HINDENBURG IN HARMONY WITH CABINET HEAD

German Cabinet Will Remain In Office With No Change In Foreign Policies

Brno Question Drawing Attention
Significance Recent Election Will Be Fully Explained

BERLIN, Apr. 29.—The German cabinet held a meeting Tuesday night and, after listening to a report by Chancellor Luther on his conference yesterday with President Hindenburg, agreed unanimously to remain in office. His decision was arrived at on the ground that there was nothing in the German constitution which required the resignation of the cabinet on the occasion of the election of a new president.

Luther Tuesday carried the cabinet government's official declaration to Hindenburg, who, according to Gross Schwaebler, they used the inauguration program to present political matters in cabinet and Dr. Luther then returned to Berlin to make his report.

In the conclusion of the cabinet meeting, which was attended by all ministers at present in office, it was said that Field Marshal Hindenburg and Dr. Luther had had a full and frank discussion of the Reichstag election. It was said that the Reichstag election, which is a definite impression that the government will not be in danger and that he formally request it to remain in office to present make up, notwithstanding the fact that it contains no element of any controversy. Such a procedure would, in the opinion of political leaders, indicate a desire on the part of Hindenburg to retain the cabinet government.

The German cabinet will address a meeting of the Reichstag tomorrow. He will refer to the significance of the presidential election in its bearing on internal and external affairs. This will be in line with a government statement on the subject and will be intended to dispel the immature manifested by the Hindenburg election.

There has been some apprehension in the circles about Von Hindenburg having any possible influence on the cabinet. This apprehension is said to have been caused by the personal animosity of the President-elect, who is steadily expected, by the cabinet, to be a strong oppositionist in a political course which would be in opposition to his campaign.

Field Marshal Hindenburg will be formally inaugurated May 30 under the Republican form of government. The Socialist leader, who is the chief opponent of the cabinet, will be present.

ENGLAND BACK ON GOLD BASIS, COMMONS TOLD

Churchill's Speech Upon Budget Is Considered Most Important of Any Made In Past Few Years By Him

Far-Reaching Plan Of Insurance Given
Income Taxes Are Reduced On Earnings Under 1,000 Pounds; Supertax Is Cut

LONDON, Apr. 29.—Great Britain has returned to the gold standard. This announcement was made by Winston Spencer Churchill, chancellor of the exchequer, in what is considered the most important budget statement of modern times. The restoration of the gold standard, dating from Tuesday, is put into effect by a special license to the Bank of England to export bullion which will operate pending formal lapsing in Dec. 31 next of the 1920 act prohibiting the export of gold bullion.

Chancellor Churchill faced a crowded house of commons, his audience heeding the great oration and including no less than eight former chancellors. Apart from his leading store, the return to gold, the budget was of great importance for it contained something for all classes—sixpence off the income tax on earned incomes under 1,000 pounds for the middle classes, alleviation in the super tax for the wealthy, and a scheme of compulsory insurance for the working classes, which next year will give the widows of insured men 10 shillings weekly for life, with five shillings weekly for the eldest child and three shillings for each other child under the age of 14, also eventually old age pensions payable at 65 years, instead of 70, as now, and without any test as to means.

Another important announcement by the British chancellor was that American credits were being arranged for to the amount of not less than \$200,000,000, but these would be used only if and when required.

Faithful to Premier Baldwin's pledge to abstain from any taxation of food, Mr. Churchill has introduced in a certain measure imperial preference and the McKenna duties, the latter having to do with foreign films, motor cars, motor-cycles, clocks, watches and musical instruments, all of which the United States exports heavily to England, and also has placed protective duties on silk hosiery.

The total expenditure, provided for in the budget, is 799,000,000 pounds and he estimated the revenue for the current year, at \$25,000,000,000. The interest on the British national debt had been reduced 70,000,000 pounds since 1920, and the chancellor declared, it was most important that the policy of debt repayment should be continued.

Robert White, owner of the motor boat, asserted he and his three companions were tending the lobster traps when pursued. They were released on their own recognizance.

The Mousmea, coast guard officer said, was under bond of \$2,000 from a previous capture last October when she was called the Mousmea. At that time 150 cases of liquor were found aboard her.

Florida unseasonably warm and droughty. Oats and tobacco in north and west and truck in central portion damaged. Bulk of tomato crop shipped from Southeast coast and plants doing well elsewhere.

Large shipments of potatoes from north and central portions. Perry shipments decreased. Early cotton fruiting in central portion late seeded slow in germination in north and west and poor stands. Citrus leavings on some upland ships shipping pineapples from Indian River district. Setting of sweet potatoes delayed.

