and provisions commissaries operated for members of the armed forces and their families.

Since 1941, military use of food has ranged from one per cent to almost eight per cent of the total annual output of farm commodities. The value has ranged from a low of 384 million dollars in 1941 to a high of \$1,100,000,000 in 1944.

RICH VASE  
 In 1935, the latest year for which records are up to date, the value was 400 million dollars or 1.2 per cent of the total annual flow of farm commodities.  
 Except for two interruptions—in 1947-48 and 1951—military acquisitions of food since 1944 have been trending downward. Live-

stock products represented the largest component flowing into military channels in every year except 1947-48. During that three-year period, grains and grain products formed the leading commodity group.

The food provisioning function of the Defense Department now is performed through a single organization called the Military Subsistence Supply Agency.

From 1941 until late 1954, procurement was centralized but for the most part separate distribution programs. Prior to 1941, both procurement and distribution were decentralized.

Between World War I and II, food usually was procured locally by individual military installations. At overseas stations those commodities which could not be obtained locally were supplied through an assigned domestic requisition point.

Central System Started  
 In 1941, because of the rapid increase in numbers of military personnel, a central procurement system was started. By 1942, almost all perishable goods needed by the military services were being obtained this way.  
 The Military Subsistence Supply Agency came into being Dec. 7, 1956. It now handles both procurement and distribution.  
 Military use of food took a mighty hop in 1942. From a value of \$384,000,000 in 1941, it jumped to \$1,300,000,000 the next year. In 1943 it was \$2,100,000,000. It reached a peak of \$3,100,000,000 in 1944, and dropped to \$2,900,000,000 in 1945. By 1950 it had dropped to \$475,000,000, but jumped to \$938,000,000 in 1951, part of the Korean War period.  
 The annual value of livestock products used by the military has topped the billion-dollar mark three times—in 1943, 1944 and 1945. The annual value of farm crops used reached or exceeded one billion dollars only once—in 1937,000,000 in 1945.

## YOU'RE TELLING ME!

By WILLIAM RITT  
 Central Press Writer  
 A TOTAL of \$246 million was spent in Britain by American military forces in 1956. Third Air Force headquarters in London announced. We'd say that's proof Uncle Sam's boys make mighty fine paying guests.  
 In India in a mass marriage ceremony 750 couples were wedded at the same time. Over there Cupid must use a machine gun.  
 It'll be possible to make a trip to moon in about 25 years, states new study. At least, they're giving us a lot of time to decide if we want to go.  
 The British army has some 80,000 more chairs than it has soldiers, a war undersecretary reveals. What, the man at the next desk stolen to know, has become of the old-fashioned "standing" army?

## Foreign News Commentary

By CHARLES M. McCANN  
 United Press Staff Correspondent  
 The Bermuda conference undoubtedly has strengthened the alliance between the United States and Great Britain.

President Eisenhower and Prime Minister Harold Macmillan met as old friends. Reports of the conference reflected an atmosphere of cordiality. The two leaders announced agreement on a number of big issues.

But it is likely that certain under Macmillan's leadership will show a considerable degree of independence in its relations with the United States.

The breach in the alliance which resulted from the British-French invasion of the Suez Canal Zone was a serious one.

Breach Inflamed Eden  
 It certainly had a great deal to do with the resignation of Sir Anthony Eden. Eden pleaded ill health when he stepped down. He really is in bad health. But his condition was aggravated by

Eden's resignation, and Macmillan's succession to the prime ministry, constituted an important turning point in British politics.

Eden had succeeded Sir Winston Churchill after having been his political heir for many years. He carried on where Churchill left off.

But Macmillan's succession to the prime ministry last Jan. 10 marked a distinct break in the continuity of British policy toward the United States.

Resentment is still strong in Britain over the attitude President Eisenhower and Secretary of State John Foster Dulles took toward the Suez invasion.

Almed At Ike, sources There seems to be feeling among many Britons that the President and Dulles went out of their way to humiliate Eden, a side from the fact that they made no attempt to conceal their anger over the British-French action.

Britons seem to feel also that

for a long time their country had acted as a sort of junior partner in the Anglo-American alliance.

The immediate effect of the Suez dispute was to take Britain closer to France. Another was to weaken the reluctance of Britain to tie its economy more closely to continental Europe.

It will be necessary for Macmillan to make sure that nothing he does can be criticized, either inside his own Conservative Party or outside of it as permitting Britain to be a tail dragged along by an American political kite.

Mideast Divergence Remains  
 The Bermuda communiqué issued after the Eisenhower-Macmillan talks spoke of agreements on Middle Eastern policy. But there remains wide divergence on some aspects of it.

Britain still feels that the right course in the Suez dispute is to get tough with President Gamal Abdel Nasser of Egypt. It would be surprising if Macmillan did not feel that the United States let Britain down on that issue.

It is unlikely that President Eisenhower approves of Macmillan's determination to reduce the strength of British forces assigned to the North Atlantic Treaty Organization as an economy measure.

Events in the next few months probably will show that though the Anglo-American alliance has been strengthened it has not been restored fully.

## Pulp Mill To Be Built On Catawba

COLUMBIA, S. C. (AP)—Gov. George Bell Timmerman Jr. has announced the Bowaters Carolina Corp. will begin construction of a multi-million dollar pulp mill on the Catawba River in April.

Timmerman said he had conferred with K. O. Elderkin, president of Bowaters Research and Development, Inc., and was informed of the starting date.

The governor also said he had talked with Sir Eric Bowaters "within the last few days." He said Bowaters "expressed his appreciation to South Carolina and its General Assembly for their interest in locating a Bowaters

plant in South Carolina."

The plant will be located near Rock Hill in the southeastern part of York County. The General Assembly, in a special session last summer, amended the State Constitution to permit a foreign corporation to own as much as 500,000 acres of land.

"During the peak of construction, it is estimated that contractors will employ more than 1,000 persons," Timmerman said. "The pulp mill will cost 38 million dollars and when completed will

provide employment for 350 persons."

## Talk Yourself To Sleep

By MERRILL H. BUNDSEN, M.D.

EVERY once in a while, a radio or television comedian will go through the routine of talking himself to sleep.

He'll say: "All right now, go to sleep, go to sleep, go to sleep, relax your chest, relax your arm, and so on."

It never fails to bring a laugh from the audience.

Actually, this type of suggestion might really help you get to sleep. At least it might help you to relax. And real relaxation is something many of us need in today's speeded-up world.

Best Position  
 If you have difficulty getting to sleep tonight, try "talking yourself to sleep." The best position for relaxing probably is on your back.

Close your eyes first. Don't clamp them tight, just sort of let them fall shut. Then let your jaws rest. Keep your lips together lightly. Don't use force to press them together.

Then concentrate, but don't actually talk aloud, on the following: "Relax arms; relax arms; relax more. Relax more and more and more."

Each time you exhale, think your arms into relaxation.

Then try the same thing with your legs. I don't think there is

any need of telling your fingers and toes to relax.

However, your chest should be told to relax, too. Do this in the same manner. As you exhale, think to yourself:

"Relax chest; relax chest; relax more and more and more."

Of course you can include your shoulders and even your scalp if you want to.

Take Five Minutes  
 At first, I think you might spend as long as five minutes on each part of the body. Long before you have completed the process you should be asleep.

If not, at least you should be pretty well relaxed.

As each night passes, it probably will take less and less time to become fully relaxed. It's worth trying.

QUESTION AND ANSWER  
 Q. M.: Why do I have weakness and numbness in my legs when I smoke?

A. M.: The weakness and numbness in the legs may be due to blood vessel spasm which can occur in persons who smoke excessively. On the other hand, there may be no relationship between these symptoms and smoking.  
 A careful examination by your physician is advisable.

