

George Moye Named Director Of Athletics At Emory U.

Local Youth To Begin Duties On September First

Will Have Complete Charge Over Intramural Program

ATLANTA, Ga., June 28.—George Moye of Sanford, Fla., former University of Florida football star and now athletic director at Fort Myers, Fla., High school, has been appointed athletic director of athletics at Emory University for next year, it was announced today.

Moye will temporarily replace Athletic Director Jeff D. McCall who has been granted a one-year leave of absence because of his health.

During his playing career in Florida, Moye was a top performer for the Gators at one time, winning his letter for three consecutive years. His career was cut short by a knee injury which he was unable to overcome for all Southern honors and was given honorable mention for All-American by the All-American Board of Football. He also participated in various forms of light heavyweight.

Since his graduation in 1925, he has been athletic director and assistant principal of the high school at Fort Myers and has turned out winning teams in Florida prep circles. He holds an A. B. degree from Florida and is working toward his M. A. in physical education at Columbia University.

At Emory, he will have con-

All sports with exception of time and swimming are confined to intramural competition between classes and campus organizations, in an effort to provide participation for the greatest number of students.

Moye will begin his new duties on September 1, Emory officials said.

Dutch Schneider To Hurl Tonight Against Palatka

Smith Or Miller To Be On Mound For Visiting Outfit

Manager Bill "Raw Meat" Rodgers of the Sanford Lookouts announced yesterday afternoon that Dutch Schneider, ace southpaw for the Lookouts, would take the mound tonight when the Lookouts play hosts to the Palatka Azaleas.

Schneider has two starts recorded since joining the Lookouts, winning one and losing one. The left-hander shut out Leesburg in his first attempt by a score of 4 to 0 and allowing four hits, while in the second game he gave up six hits but got the win by a score of 7 to 3 to Palatka last week.

Manager Herbie Thomas of the Azaleas will probably start Eddie Smith or Slim Miller against the Lookouts, while Jeff Emerson of the H-Club will do the receiving on Don Contreras or Johnny Adair.

The line up for the visitors will include Fredholm on third base, Saxon in center field, Manager Thomas on second base, Bill Dole on second base, Buster Kinard in left field, Wes Trammell on shortstop, and George Rubin in right field.

For the Lookouts, Billy Moore will lead off and play in center field, Joe Doljack will play in left field, Eddie Davis on first base, Bob Pitman on third base, and Joe Langston in right field and Joe Rodgers on second base. "Mountain Boy" De Ramus is short stop.

Playing with the Aitchison semipro is Marty Peters, ex-Notre Dame athlete and present coach at St. Benedict's college. The Aitchison nine is expected to make a strong bid for top honors in the Kansas State Semi-Pro Baseball meet at Wichita.

Engle Seeks Larger Crowds By Signing Rodgers Hornsby

Once more, Joe Engle who is known to the baseball world as the greatest showman pulled a feat expected to bring more patrons to Engle Stadium in Chattanooga. He has named Rodgers Hornsby as pilot of the Southern Association.

Hornsby will replace Walter Millies who started the season with the Lookouts resting on the top of the heap. Mr. Engle has been quoted as saying "I paid more for Hornsby than any other player I ever obtained for a Southern League club. However, he declined to announce purchase price."

Hornsby joined the club during the game yesterday in Nashville but it was not learned how the Lookouts came out with their ancient rivals. Rodgers will no longer be with the Chicago Cubs.

IN THE FIELD OF SPORTS

The Seminole County Baseball Association has promoted some new seventh inning ball for the game.

The line up for the visitors will include Fredholm on third base, Saxon in center field, Manager Thomas on second base, Bill Dole on second base, Buster Kinard in left field, Wes Trammell on shortstop, and George Rubin in right field.

For the Lookouts, Billy Moore will lead off and play in center field, Joe Doljack will play in left field, Eddie Davis on first base, Bob Pitman on third base, and Joe Langston in right field and Joe Rodgers on second base.

Moye will begin his new duties on September 1, Emory officials said.

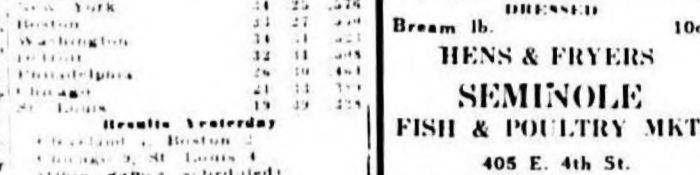

Lookouts-Senators Postpone Contest

The scheduled tilt last night between the Sanford Lookouts and the Orlando Senators was postponed until July 21 when the two teams will clash in a double header at the local park.

A slow rain and soaked grounds caused the postponement about 20 minutes before game time and Manager Bill Rodgers, Manager Bob Gansel, and Umpires Harvin and Vaughan conferred and decided to call the game.

