Lighted Baseball Field Strikes Out In Groveview

By Karen Talley Herald Staff Writer

Resident opposition has shut out the Sanford parks department's plans to install a lighted baseball field in a new community park.

Petitions with nearly 100 signatures against the standard size ballfield were presented by Groveview Manor residents at a Parks Department hearing Thursday. Most of the 60 residents attending also voiced their opposition to the field.

Parks and Recreation Department Director Jim Jernigan agreed plans would be changed.

The field appeared on site plan proposals the parks department distributed in the Groveview

community before Thursday's session. Residents at the hearing cited concerns about increased crime, traffic and noise levels in expressing their opposition to the playing field.

They said league play well into the night and the field's potential use as a "teen hang-out" at

night would have averse impacts on their residential community.

Jernigan agreed to residents' requests that instead of installing a lighted ballfield, that part of the seven-acre park would be kept as an open athletic area for smaller scale baseball games, as well as soccer and football. A backstop will probably be installed to direct ball play away from nearby homes, Jernigan said.

An amended plan will be drawn up and

presented to residents at another public hearing in two weeks. The parks department plans about a \$285,000 project on the now vacant lot, including installation of walking and jogging trails, tennis, baseball and handball courts.

Jernigan said he's optimistic most of the cost will be covered by grants he'll be applying for this spring. The Lee P. Moore Park in the Sanford's Hidden Lake development is being installed with

Midway Woman Celebrates 100th Birthday

By Kathy Tyrity Herald Staff Writer

In the late 1800s, Mary Lou Singletary of Washington Oaks, Midway, was a young girl growing up in Desoto, Ga., making plans to have a family. This week, she celebrates her 100th birthday, and even after six generations of descendants, her greatest joy is in raising the little ones.

Having never spent a night in the hospital and still getting around fine, she credits her health and vitality to her good cooking and hard work. Her husband was killed in 1925 and she worked in cotton fields, cooking for a wealthy Georgia family and tending to azaleas in Casselberry to raise her nine children and put them through school.

She was always adamant that the children did their school work and kept on the straight and narrow path. And her tortuous hard work bringing them up paid off.

Today, among her many descendents are a veterinarian. Dr. Joseph Kendrick, of Tennessec, two school teachers, two teachers' aides, two nurses, several college graduates and a grandson, Charles Jackson who has received several journalistic awards as a reporter. Her granddaughter Cassandra Jackson recently went to work with IBM after graduating with an award of excellence from

"I wish you knew what I went through," she said shaking her head and sipping a tall glass of water. "Of course I was glad the day they finished school. That's all I was working for."

She kept the children with her in Georgia until they finished the eighth grade. Then, because there was no high school in that town. she sent them to live with her oldest son Jesse Kendrick in Sanford where they could attend Crooms High School. Kendrick, now in his late 80s, retired a year ago as a cab driver in Sanford and with his wife brings his mother

supper every night.
"I loved my children. And I decided even if I couldn't get no education, it was okay. Just as long as my kids could get theirs," she said.

There will be a celebration for her Saturday at 3 p.m. at the Westside Recreation Center in Sanford and most of her friends and relatives are expected to attend. Many have flown in from across the country to be with her.

This week she was honored by Commission-

Herald Photo by Kathy Tyrity

Mary Lou Singletary reminisces on 100th

er Bill Kirchhoff and the county commission with a resolution documenting her life and paying tribute to her 100th birthday Tuesday. All four of her daughters finished high a

of her nine children or any of her descendents did domestic work like she did.

"She raised all of us right out of the kitchen," said Mrs. Singletary's daughter Bobbie Jackson, wife of Joseph Jackson, with whom the matriarch lives on Scott Drive. Mrs. Singletary moved in with her daughter just four years ago at her children's insistence, and she still talks about going back to her old

"I think she was just about the best kind of mother you could have," added Mrs. Jackson. "Even though she didn't make much money, we didn't know we had hard times because we

were always fed properly."

Mrs. Singletary cooked and looked after the children for John and Bessie Ferguson, a prominent family in Sumter County, Ga. Mrs. Singletary would feed her own children out of the "big house" kitchen morning and night, and pack their lunches from there, too.

For Air Conditioning System

Faulty Valves Surprise Firm Hired By County

By Deane Jordan Herald Staff Writer

Seminole County staff members recommended the county commission sign a heating and air conditioning maintenance contract in December even though some of the staff members reportedly knew there was a potential \$10,000-or-more heating and cooling problem in the county courthouse un-beknownst to the private contractor. The contract was approved by the commission and the company told of the water valve problem at the courthouse after it signed the three-year contract.

The contractor, however, is going to assume the cost of buying and replacing the 90 to 100 water valves at the courthouse to stay in the county's good graces. The valves control

about four hours of labor each to Hunter, the county's director of install, according to county of-

The contractor, York International of Longwood, says the contract and its three year renewal option is too good to abandon over the problem but if it had known of the faulty valves it would have submitted a higher bid that it's \$218,900 offer.

County Administrator Ken Hooper told the Sanford Herald last week that York was told there was something not right with the heating and cooling system and that the company understood that when it accepted the contract. York signed an "as is" contract, making it responsible for the environmental system at the courthouse and other buildings.

Although Hooper said last

week the county did not know specifically there was a valve problem at the time the contract was signed, Dec. 10, he said Thursday he knew there was a problem with one valve and that the county could not have hidden the problem from York because York had an employee at the time who knew the valves were bad. County records prior to the contract signing indicate the problem was more extensive than one valve and known by several county staff members. And, the York employee, who worked for the previous contractor, was not involved in the contract process, according to

Hooper said Thursday he did not know how many valves were bad at the courthouse until he read a Herald story about the courthouse problem Feb. 10 the temperatures in individual which reported 90 to 100 valves

October that in his opinion upward to 100 valves had to be replaced at the courthouse. The person reported to have done that inspection, could not be reached for comment early to-

And at least one member of the "evaluation team" that recommended Nov. 20 to Assistant County Administrator Montye Beamer, Hooper and the commission that York be granted the contract had heard there was some problem with valves at the courthouse. Robin Lillibridge, Contruction Program Manager for the county, said, however, he doesn't remember valves being

mentioned in the contract.

Hooper said Thursday he was unaware of any complaints from York about the contract. York's attitude was about the matter

Fleet Management which oversees servicing of county buildings. About one dozen valves have been replaced so far,

she said. "You may have a piece of paper that says different, but I don't think anybody knew the valves were all bad," Hooper said Thursday.

Purchase records show the county ordered some valves Nov. 6, according to James Rick Holt. facility maintenance director. That was two weeks bafore the contract was recommended for adoption and more than a month before it was signed. Only six valves were ordered reportedly because that was all the Orlando supplier had on hand.

The Herald was also told an air conditioning mechanic for the

Bagged Python Given A Home

By Gonie Lindberg Horald Staff Writer

A 614-foot python that alithered through a wooded area in Sanford until spotted by two boys Sunday has found shelter at the Central Florida Zoo.

Andy Snider, senior reptile keeper at the zoo near San-ford, said the snake is other options are available for the snake's final home, but for now it's eating well and is as

now it's eating well and is as happy as a snake can be determined to be.

Snider said the snake, a Burmese python native to India, can grow to more than 20 feet. It will be kept at the zoo for a time to determine if it is physically healthy and then sent to another institution, probably another zoo, that may have a greater need for it. He said there are several Burmese pythons at the Central Florida Zoo. But if the snake continues to eat well snake continues to cat well and has no parasite problems. a determination may be made to add the snake to the zoo's collection for future breeding.

Empty Gas Tank Leads To 5-Car Pile-Up On 1-4

A Port Orange man who was pinned between two cars was in serious condition early today following a five-car accident on Interstate 4 near Altamonte

James Davis, 22, was in surgery at mid-morning at Orlando Regional Medical Center in Orlando. His legs were broken as he was pinned between his car

stopped to help on the Interstate

Patrol report, a car owned by Lealie Stayton, 20, of 105 Shadow Lake Drive, Longwood, ran out of gas and was stopped in the emergency eastbound lane of the Interstate just south of State Road 436. Davis parked his 1983

and the car of a woman he Honda behind Ms. Stayton's unidentified vehicle.

While he and Ms. Stayton were According a Florida Highway out of their vehicles, a 1981 atrol report, a car owned by Honda driven by Cindy L. Riles, 22, of 374 Winchester Place, Longwood, struck the back of Davis' car which then rammed into Ms. Stayton's car, pinning Davis and tossing Ms. Stayton onto the grassy shoulder.

Ms. Stayton was treated and released from Florida Hospital/Altamonte. Ms. Riles was reported in satisfactory condition at the same hospital.

Ms. Stayton's car was pushed by the impact into the right eastbound lane of the Interstate where it was struck broadside by a 1985 vehicle driven by Mary Beth Deshetler, of 109 Rocklake

Road, Longwood. Her vehicle was then struck by a car driven by Richard Dale Patterson of Deltona.

Patterson and Ms. Deshelter were not injured, according to the FHP report.

The accident is under investigation and alcohol is believed to have been involved. according to the FHP.

Girl Scouts Gather For 75th Anniversary

More than 100 Sanford Girl Scouts attending ran late.
met outside the Henry Shelton Sanford Museum-Library in Fort Mellon various Girl Scout Park Thursday afternoon to join their sister Scouts across the nation in saying the Girl Scout Promise and rededicating themselves to Girl Scouting in honor of the organization's 75th anniversary.

Following a flag ceremony and pledge of allegiance, the girls formed their Promise Circle and sang Girl

Scouts Together.

Sanford City Commissioner John Mercer and Greater Sanford Chamber of Commerce Executive Diretor Dave Farr joined in the circle with the Daisies, Brownies, Junior Scouts and Senior Scouts from the Orange Blossom Seminole Service Unit. San-ford Mayor Bettye Smith, who de-clared the week Girl Scout Week, was scheduled to speak, but to canceled her appearance when the East Central Florida Planning Council Project Review Committee meeting she was

Representatives of each of the various Girl Scout age divisions took part in the program. Georgia Preston was in charge of the ceremony in

POLICE

IN BRIEF

Suspect Allegedly Caught in Act Of Stealing Tire Jailed

A man who was caught leaving the scene of a reported attempt to steal a tire from a car at La Plaz Apartments, Altamonte Springs, reportedly said he was taking a tire from a car there to repair his car, which was disabled with a flat tire on nearby interstate 4.

Police had been called to the area because Brian Dornbush, 23, of 565 Spanish Trail Drive, Altamonte Springs, had had a confrontation with two men who had Dornbush's car jacked up and who were removing a tire from his car.

Dornbush told police he asked the pair what they were doing. The suspect who was later arrested allegedly said. "Nothing now that you are here." And he began to let the jacked up car down. That man allegedly brandished a tire iron against Dornbush and allegedly said, "Don't make me hurt you," a police report said.

Both suspects fled, each going in a different direction. Police arrived and stopped one suspect in the parking lot of the apartment complex.

Fredrick William Heider Jr., 22, of 138 Sage Court, Altamonte Springs, was charged with aggravated assault and theft at 10:24 p.m. Wednesday. He was being held in lieu of \$1,000 bond. The other suspect got away.

Interferes At Accident, Jailed

A 27-year-old Longwood man who allegedly interfered with Seminole County sheriff Sgt. Terry Huffman's investigation of a traffic accident and with rescue workers who transported the man's injured brother to a hospital, has been charged with resisting a police officer without

The arrest was made at 5:04 a.m. Thursday on Wekiva Springs Road, Longwood, after the suspect several times reportedly continued to obstruct workers at the scene after Huffman warned him to stop. The man also reportedly refused to move his car from a sidewalk to a sideroad about 40 feet away, Huffman reported.

Paul Anthony Moriondo, of 1103 Timberlake Apartments, has been charged in the case and was being held in lieu of \$500 bond.

Separate Forgery Arrests Made

In unrelated cases both Sanford and Ovideo police reported arrests Wednesday of suspected forgers.

Sanford police at the police station at 4:32 p.m. charged Brian Kim Robinson, 22, of 814 Eim St., Sanford, with uttering a forgery and grand theft in connection with the alleged cashing of a stolen, forged check at Sun Bank in Sanford on March 6.

In the other case, Oviedo police at that police station at 7:30 p.m. charged William Henry Sanders, 28, of Oviedo, with uttering a forged instrument and possession of stolen erty after Sanders on March 7 allegedly tried to cash a Meat World in Ovideo, a forged and stolen check. The \$200 check belonged to Wanex Plastering of Oviedo, a police report said.

The suspects were being held in lieu of \$1,000 bond

Club Theft Tip Leads To Arrest

Sanford police reported receiving a tip that an 18-year-old Longwood man was involved in the theft of a set of golf clubs from the Mayfair Country Club in Sanford

That brought the arrest after questioning of Wayne Francia Hogan, of 104 Lee Ave at about 2 p.m. Wednesday at the police station. He has been charged with grand theft. dealing in stolen property and use of a motor vehicle in a felony. He was being held in lieu of \$2,000 bond.

Drug Buy Refusal Brings Beating

Stephen Peters, 22, of Casselberry, reported to Seminole County sheriff's deputies he was beaten by several men wielding sand-filled bottles after he refused to buy drugs from them.

Peters said the incident occurred at about 4 p.m. Wednesday when he and two friends were entering a convience store on Jitway Avenue at State Road 46, east of

The three were approached by the men, but Peters' two companions went into the store while he stayed behind and talked to the suspects until he refused their offer to sell drugs. They then beat him with bottles injuring his face, shoulder and elbow, a sheriff's report said. He refused

Deputies reported the incident occured in a spot where there is a continuing problem with loiterers.

Gang Rape Allegations Made

A woman standing in the parking lot of an Apopka bar was abducted last Friday by four men and taken to a Sanford house where she was held captive and raped several times, Jim Bolomons, Orange County sheriff's Department, said.

The 20-year-old woman said that while she was standing in the parking lot in front of the Patio Bar in Apopka, a red Pontiac Grand Prix with a torn white vinyl roof drove into the lot with four men in it. Three of the men got out of the car and one stayed in the car and began

talking to the woman who then walked over to the car, he said.

When she got to the car, the driver said "Don't holler or I'll ot you" and the woman then noticed the man had a hand gun

pointed at her. Solomons said.

The woman stated that she got into the car at that point and was driven around the block by the man before they returned to the bar parking lot to pick up the other three men and then drove off. Solomona said.

