IN THE HEART OF THE WORLD'S GREATEST VEGETABLE SECTION

VOLUME X

SANFORD, FLORIDA, FRIDAY, MARCH 21, 1919

NUMBER 45

CELERY SITUATION AS IT NOW STANDS

A CORRECT REPORT ON CELERY ACREAGE AND REFRIGERATION DIFFICULTIES FOR 1918-1919

(By our special correspondent)

There has been much said about the amount of celery grown in the celery delta of Sanford this season of 1918-1919. After careful inquiries it is found there was somewhere between 450 and 500 cars of Golden Self Blanching celery planted which will cut in the neighborhood of 1000 cars. Two-thirds or a trifle over of the crop has been cut to date of this week ending March 22. The celery has been of a finer quality than for some years owing to the great amount of rain no doubt. There will be about 1000 cars of Golden celery instead of 6000 cars, as reported by the New York Packer a short time ago.

There is now set in the field about 250 acres of green set or spring celery which is expected to cut about 400 cars. These facts are from those who are in a position to know, as are the following:

As a great deal of fault finding has been done as to the carrying of Sanford products an inquiry has been entered into as to it is evident that the refrigeration equipment now in use or at least certain series in numbers are developing bad carrying qualities. This was thoroughly gone into recently by the Sanford Truck Growers, Inc., in their investigations and reports have been turned in on certain equipment. A number of comparative tests have been made between several different refrigerators and all of the modern equipment shows excellent service in comparison with the much older car now being used by the growers. This feature is causing the growers to pay additional freight because of the necessity of unloading. The minimum car for celery being 350 crates per car in compliance with the tariff, but in order to secure reasonable refrigeration, growers are loading only 336 and paying the freight difference on 14 crates, it being demonstrated by loss that the top 14 crates did not refrigerate. It is alleged that the insulation in the F. G. E. cars is not adequate, the bar felt being too thin and old to perform the service of proper refrigeration. It is to be hoped the shipping facilities can be re-adjusted.

There has been 1600 refrigerator cars of lettuce and celery, beside many express shipments and considerable cabbage has gone from here. Rain damaged the Irish potato crop somewhat. For all the recent rains spring crops look well. Coco Zilla squash, peppers, eggplant, tomatoes, sweet corn, lima beans, snap beans, peas, melons, in fact every kind of vegetable that can be grown anywhere can be found in the rich fields of the Sanford celery delta.

NEW BUSINESS ENTERPRISE

R. L. Perkins and Chas. L. Britt Open New Haberdashery on April 1st

A business announcement of special interest to the people of Sanford appears elsewhere in this issue. It is the announcement of the new firm of Perkins & Britt, which is to open on April 1st at 106 East First street, next to McCuller's.

The principals in this new firm are so well known in Sanford and Seminole county that they need no introduction to the people of the community.

Mr. Perkins owned and operated the Perkins Haberdashery in Sanford for several years, prior to which time he was a popular clerk in the same line of business. Mr. Perkins was successful as a Sanford merchant, but the war coming on and the boys leaving for France made inroads on his business as it did all others and he moved to Daytona Beach about a year ago where he established a business along the same line. He has decided that there is no place like Sanford, however, and is now returning to his first love. He is an experienced and popular clothing salesman and will always get his share of the business in this line.

Mr. Britt has but recently resigned

his position as assistant cashier of the Seminole County Bank of this city, a post he has held since the Bank's organization. He is a very popular young man and has a host of friends in and about Sanford who wish him well in the new enterprise which he is assisting to establish. He has a fund of financial experience which will prove a valuable asset to the new concern.

We bespeak for these fine young men the success they so richly deserve and feel sure that the new enterprise will be a valuable addition to Sanford's business district.

Dr. Miller Visits Sanford

Dr. Oliver J. Miller and Mrs. Miller, formerly of Sanford but now of Jacksonville, were visitors on Sunday at the home of Dr. Miller's parents, Mr. and Mrs. T. J. Miller.

Dr. Miller has recently been appointed as surgeon on the staff of the State Board of Health, a very important and responsible position. He is also chief surgeon for the A. C. L. Railroad.

They returned to Jacksonville on Sunday evening, the trip being made by auto.

BILLY SUNDAY NOW IN TAMPA

FAMOUS EVANGELIST OPENED FOUR WEEKS' SERIES OF SERMONS IN THAT CITY ON WEDNESDAY

Rev. William Sunday, famous evangelist, made his first public appearance in Tampa Wednesday night when probably 4,000 persons sat under or crowded around the edges of a big canopy erected for the purpose near the administration building of the fair grounds. Electric lights illumined the space under the canvas and disclosed hundreds of benches arranged in front of a large platform on which were other benches and chairs for the choir of 400. Several refreshment stands nearby and the odor of sawdust and shavings was slightly suggestive of a circus, as hundreds of persons thronged to the place which for the next four weeks will be the center of the Billy Sunday campaign in Tampa.

The crowd came early. Owing to the excellent organization of the Sunday forces, there was no confusion and the major portion of the audience was seated by the time the choir sang the first song, shortly after 7:30 o'clock. There were no vacant seats when Sunday himself appeared and the overflow stood around the edges five or six deep. It was an expectant, frankly curious crowd that watched closely every incident transpiring on the platform. Men seemed as numerous as women. There were great numbers of elderly people, particularly in the foremost seats and there was quite a smattering of children throughout the assemblage.

Homey, Rodeheaver, choir leader and general announcer, kept things going during the preliminary portion of the program. It was not until the advent of the evangelist himself that the audience really sat up and took notice. This was to be expected, although most of Mr. Sunday's associates are of a calibre and experience that would ensure their "holding a crowd" single handed. Although the singing continued for some minutes after Sunday mounted the rostrum, the majority of the eyes were fixed on the long heralded "Billy" rather than the hymn books.

Sunday is a machine gun orator. There is a sharp staccato of oral bullets, spitting Sundayism against the crowd, with scarcely any break except to let laughter or applause die down or to permit the evangelist, wringing his handkerchief in his perspiring hands. And he did this often because he worked hard. Crouching, springing, stamping—sometimes pounding a chair until the chair bounded several inches off the platform, sometimes seizing the pulpit top like a steering wheel and balancing on one foot like a pitcher wending a ball across the plate.

Mr. and Mrs. T. A. Duren of Largo are visiting their sister, Mrs. Joe Fernandez. Mrs. Duren will be remembered as Miss Guilda Lansing, formerly of this city.

FIRST MEETING NEW FORM OF OF HOTEL CO. GOVERNMENT HELD TODAY FOR THE CITY

PERMANENT ORGANIZATION WILL BE INSTITUTED AT THIS MEETING AND MANY OTHER IMPORTANT MATTERS TAKEN UP

This morning at 10 o'clock will be held the first or organization meeting of the stockholders of the new hotel company which is making preparations to build the new Valdez Hotel. At this meeting a Board of Directors will be elected to serve for the coming year.

The new charter which has recently been received will be accepted at this meeting in the regular way. This has been advertised for some time and all are no doubt familiar with it by this time.

Another matter that will come up today will be the adoption of a set of by-laws for the new organization. It is expected that this cannot be consummated at this meeting as it is a very important matter and it will no doubt require the time and attention of the new board of directors for several days.

It is expected that bids will be advertised for for the remodeling of the building in the very near future, after which time work will be started as soon as possible.

Harriett Virginia Schwartz

Died at Hendersonville, N. C., on Feb. 22nd, 1919.

Harriett Virginia Schwartz, the beloved wife of S. M. Schwartz, well known in this community where she has been a regular winter resident for many years, passed away after many years of suffering.

Mrs. Schwartz was a member of the Quaker church and was possessed of a lovely Christian character. She was a descendant of Col. Marsteller, who was on George Washington's staff and was one of his pall bearers.

The following extracts written by a life-long friend are so appropriate that they are given here:

"She was charitable in all the word implies, always could pick out the good traits of her fellow beings and ever ready to overlook and excuse their faults, denying herself often times even the comforts of life for the benefit of others.

She had abiding faith in the immortality of the soul and strived to live on the higher planes of life so as to take up that condition and progress when entering into the Real Life."

Interment was made at Hershamb near Philadelphia, near Valley Forge of Revolutionary historical fame, beside her mother and father. She leaves a heart broken and devoted husband to mourn her loss.

New Garage

Another new Sanford enterprise is the City Garage, now open for business in the building formerly occupied by the Spencer Bakery.

The principals in the new company are E. Walker Dickson, a Seminole county boy well known here as a good automobile man and Chris L. Matthews, an employee of the A. C. L.

In addition to the garage the new company will handle the Scripps-Booth automobile, a very popular car in most sections but not so well known here as this company has never been represented here before.

The business announcement of the new concern appears elsewhere in this issue and they invite the public generally to call at the new place of business and look them over.

Sunday at Congregational Church

"Jesus at Bethany" is to be the theme of the morning. The hour of worship begins at eleven o'clock. "I was glad when they said unto me, 'Let us go into the house of the Lord.'"

"God and the Proud Waves" will be the subject of the evening. This hour of worship begins at 7:30. Mrs. Takach and Mrs. Frye will provide selections from one of the great oratorios. Congregational singing.

MATTER OF CHANGING SANFORD GOVERNMENT TO THE COMMISSION MANAGER FORM WILL COME BEFORE NEXT LEGISLATURE

A movement for a city manager form of government for Sanford was launched at a meeting in the town house on Tuesday evening of this week.

This matter has been discussed pro and con in Sanford for several years. It is now proposed to bring the matter to a climax and steps have been taken to make such a change possible if the people of the city so desire.

Some months ago the board of county commissioners and the board of public instruction appointed a committee to look into the matter of needed legislation for Seminole county. While little has been said about this committee, they have been at work on several matters, among which is the matter of a change in the Sanford charter.

A special committee is now at work drafting a bill to be presented to the next session of the legislature asking for permission to change the charter of the city to a commission-manager form. This committee will report their conclusions in a very few days and the matter will be handled in the legislature by Hon. F. L. Woodruff, representative from this county.

While the exact form of the charter has not been decided upon as yet, the usual form of the commission-manager form is a government by three commissioners and a city manager who have complete control and management of the affairs of the city. It is believed by many that this form is far better than the present form of government by a mayor and council.

It is proposed to refer the matter to the voters of the city for ratification or rejection if the bill passes the legislature and if the people of the city do not want a change of government it will not be forced upon them.

Many cities and towns in Florida and other states are now operating under this form and it is stated that it is highly successful in most instances. A full and free discussion will be carried on by those interested between now and the time for the election and the arguments both for and against will be brought out fully.

Exceptional Entertainment

The Woman's Club has arranged with the renowned impersonator and entertainer, Gilbert Atlee Eldredge to come here Friday evening, the 28th of March and will open the club house to the public on that evening.

The Lakeland Telegram says: The work of Mr. Eldredge was of the very highest character and thoroughly enjoyed by the audience, and in his delineation of twenty or more characters, Mr. Eldredge was at his best and all declared it was one of the best entertainments ever given in Lakeland.

