

American League Is Rated Over National

Almost three out of four of the nation's sport fans rank the American League ahead of the National League, and a slightly smaller majority rate Jack Dempsey in his prime as a better man in the ring than Joe Louis. These are among the outstanding revelations in the Esquire Sports Poll which canvasses the fans of the country from coast to coast. The percentage was 70.76 percent for the American League, and 62.1 percent for Dempsey.

Fullback Angel Gets Praise At Academy

COLUMBIA, Dec. 8.—(Special)—Perhaps the greatest fullback in the history of Columbia Military Academy of Columbia, Tenn., is John Angel, former halfback for the Celery Peds and son of P. J. Angel of 2476 Palmetto Avenue. The 180 pound powerhouse has gained a name for himself as a consistent blocker and line plunger. His line smashes have gained more first downs for the Cadets than any other offensive threat.

Mr. Angel operated as the number three back in C. M. A.'s basic single-wing formation and sets as spinnerback when the Cadets go into their intricate spin series.

Disregard the two weeks lapse suffered by the Longhorns of the University of Texas and just count the other eight games on their schedule, and the 1941 edition of the Longhorns would be judged the greatest collegiate outfit in football history. Their outstanding 71 to 7 triumph over a good Oregon team Saturday is the most amazing grid score of the year. It hit us almost like a blow when we first heard the decision. It took at least 15 minutes to assimilate the score. Just to think that Oregon, a team that held the Rose-Bowling-Oregon State Beavers to a 12 to 7 count the preceding week, could be trampled so heavily by anything less than a government proclamation.

A great team can be told by the manner in which it defeats its opponents. Still disregarding the two weeks lapse against Baylor and Texas Christian, which simply and quietly was caused by the Longhorns' mental condition, over-confidence, conceit or anything else you wish to call it, Texas handed every one of its foes, with the exception of Colorado, their worst lickings of this year.

Texas downed Colorado, 31 to 6; Louisiana State, 34 to 0; Oklahoma, 40 to 7; Arkansas, 48 to 14; Rice, 40 to 0; Southern Methodist, 34 to 0; Texas A. and M., 23 to 0; and Oregon by we can't repeat it. Louisiana's worst licking, not counting the Texas game of course, was by Tennessee, 13 to 6. The Tigers beat Tulane by 19 points, tied Mississippi State and held Mississippi to a one point decision. Oklahoma's worst licking was a 28 to 0 verdict by Missouri. Arkansas' worst was by Mississippi, 18 to 0. Rice's worst reversal was by Louisiana State, 27 to 0. Southern Methodist was downed by Texas A. and M., 21 to 12, who in turn, received its only defeat by Texas in a battle that wasn't even close. Stanford, Southern California, California, Washington and Oregon by we can't repeat it. State scored only a total of 60 points against Oregon. If that isn't the greatest eight game dream walking, then it will have to do until the right one comes along. After stomping six of the nation's better elevens by an average score of 39 to 4, a let down was simply natural

and emphasized the importance of mental condition as applied to the gridiron or anything else. The Longhorns, proclaimed throughout the nation and China as the world's top eleven, were so high in the sky that, even after being tied, 7 to 7, by weak Baylor, they couldn't come down to earth in time to avert the 14 to 7 loss to Texas Christian. Maybe after all the preseason acclaim and six great weeks of build-up couldn't be expected to be built-down in two weeks. We doubt if the Longhorns were really back to normal with Texas A. and M. following the Christian game, but, undoubtedly, against Oregon, they meant to prove to the nation that they had it in the old Clara Bow fashion. To us, Texas has the team of the year. Would any of you like to wager on either Baylor or Texas Christian if, by any chance of fate, their games with Texas were to be replayed?

U. C. L. A., Gators Have Split in Series

GAINESVILLE, Dec. 8.—(AP)—(Special)—U. C. L. A. will equal the Texas Longhorn's record as the University of Florida's most frequent intersectional football opponent, when the Bruins from Los Angeles meet the Fighting Gators in Jacksonville, Dec. 20. The contest will be the third between Florida and the Uclans, Texas has played the Gators three times in Orange and Blue intersectional games. U. C. L. A. was met in 1931 in Los Angeles, where the Gators lost 13-0, and here in Gainesville in 1932, with Florida winning 12-2, so the 1941 season's finale will give one or the other the lead in the series. The Gators will also be battling to hold the only edge they possess over any single section in intersectional contests, the even break with U. C. L. A. and a 20-6 win over Oregon in Miami in 1929 giving Florida a two to one rank against Pacific Coast elevens. Of all Gator games with teams from places other than the south only five have resulted in victories for Florida, with 15 ending in defeats, and a 1924 battle with Texas ending in a 7-7 tie score.

Commission Will Receive Bids On Fencing Material

City Plans To Build Fence Surrounding Water Works Plant

Bids will be received on chain link fencing material by the City Commission, it was decided last night at the Commission meeting, when it was deemed necessary to construct a fence around the water works. City Clerk H. N. Sayer said today, and added that because of the war situation checks would be made on the valve and distribution systems at the water works.

The Commission received three bids on city owned property and accepted one from Mrs. J. F. Riser, who bid \$400 for a house at 301 French Avenue, subject to all State and County taxes and 1941 City taxes.

An application for a liquor license was presented by E. J. Nelson, Jr. in behalf of A. B. Baker, was refused on issuance of the license.

Mr. Sayer pointed out that original plans for Fort Mellon Park included a dock, and that because of the difference in the depth of the lake at points behind the hotel and the park, it would be less expensive to place it at the park lake front.

The Commission also directed City Attorney Fred Wilson and Mr. Sayer to attend the Florida League of Municipalities meeting at Tampa on Dec. 11 and 12.