While the woman was in the back seat between two of the men, she said they sprayed her with a canned liquid that made her go to sleep and when she awoke, she was still in the back seat and the car was in Sanford, Solomons said. She was then taken into a house and locked in a room where she alleges she was kept from about 1 s.m. Saturday until carly Monday morning and raped by as many as 5 men during that time. Solomons said.

Special Prosecutor Challenge Thrown Out

WASHINGTON (UPI) - A fed. expeditious and complete diseral judge who threw out two closure of our government's inchallenges by Lt. Col. Oliver North to independent prosecutor affair." Parker said in a ruling Lawrence Walsh sees issued Thursday. "In serving overwhelming public interest in this important public interest. Waish's criminal probe of the the independent counsel is Iran arms-Contra aid scandal.

U.S. District Judge Barrington energetically and responsibly." Parker, in dismissing two lawsuits by the fired White House aide named as a major figure in the scandal, also rejected North's arguments that Walsh is a "vigilante" with unconstitutional power.

volvement in the Iran-Contra affair," Parker said in a ruling pursuing the investigation

But Parker's ruling came as a higher court, a three-judge panel of the U.S. Circuit Court of Appeals for the District of Columbia, acted in a separate case to temporarily block the work of "The nation demands an another special prosecutor.

The judges issued a five-day injunction Thursday keeping independent counsel Whitney North Seymour Jr. from seeking an indictment on perjury charges of ex-White House aide Michael Deaver. Seymour has investigated Deaver's private lobbying work after he left the White House in 1985.

The judges, ordering Deaver and Seymour to respond by Monday, gave no hint as to whether their court would review Deaver's case simply on procedural grounds or whether it would consider arguments similar to those put forward by North - that the law by which special prosecutors are appointed is unconstitutional.

In separate lawsuits filed Feb. 24 and Feb. 25. North and Deaver argued the 1978 Ethics In Government Act violates the Constitution's separation of powers clause by usurping the executive branch's power of prosecution and providing for independent counsels to be named by a three-judge federal panel - the judiciary branch.

City To Cope With Hotel Fine Dispute

By Karen Talley Herald Staff Writer

Sanford code enforcement board members apparantly feel a local hotel owner owes more than the \$4,825 in violation fines recommended by city building department staffers and attorneys and will ask city commissioners to help make a final deter-

The code board at a meeting Tuesday also levied a property owner with a \$250-a-day fine for operating a rooming house in violation of city code. The 420 Oak Avc. home, owned by Sheldon Polakoff, was cited earlier this winter for the violation by staff code inspectors.

Staffs' \$4,825 fine total against the 500 Oak Ave. Florida Hotel is contained in a report that was placed on the agenda for code board action Tuesday night, but

members did not accept the assessment. They indicated the amount should be higher and at least one city commissioner agrees with them. Commissioner John Mercer's position regarding the 500 Oak Ave. Florida Hotel puts fines against it in the \$7,750 range, not \$4,825 as staff recom-

In accordance with code board discussion Tuesday, Chairman Ned Yancey said he expects to appear before a full city commission to discuss fines against the hotel once he receives more information about its violations and compliance dates from building department staffers.

Staffs' report, with the \$4,825 recommendation, is an evaluation of commission and code board actions that began last fall. Involvement from two municipal bodies makes the matter "confusing" in terms of deciding what dates certain fines should have started and stopped, according to Faison and City Attorney William Colbert.

A sprinkler system was hooked up at the hotel this week, and Mercer said once it's been inspected a \$25-a-day code board fine should be stopped. That would put the fine. which began Sept. 18, in the \$4,250 range. Staffs' report says the fine should have stopped on Nov. 9, for a \$1,325 total. Nov. 9 is the date city commissioners, at hotel owner Peggy Nestor's request, said the sprinkler system would be allowed instead of replacement of 26 doors city building codes judge to be fire hazards. The code

board fine regarding the doors began Sept.

Mercer made the motion to allow the sprinkler system instead of the doors and he said the \$25-a-day fine "should not stop until the sprinkler is instailed, operational and inspected."

The last step, an inspection, is expected within the next few days, now that the sprinkler has been connected to the hotel's utility system, said Code Enforcement Officer Dan Florian.

In addition to the \$25-a-day fine, a \$250-a-day fine started against the hotel Oct. 15, when Mrs. Nestor failed to provide off-street parking to comply with city code. Staff says the lot was finished Oct. 29, setting a \$3,500 total for the fine. Mercer said he questions the completion date, but will not dispute it. It was his motion that allowed Mrs. Nestor, at her request, to mulch, rather than pave the lot. Staffs' assessment is that the lot was in according to commissioners specifications Oct. 29. Mercer, however, said he feels the specifications were not met on that date, but about a week later.

Light Snow Falls Along East Coast

By United Press International

A weak storm that dusted the Southeast with snow and dropped a snow blanket of nearly 4 inches over New Jersey, moved today over the mid-Atlantic states and southern New England bringing more light snow as it moved out to sea.

A warming trend expected in the Southeast by today was slow in coming.

"Today won't be that much warmer than yesterday, but Saturday will be a little bit warmer" with temperatures in the 60s in the region, said Hugh Crowther, of the National Weather Service in Kansas City, Mo.

On Thursday the weather service said warmer air moving in from the Plains might end a cool stretch in the east. especially the Southeast, by today.

Early today most of the eastern United States was chilled with temperatures mostly in the 20s and 30s, while the central Gulf Coast had 40s and Florida was in the 50s and 60s. Teens were reported in northern New England.

The storm that dumped about an inch of snow on east Tennessee and north Georgia late Wednesday and Thursday, closing schools and slickening roads, lay down a wet blanket of nearly 4 inches of snow around Newark, N.J., Thursday and produced light snow along much of the middle Atlantic coast today.

Light snow was expected to continue in the region and in southern New England early today as the weak storm system moves northeast out to

Gusty winds accompanied the anow and gale warnings were up today from Delaware to North Carolina.

Board member Penny Gunn said she and others have spent a lot of time working on the proposed sign ordinance to make sure it "would protect the city from the glitter and rouge" of numerous unattractive signs, but said she has seen illuminated signs in the city that have gone up during the last six months or so. She said the sign ordinance went to the city attorney, Frank Kruppenbacher, in November. "I want to know why it's taking so long."

Mrs. Gunn said she has observed that illuminated signs in front of a veterinary clinic and a hair design business located on Lake Mary Boulevard stay lit until after midnight.

"I thought we were going to protect the city from exactly that," she said. "It's not like we're saying not to have signs businesses have a right to advertise; we just want them to keep it pleasant.

On first consideration, the eleventh re-draft of the city's proposed sign ordinance was approved at the city commission meeting March 5. A "second reading" and final approval is scheduled for the March 19 commission meeting.

P&Z members are scheduled to decide at their March 24 meeting whether they should request a special work session with the city attorney and City Manager Bob Norris to discuss the sign ordinance situation.

Elaine Marshall, owner of Boulevard Hair Designers, 294 W. Lake Mary Blvd., said Wednesday that the sign in front of her hair design business cited by Mrs. Gunn has been there for

Democrats Adopt Delegates Plan

By Kathy Tyrity **Herald Staff Writer**

has preliminarily adopted a planfor selecting 146 delegates and 45 alternates to the 1988 Democratic National Convention scheduled for July 1988 in Atlanta.

the 1984 process where delegates were voted for individually on the primary ballot. Under the new system, only the names of presidential candidates will appear on the presidential preference primary ballot on March 8.

Delegate and alternate positions will be awarded to each presidential candidate according to the vote received in the statewide primary. Delegate positions will then be filled by Congressional District Caucuses on March 26, 1988, which will be open to all registered Democrats.

Locally, Democratic Executive Committee Chairman David McIntosh said opinions were still being formed about the new picking process, but the feeling scems favorable.

"I'm on my way to Tallahassee for a meeting of the Long Range Planning Committee of the Florida Democratic Party, and I'm sure this will be one of the items discussed," McIntosh said.

He said he hasn't had enough time to decide if he likes the new system, "But I know the intent of the change is to make the process more democratic and get a wider participation."

'It appears to be a good system, but the practical application may not be positive," he said.

Seminole County is part of several Congressional districts, and the delegates are chosen by Congressional district, so there will be several from this county. he said.

Other key people in the local Democratic Party are State Committeewoman Kay Westersield, State Committeeman Ken Devin, and Executive Committee Vice Chairman Sheila Morgan.

The party will be holding its annual banquet March 27.

Also commenting on the new system of delegate choosing was Florida Democratic Party Chairman Charles Whitehead.

"This system will provide a fair, straightforward process to guarantee that the sentiments of Florida voters participating in the presidential primary are carried to the floor of the 1988 Convention," Whitehead said.

The Florida Democratic Party Delegate Selection Plan for the 1988 Convention is open for recommendation and comments until final adoption in early April. Those interested are urged to contact the Florida Democratic Party Headquarters at Post Office Box 1758, Tallahassee. Fl., 32302. Or call (904) 222-3411 for additional information.

about four years, but that the lighting on it had been changed in the last couple weeks. She said the sign previously had ground spotlights but that people were constantly running over them with their cars and she replaced them with a "fluorescent-type tube" light above the sign that "stays lit all night to protect the parking lot and business."

In other business Tuesday, the P&Z Board:

 Approved a request for Crystal Ridge preliminary subdivision approval for Calton Homes of Florida. The request was approved three to one with

Mrs. Gunn voting against the them.' approval. She said the subdivision, which is proposed to be built one and a half miles north Road, is too big for the surrounding environment. So much of the city's Land Development Code specifies that all growth and development in the city surrounding environment, she

nity in an old part of the city. and I have a real problem with that," she added. "I would like to see larger lots and fewer of

John Walls, landscape architect for Calton Homes, said the board's concerns about such of the intersection of Lake Mary things as lot sizes, removal of Boulevard and Country Club trees and sidewalks would be given every consideration before another plan would be presented. He said, "we're trying to arrange this as best we can."

 Approved a change of zonshould be in harmony with the ing request from A-1 (agricultur-surrounding environment, she al) to R-1AA (residential) for Jo Gall, 299 Main Road, and "This is a whole new commu- approved a motion to postpone action on her request for minor subdivision approval until April

Chamber Building To Be Painted

The city-owned brown and beige Greater Chamber of Commerce building in Sanford is in for a probable color change, through a paint job handled by a member contractor, said executive director Dave Farr.

The one-story building, at First Street and Sanford Avenue, has been undergoing renovation and remodeling since last fall, when city comnilssioners budgeted \$16,000 for the work.

Farr estimated the exterior painting will cost between \$1,500 and \$4,000. Contractors who belong to the

chamber have been responding to requests for bids on the job. Farr said.

The color won't be chosen until after the contractor is picked, he said.

The building was last painted by city public works

crews about four years ago. The rest of the \$16,000 has already provided a new air conditioning system for the chamber's main meeting room and rehabilitated its smaller conference room with new carpeting, paintings and plants, chair repairs and wall and ceiling refinishing.

Allies' Economic **Diplomacy Need**

The United States made a good deal for itself during February's meeting of key finance ministers in Paris. U.S. Secretary of the Treasury James A. Baker III won commitments from West Germany and Japan to stimulate their economies in exchange fror trying to maintain currency exchange rates at "about their current levels." The results should be a boost to consumer buying abroad, thereby raising the level of U.S. exports and easing the record U.S. trade deficit.

Mr. Baker, who was concerned that the dollar has fallen as far as it should in relation to other key currencies, gave up nothing in agreeing to stabilize it. The dollar already has lost 40 percent ot its value against the German mark and Japanese yen during the last two years. It could have endangered the U.S. economy were it to keep plunging. So far, the declining dollar's domestic effects have been relatively painless. In fact, exports have increased and the trade imbalance reduced. Further devaluation could ignite

The dollar's decline has pinched the economies of major U.S. trading partners by making their goods relatively more expensive in the United States. Thus Germany, in an effort to get help in stabilizing currency rates. went so far as to agree to cut taxes to invigorate its economy. Tokyo was less specific, but Mr. Baker could afford to be somewhat trusting. Without some element of trust, there is essentially no basis for such

For his part, Secretary Baker agreed to push for a reduction of the government's 1988 deficit to 2.3 percent of gross national product, down from an estimated level of 3.9 percent this year. Given the lack of consensus between Congress and the Reagan administration on deficit reduction, the Japanese are more likely to hold up their end of the bargain than are the Americans.

But there was some discord amidst the concord. Italy stalked out of the conference and stayed away for a time, complaining that much of the bargaining had sone on among the Group of Five — the United States, Japan, West Germany, Britain and France. The Italians complained about little heed being paid to Italy and Canada.

Actually, most substantive agreements were not hammered out among the Big Five. but by the Biggest Three: Washington, Bonn and Tokyo. Although Italy's displeasure did not signal any significant split among the seven, the walkout made a substantive point. taly's gross national product now approximates that of Britain. As for Canada, it is America's biggest trading partner. The Italians and Canadians are entitled to make the point that finance ministers would do well to blend in a little old-fashioned diplomacy. with their economies.

The need was perceived anew in Paris that pressure by shortsighted, special-interest groups within all seven countries to erect fariss barriers must be resisted, because a trade war would spell disaster for all of them.

We're Number 5

The stakes could be high in an economic dispute now raging between Italy and Great Britain over whose economy ranks fifth in the Free World. The British, whose empire now aces the sun set daily, insist they have remained the No. 5 economic power. The italians are convinced they have overtaken the British.

At stake could be membership in the Group of Five - now comprised of the United States. Dapan, West Germany, France and Britain. The Group of Five exerts tremendous influence on Western economic policy. Occasionally, the Group of Five consents to let Italy and Canada participate in their economc decision-making. But usually, when the Broup of Five has dinner, Italy and Canada are invited only for coffee.

Anyone for cappuccino?

"You were RIGHT! Suspenders ARE the latest men's fashion crazel So, what do you think will be NEXT?"

GEORGE McGOVERN

U.S., Israel Diverge On National Agendas

From Israel's birth in 1948, when it was warmly embraced by the Truman administration, until the present day, the United States has maintained an unusually intense relationship with this Jewish state.

This "special relationship" is based in considerable part on the Holocaust, in which 6 million Jews were destroyed at the hands of Adolf Hitler. Americans have responded with compassion for the suffering and vulnerability of the

Israel shares much of the American democratic political philosophy and a common religion with many Americans.

Beyond this, a large Jewish population in the United States as well as well-organized and well-funded political action groups have made a strong case for American support of Israeli interests.

