Tito Seeks Way To Avert War

TITOVO UZICE, Yugoslavia (UPI) — President Tito of Yugoslavia said today the world's uncommitted nations would meet in September in an attempt to avert the "biggest catastrophe of all."

Tito, in a 10,000-word major policy speech to 300,000 Yugoslavs, also charged that Communist Chinese and Albanian leaders were pursuing "the sharpest cold war" against Yugoslavia.

But he said Yugoslavia's "peaceful coexistence" policy was leading "expression" in relations with the United States, Britain and other Western nations.

The marking the 50th anniversary of the Yugoslav revolution, and the forthcoming summit meeting of uncommitted nations in Belgrade resulted from the need of "united, vigorous action" by smaller countries "to prevent the worst, in order to find a way out of the present stalemate."

He said the smaller nations were united to establish constructive international cooperation and to "avoid the biggest catastrophe of all which has ever befallen people on our planet."

Joint Orange - Seminole Howell Project Starts

The Joint Seminole - Orange County project of widening Howell Creek started this morning, County Engineer Carlton Blas reported.

Blas said that the cost of the project has been estimated at

\$100,000 with the funds to be supplied from Civil Defense.

The widening job, according to Blas, will stop any waters of Orange County from flooding that part of Seminole north of Red Bug Rd.

Orange County is supplying the equipment and manpower for the massive job while Seminole secured the necessary rights of ways.

The project started in the spring but was stopped because of rights of way problems involving land owners in the area.

Blas said recently property owners gave their whole hearted endorsement to the program. The job is expected to be completed by mid-September.

Reds Charge U. S. 'Buzzed' Russian Ships

MOSCOW (UPI) — The Soviet Union charged today that American planes buzzed Russian ships 300 times in the last six months in acts of "high seas piracy."

The official Soviet trade union newspaper Trud said several of these incidents took place near Cuba and charged that "nearly all Soviet ships off Cuban shores are subjected to such provocations."

Trud said the "pirate sorties" are made from bases located outside the United States, including those in Spain, Italy, Greece and Turkey.

The newspaper said the Soviet ship Grusia was "repeatedly harassed" recently while taking young Cuban farmers to the Soviet Union.

Their actions "are manifestly friendly," it said. "The bombers and fighters flew right over the deck just above the masts. Planes buzzed the Grusia at night, too, with their headlights switched on."

Among the few details Trud offered was that an American hydroplane carrying the number 0144 circled over the Soviet ship I. Sechenov near Havana, a U. S. destroyer numbered 887 came "incomprehensibly close" to the ship, and another hydroplane numbered 122887 dived at its deck at 4 a. m. on July 2.

U. S. To Recognize Red Mongolia?

WASHINGTON (UPI) — The Kennedy administration was reported today to be ready to leave the wrath of Nationalist China and establish diplomatic relations with the Soviet-sponsored Mongolian People's Republic.

Official sources said preparations were being made to send a U. S. mission to the capital city of Ulan Bator to agree on the level of representation in each country.

The U. S. decision is expected to spark strong criticism from some congressmen, who back Nationalist China's contention that Communist Outer Mongolia is not an independent country but a Russian satellite or territory rightly belonging to the Chinese.

The U. S. ambassador to Nationalist China, Everett Drumright, who is coming home this week for "routine consultations," has reportedly urged the State Department to delay action.

He has reported that his relations with President Chiang Kai-shek have become almost impossible because of tension on the Mongolian issue and Nationalist resentment at the possibility of Red China being admitted to the United Nations.

The question of possible U. S. relations with Outer Mongolia stems from Russia's refusal at the last UN General Assembly to admit the new African nation of Mauritania unless Outer Mongolia also was admitted.

Orlando Youth Escapes Injury In Car Mishap

An 18-year-old Orlando youth was charged with reckless driving after he lost control of his car on Dean Rd. and SR 408 Wednesday night, the Highway Patrol reported.

Trooper Jim Foster said that Charles Mitchell Williams caused serious injury to the mishap. Foster said he apparently lost control of his car while traveling at a high rate of speed. The car turned over and was a total wreck, Foster added.

Mystery Solved

JACKSONVILLE (UPI) — The mystery of a missing Jacksonville woman and her four-year-old daughter was solved Wednesday when Duval County authorities received a message saying the two were in California.

Gives Birth

HOLLYWOOD (UPI) — Blonde actress May Britt, the wife of Negro entertainer Sammy Davis Jr., gave birth Wednesday to a daughter described by the proud father as "a beautiful, healthy, wonderful baby."

Riot

NEW YORK (UPI) — More than 600 Negroes and Puerto Ricans from New York City's cooking West Side battled in the streets Wednesday. It took 10 policemen from a down squad car to quell the fighting.

VOL. 53 United Press Leased Wire Established 1908 THURSDAY, JULY 6, 1961 SANFORD, FLORIDA NO. 229

By LARRY VERSHEL

The County Commission plans to open bids on repairing the roof of the courthouse on July 23. Look out for an angry blast from one of the commissioners on undertaking any major repairs to the 40-year-old structure. The discussion will be thick and heavy at Tuesday's meeting when courthouse officials meet with the board to plan needs of the courthouse for the next 10 years.

Next Tuesday will also be the day the county board starts talking over the budget. We hear that just about every department under the board jurisdiction is asking for an increase of funds but the word is that appropriation increases will be far and in-between.

All this talk about a sewerage treatment plant has brought many persons wondering if the property around the proposed plant—N. Seminole Blvd. will decrease, because of any odors. City Manager W. E. Knowles, however, has set the record straight. No odors expected to come from the plant.

The Civitan Club has started work on constructing a Navy Pick-up station on Fifth and Park Ave. for servicemen needing a lift back to the Navy base after a visit in town.

You might be interested in learning that the market at downtown Sanford remained open Wednesday afternoon because it was one of the better days for business this year.

Speaking of Knowles, as we did earlier, the city manager says that the reason there was no flag up by City Hall Tuesday was that the City Commission ruled that the flag should be flown by the Bandshell on special holidays.

Castellberry's first city directory is completed and ready for distribution. Plans Chief Paul Bates advised today.

The book, compiled and published under sponsorship of the Castellberry Volunteer Fire Dept., consists of 38 pages printed on 70-pound enamel paper. The attractive white Krome-Kote cover has the title and other lettering in fire-red ink.

Listings include 828 homes and businesses and, on the basis of the last census an estimated 1,892 residents are covered.

The directory also includes a name of present town officials, a street map with indexed key and a separate street listing with all homes and building numbers of each and their occupants.

Leading business firms of the county which serve Castellberry residents also are prominently advertised in the directory.

Firemen will stage an unveiling of the new book at Monday's Board of Aldermen meeting in the Town Hall after which distribution will immediately get underway.

Wild winds and flooding rains swept Kansas City, Mo., today along a storm line stretching all the way from the wheat belt to Maryland.

At the eastern edge of the storm system, a Trailways bus skidded out of control in the rain and careened into a tree near Centerville, Va.

Officials of the sponsoring organizations for Fourth of July celebrations in Longwood and North Orlando report that participation and attendance at each event was "far greater than expected."

Longwood Fire Chief Claude Lyle, though unable to give a complete financial report so soon after the event, did estimate that profits would be in the neighborhood of \$100.

As for the attendance, Lyle said that a deputy from Sheriff J. L. Hobby's office called in to help with traffic during the evening estimated that at least 2,000 cars jammed the parking area. Traffic at one time, he said, was backed

County Planning Meet On Administrative Aid

The County Commission plans to hold a special session with the Alachua County Administrative Assistant within the next 14 days to discuss the job classification and duties of a special assistant to the Seminole Board.

County Commission Vice Chairman James P. Avery said this morning that on a recent trip to Tallahassee, he met with Howard Western, Alachua administrative assistant to the board and discussed with him a joint meeting with the Seminole board to explain the duties of the job.

Earlier this year, District 5 County Commissioner John Fitzpatrick recommended that the board study the possibility of hiring an administrative assistant to take

some of the work load off the commission.

However, action was tabled on any decision.

Avery today emphasized that an administrative assistant should not be confused with a county manager. "He would have no policy making authority whatsoever," Avery advised.

Avery explained that Alachua County has had an administrative assistant for three years and "it has worked out fine for all concerned."

"He has been well worth the money he was paid," Avery said.

The commissioner pointed out that he hopes the meeting will take place within the next 14 days "while we are in the midst of budget hearings."

Turnpike Board Hopes To Complete Report Soon

TALLAHASSEE (UPI) — The State Turnpike Authority hopes to complete feasibility studies in time to announce in Orlando Friday the route of a proposed northward extension of the Sunshine State Parkway.

Authority Chairman John Hammer told Gov. Farris Bryant Wednesday if the studies are finished by Friday, the Authority wants to announce the route at 6 p. m. meeting.

Bryant said previously his administration definitely would be able to extend the toll road as far north as Orlando, and possibly as far as a point south of Ocala.

Bryant wants to extend the road to Jacksonville eventually, but said there is little chance of doing this right away.

Authority members will be in Orlando Friday to take part in dedication of a segment of interstate highway with the Road Board, the governor, Federal Highway Administrator Rex Whitton and Congressman James A. Haley of Sarasota.

The ceremonies will officially open a 31-mile stretch of Interstate Route 4 between America St. in Orlando and U. S. Highway 27 in Polk County.

Rusk Plans Last Ditch Aid Plea

WASHINGTON (UPI) — Secretary of State Dean Rusk went before Congress today to make a last-ditch plea for President Kennedy's beleaguered \$4.8 billion foreign aid request.

Rusk was scheduled for a closed door meeting this morning with the Senate Foreign Relations Committee, which has been considering the measure off-and-on since its public hearings ended two weeks ago.

Rusk's appearance before the committee was his third since the group formally opened hearings last month. He made the administration's opening appeal and later met with the committee again after his return from Europe with Kennedy.

Joseph Admi also was charged with violation of the federal law forbidding trade with an enemy nation. He was fined \$25,000 and his brother on \$12,000 bond. The father could not be located.

E. E. Minakoff, chief enforcement officer of the Treasury Department's Foreign Assets Control Division, said the Admis began the Red Chinese trade in 1948. Minakoff said Joseph and

WORKERS TODAY started clearing away shrubbery from the east portion of Seminole Memorial Hospital to start the first phase for a 65 bed hospital addition. The actual construction, to be done by the Jennings Construction Co., Orlando will start next Monday. (Herald Photo)

FBI Raids Miami Linen Stores

MIAMI (UPI) — Federal agents raided today 10 Miami-area linen shops Wednesday, seized alleged Communist-made linens and charged the notorious "Crying Admi" merchants with conspiracy to smuggle Chinese Communist goods into the United States.

A treasury agent said the linen trade between Red China and Miami may amount to \$500,000.

Leon Admi, leader of the "Crying Admi" clan and his two sons, Charles and Joseph, were charged with conspiracy to trade with the enemy and conspiracy to smuggle goods into the United States.

Joseph Admi also was charged with violation of the federal law forbidding trade with an enemy nation. He was fined \$25,000 and his brother on \$12,000 bond. The father could not be located.

E. E. Minakoff, chief enforcement officer of the Treasury Department's Foreign Assets Control Division, said the Admis began the Red Chinese trade in 1948. Minakoff said Joseph and

Leon went to Hong Kong and set up a trading account with the Shantung Trading Union to purchase embroidered linens produced in Tientsin, Communist China.

"Shantung would ship the goods to a firm in London," Minakoff said, "which would then transship them to an Admi agent in Toronto, Canada. Payments were made by the same route." He said he did not know how the goods got here from Toronto.

Minakoff argued before Commissioner Roger Edward Davis that Charles and Leon should be placed under \$500,000 bond. The brothers said they were already under a \$10,000 federal bond on small fraud charges and \$20,000 state bond.

The state bond covers appeal of a five-year jail term for swindling Mrs. Geneva McAllister, widow of a Philadelphia automobile agency owner, out of \$1 million in a fantastic scheme where-

by Mrs. McAllister married Emilio Helton, an Admi acolyte.

Minakoff said the linen shops were not all Admi-owned. He said other shops in the area may have taken Red Chinese goods in good faith and he said no charges would be placed against the owners.

The Admis got their nickname from their sales technique of crying and begging to prospective buyers, mostly tourists, that they were on the edge of poverty and desperately needed the sale.

