

RURAL COMMON SENSE
By Spuds Johnson

HOOKWORM CONTINUES A SERIOUS MENACE TO HEALTH IN FLORIDA

While much progress has been made against hookworm in rural areas of Florida in recent years, it still continues to be a serious menace to the health of people whose homes are not equipped with sanitary sewage disposal facilities.

Public health authorities and the hundreds of families who have followed their advice on the matter are to be commended for the advances that have been made on this debilitating disease.

For many years, it has been known that a person suffering from hookworm does not have the energy, strength or general ability that would be his if he were well. Thus, hookworm, particularly when the best efforts of all are needed to win the war, is more than a personal malady but, is a handicap to the war program. At any time it robs one of vigor and strength, it makes him more susceptible to other diseases.

It is a serious economic factor for a person who is suffering from it is not able to make a livelihood or to progress as he would if he were well.

Hookworm is a parasite that is transmitted through sewage to its victims. Therefore, safe disposal of sewage—so that it will not be present in the soil on which people walk—is the only way in which it can be stamped out. A barefoot lad walking in contaminated soil runs the risk of getting the disease—and keeping it perhaps for many years without knowing why he feels tired so often, why he doesn't obtain the good that he should from his food, and why he is more susceptible to disease than other folks.

Admiral Chester W. Nimitz traveled from Washington to Pearl Harbor after disaster under the name of "Mr. Wright" and wore civilian clothes to fool the Japanese agents who would have killed him for the secret reports he carried.

Soap was invented as far back as the first century.

Russians Tell Berliners To Open Churches

General Eisenhower Receives Russians Highest Award In Order Of Victory

BERLIN, June 11, (AP)—Berlin's war-scarred churches are being re-opened for Protestant, Catholic, and Jewish worship with Soviet approval. Arthur Werner, German educator and Russian-appointed burgomaster of the city, said today. He reported he was told by Col. Gen. Bezarin, Berlin commandant: "Please educate the children of this city so they will believe there is a God and have fear of God."

Gen. Eisenhower received Soviet Russia's highest award the Order of "Victory" from Marshal Kliment K. Zhukov yesterday and said that the Allies "are going to have peace even if we have to fight for it." Eisenhower declared that the European war just finished had been a holy war—more than any other war in history.

In a toast of praise to Marshal Zhukov, commander of Russian operations in Germany, Eisenhower said:

"Speaking for the Allied forces, I say we are going to have peace even if we have to fight for it. We are thinking of the common man of all nations who has the opportunity that we fought to preserve for them."

Eisenhower's speech was made at a luncheon in his headquarters which honored Zhukov, Field Marshal Sir Bernard L. Montgomery, who also received the Order of "Victory," and other high-ranking military figures from the United States, Russia and Britain.

Zhukov Pays Tribute

Marshal Zhukov, toasting the Supreme Allied commander, described him as a son of the American people and said he belonged with the immortal great of all time for whose cause he had fought.

Allied armies of the west out of so many different peoples—Zhukov spent four hours in Frankfurt. Gen. James D. Lantry, commander of the American troops for Germany, was not here.

Grand Lt. Gen. Walter Bedell Smith, Eisenhower's chief of staff, said the meeting had nothing to do with the council's proceedings. Nevertheless, it was learned authoritatively that many matters relating to the administration of defeated Germany were discussed by Eisenhower and Zhukov.

No further meetings of the four power council are expected until Eisenhower returns from his visit to the United States, likely to last 30 days.

An authoritative source said the withdrawal of American troops from the territory now occupied by the Russians would begin in a few weeks. Russian troops will take over the vacated territory, and the Americans and British then likely will be invited to Berlin, which is to be under joint control.

The Russian order of victory never before in history had been presented to any but Russians and only seven previously had been awarded. Eisenhower was number eight and Montgomery's number nine.

Generals Arrive In Los Angeles

Pictured immediately after their arrival in Los Angeles are Gen. George S. Patton, Jr. (left) and Lt. Gen. James H. Doolittle (right) standing between them at Municipal Airport is Mrs. Patton (International Soundphoto).

Infantry Show Is Market Board Coming to Sanford Approves Lease For Locker Plant

85 Overseas Veterans To Stage Spectacle To Sell Bonds

\$210,000 Frozen Food Plant To Be Built At Farmer's Market

"Here's The Infantry," a military spectacle depicting how war is fought today, will be vividly portrayed by 85 overseas veterans Thursday night at the Seminole High School football field, and stirring music will be played by a 100 piece ground crew band from Camp Blending.

Termed by Ed Lane, chairman of the War Finance Committee's publicity for the 7th War Loan, as one of the greatest exhibitions of its kind, the spectacle will be shown free. "You do not have to buy a bond to see this entertainment, but we know that if you see it you will realize the need of buying more bonds," said Mr. Lane.

By way of stressing this need, Mr. Lane today pointed out that Seminole County had sold but \$155,000 in E. Bonds, or 42 percent of its quota of \$375,000.

"Here's The Infantry" will show medical men going to the rescue of the infantrymen who have been wounded in a barbed wire entanglement. It will show a heavy machinegun being put into action; flamethrowers blotting out the flag soldiers in a fiery holocaust; and the climax of the show will be an assault on a Japanese pillbox as the wiping out of the enemy position by flamethrowers at close range.

An exhibit of all kinds of fire arms will be on display on the corner of Magnolia Avenue and First Street on Wednesday and Thursday.

The soldiers are expected to arrive here Wednesday morning at 11:30 o'clock and will stay at the Sanford Armory Wednesday and Thursday nights, an arrangement made possible by the help of the Sanford Naval Air Station through the loan of cots, sheets and blankets. Vivian Speer, county War Finance chairman, will have charge of this arrangement.

Wednesday evening at the auditorium court on the lakefront, the soldiers will be given a fish fry by the Seminole County Chamber of Commerce, with Mr. Lane in charge. Attendance will be strictly limited to the soldier guests. Following this, USO Director Joe Hall has planned a dance for the soldiers at the Federal Recreation Building to which the public is also invited.

George A. Speer has made all arrangements for use of the football field by seeing to it that it is properly policed so that every "mop up" job is done. A sound truck will be used the night of the performance through the courtesy of J. E. McAlexander, Jr.

Florida Wins

TAMPA, June 11, (AP)—Florida won the first round of the legal battle to determine the validity of the state's anti-closed shop constitutional amendment when a federal judge today ruled against the temporary injunction against its enforcement. They said the amendment does not appear to be in conflict with the National Labor Relations Act.

"It is unlawful to disturb or annoy a bullfinch or a cottontail rabbit in Hayden, Ariz."

