IRENE DUNNE and Cary Grant, one of the most popular romances in Hollywood, are reunited tomorrow and Monday at the Ritz in "Penny Serenade," sensational new George Stevens production.

"THE FLAME OF NEW ORLEANS" starring Marlene Dietrich, with Bruce Cabot, Roland Young, Mischa Auer and Andy Devine, heading the large supporting cast, will be shown at the Ritz next Wednesday and Thursday. The picture is not suitable for children.

FRANK ALBERTSON and Anne Nagel are pictured above in a scene from the thrill-laden horror picture, "Man Made Monster," which will be shown tonight at 11:30 o'clock, as the feature of the midnight show scheduled at the Ritz. A fine program of short subjects is also planned.

HERE IS a splendid character study of the popular Western star, Roy Rogers, who will be seen next Friday and Saturday at the local Ritz in his latest picture, "Robin Hood of the Pecos." His side-kick, George "Gabby" Hayes, Marjorie Reynolds, Roscoe Ates and Eddie Acuff are featured.

## PROGRAM FOR WEEK OF JUNE 8th

Sunday, Monday—"PENNY SERENADE" with Cary Grant, Irene Dunne, Beulah Bondi and Edgar Buchanan. Also—"PASSING PARADE—WHISPERS"; "POPEYE" Cartoon and News.

Tuesday, Bargain Day—Double Feature — "THERE'S MAGIC IN MUSIC" with Allan Jones, Susanna Foster and Lynne Overman. Also—"SWANEE RIVER" return showing of the great hit of 1939, with Don Ameche, Andraa Leeds, Al Jolson and The Hall Johnson Choir.

Wednesday, Thursday—"THE FLAME OF NEW ORLEANS" with Marlene Dietrich, Bruce Cabot, Roland Young, Mischa Auer and Andy Devine. Also—Comedy, Travelog and Universal News.

Friday, Saturday—"ROBIN HOOD OF THE PECOS" with Roy Rogers, "Gabby" Hayes, Marjorie Reynolds and Roscoe Ates. Also—"MEET THE WILD CAT" with Ralph Bellamy, Margaret Lindsay, Allen Jenkins and Jerome Cowan.

THE FIRST of several successes of former years being returned to the Ritz Theater, in response to patron's requests, "Swanee River," starring Don Ameche, Andraa Leeds and Al Jolson, will be shown next Tuesday, as part of a double feature program.

## Experiments In Spanish Studies Will Be Started

LAKELAND, June 7—(Special)—In harmony with state and national efforts to cement relations with Central and South American countries, Florida Southern College this summer will sponsor experimental work directed toward introduction of Spanish conversation and culture studies as a part of the recreational programs of Florida elementary schools. President Ludd M. Spivey announced today upon an innovation advocated by many Florida education officials, the informal Spanish instruction would be taught as low as the third grade. With the co-operation of Pres. Brigham of Bartow, Polk county school superintendent, Dr. W. C. Zellars of the Southern faculty has started an experimental project in six schools of the county.

Dr. Zellars, Spanish instructor, will offer a laboratory course in the Southern summer term designed to aid public school teachers in the organization of Latin-American clubs and in fostering a better knowledge of the Spanish language and a better understanding of South American neighbors.

Beginning lessons in the county school project are being experimental work carried on in the Florida Southern College laboratory school this Spring. Vocational training, rather than grammatical study, is being emphasized. Books to be used will contain information about Spanish-American history and geography.

Colin English, State superintendent of education, has recommended that Spanish instruction be given first place in Florida schools and encouraged officials to institute the informal Spanish study where possible.

Army Troops Take Control Of Plant; Striker Bayoneted

Soldiers Are Cheered By Some Workers At Huge Aircraft Plant Upon Coast

Fighting Breaks Out At Factory After Five Days Of Wage Dispute

LOS ANGELES, June 9 (AP)—U. S. Army troops moved into the North American Aviation Company here this morning to take over the strike-bound plant on orders from President Roosevelt.

The soldiers moved in shortly after a fight broke out here as some of the 12,000 men tried to enter the plant in response to a government request to resume the production of war planes.

The troops were greeted with cheers by lines of workers who had been prevented from entering the plant by the disorders.

Army control of the huge plant, which has a backlog of 600,000 planes orders, came after a day of workers' strike.

Government troops were 75 miles from Los Angeles when the plant was taken over.

The workers generally yielded to the government's demand for a return to work by today on penalty of the Army taking over the plant.

At the plant, two battalions of Regular Army troops arrived in Southern California, presumably to carry out orders of President Roosevelt to take over the plant if the walkout did not end by Monday.

The plant produced one-fifth of U. S. military aircraft. A situation maintained ever since the plant's closure in 1933.

Time Out From The Picket Line

Night shift pickets at the North American Aviation Plant at Inglewood, Cal., find time hanging heavy on their hands, so go in for a few hands of cards. Government action to force resumption of work on vital warplanes was brought on by refusal of union and company to get together on a settlement.

Watchers Will Be On Lookout For Enemy Aircraft

Watchers for enemy aircraft will be placed at 16 strategic posts throughout Seminole County and will keep a 24-hour vigil as a part of the civilian defense activity.