## LAFF-A-DAY

## TV NOTEBOOK

By BUD JENNINGS & JIM BURKETT  
 There is an old saying to the effect that "truth must be served," but that doesn't particularly hold true when you get on the subject of top TV acting talent and romantic leads.  
 Bob Cummings, for example, jumps with a buoy of loveliness on his weekly show, and the average viewer figures him for a spritely 30 summers or so. Actually, at 46, Cummings could be the father of the lot.  
 Jane Wyatt and Loretta Young, a pair of feminine favorites, are well beyond their junior prom days at a mellow 43. Art Linkletter is one year up on them and Reed Hadley is, like Cummings, just four years short of the half century mark.  
 The cops and robbers kick in no pastime for citizens who have long since lost the bloom of youth, but at 44, Dick's Ben Anderson, gives no evidence of settling down to a desk job. Warner Anderson, Line-Up's Lt. Gutherie, play out an energetic role, which belies his years. In fact, Anderson's true age might make a good investigative chore for the rival Dragnet crew; he admits to an acting career dating back to 1915.  
 All this talk of age reminds us—if you would like to go from an older model TV set to a spanking new DUMONT, talk it over with us at HENNETT'S TV SALES & SERVICE 409 West First St. We are in the mood to make you a particularly good deal on the best TV on the market. Stop in today, see the Dumont in action, and compare our offer. Phone FA 2-2921.

## Conring The News

BY VIRGINIA CONN

Sorry I ever griped about the weather. Boyd Weber blew into town for a few hours, and says that the temperatures in Rhode Island have gone as low as TWENTY-FIVE below. And that is cold, no matter how you feel it. So if it rains, or blows, or even gets down to fifty, let's be glad we live in Sanford, and next summer when we are springing from the heat, we can visit Boyd and Diddle as Quonset and eat quahogs and lobster. It is very apparent from all reports that we are probably experiencing the mildest weather in the entire country.

wonderful that everyone is turning out to help." No word from Bob Conn yet. Patsy (the bad one), is saying I wonder when our old pal Daddy is coming home. That roast I cooked on Sunday in honor of our old pal is the thing that is getting old, and after one has roasted, steamed and marinated the thing, it will be my luck for him to show up when it is nothing but hash, and say "Can't we ever have anything decent to eat?"

### CALENDAR OF EVENTS

**WEDNESDAY**  
Plantation Estates Glee Club of DeBolt will meet at 7:30 p.m. at the mansion, under the direction of Mrs. Harry Whitaker. Mrs. Chester Heacock soprano accompanied by Mrs. Ludwig Kupeas at the piano will be the program feature. A social hour with refreshments will follow.

At 6:30 a covered dish supper will be served the Training Union workers at the First Baptist Church. Prayer meeting will be at 7:30 and a Training Union workers conference at 8:15 p.m. The Adult Choir of the First Baptist Church will rehearse from 7:30 to 9:30 p.m.

The Senior High Fellowship of the First Presbyterian Church will meet at the church at 7 p.m. for recreation.

The Mid-Week Bible Hour of the First Presbyterian Church will be conducted by the pastor, Rev. A. G. McInnis.

The Chancel Choir of the First Presbyterian Church meets for rehearsal at the church at 7:30 p.m.

**THURSDAY**  
The Club Scouts, pack 10, will meet at 7:30 in the First Methodist Church.

Thursday Dorcas Circles of the Upsala Community Presbyterian Church will meet at the church at 2 p.m. All women are invited. Mrs. Helen Grubb and Mrs. Elizabeth Holt will be hostesses.

The Lake Mary Home Demonstration Club will meet at the Community building at 10:30 a.m. Topic of discussion will be "Master Mixers".

## WMU Meeting To Be In DeLand April 12 To 14

Representatives from the First Baptist Church and the Central Baptist Church are looking forward to attending the 50th Anniversary meeting of the Florida Baptist Young Women's Auxiliary Conference which will convene at John B. Stetson University in DeLand, April 12 to 14.

Over 500 young women and their counselors are expected to attend from all over the state of Florida. In addition to Floridians, there will be young women from Japan, China, Korea, Brazil and Gaza. Although this is the Fourth Annual Conference for Florida Baptist young women, it will make the 60th Anniversary of the Young Women's Auxiliary, which is comprised of young women from most of the states in the United States and some thirty foreign countries, and is a missions organization.

Former Stetson Students to Return  
Miss Grace Tyler, Rome, Italy; Miss Willie Dean Lowery, who has served under the Point Four program of the USA in public health in Brazil; and Miss Helen Masters, registered nurse, Nigeria West Africa, will be among those present.

**Missionaries Will Highlight Program**  
Miss Martha Franks, Taiwan; Miss Peggy Pemble, Brazil; Mrs. J. T. McInnis, Gaza, will be in addition to those named above. Miss Franks and Mrs. McInnis come to us from two of the most troubled spots in all the world today.

**Other Program Features**  
Miss Dorothy Bryon, Young Women's Auxiliary Secy., Georgia; Mrs. Jaa. Wilder, Anniversary YWA Chm., North Carolina; Mrs. Geo. Q. Holland, President, and Miss Josephine Jones, executive secretary, Florida WMU, youth leader from other campuses and areas in Florida, will be there to fulfill certain phases of responsibility on the program.

**Special Features of Program**  
A picnic at DeLeon Springs on Saturday afternoon, an outdoor reception on Friday evening following adjournment, a religious drama and style show on Saturday night will be special features of the program. Sessions will be held in Elizabeth Hall on Friday evening, Saturday evening and Sunday morning.

The public is invited.

**Johnny, Gary Joe Honored At Party Given Saturday**

Mrs. Chloe Butts honored her two sons, Johnny and Gary Joe with a birthday party Saturday afternoon at the Elks Play ground. After the boys opened their many gifts, favors of candy and nuts in Easter baskets were given to each guest.

The children played several games before refreshments of punch, ice cream and cake were served. The two beautifully decorated four tier birthday cakes were the center of attraction when refreshment time came.

Helping Johnny and Gary Joe celebrate were: Robin Ross, Henry Gub, Jimmie Pearce, Cindy Edgemoat, Sherry Daniels, J. Hall, Barbara Little, Dwight Bowes, Scott Kirk, Tommy Judy, Ellen Sloan, Doris Bach, Donna Gail South, Wally Young, Linda Olson, David Aiken, Billy Lafreniere, Bill Kirby, Jeanette Daugherty, Allen Hall, Debra Donovan, Toni Echols, Mason Wharton, Hutch Jesscoat, Mark Rayborn, Johnny Cullum, Frances Jarrell, Carlin Murray, Judy Judy, Kay Struzgas, Margie Goodspeed, Becky Cameron, Billy Cason, John Sauls, Sue Jefferson, Lee Dangleman, and Marsha Fitton.

Assisting Mrs. Butts were: Mrs. Sybil Routh, Mrs. Helen Constantine, Mrs. Pam Bach and Mrs. Margaret Routh.

**Wilson School 4-H Club Holds Meet**

The Wilson School 4-H Club met yesterday at 2 p.m. with 21 girls present. June Williams presided over the meeting as Connie Griffin called the roll.

Mary Jean Goad gave a demonstration on cocoa and chocolate syrup and Nancy Goad brought the supplies.

Mrs. Wilson, 4-H leader discussed setting up a demonstration on table setting and dish washing. Connie Griffin and June Williams were complimented on their recent demonstration in Orlando of a banana milkshake.

## Collegiate Echoes

By GRACE M. STINECIPHER

**EVENT AT ROLLINS**  
Celebration of the 25th anniversary of the founding of Annie Russell Theatre at Rollins College in Winter Park will begin Mar. 29 when the anniversary play, "Romeo and Juliet," will open an eight day run.

Following a reception at 7:30 p.m. in the theatre gardens, anniversary ceremonies will be held at eight with curtain time set for 8:30.

Marc Connelly, playwright whose works include the Pulitzer prize winning "Green Pastures," will give the rededication speech before the play's opening.

The role of Lady Capulet will be taken by Nancy Cushman, Rollins graduate of 1953 who is now a Broadway actress. Miss Cushman has appeared in such productions as "Death of a Salesman," "You Can't Take It With You," "Glass Menagerie," and "Cat on a Hot Tin Roof."

A reception will be held at 4 p.m. Mar. 28 at Mills Memorial Library in honor of George Greider, curator of the theatre collection of the New York Public Library and secretary of the New York Drama Critics' Circle.

**Betty Co-Ed and Joe College**  
HARRIETT REDDING, freshman at Stetson University, spent last weekend in Sanford with her parents Mr. and Mrs. C. L. Redding. She had as her guest her roommate Miss Nancy Downman who is from Decatur, Georgia.

