

BUSINESS HIGHLIGHTS

UPWARD TREND

U. S. Steel's shipments in the second quarter continued on an upward trend and may be maintained at an unusually strong level for the third quarter. This would be in contrast to the normal seasonal decline that occurs during the summer vacation months and the automotive slumpover, Edwin H. Gott, board chairman of U. S. Steel, reported today.

Data Lease Financial Corporation today reported a 250 per cent increase in earnings per share before extraordinary income for the nine month period ending May 31, 1969, compared to the same period a year ago.

Robert W. Morrow, a former fighter and test pilot who retired from the U. S. Air Force as a colonel, has been appointed manager of advanced programs for Symetries Engineering Corporation, Edward H. Broom, president and board chairman, announced today.

Maulo Industries, Inc. net earnings for the first half of 1969 showed a 23 per cent increase over the like period last year. It was reported today by Maurice A. Ferre, President of the Miami-based concrete products company.

FLORIDA CANNERS

Florida Canners Association members weekly movement of frozen concentrated orange juice totaled 2,022,222 gallons for the week ending July 26, 1969. This is down from the same corresponding week a year ago when 2,117,855 net gallons were shipped. Total season-to-date shipments of FCOJ are 67,829,428 net gallons which is one per cent greater than the 67,773,980 net gallons shipped during same period last season.

General Development Corporation today reported the highest sales and earnings for any six month period in the company's history.

Speaking for the Florida community developer, Charles H. Kellstadt, board chairman and president, said total sales for the first six months of 1969 reached \$54,580,583, an increase of 24.7% over the \$40,596,791 recorded in 1968.

Pan American World Airways, Inc. and its Consolidated Subsidiaries preliminary and unaudited statement for the quarter ending June 30 indicates net loss after taxes of \$1,881,000, or 5 cents a share, compared to net income of \$17,830,000, or 12 cents a share, for the same period last year.

Total operating revenues for the quarter were \$271,526,000, up 4 per cent, from \$270,384,000 for the same quarter last year. Total operating expenses were \$273,432,000, compared to \$262,924,000, for the June quarter last year.

GALV-WELD

Herbert F. Lewis, owner of Associated Zinc Services, P. O. Box 22751, Ft. Lauderdale, Florida announces that his company has been appointed distributor of GALV-WELD ALLOY for the State of Florida.

A low melting stick type repair compound, GALV-WELD ALLOY has been used extensively throughout the country for the repair coating of welded, burned off or otherwise damaged areas of galvanized steel for over 25 years.

A major reduction in fares between the United States and the Far East, including a 23 per cent cut in the New York-Tokyo fare, will be offered by Pan American World Airways, subject to approval of the governments concerned.

The new fares will coincide with Pan Am's inauguration of New York-Fairbanks-Tokyo Great Circle service on September 1.

Pan Am's plan calls for lower Economy and First Class fares between the U. S. and Japan on Great Circle flights, and 14-21 day roundtrip Excursion and Bulk fares via all routings between the U. S. and Tokyo, Osaka, Hong Kong, Bangkok, Manila, Saigon, Singapore and Djakarta.

The nation's small and independent businessmen are looking toward September with skeptical interest.

The term of James Nicholson as a member of the Federal Trade Commission expires there. It is felt possible a new appointee could be named that would put some determination into FTC enforcement of the Robinson-Patman Act. But most small businessmen such a prospect seems doubtful.

Operation See-Thru: Radiologic Experts

By JOYCE LAIN

times processes film and keeps patient records.

DEEPEP THAN SKIN. Some technologists, who may be called therapy technologists, are concerned with therapeutic radiation producing equipment used for treatment of diseases—certain types of cancer, for example. They also assist the radiologist in preparing radium or other radioactive materials.

NUCLEAR. Still other technologists work in the relatively new field of nuclear medicine in which radioactive isotopes are used to diagnose and treat. Assisting the radiologist they may prepare and administer the prescribed radiostopes and operate special equipment for tracing and measuring radioactivity.

SAFETY. Technologists must work with great precision and care although safety procedures have largely reduced or eliminated radiation hazards. This spreading branch of medicine are X-ray technologists, radiology technologists, and isotope (or nuclear medicine) technologists. There are more than 72,000 of these radiologic technologists (sometimes called technicians), and in most parts of the country the demand exceeds the supply of trained personnel.

INSIDE JOB. Most technologists perform diagnostic work using X-ray equipment to take pictures of internal parts of the body. They may prepare a prescribed "opaque" substance which the patient swallows to provide visibility of organs in the radiograph (film). The technologist adjusts X-ray equipment to correct settings, positions the patient and determines the right voltage, current and exposure time. He or she is responsible for keeping equipment in top working order and some-

Highest Paid Doctors Under Medicare

Heart Surgeons Earn \$200,000 Each

By JAMES R. POLK

Associated Press Writer

WASHINGTON (AP) — Two famous Houston heart surgeons, Dr. Michael E. DeBakey and Dr. Denton A. Cooley, each received about \$200,000 in Medicare payments last year, ranking them as apparently the highest paid doctors in the nation under the government program.

A special investigation now underway has found no indication of irregularity in the payments, which involved hundreds of difficult heart and blood vessel operations.

Investigators said the payments went mainly into a fund at the Baylor College of Medicine in Houston, rather than to the doctors personally.

Cooley has performed 20 human heart transplants, more than any other surgeon in the world.

DeBakey, the first physician to use an artificial heart pump on a human, has performed 111 transplant operations.

Washington officials said none of the Medicare money so far has gone for transplants, although one patient receiving government disability payments died in Houston while awaiting a new heart.

Official Medicare records list \$202,959 in payments for

records were complete had listed the highest annual payment rate at \$191,000 to a Florida physician eventually identified as Dr. Murray S. Fox, a Miami osteopath.

This also topped the previous known high. A Medicare report sent to Congress earlier in 1968 by a team of doctors, rather than himself alone.

DeBakey said all Medicare payments were meant to go into the general fund of the Baylor College of Medicine. He is president of the school.

A spokesman for the treasurer's office at the Baylor medical school said most of the money for operations by DeBakey and Cooley was kept by the fund, although part of it was paid to the two physicians under a fee arrangement with the school. He would not give other details.

Germany's Chief, Nixon To Confer

By FRANK CREPEAU

Associated Press Writer

BONN (AP) — Chancellor Kurt-Georg Kiesinger flew to the United States today for talks with President Nixon on European unity, East-West relations and divided Berlin.

There are no major outstanding differences between the United States and West Germany. But informed sources say Kiesinger will convey an attitude of caution and doubt about Moscow's willingness to enter negotiations on such basic questions as Berlin. Bonn remains skeptical despite Soviet Foreign Minister Andrei Gromyko's hints in a foreign policy statement July 16 that Moscow might be ready to talk about West Berlin.

Gromyko proposed talks on the divided city and said West Germany "has no fewer opportunities than other countries for developing normal relations with the Soviet Union."

The United States and West Germany reached an agreement last month under which Bonn will make payments to offset the foreign exchange cost of keeping U.S. troops in West Germany. West Germany, however, is concerned about mounting congressional pressure for a reduction of U.S. commitments abroad.

In the area of disarmament, West Germany has thus far refused to sign the nuclear non-

proliferation treaty and there will be no action on it until after national elections are held Sept. 28. Nixon has said he understands Bonn's position.

Bonn does not share Rogers' carefully guarded optimism, but government sources feel that Nixon and Rogers have shown they are just as realistic as Bonn about the possibility of serious bargaining on Berlin.

In his talks with Nixon and other top U.S. officials, Kiesinger also is expected to seek assurances that the American government "in Europe will be maintained."

Three Youths Held For Drug Charges

Three youths, including a Sanford 17-year-old boy, were arrested late Tuesday afternoon by Sanford police and charged with possession of central nervous system stimulants.

Acting on confidential information and after a period of surveillance, Detective Tom Deppen, Lt. Edward Hayden and Patrolman Charles The arrested Bobby Lee Goud, 17, of 115 Pinecrest Drive, and Jon Skuli, 19, and David Michael Murray, 21, both of Rockledge.

The trio was in a van at the intersection of 20th Street and Magnolia Avenue when police stopped the vehicle and reportedly removed a quantity of LSD (hallucinatory) drugs from the vehicle.

Deppen said Murray is a former Sanford resident but had moved to Rockledge.

The trio was taken before County Judge Wallace Hall this morning and was expected to be bonded at \$2,000 each on the charge.

Deppen stated that authorities had been keeping watch on the men for some time before deciding to move in for the arrest at 6:15 p.m. yesterday.

County Delays Decision On \$\$\$ Chambers Win A Reprieve

By TOM ALEXANDER

Prodded by the pleas of leaders from throughout Seminole County the Seminole Chamber of Commerce and two county Jaycee chapters received a week's reprieve from the Seminole County Commission on cutting the three organizations' annual county allotment of \$25,000 in favor of an advertising publicity advisory committee, favored by the county fathers.

In the jammed pressure packed county commission chambers yesterday leaders of the three groups presented their cases, telling why the commission should not cut the annual county subsidy to the organizations.

First speaker in the two hour battle was George Touhy, president of the Seminole C. of C. which boasts a huge membership of some 600 businessmen. Touhy told the commissioners

that the Seminole Chamber has served this area with top notch publicity and advertising programs since the commission started giving the Chamber funds for this particular purpose 28 years ago. Touhy reminded the county assembly that the Chamber membership is composed of "people who are dedicated to the ongoing of this county." Touhy emphasized his remarks on this subject by concluding with saying "dedicated men."

The Chamber prey explained that the cutting of the annual \$25,000 per year allotment would handicap the Chamber considerably and again reminded the county board, "We have the best talent available in the county."

With an audience filled by interested people from throughout the county Touhy remarked to the commissioners, "Such an advisory committee would serve very little use."

ACTION-PAKED COUNTY COMMISSION CHAMBER

PRESIDENT George Touhy pleads the case of the Seminole County Chamber of Commerce, citing worth of that body in building area's economy and, therefore, need for financial support.

JAYCEES SPEAK

While the Seminole County Chamber of Commerce was asking the county commission not to chop some \$25,000 given to the chamber each year for advertising purposes, two county Jaycee organizations were on hand in an effort to save some \$4,000 allotted to them for running two tourist information centers in the county.

Representing the Sanford-Seminole Jaycees was Sid Vihlen, Jr., president of the organization. Vihlen took several punches at the commission for its actions to cut off some \$2,100 to the commissioners, "such an advisory committee would serve very little use."

Vihlen, reading from the prepared statement told the commission, "The Sanford-Seminole Jaycees have a quality tourist and information service and facility for 18 years for which the county has awarded only a fractional portion of the operating expenses and nothing toward the capital improvements of the building facility, office equipment, and grounds during these years." Vihlen continued his prepared statement, "The taxpayers and we remind you that we are not employees of the county but in fact are taxpayers ourselves and believe the county has gotten an extensive, vital, and valuable service for a ridiculously low cost."

Vihlen told the silent commissioners in his conclusion,

SANFORD POLICE Detective-Sergeant Tom Deppen escorts youths who were arrested yesterday on drug charges as they were on the way this morning to be fingerprinted. Complete details in story on Page 1 — "Three Youths". (Photo by Bill Scott)

SIDNEY VIHLEN ... "we remind you"

JIM BUCKRIDGE ... "vital to growth"

RANDALL CHASE ... "you should not do this"

Young Mother Held For Child Torture

By BILL SCOTT

County Detective Tom Simmons arrested an 18-year-old mother Tuesday after receiving a complaint from the girl's mother that she had attempted to drown her 14-month-old son in the bathtub.

Virginia Joiner, 301 East Fifth Street, was booked at the county jail shortly after 1 p.m. yesterday after being charged with violation of Florida Statutes 828.04 which deals with the torturing and tormenting of a dependent child.

Simmons reported the mother was charged after an investigation revealed the woman had held Christopher, her son, under water in the bathtub and had to be restrained.

Did you read about the seven foot two inch tall basketball center "earning" \$75 a day as "consultant" to bring young folk onto the playgrounds? Artis Gilmore (that's the net-sweeper's name) is to start playing for Coach Joe Williams at Jacksonville University, "come fall." But there are those who firmly believe that after the publicity of this lucrative compensation, the flow of funds to the "consultant" will suddenly dry up.

But come to think of it, since this is reported to be a common way of using athletic talent in the "off season," maybe Joe Sterling at Seminole Junior College could find some consultants to fill any existing vacancies!

Prexy Hiked

Seminole Junior College trustees meeting last night approved a \$1,000 pay increase for President Earl Weldon and granted a year's leave of absence to Dean Robert H. Schreiber in work on a doctorate degree.

This puts Weldon's salary at \$21,000 and is considered average.

Weldon also approved at request of Dean Schreiber, a year's leave of absence to allow the educator to attend University of Southern Mississippi at Hattiesburg, Miss.

No replacement has been found for Schreiber, who expects to leave around Sept. 7 to return in July 1970.

In other SJIC action, the trustees:

- Approved recommendation of Weldon and hired as full time instructor Gary Minor and Julius Larney in English and audio-visual departments.

