

### Founders Day Program Set For PTA Group

By Julia Bartos  
A Founders Day program will be presented for Thursday's meeting of the Seminole County Council of Parent-Teacher Associations at South Seminole Junior High School in Casselberry.

SEMINOLE COUNTY Council of Parent-Teacher Associations will have a Founders Day Program at 9 a.m. Thursday at South Seminole Junior High School in Casselberry. Planning the program were (from left) Mrs. George Hearn, Carlton Henley, Mrs. William Segrest and John Angel.

### DeBary Chapter, AARP, Finalizes Plans For Tour

By Mrs. John Leone  
A tour for members of DeBary Chapter, American Association of Retired Persons, to Busch Gardens in Tampa and Sunken Gardens in St. Petersburg was set at Friday's meeting of the group for Thursday, March 18, with departure time from the DeBary Fire Hall at 8 a.m.

GOD AND COUNTRY Award, highest religious decoration for Boy Scouts, was presented to Eustace Byron Smith III, left with his parents, Mr. and Mrs. E. Byron Smith, and Steven Leach, right with his parents, Lt. Cdr. and Mrs. Norman E. Leach, on Scout Sunday by Rev. Robert M. Jenkins (rear) at First Methodist Church. (Herald Photo)

While chapter member applications will be given priority, others are invited as space permits and if more than 38 sign, names will be taken for a second bus load for the same date.

Plans also are being made by the group for tours to other points of interest in Florida.

### Former Resident Dies At Miami

L. A. Summerlin, 51, died in Miami Sunday.

A former resident of Sanford where he attended First Methodist Church, he had resided in Miami for the past 20 years.

He is survived by a aunt Mrs. Ruby Glider, and a cousin Mrs. Catherine White, both of Sanford, an uncle, Edwin Humphrey, and a cousin, Hugh Humphrey, both of Bradenton.

Brisson Funeral Home is in charge of arrangements.

### Legal Notice

IN THE CIRCUIT COURT OF THE NINTH JUDICIAL CIRCUIT OF THE STATE OF FLORIDA, IN AND FOR SEMINOLE COUNTY.

### Bonus 'Pops' Concert Scheduled March 2

Contributions of a number of civic and cultural minded business firms have enabled the Mutual Concert Association to schedule the Florida Symphony Orchestra for a March 2 concert as a bonus attraction for their members.

The "Pops" concert is scheduled at the Civic Center rather than at the high school auditorium.

Announcement of the coming of the "Pops" was made by the association's president, Vernon Mize, at a recent meeting of the board of directors, and is the culmination of many months of work by the directors and membership team captains.

The long-awaited goal was achieved by the contributions of the following companies: Chase and Company, Florida State Bank, Sanford Atlantic National Bank, Florida Power and Light Company, Chun-King Products, Sanford Herald, Winn-Dixie Food Stores, Liggett Drug Company, Public Markets, Jim Hunt Realty Company, Sanford-Orlando Kennel Club, Orlando-Seminole Jai-Alai Fronton, Dynatronics Inc., Wheeler Fertilizer Company of Oviedo, Chasera Title & Guaranty Company, M-Reynolds Drug Company, Faust Drug Store and Touchton's Retail Drug Company.

Following the Symphony concert will be the Burke Family Singers appearance March 29 at the high school auditorium, the fourth and final event, scheduled by the association's 1964-1965 series.

Other presentations have included a concert by the Stetson Choir in January and a dramatic evening, "Comedy and Conflict," put on by a team from Atlanta in November.

The acquisition of the Symphony as a bonus attraction marks one of the most successful drives the association has had in a number of years. Headed by Judge Mize as president, the board of directors are Mrs. C. H. Gagnier, secretary; Richard Knapp, treasurer; Mrs. Ralph Austin, Smith, Jr., and Mrs. V. A. Drake, directors; Mrs. J. M. Dutton, Austin, Mrs. D. B. Barka, Mrs. Jack Barney, Mrs. Kerlin Pyska, Mrs. O. H. Bress, Willie Leonard, Barik, and the membership chairman, Mrs. Troy Ray and Mrs. Barton Bartholomew.

Team captains include Mrs. Kenneth Wong, Mrs. C. M. Grogan, Mrs. C. M. Smith, Mrs. H. H. Howe, Mrs. Robert Lovelace, Mrs. J. E. Chapman, Mrs. Donald Munday, Mrs. James Gilmore, Mrs. Wallace Holton, Mrs. Patrick O'Gara, Mrs. George Mills, Mrs. Catherine Stowell, Mrs. Hugh O'Gara and Mrs. Ruth Polgar.

### Lyman PTA Meets Today

By Jane Casselberry  
Lyman High School Parent-Teacher Association will meet at 8 p.m. today in the school auditorium.

James Bowers, school guidance counselor, will speak on the importance of testing as related to college admission. He also will discuss the rising costs of a college education and the increasing difficulty in gaining admission.

### for those who PERSPIRE HEAVILY

A new anti-perspirant that really works! Solves underarm problems for many who had deplored of effective help. MITCHUM ANTI-PERSPIRANT keeps underarms absolutely dry for thousands of grateful users. Positive action coupled with complete gentleness to normal skin and clothing is made possible by new type of formula devised by a young genius in pharmacy and produced by a trustworthy 60-year-old laboratory. 90-day supply. \$3.00 plus tax. At leading drug and toiletary counters. Gentle fluid formula with patented nylon applicator. Remember—it stops excessive perspiration—for many where lamps underarms absolutely dry.

Now—Also Cream Formed! Same price—same positive action.

### Presbyterian Women To Host District Meet

Women of the First Presbyterian Church of Sanford will be hostesses Wednesday to a meeting of District 5 which embraces churches in DeBary, DeLand, Maitland and Winter Park. Registration will open at 9:30 a.m.

Guests participating in the program will be Mrs. R. L. Tilghman, Synodical president who will use as her topic, "The Synodical Training School and its Changes," and Mrs. H. C. Harris, Presbyterial chairman of Ecumenical Missions and Relations, who will speak as "Birthday Offering and its Use in Korea."

Presidents from the women's groups in each church in the district will present a skit.

Other guests participating will be Mrs. W. A. Beer, Presbyterial president; Mrs. P. T. Piety, Presbyterial vice president and Mrs. Abraham Lincoln, chairman of district 5.

Luncheon will be served at noon in fellowship hall.

### UPW Circle Meeting Held In Lake Mary

By Frances Wester  
Mrs. Robert Rugenstein was hostess for the February meeting of Circle One of the UPW of the Community Presbyterian Church of Lake Mary held at her home on Crystal Lake last week.

The Devotions were given by Mrs. Rugenstein who also read an article entitled, "What Do We See?"

Mrs. Ted Brooklyn, program chairman, presented the first chapter of the new study book, "Live As Free Men."

All committee chairman were called upon to give their reports. It was announced that the next circle meeting will be held at the home of Mrs. Earl Unger on Crystal Lake. The Association meeting will be held at the home of Mrs. Ted Brooklyn, Feb. 22.

The meeting closed with the Friendship Circle and Mirpah benediction. A social hour followed and refreshments were served by the hostess.

### AA Candidate Is Only Five

OROTO (Portugal UPI) — Doctors in the emergency ward at St. Johns Hospital here who are always treating alcoholic cases late at night were surprised to see their latest patient—3-year-old Maria Rosa Costa.

It seems that Maria Rosa found a pint of brandy while her parents were out of the house and drank herself into unconsciousness. Doctors pumped out her stomach and revived her.

### Now You Know

United Press International  
The crusades by Christians of Western Europe to recover the Holy Land from the Mohammedans began in 1096, according to the Encyclopaedia Britannica.

President William Taft started the custom of throwing out the first ball to open the baseball season in 1910.

### Fancy car: Buick Special V-6

Fancy. But not too fancy. Just enough to make your friends think you've found oil in the basement. You may think so, too, when you get acquainted with Buick's V-6—the best thing that ever happened to 6 cylinders. Its 225 cu. in. delivers 155 h.p., without delivering you to the gas station all the time. As to the plain, homely price: you'll find it looks restful in the family budget. We design the Buick Special so you can drive a Buick and still enjoy the other good things in life. See your Buick dealer. Remember: a Buick for only \$2343.00. That's the plain, honest (impressing) truth.

Plain price: \$2343.00

Wouldn't you really rather go first class?  
See your local authorized Buick dealer.

### Altamonte Elementary School Adds New Third Grade Class

By Julia Bartos  
Increased enrollment calling for the addition of a new third grade at Altamonte Springs Elementary School was reported at the February meeting of the Parent-Teacher Association.

Frank Gore, principal, stated that present enrollment is at the 670 mark and that plans are to build a five-classroom addition by next September. An antenna system to pick up Channel 24 is installed and will be in use by the end of the month.

Mrs. William Segrest asked that clinic cards of children not yet returned to the school be sent by the parents as soon as possible and advised that no more aspirins will be given a student unless recommended by a doctor. Eye examinations have been completed and some of the students will be notified to get further checks.

Mrs. Louise Kershner, president, opened the meeting and the flag salute was led by Gore. Devotions were given by Mrs. Millicent Pattisall and minutes were read by the secretary, Mrs. Jean Nuss.

The treasurer's report, given by James Kinsey, showed a balance of \$1463.00 on hand. It was stated that an anonymous donor had given \$20 toward the pull-down shades to be installed in all 21 classrooms for audio-visual work and that \$40 was netted on the magazine sales PTA membership now stands at 232 persons.

It was announced that the smorgasbord will be held Thursday, March 4, at the Community House, 5 p.m. to 8 p.m.

### Highlights Of Travel Told By Educator

By Julia Bartos  
Dr. Geneva Drinkwater, former professor of history at Rollins College, who taught for a year in Madras, India, was guest of honor at the February covered-dish supper meeting of the Altamonte Springs Garden Club.

Dr. Drinkwater gave an interesting talk about her travels around the world and explained the habits and customs of people in the many countries she had visited. She found the people very nice in India and willing to learn. The soil is thin and exhausted and not too good for vegetation. They receive baby chicks from Iowa and that is how they start their poultry. The weather is similar to Florida weather and they grow many of the same flowers as here.

In Thailand, most transportation is carried on by boat or ferry and the women

### Hugh Reilly, 62, Dies Saturday

Hugh Reilly, 62, of 607 Cherokee Circle, died Saturday.

A retired painter, he moved to Sanford two months ago from Cape May, N. J. He was a member of the Catholic Church.

Survivors are sons, Thomas (OROTO) and Edward of Cape May, Hughes, Woodbury, N. J. John of New York City, Frank of Trenton, N. J., Robert of Philadelphia, Joseph of Camden, N. J., and Richard at Sanford; daughters, Mrs. Mary T. Penny, of Sanford, Mrs. Ann Reilly and Mrs. Ann Brennan of Cape May and Mrs. Betty Evans of Savannah Ga.

Gramkow Funeral Home is in charge of arrangements.

### Emiel Von Roy, Longwood, Dies

Emiel Von Roy, 68, of 1903 Oxford Street Longwood died of a heart attack Monday in New Orleans where he was participating in a shuffleboard tournament.

Born in Belgium, he came to the United States and became a naturalized citizen in 1911. He was a retired butcher and came to Longwood 12 years ago from Holland, Mich.

He was a member of the Catholic Church and of the Sanford Shuffleboard Club. There are no survivors.

Gramkow Funeral Home Sanford is in charge of arrangements.

GOOD YEAR GOODYEAR SERVICE STORE  
555 W. 1st ST., SANFORD — PH. 322-2821  
— OPEN FRIDAY 'TIL 9 P. M. —

There have been reports from Orange County and from South Seminole County that unauthorized persons have been soliciting for the Heart Fund, local Heart Fund officials learned today.

"All authorized Heart Fund workers have identification cards and people who are approached for a donation should ask to see this identification if it is not displayed prominently on the person of the solicitor," warned Dr. Luis Perez, president of the Seminole-DeBary Heart Association.

"The problem occurred last year in Sanford when some children who were later found to have been brought over here from Daytona Beach by unidentified adults were found soliciting in the Pinecrest area. When suspicious householders demanded to see identification to swindlers quickly disappeared," he noted.

"In most cases, Heart Fund volunteers are women working in their own neighborhood or on nearby streets and can be easily identified. There will be a number of high school students making Heart Fund calls in the South Seminole area. However, they are volunteer students from the Lyman-High School science classes and have been provided with proper identification," said Dr. Perez.

Work will begin some time soon on the addition of five new classrooms at Altamonte Springs and South Seminole Elementary Schools. Su-Jak Enterprises, of Winter Park, was low bidder.

The Sanford Garden Center building is nearing completion. Garden Club members can't quite believe that their dreams are at last coming true. It's likely that all civic groups will be permitted to make use of the building. The landscaping, yet to be done, is where gardeners can really display their creativity.

Jaycees have set April 8 as Navy Appreciation Day and everyone will have much to celebrate this year — with all the expansion plans for the station coming closer to fruition.

Are you wondering what the Heart Fund has done for you? The answer is that today thousands of people who receive proper medical care are surviving heart and blood vessel disorders that were considered hopeless a generation ago, thanks to research paid for by your Heart Fund dollars.

The telephone company received a complaint the other day that repair men were using vile language. Called in by the plant superintendent the repairman protested his innocence. "I was up on the pole and accidentally let a few drops of hot lead fall on the back of Joe's neck. Joe looked up at me and said, 'Really, Bill, you must try to be more careful!'"

Will someone please explain why these six words, all spelled alike, all sound completely different from each other? The words are plough, rough, cough, dough, through and hiccough.

Guy Stenstrom says he knows a young couple very much in love but they suddenly broke off their engagement. He couldn't trust her too far . . . and she couldn't trust him too close!

### Syria Expels Embassy Aide

DAMASCUS, Syria (UPI) — Syria today ordered U. S. Embassy second secretary Walter Snowden expelled as an alleged spy.

Syrian officials said Snowden once offered a Syrian army officer \$2 million for information on the Syrian army.

Snowden was given 48 hours to leave the country.

# Historic Shrine Bomb Plot Probe Continues

## TV Cameras Off To Moon

## Rookie Cop Foils Plan

### Astronauts' Landing Area To Be 'Shot'

CAPE KENNEDY (UPI) — The United States launched the Ranger-8 television probe on a 65-hour mission to snap 4,000 more close-up pictures of possible astronaut landing areas on the moon.

The 808-pound spacecraft began its journey on the nose of Atlas-Agena rocket that burst into life after a flawless countdown at 12:05 p. m. in the finale of a two-day nationally-televised space spectacular.