Harriett was just bubbling over with news this weekend. Upmost in her mind is her intended trip to the campus of FSU this weekend for Lambda Chi Weekend. She will be the guest of TOMMY WYATT, son of Mr. and Mrs. P. H. Wyatt. While there she will stay at the Alpha Xi Delta house—she is a member of this sorority at Stetson. Sounds like fun! Maybe we'll hear more about the events of the weekend later.

Another thing Harriett was excited about was that she had just recently been selected Enlistment Secretary of the Westminster Council (composed of Presbyterian Young People) at Stetson. This new council met at the First Presbyterian Church of Daytona Beach this weekend to make plans for next year. (Great going, Harriett!)

While speaking of the Presbyterian work at Stetson, many of you in Sanford will be interested in the work of the

**Singspiration To Be Held At St Luke's**

Rev. R. H. Spears, Jr., will be in charge of a "Singspiration" service to be held at the Church of the Nazarene located at Second St. and Maple Ave. next Sunday afternoon at 2:30.

There will be special singing and music from several churches in the Sanford area. Also David Wayne Mathes, Song Evangelist of the Church of the Nazarene will be there for that service.

The public is cordially invited to attend, and join with the Singing of God Gospel songs.

**Teenagers Party Given Friday Eve. Honoring Guests**

GASSELBERRY—Miss Susan Keller was hostess at a Teen Agers party Friday night given by (Uncle) Joe H. Weimer honoring William, 16, Winifred 13, and Rebecca 10, children of his brother-in-law and sister, Mr. and Mrs. W. W. Shilts of Hudson, Ohio who are visiting in his home.

The party was a back yard barbecue, with dancing and games for the entertainment of the following guests: "Chi Chi" Hallett, Honore Casewalk, Nancy Letourneau, Anita Neron, Judy Clark, Keith Hilliard, Charles Stewart, Mike Hattaway, Pete Alexander, Collin Crews and Tommy Letourneau.

on table setting and dish washing. Connie Griffin and June Williams were complimented on their recent demonstration in Orlando of a banana milkshake.

**Pincrest P-TA Meeting Planned For Thursday Eve.**

M. M. Ferguson, coordinator of Teachers Certification Service of the Florida State Department of Education and Kermit Farris, executive secretary of the State Teacher Retirement System are scheduled to speak at 8 p.m. Thursday at the Pincrest School P-TA meeting.

A question and answer period will follow their speeches on "Teachers Certification" and "The State Teacher Retirement System."

Both Mr. Ferguson and Mr. Farris will be available at the Pincrest School Friday morning to answer any further questions anyone may care to ask.

Mrs. Nellie Coleman, chairman of the program committee will introduce the speakers.

All parents are urged to attend.

## Truth Seekers Class Holds Meet At McKinley Hall

The Truth Seekers Class of the First Methodist Church met Monday afternoon at McKinley Hall. Mrs. R. F. Crenshaw presided over the business session.

The song "God Will Take Care of You" opened the meeting, followed by the devotionals given by Mrs. E. P. Chapman. She read two poems by bishop Ralph Spalding Cushman entitled "I Will Not Hurry Through This Day" and "In Press of Business". In connection with each poem she also read several verses of scripture, using Luke 10 and 1 Timothy 2:1. The devotionals were concluded with a prayer and song.

Mrs. T. E. Wilson, treasurer, reported that she had sent \$10 to the Anchorage School of Missions in Anchorage, Alaska. The Sunshine Committee chairman, Mrs. Octavia Rumbley stated that they had sent a number of cards to several members of the class.

The members who celebrated birthdays this month were honored with a song before they made their birthday contribution to the class treasury. Birthday anniversaries were celebrated by Mrs. W. J. Davis, Mrs. W. L. Piper, Mrs. Marion Griffin, Mrs. Carrie Draper, and Mrs. Eva Harky.

The group was happy to have with them again Mrs. Flossie Goodspeed who has been ill for some time and unable to attend the meetings. She made her birthday contribution also even though her birthday will not come until June.

A social hour was held after the meeting closed and refreshments were served by Mrs. R. W. Turner, Mrs. Mamie Griffin, and Mrs. F. D. Hiekk.

Attending were: Mrs. R. F. Crenshaw, Mrs. T. E. Wilson, Mrs. Octavia Rumbley, Mrs. M. E. Mayo, Mrs. M. W. Casie, Mrs. J. G. Watta, Mrs. W. P. Chapman, Mrs. Flossie Goodspeed, Mrs. Olive Wells, Mrs. G. G. Priest, Mrs. W. J. Davis, Mrs. W. S. Thornton, Mrs. M. H. Brock, Mrs. Carrie Draper, Mrs. J. P. Crawford, Mrs. Eva Harky, Mrs. Peter Monie, Mrs. L. E. White, Mrs. W. L. Piper, and visitor, Mrs. R. E. Davis.

A social hour was held after the meeting closed and refreshments were served by Mrs. R. W. Turner, Mrs. Mamie Griffin, and Mrs. F. D. Hiekk.

Attending were: Mrs. R. F. Crenshaw, Mrs. T. E. Wilson, Mrs. Octavia Rumbley, Mrs. M. E. Mayo, Mrs. M. W. Casie, Mrs. J. G. Watta, Mrs. W. P. **Sanford Girls Attended State Convention Mar. 22**

Miss Judy Clark, President of the Future Nurses Club, Miss Irma Jean Corley, vice president, and Miss Joyce Benton, secretary along with Mrs. Joe Corley, sponsor, returned Saturday evening from the Future Nurses Club Convention held in Jacksonville at the Seminole Hotel, Mar. 22 and 23.

The convention was sponsored by the Women's Auxiliary to the Florida State Medical Association. The Future Nurses Clubs of Jacksonville served as hostesses for the event.

Three hundred and eighty-nine students and sponsors heard the reading of the state constitution which was revised and amendments added. The organization adopted as the state uniform a green and white striped pinaflore.

Exhibits from Georgia and Florida schools of nursing were on display.

A banquet was held in the grand ballroom of the hotel with M. I. Clements as guest speaker. His talk on "Success Unlimited" was reported by the local representatives as "Very Good".

The girls are now looking forward to the 1958 convention which will be held in Miami.

**Use Of Business Aircraft Expected To Increase Soon**

Use of business aircraft in Florida can be expected to grow at a "tremendous rate," according to Mrs. O. A. Beech, president of the Beech Aircraft Corp. and one of the world's leading woman aviation executives.

She made the predictions while visiting officials of Lopez Grace Aviation, Inc., of Fort Lauderdale, Florida. Beechcraft distributor. The state's great industrial growth, superb flying weather, abundance of good airports and strategic location on the route to Latin America were cited as reasons.

Her firm, in 25 years, has grown from 12 employees to 7,500 and its world-wide sales team rolls up \$1,000,000,000 annual volume.

## Now Hear This!

By JACKY FENWICK

All you C. P. O. wives... attention! This meeting Friday morning, March 29, at 10:00 A.M., you're all invited to attend a "Coffee" to be held at the Chief's Club, aboard the Air Station. At long last a "Chief's Wives Club" will again be getting underway, and on Friday morning there will be a nomination of officers. It wasn't made clear to me whether there would be an election of officers at this time, but since that usually follows the nomination, anyone who wants to be in on this had better plan on being there Friday morning! I was told that something like 120 invitations had been mailed out, but if, for some reason, yours fails to arrive, this is for ALL C. P. O. wives so try and make it if you have any questions about this, you can get your answers by contacting Mrs. Lewis Brinn at FA 2-1688.

Well, here's another appeal! There is a movement underway to form a Catholic, "all male" servicemen's choir to sing each Sunday at the 11:00 A.M. Mass at All Soul's Church. Any men who might be interested in this project can find out all the details by contacting Mrs. Jeanne Osburn at the Industrial Relations Department, at S. N. A. S. The extension there is No. 204.

Been asked in pass this on so that all you "station personnel" wives can get things ready! I. I. There will be a Personnel Inspection this coming Friday morning, March 29, at 0730 (7:40 A.M.). The uniform for all officers and chiefs will be Service Dress Khaki, with blouse. For all enlisted men, other than chiefs, it will be Dress Blues. The Marines will

take part in this also, and their required uniform will be Winter Greens. This is the regular monthly inspection, and just an extra reminder so you won't forget to get that hair-cut, or polish those shoes!