Scientists Have Different Views On Einstein Theory; Convention Ends At Capital

Papers Read At Annual Meeting Bring Out Many Divergent Views On Celebrated Theory Relativity Of Frenchman

Medals For Research Work Are Presented
Experiments Conducted In 2 Places Prove That Solar System Is Moving In Space

WASHINGTON, Apr. 29.—Contradictory views on the Einstein theory of relativity were expressed in papers read Tuesday before the annual meeting of the National Academy of Sciences, which ended tonight at which the Daniel Guggenheim medal for 1924 was awarded to Abbe Henri Breuil, European archaeologist, and his paleontological researches, and the Mary Clark Thompson medal was given to John Mason Clark, New York geologist.

Dr. Dayton C. Miller of the Case School of Applied Science, Cleveland, Ohio, told the academy today that experiments conducted during the last four years, at Cleveland and Mount Wilson, Cal., pointed to the conclusion that there is a relative motion of the earth and the ether, "the latter existing as a wave moving through space. This tends to disprove the Einstein theory, he said, which is predicted in part on experiments conducted in 1887 by A. Michelson of the University of Chicago and the late E. W. Morley, who concluded that there was no drift of ether.

Hale Supports Theory.
Dr. George Elliott Hale, honorarary director of the Mount Wilson observatory, announced that his director, Dr. Walter S. Adams, had received months ago, Zimoview's Einstein theory in photographing the spectrum of the faint companion star of Sirius, the rightmost in the heavens.

Dr. Adams has now accomplished with the 100-inch Hooker telescope the difficult task of photographing the spectrum of the companion star and measuring the position of the lines in its spectrum. "He has found them to be shifted toward the red end of the spectrum by an amount in close accord with Eddington's prediction. These results thus tend to confirm Einstein's theory of relativity, and also Eddington's theory of stellar constitution.

The international importance of this communist move outweighs the internal however. As the World News Service cables announced, the program of world revolution has failed. When the executive committee of the German communist party offers to unite with its enemy socialists—seemingly who could be impressed on sight in Russia—the drama of the failure of heightened. The communist international has given all hope of revolution in Germany, the one country, as Lenin saw it, where communism had a real chance to succeed.

Washington News
WASHINGTON, Apr. 29.—The German election continued today a subject for serious thought in Washington.

Naval officials declared important lessons would result from the Hawaiian maneuvers.

Reorganization of the prohibition unit was indicated by Assistant Secretary Andrews.

William S. Culbertson of Kansas, vice chairman of the tariff commission, accepted the post of military attaché to Banagui in England's return to a gold basis was hailed by the treasury as a reconstructive step of first importance.

NEW LAW FIRM ORGANIZED HERE BY 2 ATTORNEYS

DeCottes and Spencer Merge Interests and Form Partnership Effective On Friday; Both Have Large Practices

DeCottes & Spencer is the name of a new legal firm which makes its bow to the public on Friday, May 7, according to an announcement made today by George A. DeCottes, a senior member, who with G. W. Spencer, Jr., form the partnership.

Merging of these two attorneys brings together two of Sanford's most prominent men in the legal profession and forms what is declared to be one of the strongest law firms in this part of the state. Both members have long been residents of Sanford. Mr. DeCottes has lived here since 1907 and Mr. Spencer since 1913.

Mr. DeCottes has been active in his profession since several years prior to his removal here from Jacksonville. During his residence in Sanford he has held many public offices by aiming with the formation of Seminole county in 1912. Mr. DeCottes served for three years as prosecuting attorney for this county.

For four years prior to Jan. 1 of this year, Mr. DeCottes filled the office of state's attorney for the Seventh Judicial District. He has also held the office of attorney for the Seminole County Commissioners since the county was organized in 1912.

Mr. DeCottes has acquired a state-wide reputation for prosecution of criminal cases, his work being notable in this line if endeavor. Not only has he participated in a large number of other criminal cases during his term as state's attorney and in his private practice, but he has also acquired a large client list in the work of which has brought him to practice in all of the courts in this county.

Senator Moses Declares He Will Not Aid Dawes Proposed Senate Reform
WASHINGTON, Apr. 29.—Vice-President Dawes will receive no support from the president pro tempore of the senate, Senator Moses, Republican, of New Hampshire, in his effort to revise the rules of the senate. That became evident Tuesday when Senator Moses upon his return to Washington discussed General Dawes' recent address in Old North church, at Boston.

"The vice-president's attack upon the rules of the senate aroused such warm enthusiasm and was given such warm reception, said the New Hampshire senator, "that the temperature dropped to 18 degrees above zero, and six inches of snow fell."

Predicts No Changes.
Senator Moses, who is a member of the rules committee, predicted that, despite efforts of Vice-President Dawes during the congressional recess no material changes in the rules would be made at the next session of the senate.

"I am looking for tax reform at the next session of the senate," he continued, "and it will not fail because of the rules of that body, which work well enough when the

MERCHANT IS BADLY INJURED BY POLICEMAN

Arthur E. Yowell And Fred B. Dyson Have An Altercation Which Leads To Suspension Of Officer From The Force

Probe Of Altercation To Be Conducted Soon
Merchant's Injuries Said To Have Been Caused By Hard Object; Dyson Enters Denial

Suspension of F. B. Dyson from the Sanford police force pending an investigation of an alleged altercation between him and Arthur E. Yowell, head of the Yowell Company of this city, was reported at police headquarters today. The officer was suspended Tuesday morning following the disturbance which is said to have occurred during the late hours of the previous night.