The probe first headed toward a 113-mile high "parking" orbit around earth. Then, after coasting 12 minutes, its Agena second stage was to act as a flying launch pad and shoot Ranger toward the moon.

If all goes well, Ranger-8 will be pointed toward the moon's Sea of Tranquility during a mid-course aiming maneuver early Thursday to see if the vast lunar plain is as smooth as another of the moon's dry seas photographed by Ranger-7 last July.

Scientists need Ranger-8's pictures to help locate suitable landing areas for a surveyor robot late this year and Project Apollo astronauts by 1970.

If the complex guidance maneuvers are successful, the camera craft should complete its 234,000-mile S-shaped voyage early Saturday after flashing its pictures back to a Goldstone (Calif.) ground station. The butterfly-shaped probe, nearly identical to Ranger-7, followed a Saturn-1 super rocket that orbited a giant battle-like meteorite satellite named Pegasus Tuesday. The Pegasus craft is sweeping around earth, measuring space dust particles that might endanger moonships.

### Red Warship Destroyed By Vietnamese

SAIGON (UPI) — The Vietnamese air force bombed and sank a 100-foot Viet Cong warcraft 235 miles northeast of Saigon, a U. S. military spokesman reported today. It was the largest naval vessel the Viet Cong were known to have.

The steel ship—about the size of an American submarine chaser—was found moored and heavily camouflaged in a rocky cove on the coast between Nha Trang and Qui Nhon.

Lt. James S. Bowers, of Lyndonville, Vt., spotted it from his helicopter.

The Vietnamese navy dispatched an armed junk to the scene along with a light observation plane. Both counted heavy fire from the Communist vessel and from shore batteries.

Six Vietnamese Skyraiders were called in and sank the vessel.

Official figures released today by the U. S. military command said the Viet Cong killed and wounded more Americans last week than in the first two years of the American buildup in South Viet Nam.

The command said the toll was 35 Americans killed and 126 wounded in the seven days ending at midnight Saturday. Another American was missing.

A newly revised report on last Wednesday's bombing of the Qui Nhon barracks will raise the figure to 37 dead.

In 1961 and 1962, 42 Americans were killed and 80 wounded.

In the My Tho area 35 miles southwest of Saigon a "sizeable" force of Viet Cong attacked a government outpost and heavy fighting was reported continuing tonight.

**Lawyer Ousted**  
TALLAHASSEE (UPI) — The State Supreme Court today disbarred Leonard L. Glaser, Miami Beach attorney convicted in federal court on a felony charge involving obtaining of money under false pretenses.

**Bank Prexy Says:**  
Keep Politics Away From People's Money

Since bills have been introduced in Congress to reduce the gold reserve requirements, public interest in money and gold has been running high.

T. E. Tucker, president of Florida State Bank, today issued the following statement: "I support President Johnson's proposal to eliminate the 25 per cent gold reserve requirement against Federal Reserve deposits. In my judgment, enactment of the President's proposal will help preserve the strength of the dollar abroad and, if we continue to keep politics away from the people's money, need not lead to inflation at home.

"As a matter of fact, failure to do something about the gold reserve situation could cause a great deal of trouble. This is because the arbitrary requirement that Federal Reserve deposits and currency be backed by 25 per cent in gold could prevent our money supply from expanding sufficiently to support expanding production and employment.

"Production and employment cannot grow unless the money available to do business also grows. The President has proposed an acceptable solution to this problem by ask-

DISTRICT MEETING of Women of the Presbyterian Church was held today at First Presbyterian Church in Sanford. Taking part in the program were (from the left) Mrs. Carl F. Schilke, local president; Mrs. Abraham Lincoln, of DeBary, district chairman, and Mrs. Edgar W. Smith Jr., local committee chairman. (Herald Photo)

### LBJ Opens 'Hard Sell' Plan

WASHINGTON (UPI) — President Johnson said today the Treasury will issue new rules shortly that will give business a \$700 million tax break.

WASHINGTON (UPI) — President Johnson began today two days of hard selling today to swing the nation's business leaders behind his program of keeping the bloom on the economy at home and the dollar as good as gold abroad.

A speech this afternoon to the National Industrial Conference Board afforded Johnson an opportunity to plug for voluntary restraint by corporations and banks as the key to reducing the nation's nagging balance of payments deficit.

In addition, the Chief Executive urged businessmen to do their part in holding down prices.

About 1,000 business leaders were at today's meeting of the board, an independent, non-profit organization devoted to research in business problems.

Thursday, many of the same businessmen will meet Johnson at the White House to hear more about his program for ending the dollar drain.

Later in the day, industrialists will go to the Commerce Department and bankers to the Federal Reserve to discuss specifics.

While most business leaders endorse the President's goals, many are skeptical about his means of achieving them.

Last week he asked industrialists and bankers to hold down their investments and loans abroad until the dollar outflow is more under control.

At first, businessmen expressed gratification that Johnson had called for voluntary restraint instead of government controls.

But now some executives are voicing doubts that they can hold down their overseas spending without losing out to European and Japanese competitors.

Some observers, both in and out of the government, are predicting that voluntary restraint will not do the trick.

They say that sooner or later Johnson is going to have to resort to sterner measures.

### Side-Line Hecklers Blasted By Truman

INDEPENDENCE, Mo. (UPI) — Former President Harry S. Truman, in a rare public political comment, struck out at critics of President Johnson's policy in South Viet Nam.

Truman aimed his barbs at "side-line hecklers" who neither have all the facts nor all the answers.

The 80-year-old former President's remarks were in a two-page document handed to newsmen at his office. He did not appear in person.

Responsibility for the conduct of foreign policy is vested in the President and "information on that situation has to come from him," Truman noted.

"But this, by no means, puts a President above questioning or beyond criticism," Truman said, "and President Johnson would be the first to affirm it.

"But the President is badly advised in his task, as in the nation, by those irresponsible critics, or side-line hecklers who neither have all the facts—nor the answers."

### Plan Blows Up, Dynamite Don't

JACKSONVILLE (UPI) — There was a plan Tuesday to have Gov. Haydon Burns set off a dynamite blast to signal the start of construction on the \$25 million Gulf Life Insurance center here.

The plan blew up when the dynamite didn't.

An expectant dignitary gathered round, Burns rammed the plunger home.

Nothing happened.

After several fizzes, red-faced officials cancelled the ceremonies.

**Dog Walker**  
OAKLAND PARK (UPI) — A 68-year-old woman, walking her dog along a street here, was killed today when she was hit by a car. She was identified as Mrs. Helen Odde, of Oakland Park. The death raised the highway fatality count in Broward County this year to 18.

### Russians Talk Tough But Fail To Take Action

MOSCOW (UPI) — Diplomatic observers said today the Kremlin, despite tough talk about the Viet Nam crisis, has yet to commit itself publicly to a specific course of action.

The farthest the Russians have gone was a Soviet-North Vietnamese communique in which Moscow announced plans to "strengthen further" the defenses of the Communist regime in Hanoi.

Observers in Moscow felt the Soviet Union might follow up its promise to North Viet Nam by publicly disclosing the aid measures, most likely anti-aircraft weapons and medical reports.

Unofficial reports in Saigon said Soviet ground-to-air missiles already have reached Hanoi.

The information was not publicly confirmed by the U. S. Embassy. But it came from sources just returned from the North Viet Nam capital, and appeared to be unimpeachable.

Premier Alexei N. Kosygin, in a message to the forthcoming "Indo-Chinese peoples preparatory conference" in Phnom Penh, Cambodia, demanded that the United States withdraw its troops from South Viet Nam.

And Moscow Radio warned that the Viet Nam crisis could trigger a world war.

Thus far the Kremlin's denunciations of American retaliatory air raids on North Viet Nam have been milder than those emanating from Communist China.

The Chinese hinted they would like a tougher response from the Kremlin when they called for "decisive" measures against the United States.

### General Outlook 'Sunny And Dry'

United Press International said Feb. 17 fell across most of the Southeast from Texas to the Carolinas.

Light snow dusted the upper Great Lakes region but dry weather was the rule elsewhere.

Houston and College Station, Tex., each reported 1.25 inches of rain in six hours Tuesday night. Baton Rouge, La., received 1.5 inches and Lafayette, La., puffed up one inch.

A frontal system in the Pacific Northwest dumped locally heavy rains Tuesday night.

Destruction Island, off the Washington coast, reported 3.07 inches and Tatoosh Island reported 2.53 inches.

Temperatures were near normal across the nation today and the Weather Bureau said the general outlook was sunny and dry.

### Bootleggers Have It Bad

TALLAHASSEE (UPI) — Last month was just not the month for moonshining.

State beverage agents reported they broke up 48 illegal stills, destroyed over 17,000 gallons of fermenting mash and 610 gallons of liquor, and arrested 159 persons in the process.

Beverage Director Ken Morris said the figure hit a two-year high.

NEW YORK (UPI) — Police and FBI agents today sought to shatter any remaining fringes of the fantastic terrorist plot to blow up the Statue of Liberty, Washington Monument and Liberty Bell, thwarted Tuesday by a rookie undercover policeman.

Working with precise swiftness Tuesday, New York police and FBI agents seized three American terrorists and a beautiful blonde French-Canadian woman on charges of planning to simultaneously dynamite the three historic shrines of American freedom as a "symbolic action to strike terror into the hearts of the American people."

The hero of the foiling of the scheme, which had no disclosed target date, was Raymond Adolphus Wood, a 31-year-old policeman on the force only 10 months.

Police Commissioner Michael J. Murphy immediately promoted Wood to detective as soon as the terrorist quartet was in custody.

Murphy identified the three terrorists, all of New York City, as having pro-Castro and pro-Red China leanings. They are alleged to be members of the "Black Liberation Front," which Murphy described as "more extreme and farther left" than other extremist groups.

The woman, a tall blonde with classic features, is a member of a non-violent Quebec separatist party. A friend said she liked to "attract attention in some particularly dramatic way."

Murphy said that other national landmarks, which he did not identify, also were tabbed for destruction, but the Statue of Liberty, Washington Monument and Liberty Bell were immediate targets.

The alleged conspirators, all arrested and held in lieu of bail ranging from \$50,000 to \$100,000 were:

**Self-Styled Leader**  
Robert Steele Collier, 28, alleged self-styled leader of the Black Liberation Front and a New York public library clerk.

Walter A. Rowe, 32, a judge-instructor at a city housing project.

Khaled S. Sayeed, 22, a former student at the Howard University school of engineering in Washington.

Michelle Duches, 26, of Montreal, Canada, a freelance television and radio broadcaster.

Murphy said Miss Duches brought 30 sticks of highly sensitive dynamite and some blasting caps into New York City early Tuesday morning.

Royal Canadian mounted police signaled her departure, and detectives monitored her drive to New York.

The four were charged with conspiracy to destroy government property, a charge carrying a \$10,000 fine and 10 years imprisonment. Hearings for all four are scheduled Tuesday.

feet at Independence Hall here today after disclosure of an alleged plot to dynamite the Liberty Bell, the Statue of Liberty and the Washington Monument.

The security by rangers of the Independence National Historic Park and local police was strengthened after word was received of the alleged plot.

M. O. Anderson, superintendent of the park, said the guard around the Bell was doubled and would continue "until we find out what this is all about."

### Council To Hear Of New Industry

By Donna Estes

Requests ranging from discussion of a possible new industry in Altamonte Springs to building fences around two developments are on agenda for today's 8 p.m. meeting of the Altamonte Springs Town Council.

Dr. James Hickman has requested time to present plans for the proposed industry, details of which will be made public at the meeting. Fence requests will come from developers of the housing areas.

In addition, a change in zoning and purchase of two lots for rights of way purposes will be discussed and regular committee reports heard.

### Jury Ponders Murder Trial

A first degree murder trial resumed this morning in Circuit Court in DeLand as Walter Payne of Sanford awaits the jury's verdict.

Payne is accused of slaying Floyd Dodson, of Paola, in May 1963.

Herbert Turner, 33, of Sanford, is awaiting trial on a charge of being an accessory to the murder.

Dodson's battered body was found in a rowboat in the St. Johns River a few miles southeast of Sanford. The two defendants are reported to have been drinking with Dodson and others at a fishing camp on the night of the slaying.

Payne and Turner were arrested by the Federal Bureau of Investigation last October in Georgia.

### State Visit

## C. A. Ciaramello 'Seam Squirrel' Of Cooties Tent

By Jane Casselberry  
New officers were elected by the Military Order of Cooties, Bo Weevil Pup Tent 8, at a "Cooties Scratch" hosted by VFW Post 10050 of Casselberry at the Post Home on Concord Drive.

The organization is an honorary degree of the Veterans of Foreign Wars and its members are selected for outstanding service to the VFW. The group stresses aid to hospitalized veterans, widows and orphans as well as supporting the National Home and Scholarship Fund.

Carmen A. Ciaramello, of Post 2093, Orlando, was elected incoming Seam Squirrel replacing outgoing Owen Bell, also of Post 2093.

Other officers named include A. B. Pallatin, Post 2093, Keeper of Crummy Duffle Bag; Ray Stowell, Post 8152, Pine Hills, Hide Gimlet; William A. Richardson, Post 4287, Azalea Park, Shyster; John L. Northey, Post 4287, historian; Hollis Johnson, Post 10050, Casselberry, Sky Pilot; Phil Schutt, Post 8152, Pill Pusher; William J. Bates, Post 4287, Blanket Bump; Gene Thomas, Post 2093, Bird's nest tightwad; Ralph E. Webb, Post 10050, two year tightwad; and Walter Chatham, Post 4287, one year tightwad.

The group meets the second Sunday of each month rotating the location among the four posts comprising the unit. Following Sunday's meeting, members of the Casselberry Post and their wives served a buffet supper.

**COOTIES SCRATCH** — New officers elected by the Military Order of Cooties were (seated left to right) A. B. Pallatin, Carmen A. Ciaramello, Owen Bell, Ray Stowell, and Gene Thomas; (standing) Ralph E. Webb, William A. Richardson, John L. Northey, William J. Bates, Walter Chatham, Hollis Johnson, and Phil Schutt.

**FOREST CITY Community Association members** who will serve as officers of the Boy Scout Troop being sponsored by the association are (left to right) Charles McPherson, scoutmaster; Gene Rucker, assistant scoutmaster; Clarence Hunter, treasurer, and Leland Jacobs, institutional representative. First meeting of the troop is set for March 1 at Forest City Baptist Church.

## Geneva PTO To Have Sales In Oviedo

By JoAnn Hays  
The Geneva Elementary School Parent Teacher Organization will sponsor a rummage sale, 9 a.m. to 5 p.m., Feb. 26-27, at Jerry's Market in Oviedo.