Flood Control Bill Is Signed By President

Signs Measure With Some Reluctance; Says It Is Not Step In Right Direction

Sees Unemployed As World Problem

States Spending Campaign Will Be In Full Swing July 1

WASHINGTON, June 29. —(AP)—President Roosevelt announced today he had signed the \$385,000,000 omnibus flood control bill "with some reluctance."

Asserting that it "is unnecessary for me to emphasize the importance of carrying on a large and continuous program to eliminate flood, lessen soil erosion, encourage reforestation, and improve navigation," the President declared the bill he signed "is not a step in the right direction in the set-up provided for general government planning."

In a press conference at his Hyde Park home yesterday, the President observed that there is more unemployment over the world than at any time in its history and that no country as yet has devised a permanent solution to give work during depressions as well as in boom times.

Many governments, the United States included, he said, were neglecting the crisis by going in for armaments building, a program that produced goods of no permanent capital value and which do not reproduce wealth.

In some nations, he went on to say, 45 to 50 percent of the national income was due to armaments construction while in others it was 15 to 20 percent of America's national income could be attributed to the same cause.

Telling his press conference that the \$375,000,000 lending and spending campaign would be in full swing by July 1, the President said that even with

New Buying Wave Raises Stocks In Surprising Rally

Purchase Orders Come In So Rapidly Tape Lags Behind Market

NEW YORK, June 29.—(AP)—A fresh wave of buying swept many stocks into new high ground for a spectacular rally today after the market enjoyed a two-day breathing spell.

Buying orders so heavy the tape lagged behind the market at times, prices lifted for gains ranging to around five points in leading shares with the approach of the third hour.

Chinese Hold Barrier To Jap Advance

Sino Forces Halt Offensive Against Hankow At Important Yangtze Boom

SHANGHAI, June 29.—(AP)—The Chinese declared today they still held the important Matowchen boom, the barrier to Japan's drive up the Yangtze River against Hankow.

The trend of what may be a crucial battle in the defense of the provincial capital, 175 miles up the river from the boom, was obscured in cautious and conflicting communications from both sides.

Foreign military observers considered that Matowchen's fate depended upon the success of Japanese land forces attempting to advance up the north and south banks of the river.

The Japanese, however, were having difficulty on both banks of the river. The Japanese admitted one of their columns had been surrounded on the south bank and was saved only when Japanese planes and reinforcements arrived.

The Chinese reported the Japanese also were bogged down on the north bank with a large number of troops surrounded on the shores of Lake Po.

Japanese reinforcements attempting to land at Wushantze were repulsed while another at Tientsin, near Tunglu, was said to have been thwarted. The Chinese said they sank seven Japanese motorboats and killed 100 men.

A Japanese navy communiqué said three Chinese bombers were shot down in dogfights over Anking, 218 miles downriver from Hankow, when Chinese attempted to bomb Japanese warships concentrated there. The communiqué said there were no Japanese losses.

Chinese air force officers said a "dare-to-die" Chinese flier sank a Japanese gunboat in the Yangtze river near Anking Monday by deliberately plunging his burning bomb-aden plane into the vessel's deck.

Spokesman For Fascist Regime Approves Attacks On Ships With Contraband Of War

Steps Taken To Satisfy British

LONDON, June 29.—(AP)—Fascist British destroyers, Imogen and Icarus, today were ordered suddenly to Malaga from Gibraltar. The admiral said the movement was "routine" but the Italian operated airplane base at Palma Malaga is the source of many of the most important Spanish and British shipping to Spanish waters. Malaga is 100 miles east of Spain.

The spokesman for the Fascist regime declared today that Italy had advised General Francisco Franco, in urgent language, to permit a "moderation" in his efforts to prevent British and other foreign ships from bringing supplies to government Spain.

'Undeclared War' Rages In Spite Of Country's Alliance

PARIS, (AP)—Despite the reinforced Franco-British alliance there is still "undeclared war" between the inhabitants of the Isle of Jersey, part of King George's realm, and Saint-Malo, a city of the Third Republic.

Causes of the dispute are the Miquelon Island, rocky, treeless dots of land in the French coast included in 1912 but only by the English fishermen.

The French government had long granted fishermen the islands from the mainland, but recently the Jersey authorities, not only laid their own claims, but created several fishermen's shacks on the islands.

Saint-Malo fishermen protested to Paris where the ministry of foreign affairs is working on the case. Meanwhile fishermen are busy doing things to each other's boats and shouting insults at one another when they meet.

MY PLEA

Grant me patience—
The patience of the tiny seed
That works its way through
dark of earth
Up to the sunshine of the day,
And glorious rebirth.

Grant me patience—
The patience of the worm, con-
tent
Enveloped in its sheath to lie
Until it can emerge therefrom
A lovely butterfly.