The altercation occurred near the Seminole Hotel when the officer is said to have placed Mr. Yowell under arrest and the latter resisted. The argument which led to blows later, was started in front of the Seminole Hotel and a few minutes later when the officer and Mr. Yowell were walking toward the police station, the fight started.

Mr. Yowell emerged from the combat with a three-cornered cut on his forehead above the right eye. The cut is said to have penetrated the skin to the bone. Investigation of the matter awaits recovery and return of Mr. Yowell, who is now on a boat in Lake Monroe.

While his injuries are said to be of a painful nature, Mr. Yowell's condition is declared not serious and reports today said that he was resting comfortably and it is expected that he will be able to return to his business in a few days.

Suspension of the officer and the events which led up to it have been summed up by Mayor Lake, who declared that he learned from the night clerk at the hotel that the trouble brought on between the two men started when the officer approached Mr. Yowell and another man known as "Brownie" as the two were sitting in swings in front of the hotel.

Neither of the two men was loud or boisterous in his talk, the mayor said, but the officer is declared to have antagonized the two by his method of approach. After engaging with them in a few minutes of animated conversation, the officer is declared to have walked on down the street and a few minutes later returned to the scene whereupon the argument was resumed.

Heated words ensued which, the mayor said, Mr. Yowell told the officer that when the two were placed on an equal footing that he would "kick your butt" and "kick your account of some remarks alleged to have been made by the officer against Mr. Yowell. In reply to this statement Officer Dyson is declared to have removed his coat (Continued on Page 8.)

Kiwanis Club To Sponsor Welfare Board Of County
The Sanford Kiwanis Club at its luncheon-meeting today voted to sponsor the support of the County Welfare Board which reports that it has no sufficient funds to carry on the work.

A committee will be appointed by President Brownlee, of Kiwanis, to solicit funds and to appear before the county and city boards in an effort to have the present appropriations increased.

YACHT CLUB IS ORGANIZED AT MASS MEETING

Committees To Start Intensive Campaign For Members, Number Is Limited To 150

Major J. R. Emory Made Commodore
When 75 Citizens Are Pledged, Clubhouse Will Be Built, Is Plan

At an enthusiastic meeting of Sanford citizens Tuesday night, the Sanford Yacht Club was organized and plans for the conducting of an intensive membership campaign were launched.

Officers elected were: Maj. J. R. Emory, commodore; Howard Hulick, vice commodore; Arthur E. Yowell, captain; Judge W. E. White, secretary; Frank R. MacNeill, treasurer.

In address to these officers, a board of governors was chosen composed of Roland L. Dean, Col. George W. Knight, R. J. Holly, Randall Chase and Dr. A. W. Epps.

The following committees were named:
Membership—R. L. Dean and Edward L. Markell.
House—Arthur E. Yowell, R. H. Berg and M. B. Hutton.

Club flag emblem, uniform design and ceremonies—A. E. Platt, Elton J. Moughton and H. R. Stevens.

The membership committee, it is announced, will start immediately a campaign for bringing the membership up to the constitutional limit, which is placed at 150. It was announced that when 75 members had been obtained, erection of a club house would be started.

In telling of the importance of the material and social welfare of Sanford of the formation of a yacht club here, Commodore Emory, in part, said:

"To my mind Sanford's location relative to Lake Monroe and its navigable water-way to the north, makes it almost essential, in fact a necessity that we have a yacht club, otherwise I do not see how we can enjoy the beautiful surroundings of the wonderful possibilities of such a body of water or how we can properly attract outside people to visit our city.

"Especially is this true not only to tourists in general, but of that ever increasing number of yachtsmen throughout the United States. In this connection I happen to know that there were 50 per cent more people who visited Florida last year in their boats than the preceding year and this particular class will rapidly grow due largely to the extensive advertising of Florida as a mecca for boat or yacht owners in the several widely circulated yachting magazines.

FLETCHER TO BE SPEAKER AT BIG GENEVA MEETING

Sanford and Other Cities Will Send Delegations To Take Part In Movement For Cross-State Road

Senator Duncan U. Fletcher Will Be Principal Speaker At The Cross-State Road Barbecue At Geneva Tomorrow, According To Announcement This Morning Of Leon L. LeRoy, President Of The Geneva Chamber Of Commerce.

On account of pressing business connected with the session of the legislature Gov. Martin is unable to attend.

President LeRoy and his committees of the Geneva Chamber of Commerce have prepared an elaborate program of entertainment and it is expected that more than 2,000 will attend. Crystal River, Inverness, Wildwood, Gainesville and other towns interested in the route across the narrow part of the state will send big delegations, it is expected.

