'DAY OF INFAMY' WAS 15 YEARS AGO

THE BATTLESHIP Arizona, ablaze and sinking, and a newspaper headline recall the Dec. 7, 1941, 'Day of Infamy' when the Japanese attacked Pearl Harbor. More than 2,000 U.S. servicemen died as the enemy came in with 100 warplanes and midsize ships to cripple eight battleships and many lesser war vessels. At bottom, an aircraft carrier is disabled at Pearl Harbor as it appears now. (Illustration)

Group Concludes Safety Course; Certificates Given

Safety is our business," said he the summing up of the course by D. W. Collier as he concluded a 10-hour safety course for supervisors, foremen and key personnel of the City of Sanford this afternoon.

Certificates were awarded the men who had attended the classes two hours each afternoon this week. The certificates certify that the course has been successfully completed.

Collier is a representative of the Florida Industrial Commission, Department of Industrial Safety.

The purpose of this course, he said, is to train or to re-train supervisors, foremen and key personnel the ability to recognize unsafe conditions or acts in order to control accidents.

"In 1935 alone," Collier said, "accidents have cost a total of \$2,800,000. And he explained just how the cost was affected in each group of accidents. For instance, he said, there were 7 permanent total accidents which cost a total of \$13,750 in compensation and \$166,026 in medical costs.

There were 1,277 permanent partial accidents with compensation totaling \$1,825,025.08 and medical costs at \$1,421,184.

Temporary total accidents numbered 26,786 with compensation at \$3,820,115.20 and medical costs \$2,825,825.20.

There were 121 fatalities with compensation totaling \$59,500.20 and medical costs \$2,711,077.45.

In other words, explained Collier, there were 136,160 accidents reported, and the most of them, if not all, could have been prevented.

Teaching a class of supervisors, foremen, and key personnel is no easy task, according to the material lined up in front of Collier as he ended his final hour of the local course.

"We use every type of visual education," he said, "There are movies, slides, charts, printed leaflets demonstrating (Continued on Page Twelve)

WHEN I GROW UP...

Magical words these, "when I grow up"—full of promise, replete with confidence. What youngster hasn't uttered them?

This lad is no different. He looks into the future that will be his when he grows up, and the world is his oyster, intact with pearls.

This month he wants to be a flier. Next month he'll want to be an engineer, spanning bridges across great rivers and wide chasms. The month after that he'll see himself as a surgeon, scalpel poised between skilled fingers. And the month after that—who knows?

For youth is ever changing, ever restless. That's why it is so important that youth's naturally impulsive nature be held fast by an anchor that is good, firm and permanent. They need a faith that will sustain them whether they become doctors, fliers, or engineers. The Church provides this faith, this anchor.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church: (1) For the sake of his own soul. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Shop With Neighborhood Merchants In Sanford, Progressive Community

There are more than 22,000 people in Sanford, every one of them fortunate to be living in one of the progressive communities in Florida.

We use the word fortunate conservatively, for it is the minimum way to express the position folks find themselves in as they come to live in Sanford.

There was a time when the economic conditions were up one year, down the next, slow for a while and then activities would move at a rapid pace. Now, the trend is upward.

Increasing development, land usage, industry, tourism, commercial establishments, professions—they are all moving toward greater accomplishment.

Only a few years back streets were ample to take care of listless traffic, things moved at what one would call a "snail's pace", and folks took their time about doing things.

But now, activities are increasing. Sales tax collections are higher, gasoline tax collections going up, social affairs are taking place. The coming of homes and commercial establishments is increasing.

There was a time when certain things happened on certain nights, and there was no conflict. Now everything is happening anytime and every night.

People are beginning to know that it "pays" to trade at home, they are enjoying their ability to know their neighbors better by visiting their stores to do everyday shopping.

It seems that the "attitude" is spreading for there is greater happiness prevailing in every corner of progressive Sanford.

Undoubtedly, many are realizing, that to grow according to predictions there must be greater cooperation, organization with organization, business with business, merchant with merchant, and all with one another.

To be true, there is a certain "grass is greener in other pastures" environment developed among people, but even some of that is disappearing among those who traditionally, day after day, subvert their neighbor shopkeeper to the "you don't have what I want" kind of store.

There have been times—and possibly it exists in some cases now that wives of local merchants shopped in foreign markets while their husbands stood in shop doorways wondering why "business is bad."

Demos To Try Collective Leadership

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—The Democratic party is going to try a kind of collective leadership. The idea sounds reasonable. The question is: Will it work?
Democratic National Chairman Paul M. Butler has invited 20 prominent party members—including Adlai Stevenson and former President Truman—to be advisers to the national committee's 17-man executive committee.
This is the intent for the advisers to work with the committee in coordinating and advancing party programs and principals based on the 1956 Democratic platform—in short, a program for

Democrats to put through Congress.
The result may be party splits and open arguments. The new arrangement may sap some of the congressional power of those two influential Texans, Sen. Lyndon B. Johnson and Speaker of the House, Sam Rayburn.
For all practical purposes Johnson, Democratic leader in the Senate, and Rayburn, party leader in the House, will be the day-by-day active captain in Congress where any record the Democrats make must be established.
But already there is disagreement on what the Democrats in Congress should do when it opens up next month. At the moment the Democrats have no agreed

plan of action.
Johnson has taken the position that the Democrats should wait to see what legislative recommendations Eisenhower offers before taking a position. As a starter, that doesn't sound very vigorous.
Two members of the national committee—Paul Ziffren of California and Mayor David L. Lawrence of Pittsburgh—have openly disagreed with Johnson's wait-and-see attitude.
They say the Democrats, instead of waiting for Eisenhower to show the way, should produce a program of their own. And Butler says that program should be based on the 1956 Democratic platform.
For the past two years, when the Democrats controlled Congress, Johnson was given credit for running the Senate smoothly. But he also was criticized for not

Business Gets Share Of Top Space

By SAN DAWSON

NEW YORK (AP)—Business this year has managed to grab a sizeable share of front-page space. While the dying year could still spare the top story to some one of the world's trouble spots, here—just one man's opinion—are the candidates for the 10 best business stories of 1956:

1. Inflation and tight money—two sides of the same problem. The rise in the cost of living after a few years of stability jolted many consumers. The rise in the cost of doing business hit manufacturers and merchants even harder.

2. The Eisenhower story. His decision to run early in the spring, and his illness early in the summer were reflected quickly in the stock market and his re-election in November along with about the same Congress bolstered the confidence of many businessmen in continuing good times.

3. The Suez Canal. At first the shock of coming so close to the brink of war rocked the stock and commodity markets. Later the launching of a plan for the United States to make up much of Europe's lost oil supplies boomed a number of industries, notably petroleum, steel and shipping.

4. The stock market. Its backing and liming over the year puzzled traders and public and made some way of the future.

5. The steel strike. Its effect on all but closely allied industries was largely in its backlash—wage and price increase that

whipped up inflationary trends and set an example for other management and labor groups.

6. The Detroit story. Layoffs in the spring and summer and revival of auto production and sales in the fall affected the general economy and were credited with shaping public as well as business psychology.