Volunteers will be asked to man the lookout posts and they will be within a few minutes of a telephone, Mr. Williams explained. Enough volunteers already have offered their services to set up the organization immediately, the chairman said.

The watchers will be placed in the center of every mile circle throughout the county, and will work in shifts. Each spotter will be placed upon a building or high point of land, and will have a view of eight miles. Thus the watchers' areas will overlap each other for additional protection.

Mr. Williams said. Mr. George Burr, Jr., president of the State Defense Council, has pointed out that "it is of great importance that any preparation for protection against air attack should be brought to as great a degree of finality in peace time as circumstances will permit; reliance on a last-minute emergency effort is not to be depended upon."

Notice of suspension of the NYA Arts and Crafts Classes has been received from the State headquarters and the classes will be stopped tomorrow until they re-open July 1. Mrs. Mayne Haddix stated this morning.

Closing of the classes for that period is to give the NYA administrator time to ready for the fiscal year and get ready for the work year. Most of the work scheduled by Mrs. Haddix has been finished and a studio coach from the Orlando airport has been completely refitted and delivered to the school.

Members of the NYA advisory board will meet at 2 p. m. tomorrow at the school to discuss the suspension of classes.

The NYA Commission will meet at 7:30 o'clock tonight. The Board of County Commissioners will hold its meeting tomorrow morning at 10:00 o'clock.

The Seminole County Defense Force will be mustered in tonight at the Armory at 8:00 o'clock, and the public is invited to the ceremonies. E. C. Harper, captain, said today. Equipment is expected to arrive Wednesday morning at 9:00 o'clock.

The Lions Club will have its annual boat ride on Wednesday afternoon, and members will meet at Brimley's boat house at 1:30 P. M. Those who plan to attend are asked to get in touch with Harold Stewart.

House Reduces Work Relief Appropriation

Cut Will Necessitate 44 Percent Reduction In WPA Roll From Peak In 1940

WASHINGTON, June 9 (AP)—Flaity rejecting President Roosevelt's recommendations for liberalizing the law, the House Appropriations Committee today approved an \$885,505,000 work relief fund for the year beginning July 1, a 25 percent cut from the current fund.

The reduced appropriation would necessitate a 44 percent cut in WPA rolls from the peak total of the past year.

The committee in its report sought to counteract what it said was a "casual impression" that the defense program should be expected to absorb virtually all unemployed, and it declined to accept the President's recommendation that Congress lift the prohibition against the employment of aliens on relief.

U. S. Soldiers Have Unofficial "Invasion" In Middle Tennessee

WITH ARMY IN TENNESSEE, June 9 (AP)—Soldiers in the middle Tennessee war games held an unofficial invasion of their own yesterday, virtually taking over the streets of Nashville and Chattanooga and filling the 150 miles of highway between.

Every hamlet in the 600-mile square maneuvers overflowed with fun-seeking troopers, but Nashville, 30 miles to the north, and Chattanooga, 70 miles south, drew most of them.

Altamonte Springs Ready To Aid Defense Effort

Altamonte Springs, a town with about 800 population, has demonstrated its willingness to help out in the civilian defense program.

Skill Gorham and Albert Ballar, who had charge of civilian defense registration in Altamonte Springs last week, reported that the town had assigned the blanks out of the total population of 800.

Ickes To Act On Oil Shortage This Week

WASHINGTON, June 9 (AP)—Informed sources predicted last night that Defense Oil Coordinator Ickes would take definitive steps this week to alleviate a threatened oil shortage on the east coast, hub of defense production.

With the thickly-inhabited Atlantic Seaboard facing gasless Sundays and other curbs on the consumption of oil within the next month, Ickes is expected to appoint his staff before outlining a policy for regulation of the \$10,000,000,000 oil industry during the national emergency.

Many Are Killed In Raid On Alexandria

ALEXANDRIA, June 9 (AP)—Twenty-four bombs about 40 bombing planes raided Alexandria Saturday night, smashing a city block of apartments and causing perhaps three times as many casualties as those of last Wednesday when 150 civilians were killed.

Terrified by the slaughter and devastation of the second bombing raid in four days, the people started a mass exodus from the city. Probably as many as 50,000 persons fled by car, truck, cab and bicycle and motorcycle between dawn and 7:00 P. M. Sunday.

The Rev. Martin Bram, who is head of the speakers committee for the United Service Organization, urged the support of those present in the drive for funds which will get under way at 9:00 o'clock tomorrow morning. H. George Cochran, chairman of the special gifts committee of the USO, said he had been asked by C. E. Bradshaw, general chairman, to announce a committee.

Many Deserters From Vichy Forces Join Free French, Says Report From Cairo

London, June 9 (A.P.)—A Reuters (British News Agency) dispatch from Cairo today said the capture of 150 German parachute troops by Allied forces in the Syrian operations had been reported.

Quoting the Free French radio as authority for the report, Reuters asserted the Syrian population are welcoming the Allies enthusiastically in areas already occupied and that French troops were falling into line with the invading British and Free French columns.