The Sanford Chamber of Commerce is planning to be well represented and a motored carrying members and other citizens of Sanford is expected to go from here.

The Sanford delegation will leave at 11 o'clock, the motorcade starting from Central Park. Sanford's municipal band will furnish the music for the occasion, and in addition to the address by Senator Fletcher and the sumptuous barbecue dinner, there will be many kinds of entertainment for visitors.

The purpose of tomorrow's meeting is to draw the attention of the State Road Department to the six mile link from the St. Johns river, which Volusia county refuses to work. The State Road Department will be asked to appropriate an amount from the emergency fund of the department to do this work.

When this link is completed and five miles built in Seminole county, there will be only 15 miles uncompleted in a direct road from Crystal River to Titusville through Seminole county by way of the Titusville Ferry.

It is contended by the backers of this road that its completion will bring thousands of tourists through this section each year. It will be the most direct route from the coast to the interior of the state to the East Coast.

Entire Eustis Block Bought By Railroads
EUSTIS, Apr. 29.—An entire city block has been purchased in this city by the Louisville and Nashville and Pennsylvania railroad companies from Mayor Henry W. Bishop, it has been announced.

A. T. Wade, traveling freight agent for the Louisville and Nashville Railway and Charles J. Keenan, district freight agent for the Pennsylvania system, negotiated the sale. The property is close to the proposed site of the new freight depot of the Atlantic Coast Line. City officials attach some significance to the purchase and expressed the belief that it was a step further in the rumored expansion of railroads in central and southern Florida.

Klansmen Attacked In Bay State Town

Whitinsville, Mass., Apr. 29.—Police plan investigation of the disorders which marked the meeting of the Ku Klux Klan early this morning when 150 klansmen were attacked by 200 men as they left their meeting place.

The klansmen met with a fusillade of stones smashing automobiles windshields and damaging ears otherwise, several klansmen were reported struck by stones.

Three Youths Found Dead Beside Railroad

OCALA, Apr. 29.—Three badly mangled bodies of three youths, the oldest 16, the youngest nine, were found by the railroad tracks near here this morning evidently killed by a train. They were identified as Eugene Mulkey and Louis and Wilbur Boone.

Bail of J. J. Lamb, Bradenton Is Denied

TALLAHASSEE, Apr. 29.—The State Supreme Court today denied the application of J. J. Lamb of Bradenton for bail pending action of a motion for the retrial of the case against him for murdering Harold Gates. Lamb was sentenced to life imprisonment in the March term of the circuit court.

Probe of University Asked in Resolution

TALLAHASSEE, Apr. 29.—An investigation of the University of Florida, conduct and acts of the faculty and all rules and regulations governing the entrance of students to that institution was proposed in a joint resolution introduced in the House today by Representative Gatzen of Sumter.

Gainesville Kiwanis Club Sponsors Free Clinic for Children
GAINESVILLE, Apr. 29.—The Kiwanis Club Children's Clinic held here this week. The clinic will be operated on the basis of free service to the children.

Rubber Shoe Plant Buildings Blown Up
MALDEN, Apr. 29.—The cement and varnish plants of the Boston Rubber and Shoe Company were destroyed by terrific explosion heard for miles and followed by fire. Two employees are known to have been at work where the explosion occurred and are missing and a third is dying at the hospital.

Only Two Cases Are Tried In City Court
Only two cases were tried in the municipal court this morning. R. D. Duncan was fined \$100 and a civil while intoxicated.

Oliver Fletcher, charged with assaulting his \$10 bond to be extracted.

Record In Development Work Has Been Made By Daytona Highlands

DAYTONA, Apr. 25.—It is believed by the developers of Daytona Highlands that a record has been established in actual development work on the property in the past four months.

Since early in December a boulevard has been paved from the city limits of Daytona to the property, a coquina rock entrance to the suburb, said to be the largest and finest in the state and in the use of 4,000 cubic yards of solid coquina rock has been built; 800 acres of splendid building lots have been laid and a white way system extending over four miles has been installed; a real building program has been launched and is well under way; between 50 and 75 casahuate or namental palms and shrubbery have been planted to augment the wealth of foliage already covering the property.

According to officials of the company they are not out to establish sales records alone but development records as well and no expense nor effort will be spared to make Daytona Highland the equal if not the superior of any development in South Florida.

W. R. Lynch, president of the company, sees Daytona and the surrounding country with its splendid agricultural background of which Sanford is the center, as the future greatest city in Florida. "It will only take," says Mr. Lynch, "perseverence, conservative and expert management of development enterprises, elimination of wild-cat promotion and speculation, greater advertising campaigns and whole-hearted co-operation on the part of all interests and individuals to market his section of the east coast of Florida, the most desirable residential section for all-year homes in America."