Ladies of the PTO have set next Monday, 9 a.m. to 5 p.m., as a pick-up day in Geneva during which they will call at each home in the community to receive rummage items for the sale. Arrangements for pickups at other times prior to the sale date may be made by contacting PTO officers.

Proceeds from the project will go for payment of the air conditioners purchased by the PTO for the school classrooms several months ago. Plans are being made for installation of these units within the next few months.

## \$5.2 Billion For Space Requested

WASHINGTON (UPI)—The space agency's top brass went to Congress today to plead the administration case for President Johnson's \$5.2 billion space budget.

James E. Webb, head of the National Aeronautics and Space Administration (NASA) and other high space officials were scheduled to testify before the House Space Committee.

As the committee begins hearings on the money request for the fiscal year beginning July 1, indications were that many of its members felt the \$5.2 billion figure was too low.

The legislators are disturbed by the complete elimination of two projects from the fiscal 1966 budget—the development of a big solid fuel rocket booster and the development of an ultra-sophisticated liquid fuel. They want to add about \$500 million, which is about \$10 million more than is being spent on the two projects this year.

## Clippers

LUDOWIC, Ga. (UPI)—Four persons were arrested when highway patrolmen and Georgia Bureau of Investigation agents moved in on two places suspected of clipping tourists in gambling operations.

## Gator Bill

AUSTIN, Tex. (UPI)—Alligators would be safe from hunters under a bill proposed in the Texas Legislature. Rep. Cameron Hightower wants fines of up to \$500 levied against gator gatherers.

## DeBary Group Lists Results Of Film Vote

By Mrs. John Leone  
A vote taken last Friday at the first showing of recent award winning movies at the DeBary Community Center to determine viewer preference put musical films far out in the lead in first choice balloting.

However, combination of first three choices from a selection of 11, showed that adventure and documentary pictures were a tie with musical, comedy, drama and historical films close runners-up, in this order.

Preferences expressed in the vote will be used as basis for selecting future films. Next presentation will be 7:30 p.m., March 6, at the Center. Title of film will be announced.

The project is planned by the DeBary Civic Association as a "self-financing" community service and no admissions are charged. Hat will be passed to help cover showing costs, Earl Merrill, association president, advised.

## Truck Troubles A La Comedy

TOKYO (UPI)—Shades of an old Mack Sennett movie: A speeding truck rammed into a fire alarm pole in downtown Tokyo, touching off the alarm, which brought six fire trucks to the scene.

Two of the trucks collided at an intersection knocking a ladder from one of the trucks which hit and injured a man riding by on a bicycle.

## Now You Know

United Press International Andrew Jackson was the first U. S. President to ride on a railroad train. On June 6, 1833, he rode a Baltimore and Ohio train 13 miles from Ellicott Mills to Baltimore, Md., according to the Association of American Railroads.

## Funeral Thursday

Services for L. A. Summerlin, who died Sunday in Miami, will be held at 3 p.m. Thursday at graveside in Lake View Cemetery with Rev. John Hiers officiating. Among survivors is a nephew, Doug Las Humphrey, of Miami. Hiers son Funeral Home is in charge.

## Funeral Notice

Funeral services for L. A. Summerlin, 51, who died Sunday, will be held at 2 p.m. Thursday at graveside in Lake View Cemetery with Rev. John Hiers officiating. Hiers son Funeral Home in charge.

## Federation Of Civic Groups Invited To Meet In DeBary

By Mrs. John Leone  
The West Volusia Federation of Civic Associations has been invited by Earl Merrill, president of the DeBary Civic Association, to meet at the DeBary Community Center, 7:30 p.m., April 19.

Announcement of the forthcoming event was reported at last week's meeting of the DeBary association at the Community Center with Merrill presiding. DeBary's charter member in vice president of the Federation.

Reports on the recent Glaucoma Clinic were given by Mrs. Reaick who advised that another clinic is set for this Thursday at the Center.

New members joining during the past month were introduced by Edward Parsons, membership chairman, and Kress Walter, house chairman, reported that four new tables have been ordered and asked the membership to consider purchasing a larger hot water heater for the kitchen.

Reaick, reporting on a road board meeting, advised the group that plans call for \$42,000 to be spent in the DeBary area and that several through roads are to be paved, giving good access from main arteries.

Members of the executive board were asked to investigate the proposal that present shuffleboard courts, plus additional ones to be built for tournament play, be turned over to the association for care and upkeep. It also has been proposed that facilities at the Center and arrangements for its use be turned over to the civic group.

Music for the program was presented by the quartet composed of Robert Metes, Ruth Grayson, Mrs. Reaick and Howard Green, with Laura Platt Brown as accompanist. Howard Middleton showed the color film, "Island Oddities," which was filmed off the Bahamas by Mr. and Mrs. W. Muller.

The porcupine, a bird which dwells in western North America, sometimes spends the winter in hibernation.

## DeBary Firemen Appoint Dance Committee

By Mrs. John Leone  
A committee to be in charge of planning the March 13 St. Patrick's Day Dance to be sponsored by DeBary Volunteer Fire Department was appointed at last week's regular meeting of the men held in the Recreation Hall with Vice President Fred Perriek Jr. presiding in the absence of President Ellsworth Ogden.

Serving on the committee will be Thomas Smith, chairman, and Bud Healy, Thornton K. Smith, Frank Perriek, Charles Jordan, Mike Donlon and John Vetter. Music for the dance will be provided by The Deltona Combo.

Announcement was made during the meeting that Allen-Summerhill, DeBary, will receive fire and inhalator calls for the fire department on a 24-hour basis and will be responsible for sounding the fire alarm. The firm was commended for its interest in the group and for providing this community service.

It was reported that Charles Schneider, past president, is a patient at Seminole Memorial Hospital suffering from shock and double pneumonia after being in an auto accident recently in Sanford.

One new member, Joe Sasser, was introduced. Refreshments following the business session were served by Chief Harrison Hermitter to the 62 members attending.

## Dade Libraries Best In Nation

TALLAHASSEE (UPI)—Dade County's elementary libraries were judged to be the best in the nation in general excellence and improvement. State school chief Thomas D. Bailey announced the Dade elementary school library had won first place in a contest, and in the process had won \$2,500 for enlarging the book and magazine collections.

# Scout Hero Honored By Troop For Saving Sister In Blaze

By Jane Casselberry

Nearly 100 Cub Scouts, their fathers and guests packed Weaver Hall of the Casselberry Community Methodist Church Thursday night to celebrate the 55th Birthday of Boy Scouts of America at Pack 510's annual Blue and Gold Banquet.

Each den made appropriate table decorations, place cards and mats in blue and gold. The delicious ham dinner was served by the den mothers.

A Cub Scout knife was presented as a special reward to nine-year-old Earnest Pinkard Jr., of 508 Prairie Lake Drive, Fern Park, in recognition of his quick thinking and fast action in an emergency. Earnest was credited with saving his sister from being severely burned when her clothing caught fire recently.

Cubmaster Dave Waters made the presentation, commending young Pinkard for putting his Scout training into action.

**YOUNG HERO** Earnest Pinkard of Cub Scout Pack 510, Casselberry, who recently rescued his sister when her clothing caught fire, was awarded a Cub Scout knife by Cubmaster Dave Waters, right, at the Pack's Annual Blue and Gold Banquet.

Wally Krohn, former cubmaster of Pack 510 and now Council "Dad" Chairman, was presented with a plaque of appreciation for his years of service.

Special guests included Welkwa District Commissioner Cecil Bothwell, Bud Miller, neighborhood chairman; John Diller, field director; Ted Daniel, Scoutmaster, Troop 311; Rev. Delmar Capeland of the Casselberry Community Methodist Church, sponsoring institution; his son, Matt; Leonard Casselberry, institutional representative; and Barlon Ferrell, pack committee chairman.

Guy Corns is the assistant cubmaster.

The Pack received a Frontline Roundup certificate for exceeding the goal of six or more new members by getting 16 new Cubs, and the cubmaster received a tie rack.

Den mothers receiving pins for getting three or more new members were Clydene McKenzie, Carolyn Miller, Ruth Montgomery, and June Templeton.

Waters also received the Pedro Award as more than 50 per cent of the Cub Scouts subscribed to Boy's Life Magazine.

## DeBary Orchestra Schedules Final Concert Of Season

By Mrs. John Leone

The DeBary Concert Orchestra, under direction of Arthur E. Bell of Orlando, will present its final concert of the season at 8 p.m. Friday in the DeBary Community center.

The program will include well-known marches and selections and a special feature will be the saxophone soloist Robert Wallis.

This is the third season the

orchestra has been under Bell's direction. He has taken over staging the mission of Roger Cassin who has been in New York where he resumed his former position with Warner Brothers Publishing Company. He will visit DeBary next month and expects to return permanently next fall.

Plans are for the orchestra to be enlarged next season and interested musicians are being requested to contact Miss Catherine Shaw, DeBary School, for any member of the orchestra who would like to participate.

Donations received at the concert provide the only financial support for the orchestra. Receipts will go to the DeBary and will be used to purchase new instruments and to pay for an annual dinner of members.

## Band To Play For Annual Slovak Day

By JoAnn Hass

The Eastern Seminole Band under direction of Richard Zalko, will play for the 2 p.m. program of the 10th Annual American Slovak Day to be held Sunday at Slovak Gardens. The Gardens are located between Goldenrod and Matfield off SR 436.

A variety of Slovak delicacies, including Kolassa and Kolache, will be served at noon and there will be an "old country" lazaar where various kinds of embroideries and items of Slovak folklore can be purchased.

The youth of Masaryk town will perform the spirited Slovak Folk Dances (Dobras) in their native costumes.

The public is invited to attend the celebration which has proved an event of growing interest with each succeeding year.

## Mothers Attend DeMolay Meet

Fifty Sanford women represented the Seminole Chapter (Order of DeMolay) at the Florida DeMolay Adviser's Association and Mother's Clubs of Florida at a mid-year conference at the Bahia Shrine and Scottish Rite Temple in Orlando, Saturday.

Representing the Sanford Mothers' Club were Mrs. R. Rumbley, Mrs. S. Burns, Mrs. D. Dunn, Mrs. W. Heimlich and Mrs. L. Nopper. Advisers present were R. Rumbley, E. Weber, J. Parker Jr. and R. Wright.

## 'Never Smoked Nor Drank'

DETROIT (UPI)—Mrs. Anna C. Miller, who was near death with typhoid fever and pneumonia at the age of 18, observed her 102nd birthday.

Her son, Robert, 70, said "she still reads her Bible and sews some, and she's still in good health."

Asked why she has lived so long, Mrs. Miller said, "may be it is because I never smoked or drank. But really that's not much. Young ladies don't do those things when I was growing up."

## Old West

ANTIOCH, Calif. (UPI)—A bit of the Old West in modern dress was enacted here when 100 head of cattle broke through a pasture fence onto a freeway stopping traffic for more than an hour.

## Between you'n me

By MURRAY OLDERMAN  
Sports Editor  
Newspaper Enterprise Assn.

Want to know how much golf has grown in the last five years? With the \$600,000 that's coming in television receipts from the PGA National Tour, the prize money for the men has jumped to \$3.5 million. When Dave Marr, the chairman of the players' tournament committee, started on the tour in 1960, the grand total was \$800,000.

Most athletic of the Hollywood guys around is Jim Garner ("Americanization of Emory") and he comes by it naturally. His brother, Jack Bumgarner (the original family name) pitched for 11 years in the farm system of the Pittsburgh Pirates, never getting higher than Class B before he called it quits. Jack then switched to golf, is a pro at Sepulveda in the Los Angeles area.

Between you'n me, Al Besslink was not fined for betting "hamburgers" as the story came out. The PGA players committee slapped him down only for talking about betting.

**NFL Owners Get The 'Word'**  
PALM DESERT, Calif. (UPI) — Commissioner Pete Rozelle, riding high and mighty in the National Football League saddle, put club owners on the straight and narrow path today in their signing of college athletes.

The owners, alarmed over the premature signing of several grid stars last fall while the boys still were playing college football, gave Rozelle blanket power to cancel all the team's draft choices if proven guilty of premature signings.

"I don't have to confer with anyone if there is an infraction of the rules," said Rozelle. "I will mete out the punishment."

**Silver Scotty 'Best In Show'**  
NEW YORK (UPI) — A five-year old silver brindle scotty regains today over 2,572 other dogs as the "best in show" of the 89th Westminster Kennel Club show.

A crowd of 10,000, including Mrs. Jacqueline Kennedy, saw Carmichael's Fanfare, owned by Mr. and Mrs. Charles Stalter of Woodcliffe, N. J., and handled by John P. Murphy of Glasgow, Scotland, win the big prize.

**Penrose, Preuss Take Tourney**  
WEST PALM BEACH (UPI) — South Floridians Jack Penrose and Phyllis Tish Preuss proved this weekend that good steady golf — even minus the birdie spurts — will win tournaments.

## Racing King Semi-Finals Slated Tonight

Cecil Austin's Rippy and Homer Herndon's Amigo Rucker are favored to take Racing King semi-final heats at the Sanford-Orlando Kennel Club tonight.

Rippy heads the field in the eighth race—the first of two qualifying heats for Saturday Night's Racing King final. Second morning line choice in the eighth was Dr. C. E. Miller's Gator Band.

No. 2 choice behind Amigo Rucker in the ninth race was Ryan's Express. Other male speedsters vying for berths in the King finals include Doc Robbie, Dave Hall, Hersche, Hutch, O. B.'s Adjusted, Noble Clyde and Proven Fact in the eighth and Winner's Tip, Circus Wonder, Orbital, Gate Man, O. B.'s Walls and Rocky Bert in the ninth.

The King and Queen championship is set for Feb. 27. Results of Tuesday evening's races:

## Better Golf - Through Exercise

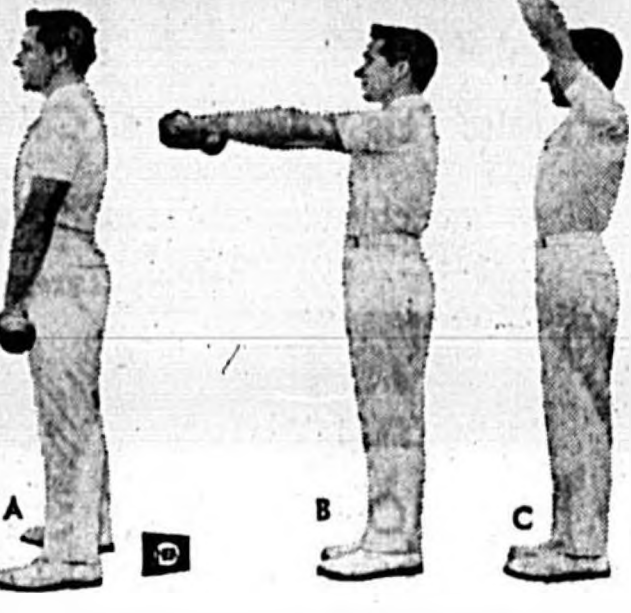

By Gary Player  
Written for NEA

2— Front Deltoid Raise  
The deltoid muscle, large and triangular, covers the joint of the shoulder and raises the arm away from the side of the body. This exercise develops these muscles.