Mr. Eldredge will appear here one night only, Friday, Mar. 28th, at the Woman's Club house. Do not miss this evening of extraordinary entertainment.

DeLand Minstrels

An entertainment worthy of special notice was that of the DeLand Minstrels given at the Lyric Theatre on Tuesday evening of this week.

The minstrels brought with them an excellent band which delighted the people of the city by playing on the streets for over two hours during the afternoon.

For amateurs this troupe did themselves proud, handling the usual minstrel program like professionals.

The pianologue presented by Mr. Bates was unique and entertaining. The audience voiced its opinion of his act by liberal and generous applause. From the first part of his act when he played a heavy rag blindfolded until his last feat of rendering the popular air "Smiles" with

his back to the piano Mr. Bates' efforts to entertain were successful. The audience seemed to enjoy this last number very much.

The part in our estimation most worthy of mention was the production by Mr. Bates of three distinct melodies at once. This is something entirely new. Playing two melodies at once, one in each hand, is difficult in itself, but Mr. Bates not only did this but whistled still another at the same time. The audience had quite a little amusement trying to hear the three pieces at once.

As very short notice was given of the minstrels coming to our town many were not present who would have gone, but yet the house was well filled. We hope that for the benefit of those who missed hearing and seeing Mr. Bates that he may be able to present his act again in our town as it is one that will interest and entertain all.

Thank You

We the Baptist church of Monroe desire to thank the school board and local directors for the donation of the chairs for the church. Same was highly appreciated. Committee.

LODGE AND LOWELL IN BIG DEBATE

PROS AND CONS OF THE PROPOSED LEAGUE OF NATIONS IS DISCUSSED BY STATESMEN

Boston, March 20.—The merits of the proposed covenant of the league of nations were debated last night by Senator Henry Cabot Lodge and Dr. A. Lawrence Lowell, president of Harvard University, before an audience that followed the speakers with intense interest and frequently expressed approval. The debaters approached the general topic from different angles. Senator Lodge attacked the covenant "as agreed upon by the commission of the peace conference" as a "porous instrument" on the interpretation of which the signers themselves would be at odds within a twelve month.

Sound as War Preventive

Dr. Lowell admitted that the "covenant" needed clarification, but argued that in substance, as a plan for the prevention of war, it was sound. A symphony hall was filled. Three thousand persons had seats and 300 stood. Half of the audience was made up of members of the legislature, federal and state judiciary, governors of New England states, army and navy officers, members of the Harvard faculty, delegates of the Central Labor Union and personal guests of the debaters. The other half represented the lucky ones who had been awarded admission by chance from 25 times as many applications.

Gov. Calvin Coolidge presided, introduced the speakers and held the watch, Senator Lodge led off, speaking for an hour. He received a noisy reception, and was repeatedly interrupted with applause.

Senator Lodge in opening his arguments said he was not against a league of nations, but was anxious to have the free nations of the world unite to secure peace and bring about "a general disarmament."

Denies Inconsistency Charges

He also denied the charge of inconsistency because of speeches in 1915 and 1916 favoring "in general" a league of nations.

At this time and later, in fact, up to the very last, he explained, he was in constant consultation with Col. Roosevelt.

"Two weeks before his death," he said, "I was with Theodore Roosevelt for some hours, seeing him for two mornings in succession. The draft now before the country was not then before us, but we discussed fully the league of nations in all its bearings. We were in entire agreement. The position that I have taken and now take, had his full approval. The line I have followed in the senate and elsewhere was the one he wished to have followed. I do not wish to transfer any responsibility from my shoulders to his. All I do and all I say is on my own responsibility alone."

"The question before us," Senator Lodge said, "the only question of practical nature is whether the league that has been drafted by the com-

BIG FIGHT ON FOR MINORITY LEADERSHIP

ORGANIZED EFFORT TO DEFEAT CHAMP CLARK AS DEMOCRATIC MINORITY LEADER NEXT SESSION

Washington, Mar. 20.—Administration friends in the house, representing all sections of the country have undertaken what promises to be a successful fight to prevent the selection of Champ Clark by the Democratic caucus for minority leader in the Sixty-sixth Congress.

Leaders of the movement declare a majority of the Democratic membership will uphold President Wilson by repudiating the present Speaker's war course and "sarcastic antagonism to the Administration."

It has been an open secret in Washington that Speaker Clark has never forgotten nor forgiven those who contributed to or benefited by his defeat for the Presidential convention in 1912. His animus has been shown repeatedly by unfriendly acts and references, and by his attitude on legislation recommended by President Wilson. He refused to vote on the declaration of war, earned countrywide condemnation by his speech asserting there was "precious little difference between a conscript and a convict," and is now reported to contemplate a tour of the United States in opposition to the League of Nations.

Representative James H. Mays of Utah, a member of the reorganization executive committee, consisting of 15 Democratic representatives from 11 states, has issued a statement appealing to administration supporters to elect a leader in accord with President Wilson. "The reorganization committee has declared that without unified leadership the party is 'doomed in advance to defeat.'"

This is no time to put jealous enemies or soreheads in charge of the party leadership," Mr. Mays insists. We want a leader who will not inwardly rejoice at the abuse of the President. We cannot have antagonistic leaders.

"The President is being bombarded from the front and from ambush. We must not install and support leaders who will shoot from the rear. We cannot afford by our votes to approve sarcastic antagonism to the League of Nations. Our people are heartick and weary of war, and will rebuke their servants who go counter to the earnest determination of the President to crystallize the hopes and desires of the civilized world into a living covenant of peace."

Representative J. Y. Sanders, former Governor of Louisiana is chairman of the reorganization executive committee. On the committee with him are William A. Ayres, vice-chairman, James H. Mays, Utah, Richard S. Whaley, S. C., Guy E. Campbell, Pa., H. L. Goodwin, N. C., Henry T. Rainey, Ill., Carlville D. Benson, Mo., Warren Gird, Ohio, D. H. Kinchloe, Ky., M. M. Neely, W. Va., Patrick McLane, Pa., John W. Rainey, Ill., W. W. Hastings, Okla., John V. Leshar, Pa., A. B. Rouse, Ky., Harry L. Gandy, S. Dakota.

Since Speaker Clark has been quoted as having said to a group of Democrats that "Wilson's League of Nations has as much chance of adoption as you have of being pope of Rome," the movement to prevent his selection for the house leadership has found many new friends in administration circles.

mission of the peace conference and laid before it will tend to secure the peace of the world as it stands, and whether it is just and fair to the United States of America."

In answer to the charge that there had been no constructive criticism of the league of nations, Senator Lodge exclaimed: "My first constructive criticism is that this covenant ought to be redrafted." This is essential, he added, because the sanctity of treaties is vital above all else.

As another constructive criticism, he demanded a definite statement in the covenant of the vote required in the executive council for it to "recommend" or "advise" or "propose," as the case might be.

AMUSEMENT

WAR TANKS IN ACTION IN "THE COMMON CAUSE"

Tanks in action, showing the vital part played by them in the big war are a feature of "The Common Cause," J. Stuart Blackton's latest screen masterpiece which will be seen in the Star Theatre Monday presented through Vitagraph. Big tanks and little tanks are shown, manned by soldiers of all the allied armies and all spitting bullets as they lumber over Hun trenches, crash through their lines and plough through newly-liberated towns in northern France, stopping at nothing. All these scenes have the official O. K. of the American and allied governments, so they are accurate as well as thrilling.

Commodore Blackton used the famous tank, Britannia in most of the fighting scenes. This tank, after performing remarkable service in a score of battles in France was sent across the Atlantic to do its bit in Liberty Loan and other patriotic drives here and in Canada.

Not less powerful in their appeal are the recruiting scenes, principally those in front of New York's Public Library. Fifty thousand recruits since America entered the war has been the town square of the United States.

Miss Frederick's New Photoplay

The admirers of Pauline Frederick, the beautiful Paramount star, will be much interested in the announcement that her latest photoplay, "A Daughter of the Old South," will be shown at the Star Theatre Saturday. Miss Frederick portrays the role of a girl in this splendid photoplay which was written by Alice Ramsey and Rudolph de Cordova, and her characterization is said to be essentially different from any which she has, therefore, essayed in motion pictures.

As depicted in this picture, Miss Frederick delineates in captivating style the character of a girl reared in the south who has strong American ideals, and who rebels against being married off with out her knowledge of consent to a man of her own choosing. The drama, the basis of an interesting story, which has distinct turns and heart appeal.

THRILLING STAGE LIFE STAGED IN SPORTING LIFE

One of the most exciting and battles ever shown in any motion picture is that in which Lord Woodstock fights a victorious battle himself after the man he had wagered upon had been dragged by his enemies. This is one of the numerous thrilling scenes in Maurice Tournour's fine picturization of "Sporting Life," the famous English melodrama, which will be shown at the Star Theatre Wednesday.

John, Earl of Woodstock, is a young British nobleman who is harassed by debt. He is a thorough sportsman, and when Joe Lee, a gypsy prize fighter is matched, Lord Woodstock bets every dollar he can raise on him. But Woodstock has a powerful enemy who causes Lee to be doped by the father of the girl he had wronged and Woodstock is left to fight his wagers, enters the ring himself and fights a victorious battle.

It also develops that Lord Woodstock has backed his mare, Succo-

dash to win the Derby and to best him his enemy gets into action again and has Lady Love stolen. Then, to punish his villainy he kidnaps Woodstock and circulates the report that he is dead. Both master and horse are rescued in time and when Lady Love was that time, Woodstock, as in the picture, has a fight worth thousands of pounds.

The picture is one of unusual thrill and expectancy. The love element is provided by Lord Woodstock who loves Norah Cavanagh, a daughter of his chief trainer, and when he gets into trouble with her, she starts him in the face, Norah saves him. The photoplay was produced under the direction of Mr. Tournour, and the results have been highly effective.

THEME OF "THE COMMON CAUSE"

The theme of "The Common Cause," the J. Stuart Blackton screen production, which is scheduled for Monday at the Star Theatre is the story of the ages—the ex-

planation of why and how the United States and the allied nation joined together in the salvation of civilization. It is the story uttered by Cardinal Mercier, the angel of Belgium, in the first interview he gave after the Huns had been driven from the Rhine. The famous phrase said:

"The triumph of justice is complete, the barbarian device that might is right has received its death blow; the dream of Pan-German domination has been shattered and evaporated like noxious gas in the wind, and thanks to God's justice right has triumphed and the Belgians once more are free and independent. We have won the war."

"The Common Cause," according to Manager Herndon of the Star Theatre has been called the story with a laugh, a thrill and a throb. It is more than that. It is a history of the war in tabloid form, accurately reckoned by its author and faithfully portrayed by the actors. It was made under the auspices of and with the full cooperation of the British Canadian Recruiting Mission.

The opening scenes picture the invasion of Belgium by the Huns, the leveling and looting of unprotected towns and the flight of the helpless inhabitants into northern France.

France next is shown taking up its task, the mobilization of troops and their swift onrush to their frontier and against the German horde.