Kuwait Asks Arabs To Send Troops

KUWAIT (UPI) — Kuwait invited other Arab nations today to send troops to defend this oil-rich little sheikhdom against a possible attack by Iraq.

With the United Arab Republic demanding withdrawal of British troops from here, the deputy chief ruler, Abdullah al-Mubarak al-Sabah, said Kuwait was "ready to receive any proposal from any Arab country to participate in Kuwait's defense."

The only country that has sent troops so far, besides Britain, is Saudi Arabia.

About 4,000 British soldiers have dug in along the northern border with Iraq, in addition to South Arabian and Kuwaiti troops.

Despite a stream of demands by the Baghdad press and radio, the British military commander Eric Durrant Huxford said he believed Iraqi forces were planning an attack.

So far the battle has been one of words. King Faisal bin Abdul Karim Khudayr has led claims in this desert land which has on a great lake of oil. Huxford has rejected the claims and has ordered support from other Arab nations.

Reds Sign Pact With North Korea

MOSCOW (UPI) — Soviet Premier Nikita Khrushchev today announced the signing of a pact of mutual assistance, friendship and cooperation with North Korea.

Khrushchev spoke in the Kremlin at a "friendship rally" in the honor of visiting North Korean Premier Kim Il Sung.

He said that the pact provides for mutual military assistance in case a third party attacks one of the contracting powers.

"We are against military pacts but we were compelled to sign one today because the United States, Japan and other countries have rejected all our efforts to reach agreement in the Far East," Khrushchev said.

Contest judges were Stewart Holmby, Mrs. William MacKintosh and Elliott Smith.

Here, too, a fireworks display of more than an hour's time concluded the celebration, first over to be staged at the Village.

Hemingway Rites Slated Today

ERNEST HEMINGWAY

KETCHUM, Idaho (UPI)—Ernest Hemingway, who resolutely sought and wrote of adventure throughout the world, will be buried today in the small Idaho town where the blast of a shotgun brought death.

The 61-year-old author will be buried in Ketchum public cemetery, near his mountain home and alongside the grave of an old friend and hunting companion, Taylor Williams.

Hemingway's funeral will be attended by only a few friends and members of his family — together for the first time in more than 30 years.

A simple graveside service will be conducted by Father Robert J. Waldmann, local Roman Catholic pastor.

It will not be a formal Catholic service. Hemingway's oldest son, John, said his father was converted to Catholicism many years ago, but has not been a practicing Catholic recently.

Hemingway killed himself at his home early Sunday with a double blast of a 12-gauge shotgun. County officials and members of Hemingway's family decided that no inquest would be held.

Coroner Ray McGoldrick said "people can make up their own minds" whether the author shot himself accidentally or committed suicide.

Cooperation Asked

As soon as the city starts a sort of clean-up campaign—sure enough there seems to be a delegation of residents harrasing the commission with complaints.

Take Monday night for instance.

A group of Sanford merchants accused the Sanford Police Department of harrasing their customers by giving out warnings on cars parked on the sidewalks.

These merchants seem to think that their area was specifically mentioned.

This certainly is not the case.

A check of records revealed this morning that on June 15 the commission "instructed the police to make sure cars are not parked on sidewalks throughout the city."

There was no special area designated and according to Police Chief Roy Williams, these warnings are being given out throughout the entire city.

We ask the merchants of Sanford Ave. as well as merchants throughout the entire city to cooperate with the police to enforce this law in helping to keep our sidewalks open to pedestrians.

Dr. Crane's

Worry Clinic

Donnie's habit of telling lies is not new. It may be an outgrowth of his parents in that every time it is a sign of a severely starved ego.

When a child tells a lie, it can usually drive the victim into a panic, usually or even worse. So how to eliminate a child's need for lies.

CASE 7-291: Donnie L. aged 4, is a problem child.

"Dr. Crane," his teacher began, "Donnie tells lies to such an extreme degree, we can hardly believe anything he says."

"Fortunately," he sometimes enlarges on facts so greatly that you then grow suspicious.

"We have scolded him and punished him, but nothing seems to make him stick to the truth. What else should we do?"

"When a child tells lies, that may mean he is afraid the truth will lead to punishment."

"Did you break the gold fish bowl?" angrily accuses Mamma, when she returns from the neighbor's to find her 4-year-old son with his fish eating crayons.

Well, to that mother, his answer is a real gem. She turns toward him, and he is afraid to tell the truth, he will be whipped.

"No, Mother," he fibs, as a desperate measure.

And that same tendency to fib which occurred, explains much of a school child's fibbing.

But other youngsters learn to believe lies because they imitate their parents.

"Till the man at the door that Mother isn't home," a child may be ordered by his own mother.

This deliberate cultivation of lying, even of the little "white lie" variety, thus confuses a child.

Other youngsters with a social inferiority complex, will then resort to fib in order to gain self prestige.

Maybe they have never traveled afar or attended any fancy parties, so when other youngsters begin boasting of their airplane rides or visit to Disneyland, etc., the egg-starved youngsters just make up tall tales.

Soon they learn that the bigger the yarn, the more big-eyed they make the other kids.

And their starved ego relishes this envy and shocked admiration of other children.

When caught in a lie, they may try to fabricate another as an alibi or else pull their way through by raising their voices to a shout.

Many children, as well as their Dads, think that if they insist loudly enough, they can intimidate their listeners into believing their tall tales.

When adults can't make good on their bragging, they may even try to flee the area (rolling stones or vagabond strategy).

If physical flight is blocked, they may then try to run away mentally, as via daydreams or deep or insanity or even the suicide note.

Another common escape device of people who can't face facts, is wallowing and the sprouting of psychosomatic lies.

When children can't make good on their lies, they may also try to divert attention by mischief, shirking and juvenile delinquency.

Smart teachers and parents thus regard the chronic telling of lies as a symptom of a personality maladjustment.

Stabilize the child in his ego-hunger and you can banish his need for lies. Clear up the adult alcoholic's unsolved inner conflict, too, and he may lose his whiskey thirst.

So send for my booklet on "How to Break the Tobacco and Liquor Habits" enclosing a stamped return envelope, plus 30c.

"I Thought You Fixed It!"

From Rome Henry McLemore

ROME, Italy— Being Nothing More Than A List Of Things An American Misses After He Has Been Abroad For A While:

American sounds. Everything sounds different over here, and cars never give accompaniment to that difference. That good the birds, train whistles, church bells, voices, street cries, neon whistles, the hum of traffic, dog barks, the start and stop of trolleys, children at play, men at work, and 'treads pulling up a hill or rounding a corner.

Without knowing it, one strains to hear a familiar sound. That is why, I suppose, when the visitor abroad hears Americans talking he moves toward them. It isn't so much a desire to get in on the conversation as to hear sounds that fall naturally on the ear. I can tell the sound of the door of an American car being slammed a block away, and for a split second one is home again. American laughter is especially different. Blindfolded, I could pick an American laugh out of a roomful of laughs.

American shoes. The American must have the most patriotic feet in the world. They just can't be comfortable in shoes made in any other country. Men's feet, I am talking about. I don't know about the ladies. I have tried shoes made in Italy, France, Spain, Portugal and England (supposed to be the best) and haven't found a fit yet.

Italian shoes are too pointed and give no play to American toes, and French shoes are pointed at both ends, thus cramping the style of both toes and heels. Spanish shoes fit like gloves, which is a bit tight, and Portuguese ones squeak for months. This goes even for tennis shoes and loafers. Maybe one's feet become cosmopolitan after a while, but at the moment mine are as nationalistic as apple pie, fried chicken, and corn on the cob.

American food. European ice cream is too sweet. There isn't a real T-bone steak in a hundred miles, no matter where you stand. Padding must have gone out with the Middle Ages, and oars on the cob never came in. I'll never malign American steakhouses again. So it's full of air and water and amounts to nothing. I don't care if it makes the most wonderful toast in the world, all buttered and hot, and there isn't a piece of toast to be had between the tip of Sweden and the toe of Italy. The Europeans have toast, but it is about as appetizing as a child's plate, before or after being written on.

Europe has yogurt but no sour cream, a lot of "doles" and "danes" but nothing in the way of dessert that can tie the shoes of strawberry shortcake, mince pie, cheese cake, or just plain pie, with its devil's food cake. And a dash of devil's food cake. And a dash of devil's food cake. And a dash of devil's food cake. And a dash of devil's food cake. And a dash of devil's food cake.

Kennedy Back To Work Desk

WASHINGTON (UPI) — President Kennedy, sustained and spy returned to work at the White House today after an invigorating long Fourth of July weekend with his family on Cape Cod.

The President was met at the plane by his naval aide, Cmdr. Taswell T. Shepard Jr., who accompanied him in the helicopter and handed him a large manila envelope. While the helicopter was taking off, Kennedy opened the envelope immediately began looking at the documents inside.

Kennedy's only scheduled appointment today was a speaking engagement at the 10th Venezuelan independence anniversary ceremonies in front of the statue of Simón Bolívar near the White House.

Committees

WASHINGTON (UPI) — Labor Secretary Arthur J. Goldberg has announced establishment of 20 labor relations committees to head off strikes at U. S. missile sites.

The first governmental employment bureau was established in Paris, France, in 1942.

months, and an American will never take its red, white and blue beauty for granted again.

Could it be that I am homesick? Well, a little maybe.

Peter Edson's Political Notebook

WASHINGTON—(NEA)— The approaching showdown with Russia over the German situation is now being regarded as a far more grave crisis than it was a month ago when Khrushchev's memorandum was turned over to President Kennedy in Vienna.

That memorandum has not been answered because the United States had to consult with its allies and get a unified position. But a reply is expected before mid-July. These are some of the factors being considered in its preparation:

The original idea that Khrushchev does not want a war and so will eventually back down as he always has before is no longer assured.

Creation of a "Free" city of Berlin and signing of a new treaty between Russia and its satellite East Zone German government are no longer considered the central issue.

The Soviet leadership is now regarded as wanting to advance world communism by a new, planned aggression.

The Communists look upon the underdeveloped countries as green pastures in which to graze and grow.

The Russians sustained a real setback in the Congo. This is what heightened their demands for tripartite, neutral-Communist-Western national control of international agencies.

Since Russia has seen that its influence can wane, it may want to create a new image of invincibility.

The main obstacle to this is the position of the United States, Britain and France in West Berlin. So the first Communist objective is to force the Western powers to get out.

By so doing, the Russians would hope to solidify the Communist position through Central Europe.

It would translate the demarcation lines laid out at the end of World War II into permanent national boundaries.

And it would suppress an incipient nationalism of the Yugoslav type—which is not anti-Communist but more anti-Russian—notably resurgent demands for Hungary.

The timing for all this is far from clear. Khrushchev's various speeches and statements since Vienna seem to say that he will act after the Communist International party congress in Moscow next October. He might move sooner, with a series of actions this fall. He might wait till next year.

So strong is the Communist desire for an impressive victory now believed to be that Russia may end its propaganda demands for "general and complete disarmament."

This has been revealed in the current Washington talks between U. S. Disarmament Director John J. McCloy and U. S. R. Deputy Foreign Minister Valerian A. Zorin. Russia has apparently abandoned its previous proposal for a 18-power disarmament conference—five neutral, five Communist and five Western powers—scheduled to open July 31.

The United States has not yet given up all hopes for either convening the general disarmament conference or the nuclear weapons test ban talks now going on in Geneva. But it is certain that both topics will be thrown back at the UN General Assembly when it reconvenes in New York Sept. 18.

In the meantime, this is the impression which the United States is trying to create through the statements of President Kennedy and Secretary of State Rusk:

—The Western powers have definite rights in Berlin.

—These rights include both West German civilian and allied military access to the city at all times.

—These rights cannot be cancelled by Russia alone.

No one can prevent Russia from signing a piece of paper with its East German satellite government. It is what is done to implement that paper that will count. The Western powers would be foolish to believe any statements of Khrushchev before or after Vienna saying the West would retain access rights to Berlin.

The Western powers will talk with the Russians about these rights, but they are not negotiable and will not be abandoned. No such talks, however, are now being planned.

The next step will depend on what action Russia takes.

JANUARY

By HAL COCHRAN
 Every time the price of what takes a jump they say it with flour.

Several golfers' lockers in a country club were robbed, an indication that somebody was thirsty.

The most successful garden club is a good, strong hoe handle.