Grant me patience—
To claim the love of one and all,
Yet waits with patience infinite
For hearts to heed His call.

Grant me patience—
By precept and example, Lord,
Thou dost Thy wondrous truth
Impart.

Grant me patience—
The patience of a little bird
That finds in this her happy
good—
To sit and day by day to wait
For coming motherhood.

Grant me patience—
The patience of a God who yearns
To claim the love of one and all,
Yet waits with patience infinite
For hearts to heed His call.

Grant me patience—
The patience of a little bird
That finds in this her happy
good—
To sit and day by day to wait
For coming motherhood.

Where The Blame Lies

The public is usually quick to condemn, slow to praise
and reluctant to cooperate when it comes to law enforce-
ment. When a crime is committed in front of the eyes of
citizens, how many of them will come forward and offer
to testify? Isn't it the usual thing that eye witnesses
suddenly become tongue-tied when they are asked if they
saw what happened? Isn't it customary for supposedly
good citizens to say "let's get away from here before we
get a summons to testify?"

But this is only one way in which the people make it
difficult for our police and our sheriff's deputies to com-
bat the crime evil. A majority of us are habitual of-
fenders in the matter of locking our cars, the doors and
windows of our homes. We leave parcels and valuables ex-
posed in our automobiles and when some tramp falls vic-
tim to the temptation and picks them up, we rush to the
police and complain.

How many of us take the trouble to report the strange
actions of persons in our neighborhood? How many will
call the police as soon as some impending violence is de-
tected? How many will wait for some one else to tele-
phone for help when an accident occurs?

When a crime takes place, how many of us come to
the defense of our law enforcement officials and praise
them for doing the best job they can with their limited
forces and lack of assistance from the public? Isn't it
more than likely that whenever something goes wrong, lit-
tle groups gather and mutter expressions which sound aw-
fully like "big palookas," "fat heads," "dumb guys?"

"The Truth Will Out"

Leaders who desire to effect radical changes in the
lives of the people usually deny the allegation until the
public becomes "softened up" and then a clean breast of
the whole intent is made. Fritz Kuhn used to deny that
he even dreamed of making a Nazi country out of the
United States, but, "with amazing frankness," to quote the
Miami Daily News, "he has told a New York state
legislative committee that his movement aims to make
Nazism, including the most virulent anti-Semitism, the
law of the land in the United States.

"Now we know officially where the German-American
bund stands. If the Communist party would now duplicate
Kuhn's frankness, we would hand it a companion honor-
ific. The Communists, however, acting on instructions from
Moscow, have been giving themselves a word bath in de-
mocracy recently and wrapping themselves in the Ameri-
can Constitution and the American flag.

"Fortunately the Communists fool very few Americans
with their sudden lip-service to democracy no more, in
fact, than the bund leaders had succeeded in fooling her-
oic Kuhn made his statement yesterday.

"We can consider the Nazis and the Communists on
the same footing. Both are frankly out to overthrow
American institutions by the use, if necessary, of revolu-
tionary force. This doesn't mean that we must immedi-
ately start suppressing them. That would only add fuel
to the underground blaze. The policy for true Americans
is to flood these creatures of the darkness with the
bright, pitiless, cleansing light of modern day. When they
are seen for the repugnant beings that they are, the sight
in itself will be enough to banish them from the sympathy
of the overwhelming majority of mentally adult Ameri-
cans."

SANFORD TWENTY YEARS AGO

On Tuesday evening the Truth
Seekers class of the Methodist
Church gave a lovely reception
at the attractive home of Mrs.
L. P. Hagan on Sanford Heights
in honor of Mrs. F. E. Stein-
meyer, now of Live Oak, but un-
til recently the beloved and
highly esteemed teacher of this
class.

The rooms were charmingly
decorated with quantities of cut
flowers, palms, ferns and Ameri-
can flags, a large flag being
draped across the front porch,
with the bright lights made a
brilliant setting for this pleasant
affair.

Receiving were Mrs. L. P.
Hagan, Mrs. F. E. Steinmeyer,
Miss Nellie Robson and Mrs. J.
P. Hillburn. During the evening
a pleasing musical program was
enjoyed by those present. Mrs.
J. K. Mettlinger, Mrs. J. P. Hill-

giving some excellent numbers.

Dainty refreshments, consisting
of punch, ice cream and cake
were served during the evening
by Miss Carolyn Spencer, Miss
Lillian Ruth Spencer, Miss Ruth
McDaniel and Miss Gladys Adams.
The guest of honor was presented
with lovely flowers by the class,
as a small token of their love
and esteem, fully appreciating
her valued services as a teacher
and her devotion and loyalty to
the class. Mrs. Steinmeyer's
visits to Sanford will always be
looked forward to with pleasure
by the members of the Truth

the government still might take
reprisals against the "real authors
of attacks on government cities."