Rain Falls To Make Up For Drought

Heavy rainfall on Thursday failed to make up for the drought earlier in the month, and there is a net deficiency of 1.08 inches for the 10 day period, according to B. F. Whitner, weatherman.

Actual rainfall during the 10 day period has been 1.44 inches, while normal rainfall for the period is 2.49 inches. Net deficiency for the year is 7.40 inches, and total rainfall is 10.71 inches.

Temperatures have shown some falls with a total excess to June 1 of 16.3 degrees, and a net mean average of 8.25 inches.

Actual average temperature for June has been 83.5 as compared to a normal of 80.3 degrees.

Australian Vets Make Three Way Invasion Of Northwest Borneo

Ens. H.W. Frazier Tells Rotary Of Pacific Action

Squadron Shot Down 74 Planes, Wrecked 462 On the Ground

Ens. Herbert W. Frazier, fighter pilot, who recently returned from a six months tour of duty in the Pacific told the Rotary Club at the Mayfair Hotel today some of his experiences striking against Clark Field, Hong Kong, and Okinawa in which his squadron accounted for 74 enemy planes in the air and 462 on the ground and innumerable ships and ammunition dumps.

Charles Morrison, manager of the Rotary Club's softball team announced that the schedule game with the Kiwanis Club which was to inaugurate the summer softball season being directed by City Recreation Director F. Kettle, has been postponed until a week later, tomorrow on account of a number of his star players having to visit at Ens. Frazier's luncheon.

The luncheon included Lt. Col. Millard Thrush of the Staff Naval Air Station, Rev. Ed McCarley, H. F. Congable of Orlando, and Thomas Robinson of Charleston, W. Va.

Ens. Frazier, who was introduced by Randall Chase as a resident of Wallingford, Pa., and a graduate of Swarthmore College, entered the Navy in February, 1943, was commissioned in May, 1944 and began his tour of duty on the carrier Hancock in October, 1944. He is now training a combat team at the Sanford Naval Air Station which he expects to take out with him in a few months.

The Grumman Hellcats which he has been flying, he said, are much better armed than anything he has ever seen. They carry six machineguns, six rockets each of which are equivalent to a 5-inch shell, and a 1,000 pound bomb altogether giving them the firepower equal to one salvo from a cruiser. He said the carrier was far more advanced than anything he has seen since the early days of the war when a tour of duty lasted 18 months and action was not likely to occur.

Ens. Frazier said he had been a pilot in the water after his tour of duty has been cut down to a month.

Ens. Frazier described an attack on his carrier by a Japanese suicide pilot whose plane blew up only 100 feet from the deck of the ship, and told his squadron leader who returned to his carrier after the tail of his plane had been shot off, and his own narrow escape when his plane missed the landing deck and landed in the water after his motor had conked out. He said he felt very lonely floating around in the middle of the Pacific until he was picked up by a destroyer which radioed his carrier. "We have aboard one naval aviator whom we will trade for 20 gallons of ice cream."

He said that in his first tour on Clark Field in the Philippines he had to fly through an unusually heavy field of flak which his belly tank was blown off and two of his six guns caught fire. His stick stuck so that his plane landed on three attempts to land on his carrier, he was waved off. On the fourth trip in, when he had made up his mind to land anyway, he came in just right.

Ens. Frazier said he respects to Rotary which is an international organization is making a great contribution toward better understanding and world peace.

Hoop Jr. Passing Finish Post In Derby Win

This is the thrilling moment in the 71st Kentucky Derby as Hoop Jr. crosses the finish line as ahead of the field at Churchill Downs, Louisville, Ky. (International Soundphoto).

Capt. Haynes Jr. Back Home After 26 Months Abroad

Flew 25 Missions On Bombing Targets

Twenty five months ago, Capt. Walter Haynes Jr., who today at the home of his parents, Mr. and Mrs. Walter Haynes, 314 Magnolia Avenue, declared that the greatest honor of being home again is to spend the time he wants to include.

Capt. Haynes entered the service in January, 1942 and received his Army Air navigation training at Maxwell Field, Alabama, and Turner Field, Albany, Ga. He was decorated with four clusters and the FTO decoration with four stars, and has received a presidential unit citation.

His first promotion came in September, 1943, after seven months of duty he was made a lieutenant. He was promoted to rank of captain in June, 1944, following completion of the 25th mission, and the following year teaching aerial navigation in England.

The first missions in which he participated were directed at submarine pens in France, and later at Kiel. Following bombing missions against fighter factories at Leipzig, Frankfurt, Berlin, Bremen, and numerous other objectives.

England he spent many enjoyable hours in company with a son of Justice and Mrs. H. W. Ware, Capt. Milton Ware, chaplain at his base, he said, and later had a nice visit with an old friend, Capt. Roy Britt, who had been in the service since 1918.

Always looking for a plane to play upon, Capt. Haynes, who had never finished better than fourth place, raced in to turn the first leg of the daily double, that teamed with Shellfire to complete the circuit and bring joy to the three fans who held the low combine ticket, that paid them \$770, one of the highest doubles ever to pay off at the Longwood track.

Saturday night's returns were the largest of the season, the favorites being out of the money most of the evening. Long shots paid exceptionally heavy odds.

IN THE SOUTHEAST More people drink Atlantic Ale and Beer than any other. It must be... Good Taste! The South was once called by eminent authorities the "Bread Basket of America." It is still the bread basket of the South, and the bread of the world.

HOLLYWOOD By BOB THOMAS. HOLLYWOOD—Famous has assembled its glamorous models called the "Star Club" to put on a fashion show. "Mark Clark" is story about the New York watering place. He dropped in on them to hear a few things about the modeling business. And let the telephone numbers fall where they may. First I approached Marie Ickle, a beauty with flaming eyes. She was wearing what appeared to be a pair of loose-fitting black slippers, plus an attached skirt made of leopard skin. It looked fantastic to me, but no doubt it is true, like, as they say in the glossy "Vanity" mags ("I read everything"). "How do you like the modeling racket?" I asked her. "It's fine while it lasts," she answered. She explained that modeling, like show business, can expect only a few years in that occupation. "Like many models, I hope to either a dress designer or an actress," she said. She said she had been in a modeling school at a preliminary school. "They told me how to make up, fit the hair, stand on my feet, and so on."

BIBLE VERSE FOR TODAY: RIGHT LIVING IS NOT TASTEFUL, BUT DELIGHTFUL.

ADMIRATION: SUCH strength! The steady voice, the firmer hand, Such power in that patient brow.