Miss Dorothy Mary Hill, J. W. Harris Married In Ceremony At Philadelphia

Miss Dorothy Mary Hill, daughter of Mrs. Eleanor P. Hill of Philadelphia, Pa., and Ena. John Walter Harris, son of Mr. and Mrs. Fred J. Harris Sr., of Sanford, were united in marriage June 11 at 1 p.m. in the Immaculate Conception Catholic Church, in Philadelphia.

Father Thomas Browne C. M., officiated at the candlelight double ring ceremony.

All flowers were arrangements of gladioli and carnations. A program of wedding music was presented by the church organist.

The bride, given in marriage by her uncle, Thomas Preston, wore a white organdy gown, with elbow length sleeves and trimmed with valenciennes lace. Organdy buttons and bows paraded all the way down the front and back to the end of the chapel train.

Her finger tip veil fell from a cap of organdy and roses and she carried a cascade bouquet of white carnations and roses.

MRS. JOHN WALTER HARRIS

Mrs. Francis Schaffer, matron of honor, wore a dress of white silk organza, with bell shaped skirt trimmed with bows of lavender silk organza, interspersed with lavender ribbon bows and embroidered violets. She wore a lavender hat, veil and shoes and carried a bouquet of white gladioli, centered with lavender carnations.

Bridesmaids were Miss Barbara Cavanaugh and Miss Carol Ramsay and little Miss Dorothy Preston was junior bridesmaid.

Thomas Everett was best man and serving as ushers were Joseph Preston and Lt. John Dickey.

The bride's mother wore a blue and green all silk ensemble and the groom's mother wore a pink silk organza dress, with white accessories. Both wore white gardenia corsages.

Following the ceremony a reception was held at the Cedarbrook Country Club.

The couple left for a wedding trip through the southeastern part of the country, including a deep sea fishing trip at Boca Grande, Fla.

The bride attended the Immaculate Conception Grammar School in Philadelphia, the An-cilla Domini Academy and St. Joseph's College.

The groom was born in Tampa, attended schools there and in Alabama. He graduated from the U. S. Naval Academy in Annapolis, Md., June 7. After July 12, the couple will make their home in Mayport, while the groom is serving in the U. S. Navy and stationed at Mayport.

Out of town guests included the groom's parents, Mr. and Mrs. Harris and Mrs. Elizabeth Cherry from New York.

Jaycee Wives See Movie On Communism

The Jaycee Wives met at the home of Mrs. Hammond Polk Monday night.

President, Mrs. Stu Stetson, appointed Mrs. Tony Trama, Mrs. Tom Largen and Mrs. Jack Wilber to look into the needs of the Little Red School House and to report their findings at the next meeting.

The social committee announced that plans are being made for a children's party to be held later this month. The telephone committee will contact all of the members when details are complete.

Mrs. Polk, Mrs. Arch Hosick, Mrs. Ed Taft, and Mrs. Charles Tetenbaum were elected on the nominating committee. They will meet with the president and present a slate of officers for the coming year at the next meeting.

Mrs. Stetson welcomed two prospective new members, Mrs. Garnet White and Mrs. Ed McCall, and invited them to join the club.

Preceding the meeting Lt. Talmage showed an interesting movie called "Communism On The Map."

After the meeting refreshments were served by hostesses, Mrs. Polk and Mrs. Paul Lewis, to Mrs. Stetson, Mrs. Largen, Mrs. Trama, Mrs. Wilber, Mrs. Taft, Mrs. Tetenbaum, Mrs. Bud Stewart, Mrs. Dora Cambell, Mrs. White and Mrs. McCall.

DR. H. WAYNE RUCKER is holding two young guests who celebrated their birthdays at his home, last week. They were celebrating their second birthday and each one had a cake with two candles. Garry Andrus, left, is Dr. Rucker's great grand nephew, from Washington, D. C. who was visiting with his grandmother, Mrs. Garrett Quinn. Sarah Alyson Rucker, right is the vivacious granddaughter of the Ruckers, and daughter of Dr. and Mrs. H. Wayne Rucker Jr., of Leesburg. (Herald Photo)

School Friends Meet Jim Hawkins And His Bride

Mr. and Mrs. Jim Hawkins of Fredericks, Md., were honor guests at a school chum get together at the home of Mr. and Mrs. Bobby Carter on Holly Ave. Monday evening.

Several of Jim's high school friends decided to meet together at the Carter home to meet his new bride, and to talk over high school days together after a few years absence.

The Carter home was decorated with garden flowers. After the gabfest the hosts served light refreshments to Mr. and Mrs. David Galloway and son of Lake City, Mr. and Mrs. Ernie Morris and son of Osteen, the honor guests and hosts and their children.

The Hawkins will return to their home next week.

Treat Yourself To A No-Set Summer Haircut

By ALICIA HART, NEA

The one time each day when women envy men is the moment of the nightly hairsetting. It frequently is an annoyance to have to reach for those rollers again.

This is particularly true in summer and on vacation. Somehow, winter lends itself to long and leisurely beauty sessions. Summer does not. You'd like to spend much more of your time relaxing or having fun. And having fun doesn't mean sticking lots of little metal clips over your head at artistic intervals.

But things really hit rock bottom at the seaside. Either your hair goes limp or becomes a halo of fuzz. No amount of setting seems to keep it looking pretty.

Knowing this, a good many American hair stylists have developed a technique of cutting that eliminates the need for nightly hair settings. Rather than coax the hair into an artificial shape, these stylists carefully follow the hair trend as they cut.

The curly cap is for hair with a wave or a tendency to wave. The pixie cut is for hair that's absolutely straight. You might not want to go along with either in winter, but in summer they're ideal.

Such a hair styling becomes worth its weight in gold at shampoo time. Hair must be shampooed much more often in summer thanks to humid heat, dips in sea or pool and perspiration. But now, you can shampoo it, comb it in place and appear in public while it's still damp!

REV. AND MRS. DAMON SCOTT, minister of the DeBary Community Methodist Church, who were entertained at a reception and musicale by members and friends of the church. Rev. Scott was formerly with the Methodist Church in Miami, Florida. (Cow Photo)

Reception Honors Minister

Members of the Community Methodist Church in DeBary held a reception for Rev. and Mrs. Damon Scott, the new minister, recently at the church on Highbanks Road.

Everett Swift, church layman, acted as master of ceremonies and welcomed members and guests. An instrumental trio, composed of Miss Cornelia Shaw, violinist; Karl Stein, cellist, and Theresa Kuzecz, pianist, played several selections.

Miss Adelaide Conte, organist, and Mrs. Ralph Stumpf at the piano also played two duets. Following the official welcome by Sidney Swallow and musical program, honorees and other guests adjourned to the social hall where the Woman's Society of Christian Service served refreshments.

Punch, petit fours and cookies were served from a table overlaid with a white lace cloth and centered with floral arrangements. Assisting with the serving were Mrs. Charles Billhardt, Mrs. Frank Blaha, Mrs. Stasly Rader and members of the WSCS.

The instrumental trio and Mrs. Laura Platt Brown, pianist, furnished background music during the social hour. About 350 passed through the receiving line during the appointed hours.

"Mizpah Circle" Chosen As Name For New Grace Methodist Group

Mrs. C. E. Clemmer was hostess to the Evening Circle of the Grace Methodist Church, for the first meeting of the church year.

The following officers for the new year were presented. They are Mrs. Clemmer, chairman; Mrs. R. V. Thompson, co-chairman; Mrs. Clayton Brooks, devotion chairman; Mrs. K. R. Wilkins, secretary; Mrs. I. J. Butler, treasurer, and Mrs. Charles Rankin, courtesy chairman.

Members unanimously chose the name "Mizpah Circle" for the newly organized group.

The meeting was opened with prayer and followed by the presentation of the purposes and meaning of membership in the Women's Society of Christian Service.

An interesting program on two women of the Bible was presented by Mrs. Thompson. At the close of the program, refreshments were served by the hostess and a white elephant sale was conducted with the proceeds being added to the building fund.

Others attending were Mrs. Raymond Ashton, Mrs. Mildred Gramkow, Mrs. Clayton Brooks, Mrs. Rankin, Mrs. Butler, Mrs. David Sweeney, Mrs. Wilkins, who served as co-hostess and one new member, Mrs. Ronald Hora.

Church Calendar

THURSDAY
First Presbyterian Church Session meets at 7:30 p.m.

FRIDAY
The membership commission of the Ebenezer Methodist Church sponsors a covered dish dinner for new members to be received into the church, Sunday, July 9.

CHERRY CHEESE PIE
To bake a cherry cheese pie, pre-heat the oven to 425 degrees. Line a 9-inch pie pan with pastry. Add 3/4 cups fresh cherries mixed with 1/2 cup sugar and 2 tablespoons quick cooking tapioca. Bake in preheated oven 15 minutes.

Beat 3 eggs with 12 oz. soft cream cheese. Add 1/2 cup sugar and 1/2 teaspoon vanilla and stir until smooth. Reduce oven temperature to 350 degrees and spoon cheese mixture over the cherries. Bake 30 minutes. When cool, spread 1 cup sour cream over the top. Sprinkle with nutmeg.

Personals

Mrs. C. M. Ryerson of Collingswood, N. J., arrived Tuesday for a two week visit with her sisters, Mrs. George Maffett and Mrs. Charles Hamill.

Martin Stinescoper was called to Grandview, Tenn., due to the death of his sister, Mrs. S. S. Davis. Funeral services were held this weekend. Mrs. Davis has nine brothers and sisters, three daughters and six grandchildren. Many of them have visited Sanford and have friends in this area.

Lake Monroe Personals

By MRS. W. L. JOHNSON

Mr. and Mrs. John Riddle of Bluefield, W. Va., are the guests of Mrs. Riddle's father, George Poff, and Mrs. Poff.

Mrs. Eddie Grow of Miami has been visiting here with her mother, Mrs. C. E. Gillen.

Mrs. Louise Rushlow, Mrs. Naomi Sapp, and Mrs. H. L. Johnson will leave Monday for Gainesville to attend the short course at the University of Florida. They will return home Friday.

Mr. and Mrs. Jim Hawkins are guests of Mr. Hawkins' parents, Mr. and Mrs. Vic Hawkins. They will return to their home in Frederick, Md., Monday.

Mr. and Mrs. Claude Hawkins and son Sidney left Friday for New Jersey where they will visit relatives for two weeks.

Oviedo Personals

By MARIAN E. JONES

Mr. and Mrs. Walter E. Raines and son and Mrs. J. B. Jones Jr. and Jimmy spent the long holiday weekend at Daytona Beach.

Mr. and Mrs. Ben Wainright, Joy and Marilyn Partin spent Sunday with the Joneses at the beach.

Mr. and Mrs. Johnny Jones had lunch Sunday with Mr. and Mrs. Leon Olliff at New Smyrna Beach, then went to Daytona for dinner with the Joneses and Raines.

The Intermediate YWA of the First Methodist Church of Oviedo, enjoyed a picnic Saturday at Daytona Beach. Mr. and Mrs. Warren McCall Jr. were the chaperones.

Parker-Reck Wedding Announced

Miss Robbie Linda Parker, daughter of Mr. and Mrs. Robert L. Parker, and William Arden Reck, son of Mr. and Mrs. Myron A. Reck, all of Sanford, were married July 1 at the home of the bride, 1021 West First Street.

Rev. John T. Adams Jr., pastor of the First Methodist Church, officiated at the informal ceremony. The vows were exchanged at a kneeling bench flanked by basket arrangements of gladioli, mums and greenery.

A program of recorded wedding music was presented, including the two wedding marches and soft background music during the ceremony.

The bride, given in marriage by her father, wore a street length dress of pure silk organza. Her short veil, of silk illusion, was attached to a crown of seed pearls and she carried a prayer book, topped with a crown of seed pearls and heart roses centered with a white orchid.

Bonnie Stoffer, maid of honor, wore a pink cotton dress with scoop neckline and carried a bouquet of sweetheart roses. Ricky Nations, St. Petersburg, was best man.

The bride's mother wore a powder blue silk sheath, with white accessories and a corsage of white sweetheart roses. The groom's mother chose a royal blue silk sheath with white accessories and a corsage of white sweetheart roses.

A reception was held following the ceremony. The refreshment table was overlaid with a white cut work linen cloth and centered with a three tiered wedding cake, flanked by two silver candelabra. Mints in silver compotes and punch was served with the cake.