7. Business spending on capital goods. Record outlays—and even more record plans for building additional plants and buying equipment—bolstered good times.

8. The change in consumer spending habits. Fewer cars, tractors, appliances; more appar-

el, food, medical care, entertainment and recreation.

9. Leveling off of profits. The big increase month after month in business profits ground to a halt under rising wage and material costs of many companies. But, the total of dividend payments held well above last year to set a record.

10. Farm income. The mild bounce back from the post-Korean lows was due partly to government spending on support schemes but also to better prices on many farm products. The farmer's take is still well below the Korean high point.

M. Miller Wears Pants At Met

By HAL BOYLE

NEW YORK (AP)—The girl who wears the pants at the Metropolitan Opera is Mildred Miller, a young singer with a double attraction.

She not only is gifted with a fine mezzo-soprano voice. Nature also endowed her with a pair of trim limbs as graceful as those on most Hollywood cheerleaders.

Because she has "the" most beautiful legs at the Met, pretty Miss Miller—who happens to be married to an Air Force major and is the mother of two children—gets most of the young boy roles in opera here.

"I enjoy singing them," she said. "But at least once a year I like to sing a woman's part, and I tell the management, 'Please, let me show my versatility.'"

It is supposed to be a matter of complete indifference to opera fans whether singers move on feet or wheels. They are supposed to be above any lowbrow interest in leg art.

But the truth is that "cheerleader"—the display of a well-turned feminine leg—has had a prominent place in opera for more than two centuries.

There are numerous boy's roles in opera such as Cherubino in "Marriage of Figaro," Octavian in "Der Rosenkavalier," the page in "Salome" and Orlofsky in "Fledermaus."

As the voices of boys usually are changing at the age at which they would play these roles, they are usually sung by young women.

It was a real thrill for gaffers of the 18th and 19th Century to go to the opera and see a girl wearing knee-breeches and long silver hose. Those happened to be good centuries of boom watchers, but poor ones for leg men. The only way some men all their lives ever could view feminine underpinning was to attend an opera.

That old sense of daring, of course, is long gone, but because of the voice demands girls still often must be boys in opera.

"When it comes to trousers, by the end of the season I've had it," said Miss Miller, who is dark-haired and has green eyes. "I throw every pair of slacks, shorts, pedal pushers and lounging pajamas out of my wardrobe."

Miss Miller first met her husband, Maj. Wesley Posvar, while attending a Cleveland high school.

He courted her in Europe while he was a Rhodes scholar and she was studying music. They live now in Arlington, Va., with their children, Wesley, 6, and Mariana, 2½.

Eight years after she left high school Miss Miller was singing at the Met. In addition to 15 to 25 opera appearances she gives 30 to 40 concerts and sings half a dozen more times a year on radio and TV programs.

That schedule makes it unnecessary for her to exercise or diet to keep shapely.

"As a matter of fact, good living and good food make for better singing," she said. "And I have to leap around the stage so much—boys are so bouncy—I lose a couple of pounds at every performance."

Miss Miller has got her later life all figured out.

"After my children are grown and I retire," she said, "I am going to become a Washington lobbyist—and try to get Congress to subsidize opera."

"This country today is just oneing with operatic talent. I know a lot of fine young singers who won't make the grade simply because of one thing—there aren't enough openings."

"The number of singers who can live on their opera earnings alone is very very small."

"The opera still has to beg for a living in this country. It shouldn't have to."

Veterans Corner

Here are authoritative answers from the Veterans Administration to four questions of interest to former servicemen and their families:

Q. My husband died on active duty, and I am drawing monthly Servicemen's Indemnity payments. After Dec. 31, 1956, will I be allowed to continue drawing these payments, along with Indemnity Compensation payments under the new Survivors Benefits Act?

A. No. Indemnity Compensation under the new law is not payable unless you surrender your rights to Servicemen's Indemnity payments.

Q. My 19 year old son is eligible for War Orphan schooling. Since my husband died on active duty in World War II, will my son be physically handicapped, and will special restorative training. However, the \$10 a month allowance is not sufficient to pay for it. Could this allowance be raised?

A. Yes. The monthly allowance may be increased to cover the costs of restorative training. But your son's 36 months of entitlement will be reduced by one day for each \$3.00 in excess of the basic monthly allowance of \$10.

Q. I understand that veterans no longer will be able to obtain

Korean GI term insurance after Dec. 31, 1956. What about special GI insurance for disabled veterans? Does the deadline apply to them, too?

A. No. Dec. 31, 1956, marks the deadline only for obtaining Korean GI term insurance for able bodied veterans. Service-disabled veterans still will have the right to get special GI policies after that date.

Q. I started training under the Korean GI Bill just in advance of my three years from discharge deadline. That deadline has now passed. Now I find that I'm not happy with my course, and I would like to change it. Do I have the right to make one change of course, even though my starting deadline has passed?

A. Single your starting deadline has passed, you may change your course only under one of these conditions: (1) if you have not been making satisfactory progress in your present course through no fault of yours, and the new program would be more in keeping with your abilities; or (2) the new program is a normal progression from your present program.

Veterans living in Central Florida who wish further information about their various GI benefits should write or visit the VA office at 42 E. Central Ave., Orlando.

having steered the Democrats toward more active challenge to Eisenhower.

Johnson is also in disagreement with six Northern Democratic senators who have said they will move on Congress' opening day, Jan. 3, for a change in Senate rules to make it easier to stop filibusters.

Johnson's fellow Southerners—so long as the present rule on debate exists—can smash with a filibuster on the threat of one any attempt by Northern Democrats or Republicans to put through civil rights legislation.

Who Is Groom? Time Will Tell

By Marian Jones
OVIEDO—Watch out, girls. You have lost out. One of our most eligible young bachelors is rumored to be on the verge of becoming a bridegroom.
The Oviedo Drug Store, which seems to be the usual meeting place for the young people each afternoon, was the scene of the divulging of the secret.
Going in for some refreshments, I encountered a group of young men. They revealed to me that one of the number is entertaining matrimonial intentions.
The young man in question displayed quite a few blushing during the course of conversation, but added to the discussion with the information that Frank Gore, now teaching at Lyman, will be best man, and that Bob Ward, another prospective bridegroom, will be an usher.
The time of the wedding is supposed to be the latter part of the month. The young lady, who is a very fortunate young miss in our estimation, (we may be prejudiced, though) hails from North Carolina, as reported, and is an employee of Sears Roebuck in Orlando.
When queried about my front seat at his own wedding, Bob Ward told me they were for sale for \$3.50 each. The young man, the son of a prominent real estate man and orange grove proprietor, too, had promised us a front seat sometimes back. We are going to hold him to that promise when the wedding comes off—ah, Bob! We told him the fee must be to finance the honeymoon with. How about it, Bob?
As for the other young man, we will not reveal his identity except to say he is also interested in orange groves.