Bradenton Chapter Of U.D.C. Plans Purchase Of Historic Mansion

BRADENTON, Apr. 25.—Purchase of the Gamble Mansion located at Allenton in which Judah P. Benjamin, secretary of state of the Confederacy, took refuge while effecting his escape from this country to Europe following the close of the war between the states and the conversion of it into a memorial, is the plan on which the members of the Judah P. Benjamin chapter of the United Daughters of Confederacy are fostering now.

The chapter also plans to ask the present legislature to assist in the maintenance of the building and grounds after the memorial has been established.

According to a report made public, Allenton has created a fund of \$1,500 for the memorial and Bradenton had an allotted quota of \$1,000. It was also stated that \$800 has already been raised.

An intensive drive throughout the state for funds for the me-

morial will be conducted, under the plans now decided upon and John T. Campbell of this city, has been elected treasurer of the fund.

Orange Advertising Tax Bill Is Passed

ORLANDO, Apr. 25.—The Chamber of Commerce of Orange county will continue to handle the publicity and promotion work for the county under the provision of a bill which has just passed the General Assembly allowing the county to levy a nine mill tax for publicity work, says a statement issued by Karl Lehman, secretary of the organization. Three years ago the county voted for such a tax levy and the General Assembly then passed a bill allowing the levy for two years. According to Mr. Lehman the new bill makes the publicity tax a permanent levy. The money will be expended by the Chamber of Commerce under the budget system recommended by the Board of County Commissioners.

Kissimmee Citizens Want Construction Lake Locks Rushed

KISSIMMEE, Apr. 25.—Governor Martin, State Senator M. M. Overstreet of Osceola and Orange counties and Representative J. R. Goodwin of Osceola county, have been urged by resolution of the Kissimmee Chamber of Commerce to expedite the matter of building locks in the Kissimmee river.

When the War Department permit was given to lower the surface of Lake Okeechobee, part of the agreement was that the state

of Florida should build certain locks, says the resolution, and according to the report of the district engineer, these locks have not been built. It is pointed out that the fact the State has not built the locks has resulted in difficulty in securing additional federal appropriations for the Kissimmee river.

Congressman W. J. Sears has been active in efforts to get the channel opened in the Kissimmee River and has informed the local Chamber of Commerce that he was recently advised by General Taylor, chief engineer of the War Department that the opening of a channel from Lake Tohopekaliga to Lake Okeechobee had been ordered constructed immediately from

funds previously allotted. "It is the hope of the Kissimmee people," says the resolution, "that the locks in the river will be constructed by the State at an early date in order to get channel maintained and additional federal government assistance."

Realty Men Of State May Go To Convention Aboard Special Train

ORLANDO, Apr. 25.—Plans for the chartering of a train of two sections to carry the delegates of the Florida Association of Real Estate Boards to the annual convention of the National Association of Real Estate Boards in De-

troit during June 23 through 26 are now being formulated by the transportation committee of the association.

"On to Detroit clubs" have been organized and the work of securing a large delegation is well under way, according to N. P. Claybaugh, chairman of the state transportation committee.

Following a compilation of figures submitted by the various Real Estate Boards, throughout the state under the supervision of Walter W. Ross, president of the State Association, and J. L. Wallace, executive secretary, and chairman Claybaugh, it was estimated that approximately 600 members of the association from Florida would attend the annual convention this year.

Wall Paper In Jazzy Designs Going Into Discard, Says Briton

LONDON, Apr. 25.—All the jazz arrangements of stripes, circles and triangles in wall paper are rapidly being schuffled into discard, declared Professor Henry G. Dowling speaking recently before the Royal Society of Arts on the history of wall paper as a decoration of the home.

Immediately after the war a vogue set in for futuristic designs of all kinds, the professor explained, and for a time nothing appeared too extravagant in color arrange-

ment or too wild in motif. In that phase of color decoration beginning to pass and the time is for something more serene. "Whatever you have in your room, think first of the walls. It is they which make your home and your home," asserted Professor Dowling. The artistic treatment of wall space, he maintained, was the first factor in the making of a beautiful home, and the room would have a kind of make-over boarding house appearance unless them if this factor were neglected.

Captain Amundsen has completed final preparations for his trip to the North Pole. He should be surprised if his reception be little chilly in that country.

"Daytona Beach is Sanford's Beach"

Last week we delivered a message to the people of Sanford--- and the people of Sanford responded---

LAST WEEK we delivered a message to the people of Sanford to the effect that Daytona Highlands was a grand investment opportunity and offered to prove it to them at our own expense. The people of Sanford not only read that message but were sufficiently convinced of its genuineness to look into the proposition themselves with the result that a tremendous number of bonafide sales were made to Sanford people; conservative, far-sighted investors who know values.

That these good people are not only satisfied but highly delighted with their purchases there can be no doubt; that they will be far better satisfied and more pleased as time goes on is also a certainty.

Are you going to pass up this opportunity to acquire a home conveniently near the World's Greatest Beach and to make a sound, remunerative investment at the same time and on the same spot? Our phenomenal success of last week has prompted us to continue the extra bus service from Sanford during the present week in order to give others the opportunity to see Daytona Highlands who were unable to get reservations last week due to limited transportation facilities.