The Allied-British "Free French" drive into Syria is developing satisfactorily and many deserters from the Vichy forces are going over to it, Free French sources at Cairo asserted today.

In a strike across the ancient battlefields where the Crusaders fought the Saracens, the Allied mechanized columns were reported to have advanced within 10 miles of Damascus, capital of French-held Syria and also within 40 miles of Beirut, capital of Lebanon.

General Henry Dentz, commander of Syria's defense forces, declared himself "gladly" acknowledged "some French opposition" to the invasion, which was described as an attempt to forestall Nazi domination of the French Mediterranean colonies and balk an expected German thrust toward the Suez Canal.

It was not immediately clear whether France would declare war on Great Britain, Berlin and the question of Germany's attitude of ultimate action could not be discussed.

In the west, R. A. F. bombers attacked targets in western Germany while Nazi planes bombarded forays into Britain.

British troops of Palestine, joined by Free French contingents, were reported to have pumped into action yesterday in a pre-dawn invasion of Syria. The territory of their old ally.

Fighting against growing Axis domination of that keyzone stage of country to save her position in the Middle East and Africa. Britain took the initiative in her boldest bid of the war, thereby precipitating a risk of war with the France of Marshal Petain.

From the Free French who fought in the combat it was a battle of brother against brother. Into the combat Britain threw its resources of diplomacy, politics and economics as well as military force, proclaiming with the Free French a promise of Syrian liberation, independence and release from blockade if the invasion succeeds.

Four hours after the invasion began there was no official information how the action was proceeding or what reception the 20,000 were meeting. Operations were declared going smoothly, however.

Beirut was bombed twice, two oil reservoirs being set afire, and airfields at Mezzeh near Damascus, Nerab and Rayak also bombed. The French commander said Three British planes were declared shot down.

National Unity Is Need, Says Official

TUSCALOOSA, Ala., June 9 (AP)—"National defense must be our first immediate concern in the current crisis, but to be fully effective it must be constructed upon a foundation of national unity," National Commander Joseph C. Menendez of Veterans of Foreign Wars asserted today.

In an address prepared for eighth annual commencement of the Alabama Veterans of Foreign Wars, Menendez called for a "backout of Politics" and the support of all resources deemed necessary by the United States to give effective aid to Britain and her allies.

Declaring that all money donated to the United States Service Organization will be sent to national headquarters and from there to the various army camps throughout the country, Charles E. Bradshaw, Seminole county chairman, today issued a statement clearing up a misunderstanding in the minds of some persons who believe the money raised in Sanford would be given to the nearest army, or navy, base.

Mr. Bradshaw said that no matter where any young man from Sanford might be serving his country in the armed forces, he would benefit his property interests benefit from the funds raised here.

"By giving to this most worthy organization, our people will be contributing directly to the welfare of all the Sanford boys who have been called away from their homes and jobs to serve their country. The least that we can do to make their life as pleasant as possible," Mr. Bradshaw declared.

The United Service Organization is clothed with the responsibility of providing appropriate entertainment and recreational activities for soldiers and sailors as a means of keeping morale on a high plane.

City Government Election To Be November 10

Added Tax For Publicity Expected To Raise \$2,500

Nov. 10 has been set as the date for a special election in which Sanford citizens will be given the opportunity to decide if they want to elect their mayor directly and to have the mayor of the City Commissioners concurrently instead of staggered. Representatives John G. Leonard and E. E. Brady said today in a review of legislation passed affecting Sanford.

The City election is held in December, and it was decided to hold the special charter election before this date.

The levy of an additional one-half mill tax for publicity purposes for the City was also approved by the Legislature. Mr. Leonard said. The present levy is one mill and the additional tax is expected to bring in \$2,500 more for the purpose of advertising the city in passing the referendum.

Mr. Leonard said he would be interviewed later regarding the Legislature and other bills affecting Sanford and Seminole County.

The County was authorized to levy up to five mills on real property to provide a welfare fund, which will aid in paying the cost of the sewing room, the nursery and other such projects. Mr. Leonard said.

Another measure passed by the Legislature banned hunting in Seminole County on Monday, Wednesday and Friday during the regular season. The same measure is in effect in Lake, Orange and Marion counties, the representative said, and the Seminole County bill was designed to keep hunters from other areas from coming here on the three days.

Mr. Leonard said he voted for the bill to repeal the one-half of one percent gross receipts tax since it was part of Governor Holland's program to improve the tax system of Florida. The representative also voted for the store stock tax, which will levy a \$10 tax on one store and up to \$400 on chains.

An increase in the cost of most automobile license tags was also supported by the Seminole County representative, he said, since it was designed to replace money in the school fund which had been taken away by repeal of the gross receipts tax. The Legislature also voted to increase the tax on horse track bets from three cents to eight cents, and to give the extra five cents to aid age assistance. The aged will receive about twice as much aid now as a result of the Legislature's action.

A bill which included a stipulation that all property must be assessed at 100 percent of its value also was approved. Mr. Leonard also supported the re-allocation of the gasoline tax, four cents of which now goes to the State Road Department and

GETS WAGE INCREASE

Miss C. R. Dawson, who has charge of the Red Cross sewing room at the Woman's Club here today there is a need for a household or cabinet at the room upon which to store garments before they are shipped.