Her eyes had captured youthfulness, Strength gentler than her own.

The Melbourne Times reports that DDT is extremely injurious to bees and beetles following tests made at the Vero Beach Naval Air Station.

Seminole County legislators are highly commended for obtaining authorization for the construction here of an agricultural experiment station.

The Big Five have finally reached an agreement on the veto question at the Frisco conference. There will be freedom of discussion, but there will be no resort to force in preventing agreement.

Sanford citizens note with interest that Senator Boyle's "three day marriage law" has been upheld by the Supreme Court.

President Truman's refusal to break the Little Steel formula and authorize a wage increase for workers on the ground that this might stimulate inflation is hardly compatible with his statement made the same day that congressmen should be paid up \$25,000 instead of \$10,000.

Superintendent Lawton, in talking to the graduating class last Monday recalled that the class started out 12 years ago with only 253 pupils, wound up with only 94, some moved away, some moved in, but the majority, approximately 169, just quit school, somewhere along the line before they graduated.

It is extremely regrettable that Governor Caldwell found it necessary to veto the \$2,500,000 appropriation for the construction of additional tuberculosis hospital facilities in this state.

It is extremely regrettable that Governor Caldwell found it necessary to veto the \$2,500,000 appropriation for the construction of additional tuberculosis hospital facilities in this state.

It is extremely regrettable that Governor Caldwell found it necessary to veto the \$2,500,000 appropriation for the construction of additional tuberculosis hospital facilities in this state.

Solomon On Housing

As everybody knows, this is a difficult time for service men and their families. But a landlord in Cleveland seems to have solved the problem.

His name is Solomon; and like his namesake, he is a great lover of children. Instead of shooing prospective tenants away when they have children or indications thereof, he encourages them to come and live in his apartments.

Solomon has a standard rate for such procedure, paying \$5 in war stamps for the first child, \$10 for the second, \$20 for the third, and so on, in the quaint doubling game he has invented, until a tenant family reaches a maximum of 16 children.

It must be rather noisy around there; but the residents have shown that they can take it, and enjoy it.

Paper Civilization

It takes war and scarcity to reveal the value of common things. Paper, for example, Paper of all kinds, including mere wrapping paper and—far greater in bulk and value—the news print stock which serves as a carrier of information and entertainment of limitless variety throughout the world.

We Americans are fortunate nevertheless, for even now we are probably better supplied with this great essential of civilization than are any other countries except perhaps Canada and central and south America.

It goes without saying that Americans should appreciate this blessing and make the best possible use of their paper—while reading what's printed on it, and likewise in the humbler services of countless kinds that it performs afterward.

Poultry Boom

It is just too bad for the chickens, and still worse for the people who want to eat them. Egg ceiling prices are suspended, and there's a greater demand for heavy weight poultry, and wherever a harassed hen or rooster looks in these war days, he or she glimpses somebody with an ax.

Not only roosters, but laying hens, are counted on now to save the world for chicken dinners and democracy, and there are warnings of a "severe shortage of eggs and a liquidation of the nation's egg-laying flocks."

Naturally black markets are blamed for most of this depletion of poultry supplies. There is also the fact that, as an expert sadly observes, "it takes less time to convert feed into chickens than it does into hogs or cattle."

Something will have to be done about it, without much delay.

Hocus, Pocus! Presto, Change!

When President Roosevelt said the South was this country's "Number One Economic Problem" it was generally resented by the people of the South. They felt with considerable justice, that the South was no more of a "problem" than is any other section of the United States, and most certainly doesn't want outsiders—even Master Minds in Washington—to take over its economic, or any other kind of management.

It is possible, though, that the challenge has been beneficial. Southern business men may have been aroused to the danger of "outsider" interference. Perhaps that is why there is so much concern being shown just now as to how the South is to deal with the changes that will come with the end of the war.

Just now the South has a "war boom." Military installations and activities have made lively, and profitable, times for hundreds of communities. Hundreds of industrial plants have been turning out war orders, and providing payrolls the like of which the natives have ever seen before.

What, for instance, does the South intend to do with the thousands of negroes who went to northern states to accept jobs and big pay in war industries?

KNEE DEEP IN JUNE

PPC HARRIETT PROMOTED WITH THE 36th DIVISION OF THE SEVENTH ARMY IN GERMANY.

Remnants of rice have been found in Neolithic pottery in China, dating probably from the end of the third millennium B.C.

The Romans practiced rain-making by spilling water from a large jar tacked around in procession on a cart.

Those northern war plants will shut down. Their northern states will have their own returning "Dixie" men and women to provide with jobs.

The answer of the average man would be, "Industrial expansion will do it." And that's just fine. Apparently they think the South just has to say "Hocus Pocus! Presto, Change!" and the job is done.

SGT. NATHAN HONORED WITH THE 14th ARMORED DIVISION, THIRD ARMY, GERMANY.

Nathan was inducted in November, 1942, and came overseas in June, 1944. His father, Joe Nathan, lives on Route 2, Sanford.

Appert, a Paris chief, originated canning. His method was to place sealed bottles containing the food in a water to the boiling point.

Union Service Held At Presbyterian Church

The first of this season's union services of the Methodist, Episcopal and Presbyterian congregations was held last evening at the First Presbyterian Church.

The ministry of music was led by the young people's choir under the direction of Mrs. George Touhy, who was at the organ.

The assembled worshippers were enlightened with Dr. McKinley's personal approach to his topic, "How Well Do You Know God?"

The Methodist minister said that to know God, really know Him, one must trust Him. It is not done if it is not hard to conform to the second requirement which is to obey Him.

Next Sunday evening the service will again be at the Presbyterian Church with the Rev. Mark Carpenter delivering the sermon.

Large Crowd Attends Celery Crate Dance

The Celery Crate, Sanford youth center at the City Hall Auditorium, celebrated the advent of its new "Juke organ" and new food table by entertaining the biggest crowd of the season on Friday night dancing was enjoyed.

Present were: Howard Wheeler, Catherine Clark, Paul Perold, Louise Clark, Dorothy Magnuson, Glenn Linde, Lolo Lee, Barbara Chapman, Leona Leasing, Dorothy Crumley, Walter Sehnabel, Charles Matthews, Paul Hoagland, Luntz Beard, Kay Shoemaker, Sophia McDougal, Stanley Stacey, Dolores McClelland, Malcolm McNeill, Bob Gut, Emily Mathers, George Spencer, Clarence Kinan, Charles Richmond, and others.

Three New Officers Announced By Club

Three new members of the Woman's Club board of managers, Mrs. George McCall as recording secretary, Mrs. O. P. Herndon as vice-president and Mrs. H. B. Clements as third vice-president, were announced at the final business meeting of the club Wednesday.