The United States has reacted to these common bonds by offering Israel a major part of its foreign assistance program. Year after year, Israel has been the largest single recipient of U.S. economic and military aid. In addition, American citizens have invested heavily in

Israeli bonds and relief efforts.

Recently, however, events have reminded us that Israel and the United States sometimes

have conflicting foreign policy goals.
It is clear to virtually every American that the Reagan administration made a disastrous mistake in selling arms to Iran. Yet the Tower Commission Report documents that Israel, for its own purposes, was selling arms to Iran before the United States even considered it. Indeed, the first suggestions for U.S. arms sales came from the Israelis, who told Reagan officials this was one way of securing the release of American

Israel has an interest in arms sales to Iran not only because it is a lucrative business, but because the Israelis wish to use Iran to weaken. if not destroy, Iraq - an Arab state that Israel sees as an enemy.

Clearly an Iranian victory over Iraq is not in the best interests of the United States. If Iraq were to fall before the fanatical forces of the Ayatollah Khomeini, there would be little to stop them from sweeping across Persian Gulf oil states and taking over more than half the

world's oil reserves. If that were to happen, the Ayatollah would be in a position to squeeze the West and Japan with the "oil weapon,

While Israel may be willing to further alienate the Arab world, we obviously cannot, due to our heavy economic, strategic and cultural interests in the Arab states.

The divergence of Israeli-American interests is also seen in reference to South Africa. The apartheid system of official racism practiced by the South African government is anathema to Americans. For the United States to embrace such a government not only does violence to our own traditions of civil rights, it is an affront to our black citizens and to the entire African continent.

Israel, on the other hand, has maintained a close relationship with South Africa, including selling arms to Pretoria and encouraging large South African investments in Israel.

Jonathan Jay Pollard, a U.S. Navy intelligence analyst who was caught delivering a large volume of intelligence information to the Israeli Embassy in Washington, has now been sentenced to life imprisonment.

DICK WEST

Strong Reach For Free Food

WASHINGTON (UPI) - I dare say I feel more sympathy for, not to say empathy with, the homeless than do Hollywood types, politicians or any of that crowd. But that does not mean I favor giving everyone in America lodging and meals.

The old saying that there's no such thing as a free lunch was never more applicable than during the "sleep-out" staged by assorted actors and members of Congress to demonstrate support for the home-

As a child of the depression, I believe it is possible for people to be genuinely down on their luck, even in this day and age. I have nothing but compassion for them.

But many of the homeless apparently are people who for reasons of their own are unable to land good-paying jobs.

Admittedly, I have made no study of the subject but judging from what Hill, some of the homeless are young and strong. At least, younger and stronger than I am.

Sure, they might have to do work they consider beneath them, but somebody has to do it. I'mean; if all the people conducted themselves as some of the homeless do, there wouldn't be anybody to shine shoes. wash cars or otherwise do the dirty work that doesn't pay much.

The point is that you don't have to sleep with them to know that almost anybody with a strong back can carn a few crumbs these days shining shoes and washing cars.

I was going to say something about the weak minds usually associated with strong backs but there aren't that many jobs as columnists available. Besides, I have all the competitition I can use.

The one-night sleep-out was organized not only to show how the homeless live but also to nudge Congress toward passage of a \$500 million aid bill. Even so, a few of those who regularly sleep on sidewalk grates obviously resented the fact that the demonstrators could have slept in warm beds.

I say there's no need for anyone to spend a night on the sidewalk. Not as long as we have national parks to

I have spent a few winter nights in nearby national parks and I can attest that the accommodations aren't all that bad. Not all that good either, but not so bad if you don't mind sleeping on the ground.

ROBERT WALTERS

Flight From Evacuation

WASHINGTON (NEA) - Consider the unique problems involved in conducting an emergency evacuation of the people living around New York's Shoreham nuclear power plant in the event of an accident that produces radioactive releases:

Shoreham is located on Long Island, which is surrounded by water on the north, south and east. Only the west remains as an emergency evacuation option, but panicked people fleeing in that direction would be heading directly for densely populated New York

State and local government officials in New York logically claim that there is no realistic means of dispersing the populace to minimize adverse health effects in the event of a serious accident at Shoreham.

But that logic doesn't satisfy officials at the Nuclear Regulatory Commission, the federal agency that is supposed to protect the public against the potential dangers posed by nuclear technology.

Following the 1979 accident at the Three Mile Island generating station in Pennsylvania, the NRC adopted a regulation requiring all nuclear power plants to develop a plan that could, in the event of an emergency, evacuate everybody living within a 10-mile radius. Now the NRC is, in effect, about to abandon that rule.

The NRC rule specifically requires that the evacuation plan be implemented by the utility operating the power plant in conjunction with state and local police, fire and civil defense agencies.

Because the rule presumes that there always will be some form of workable plan, the NRC insists that state and local public officials participate in evacuation exercises, The Long Island Lighting Co.,

which owns Shoreham, has a plan that relies exclusively upon meter ers, linemen and other utility employees to conduct evacuations - but that approach certainly isn't realistic. A similar situation has developed

in New England, involving the Seabrook generating station in southeastern New Hampshire, two miles north of the Massachusetts border.

As at Shoreham, construction at Seabrook has been completed but operation cannot legally begin until the emergency evacuation plan has been formulated, tested and approved.

As in New York, public officials in Massachusetts insist that their participation in the development and implementation of such a plan would be meaningless because effective evacuation is impossible.

The consortium of utility companies that owns Scabrook has audaciously argued that because the probability of a serious accident occurring is so low, evacuation there need be planned only within a one-mile radius.

But there is evidence that the NRC's 10-mile radius may not be adequate. Following the severe nuclear accident at Chernobyl in the Soviet Union, everyone living within 18.6 miles had to be evacuated. Some radioactive "hot spots" (including entire villages) were as distant as 50 miles from the power

Undeterred by the prospect of abrogating its own rules, the NRC in late February voted 4-to-1 in favor of a proposal to neutralize the states' safety concerns.

SCIENCE WORLD

Blind, But He Can See Hope

By Michele Digirolamo ATLANTIC CITY, N.J. (UPI) — It has been called the "Twilight Zone" blindness. It attacks gradually. slowly shrinking a victim's line of sight to a mere pinhole. Eventually it leads to total and permanent darkness.

And there is nothing known that a victim can do to stop it.

The degenerative disease is called retinitis pigmentosa and an estimated 5 million to 8 million people in the world suffer from some form of it - 400,000 of them In the United States.

Gordon Gund is an RP victim. He also is a highly successful investment banker in Princeton, father of two sons, co-owner of the Cleveland Cavaliers and the Minnesota North Stars, member of several professional sports organizations and an executive at several companies across the country.

Stricken with the disease at age 26, Gund was totally blind by age

Gund went totally blind just two weeks after the birth of his second son, allowing him to at least scarl his child's face with the tiny pinhole of vision he had left before completely losing his sight.

He then went through a harrowing period, spending his days and nights angry at the world, depressed for himself and his family and wondering why he had been singled out to be afflicted in such a way.

"Everybody does," Gund said, adding that he finally overcame that by "recognizing that it wasn't really getting me anywhere. It didn't have anything to do with the future. I didn't want to live in the past. I wanted to move on. Hard as it was,

It was a fact." Gund said he emerged from that soul-searching time determined that even though he could not see, he wanted to aid other RP victims.

Resolved to fight back, Gund co-founded the RP Foundation Fighting Blindness in 1971 with Bernard Berman, a Baltimore man whose two daughters suffer from RP and who was as astounded as Gund at how little was known about the

The RP foundation, a national non-profit organization based in Baltimore, is dedicated to finding a treatment or cure for RP and related disorders and has raised some \$20 million for RP research since its creation, Gund said.

JACK ANDERSON

Mismanaged Bank Faces Insolvency

By Jack Anderson And Dale Van Atta

WASHINGTON - Unsound management and regulatory violations by officers of the Independent Amer-ican Savings Association of Irving, Texas, appear to have left it "hope-lessly insolvent." according to a confidential report recently dispat-ched to Capitol Hill by the Federal Home Loan Bank Board.

Yet the savings and loan association, like many others that are effectively broke, is still open for business. The main reason is that the Federal Savings and Loan In-surance Corp. can't afford to shut the thrifts down and make good on all the deposits of \$100,000 or less it has guaranteed. The insurance fund currently has about \$1 billion left to stand behind nearly \$900 billion in deposits nationwide.

Treasury officials have proposed that Congress "recapitalize" the insurance fund, but the legislation has been bottled up by House Speaker Jim Wright, D-Texas. He believes the feds are being too hard on his state's beleaguered Sals. which were stuck with huge amounts of bad energy loans by the sudden collapse of world oil prices. Wright has made no secret of his

determination to sit on the recapitalization bill until he gets tronclad assurances that the money won't be used to close down Texas

Independent American's own year-end figures show how precarious its position is. Depending on the accounting method used, its negative net worth was as much as \$454 million on Dec. 31, and its operating losses have been running between \$8 million and \$10 million a month.

The 26-page confidential report by the Home Loan Bank Board was requested by the House Banking Committee; our associate Michael Binstein reviewed a copy. It notes that a team of federal bank examiners investigated independent American's 47 branches throughout Texas, and says: "The report generated by this examination revealed numerous regulatory violations and unsafe or unsound practices engaged in by management and the board of directors during 1984 and 1985 sufficient to render the institution hopelessly insolvent."

Wright has repeatedly discussed Independent American's plight with Treasury officials and Banking Committee members, according to

sources directly involved. The majority stockholder of the S&L. Thomas M. Gaubert, and his family have contributed generously to Wright's political campaigns and other Democratic funds, according to Federal Election Commission records.

"No doubt that Thomas Gaubert has been an active Democrat," his attorney, Abbe Lowell, told us. "No doubt Thomas Gaubert has been a

supporter of Jim Wright."

But Lowell added that Wright had been "sticking his neck out" for other S&Ls as well. The attorney charged that the federal examiners were "singularly responsible for any problem at Independent American and are trying to cover their tracks." He accused the Home Loan Bank Board of being "arbitrary and capricious" in forcing S&Ls to write down the value of energy and real-estate loans on their books.

The confidential report we've seen quotes a 1984 report which says that "management and the board of directors of IA Savings had engaged in three major areas of regulatory violations and unsafe or unsound practices: misclassification of investments as loans; non-conforming appraisals on commercial realestate projects and conflict-ofinterest transactions."

Following allegations of improprieties. Gaubert signed an agreement with the FSLIC in December 1984, which removed him from all management decisions concerning Independent American. Gaubert agreed he "would physically remove himself from all IA Savings or subsidiary offices." He was permitted to retain his stock in the S&L.

The Home Loan Bank Board also cites criticism of the S&L's operation by a private consulting firm hired by Independent American. The consultants concluded that the S&L was "in precarious financial condition" and faulted it for "inadequate internal controls and fraudulent activities engaged in by senior management ... excessive loans to individual borrowers, ineffective senior management (and) excessive compensation to executive management."

Footnote: A Wright aide interceded in our repeated efforts to reach the speaker. The aide had no comment on allegations that Wright was trying to protect independent American.

COMING EVENTS

Area AA Groups Plan Friday Night Meetings

The following Alcoholics Anonymous groups meet each

 Wekiva AA (no emoking), 8 p.m., at Wekiva Presbyterian
 Church, SR 434, at Wekiva Springs Road, Members only.

Man Resentenced For Murder Of **Decapitated Wife**

ORLANDO (UPI) - The murder and "nauseating" mutilation of his wife originally drew a 58-year-old Orange County man 40 years in prison. but the term was overturned on appeal and he was resentenced to 17 years in jail.

Lonnie Phelps was convicted of second-degree murder for the Feb. 6, 1985, murder of his wife, Hazel, and originally sentenced by Orange County Circuit Judge Ted Coleman to 40 years in

prison. The 5th District Court of Appeal at Daytona Beach overturned the sentence in June. saying that while excessive brutality is grounds for departure from sentencing guidelines, there was no evidence the victim struggled or suffered.

The victim's decapitated body was found in a garbage dumpster. But the head never was found and cause of death never determined.

The court ordered Phelps resentenced. The state Attorney General's Office petitioned the Florida Supreme Court to review the appellate decision, but the high court declined.

When the case returned to Coleman's court Thursday, he was limited by the higher court in sentencing Phelps. Coleman

was unavailable for comment. "Judge Coleman gave him the maximum sentence he could now that the appeals court overturned the previous sentence," said Assistant State At-

City To Resume Wastewater Disposal Site Negotiations By Karen Talley Herald Staff Writer receive most of this treated second reading to finalize the wastewater.

Sanford Mayor Bettye Smith is confident a mutually agreeable price can be set for the city to buy a multi-million dollar wastewater disposal site from a private land trust.

Mayor Smith sits on a newly formed negotiating committee that has renewed efforts to acquire the 2,200 acre parcel. The team's first meeting with the parcel's owners was held Monday and its results were reported by the mayor to a full commission in regular session that night.

Original purchase talks broke down late last year when the city offered \$1.8 million while the site's owners stood firm at \$4 million.

The divergent prices coincide with the wide range between two appraisals the city had done at the site last year. These appraisals came in at \$1.872 million and \$4.9 million, and apparantly contributed to difficulties over an agreeable purchase price.

Commissioners said Monday that negotiations would probably be assisted by having a new appraisal done at the site. It's hoped this evaluation will coincide with one of the two original appraisals, hopefully the lower. city officials said.

A contract proposal addressing cost of the new appraisal will be worked up by staff and presented to commissioners for approval.

Commissioners agreed last month negotiations for the site would also be asked to look at potential disposal capacities at a 1,700 acre site across from it. The parcels lie east of Sanford, off State Road 46 near Lake Jesup. Disposal capacities for the 1,700 acre site would be evaluated before the city began negotiations with its owners. They reportedly want \$1.6 million for this site.

potential insurance against changes the state frequently makes to wastewater disposal program edicts. Sanford is under a state order to stop disposing the majority of its effluent in County, between Airport

Mrs. Smith serves on the negotiating team for the 2,200 acre site with City Manager Frank Faison and Engineering and Planning Director Bill

Simmons. Mrs. Smith said after the first negotiating session she's "confident there will be a meeting of the minds" between the city team and the parcel's owners on a purchase price. The negotiated price would be brought back to a full commission for approval.