Final plans were made for the Christmas party and play to be held at the Fellowship Hall on Dec. 22.
Names were drawn for the exchange of gifts at the Circle's Christmas Party to be held Dec. 17 at the home of Mrs. Gus Schmah.
The nominating committee presented the new slate of officers for the year 1937 as follows: president, Mrs. Ralph Lassing; first vice president, Mrs. Herbert Thurston; second vice president, Miss Gertrude Vining; secretary, Mrs. Gus Schmah; treasurer, Mrs. Ed Simpson; and devotional, Mrs. Lucille Robinson.
Mrs. Oscar Zittrow will be in charge of the installation which will be held the first meeting in January.
Miss Witt reported on the profit made selling Christmas cards and Mrs. Thurston reported on the huge success of the fruit cake sales.
The meeting was adjourned and delicious refreshments, carrying out the Christmas theme, were served.
Those present were Mrs. Bea Alford, Mrs. Bonner Carter, Mrs. Earl Moxley, Mrs. W. W. Linn, Mrs. Gus Schmah, Mrs. Ralph Lassing, Mrs. Clyde Stinson, Mrs. Ed Simpson, Mrs. Boyd, Mrs. W. Billingsley, Miss Helen Witt and Mrs. Herbert Thurston.

The Wives of V.A.H. had their monthly luncheon at the B.O.Q. Thursday. Hostesses were Bert Burkholder and Pat Hansen. Poinsettias were placed down the middle of the table with a Christmas tree as a centerpiece. Tiny little balls decorated the tree, and each girl received a gay little corsage to wear. There was an exchange of gifts as the girls enjoyed a delicious ham dinner. A good many are making plans for Christmas vacation in far off spots. Bonnie Grandy will take her children to San Antonio, Texas. V. Mildhan is going to Rochester, N. Y., to be with Charlie's family. Attending the luncheon were Vi Mildhan, Ann Bear, Betty Emanski, Spook, and her mother, Mrs. Dimino, Pat Hansen, Helen Cobb, Virginia Doremeio, Sadie Knolle, Jean Ross, June DuValle, Sally Weigle, Polly Brubaker, Marva Wood, Millie Snee, Thelma Fretress, Bonnie Grandy, and Ellen Gonzalez.

The Thomases seem very pleased with their new parish, and every one at the reception seemed extremely pleased with the Thomases. Seen among the large crowd were Betty and Bill Bush, Bonnie Grandy, Helen Cobb, Fred and Eleanor McMurray, Julia Chase, and Frank and Elizabeth Mebane.

Sanford Seminoles Open '56 Basketball Season Wlth Victory Over FMA

The Sanford Seminoles opened their basketball season with a bang yesterday afternoon and coach Bud Laver's advocacy of a running game with the employment of the fast break paid victory dividends as the Seminoles topped the cage-minded Florida Military Cadets 65-59 before a cheering audience of students.

The Seminoles made the first basket from the opening jump play pattern to surge in an early lead, but that soon dwindled as the Seminoles defensive strategy got off to a shaky start. For the first quarter it seemed the running strategy in the Kentucky tradition, employed this year by Laver, would fold under the inexperienced team, and the quarter ended with the Seminoles trailing 10-15.

By the end of the first quarter, however, the Seminoles quieted their feet on the ground and dominated the play with their running game, coupled with the fine rebound play of Hittell and Joe High. Cecil Danridge sparked the quarter, tallying eight points as the bucket man on the fast break.

The highly spirited Seminoles came back after the half and all but shut out the Cadets in the third quarter with their running game. The Cadets were held to only six points, four of them coming from free throws.

Hittell was high man for the game. Cecil Danridge was second for the Seminoles with 10 points and Joe High was third for the warrior quintet with 12 points.

Jerry Alleyne was the Cadet threat, but after his first quarter scoring spree of 14 points, he was able only to score two more buckets for the outfit. Alleyne tied with Kenny Lovett for top Cadet scoring honors, each player accounting for 18 points. Frank Sica ran close behind the two for the losers with 14 points.

'56 Little All-America Football Team Named

NEW YORK (AP)—Four holdovers and a kid so popular with the home folks he recently drew 15 write-in votes for sheriff are among eleven seniors named to the Associated Press Little All-America football team of 1956.

The lineup also includes the top passer among small college players, a fullback who averaged nearly nine yards a carry during a matchless four-year career, and an accompanying group of linemen averaging 4.3 and 21.5 pounds.

The competitors from last year's Little All-America are Charles Schultz of Aberdeen, untied All-Florida, Guard Steve Myers of North Dakota, tackle Vince Vadas of DePaul Tech, and Nate Clark, an all-purpose halfback from Hillsdale, Mich.
With Clark in the backfield are Jimmy Stehlin of Brandeis, who led the little schools in passing with 124 completions in 106 attempts for 1,235 yards; Bill Stouder of Washington State, who threw 227 passes in one game this fall, totaling 1,294 yards in his varsity career and averaged 4.0 yards per carry since his first game as a freshman four years ago; and Larry Houdak, Kansas Wesleyan's tailback who ran for 1,432 yards, led the nation in scoring with 114 points and played the fakes around Samina so much 13 of them made him their write-in candidate for sheriff last month. Big Crowd Watches Peanut Bowl Parade; Game Tonight

and crowning of the Peanut Bowl (opens during halftime activities. But for many of the more sensitive and humane, it may well seem when the little orphans of the Central Florida area, who will be guests for the evening, are given a bag of peanuts and a cold drink by concession chairman Wontenay just prior to game time. Consultation game gets underway tonight in Memorial Stadium.

Seminoles To Face Boone Braves Tonite

After launching the new season with a 65-59 win over Florida Military School yesterday afternoon in the high school gym, the fast break Seminoles travel for their second season contest tonight when they go to Orlando to face perennially powerful Boone. It will be the season opener for the Boone Braves.

Coach Bud Laver and assistant coach Dick Silvers had nothing but praise for their high-flying charges. "They did a terrific job, considering the competition and the short time we have had in which to prepare for the season." Then he was quick to add, "We made a lot of mistakes, and we didn't have the polish we should have had, and we gave the ball away several times."

The Seminoles had almost twice as many fouls against them as did the Cadets in yesterday's opener, and on eight occasions lost the ball on referee judgments when they failed to observe foul line rules in putting the ball in play.

"Boone is a big school," Silvers remarked, "and they have a wide choice in the selection of players. Besides all that, they will be well prepared and anxious to open the season with a win."

"They'll be tough," Laver remarked, "but the odds were against the Seminoles yesterday. They were towered over in height, that very essential ingredient in the cage sport. But they were fast, and they played with the winning spirit. That means the difference, and Claude Hittell, the leading scorer in yesterday's game is no midwit."

The general consensus of opinion is that the Seminoles are stepping out of their class when they go to Boone tonight. Boone will have a senior squad, and the Seminoles have only one sen-

ior on the squad, and he has had no experience as a basketballer. The Braves will also have speed and height.

All of the many fans traveling to boost the team tonight will be well pleased with only a respectable score; an upset win by the Seminoles will be cause for celebration.