Assume position A and extend arms forward to position C. Again, begin with eight repetitions and gradually work up to 15.

After you are able to do 15 repetitions without difficulty, you may advance. Position A to Position B (5 to 7 repetitions); Position C to Position B (5 to 7 repetitions); and Position A to Position C (5 to 7 repetitions).

You should inhale on up motions and exhale on down motions.

## Namath Already Up For 'Emmy'

By Sandy Padwa

NEW YORK (NEA) — Joe Namath was lying in the hospital bed with the fast-talking television guy explaining how his network was going to make a documentary about him next fall.

"... so that's it, Joe," he said. "And one other thing. We're thinking of putting it up for an Emmy Award. You know, there's never been an Emmy category for sports."

Namath rolled over, stared at the ceiling and with a blank expression told his time agent that it's all in his mind.

It was typical of the way things have happened to Joe Namath since he signed an announced \$400,000 contract with Sonny Werblin's New York Jets.

But this was one of the best here was a documentary that wasn't even started, and already it was Emmy material.

In a sense, Joe Namath is just like the television show. They're calling him the greatest quarterback to hit professional football since John Unitas and he hasn't played a game.

Furthermore, he just had a knee operation, and the

damage was more extensive than expected.

Namath isn't worrying, though.

"People who think about pressure don't do well," he said. "All I know is that if I go out and do what I'm supposed to, everything will be O. K."

"I can't remember a game when I worried about the pressure, and I couldn't point out an incident where the pressure got to me."

Namath can't explain where he picked up this philosophy.

During his Junior year, he was suspended from the Alabama team by Bear Bryant for training violations.

Then there was the time in Miami when he was caught betting at a race track even though he was under 21.

"What a rule," he was quoted as saying. "I never heard of anybody going to a track and not betting. This is like playing post office and never kissing anybody."

That's Joe Namath, care-free, happy and always enjoying.

And now that he's got so much of Sonny Werblin's cash to play with, he'll be a perfect addition to New York.

Our of season, of course.

WORKING MAN—Yogi Berra's official capacity with the New York Mets is player-coach, so the 40-year-old catcher, who spent last year managing the Yankees, is working to get back into playing shape.

## Mickey Mantle Happy To Be Second Fiddle

By Milton Riechman

NEW YORK (UPI) — No wonder Mickey Mantle is perfectly satisfied to be second to Willie Mays.

Turns out it's all one big optical illusion and Mickey takes home more money.

Mantle agreed to this third straight \$100,000 contract with the Yankees Monday and when he was reminded that the Giants are paying Mays \$108,000, he laughed all the way from Dallas over the telephone and acted as if he couldn't care less.

"As long as he keeps getting \$108,000," Mickey chuckled, "I don't mind being second at all."

Precisely at this point is where the "villain" enters in the form of the Internal Revenue Service.

With both men taking the standard deductions, the tax on Willie's salary comes to \$61,941 while Mickey has to pay "only" \$44,959, according to an IRS official.

The chief reason for the disparity is that Mantle has a wife and four children and Mays lives alone.

That means Mickey's take-home pay, with only the standard deductions, is \$55,041 and Willie's is \$43,059. That also puts an entirely different slant on their salaries.

It took Mantle and Yankee General Manager Ralph Houk all of five minutes to get together when they sat down to talk contract originally a few weeks back. The general conversation went like this:

Houk: "Well, Mick, how would the same salary suit you?"  
Mantle: "Just fine."  
"Could I have gotten more than \$100,000?" Mickey said in response to a question. "I dunno. I took what the club offered. I never like to fight with them. It's getting too close to the end to ask for more."

At 33, and with his fragile knees always a question, Mantle knows he has only a few more years left.

He said virtually as much over the amplified conference phone the Yankees set up in their offices so newsmen could hear him from Dallas.

"I'm in the insurance business now and it'll be something for me to fall back on in three more years," Mickey explained.

By coincidence, Mays also entered the insurance business recently, saying that he, too, was getting "to start on a career" for my post-baseball days.

## First Federal Captures City Junior Title

By David Higginbotham  
Herald Sports Writer

Seminole High eagles came back for their second straight victory last night when they beat the Winter Park Wildcats by a score of 52 to 48 in a Metro Conference tilt at the SHS Fleming gymnasium.

The last time the two teams met the Wildcats won by six, but this time it was a different story.

Buddy Stumpf was high point man for the Seminoles with six and Steve Groover was second with four. Ron Hinson and Don Nicholas added a basket each. For the Wildcats, Mike Kelly led with six points. David Reid, Tolle Higgins and Ken Johnson made two points each and the Wildcats led 18 to 14 at the end of the first period.

The heated play of the second stanza saw the Seminoles move ahead by seven points. Hinson took top honors for the Tribe with seven points and Nicholas made five with Stumpf adding two. Reid and Kelly made two points each for the Wildcats and Johnson added two. Sanford maintained its lead going into the final frame with a score of 39 to 31.

Groover led the Tribe in the fourth quarter while holding the Wildcats to only one point. Groover made two points and Hinson added one. Reid and Kelly made four points each for the Wildcats and Johnson added two. Sanford maintained its lead going into the final frame with a score of 39 to 31.

Strickland Morrison defeated WTRR 45-36 to take third place. Bill Schmidt tallied 26 for the automen while Doug Matzowski got 11 for WTRR.

**Future Pattern Of Boxing Eyed**  
NEW YORK (UPI) — The president of Theater Network Television Inc., said today that the four-star doubleheader at Madison Square Garden involving the light heavyweight and welterweight champions of the world "may set boxing's pattern of the future."

"We expect great interest in this program both at the Garden gate and in the more than 100 outlets in which TNT will show it on closed circuit television," said Nathan L. Halpern.

"The Garden has said it is interested in another doubleheader in May and TNT is interested in negotiating for the closed circuit rights."

The Garden and TNT jointly announced boxing's first closed-circuit theater television title doubleheader Tuesday with Willie Pastrano defending the light heavyweight crown against Jose Torres of New York and Emile Griffith of New York ridding the welterweight title against Joe Stabile of Havana, Cuba, on March 20.

**St. Pete Golfer Captures PGA**  
PALM BEACH GARDENS (UPI) — Sam Harvey, of St. Petersburg, won the fourth extra hole of a sudden-death playoff with Steve Bull, Milwaukee, Wis., and took the first prize in the \$100,000 PGA club championship golf tourney.

Bull had fired a final round 72 to pull into a 72-hole tie with Harvey at 291.

Harvey parred the fourth hole while Bull hit two traps and took a double-bogey six.

## Casselberry Women Schedule Arts, Crafts And Hobby Show

By Jane Casselberry  
Button, button, who's got the button?  
A button collection will be only one of many interesting and unusual displays at the Casselberry Women's Club's first annual arts, crafts and hobby show scheduled for 10 a.m. until 8 p.m., March 6, at the Clubhouse on Overbrook Drive.

Exhibitors are invited to participate without charge and the public is invited to attend.  
The button collection has been featured in many state and local shows and features many Jenny Lind and cameo buttons.

Another exhibitor will display jewelry which she designs with reproductions of ancestral coats of arms, some of which is on display at the National Museum in Washington, D. C., and has won state awards in Virginia and Illinois. In a recent one-woman show in Chicago Public Library, this artist displayed 30 different designs executed on china, wood, vellum and on jewelry.

Several exhibitors will show ceramics and there will be a demonstration on how they are made.

Among artists exhibiting will be a commercial artist, a teacher at Loch Haven Art Institute.

Antique lovers will be interested in the prized antique glassware and other treasured items to be displayed.

TOM SLADE

## Ex-Lawmaker Addresses GOP

By Jane Casselberry  
Former State Rep. Tom Slade, of Jacksonville, was guest speaker at the Lincoln Day banquet sponsored by the Seminole County Young Republican Club at the Windjammer restaurant in Fern Park.  
Slade was introduced by the club president, E. Pope Bassett, as a Democrat who decided to "switch" and "fight."  
He stated that he changed parties because he felt "that the development of the two-party structure offers the only solution to the governmental problems that exist and that the Republican Party has more to offer, particularly in Florida."

To reverse the trend toward one party government, Slade stressed the importance of dynamic responsible leadership, party unity and a progressive program.

Mrs. Ann Bassett, vice president, was in charge of arrangements for the dinner and was assisted by Mrs. Gretchen Tope and Mrs. Patsy Wagner vice presidents.

### Lunar Company Negotiating For Industrial Site

Possibility of locating another manufacturing plant in Sanford is the subject of a study by the City Commission. The city and its industrial committee were approached by Joe Ladonieski, president of Lunar Engineering Company of Orange City, and officials of the Sanford Chamber of Commerce regarding a possible site in Lake Monroe Industrial Park.

At a meeting in City Hall, negotiations were opened, alternative sites in the industrial park discussed and tentative plans outlined.

At that time, negotiators asked for time to study the proposals and a meeting was set for 2 p. m. today at City Hall for possible finalizing of agreements.

Lunar Engineering Company builds a two-way fluorescent light which automatically can be switched from a 110 volt AC current to a 12-volt DC battery. The light is used on trailers, boats, in camps and for emergency lighting.

Ladonieski told city officials he wants to build a 10,000-square-foot plant, expand his present operations and "within six months employ 50 to 60 persons."

### Auxiliary Unit Sponsors Tea

A Musical and Silver Tea was sponsored last Friday afternoon at DeBary Community Methodist Church by the Auxiliary Unit of DeBary's Herbert D. Gibb American Legion Post 259. Proceeds will benefit veterans hospitals in the state.

Appearing on the program were Frank Woodruff, organist; Isabel Reaick, soprano; Beatrice Muller, contralto; Miss Adelaide Conte, pianist; John Corwall, baritone, and Sidney Swallow and Laura Platt Brown who assisted in the community singing.

Refreshments were served by the committee, Mrs. Alfred Newell, Mrs. H. Maher, Mrs. Ed Iovanna, Mrs. William Brumbaugh, Mrs. John Leone and Mrs. Rose Williams. Mrs. W. A. Canady presided at the Silver basket. Eight gold star mothers were honored at this occasion.

### Legal Notice

IN THE CIRCUIT COURT OF THE NINTH JUDICIAL CIRCUIT IN AND FOR SEMINOLE COUNTY, FLORIDA.  
THE CHANCERY NO. 1887 EAST BROOKLYN SAVINGS BANK, a New York Corporation, Plaintiff,  
vs.  
ROBERT F. JONES SR. and HELEN D. JONES his wife, CLIFFORD BROWN and DOROTHY J. BROWN, his wife, Defendants.

NOTICE TO DEFENDERS ON ORDER OF PUBLICATION: After four weeks' notice to CLIFFORD BROWN and DOROTHY J. BROWN, his wife, if alive and if either, both or all be dead, the unknown heirs, devisees, legatees, creditors, trustees, or other claimants by, through, under or against them and all unknown parties claiming to have any right, title or interest in the property hereinafter described, all of whose residence are UNKNOWN.

Yours and each of you are hereby notified that a suit has been brought against you by EAST BROOKLYN SAVINGS BANK, a New York corporation, to foreclose a certain mortgage more particularly described in the Complaint filed in this suit, which mortgage encumbers the following described property, situate in Seminole County, Florida, to-wit:

Lot 8, Block 14, TOWN OF NORTHERN CIRCLE, a subdivision according to Plat thereof recorded in Plat Book 2, Page 14 to 15 inclusive, of the Public Records of Seminole County, Florida, and for other relief, and you are required to file your Answer to said Complaint or other pleading on the Clerk of the above entitled Court and to serve a copy thereof on Plaintiff's attorney, JOSEPH M. FITZGERALD, 214 Security Trust Building, Miami, Florida 33131, not later than the 15th day of March, A. D. 1965; if you fail to do so, judgment by default will be taken against you for the relief demanded in said Complaint.

THIS Notice shall be published once each week for four consecutive weeks in The Sanford Herald, 215 1/2 N. Sanford, Seminole County, Florida, this 11th day of February, 1965.

## Mrs. W. W. Tyre Hosts Pre-Nuptial Party Honoring Miss Patty Walker

Miniature brides and dainty bouquets enhanced the gracious Oak Avenue home of Mrs. W. W. Tyre when she was hostess to a recent pre-nuptial linen shower for Miss Patty Walker, popular bride-elect of Tommy Speer.

The guests enjoyed an evening of participating in carefully planned bridal games and contests with the opening of the many lovely linens highlighting the evening.

The refreshment table, overlaid in exquisite Italian cut linen, was centered with a low arrangement of yellow mums in a footed milk glass container accented with tall white spiral tapers in contemporary candle holders.

The hostess served unique individual ice cream molds in a ring of delicately tinted coconut topped with heart confectons.

Invited guests were Mrs. Leon Walker, mother of the bride-elect; her fiancé's mother, Mrs. G. A. Speer Jr. and the Meses D. C. Howard, Curtis Lavender, R. L. Knotts, Mary Mikler, O. C. McBride, C. O. Jones, F. B. Adams, C. W. Johnson.

Also the Meses Curtis Hughes, Sara King, John Kinder, M. L. Nichols, E. E. Wal-

ker, Esther Lou Pate, Minerva Williamson, A. DeNering and Rose Hurt. Also Judy Lavender, Shirley Maddox, Barbara Dague and Reba McLellan.

MRS. W. W. TYRE, left, was hostess recently to a pre-nuptial party for Miss Patty Walker, bride-elect of Tommy Speer. Pictured with the hostess and honoree are her mother, Mrs. Leon Walker and her fiancé's mother, Mrs. G. A. Speer Jr.

## Mrs. Asenath Butler Guest Speaker At Florida District Nurses Meet

Pink Ladies in action was most capably presented by Mrs. Asenath Butler, president of the Seminole Memorial Hospital Women's Auxiliary (Pink Ladies), in an enlightening program at the February meeting of the Florida Nurses Association, District No. 37 at the Health Center.

Mrs. Elizabeth Schultz, program chairman, introduced Mrs. Butler who carefully explained the Pink Ladies role in the hospital and the monumental amount of work these gracious volunteers accomplish in their daily duties. Their invaluable services eliminate the employment of many persons and relieve the nurses of added duties.