Assisting with the serving were two aunts of the bride, Mrs. H. L. Caldwell and Mrs. B. A. Price.

Mrs. Reck chose for her going-away outfit a black and white polka dot dress with white accessories and the orchid from her bridal bouquet.

After a wedding trip through southern Florida, the couple will make their home at 2-17 Palm Place in Sanford.

Local Events

THURSDAY
The Enlisted Wives Club of VAH-1 will meet at the NAS Ballroom at 8 p.m. for a get-acquainted meeting and to plan future social activities. Wives of all VAH-1 Enlisted Men are invited to attend. Call Mrs. K. E. Mueller or Mrs. S. F. Burgess for transportation.

DeBary WSCS To Sponsor Musicale July 12

The Woman's Society of Christian Service will sponsor a musicale Wednesday morning, July 12, at 10 a.m. at the DeBary Community Methodist Church.

Arthur Freeman, baritone, and Dorothy Freeman, pianist, will be the guest artists. They will be assisted by Miss Adelaide Conte at the organ and Mrs. Ralph Stumpf Jr. at the piano in several duet selections.

A silver offering will be taken and a social hour will follow the program. Mr. and Mrs. Freeman of Bayshore, Bradenton, came from Waterbury, Conn., where they frequently gave joint recitals in that area. They have done concert and radio work in New York City, New Jersey and Canada. Mrs. Freeman is a graduate of Juilliard School of Music.

Enterprise Personals

By HELEN SNOODGRAM

Mr. and Mrs. Jack Ryan and son Pat returned Saturday from a visit with relatives in Kentucky. Mr. and Mrs. Ryan drove up to South Carolina to pick up Pat who just returned from a tour of duty with the Air Force in Turkey. Following a short leave here he will return to Clovis, New Mex.

Mr. and Mrs. W. L. Tyler and daughter Linda spent Thursday and Friday with relatives at St. Augustine Beach.

Ada and Patsy Long, daughters of Mr. and Mrs. F. C. Long, are attending Girl Scout camp in the Ocala National Forest, for the week.

Mr. and Mrs. Richard Harris and children, Mel, Jay and Cindy, of Matland and their homecoming, Robert Perkins of Elkton, Md., visited M. H. Ryan Saturday.

FLORIDA State Bank OF SANFORD

Psychological Warfare In Berlin?

WASHINGTON (UPI) — There is strong evidence of a coordinated Communist campaign to blast President Kennedy's efforts to alert the American public to the peril of the Berlin situation. The Communist "soft sell," if successful, also could seriously hamper plans to strengthen NATO against renewed Russian pressure in Europe.

While Kennedy ponders the need for partial U.S. mobilization and strengthened American forces in Europe, the Communists have started talking about possible negotiations.

As the President and his top advisers consider ways to program the American people for a stern step to meet a show down over Berlin, reports of sharply increased bitterness between Russia and Red China have been permitted to leak through the Iron Curtain.

Each day brings a new rash of hints from Communist sources in

London, Paris and elsewhere that Soviet Leader Nikita S. Khrushchev is really anxious for some form of negotiations with the West.

The latest reports are that he wants a Big Four summit meeting on Berlin and Germany this fall. Russian and other Communist officials now are soft peddling Khrushchev's year-end deadline for the allies to get out of Red-occupied Berlin or face the possibility of a new blockade.

American officials know that tension is increasing between Moscow and Peking because of differences over how to handle the cold war issues. The Chinese consistently have wanted a tougher approach, have shown greater willingness to risk war with the West.

However, top U. S. officials frankly acknowledge they have no evidence yet to support the latest and most spectacular reports of Sino-Soviet feuding.

These reports, published in the

Sunday Times of London, assert that Khrushchev has sent a letter to Communist parties in some foreign countries sharply denouncing Red China's policy as one likely to lead to war.

The Russian leader was said to have been especially critical of Mao Tse-Tung's obsession with the Formosa issue, which the Kremlin does not believe worth a major military conflict.

True or not, U. S. officials are fearful that some sectors of U.S. opinion feel it would be better to strike a compromise deal with a peacefully inclined Russia, than risk all-out conflict.

Kennedy so far has failed to take a decisive step on two major lines of action in the Berlin and German settlement.

He has yet to answer Khrushchev's June 4 memorandum in which the Soviet leader renewed his demands for a Berlin and German settlement on his terms. And the President has yet to disclose what he wants the U. S. peo-

ple to do to show a "greater awareness" of danger which he has mentioned.

U. S., British, French and West German officials met again Wednesday in Secretary of State Dean Rusk's office to discuss wording of the U. S. reply to Khrushchev, which will be followed by similar British and French notes. They did not finish their work on the "language," but they contend that there are no basic differences.

The note is expected to be a step-by-step rejection of Khrushchev's charges that the West is responsible for delaying a Berlin and German settlement and that Allied occupation forces no longer have a right to remain in the former German capital.

The note is originally drafted, contained no offer to negotiate, but they left the door open for talks. It is possible the delay may be caused by a desire of the British to indicate more strongly a Western willingness to negotiate.

Israel Rocket Launching Has No Military Aim

JERUSALEM, Israel (UPI) — Israel sought to assure the world today that its rocket program was not a weapon pointed at the throats of its Arab neighbors.

Prime Minister David Ben-Gurion took pains to stress that the rocket launched Wednesday — Israel's first successful one — was for purely scientific purposes and has "no military aim."

Nevertheless, the news was expected to evoke sharp reaction from the United Arab Republic and other Arab countries which already are upset at Israel producing a second nuclear reactor in the Negev Desert.

Ben-Gurion was asked whether the three-stage, solid fuel rocket would have strategic implications in Middle East affairs.

"This is definitely not a military matter," he replied.

He said the rocket, named Shavit II, was sent 45 miles into the air to "explore the various layers in the atmosphere in connection with the international geophysical year."

Israelis were intensely proud of the fact that this young nation had become the seventh country in the world to join the space race.

Other nations which have launched rockets of varying sizes and types are the United States, the Soviet Union, Britain, Australia, Italy and Japan.

Teamsters Give Hoffa Pay Boost

MIAMI BEACH (UPI) — James R. Hoffa was armed today with a \$12 million dues increase, a pay raise and vastly greater powers to start his new organizing and political offensive.

The Teamsters' chief crushed all opposition Wednesday night in an overtime session at the union's convention that awarded him a \$28,000 a year pay increase in less time than it takes to count it.

His outnumbered opponents protested the Hoffa-backed changes in the Teamsters constitution would stifle rank and file participation. They were routed in a series of one-sided votes.

Hoffa, hoarse but happy after Wednesday night's display of his iron-clad grip on the convention,

set Friday for the election that will keep him in the top job for another five years.

The strongest opposition developed against his demand for a compulsory \$1 a month dues increase on each member of the nation's biggest union except for "hardship cases."

Edward H. Painter of Oakland, Calif., Local 770 spoke for many dissenting delegates when he told Hoffa:

"Inch by inch you've taken away our local autonomy. And now you want us to pay the freight."

The 44-year-old union leader rejected the claims and said the additional funds will be used to provide a pension plan for local union officers, raise strike benefits, expand organizing drives and increase political action programs.

Allies of Hoffa buried a demand for a referendum among the 1.7 million Teamsters to choose the top officers.

This was a bitter defeat for Hoffa's only announced rival for the presidency, Milton J. Liff of Newark, N. J., who demanded the secret ballot referendum.

Delegates turned it down with a deafening "no."

Hoffa's major victory was conventional approval of a \$12-million revenue-raising plan that he advocated.

It calls for 60-cent monthly increases in the present 40-cent tax imposed on each member and a boost in minimum dues from \$3 to \$5 a month for virtually all of the 587 locals.

Hoffa gavelled through his own pay raise to \$75,000 a year and an unlimited expense account without any debate. Salaries of the 18 Teamsters vice presidents were doubled.

Delegates were scheduled to plow through a maze of relatively non-controversial revisions in the bylaws today before turning to the election.

Police Arrest 13 In Anti-Mixing Protests

JACKSON, Miss. (UPI) — Thirteen young Negroes were arrested by city police Wednesday in three anti-segregation protests.

A group of 15 Negroes wearing beach clothes held a picnic in a segregated section of a city park and officers arrested four who ignored their order to "move on."

A crowd of about 50 white persons, some jeering and shouting insults, stood by, as officers dispersed the picnickers.

At about the same time three Jackson Negro youths were arrested in the "white" waiting room of the downtown Trailways bus station on breach of peace charges when they refused to leave.

This group was followed at 11 p. m. by six Negro college students. They, too, were arrested in the Trailways waiting room.

Two Minnesota officials were scheduled to visit the state penitentiary at Parchman today to see how five arrested "Freedom Riders" from their state are being treated.

Mrs. Wright Brooks, chairman of the Minnesota Human Rights Commission, and Asst. Atty. Gen. John Casey Jr. were to meet with Mississippi Gov. Ross Barnett.

Mrs. Brooks and Casey were sent here by Minnesota Gov. Elmer L. Anderson to check on the welfare of the five Minnesota natives, all white males arrested June 18 when they ordered a meal in the "colored" restaurant of a bus terminal.

Mrs. Brooks said her findings would not be made public until after the returned to Minnesota. "We are representatives of the governor and we probably won't make any statements here," she said.

Public Nurses And The Schools

By DR. CLYDE BROTHERS

Six children in the low reading group of the 5th grade were referred for screening and were referred to the doctor. Referral slips on these were made and given to the secretary to mail after being signed by the principal.

The next request to be checked was a boy in the 5th grade, who the teacher was unable to impress with the value of cleanliness. His hands were always dirty. Mrs. Brown told him to wash his hands and she would talk with him. She noted that he stuck his hands under the cold water and dried them quickly. She then showed him how to wash his hands thoroughly with soap all the while explaining to him why he should wash his hands after toilet and before eating. Joe said "Why should I wash my hands if they look clean already?" Mrs. Brown told him that it was because of GERMS. Germs are so tiny they can only be seen with a microscope. Some germs help us but the ones we worry about are the ones that get from our hands onto our food and make us SICK. So we wash our hands thoroughly to wash away these germs.

As she was finishing with Joe, a very sick little girl from the 5th grade was brought in with some throat. Her temperature was 104. A call was made to her mother immediately. She came for Alice and told the nurse the doctor had ordered that Alice take Penicillin every day to control her Rheumatic Fever. They didn't have the money for it, so she had been without it for 3 months. Mrs. Brown explained to her the new program in heart disease control whereby this could be obtained through the State Board of Health upon request by her private doctor. She also gave the mother a booklet explaining the care of rheumatic fever to prevent damage and how a strept infection can bring on another attack. Alice was taken home, put to bed, and visited by her doctor who immediately treated her and Mrs. Brown helped the doctor make the request for this important medicine.

Mrs. Brown then put in her folder two other families to visit in the afternoon. One child was spending most of her time in

the clinic room, and needed a physical exam. Another had been eating breakfast, this was causing her to be ill repeatedly. EVERY child should eat a nourishing breakfast. She said goodbye at the door, see you next week, knowing all the while that next week would bring other problems.

The Albert Jacobs home on Lake Ashar Cr. in Bear Lake Manor was severely damaged by lightning in a tropical thunderstorm last week.

Residents of the area reported that lightning hit a tree in the neighborhood, popping it into hundreds of small pieces, then ran electrical lines into several homes causing minor damage. The most severe, however, was to the Jacobs home where a complete bedroom and all furnishings were ruined by the resulting fire.

Neighbors contacted the vacationing family by phone to report the mishap.

Iraqi Premier Overstepped Bounds In Kuwait Dispute

By PHEL NEWBOM

UPI Foreign News Analyst

When Iraqi Premier Abdul Karim Kassim announced his claim on the abdomen of Kuwait last week, it seems probable he did so with two thoughts in mind.

The departure of the British a week earlier had created a power vacuum after more than half a century during which the Union Jack had protected Kuwait from the political storms which periodically sweep the Middle East.

With the aid of a potential fifth column of 50,000 Iraqis employed in the Kuwait oil fields, he may have hoped to touch off a pro-Iraq government coup or popular uprising.

On both counts, he was doomed to disappointment.

Britain, supported by the United States, responded quickly with the troops and war planes in Sheik Abdullah's Arabian oil-rich state for protection.

At Kuwait's invitation, Saudi Arabian troops also moved across Kuwait's southern border.