Editorial Comment

Cooperation And Communication Are Essential

In New York the catch-phrase that always brings a smile is "Would Gimble's tell Macy's?" The answer is logically, "No!" Not in the hot competitive world of department store merchandising. But it's an easy bet that they surely know what the other was doing.

True, they have different geographic responsibilities. True, the very existence of both governmental bodies is a hang-over from a time when there was a definable need for such arrangements.

Yet much as experts might want to argue about basic changes, much as research and studies on regional, cooperative bodies might point to a drastic re-adjustment of responsibilities, the hard fact remains that now, in 1969 we have these two individual governmental bodies.

What they do and how they do it are questions which are answered every time a tax bill goes out, every time roads are proved inadequate or even nonexistent, when every change in population centers disrupt planned educational programs.

Unbelievable

Seminole Youngsters Know Where To Get It

Speed, Pot, LSD... All Are Dope

THE MARIJUANA PLANT such as this inspected by Sheriff John Polk can produce about a package of cigarettes. "Joint" can take several people on a trip.

By CHARLES LEONE Speed, LSD. There are teenagers in Seminole County that can tell you what it's like to use the stuff. LSD and enforcement officers estimate that about 40 to 60 per cent of the teenagers in this county have tried drugs or have been exposed to them—they know where to get them.

Glue sniffing is passe. That to the brain cells with prolonged use. The teens are beg, and switched to something they feel is safer. Pot (marijuana) is reputed to be non-habit forming. Speed—amphetamines and barbiturates (depressants)—such as pep pills and diet pills—is easier to get for in-

times by the Sheriff's department. "If 50 per cent of the kids are using drugs, we ought to be able to catch somebody," he reasoned.

Strikes And Spares

BY JOHN A. SPOLSKI

We're always telling you about those new people who are coming into the lanes... you know, and joining us either in open bowling or for the fun and prizes on Saturday night during the Moonlight Bowling time.

Well, there are more than a few new "leaguers" of bowlers who'll be tossing 'em down the lanes this Fall. As a matter of fact I'm thinking specifically of the Dynamonic men's league of 10 teams which'll make merry at 7:30 p.m. on Tuesdays. League President Mack Sauls was in to make all of the advance plans and assures us that he has more than a few bowlers who'll average 200 (or was it that they'll probably roll 200 series?)

JOHN WILSON

MACK SAULS

Last week we were in the process of complimenting John Wilson for his big game, but didn't have the pleasure of printing his "long shot" for you. So, give us a great big line of white fireworks, John. And may you have many, many more in the "charmed circle!"

Say, you says that those free lessons aren't worth the time and effort each Saturday morning at 11:30. And better yet... they're free.

Anyhow, Melodie Perrault has been coming down these last couple of weeks and it's starting to show the effect in her scores, too.

This popular secretary of the Friday afternoon Deltona Pin Dusters League bombed a 100... a Friday afternoon Deltona Pin Dusters League who had a pleasant afternoon with George Mikko 174, Bill Kerastock 171 and 180 and Mary McPherson 175, 162/501 series. Remember, these are all "retirees," but you'd never know it by their scores and the really good times they have here weekly.

A couple of buddies for you from the Friday morning Cobra-Cobra League. Dell Barco came in with a 160 and Paul Dubois was four pins less at 161.

The Wednesday evening City League had its share of high games and scores again. Plenty of plus 200s games, but no one making the 400 plateau. Jim Lamb of the high flying Letty Natalie's fivepins came the closest at 399, which included games of 211 and 206.

He had plenty of help from teammate Reggis Sigmon 215 and Jerry Mikola 206.

Bill Boatner of Zales finished with a 202/553 in leading his team to a two point win over Joe Cremona, notwithstanding Harry Kemp's 210/542 for the losers.

In other matches, Gene Miller had a 214 and Tom Bell rolled a 201 for Toyota. Spilski struggled through the night with a 204, 206/569.

The Honbles League seemed like there wasn't anything but strikes coming up for them. Pat Zeuli clipped at 210/546 while his teammate Jr. Lewis didn't break a "deuce," but was consistent with games of 180, 191 and 190 for a 561. Rolling well in a losing cause was the much improved Bill Halback 209/576.

Bubba Hoff was another "hot one" with an opener of 210/576. Fortunately, this was the night for the seven pin to drop, and no spillo to show up... and Spilski strung out a few with games of 206, 201, 228 for a 640 series.

Within the next week or so, you'll be seeing the charming faces of the Beta Sigma Phi society inviting you to join them in their ways and means project... a bowling party. Sounds like fun already, eh girls?

It's set for the last weekend in this month... the week right after we've rechartered all of our lanes.

The girls do quite a bit for the community and we're more than happy to be able to help them out on this project.

BONNIE LINK

RON ROBINSON

Bonnie Link is talking 'bout trading-in her personal ball for one of the house balls, what with her rolling two 4000 800-plus series with the Jet Lanes ball. She included one of the "charmed circle" also, and perhaps there is some magic on that pill...

Ron Robinson is all smiles after winning the five game handicap/scratch sweepstakes this past Friday night. It goes to show that everyone, regardless of their average, stands an equal opportunity of winning. "Bobby" shot a winning 118 series, including handicap for the 896, while additional payouts went to Jay Young 200 (120 ac), Gene Miller 220 (116 hcp), and Wes Scott 210 (100 ac).

The next sweepstakes is set for Friday two weeks... on Aug. 15... at 9 and 11 p.m. open to both men and women.

Florida May Have A \$25,000 Hole...

GAINESVILLE, Fla. (AP)—The University of Florida athletic program operated at a loss of about \$25,000 the past year, a spokesman said Tuesday.

The University Athletic Association Inc., which conducts the athletic program and pays the university tuition and room rentals for scholarship athletes, said both costs had risen.

Two additional scholarships authorized by the Southeastern Conference, and increased equipment prices, contributed to the deficit, said Norm Carlson, director of public relations and assistant athletic director.

The association, with an annual budget of about \$2 million, had a surplus of \$170,510 the previous year.

Gray has 16 years of coaching experience, including serving under Adolph Rupp at the University of Kentucky. He also coached at high schools in Indiana, Kentucky and Illinois.

Coaching Changes

DECATUR, Ill. (AP)—Jerry Gray, 41, assistant coach at Southern Illinois, Decatur, was named head basketball coach at Millikin University today.

Gray succeeds Don Williams, who resigned to become head coach at the University of South Florida in Tampa.

Gray has 16 years of coaching experience, including serving under Adolph Rupp at the University of Kentucky. He also coached at high schools in Indiana, Kentucky and Illinois.

RUTCH HURST No. 25 and Billy Gill No. 24 are the fifth and first fastest qualifiers for next Sunday's 50 lap feature race at New Smyrna Speedway. Gill's time of 20.53 seconds is just .08 of a second off the track record. Hurst's 20.92 clocking is just .39 of a second slower than Gill, with three other cars between them. That's close competition!

Who's Who Of Racing Top Race Program Slated

New Smyrna's big 50 lap feature race was postponed because of rain. The top 5 qualifiers sound like the Who's Who of Florida Unlimited Late Model drivers. Fastest was Billy Gill of Sarasota; 20.53 sec. next was Paul Connors of West Palm, third Ray Rentracer of Palm Beach, and fourth Jim Yawn, fifth fastest Rutch Hurst of Orange City with a time of 20.92 sec. The other five qualifiers are within .29 of a second of each other.

The entire program will be held next week. Other entries range from Jacksonville to Key West and just about everywhere in between. Don't miss this one as it will be a thriller.

First Heat: Ray Wilson, Jim Yawn, Don Williams; Second Heat: Gary Dupuis, Earl Rodebaugh, Ron Scott; Feature: Earl Rodebaugh, Ron Scott, Gary Dupuis.

MINI STOCKS
First Heat: Rod Gier, Sam Hall, Ken Mullins; Second Heat: Randy Davis, Rod Gier, Billy Mathen; Feature: Billy Mathen, Irene Medders, Randy Davis.

LATE MODELS
First Heat: Leroy Nelms, Randy Connell, Bill Jones; Second Heat: Ray Gardner, Carl Taylor, J. T. Peacock; Feature: Ray Gardner, Joe Grubb, Randy Connell.

Rain Halts Most Of FSL Play

Key West and Pompano Beach swapped victories in a Florida State League tumbler Tuesday night as rain, for the second night in a row, shredded the schedule.

In the only other action of the night, Winter Haven scored a pair of ninth inning runs to beat Daytona Beach 2-0.

At Key West, the Padres pushed across five runs in the seventh inning to beat Pompano Beach 6-1 in their opener. The Mets came back in the ninth for a 4-2 decision despite the loss of starting pitcher Rich Brees, who left the game after being struck by a ball.

Rain cancelled contests involving Lakeland at Tampa, Orlando at St. Petersburg, West Palm Beach at Miami and Cocoa at Fort Lauderdale.

THE DYNAMIC THRUST of Ron Swoboda failed to make contact with the pitched ball here, which isn't an unusual occurrence in the life of the New York Mets. But it does show the latent power with which Ron has blasted out 101 of home runs.

Some Family Affair

EWANK hired Winter as defensive backfield coach of the Colts when Ewbank was head coach at Baltimore, but Winter, who was with the Cardinals in 1968 on his own. He guided the Cardinals to a 9-4-1 record last season in finishing 3rd in the National Football League's Century Division.

His granddaughter, Lisa, says she wants the game to end in a tie. "Ewbank said, 'I'll start 22 years ago when Winter played halfback for Ewbank then coach at Washington University in St. Louis and later eventually Ezell Jones of Minnesota, the fourth round draft choice. Tuesday and announced the signing of two more veterans, Ralph Baker, former Penn State line backer, agreed to terms for his sixth season, and offensive tackle Winston Hill signed for a seventh year.

The Philadelphia Eagles made their third deal of the year with the Los Angeles Rams. The Eagles traded veteran defensive back Alvin Hayes to the Rams for defensive back Billy Guy Anderson and a third round draft choice. Boycott Threat Appears Over

AUGSBURG, Germany (AP)—Hotels housing American track and field athletes were strangely quiet following first night competition against West German men and women teams. The few athletes remaining in the lodges were still discussing the unprecedented action by the American men that threatened a boycott of next week's meet in London.

Gary Power, one of the key-men in Tuesday's controversy, described his 14 flat lining in the 100-meter hurdles as "a thing short of remarkable." He was runner-up to Leon Coleman, who clocked 12.7.

"I lost so much adrenaline because of the controversy that I couldn't get up for the race," he said.

Power confirmed that the AAU has agreed to reimburse his travel expenses. American male athletes threatened a "100 per cent no-show" at the London meet if the AAU refused to repay Power's round trip travel costs from the United States to Europe.

"They will pay my expenses and agreed to reimburse my track club for the plane fare from Los Angeles to Miami," Power, a Los Angeles high school science teacher, said. "I have been labeled a rebel runner for getting what's coming to me," he said. Power added he discussed travel expenses with AAU officials three times during the current tour, but he said, they refused to consider his request prior to Tuesday's boycott threat.

Power added that if professional track competition begins this winter he will be the first to sign up. "I have had it with amateur athletics," he said.

Barbara Ferrell, American's premier women sprinter, declined to discuss the protest move because women team members were not present at the meeting.

Boycott Threat Appears Over

NL's Western Race Unbelievable

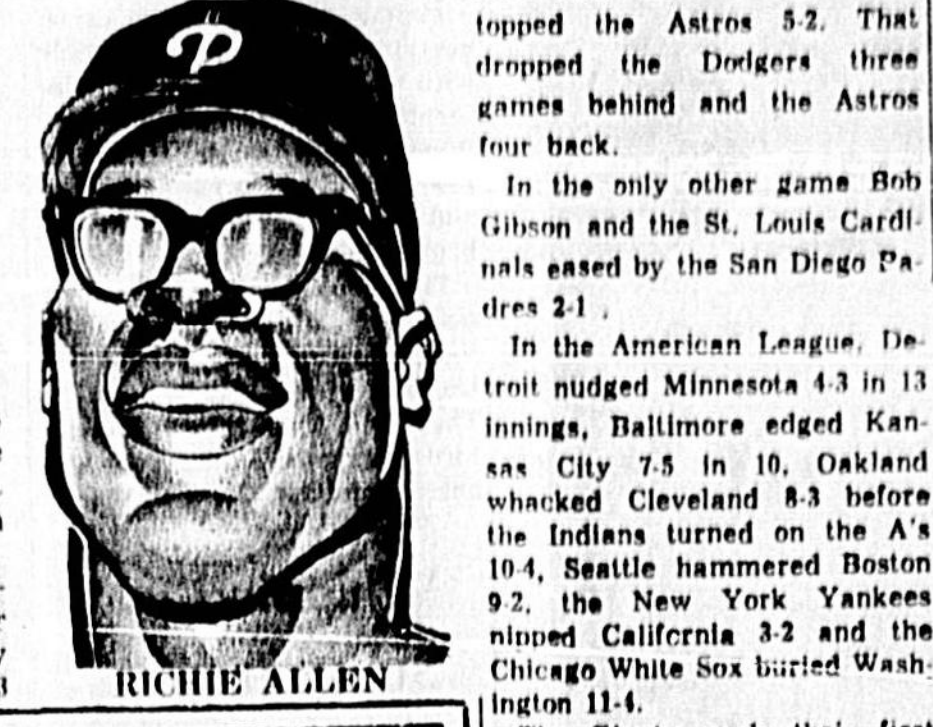

By MIKE RECHT

Associated Press Sports Writer
The San Francisco Giants couldn't score nearly as high in the Cincinnati Philadelphia as they did in one, but they still made their point.