Follow the example of scores of other Sanford people. In fairness to yourself see Daytona Highlands.

ARE YOU READY FOR THE FIRST?

These of us who greet the first of the month with fear and trembling—who know that, however we try, we cannot meet our last month's bills—should at least make it the occasion of a real, sincere resolution.

Few of us there are who cannot reduce our luxuries to an extent of saving many good dollars within thirty days. Only the man who knows what it is to meet his bills promptly when due can know the feeling of safety and security that a good credit gives.

Everything we are and everything we get out of this world this is really worth while depends, to a very large extent, upon what the rest of the world thinks of us. And the world doesn't think much of the man who doesn't pay his bills.

Business is built upon credit—good credit. Business is torn down by credit—bad credit. Let's make Sanford a city of builders.

It's never uphill to the man on the level.

Our emblem may be seen in all of the better stores.

PLANS FOR ANNUAL ENCAMPMENT OF WAR VETERANS BEING MADE

The fifteenth annual encampment of the Florida Department of United Spanish War Veterans will be held in West Palm Beach, May 18, 19 and 20. A record attendance is expected as the delegation from each camp will be doubled, the authority for this action having been given by the convention which was held in St. Petersburg last year.

The various committees are hard at work to make this the best department encampment in the history of the organization in Florida. Prizes are to be awarded to the camp and auxiliary making the most mileage, the mileage to be computed on railroad distances for each delegate. A reunion of the old First Florida Regiment is being talked of as a beginner in getting all the strength of this regiment together for the national encampment in St. Petersburg.

The general encampment committee is composed of Comrade J. E. Weir of the West Palm Beach camp, Dr. Alice R. Miller for the auxiliary and J. W. Gooding, secretary of the camp, as general secretary. Many delightful features are being planned, the entertainment committee, which will insure a good time for everyone attending the convention.

At the April meeting of the Col. Theodore Roosevelt Auxiliary, delegates elected to represent the auxiliary were: Mrs. Roy Schmidt and Mrs. W. B. Ballard with alternates being Mrs. J. M. Brady of Orlando and Mrs. A. Heinische of Clearwater.

Others who are expected to attend the reunion are: Past Commander and Mrs. R. A. Terheun, Adj. R. C. Shafer and Mrs. Sheaffer, who is president of the local auxiliary, Mrs. Joannie Rowan, Comrades C. R. Lord, Alfred King, J. G. Sharon and Erikson, Judge Sharon will deliver the memorial address.

Mrs. Henry Entertains Duplicate Club

Mrs. C. E. Henry entertained the Tuesday Duplicate Club and some extra guests at her home on Magnolia Avenue, last evening.

The rooms were attractively decorated with a profusion of spring flowers combined with ferns.

The mantel was banked with palms and ferns. Following the game of Duplicate, most delightful refreshments of two courses were served. Punch was served through out the evening.

Those playing were: Mrs. Fred Walsma, Mrs. H. B. Lewis, Mrs. George W. Knight, Mrs. J. C. Benson, Mrs. S. M. Lloyd, Mrs. George A. DeCottes, Mrs. George D. Bishop, Mrs. F. E. Roumillat, Mrs. Frank L. Miller, Mrs. Walter S. Coleman, Mrs. F. J. Gonzales and Mrs. D. P. Drummond.

Bridge Party Is Given By Social Department

The Social Department of the Woman's Club entertained with another of the delightful bridge parties which have been featured by the department this winter.

Mrs. Howard Overlin as hostess was assisted by Mrs. Archie Belts.

The club was delightfully decorated with great bowls of red roses placed artistically about the room. Preceding the game of bridge, a brief business meeting was held.

The prize for high score, a rose on a teak tray, was won by Mrs. R. S. Holly. Following the game of bridge a delightful ice course was served, each guest was given an old fashion pink for a favor.

Mrs. George D. Bishop Hostess at Lovely Bridge Luncheon

Mrs. George D. Bishop entertained Tuesday with a beautifully planned bridge-luncheon at her home on Magnolia Avenue.

The entire lower floor was delightfully decorated with larkspur in the chosen colors of pink and lavender. The delicious luncheon was served at the perfectly appointed small tables, which were centered with small crystal baskets of larkspur and fern. The place cards and nut cups were delightful suggestions in the colors of lavender and pink, the ice course also being in keeping with the color scheme.

At the game of bridge, which followed the luncheon, Mrs. L. E. Roumillat made high score and was presented a lovely tray. Mrs. Mary Hammel for second high score was also presented a tray. Mrs. F. J. Gonzales was awarded a hand-made handkerchief for the cut prize.