Britain then takes the center of the screen, roused by the brutal crushing of treaties and the impending fate of France and Belgium. Her soldiers are seen rushing aboard transports and across the channel to join with the legions of France across the pathway and almost at the gates of Paris.

Italy in her period of indecision next is shown at the cross roads, where one hand points the way of the heroism, the other the road filled with the ever growing armies of humanity. And seeing the tribulation and woe caused by the barbarian she joins with humanity.

And lastly, the entry of Columbia

with the turning of the tide at Chateau-Thierry, followed by the stirring epilogue showing the final victory of the allied nations. Splendid photography sets out the appearance of the varied armies with banners flying and surrounded by cheering liberated throngs. There is a thrill and a throb in every foot of film in these closing scenes, which bring home so effectively the title of the picture, "The Common Cause."

"The Light" is Story of a Wicked Woman

Who is the "wickedest woman in Paris?"—Theda Bara.

It is in this role that she appears in her latest super-production, "The Light," a William Fox photoplay, at the Star Theatre Thursday. Here Bara portrays a woman who laughs at the curfew of the misery of Paris in recent years. While other women sacrifice themselves she becomes entangled in numerous love affairs and lives a life of luxury. But misery must leave its scar-

even upon the heart of a notorious woman. She finds salvation of her soul in her compassion for a blinded soldier. He teaches her the lesson of sacrifice and noble devotion. For his sake she deserts her old haunts and her old associate. She sees duty at last and obeys its summons by caring tenderly for the blind hero.

"We've Saved a Place for You"

A special program has been prepared by Supt. Jno. D. Jenkins of the Baptist Sunday school next Sunday. A feature of the special program will be talks by members of the Sunday school who have recently returned from the great war. Many of these young men have consented to give some of their experiences during their service with Uncle Sam and a very pleasant program is anticipated. The time is 10 o'clock in the morning and the slogan "We've saved a place for you" assure you a hearty welcome at the Temple.

J. STUART BLACKTON

producer of the "Battle Cry of Peace", "Womanhood", Etc., now eclipses all previous records by

"THE COMMON CAUSE"

The After War Story

with a thrill, a tear, a throb, and a laugh

One of the screen sensations of the year. It is the most realistic, enthralling story of patriotism, potential with uplifting thoughts, ever reproduced upon the silver sheet. It not only embodies events of the past but its success will be permanent, for its theme fits the present and the future of this—and all countries. It is a gripping visualization of human emotions, of historical periods showing how America and the Allies made their joint fight and crushing sacrifice that civilization might survive. A truly noteworthy production and the most satisfactory picture dealing with the war up to and including the signing of the armistice. 100 per cent is the trade mark of this film.

Sobs are checked by laughter, smiles are drenched by tears

at the

COUNTY HAPPENINGS

A BUNCH OF INTERESTING ITEMS FROM CORRESPONDENTS—EVENTS OF SEMINOLE COUNTY—EFFICIENT REPORTERS FOR THE HERALD

EAST SANFORD
A son was born to Mr. and Mrs. L. Roye of Beardall avenue St. Patrick's Day in the morning. Dr. Denton in attendance.
Miss Bursie Long of Pittsburg, Pa., and Mrs. J. R. Rusk and three children of Wheeling, West Va., arrived Sunday night to be the guests of their parents, Mr. and Mrs. D. L. Long and other relatives.
Mrs. Norman N. Swanson came home last week from Hot Springs, Ark., after a stay of about eight months taking the baths and treatment for a tubercular trouble. Her many friends trust she has received permanent help.
Mr. and Mrs. W. N. Lovell went to Jacksonville Monday to spend a few weeks, then on toward their home in Waterbury, Conn., expecting to reach there before May 1st.

Miss Annie Cameron came home Friday from Stetson University for over Sunday.
Ingram Guerry is expected home on a furlough. He has been first class officer on the cruiser Rochester for many months.
Mr. and Mrs. A. H. Stone of Cameron avenue have had as recent guests Mr. and Mrs. E. F. Cooley and Mr. and Mrs. Arthur L. Baker, enroute to their summer home in Lansing, Michigan, after several months spent at their winter home in Winter Park.
Mr. and Mrs. Thos. M. Dunlap are moving from Park avenue to their farm on Richmond avenue.
Some one stole Carl Chorpensing's bicycle Sunday night. Chief Tillis has a description and has hopes of a quick recovery.

WEST GENEVA AVENUE
The weather feels a little like winter after the rain Monday night.
Mrs. Culp, Mrs. Abbot and Mrs. Thompson called on Mrs. Vaughn Monday afternoon.
Mrs. W. N. Culp has just received a card from her brother, David Robinson saying he has just arrived in the good old U. S. again from France.
Mr. Will Robinson is on the sick list this week with a bad cold which is usually called la grippe.
Mr. Jack Thompson was over from DeLand Monday calling on old friends and looking after his home place.

Our little Sanford town seems to be in full speed of business now. Everybody is busy.
A cheerful heart makes a cheerful town with everybody.
There is not much talk about the flu nowadays. I think it is about gone and we should all be glad.
There is nothing worse than flu and the ex-kaiser, but I think both are about to come to an end.

LONGWOOD PICK-UPS
Mr. and Mrs. W. N. McConnell of LeRoy, Ill., are guests of the Longwood hotel. Mr. McConnell owns property here and is thinking of locating.

J. E. Phipps and uncle, Mr. McWorkman returned Friday from a trip down on the west coast.
Mrs. W. S. Entzinger and little daughter, Lucy are visiting Rev. Louis Entzinger and wife in Lakeland.

Mr. McWorkman left Wednesday for his home in Indianapolis, but says he is coming down next winter with a bunch of Hoosiers.

Quite a little excitement was caused one day last week when T. P. Lewis accidentally ran into and knocked down a colored boy who was driving. A doctor was called but found the boy was not seriously injured.

Miss Evelyn Waits of Orlando spent Sunday with home folks.

Eric Saulsbury was the guest of J. M. Waits and family on Sunday.

Mr. LaMay and several of his guests of the hotel motored through to Tarpon Springs one day last week.

Mrs. Searcy went down to Orlando Wednesday and will be the guest of Mrs. C. L. Morton while there.

Mrs. Bertha Shipp and children of Sanford spent a few days with her mother, Mrs. Geo. Lewis.
Mrs. J. S. Dinkel spent Wednesday in Sanford, the guest of Mrs. S. A. Houston.

WEKIWA ITEMS
P. J. Coates, Frank and George Coates and wife from Jacksonville and Frank Powell of Acron, Ohio are spending a few days on Mr. Coates' farm here.

We learn from Mr. Coates that Mrs. Coates has been dangerously ill but is improving now.

W. D. Fillmon and family arrived Saturday night from Lakeland and will spend the summer on their farm here, except Mr. Fillmon who is now working in Sanford.

The young people all went fishing last Saturday evening, and had very good luck and a much enjoyed evening.

Raymond Boyd is now working in Sanford.

The nice new garage and barn on T. I. Boyd's place are almost finished and look very nice.

OVIEDO ITEMS
Chief Master Mechanic Charles Lee of the Naval Aviation has returned home. Mr. Lee and family are fitting up one of his father's prettiest cottages at Lake Charm, which they will occupy, his own home at Lake Charm having been leased to Mr. Murphy during his absence in his country's service.
Mrs. Swope, mother of Mr. O. P. Swope returned to Wichita, Kansas, the first of the month after spending the winter with her sons.
Mr. Roy White, conductor on the A. C. L. has been laid up with a severe cold for a week. Mr. McIntosh is looking after him. He hopes to return to his job this week.

Rev. Mr. Steinhilber spent Wednesday in Sanford.

The Baptist Women's Missionary Society is holding its annual prayer service every afternoon.

Mrs. Tedford of Tennessee, who is visiting her daughter-in-law, Mrs. Tedford of Orlando has accepted Mr. Stone's invitation to speak in the Baptist church next Sunday evening on India. Everyone will be interested and is cordially invited. Mrs. Tedford and husband were missionaries in that wonderful country and her talk will present things as they are.

Since the county gave us a brick road we find this a delightful drive. Never a day passes that two or three car loads of sightseers do not come to our quiet town.

Last Sunday a party of seven gentlemen came out to call on Mr. O. P. Swope and insisted upon driving to see the Black Hammock Garden. The success of the Black Hammock Garden Co. is attracting many strangers.

Mr. J. C. Murchison, Supt. of Jacksonville was a visitor to our burg this week.

Mrs. James Clark is visiting her daughter, Mrs. B. G. Smith.

Mr. O. P. Swope, county commissioner of Seminole county has at last succeeded in getting the Seaboard depot moved. It was encroaching upon the street some 20 feet or more. The building is being covered and other improvements.

Miss Mitchell, who is in Richmond, Va., expects to be back next week if the doctor permits. He has given her very little encouragement about her foot.

The Methodists have sold their old organ and replaced it with a nice piano.

Rev. Mr. Stones, pastor of the Baptist churches in Oviedo and

Geneva will be tendered a picnic next Saturday at Geneva in celebration of his birthday.

Mrs. Nance Averite, who has been visiting Mrs. Mitchell returned home Wednesday.

Mr. Allen of Longwood is visiting his daughter, Mrs. L. T. Hunt.

Mr. T. C. Branon, conductor of the Seaboard, of the Orlando and Oviedo branch is taking a few days off, Mr. Vance Winters taking his run.

One of the beauty spots of the town, the garden of Mr. Andrew Linehart and Capt. Broyning has been badly crippled by rain, but the last few days they are beginning to look natural.

Miss Mary Linehart is improving slowly but not yet able to leave her room.

The Aid Society of the Methodist church met at the Red Cross room to begin work for the parsonage Monday, 16th.

Mr. H. B. McCall is pruning his grove, getting ready for a big crop of oranges next winter.

GENEVA

Miss Clarence Hand of Sanford spent last week with Miss Helen Moran.

Miss Clara Phillips was the week end guest of her parents, Mr. and Mrs. Charles Phillips.

Miss Hamilton of Chicago who has been spending several weeks with Mr. and Mrs. A. W. Davis left last Tuesday for Petersburg and other points of interest before returning north.

J. V. Wicks has recently added to his possession a car.

Mr. and Mrs. Evan Pattishall of Richmond, Va., are visiting their parents, Mr. and Mrs. H. H. Pattishall.

Claude Raulerson of Orlando is spending the week at his home here.

Mr. Bunnell of Georgia is visiting his brother, Mr. Charles Bunnell.

B. C. Skinner of the Skinner Machinery Co. was a visitor at the Exchange packing house last Tuesday. The Exchange expects to make extensive improvements in the house before next season.

A picnic was given at the Lake Harney picnic grounds last Tuesday in honor of Mr. and Mrs. Evan Pattishall.

Mr. and Mrs. J. L. Brown are receiving congratulations on the arrival of a daughter.

UPSALA AND GRAPEVILLE
We understand that Mr. Thornton will take up the hard task of rural mail carrier on Route A, as Minton Lord has resigned.