George Bishop, who has been elected to the City Commission and will take office in January, attended the meeting.

There will be a dishonored ball game tonight at 7:30 o'clock on the Lake Front Field.

The Little Theater Club will meet tonight at 7:30 o'clock at the Woman's Club.

The Rotary Club will hold an intercity dinner meeting with the New Smyrna Club at the Valder Hotel tonight at 7:30 o'clock.

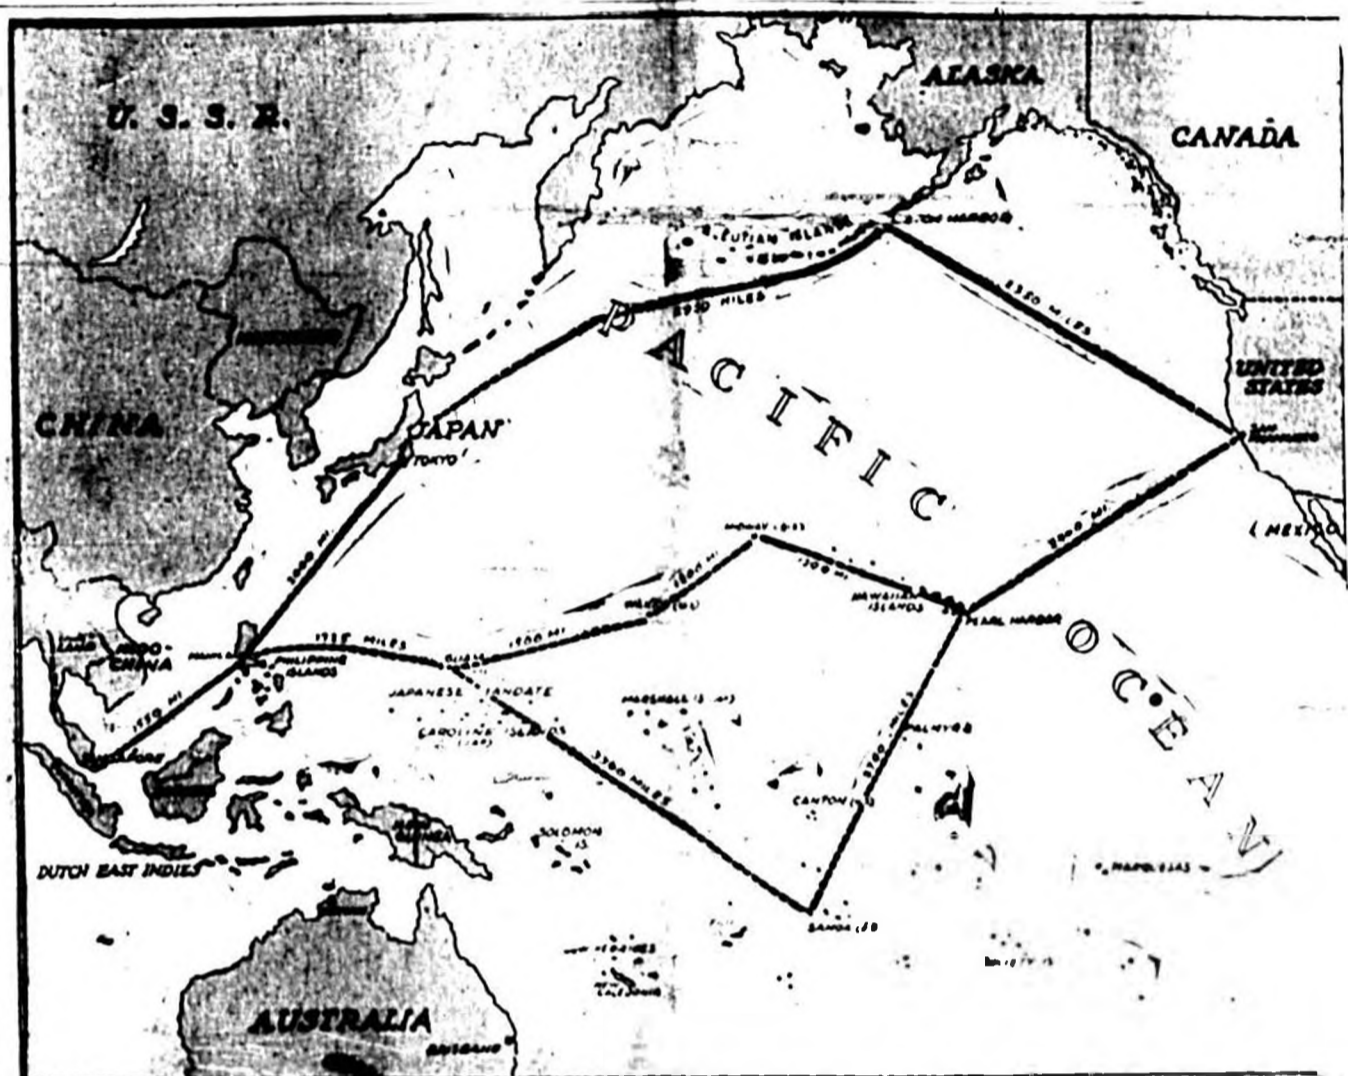

The County School Board will meet tomorrow, and current bills will be met, County School Superintendent.

Awards Made To Boy Scouts At Court Of Honor

Approximately 300 Persons Present At Scout Gathering

Howard Runge of Troop 5 received an Eagle rating last night as the local Scout troops held a Court of Honor at the South Side School before an estimated attendance of 300 people, Chairman E. L. Kelsey said today.

Father Kelleghan made the presentation of the Eagle award. Ralph Smith, Jr., received the Bronze Palm from Harold Price, Scout executive for Central Florida.