Without considering cost for either disposal parcel, the city is looking at an estimted \$36.5 million wastewater management program, with about \$8.6 million offset by state and federal grants. The city is also applying for another grant, in the \$5 to \$7 million range, to offset costs further.

The city has floated a multimillion dollar bond issue to begin covering wastewater project costs, including \$1,273,757 commissioners approved Mon-day. The expenditure will go to DeWitt Excavating for "a major aspect of the program," including replacement of 10 miles of underground sewage pipe. Simmons said.

In other action Monday commissioners:

Approved a \$7,920 expenditure to cover their public liability 'insurance premium for the upcoming year.

 Approved a lease transfer from Carl Schilke to Edward Meixsell would resume and that the state for a city-owned well site that is rented for use as parking area. The 180 by 100 square foot parcel lies behind Schilke's former Harcar headquarters on U.S. Highway 17-92. Mcixsell is planning to buy the former Harcar building and wants use of the adjacent city-owned parking area, according to Schilke. Terms for the lot will remain at \$1,175 plus City officials say the sites are applicabale taxes each year, until 1990, when the lease expires, according to commission action. Approved first reading of an ordinance for annexation of a parcel located in Seminole

ed themselves as

acquisition will be held during commissioners' next regular

On the recommendation of counsel, denied an annexation request for a parcel at the northwest intersection of Jewett Lane and Meisch Road. The annexation might have been viewed by the county as creating an irregular land mass and challenged in court, City Attorney William Colbert said. LAKE MARY BLVD CHIROPRACTIC CLINIC

Governor Promises Frugality By Aides

TALLAHASSEE (UPI) -Complaints that a top administration official billed the taxpayers for expensive hotel rooms have prompted Gov. Bob Martinez to promise his employees will be more frugal in the future.

One of the officials, Secretary Gregory Coler of the Department of Health and Rehabilitative Services, whose agency runs programs for the poor, has billed the state for hotel rooms costing \$80 to \$100 a night.

The comptroller's office has twice warned Martinez adminstration officials that they have violated state spending procedures.

Robinson Aloha: 50 Points

Illinois, Missouri Are Upset Victims

United Press International Navy center David Robinson left college basketball Thursday night with a crisp 50-point salute.

On the opening day of the 64-team tournament in which New Orleans, Ohio's Xavier (Missouri) and Austin Peay (illinois) enjoyed big victories. Robinson delivered the most striking performance of all in his

60 percent of Navy's points in a 97-82 loss to Michigan in the East Regional. It was the most points in an NCAA Tournament dame since Austin Carr of Notre Dame had 52 in 1971. "I see I had 50, but I should

have done better," said Robinson, who earlier in the day won the Naismith Trophy as College Player of the Year. "I had only 13 rebounds. I didn't do all more to do."

Robinson was given a standing ovation by the sellout crowd of more than 11,000 at the Charlotte Collseum when he came out with two seconds left. Players from both teams mobbed him with congratula-

"David Robinson is the best player I've seen in seven years as a head coach, and I've seen a lot, like (former Georgetown center Patrick) Ewing," said Michigan Coach Bill Frieder. "He's a tremendous, tremendous

East Regional Charlotte, N.C.

Carven Holcombe scored 30 points on 14 of 17 shooting and No. 16 Texas Christian hit 64 percent of its shots to down Marshall 76-60. The Horned Frogs. 24-6, are making their first NCAA appearance since 1971. Dwayne Lewis had 17 points for Marshall, 25-6.

David Rivers scored 12 of his career-high 27 points during the final 5:01 and Donald Royal added 24 points to lead No. 18 Notre Dame over Middle Tennessee State 84-71. Notre Dame, 23-7. won its 10th straight. Middle Tennessee, 22-7, was paced by Dwayne Rainey with

22 points.

Michigan helped offset Robinson's performance with Garde Thompson scoring 34 points, including 9 3-pointers. Robinson set a scoring record for the Middles, 26-6. Cary Grant added 28 and Glen Rice 21 for Michigan, 20-11.

Joe Wolf scored 25 points and route to a 113-83 rout of Penn. The Tar Heels, 30-3, outscored the Quakers 58-29 in the second half. For Penn, 13-14, Bruce Leftowitz had 20 points.

irmingham, Ale. No. 19 New Orleans, making Its first tournament appearance, defeated Brigham Young 63-79 behind 3 free throws in the final minute by Gabe Cerchiani. The Privateers, 26-3, were backed by Ledell Eackles with 25 points. Jeff Chatman had 25 for BYU,

"I thought we had lost it," said New Orleans Coach Benny Dees.

Powerful Patriots Sweep Seminole

Herald Sports Writer

Powerful Lake Brantley won 13 of 14 overall matches Thursday as the boys and girls teams swept to victories over Seminole in prep tennis action at Lake Brantley High.

In the boys match, the defen-ding state champion Patriots rolled to a 6-1 victory behind five singles wins. At number one singles, Mark Palus downed John Ludwig, 8-2: Chip Devine outgunned Chad Perce, 8-1, at number two; David Casey upended Jay Adcock, 8-3, at number three; Trevor Olsen fough off Matt Albert, 8-4, at number four and Steve Polakoff ripped Keith Royster, 8-1, at number five.

In doubles play, the Palus-Devine team got by Ludwig-Percen, 8-4, while Seminole averted being shut out when the Tribe's number two doubles team, Adcock and Albert, outlasted Casey-Olsen, 8-6.

While Lake Brantley's boys are the defending state champion. Lake Brantley's girls are looking to make a run at a state berth with a solid team this season. On Thursday, the Lady Patriots roared to a 7-0 victory over Seminole High.

Number one player Kristin Longmire led the Brantley charge as she blanked Seminole's Karen Edgemon, 8-0, and teamed up with Lisa Liden to trounce the Seminole team of Edgemon-Dorrie Weckly, 8-1.

At number two singles, Liden downed Weekly, 8-2: Jennifer Josephs defeated Lori Swain, 8-3, at number three: Michelle Rossmiller thrashed Jennifer McKibbin, 8-1, at number four and Mary Ancona edged Rose Spear, 8-3, at number five.

At number two doubles. Josephs-Rossmiller defeated blasted Louise Tang. 8-0. Swain-McKibbin, 8-4.

Seminole's boys team dropped to 1-6 with the loss while the Burgess, 8-0 while Higgins-Lady Seminoles now stand at Bennett thrashed Chick-3-4. Lake Brantley's boys team Harmon, 8-3.

Tennis

is now 8-1 while the Lady Patriots stand at 9-0.

LAKE MARY NIPS MAINLAND Lake Mary's Rams ended the unbeaten reign of Daytona Beach Mainland Thursday with a 4-3 victory at Pelican Bay in Daytona Beach. The Rams improved to 9-3.

The Rams won the match in singles play as they won four of five divisions. Mainland's number one player, Adam Kework, downed Eric Weinman. 8-0, and Lake Mary won the next four as Mike Renaud dumped Steve Dixon, 8-2; Tom Boysen outlasted Jeff Millaire, 9-7; Brett Thorpe ripped Tom Galloway, 8-1 and Dave Sheridan upended Pete Greis, 8-5. Mainland won both doubles matches as Kework-Greis 'downed Weinman-Renaud, 8-1 and Dixon-Miliaire edged Boysen-Thorpe,

LADY RAMS BREEZE, 7-0

Lake Mary's Lady Rams won all seven matches, including four shutouts, in a 7-0 romp over Daytona Beach Mainland Thursday afternoon at Lake Mary High.

The Lady Rams ran their record to 9-3 for the season and return to action Wednesday at home against Spruce Creek.

Number one singles player Susle Stewart contributed to the onslaught with an 8-0 victory over Traci Bardour; number two player Erin Higgins ripped April Chick, 8-2; number three Heather Bennett upended Robin Harmen, 8-3; number four Kerry Marshall blanked Seminole High transfer Clasy Burgess, 8-0 and number five Indrid DeGraaff

In doubles play, Stewart-DeGraaff blitzed Badour-

Lyman Plans that well on the offensive boards. I missed a lot of free throws early. There's always something

Herald Sports Writer

The Lyman High Invitational has been an innovative meet the past few years and 1987 will be no exception. Tonight's meet at Lyman High will test a new order of events and will also run consolation finals.

The Lyman Invitational will start at 4 with preliminaries and finals in the boys and girls shot put, discus, high jump and long jump and boys triple jump. Running preliminaries will begin at 4:30 with the pole vault beginning at 5. Consolation races will begin at 6:30 with running finals starting at 7:30.

The 13-team field for the Friday the 13th meet includes Lyman, Seminole, Lake Mary, Lake Howell, Lake Brantley. Orlando Evans, Apopka, Merritt Island, Daytona Beach Father Lopez, New Smyrna Beach, Spruce Creek, DeLand and Orlando Edgewater.

The consolation races are being run for the first time with the winner of each consistion meet getting a medal. Lyman coach Fred Finke said the consolation races will give some athletes who would not ordinarily place a chance to win a medal and will also allow for only one heat in each race in the finals.

Along with the consolation races, another change being made is in the order of events. The Lyman meet will run the girls 220 dash followed by the girls two mile, then the boys 220 followed by the boys two mile. The usual order has both 220 races and both two mile races run back to back. Lyman coach Fred Finke hopes the new order will help the meet run smoother and hold the fans' attention by running a sprint inbetween the long two mile races.

In the race for the boys team title Friday night, the injury-plagued Seminole High team doesn't figure to challenge and coach Ken Brauman said he will only take a small team to the meet. That leaves the boys division pretty much up for grabs between host Lyman. Lake Mary, Lake Brantley and Orlando Evans.

Seminole is without three of its

Track & Field

Parker and Maurice Roberts. Martin and Parker both have hamstring pulls while Roberts was injured in PE class.

Lyman is led by distance runners Robin Rogers and Teddy Mitchell who are one-two on the Seminole County Honor Roll in both the mile and two mile. Versatile athletes Darren Marshall and Victor Farrier are also among Lyman's leaders. Lake Mary has strength in many areas including the distances with Brad Smith and Eric Petersen, the sprints with Erwin Edwards, hurdles with Jeff Pommier and field events with jumpers Dexter DeBose and Leroy Jenkins and weightmen Dan Ferris and Larry Stankovits.

Lake Brantley has some of the top field people in the area led by state-caliber shot putter Bucky Chambers and long jump-triple jumper Travis Barfield. The Patriots will need some top performances in the sprints and relays to compete for the title.

In the girls meet. Seminole High is the decisive favorite as the defending state champion Lady 'Noies are starting to round into form. Seminole is led by the multitalented junior duo of Shownda Martin and Dorchelle Webster along with sophomores sprinters Tasha Wynn and Adrian Hillsman and up and coming freshman Yolanda

Lake Howell will be the top contender for second place and could push Seminole for first with a strong meet. Lake Mary is without two of its top sprinters but could also challenge for second while Lake Brantley is looking for more field events strength to be competitive.

OVIEDO BOSTS RELAYS

Oviedo High will host its own Oviedo Relays tonight with Or-lando Bishop Moore and St. Cloud also joining the action. It will be the first meet run at Oviedo's newly resurfaced track. Coach Ken Kroog said only relay and open running events will be held as there are no field event top people in Earic Martin, Jerry areas available and no hurdles.

Sherry Burgess heads for the finish line in two mile relay.

If the clapsed times posted during the Winternationals in California last month are a look of things to come, records could tumble at the Nation's Vanzura Motorcraft Gatornationals.

The 18th annual event scheduled for Thursday through Sunday of next week at Gainesville Raceway is expected to attract more than 700 entries. They will be competing in 10 different categories for an \$860,350

Qualifying is scheduled Thursday through Saturday, with professional sessions at 2 p.m. Thursday, at 11 a.m. and 3 p.m. on Friday and Saturday. Eliminations will start on Sunday at 11 a.m.

At age 55, Don Garlits is the favorite in the Top Fuel class. Most men with more than 30 vears experience in a job are beginning to relax, looking toward retirement, but not Garitts. Actually, Garitts hates

the thought of slowing down. As the winner of 14 Top Fuel titles in the last 30 National Hot Rod Association national events and two consecutive Winston championships, any slowing might prevent the Ocala driver from reaching his next goal - a third straight season title.

Thus far, Garlits is giving no indication he's ready to retire. His most recent quarter-mile trip in his Super Shops Streamliner resulted in his quickest ever run, at 5.298 seconds, and brought his 35th career NHRA victory in the Winternationals.

"I've been savoring that 5.29," he said. "I love it because there has been a lot of time between races. We did the maintenance on the engine after the race and everything was fine. We don't want to mess with a 5.29."

Garlits, who will be the subject of a movie to be filmed later this year, is the defending champion at the track just a few miles up the interstate from his home and the site of the "Don Garlits Museum of Drag Racing."

Other drivers have recorded

lower elapsed times during qualifying sessions, but on race day, Garlits has been difficult to defeat. Since returning to NHRA competition following a retirement to build his museum, Garlits has been to the final round 15 times. "I've never run a career-best at the first race of the year." Garlits noted. "That usually

Don Garlits is the favorite next week in the Gatornationals at Gainesville.

comes later in the season."

The Gatornationals has become such a big event that to be able to get a good seat for the event I recommend getting advance tickets at one of the local ticket outlets.

Also on Sunday, even though the pro classes start at 11 a.m., it is best to get an early start because the traffic is really bad leading to the

Lady Lions Wrest Control Of SAC Race

By Chris Fister **Herald Sports Writer**

A year ago, the race for the Seminole Athletic Conference title was a two-way battle between Lake Howell and Lake Brantley most of the season. Oviedo's Lady Lions finished third with a solid team but didn't get much recognition.

This week, Oviedo showed that it plans on making a run for the crown in 1987. After pounding Lake Howell, 7-2, on Tuesday, the Lady Lions returned to the diamond Thursday and banged out 16 hits en route to an 11-5 victory over Seminole before 51 fans at Fort Mellon Field.

The Lady Lions, 8-2 overall, improved to 3-0 in the SAC and took over sole possession of first place after Lake Brantley was beaten Thursday by Lake Howell, 9-2. Oviedo returns to action Saturday morning at 9 against Orlando Evans in the opening game of the Lady Hawk Tournament at Red Bug

"This has been a really good week for us," Oviedo coach Jackie Miller said. "We hit the ball well in both games and we hope to keep it going into the tournament."

After its second bad defensive outing of the week, Seminole dropped to 4.2 overall and 1-2 in the league with its second consecutive loss. The Lady 'Noies have a

Softball

against Daytona Beach Seabreeze.