The editorial clearly indicated
Italy and Germany were meant.

It suggested that Barcelona's
acceptance of the newly created
international neutral commission
to investigate bombings of civilian
populations did not necessarily
solve the problem.

"The Spanish government," the
newspaper said, "is not forgetful
of the fact that in spite of all in-
ternational commissions that may
be appointed to come to Spain to
report illegal aerial activities, our
rearguard cities may continue to
suffer systematic bombings."

"It is clear that republican planes
will not be looking at rebel cities
for retaliation. As in our own cit-
ies there are innocent people,
there are pacific Spaniards al-
ready quite miserable and dis-
tressed by the invasion of our soil.
That is not the sort of reprisal
worthy of the republic."

ASTOR'S FORTUNE

When John Jacob Astor came
to America in 1781 he had a
small sum of money, a home,
of selling musical instruments.
He paid \$25,000 for a steamship
passage and invested the remainder
of his wealth in seven flutes.
After an unusually rough
crossing, Astor encountered a
strange sort of fate that was to
start him in the fur trading busi-
ness, though which he was to
amass \$20,000,000—America's
biggest fortune in that day.
When his ship reached Chesape-
apeake Bay the wind died, and a
sudden freeze locked it tightly
for a month—only a day's sail
from Baltimore. During this en-
forced wait Astor met a German
fur trader who told him of the
immense profits to be made in
that business.

Therefore, he said in answer

of the unemployed.
The objective of work relief,
as distinct from the dole, he ad-

a basis sufficient to provide ad-

body and soul together.

Tennessee Has Never
Amended Constitution

KNOXVILLE, Tenn. (AP)—
Tennessee's 68-year-old constitu-
tion is the only unamended con-
stitution in the United States.
Dr. William H. Combs, Univer-
sity of Tennessee political in-
structor, finds.
"The Constitution exists to-
day in exactly the same form as
that in which it was adopted 68
years ago," Dr. Combs writes.
"Everyone of the other 47
constitutions, regardless of age,
has been amended since the adop-
tion of Tennessee's fundamental
law in 1870; in fact, with the
exception of Tennessee, there is
not a state whose organic law
has not been amended since
1912."

\$112,800 In Taxes
Paid In Advance By
Two Chain Stores

JACKSONVILLE, June 29.—
In an effort to assist the State
of Florida in meeting its obliga-
tions to the school system, ad-
vance payments of \$112,800 was
announced early this week by
the executive heads of the State's
two leading chain store organiza-
tions, the Great Atlantic and Pa-
cific Tea Company and the Winn-
Lovett Grocery Company.

The amount represented the
tax which would become due
from the two corporations as of
July 1 on the basis of \$400 a
year per store.

R. M. Smith, vice president of
the Great Atlantic and Pacific
Tea Company, in sending a
check for \$88,000 to State
Comptroller James M. Lee, wrote:
"We are sending this check to
you in advance of the due date
in view of the fact that we un-
derstand there is a temporary
deficit in the State school teach-
ers' fund which we trust this
will assist you in meeting."

W. R. Lovett, president of
Winn-Lovett Grocery Company,
sent a check for \$24,000 on the
60 stores in the chain and wrote
Comptroller Lee: "While we still
feel that the chain store tax
law is unjust and imposes a se-
vere penalty upon our opera-
tions, nevertheless in view of
the fact that the State funds for
the payment of school teachers
are very low, and further that
the money will go to pay teach-
ers and bus drivers their salaries,
it gives us pleasure to make this
payment in advance."

Miss Shinholler Is Honored With Party

Miss Clifford Shinholler was honored by Miss Ruth Hand at an informal party which she gave on Monday afternoon at her home on Park Avenue. After a social hour, the guests were invited into the dining room where refreshments were served around the dining table. The table was decorated with a showy arrangement of dwarf azaleas, and spread with a lace cover. An ice course with mints and nuts was served to the following guests: Miss Shinholler, honor guest, Miss Margaret Cox, Miss Edna Cottenden, Miss Carol Stone, Mrs. Allen Mosley, Mrs. S. O. Shinholler, Mrs. S. O. Shinholler, Jr., Mrs. Fred Hall, Mrs. F. S. McCauley, Mrs. Jean Adams, Mrs. M. Mironik, and Mrs. James Wright.

Tunncliffe Honored With Birthday Dinner

The birthday of W. H. Tunncliffe was celebrated at a dinner party which was given last evening by Mrs. H. B. Lewis at her home on Magnolia Avenue. Zinnias were used as the floral decorations in Mrs. Lewis' home, and the dining table held a center arrangement of various colored zinnias. Impromptu toasts were given by the guests during dinner, and R. J. Holly gave a toast in rhyme to Mr. Tunncliffe. Mrs. Lewis' guests for dinner were: Mr. and Mrs. W. H. Tunncliffe, Mr. and Mrs. R. J. Holly, Mr. and Mrs. H. J. Lobman, and Mrs. E. R. Davis.