Mr. Letson returned from a visit to his daughter, Mrs. Beaves in Winter Garden.

Mr. and Mrs. Dan Hodges of Sanford were guests of Mr. and Mrs. Ehrenberger on Sunday.

Mr. and Mrs. Henry Lee and sons, Ernest and Eddie were visiting Sunday with Mr. and Mrs. Jesse Lee.

Mrs. Alfred Ericson expects to spend a few days at the close of this week with her sister, Mrs. Adam Kier in DeLand.

A number of the folks went fishing last Saturday night, but not much luck reported. Too windy, some say.

Geo. Ballinger is again marketing a few strawberries. The plants are full of green fruit but the continued rains are hard on them.

Mr. and Mrs. Tom Tyner and their children and their nephew, Willie Tyner took dinner in town with Mr. and Mrs. Fred Krell on Sunday.

Mrs. E. W. Lundquist and son, Raymond, with her brother, Elmer Bergquist visited Wednesday at the home of Hilmer Lundquist. Elmer called later also to see his brother, Clarence at the home of Mr. and Mrs. Hodgins.

Mrs. Hilmer Lundquist has as her guest for a few days her niece, Mrs. Martin and baby of Winter Garden.

A DEFENDER OF SINN FEINN

Thomas McDonough's Reply to the English Court-Martial

Thomas McDonough, schoolmaster and poet was shot to death in Dublin Castle on May 6th, 1916, for sharing in the Irish uprising. After the court-martial before which he was tried had returned its verdict of "Guilty," and sentence of death had been pronounced McDonough made this remarkable speech:

Gentlemen of the court-martial: I choose to think you have but done your duty, according to your lights, in sentencing me to death. I thank you for your courtesy. It would not be seemly for me to go to my doom without trying to express, however inadequately, my sense of the high honor I enjoy in being one of those predestined to die in this generation for the cause of Irish freedom. You will, perhaps, understand this sentiment, for it is one to which an impartial poet of a bygone age bore immortal testimony: "The sweet and glorious to die for one's country." You would all be proud to die for Britain, your imperial patron, and I am proud and happy to die for Ireland, my glorious Fatherland.

A Member of the Court: You speak of Britain as our imperial patron?

The Prisoner: Yes, for some of you are Irishmen.

A Member of the Court: And what of your imperial patron, what of Germany?

The Prisoner: Not if Germany had violated and despoiled my country, and persisted in withholding her birthright of freedom.

The President: Better not interrupt the prisoner. The prisoner bowed.

There is not much left to say. The proclamation of the Irish Re-

public has been adduced in evidence against me as one of the signatories. Yes, I think it already a dead and buried letter, but it lives, it lives. From minds alight with Ireland's vivid intellect it sprang. In hearts aflame with Ireland's mighty love it was conceived. Such documents do not die.

The British occupation of Ireland has never for more than one hundred years been compelled to confront in the field of fight a rising so formidable as that which overwhelming forces have for the moment succeeded in quelling. This rising did not result from accidental circumstances. It came in due recurrent season as the necessary outcome of forces that are ever at work. The fierce pulsation of resurgent pride that disclaims servitude may one day cease to throb in the heart of Ireland—but the heart of Ireland will that day be dead.

While Ireland lives, the brains and brawn of her manhood will strive to destroy the last vestige of British rule in her territory. In this ceaseless struggle there will be as there has been, and must be, an alternate ebb and flow. But let England make no mistake. The generous, high-bred youth of Ireland will never fail to answer the call we pass on to them—will never fail to blaze forth in the real game of war to win their country's freedom. Other and tamer methods they will leave to others and tamer men; but they must do or die.

It will be said that our movement was doomed to failure. It was proved so. Yet it might have been otherwise. There is always a chance for brave men who challenge fortune. That we had such a chance, none knows so well as your statesmen and military experts. The mass of the people of Ireland will doubtless bill their consciences to sleep for another generation by the exploded fable that Ireland cannot successfully fight England.

We do not profess to represent the mass of the people of Ireland. We stand for the intellect and the soul of Ireland. To Ireland's soul and intellect the inert mass, drugged and degenerate by ages of servitude must, in the distant day of resurrection, render homage and free service, receiving in return the vivifying impress of a free people.

Gentlemen, you have sentenced me to death, and I accept your sen-

COUNTY HAPPENINGS

(Continued from page 2)

T. O. Tyner has been off duty from the shops this week with grip. Clarence Bergquist, who has lately returned from six months overseas, having received his discharge in Vienna, has just come from a visit to his parents at Tiger Bay, arriving here Saturday for a short visit at the home of his sister, Mrs. E. W. Lundquist. He looks an able representative of Uncle Sam and was glad to see him. His brother,

Clarence Bergquist was also a visitor there on Sunday.

J. A. Thompson of DeLand visited his home here Monday and made a short call at the home of T. O. Tyner. He confirms the report of the coming marriage of their daughter, Miss Edna this Sunday week. Her friends gave her a linen shower last week.

Rev. Swanson who was at Grace land on Sunday preached at the Lutheran church on Monday evening. He was entertained at the home of Mr. and Mrs. Borell for supper and later at J. E. Lundquist's home. Don't forget the Sunday school

that price in Scotland they wouldn't
be selling.

Repeat to yourself twenty consecutive
times, "The good man loves to
pay his income tax." The effect
may possibly be to place you in a
more resigned frame of mind.

The doughboy who comes home
from France expecting to be married
at once will have nervous prostration
when he buys his first American
newspaper and reads in the advertisements
"Women's spring suits,
\$45.00, Women's oxfords, \$12.50,"
to say nothing of the produce and
market reports.

The congressional committee which
drafts the revenue law evidently had
no kids of their own and no sympathy
with other people's kids. They laid
a tax upon athletic goods without
regard to the fact that 70 per cent
of baseball bats, catchers' masks
and mits and athletic goods of every
description are bought by boys under
eighteen.

Why not a Memorial Hospital for
Sanford?

We need the hospital, we have the
location and about \$2,500 already in
a hospital fund and several ladies
of the city have signified their willingness
to do anything possible to
help build such a hospital. It
would certainly be a fitting memorial
to the Seminole county boys
who lost their lives in the recent
World War, especially since some
are coming back to us in need of
some such place where they can
have the proper attention for a while
at least until they can recover from
their wounds received in France.

Let's think this matter over and
if practical build the Seminole
Memorial Hospital.

LET'S STOP THIS

In a letter from a former Sanford
farmer to the Herald he closes thus:
"In one of my daily walks around
town I took a side street and came
across a young man, having a crate of
celery. I asked him how about it
and he said it was from Florida. I
then looked at the mark and it read
Sanford, Florida. Was sorry to see
that it came from there, although
I don't want the celery, but I
should not want the packer who
put up this crate to work for me.
The crate cost \$6.50 here."

We know that the Sanford farmer
has made great improvements in
the way of growing celery, but it
is a pity that the celery is not
grown along the line. When
buyers find that Sanford celery is
always packed right the price will
take care of itself, to a large extent.

COMMISSION GOVERNMENT
FOR SANFORD

A movement is on foot to change
the form of Sanford's city government
to a commission-manager form.
We believe that this will be an
improvement over our present city
government if the new plan is carefully
worked out. The commission

form has proven a great success in
nearly every city in which it has
been inaugurated and there is no
good reason why it will not be a
success in Sanford.

We await with interest the report
of the committee selected to draft
the proposed charter and trust that
they will give this matter the very
best attention possible for upon this
committee may hang the destiny of
Sanford's future prosperity to a
very large extent.

In the meantime the columns of
the Herald are open for a limited
amount of discussion both for and
against the proposed change. We
want a full and free discussion of
this matter now, before the election
for ratification or rejection, and not
afterwards.

The Herald will no doubt have
considerable to say about this matter
as soon as the committee reports
and we can determine just what this
new plan is to be.

MEDICAL SERVICE IN SCHOOL

The greatest asset we have—far
beyond crops and cattle and stocks
and bonds—is the children of our
land. They will be the citizens of
the next generation. And if they
grow up to health and strength it
will mean that they grow up to efficiency
and power.

It is our manifest duty to take
whatever means we can to bring
about the most favorable conditions
for the health of growing children.
That as a nation we have failed
lamentably in this respect is shown
by the number of men in the selective
draft who were rejected for
physical imperfection. Thirty-three
per cent of our young men—one out
of every three—were below the normal
physical condition, which makes
a man fit for army service.

Many of these young men were
subject to physical disabilities which
could readily have been prevented
or remedied if they had been recognized
and properly dealt with in
the subject's childhood.

A thorough examination of each
child of school age should be made
twice a year. This would lead to
the detection of many incipient
troubles and their cure. The true
will come when we shall see the services
of a doctor and nurse available
at every school in the land, as
part of the school system.

In Florida it seems that in recent
years at least we are ahead of some
of the other states in this respect for
we have a thorough medical examination
of all school children at
least once a year.

The result will be a healthier,
happier and more efficient manhood
and womanhood.

Factors in the High Cost of Living

The marketing problem is not one
solely for the country producer, says
the State Marketing Bureau, the
consumer plans an important part
in it. On the whole the retailing of
food stuffs is not altogether a profitable
undertaking. It is often said
that the retailer makes large profits.
This is necessary for several reasons:
1. He loses from credits. 2. He usually
sells in picked over small lots.
3. Exactness is required by the
consumer. 4. It costs just as
much time to wrap and deliver a
dime's worth of stuff as it does a
dollar's worth. 5. Orders are frequently
made in small quantities by
telephone, and usually must be delivered
"right away, quick."

Even when purchases are made in
person, small lots are called for, for
example the good housewife wants a
few pounds of potatoes. She perhaps
avatches them being picked out
and objects to the size of this one
or that, and the result is that the small
or defective ones are left on the
dealer's hands.

Many persons in the towns buy
their supplies by the meal or day,
and these must be at the kitchen
door on time or there is complaint,
and maybe next time purchases are
made from some other dealer. It is
estimated that one sixth of the cost
to dealers is in wrapping and deliveries.

There are many kinds and grades
of goods, and some do not always
sell, and accordingly the turn-over
is slow or becomes a loss. A dealer
can handle cheaper a thousand
pounds of coffee of a half dozen or
more grades. The taste, fancy, or
whim of the buyer, however, must
be catered to. There are people who
want one grade of coffee and others
who think they like a mixture of
several grades. Mocha is a popular
name for a certain grade of coffee,
but there is probably not a pound
of genuine Mocha in the United
States. It is grown in Arabia, and
most of our coffee comes from
Brazil.

Cost in these days is multiplied
too by goods put up in expensive
containers glass, tin, and paper
board boxes gaudily covered with
pictures and printing, and in most
cases with contents short an ounce
or more of a pound. The weight in
ounces is usually printed on the
package, to show the quantity but
that fact does not atone for the loss,

FORTUNATE ARE THE CHILDREN
who grow up in homes of thrift
and economy. Doubly fortunate
will those children be if they also
save the dimes which later will be
dollars.
CAPITAL \$30,000.00 SURPLUS \$15,000.00
PEOPLES BANK OF SANFORD
WE WANT YOUR BUSINESS
H. R. STEVENS President C. M. HAND Vice-President SANFORD, FLORIDA
R. R. DEAS, Cashier C. D. COUCH, Asst. Cashier
THE BANK THAT INSURES YOUR DEPOSITS

which in the aggregate totals a large
quantity. This is not the fault of
the dealer, but of packers and canners
in putting one over on the
public.