Four of the pull floats were filled with candidates for Peanut Bowl Queen candidates and another had a mascot building, two football players and a goal post. Both local bands marched in high style for the local viewers, then called a halt in front of First and Magnolia to give a short, spirited pep rally.

The motored float depicted Elvia Presley. With a tiny chihuahua in front of him, little Frank Roundall rode the float stage and animated Presley's torso twists to the delight of the crowd along the parade route. Banned to the float was the saying "Ain't Nothing But A Peanut Houndawz," and behind the float a sound truck followed with Presley's recording filling the air.

Behind the American Legion train came the line of cars. Dignitaries in the first car were R. T. Milwee, Superintendent of Public Instruction, F. D. Scott, Sanford mayor, and Jim Buckler, chairman of the Peanut Bowl committee. In the second car Herold Hockmack, principal of Sanford Grammar, headed the various committee heads.

Another glimpse of amused laughter could be heard when Mrs. Routh's car passed in the parade. On top of her automobile was a four by four painting of a building throwing peanuts into the air. The Routh Bulldogs are favored to repeat last year's championship play.

For some the parade was the highlight of Peanut Bowl activity. For others it will be the revealing Howell Tabbs, Auburn, in that order.

Radio TV Highlights

NEW YORK—The turkey had scarcely been removed from the Thanksgiving table when television trotted out its Christmas commercials.

And, the television people might ask, why not? Newspapers and magazines are urging shoppers to hurry, hurry, hurry and get it over with early. In cities and towns across the country merchants have run up the tinsel and green. It's all part of a plot to start the Christmas season in late August.

Personally, I can't get very excited—either pro or con—about rushing the season. Except when it comes to television. Then it brings out the Scrooge in me. Am I unfair to television on this matter? Probably. Why should I be mildly interested in early Christmas advertising in newspapers and magazines, yet annoyed when television does the same thing?

The answer is that there's an immediacy to television. If you're watching a program, you're trapped by its commercial. There on the living room home screen is a Christmas on Christmas morning and out parade Daddy and Mummy and Junior and Betty, all wearing bathrobes, all with hair neatly brushed and faces scrubbed. "Oooh!" cries Betty. "A whatchamacallit! I've always wanted a whatchamacallit!"

After this and similar Christmas morning scenes have been repeated 20 or 40 times in the living room, you begin to feel that there's little point to celebrating your own family Christmas in this same living room. It would be repetitious. Furthermore, your own tree couldn't possibly be as

Director: Running Prison Is Matter Of Common Sense

TALLAHASSEE (AP)—Running a prison says Florida's new state prison director, is "just a matter of common sense."

Richard O. Culver, who retired recently after 27 years service with the federal prison system, told newsmen he didn't believe in "coddling prisoners" but neither does he favor applying the lash.

Culver said his objective in the new post will be to operate "down to earth prison system in a business like manner."

He reported for duty this week and said his first concern will be to familiarize himself with the various state prisons and correctional institutions.

"What I have seen is some good and some bad," he said. "Some phases may be a little antiquated but I have found a great many things to praise."

Culver will coordinate the prison system and be chief adviser to the Cabinet on prison matters.

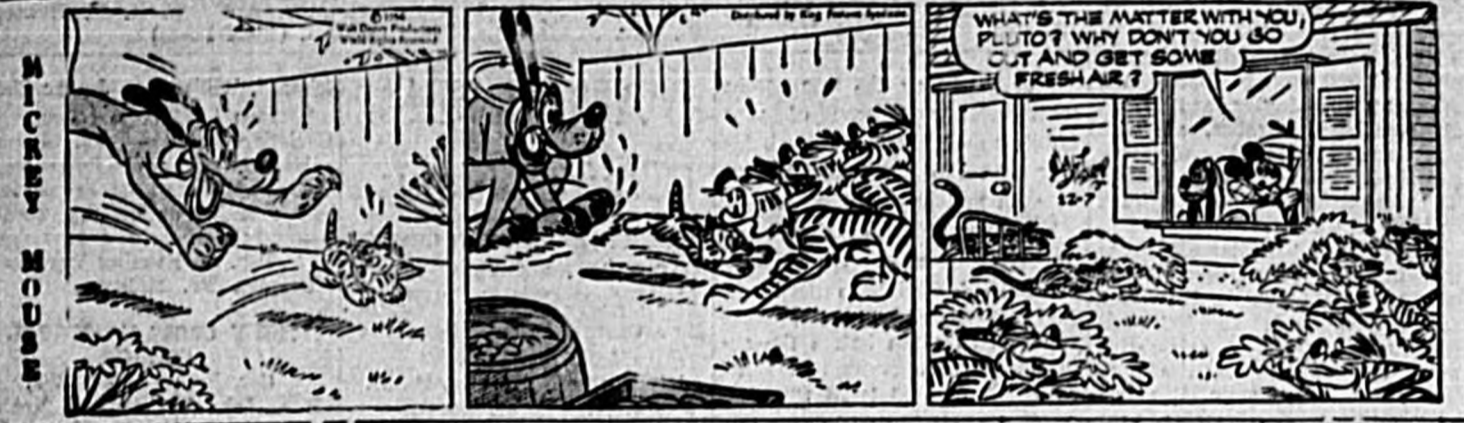

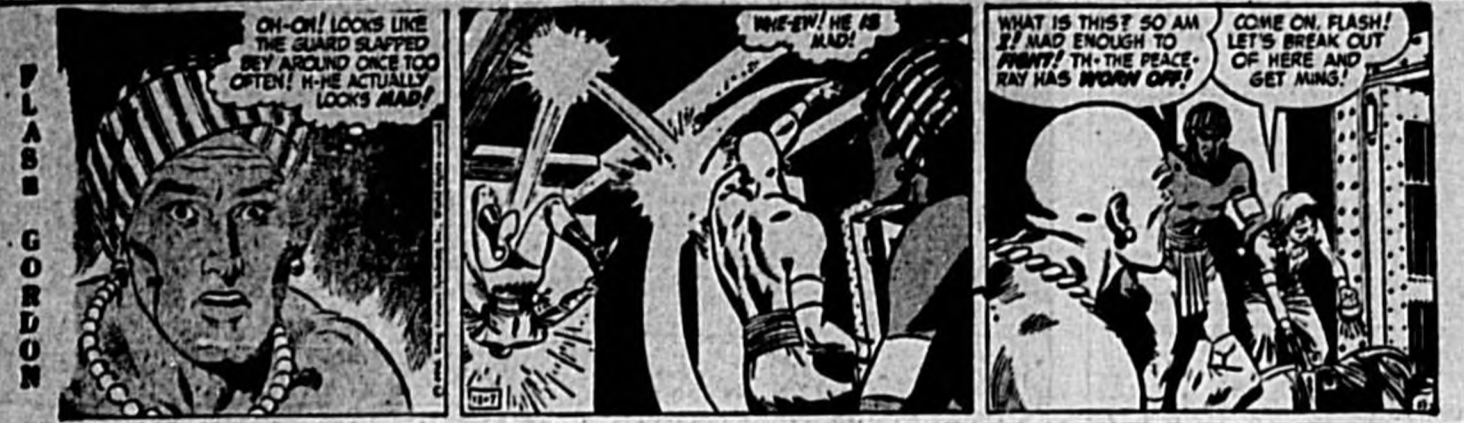

MOOSE WITH MOXIE

JUNEAU, Alaska (AP)—A pet moose, reared from infancy at Taku Lodge on the Taku River, won't go near the woods or the water. The lodge operator isn't sure whether it's because the moose loves the handouts at the resort so much or because she is a moose with moxie. About a dozen moose were bagged by hunters in the area during the summer.