The meeting was preceded by a luncheon and musical program, sponsored by the Pine Arts Department. Mrs. H. W. Rucker, president, conducted the meeting and presided at the luncheon, which opened with the Flag Salute and the club collect spoken in unison, after which, Mrs. Ralph Austin Smith offered a prayer.

John Filie, talented young pianist played Smith's "Cotton Flubb" and Miss Evelyn Mathews rendered a piano Masurka in F Minor by Lischetsky. Mrs. Rucker gave a timely talk and a group of patriotic airs were sung by the assembly, led by Mrs. A. M. Phillips, accompanied by Mrs. George McCull.

During the business session, special mention was made of a gift to the club, a painting by Charles Dawson, copied in oils from Bernard La Motte's "La Vallée". Mrs. Rucker presented a bouquet of flowers to Mrs. John E. Lee, outgoing secretary and Mrs. B. B. Cronley tendered her resignation from the board.

Mrs. James McGeehan was presented a gift by a club in recognition for her services, "above and beyond the line of duty," to help the club have an "outstanding successful year."

Holiday Bible School Opens This Morning

The Daily Vacation Bible School had its official opening today at the First Methodist Church, sponsored by the Congregational, Presbyterian, Episcopal and Methodist churches.

Opening exercises were held in the sanctuary with Mrs. Edward Krisher, the superintendent leading an inspirational group of young folks assembled for the opening session. The school has a special worker, Miss Carolyn Stowell of the Richmond Training Assembly School, who is conducting her last year of general activity and study before leaving this country for Brazil as an evangelistic missionary.

All parents are urged to send their children to this school where good leadership and training will be given them. All intermediates are especially asked to attend as Miss Stowell is teaching the Intermediate Department.

Writings of aluminum have been developed to keep parents, awanados, plums and oranges fresh for as long as six months.

Bathing suits have been contrived that do not get wet during swimming they're coated with transparent plastic film.

AMONG THE ELEVEN MEMBERS of the American Club... who were entertained by the Japanese... the Rev. Eric H. Peterson... the Rev. Francis H. Rose of Rowanham, Conn.

Friends Gather To See "Snake Plant" Bloom

The blooming of a snake plant, a rare tropical growth, was the occasion for a gathering of friends at the home of Mrs. and Mr. Peter Meyer of Sanford.

The plant, which is native to the West Indies, is a member of the lily family and is distinguished by its long, narrow leaves and its upright, branched stem.

Among those present to view the exotic beauty of the plant were Mrs. J. W. Meyer, Mrs. Henry Scott, Mr. and Mrs. Edgar Wagoner, Mr. and Mrs. W. S. Newman, Mr. and Mrs. J. J. Dean, Mrs. F. C. Lander, Mrs. Maxine Meyer, Hodgson and Mrs. Stach, of Lake George, and Mrs. B. J. and Mr. J. J. Miller.

Baptist Vacation Bible School Opens

The daily vacation Bible School of the First Baptist Church opened this morning with a good attendance. Mrs. A. J. Peterson is superintendent of the junior department and Mrs. A. V. White is superintendent of the senior department.

Other workers of the department are Mrs. E. M. Gail, pastor; Mrs. E. L. Eaves, secretary; Mrs. E. L. Eaves, Jr., Bible; Mr. Dale Board, music; Mr. John Miller, singing.

DO YOU LIVE IN A HAUNTED HOUSE?

A house haunted by your fear of losing it. You and Alice don't know their new home was haunted. They had finished paying off the mortgage and felt that their home was their own, until well, let Alice tell you.

"I'll never forget that rainy night. Bill thought he was drifting slowly enough but our car skidded and hit another car. The crash was terrible, we were scratched but the driver of the other car may never work again."

"The months between the accident and the final crash of the car were nightmares. The damages were staggering. We lost our lovely new home. Mr. W. Bond, even Bill's car was garnished."

Bill and Alice could have avoided all of this if only they had had such a little one called Bill's liability insurance.

Yes, this is a car that may never happen to you but it might and if it does you know you will have the right insurance to the right amount for the right amount.

PLANE APPROACHING AT THREE O'CLOCK OR NINE O'CLOCK THAT WAY WE KNOW THE DIRECTION TO TAKE. WELL, IT'S MIDNIGHT AND YOU'RE STILL UP?

ANOTHER OUTLAW! WHAT DO YOU--? I'M NOT AN OUTLAW, LENNIE. I WAS WITH YOUR FATHER THIS AFTERNOON WHEN HE DIED. YOU'RE THE NEW SHERIFF, AREN'T YOU? WHOA! THIS IS THE PLACE WE'LL MOSEY OVER AND MAKE SURE THE KID SHERIFF LEAVES TOWN. IT MAKES NO DIFFERENCE WHO YOU ARE. I'M NOT GOING TO STAY HERE AND GET KILLED. I'M LEAVING TOWN NOW!

BUCK SANTOS AND HIS GANG ARE OUT THERE. I'VE GOT TO LEAVE. WAIT A MINUTE, LENNIE. HOW YUH GONNA HANDLE 'EM, BUCK? EASY. JUST WATCH. YOUR FATHER WAS KILLED! YOU MEAN HE WAS MURDERED!

SO YOU'RE GOING TO LET A CHEAP OUTLAW MAKE A COWARD OUT OF YOU! I'D RATHER BE A LIVE COWARD THAN A DEAD HERO!

Major General E. W. Fales, Commanding General of the Infantry Replacement Training Center, Camp Blending, is shown above presenting, on behalf of the Army Ground Force, to Governor Mildred B. Caldwell, Honorary Chairman of the Florida War Finance Committee, a unit of the stirring military show "HERE'S YOUR INFANTRY" to be seen in Sanford next Thursday night in the interest of the Seventh War Loan Drive. HERE'S YOUR INFANTRY, which is being presented under the joint auspices of the Army Ground Force and the War Finance Committee of the U.S. Treasury Department, realistically presents ground warfare.

Cost of State Government Grows Considerably in One Hundred Years

By R. W. Patrick
 Member of the Governing Board
 P. K. Yonge Library of Florida History

University of Florida
 GAINESVILLE, June 11. (Special) One hundred years ago the members of Florida's first General Assembly acted on the principle of "the governor's best, who governs best," and the meager interest of their appropriations implied their conviction that "best government is the cheapest." It was a "yearly tax" that amounted to less than \$15,000 for the entire state, approximately one dollar for the State in 1845 for every \$2,500 spent today.