The United Arab Republic under President Gamal Abdel Nasser recognized Kuwait's sovereignty. In a note to the Iraq government, Nasser also was understood to support Kuwait's independence.

Kuwait's desert chiefs pledged their support to the ruling family.

Oil began flowing in Kuwait in 1938 and since then the pool of oil wealth has become the largest in the world, with reserves twice those of the United States.

Sheik Abdullah inherited chet-

dem in 1960 he has been building a welfare state whose inhabitants pay no taxes. Modern roads, and hospitals and schools have been built, luxury goods flow from the United States, Britain and West Germany so that Kuwait has been described as a country with more cars than parking space.

At the same time, the thoughtful sheik has managed to bank the neighborhood of \$150 million per year in Britain and thus supply substantial encouragement to Britain's oil economy.

Adding to Britain's interest in the tiny sheikhdom no larger than Connecticut is the fact that she draws something like 40 per cent of her oil needs from there.

Iraq's claim on Kuwait is an interesting one.

The present ruling dynasty of Kuwait goes back more than 200 years to 1783, but for many years paid nominal allegiance to the Turks through the province of Faara which now is part of Iraq. The British moved in in 1899 after a German attempt to use Kuwait as a terminus for the Berlin-Baghdad railway. In 1930, the British guaranteed Kuwait's frontiers and took over its foreign relations.

This is the treaty which Iraq now claims to be illegal and void, she sought to erase by her military move. Up to now her only support has come from Russia.

Among the hints that may be sought to talk are the piping covers of Baghdad, the myth passed some species of Iraq, meadows and even starlings.

Home Damaged By Lightning

By ATLANTA MCGINNIS

The Albert Jacobs home on Lake Ashar Cr. in Bear Lake Manor was severely damaged by lightning in a tropical thunderstorm last week.

Residents of the area reported that lightning hit a tree in the neighborhood, popping it into hundreds of small pieces, then ran electrical lines into several homes causing minor damage. The most severe, however, was to the Jacobs home where a complete bedroom and all furnishings were ruined by the resulting fire.

Seminole Swimmers Take Places In Meet

The Seminole Swim Assn. teams won one first place and placed in several other events at the District Two AAU swim meet at Ocala.

The 200-yard free style relay was won by the Seminole team composed of Fred Ganas, Greg Ganas, Buster Bruce and Roland Davies.

Another local team, David Richards, Gary Wynn, Ralph Wight and Allan Lucas placed fifth in the same event.

The girls squads won several honors also. Nancy Johnson won third place in the 100 yard backstroke and third in the 200 yard individual medley in the 13-14 year old division. Stephany Westgate was fifth in the breaststroke in this age group.

Linda May, Nancy Johnson, Rosemary Walton and Sandy Richards teamed up to place fifth in the 13-14 year old 200 yard free style relay.

The 10 year old and under team of Rita Simas, Randi James,

Nancy May and Trudy Portewig placed fourth in the 100 yard free style relay.

The teams are scheduled to compete in another meet Friday and Saturday at Orlando, at Eustis July 14-15, Daytona Beach July 17 and at Tampa July 21-22. They also will enter the Mount

Dora trials for the state AAU competition July 28-29, when the top six places in each event will qualify for the state contests.

John Colbert, swimming coach at Seminole High School, is coaching 65 youngsters on the two Seminole squads.

Reds Planning Mid-East Crisis

UNITED NATIONS, N. Y. (UPI)—The Soviet Union may try to inflame a Middle East crisis by supporting Iraq's claim to the tiny oil-rich sheikdom of Kuwait, Western diplomats said today.

Soviet backing of Iraq would pit the Communists against Britain and the United States, and also the United Arab Republic and Saudi Arabia.

Soviet Ambassador Valerian A. Zorin hinted at the Kremlin's strategy on the Kuwait situation during an extraordinary session of the Security Council summoned Sunday to consider Iraq's claim to the sheikdom. The debate was adjourned after 90 minutes until Wednesday afternoon.

Zorin declined to call Kuwait an independent state. He supported the Iraqi position that the Security Council could not consider a complaint directly from Kuwait but only as submitted by Britain.

Iraqi Premier Abdul Karim Kassem last week claimed that Kuwait, one of the richest oil centers in the world, was an "integral" part of Iraq. He made the claim after Kuwait and Britain signed an agreement on June 19, ending Kuwait's long status as a British protectorate.

Kuwait was not represented in Sunday's debate, but delegates from the sheikdom were expected here by next Wednesday.

Almond Explains Qkay To Civil War 'Buff'

RICHMOND, Va. (UPI)—Gov. J. Lindsay Almond explained Wednesday when he allowed Civil War buff Fred Williams and his horse, Stonewall, to camp overnight Tuesday on Capitol grounds.

Almond said Williams and Stonewall, on a publicized trip to the Civil War battleground at Manassas, Va., were being accorded a privilege similar to one given 1960 Republican presidential candidate Richard M. Nixon.

Almond said a "hue and cry" was raised to grant Nixon permission to deliver a campaign speech from the same piece of state property.

The governor, a Democrat, said, "This time we had the complete animal, so we let it in."

FBI Joins In Four State Manhunt For Killer, Girl

MOAB, Utah (UPI)—The FBI joined small-town marshals today in the four state manhunt for a stocky killer and the teen-aged girl he kidnaped.

Sheriff John Stocks said the odds were 1,000 to 1 that 14-year-old Denise Sullivan of Rockville, Conn., would be slain by the same man who killed her widowed mother and wounded a traveling companion.

"At first I thought there was about a 1 chance in 100 the girl might be found alive," Stocks said, "but now I feel the figure is no better than 1 in 1,000."

Slain by a .22-caliber bullet in the back of the head Tuesday was Mrs. Jeanette Sullivan, 41, mother of the missing girl. The third victim of the holdup-shoot-

ing near Dead Horse Point in the Utah Badlands was Charles Boothroyd, 55, also of Rockville. He underwent facial surgery to remove two bullets Wednesday night and was reported in fair condition today in Salt Lake City.

Because of the rocky, unshaded country, locating the blue and white Ford in which the bandit and his captive were thought to be riding was difficult, even from the air. There are few roads in the Colorado River country, an area slashed by canyons. Most of the roads are uranium mining trails.

Mr. R. P. Cully Dies Wednesday

Mr. Robert P. Cully, 87, died at Seminole Memorial Hospital Wednesday following a brief illness.

A native of Ireland, he had made his home at 1200 Magnolia Ave. in Sanford for the past few years. He was a Presbyterian and a retired General Electric Co. machinist from Bloomfield, N. J. He had been a member of the Masonic Lodge in New Jersey for 50 years.

Survivors are his wife, Mrs. Alma Cully of Sanford; two daughters, Mrs. Irve Canfield and Mrs. Margaret Jacobs and a twin brother, Hugh Cully, all of Cedar Grove, N. J.; six grandchildren and 13 great grandchildren.

Funeral services will be held at 2:30 p. m. Friday from Brison Funeral Home with Rev. Thomas H. Makin of the Presbyterian Church officiating. The body will be sent to Cedar Grove for services and burial.

Wilson Services Scheduled Today

Funeral services for Mrs. Ruth Wilson of Longwood who died Tuesday were scheduled to be held at 2 p. m. today from Brison Funeral Home with Stewart Helms officiating.

Survivors include three stepsons, Howard of Joshua Tree, Calif.; Robert of National City, Calif. and Donald of Wilton, Conn. and one step-daughter, Mrs. Dorothy Soler of South Norwalk, Conn.

Burial will be at a later date.

Reds Gain In NL Flag Race

United Press International. Casey Stengel used to go into rhapsodies about southpaw Bill Henry, and Cincinnati manager Fred Hutchinson is about ready to join in and make it a duel.

"He's been like money in the bank to us," Hutchinson says. "Any time we've been in a hole, he has pulled us out."

The 33-year-old Henry performed his specialty again Wednesday night, stopping the San Francisco Giants cold with the bases full in the ninth inning to preserve a 3-2 victory that stretched the Reds' winning streak to five games and increased their National League lead to three games.

Henry, who has worked in four of Cincinnati's last six victories, took over in the ninth after Jim Brosnan had relieved winner Sherman Jones and forced in the Giants' second run by walking pinch hitter Jim Davenport.

Working carefully, Henry ran the count to 3-and-2 on pinch hitter Eddie Bressoud, then retired him on a routine fly ball to end the game.

Henry, who led Cincy pitchers with 17 saves last season, first came to Stengel's attention when he hurled for the Boston Red Sox. The former Yankee manager was irate when the Chicago Cubs gave up Henry to the Reds for Frank Thomas in December of 1959.

"They (the Cubs) told us they weren't gonna let him go," Casey steamed. "We wanted him, but they said no one's gonna get him."

The St. Louis Cardinals routed the second-place Los Angeles Dodgers, 9-1, and the Milwaukee Braves swept a two-night twin bill from the Philadelphia Phillies, 5-4, in 12 innings and 4-0. The Pittsburgh-Chicago game was postponed because of rain.

In the American League, the second-place New York Yankees moved to within a half game of first place with a 6-0 win over the Cleveland Indians, while league-leading Detroit was splitting a doubleheader with Boston, winning the first, 6-2, and dropping the second game, 6-3. The Baltimore Orioles blanked the Washington Senators, 2-0, the Los Angeles Angels beat the Minnesota Twins, 6-2, and the Kansas City Athletics defeated the Chicago White Sox, 8-3, in a game limited to six innings by rain.

Bill White hit three homers and a double to pace the Cards to their victory over the Dodgers.

The Braves broke a four-game losing streak with their two victories over the floundering Philadelphia Phillies. Roger Maris hit his 32nd homer to go 17 games ahead of Babe Ruth's record pace in the Yankees' triumph over the Indians.

Rocky Colavito drove in five runs to power the Tigers to their first game victory over the Red Sox. He hit his 21st homer in the opener and 22nd in the nightcap, but homers by Jim Paganaroni, Gary Geiger and Chuck Schilling plus the fine relief pitching of Mike Morrieles caused the Tigers' downfall in the finale.

Dick Hall pitched a four-hitter against the Senators to help the Orioles keep intact their record of never having lost a game at Griffith Stadium this season.

Steve Bilko and Ken Hunt drove in three runs apiece against the Twins to lead the Angels to their fifth victory in a row.

The Athletics shelved Juan Pizarro and Frank Baumann for eight runs in the first two innings for their victory against the stumbling White Sox.

Richardson Agrees With Piersall

WASHINGTON (UPI) — Paul Richardson slowly counted to 10 today, swallowed an insult hurled at him by Jimmy Piersall and then agreed with the Cleveland outfielder that he "deserved" to be picked on the American League's All-Star team.

But Richardson, who will manage the AL All Stars, didn't pick him and that's what got Piersall, hitting .340, too off.

The high-strung Cleveland outfielder accused Richardson of "stupidity," "favoritism" and "sentimentality" among other things.

Richardson learned of Piersall's remarks shortly before Wednesday night's game here between the Baltimore Orioles and Washington Senators.

"After thinking it over," Richardson added, "I can understand why Piersall feels he's been slighted. He's a fine player. On the basis of his performance, he deserves to be on the team. Unfortunately, it didn't work out that way this year."

The three first-string outfielders chosen to the AL All-Star team by the players, managers and coaches were Rocky Colavito of the Tigers, and Mickey Mantle and Roger Maris of the Yankees. Richardson supplemented that trio by choosing Yogi Berra of the Yankees, Al Kaline of the Tigers and Jackie Brandt of the Orioles.

Sarasota Boosts Lead In FSL

By United Press International. Sarasota used four pitchers and a late-inning rally Wednesday night to overcome stubborn St. Petersburg and jump a half game higher in the Florida State League.

In the top of the 11th inning, first baseman Perry McGriff singled, second baseman Ray Tabeck doubled and McGriff scored on a long fly ball by centerfielder Junior Ready to provide a 6-5 victory for the first-place Sun Sox.

Sarasota increased its lead over second-place Leesburg to 2 1/2 games. The Orioles were raised out along with Tampa and Orlando.

Seta Record

BERLIN (UPI)—Gunter Titus of East Germany has established a new world record for the 100-meter breaststroke, the East German news agency, ADN, reported Wednesday.

Wheeler Signs

CHICAGO (UPI)—Sam Wheeler, a 6-7 1/2-pound center from Iowa State, Wednesday became the fifth player to sign with the Chicago majors of the American Baseball League.