"The girls are just getting down and staying down," Seminole coach Lance Abney said. "We are a lot better defensive team than we've showed the last two games."

The outstanding one-two punch of Corrie Lawson and Jodie Switzer got the Lady Lions off to a good start Thursday afternoon. Lawson led off with a base hit and scooted to third on a Seminole error. Switzer then followed with a single to drive in Lawson and Switzer later scored on Jessica Bradley's base hit for a 2-0 lead.

Seminole came back with two runs in the bottom of the second to tie it at 2-2. With one out. Amy Hawkins reached on an error and Jackie Suggs followed with a base hit. that went under the glove of the right centerfielder for an error which allowed Hawkins to score and Suggs to reach third. Suggs then scored on Shelly Sanders' groundout.

Oviedo broke the tie in the top of the third when the fleet-footed Lawson beat out and infield hit. Switzer followed with a single

bat for Oviedo in the early going of the season, then looped a single to left to drive

The Lady Lions got out of a potential jam in the bottom of the third when pitcher Switzer fielded a grounder, tossed to shortstop Chavis who fired to Teri Coe at first for a double play. Oviedo then broke the game open with five runs in the top of the

Cheryl Buntz reached on a stelder's choice and, with two outs, Barbara Malone reached on an infield single. Lawson then reached on an error which scored Buntz and Malone scored on another Seminole error on the play. Lawson scored when Switzer reached on the third Seminole error of the inning and Chavis followed with a triple down the right field line to score Switzer. Chavis then scored on Bradley's third hit of the game for an 8-2 Oviedo lead.

Oviedo upped the lead to 10-2 in the fifth when Coe reached on an error and later scored on a single by Kerl Gaines and Buntz, who reached on a fleider's choice, scored when Brigette Szobar reached on an error. Seminole committed nine errors in

"Oviedo is a strong, consistent team and you can't make mistakes against a team like

an initial PGA triumph.

Pate, tied for second with a 67.

host this week ... up to a point.

home during the tournament, was also at 5-under before a bogey-5 at the 456-yard 18th left him a stroke behind.

"I played real well and missed only two greens," said Pate, who has never played in this tournament before. "I teed off in the early morning and there was no wind for the first time in three weeks. This is a long course and I like it ... no one is going to overpower this golf course."

Faxon opened with an 80 here last year and was climinated from the field when the cut was made at 75 and rain shortened the tournament to 54 holes. Thursday, the former Furman University star used birdies at No. 3, No. 5 and No. 6 to make the turn in 33. A 20-foot birdle at 12 and a birdie tap-in at 16 left

An impressive field of 114 met favorable morning conditions on the 7,103-yard course, but the winds picked up in the afternoon as skies became overcast and

the 1987 money list participated, and last week's Honda Classic winner, Mark Calcavecchia, opened with a 74.

"I think we got a good break early because there wasn't a lot of wind at the start," said Faxon, who began play at 8:10 a.m. EST, 20 minutes behind Pate.

Frost began with five pars before a drive and a 3-wood left him 20 feet away at the sixth hole. He chipped in with a sand wedge to make the turn in 34 and Frost added birdies at 10 and 14.

Payne Stewart, who also lives at Bay Hill, has reluctantly developed a reputation as the Tour's perpetual bridesmaid. He finished second in three 1986 tournaments and tied Bernhard Langer for No. 2 behind Calcavecchia last week.

Stewart used four birdies and a bogey to make the turn at 3 under, but he couldn't sink a single birdie on the back side as winds increased and club selection became difficult. A bogey at 18 left Stewart at 2-under 69.

Defending champion Dan Foraman opened at 4-over-par 75 and course designer Arnold

Error-Prone (10) Lady Patriots Fall To Lake Howell

By Scott Sander Herald Sports Writer

ALTAMONTE SPRINGS - When a softball team commits 10 errors, chances are very good that the team

The Lake Brantley girls' softball team proved that theory to be accurate on Thursday afternoon as the Lady Patriots made 10 costly errors en rout to a 9.3 loss to Lake Howell in Seminole Athletic Conference girls' softball action before 66 fans at Merrill

"I've coached softball at Brantley for four years," Patriot coach Renny Betris said after the game. "And this was undoubtably the worst game that a team that I coach has ever played. It was a horrible performance on our team's part."

The setback was costly for the Patriots as it drops them out of first place in the SAC. Oviedo upended Seminole on Thursday, 11-5, giving the Lady Lions sole possession of first place. The Lions are 8-2 overall and 3-0 in the SAC. Brantley fell to 5-3 and 2-1. Howell upped its record to 6-4 and

"We really needed this win." Lake Howell coach Jo Luciano said. "We were a different team out there today. We had a lot of enthusiasm and took advantage of their mistakes."

Lake Howell pitcher Stormi Littrell (6-4) went the distance for Howell. giving up six hits. Kim Robinson (5-3) took the setback for Brantley while allowing 13 hits.

Lake Howell jumped to a quick 3-0 lead in the top of the first inning as the Lady Silver Hawks took full advantage of four Brantley miscues. Shortstop Erin Hawkins led off for Howell and reached first when Brantley second baseman Nikki Burke committed the first of many errors for the Pats. Center Fielder Marie Peters then reached on an error, moving Hawkins to second. After Leslie Barton hit a ground ball that forced Hawkins at third and moved Peters to second, Julie Barton hit a fly ball to Brantley right fielder Pam Wittig. Wittig misjudged the ball and dropped it, allowing Peters and Leslie Barton to score. Julie Barton scored when Burke overthrew third

Softball

base.

The Lady Hawks blew the game in the third with five runs on three hits. and six errors. Leslie Barton started things off by reaching on an error. Julie Barton then hit a ground ball that forced her sister at second. Jaudon Jonas followed with a single to left that advanced Barton to second. Designated hitter Susan Hayden got into the act with an RBI single to center, scoring Barton and moving Jonas to third. Hayden advanced to third on a throwing error. Alicia Dinkelacker was intentionally walked to load the bags. Valerie Monico then hit a fly ball to Wittig who dropped the ball, allowing Jonas, Hayden, and Dinkelacker to score. Monico advanced to third when Hawkins hit a grounder to Robinson. Robinson bobbled the grounder allowing Hawkins to reach base. Robinson then threw away another grounder letting Monico score.

Brantley scored its only three runs in the bottom of the inning. Burke led off with a base hit to center. Hether Meyer then reached on one of the Hawks four errors. Tracy Brandenburg, who is second in the SAC with a .600 average, doubled, scoring Burke and advancing Meyer to third. Mandy Matthiesen was then intentionally passed to load the

LADY RAMS DROP LYMAN, 5-3

Lake Mary scored three unearned runs in the top of the fourth inning Thursday and hung on for a 5-3 victory over Lyman's Lady Greyhounds in Seminole Athletic Conference play at Lyman High.

The Lady Rams improved to 4-4 overall and 2-1 in the SAC and are currently tied with Lake Brantley for second in the league. Lyman now stands at 0-9 overall and 0-3 in the SAC. Lyman and Lake Mary will face each other again Friday morning at 10:15 in the first round of the Lady Hawk Tournament at Red Bug Park.

"It wasn't pretty but it was a victory," Lake Mary coach Karen Nolen said. "I've really been pleased

with the team's attitude this season and the girls are just now starting to click together."

Lake Mary picked up two runs in the first when Marnie Frey and Sharon Bonaventure hit consecutive singles, Frey scored on Brooke Taylor's base hit and Bonaventure scored on Stephanie Woodard's sacrifice fly.

The fateful inning for Lyman came in the fourth when Lake Mary scored three times on only two hits. Terri Peters walked to start off the inning. Paula Songer singled and Laurie Leiffer reached on an error to load the bases. Amy Adams then singled in Peters and an error on the play scored Songer. Reedy Metz then reached on another Lyman error and Leisser scored for a 5-1 Lake Mary lead.

"We lost the game on those three errors in the fourth," Lyman assistant Tina McFerren said.

Lyman came back with two runs in the bottom of the fourth to pull within 5-3. Gwen LaDuke reached on a three-base error and scored on Sarah Price's single and Price later scored on a base hit by Sabrina Jarrett.

Villanova Finishes Cycle With Setback To LaSalle

United Press International Villanova completed a threeyear cycle Thursday in which it went from national champion to a below-.500 team struck by a drug controversy.

LaSalle's 86-84 victory over Villanova in the first round of the National Invitation Tournament dropped the Wildcats to 15-16 — their first losing season in 11 years. The loss came with the school reeling over revelations by former guard Gary McLain that he used cocaine while leading the Wildcats to the national title in 1985.

"We just have to go out every day and we can't put our heads into the sand," Villanova Coach Rollie Massimino said after Thursday's game. "We have to go out and face adversity and bite it back. That's what it's all about and that's what coaches get paid for."

In a first-person story in "Sports Illustrated" this week, McLain detailed a drug-filled four-year stay at Villanova. implicating, but not naming, other Wildcat players in drug use.

"I still consider Gary a part of our family," Massimino said. Clinton Ransey added 20 to pace bounds. sparking Flori "We've had some good players Cleveland State over Ten- over Rhode Island, 17-9.

Basketball

here and we've had some bad ones. Everyone has been kicked before and has come back out of it. It just hasn't been a very good experience."

In other first-round games, Illinois State defeated Akron 79-72. Arkansas-Little Rock edged Baylor 42-41, Cleveland State dumped Tennessee-Chattanooga 92-73, Vanderbilt edged Jacksonville 74-72. Stephen F. Austin downed James Madison 70-63 and Florida State trounced Rhode Island 107-92.

At Normal, Ill., Tony Holifield scored 23 points and Derrick Sanders contributed 20 to carry

Illinois State past Akron, 21-9.
At Little Rock, Ark., James Dawn hit 2 free throws after time had expired to give Arkansas-Little Rock a controversial victory over Baylor.

At Chattanooga, Tenn., Ken McFadden scored 21 points and

Miami Ousts Mainland By Sam Cook

Herald Sports Editor

LAKELAND - Miami Senior sophomore Doug Edwards had a simple explanation for Daytona Beach Mainland's demise in the Class 4A State Basketball Tournament semifinals Thurs-

day.
"I looked at him (Albert Porter) and threw it to him (Cesar Portillo)." Edwards said about his nifty deliver with 48 seconds to play and Miami holding a precarious one-point lead over the District 4A-9 champion

Portillo, a 6.91/2 junior, took Edwards' pass and dropped in the layup while drawing a foul. His three-point play stretched the edge to four points as the Stingarees pulled away for a 72-64 victory before 3,001 fans at the Lakeland Civic Center.

"That three-point play just killed us." Mainland coach Dick Toth said. "We had a guard out of position on our press. I thought we were ready to pull it off until that happened."

The setback ended Mainland's season at 25-6. Miami improved to 33-3. It plays Lakeland Kathleen Saturday night at 8:30 for the state title. Kathleen, 29-6,

Basketball

Livington Chatman to hammer Pensacola Washington, 92-70.

Edwards, a 6-6 future allstater, led the Stingarees with 23 points and nine rebounds. Portillo finished with 18 and Jose Ramos totaled 16 and six assists. Miami hit a sizzling 65 percent for the game, including 71 percent (15-21) in the second half. Mainland shot 50 percent.

Derrick Henry turned in a superlative performance for the Bucs with 25 points and three steals. Mike Polite, facing double- and triple-teaming after an injury to Kenny Mackeroy, finished with 17 points and 10 rebounds. Brian Morris handed out 10 assists.

Mackeroy, who scored 38 points in the Bucs' sectional victory, was poked in the eye just 17 seconds into the second half. The eye swelled and he did not return until two minutes were left in the game. He scored just nine points

"Losing Mackeroy definitely made a difference," Miami coach Shakey Rodriguez said. "He was hurting us inside and that allows used 22 points from all-stater our guards to help out on game with 1:03 to play

The Bucs came out aggressively in the opening quarter, jumping to a 15-13 lead. Henry dropped home four consecutive free throws at the beginning of the second quarter as Mainland posted its biggest lead, 19-13.

Miami, though, bounced back. running off eight consecutive points midway through the quarter for a 27-22 edge. Polite countered with a pair of inside moves for four points, but Edwards dropped in a short jumper to give Miami at 33-32 halftime lead.

Despite losing Mackeroy immediately. Henry kept Mainland close with several dazzling moves to the hoop. Near the end of the third period, though, Edwards and guard Ramos hit buckets to push the lead to six points before Henry scored again to cut the deficit to 53-49.

Miami maintained a five-point lead most of the fourth quarter until Mainland's press took effect with 1:23 to play. After Porter's layup pushed the edge to 65-60. Henry scored on a drive before Woodrow Cooper stole the ball. hit Brian Morris who found Mackeroy for a dunk and a 65-64

SPORTS

IN BRIEF

Froese Outplays Rookie Goalie, Rangers Rout Philadelphia, 6-2

United Press International

Former Flyer Bob Froese outplayed the rookie goalie who had made him expendable, helping the New York Rangers extend their Philadelphia winning streak.

Froese stopped 39 shots and Don Maloney and Tomas Sandstrom each scored two goals Thursday night, sending the Rangers to a 6-2 rout of the Flyers. New York is 3-0 in the Spectrum this season.

"It's unbelievable," said Maloney, whose two goals within eight seconds of the third period gave the Rangers a 4-1 lead. "For the last two or three years, we could have sent an army in and we couldn't have won. Now we've had a couple of wins here and we'll take them.'

Goalie Ron Hextall was pulled after giving up Sandstrom's 35th goal of the season and Ron Greschner's fifth — both in the first 9:26 of the opening period.

In other games, Boston defeated St. Louis 6-4 and Pittsburgh tripped Quebec 6-3.

Manley: Problem With Alcohol

WASHINGTON (UPI) - An agent for Dexter Manley of the Washington Redskins says the All-Pro defensive end has taken the first step in overcoming his problem of

Manley was released Thursday from Georgetown University Hospital following an overnight stay. Neither hospital officials nor Manley's agent, Roy Robertson, would say specifically why Manley was admitted.

"There was no major event," Robertson said. "Dexter has a problem with alcohol and he has come to the decision he's going to solve that problem."

Jones Leaps Second Indoors

Sanford's Alvin Jones is already making an impact for the Princeton University track team.

The Princeton freshman, a 1986 graduate of Seminole High, recently placed second in the triple jump at the annual Heptagonal Indoor Games, held at the U.S. Naval Academy in Annapolis, Md.