The legislators of 1845 quickly indicated their determination to "bonimize" the second meeting of the House of Representatives. Buckingham Smith of St. Johns County introduced a resolution authorizing the expenditure of \$20 for pens, ink, paper, and ink stands for the collectors of all members of the House. Joseph L. Smallwood of Gadsden County objected to such an extravagant use of the taxpayers' funds. His resolution, which called on each House member to furnish his own writing material at his own expense was adopted and Smith's defeated.

Later in the session the Senate and House provided a salary of \$1,500 a year for the governor and compensation which ranged from \$500 to \$800 for the heads of the executive departments. The legislators own salaries were fixed at \$3 per day, and expenses of ten cents per mile were allowed them for travel to and from Tallahassee. In the one and one-third years, between July 20, 1845, and November 1, 1846, almost 50 per cent of the entire cost of government was allocated to defray the cost of the legis-

lation, unemployment insurance, and the numerous commissions and boards which protect and benefit the citizens, were not a function of the State. In a haphazard way some of them fell within the province of local government, but the greater number were simply non-existent.

As the State grew in population and wealth and as civilization became more complex, necessity dictated the assumption of more and more duties by the state; and as the services performed by the state grew in number and scope, the cost of government was multiplied over and over.

The past hundred years have brought tremendous increases in the sums paid to public officials. The governor's salary has been multiplied eight times, and the attorney general's seventeen times. One important body of public servants, the members of the State legislature receive little more today than those similarly employed in 1845, in one respect their compensation is actually less, for one hundred years ago John P. Baldwin, the representative of Dale County, was credited with 1700 miles of travel at ten cents per mile.

Although State appropriations are counted today in millions, not thousands, the burden of government is relatively lighter than it was in 1845.

Canada's forests cover an area of 1,220,400 square miles or more than one-third of the total land area of the Dominion.

Gen. Douglas MacArthur has won more American decorations than ever were given to any other Army officer and also has medals from 10 foreign governments.

The establishment of a small copper refinery in 1916 at Trail, B.C. was the beginning of the refining of copper in the Dominion of Canada.

New Horizons FOR THE FARMS OF TOMORROW

The future is bright for more and better telephone service for people living in rural areas. Plans are already under way for resuming our rural telephone expansion program which was suspended in 1942 when equipment and materials became more urgently needed for the armed forces. Surveys are being made to determine the needs and to provide the facts from which we can carry out plans for expansion of farm telephone service in the South.

The Southern Bell Company's farm telephone expansion program is part of the Bell System's nationwide program for rural telephone extension when materials become available again. This program calls for expenditure of a hundred million dollars during a three-to-five year period and will be an important factor in providing service for the thousands of telephone men now in the armed forces.

Meeting To Be Held In Moscow Friday On Polish Question

Big Three Representatives As Well As Polish Factions To Be Among Present

WASHINGTON, June 13. (AP)—President Truman announced today that a Big Three meeting will be held in Moscow Friday to work out the Polish government question.

He said he would take Secretary of State Hull, James E. Byrnes, former war mobilizer, Harry Hopkins and Joseph E. Davies as his representatives to Moscow. He also said he expected the Moscow meeting Friday to work out the Polish government question.

American newspapers get equally of treatment as to conference developments, which in itself, he added, will necessarily be secret.

(By Associated Press)

Representatives of the Big Three, spokesmen for the Polish provisional government at Warsaw and Polish Democratic leaders will confer in Moscow Friday on the anarcho-Polish problem.

London, Washington and Moscow made simultaneous announcements of the meeting called to discuss the reorganizing of Poland.

Deadlock Continues In Legislature On Reapportionment

TALLAHASSEE, June 13. (AP) A deadlock of legislative reapportionment bills in the Florida legislature continues today.

Neither the North Florida nor the South Florida bloc yielded an inch after closed caucuses held at the urging of Senate President Walter Howard that the two blocs make an effort toward meeting half way on the problem.

The day was marked by only one new development. What appeared to be the true alignment of the Senate voting strength was revealed for the first time.

It showed 21 North Florida "separatists" and 15 South Florida "separatists" and they goodly number have dubbed themselves, and repeatedly have called themselves in floor debate.