Comparison between purchases
nowadays and in the days of our
fathers cannot in all fairness be
made. Then flour was bought by
the barrel and potatoes by the
bushel. Then meats were bought in
terms of hams, shoulders and sides,
and not sliced at forty to sixty cents
a pound. In former days folks did
not worry about out of season
delicacies—lettuce and celery salads—
the materials for which are often
ordered now by phone just before
meal time and charged. That
retains the keeping of accounts.

In combating the prevailing high
prices the consumer should think of
these things and begin a reform at
home. Investigations in marketing
by experts show that the price the
producer receives and the price paid
by the consumer is double or more,
and the retailer gets the difference,
but he seldom gets rich, because
profits are absorbed by the modern
expensive method of doing business
and these excesses must in full part
be paid at the door of the purchaser
and consumer.

Watch for further notices and
keep the date in mind.

Sergeant Jim of the U. S. Marines
The Seminoles of the High School
are holding their class play,
which will be staged on April 11th
at the High School auditorium.
This is an up to date four act
comedy with scenes laid in America
and France.

Seminole County Guards
General Order No. 36
Attention Seminole County
Guards:
All officers and enlisted men
of the Seminole Co. Guards
are hereby ordered out for
drill and instruction and to
participate in the installation
of the newly elected
officers of the Guards on
Friday, March 28th, 1919,
at 8:00 p. m. Full uniform is
required and no excuses,
except sickness will be
accepted.
Dated March 26th, 1919.
W. Deane Turner,
1st Lt. Commanding.

Attest:
W. M. Haynes, 1st Sgt.

WHAT WILL THE
FLORIDA LEGISLATURE
DO TO YOU?

And what will it do for you?
Every measure which comes before
it will affect you, directly or indirectly.

You owe it to yourself to keep
fully informed in regard to the
proceedings of the coming session.

Don't wait until some injurious
law has been enacted and then kick
about its enforcement. Watch the
bills introduced from day to day.

When you see that a dangerous
one has been offered, protect right
away to your senator and representative;
be equally prompt in commending
good measures.

THE FLORIDA TIMES-UNION
WILL KEEP YOU FULLY POSTED.

As usual the Florida Times-Union
will print daily the fullest and most
complete reports of the work of the
state legislature at the coming session.
Three staff correspondents of the
paper will be kept at Tallahassee
during the entire session, and they

will report fully everything of general
interest.

The Times-Union will carry every
day from ten to fifteen columns of
the legislative proceedings, its reporters
covering not only the actual happenings
of the day but the equally
important "underground" workings
of the capital city.

THE MOST COMPLETE LEGISLATIVE
REPORTS AND THE BEST GENERAL
NEWS SERVICE TOO.

No other Florida newspaper will
undertake the handling of the legislature's
work in any such complete
and comprehensive way.

You will need the Times-Union to
keep informed about the doings at
Tallahassee while the law makers are
there, no matter how many other
papers you read.

Meanwhile the Times-Union will
continue to give its readers the news
of the world and the news of Florida
in the exhaustive way that has made
its reputation as a great newspaper.

The editorial page, the society
departments, the literary features, the
"comic" illustrations, the market
reports and all other sections of the
Times-Union are today better than
ever.

Subscription rates: Single copy, 5c;
one month, \$1.00; three months,
\$2.50; six months, \$4.50; one year,
\$8.00.

FLORIDA TIMES-UNION
Jacksonville, Fla.

EXTRA: If subscription order is
forwarded to the Times-Union direct
and promptly with \$1.00 your name
will be added to their mail list from
March 29th until June 30th. This
will more than cover the entire legislative
period and it means that you
will receive the Times-Union at
less than the "before the war" subscription
rate. This is a special offer
and is not to be repeated.

Just So.
The successful farmer has to
be a farmer.—Boston Transcript

WE REPAIR
INNER TUBES
as well as the outer shoes of tires.
Vulcanizing tubes gives the same
satisfaction as it does on casings.
Our method proves satisfactory on
all sorts of tires—pneumatic tires for
motor cars, bicycles, baby carriages,
solid tires for auto trucks, vacuum
cleaners, etc. But auto tire vulcanizing
is our specialty.

KENT VULCANIZING WORKS
Oak and 3rd St. Sanford, Florida

What Are You Worth
To Yourself?

How often do you stop and consider your
condition ten years from now?

If you are earning ten dollars per week do you
save one of the dollars?

If you are saving one dollar have you ever
figured out how you can make it two?

If you are only earning ten dollars per week
have you figured on increasing that earning capacity?

Spend a profitable hour thinking it over.
Take stock of yourself. Come to see us and we will
talk it over with you.

Mr. and Mrs. Stanwood T. Soule of Portland, Me., left Thursday for Orlando where they will spend several weeks, leaving there they will visit St. Augustine, Jacksonville, Apheville, Washington and other points of interest before returning to their home. They will meet their son and daughter in North Carolina. Mr. and Mrs. Soule made many friends while here who regret to see them leave.

Excellent Entertainment
Among the good things coming for Sanford people this next week is the Missionary Pageant which will be given at the M. E. church on Thursday evening, March 27th, 1919, beginning at 8:15 p. m.

All of the Sanford churches are taking part in this beautiful pageant and from the amount of work they

are putting on it there is no doubt but that it will be well worth seeing. Among other things connected with the entertainment will be a chorus of 19 voices. Some 23 characters will take part in the pageant.

The public generally is invited to this pageant as it will open your eyes on the mission question.

Those taking part are notified that the next rehearsal will be on Monday evening at 7:15 at which all participants are to be present.

To Teachers of County Schools—After May 1st, the examination questions on THEORY AND PRACTICE will be based on LA RUE'S THE SCIENCE AND ART OF TEACHING, price \$1.20 postpaid. This book is published by the American Book Company, Atlanta, Georgia, and may be obtained through the local dealer in school books.

Notice

By order of the board of directors notice is hereby given that the stockholders of the Geo. H. Fernald Hardware Company, a corporation, will at its office in Sanford, Seminole county, Florida, at ten o'clock a. m. on the 31st day of March, A. D. 1919, hold a special meeting for the transaction of important business affairs of said corporation.

This 14th day of March, A. D. 1919.

J. G. Ball, Secretary of The Geo. H. Fernald Hardware Company. 44-2tc

Presbyterian Church

Last Sunday the annual canvass for the various missionary causes of the church was made. About \$2,000 was subscribed, which was twice the size of any such initial subscription this church ever made. Prospects now indicate that the total amount desired, \$2,950 will be fully subscribed. Those Presbyterians who were not seen last Sunday may give their subscriptions to Mr. H. R. Stevens or Mr. H. C. DuBoise at any time in the week.

Are you a

There are additions to the church practically every Sabbath, three new ones were announced last Sunday.

Sunday services:
Sunday school, 10:15 a. m.
Preaching, 11:30 a. m.
C. E., 6:30 p. m.
Prayer, 7:30 p. m.

The Wesley Brotherhood will be the guests of the Presbyterian Brotherhood Sunday. It is hoped the combined classes will have 150 present Sunday.

MISS FARNSWORTH IN S. S. WORK

Miss Farnsworth Has Important Post in Alabama Conference
Miss Lillie Farnsworth, for many years a teacher in the primary department of the Sanford schools has recently been appointed Sunday School Elementary Superintendent of the Alabama Conference with headquarters at 36 Vandiver Bldg., Montgomery, Ala.

She has been arranging for Teacher Training Courses all over the conference and she with other state

workers holds these courses, thus helping the local Sunday school teachers and officers to become more efficient in their work and enabling our schools to become A No. 1.

Miss Farnsworth left Sanford last summer, going from there to Washington, D. C., where she held an important government position for several months. She received the appointment to her present position on January 1st of this year and is said to be conducting the affairs of this department in a very satisfactory manner.

She has the best wishes and congratulations of her many friends in and about Sanford for her continued success in the new work, for which she is so eminently fitted by reason of her many years of experience as a teacher.

Sunday School Hears War Talks

A program, the likes of which has never before been held in Sanford was had at the Baptist Sunday school last Sunday when Supt. J. D. Jenkins arranged to have a number of soldiers and sailors talk to the school of their experiences in the great fight.

Three talks were given by returned boys. Forrest Gatchel, returned from the navy—Forrest was a gun pointer on a convoy ship and was carried a number of times within hailing distance—most of the Irish crew, but never did get over. The next was Herman Steele, who was a member of the Signal Corps in the Circus Artillery and who helped drive the Germans out the St. Mihiel sector.

Last Oliver Murrell told of seeing how easy it was for the navy to move a bill, and of how scared he was when his ship, the Finland, was in a collision and all hands thought a torpedo had gotten in its work. Oliver has made about seven trips across and saw long duty in the transport service.

Programs of this kind will be repeated until all the Baptist boys have had a chance to relate their experiences and the part they each played in the great conflict.

\$60.00 BONUS

To Be Paid to Soldiers Discharged Since April 6, 1917

Section 1406 of the Revenue Act approved Feb. 24th, 1919, authorizes the payment of a bonus of \$60.00 to officers, soldiers, field clerks and nurses of the army upon honorable separation from active service by discharge, resignation or otherwise. This bonus is not payable to the heirs or representatives of any deceased soldier.

Those who are discharged hereafter will receive this bonus on the same roll or voucher upon which they are paid their final pay.

Those who have been discharged and have received their final pay without the \$60.00 bonus, should write a letter to the Zone Finance Officer, Lemon Building, Washington, D. C., stating their service since April 6, 1917, the date of last discharge and their present address to which they desire their bonus checks to be sent and enclosing with this letter their discharge certificate or military order for discharge and both, if both were issued.

Upon the receipt by the Zone Finance Officer, Washington, D. C.,

of this information and the soldier's discharge certificate, this officer will cause checks to be drawn and mailed to the claimants in the order in which their claims were received by him. The discharge certificate will be returned to the soldier with the check.

It is estimated that at least one million and a quarter persons have been discharged from the service who are entitled to the benefits of this act and while payments will be made as expeditiously as practicable it will manifestly take considerable time to write and mail this many checks.

Notice to Members

The Wesley Brotherhood Class of the Methodist church on Sunday, the 23rd, will meet at the classroom at 10 o'clock and go from there in a body to visit the Brotherhood Class at the Presbyterian church, by invitation from Mr. H. R. Stevens, president of that class.

The getting together of these two bodies of men in such a way to study God's word will mean much to each of them personally and will no doubt bring a real spiritual uplift to both classes and establish in higher degree the spirit of fellowship and real Christian love between these churches.