Ned Smith was in charge of the supper which preceded the Court of Honor. After the Court, Ray Fox delivered the Pledge to the Flag.

Other awards follow: Judge R. W. Ware presented Star Rank to E. C. Harper, Jr., of Troop 80; Edward W. McCalley, Jr., of Troop 80; and Walter Steele of Troop 80.

First Class awards were presented by T. W. Lawton to Carl Chapman of Troop 80; Harold Kestner of Troop 80; Robert Madden of Troop 80; Clarence McKee of Troop 84; Charles Park of Troop 80, Louis Temple of Troop 8, and Joe Watson of Troop 5.

W. H. Gore of Oviedo made Second Class awards to Simon Dingfelder of Troop 8, Huston Babcock of Troop 8, Laurier Beard of Troop 84, and Bill Meriwether of Troop 8.

Merit Badges were presented by Dr. L. T. Doss to Carl Choe of Troop 80, Robert Crumley of Troop 84, E. C. Harper of Troop 80, Billy Johnson of Troop 80, John Jones of Troop 80, Billy McCalley of Troop 80, Howard Runge of Troop 5, Ralph Smith of Troop 8, and Joe Watson of Troop 5.

Randall Chase, district chairman, was not present but a letter from him was read, which was to the effect that all Scouts must be on watch and be prepared now as never before.

Ralph Smith, Jr., acted as chairman for the Court of Honor. Scoutmaster introduced were Morris Pugh of Troop 8, Norman Smith of Troop 8, Ed McCalley, Jr., of Troop 84, W. E. Kester of Troop 8 and Oak Master Charles Sawyer.

British Destroy Third Of German Tanks In Battle

CAIRO, Dec. 9.—(P)—Small, fast armored British columns were said by a spokesman yesterday to have destroyed a third of the German tanks engaged in battle since Saturday between Tobruk and El Gobi.

The Germans finally pulled their best fighters westward to end the battle, a British spokesman said. The German general, Erwin Rommel, entered the fight with 40 tanks and 600 motor vehicles, the spokesman said.

Other Axis forces were said to remain caught in pockets along the frontier line south of Halfaya (Halfey) Pass, completely cut off from Rommel's main force.

The outcome of the battle was said to have left the British in control of most of the territory between the coast and the

Lindbergh Says Unity Is Needed To Fight Japan

Isolationist Policy Seems To Be Reversed In Speech

CHICAGO, Dec. 9.—(P)—The isolationist policy apparently reversed as a result of the Japanese attack, Charles A. Lindbergh said yesterday. "We must meet the war as united Americans, regardless of our attitude in the past toward the policy our government has followed."

"Whether or not that policy has been wise, our country has been attacked by force of arms, and by force of arms we must retaliate. Our own defense and our own military position have already been neglected too long."

"We must now turn every effort to building the greatest and most efficient Army, Navy and air force in the world, when American soldiers go to war, it must be with the best equipment that modern skill can design and that modern industry can build."

Local Red Cross Must Raise \$5000 War Relief Fund

Sanford County's Red Cross will call quota of \$5,000 has been increased by a \$5,000 war relief fund which must be secured by the local chapter, Mrs. Roy Mann, publicity chairman of the organization, stated today.

She added that volunteer workers are asked to enroll at the headquarters building on First Street on the annual meeting and election of officers scheduled for Thursday at 10:30 A. M.

A telegram Mrs. F. E. Bound, local chairman, received this morning from the national chairman, Norman H. Davis, read: "Again the American Red Cross is called upon to serve our nation in war. Both rationally and locally, we face vast and definite responsibilities for services to our armed forces and for relief to distressed civilians."

"To provide essential fund the Red Cross today is launching a campaign for a war fund of a minimum \$50,000,000. The President will issue on Friday a proclamation supporting this appeal."

Your chapter quota is \$5,000. Chapters may retain 10 percent of their collections for local war relief expenditures.

"Chapters should at once devote full efforts to raising their quotas in the shortest possible time and please report the action you are taking. We must and shall not fail in this crisis."

In addition to this new business, annual reports will be read at the meeting Thursday morning and the local chairman urged county members of the organization to attend. Any person who took out a membership during this annual call is eligible to attend the meeting and to vote.

San Francisco Bay Area Menaced By Enemy Aircraft

San Francisco Bay area and blackouts were ordered. The last alarm, sounding at 2:39 A. M. (5:39 A. M. EST) was made simultaneously with the declaration by an Army spokesman that "planes are heading toward the shore, and so far as we know, they are still coming." The all-clear whistle sounded at 3:37 A. M. however at 4:17 A. M. EST.

Three separate air raid alarms were sounded in the San Francisco Bay area and blackouts were ordered. The last alarm, sounding at 2:39 A. M. (5:39 A. M. EST) was made simultaneously with the declaration by an Army spokesman that "planes are heading toward the shore, and so far as we know, they are still coming." The all-clear whistle sounded at 3:37 A. M. however at 4:17 A. M. EST.

At least two squadrons of enemy planes, numbering 15 to a squadron, had previously crossed the coast line west of San Jose during the night and scouted the bay area and other sections. As stated, no bombs were reported dropped. The Army said in all probability an enemy aircraft carrier was lurking off the coast, perhaps 800 to 1,000 miles out.

In Victoria B. C. Mayor Andrew McGavin said the Japanese are off the Alaskan Islands. "We expect them at any time."

Japanese land forces are said to have opened attack on the Singapore area and the British reinforcements are being rushed to strengthen the defenses.

The globe wireless in New York heard the Manila radio again reporting an air raid on Manila at 8:55 A. M. (EST). In Manila, reports were circulated that the fighting would meet tomorrow, possibly to displace war on the U. S.

