

Spanish Truce Is Sought By French Heads

Paris Desires To Prevent Loyalist Army From Being Driven Across Its Boundary

Premier Negrin Urges New Stand

Batista Goes To Mexico To Strengthen Nations' Friendship

French authorities tried today to arrange a "border truce" in northeast Spain and Premier Negrin urged his government forces to make a new stand against the insurgents.

Informed sources at Paris, France, said the French had begun negotiations directly with the Spanish government and indirectly with Great Britain—with the insurgents to halt the fighting between them considered acceptable to both sides.

The purpose was to prevent Spanish government troops from being driven across the frontier into France by the insurgent drive to the north. Insurgent dispatches reported Generalissimo Franco's drive was proceeding rapidly up the coast.

The Spanish government parliament (Cortes) adjourned early today after a meeting in an underground chamber at Pinar, after Negrin's plan for continued resistance.

Col. Fulgencio Batista, military and political leader of Cuba, arrived in Mexico for a 10 day visit aimed at strengthening Franco-Batista relations between the two countries.

In China, Japanese officials warned foreign consuls that an offensive against Lushan province was imminent and advised the removal of 65 foreigners, including at least seven Americans.

Many Floridians Plan To Attend New York Fair

JACKSONVILLE, Feb. 2.—Florida will contribute a substantial share of the 1,100,000 persons from the Southern States who are already making definite plans to visit the New York World's Fair 1939.

This report came today to Mr. Edward Hall, Barrett National Book Building, chairman of the Florida unit of the Fair's National Advisory Committee. He was reported Southern States' estimated quota by Grover A. Whalen, President of the Fair Corporation, who cited the results of a recent survey by the American Institute of Public Opinion which showed that 12,000,000 Americans had already definitely decided to attend the Exposition.

The latter total confirms the earlier estimate of Fair officials that attendance at the Exposition would reach 60,000,000—a figure based on the assumption that the average visitor will pass through the turnstiles at least four times. Multiplied by four, the Institute's total for American visitors amounts for 32,000,000 admissions.

Mr. Hall also received from Mr. Whalen a report that less than ten per cent of the 215,000,000 expected would be completed and that with fifteen weeks still to go before the opening, April 18, there is ample time to round out all preparations.

Business Men Will Hold Meet Tonight

A supper meeting of the business and professional men's association will be held in the Yacht Club tonight at 7:30 o'clock. A discussion of a traffic law proposed for Sanford will be held and an interesting program on auto insurance has been arranged, according to W. C. Wilson, president of the association.

Sanford Men Will Hold Meet Tonight

A supper meeting of the business and professional men's association will be held in the Yacht Club tonight at 7:30 o'clock. A discussion of a traffic law proposed for Sanford will be held and an interesting program on auto insurance has been arranged, according to W. C. Wilson, president of the association.

SYMBOL OF LOYALISTS HOPES BURNED

Freeed from the need of caution by the withdrawal of Loyalists, members of the "Fifth column"—under-cover Rebel sympathizers—were shown burning a Spanish government poster in Barcelona. It reads "Campaign of Winter 1938-1939."

Premiums To Be Awarded For Best Fair Exhibits

Cone Extends Time For Tags

TALLAHASSEE, Feb. 2.—Gov. Cone today unexpectedly gave motorists until Feb. 12 to buy their automobile license tags for 1939. He granted the extension just before Commissioner D. W. Finley planned to notify tag inspectors to arrest drivers whose cars were not properly licensed.

Citrus Commission Asks Growers To Enforce Price Law

LAKELAND, Feb. 2.—The Florida Citrus commission appealed to the state's 30,000 growers yesterday to cooperate in the enforcement of the 22-cent minimum price for grapefruit.

In a resolution the board requested growers to report violations of the minimum price in writing to the Commissioner of Agriculture, Mayo and the commission and to sign their names to the complaint.

The commission two weeks ago established 22 cents as the average cost of producing a box of grapefruit and ordered that no fruit be sold for less than that after Jan. 20. The action was taken under authority of a 1925 state law.