SEEM' ALL-STARS

National Little Loop All-Stars Cop Play

The National All Stars won the July 4 baseball game from the American All Stars by a 17-4 score, the Sons defeated the Dads, 8-4, and the Little League raised enough money from the holiday

Reynolds Top Tennis Choice

WIMBLEDON, England (UPI)—Sandra Reynolds of South Africa was favored to defeat Britain's Angela Mortimer today in the semifinals of the women's singles in the Wimbledon tennis championships.

Renee Schuurman, Sandra's countrywoman, met Christine Truman of Britain in the other semifinal match.

CPO, Kiwanis Take BRL Play

CPO defeated Civitan in Babe Roth League play Wednesday by a 4-3 score. In other league action, Kiwanis knocked off Rotary, 8-4. In Little League play, Chase romped over Yowell's, 10-5.

Ninth Season

WASHINGTON (UPI)—The Washington Redskins have signed veteran fullback Johnny Olszewski for his ninth season in the National Football League. Olszewski, a former University of California star, has gained more than 2,000 yards in his pro career.

Smith Kegler Eliminations Held

The Don Smith Eliminations were held this past weekend at Jet Lanes with the 16 entrants competing over a six-game series.

The top two bowlers will now compete against two professionals, Don Smith and Sonny Hughes, here at Jet Lanes this coming Saturday evening at 7:30 p. m. The public is invited to come out and watch the competition.

Gerald Behrens, who has been bowling a little over one year, came roaring through with a 1182 series to cop first place worth \$20. — while Bucky Ferguson wasn't too far behind with a 1129 which was good for 2nd place and \$12.

In addition to bowling the two local bowlers, Smith & Hughes will be conducting a class of bowling instruction which is also open to the public.

At 10 a. m. on Saturday, the 'Pros' will be working with the adults and again at 3 p. m. that afternoon. The youngsters in the area are welcome to come on out for the instructions.

There will be additional instruction by Smith and Hughes following the completion of demonstration and match with Gerald Behrens and Bucky Ferguson.

New Kart Track Champions Named

New champions for the Grand Prix Kart Club of America Florida State and Southeastern Regionals were named over the holiday weekend at Checker Kart Track, in contests ranging over four days of speed and demonstration of superlative driving skill.

Qualifying heats for the championship contests were held on the first and third, and the big races on the second and fourth. Bobby Allen, Miami, World's Champion, won a coveted free-trip to Nassau by winning over Burr Rube, Orlando, and Donald Martin, also of Orlando, in the State title race in the A open division.

Larry Ehinger, world's indoor champion, and a regular at Checker Kart Track Sunday afternoon races, who hails from St. Petersburg, also won a trip to Nassau Speed Week, by capturing the Southeastern Regional Class 3 Open title on Tuesday afternoon. The race was a thriller with Ken Schare, Miami, coming up through the field to challenge Ehinger in the last lap, only to lose by less than a last length. Ted Howell, Ft. Lauderdale, followed the leaders across the line in third place.

Dear Abby:

By Abigail Van Buren

DEAR ABBY I met a man on a bus. He was very polite and well-dressed. Maybe I should tell you I am 16, but look older. This man said he was a talent scout and he thought he could get me in the movies. He asked me to go up to his hotel room to read over the contract, but I didn't have time because I was supposed to meet my mother downtown.

He gave me his name and telephone number, and told me to call him. He asked me not to tell my parents about meeting him. I don't want to pass up a chance to get into the movies, but I have never done anything behind my parents' back. What should I do? SIXTEEN

DEAR SIXTEEN: DON'T call this man. He's as phony as a paper moon. His "talent scout" line went out with celluloid collars. Tell your parents about him.

DEAR ABBY: I have been married a very short time and have been told that I am wearing my rings backwards. I wear my engagement ring first because I was engaged first. Then, right next to it, I wear my wedding ring. People have told me that it should be the other way around. I still think I am right, but I would like to be sure. JUST MARRIED

DEAR JUST: The wedding ring should

be placed on the finger first (closer to the heart), and the engagement ring is worn next to it.

DEAR ABBY: My husband runs a gasoline station. He is known as the softest touch in town. He gives credit to all the dead-beats. When they have cash, they go somewhere else.

When the cash register rings, it is a NO SALE because he is in there getting a dollar to give someone who hands him a hard luck story. We are far from rich, but as long as he has a dime, he'll give somebody who has nothing a nickel. At this rate we will never have anything. How can I convince this big-hearted lunthead to realize that he is a fool?

DEAR WIFE: Your "big-hearted lunthead" may be overdoing things, and a reminder that his big heart could break him may be in order. But a man who will split his dime with another who has nothing is not a "fool," and you could learn from him.

CONFIDENTIAL TO MRS. S. W.: Your son sounds like the kind of man who sows his wild oats six days a week. . . then goes to church on Sunday to pray for a crop failure. Don't count on teaching a 44-year-old dog new tricks.

TEMPERATURES have been almost as high in Washington, D. C., offices as on the thermometer, so Norma Sedlock, a State Department secretary, tries to cool off in the shadow of the Capitol with a splash in Union Station Plaza.

Swim Classes Open Monday In DeBary

Adult and children's beginner swimming courses will open at the home swimming pool of Mrs. Darwin Bruce in DeBary Monday at 9:30 a.m. Young people who plan to register for the junior and senior lifesaving courses are to report at the pool at 2 p.m. Monday. Mrs. Bruce, whose residence is located on Monroe Ave., says that those wishing to enroll for junior lifesaving must be 12 years of age while those taking the senior course must be 18 years old. All classes are to be sponsored by the Orange City Chapter of the American Red Cross Water Safety Committee for which Mrs. Bruce is a qualified instructor.

Highlights

Thursday's top television shows as previewed and selected by TV Key's staff of experts who attend rehearsals, watch screenings, and analyze scripts in New York and Hollywood: Summer Sports Spectacular — "International Gymnastics." A Japanese - American gymnastic tussle. From the University of Maryland in College Park, Japan's olympic - winning men's team takes on our expert amateur male gymnasts, and from Southern Connecticut College in New Haven, their women's olympic team competes against our AAU (Amateur Athletic Union) women's team. This one should set up your summer exercise schedule, at least, 7:30 p.m. CBS. Great Ghost Tales.—(Premiere) —"William Wilson." At the outset, let it be said that it's good to have a promising new "live" series to look forward to. Tonight's opener is more appealing in atmosphere and cast than in plot. It's an adaptation of Edgar Allan Poe's short story of a disolute, unprincipled young man and his conscience, which has lost some of its lustre and originality with the years. Nevertheless, a good cast headed by Robert Duval and Peter Brandon manage to make the most of it. (Color) 9:30 p. m. NBC. CBS Reports — "Rescue—With Yul Brynner." (Repeat) A fascinating documentary that's worth a second look. Faces, facts, tears, and Yul Brynner arouse your mind and move your spirit in this hour with refugee the world over. There are scenes of triumph as the displaced Hungarian musicians make their debut at the home orchestra of the town of Marl, Germany. There are scenes of sadness as Austrian refugees face the mysteries of a home in an unknown land, and there are scenes of squalor in Hong Kong with Red Chinese refugees, and

TV Key Previews

scenes where poisonous bats surround the children in the polluted slums of the Middle East Camps. Brynner is extraordinarily effective as your personal guide and host, and he also suggests a way for you to help. A "must." 10 p. m. CBS.

Fungi and insects take their toll of \$7 billion a year in the United States.

We The Women:

By Ruth Millet

Do you pride yourself on your frankness?

Do you frequently use such phrases as, "You know I'll tell you exactly what I think" or "To be perfectly frank with you . . ." or "You may not like hearing this, but I think you should know . . .?"

If the answer is "Yes" perhaps you had better stop and figure out whether the "frankness" you pride yourself on is really as sensible as you think it is.

How often has your outspoken frankness done a real service for your family, friends and acquaintances? How often has it been really helpful?

Probably not nearly as often as you would like to think, more often than not perfect frankness carries a sting that hurts, a criticism that crushes or a superiority that deflates another's ego.

Why should anyone actually pride himself on his frankness? It's easy to be frank—to say whatever comes into your mind without first wondering whether expressing the idea will be helpful or hurtful.

It is much more difficult to be diplomatic, to be gracious, to figure out a way to gently remark. That takes some thought.

It also takes consideration for the feelings and beliefs and attitudes of others.

And how do you know for sure that what a friend needs is your frank opinion? Maybe the friend needs the encouragement of a tactful answer rather than the blunt edge of unadorned frankness. Maybe he could use a little flattery instead of frankness.

Don't be afraid of flattery. Few persons get too much of it for their own good. Most don't get nearly enough. It was, I believe, Samuel Johnson who said, "Just praise is only a debt, but flattery is a present."

Jacoby On Bridge

By Oswald Jacoby

Take a look at the West hand only. The game is duplicate. You open one spade and your partner raises you to two. South puts in a three heart bid which does not discourage you and you jump to the spade game. North goes to five hearts. This is passed around to you and since you visualize three losing tricks at spades you double. It is up to you to make the opening lead. The king of spades lead looks nice and conservative; the king of clubs opening also appeals, but neither is the winner. This is one time that you

should open a trump. You have 18 high card points of your own and it is almost certain that North and South aren't going to make many tricks outside of the trump suit, and maybe you will be able to wind up by killing off two ruffs.

This is exactly what happens. South wins in either hand and leads a spade. You win and a second trump lead removes dummy's next to last trump. You hold South to six trump tricks, one spade ruff and the ace of clubs. He is down three and you chalk up 500 points which is better than you could possibly have made in spades.

Hand analysis table with columns for NORTH, WEST (D), EAST, SOUTH, and a note: No one vulnerable. West: 1A, 2A, 4A, Double. North: 2A, 3A, 5A, 7A, 8A, 9A, 10A, 11A, 12A, 13A, 14A, 15A, 16A, 17A, 18A. East: 1A, 2A, 3A, 4A, 5A, 6A, 7A, 8A, 9A, 10A, 11A, 12A, 13A, 14A, 15A, 16A, 17A, 18A. South: 1A, 2A, 3A, 4A, 5A, 6A, 7A, 8A, 9A, 10A, 11A, 12A, 13A, 14A, 15A, 16A, 17A, 18A.

Lake Monroe Jottings

By MRS. H. L. JOHNSON
Who said we haven't had much rain? It still is needed though so we won't kick about it. * * * Chris Errett and son, Paul, who occupy the Marrs cottage while Larry is doing service with the Navy, were called to Kansas because of the illness of Larry's mother. Larry was with his mother for a short time but had to return to ship duty so Chris will remain with his mother. * * * Rev. Rudolph Tytt will occupy the pulpit of the Upsala Community Presbyterian

Church, during July while the regular pastor, Rev. John Pilley and his family are on vacation visiting relatives in the north. * * * Speaking of visiting, Daisy and Ed Dowell have had Ed's sister, Mrs. G. F. Young and daughter, Sara and her fiancé, Jim Blizard of Winston Salem, N. C., Mr. and Mrs. Garland Kepley and sons, Mr. and Mrs. Alford Younts and daughter, Joyce, Brenda Decker and Mr. and Mrs. Walter Gilley and son, Pee Wee, of Lexington, N. C. This week Daisy's son, J. Don Kepley, and his friend, L. C. New, are here with them. They are also from Lexington. Daisy is a wonderful hostess so I know they had a wonderful time while here. * * * Congratulations to Billy Price and Jaunita Johnson on their marriage Friday evening. Billy is a former Monroe boy and is the grandson of the L. L. Kellers. * * * Mrs. Eddie Grow of Miami has been here visiting her mother, Mrs. C. R. Giles. * * * So sorry the Lucille Fitzgerald will be unable to go with us to Gainesville the next week. Her mother is here with her so Louise Rushlow will go in her place. * * * Was talking to Claude Hittell the other day and I asked him if it wasn't his vacation time. He said yes and I asked where he and his family were going and he said to Monroe. Maybe he has the best place after all for a vacation and it's for free. * * * A former Monroe girl, Gini Taylor, is an engaged gal. Gini, who now resides in Lake Mary, is happily counting off the calendar days until July 22 when she will marry Carl Stubbings also of Lake Mary. The best to you, Gini and Carl. * * * I sure hope everyone had a very safe 4th of July. I stayed home. I guess I am just a little bit afraid to get out on the highway on a big holiday as this. * * * Had a cute post card yesterday from Linda Stapler. She is in Gallatinburg, Tenn., "having fun but misses everyone at home." She is the cutest gal. * * * The George Poff's have guests this week. Mr. Poff's daughter and son-in-law, Mr. and Mrs. John Riddle of Bluefield, W. Va. They are trying to talk the Poffs into going back with them for a visit. It really would do them a lot of good to go. Take the hint Rose. * * * Jim Hawkins and new bride, Shirley, are here from Frederick, Md., on a short visit with Jim's parents, the Vic Hawkins. Jim and Shirley were guests of honor at a get-together of high school chums at the home of Marcia and Bobby Carters on Monday evening. Don't you know they had a really swell time talking over school happenings of a few years ago? * * * Glad that Mrs. Bob Carroll's mother is improving after being hit by lightning last week at her home. Constable Carroll said the burns were severe. That must have been an awful experience. * * * Well I will be in Gainesville next week having a "learning" good time at the University of Florida, so will see you in two weeks.