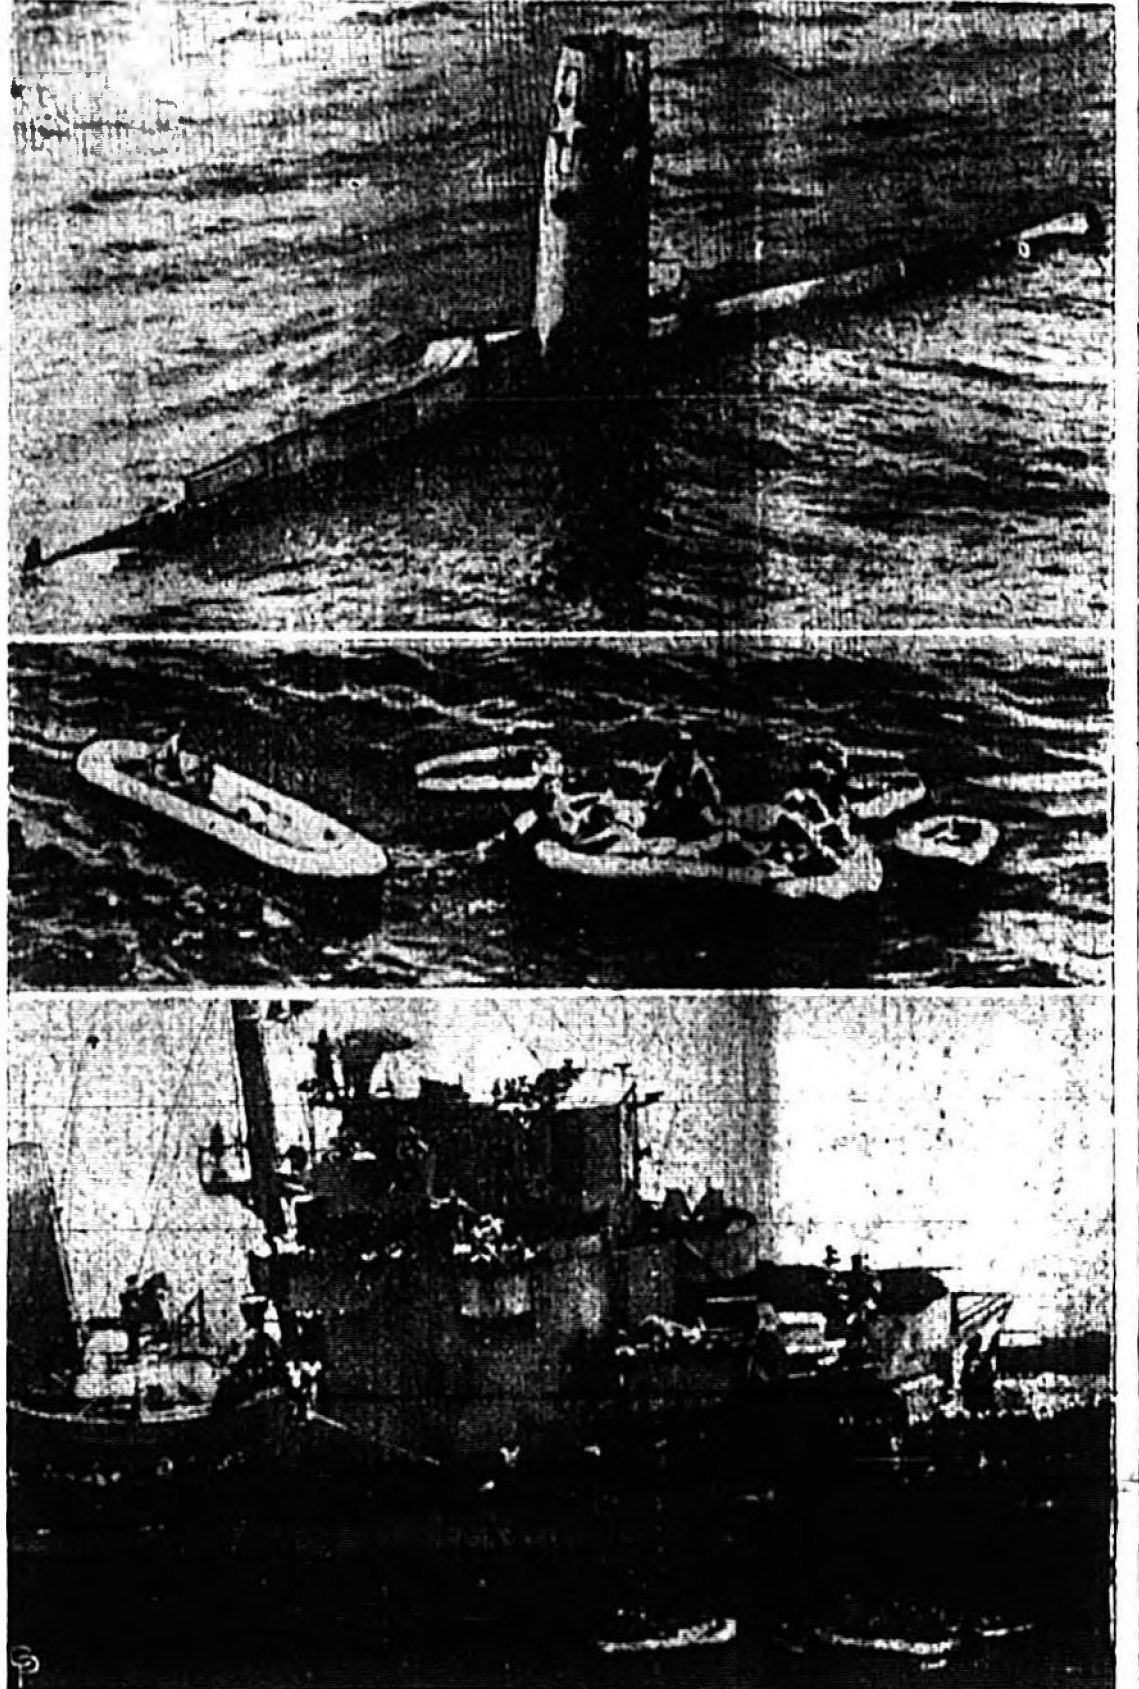

The North Florida bloc started the day by voting in one-to-two order the House-approved Cobb-Burnell Bill to reapportion the Senate by shuffling the existing 30 districts. One southern part of the state three more Senators at the expense of North Florida, and another to move two districts South.

Resuming the session after the Senate recess, the South Florida bloc voted their full strength against North Florida constitutional amendments to increase the number of districts. One proposal would have created two new districts in the North and three in the South. The other would have made one in the North and one in the South.

The 15 votes, with the South Florida bloc five more than enough to defeat the measure, under the constitutional provision that the legislature be submitted to the voters by an extraordinary session of the legislature only with a three-fourths majority.

The House, meanwhile, was (Continued on Page Two)

Saving Superfort Crew In Pacific Accident

READY TO DIVE beneath the waves, a huge Superfortress (top) is shown after it was forced down southwest of Guam while on a special mission. Its ton man crew has taken to rafts (center) and watches the craft as it disappears from sight. Meanwhile, a destroyer (right) hurries toward their position in answer to their distress call and soon reached the wreckage. All hands aboard the warship (bottom) as the downed stricken came alongside to be hauled aboard. (Official Navy photos)

W. J. Thigpen, Supervisor Of Registration, Dies

Prominent Business Man Came To Sanford 40 Years Ago

Funeral services were held at 4:00 o'clock this afternoon at the residence, 801 Park Avenue, of William J. Thigpen, prominent business man of Sanford for the past 40 years, whose death occurred early Thursday morning at his home following a lengthy illness. Interment was made in Evergreen cemetery.

Mr. Thigpen was born in Greenville, N. C. and came to Sanford in 1900 to engage in the real estate business with the W. D. LaFaire, who had one brother, Walter T. Klicker, who died in Orlando.

Walter Theodore Klicker, died in an Orlando hospital early Tuesday morning following a lingering illness.

Born Sept. 28, 1893, in Palatka, Mr. Klicker was a painter by profession. At one time he owned and operated a meat market and grocery store on Sanford Avenue. He had been a resident of Sanford for 30 years.

The deceased man is survived by two sons, W. T. Klicker, Jr., in the U. S. Army overseas, and James Albert Klicker of Oklawaha.

Funeral services will be conducted at the graveside in the Oklawaha cemetery at 4:30 P. M. Thursday with the Rev. W. P. Brooks, Jr. officiating.

S-Sgt. John David First Discharged Thru Point System

Sanford Veteran Received Presidential Unit Citation

S-Sgt. John D. David, Jr., 22, veteran of the Normandy campaign and of 42 months overseas service, enjoys the distinction of being the first Seminole County white man to be discharged under the point system—having 94 points to his credit—and is now serving as a substitute clerk at the Sanford Post Office.

