LEWIS AND MINE WORKERS FOUND GUILTY

Entire City Is Bottled Up By General Strike

Transportation System In Oakland Is Tied Up As Operators Stay Off Jobs

OAKLAND, Calif., Dec. 3.—(AP)—A general strike went into effect in Oakland this morning at 8 A. M., Eastern Time and its impact was immediately apparent. Commuter trains stopped running—trains that normally carry 120,000 Oakland people across the bay to their jobs in San Francisco, Trolley cars in Oakland remained in their barns. And an immediate tie-up of transportation and industry for one million East Bay residents was threatened.

The general strike was called by the A. F. of L. It resulted from strikes at two department stores, where the A. F. of L. retail clerks union is seeking contracts. All unions belonging to the A. F. of L. are taking part in the general strike, and other unions, including the CIO, are respecting picket lines.

Pickets were on this morning at factories, stores, newspaper plants, restaurants and even at bars in Oakland. Alarmed city officials made hurried plans for a disaster relief program, and talked about getting citizens to volunteer to bring in food and other necessities of living.

Crash Of French Transport Plane Kills 12 Persons

DELOFT, France, Dec. 3.—(AP)—Twelve bodies have been recovered from the charred wreckage of a plane that crashed in the eastern slope of the Ballon D'Alsace peak in the Vosges mountains yesterday.

French authorities say the plane is believed to have been a military transport on a flight from Germany.

The wreckage was burned so badly that the searching party was unable to make positive identification of it. Neither could they identify any of the victims.

The crash is believed to have occurred when the plane was caught in a storm while flying over the mountains.

The accident was reported by a motorcyclist riding along a mountain road through the storm. He saw flames and located the wreckage at the edge of a chasm.

Members of the party that brought out the first of four bodies and a child's shoe, women's clothing and German occupation money was found strewn about the wreckage.

Labor Meets New Strength In Focus

ATLANTA, Dec. 3, (AP)—Southern Labor leaders said today that employer resistance to organization of workers is stiffening. Both George L. Goetz of the American Federation of Labor and Van A. Blinn of the Congress of Industrial Organization said that employers are less open to union organizers.

Goetz blamed the increased opposition in part on lawyers. He said that there is no field for lawyers in collective bargaining. The A. F. of L. leader explained that certain lawyers, formerly employed by the government, had opened law firms and were instructing employers on how to wriggle through loopholes.

Speaking to 42 union representatives from 14 states, all members of the A. F. of L. Southern Policy Board, Goetz said that during the past year southern membership rose to 2,000,000.

V.V.W.'s Sponsor Sale

The Veterans of Foreign Wars will sponsor the sale of Christmas seals at the hotel at the Post Office starting on Dec. 10.

They believe in the worth of the Tuberculosis Association and are glad for opportunity of putting their faith into tangible evidence by purchasing so worthy a cause.

John Sault, chairman of the V.V.W. seal sale committee of the V.V.W.

Getting In Some Skull Practice

IN THE OFFICE of the Civil Property Custodian in Tokyo, this trio bones up on the Nanking skull of Home Solensis, which is said to be more than 300,000 years old. Found in Solo, Java, and taken by the Japs during the war, the famed skull, along with others, will be returned to the Netherlands. Left to right are: Brig. Gen. P. K. Tansey, chief of the property custodian's office; Mr. J. R. Van Oordt and anthropologist Dr. A. M. Haldern. U. S. Army Signal Corps photo. (International)

Farmers Market Expects Bigger Produce Demand

The current cold wave sweeping the northern states and middle Atlantic seaboard is expected to stimulate demand for Florida citrus fruit and vegetables and to keep up sales at the Sanford State Farmers Market, said manager H. J. Lehman. Northern states have had a surplus of home grown vegetables which cold weather may reduce.

Locally, celery growers have been hoping for rain and cooler weather such as the present windy, cold snap. Unseasonably warm dry weather throughout November has reduced quality of celery considerably, according to growers.

First shipments of A. Duda's Zellwood grown celery, and described as fair in quality, have been selling at \$3.00 a crate in the market. Cabbage is still in ample supply and selling for 90 cents to \$1.00 a sack. Green peas are bringing \$3.00 to \$3.25; eggplant, \$2.50; fancy cucumbers, \$6.00 a hamper.

Holiday demand for citrus is fairly good with oranges priced at \$2.50 a crate. Some of the fruit arriving at plants looks pretty green prior to adding color, but the color is expected to add to its natural appearance. Packing is brisk at the Sanford Fruit Company and at nearby fruit companies. Patrick Fruit Co. has a belt conveyor working up to the new freight car loading platform.

Mr. Lehman yesterday contrasted the business activity in the market area at present with that of 12 years ago, when the property on which the market now stands was sold for taxes. Now it is rumored that a small filling station and area at the corner of French Avenue and Thirteenth Street has sold for something like \$15,000.

The metal Quonset Truck Shop, owned by Harry Tooke, and managed by H. B. Odham, is now starting operations and repairs of trucks and cars. Some new equipment, including a grease lift, is still expected. The roundtop structure with its metal siding and bracing and cement floor measures 45 by 120 feet.