From Washington, the F. B. I. began the arrest of suspected Japanese immigrants and Italians designated as "dangerous aliens," it was reported.

Japanese troops were reported yesterday to have landed with the possible help of "fisher-raft" fishermen on Lubang Island near the entrance to Manila Bay as Japanese planes carried out widespread raids on military objectives throughout the Philippines, including non-combat assaults on Manila itself.

The report of the landing on Lubang, some 60 miles southwest of the big American Naval Base of Cavite, was not confirmed officially, but enough credence was placed in it that defense officers were trying urgently to contact the provincial governor.

Japanese fifth-column activity also reported unofficially from the area, on the big southern island of Mindanao where 25,000 Japanese present a vital threat to Philippine security. One report (Continued on Page Two)

BIBLE VERSE FOR TODAY

FOLLOW DIRECTIONS OR YOU NEVER WILL ARRIVE: The yoke of the word, and not hearken only, deluding your own selves.—James 1:22.

It's all over now but the shooting.

One thing about being an American, you don't have to worry about being a Japanese.

Dr. Kenneth Bell gave his life for his country as truly as if he died on the field of battle.

"Japan Writes Its Own Death Warrant," says the Tampa Tribune in good old Japanese custom, it chooses harikari.

The Nazis have decided to abandon their efforts to take Moscow. They have other work cut out for them now in the Atlantic.

Berlin says President Roosevelt is setting the world on fire. We don't know about that, but we know his planes will soon be setting the aggressor nations on fire.

The fact that John Lee Lewis finally won his fight to make closed shops of the capital counties almost went unnoticed in the columns of this news item from the Far East.

The Japs could have attacked the Philippines and a lot of people in this country would have said, "Well, let them have the Philippines. They aren't worth fighting for," but when they attacked our naval base at Honolulu, the Japs didn't leave much room for argument, talk even from isolationists.

TOO GOOD
"I hear you lost your job. Why did the superintendent fire you?"
"You know what a superintendent is—the guy who stands around watching his men work?"
"Yah, but what's that got to do with it?"
"His pet jealous of me. Everyone in the plant thought I was the superintendent."—Exchange.

ENTERPRISING FELLOW
The fellow announced to a group of friends that he had been made manager of the First National Bank. Gao friend looked skeptical.
"You couldn't hold a job like that," he remarked. "What have you ever managed before?"
The fellow smiled condescendingly.
"I managed to marry the president's daughter," he said. —Wall St. Journal.

Every country already at war is preparing for the possibility of war including the United States is readying for the use of poison gas. If any one country starts it retaliation will be immediate by all the signs of research and special training. —New York News. It is such a war the United States would have a distinct advantage. We would just turn some of our isolationist senators loose on them.

Mrs. Jeannette Rankin of Montana was the only member of House or Senate voting against war with Japan and was one of the few who voted against American participation in the World War I. If she doesn't think it may be that Mrs. Rankin is a "demonstrative object" who doesn't believe in any war. At least one adult that it is a war that is the present situation.

On The Home Front

The war which has been forced upon the United States is apt to be long and hard fought, calling for unprecedented sacrifices on the part of the American people. But it is one, thanks to the way it started, which no one can ever say was caused by Wall Street bankers, or blame upon President Roosevelt. The assault upon Honolulu was as completely an unprovoked act of aggression as the world has ever known.

Everyone will want to do his part toward winning this war, but unfortunately not all of us can be members of the armed forces of the United States, or make tanks and airplanes. Not all of us can be air raid wardens, Red Cross nurses, or ambulance drivers. To the great majority of the American people is assigned the rather drab monotonous task of staying where they are and keeping the home fires burning.

But their contribution to the winning of the war can be none the less great, certainly none the less patriotic, than that of the most gallant doughboy. What happens in the American home on the street, at the corner drug store, and in more or less private offices and stores, may be a deciding factor in the outcome of this great struggle. Certainly modern wars are fought no less on the home front than on the battlefield.

Every American citizen, with more than the price of a cup of coffee, in his jeans, can do his bit—and we are sure he will, now that war is a reality—by purchasing Defense bonds and stamps, by paying his share of the enormous tax burden which is bound to grow immeasurably greater as more tanks and planes roll off the assembly lines, and by doing his part toward maintaining public morale.

Not long ago some American sailors lost their lives when an American destroyer was sunk by a German submarine. Immediately the parents of these boys received letters purporting to come from an American committee seeking to prejudice these people against their government and blaming their tragic loss upon the President of the United States. This was German propaganda emanating solely from Nazi political agents in this country.

The American people must keep their eyes open for tricks of this kind. They must refuse to believe dispatches, even though they are published in American newspapers, which come from Axis capitals. They should accept with a grain of salt ominous radio reports which often are exaggerated in repetition and become less terrifying by the time they reach the front pages of our newspapers.

We must watch our tongues. We must refuse to pass on casual information from unsuspecting boys in the service which may be of help to the enemy. We must hesitate to believe gossip until it has been proved and refuse to pass it on. Newspaper editors, we are sure, will be careful to censor dispatches which might in any way contribute to the success of the enemy or harm a single American boy.

Above all, keep cheerful. Be optimistic. Carry on.

Little Towns Beware

Word comes out of South Florida, particularly the lower East Coast section, that the gambling rackets are moving out from those sections of the State where the Governor's crack down order is being enforced.

There are definite signs that Florida's gambling and vice racketeers are moving to small towns in the cool countryside to escape the heat put on them recently by the larger cities," says The Tampa Times.

The Times feature writer quotes a number of small town papers in different parts of the State to show that the bolita peddlers are becoming more numerous and obnoxious here and there.