Organ Concert Given By Claude Murphree

An organ concert of brilliant and varied selections was given by Claude Murphree of the University of Florida last night at the new Moller Pipe Organ of the First Methodist Church. Mr. Murphree chose for his concert numbers which showed the various stops and combinations of the organ. At the conclusion of his program when the audience was invited to view the organ at close range, he played many request numbers.

The Rev. Paul Redfern, pastor of the First Methodist Church, introduced the organist, and expressed appreciation for the generous contributions and cordial support received by the church in the purchase of the new organ.

The organ committee on behalf of the church, expresses thanks to the following for their generous donations of flowers and palms: F. S. McCauley and Jack Hadler and Randall Sloan of the Leeching Nursery. The flowers which were donated have been sent to the sick throughout the city.

The program of organ music offered by Mr. Murphree was as follows:

1. Chorale in A Minor, César Franck.
2. One of the outstanding works of modern times for organ. There are three principal themes; the agitated arpeggio figure of the beginning, the chorale, and the serene melody of the middle section.
3. A Sylhan Idyll, Gordon Bach.
4. Flight of the Humblebee, Rimsky-Korsakoff.
5. Love's Old Sweet Dream, Mulloy-Lemare.
6. Toccata and Fugue in D Minor, J. S. Bach.
7. Scherzo from Fourth Organ Symphony, Widor.
8. Dreaming, E. S. Stoughton.
9. The Squirrel-Scherzo, Powell Weaver.
10. Cradle Song, Brahms-Bedell.
11. Variations De Concert, with pedal cadenza, Bonnet.

CROWS ONE BIG LEMON COLORADO SPRINGS—(AP)—The lemon is hardly native to the Pikes Peak country but Mrs. R. J. Newwanger has just completed her usual "lemon harvest."

She plucked a lemon 18 inches in circumference—enough for three pies—from the lemon tree that grows in winter within her house and in the summer outside in her garden. The tree is potted and bears only one gigantic lemon at a time.

Corley Hurls Three-Hit Ball To Down Lookouts, 6-0

Three Costly Errors By Locals Aid Azalea Club

Dutch Schneider Touched For Nine Hits By Palatka Crew; Herb Thomas Leads Hitters With Four

Behind three-hit ball by Frank Corley, the Palatka Azaleas blended nine hits off Dutch Schneider with three costly errors and walked off the Municipal Athletic Field last night with a 6-0 victory over the Lookouts.

Corley, on the hill for the Thomas outfit, was pitching his greatest game of the season as he held the locals at bay throughout the entire tilt and not one time did he have any trouble.

He fanned a total of eight Lookouts, walking two. He hurled five hitless innings of baseball which were broken in the sixth, when, with two men out, Bob Pitman of the Sanford outfit singled to right field. Not again until the eighth did the Lookouts get another blow as Pitman came up with his second hit of the night, a double to the right-center field wall.

Billy Moore secured his only hit of the night in the ninth when he singled to left field.

The Azaleas got to Dutch Schneider of the Lookouts for nine hits. However, the hits were well scattered. Costly errors put the Dutchman in the hole numerous times during the game. Schneider walked four of the visitors while fanning a total of seven.

The Azaleas started scoring in their half of the third inning when Oechialini singled, went to second on a short single to right by Thomas, who was the hitting star of the tilt with four singles

Semi-Pro Club Organized To Represent City In Tourney

W. R. McCracken To Manage Group Of Local Players To Enter Tournament In Daytona Beach Tuesday, July 5th

W. R. McCracken, manager of the Sanford Semi-Pro Club, a semi-professional organization which has been recently organized, announced yesterday the team will undergo its initial official workout of the season today at the Sanford Municipal Athletic Field in preparation for the opening game of the Florida State Semi-Pro Tournament slated for Tuesday afternoon on July 5.

The club has been spotted with purely local talent with such players as Herbert Moses, Cecil Rines, Leslie Harnage, Billy Zaeny, Johnny Morgan, Bradley Odham, Darrell Ferguson and many others composing the unit that will represent this city in the second annual session of the national organization.

The club has applied for membership and plans have been completed for the tournament, which will operate on the double elimination state according to Ed Sims, state commissioner of Daytona Beach, where the state and Halifax district tournament, of which Sanford is a part, will be played.