Gift products, including tires and accessories will be sold there. It faces French Avenue and is near T. B. Sale committee of the V.V.W.

Lake Mary Road Being Improved By County Men

County Commissioners were today advised by County Engineer M. C. Hagan that the dirt road between the Paola Road and Lake Mary and parallel for a long distance to the Atlantic Coast Line railroad is being graded by County workmen, and that a clay surface will be applied.

County Commissioner James McClelland attested to the bad condition of the road at present, with ruts so deep as to make motoring on it nearly impossible.

The Commission approved the request of J. C. Pearson, Lake Mary resident, to grade a right-of-way on the half mile stretch of road running west along the north shore of Crystal Lake. There are about five residences served by the old, single rutted road and it is impossible for cars to pass each other, he declared. Mr. Pearson is planning to develop a camp for tourists who wish to remain throughout the winter season on the shore of the lake, but said he was deterred from building cottages because he was unable to secure priorities.

Engineer Hagan reported that the Cassidy ditch, running south from a point near the County Farm to Lake Jessup, had been dug by the State. Convict labor, using picks and shovels, did the job. The ditch runs about three-eighths of a mile south of Elder Springs and will help in drain farms in that vicinity. Work is ready to be started on repaving and widening the two and a quarter mile stretch of Orange Boulevard which connects Road 48 and Monroe, he announced. The road will be widened from nine to 12 feet and will have a sand seal surface.

A. A. Jans and R. L. House requested that a road be run to their property near Lake Harney. Commissioner H. B. Pope protested against the County going to the expense of building roads into private subdivisions. Action is pending on the request of the property owners.

Dr. Frank Quillman, health unit director, appeared before the Commission and asked if there was some way of making it necessary to obtain permits for building.

Leaders Meet In London On India Problem

Harmony Sought Between Hostile Factions In India To Prevent Civil War

LONDON, Dec. 3, (AP)—Indian and British leaders today hurriedly sought a basis for harmony among Indian political factions. An agreement is sought before the first meeting of the constituent assembly in New Delhi on Dec. 9. Viceroy Lord Wavell plunged immediately into the conference with British government heads after his two-day plane trip from Karachi. The leaders of India's rival Hindu and Moslem groups will join the discussions and consider British proposals at various times this afternoon.

An India office spokesman frankly conceded that the talks are "rather high-sounding" because of the failure to settle the differences between the Hindus, the Moslems, and the Sikhs might be followed by civil war in India. The British government has only a few days in which to work out plans for the desired pathway of peace to India's independence. One of the two leaders, Pandit Nehru of the All India Congress Party, was promised return passage to New Delhi by the weekend in return for his agreement to make trip.

The key to peace may lie in a scheduled talk tomorrow between Prime Minister Clement Attlee and Mohamed Ali Jinnah of the Moslem League. Jinnah, 57, has kept open the breach between the Moslems and the Hindus by refusing to join the constituent assembly.

Rotary Entertains Wives At Barbecue

Members of the Rotary Club entertained the Rotary wives last night at the barbecue pits of the Fifty Associates with a barbecue supper prepared under the skillful hands of G. E. Hathaway, president of A. S. Speer and Executive chairman of the Rotary Special events committee, had charge of the affair.

Among those present were the following: Mr. and Mrs. G. A. Speer, Vivian Speer, Dr. and Mrs. A. W. Epps, Sr., Dr. and Mrs. A. W. Epps, Jr., Mr. and Mrs. Charles Kibback, Mr. and Mrs. J. L. Williams, Mr. and Mrs. F. L. Hollis, Mr. and Mrs. Jack Gore, Dr. C. W. Baker, Mr. and Mrs. Andrew Carraway, Mrs. Jodel Cameron, Mr. and Mrs. E. B. Stowe, Mr. and Mrs. Charles Voshop, Mr. and Mrs. Gordon Brisson, Major and Mrs. M. J. Meek, Mr. and Mrs. Earl Turner, Mr. and Mrs. Roy Haller, Mr. and Mrs. F. L. Roumillat, Sr., Mrs. L. L. Dean, Dr. and Mrs. Orville Barks, Mr. and Mrs. George Stine, Mr. and Mrs. Paul Stine, Mr. and Mrs. Andrew Stine, Mr. and Mrs. Adeline Huddell, Mr. and Mrs. C. L. Redding, Mr. and Mrs. W. A. Leffer, Mr. and Mrs. H. H. Coleman, Mr. and Mrs. Len Lesler, Mr. and Mrs. Robert True, Jr., and Mrs. C. L. Park, Mr. and Mrs. Edward Higgins, Sr., Mr. and Mrs. Hubert Pearce, Mr. and Mrs. Roy Green, Mr. and Mrs. Dick Aiken, Roy Wright, Miss Margaret Wright, Mr. and Mrs. George Touhy, Mr. and Mrs. Orville Touchton, Mr. and Mrs. James Higgins, Mr. and Mrs. F. D. Scott, Mr. and Mrs. G. W. Spencer, Mr. and Mrs. H. B. Pope, Mr. and Mrs. Harry Kudell, Mr. and Mrs. Jack Italligan and W. N. Haynes.