Attorneys told the board the only way the minimum price could be enforced was through systematic violation of licenses and confiscation of loads acquired of fruit haulers in Florida. Mayo said his inspectors would keep an eye trained for violators and would act against all violators.

Luther Chandler, Goddard member of the body, introduced the resolution today. He said it was "a request to growers to help us help them."

"This is a crucial moment," Chandler said, "and the next week or 10 days will see its success or failure."

The price fixing plan, he said, will not fail if growers stand pat with the commission, refuse to sell their fruit at less than the price established by law and report all violations.

Commission members expressed themselves as unanimously back of the act and pledged their full support to Commissioner Mayo's office, charged with enforcing the measure.

L. P. Kirkland of Auburndale, a former chairman of the board, called upon growers to dump their fruit if they are unable to sell it at the 22-cent rate. He declared that he had adopted this policy and similar action by other growers would pay dividends to the consumer's class.

Proposed Laws Frank Lamson Are Endorsed Resigns As By Commission Clerk For City

Municipal League Officials Discuss 10-Point Legislative Program

The 10-point legislative program of the Florida League of Municipalities was given the support of the City Commission at a special meeting this morning after E. P. Owen, of Jacksonville, secretary of the League, and W. M. Madison, League counsel, discussed various phases of the proposed laws with the City officials.

Members of the Commission expressed themselves as heartily in favor of the proposals which include other things which increase the sources of revenues for the City as well as protect property in which the City has interest by operation of the Murphy Act which provides it would be taken over by the State if the State and County tax certificates are not sold before the expiration of the law.

The laws for which the League will seek support at the next legislative session are briefly as follows:

An act to appropriate one half of inheritance tax moneys to municipalities as an indemnity for revenue losses suffered by reason of the Constitutional Amendment exempting moneys from ad valorem taxation for operating costs. Also an act to apportion one half of intangible Personal Property Tax moneys to municipalities as further indemnity.

State DAR Regent To Be Speaker At Founders' Dinner

Mrs. E. M. Steward of Tallahassee, state regent of the Daughters of the American Revolution, has accepted the invitation to be principal speaker at the annual Founders' Day dinner in the Mayfair Hotel Wednesday evening, Feb. 8.

Other state officers of D. A. R. who plan to attend include Mrs. Cary D. Landis of Tallahassee and Mrs. T. C. Maguire of Plant City.

Mrs. Herman J. Lehman, past chairman of Founders' Day, will be mistress of ceremony, and an interesting musical program for the affair is being arranged by Miss Margaret Davis.

Reservations for the dinner must be made at the Chamber of Commerce not later than noon Monday, Feb. 6.

Cone May Not Sign Capitol Contracts

TALLAHASSEE, Feb. 2.—Gov. Cone denied today that he had agreed to sign checks to pay for completing the proposed new Capitol chamber for the House of Representatives.

Through his secretary, he said he was not committed to approve payments under contract awarded yesterday to the Gillespie Construction Company of Jacksonville, for which there was no appropriation.

Paul Lukas Dies In Orlando Hospital

Paul Lukas, Sr., 52, died at an Orlando hospital Saturday evening after a long illness. He came to Slavia in 1912.

Funeral services were held at 2 P. M. Tuesday in the home and then in St. Luke's Slovak Evangelical Lutheran Church, Slavia. Interment was in the Church Cemetery. The Rev. Stephen M. Tuby officiated.

Besides his widow, Mary, Mr. Lukas leaves four sons: Paul Jr., Miroslav, Daniel and Dušan; two daughters: Mary and Zornicka; sisters: Mrs. Katherine Prochodsky and family, and Mrs. Mary Pader; brothers: George Lukas, Cleveland, Ohio, and John Lukas of Czechoslovakia.

KING STORM'S CRAZY QUILT

Buses and automobiles, stalled at fantastic angles, choked Michigan Boulevard as Chicago was paralyzed by a howling blizzard, most furious of the winter.