Mrs. Pat McCoy, first vice president, presided over the business session in the absence of the president, Mrs. Phyllis Arney. Routine business was discussed and the various committee chairmen gave reports.

February is roll call month and all nurses in Seminole County who are not members of the Association, should take advantage of the opportunity of better serving your profession and your community by joining now. The Association needs you and you will benefit from the valuable ser-

vices afforded you as an individual. The Florida Nurses Association is an affiliate of the American Nurses' Association, which is a strong national professional organization, representing the majority of nurses and commands prestige and respect. It is designed to benefit all nurses, thus insuring better health for all.

MRS. ASENATH BUTLER, center, president of Seminole Memorial Hospital Women's Auxiliary, spoke to the Florida Nurses Association, District No. 37 recent meeting. Mrs. Pat McCoy, vice president of the District Nurses, is at the left and Mrs. Elizabeth Schultz, program chairman is at the right.

## Mayor Proclaims February As American History Week

A Proclamation designating the month of February, 1965 as American History Month, signed by J. H. Crapps, Mayor of Sanford, hearing the Seal of the City of Sanford, Seminole County, was proudly displayed by Mrs. R. E. True, Regent of Sallie Harrison Chapter, Daughters of the American Republic, at their February meeting, Friday the 12th, at the home of Mrs. A. W. Lee, Laurel Avenue.

Mrs. F. E. Roumillat delivered an address on Early American History, citing Abraham Lincoln, George Washington and many other famous people who played

important parts, contributing so much to the early history of our nation. Announcement was made of the State Conference to be held in Orlando at the Robert Meyer Motel March 11, 12 and 13. Delegates from Sallie Harrison are Mrs. True, Mrs. Roumillat and Mrs. Lester C. Wildner. Alternates are Mrs. A. R. Key, Mrs. C. E. Butler, Mrs. James S. Sims, Mrs. R. M. Hall, Mrs. W. E. Baker and Mrs. Lee. All members are invited to attend.

Mrs. Edmund Meisch, Chaplain, conducted a memorial service for Mrs. R. M. Mason, who was a beloved and loyal member of Sallie Harrison Chapter for many years. Her presence will be greatly missed.

Hostesses for the day were Mrs. Lee, Mrs. H. W. Rucker, Mrs. E. M. Hoke and Mrs. P. P. Campbell.

Out-of-town guests were Mrs. Douglas J. Whitehead of Richmond, Va. and Mrs. Francis H. Wheeler, of Greenwich, Conn.

Other members attending in addition to those already mentioned were Mrs. W. D. Leahy, Mrs. M. B. Smith, Miss E. M. Baker, Mrs. J. St. Clair White, Mrs. Rutledge Pray, Mrs. Lawrence Tinsley, Mrs. Raymond H. Smith, Mrs. William N. King, Mrs. N. H. Brewer, Mrs. L. W. Ross, Mrs. Wade H. Shealy and Mrs. Martin Bram.

## Woman's Club Of DeBary Plans Two Civic Events

By Mrs. John Leone  
The DeBary Woman's Club will meet on Friday, Feb. 19, at 2 p.m. at the Community Center.

Mrs. Sidney Swallow, chairman of the Welfare Committee, will present Leslie Reese, state director of Florida Society for Crippled Children and Adults.

Paul Murray, director of Camp Challenge for crippled children and adults, will show colored slides of the camp area and activities.

Greeters for the meeting will be Mrs. W. A. Blackwood and Mrs. Charles Duryea.

Hostesses assisting Mrs. Harry F. Brown, chairman, will be Mrs. James Duffy, Mrs. Person Little, Mrs. Gaston Crosby, Mrs. John Rayfuse and Mrs. Herman Beck, will preside at the tea table.

Mrs. Charles Ulrich, president, and Mrs. Sidney Swallow, welfare chairman, urge all members to attend.

On Tuesday, Feb. 23, at 7:30 p.m. at the Community Center, the DeBary club will sponsor an "Americanism Program" by chairman Mrs. Gaston Crosby, who will present Carl Fritz Gale of Maitland, a former special agent with counter intelligence in Washington, D. C.

Mr. Gale's subject will be on "International Communism." The film "Inside Russia," will be shown by Elmer Thompson of DeBary. The public is invited to hear this enlightening speaker.

## Sharp Increase In U. S. Births Forecast

The U. S. birth rate has been falling for seven years. And the actual number of births has fallen for the past three years.

Why, then, is there so much concern in the United States about the population explosion?

Because it's about to begin in earnest. Birth rates, it seems, are no longer the key barometer of our growth. Population experts now rely on the "fertility rate" which reveals some facts about the people in our future.

The birth rate is based on the number of babies born per 1,000 people. But the fertility rate is based on the number of women 15 to 44 years old—the motherhood group. It also reflects the number in the peak child-bearing years, ages 20 to 29.

Today a record number of women are in the high fertility range. The sparse births of the depression years held the group down through the thirties. In 1947, however, the celebrated baby boom began, and now these little boomers have grown up and joined the highest child-bearing age group.

When the U. S. Census Bureau scans these figures, it foresees that our current yearly crop of 4 million babies will begin to zoom very shortly until, within 20 years, it rises to 7 million.

And 7 million babies a year, say the experts, is something to be concerned about.

Cowbirds are the only parasitic American birds.

## Engagement Tea Reveals Betrothal Of Miss Bremner

By Mrs. John Leone

Mr. and Mrs. Alexander Bremner of Juan Road, DeBary, announced the engagement of their daughter, Miss Margaret Sutherland Bremner, to David Albert Klingensmith, son of Mrs. Albert Klingensmith and the late Mr. Klingensmith of DeLand, at an engagement tea Saturday at the Bremner home.

Miss Bremner is a graduate of Westminster College and her fiancé is a graduate of the University of Pittsburgh. He is presently employed as a pharmacist at Faust Drug Store in Sanford.

The wedding will take place at the First Presbyterian Church, DeBary, May 15 with the Rev. Augustus C. Summers officiating.

PRE-TEENS NOW GO RAFFINE — They have hopped onto the "lady-like" fashion bandwagon along with their older sisters. Candy-coated pastels highlight these separates. Cardigan (left) is in jacquard print. Matching flannel skirt swings out in a swirl of hip-stitched pleats. Blazer jacket in white soufflé wool (right) is piped in navy and rides over a swiny four-pleat skirt. Tie-collar navy and white polka-dot blouse has long sleeves. These are Russ Girl designs.

## DeBary Personals

By Mrs. John Leone

Mrs. George A. Seeley of Portsmouth, N. H. will be the house guest of Mrs. Edna Reilly of Azalea Dr. They will be visiting places of interest in Florida during Mr. Seeley's stay in DeBary.

Frank White of Shell Rd. has his dog back once again. Pokey feels right at home now although he was staying with folks in Sanford since the death of Ora several months ago.

Mr. and Mrs. William E. Denning of Azalea Dr. are entertaining Mrs. George D. Holliday of Atlantic Highlands, N. J.

Mrs. Vincent Karwacki of Catalina Dr. attended the funeral of her sister, Helen Grypak at Warren, Mich. After spending several days in Michigan, she left for Erie, N. Y. accompanied by another sister, Mrs. Walter Bielek. They visited Mrs. Karwacki's daughter, Patricia and close relatives and friends before leaving for Webster, N. Y. to visit Mrs. Karwacki's daughter, Mrs. Rudolph Koscina for a few days before returning to DeBary.

## Osteen Personals

Mrs. Clarence Snyder spent the weekend in Evista as the guest of Mrs. Jerry Betterton. They attended the installation of the Order of the Amaranth.

Mrs. Howard Shivers left for her home in Three Rivers, Mich., after a visit with her sister and brother-in-law, Mr.

and Mrs. Norman Miller. The Osteen Volunteer Fire Department has obtained a fire truck through the Civil Defense Department. This is surplus equipment which they were able to obtain at a reasonable price. The money will have to be raised by the department to pay for the truck.

**Rip Roarin' 20's  
Lends Imagination  
To Flower Show**

Always of interest in a flower show is the artistic design division in which exhibitors vie for blue ribbons rewarding their technique and artistry in interpreting a specific theme or idea with a variety of materials.

According to Mrs. Frank L. Woodruff, III, chairman, many opportunities for competition will be provided in the coming flower show, "Tribute to the Twenties," planned by the Garden Club of Sanford for March 5 and 6, as there are twelve such design classes.

The entire show is designed as a recollection of the 1920's, the years in which the local garden club was founded, federated and organized into circles. Subjects for interpretation in artistic design are drawn from the laws and the lawlessness of the period, the unique places which evolved and the remarkable talents which developed.

Following is an excerpt from this portion of the schedule. Prospective exhibitors are asked to contact Mrs. R. F. Robinson in order to reserve space for their design. Mrs. G. Andrew Speer is consultant for this section in the event the designer requires additional details or information.

To be shown in individual gray-green niches measuring 24" high by 24" wide by 14" deep.

**THE FLAPPER** — An interpretive design expressing youth and vitality using all fresh-cut foliage.

**THE SPLAKEASY** — An expressive design of predominantly fresh-cut plant material emphasizing contrasting textures.

**PAVLOVA** — Novice class limited to those who have never won a blue ribbon. A grateful line design stressing rhythm. Materials other than fresh must dominate, although some fresh material must be included.

**THE CRASH** — A stark design of any materials predominantly other than fresh, using daring or vibrant colors. At least one fresh flower is required.

**LITTLE AMERICA** — A free-standing design of predominantly white, fresh-cut plant materials. A minimum of foliage or painted material permitted. To be shown in front of a mirror.

**PROHIBITION** — An imaginative use of other than fresh plant materials in a vertical design. A minimum of fresh material is required.

To be shown in individual gray-green niches measuring 24" high by 24" wide by 14" deep.

**ZIEGFELD FOLLIES** — A sophisticated design in the contemporary manner featuring fruits and/or vegetables. Fresh flowers and/or foliage permitted.

**GEORGE GERSHWIN** — A design interpreting the title of any one of Gershwin's compositions. Fresh plant materials should be predominant in design.

**THE JAZZ SINGER** — An interpretive design with black and/or gray and/or white dominating. Any materials allowed, but painted, treated, or otherwise altered materials must not dominate.

**ST. VALENTINE'S DAY MASSACRE** — A bold and dramatic interpretive design using predominantly fresh materials.

**GERTRUDE STEIN** — A modern abstract design. Any materials permitted, although some fresh plant material is required.

**VERNON AND IRENE CASTLE** — Two unlike, but harmonious, designs in separate containers, to be exhibited on different levels determined by the exhibitor. Fresh plant material must dominate.

In addition, there will be two classes for miniature arrangements which cannot exceed 5 inches in their greatest overall dimension. "So Big" calls for the use of all fresh material, while "Early Autumn" requires all dried and/or otherwise preserved plant material. There will also be two categories for corsages; a wrist corsage of all fresh materials suitable for a formal occasion and a tailored shoulder corsage of all fresh materials suitable for a sports event. Neither of these sections is limited in the number of entries, but reservations for space are necessary.

Members of the Merry Twenties Club surprised their president, Mrs. Pearl Mae Ford, and three other members, Mrs. Maybelle Jones, Mrs. Ocie Mathis, and Mrs. Minnie L. Harper with a birthday party.

HONOR ROLL on the bulletin board at Crooms High School is scanned by two anxious parents, Mrs. Doris Thomas, physical ed teacher, designed the valentine theme.

The Tri-Hi-Y and Hi-Y of Crooms High School worshipped with Rev. Leon Deveaux and his congregation Sunday at the Church of God.

Those attending were Cassandra G. Francis, Barbara H. Sandifer, Sandra Daniels, Yolanda Holloway, Barbara L. Kelly, Lavern Dixon, Marsha Deveaux, Marvin Kates, Ronald Nathan, Lorenzo Tillman, Clarence Williams, Scott Bookman and Mrs. D. A. Thomas.

The Tri-Hi-Y and Hi-Y of Crooms will culminate the March of Dimes drive by working at Thirteenth Street and French Avenue Saturday. They will work from 10 a. m. to 1 p. m.

This organization, under the leadership of Mrs. D. A. Thomas and Mrs. W. A. Ashley, has done a fine job for the March of Dimes drive for the past three years.

The committee wishes to thank Chief of Police Roy G. Williams and his staff for their assistance.

The girl and boy collecting the largest amount of money will be crowned King and Queen at the Annual "Red-White-and-Blue Ball next month.

Willie C. Cummings, president of the Big Brothers Social Club, announces a benefit program for the Midway-Cannon Volunteer Fire Department Sunday at 3 p. m. at St. Matthews Baptist Church. The Big Brothers Club will sponsor the affair.

"We are asking everyone to attend," said Cummings.

Midway-Cannon Firemen's Hall which was held at the Deluxe Club hosted a gay throng Friday night.

Joseph Jackson, who is fire chief, was most enthusiastic as he thanked everyone for attending.

Members of this organization are working toward making the Firemen's Ball an annual affair.

The Heart Fund Drive is underway. Mrs. Nathaniel Bentley and Herbert Cherry, who are co-chairmen, are asking everyone to please contribute to this cause. Your

Let us examine these most important years. Many mothers are guilty of "momism" which simply means that they (mothers) are in complete charge of the child's upbringing. However, the father is just as guilty because he allows this to happen due to his ignorance. Yet there are others who know better but just do not take the time to do their part.

Fathers, be honest. How many of you can change a baby's diaper? Have you ever bathed Johnny or Sue? What is the proper way to hold a baby? How many times have you fixed the baby's bottle? Have you ever pushed his stroller? There are many other questions which could

be asked. However, let's go a little further. Over-protection is another sin some of us commit. Parents will go as far as misrepresenting the truth to protect their child.

This writer had an experience with a parent who asked him not to report her son to the school head even though the child had skipped school. These and many others are the contributing factors to a child's behavior pattern.

If you cannot handle your child, most likely you failed during those critical years when his life was just unfolding.

One of the most disgusting things to see a child attend school, or any other place, so untidy, but every time one sees the parent she looks like a Christmas tree.

Why reproduce if we are not going to accept our responsibilities? I pray for the day to come when the welfare aid for children will be converted into foster home care.

Men's hearts ought not to be set against one another, but set with one another, and all against evil.—Caryle.

Large display signs called attention to the "briefing room" (Dean Ford Cavanaugh's office) and to the dean's living quarters, a lovely apartment within the dormitory.

The galley, where punch was served, was decked out in the Hawaiian theme.

Special features in the building are the newly completed Meditation Room and the Chapel where services, with guest speakers, are held each Wednesday evening.