Examination Of Heart A Painless Procedure

By HERMAN N. BUNDESEN, M.D. DON'T be afraid to have a heart examination. Many of you, I'm sure, have thought seriously about having a doctor check the old ticker, but have put it off because of fear. Nothing to Fear. A heart examination is completely painless. There's no mystery about it; there's nothing to fear. Let's take a peek into a physician's office and see what a heart examination is really like. As a rule, the doctor will first ask you about past illnesses and symptoms. He especially wants to know whether you have pain in the middle of your chest, a pounding of the heart, a swelling of ankles, shortness of breath. He'll want to know your age, your general physical condition and the way you live. Give him truthful answers. Checks Pulse. Then he'll probably take your pulse to determine how well your heart is pumping blood through the arteries. He'll check your blood pressure, too. High blood pressure, remember, may or may not be important, depending upon how it affects the heart, arteries, kidneys and other parts of your body. By tapping on your chest the doctor will determine the size of your heart. Then he'll listen with his stethoscope to the actual operation of the most important of all organs. The doctor also will check the condition of your lungs, kidneys and liver since often these are affected by diseases of the heart and blood vessels. By peering into your eyes with the aid of a bright light, the doctor may be able to discover certain important changes in the circulatory system. Quite often such changes are revealed by the condition of the tiny blood vessels in the back of the eye. Location and Action. Examination by a fluoroscope will show the size, location and action of your heart. If the doctor decides he needs even more information, he might measure the tiny electrical impulses generated by your heart with the electrocardiograph. This machine does not send electricity into the body. It merely measures and records the heart's electrical current on a moving strip of paper. In some cases the doctor may make laboratory tests such as counting the red and white blood cells or testing the urine, to help him in his diagnosis. Even a thorough heart examination such as this is a painless procedure. QUESTION AND ANSWER Q. B.: When is the best time for a person to brush his teeth? A.: It is usually best to brush one's teeth after eating so as to eliminate any food particles that may be caught between the teeth or elsewhere in the mouth. Brushing the teeth immediately after eating may help prevent the growth of bacteria which causes tooth decay.

FOOD AND SHELTER SOLVED MIAMI, Fla. (AP)—In case it's any consolation to you when hunting a place to sleep, Florida has 1,326 hotels, 3,414 motels and 11,938 rooming houses which altogether can house 687,676 persons. Or, if you're hungry: The state has 14,556 restaurants (3,100 in Miami's Dade County), a cooking device that can "broast" (broil-roast) a chicken in five minutes or a fish in three and a radar range that can cook a steak in 15 to 20 seconds.

RAW DECISION LONG BEACH, Calif. (AP)—How does a professional muscle man keep in condition? Exercise and raw meat, says Mark A. Evans, husky judo instructor. Well—muscle raw. Sometimes Evans has trouble with waiters in restaurants. He says they can't believe he only wants a steak on the grill 5 or 10 seconds. Recently, weary of argument, he says he told a waiter: "Tell you what. Just bring the steak to the table. I've got a cigarette lighter and I'll do my own cooking."

HERE ARE TWO VIEWS of the U. S. Navy's new mystery warship, the USS Compass. It has a radically new and secret navigation, the key to which lies in several miniature observatories, which automatically track the bodies, thus giving continuous celestial information for determining position. The new gear is expected to give data which will permit dropping of nuclear missiles on targets 1,500 miles distant in any weather and all latitudes. The compass island has activated fins (bottom photo) for stabilization, which will afford approximately a 90 percent reduction in roll. (International)

BACHELORS and spinsters are more susceptible to having headaches than are happily wedded folk, a survey shows. Maybe it's because they're always having to find excuses to the question: "How come you never got married?"

Of all the professions, medical students were found to be the most likely victims of headaches. Will, at least they ought to know how to cure 'em.

Farmers are least susceptible to headaches. This must be news to congressmen who are always wrestling with the farm relief problem.

Of all women checked by the survey 71 per cent suffered recurrent headaches as against only

50 per cent of the men. However, says the man at the next desk, he can guess on whom the pain blame most of their cranial aches and pains.

Some Children's Eating Habits Are Affected By TV

NEW YORK (AP)—Now here's an interesting survey. True, it's a publicity gambit, but a legitimate one. It shows something of how children's eating habits are affected by television.
 An old friend just swung off the stage coach from Chicago, his pockets stuffed with facts and figures about what was learned from questioning 1,000 kids who went with their parents to eat at Don Pete's New Blackhawk Restaurant there. Here are some of the things the bemused proprietor discovered:

In less than one week 22 kids were observed eating only the crusts of their bread. Why? "The man on TV said it's good for your teeth."

During one noonday period at the restaurant 8 of 11 children asked for a special new flavor of gelatin advertised just that morning on a highly rated children's show.

In one three-day period 16 children asked for buffalo steak, a savory dish not available in the restaurant. When asked why they wanted buffalo, they replied that their favorite cowboy had mentioned it on TV.

Spinach, extolled almost daily on a Chicago local children's program, was among the favorite foods ordered. Many, who ordered sandwiches, said their favorite TV program was one sponsored by a breadmaker whose commercials praise the virtues of sandwiches.

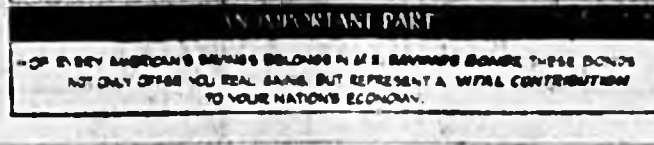

Then there was the little girl who ordered "Just a glass of water, please." She explained she was "dieting" in order to become "the size I ought to be"—as a persistent TV commercial was currently recommending.

Then there were two five-year-old boys who wanted "hunlin" knives to carve their meat. Failing to obtain them, they started to eat with their table knives—until brought under parental restraint.

HIGH ON DIVERS
 BLACKSBURG, Va. (AP)—Virginia Tech Coach Frank Mosely regards his senior fullback, Captain Don Divers, as "as good fullback as there is anywhere."
 Divers, a 183-pounder from Roanoke, Va., is a superb defensive player, has averaged nearly five yards a carry during his varsity career and has shared in the punting duties.
 During the 1954 and 1955 seasons, Divers was voted outstanding star in the traditional game between Tech and Virginia Military Institute.

CONSTLY BEE
 KITCHENER, Ont. (AP)—Motorist Ross Stevens escaped a bee sting, but it cost him \$500 in auto repairs. He was flailed off the bee when he rammed into a parked car on a city street here.