After the Reds tossed the Phillies 10-7 Tuesday to move into first place in the National League's West Division, the Giants passed them by rolling only 11 for a two night double-header sweep over the Phillies, 6-2 and 8-3, Tuesday.

The victories sent the Giants into the lead by one percentage point over the Reds, who beat the New York Mets 8-5 and then lost 10-1.

And right behind are the Atlanta Braves, who made their points the night way, rolling by the Montreal Expos 1-0 and 4-3.

Unbelievable

Wastowski, 25, who gave four safeties.

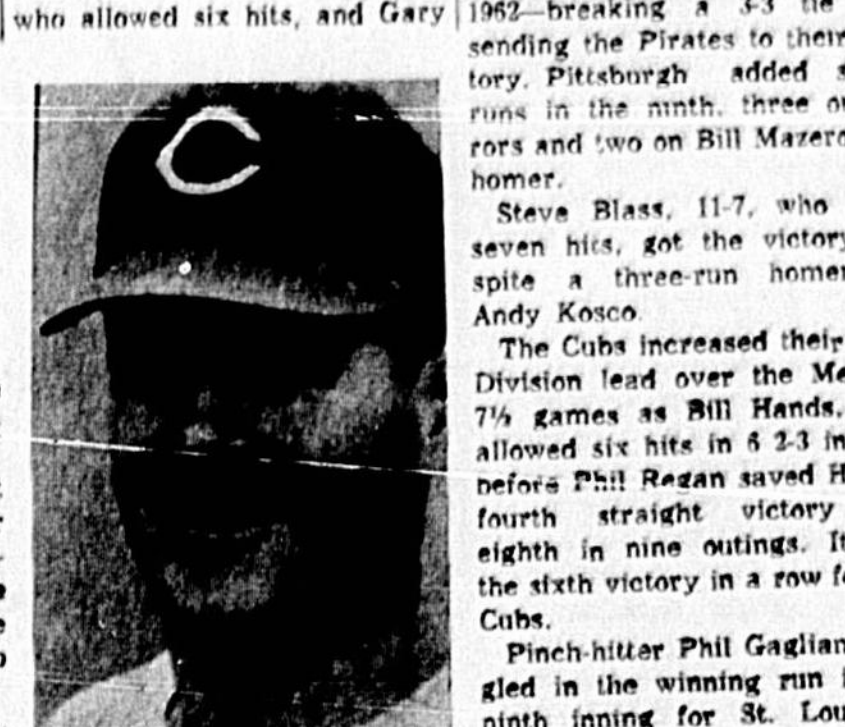

Orlando Cepeda decided the nightcap with one swing, a three-run homer in the seventh inning that wiped out a 1-0 deficit.

Willie Stargell punted a 10-foot homer onto the right field pavilion roof believed to be the first ball hit out of Dodger Stadium since it was opened in 1962—breaking a 33 tie and sending the Pirates to their victory. Pittsburgh added seven runs in the ninth three on errors and two on Bill Marston's homer.

Steve Blass, 11-7, who gave seven hits, got the victory despite a three-run homer by Andy Kosco.

The Cubs increased their East Division lead over the Mets 13-4 in the seventh inning, allowing six hits in 5-3 innings before Phil Rezan saved hands' fourth straight victory and eighth in nine outings. It was the sixth victory in a row for the Cubs.

Pinch-hitter Phil Gagliano singled in the winning run in the ninth inning for St. Louis as Gibson, 14-8, outpitched Dick Kelley, 4-7, to hand the Padres their ninth consecutive defeat.

A Close Battle

NEW YORK — Superstar Walt Chamberlain of the Los Angeles Lakers and his former coach, Bill Van Breda Kolff, almost came to blows after a tough loss in the Seattle Coliseum last February.

The incident took place in the locker room after the supposed super team, the Lakers, with three superstars in Chamberlain, Jerry West and Elgin Baylor, had been beaten, 114-107, by the Seattle SuperSonics, reveals the article.

Van Breda Kolff, grumbling about his team's lack of hustle, suddenly found himself drawn into a shouting match with Chamberlain. West argued that things should be done his way, playing a low post near the basket, while Bill answered in as uncertain terms that as long as he was the coach, things would be done his way with Chamberlain playing the high post away from the basket.

"It was embarrassing for both," says a Lakers player in the SPORT feature. "It was embarrassing for everyone to hear them screaming like animals. It was ridiculous. The guys wanted to hide."

Finally, Bill took a step in Walt's direction. With advanced physical part of the dispute would start any second. Then Lakers captain Elgin Baylor stepped in and helped keep them apart.

Postponed
NEUCHÂTEL, Switzerland (AP)—Lack of wind postponed the opening Tuesday of the world Vaulrin class sailing championships on Lake Neuchâtel.

Live below your means.

And it gets about 27 miles to the gallon of living, we have a suggestion. Cut down on the high cost of getting around.

So the more you drive, the more you save.

And chances are, you'll drive it for years and years. Since we never change the style, a VW never goes out of style.

Of course, a VW's not much to look at. So a lot of people buy a big Buick or a big Ford.

Try putting that in the bank.

Miss Ethel Todd, William A. Gracey Exchange Vows In Double Ring Rites

Miss Ethel Elaine Todd and William A. Gracey were united in Holy Matrimony July 27, at 3 p. m., at First Baptist Church of Sanford.

The bride is the daughter of Mr. and Mrs. Leland F. Todd and the bridegroom's parents are Mr. and Mrs. W. S. Gracey, all of Sanford.

Rev. Fred H. Chance was the officiating clergyman at the double ring ceremony which was performed before the altar decorated with baskets of white mums and gladioli and a profusion of potted palms.

Mrs. Shirley Griem, organist, presented a recital of appropriate nuptial selections and accompanied Charles Rabun, soloist.

Given in marriage by her father, the bride chose for veils a formal gown of angelskin peau de soie designed with a soft puffed neckline enhanced with pearls. Peau de soie lace was centered down the front and at the hemline of her gentle A-line skirt. Her sheer Bishop sleeves, caught tight at the wrists, also featured lace trim.

An attached train flowing into a chapel sweep framed the delicately designed gown.

Her bouffant veil of imported silk illusion was held by a Dior bow accented with pearl-trimmed motifs and she carried a white Bible featuring an arrangement of white carnations showered with white satin streamers and centered with a removable orchid corsage.

Miss Beth Stewart of Stuart attended the bride as maid of honor. She wore a floor length gown of yellow tulle, trimmed with white lace, and highlighted with a flowing black panel. Yellow and white daisies adorned her hair and she carried a Colonial nosegay fashioned from a single yellow mum, surrounded with daisies with long yellow streamers.

Bridesmaid was Miss Barbara Fry of Miami. Her gown and flowers were identical in design to the honor attendant's.

Donnie Chapman, served the bridegroom as best man and usher were Tommy Gracey, brother of the bridegroom, and Danny Lee.

For her daughter's wedding, Mrs. Todd chose a blue crepe sheath with a matching blue lace coat complemented with blue accessories. Mrs. Gracey, mother of the bridegroom, wore a pink silk shantung dress and coat ensemble enhanced with pink accessories. Both mothers wore white orchid corsages.

Immediately following the ceremony the bridegroom's parents entertained at the reception at their home. White mums, carnations and palms were featured through the living and dining rooms.

MR. AND MRS. WILLIAM A. GRACEY

The tables, covered with white satin, were overlaid with scalloped net adorned with yellow satin bows. The three tiered wedding cake was flanked by two tall cupid epergne arrangements.

Mrs. J. E. Andrews greeted the guests at the door; Mrs. Jimmy Gracey, cousin of the bridegroom, kept the bride's book; Mrs. Sandra Parson, served the cake, assisted by Mrs. Donnie Chapman, and Mrs. Robert Todd, the bride's sister-in-law from Lake Worth, poured.

Floating hostesses were Mrs. Pat Mize and Miss Brenda Bedenbaugh, cousins of the bridegroom. The bride's niece, Miss Lorrie Parson, distributed the rice bags.

The couple left on their wedding trip with the bride wearing a stunning gown polished rayon acetate coat and dress ensemble with white accessories. Complementing her fashionable ensemble was a single strand of pearls, a gift of the bridegroom, and the white orchid from her bridal bouquet.

The couple will make their home in Miami Beach while the bride completes her nurse's training at Mt. Sinai Hospital. They will then return to Sanford where the bridegroom will enter Seminole Jr. College.

Whipping Summer Delicacies

The real who delights in whipping up summer delicacies to satisfy warm weather appetites will find summer coolers can be doubly pleasant when the kitchen is to be liking.

Although today's homemaker spends considerably less time in the kitchen than her grandmother did, the kitchen remains the major work area for most women. The Picture and Frame Institute points out. Making this center of domestic activity decoratively appealing can spell out the difference between the kitchen doldrums and stove-side happiness for most women.

Wise placement of framed artwork on kitchen walls can turn the trick both decoratively and psychologically, the Institute says. Pleasant arrangements of framed art that are easily viewed can help make light work of the heaviest kitchen chores.

And many of today's framed pictures are right at home in the kitchen. Still life pictures of apples, cut cheese and half-empty wine bottles add a country air to even the most staid masterpieces, when framed and protected by glass from kitchen splatters, make a bright addition to the room's decor.

In hanging artwork in the kitchen as in any other room, be careful not to place pictures where they are likely to be knocked down by family traffic.

The kitchen is truly the homemaker's own room and it should contain her favorite pictures and pictures of her favorite things.

Textile Designer Tunes In On Fall Fabrics

By LOUISE COOK Associated Press Writer

NEW YORK (AP) — When Julian Tomchin was in high school he wanted to be a costume designer.

But he was required to take a course in textile design and "fell in love with it," Tomchin said. His change of ambition is one for which women can be grateful. Without Tomchin, designers like Donald Brooks and Chester Weinberg wouldn't have those lush prints and elegant fabrics that add so much to their clothes.

A notice of Brooklyn, Tomchin, 37, studied first at the High School of Music and Art in New York City, then at Syracuse University.

It was at Syracuse, he said during a recent interview, that he got a solid background in the history of textile design and in the actual production of the designs.

Tomchin, who joined Maxwell Textiles 16 years ago, was named by fashion critics to receive a Goy Award this year for his fabrics.

He gets his ideas "anywhere and everywhere." Fashion, said Tomchin, "is immensely logical. Every season is a development of the previous year. For example, to say that this is an era of choice, that five lengths of cloths are available, is logical."

Discussing the current trend for so-called "flat" prints, Tomchin explained that the term is used to describe print forms from 1920 to 1940. "It's a

design period when clothes were long and lean like they are today," he said. Tomchin designs a full collection of fabrics each season, then offers them to designers. He also works with individual designers to produce special fabrics for special designs. "It's like the chicken and the egg," he said. "Who knows whether the designer or the fabric or the fabric designer makes the clothes?"

He claims there have been changes in the type of fabrics people want over the past decade. "In the early 60s, the trend was toward weight. You couldn't make anything heavy enough," he said. "Now, we're going into an era where we can't make anything light enough. Tomchin and he has no favor."

The wedding is set for Oct. 3 and will take place at the Chuluota Community Church at 7:00 p.m. All friends of Miss Murphy and her parents are cordially invited to attend.

DIANNE MURPHY

Murphy-Rood Engagement Told

By LIZA BAKER Mr. and Mrs. E. J. Murphy, Second Street, Chuluota, announce the forthcoming nuptials of their daughter, Miss Dianne Marie Murphy, to Frederick W. Rood Jr., son of Mr. and Mrs. Frederick W. Rood Sr. of Palm Beach, Calif.

The bride-elect is a graduate of Mid Florida Tech. Institute and is employed by Fidelity Title Guaranty Co. of Orlando. Mr. Rood attended the University of South Florida prior to his enlistment in the Navy and is presently at the Naval Base at Charleston, South Carolina.

The wedding is set for Oct. 3 and will take place at the Chuluota Community Church at 7:00 p.m. All friends of Miss Murphy and her parents are cordially invited to attend.

Women Still Reluctant To Reveal Their Ages

If you asked ten women at random "What is your age?" how many do you think would tell you? All of them? Some of them? None of them?

To find out if women are still reluctant to answer this age-old question, Kate Holliday, in the current issue of Family Circle Magazine, asked ten prominent women to give their opinions on "Should a woman tell her age?"

They were singer, actress Barbara Streisand, motion picture costume designer Edith Head, best-selling authoress Jacqueline Susann, astronaut wife Rene Carpenter, Olympic track star Barbara Ferrell, entertainer Polly Bergen, actress Katharine Ross, Judge Kathleen Parker, and stage and TV actress Dianne Carroll.