Jones leaped 49-21/2 in the indoor event and is expected by coach Larry Ellis to go over 50 once the outdoor season begins. Princeton won the meet which included the Ivy League schools along with Army and Navy.

Oviedo LL Readies For Opener

The Oviedo Little League will holds its Opening Day Saturday beginning at 9 a.m. on its complex at King Street, president Mickey Norton said Thursday.

Day-long activities are planned with featured guests including Central Florida coach Jay Bergman and Rollins coach Boyd Coffle.

Norton said barbecue dinners will be available all day and the teams will play two inning exhibitions games.

ESPN To Show 13 NFL Games?

WASHINGTON (UPI) - Cable station ESPN has reached an agreement with the NFL to televise 13 games a season, including the annual Pro Bowl, the Washington Post

The newspaper said the league will announce a three-year contract in which the three national networks will pay less than the combined \$493 million they paid for rights last season.

AAU To Register, Try Out

Registration and tryouts for boys and girls ages 10 to 18 for AAU basketball will be held this weekend at Lake Mary High for girls and Lake Brantley High for boys. Membership fee for all players is \$5 and AAU also asks for

proof of age and school-sized photo.

For girls ages 10-11, registration will be Saturday at 8:30 a.m. at Lake Mary High with tryouts at 9-10:15. An additional tryout will be Sunday, March 22 at 12:30 p.m. at Lake Mary. For girls ages 12-13, registration will be 10 a.m. Saturday with tryouts from 10:30 to 11:45. Additional tryout is Sunday, March

Registration for girls age 14 will be Saturday at 11:30 with tryouts from noon to 1:15 p.m. Additional tryout is Sunday.

March 22 at 3 p.m.

Girls age 15 can register at 1:30 p.m. with tryouts from 2-3:15 on Saturday. Additional tryouts is Sunday, March 22 at 4:15.

Girls age 16 can register at 3 p.m. Saturday with tryouts from 3:30-4:15. Additional tryout is Sunday, March 22 at 5:30. Girls age 17-18 may register at 4:30 Saturday with tryouts from 5-6:15. Additional tryout is Sunday, March 22 at 6:45.

One boys registration and tryout has already been held so this Sunday will be the final tryout. For age 10-11, tryouts start at 12:30 p.m. at Lake Brantley High. For 12-year-olds, tryouts are at 1:45 while tryouts are 3-4:30 for 13-year-olds, 4:45 for 14s, 6 p.m. for 15s and 7:15 for 16-17 year old.

For more information on AAU basketball, registration and tryouts, call one of the following numbers: 260-7199; 339-5360; age: 2041-740-6010

Williams Is Worth Every \$\$

United Press International Thursday ufternoon, Buck Williams signed a long-term contract with the New Jersey Nets. Thursday night, he demonstrated to the Milwaukee Bucks why he's worth every

dollar. "Getting the new contract gave me a lift." Williams said after scoring 23 points to help New Jersey to a 123-106 rout of Milwaukee, extending the Nets' winning streak to three games. their longest of the season.

"It shows they're taking positive steps," Williams said, referring to his pact and the recent signing of Harry Weltman to fill the general manager position that had been vacant all season. "They're reorganizing the front office and making moves to try to win."

Neither the club nor Williams would comment on the terms of the contract - estimated to be a seven-year, \$10.5 million deal but Williams said he expects to play "for another 12 years or

Williams, whose team likely will not make the playoffs, attributed the Nets' recent success to a relaxed team attitude.

"Earlier in the season we were getting down when teams made a run at us," he said. "But now we're loose and playing well. We know what Coach (Dave) Wohl wants and we are giving it to him. Cavaliers 116, Phoenix 109 At Richfield, Ohio, Ron Harper

scored 32 points and Brad

Daugherty added 25 to pace the

Cavaliers. Harper, the top rookie scorer in the NBA with a 23.3 average, hit 9 of 19 shots and 14 of 17 free throws.

Rockets 121, Spurs 112 At Houston, Jim Petersen scored 25 points and Rodney McCray and Akeem Olajuwon 22 each to help the Rockets snap a four-game losing streak. Jon Sundvold and Walter Berry each had 19 points for the Spurs, who lost their third straight.

Jazz 113, Kings 109 At Sacramento, Calif., Rickey Green hit consecutive jump shots in the last minute to break a 107-107 tie and lift Utah. The with 37 points, 1 less than the career-high 38 he scored Jan. 11

at Seattle.

Lakers 125, Trail Blazers 116 At Inglewood, Calif., Magic Johnson scored 17 of his 25 points in the second half to spark the Lakers to their 50th victory of the season. James Worthy added 22 points to help the Lakers capture their sixth straight victory and reach the 50-win plateau for the eighth consecutive season. The Trail Blazers dropped their 18th straight game in the Forum.

It's The Season For Pesky Termites To Swarm Out Of Hiding Places

It's that time of the year when you should be on the lookout for termites. These tiny insects thrive in all parts of Florida, and are one of the most serious pest-related problems that confronts us. The peak swarming period occurs from January through May. There are four different types of termites in Florida. And, each requires a completely different control method. Thus, correct identification is very important.

According to Extension Entomologist Phil Koehler of the University of Florida's Institute of Food and Agricultural Sciences (IFAS), the four principal termites in Florida are the native subterranean and the Formosan subterranean types which nest in the soil, and the dampwood and drywood termites which nest above the

Dampwood termites are most common in south Florida. The Formosan subterraneans are found only on the southeast coast. Here, the native subterranean and the drywood types pose the biggest problems.

Subterranean termites nest in the soil. They eat cellulose, obtained primarily from wood, but also from paper, fiberboard, and cotton fabric. They may attack any wood that makes contact with the soil. And, they can build tunnels to reach wood several feet above the ground. These little critters stay hidden in the wood while they are feeding.

Alfred Bessesen Urban Horticultrist 323-2500

Ext. 181

but there are several ways you can detect them.

During the springtime, termites will swarm about the colony. During swarming, mating occurs and the termites begin new colonies. Their wings break off shortly after their flight. Even if you don't notice the actual swarming, the presence of discarded wings tells you that a

You may detect a subterranean termite invasion from the earthen shelter tubes they build up over the surface of your home's foundation to reach the wood above. They cannot stand dry conditions, and these mud tubes maintain the humidity inside the colony. Damaged wood can be detected by tapping every few inches with the handle of a screwdriver. If it sounds hollow, you may have termites.

Drywood termites live in colonies, too. But, they do not need soil to survive, they build their colonies right in the wood. Drywood termites cut across the grain of the wood, destroying both the

soft and hard wood tissue. However, subterranean termites follow the grain of the wood. attacking only the soft wood. Drywood termites swarm in the spring, also, and lose their wings at

Infestations of drywood termites are most common in attics, window frames, and window silis. As the infestation advances, surface blisters appear on the damaged wood. Again, tapping the wood with the handle of a screwdriver will yield a hollow sound if the termites are present.

One of the most significant differences between the drywood and subterranean termites is that the drywood species excrete pellets of undigested wood, and pushes them from the tunnels. The pellets can be seen on surfaces beneath infested wood. Subterranean termites, on the other hand, use these wood particles in the construction of

As with most pest problems, the best control is through prevention. The best time to provide protection against subterranean termites is during the planning and construction of a building. Most building codes require soil treatment before construction. Any lumber that comes in contact with the soil, such as fence posts, should be treated. And, remember that wood should be treated after it has been cut. Otherwise you'll expose untreated surfaces.

Many folks feel that building on a concrete slab will protect a home from subterranean termite damage. Actually, such slabs often crack, or shrink away from the foundation, allowing termites to get through and infest wood above. That's why building codes require treatment during construction.

Paint provides some protection against drywood termites, However, before painting, make sure all cracks and crevices are filled in with putty or similar compounds.

What's mentioned are prevention measures which should be taken before termites are a problem. If you're looking for a way to control an existing problem, keep in mind that subterranear and above-ground termites require completely different control measures. Before any treatment; you must correctly identify which type of termife is causing the damage. If you have an infestation, the best solution is to contact a licensed pesticide applicator. Let them do the cleanup properly.

A final word about termites - serious damage usually doesn't occur until the colony is several years old. They work slowly. So, a few weeks, or even months, delay in treatment usually is of little consequence. It's a good idea to inspect all of your woodwork occasionally, and take prompt action if termites are discovered.

Happy Gardening!

Contestants in the Elks Annual Oratorical Contest are, back row, from left, Rosalind Smith, Tonja Simpson, Kimberle Miller and Michael Mingo; front row, from left, Sonja Moore, Sherri Wilson and Carla Walker.

Elks Sponsor Annual Oratorical Contest

The Annual Oratorical Scholarship Contest, sponsored by Celery City Lodge No. 542 and Evergreen Temple No. 321 Improved Benevolent Protective Order of Elks Of the World, will be held at Greater New Zion Missionary Baptist Church, Pear Avenue, Sanford, at 7 p.m. Saturday, March 21. Contestants will be representing the high schools throughout Seminole County.

The following are candidates: Michael J. Mingo, a senior at Seminole High, is active in the Spanish Club and is the Second Team All County Track and Second Team All Conference Track. He is listed in Who's Who Among American High School Students is a member of FBLA Club, was featured on the Senior Calendar and attenda New Bethel Missionary Baptist Church where he is a member. He plans to attend SCC and Miami University and major in computer science. Michael is the son of Mrs. Alma Mingo.

Kimberle D. Miller, a senior at Lyman High, is active in varsity and JV basketball, Tri-Hi-Y and Future Business Leaders of America. She is a member of of Freewill Baptist Church, Altamonte Springs, and plans to attend Florida State University where she will major in accounting. Kimberle is the daughter of Mrs. Wanda R. Miller and Jerome Miller.

Carla E. Walker, a senior at Seminole High, has participated in Brainbowl Competition where she placed second. She also played volleyball and is a member of Anchor Club and New Mt. Zion Missionary Baptist Church. She plans to attend Florida A & M University and major in accounting. She is the daughter of Mrs. Catherine

Sonja D. Moore, a senior at Oviedo High, has won superior music awards and has been recommended for National Merit Scholarship Award for Negro Students. She is a member of Foreign Language Honor Society and was the recipient of the Sophomore English Award. Sonja is a member of Antioch Missinary Baptist Church and plans to attend the University of South Florida and major in communications. She is the daughter of Mr. and Mrs. William Alva Moore.

Sherri L. Wilson, a senior at Seminole High, received the Cit- Frank Mitchell III.

Marva Hawkins

izenship Plaque for her junior year. She is a Senior Calendar Cover Student, parliamentarian of the FBLA, junior year, played volleyball and is statistician for Varsity Volleyball Team. She serves as president of YPD's of St. James AME Church where she is an active member. Sherri plans to attend Florida A & M University in Tallahassee and major in computer science. She is the daughter of Mr. and Mrs. Edward C. Wilson.

Tonja D. Simpson, a senior at Seminole High, is an active member of Mu Alpha Thera, Keyettes, president of UCF Academic Enrichment Program held at SHS, chaplain of AAU, and is a member of the dance team and Key Club. She is recipient of the Martin Luther King Jr. Scholarship which she received during the recent observance of Martin Luther King Jr. Week in Seminole County. Tonja plans to attend Florida A & M University and major in computer science. She is active in the New Life Center Church and is the daughter of Mr. and Mrs. Alfred Eudell

Rosalind Y. Smith, a senior at Oviedo High, has been active in Class Council for three years. She is also treasurer of the sophomore class, a member of the dance corps, was voted best-known freshman girl, was secretary of the Media Council and is a member of BETA Club, Foreign Language Club and Honor Society. Rosalind plans to attend Florida State University and major in engineering. She is a member of Antioch Missionary Baptist Church and is the daughter of Lois H. Smith and Elliott Smith.

The warm weather in Sanford has encouraged former Sanfordites Titus T.J. Henderson and his friend Morris Sampson of Phiadelphia to do some big bass fishing and hunting while they visit with Titus' mother, Mrs. Pearlene Henderson.

Happy Birthday to Marva Banks, Martha H. Doctor and

Choosing Up Sides In School Can Hurt Kids Who Are Last

DEAR ABBY: My heart ached for the little boy whose teacher appointed two captains to choose up teams, and he was always chosen last. I'm 67 now, and when I read that letter, all the feelings of humiliation, anger and anxiety come flooding back like it was vesterday. I was always one of the last to be chosen for sports because I was small and poorly coordinated. I wanted to die when teams were chosen because when it got down to the last two kids, I was

and went to the restroom and cried. Another time I forced myself to throw up so I could go to the nurse's room to escape this cruelty.

I'm amazed that this humiliating system of choosing teams is still going on. I hope teachers everywhere will see this and realize how damaging it is to a child's self-esteem, and put an end to that brutal practice.

CHOSEN LAST

DEAR CHOSEN: I hope so, too. I heard from teachers everywhere who offered unique (and face-saving) ways to choose up teams. Here's a letter from a retired school teacher who had the right idea years ago:

DEAR ABBY: Re choosing up teams: I taught school from 1914 through 1963. My method: the last one chosen becomes captain of the next team. No one was ever last more than once.

MURIEL LINK, AGE 90. SPRINGFIELD, VT.

know where else to turn. Our daughter, who has just turned to go camping together with friends this summer. I'm not

DEAR ABBY: This is the first

time I've written to you. I don't

naive, and I don't for one moment believe that they will be sleeping in separate tents. My problem is this: Do we, as parents, have a right to forbid

her to go? We are still supporting her and are paying for her schooling.

NOT NAIVE

DEAR NOT NAIVE: You have every right to forbid her to go since you are supporting her, and she is living under your guardianship.

However, if you suspect that your daughter is already sexually active - or is about to be 1 hope you have discussed with her the importance of "safe sex" in order to protect herself from an unwanted pregnancy and/or venereal disease. If you

have not, you must. Let her know that you are not condoning premarital sex, but as a responsible parent you do not

want her to risk her future, her to have loved and lost than never health, and possibly her life to have loved at all. It depends

because of carelessness or igno- on what you've lost.

DEAR ABBY: This is in re-40-year-old divorcee, who had spent the night with a 37-yearold Vietnam veteran, and was turned off when she found his chest and pelvic area had been patched with surgical-type

WORK OUT THE

By Karen Talley Herald Staff Writer

Sanford commissioners and civic group members will be rolling up their sleeves to clean up litter and trash on public property throughout the city Saturday.

