Elizabeth Harkey Speaks To S.H.S. Students On "What Is Your Life"

By HERMAN MIDDLETON

Mrs. Elizabeth Harkey spoke on "What Is Your Life?" was the speaker at the annual assembly period of the Seminole High School students yesterday, Mar. 12.

Before Prof. McKay introduced

Mrs. Harkey, Mrs. Roy Adams told "How delighted and pleased

Red Cross was making some young men asked she

to do something for the school."

She also thanked those who had been especially busy in raising the quota.

Mrs. Harkey began by playing

several well known selections on her accordion. "I want to Ward

To Set The World On Fire," patriotic melody, "Song of the

Red Cross," "The Beautiful An-

neurine Award," "The Remembrance Pearl," "Harold," "A Sweet

Mystery of Life," "Dark Eyes,"

and "Gold Mine in the Sky."

Next the speaker declared her

life serving humanity had been

very wonderful, and that it had

been the best part of her life.

After the speaker had finished

she was asked what she thought

of the Red Cross and

the work it did.

She said that the Red Cross

had helped in many ways in

the war.

In conclusion the speaker

told everyone to live a good

life, to help others, and to be

kind to all.

The speaker was introduced

by Prof. J. C. Dawson, who

said, "We are again with

you to thank you for your

attendance at our annual

assembly period."

Japanese Land, Air Forces Stage Heavy Attacks In Bataan

Corregidor and U. S. Positions Raided, Sharp Encounters Occur On Ground

A heavy bombing attack on the Corregidor fortress and American positions in Bataan by 54 Japanese heavy bombers of a new type was reported today by the War Department, which said only slight damage was inflicted.

Several sharp encounters occurred in Bataan as fighting was resumed there, the Department added. Three of the enemy bombers were shot down by anti-aircraft fire.

American artillery laid down a heavy fire on enemy positions in Bataan, and Japanese losses are believed considerable.

The Japanese continued heavy air attack in Burma, according to British military spokesman, but land action was limited to patrols operating in the Toungoo sector.

A considerable Japanese naval force against the Chinese held in the Yangtze River. All of Burma was acknowledged in a Chinese communiqué reporting "vigorous fighting" only seven miles from Toungoo, one of two key points in the British Chinese position.

The first major land battle for central Burma was being fought along the Prome road, 35 miles south of Toungoo on the Ban-gau-Mandalay railroad. British and Chinese troops made a junction in that area last week and in an initial sortie the Chinese killed 300 Japanese.

Initial reports of the battle, published in a Chinese army communiqué here, said it was still in progress. The Chinese forces engaged were a shock force armed with United States battle equipment. It was assumed that they were part of the crack fifth and eighth armies, commanded by Lieutenant General Hillwell.

At the outset, the Japanese appeared to have won the advantage in the battle for air superiority over Burma. The Allies were reported suffering from lack of heavy bombers.

On the Kwangtung front in South China, the official announcement said, heavy fighting was in progress near Chongsha, west of Hongkong, following new Japanese landing on the coast.

Hotelmen Hike Price; Negotiations Dropped

MIAMI BEACH, Mar. 24. (AP)— Brig. Gen. Ray W. Woods said yesterday the Army's air corps has dropped negotiations for the establishment of a replacement center here because of five or six hotel owners liked their prices at the last minute.

They had agreed originally to a price for housing personnel, he said, then unexpectedly asked twice as much.

"The Japs and the Germans are not willing for hotel men to make up their minds as to what they are going to do," General Woods said.

Later, Miami Beach hotelmen unanimously passed a resolution agreeing to lease their facilities to the Army on the Army's terms.

There was no immediate indication that the Army would resume negotiations.

Ickes Asks Citizens To Share Automobiles

WASHINGTON, Mar. 24. (AP)—An appeal was made today by Secretary Harold Ickes, petroleum co-ordinator, for the citizens of the East and Pacific northwest to drive to work in their automobiles with neighbors as means of conserving gasoline and saving tires as well.

The situation on the east coast and Pacific northwest is such as to make conservation and care for the "imperative," said Mr. Ickes.

Mr. And Mrs. Brooke Get Cable From Son

Mr. and Mrs. Sam Brooks of Ossian recently received their first word from their son, Sam and Gerald Brooks, since he was in the Philippines on Dec. 10.