Eight of the women said that they would tell and five actually did. Which five? Barbara Streisand thinks that a woman should tell. "If she looks good, it's something to be proud of," Miss Streisand says in the magazine. "If she doesn't, then lying about her age only makes the situation more ridiculous."

Edith Head reasons that today our life span is so long that being in the 40's or 50's or even 60's doesn't mean you are at death's door. "So why not admit the truth?" she asks, allowing that in certain professions, it might make a difference if one admitted one's true age.

"No woman really has to reveal her age," says Phyllis Diller. "All the world knows it with but a single look." Every gesture, every movement, every wrinkle—or lack of wrinkles—tell the whole story."

Barbara Ferrell tells her age, but says no one believes her because she looks so young. "Today there's so much to do, so much to tell anything," Oscar Wilde once said, and Jacqueline Susann agrees, answering that when anyone pins her down to the day she was born, she says "November 16, 1953. That's the date my first book came out. 'I really love my age,'" Rene Carpenter boasts. "I worked a long time to get there, and I've never enjoyed living so much as I do now."

St. John's Plans Family Day

CHILDREN AT MIDWAY ELEM REC CENTER participate in game of tether ball. Closing out summer activities are Gloria Bryant, Patricia Branch, Virginia Barfield and Deborah Bryant.

By Mrs. J. R. THOMAS JR., 322-5756

The congregation of St. John Baptist Church will observe its annual Family Day services Sunday.

A special service will be conducted at 3 p.m. with Rev. W. M. Burke and his congregation from St. James AME Church in charge.

The chairman, Mrs. Faye Kendrick, is inviting all families in this community to attend and share with them the feeling of togetherness.

Summer vacation for many of Seminole's youngsters will start today. The reason for the long delay, summer school for make-up work or gaining additional credits, participating in the first grade orientation program or the summer enrichment and reading program.

During the past week, teachers at several of the schools were the reading program, which was being conducted, related to me that they wished to inform our readers of some of their activities and the advantages of participating in the enrichment program.

At Goldenrod Elementary, the supervision of Mrs. Susie H. Blackshear, film strips, recordings, phonics cards, games, and exercises and games were used with pupils who showed a weakness in word attack skills.

From these aids, they learned the sounds of consonants, digraphs, diphthongs, suffixes, prefixes, long and short vowels.

This enabled them to recognize new words at a pace thus increasing their vocabulary.

As the children progressed with word attack skills, additional instructional aids were provided.

Materials found in the SRA and RTU reading labs were most unique because most frequently, all reading skills, comprehension and rate were included.

These youngsters, with so many summertime distractions related to their teachers their enjoyment in searching through the classroom library table for books to read, check out and some even making book reports.

"Reading for fun" was the magic words for the past several weeks. The teachers and their pupils all reported having spent a most enjoyable and profitable season together.

They vowed, "Our reading will not stop here because we will have to read constantly to find out more about the moon landing and what America is doing to make further explorations of the planets."

Annette Heard, daughter of Mr. and Mrs. Eddie K. Johnson and Sherry Wright, daughter of Mr. and Mrs. William Wright, celebrated their eighth and tenth birthdays jointly on last Sunday afternoon at the Johnson's home on Bethune Circle.

Annette, Sherry and their guests enjoyed an afternoon of party games and refreshments consisting of cake, ice cream, candy, party nuts and other party goodies.

Each guest was presented a festive noise maker and colorful party hats. The honorees received many gifts from their parents and friends.

Joining the celebration were Cathy, Threl, Barbara and Alfred (Darryl) Thomas, Junior, Ashford, Patricia, Jimmie and Monique Wright, Cynthia and Robinson Peterson, Cynthia, Sandra and Wendy Wright.

Also Robin and Mildred Williams, Cahala and Toby (Darryl) Thomas, Junior, John, Cheryl Stokes, Emanuel, Sally and Eddie Luster, Angeline and Sylvia Beard.

Adults assisting their mother's needs to all their friends and neighbors for the day, flowers and many expressions of sympathy shown in caring for the illness and passing of my husband, Charles Richmond, to the Mansion of St. John's Lodge No. 37, 25th Place, Sanford, Fla.

EBENEZER BAPTIST CHURCH in Atlanta, Mrs. Smith is grateful to those who called in to express their sympathy in the loss of another great leader.

The Mount Sinai Missionary Baptist Church, located on the corner of Jerry Avenue and 20th Street, under the pastorate of the Rev. R. L. Pringle, presented its annual Women's Day observance Sunday, July 27. The theme was "Contributions of Christian Women In The Space Age."

Mrs. W. J. Smith, the former Mrs. Louise B. Foster, flew to Atlanta July 24 to attend the funeral of her godbrother, the late Rev. A. D. King, only brother of the late Dr. Martin Luther King.

The parents of the above deceased are the grandparents of Mrs. Smith.

Rev. A. D. King was associate pastor with his father at Mt. Zion Baptist Church, Eatonville, Fla.

Carmel M. B. Church, Eatonville, Fla., is responsible for making the program successful. Included in the following: Program—Mrs. W. M. Pringle, Miss R. D. Harrington and Mrs. Y. B. Harrington.

Finance—Mrs. E. M. Wiegman and Mrs. E. M. Cotton.

Refreshment—Mrs. J. H. Williams, Miss C. J. Wiegman and members of the Young People's Department.

The general chairman was Mrs. E. Akina and Mrs. L. Williams.

We, the Mount Sinai Missionary Baptist Church family, would like to bestow our profound thanks to the publisher for attending and we invite your presence at all our church functions.

Lakeview Pupils

New students who will enter the seventh grade at Lakeview Junior High this fall are advised by their principal, Mr. Warner, to register at the school. They should come as soon as possible to the Lakeview Junior High Guidance Office to be registered for the coming school year.

This does not apply to students who attend sixth grade in Seminole County Schools last year. They are pre-registered.

Truancy

GLASGOW, Scotland (AP) — The biggest problem facing teachers in Scottish schools these days is truancy, teacher James Tui, told the annual conference of the Educational Institute of Scotland. Absences run average 8 per cent, instead of the statistically acceptable 4 per cent, he added.

Senators To Decide Today On Missile Defense System

By CARL P. LEUBSDORF
Associated Press Writer
WASHINGTON (AP) — Sen. Margaret Chase Smith today led a defense system.

On the eve of today's scheduled vote on the key proposal to bar Safeguard deployment or site acquisition, the Maine Republican introduced a substitute amendment that would prohibit research and testing as well as deployment.

Mrs. Smith introduced her amendment Tuesday afternoon without comment, then left the Senate floor. There was speculation as to her motives.

Some antiballistic missile—ABM—opponents said they feared Mrs. Smith might oppose the Cooper-Hart amendment if her proposal is defeated, as even research should be stopped.

Onlookers Are Baffled

By JOSEPH E. MORBAT
Associated Press Writer
WASHINGTON (AP) — The historic chamber of the U.S. Senate can change at the touch of a button from a torpid sea of boredom to a tidal wave of tension.

It undergoes that swift and rare transformation today.

And the Senate, after weeks upon weeks of testimony and debate, at last begins voting on the Nixon administration's proposal for deployment of the system—ABM.

Four hours of debate on the Cooper-Hart amendment, plus an hour on Mrs. Smith's proposal were expected to precede voting scheduled in late afternoon.

NEW BOAT DESIGN — New cat for bathtub admirals involves racing the tube. This catamaran style boat consists of two fiber glass hulls powered by outboard motor.

New Auto Prices Going Up

By A.F. MAHAN
Associated Press Writer
DETROIT (AP) — The 1970 car models will hardly have gone on display before the cost of building autos takes three more fast jumps.

Industry sources who decline to be named view a price increase as "inevitable" with some forecasting \$100 to \$150 as the range.

The industry got the news July 30 that prices would be \$6 to \$8 a ton higher for most of the steel products it uses.

Next comes a series of hikes in labor costs.

Under current contracts with the United Auto Workers Union, a new fringe benefit is effective Oct. 1 for hourly rated workers at General Motors, Ford and Chrysler: The companies assume the cost of prescription drugs and refills beyond a charge of \$2 each.

This new fringe benefit, estimated to cost a cent and a half hourly per worker, goes on top of a company-paid hospital-medical-surgical insurance plan good for up to 365 days of semi-private accommodations for an employee and his dependents.

A cost-of-living escalator, on which wages rise or descend with the index of the Bureau of Labor Statistics, will add nine cents an hour on Oct. 27.

Murder Suspect Linked To Coeds

By LOWELL MCKIRGAN
Associated Press Writer
ANN ARBOR, Mich. (AP) — A police source says John N. Collins, charged with the murder of a university coed, may have known all but one of six other girls slain in this area in the last 25 months.

Meanwhile, police in Salinas, Calif., said Roxie Ann Phillips, 17, strangled near there June 30, was a close friend of a girl Collins had given a ride in his car the day before.

Collins, 22, remained in the Washenaw County Jail awaiting court proceedings Thursday on the charge of strangling Karen Sue Belenman, 18, an Eastern Michigan freshman last seen alive July 23 riding away from a Ypsilanti wig shop with a young man on a motorcycle.

Police say the motorcycle rider was Collins.

The police source said Collins had at least brushed elbows with all the slain Michigan girls except Jane Louise Mixer, 23, a University of Michigan law student who was shot to death last March.

The source stressed that nothing had been uncovered to link Collins with the deaths of the five other women, but cited these circumstances:

—Collins and Mary Pleszar, whose body was found two years ago, worked in close-together offices near the Eastern Michigan University campus where both were students.

—Collins and Joan Schell, found dead in July 1968, both worked in the McKenney Union, an Eastern Michigan student lounge and soda shop.

—Marilynn Skelton, a 16-year-old high school dropout slain last March 24, and Dawn Basson, a 19-year-old junior high school pupil killed April 15, both were known to frequent campus soda shops, including the McKenney Union.

—Alice Kalam, a University

of Michigan graduate student last seen alive April 15, and Collins have been said by witnesses to have visited an Ann Arbor restaurant, Rubiyat Continental Dining, on special nights set aside for young single men and women.

The Rubiyat is less than two blocks from the Dept. House, a rock 'n' roll rehearsal hall, where Miss Kalam was last seen alive.

The search continued for a friend of Collins, Andrew Manuel, 25, who has been charged with stealing a house trailer which has been impounded by California authorities investigating a series of killings near Salinas.

Manuel, also known as Richard Diaz Jr., has been named in a federal warrant charging him with unlawful interstate flight to avoid prosecution.

Police say Manuel and Collins, who lived in the same Ypsilanti rooming house, traveled to California together in mid-June.

In California, local authorities and Michigan State Police are checking possible links with the death of Miss Phillips, whose home was in Milwaukie, Ore.

Capt. Darol V. Smith of the Monterey County Sheriff's Office said Collins picked up Nancy Ann Albrecht, 17, a close friend of Miss Phillips, the day before the Oregon girl was strangled with her belt.

Mariner 7 Streaks In Orbit About Sun

By RALPH DIGHTON
AP Science Writer
PASADENA, Calif. (AP) — Mariner 7 streaked into distant orbit around the sun today after television the first close-up of the Martian south pole—a region loaded with surprises ranging from footprint-shaped craters to what looked like deep drifts of snow.

One scientist said of the pictures, taken as the 850-pound spacecraft swept within 2,000 miles of the planet:

"We may be looking at baby pictures of earth. This is what the earth might have looked like some four billion years ago before it developed an atmosphere and oceans to weather its surface and nurture life."

The scientist was Dr. Robert Sharp, California Institute of Technology geologist, one of a team of experts analyzing the photographs as they streamed across 60 million miles to monitoring stations at the Jet Propulsion Laboratory Tuesday night.

One of the most striking pictures showed two irregular craters, many miles across and barely overlapping each other.

Dr. Robert Leighton, Cal Tech astronomer, jokingly described them as "a footprint—the first evidence of life on Mars."

The "footprint" was in ice or snow drifted surprisingly deep. Scientists had believed the south polar cap was a little thicker than frost but the pictures showed it piled up in great

ISRAELI NAVY FROGMEN are keeping on their toes in the event of another Mideast flare-up. Here, they practice underwater maneuvers and beach assaults. The Israelis, like their Arab neighbors, are preparing for war should a peaceful settlement of their differences be reached.

Charged With Murder Of Viet 8 Green Berets Arrested

By GEORGE ESPER
Associated Press Writer
SAIGON (AP) — The former commander of Green Beret forces in Vietnam and seven of his staff have been charged with premeditated murder in the shooting of a Vietnamese man, the U.S. Army disclosed today.

The eight men are under arrest and also charged with conspiracy to commit murder, the U.S. Command said.

The Army announcement said the charges are being investigated to determine if they will be brought to trial before an Army court-martial.

The U.S. Command gave virtually no information about the case against Col. Robert B. Rheaume, a 43-year-old West Point graduate, and Capt. Robert J. Brantley, a 37-year-old captain, a chief warrant officer and a sergeant first class.

The 5th Special Forces Group command, which Rheaume headed until he was relieved last month, also claimed up.