I would also like to pass on the request that all station personnel, and dependents, who attend the base movie, try and have the correct change when purchasing your ticket. This is to insure that the ticket seller will be able to maintain an adequate supply of small change at all times. It will be impossible to change bills over \$3.00 in denomination, and this should be remembered when you're planning to attend the movie. So... come prepared.

Remember too that tonight is "Dance Night" at the U. S. O. Thursday, there will be "Open House" and also on Friday, "Only" a couple of more days for me to be able to remind you to attend "Navy Appreciation Day" this coming Saturday, at Fort Mellon Park. The Jarrees, with the cooperation of just about everyone in town, have really gone "all out" to make this the biggest, and best day possible to show that they want us here. I hope that the Navy, in turn, will partake of this terrific day they have planned to show our appreciation of them!

Wish I had lots more news and gossip to pass on today, but I can't do it without the cooperation of all those interested in seeing this column "grow"! The phone number is FA 2-2371.

**Bridge Tournament Announces Winners**

The Sanford Duplicate Bridge Club proudly announces the winners of the Individual Tournament last week.

Prizes were awarded to Mrs. Bertie Roberts and Mrs. Ross Adams who tied for first place and Mr. Paul Mogslyang of Orlando who won third. Nine tables were in play.

All bridge players are invited to attend Thursday's session at the Yacht Club beginning at 8 p.m. Those who do not have a partner call FA2-5681.

**Happy Birthday**

March 27  
Helen Marjorie Noble  
Donald Dunn Jr.  
Toni Talley  
Mrs. Martha T. Vihlen

**Toe Warmers Revived**

Despite central heating and electric blankets, there are still lots of cold feet on cold nights. For people who don't like heavy blankets, and who can't stand having sliding tucks in, grandmother's remedy is the best—wearing bed socks.

The up-to-date versions of these "toe warmers" are made of lightweight wool and wool-nylon or wool-rayon blends in a stretch knit designed to conform to and fit any size feet. These bed socks stay snug-fitting because they return to their original size and shape when laundered in warm soap or detergent suds.

**Are you sure your children are getting enough VITAMINS?**

YOU CAN BE WITH SUPER PLENAMINS Junior

Each sugar-coated, easy-to-swallow tablet contains 11 important vitamins plus Iron and Zinc Concentrate. Their balanced formula is based on the recommendations of doctors and pediatricians for children's daily nutrition between the ages of 6 through 11.

## Seminoles Ball Game Termed 'Terrific' Despite 4-1 Loss

### Pirates Finally Starting to Roll

By LEO H. PETERSEN  
United Press Sports Editor  
FORT MYERS — The Pittsburgh Pirates finally are starting to roll, but Manager Bobby Bragan believes it will be at least another year before they will become pennant contenders.

However, Bragan who finally led the Pirates out of the cellar last year to finish seventh in his freshman year as manager, feels the club has a good chance to finish in the first division.

"I don't see any team beating out Brooklyn, Milwaukee or Cincinnati," he said. "But I think we can beat out St. Louis for fourth place."

Although it lacks power, Bragan classifies his outfield of Bill Virdon in center, Leo Walls in left and Roberto Clemente in right as one of the best in the league. However, he pointed out that the three of them hit only a total of 28 home runs.

Virdon batted .331 after the Pirates got him from the Cardinals and wound up with an average of .319, second only to Hank Aaron's .328. Clemente batted .311 while Walls, after a fast start tailed off and wound up with an average of .274.

There is a chance that gangling Dick Stuart, up from Lincoln where he hit 66 homers and drove in 138 runs, may break into the outfield if he continues hitting the long ball the way he has thus far. He lacks polish in the field, however, and will have to hit long, and often, to make up for it.

Behind his outfield, Bragan lists pitching as the next Pirate strong point. In Bob Friend, Ronnie Kline and Vern Law he figures he has three of the best starters in the league with Elroy Face among the best in the relief department. But Bragan is quick to agree that his staff may "lack depth."

The Sanford Seminoles played what was termed a terrific ball game last night in Orlando in losing to the Edgewater 4-1 in a game where the Seminoles led in everything but the scoring.

For the first six innings pitcher Eddie Barbour had a two hitter working for the Seminoles camp, but with two outs the Edgewater Eagles pushed across two runs that meant the difference.

The Seminoles fans attending the game were enthusiastic over the showing the far outmanned Seminoles made. Barbour pitched his longest game of the season, however, and the weather was just too cold for a fast-baller. The Eagles had to pull out their starting pitcher in the fourth inning.

Seminole baseball coach Dave Laude had nothing but lavish praise for his vastly improved Seminoles. "Edgewater had a all veteran starting lineup on the field and 28 men dressed out in the dug-out and we couldn't give our pitcher a rest when he got tired because we didn't have one to spare and play another game Thursday afternoon, and we still out hit, out fielded, and out played them. If we keep showing the stuff we did tonight, we're in for a good season."

Laude said that the team spirit was almost unbelievable. "I think some of the boys were a little scared before the game, but they soon realized that they could really play ball if they wanted to, and that they did."

The Edgewater baseball coach told Laude after the game, "That's not the same ball team that played Winter Park last week; that bunch tonight was really good."

The downfall of the Seminoles came when the heavy hitters didn't come through in the pinch. The bottom four of the batting order accounted for five of the six Seminoles hits. In the fourth inning the Seminoles had the bases loaded with no outs and could squeeze only one run across the plate.

The Seminoles left 11 men stranded on bases during the game. "The boys were nervous," Laude said, "and they didn't lead off the bases; they just froze, then couldn't outrun the force play."

Laude said the game was wonderful for the boys. "They found out that they could get just as tough as any other team last night," he said. "All the way home from Orlando the boys were talking about getting back into Orange Belt play. I think they'll really be up for the Apopka game Thursday afternoon."

Barbour walked only three men, gave up only five hits, and fanned four Edgewater players.

Sanford	R	H	E	Lo

### Swimmers To Start Regular Practice In Golden Lake

Seminole Swimming coach Bill Fleming said this morning that he would be sending his team in to the waters of Golden Lake regularly from now on.

"This is our first attempt at a swimming team," Fleming said, "and it looks like the enthusiastic response is going to make it possible for us to participate in all events, including diving, for our meets."

Fleming said he would start choosing team members next week, but in the meantime he is concentrating on fundamentals.

"The entire bunch of candidates are very enthused about the future plans for the swimming team," Fleming said. "They are generally poor on good form, but most of them are responding very rapidly to individual attention and adapt easily because they are naturally good swimmers."

The team goes to Golden Lake for their daily afternoon workouts.

FROM SLATS TO BARRELS  
HOLLYWOOD — Fashion designer Charles LeMaire just can't get enthused about Christian Dior's new barrel-shaped look. "Until now Dior has kept women as thin as slats," LeMaire said. "Now he's put the slats together and made them into barrels."

### Life Of Baseball Player's Wife Not All Glamour

Mrs. Harold Pee Wee Reese, wife of the Brooklyn Dodgers shortstop, has written for United Press her story of the life of a baseball wife.

Written for United Press by MRS. PEE WEE REESE  
VERO BEACH — Being a major league baseball player's wife has its moments of glamour. But there are hardships, too, which many people do not realize.

Spring training, for instance, presents many problems. Our friends back in Louisville the Reeses' home town envy Pee Wee and me when we head for spring training in Florida.

They don't know that from the day training starts, I begin the life of a "baseball widow."

Pee Wee has to get out every morning for training, and when he's finished in the middle of the afternoon, he likes a little relaxation. So he plays golf with some of the boys and I don't see him until dinnertime.

Traveling Expensive  
It's often difficult locating a place to stay in spring training. We go to a resort town in the middle of the season and rentals run high. Some of the younger players cannot even afford to bring their wives south with them. It's that expensive.

When the team begins to head north, I lose my husband for several weeks. When the team gets back to Brooklyn, there is always the job of locating an apartment or a house. Sometimes it takes weeks and a player's wife has to remain at home until a suitable place is located.

We've been fortunate to rent the same apartment for several years, but we're among the lucky ones.

Once the season starts, you live a hectic schedule. It wasn't so bad in the days when they played only one or two night games a week. But now they play four or five nights a week and you find yourself eating at odd hours.