Morgenthau Says City Refunding Is Explained At Kiwanis Lunch

Secretary Morgenthau denied today that the Treasury's \$25,000,000 stabilization fund had been used to help Finance Co. or Chicago's other municipal supplies or other merchandise in the country.

A led whether the stabilization fund might have been received by the Finance Co. and the Secretary said "The stabilization fund had not been used to help any other city or other supplies or other merchandise in the country."

Rep. Cox today criticized the action of the Finance Co. committee in releasing the stabilization fund to the Finance Co. and the House Un-American Committee denouncing it as a "national figure."

Cox termed it a "perfectly outrageous" action of Finance Co. in "going on the stump" to attack Dies. The Dies committee is considering a revival of the Dies committee.

President Roosevelt discussed "world affairs" and "technical developments" in connection with Army defense needs at a conference with a House subcommittee.

Mr. Lawton in his address outlined the extent of the dreadful infantile paralysis over the nation and the value of the March of Dimes program in providing funds for an organized fight against the disease.

R. G. Lent, formerly of Newark, N. J. was inducted into the club as a new member. Joseph Y. Cheney of Tampa was a visitor at the luncheon which was presided over by President B. D. Caswell. Walter S. Coleman was chairman of the program committee.

Kiwanis was also invited to the 50th anniversary party for Mr. and Mrs. H. H. Pattishall of this City.

Johnson Asks Loan Of Workshop Tools

The loan or donation of equipment for the workshop at the vocational agriculture building in the rear of the high school is being sought by Alex R. Johnson, instructor.

In addition to his regular vocational agriculture and Future Farmer classes, Mr. Johnson has organized a vocational night class for boys who have completed their schooling. Instruction in various crafts are given in these classes and in the night classes the boys have begun construction of useful articles made from wood.

Mr. Johnson stated that he has immediate need of a universal circular saw, a jointer, and a wood turning lathe.

He said he expected to be able to purchase this needed equipment next year but that the classes were handicapped in their work this year because of the need for the equipment. Some equipment has already been loaned for use by the classes and Mr. Johnson is seeking loan of this additional equipment.

House Group Enroute For Canal Probe

Schmah Invites Legislators To Visit Celery Farms To Study Water Supply

Rivers Group May Visit Manatee

Farmers Club President Says Canal Endangers Agriculture

WASHINGTON, Feb. 2.—(AP)—Fourteen members of the House Rivers and Harbors Committee—seven Republicans, six Democrats and an Alaskan delegate—prepared to leave by train late today for a tour of the Florida canal route.

The party, which is expected to be back in the capital Monday morning, also will include Lieut. Col. Bronson Somersell, New York Works Progress Administrator and former inspection chief of the canal; Joseph H. McGinn, committee clerk, and H. H. Buckman, consulting engineer for the Ship Canal Authority.

An invitation to visit Seminole County and study agricultural conditions here with relation to underground water supplies was extended Representative J. J. Mansfield and the House Rivers and Harbors Committee today by Gus Schmah, president of the Seminole Agricultural Association.

"Unless you see our celery fields and our packing houses at (continued on page two)"

County's Canning Kitchens Opened By Mrs. Kendall

The Sanford canning center has opened for another season under the management of Mrs. B. A. Howard, according to Mrs. Gladys Kendall, home demonstration agent, who is supervisor of the center.

Home canning at the kitchen will be done this year under the same arrangements as for last year. Mrs. Kendall said adding that those who desire to use the facilities provided by the County Commission should make arrangements with her or Mrs. Howard.

Mrs. Kendall reported that more than 15,000 cans of fruits and vegetables grown in this county were canned for home use in the kitchen last year for more than 130 different families.

The canning kitchen in Divideo has also opened under the supervision of Mrs. A. D. Varn, Mrs. Kendall said adding that more than 5,000 cans of fruits and vegetables were canned by approximately 75 families last year at this kitchen.

Any cash income above the cost of operating the kitchens accrues to the County Commission and the toll of canned fruits and vegetables taken at the kitchens is also turned over to the Board.