The Army announcement said the killing occurred June 20 near Nha Trang, the headquarters of the 5th Special Forces

Military attorneys said the charges against the eight men are now in the hands of an investigating officer. He acts as the equivalent of a grand jury in civilian life, deciding whether the men should be freed or whether they should stand trial.

"This officer must hold a formal hearing, one legal officer said. The accused are entitled to be represented by counsel. It is roughly the equivalent of a grand jury proceeding."

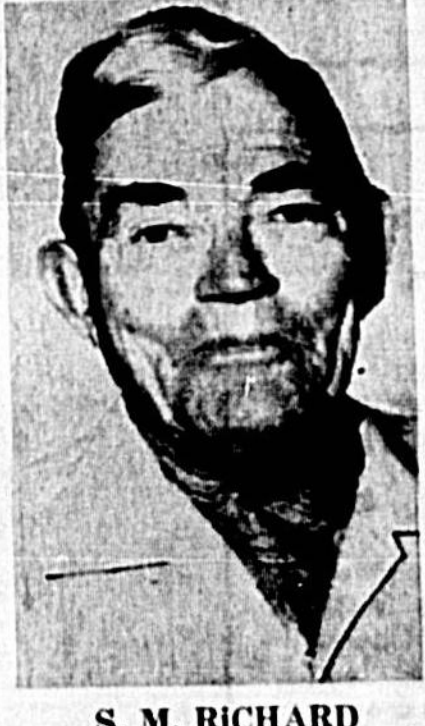

The military lawyer said any one subject to the Uniform Code of Military Justice may prefer a disclosure would prejudice the

This Is Sid's Town

Forty-five years ago Sid Richard arrived in Sanford. He made it "his town." By giving the next 41 years of his life to helping people and to seeing his town grow and develop.

He came as a dredge operator to build the present levee front that we all enjoy. He stayed to work for the people of Sanford as construction supervisor, sewer superintendent, police officer, parks, street, and zoo superintendent, and as public works director. Sid worked for his community when it meant work with hard shovels and horse drawn carts; when the city paid off wages in scrip, because they lacked money; when work was done by strong hands and strong backs.

Sid drove his crews and he drove himself the same way. He gave "his town" an honest day's work and expected the same from all. He was hard and he was tough. His men knew this yet loved him because they learned this hard-ness was a shell holding a big heart. Anyone in trouble; his men needed help; soon knew Sid. "Hey, Sid" became a Sanford greeting and a request for aid. Sid always answered.

S. M. RICHARD

He gave his time, his knowledge, and himself to others. "His Town" came first with Sid, be it a washout, a tree down, a broken water main, or a hurricane. Trouble meant Sid would be there — helping and directing. He did not count time off, overtime, or even vacation time because he gave this to "His Town." He has now gone.

"Hey, Sid."

Area Deaths

S. M. RICHARD, 74, of 1109 French Avenue, died Tuesday after a long illness. Born in Lake Butler, he moved to Sanford in 1924. He retired from the City of Sanford four years ago as director of public works after 42 years of service. A veteran of World War I, he served in France. He was a member of the American Legion, Campbell Loring Post 33, Forty and Eight, American Public Works Association and was an honorary member of the Civitan Club of Sanford.

He is survived by his wife, Mrs. Thelma Richard; two sons, Sidney Richard Jr. and William B. Richard; seven grandchildren, all of Sanford; two sisters, Mrs. H. K. Roberts and Mrs. Anita Grandoff, of Tampa, and two brothers,

Times are changing. Suddenly, something's come along that's replacing money.

Deal with a local Bank!

It started on the West Coast. Spread like wildfire over the country. Then Europe and Latin America and Japan got into it. A bank credit card system that lets you charge anything, most anywhere, with one monthly statement to sum up. No

fee for the card, no service charge if you pay in 25 days, and only a minimal charge if you decide to go the installment route.

Now it's coming to Sanford. Master Charge. The Interbank card that's part of

the world's largest credit system. And if you still insist on the old-fashioned feel of cash-in-hand, it's even good for that. To use to pay the die-hards that haven't discovered yet that money's being replaced.

The world's most usable credit card is coming to Sanford from the Sanford Atlantic National Bank

Aids Parents To 'Communicate' With Their Children

New Dictionary Is A 'Must' In Every Household

The school bus has just pulled away with your last school-age child and the house is so quiet you can't believe it. You may have a smidge of nostalgia, but a second cup of coffee and the luxury of having the morning paper all to yourself cures that quickly.

Usually the paper—crumpled and jelly-stained—is something you retrieve from under the dog's paw about ten a. m. By that time you're usually too tired to read it and you don't feel terribly guilty about lining the garbage pail with it, then going to bed.

This morning you have time to study it, though, and you're amazed to find out how it's changed. Well, maybe it's just

the words which have changed. On the front page alone there are words like "secular," "rectitude," "abrogation," "malaise," and "modulate." Further on there are words like "compendium" and "efficacy."

You begin to grow uneasy. It occurs to you that if these are words which appear in the daily paper, your children are ex-

posed to them. You recall that ten-year-old Johnny has a standing assignment to read the paper—cover to cover—each day. It begins to look as if your hardest job as a parent from this point on may be keeping up with the kids.

Most educators would agree with you. They would also probably advise you to get some-

help. One of the best all-around could have is the new College Edition of the Random House Dictionary. A most comprehensive, up-to-date dictionary, the Random House College Edition will stand up to the most varied family demands. Its 155,000 entries include over 7,000 new general, scientific and technical words — which should include

any surprise ones your youngsters might throw at you. Here are some hints on using the College Edition to best advantage:

First, keep it handy. The best place for a dictionary is where ever the family is going to use it most. That means smack in the middle of the dining room table if that is where homework

is done. Actually, the Random House Dictionary is so compact and portable that it can be used anywhere in the house with perfect convenience.

Second, consult it yourself. Keep the dictionary with you when you are reading your daily paper and regular magazines.

Two-Hour Power Blackout Hits Florida's Gold Coast

MIAMI (AP) — A baby was ushered into the world by flashlight and exiles in Miami's "Little Havana" joked about a Cuban invasion Tuesday night as a power plant explosion left two million South Floridians in darkness.

It was hot and stormy at 6:08 p.m. when lights from Miami to north of Fort Lauderdale—with a solid strip of beach resorts in between—flickered and went out.

The blackout covered Dade and Broward counties for two hours and spotty failures hop-

scattered along a 300-mile strip from Marathon in the Keys to Fort Pierce until midnight.

At 6:17 p. m. Mrs. Geraldine Frustero gave birth to a 9-lb. 11-ounce girl under a emergency room spotlight hooked up to an emergency generator at Holy Cross Hospital in Fort Lauderdale.

But the generator failed and at 7:03 p.m. Mrs. Linda Hayes delivered her 8-pound, 6-ounce daughter under a nurse's flashlight.

Cuban exiles crowded into streets of Miami's "Little Havana" as the lights went out. Bus driver Mario Lazaro walked out of a bar and said, "Maybe it's Fidel on his way over."

Francisco Perez, once a sergeant in the Cuban army, said, "It reminded me of the days of the Bay of Pigs invasion when I was in Havana and we had blackouts."

Herman Sabel of Charleston, S.C., was stuck for more than an hour in an elevator with its operator in the Fontainebleau Hotel on Miami Beach.

"She was scared to death," he said. "There was no emergency

telephone, no emergency key and no ventilation."

Bartender Herb Maxfield said, "Everybody sat here and drank until the lights came on. It was better than hell."

The power shutoff came after a routine power loss at a generating plant 50 miles to the north, said Fred Brown, assistant manager at the Florida Power & Light Co. plant south of Miami where the blast occurred.

Usually the turbines at his plant automatically shut down, he said, but one didn't because

of a malfunction and "took an overload of work and blew," he said.

FPL's officials said it would take a full probe to verify Brown's theory.

A million-kilowatt generator failure Jan. 30 blacked out the Fort Lauderdale area and caused some power losses across central and south Florida.

Traffic was snarled during heavy commuting hours as signal lights went out. Adding to the problem were rail crossing gates which dropped across traf-

fic lines in some places as power failed.

At the telephone company, switchboards were "lit up solid like a Christmas tree," chief operator Gwen Greenberg said.

"The girls are having difficulty seeing the books but everybody wants the same number anyway — the power company."

The Miami Herald's first edition was held up three hours, Managing Editor Larry Jenkins said, and editors were worrying about how to get the paper out when power was restored.

Unlike New York City where you can go across the river (to print), there's no place to go here," he said.

A different concern hit Swift & Co. in Miami: Five carloads of beef in a slowly thawing meat locker.

"We padlocked the doors," plant manager Mike Cohen said, so no one would let cold air out.

"It was just like the days when I started out feeding people back in the '20s," said restaurant manager Lou Dine, whose customers ate by candle-

light. "But the American people are a little spoiled. They sure miss that air conditioning."

Abolish Sundays

CHICAGO (AP) — With Sundays widely used for recreation rather than rest and worship, the Rev. Dr. Leroy C. Hodapp, Bloomington, Ind., Methodist leader, suggests in the weekly Christian Advocate that the church abandon its weekly worship custom, and substitute 10 or 15 "Christ Days" per year in large centers of worship.

FILE FASHION ACCESSORIES IN STYLE

NEW YORK (ED)—When have you seen such a flurry of fashion excitement over accessories? In scarves alone, there are enough new styles to let you give one dress a dozen different looks. From colorful, square and chiffon scrunch ties, to the great big and bold prints that flatter designers in, in styling scarves.

It's Back-To-School, For Man's Best Friend, Bowser

It's back-to-school time — not only for Tommy and Judy but for Fido, too. That is, if he wants to be one of the Beautiful Bowzers. Good breeding is always an asset, but it takes more than pedigree ancestors to be one of the Top Dogs.

The main objective of a training program is to teach a dog to be compatible with his family and environment. This is especially necessary to protect your belongings (especially shoes, piano legs, and electric wires), to avoid offending or injuring others by Fido's aggression or ill-timed enthusiasm (biting, jumping up, giving guests a wet snout, etc.), and to help protect the dog himself against cat-

NOT OVERLY eager to go to school, Fido seems to want to sit out this session. But his master has other ideas. Autumn is a good time of the year to enroll your dog in obedience school.

SEAGIRT FIRST CLASS—During the Victorian days when every little boy and girl had one sailor outfit in their wardrobe, this marvellously marine dress makes a spectacular comeback for school and church. Cinderella presents the slip-dress in an unusual, hand-dyed fabric. The white stand-up collar and cuffs are accented with red and a matching velvet trim off this thoroughly seaworthy outfit.

Geography Grasp Is An Essential

While most students know the musical way to San Jose, very few know how to get to Nauru. The tiny Pacific island — a little over eight square miles of it — has been an independent nation for more than a year, but unless a student has an up-to-date atlas that fact will escape him.

'How To Study' Tips Offered For You...

The U.S. Office of Education estimates that 1,028,000 students will be enrolled in college this fall.

Time To Register Coming

The Lutheran Church of the Redeemer Kindergarten is accepting registration for Kindergarten and Pre-Kindergarten for the coming year. An open house will be held Aug. 19 at 10 a.m. for the new parents and for the ones that wish to register at that time.

College News

HATTIESBURG, Miss.—More than 200 University of Southern Mississippi students — most of them seniors — are scheduled to do their practice teaching at 57 schools, starting with the September opening of the public units.

And last, once you find a place where you can concentrate and accomplish your work, stay with it. You will regret trying to study there. Often, your dormitory room is not the best place. Try a study carrel or a room in the library where you can obtain a business-like atmosphere at all times.

Each year Dean Crafts teaches a course to Monmouth freshmen, entitled "How To Study." From that course, Crafts offers the following tips to all students who wish to be successful on the ladder of learning.

First, the place where you study is important because it determines how much you will accomplish. Pick a place which is quiet and free of distractions.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: When I married my husband he promised to be 10 years younger. He's only 5 ft. 8 in. and carries all his extra weight in his belly. I told him I couldn't think of anything more romantic than being married to a fat man, and I meant it, too.

Well, we've been married for nine years, and instead of his LOSING 10 POUNDS like he promised, he GAINED 25 more!

Abby, when he starts getting amorous, that fat belly of his just knocks me cold. He says if I will really love her husband, his belly won't matter. I say if a man really loves his wife he'll try to keep his waistline as slim as possible.

DEAR ABBY: What does woman find "repulsive" other women overlook. I'm sure there are a lot of fat men who haven't suffered any loss of love because their physiques have gone to pot. (Women, too).

DEAR ABBY: My brother is being married soon to a girl I'd call Sharon. She's a beautiful girl, but her mother and I were not invited. The excuse she gave us was that she was "too far away and hard to find." How about that?

My mother and I bought a shower gift anyway, and went it to the shower with my brother. When Sharon's

husband, who she had promised to be 10 years younger, is only 5 ft. 8 in. and carries all his extra weight in his belly, I told him I couldn't think of anything more romantic than being married to a fat man, and I meant it, too.

Jacoby On Bridge

Jacoby and Son

South has quite a rebranding problem over his partner's no-trump response. He wants to be in game, although he knows that no guarantee will go with any game contract.