She asked anyone who could give a cabinet to get in touch with her.

In the last shipment of 200 dresses sent by the Red Cross on May 10 there were the following items: 10 jackets, 20 sport coats, 25 blouses, six mufflers, five pairs of socks and eight children's sweaters.

All USO Money Goes To National Headquarters, Declares Bradshaw

Declaring that all money donated to the United States Service Organization will be sent to national headquarters and from there to the various army camps throughout the country, Charles E. from the Rotary Club in work on the drive. E. Bradford Byrd is head of the committee.  
J. L. Ingley, president, announced that the Seminole County Delegation will be mustered in at 8:00 o'clock tonight at the Armory, and invited all to attend. Mr. Ingley also announced that during May the club had a record of 35 perfect attendances.

Mrs. Dean, who was introduced by Walter Haynes, program chairman, said that "Although certainly none can say 'all is with the marble you've got' with the number of things that give happiness."

"What is this precious thing—this happiness?" she asked. "The dictionary says: 'A state of pleasurable content with one's condition in life; I had an old chacker philosopher define it as playing the best game you can with the marble you've got.'"

Mrs. Dean admitted that "our pleasures may have to be less expensive, but they need not be less genuine. May we remember that happiness, like almost everything, is made up of little things, tiny fragments that fit together and form a lovely pattern."

Saying that "We Floridians are pretty lucky to have such a lovely spot to stay in, Mrs. Dean suggested, "Why not try discovering this year just what a beautiful state we live in and how many exciting things and beautiful things we have here?"

Visitors were Rep. Reppard, J. C. Chase and W. L. Thorpe, all of Orlando.

Guests, Mrs. G. E. Wells, Mrs. William Stempel, Mrs. M. J. Durack, Mrs. Madge Raney, Mrs. G. Taylor, Mrs. Thelma Humphrey, Mrs. Herschel Hamby, Miss Emma Strange, Mrs. Katherine Carter, Fred Miller, Henry Carroll, Wade Williams, Jr. and Miller Williams.

## USO Drive Gets Underway With Meeting Today

Continued From Page One  
The United States Overseas Service Unit at Camp Blanding, Mr. Braulshaw stated.

"This is a good cause and will benefit almost everyone of us directly or indirectly," the chairman remarked. "Many young men in this community will be called through the draft and will be served directly by the USO and a great number of Sanford people have boys in the service now or who are eligible for service."

"With our men willing to uproot their lives and give a year of their life to the defense of their country it is the least we can do to give of our money to make that period a more pleasant one."

"Everyone of our citizens and helpers are enthusiastic about the drive and confident we will give our goal. They all require the good, to be derived from the USO and are anxious to help."

### Sabotage Investigated In Jacksonville Blaze

JACKSONVILLE, June 9—(AP)—A fire spreading fire that caused an estimated \$400,000 damage yesterday destroyed two of the City Millinery Inc.'s three downtown store and almost brought the first scenario which had struck only a few hours before.

The 4,500-sq-ft store, which occupied the top portion of its regular run from New York and Charleston, was discharging and taking on gas for its return trip pulled away from its dock with a load of gas as flames caught in the port side and leaked into the deck setting two lifeboats afire. The passenger girds had already disembarked.

Mayor George E. Blinn met with Police Chief E. J. Aron and fire department officials and ordered an investigation in which officials of the line participated. They said the cause had not been determined but that the possibility of sabotage would be investigated.

Twenty-five million bottles of soda and delivered daily to American stores.

# Seminoles Split Twin-Bill With DeLand 6-3, 12-6

### LaValley Had Field Day With 2 Homers, Triple While Bat- ting In Five Runs Justice Hits 6 In 7 Times Up

### Ashton Holds Hatters To Nine Scattered Bingles In Opener

Sanford split a double header with DeLand yesterday, winning the first game 6-3 with the nine hit pitching of Ray Ashton and losing the second game 12-6 as the pitching assignment was passed around to a new boy, Katenkamp, Clyde Jones and Charlie Girk.

Ashton scattered the nine bingles he surrendered while his teammates bunched four hits in their eighth inning and scored as many runs with the aid of two errors by DeLand players in the season.

It was a field day for Ernie LaValley as he came up with two homers and a triple in the second game, batting in five of the Seminole's six runs. He hit the first ball delivered in the nightcap, and drove a ball over the right field fence in the second frame with two men on base. In the sixth he tripled with one man on base to account for his fifth run batted in.

Joe Justice had a pint-white day as he collected six hits from his seven trips to the plate in the two games. In the opener he made a double and two singles from four trips and came up with three in the second contest.

Pete McRaney reached the ball yesterday for a total of four hits in six times up and managed to bat in two runs in the first game.

Changes were made in the Sanford lineup as LaValley was moved from first base to right field and Kettles played the initial sack. Both caught their games as Girk rested in the opener and took the mound in the second. Katenkamp, a new player from Coena was signed and released in the same day as Justice, only appearing in the second game, giving up five hits before he was sent to the show.