Legislator To Seek End Of Price-Fixing

TALLAHASSEE, Feb. 2.—(AP)—Bills to abolish Florida's two price-fixing boards, for dairies and dry cleaners, will be introduced in the 1939 Legislature by Rep. Peter Tomasello of Oklawaha county.

Tomasello announced his plans here today with the statement "I'm opposed to all kinds of price-fixing" and said the bills would be offered "on the first day when bills are introduced in the House."

News Of The World In Pictures

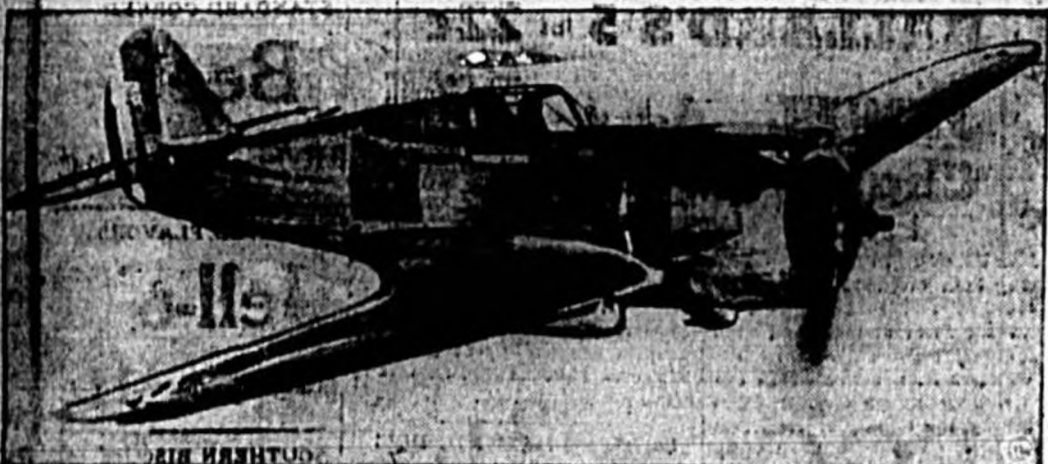

Blending automobiles, frantic efforts of drivers and pedestrians to escape injury—then a body hurled across the street by the impact of wheel or bumper. It's a common occurrence in the daily drama of city traffic, but rarely is the camera on the spot to register the story as strikingly as in the above picture taken in Ogden, Utah. Glen Siamos has just been knocked beneath a parked car by the laundry truck that has skidded to a stop at left. Siamos escaped serious injury.

If size means anything, Edward Beeten, Pennsylvania track candidate from Narbeth, Pa., ought to be able to toss the iron ball right out of Franklin Field. Beeten, who stands six feet eight inches, is pictured as the Quaker tracksters held an early outdoor workout in Philadelphia.

Shuffling along in lockstep formation, these Loyalist prisoners are herded behind the Spanish Rebel lines in Catalonia. Thousands of them were captured in the sweeping offensive directed by the seizure of Barcelona.

Whistling through space at 273 miles per hour in a dive over Buffalo, N. Y., this Curtiss Hawk pursuit plane smashed all existing speed records for man. The airship, with Pilot H. Lloyd Child at controls, is pictured at 22,000 feet just before the dive.

It's smiles and good fellowship in this picture of the President and vice president, but the good-natured inscription by Roosevelt on the above autographed picture comes from the heart as the chief executive and Vice President Garner clash over the White House WPA appropriations bill. Garner, wrote, left, in this autographed picture of Dr. George W. Calver, capital physician: "To 'Doc' Calver—thanks for making the 'try' to behave." Then FDR wrote: "For Dr. Calver—keep on trying."

Rises by hydraulic lift this new tower at Santa Anita hotel. Presiding Steward C. J. Fitzgerald, left, and William A. Quigley to a vantage point 20 feet high during a race. Then the tower sinks back to the ground to give spectators a clear view of the tote board.

Even as refugees on the Spanish border to the south bring war's ghastliness close to home, Poole goes through war preparedness paces. Pictured are gas-masked members of a "decontamination" squad giving first aid to gas "victims" during sham bombardment of "Poole Barracks."