If a three-heart rebid were forcing, South could bid three hearts but practically everyone plays this particular jump as a strong bid, not forcing. Therefore, if South wants to be sure to reach game, he must bid either four hearts or three no-trump.

We have a strong preference for the three no-trump call. South has eight running tricks at either no-trump or hearts. Thus, he needs only one trick in his partner's hand to give him the no-trump game. He will need two tricks for the heart game.

Of course, the diamond suit

has responded one no-trump to our heart opening. There is a very good chance that he will have several diamonds, even if he doesn't have a diamond honor.

We regret to report 12-11 today's South jumped to four hearts, just as most bridge players would. There is something about 100 honors that fascinates anyone who holds them.

West opened the king of diamonds and it was up to South to execute a reverse Batz Coup to collect his 10th trick.

He let West hold that trick. West continued with the 10 but beggars can't be choosers. South played dummy's jack and cashed the ace in the jack hand. After that, he just ran off his contract.

Polly's Pointers

By Polly Cramer

DEAR POLLY: — Do tell me how I can improve the looks of my "whinnies" by passing them back and forth through the steam from a teakettle. Shake gently and shape the flowers and leaves. If necessary, press the veil, under warm water, with the iron. Stuff with tissue, stuff with tissue. Miss always look pretty—CALLA.

DEAR POLLY: — Mrs. L. N. wanted to know how to restore her "whinnies" to their original shape. Perhaps it is because I have a whole full of small children (or maybe I just never grow up myself).

DEAR POLLY — An attractive tote bag can be made by using a cream-colored detergent blue as the top off and cover the bag with pretty adhesive-tape on each side and thread a handle through on each side. My handles were made of braiding together three pieces of heavy rug yarn.

I am a Camp Fire group leader. We made tote bags to carry knitting in but they can be used for many other things.

We applied a psychedelic-patterned paper but there are many more conservative designs that could be used to cover these economical, quickly made bags. —MRS. S. S.

Beauty after Forty

By Edyth Thornton McLeod

"I have just inherited a wonderful plant. Am I, at all, fit to take upon myself?" I admit my hands are a bit stiff from arthritis. Reader, never too old. Take 3 or 4 lessons, and do not realize that the exercise will be good for your fingers?

"My face is round. I wear eyeglasses, have ever since I was sixteen. Where do I place my rouge? My skin is very pale; should I buy a cream rouge? My skin is a bit dry. Squire.

Get a magnifying mirror. They are invaluable when using makeup. Your rouge should be lightly dusted on lightly under the eyes. Fade it out toward the ears. Your rouge must be an exact match to your lipstick, and here is a secret: You can use your lipstick on your cheeks. To flatter your face, wear your hair high.

"My finger nails break, are

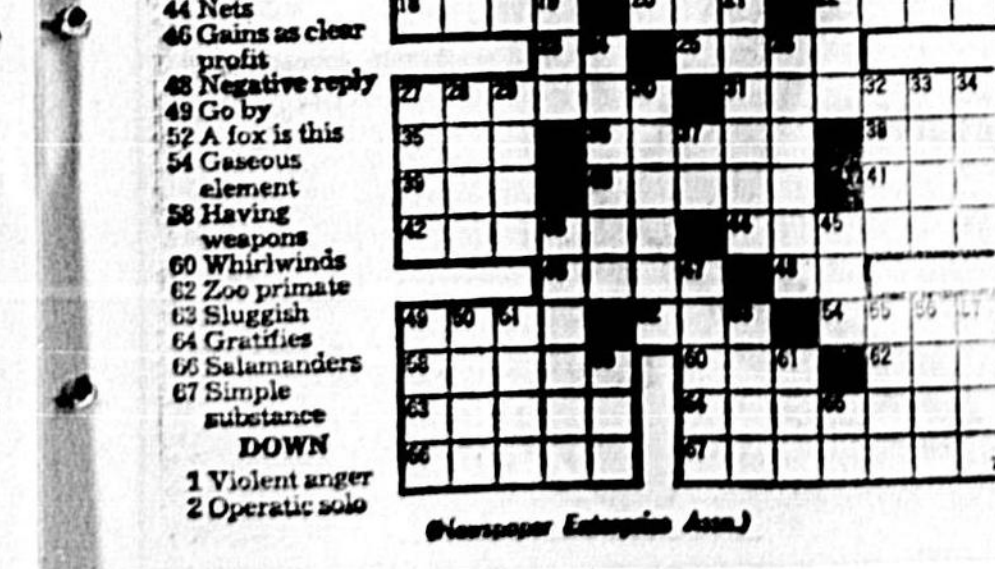

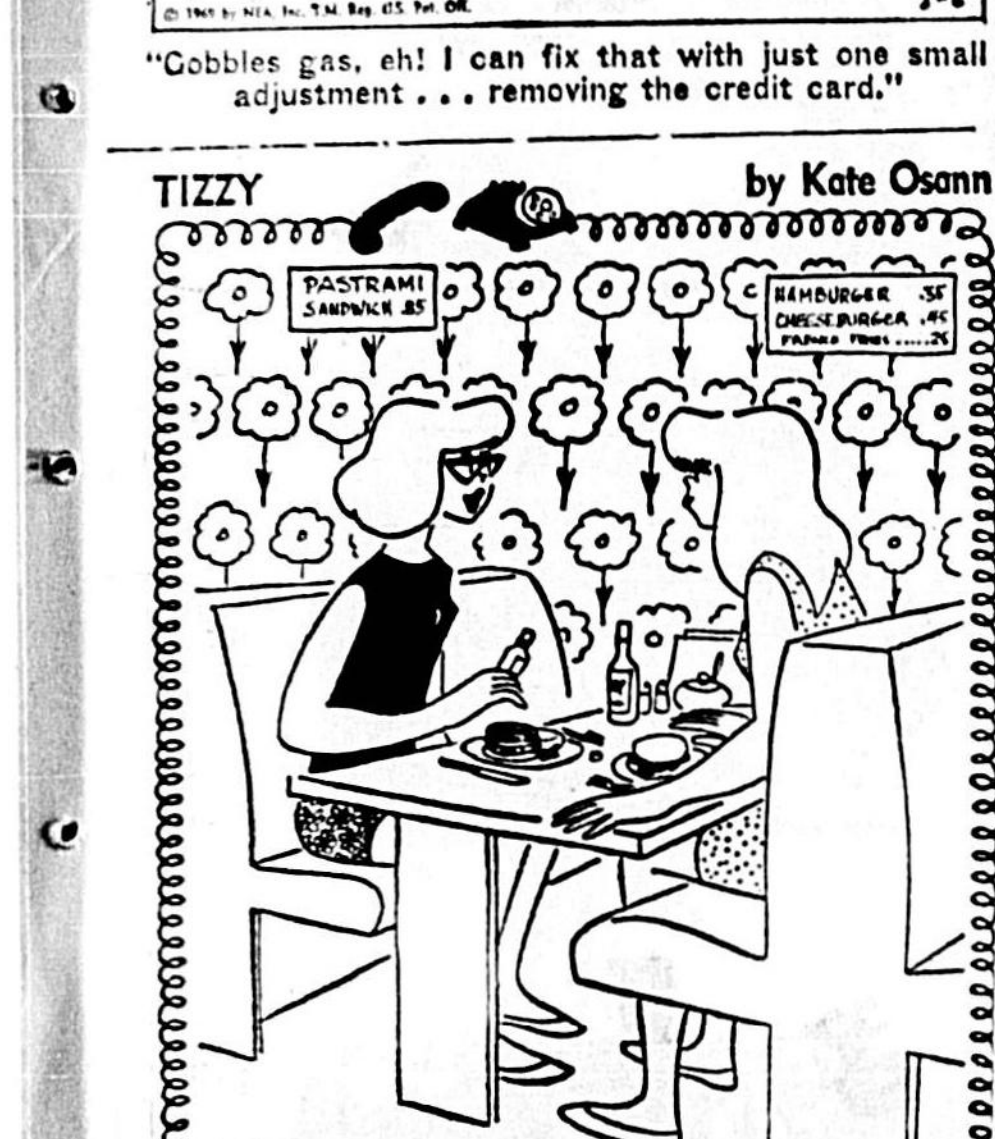

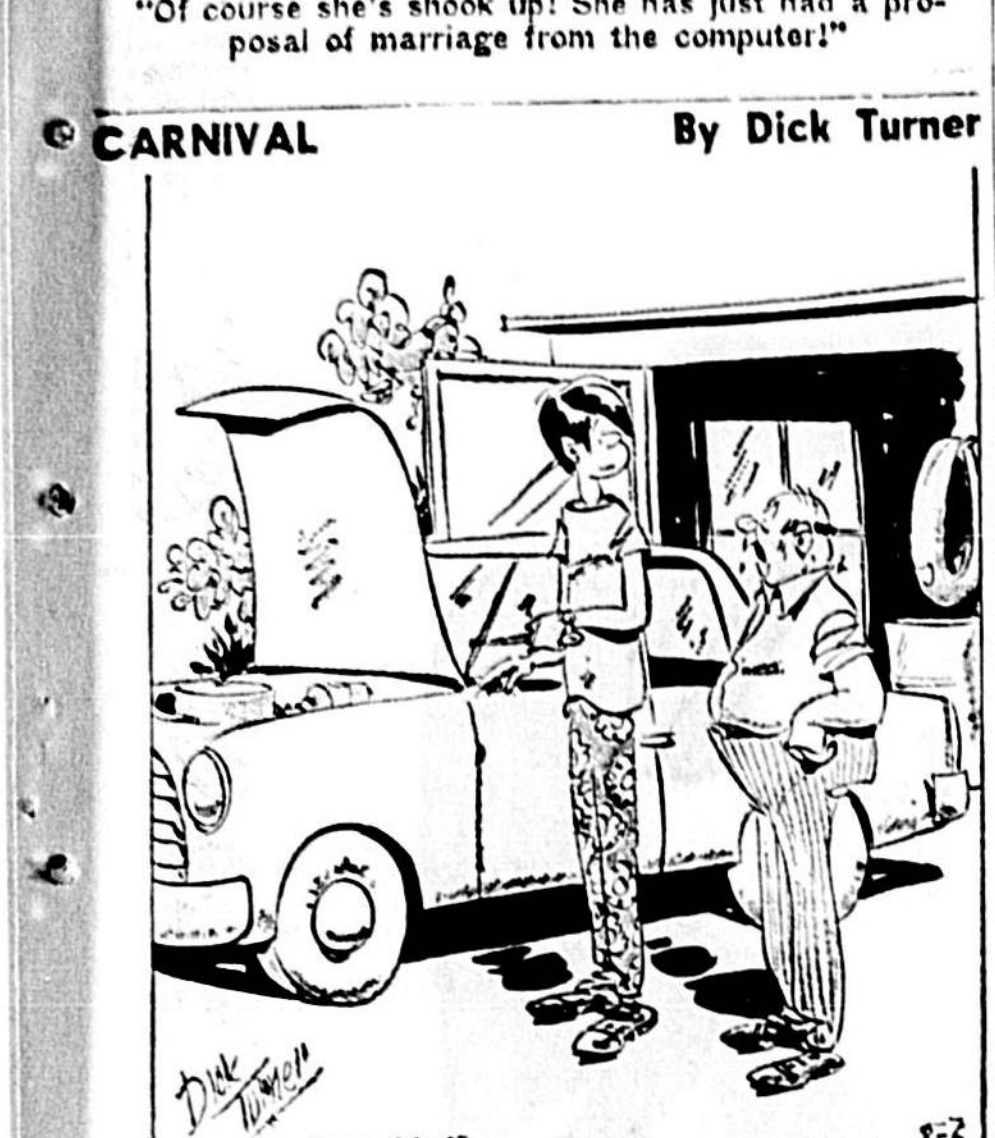

dry and brittle. I have no household problems, so that is not the reason. I use polish but it looks ugly on stubby nails. What can you suggest?" Norma D. can you suggest? Usually helpful oil and cream for the nails will help. Stop using nail polish for a while; it may be that it causes your nails to break. Why not have a physical checkup. Your diet may have something to do with the condition.

"I am tall, weigh one hundred and forty. Am forty-three. Would a black flowered chiffon dress be correct to wear to a dinner party at our local country club?" Lucy H.