Sanford's pitching was hot in the first game and the boys made a total of three double plays. Ashton caught fly ball and threw to Gillespie on second. Justice caught a ball for a put-out and threw to first base, and Kettles started a double and played it in second base. In the second game Kettles and Gillespie each got credit for two putouts and two assists on a double play as Kettles threw a ball to second base and ran back to make a putout himself on first base.

### Perhaps Hoover Over-Expressed Self on Convoys

By CHARLES F. STEWART  
Central Press Columnist

EX-PRESIDENT HERBERT HOOVER, broadcasting his views, some evenings ago, on the subject of American naval conveying of our shipments to the British, didn't stop at saying that our adoption of the convoy plan would be attempted likely to involve us in war.

Quite a few of our best isolationists in congress confided that they wish he had stopped right there. They've said that much.

President Roosevelt himself had agreed that our escort warcraft might get into shooting matches with Axis submarines, planes or surface raiding ships, and he's conceded that "shooting is pretty close to war."

All that's obvious to anybody. But Herbert Hoover's proposition was that our navy (or coast guard) must attack German submarines, ships and planes, to be of any use.

Our pro-convoy and outright interventionist congressmen were prompt to jump on that remark as the bunk, and as previously observed, there are even isolationists who think that Herbert weakened his case by over-expressing himself.

The argument's this: We're engaged in sending supplies to Britain. They're going to resent it. In Britain they're not only our ally but they're our ally's ally. And the Germans are sinking more or less of them in transit. Authorities don't seem to have much doubt that this is a war. Nevertheless, there's a good chance that there's no war at all.

And there's one more thing to be said in the connection of this. The isolationists are not only right but they're right in a way that's hard to argue with.

## ACE OF CARDS

By Jack Sordis

It's true that our sales to Britain are on a credit basis and everybody may be kidding certain that the bill never will be paid. But that's none of the Nazis' business. If, ultimately, we can't collect a cent, it's our funeral; not theirs.

Well, Axis blockaders are busy sinking this stuff. When they do it, they sink a British ship, too. Maybe that ship-sinking's none of our affair, either, since it isn't our ship. However, the ship's contents are OURS, up to that point.

Let's get back to the case of the grocer aforesaid. Suppose his delivery wagon's overworked, so he borrows or hires several from some other chap. But a gang of hoodlums make a practice of overhauling his supplementary wagons, smashing 'em up and confiscating their cargoes, which consequently get lost to his customers. Possibly the grocer cares nothing for the other fellow's wagons that he's borrowed or hired, but he does object to the interferences with his own deliveries. Accordingly, he arms his drivers with a shotgun apiece, and the next time one of 'em's jumped by the hoodlum gang, he shoots 'em full of lead stuff.

Can the grocer properly be said to have "attacked" these hoodlums? Just so with our proposed convoys.

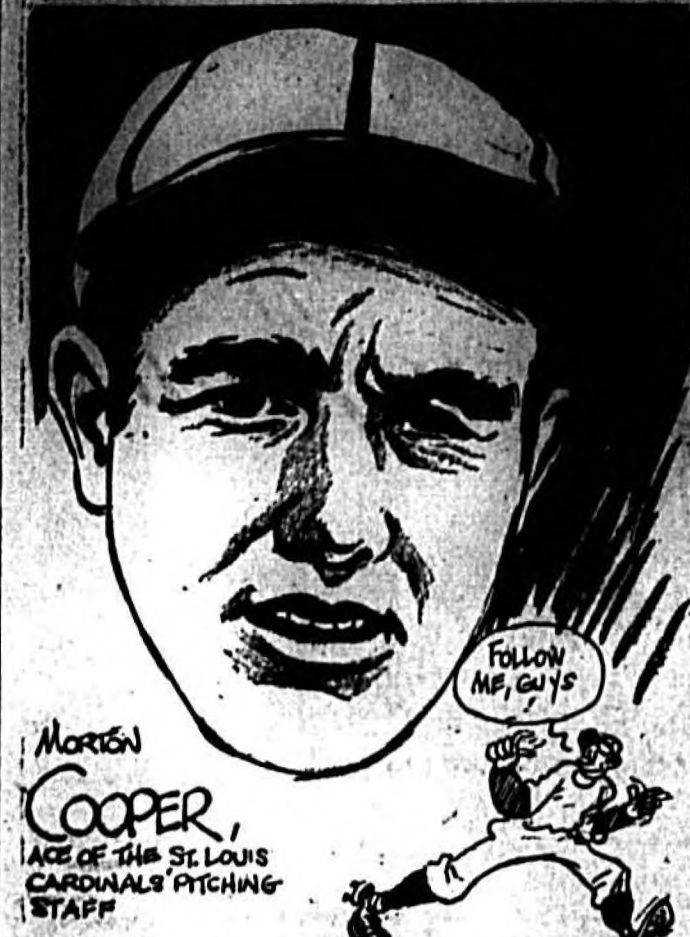

Well, Not Go Hunting

It isn't suggested that our navy should go hunting Axis submarines, planes and surface raiders. Oh, yes, our ultra-interventionists urge our all-out participation in the war. The merely pro-convoy boys, though, advocate only armed escorts for protection of our shipments abroad. If Axis subs and things will let our exports alone, our escorts will let THEM alone.