It is the intention to have a number of visits between the classes in the several churches of the town and thus give opportunity for interchange of views and methods of studying and promoting unity of action in the work of these great bodies of Christians.

Every member of the Wesley Brotherhood is urged to be at the classroom promptly at ten o'clock.

W. F. Bartlett
Oakfield, Ga., May 10, 1917.
Old Kentucky Mfg. Co., Paducah, Ky.

Gentlemen:

Please allow me to state that I have sold your hog cholera remedy for one season and have ordered more for this season. Last year I sold it to 12 or 15 men who raise hogs. I told each of them to take the remedy, feed it to their hogs and if they lost a single hog from disease of any kind not to pay me a cent for the remedy, but when they began to sell again every man came in and paid me for the medicine and every one of them told me that it was the best hog medicine they ever used. One man paid me for the small package and bought \$5 worth more and said it was the best that he had ever tried.

Yours very truly,
W. F. Bartlett.

Merchants Grocery Co., Sanford, Fla. 44-3tc

Carelessness Results in Failure

That is why we say "Feed R. A. Thomas' Hog Powder" according to directions. DO NOT FEED IT SLOPPY, but mix it with ground feed and moisten with just enough water to make a crumbly mass. Then each hog gets a beneficial dose. See full directions on package. Your money back if you are not satisfied.

Merchants Grocery Co., Sanford, Fla. 44-3tc

THAT 100% LOOK

Men are judged to no small degree by their personal appearance. Looks reflect the mental attitude and enables one to judge on sight the manner of man we are.

Appearances are of course deceiving at times, but as a general thing a man gets more consideration in any walk in life if he takes particular care of his personal appearance.

We know of nothing that will give this appearance more than having your clothes steamed and pressed. It matters not if they are old or new they look better.

A DEFENDER OF SINN FEIN'S

Continued from page 5
tence with my and people, since it is for Ireland I am to die. I go to join the grand company of the men who died for Ireland, the best of whom was far worthier than I can claim to be, and that noble band are themselves a small portion of the great unnumbered army of martyrs whose captain is the Christ who died on Calvary. Of every white-robed knight in all that goodly company we are the spiritual kin. I justify

The forms of heroes fit before my vision, and there is one, the star of whose destiny sways my own, there is one the keynote of whose nature chimes harmoniously with the swan song of my soul. It is the great Florence, which was queen was not the sword, but prayer and preaching. The seed he sowed fratricides to this day of God's chosen. Take me away and let my blood flow the sacred soil of Ireland. I die in the certainty that once more the seed will fructify company we are the spiritual kin. I justify

Sinn Fein Constitution

The "Globe," London, publishes the following as the Sinn Fein Constitution:

Whereas the people of Ireland never relinquished the claim to separate nationhood, and

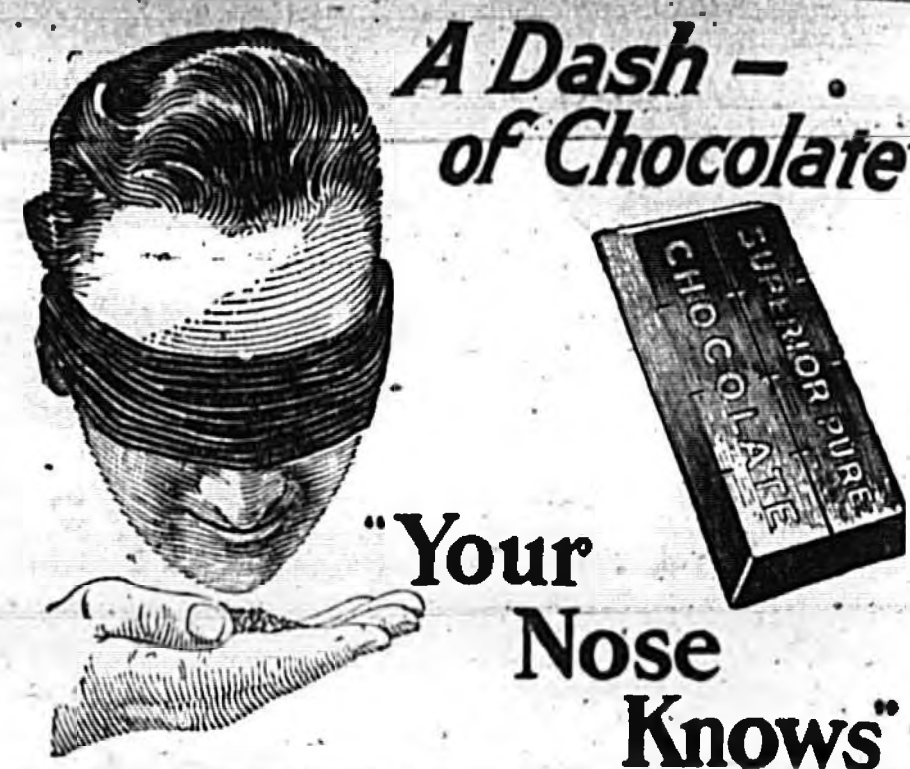

Whereas the provisional government of the Irish Republic, Easter, 1916, in the name of the Irish people and continuing the fight made by previous generations, reasserted the indelible right of the Irish nation to Sovereign Independence; and reaffirmed the determination of the Irish people to achieve it; and

Whereas the proclamation of an Irish Republic, Easter, 1916, and the supreme courage and glorious sacrifices of the men who gave their lives to maintain it, have united the people of Ireland under the flag of the Irish Republic, be it resolved that we, the delegated representatives of the Irish people, in convention assembled, hereby declare the following to be the Constitution of Sinn Fein:

1. The name of the organization shall be Sinn Fein.
2. Sinn Fein aims at securing the international recognition of Ireland as an independent Irish Republic.
3. Having achieved that status, the Irish people may by referendum freely choose their own form of government.
4. This object shall be attained through the Sinn Fein organization, which shall, in the name of the Sovereign Irish people:
 - (a) Deny the right and oppose the will of the British Parliament and British Crown or any other foreign government to legislate for Ireland;
 - (b) Make use of any and every means available to render impotent the power of England to hold Ireland in subjection by military force or otherwise;
 - (c) Whereas no law made with out the authority and consent of the Irish people is or ever can be binding on their conscience. Therefore, in accordance with the resolution of Sinn Fein, adopted in convention, 1905, a Constituent Assembly shall be convoked, comprising persons chosen by the Irish constituencies as the supreme national authority to speak and act in the name of the Irish people and to devise and formulate measures for the welfare of

the whole people of Ireland. Such as:

- (a) The introduction of a Protective System for the Irish Industries and Commerce by combined action of the Irish County Councils, Urban Councils, Rural Councils, Poor Law Boards, Harbor Boards, and other bodies directly responsible to the Irish people
- (b) The establishment and maintenance under the direction of a National Assembly or other authority approved by the people of Ireland of an Irish Consular Service for the advancement of Irish Commerce and Irish interests generally.
- (c) The re-establishment of an Irish Mercantile Marine to facilitate direct trading between Ireland and the countries of Continental Europe, America, Africa and the Far East.
- (d) The industrial survey of Ireland and the development of its mineral resources under the auspices of a National Assembly or other national authority approved by the people of Ireland.
- (e) The establishment of a National Stock Exchange.
- (f) The creation of a National Civil Service, embracing all the employees of the County Councils, Rural Councils, Poor Law Boards, Harbour Boards, and other bodies responsible to the Irish people, by the institution of a common national qualifying examination and a local competitive examination (the latter at the discretion of the local bodies).
- (g) The establishment of Sinn Fein Courts of Arbitration for the speedy and satisfactory adjustment of disputes.
- (h) The development of transit by rail, road and water, of waste lands for the national benefit by a national authority approved by the people of Ireland.
- (i) The development of the Irish Sea Fisheries by national assembly or other national authority approved by the people of Ireland.
- (j) The reform of education to render its basis national and industrial by the compulsory teaching of the Irish language, Irish history and Irish agricultural and manufacturing potentialities in the primary system, and, in addition, to elevate to a position of dominance in the University system

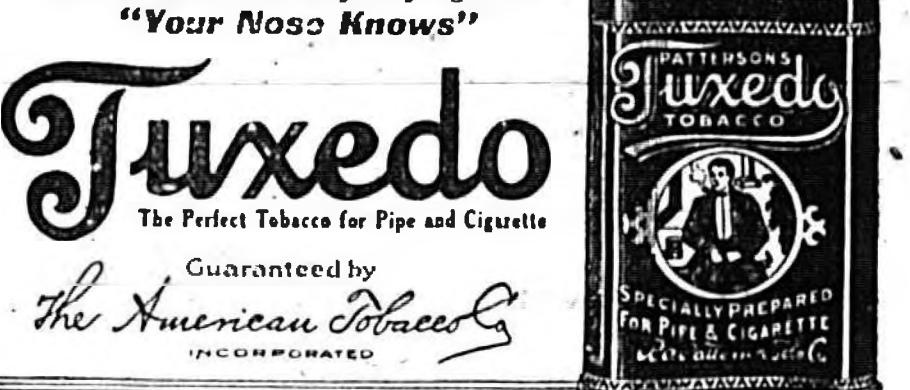

A Dash - of Chocolate

"Your Nose Knows"

All foods are flavored to make them palatable. All smoking tobaccos are treated with some flavoring for the same reason. But there is a big difference in the Quality and kind of tobacco flavorings. Tuxedo, the finest of properly aged burley tobacco, uses the purest, most wholesome and delicious of all flavorings—chocolate! That is why "Your Nose Knows" Tuxedo from all other tobaccos—by its delicious pure fragrance.

Try This Test: Rub a little Tuxedo briskly in the palm of your hand to bring out its full aroma. Then smell it deep—its delicious, pure fragrance will convince you. Try this test with any other tobacco and we will let Tuxedo stand or fall on your judgment. "Your Nose Knows"

**THIS TELLS HOW TO
FIGURE INCOME TAX**

**Squarely Up to Every Individual
to Get Busy by March 15
or Suffer Penalty.**

"Don't wait until the final due date, March 15th, for paying your Income Tax and making your return. Avoid the last minute rush. Any person can figure out his liability today as well as he can next week, and if there is any point on which he needs advice he can now get in touch with a Revenue man."

"This word of advice is from James M. Catehart, Collector of Internal Revenue, Jacksonville, who is collecting the Income Tax in Florida. Collector Catehart is giving without charge every aid of his office and his enlarged field force to help the people get their payments and their returns in by March 15th.

But the Income Tax men will not pull your door-bell or your coat-tails, according to the Collector's announcement. It is squarely up to every individual to figure out his own case and to get busy if he comes within the scope of the new Revenue law.

Did You Earn This Much?

Every unmarried person who received income averaging \$19.25 a week during 1918 and every married couple who jointly received income averaging \$38.50 a week should secure at once from the nearest Deputy Collector or the nearest bank a blank Form 1040 A. This form contains the information he will need to enable him to figure his correct net income and any tax that he owes.

ried person who had a net income of \$1,000 or over and every married person whose net income was \$2,000 or over (including the income of husband or wife and the earnings of minor children, if any) must make a return on or before March 15th. And this requirement does not hinge on whether the person owes a tax.