It is said that the gamblers, or operators of rackets of various kinds, are seeking new locations in or near towns and cities where there are defense projects, such as training schools for Army fliers, or Army bases of various kinds. As soon as there is a large personnel of trainees quartered at a defense project the gamblers are said to make their appearance, to try for the payroll money that will be distributed in the community.

Fair warning is fair warning and Ocala needs to be on her guard for the first appearance of these gangsters. We don't want them and it isn't too soon to prepare to keep them out.—The Ocala Star.

Respect The Water

"Drowning, like the great majority of the 382 rescues we have made at the beach where I have been lifeguard and captain of guards for the past five years, (is) absolutely unnecessary," writes James W. Danner, in the current issue of the Rotarian magazine. "Unnecessary" because all these were caused by either recklessness or plain disregard of commonsense.

Pleading that you "save your life yourself," Danner points out that even lifeguards are not supermen, and 99 percent of their work is enforcing the rules of commonsense that people ought to observe without occasion. If more people would use it, then the other one percent rescues, would be totally unnecessary.

Eight rules for self-protection are given, but the last one is the safest: "Respect the water! The more I see of it, the more I respect it. Water is stronger and more treacherous than the strongest swimmer. Yet every day I see swimmers take chances that a veteran lifeguard wouldn't think of taking except to save a life."

Hull Warns Axis May Make Sudden Move To Aid Japs

(Continued From Page One)
on trying to fix the blame on President Roosevelt for the outbreak of hostilities.
We are not in a hurry to give our decision," one author said, "but we are sure that Japan and we are allies."
The White House official spokesman said that the President had called the House of Representatives to order to discuss the matter.

Tourists Thank Sanfordites For Friday Program

San Francisco Bay Area Menaced By Enemy Aircraft

(Continued From Page One)
port said 3000 armed Japanese already were residing.
The U. S. aircraft carrier, Langley, was reported attacked in Malaga Bay near Davon in a series of daylight raids culminating in the raids early this morning on Manila. Other daylight objectives included Clark field, a military airbase 40 miles north of Manila where 200 casualties were reported, and a military camp at Iba.
At least 150 other casualties were reported outside the Manila area for a total of 350.
The American battleships claimed to have been destroyed by the Japs were identified in Tokyo as the 31,500-ton USS Oregon and the 29,000-ton USS Oklahoma. The Italians, however, circulated Japanese advice saying it was the Oklahoma and the 33,000-ton USS Pennsylvania that were lost.
A Japanese radio in Formosa claimed that Japanese warships had surrounded Guam and that all large buildings on the island were ablaze.
Wahki Island, reported by American Airways, was "sunk."

Moscow Capture Not Anticipated During This Year

Military Spokesman Declares Germans Halted By Winter
BERLIN, Dec. 9.—(AP)—Winning has stopped the German advance on Moscow and the capture of the Soviet capital is not expected this year, a military spokesman declared today.
It seemed likely from the spokesman's statement that until Spring there could be no further major German offensive except along the extreme southern front.
This would reduce the Russian campaign to a secondary interest for the Germans for the first time and attention focused on Japan's war with the United States in the Pacific.
D.M.E. asserted that nearly 700,000 Russian troops had been put out of action since Germany invaded Russia last June.

War Situation May Halt Road Building

TALLAHASSEE, Dec. 9.—(AP)—War cast a shadow of uncertainty over highway construction in Florida Monday.
Withdrawal of federal aid funds from all non-defense highway construction not already started was indicated to the State Road Department by Chief Engineer J. H. Dowling, on the basis of information from federal officials.
General scarcity of materials, particularly steel, also entered the picture.

Mrs. Morris And Mrs. Henderson Entertain Banquet Given For Mrs. W. S. Thornton

A "Lifetime Membership" in the Women's Society of Christian Service of the Methodist Church was conferred upon Mrs. W. S. Thornton on Friday evening at a banquet which was given in her honor at the annex of the church. The presentation of the lifetime membership was made by the president, Mrs. John L. Clark, in an impressive ceremony.

The banquet was served entirely by candlelight from tables which were placed in the form of a horseshoe. Sprays of Brazilian pepper and malvaisis formed a background for the red candles which were placed in crystal holders at intervals along the tables. The table at which the guest of honor was seated held a central arrangement of a silver basket filled with red roses. Place cards were numbered in gold with the letters W. S. C. S. in gold on them. Members of the Junior W. S. C. S. Guild served the dinner. Tall baskets of poinsettias which were placed about the room completed the decorations for the affair.

The Women's Society was the theme of the program which was presented on the 600th anniversary of the birth of St. Francis, which was presided over by Mrs. C. E. McStarrow acting as mistress of ceremonies. The following program was presented:

First, "You're My Poem of Love" by Marion Aiken and Mary Beldin.

Second, "Crisis Time" by Rose Harley.

Reading, Mrs. B. B. Conroy.

Music, solo, concertina in B Flat Minor, by Mary Beldin.

Reading, by Mrs. McStarrow.

Solo, "I'll Be True" by Mrs. J. I. Clark.

Mrs. O. E. White presented each retiring officer with a corsage, and new officers were installed by Mrs. Thornton, who presented them with corsages, following the installation ceremonies.

The following officers were installed:

Mrs. J. I. Clark, president; Mrs. E. K. Strickland, vice president; Mrs. H. C. Morgan, recording secretary; Mrs. D. R. Urey, treasurer; Mrs. L. M. Swain, corresponding secretary; Mrs. Z. H. Taylor, subscription chairman; Mrs. C. E. Thompson, Jr., supplies; Mrs. B. B. Conroy, student work; Mrs. O. K. Goff, children's work; Mrs. A. K. Shoemaker, young women's work.

And, Mrs. Chester Daniels, Christian social relations; Mrs. R. W. Turner, spiritual life; Mrs. K. E. Bell, mission study; and circle chairmen, Mrs. R. T. Warren, Mrs. C. E. McKee, Mrs. J. C. Davis and Mrs. George McCrean.