Of course seriously anyone believes that the Axis will go it, convoys or no convoys. If not, if convoying starts, presumably there'll be shooting, which, as F. D. says, "is pretty close to war."

There are observers who maintain that Herr Hitler doesn't want war with the United States—not now. If he did, they think he'd have declared it already. Convoys might force his hand, and come his into a declaration. Or a maybe they wouldn't.

## Triple Crowner Whirly Out To Top Money List

MORRIS COOPER, ACE OF THE ST. LOUIS CARDINALS PITCHING STAFF

## OPEN FAVORITE

By Jack Sordis

NEW YORK, June 2.—(AP)—Whitway locked his triple crown in the safe with the rest of the family jewels yesterday and looked ahead to a busy Summer and Winter campaign at cranking Seabiscuit's all-time money winning record, if his four-leaf clover keeps working.

In mopping up the big-three stakes of the three-year old division "topping" it off with an exercise rally in the Belmont Stakes Saturday, Warren Wright's charging chestnut demonstrated to the complete satisfaction of himself and Trainer Ben Jones that hard work can't do anything wrong to him that some fresh grass and a bucket of oats can't cure.

So, rather than take a holiday and possibly losing his form, the Kentucky cannonball will go after the rest of the three-year old stakes between now and this Fall. He may begin this campaign in the Dwyer and Sherrill Stakes at Aqueduct's meeting, beginning and follow those up with the Arlington Classic, the American Derby at Washington Park, the historic trainers at Saratoga and the Lawrence, Philadelphia and Jockey Club gold cup at Belmont's Fall meeting.

"If he remains sound and we keep on being lucky," Trainer Jones predicted, "he should pick up a little over \$100,000 in those races, provided he runs in all of them."

This, added to the \$39,770 he pocketed Saturday and the \$196,841 he had in the bank before that, would boost Whitway's earnings to some seven or eight \$340,000. In that case, there's a very good chance he'll take a ride to California then to shoot at the big pot in the \$100,000 Santa Anita Handicap next March. And if he can pick that one up, he'll have Seabiscuit's \$437,730 all-time high, nailed to the mast.

## Four Million More Workers Are Needed

CHICAGO, June 2.—(AP)—Federal officials estimated Sunday that 4,000,000 additional skilled workers will be needed in defense industries during the next 12 months and made plans to operate training shops 2 hours a day.

Government men from Washington made this report at a three-day conference to determine how to make full use of existing facilities in carry out public defense training activities provided for in the appropriation bill passed by the House last week.

Lead: Col. Frank J. McSharry, director of defense training, said the greatest demand for skilled workers still comes from the shipbuilding, aircraft and machine tool industries, but that a little later a shortage of light ordnance and ammunition workers is expected.

## Army Promises To Start Production Of Planes Today

3,500 Men Return To Work At Aircraft Company Plant On Roosevelt's Orders

Soldiers Continue To Guard Factory

Production Resumed On \$200,000,000 Worth Of Orders

WASHINGTON, June 10 (AP)—The War Department asked Congress today to sidetrack its so-called property seizure bill temporarily to permit speedy passage of legislation to give the President specific authority to deal with defense strikes.

Robert P. Patterson, Undersecretary of War, told the House Military Committee today that the bill is necessary to give the executive authority to deal with defense strikes.

Both amendments would enable the government to take over any plant where an existing or threatened failure of production interfered with the national defense program.

LOS ANGELES, Calif., June 10 (AP)—Lieut. Col. Charles W. Steinmetz reported today that 3,500 men had returned to work at the North American Aviation plant in Los Angeles after a 24-hour strike.

The Army officers promised to start war planes rolling at the production line today.

Soldiers guarded the plant with machine guns and bayonets.

Three thousand soldiers of the 15th Infantry, carrying fixed bayonets and rifles, arrived at the plant yesterday shortly after the outbreak of disorders.

The occupation, completed with the simplicity of a routine military exercise, lasted five days of tension, during which the strikers resisted pleas of their own national C. I. O. officers to return to work.

A few hours after the soldiers took up their posts, company officials announced production had resumed in the plant, which has a backlog of 200,000,000 in war orders.

They reported 3,500 workers had returned. The normal force is 12,000. Earlier an officer of the union, the United Automobile workers, aircraft division, reported 800 strikers had entered the plant.

Determined pickets who had battled furiously in two clashes with groups of workers attempting to pass through the lines, gave way with little or no resistance before the long line of black-clad troopers.

One defiant striker refused to give ground, however, slashed through his thigh. He was taken (Continued on Page Three)

## Colonel White Musters In Defense Force

Group To Get Drill And Instructions On Monday Nights; Equipment Ordered

Three officers and 64 enlisted men, who have signed for a three-year period as the home defense unit of this county, were officially mustered in as Company 18 of the Florida Defense Force last night at the Armory by Lieut. Col. Robert G. White.

The new company was charged with its duties by Lieut. Col. White as it was mustered in. J. L. Ingley, chairman of the Seminole County Defense Council, commended the enlisted men and officers for the spirit shown in volunteering for the unit.