When Farmer Albert Clark of Russellville, Ky., told BSA officials his Rhode Island Red hen had stored an electrical light bulb on long that she laid a bulb-shaped egg, nobody believed him. So he sent the egg to Washington. Above: Clarence McCowan holds the speck, right, beside an ordinary bulb. The small end of the egg has a circle of wrinkles resembling grooves for screwing a light bulb into a socket.

It took only two hours and 35 minutes to build the 120-pound fuselage for the above five-passenger plane. Reason: a new "plastic" process developed at Hagerstown, Md., which allows an entire section of the fuselage or wings to be molded at one time. "Duracel," a waterproof material consisting of a strip of long grain wood, impregnated with bakelite synthetic, was used.

Some 300,000 refugees who fled Barcelona's war fury, crossing through mountain passes to haven in France, this weary throng and children are led by French soldiers to the border.

"Hi ho, hi ho, it's best to school you so," said Hollywood's Board of Education to Evelyn Atkinson, Earl Carroll glasses girl above. Soon Evelyn will be 17 (old enough to support herself) and Earl Carroll's latest movie will show her beauty.

Big values come in small packages. Dobby Margaret McKirdy, above, lost a mother in child's birth, gained a fortune. Mrs. Jessie McKirdy, of San Francisco, Calif., had previously made out a list for will to "big" and now she's rich.

Merlin Brown, inventor of the new process, who works at his machine during the day, and a detail in engine in charge of construction at night, of the driver in control of the new process. The new process is a new process for making a new process. The new process is a new process for making a new process.

The new process is a new process for making a new process. The new process is a new process for making a new process. The new process is a new process for making a new process.

Panama Facilities May Be Increased In Defense Move

Possibilities Of New Canal May Also Get Some Consideration

By COLEMAN B. JONES

WASHINGTON, Feb. 2.—The possibility of action at the current session of Congress to increase the facilities for swift movement of naval forces between the Atlantic and Pacific Oceans was given this week in development of the rapidly rising concern over the nation's defense. On top of the \$582,000,000 defense expansion program which President Roosevelt added this month to the 20 percent naval enlargement authorization of last year, it became apparent that much attention would be given to proposals for building a third set of locks for the Panama Canal or constructing a second canal across Nicaragua.

While recognizing the possibly superior strategic military value of having two widely separated canals in operation in event of war—or an earthquake—responsible Administration and Congressional leaders plainly regard the enlargement of the Panama Canal facilities as the more desirable of the two plans. The Administration's position on that question was set forth by Harry H. Woodring, Secretary of War, at a recent executive session of the House Military Affairs Committee. In that discussion, it was pointed out that a third set of locks for the Panama Canal would cost much less to construct and defend than the proposed Nicaraguan canal, and that they could be so placed as to make it virtually impossible for any potential enemy to succeed in clearing the overland passage between the Caribbean and the Pacific.

An agalant construction cost estimated between \$1,000,000,000 and \$1,500,000,000 for the proposed Nicaraguan canal, Mr. Woodring is understood to have told the House committee that a third set of locks could be provided for the Panama Canal for about \$200,000,000. Study of the idea of increasing the capacity of the canal in this way has been proceeding for several years, and an act passed May 1, 1926, authorized the construction of a canal to be built. The plan thus far worked out contemplates separating the new locks from the present Gatun, Pedro Miguel and Miraflores locks by at least two or three miles thus eliminating the hazards of aerial bombing and sabotage which now exist. Moreover, they would be constructed with a view to making them invulnerable to damage and so planned as to provide more adequate accommodations for maneuvering large ships, such as the large battleships and the 45,000-ton battle-ship soon to be built.

Senator Morris Sheppard, Democrat, of Texas, chairman of the Senate Military Affairs Committee, is inclined to think that the "immediate logic" of the present agalant and world situation favors the third set of Panama canal locks as against the Nicaraguan canal proposal. Representative Andrew J. May, Democrat, of Kentucky, chairman of the House committee, who has had more opportunity to go into the problem at this session, is even more strongly inclined in that view.