If the Dodgers are playing a night game, Pee Wee will have dinner before reporting to the park about four o'clock. Then when he comes home around midnight, he is naturally hungry and I have to prepare a light meal for him. Because we retire long after midnight, our breakfast hour usually is at a time when a lot of other people are having lunch.

Children and Travel  
The schedule might not be too bad, without children. But you can't expect children to eat at those hours. This year we have a new baby, our first son, and his feeding schedule keeps me busy all day long.

I think the worst part of being a ball player's wife is the traveling. The club makes four western trips a year, each for two weeks. Then there are short trips to Philadelphia and Pittsburgh. As a result, my husband is away from home an average of four months a year.

I guess I've mentioned only the dark side of this life. It has its brighter moments, too. Like when Pee Wee has a good day, or when the club wins the pennant or the World Series. There are memories we can never forget. Baseball has been good to us Reeses. Pee Wee has had a successful career and he's been with a winning club most of the time. We've also traveled to places we might never have seen otherwise. But anyone who thinks it is all glamorous has never had to live the life.

### Hawks, Celtics Meet In Final Cage Playoffs

MINNEAPOLIS, Minn. (UP)—It will be the St. Louis Hawks against the Boston Celtics in the final round of the National Basketball Association playoffs, opening in Boston on Saturday.

The Hawks completed a 3-0 sweep of the Western Division finals Monday night when they beat the Minneapolis Lakers, 143-135, in a stormy, two-overtime tussle that ended in a protest by the Lakers. The Celtics previously completed a similar sweep in the east.

The Hawks, who won the first two games of the best-of-five western finals on their home court, were tied with the Lakers, 114-114, at the end of the regulation time and 131-131 at the end of the first overtime. Then they outscored the Lakers, 12-4, in the second extra session.

The Lakers' protest slammed

### Giants' Farm Teams To Start Player Cut-Backs Soon

The Dallas Eagles will send their smaller brother, Springfield, through their paces in an impromptu game tomorrow morning at 10 a. m. in Memorial Stadium.

Sally Parker, manager of the double-A Eagles, said he would take the chance to give some of the boys who had seen little service or opportunity to show their talents an outing against the A Springfield Club.

Springfield is a late arrival to the New York Giant Farm System Spring Training and will be willing to take advantage of any cut-backs the Eagles may feel necessary during the next week or so.

Every team will start cutting back soon. When the Giants cut back on some of the players that haven't progressed quite far enough to make the majors, Minneapolis will get the first chance to sign him. In like cases, when Dallas cuts back, Springfield will get the first chance, and so on down the line.

Minneapolis, who is playing Rochester this afternoon, will be in action in Memorial Stadium Friday against Omaha; Saturday, Dallas and Minneapolis meet again in their pitched rivalry.

Now's the time to buy! These rotary mowers have powerful 2 h.p. Clinton engines, adjustable cutting height, all the top-quality features. Trim close to walls, trees, etc. Don't miss this chance to save.

Like when Pee Wee has a good day, or when the club wins the pennant or the World Series. There are memories we can never forget.

Baseball has been good to us Reeses. Pee Wee has had a successful career and he's been with a winning club most of the time. We've also traveled to places we might never have seen otherwise. But anyone who thinks it is all glamorous has never had to live the life.

### SHS, Deland Track Teams Meet Today

Despite an extended layoff from bad weather, track coach Fred Ganas is sending his thin clads out for their second victory in as many starts this afternoon in a 15 event track meet against DeLand on the newly re-finished track behind Seminole High School. The event got underway at 4 p. m.

In an early afternoon meeting with his speedsters coach Ganas warned them that they would be more than usually handicapped due to the bad weather. "When we have to call practice because it is raining we have to remember that the other schools have

indoor tracks and are still practicing. To overcome the handicap, we will have to have more desire and determination than they have and give it all we have," he told part of the team.

The Seminoles are facing an all-veteran team in the DeLand Bulldogs and, also partly due to the layoff, Ganas said, "This will be one of our toughest meets."

In the season opener last week the Seminoles piled up a landslide score against Eustis. The impressive 81-12 victory gave the Seminoles needed confidence, but the extended layoff will take its toll in physical conditioning.

### 3 Out Of 5 Homes Occupied By Owner

WASHINGTON (AP)—A government study just released underscores changes wrought in the national economy by home owners. At the turn of the century, only 35 per cent of the nation's homes were occupied by owners in other than farm areas. Today three out of every five houses is occupied by its owner.

The study, made by the Federal Reserve System at the request of President Eisenhower, was directed at the growth and future prospects of installment credit. While it found that the chief factor in credit growth was the automobile, the home played a major part.

**Major Shifts Noted**

The major shifts noted in spending habits was an increase in the amount paid on car purchases, coupled with a decrease in housing costs due to increased home ownership.

The experts noted other changes due to the borrowing and spending habits of the family that owns its own home, especially in the on-time purchase of appliances. They pointed out that when a home owner purchases a washing machine on time he is substituting an asset for a service paid for in the past on a continuing basis.

As an example, they pointed out that commercial laundries only have doubled their business since 1929 despite the mushrooming population. The dry cleaning trade, for which there is no home

substitute, tripled in the same period.

**Another Reflection**

Another reflection of home ownership was in movie theater admissions. The economists found the home owner is more likely to get his entertainment in front of a television set—another substitute for pay-as-you-go spending.

They even detected home ownership in the do-it-yourself craze. The man living in his own house is mainly responsible for the boom in washing machines, dryers and freezers. In contrast, ownership of a television or a radio had little relationship to home acquisition.

Finally, the study pointed out that women have emerged from the kitchen and into the economic mainstream. They have more leisure and a better chance of getting a job to supplement the family income.

With the emancipation has come increasing pressure from housewives for more labor-saving devices. The manufacturers have responded with an increasing flow from their assembly lines.

(Continued from Page 1)  
in 1951 now stands at \$400 million.

**Industry Comes To Florida**  
"Today we are having to raise our sights," Smith said. "American industry is joining the march to Florida."

Pointing out that for the 1947-56 period Florida was among the 10 leading states in numerical growth of manufacturing employment—outstripping such industrial giants as Illinois, Indiana, Michigan and Pennsylvania—he said that today industrial expansion is accelerating sharply in the sunshine state.

"Manufacturing and industrial research in the aviation, electronics and nuclear fields are meeting with outstanding success," he said.

"The big factor is climate, which industry is finding warm and inviting too. Ideal living conditions, no extremes of weather, a fine record of good labor-management relations make for high morale, high worker productivity. Industry is finding it easier to recruit scientists and engineers because nearly everyone would like to move Florida."

"Those who have already opened plants in Florida or announced plans to do so include such names as Pratt and Whitney, General Electric, Minneapolis Honeywell, Babcock and Wilcox, Fairchild Aviation and others."

These things set the stage for FPL's expansion plans beyond 1959.

**Nuclear Plant Proposed**  
By 1962 included in the company's 1,275,000 kilowatt additions, is a nuclear plant being researched and designed by the Florida nuclear energy group made up of FPL and its neighboring utilities, Tampa Electric and Florida Power Corporation.

**\$15 Million Issue Planned**  
Construction expenditures will total \$66 million for 1957 which will make it necessary for the company to secure \$35 million of additional financing. It expects to offer \$15 million of first mortgage bonds at competitive bidding in May.

### Navy

(Continued from Page 1)  
wanis Club, V.F.W., American Legion, Eastern Star, Beta Sigma Phi, Boat and Ski Club, and the Elks Club.

Coffee, doughnuts, and soft drinks will be served at a central table.

More than two tons of fish have been cleaned and prepared and stored in the local freezer locker plant until time to begin preparations, probably early Saturday.

More than 8,000 ears of corn will be shucked and boiled and served to the crowds attending Saturday's event.

Hundreds of pounds of cabbage will be prepared for cole slaw. In addition to the fish, cole slaw, and corn, the Jaycees are preparing thousands of hush puppies to be served along with the complete menu.

Those in charge of various committees preparing food and arranging the program are: Harry Canell and Garfield Willetts, co-chairmen for the overall Seminole County Navy Appreciation Day; Jack Sewell, serving committee; Puh Anthony, food committee; Art Harris, grounds committee; Mayor David Gatchel, invitations committee; Ed Hunt, automobile award; Bob Crumley, amusements committee; Joe Baker, corn shucking committee; Gus Schmah, in charge of preparing the food; Cotton Brown, preparing hush puppies; W. Brown Miller, in charge of coffee and doughnuts; and M. L. Raborn Sr., in charge of preparing slaw.