Railroad Men Chip In To Restore Sight Of Little Girl In Time For Christmas

SAN FRANCISCO, Dec. 3, (AP)—The eyes of two-year-old Mary Marlene Green of Greenfield, Calif., will light up this holiday season when she sees her Christmas tree. For it will be Mary's first glimpse of anything so pretty as a Christmas tree.

In fact, today is the first day that the youngster is seeing anything. Mary Marlene's story starts about one month ago at a depot on the Southern Pacific Railroad. A telegrapher, Ernest Hiehle, gave the little girl a puppy but noted that Mary Marlene had to grope to find it.

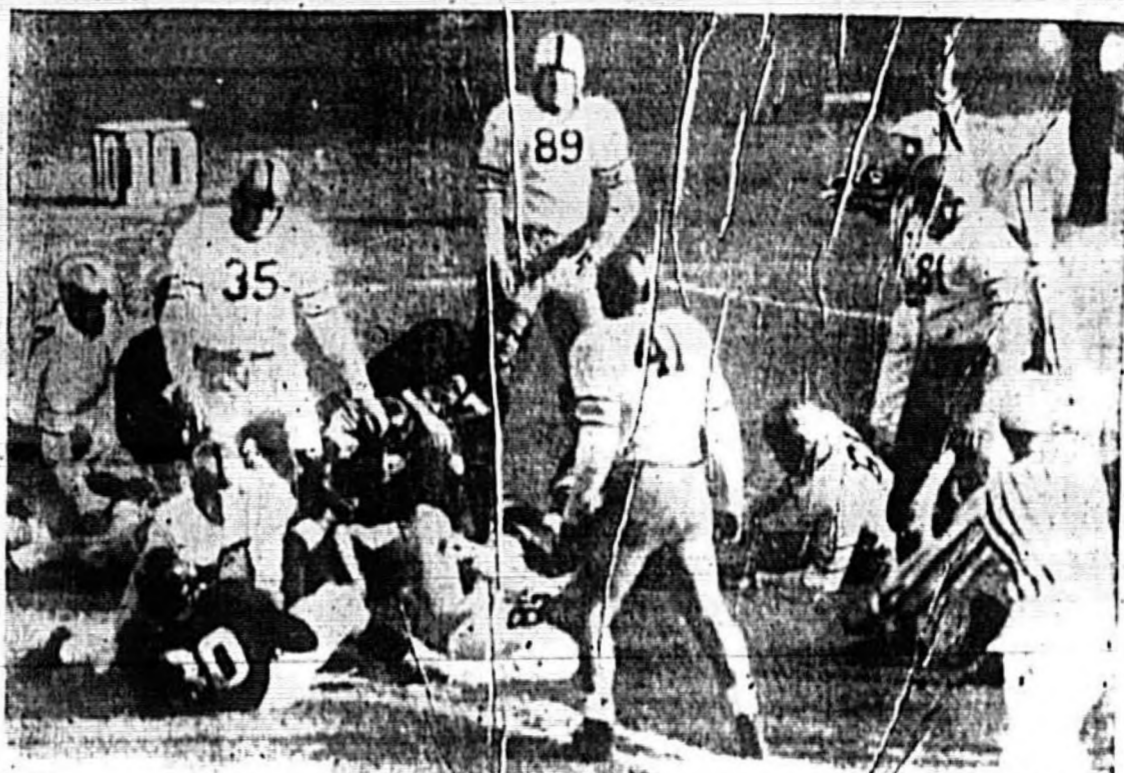

Fearfully, her mother explained that the youngster had been blind from birth. The telegrapher nodded sympathetically, and then he went to work on fellow Southern Pacific employees.

When he had finished, enough money had been collected to send Mary Marlene to Stanford Hospital, where a successful operation restored the child's sight. Says her mother:

"I don't even know the names of all the men who made this miracle possible. But Mary Marlene will go to see them later. And this time, she'll really see."

It's wonderful Christmas present for little Mary Marlene, but her joy is no greater than that of her two parents and the railroad men who pitched in to give her the precious gift of sight.

When Navy Sailed Into Army For Football Upset

PUTTING UP A NEVER-SAY-DIE battle with the much-couted Army team, a fighting Navy team upset all advance "dope" on the outcome—and would have tied the 21-14 score at Philadelphia's Municipal Stadium had goals been kicked at the end of the third, fourth and fifth halves. Navy goes over Army's goal for the second score. Navy was just a few yards away from a winning score when the clock ticked the game's end. In picture can be seen Davis (41) and Blumhard (20)—Army's ace players.

Three Are Killed In Bandit Fight In Jerusalem

Masked Robbers Try To Escape With Big Sum Of Relief Cash

JERUSALEM, Dec. 3, (AP)—A policeman, a robber, and a bandit were shot last night in a gun battle between masked bandits and a British patrol at Tel Aviv. The masked robbers were attempting to flee with a suitcase containing several thousand pounds in relief money when they were shot. The police officer was killed.