The son of John G. David and brother of Grover David of Sanford, Sgt. David received a Presidential Unit Citation for bravery in action as one of the 600 men of the 2nd Battalion, 120th Infantry of the 9th Army, who during the invasion of Normandy, were completely cut off at Hill 314 for seven days. (This being a major route of approach and supply, they refused to give up in spite of the seemingly hopeless situation. As a result 277 men were either killed or missing out of the 600.)

While under heavy German machinegun fire, Sgt. David lost two men out of foxholes in an attempt to recover supplies dropped down to them. During the campaign, he received a Presidential Unit Citation and the Purple Heart. He also received the ETO ribbon with three battle stars, good conduct medal, American Defense Service Ribbon for pre-Paris Harbor service, Distinguished Unit Badge and bronze star.

He entered the service with the National Guard on Nov. 20, 1940. In 1941 he took a correspondence course that enabled him to return from Camp Blending to graduate with his class at Seminole High School. He had left Europe on 45 day leave on April 19, 1945 and was on ship in mid-ocean when he learned of the German surrender. He was born in Crawford, Ga. and came here with his family in 1927.

Dogs Without Tags Put In City Pound

Howard McKee, recently appointed City dog catcher, has been having a busy time lately rounding up dogs without tags and putting them in the City pound. He has been provided with a truck and full equipment for this purpose.

Dogs that are not claimed by owners, or adopted by pet lovers will be shot. For this reason, Dr. Raymond L. Base, veterinarian, had a busy day at the City police shed Monday afternoon, giving anti-rabies vaccination shots to dogs, either reclaimed by owners or to dogs brought in by officers to get their vaccinated. A small charge per day is levied against owners for times the dogs are held in the pound.

Bank To Aid Vets In Cashing Bonds

J. L. Jorgensen, president of the Sanford Atlantic National Bank announced today that the bank will assist veterans of World War I in getting cashed their 1930 adjusted service bonds of 1934, which are dated June 15, 1930 and mature on June 15 of this month.

The bank will not cash the bonds, but will open accounts of a certified signature and can take the necessary steps in getting the bond cashed by the government, Mr. Jorgensen said.

Albino Joy Bird Is Presented To Zoo

A young albino joy bird, found in the colony fields at Waterford by Mrs. Sam Dunn, has been presented to the Sanford Zoo and is now on exhibition in the cage just north of the entrance, according to Park Supt. James Maughon.

Mr. Maughon said that specimens of this type are quite rare, and that it was the first of its kind he had ever seen. Joy is a comely of bluish grey color. The albino condition occurs in plants, animals and humans. In the latter, there is absence of pigment in eyes, skin and hair.

Mrs. Clara Stemper Sanford Resident 32 Years, Is Dead

Mrs. Clara Ann Stemper, whose residence is at 1705 West Third Street, died in a local hospital last night at 11:00 o'clock after an illness of several years. She had been confined to the hospital for eight days.

Born Feb. 14, 1877, in Lewis, Mo., Mrs. Stemper was very active in church work, the Women's Club and the Order of the Eastern Star until her illness prevented. She was a member of the Congressional Chapter of the Grand Old Ladies of the World, and for several years she has made her home in Sanford and Miami.

Mrs. Stemper is survived by two daughters, Mrs. J. M. Stenecker and Mrs. Herman E. Morris, both of Sanford; two sons, Lieut. William H. Stemper of New Orleans, La., and Jack E. Stemper of Sanford; five grandchildren, Robert M. and Ernest Morris, Harold Stemper and Grace Marie Stenecker, all of Sanford; and Martha B. Stemper of New Orleans. Also two sisters, Mrs. E. A. Perry of Miami and Mrs. James Tipton of Coffeyville, Kas.; and one brother, Albert L. Grounds of Battle Creek, Mich.

The Rev. W. P. Brooks, Jr. will conduct the funeral service which will be held in the First Baptist church Thursday afternoon at 2:00 o'clock. Interment will follow in Evergreen Cemetery.

Active pallbearers will be T. M. Paulk, E. A. Manforton, George E. Wells, Frank R. Lamson, Ted Bunge and Homer Little, honorary pallbearers will be Dr. J. A. Smith, H. J. Lehman, S. P. Doudney and T. W. Lawton.

Walter T. Klicker Died In Orlando

Walter Theodore Klicker, died in an Orlando hospital early Tuesday morning following a lingering illness.

Born Sept. 28, 1893, in Palatka, Mr. Klicker was a painter by profession. At one time he owned and operated a meat market and grocery store on Sanford Avenue. He had been a resident of Sanford for 30 years.

The deceased man is survived by two sons, W. T. Klicker, Jr., in the U. S. Army overseas, and James Albert Klicker of Oklawaha.

Funeral services will be conducted at the graveside in the Oklawaha cemetery at 4:30 P. M. Thursday with the Rev. W. P. Brooks, Jr. officiating.

GEORGE W. VINIAC DIES

Friends here of Mrs. C.H. Winn will be sorry to learn of the death of her father, George W. Viniac, which occurred this morning at his home in Willacochee, Ga. Mr. Winn made his home in Sanford for several years and has many friends here.

Mrs. Winn left today for Willacochee to attend the funeral.

MUST REGISTER

Russell B. Davis, Area Rent Director for Sanford, announced today that the Federal Rent Regulations require every landlord to register all dwelling or living accommodations that were rented on or before May 15, 1945. These accommodations must be registered by June 15, he said.

Any landlord who fails to file his registration by June 15 is in violation of the Federal Regulations.

Japanese Set Fire To Borneo's Oil Fields

Census Figures Give Sanford 22 Percent Growth

A population increase of 22 percent in Seminole County during the past five years is indicated by the census recheck undertaken by the County Chamber of Commerce, which resulted in 2,444 additional names being forwarded to the Director of Census at Tallahassee. Mayor Edward Higgins, manager of the Chamber body, revealed today.

The additional names bring Sanford's population up to about 12,500 as compared with a Federal census count of 10,217 in 1940, while the county population is 24,581 as compared to 22,944 in 1940.

In comparing the original count that was mailed in on May 26 with statistics available that showed increased use of public utilities, such as water, electric lights and telephones since the 1940 census, the Chamber of Commerce was convinced that a good many names had been missed in the original tabulation. Mayor Higgins said.

"This statistic," he declared, "has increased the local draft board's confidence in the local draft board." (Continued on Page Two)

Charles T. Rowland Ends Radio Course

Charles T. Rowland, 31, R.M. USNR, son of Mr. and Mrs. G. W. Rowland of 401 West Eleventh Street has recently completed his course in radio training with Division 63 of U.S.N. at the University of Wisconsin and has returned to California for further duty.