Other committees have been formed to take care of the various functions in the overall presentation of the Jaycees sponsored Seminole County Navy Appreciation Day.

Top Naval officials from Washington, D. C. and the Navy Department are expected to be in Sanford for the event along with Senator Sprossard Holland, Congressman A. S. "Syd" Horling Jr., Naval officials from NAS, Jacksonville, local Naval officials, the Mayor of Orlando, the Mayor of Casselberry, DelBary's Chamber of Commerce president; G. Harold Alexander of Fort Pierce, State Republican Party leader, and many other outstanding visitors will be entertained.

A luncheon will be held at the Mayfair Inn Saturday at noon to honor the dignitaries coming to Sanford for the occasion.

Jaycees President G. Andrew Spear said last night "this is going to be the biggest event ever staged in Seminole County."

### City

(Continued from Page 1)  
V A H-5's Commanding Officer, Cdr. I. N. Rowell, and other officers of the squadron, along with newsmen on an inspection of the newly arrived F39 Panther jet fighter planes and the A3D "Skywarrior" jet bomber recently arrived at NAS, Sanford.

The Panther jet fighters will be used, said Cdr. Tully and Cdr. Rowell by V A H-5 pilots to complete their transition from the propeller driven AJ "Savage" to the new A3D jet bomber.

The three visitors to V A H-5, taken to the runway to observe the barrier landing practices, were

### Mental Health Assn. Providing New Service

The Florida Association for Mental Health announced yesterday that it is providing a new service to the families of patients in State mental hospitals through the cooperation of Dr. W. D. Rogers, superintendent of the institution at Chattahoochee, by offering free-of-charge to the next-of-kin of patients a copy of a new booklet. This booklet, according to Robert J. McCloskey, president of FAMH, "will offer help to an often overlooked group of people at a time of their greatest need, beginning on the day a relative is admitted to a mental hospital." Written by Edith Stern in collaboration with top medical authorities, the booklet offers practical, step-by-step advice to relatives. In simple language it goes behind the scenes in the wards of the hospital to bring about greater understanding of what the hospital is trying to do and how the family can cooperate for the good of all.

Distribution of the 95-page booklet will be through local mental health associations. This new service, worked out in cooperation with the state hospital authorities, provides that:

1. Next of kin of patients admitted to the mental hospital will receive an application for enrolling them to free copy of this comprehensive up-to-date booklet written specifically for families of the mentally ill.
2. After mailing the application, each family will receive a copy and will be informed of the various kinds of help available through the local mental health association, such as group meetings with relatives of other patients, film showings, books and pamphlets and referral services for individual counseling.

Besides distributing the new booklet to next-of-kin of patients, many local mental health associations will place the guide in the hands of those who counsel the mentally ill and their families, such as clergymen, physicians, social agencies and lawyers. Interested persons or organizations may obtain the guide for 50 cents from the Seminole County Association for Mental Health by writing its president, George Touhy, First Federal Savings and Loan Assn., Sanford, or from the Florida Association for Mental Health, 237 W. Forsyth St., Jacksonville.

### Demos, GOP Plunge Into Economic Study Showdown

WASHINGTON — House Democrats and Republicans plunged into a showdown fight today over conducting an investigation of the nation's economic system. The Democrats want Congress to do it. The Republicans want the job done by an independent citizens commission as requested by President Eisenhower.

The Democrats this afternoon brought up for a vote a proposal to have a banking subcommittee conduct the inquiry. The subcommittee is headed by Rep. Wright Patman (D-Tex.) — a leading foe of high interest.

Republicans said the proposed Democratic-sponsored inquiry could shake business confidence and possibly start a recession. They offered a compromise plan calling for a 16-man bipartisan commission appointed by the President and Congress.

### Mariners To Split Up On April 1

KALAMAZOO, Mich. — The Mariners, a quartet which performed for more than eight years on the Arthur Goffrey Show, plans to split up April 1. Marty Karl, a member of the group which also includes Jim Lewis, Nat Dickerson and Tom Lockhard, said the quartet decided to dissolve because of "the leaner days which have fallen upon us."

The group was formed in 1943 while its four members were in the Coast Guard. It appeared regularly on the Goffrey show until two years ago when it was fired.

stationed immediately behind the Landing Signal Officer, Ledr. Osterholm, so that they could closely observe the various signals being used and the planes approach to the landing field.

stationed immediately behind the Landing Signal Officer, Ledr. Osterholm, so that they could closely observe the various signals being used and the planes approach to the landing field.

### Baptist Choir To Give Cantata Sunday Evening

On Sunday evening at 7:30 a Cantata will be presented at the First Baptist Church. The event is titled "The Seven Last Words of Christ" by Heinrich Schubert.

The choir of the church will be assisted by a group of soloists from Stetson University and by a string ensemble from that institution.

The public is cordially invited. Those taking part are as follows: Kirby Rogers, conductor; Mrs. Marvin Milam, organist; soloists Barbara Chaney Turner, soprano; Jack H. Coldiron, baritone; Martin Stinescoper, bass; Judson Rogers, tenor; Evans McCoy, bass; and Mrs. C. A. Tucker, alto.

The string ensemble will feature Maurice Fleury, Violin I; Beth Butcher, Violin II; Mary Tom Donnell, Violin III; Jack Matthews, viola; and Ralph Russell, cello.

Chorus members are: (soprano) Mrs. Guy Bishop, Mrs. G. B. Drake, Mrs. L. P. Garner, Mrs. D. F. Helms, Miss Alene Moore, and Christine Woodruff; (altos) Mrs. C. A. Anderson, Miss Beverly Smith, Mrs. Rex Dantalar, Mrs. W. B. Pippin, Mrs. C. A. Tucker, and Miss Juanita Wynne; (tenors) Dr. C. W. Baker, W. H. Duncan, Rex Stacker, Myron F. Smith, Kenneth Slack, and W. L. Harmon; (bass) E. B. Carter, Robert Compton, P. E. McCoy, B. C. Steege, J. M. Stinescoper, and C. A. Tucker.

### Social Security Representative Will Be Here Next Week

A representative of the Social Security Administration District Office in Orlando will be at the Civic Center Bldg., Ft. Mellon Park, Sanford, on Friday, Apr. 5, Friday, Apr. 12 and Friday, Apr. 26, between the hours of 9:30 a. m. and noon.

This service is made available to those who wish to apply for Old-Age and Survivors Insurance benefits, social security account numbers, or obtain information about the Social Security program.

### Church To Hold Gospel Meeting Mar. 31-Apr. 15.

The Paola Church of Christ has announced a gospel meeting to be held at the church Mar. 31 through Apr. 15.

Services will be held each evening at 7:15. Glenn H. Tucker, evangelist, will be heard at these meetings. The public is invited.

## Krider Stresses Canal's Importance To County

### Governor, FEA Officials Unable To Reach Accord

TALLAHASSEE — Gov. LeRoy Collins and officials of the Florida Education Assn. apparently are as far apart as ever on demands of teachers for a pay raise.

The governor and FEA officials met for three hours behind the closed doors of the governor's residence late Wednesday. No agreement was reached.

The FEA maintained its demand for an \$1,100 per year raise for each teacher and Collins stuck to his stand that such a raise, which would cost about 80 million dollars in the next two years, is impossible at this time.

The governor's executive aide, Joe Grotzger, described the meeting for newsmen:

"It was a free discussion, but it was not designed to agree on any specific program and no agreement was reached," he said.

Collins agreed that some salary increase is needed for teachers but he did not mention any specific amount. The FEA representatives conceded that a large part of the responsibility for increasing teacher salaries should rest upon the individual counties.

### Ingrid Bergman, Y. Brynner Named '56 Oscar Winners

HOLLYWOOD — Ingrid Bergman, a self-made exile from the United States because of flaming headlines seven years ago, won the world's highest acting honor, the Oscar, Wednesday night as the best actress of 1956.

Yul Brynner, the bedroom-eyed matinee idol as he is known, also won an Oscar, Wednesday night as best actor for playing the arrogant, child-like ruler of Siam in "The King and I."