Seminole 4-H'ers Plan Annual Camp

Seminole and Volusia 4-H boys and girls will attend the annual week at camp from July 17 through July 22.
The Seminole group will assemble at the County Court House in Sanford by 8:30 a. m. on July 17 in order that the bus may be boarded and ready to leave by 9 a. m.

The week will be spent at Camp McQuarris which is located in the Ocala National Forest about 50 miles from Sanford. Owned and under the direction of the University of Florida, it is the center of many 4-H activities for club members of the entire state.

Competition in camping is keen among the youthful groups for daily checks are made by directors of each cabin for neatness and cleanliness and the one meeting all requirements gets a banner for the day.

Planned and directed activities include swimming, special educational classes for morning and afternoon and periods of recreation spaced throughout the day. During the evening hours, such events as talent shows, musical entertainments and square dancing are scheduled.

Three good meals are furnished each day and the camp canteen is open however the amount of goodies each child may buy is limited.

Home Demonstration Agent Miss Myrtle Wilson and County Agent Cecil Tucker have mailed instructive letters to all club members who are eligible to attend the 1961 camp. The agents specify that enclosed release blanks, signed by parents or guardians, be returned to their offices by Monday since arrange-

Monday Practice

By AUBREY JOHNSON
Weekly practice sessions are being held each Monday by the Geneva Community Band in preparation for the dedication of the community's new Post Office at the exact date of the event has not been announced.

Schools are held at 7:30 p. m. each week in the Geneva Community Hall.

LITTLE MISS NORTH ORLANDO
.... Laurie Anne Snyder

Oviedo Family Busy Reading Summer Mail

By MARIAN R. JONES
Everyone in the T. W. Lawton family seems to be on a summer tour somewhere but Mom and Dad!

Our good friends and neighbors, Dr. and Mrs. T. W. Lawton, are busily engaged in reading mail from all parts of the world from their vacationing children.

Mr. and Mrs. Blaine Mikosell (Charlotte Lawton) and daughters, Marilyn and Marcia, are enjoying a two months tour of Europe, planning to return home by August.

During their tour they have seen the crown jewels and have visited the tower of London. Before returning home, they will visit with friends in Northern Ireland and while in Germany they will visit with the girl who is to be an exchange student here next term and who will live in their home.

The Lawton's son, Dean James Lawton of Pennington School For Boys in Pennington, N. J., also is touring the continent and has been invited for personally conducted sight-seeing tours in Cairo and Rome, homes of two of his students.

Miss Betty Ann Carter, granddaughter of Mrs. W. F. Carter of Oviedo and a niece of the Lawtons also is on the same tour. Betty Ann is the daughter of Mr. and Mrs. Walter Carter of Sanford. And Mr. and Mrs. T. W. Law-

ton Jr. and sons, Billy and Tommy, of Orlando, are traveling west by plane, train and rented car. Imagine Tommy being old enough to do the driving when the rented car is used!

Their plans include visits to sights of interest in Chicago, Salt Lake City, Denver, San Diego, Mexico, Arkansas, New Mexico, Wyoming, San Francisco and Idaho Falls.

Imagine the wonderful things all members of the family will have to tell each other when a reunion comes around again. . . . probably at Christmas time.

Hobby Craft Club Meets Wednesday

Due to the July 4 holiday, members of the Chuluota Hobby Craft Club postponed this month's regular meeting and pot luck dinner, usually held the first Wednesday of each month, until July 12.

Next Wednesday's meeting is to be with Mrs. Henry C. Schwartz and Mrs. Howard Kennedy as hostesses and will be held at the Community House beginning at 9:30 a. m.

During the summer, daughters of club members have been weaving colorful sewing bags from yarn on plastic frames.

The ladies have spent their leisure hours in crocheting afghans, embroidering tablecloths and sewing new fall wardrobes for themselves and their youngsters.

County Club Women To Attend Short Course

Seminole County's Home Demonstration Clubs will be represented at the 37th Annual Florida State Senior Council Meeting and Short Course by 13 delegates.

Theme of the meeting at the University of Florida, July 10 through July 14, this year is "Learning—The Key to Living." Participating from Seminole County will be Mrs. H. L. Johnson of Lake Monroe, the County Council president; Mrs. W. H. Heinbuck of Lake Mary, the County Council delegate and Mrs. Joe H. Wright of Lake Mary, entry to the State Dress Revue.

Other club members attending are to be Mrs. W. B. Heath and Mrs. J. W. Yarborough of the Geneva Club, Mrs. J. C. Sapp and Mrs. Louise Rushlow of the Lake Monroe club, Mrs. Harold Kryder and Mrs. B. R. Gray of the Longwood club, Mrs. W. W. Dietrick and Mrs. A. W. Richter of the Oviedo club and Mrs. Louise Stringfield and Mrs. J. D. Callahan of the Sanford club.

Miss Myrtle Wilson, Home Demonstration Agent, will accompany the group.

Women from all parts of the state will attend the president's dinner on Monday when all council and past state presidents are to be honored and during the five-day session they will take part in many instructive and educational lectures and programs.

Dr. M. O. Watkins, director of Florida Agricultural Service, University of Florida, and Miss Anna Mae Sikes, state home demonstration agent of Tallahassee, with assistance from state specialists, will direct these meetings.

"Learning for Living the American Way" is the topic Dr. Willard M. Fifield, provost for agriculture at the university, has chosen for his lecture and Mrs. Lucia Brownwell, home editor for "Progressive Farmer," has chosen to speak on "Living Today and Tomorrow."

Miss Helen Holstein, Mrs. Edyth Barrus and Miss Eloise Johnson, district home demonstration agents, will be in charge of discussions on "Extension Program Development."

All sessions of the educational program will be held in General Assembly during the morning hours.

Special interest meetings on citizenship and civil defense, self understanding, ways with words, the wonderful world of books, the Latin American crisis and safety will be offered to club members.

Short courses on recreation, health, landscaping, the home, nutrition, clothing, youth understanding, family unity, consumer tips and management also will be available.

Evening meetings will be devoted to recreation and social activities with one of the most interesting to be the Dress Revue for which each county may enter

two delegates. Entries must come under the church or street category, play clothes or suits and formals.

In conjunction with the fashion event will be the installation of new state officers and the awards and recognition program.

Closing exercises are scheduled for Friday morning when summaries of the meeting and reports will be presented and short course certificates given. The closing address will be given by the State Council president.

Rummage Sale Brings \$368

By ATLANTA McGINNIS
The Altamonte Springs Library Assn., which is sponsoring a gigantic rummage sale in the old Post Office Bldg., last week cleared a total of \$368 in the all out effort to raise necessary funds for the purchase of the present library building and property.

Mrs. Glenn Humes, chairman of the ways and means committee, says that volunteer helpers still are needed for either morning or afternoon duty.

Members of the group will continue to accept sale items and they also are taking articles to sell on commission consignments.

Of especial interest to antique lovers in the county might be the handcarved chest which has been newly refinished and is offered for \$48. The piece is from the Bates Estate and was donated to the Library Assn. by family heirs for resale at this event.

Also among items to be sold are many plants and used books and Florida Power Corp. has donated electricity in the building so that longer sale hours can be maintained. Mrs. Humes reported.

Incorporation Becomes Official For Civic Group

Members of the North Orlando Civic Assn., meeting last Thursday at the Village Hall, were advised by President W. W. Anderson that the group's incorporation as a non-profit organization has been officially recognized and that its charter has been sealed and certified for record.

Anderson also introduced his appointed officers, Lloyd Prouty as chaplain and Jack Riddley as sergeant-at-arms.

Appointed as association representatives for the Village were Jack Sutton from the north side, Riddley from the south side and John Crodray from the Coronado Homes section.

GREASED POLE CONTEST
.... Entertains Longwood Youths

ROCKET BURST
... Fireworks At Longwood

EDITORIAL COMMENT

Multiple Purpose

Although the Fourth of July now is just another national death toll statistic, the day's celebration sponsored by the Longwood Volunteer Fire Dept. seems to us one of particular merit since it had a multiple purpose.

Firstly, the Volunteers, with cooperation from the local businessmen and civic and social organizations, planned the full day of entertainment in an effort to give all area residents a jam-packed day of pleasure right at home so that they wouldn't become "just another statistic."

And, secondly, the firemen planned the event as a money-raising project to buy additional equipment of hose, nozzles, warning signals, floodlights and more coats and masks for the men which are needed for the protection of areas outside the municipal limits of Longwood.

The department receives operating funds from the city, however, since it protects all surrounding areas as well, the men, through some means, must raise money to cover these expenses.

We think it highly commendable that they undertook to accomplish this task in such a way rather than falling back on the usual "door-to-door" solicitation which many residents find greeting them all too often these days.

The Sanford Herald

WEATHER: Cloudy through Saturday. High today, 90-94. Low tonight, 70-75.

VOL. 53 United Press Leased Wire Established 1908 FRIDAY, JULY 7, 1961 SANFORD, FLORIDA NO. 280

SOUTH VIETNAMESE soldiers cross a bridge during a mop-up operation against Communist guerrillas in Vinh Binh Province, Viet Nam, which is about 125 miles south of Saigon. Soldiers, marines paratroopers, Navy commandos, cadets from the Army training center and civil guards participated in this operation to wipe out the Communists from this 40,000 square mile province of rice fields, forests, islands and swamps.

News Briefs

Hearing Set
ORLANDO (UPI) — A hearing will be held in Tampa July 13 for two striking unions at Cape Canaveral ordered back to work by a federal judge.

Postal Hike Set
WASHINGTON (UPI) — Postmaster General J. Edward Day announced plans Thursday to raise from 50 to 60 cents the fee for registering mail valued up to \$10, effective Aug. 15.

Plans Homecoming
HOLLYWOOD (UPI) — Negro entertainer Sammy Davis Jr., whose blonde wife May Britt gave birth to a daughter Wednesday, says he will take the two ladies home on Sunday.

Make Appeal
MIAMI (UPI) — Havana Radio Thursday appealed to all citizens to save used bottles, cans, cardboard boxes, toothpaste tubes and even old newspapers "to help fight the imperialist blockade."

New Proposal
DETROIT (UPI) — The United Auto Workers planned to present the Ford Motor Co. formally today its spectacular proposal to put all factory workers on annual salaries instead of hourly wages.

Harmful Germ
SAIGON, Viet Nam (UPI) — President Ngo Dinh Diem told the Vietnamese people today that neutrality is a "harmful germ." He called for a tougher struggle against communism.

Soot
TAMPA (UPI) — Soot-weary Davis Islanders waited impatiently today for authorities to tell them what had caused the black, greasy flakes to fall on them three times in about two weeks.

Coach Drowns
HARDY, Ark. (UPI) — Richard Mays, head football coach at Southwestern College at Memphis, drowned near here Thursday while trying to retrieve his wife's fishing line in a swift current.

Admits Kidnapping
BUFFALO, N. Y. (UPI) — A teen-aged girl Thursday night admitted kidnapping 3-year-old Andrew Ashley and leaving him bound near a Delaware Park lake.

Satellite Chain
BOHN, Germany (UPI) — The United States, West Germany, Britain and France expect to have a chain of communication satellites in operation within two or three years, Post Minister Richard Stuecklen said Thursday.