Those present at the banquet were: Mrs. Martha Moffett, Mrs. M. R. Strickland, Mrs. R. M. Mason, Sr., Mrs. O. E. White, Mrs. T. H. Burke Steele, Mrs. J. I. Clark, Mrs. P. A. Rowland, Mrs. J. I. Japanese Are Called Gangsters And Are Accused Of Sudden Criminal Attacks

President Admits Serious Setback

Japan Claim Of Naval Supremacy Rejected As Enemy Rumor

By Associated Press
The Rome radio President Roosevelt's "speech" in such a manner that the functioning of the Tripartite Pact may be expected.

WASHINGTON, Dec. 10 (AP)—President Roosevelt last night assailed Japan's "sudden criminal attacks," as the climax of a decade of "international immorality," and declared confidently that America was going to win the war and the peace that follows.

He asserted in a radio address to the people of his country that "we must begin the great task that is before us by abandoning force and for all the illusion that we can ever again isolate our selves from the rest of humanity."

Mr. Roosevelt said that America was in the way "all the way." He admitted that, thus far, the news had all been bad and that a serious setback had been suffered in Hawaii.

Supporters from Guam, Wake and Midway Islands, said they were confused, "but we must be prepared for the announcement that all these three outposts have been seized."

Japan's claim that they had secured naval supremacy in the Pacific as a result of their Sunday attack on Hawaii.

"This is a new trick of propaganda which has been used innumerable times by the Nazis," the President said.

He promised that facts would not be hidden from the country if the facts are known and if the enemy would not be helped by their disclosures.

He warned the press and radio they had no right to "deal out unconfirmed reports" in such way as to make people believe they were the truth.

President Says Seven-day Work Week Necessary

WASHINGTON, Dec. 10 (AP)—President Roosevelt said Tuesday that a seven-day work week for the Nation possibly would be necessary under his projected \$150,000,000 "victory program."

He said at this press conference since start of the United States-Japan war that he is considering calling a conference of industry and labor leaders to work out an anti-strike arrangement.

This was interpreted as meaning the Administration had withdrawn or soon will withdraw support of anti-strike legislation.

Engineer Corps Is Important War Unit

CAMP BLANDING, Dec. 10 (Special)—The Army Corps of Engineers is something like a high-powered football line. Little is heard of them at times and just they make many touchdown plays possible.

They are frequently the first troops in an advance, when the last troops in a retirement. They are the mainstay of a major part in almost any major operation.

As part of an advance guard, the engineers establish means of communications by building bridges, roads and railways and assisting landing parties in establishing headquarters of operating territory.

The President Makes History

Signing the act which puts us officially at war with Japan, President Roosevelt is shown at his desk soon after Congress passed the resolution with but one dissenting vote. Before that Mr. Roosevelt made one of the briefest speeches of his career, asking Congress to declare war on Japan. Standing behind the President are (left to right): Senators Charles McNary, Ore.; Alben W. Barkley, Ky., majority leader, and Carter Glass, Va.

Rotarians Have Joint Meeting At Valdez Hotel

"Service Above Self" Is Advice Of New Smyrna President

Declaring that this country faces a great crisis, Morris Ashton, president of the New Smyrna Rotary Club, urged Rotarians to keep level heads, work hard, and not to think too much about profits, in a short talk at the joint meeting of the Rotary Clubs held at the Valdez Hotel last night.

The New Smyrna Rotarians were welcomed to Sanford by President R. W. Ruprecht of the Sanford Club who pointed out that all but three members of the New Smyrna club had made the trip to Sanford.

Miss Dorothy Sanford, director of music for Seminole County schools, presented a program of music and readings by the High School pupils. W. A. Laffler proposed that New Smyrna inaugurate a movement to build a new highway from Sanford to New Smyrna because of the indirect and unsafe conditions of the present road.

The program as presented by Miss Sanford consisted of a quartet: "Duet Song," by Miss Gladys Pippin, Edward White, David Gatchel, Miss Sanford, with Mrs. Doris Enteninger, at the piano.

Reading, "Name" of the Twain," by Miss Ann Blise. Duet, "Medley," by Miss Alma Grantham and Miss Doris Enteninger.

Solo, "Time Was," by Miss Gladys Pippin, Miss Alma Grantham, piano.

Reading, "Oh, Oh, Not Me," by Miss Ann Blise. Trio, "Gotta Get In My Bed," by Miss Gladys Pippin, Miss Alma Grantham and Miss Sanford.

Visitors at the luncheon included Dr. W. E. Van Brunt, former president of the Tallahassee Rotary Club. "Ladies Night" will be held at the Marble Hotel on the evening of Dec. 29.

Congress Acts To Allow Army To Leave U. S. From Germans

War Department May Ask For Expansion Of Selective Service Limit On Age

WASHINGTON, Dec. 10 (AP)—A grimly war-conscious Congress yesterday took the initial step toward permitting the national-armed forces—selectees as well as regulars—to fight in any part of the world.

The Senate and House Military Committees approved legislation to eliminate the present territorial restrictions, and to permit retention in service of all fighting forces for the duration of the war. Both steps were requested by the War Department.

Meanwhile, the House completed and sent to President Roosevelt's desk a bill to freeze naval enlistments for six months beyond the duration of the war.

Brig. Gen. Lewis B. Hershey, national selective service director, said in Chicago that there is a "strong possibility" that Congress will lower the minimum draft age from 21 to 18 and that men deferred because they were 28 or over may be called up.

The War Department was understood to be ready to ask Congress for expansion of selective service age limits from 21 to 18, a move which would increase by almost 20,000,000 the reservoir of manpower available for the armed forces.