Their efforts are designed to highlight the city's declaration of March as Sanford's third annual "Clean-Up Month" as well as bring a practical benefit.

City officials are also encouraging citizens and businesses to upgrade their private properties during the entire month.

City commissioners' "clean-sweep" will be along U.S. Highway 17-92, in the vicinity of

The Sanford Rotary Club has volunteered for a wide territory from Sanford to French avenues, and First to 13th Streets.

The Sanford Breakfast Rotary Club will be out along Airport Boulevard.

Other civic groups and local organizations are expected to sign on for the effort as they have in the past.

Sanford public works crews will come in after the Saturday clean-ups to pick up the bags of collected refuse. The amount has traditionally been considerable, a testimony to volunteers' diligence as well as a justification for the Clean-Up month declaration.

'Worst Tragedy Ever' For

Detroit Fire Department

DETROIT (UPI) - Three firefighters were killed and 11

were injured in an arson blaze that started in an

abandoned warehouse and spread to two other downtown

buildings, raging for 11 hours before it was controlled early

Investigators said vagrants had been living in the

warehouse, which had been left vacant in the downtown

area for four years. An adjacent paper company and

major city," said Mayor Coleman A. Young. "Beyond question, it's the worst tragedy ever to befall the Detroit

One of the firefighters killed was chased by flames from a

fourth-floor window of the warehouse, and two others were

trapped under burning rubble in one of the other buildings.

Birth Control Pill Mix-Up Warning

CHICAGO (UPI) — A drug company, saying it is unsure what caused the mix-up, ordered the recall of 300,000 packages of birth control pills because inactive pills may

have been put in spots that should contain contraceptives.

The recall was necessary to prevent confusion or

unintended pregnancies by users who might not realize the

colored active pills and the white placebos could be out of

order, John Urheim, president of Gynex, Inc. said

themselves. "It's strictly a packaging error," he said.

Urheim emphasized there is nothing wrong with the pills

"What you see here is the result of an abandonment of a

Gold Turns Mixed; **Dollar Mostly Down**

cheaper in the second quarter.

stocks' "true valuation."

The U.S. dollar opened mostly lower in light trading on major world money markets today. The price of gold was mixed.

in earlier trading in the Far East, reflecting an overnight closed out the week against the Japanese yen at 153.48, down 0.21 from Thursday's close of

In European trading, the dollar opened lower in Frankfurt at 1.8515 German marks, down from Thursday's close of 1.8567.

In Zurich, the dollar opened at 1.5525 Swiss francs, down from 1.559 and in Brussels, the dollar slipped to 38.50 Belgian francs, down from a previous close of

In Amsterdam, the dollar opened at 2.092 Dutch guilders, down from 2.10 and in Milan, the dollar opened lower at 1,317.50 lire, down from 1.319.50.

The dollar also lost ground in Paris, where it opened at 6.1695 French francs, down from 6.19 at the close on Thursday.

In London the British pound ounce.

By United Press International fell slightly, opening at \$1.5745, down from Thursday's close of \$1.5875.

Peter Furniss, vice president of equity trading

at Smith Barney, Harris Upham, said the market

was caught between the euphoria of having gone

"so high so fast" and concern about assessing

Furniss said concern about the upcoming

Fiarch 30 "triple-witching hour," during which

stock index futures come due and options on

those futures and on individual stocks expire

"The end of the quarter is coming, and some

decision makers prudently figure it wouldn't do

any harm to take money off the table and lock in

some profits," said Furniss. He said investors

hope they will be able to buy the stocks back

simultaneously, caused selective selling.

In early New York trading, the dollar was mixed in light trading against key foreign currencies.

Gold opened unchanged in softening in New York, the dollar Zurich at \$409.50 per troy ounce and fell 25 cents an ounce in London to \$409.75 an ounce.

> The morning fixing in London was \$409.25, off 75 cents from Thursday's close.

Silver opened 5 cents an ounce higher in Zurich at \$5.65 per troy ounce and gained 4 cents in London to \$5.64 an ounce.

In earlier trading in the Far East, gold closed out the week at \$409.75 an ounce on the Hong Kong Bullion Exchange, up \$1.25 from Thursday's close.

In early trading on New York's Comex, a 100-troy-ounce gold futures contract for current delivery in March opened at \$408.90 an ounce, up 20 cents from Thursday's close. A 5,000-troy-ounce silver futures contract for delivery in March opened at \$5.648, up 1 cent an

Seized Drug Money Sits Idle

WASHINGTON (UPI) - In- so they can flash it before juries vestigators estimate more than \$200 million seized in recent drug raids is sitting idle in field office vaults of the Customs Service and Drug Enforcement Administration, sources say.

The sources said Thursday the cash, which could be helping offset the federal deficit or fighting crime, is stacked up, and unused because of bad management and a desire by some prosecutors to keep it available

The sources said the findings are in a General Accounting Office report that was to be presented today at a hearing by the Senate Governmental Affairs subcommittee on federal spending. Sen. Lawton Chiles, D. Fla., ordered the GAO study last year to prod the government to get a better handle on cash and property seized in drug raids.

...Python

Continued from page 1A

Gertrude Stevens of 82 Castle Brewer Court reported to Sanford police around noon Sunday that her 13-year-old son and his friend saw the snake in the woods between 3rd and 5th Streets west of Dr. George Starke Park in Sanford.

She called the Sanford Police, who then tried to call Seminole County Animal Control. Then the zoo was called.

Snider said he gently pinned the snake with a snake stick that has a curved piece of aluminum on a long handle, then picked it up with his hands and placed it in a snake case that looks like a sewn-up pillow case, transported it back to the zoo and put it to

Snider said the python, a constrictor, is not venomous but that a puncture wound from the snake's "long, re-curved teeth" could have put the boys in 'some danger." However, he added that the snake was probably more frightened than the boys were and that the boys could have overpowered the snake if necessary. Constrictors crush their prey to death.

Snider said non-native snakes found in the wild are often abandoned pets. People get a snake for a pet, he said, then it grows larger than they expected

"The snake starts getting feisty and they let it go, or, snakes being very good escape artists often get out."

Continued from page 1A was also on the mind of one

county commissioner. "Who's complaining?" said County Commissioner Sandra Glenn. She said York had the opportunity to inspect the facilities and review the county's list of service needs.

"I assume they knew what they were doing," she said. Mrs. Glenn said if York was not pleased with the replacement work and costs it can asks the county commission to consider paying for it.

She said the county is like a business or a homeowner when it contracts a job. It looks for the best deal around.

"I don't think we've done anything illegal," she said.

The four other commissioners were unavailable for comment. Commissioner Bob Sturm is out of town recovering from gall bladder surgery and Commissioner Barbara Christensen in Washington D.C. attending a legislative convention. Commissioner Fred Streetman is at West Point visiting a son and Commissioner Bill Kirchhoff is at home after a death in his family.

Problems with the cooling of the courthouse in the summer of 1986 prompting Ms. Beamer to order county maintenance personnel to look into the problem, said Holt. He said there had been numerous complaints about the air conditioning and Ms. Beamer issued a memo Aug. 25 asking that the situation be investigated. He said the work was in violation of the contract the county had with Honeywell, which was maintaining the heating and cooling system. In essence, the county was paying a contractor and its own people to do the same job, the Herald was told.

On Oct. 22, Honeywell's con-

county maintenance personnel finally decided the major problem was the valves. Holt said referring to county records. There were also some problems with renovated duct work and thermostat placement, according to officials. Holt said that he personally told Ms. Beamer of the valve problem on the 25th of October and showed her a faulty

Ms. Beamer said she usually passes such information on to Hooper but she can't remember when she learned of the problem the valves in the courthouse or when she mentioned it to

She, too, asked who was complaining.

"Fleet sat down and worked it out (with York,)" said Ms. Beamer. "The contract is binding," she said.

"We found out (about the valves) after we got the job," said Sam Kilgore, area service manager for York.

"You figure you'll have some problems but you don't know where they'll come from." He said the problems with the valves "is something you don't ever see on a walk through."

"We don't think they (the county) really knew it. I am sure they knew they had a heating and cooling problem."

He said the company has agreed to replace the valves on a need-be basis.

The need-be basis is a different agreement than the one the county was going to offer in early February, since the contractor didn't know about the problem in advance. At that time, Ms. Hunter said the county was going to buy the valves and have York install them. At the time, Kilgore said it sounded like a good deal. He said, however. that York has since agreed to do the entire job as long as the county does not asked that it be done all at once.

"For sure we're going to lose tract ended and three days later some money," Kilgore said. But,

he added, the the company has a reputation to protect and wants to "make the contract work."

"It is something we'll live with, whether right or wrong," Kilgore said.

Acording to Holt, the valves stopped working after corroding from exposure to untreated water in the heating and cooling system.

Carlos Reyna, building service supervisor for Honeywell (which also sells the valves), confirmed corroded because of untreated water flowing through the closed

He said, however, the untreated water was not the fault of Honeywell but was introduced into the closed-looped system when the annex next to the courthouse was added onto the courthouse's heating and cooling system in 1985.

Reyna said treatment of the water contributed by the annex system was the responsibility of the contractor working on the

He said Honeywell did treat the new water and purge the system but did not get paid for

LURE, n, 1.: Enticement; also : Appeal 2. : an artificial bait for catching fish

Fishermen, Not Fish, Like Lures

Photos And Story
By Susan Loden
Herald Staff Writer

Some were made to attract the fisherman, more in a spirit of novelty than to really build hope that this might be the one to snag the big one. But old fishing lures, both the ones that have proven themselves in the field and the ones made for laughs, are catching the interest of collectors.

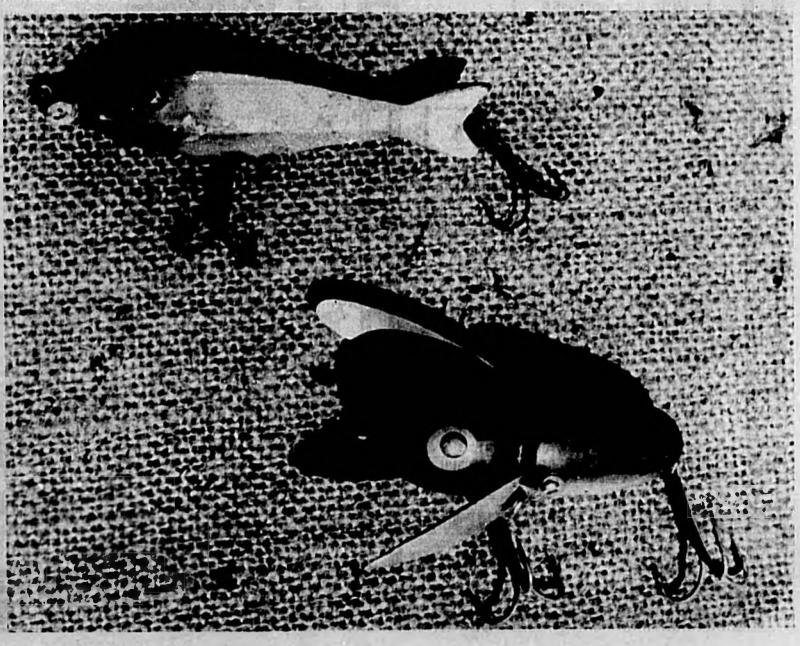

Ron Zelnick, 24, of Longwood, is hooked on lures and said that general interest in collecting them has just developed in recent years.

Florida, which is a fisherman's haven, is also a hotbed of lures, with many having been made in the state.

Some were the single effort of a home-garage manufacturing operation, but others, Zeinick said, were made in more tradtional factory settings.

See LURES, page 2

...Lures

Continued from page 1

"They weren't handcrafted. Some of the most collectible lures are ones that are all factory-made. No matter what, they're somehow factory made, even those that are part handmade. They're called factory," Zelnick said.

The carved wooden lures

of one Orlando maker, Jim Phiefer, are sought by collectors and range in value from \$5 to \$20, "depending on the condition," Zelnick said. Those lures were produced by Phiefer from 1927 through 1950 when he sold the business and the lures continued to be made until the mid 1960s. "The lures he made himself are more collectible than the ones made after he sold the

business, because all of his lures were hand-painted," Zeinick said.

Most lures are in the form of some aquatic-type creature which might, as a part of nature, end up as a fish's lunch.

Others, such as a bare-breasted mermaid made in the 1940 and '50, "were made as a glmmick," Zelnick said. "A lot of lures were made to catch a fisherman's eye instead of to catch fish. Fish don't buy lures. It's the fisherman. Something like that gets their attention."

And today one of those mermaid lures is valued at about \$35. Typically values

Crazu Comedu!

of old lures range from 50 cents to \$50, Zelnick said, with those from between 1890 and the 1920s generally being the most valuable.

"Those are the oldest ones. Very few lures were made before 1890. Most of them were made of either rubber or metal. The oldest wooden lure is the Flying Helgramite, which was pattented in 1883. It's the oldest known wooden body lure made in the United States. Something like that would bring hundreds of dollars," Zelnick said.

The oldest lures usually

The oldest lures usually don't bear any names or markings. "You learn to recognize them like you learn to recognize your friends. You just have to work with them to tell the difference. Otherwise it's pretty hard," Zelnick said.

"But if you get pictures, usually most of the reference guides are fairly good, you can learn to recognize a specific lure even though you've never seen it. And other collectors help you out. You view their collections. That's the best way of learning. Get with other people who have similar interests.

"I've seen quite a few lures. I have about 1,000 in my collection and each day you'll see something different that you don't know. Most of the time you can figure out what they are. Otherwise you speculate," he said.

catchers, but which

Zelnick said that as strange as it may seem, "People swear that fish learn to recoznize certain lures. Curtain lures work better at certain times than at other times. Certain lakes, you fish with just one lure and it'll be productive for a while. But eventually the fish wise up and believe it or not the fish learn to recognize lures. So you've either got to try something new or try something old that they've never seen before. So, a lot of people go back to using the older lures that are semi-practical in the \$2 to \$4 price range.

Not all who seek out old

lures are collectors. Some

are still searching for the

old lures that have proven

themselves as fish

"Florida had 200 different companies that at one time or another was producing lures. Some of them only made one or two lures. There's not a lot of information on them.

"People just started turning on to this hobby in the last 10 years. Basically It's word of mouth. The best way of getting in is by joining the National Fishing Lure Collectors' Club," Zeinick said. Nationwide the club has about 1,600 members, who pay annual dues of \$10. They receive newsletters that put them in touch with other collectors and keep them up to date on the hobby.