The message was a cable from Australia and was as follows: "Am fine and in good health. Hope you are all likewise."

Price Ceilings Are Placed On 8 Major Articles

WASHINGTON, Mar. 24. (AP)—With permission of allied and Axis nations, the Swedish motor ship Stellar will sail from New York Wednesday with a cargo of foodstuffs, supplies and concentrated vitamins for the starving war-torn people of Greece in the Greek War Relief association announced Monday.

To assure safe passage of the vessel to Piraeus, the Stellar will be specially marked with painted international navigation lights. It will leave New York at night, illuminated at night, and will sail direct and pre-determined course.

President Says NYA, CCC Are Necessary

WASHINGTON, Mar. 24. (AP)—President Roosevelt today opposed a bill to abolish the National Youth Administration and Civilian Conservation Corps, asserting the agencies should be continued as part of the country's effort to help the poor. The Senate budget committee, the President said, felt the "youth agencies have a definite place in the all-out war effort."

Charles Holtzclaw, son of Mrs. Fannie Holtzclaw, who lives at 215 Elm Ave., was appointed a First Lieutenant in the Army Air Corps Saturday and now is visiting his mother here on a week's leave of absence. Lieut. Holtzclaw, who has served with the air corps for 10 years, is stationed at Eglin Field, Valparaiso.

Mrs. Holtzclaw has another son, Britt Holtzclaw, who is in the Navy Air Corps and who recently was recommended for appointment as chief petty officer.

BIBLE VERSE FORTODAY

TEST YOURSELF: If ye love me, keep my commandments—John 14:15.

SALUTE TO GREECE

(From Tomorrow)

WHAT is Greece to us?
How do we stand?
to the little land
under the German plow?
Harassed, broken, what is she
worth today?

"Greece, what does the word
mean?"

Greece and Britain! Each in
little land
rocked by the unmetred sea.
Each has had a people who
have done

Is to be free,
but hers is the older fire.
Remember the gods of Greece
and how the Greek women have
them strong

to save the world,
bring home the day. This
Remember the legend that
the goddesses of Freedom, War
and Love,

and how in the days of old
Valor girded the ears
and the more valiant
Think of the camp at the
feast!

Think of the tales they told,
and how in gold and ivory
dreadnaughts were wrought
by the fire of youth, the fire of
heat.

How shall we prove the little
land under the German plow?
When a man goes to Greece
and comes to be delayed by his
god he must deliver,
or so it is said.

In round terms all he has done
out of his own mouth earning
a middle-aged and older citizens who have not ridden a
bicycle almost since the days when the front wheel was
three times bigger than the rear one:

1) Keep the chain limber by applying graphite, not
grease.

2) The only part of a bicycle that should be oiled is the brake. You'll find a couple of small holes in the rear axle into which light oil should be squirted once in a while.

3) White vaseline should be used in the front wheel cones—removable gadgets on the sides of the front axle—and cup grease on the "crank" from which the pedals extend.

4) Speaking of axles, you can keep them shiny, free of grease and grime, by placing a strip of leather around each one to form a loose loop which hangs free while the axle turns.

5) Does the seat need adjusting? You can raise or lower it by loosening the nut nearest the frame. The nut nearest the saddle is to permit adjustment of the angle of the seat.

6) Handlebars should form a 90 degree angle with the front post. You can raise or lower their ends by loosening the nut on top, raise or lower the post which supports the handlebars by turning the nut lower.

7) Time was when punctured bicycle tires needed rubber plugs or brass plugs, but those days are gone forever. Bicycle tires for the last dozen years have been made with inner tubes. So if you know how to patch an auto tire, you won't have any trouble with flats on your bicycle.

8) Is the chain slipping so that you're doing a lot of peddling without much effect? It probably needs tightening. A mild attack of loose chain can be cured by tightening the rear axle. The remedy for a very loose chain is using the two small screws you'll see protruding from each to remove a link—but you'd better see an expert bicycle repair man for that operation.

9) The repair man is your best bet when you have any doubt about diagnosing a bicycle ailment, or when your bicycle develops any kind of a hiccup at all, for that matter. Tinkering, if you don't know anything about bicycle mechanism, is a good way to jinx it for fair.