Veteran Anthony Quinn, who portrayed artist Paul Gauguin in "Lust for Life," was cited as best supporting actor in a surprise award. Dorothy Malone, the man-hungry rich girl of "Written on the Wind," received a gold statuette as supporting actress, and touchingly dedicated it to her 16-year-old brother, struck dead by lightning two years ago.

### Members Of Local Choirs To Sing In Hymn Festival

Members of three Sanford choirs will participate in the Central Florida Hymn Festival under the auspices of the American Guild of Organists chapter Sunday at 4 p.m. in the Orlando Municipal auditorium.

Vocalists from the First Presbyterian, the Holy Cross Episcopal and the Missionary Alliance churches here will join singers from a total of 19 Central Florida churches to form a choir of 500 under the direction of Robert Hufstader, head of the conservatory at Rollins college.

This third annual presentation of the Hymn Festival is under the chairmanship of Mrs. Edna Johnston, choir director of the Winter Park Congregational church, with Mrs. Jesse Pedrick Baker as organ accompanist.

The increasing congregation that overflowed the Orlando First Methodist church last year, with nearly as many turned away as were able to attend the popular service, compelled the sponsoring Guild to move this year's offering to the Auditorium where the hundreds wishing to hear the service might be accommodated.

Thirteen hymns will be sung during the hour of worship which is non-sectarian and to which everyone is invited.

### Correction

The announcement in The Herald last night that the Pinecrest and Southside P-TAs were meeting tonight is incorrect. There will be a meeting of the Seminole County Education Association at Pinecrest School at 4 p. m. with two very distinguished speakers scheduled for the program.

John Krider, Manager of the Seminole County Chamber of Commerce, told a Coffee Club audience this morning that "We've had 100 per cent cooperation with the resolutions in an effort to retain the Naval Air Station in Seminole County."

"Congressman A. S. 'Syd' Harlong Jr. has gone to bat for us," Krider told the large group attending this morning's Chamber of Commerce Club, and he has devoted at least 4 per cent of his time toward this effort.

"We're progressing and our situation looks good," Krider said. However, in reporting to the Coffee Club today, John Krider emphasized the importance of the Sanford-Titusville Canal project. "It's the one thing we should all battle for," he said.

Krider revealed that Judge Ernest Householder will represent the Seminole County Chamber of Commerce at the Hearing called by the Corps of Engineers in Sanford at the Mayfair Inn on April 10.

"We expect that Seminole County and the City of Sanford will also have representatives there to speak for them," he said. "The Canal will save a hundred miles between Canaveral Harbor and Jacksonville," the Chamber of Commerce Manager said, and he added "the more we develop now the more we will expand and grow."

In answer to a question as to what has been done about the Ducks and Terminals project, Krider said "It would be possible to have the canal without the Ducks and Terminals but it would not be practical."

Supporting the Seminole County Junior Chamber of Commerce in their Seminole County Navy Appreciation Day plans, Krider said "I don't know whether everyone realizes what a tremendous job the Junior Chamber has undertaken or not."

Krider said "They're doing a great job and they should be commended for their efforts."

Mayor David Gatchel, and Jaycee President G. Andrew Speer spoke briefly on the plans for staging the gigantic Navy Appreciation Day event Saturday and explained the part Chamber of Commerce members could play in making the event a complete success.

## Top News In Brief

WASHINGTON — The House Labor Committee voted today to investigate union welfare funds to prevent their "pillaging" by racketeers. The House committee's decision came as the Senate Ratifiers Committee recessed temporarily its investigation of the giant Teamsters Union.

MOSCOW — Yugoslavia practically has been thrown out of the Communist fold, informed sources said today. This became known by a series of high-level Soviet charges that Marshal Tito's nation has given help to Hungarian rebels and by frequent new denunciations of national communism.

WASHINGTON — The administration is expected to ask Congress soon for a constitutional amendment permitting a president to hand over his powers "temporarily" to the vice president upon being disabled.

## Bill To Guarantee Jury In Contempt Cases Introduced

WASHINGTON — Three southern senators have introduced a bill to guarantee the right of a jury trial in federal criminal contempt cases.

Sen. James O. Eastland D-Miss. said he also will offer the measure as an amendment to the administration's civil rights bill, now pending before the Senate Judiciary Committee.

The bill, introduced Wednesday, would permit the government to obtain injunctions to prevent civil rights violations.

Joining Eastland as sponsors of the bill were Sens. Strom Thurmond D-SC and Harry F. Byrd D-Va.

Eastland told the Senate that federal judges should be denied the power to hand out "arbitrary jail sentences . . . in contempt cases arising from alleged violations of the court's own injunctions."

Sen. James O. Eastland D-Miss. said he also will offer the measure as an amendment to the administration's civil rights bill, now pending before the Senate Judiciary Committee.

The bill, introduced Wednesday, would permit the government to obtain injunctions to prevent civil rights violations.

## Dignitaries To Attend Navy Appreciation Day

### Residents Urged To Come

"We're all ready to feed the big crowd attending the Seminole County Navy Appreciation Day festivities Saturday," said Co-Chairmen Harry Cannel and Garfield Willets today as the last of the final plans for the celebration that will draw more than 5,000 people were made.

Rear Admiral Carl J. Pfingstag, the Assistant Chief of the Bureau of Aeronautics, Washington, D. C. will arrive in Sanford Saturday morning to personally represent the Secretary of the Navy. It was learned yesterday afternoon.

Mayor David Gatchel, an active member of the Seminole County Junior Chamber of Commerce, and chairman of the Invitations Committee, said that the list of dignitaries is growing and a representative group of high Navy officials as well as out-of-town guests will be in Sanford Saturday to attend the nearly all day event.

Jaycee President G. Andrew Speer said this morning that "It looks as if the Seminole County Navy Appreciation Day will be a wonderful success." He explained that "We've had the cooperation of everybody."

First of the scheduled events will get underway Saturday at noon when the local officials and Jaycee groups honor the visiting dignitaries at a luncheon at the Mayfair Inn.

General Educational Development Tests for a High School equivalency Diploma will be given in the School Administration Building on Commercial Ave. during the week of Apr. 7 beginning at 9 a.m.