For more information write: National Fish Lure Collectors' Club, Rick Treml, P.O. Box 1791, Dearborn, Mich. 48121.

According to the World Almanac of the American West, the nation's first motel, the Motel Inn, opened on Dec. 12, 1925, in San Luis Obispo, Calif. The hostelry accommodated 160 guests in individual chalets with bathrooms, telephones and garages.

In 1974, President Nixon of the United States, Golda Meir of Israel, Chancellor Willy Brandt of West Germany and Prime Minister Edward Heath of Britain all resigned. In Argentina, President Juan Peron died. And there were changes of heads of state in France, Portugal, Ethiopia and Cyprus.

FRIDAY

What's Happening? In The SOAPS By Nancy M. Reichardt

ALL MY CHILDREN

Natalie was pleased to see that Palmer is no longer paralyzed, but she fumed that he kept his mobility a secret from her for so long. Charlie told Cecily that he and Julie are committed to each raiser. Namble was furk is that Resa followed her and Palmer to their vacation spot. Natalle didn't believe Ross when he said Palmer intends to propose to her. Otts' mystery boins, Mr. Big, pressured Jesse to reveal Yvonne's whereabouts. Angle saved De-rek's life when the buby stopped breathing. Travia was ungry that Erica didn't tell him that her brother is a drug addict. Otis and Jesse faced each other in a warehouse with loaded guns at the ready. Benny warned Matt that Robin is amitten with Matt. Ellen and Erica vented their feelings about Mark's addiction during a family counseling session at the rehabilitation center. Brooke offered Jeremy a job at Tempo Magazine. Otta pressured Syd for info on Jesse.

ANOTHER WORLD

Donna and Michael renewed their wed-ding yows after he saved Donna from the serial killer. Adam consulted Dr. Alan Olaser, who explained the serial killer's probable personality traits. Adam confronted Tony, who admitted he had once been cleared of suspicion in the murder of a former girlfriend. Chad arranged for Mitch to do a photo session with Cheryl. After watching Jamie treat a young patient, Lisa decided that Jamie isn't such a bad guy after all. Donna told Michael that there were three people in the photo that Reginald showed her before her breakdown. The police arrested a serial-killer suspect who had attacked M.J. At the same time in another part of Bay City, someone attacked another woman, Josle Donna told Reginald that Michael is now the head of the Love family and warned Reginald to stay away from her. Vince told Mary about their wedding day, but she still doesn't remember any of her past.

AS THE WORLD TURNS

Duncan told a shocked Brian that Beatrice is really Duncan's daughter, and that her birth was the result of a teenaged affair Duncan had with a woman named Mary Callaghan. A hitchhiker, Rod Landry, changed a flat tire for Sierra. Meg lied to Iva that she's not seeing Tonio on the sly. Barbara and Hal romped in the sack for the first time. Brian told Lisa he's considering selling his newspaper and moving to Scotland after he and Beatrice marry. Shannon was disturbed to learn that Duncan might be the Falcon. Duncan caught on that Barbara had a private detective checking him out. Lyla was jealous to see Casey holding hands with rannie, who told Casey her problems Holden was annoyed to see Rod flirting with Lily. Lucinda hired Rod to manage her horse stable. Sabrina and Seth are spending a lot of time together. John warned Lucinda that Lily could acciden-

CAPITOL Jeffrey and Baxter located Matt (Prince

Marim), who was almost murdered by two of Abdullah's hired killers. Hubic attempted to amuggle Sloane out of Baracq. Sam ordered Kate out of his home after he learned that she (accidentally) caused Leanne's death. After overhearing Sam admit that he's Scotty's father, Kate warned that she'll blab the news to Trey if Sam kicks her out on her ear. Thomas's fellow researcher. Kim, used a model of Thomas's artificial heart during a transplant operation. Jeffrey and Baxter pressured Matt to take his rightful place as itaracq's king. Carol accepted Jordy's modelling job offer.

DATE OF OUR LIVES

Patch pleaded guilty to murdering Duke. Kimberly counseled Adrienne, who doesn't remember that she killed Duke after he beat and raped her. Alice la number that Tom is jealous of her old tapt. Squesk was responsible for sending Squesk to Frankie, brake, up, with his girificant squesk was responsible for sending Squesk to Sasha, buckers by his girificant was responsible for sending Squesk to Sasha, buckers by his girificant was responsible for sending Squesk to Sasha, buckers by his girificant

nifer. Justin taunted Bo that Victor doesn't trust Bo anymore. Orpheus thinks Olivia, who is his sister-in-law, is getting too close to Roman and his family. Bo told Roman that he overheard Victor tailing on the phone with Orpheus. Robin urged slaggie to have medical tests after Maggie ollapsed. Melisos and Justin are spending more and more time together. Kayla la upset that Patch refuses to see or talk to her. Shane nixed Kimberly's suggestion that she and Andrew move in with Paul until Andrew gets used to Kimberly. Jennifer was surprised when Glenn told her that Frankle has a crush on her.

GENERAL HOSPITAL

Bobbi doesn't trust Lucy, who nixed taking any money to carry Jake's baby to full term. Camellia settled into a new apartment after ignoring Duke's demand that she leave town. Duke told Sean the facts about the secret of L'Orlean. Alan and Monica are suspicious of Edward. who's pleased about their reconciliation. After returning from Martinique, Tillany apologized for her jealous reaction to Sean's interest in Greta. Tom Hardy arrived and is anxious to begin his work at General Hospital. Friaco and Sean both used their WSB sources to check out Greta and HTI, the company that she works for. Malcolm Rutledge broke into HTI and stole a radioactive isotope that Greta amuggled into her lab. Frisco suspects there's foul play going on at HTI. Wolfgang pressured Sean to begin their takeover of HTI. Sean offered Duke a job running the shipping department of HTI after Sean and Wolfgang take over the company.

GUIDING LIGHT

Paul abducted Christine and took her to Paul abducted Christine and took ner to his chateau in France. Ross went with Johnny, who is determined to reacue Christine. Paul and Alan flipped when Philip's stolen art story ended up being printed in the newspaper, despite Alan's efforts to destroy the story. Alan hired Jackson to plan a ball in honor of a group of artists. Vanessa took Henry's place on the Spaulding Corporation board and insisted on an audit of the company's holdings. Chelses burned her hand when she received a shock from a microphone that a strange man rigged with an electrical charge, Jackson saved Chelsea's life with his quick thinking. Paul let Johnny and Ross rescue Christine from the vilis, then got his revenge against them by planting a shipment of drugs on Johnny's plane. A mystery phone caller threatened Chelsea's life. Henry was released from the beautial Revs and Joseph released from the hospital. Reva and Josh vacationed in Key West, Florida.

TOAIMO

Steve and Trisha were quizzed by the police after the mystery gunman murdered Nick. Ava told the police that Nick was blackmailing Trisha and that Jenny had given Trisha a gun for protection against Nick. Tony admitted to Carl's organization, destroying Carl's gambling casino, and killing Nick, but he realized that wasn't the answer to his past problems. Shana admitted that she doesn't enjoy working with Clay. Lottle is anxious for Ned to settle into his new life in Corinth.

ONE LIPE TO LIVE

Jamie returned to Llanview after surviving his brush with death in South America. Clini believed Maria, who admitted giving Max money to make sure that Tina would be out of Cord's life forever. A memorial service was held for Tina, whose body was not recovered after her trip over the waterfall. Viki learned that she has an aneurysm and that she must have immediate surgery. Pete was appointed police commissioner. Tom convinced Dr. Graham to perform Vild's surgery at a Llanview hospital. Judith and Charles are divorced. Dorian didn't like it that Jonathan hired Cassie as his assis-

prison. Mari Lynn was shocked when Squeak claimed that he had received a letter from Mari Lynn's mother, who is supposedly dead. Cord didn't believe Maria, who said she wanted to bring Tha back to Llanview after she learned Tina was really pregnant.

RYAN'S HOPE Frank bailed Johnno, Mark and Ryan out of jail after the college protest. Jack comforted Zena, who is discouraged with the progress of her therapy. Mark's sister, Concetta, won a verbal debate with Phil, a student who is against Mark and Ryan's protest of the college's involvement in environmental issues. Rick furned when Ryan put off their lovemaking in order to write a college newspaper story about the protest. Roger rejected Der's sympathy over his light with Maggie. Joe told Scan that he's the boy's father. I'st and Evan want to do more medical tests on Melinda, who they checked into the hospital.

BANTA BARBARA Kelly flipped out when Jeffrey finally admitted that he's Mason's half-brother. Jeffrey insisted that Kelly keep mum about his identity and the fact that Jeffrey und Mason's mother, Pamela, is dead. Julia agreed to defend Jake, who was arrested despite his claim that he didn't rape Hayley. Jake told Cruz and Eden that he was seen by a bag lady at the time of Hayley's rape. Eden found the bag lady, Dottle, who split from town after verbally confirming Jake's alibi. Lionel was hostile toward Caroline, who tried to help him celebrate his birthday. Hayley freaked when Ted insinuated that Hayley must feel responsible for her rape. Tori realized that C.C. won't let her become a part of the Capwell family. Cruz searched for Dottle while enroute to a special assignment in Montana. Jeffrey was puzzled to receive a job offer from a Dr. Nikolas. C.C.

divorced Gina, who tricked a drunken Keith into signing a marriage license

THE TOUNG

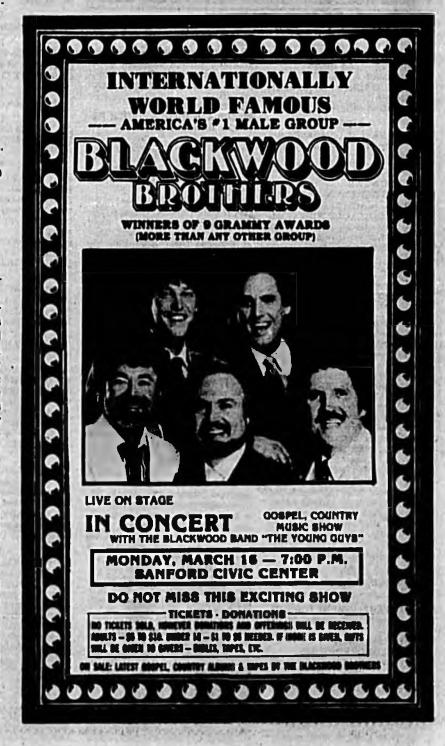

Jack convinced Steven to come to Genoa City to work with Ashley, who refuses to cooperate with Dr. Jennings. Lauren put off Paul, who wants to remarry as soon as possible. Evan insisted to Michelle (Paren) that he wants to help her try to regain her memory even though she is married to Andy. Paul confided to Lauren his suspicion that Evan is up to no good. Jill's assistant. David, doesn't trust Brad to help Jill convince Jabot to produce her line of men's cosmetics. Brad mentioned to Jack that Jill's working on a special project, which Jack vetoed even though he knows nothing about it. Casey is becoming closer to Victor. Nina accused Cricket of having the hota for Philip. Philip, who is still thinking about getting his own pad, took Cricket's advice and decided to stay with Kay a little while longer. John warned Matt to make sure that Victor never comes near Ashley

Mongolia One of the world's oldest countries, Mongolia reached the zenith of its power in the 13th century. Genghis Khan and his successors conquered all of China, and extended their influence as far west as

Hungary and Poland.

Ring Of Fire
More than 75 percent of the world's 850 active volcanoes are located within the "Ring of Fire," a zone running along the west coast of the Americas and the east coast of Asia. Twenty percent of these volcanoes are

in Indonesia.

When Will There Be A 'Star Wars I'

Dear Dick: We recently purchased a VCR and was able to see all three "Star Wars" movies ith Mark Hamill. I had never seen any of hem. Please tell me if there will ever be any nore "Star Wars" movies. - S.R., Amarillo,

Dear S.R.: George Lucas originally plotted out nine "Star Wars" films, but the cost of making them rew prohibitive because of their high-priced special ffects. After the third one, Lucas said he could not efford to make any more. Lately, however, there have been rumors drifting around that he may be bout to change his mind. So have courage; there ay yet be more.

Dear Dick: Attached is a copy of a bulletin hat has been circulated in our community allegedly linking Proctor and Gamble to the burch of Satan). Is there any truth to this ensigned article? Did the company president ver state on Phil Donahue's show that a large cortion of the company's profits goes to the church of Satan? — L.H., Warsaw, Ind.

Dear L.H.: I thought that ridiculous story had een laid to rest a long time ago. No, it is not true and it never was true. It has caused the company which happens to be a major TV advertiser - a reat deal of trouble over the years. They even had o change their Ivory Soap logo because of it. There

never was a grain of truth to any of it.

Dear Dick: Could you please tell me who played the part of Charles Hamilton in "Gone With the Wind." I could swear it was Tom Poston, from "The Newhart Show." - A.P., Houston.

Dear A.P.: No, you swear incorrectly. It was Rand

Dear Dick: I want to know who had the first "Truth or Consequences" show. I say it was Ralph Edwards but my husband says Bob Barker. — L.G., Fairview, Okla.

Dear L.G.: It was Edwards. He was always the producer; and he was also the first M.C., in 1950 and 1951. Edwards was followed by Jack Bailey. then Steve Dunne and finally Barker. The quiz show had been on radio, with Edwards as the M.C., for ten years before its 1950 TV bow.

Dear Dick: My wife and I have a dinner bet on this one: We recently saw a movie, "The Evil That Men Do," with Charles Broason. The character, Dr. Mulloch, was played by a Joseph Maher. My wife says he was the same actor who played Larry Tate in "Bewitched." I say he isn't. Please settle this, as I am looking forward to the lobster already. — P.K., Moncton, N.B., Canada.

Dear P.K.: Have you ever tried your lobster grilled? Anyhow, enjoy, because you win — David White played Larry Tate.

Dear Dick: Before Pat Sajak was host of "Wheel of Fortune," was he a weather man? — V.W., Taylor, Texas.

Dear V.W.: Yes, and a good one. He was the weatherman on our local Los Angeles NBC-TV outlet for several years. But it's not true that he used to predict a Vanna White Christmas.

Dear Dick: Could you please solve on argument? Was it the male lead on the TV show "Cover Up" or the male lead on the TV show "Voyagers" who accidentally killed himself with a blank bullet? — B.B., Saginaw, Mich.

Dear B.B.: Both. Jon-Erik Hexum was the victim of that bizarre tragedy and he starred in both those