Rifles will be issued to the Defense Force Wednesday. E. C. Harper, captain, announced, and uniforms have been requisitioned and are expected to arrive shortly.

The men will meet every Monday night at the Armory at 8:00 o'clock for drill and instruction. Captain Harper urged as many as possible to attend the demonstration of trick shooting which will be given by Ken Hoegle, sponsored by the Remington Arms Company of Bridgeport, Conn., at the weekly shoot of the Seminole Gun Club Wednesday afternoon.

The three officers who head the Defense Force are E. C. Harper, captain, Wilbur D. Hoffmann, first lieutenant, and John L. Galway, second lieutenant.

The complete roster is as follows:

First sergeant, Terrance V. Brown; sergeants, Bonner L. Carter; William H. Measer and William A. Rorer; corporals, Eugene Brewer, Claude C. Locke, Paul P. Pasold, Sidney M. Hibbard, James G. Sharon, Jr., and Cecil B. Wiscup.

Soldiers of the 165th Infantry, famed as the old Fighting Irish, pound down a Tennessee road as they move towards the "front" in the vast war games. Seventy-seven thousand troops of the Seventh Army Corps will attempt to stem an "invasion" from the Great Lakes. The 165th is a New York outfit.

## Mrs. Garner Dedicates Newest Book To Sister, Mrs. Thrasher

Annual Pet Show Will Be Held At City Playground

All the charms of childhood's delightful escapades are vividly brought back in "Way Down in Tennessee," the latest book by Elvira Garner. This, perhaps, is why it will appeal to the adult reader just as much as to the children for whom it was primarily written.

Four copies of the book have just been received by the Sanford Library, but Mrs. Elton Moughton, librarian, will tell you, they don't stay on the shelves long.

"Way Down in Tennessee" is dedicated to Mrs. Garner's sister, Mrs. R. T. Thrasher of Cedar Avenue, or "Katy D." as she is referred to. Mrs. Garner is the "Katy" of the book, and all the incidents related in it are true experiences that happened to the little girls on their plantation in Lebanon, Tenn.

When the book was published, Mrs. Thrasher did not know that it was dedicated to her, nor had she seen the manuscript. She came to the library one day, Mrs. Moughton related, and there received the pleasing news of the dedication which she accepted with greater pleasure, Mrs. Moughton said when she began reading the book for Mrs. Garner in all the incidents it related.

"Way Down in Tennessee" has been illustrated, like Mrs. Garner's other books, by the author with pen and ink and colored pencil. The drawings in this latest book are more numerous and better done than in the other volumes. Much of the charm of the book lies in the clever drawings, which seem to be swiftly done and yet have astonishingly real quality.

Even the animals in the sketches—cats, roosters, chickens and lambs—have a real expression in their "faces."

"In 'Young Wings,' the publication of the Junior Literature Guild which is distributing 40,000 copies of Mrs. Garner's book, the author tells about the volume she wrote and illustrated. She says:

"I have often entertained boys and girls with tales of my childhood. The drawing in this book is a radiogram to the An Oceanic has aboard 11 persons from the Robin Moor picked up from a lifeboat in the mid-Atlantic Sunday.

Seminole County Delegates To Go To 'Boys State'

Legion Post To Back Junior Ball Team; USO Aid Is Asked

Six boys, sponsored by various organizations in Sanford and Seminole County, will leave Friday night for Tallahassee to participate in the annual "Boys State." Forrest Gatchel announced at a dinner meeting of the American Legion last night at the Legion Hut.

The boys and their sponsors are: Earl A. Blankenship, Longwood Civic Club; Elmer S. Hunt, Oxford Chamber of Commerce; David Gatchel, Lions Club; Earl W. Jeter, Jr., Rotary Club; Edward S. Marshall, Kiwanis Club; and Taylor Brown, Jr., American Legion.

They will be in the capital a week and will elect their officers patterned after the State setup.

Charles Griffith, who is chairman of the Elks Club Flag Day celebration committee, appeared at the Legion meeting to ask the members to come in a body to the hall park Sunday afternoon to join in the observance of Flag Day.

Ned Smith, chairman of the Legion's committee on the United Service Organizations drive, asked for the cooperation of the post in the campaign.

Representatives of the Junior Baseball League asked Campbell-Lessing Post to sponsor a ball team to compete against other young outfits in the city and state, and it was agreed to do this. A manager will be named later. Any boy in Seminole County under 17 years of age is eligible to become a member of the new Legion team.

Jack Schick of Melbourne, commander of the seventh district of the American Legion, is a guest at the dinner and meeting.

Following the business session, the Legionnaires went to the Armory, where they witnessed the mustering in of the Seminole County Defense Force.

100 Workers Meet To Start Canvass For USO

Bradshaw Says This County To Be First To Reach Its Quota

Over 100 workers in the USO drive met at the Park Hotel this morning at 9 o'clock to receive final instructions for the campaign and start on the collection of money for the organization. Charles E. Bradshaw, county chairman, said this morning that the county had set a quota of \$2,000 for the campaign.

Almost all of the members of the General Gifts Committee headed by H. H. Clifton, met at the special gifts committee and collection receipts for the campaign started out on the home and business places.