Blow to the no-concerns from the Polish refugee committee, which had just been held up, and British police near the scene had the gun fired. Jewish and British police near the scene had the gun fired. Jewish and British police near the scene had the gun fired.

Yesterday's death toll by violence in Palestine meantime has mounted to five. Another British soldier died from injuries received when his jeep was blown up by a mob south of Haifa. Four other British soldiers had been killed earlier when their jeep touched off a road mine west of Jerusalem in the latter instance, the mine was loaded with rivets.

Funeral Rites For Mr. Newell Tomorrow

Funeral services for John William Newell will be conducted at St. James Catholic Church in Orlando at 10 A. M. Wednesday with Father Joseph Barry officiating. The Erickson Funeral Home is in charge of the arrangements and interment will be in Greenwood Cemetery, Orlando.

ARMY AT MINIMUM

HONOLULU, Dec. 3, (AP)—The Deputy Chief of Staff of the Army today revealed that one-half of all the Army now is overseas. General Thomas Handy said there is no plan that he knows of to reduce the size of the present American occupation forces in Germany and Japan. Handy says these troops now have reached their minimum level. Handy is in Honolulu after an inspection trip of the Army's Pacific and Far Eastern installations.

Elks Club Plans Annual Christmas Tree For Children

A Merry Christmas for aging and infirm children of Sanford and vicinity is the aim of Sanford Elks No. 1241 of the Brotherhood and Protective Order of Elks. Plans for a Christmas tree for the less fortunate children of the town will be held by the Elks club on Tuesday, Dec. 10, at 7 P. M. at the Elks club.

Invitations announcing the date, time and place will be sent out soon. Santa has already been contacted and has promised to be on hand to present gifts to the children.

A special Christmas concert will be held at the Elks club on Tuesday, Dec. 10, at 7 P. M. The concert will be given by the Elks club and will feature a variety of songs and instrumental music.

Seamen Believed Lost When Barge Sinks In Storm

BOSTON, Dec. 3, (AP)—Two seamen were believed today to have lost their lives in a bitter cold northwest gale that sank a coal barge off the coast of Massachusetts yesterday.

The barge, the "Windsor," was carrying 18,000 tons of coal. The barge was seen to sink in a heavy sea. The two seamen were believed to have been on the barge when it sank.

18,000 Tons Of Coal Also Go Down In Massachusetts Bay

The "Windsor" was carrying 18,000 tons of coal. The barge was seen to sink in a heavy sea. The two seamen were believed to have been on the barge when it sank.

Governors To Study Federal Relations

MIAMI BEACH, Dec. 3, (AP)—The study of federal-state relations will be an important carry-over next year for the governors' conference in Utah. Governor Caldwell indicated today following discussion of the federal aid system by governors yesterday.

Caldwell predicts that a complete study will be made of the program and a report will most likely be forthcoming at the conference next year.

Football Game

The Sanford High School football team will meet Fletcher High in a post-season game at Jacksonville Beach field Saturday night. Arrangements are being made to charter a bus to take Sanford fans to the game. Those who are interested in taking the trip can make reservations by contacting Postmaster Joel Field by tomorrow afternoon, since there are but 20 seats remaining.

JAPAN ACCUSED

TOKYO, Dec. 3, (AP)—Japan was accused today before the International War Crimes Tribunal in Tokyo of inciting the postwar Indonesian rebellion against the Dutch people. A Netherlands prosecutor says he will produce evidence to show that Japan's conspiracy against the potentially rich Dutch East Indies had not halted with the surrender.

Niemoeller Arrives

NEW YORK CITY, (AP)—The Reverend Martin Niemoeller, German submarine commander in World War I, who later spent eight years in concentration camps because he preached against the Nazis, arrived in New York by plane, accompanied by Mrs. Niemoeller. He will address a meeting of the Federal Council of Churches of Christ in Seattle.

Labor Chieftain Denounces Practice Of Government By Use Of Injunction

WASHINGTON, Dec. 3, (AP)—The verdict is guilty—guilty of contempt of court against John L. Lewis and his United Mine Workers Union. Sentence has been deferred until tomorrow. That's the decision of Federal Judge T. Alan Goldborough.

It was handed down less than half an hour after both Lewis and the government had rested their cases in the historic trial arising from the coal strike. Lewis had rested his defense without offering a single word of rebuttal to the contempt charges. But as soon as the court announced the guilty verdict, the UMW chief asked for and obtained permission to make a statement.

It was the first public pronouncement by the UMW labor leader since he was arrested before the strike. Lewis said he would appeal the verdict.

Fight Breaks Out In North Part Of Greece

U. S. Warships Said Leaving For Greece; Iranian Groups Are Reported Fighting

By Associated Press
Dispatches filtering into Athens today told of outbreaks of fighting in the Peloponnese and the interior of Greece. Responsible spokesmen said that the battling was started by the Communists to divert attention from the northern border violence on which Greece is protesting to the United Nations.

Meanwhile, Greek Premier Constantine Tsaldaris left Paris on another leg of his trip to New York where he will register his protest with the UN.