Following tour of the building, guests were invited to the gymnasium to see the film, "PT-9."

Scholars do not know what was the earth's first language.

Washington (UPI)—The AFL-CIO's Industrial Union department announced today publication of a new magazine, "Agenda," to be issued monthly.

United Auto Workers President Walter P. Reuther, who also heads the Industrial Union department, said in the magazine's introduction that "Agenda will be the symbol of a mature and democratic labor movement working with friends and neighbors... a magazine dedicated to the ideals of the Great Society."

Observing the ceremony (from left) are Enns. Bill Hilderbrand, W. K. McRoberts; Capt. C. W. Swanson, base commanding officer; Dr. Darby, Mayor J. H. Crapps, Lt. Cdr. T. J. Doyle, in charge of construction, and W. A. Patrick.

Dr. John Darby, of Central Florida Agriculture Experiment Station in Sanford, breaks ground while contractor Gene Harris plants a pine seedling at Sanford Naval Air Station. The station has planted some 150,000 pines in an effort to grow a sound buffer.

# 'Beautiful Trip' Ends For Justice

**ALBUQUERQUE, N. M. (UPI)—**Supreme Court Justice William O. Douglas stepped down from a shaggy reepon Monday night exhausted and bruised from nine snow-bound hours on an icy mountain trail.

But looking back at the 10,000-foot Sandia Mountain peak, he called the experience part of a "beautiful trip" and promised he would tackle it again some day.

Douglas, 67, rode the sure-footed mountain pony out of the mountains where he and three companions were stopped in their day's hiking by the precipitous switchback trail and heavy snowdrifts from an earlier blizzard.

**Dockers Strike Parley Still On GALVESTON, Tex. (UPI)—**West Gulf Coast dock negotiations, unsuccessful in Washington, opened again in Galveston today with government troubleshooter James J. Reynolds back for another try at settling the walkout.

Only dockworkers in the Galveston and Miami areas and in Virginia remain off the job.

### New Democratic Group To Meet In Altamonte

By Donna Estes  
The first organizational meeting of a group of Democrats who worked during the recent general election campaign is scheduled for 8 p.m. Monday at the Altamonte Springs Community House which is located on Maitland Avenue at the corner of Lake Drive, south of SR 436.  
Many Democratic leaders in the county have been invited to attend this meeting and give their advice and support. Persons needing transportation may make arrangements by calling Jeff Schembers.  
Mrs. Wilma Jean Nipper, a spokesman for the new group, reports that during the campaign, members manned the Democratic Altamonte headquarters more than 76 hours, distributed all available literature, placed more than 1,300 telephone calls in a get out the vote campaign, had 10 persons available to provide an election night open house.  
She further reported that members of the group were rewarded not only by the personal satisfaction of being active citizens but each was pleasantly surprised and thrilled to receive an invitation to the recent Presidential Inauguration.

### NARCE Chapter Endorses Bills

By Jane Casselberry  
A near record turnout at the February meeting of Winter Park Chapter, National Association of Retired Civil Employees, heard a detailed description of various pieces of legislation beneficial to their group.  
After thorough discussion, the chapter unanimously endorsed two bills now pending before the House Post Office and Civil Service Committee of Congress.  
One would grant a 10 per cent increase in annuities for amounts up to \$3,000 and five per cent for amounts in excess of \$3,000.  
The second would recompute annuities for those retirees who have elected a reduction to provide for a survivor annuity for his spouse by applying the formula now in use for those retiring under present laws.  
Members were urged to write their Congressman requesting early favorable action.

### Legal Notice

IN THE CIRCUIT COURT OF THE 11TH JUDICIAL CIRCUIT IN AND FOR SEMINOLE COUNTY, FLORIDA.  
IN CHANCERY NO. 16683

# It Can Happen To You

Up in New York City several months ago a man attacked a woman on three different occasions before he succeeded in killing her. Something like 37 persons witnessed each attack . . . and made no effort to come to the aid of the woman or to summon the police.

New York newspapers took up the issue, and condemned the 37 people for their utter disregard for human decency or their civil responsibility to assist in upholding the laws. A book has been published, pointing to this lack of action.

This same sense of "not putting our nose in other people's business" is sweeping this country. It is not a matter of complacency . . . it's just the cowardly instinct of not "wanting to become involved."

By the same token, British police asked for the co-operation of the public in combating crime — not to the point of confronting criminals in the act but by aiding and abetting the police with information.

But the British public responded with a hue and a cry, so much so the police are asking them to back off and not clobber bank robbers in the act, etc.

Which leads us to this: The Sanford Herald highly commends the woman who last week took a club to

the two young men who raped a 12-year-old girl.

This resident just didn't look on, and mind her own business. She saw a crime being committed, and she made every effort to stop it. That she did not succeed was not of her fault, because they were husky young men, but she did go all out to save the young girl from harm.

The Sanford Herald highly commends this woman for her courageous act . . . and sincerely trusts that all residents will follow likewise and not just "sit back and watch" when they witness a crime. If nothing more, alert the police immediately. The phone number is 322-4141!

Don't accept the complacent attitude that "it can't happen to me or mine" because next time it might!

## Thought For Today

The thief comes only to steal and kill and destroy; I came that they may have life, and have it abundantly.—John 10:10.

Life consists not in holding good cards, but holding them well.—Josh Billings, American humorist and writer.

## Dick West's

# The Lighter Side

WASHINGTON (UPI) — Recently it was disclosed in this column that a U.S. Navy captain had accomplished the incredible feat of drawing up official rules for the ancient game of bean ball, which previously had been vacillating in a state of flux.

Well, sir, now it can be told that a somewhat similar exploit took place during the Korean War. It bears the code name "Jazzpog."

Only in this case it was not a matter of inventing rules, but of abandoning them.

Does my ability to come up with scoops of this sort as sound to you? If so, I must give credit for the "jazzpog" exclusive to Capt. J. Dunham Reilly, professor of naval science at the University of California, who provided me with the fascinating details.

According to Reilly, the term "Jazzpog" was derived from the initials JSPOG, which were derived from

something called the "Joint Strategic Plans and Operations Group," of which he was once a member.

This was the group, based in Tokyo, that planned the Inchon landing in Korea. But that was a comparatively simple assignment.

"The real problem," Reilly reports, "was to get away from our desks, play half an hour of vigorous volleyball in the majestic Peacock Room of the Imperial Hotel, down two martinis and a sandwich — all in the noon hour."

Obviously such a tight schedule required that no time be wasted. It developed, however, that much of the 30 minutes allotted to volleyball was being consumed by arguments over the rules.

Thereupon, a decision was reached to dispense with the rules entirely. Otherwise, they might have had to dispense with one of the martinis. Reilly did not say how they

happened to be using the Peacock Room for a volleyball court. Presumably, that is another story.

At any rate, the result was "Jazzpog," a game that could be interrupted only if a joint investigation should conclusively prove that one or more of the following incidents had occurred:

1. "Alteration of the score by more than two points in any direction."
  2. "Displacement of the net more than 4 feet in any direction."
  3. "Hanging upon net."
  4. "Banging honorable on position upon the net."
  5. "Joining opponents in disguise with objective subversion."
  6. "Kicking or knocking opponents above the belt."
  7. "Using firearms, clubs, knives, or gouging, except in the locker room."
- Jazzpog also required that all joint investigations be conducted while the game was in progress. It was the turning point of the war.

## Dr. Crane's Worry Clinic

Suzette offers some startling advice to American men. As a charming French widow with wide social experience, she has neatly diagnosed some of the chief differences between the romantic technique of American males and those of Europe. Scrapbook this revealing case and send for the booklet on "Sex Differences."

"Dr. Crane," she began, "I have noticed a very great difference between the European males and your American men. In fact, you can often detect an American from close across a restaurant just by the way he drinks his wine. Frenchmen, for example, sip their beverage and prolong the glass as much as possible.

"They tantalize their own palates with the flavor and savor their lips with each swallow.

"But do you know how your American men often act in Paris?

"Well, they gulp down their drinks as if they are trying to win a wager as to how fast they can empty a glass.

"Indeed, they aren't content just with a glass or even a bottle of rich wine, for then they wish something stronger.

"And they will even boast about how many glasses they can take before they slide under the table, dead drunk.

"Dr. Crane, you have mentioned in your lecture today that men are often quantity-minded instead of being quality-minded.

"And from my personal experience, I agree with you. For they like to boast about how many conquests they have had, as if the sheer number of their different conquests is of paramount importance.

"In France, it is not the number of women a man has dated out how rapturously he has loved just ONE girl that counts most.

"Your American young men seem to think that romance is like one of their college athletic events, for they try to show off their physical superiority instead of their artistry!

"Instead, in Europe, we look upon love as being a first cousin to music.

"It isn't the strength of a pianist or violinist that counts but his superb skill at producing harmony.

"Maybe it will offend many of the American young men, but in love making they remind me of bass drummers who are awkwardly trying to play a Stradivarius!"

Suzette has very neatly expressed a basic complaint that I hear repeatedly in the 1,000 letters per day which come to me via this column.

For it is quite true that young men are not only quantity-minded but also rapacious in their hungers.

They gulp their drinks instead of sipping!

Instead of tantalizing their girl friend and whetting her romantic appetite by delectable and teasing prelude, they rush to where angels fear to tread.

They also take the "athletic" view of romance in-

stead of the artistic attitude. So they try to prove their virility by quantity instead of quality!"

At present, I am cooperating with 3,000 talented elegy-men of all the various faiths, to help establish "Marriage Clinics" under auspices of these various churches.

For divorce destroys 25 per cent of our marriages, yet divorce is usually due to ignorance of the psychology of the two sexes.

So send for my booklet "Sex Differences Between Men and Women," enclosing a long stamped, return envelope, plus 20 cents.

(Always write to Dr. Crane in care of this newspaper, enclosing a long stamped, addressed envelope and 20 cents to cover typing and printing costs when you send for one of his booklets.)

## Barbs

By Walter C. Parkes

After an electrical storm in Avon Park, Fla., a store's wall clock began running backward. Here's to bigger and better electrical storms.

Brigham Young University's computer annually pairs boys and girls students for a dance. One girl sought a tall, dark haired, blue-eyed partner interested in marriage. The machine diagnosed his name—her brother!

If seed catalogues start to sprout in your mail box, can spring be far behind?

A bad night out with the boys is often followed by a "Good morning, Judge."

## Letters To The Editor

Editor, The Herald:

For more years than I care to remember, our city has complained about its lowly position in the surrounding area and the state. It has complained of "special interests" who want Sanford to remain as it is. We have watched Orlando outstrip us so that we are today hardly more than a suburb of that city.

Florida is growing at a rapid pace, and will continue to do so. It is up to us to determine what part we will play in that growth. Either we will play a prominent role, or we will be pushed back into the very lake which could bring us increased prosperity and national prominence.

Florida is growing at a rapid pace, and will continue to do so. It is up to us to determine what part we will play in that growth. Either we will play a prominent role, or we will be pushed back into the very lake which could bring us increased prosperity and national prominence.

Development of our lake-front for recreational use will provide increased revenue while retaining the beauty of the area. Sanford needs to increase its income, but not at the expense of an industry which would destroy the beauty of all of us enjoy.

I note we have several committees established to study the ways and means of bringing about the construction of the marina—if the city decides to build it. How about the rest of the people of Sanford and of Seminole County? What are their thoughts on this matter? I am surprised at the apparent lack of articles on this subject in your Letters to the Editor. I ask my fellow citizens to speak up, to utilize this column as a means of conveying to our elected representatives our opinion on this vitally important issue.

Roy E. Franklin

P.S. My permanent home of record is Route 2, Box 392, Sanford, I am currently serving as a T/Sgt. in the United States Air Force, with duty at the Pentagon.

I want to thank you very much for the support your newspaper is giving to the proposed marina. Sanford is on the brink of discovering it can stand on its own feet and establish a unique position for itself within the State.

You'll be Happier in a FORD from Strickland-Morrison, Inc. YOUR FRIENDLY FORD DEALER SANFORD, FLA. 322-1181 W. P. 611-8916

## Bruce Biossat -- Ray Cromley

# Political Notebook

WASHINGTON (NEA) — The increased Viet Cong daring against Americans in South Viet Nam may in part result from recent U. S. shilly-shallying in Laos.

In our Laotian bombing we are making the same mistake we made at Cuba's Bay of Pigs. We are committing our forces piecemeal, forgetting that doing too little is sometimes worse than doing nothing.

Except for one or two major raids, the planes have gone out in ineffective patterns, if bombing experts here are correct in their analysis.

The bomber pilots frequently report they've found no worth-while targets. Their missions reportedly have been almost wholly in the daytime, when Red North Vietnamese trucks and supplies are hidden and camouflaged.

Messages from the field indicate that so far the U. S. attacks have destroyed an important bridge. It was quickly bypassed by the enemy. Some buildings have been bombed out along the Red supply routes. Overall, the military effects have been small.

None of these reports are critical of the able men who fly these missions or of the observation plane pilots who have taken the excellent photographs from which the bombers operate.

This ineffective, piecemeal bombing is having several effects:

—It is giving the Reds time to decide what counter-

measures to adopt and time to carry out these counter-measures. The Reds have recently built up their anti-air defenses and intensified training their infantry in firing at planes with rifles and machine guns.

—These light air attacks are excellent conditioning for Red forces in meeting air attacks for the strikes are not rough enough to put Red troops out of commission, but just enough to give them training. A series of small ineffective raids has the same result as a man's being inoculated with a vaccine. They build up considerable resistance.

The first bombings in Laos reportedly panicked the Reds. Reports now indicate they panic no longer.

The missions reportedly have been held down on orders close to the White House. As in the canceling of air cover in the invasion of Cuba, an attempt has been made to show U. S. determination without stirring up an international incident.

Apparently, the original plan in Laos was to start out strong. After the first large mission, there were strong instructions from these Johnson advisers to hold down sharply on the number of planes.

Some U. S. officials have contended that bombing Red supply lines in Laos would convince Red China and

North Viet Nam we meant business and give them sobering second thoughts about stepping up the war.

The way in which higher U. S. officials have ordered these raids carried out, however, may well have convinced Hanoi and Peking that the United States does not mean business.

It may have enticed them to plan a general step-up in the fighting (and in bloody jobs at American personnel) in the belief that the United States is merely going through the motions and putting on a show in preparation for a negotiated settlement.

### Dear Abby:

**DEAR ABBY:** Blank and I are very much in love and we have been planning to get married sometime this summer. Now we are going to have to get married as soon as possible. How should I tell my mother?

