The carton gave The official Tass news agency way, covering the embarrass-ed Batey in milk and splash-ing the liquid around the The Russians appeared to be playing the role of good losers.

Shot Gun Blast Delights Seminole Home Owners!

GOOD LOSERS

Another boon of the space age has been accomplished for the home owner... an exterior wall coating so tough and durable that it is guaranteed to totally eliminate exterior house painting for many years. This remarkable textured coating in asbestos KENITEX, is featured in LIFE Magazine.

The Atomic Energy Commission has used KENITEX tex-tured coating for several years. The Atomic Energy Commission has used KENITEX textured coating for several years at Los Alamos, New Mexico, atomic plant. Thousands of gallons of this remarkable exterior surfacing have been applied to provide weatherproofing and beauty, far out-lasting ordinary paint.

Over 800,000 KENITEX applications on homes, commercial and industrial buildings throughout the world, 5,000 in Southern California alone, remain in perfect condition after more than 10 years in all weather extremes.

The Veterans Administration Hospital, in Coral Gables, has applied KENITEX to the exteriors of their buildings. The Kenitex coating is applied in one quick spray application without muss, fuss, or edorate at thickness if times that of ordinary paint, it fills holes, cracks and hides building defects, yet does not conceal the original architectural lines.

BOMES AND GUIDED

Unique among KENITEX
applications is the use on guidTions, INC. P. O. Bay 1265.