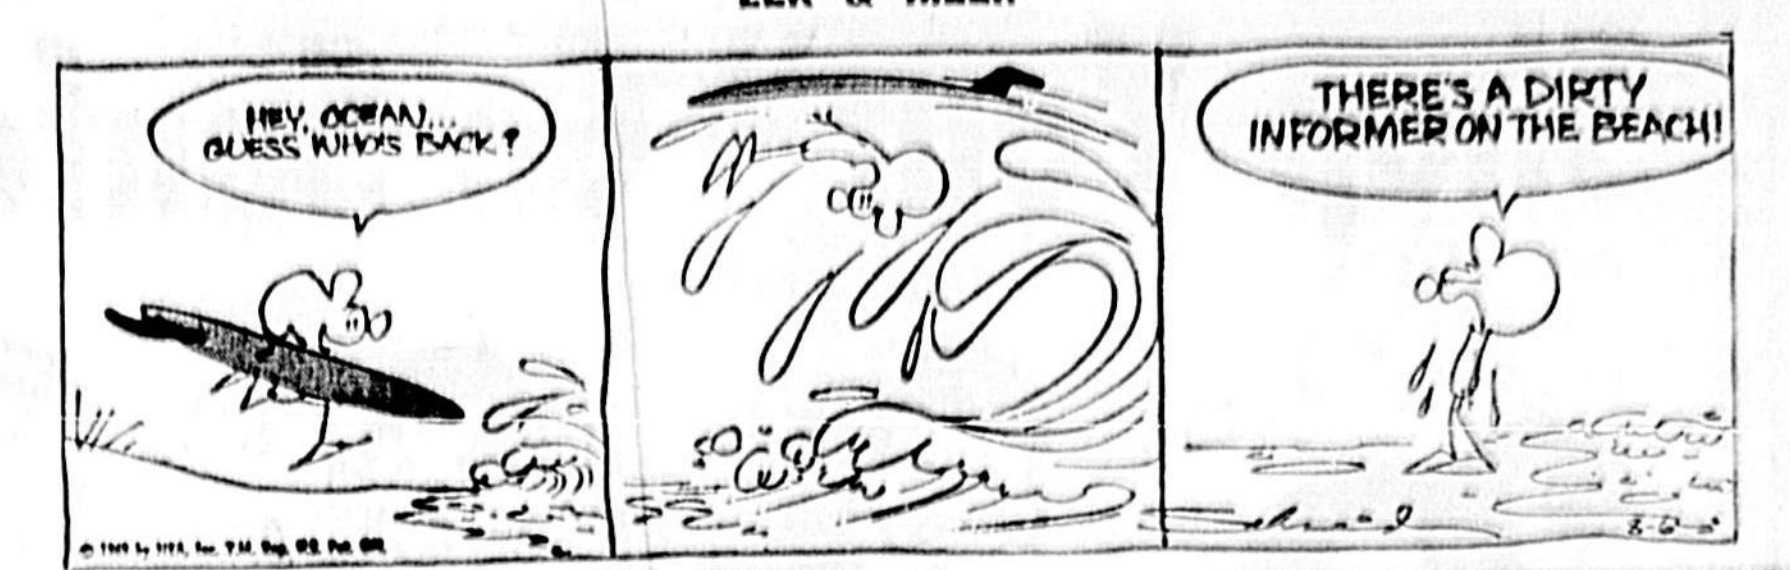

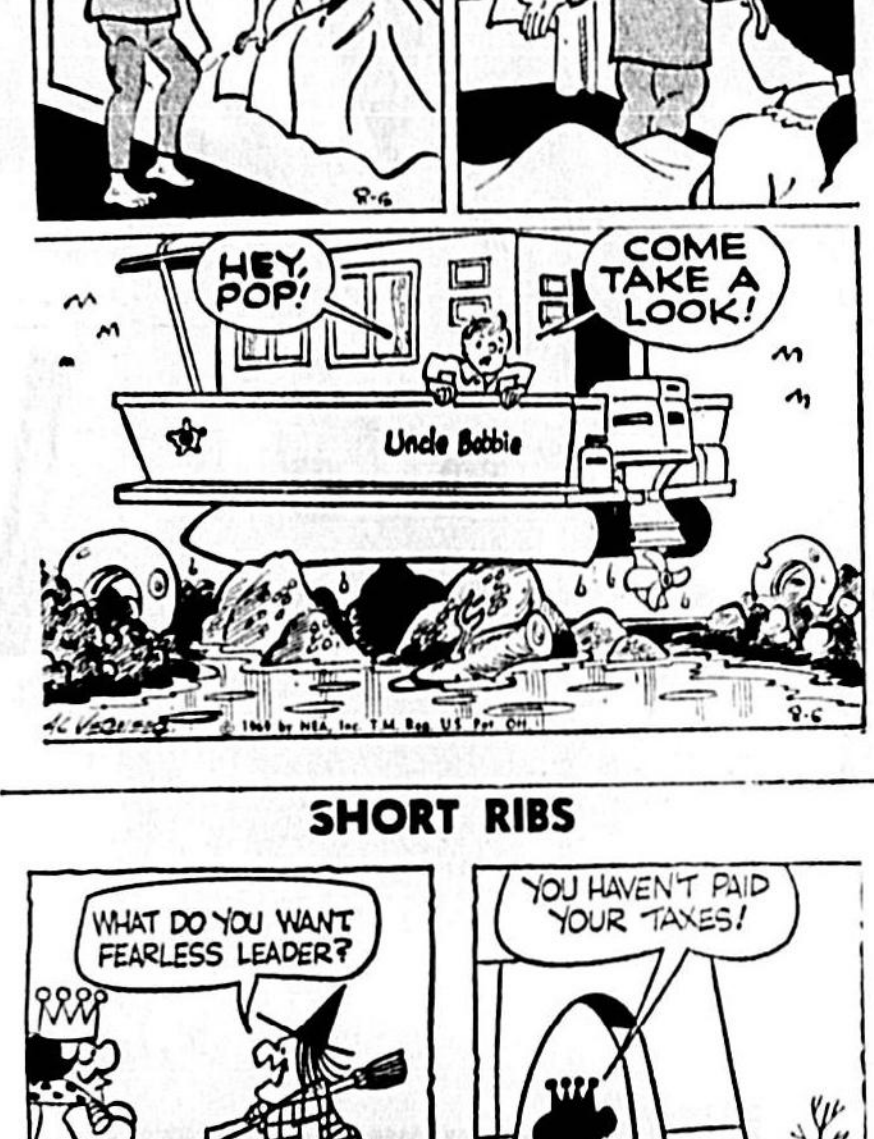

The flowered chiffon is perfect, and why not wear a black velvet bow in your hair or one that is the color of the dress. You may know, for instance a schoolmaster. No boy or girl could land a job without evidence of character," he said.

DE GLANCES

OUR BOARDING HOUSE

We The Women:

By Betty Canary

Don't you wonder how people come up with new inventions? I like to think of myself as the creative type. After all, at our house we used birthday candles—the type with green and pink markings—buried by the year-long before some sneak thought of it and marketed the idea and made money. But the fact is that I seldom come up with usable ideas.

For example, there's the outside shrine used by burying an old oval hat, painting the exposed end blue and tucking a statue of the Madonna

inside. I would never have thought of that if I had a new tub installed. I'd have thrown out my old oval one without so much as a passing glance at its bell and clasp feet and dismissed the entire thing from my mind. Oh, I might have said, "By golly, I'll never have to lie on my stomach and mop under my armpits" but I'd never have seen it as a possible centerpiece for a rock garden.

The really astounding thing is how often recalled original ideas pop up in different places at the same time. History is

Deep-Dish Blueberry Pie Good

By CECILY BROWNSTONE
 Associated Press Food Editor
FAMILY SUPPER
 There's more fruit than pastry when you bake a one-crust pie.
 Fish Steaks Potatoes
 Succotash Salad
DEEP-DISH BLUEBERRY PIE
 2 1/2 cups sugar
 2 tablespoons flour
 1/4 teaspoon salt
 3/4 cups large cultivated blueberries, rinsed and drained
 Pastry for an 8-inch pie shell
 2 tablespoons butter
 In a large mixing bowl stir together the sugar, flour and salt. Add blueberries, with two spoons toss well; set aside. Roll out pastry and cut to inch larger than top of a one-quart round glass casserole, 6 1/2 by 2 1/2 inches, of similar utensil. Turn fruit mixture into casserole, making sure that there are no large amounts of sugar mixture at bottom or sides of fish. Dot with butter.
 Place pastry over fruit; flute pastry edge so it looks scalloped and there are vents over berries. Use any scraps of dough for pastry cutouts to decorate top. Bake in a preheated 400-degree oven until juices bubble up and pastry is golden—about 20 minutes. Place on wire rack so pie will cool and juices will have a chance to set. Makes four servings.

THE FAMILY LAWYER

More than three centuries ago, England's Lord Coke proclaimed that "a man's house is his castle." It still is. Generally speaking, you have a right to ward an unlawful intruder, using as much force as is necessary—including even deadly force. For example:
 A home owner, hearing someone pry open his kitchen door in the middle of the night, grabbed a gun and went to investigate. Entering the dark kitchen, he demanded that the intruder identify himself. When the man instead began to move forward menacingly, the home owner fired a fatal shot.
 Although brought to trial later on a homicide charge, he was found not guilty. The court said that, considering the threatening circumstances, he was within his legal rights in defending the sanctity of his "castle."
 The doctrine is not meant to protect your home merely as a pile of bricks and mortar, but rather as a personal haven of safety for you and your family. Therefore, it applies just as much to premises you rent as to premises you own. Furthermore, you may act not only against an intruder but also against a visitor who refuses to leave when you tell him to.
 On the other hand, you must not in any event use more force than is reasonably necessary under the circumstances. Take this case:
 A man talking politics with a visiting neighbor became impatient and asked him to leave. The neighbor chose to go. But he did not move fast enough for his erstwhile host, who speared him along with a vicious knife. Result: the home owner was held liable for assault and battery. The court said the act was simply not justified by the circumstances.
 Nor may you arbitrarily widen your legitimate circle of defense. In another case, a girl's protective father saw, approaching the house, a youth whom he had ordered to stay front door stepped outside, and shot the caller in the arm.
 Here too the home owner was ordered to pay damages.
 "A man's house is his castle," said the court, "but he has no right to go (outside) and attempt to kill a man who has done no act indicating the intention of making forcible entry."
Projects
 OXFORD, England (AP) — Oxford University has allocated more than 1.25 million pounds (3 million dollars) for building projects in 1970-72, including new administrative offices, a computer building and, at estimated, to the Radcliffe science library.

Opportunity knocks twice for you!

Here's another chance to start or add to your set of **FAMOUS Sheffield Dinnerware** in the beautiful *Serenade* pattern. **Only 19¢ each** with every \$3 purchase during the next 15 weeks.

We're beginning the second go-around of this fantastic dinnerware offer... which means it's time for you to hop aboard and start collecting the lovely dinnerware pieces pictured above, with charming antique gold motif. Each week a new piece will be featured for just 19¢ with a \$3 grocery purchase. There's no limit with a \$6 purchase you can get 2 pieces for 38¢... with a \$9 purchase, 3 pieces for 57¢... and so on.

Recipe For Rum Teacake

By CECILY BROWNSTONE
 Associated Press Food Editor
 Dear Cecily: I should be grateful for a recipe called Rum Teacake. It requires gelatin and is oh-so-good, but I can't find anyone here who knows how to make it.—Palm Beach Hostess.
 Dear Palm Beach Hostess: We couldn't find the recipe anywhere either. No cookbook, friend, acquaintance or colleague had it. So we had to recipe-develop. Hope it's like the Rum Teacake you tasted. If not, let us know and we'll try again.—C. B.
RUM TEACAKE
 1 package—18½ ounces—white cake mix
 1 package—3 ounces—lemon-flavor gelatin
 ¼ cup corn oil
 ¼ cup light rum
 ¼ cup fresh lemon juice
 4 large eggs
 Empty cake mix into large bowl of electric mixer. Add gelatin, corn oil, rum, lemon juice and eggs. At low speed of mixer, mix only until cake mix is moistened. Beat three minutes at medium speed.
 Pour into ungreased 9-inch angel-cake pan. Bake in preheated 350-degree oven until cake springs back when touched lightly with finger—30 to 35 minutes. Place pan on wire cake rack to cool for 15 minutes and with a small spatula loosen edges. Turn out, turn right side up on wire rack and cool completely. If desired, sprinkle with confectioners' sugar.
 Note: Some lemon-flavor gelatins are made with natural lemon flavor rather than with synthetic lemon flavor. You may wish to use the natural flavor variety in this Rum Teacake.

Nectarine Squares Dessert

By CECILY BROWNSTONE
 AP Food Editor
FAMILY DINNER
 A new fruit dessert leftovers may be served as cookies.
 Broiled Steak Potatoes
 Nectarine Squares Beverage
NECTARINE SQUARES
 1½ cups unsifted flour; stir to aerate before measuring
 ¼ cup firmly packed light brown sugar
 ¼ pound, 1 stick, butter
 ¼ teaspoon baking powder
 ¼ teaspoon salt
 2 eggs
 ½ cup granulated sugar
 1 teaspoon vanilla
 1 cup sliced nectarines
 In a medium mixing bowl stir together one cup of the flour and brown sugar with a pastry blender or cut in the butter until particles are small and mixture is crumbly. Press into the bottom of a buttered square cake pan, 8 by 8 by 2 inches. Bake in a preheated 350-degree oven for 15 minutes. Meanwhile on wax paper thoroughly stir together the remaining ¼ cup flour, baking powder and salt.
 In a small mixing bowl beat eggs until yolk and whites are combined; add granulated sugar and vanilla; beat just enough to combine; add flour mixture; stir to blend; fold in nectarines. Pour over hot baked layer; continue baking 30 minutes longer. Cut in squares and serve warm or cold. Nice with a topping of whipped cream.