Yesterday afternoon a group of boys from the Sanford High School carried pamphlets about the USO and this morning the Scouts and Sons of the American Legion went out to cover the city with literature informing the public of the value and need of the USO. Mr. Bradshaw stated that support of the USO is growing in Sanford and that the committee will not rest until tomorrow, Mr. Bradshaw said.

All other committees have held full swing now as Mr. Bradshaw went out to cover the county and affirm some of the help appointments in the USO committee.

A meeting held today afternoon at the Chamber of Commerce all of the club men present and workers from the city and federal organizations in the city expressed their confidence that the quota of \$2,000 would easily be reached. This morning Mr. Bradshaw said if no other county in the state had already reached its quota, he believed that Seminole County would be the first to reach the 100 percent.

Allies Advance In Middle East

Japanese-East Indies Fuss Grows Worse; Negotiations Fail

Report that German and Italian war planes have dropped bombs on the island of Cyprus for the first 18 hours indicates that the Axis may be preparing for a "second Crete" invasion of the British-held island, although, at this time, the coast of the island is still quiet.

London sources have indicated that the Axis would attempt to land on the island of Cyprus in the next few days.

The British have a large garrison on the island, but it is believed that the Axis forces are still in the process of organizing their attack.

The Allies have made advances in the Middle East, but the Japanese in the East Indies have been successful in their operations.

## Gun Expert Will Visit Wednesday

Ken Bogie of Atlanta, Ga., representing the Remington Arms Company of Bridgeport, Conn., will appear at another shoot of the Seminole Gun Club tomorrow afternoon for an exhibit of shooting. Byrd J. Goode, president, announced today.

Mr. Bogie will demonstrate fancy shots with pistol, rifle and shotgun, and will also give pointers on the safe handling of firearms.

The public is invited to the demonstration, which will be held on the range of the Gun Club near the Mayfair Hotel.

## Iona Aulin Wins State Honors At 4-H Club Short Course Contests

Lone Aulin was chosen as one of the five honor winners of the clothing contest at the 4-H Club short courses held at Tallahassee last week and will now compete for the first place and a trip to Chicago in October. Mrs. Robert Anderson, home demonstration agent, said this morning.

It was the first time a girl from Seminole County has ever won state honors. This summer Miss Aulin will wear a copper sash with the four other winners and her work will be judged later in the year for the trip to Chicago.

Other winners in the clothing contest were as follows: school dress gown, Margaret Haldeman; dress gown, Margaret Haldeman; dress gown, Margaret Haldeman; dress gown, Margaret Haldeman; dress gown, Margaret Haldeman.

While the girls were in Tallahassee they were introduced to the House of Representatives by E. E. Brady, who was recognized by the House. Mrs. Anderson said.

They were taken to Tallahassee, Ga., last Sunday as a special trip, and were taken to the governor's mansion for tea where they were received by Mrs. Roosevelt and introduced to Mrs. Eleanor Larn, wife of the state treasurer; Mrs. J. M. Lee, wife of the state comptroller; and Mrs. Colin Bagdad, wife of the state superintendent of public instruction.

Other guests at the tea were Mrs. William Nevill, wife of the present governor, and Mrs. Mary E. Kover, state home demonstration agent.

## Lions Are To Get New Cage As Family Of "King Of The Jungle" Increases

Since the birth of the cubs the lions have become conscious of their appearance and their home to James Moughton, park superintendent, has decided to build another cage on the west side of the two large cages for the lions who is now at the other end of the park, near the house.

So many calls have come from people who want to buy one of the cubs and due to the probable scarcity of lions during the war, Mr. Moughton said he expected to breed the lions at the zoo and offer all future cubs for sale.

The new cage will be about 10 by 20 feet and will be connected with the other two cages by trap doors so the lions may be run together or kept apart at the will of the keeper.

Sunday afternoon a visitor from Winter Park looked over the cubs and was so attracted by them he dropped a 50-cent piece in one of the collection boxes with a note attached "For Baby Lions." Mr. Moughton said he would buy some meat for the youngsters with the money.

The new golden spider monkey received from South America several weeks ago were not doing so well on Monkey Island. Mr. Moughton said, as the other monkeys on the island were bold and snatched the food out of the hands of the spiders. Faced with the problem of keeping the thin monkeys from getting any slimmer, the park superintendent decided to move them to a cage until they were stronger, so they are now in the cage formerly occupied by Jiggs, the mandrill, and are getting plump on a special diet of milk and bread in addition to their regular meals of bananas and vegetables.

## Churchill Says Crete Taught Good Lesson

London, June 10 (AP)—Prime Minister Churchill, facing a House of Commons rebuff over the loss of Crete, declared today the "severest and fiercest battle" was "well worth fighting" and would play an "extremely important part" in the defense of the Nile Valley.

In a voice throbbing with passion, Churchill accepted full responsibility for the Crete campaign and said the lessons of Crete would be applied to the defense of Britain against air-borne or sea-borne attack.

He accused Germans of having driven British and New Zealand walking wounded before them in the Crete fighting. But retracted an earlier charge that German paratroopers had worn New Zealand uniforms.