FIRST EDITION FOUND
 MILWAUKEE (AP)—Rummaging through a box of books donated to Marquette University, librarians found a first edition pamphlet of Robert Frost's series of poems, "A Boy's Will."
 William B. Ready, Marquette's head librarian, says only a few copies of the New England poet's pamphlet were printed. Ready estimates a single copy is worth about \$250.

ON SCHEDULE
 LITTLE ROCK (AP)—Eight fire trucks raced to a downtown fire alarm box. The firemen saw a startled woman standing beside it. She told them: "Someone said if I pulled this lever I would get a schedule of city buses."

INSURANCE PREMIUM REBATES RECOMMENDED

MIAMI BEACH (AP)—Insurance premium rebates to safe drivers—say 10 per cent over a five-year period—were recommended yesterday by Florida Insurance Commissioner J. Edwin Larson as inducements toward being careful behind the wheel.
 Larson said some insurance companies already so reward policyholders who consistently avoid accidents.
 The commissioner predicted that Florida "will soon be one of the leading insurance centers of the nation" at the rate the industry is expanding.

BIG BUDGET
 MILWAUKEE (AP)—The Milwaukee School Board has approved its largest budget in history, \$53,006,764, to meet the educational costs of 1957. The previous high was \$29,011,250 for the current year.

DOUBLE STEAL
 OCALA, Fla. (AP)—Byron Craig, phosphate firm executive, reported both his cars stolen in different cities while he was off on a football weekend.
 Craig said he left one car in Lake City and the other in the garage of his home here. Both were taken, as well as several valuables from his house.
 Police figured whoever stole Craig's car at Lake City found it and came here to add to the loot.

LITTLE TRAVEL FOR STUDENTS
 KALAMAZOO, Mich. (AP)—The student of the future will live within easy commuting distance of higher education, says Michigan's superintendent of public instruction.
 Dr. Clair L. Taylor says that by 1970 there will be a network of nearby colleges for high school graduates.

TROUBADOUR, THE GRAND CHAMPION steer of the 57th International Livestock Exposition in Chicago, is shown after he was sold for \$20.50 a pound—a record. The shorthorn, entered in the "world series" of livestock by Pennsylvania State University, weighed 895 pounds at sale and brought the school \$20,397.50. The grand champion was purchased by a hotel in White Sulphur Springs, West Va. With the winner are: Truman Wright, representing the buyer; Miss Betty Royan of the Arcadia Farm, Northfield, Ohio, where Troubadour was bred, and Dick Sour, who is head herdsman at Penn State.

JUST A BOTTLE HUNTER
 ST. JAMES, Minn. (AP)—Game Warden Phil Ham, plotting his plane over pheasant country, noted a car stop several times. On each occasion the driver hurried into the ditch and back to the car. Things looked suspicious. Ham radioed game wardens and directed their cars into St. James where they halted the mysterious hunter.
 The car contained no pheasants—not even a gun.
 "I was out hunting up beer bottles in the ditches to fill up my case," said the frightened driver.

ARTISTIC FIRE
 OKLAHOMA CITY (AP)—After receiving his fifth parking ticket, an Oklahoma City motorist figured a way to avoid arrest and a fine—he thought.
 Police arrested the driver after he changed his auto's license plate numbers with a paint brush.

'Elvis' To Be At Ritz Sunday In Tense Drama, Love Me Tender

The big movie news today is that the king of rock 'n' roll, Elvis Presley, is also a fine Hollywood acting discovery. Beginning Sunday at the Ritz Theatre Twentieth Century-Fox's CinemaScope production "Love Me Tender," which stars Richard Egan and Debra Paget and serves to introduce the young man with the guitar to movie audiences.

Let it be said at the outset that the role of Clint Reno, of the notoriously famous Reno brothers, fits Presley perfectly.

Set against the exciting background of the Civil War and the rehabilitation period that followed, "Love Me Tender" is a drama packed with action, interweaving a poignant love story to make it a film with strong appeal for every member of the family.

As Lt. Vance Reno, the elder Reno brother, Richard Egan turns in the most versatile portrayal of his film career. Rugged, lean, and hard-muscled from four years of fighting, he leads two of his brothers, Brett (William Campbell), and Ray (James Drury), and a group of Randall's Raiders of the Confederate Cavalry, in a robbery of a Union Army payroll.

Another asset to the film (there are quite a few) is four new songs, performed by Presley, which are important parts of the story and are not merely interpolated. Of these, the title song, "Love Me Tender," a ballad currently high on the best-seller lists, is particularly pleasing to the ear.

Producer David Weisbart has given "Love Me Tender" a fine CinemaScope production and director Robert Webb has fused the action and love story with great skill from Robert Buckner's fine script.

COCKTAIL DRESS and jacket costume of black French boucouth and white mink is from Harry Frechtel's collection. The dress, short-sleeved and V-necked, is banded for a high waistline. The bolero is buttoned to the waist and has a white mink collar. The "baby" muff matches the collar.

John Nesbitt's TRUE story GOLD! He dug for nuggets—but found fortune in an orchard. SEE "FORTUNATUS" ON Telephone Time SUNDAY, 6 P.M. CHANNEL 6

Senior Richard Egan and Debra Paget in such close harmony gives Elvis Presley something to brood about in this scene from the Number 1 singing sensation's initial film appearance, "Love Me Tender," begins Sunday at the Ritz Theatre. The Twentieth Century-Fox drama in CinemaScope gives Presley the chance to introduce four new songs.

Marilyn Out, Elvis In, Studio Is 'Shook'

"Here we go again!" That was the catchword at Twentieth Century-Fox as the studio, having seen Marilyn Monroe off for England following completion of "Bus Stop," batted down for another couple of months of frenetic excitement with the arrival of Elvis Presley for his film debut in "Love Me Tender." The picture, which co-stars Debra Paget, will have its local premiere beginning Sunday at the Ritz Theatre.

Everybody from the cops on the gate to the switchboard operators and the electricians on the set were aware that the idol of the teenage set was aboard—the cops, because they had to shoo away crash-crashers in pony tails; the operators, because they had to turn back giggling calls from young voices posing as "long distance"; and the electricians, because they would have no peace

at home until they brought back a genuine, hand-autographed picture of Elvis. "It's Marilyn all over again," said Juanita Brown, headwaitress at the studio cafe, "only this time it's a boy."

"I know when he comes in without turning around," she explained. "Just by the excited whisperings and neck-cravings that go on in the commissary. This is supposed to be a blasé bunch. They've seen hundreds of stars come and go, but everybody wants to look at Elvis. It's the same electric effect as when Marilyn comes into the room."

Another, who felt the impact was Lionel Newman, music director. "If we do as well at the boxoffice as we did on Stage One the day Elvis recorded his songs, we have a big hit on our hands," Newman observed. "I've never seen so many secretaries delivering messages in person. Usually they just phone the office."

Director Robert Webb was happy, too. "I'm a big man these days," says Webb. "I walk across the lot and windows fly open and everybody waves. Of course that's when Presley is with me."