A dispatch published in Moscow newspapers said that the British are trying to get the Americans to send at least a small contingent of United States troops to Greece.

According to this Russian dispatch filed from the Turkish capital at Ankara, American troops in Greece would ease the British position in that southernmost Balkan nation.

A flotilla of nine United States warships sailed today from the Lebanese capital of Beyrouth for the Greek port of Piraeus. The goodwill visit in Beyrouth lasted three days.

The British radio announced that fighting is said to have broken out between Iranian government troops and so-called home rule forces in Azerbaijan province.

The British broadcast quoted the Tabriz radio in Azerbaijan as saying that government troops attacked and that the fighting has been going on since this morning.

Later the Tabriz radio is said to have issued an appeal to what it called all freedom loving people in Iran to take up arms. But there has been nothing from the Iranian government, said the BBC, to confirm these rumors.

Christmas Party Is Discussed By American Legion

Membership in the American Legion of five veterans, one of them an Army nurse, was approved at the meeting of Camp 1085 on Monday evening. Those approved were Miss Grace Harris-Cole, who served as a nurse in World War I, James Charles Peacock, James A. Wright, Carlton A. Noyes and James W. Johnson according to Joel S. Field, post adjutant.

Plans for a Christmas gift party in connection with the meeting of Dec. 16, were discussed, and it was requested that each member bring a toy which is to be given by Santa Claus to underprivileged children at the Elks Christmas Tree party.

The matter of securing gifts for veterans in hospitals was referred to the Legion Auxiliary. John Sauls reported that most of the money expended by the local chapter of the Red Cross had been to assist veterans during the week. The post agreed to all possible assistance to the chapter during its drive for funds next Spring.

The post agreed to attend Salvation Army rallies in front of the Post Office on Tuesday, Dec. 24. Members advised to contact Chester Miller for details. Attendance at the meeting was reported to have been small due to the windy, rainy weather.

SENTENCE COMMUTED

HERFORD, Germany, Dec. 4. (AP)—British army headquarters announced today that the death sentence pronounced Aug. 2 on General Nikolaus von Falkenhorst, commander of the German occupation in Norway, has been commuted to 20 years imprisonment. A British and Norwegian court convicted the 61-year-old general of complicity in murder cases in Norway.

17 SHOPPING DAYS LEFT

Refugees Resist Haifa Transfer

SCENES OF RIOTING and disorder were staged in Haifa Harbor, when 3500 Jewish immigrants resisted British transfer from the steamer Lochita to troopships that had been sent to take them to the Island of Cyprus. At top, a British soldier carries a young refugee from the ship as others glare at him. Below, stretcher cases are removed from the Lochita as an angry crowd mills around. Immigrants hurled cans of food at British officials who, after their landing and tear gas grenades were tossed aboard the refugee vessel. (Illustration by...)

Ed Lane Traces Baker Is Elected Longwood Mayor

Sanford Kiwanis At Polls Tuesday

Sanford Kiwanis has been an outstanding club since it was first organized on Dec. 5, 1921. Edward F. Lane, charter member and one of the organizers of the club, today told members as they celebrated the 25th anniversary of the club. A big birthday cake, including "Deep in My Heart," "Mosquitos" and "Kentucky Babe," Nollie Trapp sang, "Dusty Road" and "A Little Bit of Heaven," and Huston Babcock sang, "Without a Song" and "Old Lang Syne," the latter song dedicated to the club.

A double quartette from Seminole High School, with Miss Ollie Reese Whittle accompanying, sang a number of selections including "Deep in My Heart," "Mosquitos" and "Kentucky Babe." Nollie Trapp sang, "Dusty Road" and "A Little Bit of Heaven," and Huston Babcock sang, "Without a Song" and "Old Lang Syne," the latter song dedicated to the club. Lane pointed out that of the present club members, himself included, only three charter members remain and called on General J. C. Hutchison to stand. T. W. Lawton, another charter member, was not present due to illness.

Secretary Ralph A. Smith read telegrams from Kiwanis International President J. Emerson and O. E. Peterson, secretary, congratulating the club on its 25th birthday.

Reviewing the formation and past achievements of the club, Mr. Lane declared that no man ever worked harder than the late A. P. Connelly, its first president, in forming it in 1925. The club with Luther Doss as president, won an achievement award in the Florida district, he recalled.

He told of Kiwanis aid to all and underprivileged children, of the building of a boys' camp, organization of the Key Club and other achievements. The district lieutenant governor pointed out that he was the first district lieutenant governor (1927) and called upon W. B. Zachry (1936) and Julius Dingfelder (1940) to rise as other past district lieutenant governors.

Members of the double quartette were Huston Babcock, Spencer Harden, Nollie Trapp, Harold Kastner, Jan Jenkinson, Clarence Grantham, Bobby Pullen and Leland Rudd.

Herman E. Morris pointed out that Sanford Kiwanis had sponsored the oldest boy scout troop in the county.

Guests were William Williams of the Farmers State Market and Louis Reynolds of the Key Club.