Taxable Income.

An individual must include under gross income all gains, profits and income derived from salaries, wages or compensation for personal service of whatever kind and in whatever form paid or from professions, vocations, business, sales or dealings in property of all kinds, interest, rent, dividends or profits derived from any source whatever. Very few items of income are exempt.

Deductions include ordinary and necessary business expenses, interest paid or accrued on indebtedness, taxes of all kinds except Federal income and excess profits taxes and assessments for local benefits, losses actually sustained, debts ascertained to be worthless and depreciation on buildings, machinery, fixtures, etc., used in business. A further deduction is allowed for contributions to corporations operated for religious, charitable, scientific or educational purposes or for the prevention of cruelty to children or animals to an amount not exceeding 15 per cent of the taxpayer's net income as computed without the benefit of the contribution deduction.

Figuring the Tax.

Before figuring the normal tax the deduction for dependents must be taken into account.

dividends of domestic corporations are exempt from normal tax when received by the stockholder.

The normal tax rates for citizens and residents are as follows: On the first \$4,000 of net income in excess of the credits the rate is 6 per cent; on any further taxable income the rate is 12 per cent.

The surtax rates apply to net income of each individual in excess of \$5,000. The personal exemption and the dividends are not deductible before computing surtax. In the case of returns by husband and wife, the net income of each is considered separately in computing any surtax that may be due. Form 1040 should be used for making returns of net income exceeding \$5,000, and the instructions on that form will show how to figure the surtax.

Business House Returns.

Employers and others who paid wages, salaries, rents, interest or similar determinable gains in an amount of \$1,000 or over during 1918 to any person must file an information return with the Government. Blanks may be secured from the Collector.

Every partnership must file a return showing its income and deductions and the name and address of each partner, with his share of the profits or losses during the past year. Personal service corporations will file similar information for 1918.

INCOME TAX PAYS
FOR PUBLIC BENEFITS.

"Viewed in its largest and truest sense, the payment of taxes is payment for benefits received or expected. Only from a narrow and essentially selfish and shortsighted viewpoint can the individual profess to himself the evasion of tax liability as a desirable course of action."

—Daniel C. Roper, Commissioner of Internal Revenue.

**TANKS WILL TOUR
SOUTH TO BOOST
VICTORY LOAN**

**Eighteen Steel Monsters To Traverse
Roads At Five Miles An Hour
In Approaching Spring
Campaign**

Eighteen American tanks, built for the war overseas, will be exhibited in the Sixth Federal Reserve District in the coming Victory Loan campaign. It was announced by the Treasury Department this week. They are the small tanks, capable of going forty miles without replenishment of the gasoline supply.

It is not likely that the tanks will break any speed laws, as their limit of five miles an hour. Each will carry two men, the driver and a mechanic. They will be distributed over the district, several to a state, and will be driven from town to town over the country roads.

The tanks will be met at the principal towns by speakers for Victory bonds, and demonstrations will be held in connection with public rallies. They will be operated under the direction of the publicity department and speakers' bureau of the Sixth district. It is intended to route them so a tank will visit practically every town. The tour will begin early in April. It is expected the active campaign for Victory bonds will begin about April 21.

**EVERYBODY IS
NOW FIGURING
INCOME TAX**

**In Order to Be Helpful to Public,
Internal Revenue Bureau
Has Every Available
Officer in Field.**

**SEVERE PENALTIES IF YOU
DELAY BEYOND MARCH 15**

With the due date for Income Taxes only a few weeks away, the collection of this far-reaching tax on 1918 incomes has started off with a bang. Everybody is figuring income tax.

Payments and sworn statements of income must reach Internal Revenue offices on or before March 15, and there are severe penalties for delinquency.

Residents of Florida are required to make their returns and pay their taxes to James M. Catehart, Collector of Internal Revenue, Jacksonville, Fla., or to any of his deputy collectors who are now doing free advisory work on income tax.

"Pay your Income Tax by March 15," is the slogan of the Internal Revenue Bureau, which has sent every available officer into the field to help the public to understand the requirements and to prepare the returns.

Who Must Make Return?

It is estimated that many thousands of single and married persons in this section of the United States who have never before made annual returns are required to do so this year.

Income tax returns must be made between now and March 15 by persons who come under the following classifications:

Any unmarried person whose 1918 net income was \$1,000 or over. Widows and divorcees and married persons who are living apart from their husbands or wives, are for the purposes of the Income Tax classed as unmarried.

Any married person living with wife or husband whose 1918 net income was \$2,000 or over. The income of both husband and wife must be considered together with the earnings of minor children, if any.

Revenue Bureau Offers Aid.

Each person in the United States who is in either of these classifications must get busy at once if penalties are to be avoided. He should secure a blank Form 1040 A for reporting net income up to \$4,000, or Form 1040 if his net income exceeded that amount. Forms are being distributed by Collectors and Deputy Collectors, also by banks.

By following the instructions on the forms a correct return can be prepared at home. If a person needs advice or aid, the Deputy Collectors in the field will furnish this without charge.

The new Revenue law places the Income Tax duty on citizens and residents. The Internal Revenue Bureau is sending its men to work right with the people to get the tax and the returns up. With active cooperation on the part of the people, the tax and every return required by law will be a Revenue office on time.

Exemptions Are Allowed.

A single person is allowed a personal exemption of \$1,000. If he is supported in his household relatives who are dependent upon him he may claim the status of the head of a family who has the same exemption as if married.

A married person who lives with wife or husband is allowed a personal exemption of \$2,000. The head of a family is entitled to claim a similar personal exemption.

A dependent exemption of \$200 is allowed for each person under eighteen or incapable of self support who was dependent upon and received his chief support from the taxpayer.

A husband and wife living together are entitled to but one personal exemption of \$2,000. If they make separate returns the exemption may be claimed by either or divided.

Accuracy Required.

Absolute accuracy is necessary in making up income figures. Any person who is working for wages should find out exactly how much he received during the whole year 1918. Fees, bank interest, bond interest, dividends, rents received and all other items must be reported correctly. More guesses are not accepted for they are unjust alike to the taxpayer and the Government and defeat the proper administration of the law.

INCOME TAX IS
TRULY POPULAR.

"The payment of income taxes takes on a new significance, which should be understood by every citizen. The taxation system of this country is truly popular, of the people, by the people and for the people. Every citizen is liable to tax, and the amount of the tax is graduated according to the success and fortune obtained by each individual. In making himself of the opportunities created and preserved by our free institutions, the method and degree of the tax is determined by no favored class, but by the representatives of the people. The proceeds of the tax should be regarded as a national investment."—Daniel C. Roper, Commissioner of Internal Revenue.

WORLD FELLOWSHIP**

Will Send Industrial Commission
to Meet Foreign Labor
Leaders.

The War Work Council of the Young Women's Christian Association plans to send an industrial commission of women to England, France and Italy in April to meet prominent labor leaders of those countries with a view to promoting world fellowship among women.

The commission will be made up of Mrs. Raymond Robbins, representing the National Women's Trade Union League of America; Mrs. Irene Osgood Andrews, American Association for Labor Legislation; Miss Grace Drake, National Consumers' League; Mrs. James S. Cushman, chairman of the War Work Council of the Young Women's Christian Association; Miss Florence Simms, Miss Marie Wing and Miss Imogene B. Ireland, secretary to the commission, all of the Y. W. C. A., and Miss Mary Gilson, an authority on employment management.

Miss Florence Simms says in regard to the commission: "The war has forced upon us the bearing of international relationships in all things, and our touch with women in other countries has made us include in our international thinking the industrial life of women. The war has wrought so many changes in this that it seems a timely thing that women interested in the larger life of our women workers should take counsel together and express their interest with the hope that certain minimum standards which seem essential to health and welfare among women may be agreed upon and obtained."

Our War Work Council is sending abroad this women's commission from organizations in America directly concerned with the welfare and largest life of industrial women.

BUDGET OF OPINION "JUST BETWEEN YOU AND ME" EVEN THE GATE POST NOT IN IT

A Chief Is Among Ye Taking Notes and Faith, "He'll Print 'em".... So Says Saunterer.

There's an old saw With sting of viper, "Those who dance Must pay the piper." Now the Huns For the war dance yearning, Are with dread This lesson learning.

Minds bent on Their might enhancing, Still they would Insist on dancing, Sure they could By dint of staying, Force the foe To do the paying.

They have danced, Their fun is over; Vain they seek To run for cover, They have found— Here stings the viper! They've picked the most Expensive piper. —Ex.

You want what you want, when you want it; you get what you want when you grab it, you get what you want when you get what you want. And when you get what you want you don't want it. —Ex.

Sanford was more or less full of bands Tuesday. Never too much music though. Sanford needs some music and needs it bad. That brings us to remark. DeLand is a smaller town than Sanford and yet DeLand has had a band for some 25 years, the same organization all the time. Why the present leader of the DeLand band can almost say he raised his hand up so as to play like he wanted it to. But that don't get Sanford any band yet. What is needed here is for somebody or some organization to get behind this band idea and give it a big shove. Don't let a smaller town come in here and show us up when it comes to music and just plain old band music at that. Sanford's got the talent if it may be dormant but it's here, all it wants is a waking up. I say wake it up, and get us a band.

Not long ago I took a short trip out of Sanford and came back on the train. After arriving at the depot I got in Hogan's jitney and was whisked up into town. Well, the trip was without incident except on Ninth street. On Ninth street there are two places made into the brick small gully like holes clear across the street. One cannot miss them without going another street or on the sidewalk. That day this jitney was loaded and it dipped, first front, then back, and a good lady who was looking over toward the grammar school, not thinking of preparing for the jolt, especially the second time, liked to have swallowed her chewing gum. Just about half a day's work with one horse power negro would fill in those places and temp the brick down so as to make a smooth passage way for automobiles into the city. I don't mean to be always kicking about something, but when things like these come up somebody's going to tell it. It's the little things that count and these two little holes count a whole lot on a fellow's first impression of Sanford.

Sometimes I meet a man that is so uncommonly nice to people when he is away from home. Everybody he comes in contact with is forced to admit that he is just the nicest thing they have met. The other day I happened to be around a fellow's home and this fellow, is to my mind, one of the aforesaid creatures who endowed by nature with a splendid and sweet manner—when away from home. Well, I was there, near his place, and first I could not believe that the fuss I heard was being foisted in that man's house. I finally convinced myself that if the fuss was really coming from the house, one of the neighbors must be calling. Well, after making certain manoeuvres I was admitted into the very parlor of this home—and there was no one but the family. That I was astonished—dumbfounded, or anything else you wish to term it, would never describe my feelings. The truth was out. The nice man on the street and among strangers was a regular bear at home. Whether he had been misnamed in getting a life mate is left to your imagination—the fact remains that if some of the nicety sweets usually scattered in public had been used at home, the impressions made on the caller would have been of a better nature.