There was a practical side to the furor, too. In the publicity department, where public interest is big business, the Presley hysteria was as soothing as mother's milk. When the phone tinkled, it was someone wanting to check a story on Elvis, or to arrange an interview, or to set up a picture layout, or to make a tape recording.

"Haven't worked so hard since Marilyn left," one department member said. "It's wonderful. There goes the phone, and here we go again!"

W. Holden, Deborah Kerr Star In Daring Love Story At Drive-In

A daring and compelling love story, as frankly told as any the motion picture medium has ever presented, is the theme dramatized by two of the screen's most powerful performers, William Holden and Deborah Kerr, in "The Proud and Profane," Paramount film opening Sunday at the Movieland Drive-In Theatre. Taken from a sensational best-selling novel by Lucy Herndon Crockett, the behind-the-lines drama of World War II promises to be an unusually candid and intensely dramatic emotional experience.

The production handiwork of William Perleberg and George Seaton, makers of "The Country Girl," "The Bridges at Toko-Ri," and "Little Boy Lost," the VistaVision film co-stars Thelma Ritter and Dewey Martin and features William Redfield and Ross

Bagdasarian, a cast that guarantees a gallery of fine performances.

The setting of "The Proud and Profane" is the South Pacific island of New Caledonia, an outpost of the critical island-invasion phase of the Pacific war. Holden portrays a Marine Raider Colonel, a hard-bitten disciplinarian implacably hostile to anyone or anything that "softens" his men for combat—an openly-expressed prejudice that extends to chaplains and Red Cross women.

Into contact with this flinty man comes Red Cross volunteer Deborah Kerr, and the sparks fly from first meeting. She is well-bred, reserved, proper, and icy, virtues that act like a red flag to Holden. He determines to 'break her at any price and by any means, but he has no inkling of

the fire that burns beneath the ice. In spite of herself, she responds, and between these two violently opposed personalities grows a love that defies all convention and overrides all sense of prudence and restraint.

In the role of Miss Kerr's Red Cross boss is Thelma Ritter, aware of the relationship from the beginning, wise to the ways of love, she tries to hold them back from the disaster they are inevitably creating for themselves.

Aware, too, is Dewey Martin, one of Holden's young but veteran Raiders. In love with Miss Kerr, his protective instincts drive him to the point of attempted murder of his commander, William Redfield, as a sensitive young chaplain, fights his own battle with Holden, who considers the minister a softening, and therefore a dangerous influence.

All of these threads are caught together in a complex of human emotions that should make one of the most absorbing and gripping film stories of the year.

Filming of "The Proud and Profane" was done in the Virgin Islands and Puerto Rico. William Perleberg produced and George Seaton directed. The screenplay, also by George Seaton, promises to be a masterpiece. His last one, "The Country Girl," won him an Oscar.

Over-baking a meringue-topped pie may result in a tough and shrunken topping.

"A smart guy is a husband who remembers his wife's birthday—and forgets her age!"

Paired in a powerful and adult love story, William Holden and Deborah Kerr portray a Marine Raider Colonel and a Red Cross worker in "The Proud and Profane," opening Sunday at the Movieland Drive-In Theatre. In VistaVision, the behind-the-lines film drama of World War II is a Perleberg-Seaton Paramount Production co-starring Thelma Ritter and Dewey Martin.

Pearl

(Continued From Page 1)
...not narrow, the carrier Philippine Sea named for an American victory-rides at anchor, her deck manned with planes, their folded wings pointed toward the sea.

To the left, near the end of Battleship Row, an American flag flies from a platform some 30 feet from shore. It marks the position battleship Arizona, whose 3000 men—from apprentice seaman to a rear admiral—are still entombed.

A white post sticks up from the water. It bears the sign: "Bow." Six hundred feet away is another: "Stern."

Between them, only a couple of rusted mushroom shapes and the tip of the Arizona's bridge show above water. Its main deck is feet under. Oil still oozes slow from the bowels of the ship. It is because of the oil the sailor explains, that the Arizona was never raised to the surface. Divers who attempted the job were killed when their torches set fire to oil pockets.

The Navy still lists the Arizona as an active ship. Every morning an honor guard raises her flag. At dusk, it comes down, along with those of the other ships at Pearl.

The head of the Arizona was playing for the raising of the colors at 8 a. m. when the Japanese planes swept in from the north.

A bomb plunged down her main smokestack—a "one in a million" hit—and eight minutes later she was on the bottom.

Many of the men below never know what hit them.

The visitors watch the oil-darkened water lap quietly against the Arizona. The chatter of a rivet gun in the shipyard comes clearly across the water.

"Daddy," ask a little girl, "why did they bomb Pearl Harbor?"

"I don't know, honey," the father says, "but it was a terrible mistake."

Three Men Charged With Shooting At 5 Fleeing Teenagers

SHS Freshman K. Carlos Named FFA Sweetheart

An attractive brunette who says her ambition is to "become a model" danced her way to success in the competition Friday night at Seminole High School for the title of "FFA Sweetheart".

Miss Kathy Carlos, Seminole High School Freshman, and member of Miss Barbara Ruprecht's "Home Economics" class, was chosen by a three man board of judges.

The young lady emerged from the contest with tears streaming down her cheeks. "Isn't it wonderful," she said, "between smiles and tears, 'I'm so happy.'"

Miss Carlos admitted that "I took dancing when little and just made this dance up myself," but it was sufficient to win her honors that will take her to the District FFA meet representing the local FFA Chapter.

Three other young ladies competing for the local title were Faye Garner, Glenda Collins, and Margaret Boyd.

Three blasts from a 12-gauge shotgun sent buckshot tearing into the body of an automobile in which five Orange County youths were riding early Sunday morning.

The five teenagers, frightened by threats made by three men in a Cadillac automobile, were attempting to escape after being chased from "The Gateway" in Orlando to 26th St. in Sanford.

Shortly after 3 o'clock Sunday morning, the men were taken into custody by Florida Highway Trooper John Black on State Road 411 when both rifles and shotguns were found in the Cadillac car they were driving.

A preliminary hearing into the incident was being heard before Justice of the Peace W. Hugh Duncan. Beginning at 10:30 it was still in progress at noon today.

Warrants for the arrest of three white men were signed by J. P. Duncan following an affidavit signed early Sunday morning by the father of the driver of the car, Zack C. Watson.

The three men were charged with "assault with intent to murder," a charge that may be changed or withdrawn following today's hearing. Two of the men, James F. Brady, 22, and Robert S. Clark, 22, were placed under \$2,500 bond. Robert J. Eitman, alleged to have been an occupant of the Cadillac automobile was released.

Deputy Sheriff Ed Cowan stated that he found three 12 gauge shotgun shells which had been fired at the location where the three youths swung off French Ave. in getting away. After being hit by the three blasts the youths continued on to the Sanford Police Department where they reported the incident.

All five of the youths in the Studebaker car were teenagers, one of them, the driver, in the U. S. Marine Corps.

The three men who are alleged to have assaulted the five youths by firing on them, were taken first to the Orange County Jail and later brought to Sanford.