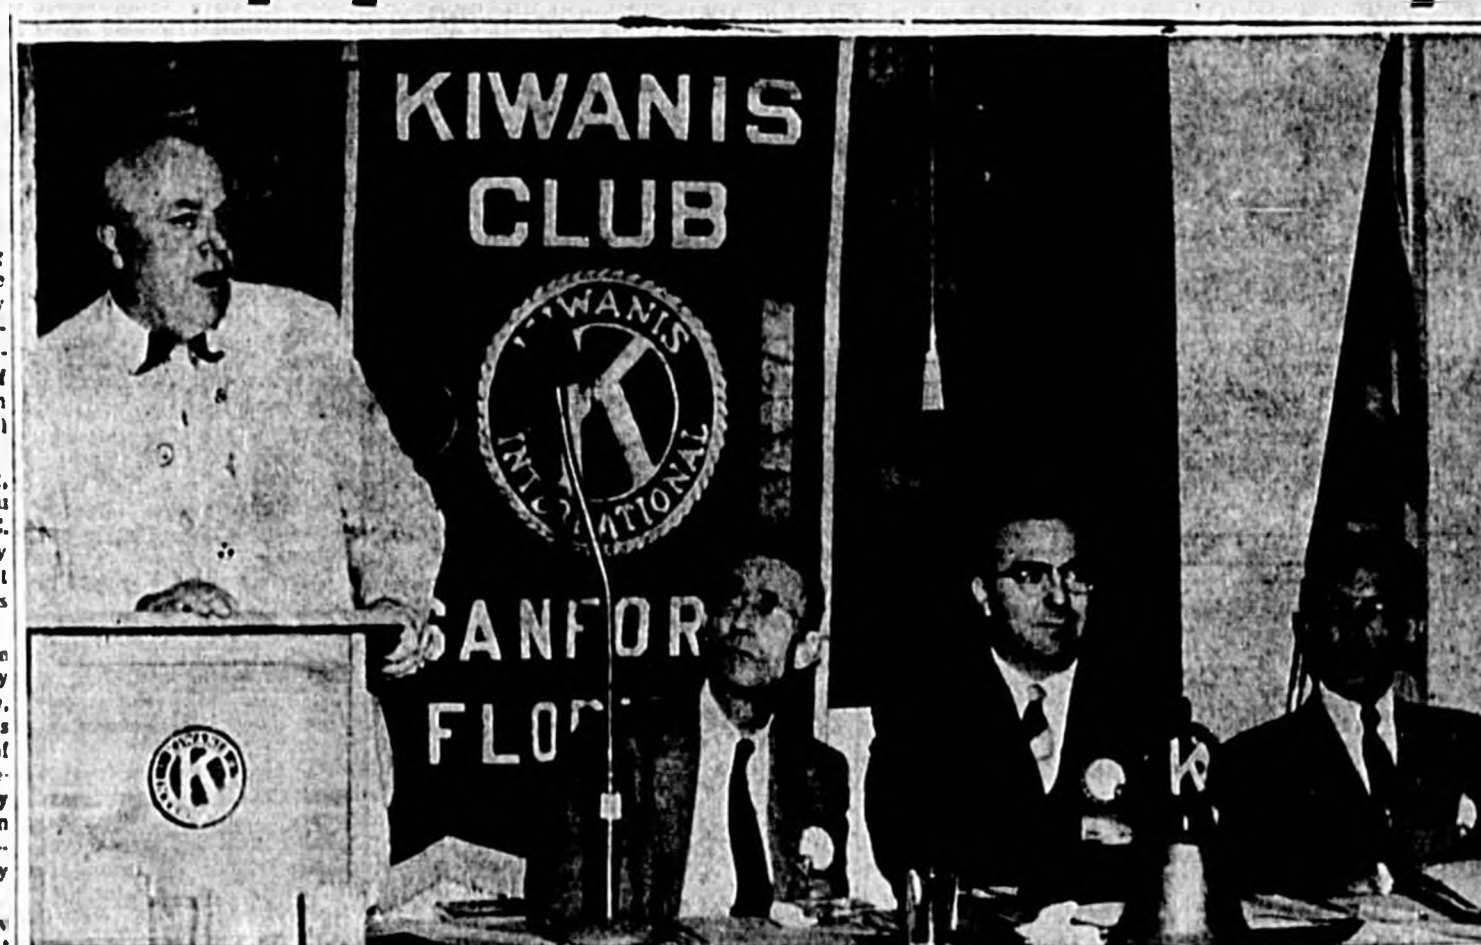

Applicants for these tests must be a resident of the State of Florida and at least 20 years of age. In addition, applicant's must also pass a preliminary test on American history and government before being allowed to take the regular battery of five tests. The G.E.D. Tests are in the areas of literature, social studies, mathematics, English and the natural sciences.

Any adult who can meet the requirements for taking these tests and who is interested in further information may contact Fred C. Murray, director of the Seminole County Testing Center. His office is located in the School Administration Building on Commercial Ave. and the phone number is FA2-4165.

## Club To Hear Talk On 'Small Boat Safety'

The Sanford Boat and Ski Club will hear a talk on "Small Boat Safety" at its meeting to be held tonight in the Civic Center Building in Fort Mellon park beginning at 8 o'clock.

Ron Taylor, a member of the sports group, said this morning that Mrs. F. D. Scott, as a representative of the Red Cross will speak to the Boat and Ski Club organization.

BASEBALL WAS THE SUBJECT OF W. D. "Roxy" Ryan's talk before the Sanford Kiwanis Club yesterday at the Yacht Club. At the head table and looking on as Ryan spoke were Tom Vaughn, program chairman, Ed Shinholzer, Kiwanis Club president, and Ralph Smith, club secretary. (Staff Photo)

## Shah Calls All-Out Search For Wife Of U. S. Official

TEHRAN, Iran — The Shah of Iran personally ordered full mobilization of police facilities today to rescue the kidnapped wife of an American official whose husband and another American were killed.

Bandits from the wastelands of Beluchistan Wednesday attacked the Americans near Iranshahr. They killed Kevin Carroll of Issaquah, Wash., and A. Wilson Brewer of Portland, Ore., and kidnaped Carroll's wife Anita.

The Shah, who has visited the United States several times, took personal interest in the case and issued orders for police to "do everything possible" to find the ambush slayers of the American Point Four officials.

## Weather

Fair today and tonight with increasing cloudiness Friday; low tonight 51 to 60.

## Suez To Be Re-Opened 'Around April 10'

By United Press Staff Correspondent  
U. N. Secretary General Dag Hammarskjold returned to New York early today with Egypt's answer to the future of the Suez Canal and the U. N. Emergency Force in the Middle East.

## Budget-Cutters Still Swinging Economy Axe

WASHINGTON — House economists vowed to continue swinging their economy axe today despite a presidential blast against piecemeal budget cuts.

At the same time the Senate's economy drive collided with a \$1.5 billion public works bill carrying many senators' pet projects.

Mr. Eisenhower told a news conference Wednesday that if Congress really wants to cut the budget it could start with "the great number" of public works projects authorized for "political purposes." He called piecemeal budget cuts "fatuous" and the most foolish kind of economy.

## Henson, Coleman Will Go To Scout Jamboree

Scouts and scouters of Troop No. 214, Boy Scouts of America, were honored last night at a Troop Court of Honor held at the National Guard Armory. Over 100 friends and parents of the Troop attended to see the presentations.

Explorer Jerry Henson and Scout Don Coleman were announced as the winners of the Troop contest to attend the Fourth National Jamboree to be staged at Valley Forge, Pa. July 12-19. Roy Green, Explorer Ruler of the Sanford Elks Club, sponsoring body of the Troop made the awards. Scout Tommy Fay was announced as alternate to attend the National Jamboree and should he not go he will receive a week at Camp Lanochee in Central Florida.

Many other Scouts were honored with advancement in Scout rank. Those advancing in the rank of second class were Mike Caolo, Tommy McLain, and Harry Nelson. Receiving merit badges were Don Coleman, Donald McDaniel in pioneering; Jerry Henson in scholarship; Donald McDaniel in home repairs and scholarship; and Ronald McDaniel in citizenship in

## Base To Reduce Civil Service Personnel Number

Civil Service personnel at the Sanford Naval Air Station, yesterday received letters from the stations Commanding Officer, Capt. Robert W. Jackson explaining the impending cut back in the near future.

"We are not the only station which has this economy problem this year, and I feel that our reduction is equal and not greater, relatively, than similar reductions throughout the naval aeronautical establishment," said Captain Jackson in his letter delivered following the close of yesterday's work day.

"Funds are not sufficient to allow for all of the salaries of civil service personnel through the remainder of the year," he explained.

Captain Jackson outlined in his letter the relatively small reduction in civil service personnel when he explained that the civil service population at the Sanford Naval Air Station would be reduced by 44 employees. However, he said, five employees have resigned and have been dropped from the rolls and four have already submitted their voluntary notices of resignation.

"As to the future," said Captain Jackson, "as far as we know, our personnel calling remains the same."

He also said that "we have also been assured in Washington, within the last two days that station operating funds for next year may be slightly greater than those received this year."

In assuring the civil service personnel of future plans, Captain Jackson added "If this is so, it means that as of the 1st of July, we will probably be able to rehire personnel in some numbers to fill vacancies."

## Legislators Favor Building More Junior Colleges

TALLAHASSEE — The proposed new state university near Tampa may not be built within the coming two years. A United Press survey indicated today that legislators are more in favor of constructing additional junior colleges than the four-year university if a revenue shortage forces a choice.

And financial demands from teachers and various state agencies indicated the money which the Legislature will have to work with may be quite "tight."

However, some legislators felt they might be able to approve both the four-year college and the junior colleges although it would likely mean a small increase in taxes. Gov. LeRoy Collins also said he would see no reason why the Legislature might have to make a choice.

CONGRATULATIONS FELLOWS! ROY D. GREEN, Exalted Ruler of the Sanford Elks Lodge congratulates Jerry Henson and Donald Coleman when they were chosen to attend the National Boy Scout Jamboree in Valley Forge, Pa. this summer. They were chosen from a group of Scouts who wrote 250 word essays on "What Scouting Means To Me." Both boys are members of Troop 214. John Keeling is Scoutmaster of the group. (Photo by Bagstrom)
