ALL FOR THE CHURCH The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regu-larly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support.

How I had dreaded cleaning the attic! But it was all worth it after I found the picture of Nip and Tuck when they were puppies. I sat down there and then in the cold, dusty room and recalled the day when Bob brought them home to Carol. How she laughed and loved them and flung her arms around both our necks in excited gratitude. How much fun we three had, watching the cunning antics of the canine infants.

Nip is gone now, duly mourned and buried under our apple tree, and Tuck, gray and crotchety, limps if he moves too fast. Carol lives in Cincinneti in a happy home of her own, and I carry roses to the cemetery on the hill.

What a wonderful gift is memory. My days are rich with remembrances of the good life Bob and I had. How glad I am that we shared, not only a home, but also a love for God and His Church so that though now I am lonely, yet

When you love your work, it shows.

And we love our work. So much so that we couldn't bear to stop with the slickestlooking split grille ever to grace a Wide-Track. (Or any other car, for that matter.) We went ahead and made the windshield wipers disappear. The car not only looks cleaner, but the wipers are less subject to icing and freezing, too. Then we got rid of the vent windows on all firand Prix hardtops. We replaced them with nifty monograms and a flow-through ventilation system. We even designed a rather unique hood-mounted tachometer option that's

stereo tape player and AM-FM Stereo-Multiplex radio. And, of course, our handsome interiors have to be seen to be believed. All Pontiacs have standard safety features that include a dual master cylinder brake system with warning light, outside rearview mirror, and GiM's energy absorbing steering column. Isn't it time you decided to see your Pontiac dealer? If you love our work the way we do, it's the least you can do.