Demos Accused
WASHINGTON (UPI) — Republicans accused Democrats today of having tailored a proposed program of federal aid for private and church schools to win votes for President Kennedy's general school bill.

Boy Confesses
PATERSON, N. J. (UPI) — A 16-year-old high school boy and civil defense fireman who wanted to prove that "Paterson has a good fire department" Thursday night confessed he set nine different fires in the last two weeks.

How Expensive?
The Rev. Martin Luther King Jr. told a crowd of 2,500 integrationists in Jackson, Miss., Thursday night that "segregation is dead." The only question remaining, King said, is how expensive the segregationists will make the funeral.

Initial Decision
WASHINGTON (UPI) — The Federal Communications Commission Thursday issued an initial decision that would allow the American Telephone & Telegraph Co. and Western Union to hike rates for leased-line telegraph services.

Woman Killed
SYLVANIA, Ga. (UPI) — Mrs. John Gary, an elderly Fort Lauderdale, Fla., woman was killed and her husband was seriously injured late Thursday when her car in which they were riding collided with a tractor trailer truck near here.

Health Director Asks Millage Hike In 1961-62 Fund Request

\$15,000 More Needed-Brothers

County Health Director Dr. Clyde D. Brothers has submitted his 1961-62 budget request asking for a millage increase of .08 mills, records in the courthouse revealed today. Brothers has asked for an increase of some \$15,000 to operate his office during the next fiscal year and requested the health department's mill levy be raised from .12 to .20.

In his budget, Brothers asked for \$8,800 in additional funds to operate his department; \$4,000 more to hire a public health nurse and \$1,000 for additional salaries. A check of budget requests also revealed this morning that Supervisor of Registration Mrs. Camilla Bruce has asked for an increase of funds from \$9,425 to \$15,270; The Home Demonstration office has asked for a decrease in appropriations from \$8,000 to \$7,000; Welfare board—a decrease from \$15,000 to \$12,000; County Agent — increase from \$7,400 to \$9,305; Zoning—a decrease from \$22,450 to \$10,000. The Tax Assessor, once again has asked for \$15,000 for reappraisal work.

Dynatronics Gets \$1 Million In Contracts

Contracts totaling \$1,289,538 have been awarded to Dynatronics in connection with data handling and range support equipment for the Atlantic Missile Range, the firm announced this week. Covering four major areas of the electronics firm's system engineering capabilities, the contracts are to be delivered by the end of this year. The programs are under sponsorship of the United States Air Force Systems Command, Air Force Missile Test Center, Patrick Air Force Base.

According to Parker Painter Jr., president of the firm, new contracts already negotiated this year will result in further growth and expansion of the corporation, particularly in the field of employment. The Dynatronics engineering staff is already slated for an increase in personnel of 50 per cent during the current fiscal year. This growth period follows an increase in total employment at the plant from 116 to more than 200 persons in the past fiscal year.

1) A Range Safety Display and Control Facility, providing the Atlantic Missile Range safety officer with display units for tracking missiles and space vehicles and ordering measures to insure safety on the range, \$508,000.

2) A Pre-Detection receiver, recorder and reproducer which will record and reproduce all types of telemetry data from missiles or satellites in flight, \$24,193.

3) A Universal PCM Data Station, for handling of data transmitted from missiles and space vehicles, \$152,337.

4) Remodification of four 80-foot antennas on the Atlantic Missile Range, broadening the frequency range and updating the servo systems, \$308,000.

McDonald Named 6th Fleet Boss
JACKSONVILLE (UPI) — The Navy has named Rear Admiral David L. McDonald commander of the 6th Fleet in the Mediterranean, it was announced Thursday. McDonald, commander of Carrier Division 6, succeeds Vice Adm. George Anderson, recently named by President Kennedy as new chief of naval operations.

Gagarin Set For London Visit
LONDON (UPI) — Soviet astronaut Yuri Gagarin will visit London "within the next four days" to lecture on his history-making space flight, it was announced today.

Charges Dropped On Mize, Hobby

The \$100,000 civil rights suit against Sheriff J. L. Hobby and County Judge Vernon Mize was thrown out of Federal Court Thursday afternoon but for the second time in four months, the Federal Judge gave the plaintiff, Davis Lee of Anderson, S. C., 10 days to file an amended complaint.

Hobby, Judge Mize and a Negro taxi driver, LeRoy McClinson, were sued for \$100,000 by Lee, publisher of the paper, "The Telegram" who claimed the civil rights of the vendors were violated. Hobby said he arrested Eddie Lee Brooks and Lonnie Cherry, both of Sanford, the week of Aug. 31, 1960, on charges of violating Florida's laws against publishing and distributing "immoral and libelous literature."

Hobby had said at that time he made the arrests to protect Negroes in Seminole County and that he had received complaints from McClinson as well as other Negroes about the paper. Lee claimed in his suit that his vendors were threatened and intimidated by "fear of imprisonment" to stop selling the newspaper.

Both Negroes arrested were placed under \$300 bond but in County Court were given suspended sentences by Judge Mize. The City Commission plans to hold an "informal social" meeting with the County Commission on July 11. That's what City Manager W. E. Knowles says. Knowles emphasized that it was just an informal get-together. Wonder if the press will be invited?

We hear some residents are up in arms about the latest city project for a sanitary landfill area on Marshall Ave. between 22nd St. and 24th St. It seems these persons are speculating that when the project is completed, the area will be subjected to odors, flies and other nuisances. Knowles said "it ain't so."

It's not every day we get a chance to tout our own horns but the Casellberry Volunteer Firemen in their 1961 directory paid tribute to our county editor—Judy Walls—who deserves special mention.

The firemen saluted Mrs. Wells for the "accurate" reporting of all activities and events in the town of Casellberry.

The Downtown Improvement Assn. met Thursday afternoon for some progress reports on way to improve the downtown area. Nothing ready to release yet—but we hear some big plans are in the mill.

Kuwait Accuses Iraq Of Buildup
KUWAIT (UPI) — A Kuwaiti government spokesman today accused Iraq of "building up forces" across the Kuwait-Iraq border, but offered to negotiate his country's differences with its larger neighbor.

"If Iraqi Premier Abdul Karim Kassem wants peace talks," the spokesman said, "we will have peace talks with him."

But he charged Kassem with moving his soldiers south toward the border and estimated that the Iraqi and the British-Kuwaiti troops now are less than 20 miles from each other.

There has been "a lot of movement" of Iraqi troops, he said. The spokesman said the front-line British and Kuwaiti troops are now within nine miles of the border while the nearest Iraqi troop concentration is 10 miles from the frontier.

Kuwait's Brig. Mubarak said the border is now completed, but we hear some big plans are in the mill.

DR. CLYDE D. BROTHERS

Florida Barge Canal Facing Rough \$\$\$ Fight

WASHINGTON (UPI) — The long pending proposal for a cross-Florida barge canal apparently will have a rough time winning approval in a House Appropriations subcommittee.

Rep. Ben F. Jensen, (R-Iowa), ranking Republican on the Public Works Appropriations subcommittee, and a fellow GOP member blasted the project during closed hearings, a transcript released Thursday disclosed.

"I would not vote two cents for this project," Jensen said. "If the people down there want to build it, let them build it and pay for it themselves."

"It is not very often I get completely fed up with a proposition that comes before us, but I am completely fed up with this thing," said Jensen of the proposed \$108 million project.

In a tour of the area, Jensen said, he could not find any reason for the canal across Florida connecting the Atlantic and the Gulf of Mexico.

In Tallahassee, Gov. Farris Bryant charged that the GOP opposition was the stuff of an attempt to make a "party line" issue of the canal.

"I hope they will not be successful in sacrificing this project, which is vital to all the nation, on the altar of politics," said Bryant, who made the canal one of the prime aims of his administration and recently took the entire State Cabinet to Washington to plead for federal funds for the project.

Rep. John R. Pillion, (R-N. Y.), said that economically the canal would create a "ridiculous situation."

Taxpayers would have to pay four per cent interest on the \$108 million each year, Pillion said, plus two per cent depreciation. He estimated the total at about \$10 million.

Longwood Awards Resurfacing Bid

Longwood City Councilmen unanimously approved the low bid of the Orange Paving and Construction Co. Thursday for resurfacing of Church St. from the city's east limits west to E. Lake Ave.

The Winter Park firm's bid was in the amount of \$2,123. Other bids submitted came from Joyce Construction Co. of Jacksonville, next low bidder, followed in order by Hubbard Construction of Orlando, R. M. Wilkins Construction Corp. of Sanford and G. and H. Construction of Orlando.

In other business, the council made the final reading and approved a resolution which created a five-member Cemetery Board and heard a request from Mrs. Hobble Joe Hunt for the removal of four oak trees bordering E. Lake St. in the downtown business district.

Registered Nurses Recess For Summer

The Seminole County Registered Professional Nurses have discontinued meetings for the summer. Customarily scheduled for the second Monday of each month at the Health Center in Sanford, the regular sessions will resume in the fall.

Chapman Becomes Partner In Firm

The local architectural firm of John A. Burton IV announces the association of James Graham Chapman, Architect, as partner in the firm.

Chapman is a graduate of the Georgia Institute of Technology and has for the past few years operated the firm of Chapman Architectural Arts in Winter Park, Florida.

Chapman is a registered architect in the State of Florida and has been with Mr. Burton's firm since February 1 of this year. He is a member of the American Institute of Architects and the Sanford Junior Chamber of Commerce.

The Burton firm, which recently completed the new Senior High School and the Florida State Bank Building, will in the future be known as "Burton and Chapman, Architects," with offices continuing at the corner of First Street and Mellonville Avenue.

Soviets Tighten Screws On Berlin

BERLIN (UPI) — The Communists tightened the screws on Berlin today by digging up a long-ignored law requiring East Berliners to get permission before taking jobs in West Berlin.

The East Berlin city government said it will impose strict enforcement of the long-standing regulation that residents of that portion of the city must seek approval of Communist authorities before working in West Berlin.

Reds Reject U. S. Nuclear Test Proposals

MOSCOW (UPI) — The Soviet Union has rejected United States proposals for a nuclear test ban again and has demanded anew that the test ban talks be merged into a general disarmament conference, it was disclosed today.

The government newspaper Izvestia printed the text of a note which Soviet Foreign Minister Andrei Gromyko handed U. S. Ambassador Llewellyn Thompson last Wednesday. It replied to President Kennedy's note of June 17.

The Soviet note repeated the Kremlin demand that any test ban treaty must rest on Soviet Premier Nikita Khrushchev's "troika" principle of "burning the bridges to agreement."

The note accused the United States of preparing to resume nuclear tests and said the American bargaining points are merely attempts "to justify in the eyes of public opinion this resumption."

"What is this," the note asked of American proposals, a "manifestation of animosity toward communism or an attempt to distract attention from the weakness of the U. S. position on disarmament?"

It said, in so many words, that the Russians have not changed their minds on disarmament since Khrushchev laid his demands before Kennedy during the Vienna summit meeting.

The government of the U. S. is now concerned with only one thing, "the note said, "how to justify in the eyes of public opinion the resumption of nuclear tests which is being prepared in the U. S., what pretext to find for burning the bridges to agreement on the prohibition of such tests."

The U. S. is not interested in a summit agreement on a treaty which would put an end to nuclear testing for all time, and is seeking loopholes to circumvent the treaty and thus turn it into a mere scrap of paper."

Volusia County Seat Change Ruled Out
DELAND (UPI) — DeLand apparently will remain the Volusia County seat after a three-year battle to move the seat to Daytona Beach. The move was killed Thursday when the county commission ruled in favor of a referendum on relocating the courthouse. The petition did not contain signatures of the required one-third registered, tax-paying voters, the commission said. The fight began three years ago to move the county seat to a larger city and a popular seaside tourist center.

Economy Bright-Bryant

TALLAHASSEE (UPI) — Gov. Farris Bryant is confident the state's economic picture will improve enough to finance the 1961 Legislature's construction programs, but maybe not for another year. Bryant told his news conference Thursday he does not foresee any early release of construction funds because the State Cabinet has not had a chance to get a "reasonable" idea of how much revenue the state will take in.

Despite the current financial pinch, Bryant said, he plans to find \$200,000 outside legislative appropriations to finance a start on a new two-year university at Boca Raton so that the school can open as planned in September of 1964. He would not say where he planned to get the money. The Legislature provided that building funds be released only after the state has met the big budget for operating state government.