Mr. May is reluctant to forecast early action on either of the canal proposals, pointing out that members of Congress must proceed cautiously at this time on problems involving large expenditures. Offsetting the growing reluctance of Congress to heavy spending, which is bringing the whole new defense program under close scrutiny, however, are Administration estimates that the new Panama Canal locks could be constructed on a self-liquidating basis. Net earnings of \$14,000,000 a year from tolls, which officials believe may safely be anticipated, it is pointed out, could provide for interest payments and a sinking fund to amortize not only the estimated \$200,000,000 cost of the new locks but the balance of \$49,000,000 of bonds still outstanding against the Panama Canal, the

LEGAL NOTICE

IN THE UNITED STATES DISTRICT COURT IN AND FOR THE SOUTHERN DISTRICT OF FLORIDA IN BANKRUPTCY. IN THE MATTER OF THE CITY OF SANFORD, FLORIDA, a municipal corporation. NOTICE OF HEARING ON PETITION IN BANKRUPTCY. TO THE CREDITORS OF THE CITY OF SANFORD, FLORIDA: You are hereby notified that on the 17th day of January, 1934, the City of Sanford, Florida, filed its petition for the approval and confirmation of a plan of composition for the readjustment of its debts under the provisions of Chapter IX of the Acts of Congress relating to bankruptcy, and that on the 26th day of January, 1934, the Court entered an order approving said petition as amended, as being properly filed.

LEGAL NOTICE (continued) ... You are further notified that a hearing on said petition, as amended, will be held before the above said Court at 10 o'clock, A. M., on the 17th day of April, 1934, at the Chamber of said Court at Orlando, Florida, when said petition, as amended, and answers and objections thereto will be heard. You are further required to file your claims and interests with the Special Master, on or before the 15th day of March, 1934, which date and interests shall set forth the date of bonds, numbers of bonds, amounts of principal, whether matured or not, and interest evidenced by coupons received as of January 1, 1933, and shall be sworn to by the filer. The form usually employed for filing claims in bankruptcy, but the original bonds and coupons must be filed with said Special Master until further order of the Court. A form for proof of claims and interests when the aggressive policies of the dictators began to force rapidly increasing attention to problems of national defense.

Feds Nose Out Ocala Wildcats By Score Of 28 To 26

Seminole Avenue Defeat With Goal By Williams

Riser, Williams Set Scoring Pace For Locals Whose Conference Standings Are Improved By Victory

By Glenn Govocck

The Seminole High School Celery Feds avenged a one-point defeat handed them by the Ocala Wildcats here last week when "Red" Williams sank a field goal in the final minutes of play to win the return engagement from the Cats 28 to 26 in Ocala last night.

The Feds came from behind in the last half to tie the score and emerged with a two-point lead when Williams' shot was good just before the ending whistle.

Lead by the scoring of Williams and Jim Riser, the Feds took an early lead in the conference game and were leading the strong Ocalaans 9 to 6 at the close of the first period. The Cats retaliated in the second frame, however, and scored 12 points to 10 in the Seminole dribblers 18 to 12 at the halftime.

In the last part of the game the Red cats lightened their strong zone defense and were able to find the basket on more of their shots. As a result when the third period ended the locals led the Ocalaans to a 21 to 20 lead. In the last stanza the two teams, each needing a victory to remain in the race for the conference championship, fought an even terms until the

Opening Game Is Scheduled Monday In Softball League

Power Company And River Line Play First Game On New Field At 8:00 P. M.

Final arrangements have been made for the opening of the amateur soft ball league in Sanford and the first game in the six-team league will be played between the teams representing the Florida Power and Light Company and the St. John's River. The game will be played on Monday night at 8:00 o'clock, according to a schedule which has been completed by the Softball League Council.

The first game had been tentatively scheduled for tonight but in preparation of the game caused the opening to be postponed until the first of next week.

The field, which was constructed by the FVA under the supervision of the City, has been almost completed. The poles and lights have been put in place and everything is in readiness for the opening encounter.