An authoritative source disclosed that enabling legislation is being drafted by the War Department.

Under present age limits, the selective Army is drawn from a pool of 100,000 men. Expansion of age limits to 18 and 24 would raise that number to 28,000,000.

Chairman May, of the house military committee, said he knows the Army will expand selective service age limits.

"The Army didn't ask for any change in those (21-28) year brackets," he said. "They now have a potential of 21, who will become 21 years old soon, of a million men each year."

He said the Army probably will recall very soon the 175,000 men of months, 21-28 years who have served as selectees and are now members of the organized reserves, thereby subject to wartime service.

Neither the Army nor the Navy are getting more men. Recruiting stations throughout the country were swamped with volunteers anxious for a "quick crack" at the Japanese.

Shriners To Have Annual Christmas Party Thursday

Local Shriners will hold their Christmas party at the Palma & Christmas dining room Thursday night, Dec. 18, at 7:00 o'clock. L. F. Boyle, secretary, and chairman of the entertainment, announced today.

T. Bradford Byrd, president of the club, urged all members to make immediate reservations with L. F. Boyle, secretary, and stated that the fee should be worn at the meeting as a number of outstanding persons have been invited including: Malcolm McCroly of Jacksonville, Illustrations Potatoes of Morocco Temple; Miles H. Draper of Tampa, Illustrations Potatoes of Egypt Temple; and a delegation from the Orlando Shrine group.

Judge Miller is preparing a Christmas tree for the affair, and each Noble is expected to bring one or more presents. When the program is concluded the presents will be given to a local charity for distribution among indigent children at Christmas time.

All sejourning Shriners and all resident Nobles, who have not yet affiliated with the club, are invited to join the Sanford members, and to bring presents "to help gladden the hearts of poor children," President Byrd said.

Increase Given To Express Employees

CHICAGO, Dec. 10 (AP)—The Wage Dispute of 43,000 Railway Company employees was settled today. The representatives of management and labor signed an agreement accepting a 10-cent an hour pay increase.

Canada's shipbuilding industry is operating at full capacity with orders aggregating \$400,000,000, Department of Commerce says.

Reds Retake Rail Center From Germans

British Forces Hit Enemy Lines West Of Tobruk Area As Germans Fall Back

(By Associated Press)
Red armies have blasted the Germans out of Tikhvin, important rail center 110 miles east of Leningrad, in a 10-day battle that cost the Nazis 3,000 killed, the Moscow radio announced today in a special communique.

The announcement said recapture of the town yesterday, smashed a Nazi effort to cut the last rail communication to Leningrad.

Tikhvin is on a spur railroad connecting with the line running to Archangel, far northern port of entry for United States Lend-Lease supplies.

The Soviet announcement said Red armies put to rout the German 12th Tank Division and the 18th and 61st Motorized Divisions, among others, inflicting enormous losses upon all of them.

Meanwhile, British troops were reported in Cairo to have captured a point west of Ed Duda, freeing the Tobruk garrison from attacks on the eastern side of the defense perimeter.

The exact location or name of the point was not given, but the British communique's general description would place it about 10 miles south of Tobruk.

British mobile columns struck at German communication lines leading westward from the Tobruk area, but found the Germans reluctant to engage them, it was stated.

Five Permits Issued At City Hall This Week

City permits have been issued at the City Hall since Saturday. On Dec. 4 Kim Breckington secured permission to add one room to a house located at 1105 Wilson Avenue, while on the same day Will Brown was issued a permit to repair the porch of a house at 1105 Cedar Avenue, with W. P. Powell's contractor.

E. L. Jackson will install a tank at 1001 French Avenue and Mary E. Williams received permission to tear down and rebuild a one-story frame building at 1012 Pecan Avenue.

H. O. Green will employ Joseph Singleton to move a frame tenement house from the north side of a lot at 611 Sanford Avenue to the south portion of the same lot.

Overseas Highway Is Closely Guarded

KEY WEST, Dec. 10 (AP)—The nation's southernmost Naval base and other Federal reservations here were in complete darkness Tuesday night, and a 24-hour watch was ordered over part of the overseas highway which is the only road linking the island with the Florida mainland.

The City proper experienced a partial blackout, with all electric signs and street lights off. Automobile drivers were asked to use only dimmed lights until midnight, and traffic was to be restricted after that for the rest of the night.

B. M. Duncan, chief engineer for the overseas road and toll district, said a 24-hour guard was being maintained today as well as highways and bridges under his supervision. Sheriff Berlin Sawyer and his deputies were patrolling the area.

County Roll Call Totals \$1279.15

The annual Red Cross roll call is officially over and Seminole County raised a total of \$1279.15 during the drive, Mrs. Roy Mann, publicity chairman stated today as she explained that the war fund quota, which is \$5000 calls for an entirely new campaign in no way connected with the membership drive now concluded. Plans to launch the war campaign will be reported at the meeting of the county chapter tomorrow morning at 10:00 o'clock at the building First Street.

The organization has more than 6000 members, more than 60000 volunteer workers, 100,000 and more, Mrs. Mann concluded.

Kiwanis Honors Past Presidents Of Organization

Fifteen Men Present Who Once Served As Group's Head

Fifteen past presidents of the Kiwanis Club were honored at the regular meeting of the club today at the Valdez Hotel.

Starting with A. P. Connelly, charter president of the Sanford club, the presidents were named in order by Edward Lane up to the current year.

Mr. Lane introduced Fount Kline, district governor elect, who presented the past presidents with red roses. Afterward, Mr. Kline addressed the members, stating "Kiwanians must meet the war situation squarely. It must be met by individual service, and the way you can aid is to help your local defense council."