Those present were, Mrs. Bishop, Mrs. George Bishop, Sr., Mrs. George A. DeCottes, Mrs. H. B. Lewis, Mrs. Howard Hulick, Mrs. D. D. Caldwell, Mrs. D. L. Thrasher, Mrs. A. B. Wallace, Mrs. Floyd Palmer, Mrs. Claude Howard, Mrs. B. L. Perkins, Mrs. R. A. Newman, Mrs. Mary Hammel, Mrs. George D. Hart, Mrs. M. S. Wiggins, Mrs. Frank L. Miller, Mrs. Samuel Fulston, Mrs. R. R. Dand, Mrs. Walter S. Coleman, Mrs. George W. Knight, Mrs. F. E. Roumillat, Mrs. W. J. Thigpen, Mrs. E. P. Morse, Mrs. F. J. Gonzales and Miss Kathryn Wilkey.

Delightful Dance Is Given Tuesday Night At Woman's Club

The House Committee of the Sanford Woman's Club with Mrs. R. A. Newman as the able chairman, gave a dance at the club Tuesday evening which was a success in every way both socially and financially.

Pleasing decorations of ferns and cut flowers were used. Attractive favors added much to the pleasures of the evening. Splendid music was furnished by the Brochain orchestra.

Daughters of Wesley Will Entertain Luncheon

The daughters of Wesley will entertain a luncheon at Chuluota Inn on Tuesday, May 5. Those who are requested to attend are: Mrs. S. S. Babbitt at the home of Mrs. Griffin.

Notice

Woman's Club Dance, which postponed from last Friday evening will be held Tuesday evening at the Woman's Club.

SANFORD BEATEN 12 TO 10 IN SLOW GAME BY SAINTS

Carter Uses Three Hitters And Allen Two In Contest Which Started And Continued as Regular Batting Fest

Everybody was hitting Tuesday's game, which was lost by Sanford to the Saints by a score of 12 to 10, the defeat sending the Celery-Fed below the 500 mark in the percentage column.

The Saints made 17 hits off Gray, Snowden and Bryant, the first two yielding 15 to the total. Sanford made 16 hits off Knight and Brown.

Gray, the young collegian, who started on the mound for Sanford lasted only a third of an inning, the Saints pounding him for four hits and three runs within that time. Snowden was sent in to relieve Gray and in the five and two-third innings that he pitched, he yielded 11 hits, netting nine runs for the visitors, bringing their score to 12.

Bryant was sent in at the opening of the seventh and held the visitors to two hits and no runs for the remainder of the game.

While the Saints were pounding the hurlers sent in by Nick Carter, the Celery-Feds were doing the same thing to the mound artists of the visitors.

Knight started off for the visitors and was hit freely for three runs. Brower relieved him at the beginning of the second and was hit for four runs. He then held the locals unless until the sixth, when they were able to score two more on a walk, an error and two hits. Sanford scored one more in the ninth, bringing their total to 10, or just two less than enough to tie the score.

The game was slow throughout and many hits were made which on faster balling would not have been hits, and this applies to both teams. Thompson led in the hitting for Sanford, getting three clouts in five times up. Walzak and Kinsey made two baggers. For the visitors, Messner was the star batsman, getting five hit sin five times up. Brown was credited with the only three-bagger and Doyle got a home run in the sixth.

SAVAGE IS CANDIDATE

TALLAHASSEE, Apr. 29.—C. A. Savage, representative from Marion county, announced here during the last week that he would enter the race in the democratic primary next summer as a candidate for state's attorney for the fifth judicial circuit.

JOHNSON HOLDS BOSTON TO FOUR HITS, 2 TALLIES

Senator Pounds Ferguson, Fuhr and Fullerton For Five Safeties and Equally as Many Runs in Contest

BOSTON, Apr. 29.—Walter Johnson held Boston to four hits while his mates pounded Ferguson, Fuhr and Fullerton for nine hits and nine runs in the first two innings of the game here yesterday. The champions won, 9 to 2.

Score by innings:
Washington 5 0 0 0 0—5
Boston 0 0 0 0 0—2
Batteries: Johnson and Ruoh; Ferguson, Fuhr, Fullerton and P. Clinch.

ST. LOUIS BEATS DETROIT

DETROIT, Apr. 29.—Although Davis was well, allowing ten walks and hitting one batsman, Detroit was unable to hit his offerings and St. Louis won a ten inning game, 5 to 3, here yesterday.

Score by innings:
St. Louis 1 0 1 0 1 2—5
Detroit 0 0 0 0 0—3
Batteries: Davis and Severid; Dausa, Wells, Doyle and Basler.

CHIEF BEATS BLANKENSHIP

CHICAGO, Apr. 29.—George Uhl bested Ted Blankenship in a pitching duel yesterday, holding the White Sox to four hits while Cleveland hit Blankenship with men on bases and won, 3 to 2.

Score by innings:
Cleveland 1 0 0 1 0—2
Chicago 0 0 1 0 0—1
Batteries: Uhl and Myatt; Blankenship and Cruise.