Division 63 enjoyed the distinction of attaining the highest averages of any division serving the building and the crew were congratulated by Capt. L. K. Pollard and were given special leave.

Radiooperator Rowland attended local schools and graduated from Seminole High School in 1941. He entered the service during the following October.

Tampa Man Met Death Accidentally

That John Samuel Goodman of Tampa welder for the Robert M. Brown Company met his death accidentally last Wednesday morning as a result of a fall from the mainmast deck where he was attempting to return to the bridge where he had been working as a mechanic, was reported by the coroner today.

Chief Roy L. White and Deputy Sheriff J. W. Harris, who were on duty Wednesday, also heard the statements of two boys who had seen Goodman on down to the dock; heard a splash and walked down to the boat and found he had fallen into the water.

A severe gash in the back of Goodman's head indicated, according to Judge Wain, that he may have been killed by striking the work area on the rig boat before he fell into the water.

Officers J. M. Lee and J. E. Gilman, together with Police Comdr. Alex L. Johnson, who were on duty at the scene, recovered the body from the water.

Angular Parking On Park Avenue May Be Stopped

A change from angular to parallel parking of automobiles on Park Avenue may be forthcoming if the City Commission adopts an ordinance to that effect to be submitted by City Attorney Fred R. Wilson at the next meeting.

At the Commission meeting Monday evening at the City Hall, Attorney Wilson was directed to draw up a parallel parking ordinance for this link of State Road No. 4. This action followed the reading of a letter from S. J. Ryan of the division of engineering of the State Road Department, urging this change according to H. N. Sayer, city clerk.

Engineer Ryan pointed out that such a change in parking would facilitate movement of traffic on this highway. Angular parking now in vogue is pointed out as being up 14 feet on either side of the road, thus creating a 18-foot traffic lane that is not sufficiently wide for the amount of traffic using the highway.

John S. Morrison, local member of the National Business Association, also supported before the Commission and submitted in behalf of the Sanford Tennis Club, of which Dwight A. Smith is president a petition for the repair and re-equipping of existing tennis courts at Eighth Street and W. Mellon Park, and the construction of a unit of two concrete courts, with fence and equipment at Thirteenth Street and Palmetto Avenue.

The Commission today was kept in session until 10:30 p.m.

U.S. Tankmen Carry 500 Foot Hoses To Burn Japs Out Of Caves On Okinawa

Fire lighted the Pacific's two top turret campaigns today, blazing through storage tanks on one of Borneo's richest oil fields and searing the Japanese out of caves on Okinawa. The Japs set fire to tanks in Borneo's serial oil fields, capable of producing six million barrels a year, when invading Australian forces were 90 miles away and out off by thick jungles.

Ingenious American tankmen packing 500-foot extension hoses up steep cliffs, helped the infantrymen cut deeply into the enemy's narrowing hold on southern Okinawa.

Japanese flame-throwing tanks failed to halt the U.S. 27th Division infantrymen pushing into Cagayan valley on northern Luzon Island for the final battles of the Philippines. Seven were knocked out.

Enemy forces did succeed in temporarily halting the Aussies clearing out Bougainville Island in the Solomons and engaged a frontal defense in one saw ramp near the summit.

Surrender Offer Rejected

OPA Modifies Meat Quota In Florida By 35 Percent

TAMPA, June 13. (AP) OPA yielded to demands of South Florida welfare men yesterday and raised by 35 percent the number of cattle that may be slaughtered in the state this year.

The increase of 35 percent will be figured against the quota existing prior to yesterday's announcement, which was 75 percent of the total of the individual slaughter in 1944. That means that the new quota will be 101,250 head, or 10 percent more than the 90,000 head that was the quota for 1944.

The new quota, effective for the rest of this month, will be sufficient to bring Florida's weekly meat supply to approximately one and three-fourths pounds per capita, which is about 10 percent below the national average.

OPA officials said this increase will be a direct result of Florida's meat shortage and the "hog" distress caused by prolonged drought.

The new quota, effective for the rest of this month, will be sufficient to bring Florida's weekly meat supply to approximately one and three-fourths pounds per capita, which is about 10 percent below the national average.

Private Joe Noses Out Lucky Lick In 7th

LONGWOOD, June 13. (Special)—Private Joe in the sixth round out Lucky Lick, the favorite, to pay \$45.00 for a win ticket and the half of a quintet which paid \$1,075.00 last night at the Sanford-Orlando Kennel club's dog races in Longwood.

In the fourth race Nebr. Burner beat the lone money Gilder, sleek by a length to pay \$8.40 to win.

For the most part of the evening, the favorites ran more or less as expected. (Continued on Page Two)

William Shoemaker Reports To Navy

William L. Shoemaker, an honor student of the graduating class of Seminole High School this year, and Cadet Major of the Student Military Training Corps, has received his call for duty as a Naval Reservist and left Tuesday to report at Jacksonville. From there he will go to Eschwege, Md. for his boot training.

He is the son of A. K. Shoemaker and Mrs. Janis Shoemaker of Sanford. An older brother, James, is with the First Army in Germany.

Display Of Infantry Weapons Will Be Made At 10 O'clock Tomorrow

The U. S. Infantry will go into action tomorrow night at 8:00 o'clock on the Seminole High School athletic field. "Here's Your Infantry" is a show composed of 17 overseas veterans, and is designed to acquaint the public with a tactical combat team of infantrymen, how they fight, and what they fight with.

Every weapon used by the infantry in the fight overseas will be put into action.

Tomorrow morning at 10:00 o'clock there will be a display of infantry weapons at First Street and Park Avenue, where the public may examine all weapons, and ask any questions they like concerning them. In this display there will be flamethrow-

Hospital Is Endorsed By Woman's Club

Another strong endorsement was added to the growing list of those in Seminole County who believe that a new hospital should be erected in Sanford in memory of the late President Roosevelt when the Board of Managers of the Sanford Woman's Club recently went on record as favoring this plan.

Copies of this endorsement have been sent to County and City Commissioners, the Seminole County Federation of Women's Clubs and to The Herald, according to Mrs. J. L. Lee, recording secretary.

City Briefs

The regular meeting of Taylor Community, No. 28, will be held at 8 P. M. Friday, June 13. There will be a report on the Annual Convoc. of the Grand Comdr. of Florida. Light refreshments will be served. All St. Knights are invited to attend.

The USO held its monthly outing Sunday at Daytona Beach, and 150 service men, their wives and children filled the two big Navy buses and three passenger cars. It was reported by USO Director Joe Hill, a picnic lunch was enjoyed.