Mr. Kline stressed three parts of individual service: strengthen democratic institutions, meet the present emergency and maintain the values we seek to defend.

Dr. O. L. Barke was a guest as were two members of the Key Club, Billy Hollyhead and Ed Marshall. Charles Morrison led the group in song.

The past presidents at the meeting, and the year in which they were head of the club follow: A. P. Connelly, 1922; James G. Sharon, 1923; E. D. Brownlee, 1925; Edward F. Lane, 1927; T. W. Lawton, 1927; John D. Jenkins, 1929; Fred R. Wilson, 1930; A. C. Fort, 1931; W. B. Zachary, 1932; Sanford Houdney, 1935; Walter Coleman, 1936; Howard Long, 1937; Sidney J. Nix, 1938; and Karl Nordgren, 1940.

U. S., Republics Of America May Confer In Rio

Meeting Of Foreign Ministers Proposed By Hull

WASHINGTON, Dec. 10 (AP)—Secretary of State Hull today proposed that a conference of American Foreign Ministers be held at Rio De Janeiro, Brazil, the first week of January with the grim warning that a "wave of aggression has now broken upon the shores of the new world, the United States invited the other 20 American Republics to consult on the joint measures for defense of the western hemisphere.

South America's two largest republics, Argentina and Brazil, stepped toward cooperation with the United States as nation after nation joined a rapidly broadening hemispheric front against the Japanese attack in the Pacific.

Argentina pledged "reciprocal assistance and definitive cooperation" in a note to Washington. President Getulio Vargas of Brazil decreed a virtual freezing of Axis national bank accounts. Although the decree gave the bank of Brazil control of financial operations of citizens of all non-American warring countries, arrangements probably will be made to take care of powers associated with the United States.

United States Ambassador Caffery said importance of the step "could not be overestimated."

Guatemala took similar steps, freezing Japanese bank deposits, after its assembly declared war on Japan to the accompaniment of many "vivas" for the United States and President Roosevelt. Peru already had frozen Japanese funds, and Bolivia was considering like action.

Senator Pepper Pays Compliment To W. Connelly

Willard Connelly has received a letter from Senator Claude Pepper expressing the Senator's appreciation of the copies of two songs on which Mr. Connelly collaborated with Mrs. Agda C. Thomas and Lars Harry Wester. The copies were presented to Mr. Pepper when he visited Sanford on Armistice Day.

The letter reads, "I am immensely grateful to you for your kindness in sending me copies of your songs, 'Our Flag' and 'Stand By America,' photographed by you."

"I cannot too highly commend you upon the inspirational beauty of both of these compositions. It is a valuable contribution you have made to your country's morale and, therefore, to its defense."

"With very best wishes and many, many thanks, I remain, Sincerely yours, Claude Pepper."

Japanese Navy Sinks Prince Of Wales, New 35,000-Ton British Battleship

Loss Of Life On Ship Said Great

Direct Hits Are Made On Three Jap Ships By American Planes

MANILA, Dec. 10 (AP)—Four scores of Japanese bombers rained Manila and its suburbs this afternoon, hitting hard around military centers including the Nichols Air Field, Fort William McKinley and Nielson Airport districts.

SINGAPORE, Dec. 10 (AP)—The Netherlands East Indies threw strong reinforcements of warships and airplanes into the battle of southeastern Asia as the British land and air forces slowed down the Japanese assault on northern Malaya.

Dutch fleets have been fighting alongside the British Empire air force to contest Japan's admiralty vigorous efforts to win quick mastery of the air.

Alfred Duff Cooper, British Minister in the Far East, announced in a broadcast from Singapore that there had been considerable loss of life in the Prince of Wales and Repulse sinkings.

At Hongkong some Japanese penetration of Hongkong's defenses was acknowledged. But the British declared the attack had been halted even though fighting continues.

The defeat of the first hostile attack against the west coast of Luzon, the principal island of the Philippines, by Army and Navy forces was announced today in the War Department's first communique of war.

The attack occurred between San Fernando and Vigan, the announcement stated. "Our first bombing attacks on six transports at Vigan resulted in direct hits on three hostiles and damage to the remaining three, one ship capsizing and sinking immediately," the communique said.

A great sea battle between U. S. and Japanese Navies is reported raging off Manila today, according to a German broadcast, while British acknowledged the loss of the new 35,000-ton battleship, Prince of Wales, and 32,000-ton battle cruiser, Repulse, off the coast of Malaya.

Manila dispatches announced six Japanese troop transports attempting to land troops north of Manila in the Philippines. A Tokyo wire bulletin said two British ships—the Prince of Wales and the Repulse—were sunk within 21 minutes of each other by Japanese bombers.

No details were available immediately on the fate of the crews, normally exceeding 3,000. Meantime, sea-borne Japanese troops swarmed into the Philippine island of Luzon at Apariti, 100 miles north of Manila and possibly at other points. The headquarters of Gen. Douglas MacArthur said the Japanese made forced landings under a hail of bombs dropped by American airplanes.

One Jap transport was sunk, two others damaged and three more possibly hit, it was announced.

San Francisco was blacked out again early this morning after an air-raid alarm was sounded. It followed two "alerts" sounded within a half hour but no bombs were reported dropped on enemy planes sighted.

Two Japanese landings on the Philippine island of Luzon were reported today by the Filipino constabulary soon after authorities uncovered a Fifth-Columbian plot that set off two false air-raid alarms and pointed the way to military targets with lights on the ground while Japanese planes were attacking.

Earlier a U. S. Army spokesman had announced that "certain areas" were marked out by light signals—both flares and fireworks—during the raids on Nichols Field, outside Manila, early Tuesday.

Early today U. S. Army fighters were in the air, guarding the capital against direct assault. The Japanese claimed to have (Continued on Page Two)