**JUMPED THE GUN**

**DEAR JUMPED:** Tell her in English—and fast.

**DEAR ABBY:** I have a problem. It's not new. I am sure you get hundreds of such letters every day. In my case, I thought I was the last person in the world this would happen to. After 18 years of what my husband has always told me was an "ideal" marriage for him (and it was for me, too), I learned that he has a paramour. This woman is older than he and she be-

came interested in him after her husband died suddenly.

Abby, how can a man love two women? He maintains he doesn't love me any less than he always has, but that he is capable of loving two women at the same time. Is this possible? I am desperate. My husband is a professional man and I dare not give you my name, but I want to know what I should do.

### HUSBAND LOVES TWO

**DEAR WIFE:** Yes, a man can be in love honestly (if not honorably) with two women at the same time. But his relationship with you has been tested in fair weather and foul, and has survived. "She" is something new, perhaps flattering and exciting, but likely to fade. He wants both the steady and the heady benefits of love. Don't let him feed his greed. Ask him to choose. And I'll bet on you. If I am wrong, keep those legal ties. He'll come out of orbit and back to the hearth. It's worth the gamble.

**DEAR ABBY:** I hope you can put some sense into my son's head. I give up. He is 23 and fell in love with a widow who is 33. She has five children, but I must say she is very pretty and she doesn't look her age. He's known her for two years and has gone with her for one. He earns a good living and this woman has a steady income whether she marries him or not. I begged her to give up my son and find an older man, but she said she "loves" him and couldn't do it. They all go to church together on Sunday and people stare at

them because he doesn't look old enough to be the father of those five children. He says he is proud to be by her side. His father and I warned him to find a younger woman because divorce isn't permitted in our church. What will he do in a few years when he realizes he made a mistake?

**HIS MOTHER**

**DEAR MOTHER:** If it is proven that your son goofed in marrying a "pretty" widowed mother of five children whom he loves and enjoys, it will be HIS problem. YOUR problem is to refrain from poisoning a relationship that appears inevitable.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 69700, Los Angeles, Calif.

Troubled? Write to Abby, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

### Jacoby On Bridge By Oswald Jacoby

North and South were using a 21-22 point two-trump opening, but South added one point to his 20 for the six-card spade suit. I don't know exactly how many points North added to his own 10 high card points in order to justify a jump to the slam but he must have added something since 22 plus 10 is only 32 and 32 is not enough to justify a no-trump slam.

South looked over dummy carefully but without enthusiasm. Apart from the fact that he was a trifle shy in high cards he could only find one entry to dummy so he decided to start proceedings by leading a low spade from his own hand.

East won with the jack and

returned the five of diamonds and South went right up with his ace. He was sure that East would not have led away from

the king. Then South cashed the king of clubs and king of hearts, led a low heart and finessed dummy's jack. East took his queen and led a diamond to West for a two-trick set.

North was quick to point out that South would have made the hand if he had gone up with the ace of hearts and cashed dummy's queen and nine of clubs and if South had been looking at all the cards I am sure he would have made that play. I am equally sure that South's actual choice offered the best chance. The heart finesse was an even money proposition. The odds against dropping then ten of clubs were substantial.

### We The Women:

By Ruth Millett

Newspaper "Enterprise" Assn. All you men know what a lift you get when the boss praises you for a job you have done particularly well. A promotion or salary increase often follows.

Any kind of on-the-job recognition you get sets you up not only for a day, but for quite a while.

Without any recognition you still would have known that you had done a good job, but hearing your work praised is sweet music.

In fact, you would soon go sour on the job if none of your efforts were ever noticed.

Yet, if you are like a lot of husbands, it never dawns on you that your wife needs some sign of appreciation and praise for the job she is doing, and that it must come from YOU.

It is mighty discouraging to a woman to paint a room, slip-cover a sofa, make curtains, or refinish a second-hand chest of drawers so that it becomes a beautiful piece of furniture and have you not even notice.

Or worse yet, say without really looking, "Yeah, that's fine," when she shows you what she has done.

It is also discouraging for a woman who puts in long,

hard days at her job, never to have her husband tell her he is proud of the home she has made for him, or the way she handles the children, or that he appreciates what a good manager she is.

Consider this, men, next time some recognition at the office sets you up and makes you feel like a million. As you are looking forward to telling your wife about your triumph, stop and ask yourself this question:

"When was the last time I told my wife what a swell job she's doing for our own personal 'corporation'? She's just as entitled as I am to be proud."

### Highlights

### TV Time Previews

9-9:30 p.m. CBS. Dick Van Dyke Show "The Case Of The Pillows" in this hilariously absurd episode, Rob drags a man to court for a dastardly crime of deception: He sold the Petries some pillows made of "chopped chicken feathers" instead of the good duck down they were supposed to contain. With Perry Mason-like elaboration, Rob makes sure that justice is triumphant. Ed Begley plays the wise old judge who's interested in protecting the innocent.

7:30-9 p.m. NBC. The Virginian "You Take The High Road" (Color) The basics here are familiar to most followers of westerns, but you might be interested in seeing how this series treats such staple goods. A young man (Richard Beymer) carrying a grudge against a tough trail boss (Myron Healey) prevails upon the Virginian (James Drury) to teach him how to handle a gun. When it comes time for him to use it, guess whom he may have to use it against. Diana Lynn plays the young hothead's sister.

8-8:30 p.m. CBS. My Living Doll "Boy Gets Robot" unless you've been an avid follower of the series, it may not mean much to you that with this episode Robert Cummings disappears, leaving Jack Mullaney and Julie Newmar fight it out for the "hon." If you've never seen the r before, you'll probably be amused as Mullaney nervously and insecurely tries to adjust to the fact that he's now living with a robot.

8:30-9:30 p.m. ABC. Shindig

dig. Frank Buck denies having had a hand in rounding up tonight's all-star aggregation, but where else could they have come from? The special guest star is Vic Dana. The very special guests are Peter and Gordon (English, don't you know!). Then there are such everyday participants as Bobby Sherman, Dee Dee Sharp, Linda Gail, Jerry Lee Lewis, Jerry Mason and horde of others of equal talent. Top songs? Try "Hippy, Hippy, Shake" or "Let's Jump The Broomstick," both of which should be around for generations to come.

9-11 p.m. NBC. Wednesday Night Movie. "Submarine Command." This is a story about a submarine that was put into mothballs after World War II and reactivated for the Korean conflict, and named by the same crew. William Holden stars as the commanding officer, with William Bendix as the chief torpedoman who still holds Holden responsible for two men killed during the war.

9:30-10:30 p.m. ABC. "Who Killed The Man On The White Horse." A cowboy star rides out on stage on cue before his anxiously waiting audience, but he's propped up by a stick and his head dangles from his broken neck. This bizarre method of operation characterizes the murderer and Burke almost joins the victim flat before he's saved by an odd clue. The odd suspects include Virginia Mayo, Telly Savalas, Barbara Eden, Fernando Lamas and Ray Middleton.

10-11 p.m. CBS. The Danny

Kaye Show. Pat Carroll is one of the guest stars on tonight's show, but she doesn't have much of a chance, as far as the men are concerned. The other guest is motion picture star Elke Sommer, making her American TV debut. Miss Sommer joins Danny in a comedy sketch about bashful Jerome visiting a Broadway star, and later the two sing a group of folk songs. Miss Carroll and Kaye get together for a series of blackouts on how sons-in-law handle their mothers-in-law. Danny also does a song and dance routine with 9-year-old Laurie Lichino called, "Laurie, Won't You Dance With Me?"

10:30-11 p.m. ABC. ABC Scope "Out With The Old." A harrowing treatment of the problems of old age with special emphasis on the emotional and psychological conflicts confronting the children whose parents are moved to homes for the aged and what can be done (if anything) to ease one of life's most actually sensitive situations.

Ikebana International is devoted to the furthering of the culture of Japanese flower art.

*Beauty after Forty*  
EDYTH THORNTON McLEOD

"I am so distressed, as I find that I cannot wear contact lenses. I am a concert pianist and hate to wear glasses. What kind should I choose?—Mrs. D."

To see is very important, so forget worrying about wearing glasses. Select one of the lovely frames which have style, and try them on as you would a hat or a dress. Be sure you are wearing your hair as you do when performing. This is so important. The frames can be selected in color and they can be matched to the color of your gown. One caution: do not wear dangling earrings, but select a close-to-the-head design. Hutons are good. Or, if your face is round, a pair in oblong shape are most flattering.

"My skin is good as far as smoothness is concerned, but it is an ugly yellow tone. It always has been but now, with white hair, it seems to show more! What to do—Heatrice."

Choose a pink powder, then lightly dust over it with a lighter-than-skin-tone powder. Wear soft pink next to your face. A chiffon scarf is smart, tucked in the neckline. Pink seems to counteract the yellow tone. Never wear any shades of yellow or brown.

"I now have a job where I must wear white, and it seems to make me look so pale. My appearance is important to this job. I have white hair, a fair complexion and blue eyes.—G. A."

Choose makeup in a soft suntan shade, and be sure to have a deep red lipstick. Touch your cheeks with color.

This will help to make white more becoming.

"I am fifty-seven and want a red wool suit, but my daughter laughs at me. Is it so foolish? I can afford it.—Mrs. Reader."

Certainly, get a red suit; a soft, warm-red in wool will be most becoming. Have your lipstick in the exact matching red.

"Would a black brocade 'theatre suit' look well at a six o'clock wedding in a large church? I am just a guest. I wear hats, but what kind? The wedding is in April and there is a reception afterwards. What should my husband wear? It is not important enough for us to spend money for special things to wear.—Mary."

The black suit will be perfectly correct. A tiny "colifore cap" of flowers would add a spring-like touch, and do wear long gloves and carry a small "cocktail" bag. Your husband will be correctly dressed in a dark business suit, white shirt, gray tie, and black shoes.

Tomorrow—Your Manners Are Showing

# Horoscope Forecast

Thursday, Feb. 18, 1965  
GENERAL TENDENCIES:

A fine day and evening to utilize your co-operative instincts and abilities to get along better with others and to show that you have a very good sense of neat touch and fine finish where decorating, sales, the arts, music, design are concerned. Making a special point to find out from others just what they expect of you and how to gain others' good will.

**ARIES** (Mar. 21 to Apr. 19) Know what it is associates want from you in the larger scale of your endeavors together and remove all obstacles to success. Show some delightful, kind gesture. Buy little gifts, candy, etc.

**TAURUS** (Apr. 20 to May 20) You need not be afraid of that big task before you if you first talk things over with associates and co-workers. Improve your health for greater efficiency. Avoid going to semi-experts.

**GEMINI** (May 21 to June 21) Getting together with congenials for recreation or creative activities can prove very satisfactory. Set up dates early. Put your finest skills to work and you make real progress, if it be only at golf.

**MOON CHILDREN** (June 22 to July 21) Drive away gloominess at home by being more cheerful and helpful yourself. Put away those things that have been a detriment to your true joy. Be yourself and forget about being morose.

**LEO** (July 22 to Aug. 21) You can get the co-operation of partners so that your particular job becomes more efficient, easy at the same time now. Plan some time for your special hobby. Be kind with others.

**VIRGO** (Aug. 22 to Sept. 22) Instead of trying to do everything yourself, get some fine hired help and you win out by accomplishing, gaining more, get assets and liabilities better organized. Forget the petty.

**LIBRA** (Sept. 23 to Oct. 22) You are highly charming now and should get out to the right places and see the right people. Be sure your clothing is just right. Put your best foot forward and remember that courtesy always pays.

**SCORPIO** (Oct. 23 to Nov. 21) Being of assistance to those who do not have your ability is a good thing to do. Then be happy with loved one and forget worries, unpleasant things. Enjoy favorite recreation in P.M.

**SAGITTARIUS** (Nov. 22 to Dec. 21) Group affairs are your best and most happy bet today, so plan such and make some of your dreams come true. Meet new people who are fascinating. Let them shed light on bigger things of life.

**CAPRICORN** (Dec. 22 to Jan. 20) Doing those duties that are relatively easy for you in business world gives you stature now. Get credit affairs much better. Increase prestige by leaps and bounds.

**AQUARIUS** (Jan. 21 to Feb. 19) You can certainly grow mentally and spiritually by making the right contacts today. Contact those who are out-of-town. They give fine ideas you had not thought about before.

**PISCES** (Feb. 20 to Mar. 20) You can let those intuitive ideas come forth easily now if you are quiet for awhile and they can then be used wisely. Little courtesies to others will bring fine results. Be kind.

**IF YOUR CHILD IS BORN TODAY**, there will be such charm about your progeny that others will early want to spoil him or her, but while having favors heaped upon one are fine, the only things that are truly enjoyed are those that are earned by the sweat of the brow. Give a fine education and teach to be more independent — fine success is then possible in this fascinating chart.

"The Stars Impel, they do not compel." What you make of your life is largely up to YOU!

**State Charges**

**Low Welfare Checks Promote Immorality**

TALLHASSEE (UPI) — The state Welfare Board says the ceiling of \$81 monthly payments to dependent families is promoting immorality and illegitimacy.

And the board wants the Legislature to do something about it.

The board argues that 76 per cent of the families receiving aid payments don't have money for clothes, lunches and other things needed to keep their children in school—even with the payments.

If the parents are separated and the children are living with their mother—which is usually the case—she will often take a man into the home to help buy groceries and pay

the rent, according to welfare workers.

This contributes to illegitimacy, and also runs the mother afoul of the "suitable homes" law, adopted in 1959 in hopes of cutting the welfare rolls by discouraging immorality.

At present, Florida law limits payments to the needy at \$32 a month for a parent and one child, \$35 for a parent and two children, \$78 for a parent and three children, and \$81 for a parent with four "or more" children.

"Starving children and denying them the basic needs perpetuates generations of individuals who are ill-equipped to become self-supporting adults," according to one board official.

The board says it will take an additional \$25,398,954 to pay the full needs of each family if its plan is carried out.

But the federal government would pay two-thirds of the \$23.3 million, leaving the Florida treasury responsible for \$8,786,000 for the coming biennium.

Welfare leaders say they will plug hardest in the upcoming Legislature for a big boost in allocation in order "to at least adequately take care of this pressing — and growing problem."

**Siamese Twins Under Knife**

HOUSTON (UPI) — Doctors Tuesday were attempting to separate Kimberly and Karen Webber, 9-week-old Siamese twins joined at the front from collarbone to navel.

A team of 14 were performing the delicate operation on the twin girls.

The twins were born Dec. 8 by Caesarian section to Mrs. John Webber Jr., of Bay City, Tex.

Tests showed that the babies have two hearts and do not share any vital organs. They do share some liver tissue and some tissue around the heart.