Wight Tire Company

SEMINOLE BANK ANNEX ON MAGNOLIA AVENUE

Here we have two kinds of weed. The word is to be found in any common school dictionary. When used as a noun it denotes the first definition—any unsightly, useless or injurious plant. If I were a preacher this would be my text—I would preach for awhile and describe, as best I could the various kind of unsightly, the kinds of weeds and the would state to my congregation that weeds, first, last and always are unsightly, first last and always are useless, and first, last and always are injurious. Why unsightly? Because they tend, especially on vacant lots in our city, to obliterate the beauty of an otherwise well kept lawn probably. Why useless? Because all weeds are by their very nature useless. Weeds are always in the way. Only a snake would have any use for weeds, and who wants to be a snake. Why injurious? Because they sap the very life out of the soil, they injure the view, all forded, they are detrimental to all good grass that might want to come and grow on that vacant lot. They injure rather than enhance the value of the vacant lot, and in many other ways weeds are unsightly, useless and injurious. Then if they are that why not use the medicine afforded by the same dictionary to get rid of them. Use the other weed to relieve the weedy condition of the vacant lot. Just weed the weeds out. Take a hoe and make your breakfast taste good by weeding a few weeds before partaking of the morning meal. Let's all get busy on this weed question and make our town entirely devoid of weeds.

Grove Sells for \$300,000 The Lynchbury Grove near Auburndale, Florida, sold last week for \$300,000, being purchased by men who live in the immediate neighborhood. This is one of the biggest grove sales recorded in Florida and the fact that it was purchased by Florida men is a sure indication of the confidence of the people of Florida in the possibilities of their own state.

News Item: Clocks must be turned ahead one hour at 2 a. m. Sunday, March 30th. That was alright when it was done a year ago, but now well you know ain't nobody going to get up at six o'clock by the new time, why, just think, that would be four o'clock same time today or night last fall? Well you can't get over it. This portion of Florida is now in the eastern time zone and the laws of the land say that all time must be set ahead one hour—to save daylight. One fellow said he would get up and do a day's work by regular dinner time, and then he would walk around all the afternoon. He could do that now, if he would, but he won't now, nor will he then. Some people want the time for Sanford changed—or rather not changed. I say let it be like it is over the whole country. We can't railroad by the early time and live by the late time. Would always be getting there an hour late. Let's be with the rest of the country and get on the high time wagon. Church well we will have church same time as always, 11:30 a. m., that's all right we can get on up and get through with it and if we want to go to the beach after church it will be better than not going to church at all. Some advantage there. Lots of folks like to satay over to their sweet child's house until 12 o'clock. That will be all right, too. See she can get rid of him at exactly 10 o'clock that is late enough. After all the change in time won't be so bad after you get used to it. But take my advice, don't try to explain to your wife or anybody's wife for that matter just what time it is or would be if it could be or had been, or it was going to be if the clocks had not been changed—there is the real harm in the time changing. A fellow has such hard time trying to explain. Don't do it. Just let time take care of himself.

Trammell Assists Shippers Washington, D. C., Mar. 20. — Senator Park Trammell is making an earnest effort to have the Director General of Railroads make provision whereby claimants against railroads can have reasonable oppor-

tunity to obtain legal service of process in Florida. At present producers and shippers generally in Senator Trammell's state find it almost impossible to get into the courts to have their claims adjusted. The result is thousands of claims for lost and damaged freight cannot be collected. Senator Trammell says if relief is not granted otherwise, he will introduce a measure providing a remedy as soon as congress convenes.

This is one of the biggest grove sales recorded in Florida and the fact that it was purchased by Florida men is a sure indication of the confidence of the people of Florida in the possibilities of their own state.

Prominent Bankers Here A party of prominent bankers and business men from Columbus, Ohio were Sanford visitors on Monday of this week. They are on a combined business and pleasure trip through Florida and are making a trip through this part of the state. The party includes Chas. R. Shields, vice president of the new First National Bank of Columbus, H. A. Morgan and Harry Perkins. While in Sanford they were the guests of the First National Bank of this city. F. P. Forster

Optimistic Thought. We must calculate not on the weather, nor on fortune, but upon God and ourselves.

ELDER SPRINGS WATER

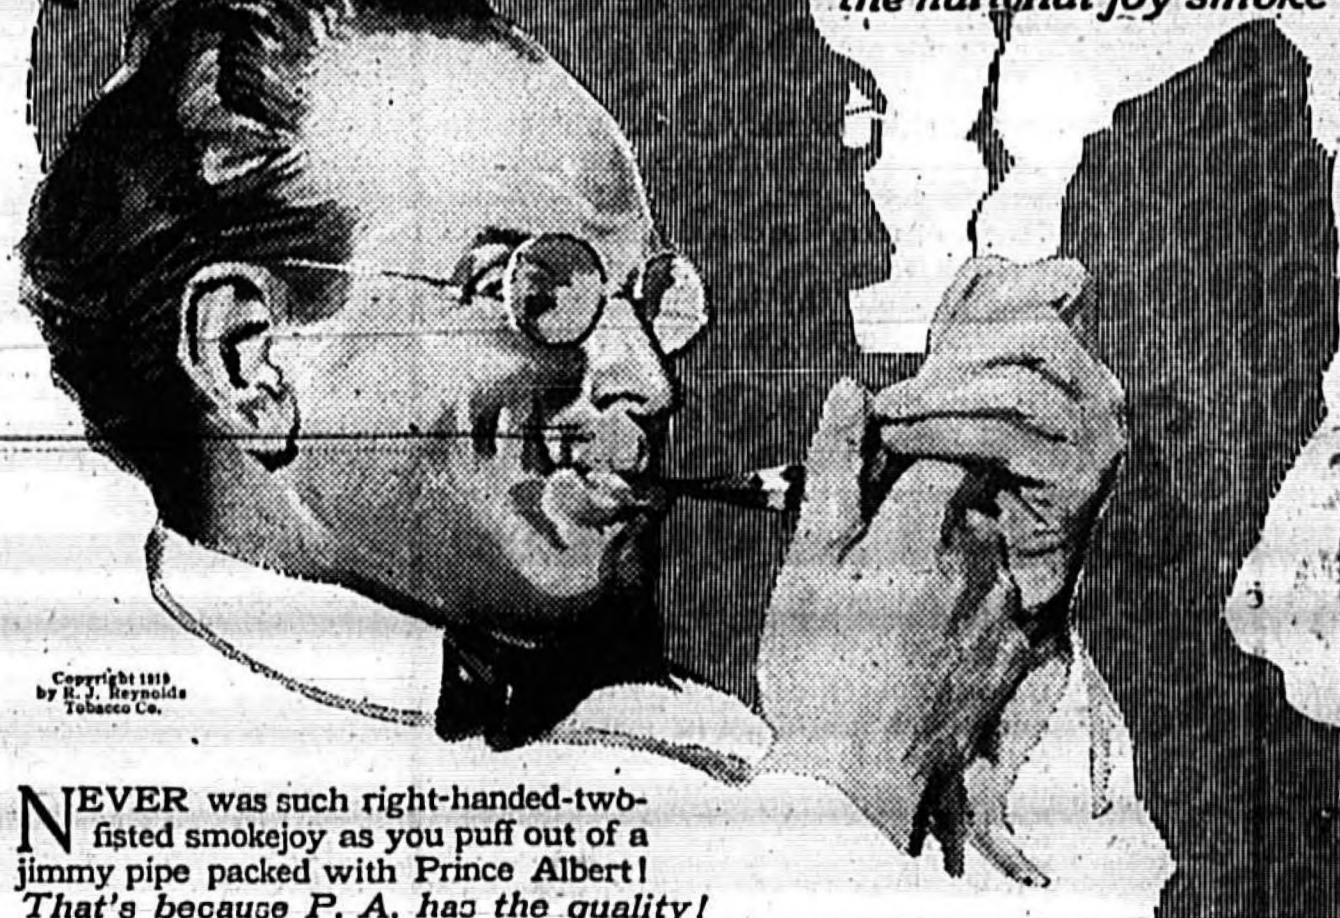

THOMAS D. BAKER, Ph. D. Analytical and Consulting Chemist - Professional of Natural Science Emeritus, Rollins College, Florida. Private Laboratory of Rollins College Winter Park, Fla., Nov. 5th, 1918. Mr. T. O. Charles Sanford, Fla. Dear Sir: I have completed careful chemical analysis of the sample of water that you brought me early last week, and have obtained the following results: Color Clear Chlorine 1.75 parts per million Neutral Total solids 8.00 parts per million Reaction Free Ammonia .00 parts per million Hardness 23.03 parts per million Aluminoid Ammonia Trace Nitrates Trace The absence practically of free and aluminoid ammonia in this water and its very small amount of chlorine indicates its excellent quality for household purposes. In addition to the good quality characteristics of superior household water, it possesses special features of much value, especially those of excellent natural aeration and LOW degree of hardness. The bacteriological analysis, resulting in an average total count, in four samples of the water, of 2 bacteria per cent, and in finding no colon, or other harmful bacteria, fully confirm its good quality indicated by the CHEMICAL analysis. Of the many waters of this and other regions that I have analyzed, I have found none superior in all good qualities to that of the "Elder Water." Yours, very respectfully, THOMAS D. BAKER (Signed) THOMAS D. BAKER T. O. CHARLES, Distributor TELEPHONE 311-W 111 PARK AVE. SANFORD, FLORIDA

KIDNEYS WEAKENING?

LOOK OUT! Kidney troubles don't disappear of themselves. They grow slowly but steadily, undermining health, with deadly certainty, until you fall a victim to incurable disease. Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Haerlem Oil Capsules now. Take three or four every day until you are entirely free from pain. This well-known preparation has been one of the national remedies of Holland for centuries. In 1896 the government of the Netherlands granted a special charter authorizing its preparation and sale. The housewife of Holland would almost as soon be without food as without her "Real Dutch Drops," as she quaintly calls GOLD MEDAL Haerlem Oil Capsules. They restore strength and are responsible in a great measure for the sturdy, robust health of the Hollanders. Do not delay. Go to your druggist and insist on his supplying you with GOLD MEDAL Haerlem Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.

PRINCE ALBERT

the national joy smoke

NEVER was such right-handed-twofisted smokejoy as you puff out of a jimmy pipe packed with Prince Albert! That's because P. A. has the quality! You can't fool your taste apparatus any more than you can get five aces out of a family deck! So, when you hit Prince Albert, coming and going, and get up half an hour earlier just to start stoking your pipe or rolling cigarettes, you know you've got the big prize on the end of your line! Prince Albert's quality alone puts it in a class of its own, but when you figure that P. A. is made by our exclusive patented process that cuts out bite and parch—well—you feel like getting a flock of dictionaries to find enough words to express your happy days sentiments! Tippy red bags, tidy red tin, handsome pound and half-pound tin tins—and that classy, practical pound crystal glass humidor with sponge maintain top that keeps the tobacco in smoke perfect condition. R. J. Reynolds Tobacco Company, Winston-Salem, N. C.