ROLLINS COLLEGE IS PREPARED FOR SWIMMING MEET

College Authorities Expecting Fully 300 Contestants In Annual Meet Next Saturday; \$1,500 In Cups to Be Given

(By Charles E. Ward.)
ROLLINS COLLEGE, WINTER PARK, Apr. 29.—Plans have been completed for the holding of the sixth annual Florida State Intercollegiate Swimming Championship at Rollins college on May 2 and all indications point to the events this year being larger than any ever staged in the entire southland, according to Raymond W. Greene, state commissioner of the Amateur Athletic Union and director of the meet again this year.

When the first starting gun "blows" officially opening the meet on Saturday of this week, the best of the swimming talent in Florida will be assembled in Winter Park to attempt to lower any record of the state records. Mr. Greene said. Fully 300 contestants are expected to be entered in the meet while preparations are going forward for the entertaining of the thousands of visitors and spectators in Winter Park during the meet.

Twenty-four handsome sterling silver loving cups have been offered to the winners of the various events. The collection is valued at \$1,500 and each of the cups will be a valuable addition to any collection it is said. In addition to these trophies, gold, silver and bronze medals will be given to contestants winning first, second and third places in the various events.

St. Petersburg boys won their division of the championships last year and prospects from the "Sunshine City" indicate that training is being carried out daily in an effort to defend the title of the West Coast again this year. Merit medals from Miami managed to win the state title in the girls' division of the meet last spring and although graduation has taken a toll of the Magic City team, others have filled in the places and it is believed the lower East Coast will be well represented.

Orlando High School teams are hard at work and those who have seen the Orange county swimmers in action are predicting that they will place high in the final setting. Daytona, St. Augustine and Tampa are also reported to have unusually strong teams this year and will come to Winter Park with the intention of winning a number of the events.

Artists of Malmesburg Page The King's Barber

MALMESBURG, Wiltshire, Eng., Apr. 29.—The authorities of this city have set themselves the task of ascertaining the color and the cut of the whiskers worn by Old King Athelstan, who died in 925. They have looked through ancient books, studied statues and pored over archives, but up to the present time with no success. They are not discouraged, however, and the search is still going on.

Swedish Match Makers Arc Supplying World

JONKOPING, Sweden, Apr. 29.—A match a day for every man, woman and child in the world is now being turned out by the factories owned or controlled by the Swedish Match Corporation, according to a report issued here.

The average output now amounts to 10,000,000 matches a second, or 10,000,000,000 boxes a year. If placed in a single pile the match boxes made in eight months would reach from the earth to the moon. It is alleged.

The Delco-Light Millions Have Waited For \$195

F. O. B. DAYTON, O.

AS THE world's largest manufacturers of farm electric plants, we have been working for months on the development of a lighting plant that could be sold at a radically lower price—a price so low that it would bring electricity within the reach of every farm home in America.

We knew that a million farm homes were ready for electricity—that a million farmers realized the money-saving, time-saving value of electricity—that a million farm women had learned that electricity would lighten the burdens of farm life and bring new happiness and new opportunities to their families.

A Price That Is Revolutionary

We realized that a small reduction in price would not be enough. It must be revolutionary—drastic. And we wanted to be able to offer this plant on very easy terms—so that every farm home, whether owned or rented, could have the benefits that are so much appreciated on the 200,000 farms where Delco-Light is now in use.

And Now It's Ready

Today the new Delco-Light is ready. It is more than we had hoped. Quantity production—

modern engineering, millions of dollars worth of machinery, research and invention, have produced the Delco-Light that can make all farms electrically lighted farms.

A 600-Watt Non-Storage-Battery Plant

The new plant is a genuine Delco-Light in every respect—full 600-watt capacity, strong, sturdy built, economical in operation. It is equipped with a standard Delco starter and an economical starting battery. And its price is only \$195 f. o. b. Dayton—the lowest price and the greatest value ever offered in a Delco-Light electric plant.

Complete Installation at a Remarkably Small Cost

In addition to this, special arrangements have been made whereby the Delco-Light dealer in your community will install your plant and wire your house for five lights, to be located wherever you specify. You will receive with the plant five beautiful spun-brass lighting fixtures complete with bulbs.

And all of this—plant, installation, wiring, fixtures, everything ready to turn on the lights—will cost you only \$54, in addition to the price of the plant itself.

A Small Down Payment—Balance on Easy Terms

Finally, we have arranged that this new low cost Delco-Light, completely installed, can be paid on terms so easy that anyone can take advantage of them. The total cost is only \$248, including freight (a little more west of the Mississippi). But you make only a small down payment. The balance is payable on easy terms, arranged to suit your convenience.

Ask for Details

Never before has such an offer been made. Never before has Delco-Light cost so little and been so easy to buy. It means that any farm home—your home—can have Delco-Light today.

At the bottom of this advertisement appear the name and address of the Delco-Light dealer for your community. Call on him, write, or telephone for full information—specifications of the plant, illustrations of the fixtures that come with it, details of our complete installation and wiring plan, and the figures that show how easily you can now get Delco-Light.