CONDITION CRITICAL

NEW YORK, Dec. 4. (AP)—Attendants at St. Clare Hospital this morning described the condition of fight promoter Mike Jacobs as "unchanged—still critical at 6:45 A. M." today. Jacobs suffered a cerebral hemorrhage yesterday. The boxing promoter's personal physician, Dr. Nardello, remained at the hospital throughout the night.

Strike Effects Paralyze Nation; U.M.W. Fined \$3,500,000; Lewis \$10,000

Unemployment Growing Toward 2,000,000 Freight Embargo Is In Effect Friday

By ASSOCIATED PRESS
The coal strike is tightening its stranglehold on the economic life of the nation, and its grip is being felt in vital industries—automobiles, railroads, construction and steel. In addition to the 400,000 soft coal miners, more than 165,000 persons are idle, and by Friday the number may be over 2,000,000.

A freight embargo will go into effect at 12:01 A. M. Friday, and at the same time the automobile industry will come to a virtual halt. The Ford Motor Company predicted a complete shutdown within a few days after the freight embargo is imposed, and General Motors' L. C. Gray said that there was no use operating without ship port facilities for materials and finished products. The Chicago Association of Commerce claimed that the freight embargo would result in the gradual closing of more than 10,000 industrial plants in the Chicago area.

The city of Hamilton, Ohio, is the first "stranded" community in that state to scrape the bottom of its coal pile. As a result, Hamilton faces a blackout of its street lights at midnight tonight. Governor Frank Lausche stated that the emergency of similar action in other Ohio communities. Lausche promised Hamilton officials the help of a State Guard company to protect the 70,000 residents of the city and their property.

Denver, Colo., also is feeling the pinch of the coal shortage, and only the mild weather has prevented coal shuffling. Denver's retail yards are bare, many business buildings, and hospitals and other institutions are virtually out of fuel. To meet the crisis, Governor John Vivian has empowered an emergency committee to set 50,000 tons of coal to Denver from a mine in northern Colorado. The committee already has set up a rationing plan, but it also depends on whether the coal can be secured. Vivian declared that he was considering drafting the militia into the state militia to dig for the coal, but that he has the power to do so. The governor called upon community officials to make plans to feed and house citizens in public buildings should a coal wave drive them from their homes.

A nation-wide embargo on railroad freight shipments, except for vital needs, has been proclaimed by the government in Washington. Parcel post packages are to be limited to five pounds at the height of the Christmas mailing season. In addition, passenger mileage on coal burning trains has been slashed 25 percent more.

The freight embargo and curbs on Parcel Post become effective at one minute after midnight on Friday morning. The cut in railroad mileage takes effect at 11:59 P. M. on Sunday and brings the mileage down to 50 percent of the pre-strike level. A 25 percent reduction already is in effect. These drastic measures were taken to conserve fuel in view of the coal strike. Apparently, the government has little hope of a solution in the near future.

Stores To Compete For Three Prizes

Prize of \$15, first prize, \$10, second prize and \$5.00 third prize are being offered by the Sanford Merchants Association for the best decorated windows in stores next week, according to George Austin, committee chairman. The contest runs Monday through Saturday.