The local organization has undergone several unofficial im-

Lookouts To Play Palatka Tonight In Azalea City

Bill "Rawneck" Rodgers and his Sanford Lookouts will meet Herb Thomas' Palatka Azaleas tonight in the flower city. Manager Rodgers of the Lookouts has announced that Charlie Atwater, who has won eight games for the Lookouts while losing seven, will take over the mound duties with either John Contreras or Johnny Adz in the catching department.

Manager Thomas of the Azaleas may send Frank Hudson to the hill to face Atwater with either Tom Halup or Jeff Emerson behind the platter. The lineup for the Lookouts will include Billy Moore in center field, Joe Duljack in left field, Eddie Davis on first base, Mayo Langston in right field, Bob Pitman on third base, Roy DeLamus on shortstop, Contreras or Adz catching and Atwater hurling.

The lineup for Palatka will include Oechialini on third base, Sloan in center field, Thomas on second base, Lutz on first base, Kinard in left field, Trammell on shortstop, Schmidt in right field, Halup or Emerson catching and probably Frank Hudson on the mound.

'The Adventures of Robin Hood'

(THE STORY THUS FAR)
As champion of the oppressed Saxon people, Robin Hood (Errol Flynn), has turned outlaw and with a merry band continues to harass the cruel Norman oppressors. An unexpected turn, however, finds Robin and Maid Marian (Olivia de Havilland) a Norman lady, falling in love. "The Adventures of Robin Hood" is a Warner Bros. Technicolor picture.

Knowing Robin Hood to be best archer in all England, Guy holds contest as trap. Disguised as a drunken Robin enters, competes.

When the linker wins, conspirators know this man must be Robin Hood. Robin is presented with a golden arrow by the plumed Maid Marian.

Noble Robin Hood falls victim to the strategy, soon on way to be hung. See tomorrow's story sheet and find out what happens. (Continued)

A First National Picture in Technicolor — with Errol Flynn, Olivia de Havilland, Basil Rathbone and Claude Rains. Directed by Michael Curtiz and William Keighley. Music by Erich Wolfgang Korngold. Screenplay by Norman Kelly Rains and Seton I. Miller. Coming Sunday and Monday.

Extension Of Good Neighbor Policy Urged

Roosevelt Says Same
Attitude In Rest
Of World Would Succeed If Striven For

Lays Cornerstone For Fair Building

States Western World
Concerned In Con-
troversies Elsewhere

NEW YORK, June 30.—(AP)—President Roosevelt declared on the World's Fair grounds today that the American republics believe the good neighbor policy could succeed on the rest of the globe "if the spirit which has behind it were better understood and more actively striven for."

The President chose the laying of the cornerstone for the fair's federal building to make his new declaration against war and to stress the importance of good neighborliness.

"All of us realize of course," he said, "that affairs of many parts of the world are, at this time, somewhat distraught. Such conditions necessarily accompany wars and rumors of wars."

The President noted that "we in this hemisphere are happily removed, in a large measure, from fear and from the controversies which breed it. In larger measure, however, we cannot remain so, especially because we are so intimately and so friendly and so good relations with all nations."

"With that in view, the President urged extension of the westward hemisphere spirit to the rest of the world."

"We are against war and have signed among ourselves quietly to discuss differences in such way that possibility of war has become remote. That policy involves also matters of trade and matters affecting the interchange of culture."

He said the World's Fair here and the one at San Francisco would do much toward encouraging world peace.

From the cornerstone ceremony the President went across the fair grounds to the educational building where he was to address the closing session of the National Education Association convention.

Kennedy Denies James Roosevelt Got Him His Job

NEW YORK, June 30.—(AP)—Joseph P. Kennedy, ambassador to Great Britain, yesterday announced as a "complete unadmitted lie" an assertion in a current magazine article that James Roosevelt, son and secretary to the President, helped get him his ambassadorial post and helped him as well to become "the premier Scotch whisky salesman in America."

The article, by Alva Johnston in the Saturday Evening Post, dealt mainly with young Roosevelt and his career as an insurance salesman.

Kennedy commented on the story as he sailed for his London post.

Reading the section applying to him he commented with a grin: "I admit I am the ambassador Scotch whisky salesman in this country. I do like, however, to be the best in everything."

Three Powers Set New Battleship Tonnage

LONDON, June 30.—(AP)—An agreement among the United States, Britain and France setting limits on battleships at 45,000 tons with 16-inch guns was announced in the House of Commons today by Alfred Duff Cooper, First Lord of Admiralty.

The agreement was a sequel to the decision of the three powers to abandon the 35,000 ton limit of the London Naval Treaty of 1936.

Divorces Reach Highest Peak In History Of Florida During 1937

TALLAHASSEE, June 30.—(AP)—There were 7,882 divorces granted in Florida during 1937—the greatest number during any year in the history of the state.

The Bureau of Vital Statistics said the "big depression year" of 1938 showed fewer marriages and divorces than any other year during the ten years from 1927 to 1937. The totals were 15,310 marriages and 8,542 divorces.