Games will be played three or four weekly, Monday, Tuesday, and Thursday nights, and a small admission will be charged to pay the cost of conducting the games.

Each of the teams in the league will play other teams four times and according to the schedule the season will end on April 15, nearly a week before the opening of the State League baseball season.

The following six teams comprise the league: St. John's River, Florida Power and Light Company, Krome Seed Company, Sanford Coca-Cola Company, E. J. Green Cannery, and Scott Stand and Service.

GREYHOUND ENTRIES

1:30 P. M. - 2:15 mile

 7:30 P. M. - 8:15 mile
 8:30 P. M. - 9:15 mile
 9:30 P. M. - 10:15 mile
 10:30 P. M. - 11:15 mile
 11:30 P. M. - 12:15 mile

Leesburg Night To Be Held At Longwood Track Tonight

The Leesburg Handicap will be run tonight at the Sanford-Orlando Kennel Club in the ninth event with some of the finest futurity greyhounds at Longwood meeting over the semi-sprint distance.

William (Red) Robinson, member of the Florida State Legislature, will present a blanket of flowers to the winning greyhound owner.

In the race are Nina May Joyce, My Valentine, Jr., Roaming Widow, Alvin Andrew, King Buddy, Fearless Buckle, Liszie Tactian and Dynamite Red.

Heard last as a champion dog but however, racing with every trace of his speed and muscle.

The long of Longwood track has been temporarily last night when Valentine (Red) was better than the first time dog season.

He was caught in a bad tan at the first turn and had to struggle his way through the pack.

It took something out of him however, but although he got all to clear, he showed up by Gay.

He was in the lead, but he didn't have much to let in under the grade of the wire and he had second by a full length.

The race was run in 20.34 the seconds and it was Hayes' first beating in even starts. He was 3 to 2 favorite in the market.

Two other Greyhound Station events will come through tomorrow, the first being the sixth event, the Valentine's Boy winning the night race.

The second double coming out, Prince of the East Star and \$322.00.

Lady D. Walter, a youngster won in 1938 event in the first prize of \$1,200.00, and she was marked to be a 1939 dog in a greyhound.

The second double was 1 to 2 and he was 2 to 1 and the eighth and were the Joe and Evelyn's Girl.

Slice tips: A dash of nutmeg gives pep to fattened cooked spinach; a speck of cinnamon adds flavor to peach, pear, apple or prune sauces; a little cinnamon and cloves added to whipped cream used for topping puddings gives an interesting flavor; a teaspoon of mace gives a full flavor to old-fashioned pound cake; add some caraway seeds to cottage cheese, mixed with two bread and plenty of hot coffee and you have a continental idea; stick whole cloves into apple slices, halves of peaches, peats or apricots, when placed and served as food garnishes and sprinkle paprika mixed with celery seed over the top of cooked cauliflower for a change.

STATE MARKET REPORT

Latest report of sales of fruits and vegetables at the Sanford state market. Wholesale market to teachers, carter assemblies and other dealers for a 24 hour period ending at 12:01 A. M. today as reported by J. G. Mchert, Manager.

France Builds Luxury Liner For Sea Flights

Flying Boat To Carry 40 With Cocktail Bar, Stools And All

France is building a flying luxury liner for trans-Atlantic operations which promises to rival in accommodations the most modern long-distance planes of other nations. Known as the S. E. 200, the French flying boat will even have a cocktail bar equipped with stools, as well as chairs and tables.

The Societe Nationale de Construction Aeronautique de Sud-Est is the company charged with construction of the flying yacht, which will be approximately 120 feet long and will have accommodations for forty passengers. When empty the flying boat will weigh twenty-seven tons, and it will "pull-up" weight, including passengers, freight and fuel, will be sixty-two tons. Its range, with forty passengers and a crew of eight, will be more than two thousand miles, according to an announcement by the company.

The craft's total of 9,000 horse power will be supplied by six engines of 1,500-horsepower each placed in line along the leading edge of the wing. Its builder asserts its maximum speed will be 245 miles an hour, with an approximate cruising speed of 200 miles an hour against a 37-1/2-mph headwind.