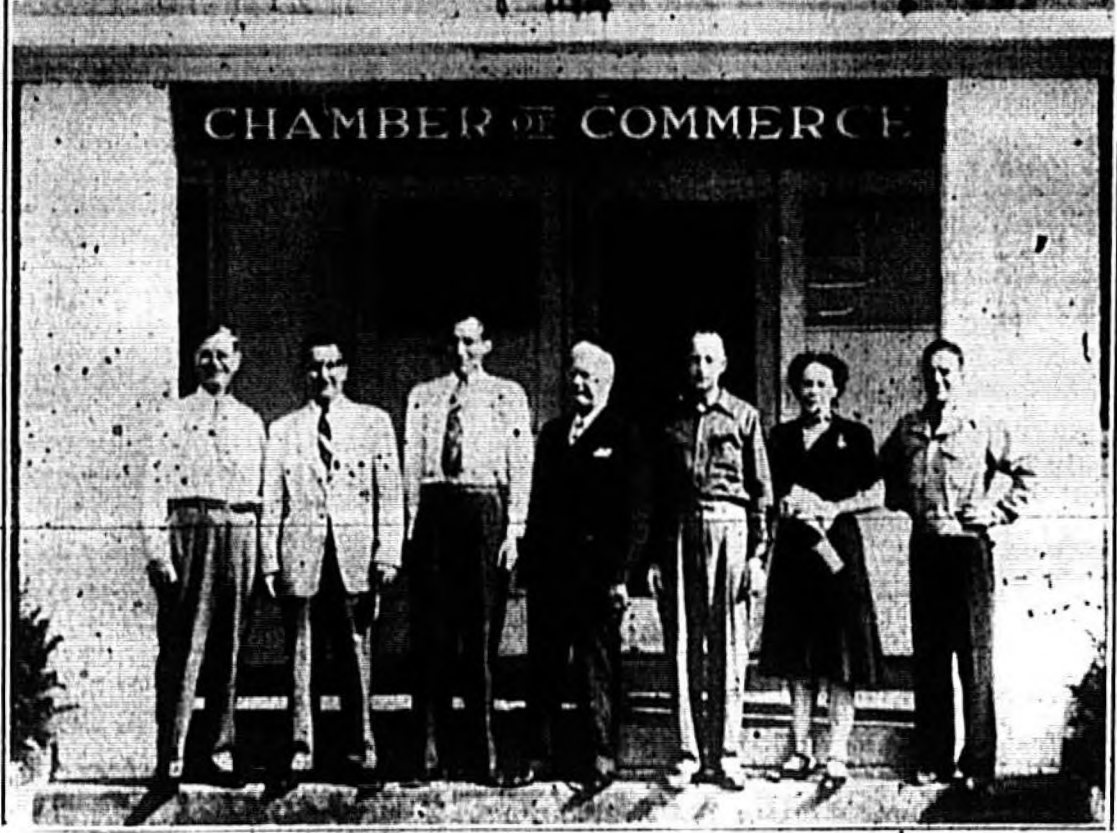

Mr. Austin suggested that prize winning stores present the awards to those who do the trimming and decorating. Wives of presidents of three civic organizations as judges will make the awards. They are: Mrs. Henry White (Lions), Mrs. J. W. Hall (Kiwanis) and Mrs. G. A. Speer (Rotary).

ROUGH VOYAGE

SOUTHAMPTON, England, Dec. 4. (AP)—The latest crossing of the Atlantic by the British luxury liner Queen Elizabeth was anything but luxurious for its passengers. The big liner docked 45 minutes late in Southampton today with 22 injured passengers. The captain, Sir James Bisset, said the Elizabeth ran into a westerly gale on Monday that kept up for two days. At times, he said, the waves ran 40 feet high. Four of the injured passengers sustained broken bones when they fell on the slaking decks. Other injured passengers were cut and bruised by the rough voyage.

Courtesy Committee

TOURIST CENTER

The Courtesy Committee recently named by Vernon I. Gizzard (center), business executive and public relations teacher, who will conduct a courtesy instruction course here next week, is shown as it met last Friday morning on the steps of the Tourist Center and Chamber of Commerce Building prior to meeting to plan the program. Lea R. Leber, Lind Weber and Frank Shames, (left to right) represent the Chamber of Commerce and on the right side, (left to right) Andrew Stine, Mrs. Mayme Hodgkin and Walford Connolly represent the Sanford Merchants Association of which Mr. Stine is president.

Europe Suffers From Effects Of U. S. Coal Strike

LONDON, Dec. 4. (AP)—The soft coal strike has spread industrial crisis to half a dozen countries in Europe. France, Belgium, Italy, Switzerland and Denmark are suffering most. Sweden, Norway and Germany are less dependent on American coal, but they also see dark days ahead if the soft coal strike doesn't end soon.

The one country that really on the spot is Britain. British coal can't entirely take care of Britain's own needs. Now that American coal isn't going to Europe, Britain expects other countries there to start turning to her for help. With her coal supply already precarious, Britain anticipates an appeal for coal from Denmark.

Denmark's capital city, Copenhagen, is already operating under wartime restrictions to save coal. Only half the city's street lights are burning. Public transport has been reduced to a third of the pre-war level. Even gas consumption has been cut in half.

France is in bad shape, too. France gets more than half her coal from the United States. The American soft coal strike spells only one thing for France—serious setbacks in industry. But even so, officials of the French Miners Union are expected to vote a resolution of solidarity with the American miners on Friday.

Italy is hard hit by the American soft coal strike. But mild weather is helping out the Italians. Even so, the Italian government has appointed the minister of the treasury and the administrator of the railroads to direct a new agency for the acquisition of coal and coke.

Switzerland will have to ration even poor grades of coal if the American coal strike lasts much longer. Belgium has ordered severe restrictions to save coal, and the Belgian government is trying to get coal from Poland.

Reds Make Gesture Of Conciliation At UN Meeting

LONDON, Dec. 4. (AP)—Russia made a gesture of conciliation today by agreeing to accept American proposals for world disarmament as a basis of discussion. Britain and the United States have asked for a meeting of the Soviet and Soviet foreign minister Molotov told a United Nations committee that the veto question has been understood at it would apply to arms controls. He said that Russia favors organization of the controls by the UN Security Council, with the veto power. But he said that the principle of unanimity in the council would not relate to the actual work of control by various commissions.

Then the delegates agreed unanimously to create a 20-member sub-committee to attempt to iron out the various proposals before them.

Meanwhile, Greece has complained to the UN that Yugoslavia, Bulgaria and Albania have violated the Greek border. Greece asks the UN commission go to Greece to study matters for it.

Senator Tom Connally of Texas says the American delegation to the United Nations welcomes the Soviet decision regarding disarmament.

Lingo Is Appointed Oviedo City Clerk

T. L. Lingo of Nelson & Company has been appointed as city clerk of Oviedo to succeed Ben Jones who resigned from this office last Monday night. It was reported this morning by Judge Theodore Aulin, Oviedo resident to O. P. Herndon, county clerk.