The almond tree was blossoming

My wife cried.

I know I am a Greek*

and wide the portal

"A Greek" On high

engaged upon that word! "En-

ter, immortals!"

CLEMENTINE DANE

If the Japs try to take Asia
treats they may find they have
bitten off more than they can
chew. That country is about as
big as the United States.

Coldfied prisoners in a Phila-
delphia jail didn't like the sugar
rationing orders and staged a
riot. They should be told that
for the duration they can't expect
better treatment than honest citi-
zens outside.

Practically every newspaper in
the country, we believe, has pub-
lished an editorial tribute to Gen-
eral MacArthur. That was well
deserved. But how about the men
left on Batan? How about Gen-
eral Wainwright? They deserve
some plaudits too.

Clean Girl

The gentleman stopped to talk
to the wee girl who was making
mud pies on the sidewalk.

"My word," he exclaimed,
"you're pretty dirty, aren't you?"

"Yes," she replied, "but I'm
getting clean—washings."

Who was it over the radio the
other day said the reason Daniel
didn't get hurt in the Boma den
was because he was mostly back-
bone and the rest of him was
grit. If the American people will
ever remember that, some day,
they've got hurt either.

The life of the used-car dealer
isn't what it used to be. Car
sales falling down in their pay-
ments and for improving the good
will of the public.

It's a hard life, but there's
no place like home for a car
man. He's got to be a good
advertiser, a good salesman, a
good service man, a good
neighbor, a good citizen, a good
husband, a good father, a good
son, a good brother, a good
brother-in-law, a good son-in-law,

Hi-Guide Walks Away from Grand Man In Feature

LONGWOOD. Mar. 24, (Special)—Country Rube, one of the outstanding dogs from the now closed Hollywood Kennel Club, makes his debut tonight in the feature race at the Sanford-Orlando Kennel Club.

In one of his schooling races, Country Rube reeled off a 29-second flat effort and wasn't even pressed by the other contenders. Tonight, he meets Smoky Raney, Sun Valley, Grand Man and Natural Roll, plus three other new comers. The new comers

Violent Battle Rages In Region Of Smolensk

Reds Report 600,000 German Troops In Russia Are Going Thru Meat Grinder

(UPI Associated Press) The Russians today continued heavy offensives against the reinforced German lines from Leningrad in the north to Taganrog in the south. The Soviets reported violent battles were developing in Smolensk province west of Moscow, with the Russians in complete possession of 12 districts, challenging the enemy in 10 others.

Soviet front-line dispatches said Adolf Hitler's German armies, hurriedly reinforced by 600,000 troops, were "going through a meat grinder," and that Russian attacks had cost the Germans 140,000 men in killed alone since Feb. 8.

The Moscow radio reported direct between Romania and Hungary had broken out into open fighting between army units on the Transylvanian frontier of the two countries. Casualties were reported on both sides.

More than 30 newly-arrived Nazi divisions were declared to be taking part in fighting ranging from one end of the front to the other with battles in some areas so severe as any witnessed in this war.

But despite this gigantic effort by the Germans, last night's regular Soviet communiques said victory during the day "no substantial changes occurred at the front."

The communiques said that 21 planes were destroyed along the entire front Monday against 18 Soviet losses.

Units of the Soviet fleet operating in the Black Sea were making submarine attacks.

The first Italian held siege to be captured in the Mediterranean since Mussolini's navy suffered its crushing defeat in the Battle of Matapan has been torpedoed in a running battle off Malta, the Admiralty announced last night.

CIO, AFL Unions Make Concession On Overtime Pay

(UPI Associated Press) The United States Chamber of Commerce was accused today by Senator Thomas (D-Utah) of organizing a write-to-Congress campaign which he said would stir up what he called a voluntary agreement between industry and labor to continue the 40-hour week.

WASHINGTON, Mar. 25, (AP)—Yielding to requests from the Roosevelt administration, the CIO and AFL announced last night that the work week will be reduced from 48 hours to 40 hours—the extra pay that had been the subject of fierce Congressional controversy.

The Executive Board of the CIO recommended to affiliated unions that they give up overtime pay for Saturday, Sunday and holiday weeks when pay was not performed with a 40-hour week.