Damage to the automobile fired on by the three men was not estimated.

The young lady emerged from the contest with tears streaming down her cheeks. "Isn't it wonderful," she said, "between smiles and tears, 'I'm so happy.'"

Miss Carlos admitted that "I took dancing when little and just made this dance up myself," but it was sufficient to win her honors that will take her to the District FFA meet representing the local FFA Chapter.

Three other young ladies competing for the local title were Faye Garner, Glenda Collins, and Margaret Boyd.

3 Local Girls Will Complete Charm Course Saturday

Three Seminole County girls will be graduated from the Sanlando Springs Charm College at 2:30 p. m. Sunday and will compete in a Parade of Charm before chamber of commerce and motion picture judges.

Those who will complete the four-month course include Miss Linda Ventry, a junior at Snelson University. She is the daughter of Mr. and Mrs. H. G. Ventry of 2033 Jefferson Ave.

Miss Jof Filbrey, a cheerleader at Seminole High School, also will graduate. She is the daughter of Mr. and Mrs. H. W. Filbrey of 1809 Palm Way.

The third student is Miss Magale Lawson of Enterprise. She is the daughter of Mr. and Mrs. Sam Lawson of Stone Island.

They are among the 26 students who will vie for the title of Miss Sanlando Springs Charm College of 1956. The other contestants are from Orlando, Fern Park, Maitland, Winter Park, Eustis and Orla Vista.

The co-director of the school is Mrs. Robert Scott Stone wife of a naval lieutenant at Sanford Naval Air Station.

The girls recently participated in the school's photographers' day, when an estimated 3,000 pictures were made in a single hour. They also took part in a fashion show.

PGA Qualifying Rounds Get Underway Tomorrow

Commissioners Will Study Water Heater Problem At Session

A problem long confronting appliance dealers who sell and service hot water heaters and home owners who operate them will be considered by the Board of Sanford City Commissioners at its meeting tonight at the Sanford City Hall.

Because of a petition regarding the contents of water which causes the rapid failure of water heaters in the city the Board of Commissioners will tackle the problem "to see what can be done to relieve the situation."

The petition is one of a slim agenda which also includes a discussion with Fred Blair, executive secretary of the Florida Zoning and Planning Board, concerning city planning Blair was recommended for the long range planning problem of the city by the Sanford Zoning and Planning Board at a joint meeting with the Board of Sanford City Commissioners.

Other items on the short agenda include a request by Tommie Lee Herring for a permit to sell beer and wine at 1111 W. 9th St.

Two appointments will come before the board, one to the Zoning and Planning Commission; the other to the Board of Adjustments.

The two remaining items to be considered are the routine reading of an ordinance eliminating the stadium admission, tax and an ordinance vacating a utility easement in the Grave Manor Sub-division. Both are second readings.

Remaining business to be handled by the five man board will include miscellaneous business from the floor and minutes of previous meetings.

A list of baseball bigwigs has already been released when they indicated that they would be in Sanford for the Mayfair Inn Open. Heading the list will be Horace Stoneham, head of the New York Giants, Carl Hubbell, director of the New York Giants' Farm System, Bill Rigney, manager of the New York Giants, Rosey Ryan, general manager of the Minneapolis Millers and others. All but Stoneham have indicated that they will be playing in the tournament.

Manager Mebane said that the crowds attending the golf event will be more than doubled over the 4,000 that were here for last year's first annual event.

Every detail has been completed in plans to make this year's Mayfair Inn Open Florida's finest tournament.

Joe Baker, assisted by volunteer teams from Sanford, civic clubs, will serve as Marshall for the event. This will include the parking of cars and the handling of the huge galleries following favorite golfers around the course.

2 Accidents Are Reported Friday; \$500 Damage Seen

Two accidents on Friday were reported by Florida Highway Trooper T. Mark Mack.

Property damage is estimated at \$50 to the three cars involved in the three Seminole County collisions.

At 4:10 Friday afternoon, two miles north of Sanford on State Road 15-600, a 1950 Ford driven by Jimmy Lou Freeman, Negro of Lake Monroe, had apparently stopped at the end of a line of traffic when struck in the rear by a 1954 Lincoln driven by Charles H. Bentler of DeLand.

Damages to the Ford were estimated at \$50; \$400 to the Lincoln. Bentler was charged with failing to have his vehicle under control.

At 11:30 Friday night, one mile south of Sanford, a sedan driven by Olaf Joe Couch, attached to VAH 9 of the Sanford Naval Air Station smashed into a concrete culvert to escape striking two cars as he swung out of Onora Road onto State Road 15-600.

According to the report made by Trooper Mack, Couch apparently misjudged distance from an oncoming car and truck traveling in opposite directions when he swerved his car into the extreme left of the highway.

Damage to the car is estimated at \$50. The investigation is not yet complete the RHP Trooper explained.

Sanford Navy Planes Are Back From Alert

Two detachments from Heavy Attack Squadron Seven (VAH-7), Sanford's "Sunday Punchers", commanded by Comdr. L. B. Libbey, are returning from a month's duty with two carrier task forces in the Atlantic.

These powerful forces responded instantly to the "readiness alert" created by the Suez Crisis of a month ago.

A detachment with Comdr. S. R. Johnson as officer-in-charge was first to depart and first to return. This group of AJ heavy attack bombers served aboard the attack carrier, USS Franklin D. Roosevelt.

The officers and men with this ship were able to make liberty in Lisbon, Portugal.

Comdr. A. K. Simmons was the officer in charge of the other detachment aboard the attack carrier USS Lake Champlain.

Comdr. Libbey's crew and two crews of VAH-5's "Savage Sons of Sanford" served in this detachment.

Maintenance crews under Chief Petty Officers J. M. Clark and W. J. Payne were also returning today from east coast ports to which the carriers returned.

These task forces were assembled and dispatched with remarkable speed and secrecy by the Chief of Naval Operations, Admiral Arleigh Burke, to be ready for any eventuality in the nation's most recent alert condition.

As a footnote to this operation, it is noted that Sanford citrus products were presented to the skippers of both carriers.

Singing Prisoner Back For Christmas

Little did Police Chief Roy G. Williams know last Dec. 22, when Nathaniel Manning left a working crew of prisoners singing "I'll be home for Christmas" that he actually meant what he said—Manning just failed to say "What Christmas."

Nathaniel Manning, 34-year-old Sanford Negro, is now passing around those "Merry Christmas" wishes he failed to distribute as he ran from the city crew singing a Christmas song shortly before Christmas 1955.

Saturday afternoon Florida Highway Patrol Trooper T. Mack Mack noticed the Negro in the south end of Seminole County wearing a week's growth of beard, disheveled clothing, and in general acting suspicious.

Mack, checked with FHP officials, and the Sheriff's office to determine the status of the Negro.

It was during the radio routine check that Desk Sergeant Russell Fench, hearing the report, recognized Manning's name and signaled the "escaped prisoner" message.

Trooper Mack, in questioning Manning for his home address, Manning thought briefly, scratched his head, summed up his predicament and answered "Sanford Jail."