Control Group Cites Defects In Market Pact

Committee Believes
Improvements Will
Result From Experiences
Of Season

The celery control committee today released a compilation of the defects and the difficulties which in its opinion have hindered the efficient operation of the celery marketing agreement during the past season.

There appears at first glance to be a formidable list of troubles but the committee believes that the lessons of this season's experience will reflect improvements in the future, the report said.

H. F. Steele, in charge of the local control committee office since Secretary J. C. Leticie left to take over other government duties, stated that the committee would later release a list of recommendations for remedying these difficulties.

The lack of a stated shipping policy was listed as the first defect. It was pointed out that a fairly uniform policy had been followed but the lack of a pre-season statement had left many shippers and growers in doubt as to what to expect.

Late organization was also listed as a difficulty by the committee. The committee was organized in January, which, it was pointed out, was too late to get planting schedules established of free procedure and train personnel.

No full accounting of the available celery was given by shippers. The system of reports from ship to the control office, and the system of allotments and assessments, but did not account for all celery. Therefore, a check on individual growers, intra-state shipments, and abandoned fields was impossible. It was pointed out also that a few delayed reports hampered seriously the work of the committee.

Field estimates when made to the committee were also listed as a difficulty.

Crofton To Become U Of F Alumni Head

GAINESVILLE, June 30.—While haired 19-year-old Lemuel Curtis Crofton, Titusville attorney, tomorrow, without pomp or ceremony, becomes president of the University of Florida Alumni Association.

Duly elected last November at the university's annual homecoming, Crofton became the first alumni president to head the association under the new constitution and charter unanimously adopted seven months ago and which provides for active and representative on the basis of chartered local clubs.

Crofton succeeds Charles H. Overman, Bagdad, who in the closing months of his administration devoted himself to organizing 47 clubs, all but one of which are within the confines of Florida and which enables President Crofton to begin his year with a situation unprecedented in alumni affairs in this state.

PWA Funds Allocated For State's Colleges

WASHINGTON, June 30.—(AP)—Aides of Senator Andrews of Florida said today the Public Works Administration had allocated \$1,233,374 for construction of buildings at the University of Florida and the Florida State College for Women.

The allocations included: a dormitory at the women's college, Tallahassee, a \$250,000 loan and a \$111,000 grant; a dining hall at the women's college, a \$145,000 loan and a \$118,524 grant; a dormitory at the university at Gainesville, a \$98,000 loan and a \$98,000 grant; a dormitory at university, a \$176,000 loan and a \$144,000 grant.

City To Ask Bids For Two Wells In Fort Mellon Park

Commission Discusses
Erection Of Traffic
Light On 13th Street

The City Commission last night instructed City Clerk Frank S. Lamson to call for bids for two artesian wells in Fort Mellon Park and gave him authority to accept the lowest and best bid.

The meeting might have been held from Monday night due to the absence of Mayor Higgin and City Clerk Lamson who were out of the city on official business.

Members of the commission considered erection of a stop light at the intersection of 13th Street and French Avenue.

The intersection is declared to be a dangerous one and the Commissioners voted a stop light was necessary but the point was brought out that when the stop light buses green, cars might start across the railroad track when a train is approaching.

At the last meeting it was suggested that in order to prevent such an occurrence, some arrangement be made with the railroad officials. Mr. Lamson wrote to George Rollins, superintendent of the Atlantic Coast Line, to ask for suggestions. Mr. Rollins replied that large signs placed 300 feet on each side of the intersection might help. The Commission felt that this would not be entirely satisfactory and decided to ask George H. Fowler, who is in charge of the Florida State College for Women, to become U of F Alumni Head.

8,454 Brands Of Fertilizer Are Offered Growers

TALLAHASSEE, June 30.—(AP)—The Florida growers and gardener may make his fertilizer selection from 8,454 brands and 1,605 special mixtures.

Records of the agriculture department's inspection division show that many different kinds of fertilizers have been inspected and licensed for Florida sale.

The big number is necessary because of requirements to meet various conditions of soil, weather, crops and moisture.

One company has 577 different brands inspected for the Florida trade. It also has 51 special mixtures. Another company offers 446 brands, while a third has 392.

Fertilizer consumption has increased from 247,422 tons in 1933 to approximately 450,000 tons in the past 12 months. The State charges an inspection fee of 25 cents a ton.

DeValera Re-Elected Irish Prime Minister

DUBLIN, June 30.—(AP)—Born Eamon DeValera, backed by the newly won majority, was re-elected prime minister of Ireland by Eil Eireann. The vote was 78 to 48.

It was chiefly a test of DeValera's Fianna Fail party, victorious in election of June 17, and William T. Cosgrave's Fine Gael. Labor members and some independents did not vote.