Two floors, joined by a staircase, will be featured in the flying boat's hull. Forward in the top deck will be the control room, with stations for the pilot, navigator and radio operator. Access to the wings will be from the deck. Amidships will be the

CYPRESS GARDENS, Fla.—Brilliant azaleas and bright flame vines of Cypress Gardens were photographed in color by the Fitzpatrick Travel Talk Cameraman for the Florida reel. The camera crew shown above in Cypress Gardens from left to right are: Charles Boyles, Bob Carney and Howard Nelson, who are all enthusiastic about the scenes from the Gardens. Silver Springs, Marineland, Bok Tower and others that are being made for the first time in beautiful natural color.

into cabins. The lower deck will contain a fine promenade lounge, a cocktail bar and a saloon, which can be transformed at night into a dancing room.

A tall "mast" of the hull of the flying boat was on exhibition at the last Paris air show, and the airplane itself will be completed within a year.

Members of the Florida Historical Society, who met in Daytona Beach, recently elected a new roster of officers headed by Prof. A. J. Hanna of Rollins college as president.

Groundhog Day Is Gala Occasion In Quarryville

QUARRYVILLE, Pa., Feb. 2.—Strange goings-on mark recent weeks in the neighborhood of the hardware store of George Washington Hensel II. Men with plug hats, and shotguns, and nightgowns, and large keys, and shepherd's crooks, move mysteriously about.

To natives, however, this is no mystery, but merely preparation for the annual Feb. 2 pilgrimage of Slumbering Groundhog Lodge to the burrow of their patron saint, Arcimys Monax.

On that day, as on Candlemas Day for 30 years back, the Hibernating Governor (Hensel) will lead his expedition into the fields near Quarryville and observe with one solemnity and yet with hilarious "ceremonial" the conduct of Arcimys. If he appears from his burrow and sees his shadow, the Hibernating Governor will proclaim six weeks more of winter. If the day is overcast, the Slumbering Groundhogs will rejoice in the end of winter.

In the morning the 65 members (no more, no less) will follow the Venerable Patriarch, the Patriarch De Luxe, the Ecclesiastical Patriarch, and the plain ordinary garden variety of Patriarch, the Venerable Past Exalted Hibernator, the Just Passing Exalted Hibernator, the First Sleeper, Chief Eye Rubber, and the Secretary and Bondless Treasurer. Into the fields with shepherd's crooks and shotguns they will go. The shotguns are to defend the Defender, not to shoot groundhogs.

Messengers rush from one group to another with sealed orders, wig-wag signals fly from hill to hill. Then when one of the search groups cries out "Yoicks!" or something, and announces whether the groundhog saw his shadow or didn't the whole body returns to spend the rest of the day in Hensel's store telling tall stories.

The festivities conclude with a fine chow supper in the evening in the famous Lancaster County Pennsylvania Dutch tradition. Members wear their regalia, consisting of nightgowns, high boots, plug hats, or any other outlandish garment that is handy.

"The groundhog is infallible," says Hibernating Governor Hensel. "We have nothing but a pitying sympathy for Illus and Old Probabilities, Baer's Almanac, Hicks, goose-bone artists, and sundry eight-by-ten specialists who know naught about the weather but to guess."

HOME MADE CARAMEL

This is the way to make regular caramel to be used in cake, candies or pudding. Sprinkle a half-inch layer of granulated sugar over bottom of a large frying pan. Heat slowly and stir constantly with long-handled spoon. The edges begin to brown; then so draw them toward the center of the pan. When a light brown pattering syrup forms add one cup of boiling water for each two cups of sugar. Step back from pan to avoid splash-burning. Lower the heat and simmer until mixture has become a thick syrup. Pour into jar, cool and store in refrigerator.

MUSH-MAKING HELPS

Add one-third of a cup of cold water to each cupful of cornmeal when making mush. This will help prevent lumping when the cornmeal is added to boiling water for the long cooking.