Simultaneously, William Green, president of the AFL, issued a statement saying his organization "has assured the government that it will waive double-time payment for overtime work in all war industries for the duration."

The two developments were tossed into the settling Congressional controversy over modifying the wage-hour law and its requirement that time and a half be paid for work done 40 hours within a single week.

Razor Production Will Be Curtailed

(UPI Associated Press) The War Production Board today recommended straight razors and razor blades curtailed under a limitation program which the WPA will now allow an average of one hour a week to each shaver.

Proposed limits are to reduce the WPA quota, and there will be no demand for further orders in the future.

TALLAHASSEE, Mar. 25, (AP)—The WPA Production Board today recommended straight razors and razor blades curtailed under a limitation program which the WPA will now allow an average of one hour a week to each shaver.

Proposed limits are to reduce the WPA quota, and there will be no demand for further orders in the future.

Japanese Occupy Indian Islands Only 650 Miles From Calcutta

NEW DELHI, India, Mar. 25, (AP)—Japanese forces have completed the unopposed occupation of the strategic Andaman Islands, about 650 miles off Calcutta, in the last of a series of Indian territory. The islands are only 650 miles northwest of Calcutta.

(UPI Associated Press) The Japanese are on the Tengnopya road at Kyunlong today and pushed patrols around the Chinese flanks in the Sittang River sector of the Burmese front. Heavy aerial engagements were reported in progress over the northern battlefield, with Japanese striking at British landing fields and American planes hitting the rear of the main lines.

"Flying Tiger" pilots of the American volunteer group smashed 40 Japanese planes at the Thialand airport of Chiangmai today in a dawn attack which caught the Japanese by surprise, it was announced.

Dropping down from the sky at 7:00 A. M., the U. S. airmen caught the Japanese pilots as they were running to the cockpit of their planes and pumped 3800 rounds of ammunition into both the engines and the plane's wings.

Seven Japanese planes were seen bursting into flames and riddled with machine-gun bursts, dispatches said.

Most of the Japanese pilots were reported killed. But the enthusiasm of the returning pilots over the success of the raid was dampened by the death of their squadron leader, Jack Newkirk.

His plane was seen crashing near the Japanese air field at the end of a low dive, and his body fell to the ground in a spray of machine-gun fire from a Japanese gun mounted on a parked truck near the air field got him.

Meanwhile, Japanese invaders of Burma were driven 28 miles up the Mandalay road under cover of a powerful air offensive, with seven miles of Toungoo, the U. S. volunteer group.

Lasers are mounting as the air war for control of New Guinea increases in ferocity, but with the growing air strength of the Allies.

General George H. Brett's aggressive policy of "go and get it" and Australian machines and guns are dealing out a savage punishment for which the enemy has yet to find an effective answer.

It is becoming apparent here that the outcome of the struggle for New Guinea in the next week or two might well decide the fate of northeast Australia.

So long as the Allies hold Port Moresby with strong air forces, Japanese planes around the northern end of the reefs of a seaborne attack on the Southern Australian coast from the east can be halted.

These naval reefs, stretching Australia at a distance, varying from a few miles to 125 miles from the coast, reach for more than 1200 miles from north of Sydney nearly to the Fly river mouth in New Guinea.

Monday's raid on Port Moresby by heavy bombers sent down 47 aircraft, about the Port Moresby Airfield was a triumph for infants machine-gunned who, in the face of blazing gun from four Mitsubishi fighters, diving down at 1000 miles an hour, stood by their guns and met the raiders with a steady hail of bullets.

Port Moresby dispatches said the Monday attack was almost completely lacking in results.

One Japanese aircraft crashed in a hillside about the Port Moresby Airfield.

Infants machine-gunned who, in the face of blazing gun from four Mitsubishi fighters, diving down at 1000 miles an hour, stood by their guns and met the raiders with a steady hail of bullets.

You already have helped when you bought food, planes, blood, clothing, etc., Dr. Putnam stated, "and I want to commend you for that and urge that you continue to assist this cause."

He cited examples of how lives have been saved by having blood on hand, and added the critical need planned to have 300 or 400 pints of blood or plasma available for instant use.