DeValera is believed responsible for 90 per cent of cases of baldness.

New Cage Constructed For African Leopards At Zoo

Excitement prevailed at the Municipal Zoo this morning when the two African leopards were turned into their new cage.

The cage is 16 feet high and inside there is an oak tree with part of the limbs lopped off. This provides a home for the big cats much like their native habitat. It is built on a concrete base and has an entrance to a smaller one on the outside. The larger cage is covered with a concrete wall on the top as well as the sides.

This morning the zoo at 10 o'clock, pulled the partition between the two cages but the leopards were rather wary and hid behind their old quarters through the opening several times, refusing to make any move until they were out of the new cage.

After about five minutes, the female slipped into their new home and began to explore, and in a few moments her mate followed.

They seemed bewildered by their new surroundings and eventually snuffed at the corners as they made their way around the cage time after time.

Presently they began to grow used to the situation and the female playfully nipped her mate and he retaliated with a snarl.

Cash Case May Lead To Broader Laws On Rewards

TALLAHASSEE, June 30.—(AP)—The James Cash kidnapping slaying may result in laws giving Florida county commissioners broader authority to offer rewards for arrest and conviction of criminals.

When Dade county commissioners offered \$1,000 reward for capture of the Cash boy's slayer, they did so without definite authority.

Now commissioners have joined in recommending that the 1923 Florida Legislature amend laws so that clear legal authority would be conferred in offering rewards.

Commissioner Cecil A. Turner of Miami said he and his fellow commissioners would have been personally responsible for the \$1,000 reward in the Cash kidnapping if some taxpayer had filed court action to enjoin such a payment.

The reward never was paid because information that led to the arrest of Franklin Pierce McCall was developed by federal agents and Dade county officers. Such rewards are not paid to law enforcement officers.

CASH MONEY RETURNED

MIAMI, June 30.—(AP)—The Federal Bureau of Investigation was directed yesterday by Circuit Judge H. F. Athinson, to return to James Bailey Cash, Princeton, Fla., \$9,995 of the \$10,000 ransom money paid Franklin Pierce McCall, convicted kidnaper, for the return of his son.

Earthquake, Deluge Kill 100 In Japan

Hurricane Is Reported
Headed For Islands
From China Sea In
Wake Of Disaster

297,379 Homes
Are Destroyed

Chinese Believe Jap
Forces Are Prepar-
ing For New Thrust

TOKYO, June 30.—(AP)—A typhoon howled toward Japan's islands in the wake of two days of horror in which at least 100 persons were killed and 200 others were missing.

Tokyo was virtually isolated by the heaviest deluge of rain in Japan's recorded history and by an earthquake which leveled houses and disrupted rail and wire communications.

The central meteorological institute warned all cities in southern Japan to be prepared for a tropical hurricane blowing northward across the China Sea.

The police survey showed 297,379 homes destroyed or damaged throughout the nation and 104 lodges shown. Isolated reports from the north indicated there had been a second earthquake and a total of at least 147 fatalities.

Most of the deaths were in Tokyo and Yokohama. Many rivers burst their banks and children were drowned. In China fighting was reported. A typhoon more than 12 inches across fell between dawn and midnight Wednesday.

A cliff behind the Tokyo mansion of Baron Takahira Mitsui crashed down on 12 houses burying 10 persons, 10 of whom were known to have been killed.

Ten others were killed similarly in Yokohama, and in Kanagawa prefecture 76 deaths were reported.

Forty deaths were reported in scattered regions.

The deluge broke every record since Japan's meteorological observatory was established 80 years ago. Police said 160,000 homes in Tokyo alone were inundated with the water level in many reaching to the second floor.

Emergency calls were broadcast mobilizing thousands of rescue workers from servicemen's societies and other organizations.

In China Chinese military authorities expressed belief Japan was preparing for a new thrust into the heart of China south of the Yangtze River to cut the main line of communications linking Hankow, the provincial capital with the outside world.

He admitted that the Matowchen boom defenses herring Japan's advance advance some 175 miles below Hankow might soon give way under the relentless pounding of Japanese air bombers and gunboats.

As the Matowchen boom, a barrier of junk punks, was being shelled blasted away, Chinese expressed growing apprehension that the Japanese planned an overland offensive below the Yangtze toward the important Hankow-Canton railway.

The Chinese suspected the invaders were planning to cut the railway, source of supplies for the outside world through Canton, at Changsha, in Hunan Province about 250 miles southwest of Hankow.

It was pointed out the steady rise in the level of the Yangtze made the Matowchen boom more vulnerable and brought nearer the time when Japanese gunboats may pass it.

Furthermore the Chinese virtually admitted the mud forts about the boom, mounting old guns, were inadequate to halt Japanese warships once they get within close range.