Judge Aulin said that a meeting was slated to take place tonight to confer with officials of Oviedo in regard to making a survey in order to plan a water system for the city.

Emergency State Is Declared In Oakland Strike

OAKLAND, Dec. 4. (AP)—State of emergency was declared today in Oakland, Calif., which is tied up by a General A. P. of I. Workers strike. Mayor Herbert Beach has received full authority over police and fire power. The mayor had asked the emergency authority on grounds as he felt that "no community can exist in an anarchy."

A general walkout of organized labor has kept the Oakland metropolitan area tied up since early yesterday. The general strike was called in protest against police restriction given for the delivery of merchandise through AP of I. pocket lines at two strike-bound department stores.

Mayor Herbert Beach denounced the emergency powers the morning to cope with the crisis. He declared that Oakland is not going back to the jungle and he called for action by the city council. In the meantime, AP of I. unions have appealed for a greater show of strength in the demonstration which has affected the lives of 1,000,000 persons. All public transportation has come to a halt, many industries are shut down, and the publication of newspapers has been suspended.

Mayor Declares No Community Can Exist In An Anarchy

Mayor Herbert Beach denounced the emergency powers the morning to cope with the crisis. He declared that Oakland is not going back to the jungle and he called for action by the city council. In the meantime, AP of I. unions have appealed for a greater show of strength in the demonstration which has affected the lives of 1,000,000 persons. All public transportation has come to a halt, many industries are shut down, and the publication of newspapers has been suspended.

Carraway Is Elected City Commissioner

Sixty-three Sanford voters yesterday elected Andrew Carraway, local insurance man and former Navy lieutenant, as city commissioner to succeed W. O. Hill. There were no ballots mutilated, Mrs. F. E. Roumillat, election clerk, reported. Due to the fact that Mr. Carraway had no opponent for the office, no primary election was held this year by the City. Mrs. Mary Barnes, Mrs. W. E. Watson and J. H. Heck served as inspectors.

MERCHANTS' BARBECUE

Everything is reported to be in readiness for the big barbecue to be given this evening at the west side grounds of the 50 Associates by the Sanford Merchants Association. W. E. Hathaway, Central Florida's champion barbecue expert, is in charge of the barbecue.

Mine Chief Escapes Jail Sentence Tho Attorney Declares Fine Alone Is Cruel

WASHINGTON, Dec. 4. (AP)—The United Mine Workers Union was fined \$3,500,000 today, and John L. Lewis was fined \$10,000 personally for contempt of court. However, Lewis escaped a jail sentence.

Counsel Joseph Padway protested the government-proposed \$3,500,000 fine against the union as "a cruel and unusual punishment." Said Padway: "If it is the government's intent to put the UMW out of business, the government may as well realize now that the UMW will remain an organization as strong in the future as it is today."

The government had asked for a fine of \$3,500,000 against the United Mine Workers for contempt of court. Federal Attorney John Sonnett made the request to Judge T. Alan Goldsborough as Washington federal court convened at 3:00 P. M.

The judge has asked both sides in the contempt trial for their views as to sentence against John L. Lewis and the Union Sonnett made no recommendation for a jail sentence for Lewis. But he expressed the government's opinion that the union had substantial financial resources and that therefore the \$3,500,000 would be appropriate punishment.

At the recent Mine Workers convention it was stated that the union treasury consisted of \$13,500,000. Federal Attorney Sonnett also renewed the government's plea for a temporary injunction to replace the restraining order which led to the contempt charges.

The original order was designed to head off the soft coal strike, but was ignored by Lewis. Goldsborough asked Sonnett whether the government did not want a permanent injunction. The government attorney answered that although such a request might be made later, a temporary injunction, he believed would suffice for the present.

Paper Mills May Be Forced To Shut Down

MOBILE, Dec. 4. (AP)—An official of the International Paper Company said today some of the company's eight southern kraft mills probably will be forced to shut down within two days after the nationwide railway freight embargo becomes effective Friday.

Major J. H. Friend, company vice president and general manager of the southern division, reports all the mills have a low reserve supply of basic raw materials. He adds a curtailment of raw transportation eventually will force all eight plants to shut down. Full plants have been operating full blast to meet the paper shortage. However, the company has been handicapped by the shortage of certain chemicals and the lack of a shortage.

International's southern mills are located at Camden, Ark.; Mobile, Ala.; Georgetown, S. C.; Panama City, Fla.; and two are at Spring Hill, La., and two are at Spring, La.

County Home Head Hands Resignation To County Board

Resignation of M. H. Smith as superintendent of the County Home on the Orlando highway, was accepted yesterday afternoon by the Board of County Commissioners. No new appointment was made, according to O. P. Herndon, county clerk.

Bonds were approved of Commissioners H. B. Pope, J. E. McClelland and B. C. Dodi; of W. M. Haynes and L. E. Jordan of the county school board, and of Ralph A. Goodspeed as deputy sheriff.

Senator Lloyd F. Boyle, county attorney, was directed to draw up a request to be sent to the State Road Department asking that French Avenue be repaved and widened as a farm to market road. This action was at the request of the City, whose road in this direction had been turned down by the State.