Frank Shames of the Kowans Public Committee revealed that the International News Service has sent a recent local picture that appeared in the Sanford Herald to newspaper throughout the country. This picture was made at the Municipal baseball field and shows Sanford's "Cleary Queen," Miss Dorothy Sanford, giving candy to a group of Boston Braves ball players. Mr. Shames stated that 48 papers have reproduced this picture, and it is estimated that 100 others will use it.

Written committee reports were turned in by committee chairmen, E. C. Harper, president of the club, and Edward Marshall, president of the Key Club who recently attended the Kiwanis meeting.

Mr. Shames, the club's president, Charles Denley, gave brief talks concerning the Palatka gathering.

Guests present at the luncheon at the Voden Hotel were Dr. Barnes, from the Children's Home, Enterprise, and Key Club members, Edward Marshall and David Gatchell.

\$30,000 Damage Caused By Blaze

ORLANDO, Mar. 25, (AP)—Sixteen new tractors and 64 heavy-duty tires were destroyed yesterday afternoon when a building housing a tractor company.

Fire Chief Marie Bertram estimated damage at \$30,000.

The loss cannot be replaced immediately and Bertram suggested the number of tractors available for the use of the community, the result of Fire Administration command Tuesday.

The April supply will represent the first release of tires for passenger cars other than those listed as eligible under rationing programs for new vehicles.

A. C. McHale, official of the company, said.

GAS USAGE DOWN

TALLAHASSEE, Mar. 25, (AP)—The war and defense development of the state's oil industry, which has been suspended since January, has caused a sharp drop in gas usage.

With all gasoline stations now open again, gas usage is up again.

Postponement Of Salvo And Javery Will Pitch 1941 Tax Sale For Braves Against Brooklyn Is Authorized

Lehman Predicts Heavy Sales For Market In March

Strickland Motors, Standard Oil Company Bids Accepted

H. J. Lehman, manager of the State Farmers Market predicted yesterday that market sales this month will be equal to and exceed February sales of 10,000 bushels of grain.

City Commissioners authorized the postponement of the 1941 tax sale from June until the first Monday in July thus giving Sanford another month of high tax rates. City Clerk H. S. Sauer disclosed this morning following a short committee meeting on Aug. 1.

The city received bids on the 1941 tax sale for the year.

One Japanese aircraft crashed in a hillside about the Port Moresby Airfield.

Infants machine-gunned who, in the face of blazing gun from four Mitsubishi fighters, diving down at 1000 miles an hour, stood by their guns and met the raiders with a steady hail of bullets.

Port Moresby dispatches said the Monday attack was almost completely lacking in results.

Infants machine-gunned who, in the face of blazing gun from four Mitsubishi fighters, diving down at 1000 miles an hour, stood by their guns and met the raiders with a steady hail of bullets.

You already have helped when you bought food, planes, blood, clothing, etc., Dr. Putnam stated, "and I want to commend you for that and urge that you continue to assist this cause."

He cited examples of how lives have been saved by having blood on hand, and added the critical need planned to have 300 or 400 pints of blood or plasma available for instant use.

Frank Shames of the Kowans Public Committee revealed that the International News Service has sent a recent local picture that appeared in the Sanford Herald to newspaper throughout the country. This picture was made at the Municipal baseball field and shows Sanford's "Cleary Queen," Miss Dorothy Sanford, giving candy to a group of Boston Braves ball players. Mr. Shames stated that 48 papers have reproduced this picture, and it is estimated that 100 others will use it.

Written committee reports were turned in by committee chairmen, E. C. Harper, president of the club, and Edward Marshall, president of the Key Club who recently attended the Kiwanis meeting.

Mr. Shames, the club's president, Charles Denley, gave brief talks concerning the Palatka gathering.

Guests present at the luncheon at the Voden Hotel were Dr. Barnes, from the Children's Home, Enterprise, and Key Club members, Edward Marshall and David Gatchell.

\$30,000 Damage May Obtain Auto Tires

WASHINGTON, Mar. 25, (AP)—Newly made treadless tires will be made available next month for limited numbers of taxi drivers, defense workers, travel agents, the news media and other officials, the result of Fire Administration command Tuesday.

The April supply will represent the first release of tires for passenger cars other than those listed as eligible under rationing programs for new vehicles.