The girls weighed 13 pounds, 13 ounces when they were a day old, lost a little weight soon after birth, but have steadily gained weight since then.

The girls weighed 13 pounds, 13 ounces when they were a day old, lost a little weight soon after birth, but have steadily gained weight since then.

**Water Storage Needs Outlined**

TALLHASSEE (UPI) — State School Supt. Thomas D. Bailey called today for an expanded information program to sell Florida citizens on the need for additional water storage land.

Conservation Director Randolph Hodges asked the State Budget Commission, of which Bailey is a member, to okay funds necessary to buy lands to store water in flood control districts and water management projects.

Conservation Director Randolph Hodges asked the State Budget Commission, of which Bailey is a member, to okay funds necessary to buy lands to store water in flood control districts and water management projects.

**LBJ Approves Nuclear Cut**

WASHINGTON (UPI) — The Atomic Energy Commission has announced that President Johnson has approved a new cut in the production of uranium fuels and explosives for nuclear power plants and weapons.

The curtailment will start in the middle of next year and continue until 1969.

WASHINGTON (UPI) — The Agriculture Department estimates that Americans spent \$11 billion during 1964 for alcoholic beverages.

In a report issued this weekend the department said the figure represented about 12 1/2 per cent of consumer spending for all food and beverages.

**Collections Up**

Sales tax collections in Seminole County continued to rise last month with a total take reported at \$119,679.35 compared with the previous January's total of \$190,723.31 and last December's total of \$94,668.15.

Highway Patrol Trooper Jerry Hawthorne identified the driver as Albert D. Flint Jr., of 1800 Summerland Drive, Winter Park.

He said Flint lost control of his car on a double curve prior to the crash. The mishap occurred on Route 431 south of Forest City.

**NOTICE**

There will be a Public Hearing held by the Zoning and Planning Commission of the City of Sanford on Thursday, February 18, 1965, 8:00 P.M. in the City Commission Room of the City Hall.

This is to consider the rezoning of:

The block between Oak Ave. and Myrtle Ave. from 25th St. to Park Drive from C-1 to C-2

and to further consider rezoning to C-2 all the area presently zoned C-1 between Palmetto Ave. and Laurel Ave. from 25th St. to 26th St.

All property owners within this general area are hereby notified and to govern themselves accordingly.

Clifford W. McKibbin, Jr.  
Chairman

# Computer Writes Of Seminole Economy For Sanford Herald

WASHINGTON (Sp1) — Electronic computers at the U. S. Department of Commerce's Bureau of the Census are extracting retail trade data about each county in the United States from tabulations of the 1963 census of business, inserting the figures in news stories, typing out the stories at eye-blinking speed, and addressing a story to each one of 16,000 news outlets in the Nation's 3,000 counties.

Three elements are used to produce these "machine-

made" news stories:

1. Statistics for 1958 and 1963 on number of establishments, their kind of business and location, their sales volume, employment, etc. This information is stored in machine "memory" and is part of the process of preparing the 1963 census of business reports.
2. The names and addresses of the newspapers and broadcasting stations, coded county-by-county.
3. A set of instructions which cause the computer to

select statistics concerning each county, print the statistics at the proper points in a news story, and address the story to each newspaper or broadcasting station in a county.

The news stories, accordingly, emerge as by-products of the process of preparing the census of business. Although the series will total more than 6,000 stories before it is completed it will require no additional personnel. The stories about retail trade will

be followed by a series of stories about service trades in each county.

The Census Bureau pioneered in the use of electronic equipment to tabulate data and to prepare statistical tables, beginning in 1951, but this is the first time such devices have been used to prepare news stories.

From this point in this article, the information came from the computer at the Bureau of Census.

"This local news item was prepared by a Census Bureau

electronic computer and typed at 10 lines per second especially for City Editor, Sanford Herald, 204 West First Street, Sanford, Florida.

"U. S. Census Bureau reports county's '63 retail trade.

"Seminole County's 464 retail establishments had \$47.6 million in sales in 1963, an increase of 82 per cent from 1958, the U. S. Bureau of the Census has just reported after tabulating data gathered from all firms in the 1963 census of business. The last

previous business census conducted by the Census Bureau, an agency of the U. S. Department of Commerce, was in 1958.

"Retail trade in the county meant jobs (exclusive of proprietors) for 1,551 men and women and a yearly payroll of \$4.2 million.

"In volume of business the county's food stores had sales of \$16.3 million an increase of 57 per cent from 1958. In other retail business—the county's eating and drinking places had sales of

\$3.1 million, and gasoline service stations had sales of \$5.2 million. Auto-dealers and related retail trade establishments had sales of \$8.3 million; general merchandise group stores had sales of \$2.5 million; and lumber, building materials, hardware and farm equipment dealers had sales of \$3.3 million.

"For the state as a whole, the Census Bureau reported 53,293 retail establishments with sales of \$7,699.7 million, up 30 per cent from 1958.

"Census reports to be is-

sued during the next few months will give state and county figures on wholesale and service trades, manufacturing and mineral industries.

"Figures on number of establishments and sales volume for major types of retail establishments in each county are provided in the printed report: 1963 Census of Business, Retail Trade, Florida, available at \$55 from Superintendent of Documents, Washington, D. C. 20402, and at U. S. Department of Commerce field offices."

## 'Agribusiness' \$16.2 Million

A concerted effort to improve and expand the Central Florida Experiment Station will be the first undertaking of the newly-formed Agricultural Committee of the Seminole Chamber of Commerce.

Committee members held their initial meeting Wednesday afternoon at Jim Spencer's Restaurant and Gen. J. C. Hutchison, chairman, listed the station's future as having top priority.

The overall goal of the group will be to see that agribusiness remains around in the community and to let the public know more about it.

The committee will meet soon with Dr. John W. Wilson, entomologist in charge of the station, to compare notes on the future of the installation.

Dr. Wilson is preparing his budget request for presentation to the State Legislature in April and the Chamber's committee will offer full support to it.

In a letter to the committee, Dr. Wilson outlined his needs for additional space and workers so the station can expand

## Fiberglass Boat Co. Looks To Altamonte

By Donna Estes

Dr. James Hickman appeared at regular meeting of Altamonte Springs Town Council Wednesday night to seek permission for conditional use on his presently C-2 zoned property in the northeast section of the town to construct a manufacturing facility.

Dr. Hickman explained that the proposed 10,000-square-foot metal building would be used for manufacturing fiberglass boats and employment would be provided for at least 10 men when production began.

After extensive discussion, a public hearing on the mat-

## Budget Hearing At Casselberry

By Jane Casselberry

A public hearing will be held on the \$127,000 tentative budget for the Town of Casselberry for 1965 at 8:30 p.m. Thursday, Feb. 25, in the Town Hall.

Largest single item in the proposed budget is the road board allotment of \$30,000 with an additional \$25,000 set aside for new road paving.

The police department comes in for a \$28,000 share; the mayor's office, \$11,500, and the fire department, \$9,100.

Other items included are: street lights, \$7,000; drainage engineering, \$1,500; insurance, \$3,500; superintendent of public works, \$6,000; public buildings and equipment, \$2,300; recreation, \$2,400; social security, \$500, and municipal court, \$200.

## Council Receives School Question

TALLAHASSEE (UPI) — Gov. Haydon Burns handed the Council of University Presidents full authority to decide the fate of the university trimester system.

During the regular Cabinet meeting, Burns called upon the council to study the trimester system which he has so long opposed.

He promised to abide by any decision the presidents make.

## Red Offensive Falls Apart In Face Of Force

SAIGON (UPI) — A guerrilla offensive southwest of Saigon fell apart today in the face of a strong show of force by Vietnamese troops.

The successful government operation was reported amid charges by Communist North Viet Nam that U. S. and South Vietnamese warships attacked a North Vietnamese coastal installation early this morning.

The Hanoi regime called the alleged raid a "new, extremely serious act of provocation by the United States and its stooges."

A Hanoi broadcast heard in Tokyo said two of the ships were damaged when they were intercepted by North Vietnamese patrol boats.

Although the North Vietnamese protest was belittled, it made no threats of retaliation.

Hanoi said the International Control Commission was informed of the incident in a note which called it "a gross encroachment" and an "impudent violation" of the Geneva agreements of 1954.

The Viet Cong offensive which crumbled today began Wednesday in the Mekong River Delta 35 miles southwest of Saigon when a guerrilla battalion attacked a government outpost near My Tho.

Military reports today said the guerrillas apparently elected not to stand and fight when the government struck back with a large-scale helicopter airlift of Vietnamese reinforcements.

SEMINOLE COUNTY'S electronic bookkeeping equipment used in the distribution of automobile license tags was studied Wednesday by Earl K. Wood, Orange County tax collector, and his staff as guests of Troy Ray, Seminole County Tax collector. From left: Mrs. Gwen Anderson, Wood, Ray, Mrs. Lottie Ortogus, Miss Bertha Olson and Mrs. Lilah Hoquist, with Ellis DeGroff, business machine firm representative, at right. March 20, Ray reinforced, is the deadline for the purchase of 1965 auto license tags. (Herald Photo)

## Businessmen Ask: Is Administration Killing The Goose?

WASHINGTON (UPI) — President Johnson today asked businessmen for help in chopping the nation's balance of payments deficit in return for the \$700 million tax break he gave them Wednesday.

Johnson was expected to make the plea when he meets with 350 leading industrialists and bankers to explain why he wants them to reduce their foreign investments and loans until the dollar outflow can be stopped.

The administration is determined to cut more than \$1 billion from the payments deficit this year and expects "voluntary cooperation" on the part of corporations and banks to make up the lion's share of the reduction.

The United States was \$3 billion in the red in its international accounts last year.

Johnson sweetened the pill somewhat Wednesday when he announced that the Treasury had revised the procedure under which corporations can write off worn out machinery on their income tax.

This change will save business \$700 million in taxes in 1965, the Chief Executive said.

Nevertheless, there may well be some grumbling today at the White House.

Businessmen are beginning to ask if, in hearing down on overseas investments, the administration isn't killing the goose that lays the golden eggs.

IT LOOKS EASY as Mrs. J. W. Messer, art student, puts finishing touches on a painting she did in some of the classes sponsored by the Sanford-Seminole Art Association. Looking over her shoulder is Mrs. Mildred Babcock, instructor. Some of the work of the students will be exhibited in the annual Art Show slated at the Civic Center, Sunday from noon to 6 p.m. There will be free refreshments for all visitors, too.

## U. S. Must Halt Red Expansion — McNamara

WASHINGTON (UPI) — Defense Secretary Robert S. McNamara said today the United States must continue its struggle to halt Red expansion in Asia and has little choice but to make its stand in South Viet Nam.

In a statement before the House armed services committee, he described the situation in Viet Nam as "grave but by no means hopeless."

McNamara's strong stand on Viet Nam highlighted a wide-ranging review of world affairs which also spelled out American conditions for a NATO nuclear force and concluded that Red China "in time" could produce ballistic missiles with hydrogen warheads.

But for the near future, McNamara said, he doubted that the Red Chinese would start overt aggression against their neighbors because they had shown "great caution when confronted with a determined display of military power."

McNamara also said that nearly 80 million Americans would be killed in an all-out nuclear attack on U. S. cities even if \$25 billion were spent during the next five years on shelters and anti-missile weapons.

In the absence of such a shelter and anti-missile program—so far not even proposed—he said the death toll would be close to 150 million persons.

## news... BRIEFS

**Beatles Wealthy**  
LONDON (UPI) — Beatles John Lennon and Paul McCartney became millionaires today 60 seconds after stock in their music firm officially went on sale.

**Pact Renewed**  
MIAMI (UPI) — Cuba and Russia have renewed a trade agreement under which Cuba gets Soviet oil and farm machinery in return for sugar and nickel.

**Sales Boosted**  
JACKSONVILLE (UPI) — Winn Dixie Stores announced today sales increased 492 per cent in the 32-week period ending Feb. 6 over the corresponding period a year ago.

**Bridge Ablaze**  
ST. PETERSBURG (UPI) — A fire, which burned for hours in oil-soaked timbers, closed down the Seaboard Air Lines railroad bridge crossing Boca Ciega Bay Wednesday.

**Advice Offered**  
BOCA RATON (UPI) — The Johnson administration was advised by the National Association of Manufacturers Wednesday to keep out of state and local government problems.

**Envoy Expelled**  
BEIRUT, Lebanon (UPI) — An American diplomat expelled from Syria as an alleged spy arrived here by car Wednesday night. He left Beirut today in a plane bound for Rome.

**Report Readied**  
MOSCOW (UPI) — Premier Alexei N. Kosygin will make a television report to the Russian people on his trip to the Communist countries of Asia by the end of the week, reliable sources said today. It will be his first "fire-side chat" since taking office.

## Spacecraft Heads To Sea Of Tranquility

PASADENA, Calif. (UPI) — Ranger 8, the U. S. spacecraft headed for a picture-taking rendezvous with the moon, today executed an apparently successful mid-course maneuver to put it on a collision course with the lunar body.

A "go" signal for the vital maneuver was flashed from the Goldstone (Calif.) tracking station to activate commands previously stored in the spacecraft's computer.

At that time, Ranger 8, launched Wednesday from Cape Kennedy, was 99,281 miles from earth, traveling toward the moon at a velocity of 4,100 miles an hour.

The scientists said that it would take a rather lengthy study of telemetry data to confirm the apparent success of the maneuver.

The radioed "go" signal activated a small rocket motor in the spacecraft's stern to supply power for the mid-course maneuver.

Ranger 8 executed two types of turns, a roll and a pitch. Without the maneuver it would have missed the moon by 1,136 miles. The rocket motor burned as planned for 59 seconds.

During the maneuver, Ranger 8 lost its fix on the sun and its communications equipment ran on battery power. Sensors on the front end had to reacquire the sun so that its solar panel could soak up energy and convert it to electrical power for sending televised photographs back to earth Saturday.

Specific target of the television probe was the moon's Sea of Tranquility—an arid area considered a likely spot for a landing by U. S. astronauts.

Ranger 8 was blasted from earth at Cape Kennedy Wednesday atop an Atlas-Agena rocket.

If it hits the moon, it will be the fifth man-made object to reach that destination. The United States has hit the moon with Ranger 4 in 1962 and with Ranger 6 and Ranger 7 later. Russia performed the feat with Lunik 2 in 1959.

Why You Should Buy TIRES From

Lifetime Unconditional Road Hazard Warranty

**FREE!**

- Periodic Inspection
- Flat Tire Repair
- Tire Rotation
- Front End Check

BUDGET TERMS—NO CARRYING CHARGES

405 W. First St. 322-0651  
SANFORD, FLORIDA