LADIES LUNCH

Canned chicken from the pantry shelf is convenient to use.
 Chicken Souffle Sandwiches
 Potato Sticks Green Salad
 Fresh Fruit Compote Cupcakes
CHICKEN SOUFFLE SANDWICHES
 1 can, 12 ounces boned chicken, finely chopped
 1 cup finely chopped scallion, green; onion, tops included
 2 tablespoons lemon juice
 Salt and pepper to taste
 6 slices bread, lightly toasted and buttered
 2 large tomatoes, sliced
 2 egg whites
 ¼ cup mayonnaise
 Mix the chicken, scallion, lemon juice and salt and pepper. To spread generously with chicken mixture making sure toast edges are covered. Beat egg whites until they form straight stiff peaks; fold in mayonnaise. Top chicken mixture with egg-white mixture; brush until golden brown. Serve at once. Makes four servings; ¾ slices per portion.

Cantaloupe Lime Sundae

The right ingredients make a refreshing dessert.
 CANTALOUPE LIME SUNDAE
 ¼ cup light corn syrup
 2 tablespoons lime juice
 1 cantaloupe
 1½ pints vanilla ice cream
 In a small saucepan bring the corn syrup to simmering and add lime juice and lime slices. Bring to a boil and boil one minute. Remove from heat.
 With a small melon-ball cutter or teaspoon from a round bowl fractional measuring spoon set, cut ball from cantaloupe and add to syrup—it can be hot. Cover and chill. Serve cantaloupe balls and lime syrup minus lime slices over ice cream. Makes six servings.

SAVOURY RECIPES W/SOUP

By AILEEN CLAIRE
 NEA Food Editor
 A clever cook is usually the one who makes short-cut recipes appear to be difficult creations. A classic example is the use of canned soups, served cold in translucent glasses as parfaits. The secret to the deliciousness of such combinations as condensed black bean soup and consommé with sherry, green seedless grapes and sour cream or condensed green pea soup, orange juice and jellied cocktail vegetable juice is in heating the ingredients first.
BLACK AND WHITE PARTY PARFAIT
 1 can (10½ ounces) condensed black bean soup
 ¼ cup water
 2 tablespoons sherry or fresh lime
 1 can (10½ ounces) condensed consommé
 ¼ cup green seedless grapes, halved
 Sour cream
 Blend black bean soup, water, and sherry or fresh lime. Heat, stir now and then. Place in refrigerator for at least 4 hours. Meanwhile, combine consommé and grapes. Chill until jellied, about 4 hours. Stir when partially jellied to distribute grapes. To serve, spoon over some consommé, top with additional black bean soup. Garnish with small dollop sour cream and grape half, if desired. Makes 4 to 5 servings.
SUNSET PARTY PARFAIT
 1 can (11½ ounces) condensed green pea soup
 1 cup water
 ¼ cup orange juice
 1 teaspoon grated orange rind
 1 envelope unflavored gelatin
 1 can (12 ounces) cocktail vegetable juice
 1 teaspoon grated onion
 3 drops Tabasco
 Blend soup, water, orange juice, and orange rind. Heat, stir now and then. Place in refrigerator for at least 4 hours. Meanwhile, in saucepan, soften gelatin in ½ cup cocktail vegetable juice. Heat slowly; stir until gelatin is dissolved. Set until firm, alternate layers of soup mixtures and jellied cocktail vegetable juice, onion and Tabasco. Chill until firm. To serve, alternate layers of soup mixtures and jellied cocktail vegetable juice mixture. Makes 4 to 5 servings.

SATURDAY LUNCH
 1 soft-boiled salmon
 teams delightfully with eggs.
 Stuffed Egg-salmon salad
 Crusty Rolls
 Honeydew Melon
 with Lime Wedges
STUFFED EGG-SALMON SALAD
 3 hard-cooked eggs
 3 tablespoons mayonnaise
 2 teaspoons lemon juice
 ¼ teaspoon salt
 1 1/8 teaspoon white pepper
 ¼ teaspoon dry mustard
 1 cup flaked cooked fresh salmon
 lettuce, tomato and cucumber
 French dressing
 Halve eggs lengthwise; remove yolks and mash fine; thoroughly mix in the mayonnaise, lemon juice, salt, pepper and mustard; gently mix in salmon. Pile yolk mixture back into yolks.
 Serve with lettuce, tomato and cucumber; pass French dressing. Makes four servings; three egg halves per portion.

Cantaloupe Lime Sundae
 The right ingredients make a refreshing dessert.
 CANTALOUPE LIME SUNDAE
 ¼ cup light corn syrup
 2 tablespoons lime juice
 1 cantaloupe
 1½ pints vanilla ice cream
 In a small saucepan bring the corn syrup to simmering and add lime juice and lime slices. Bring to a boil and boil one minute. Remove from heat.
 With a small melon-ball cutter or teaspoon from a round bowl fractional measuring spoon set, cut ball from cantaloupe and add to syrup—it can be hot. Cover and chill. Serve cantaloupe balls and lime syrup minus lime slices over ice cream. Makes six servings.

Green Tomato Mince-meat

By CECILY BROWNSTONE
Associated Press Food Editor
The moment you can lay your hands on a batch of green tomatoes, make up this old-fashioned recipe for mince-meat. Come Christmas, you can use the mince-meat for making utterly delicious pies, cookies and coffee cakes. You can also use it for gift-giving. This mince-meat is so good because it doesn't taste tomato-ish. But first a few notes:

The green tomatoes used in testing this recipe ranged in size from large ones to some no bigger than a walnut; a few had barely started to ripen. Wash the tomatoes in slightly warm water containing detergent, then rinse well in clear cold water and dry; discard any that have decayed spots. Cut out both the stem and blossom ends of the tomatoes but don't remove their skins.

If you can't get your meat at your meat market, ask for fat trimmed from high-quality steaks.

Don't miss the book shop at the cook-book collector. There you'll find two hard-cover books devoted to Shaker cooking plus a recipe leaflet with a baker's dozen pages. The leaflet is called "Shaker Sweets," a keepsake from Hancock Shaker Village, and costs \$1.

- GREEN TOMATO MINCEMEAT**
- 2 quarts knife-chopped coarse green tomatoes
 - 2 cups juice drained from chopped tomatoes
 - 2½ quarts chopped pared apples
 - 1 pound suet, chopped
 - 2 teaspoons grated orange rind
 - 2 medium seedless oranges, peeled
 - 2 cups raisins
 - 2 cups currants, rinsed in hot water and drained
 - 2 cups mixed candied fruit
 - 1 cup firmly packed dark brown sugar
 - 2½ cups firmly packed light brown sugar
 - 2 teaspoons salt
 - 1½ teaspoon ground cinnamon
 - 1½ teaspoon ground allspice
 - 1½ teaspoon ground cloves
 - 1½ teaspoon ground ginger

Into a kettle turn all the ingredients. Cook over moderate heat, stirring often until liquid is about as thick as heavy cream.

Fill pint, 1½-pint or quart jars with boiling hot mince-meat to about 1 inch of tops. Wipe off anything spilled on tops or threads of jars. Put dome lids on jars; screw bands tight. Process all three sizes of jars 20 minutes in boiling water deep enough to cover tops of jars. Water should be almost but not quite boiling when jars are lowered into it. Keep jars in straight upright position so entire bottom of jar will touch hot water at same instance. If processed, the jars may be processed 10 minutes at five pounds pressure.

Make 8 to 10 quarts. Store in cool dark place and let ripen for two to four weeks before using. **TO MAKE MINCEMEAT PIE:** Turn one pint Green Tomato Mince-meat into a pastry-lined 8-inch pie plate. Top with lattice pastry; seal edges and flute. Bake in a preheated 425-degree oven on rack below center, until pastry is browned—about 35 minutes.

RANGIETOP SUPPER
A delicious combination from Polish cuisine.
Pork Chops Cabbage Noodles Buttered Beans Salad Bowl Sliced Potatoes

CABBAGE NOODLES
1 cup coarsely chopped onion, regular or frozen
2 cups sliced green cabbage, firmly packed
2 cups cooked medium noodles
Salt and pepper to taste
In a 1½-inch skillet heat two tablespoons of the butter; add onion and cook gently, stirring often, until golden brown. Add cabbage and mix well; cover and cook gently, stirring several times, until cabbage is tender—crisp—about 10 minutes.
Mix in noodles, remaining 1 tablespoon butter and salt and pepper; reheat if necessary.
Makes four servings. If noodles are left over or cooked ahead, drizzle in boiling water and drain well before adding to cabbage mixture.

A cheese made in the region around Stilton, England is named for the town and is semi-hard, round, cheese.

Shaker Jelly Dots

By CECILY BROWNSTONE
Associated Press Food Editor
We've been inspired by a visit to Hancock Shaker Village to introduce you to Shaker Jelly Dots, one of the best little cookies that will ever melt in your mouth. Each summer Hancock Shaker Village has a week-long Kitchen Festival and it was in connection with the Festival that we discovered how to make Shaker Jelly Dots.

Hancock Shaker Village is in Hancock, Mass., and a noteworthy restoration is going on there Open every day during the year from June 1 to October 15, Shaker Village is particularly interesting to anyone who enjoys delving into gastronomic lore because the Shaker "kitchen sisters" did many a batch of high-quality cooking, baking, canning and dairying. "Give your hands to work and your heart to God" was the Shaker motto. Well, giving your hands the work of making these Shaker Jelly Dots is something you'll never regret.

First settled in 1780, Hancock Shaker Village became a public museum in 1960. Since then a group of people, inspired by the Shaker heritage, have restored and outfitted 10 buildings; eight others await restoration. We were especially interested in the Sisters Shop where a medicinal herb industry, a gardenseed industry, food preservation, cheese-making and weaving went on. If you plan to visit Hancock Shaker Village, don't miss that shop or the Great Kitchen in the 1830 Brick Dwelling.

SHAKER JELLY DOTS
¼ pound - 1 stick - Danish-type margarine, softened
¼ cup light brown sugar, firmly packed
¼ teaspoon salt
1 egg yolk
1½ teaspoon vanilla
1 cup sifted flour
1½ cup - about - finely chopped or grated filberts, pecans or walnuts

Jelly
In a medium mixing bowl cream margarine, sugar, salt, egg yolk and vanilla. Gradually stir in flour, blending well. Cover and chill until firm enough to handle. Work with half of dough at a time, keeping remaining portion refrigerated.
Shape dough into balls about the size of marbles—one well rounded teaspoon of dough per ball; roll in nuts.
Place one inch apart on ungreased cookie sheets; gently press thumb into center of each cookie to make a shallow indentation; fill indentations with jelly. Bake in preheated 350-degree oven until lightly browned—10 to 12 minutes. With a spatula, remove to wire racks to cool. Store in lightly covered tin box. Makes about three dozen cookies.

COMPANY DINNER
Try this latest version of a modern favorite.
EMMA R. LAW'S Sherried Mushroom Chicken
Green Peas Mixed Rice Salad Bowl
Fruit Sherbet Beverage
EMMA R. LAW'S SHERRIED MUSHROOM CHICKEN
4 broiler-fryer chicken breasts - split, boned and skinned
1 can—6 ounces—broiled sliced mushrooms, drained
1 can—10½ ounces—condensed cream of chicken soup
¼ cup dry sherry
1 container—8 ounces—commercial sour cream
Place chicken and mushrooms in an oblong 3-quart glass baking dish—13½ by 8½ by 1½ inches—or similar size. Beat together the soup, sherry and sour cream and spread over chicken and mushrooms.
Bake, uncovered, in a preheated 350-degree oven until chicken is tender and top is browned—one hour. Makes four to eight servings.

Duplicate Class Winners Named
Duplicate Bridge classes, sponsored by the Delta Women's Club, were held at the Community Center.
Winners of the class were East, Margaret Ogilvie West, Elfrida Barr; North and South, Mr. and Mrs. Elton Burnham.
All those interested in developing this phase of bridge are welcome to join the club.

Transfer Of Title Within 3 Weeks?
By FRED VAN PELT

Question of transfer of title for the Sanford Airport property from the U.S. government to the City of Sanford may be resolved within three weeks. This was the word telephoned this morning to The Sanford Herald by Congressman William W. Chappell from Washington, D.C.

Was Citizen's Big Donation Refused?
Confusion Reigns On Zoo Removal

By BILL SCOTT
Apparently there is some confusion over what was actually contained in the motion made by City Commissioner Earl Higginbotham two weeks ago that called for the moving of the Sanford Zoo to one of two city-owned locations on Lake Monroe.

This was revealed in an interpretation of Higginbotham's motion as related by City Manager W. E. Knowles, in a letter from Mayor Lee P. Moore to an interested citizen who offered to fund some of the cost of relocating the zoo. The commissioner was confused today by The Herald's explanation of the confusion that resulted in a letter from Mayor Lee P. Moore to an interested citizen who offered to fund some of the cost of relocating the zoo. The commissioner was confused today by The Herald's explanation of the confusion that resulted in a letter from Mayor Lee P. Moore to an interested citizen who offered to fund some of the cost of relocating the zoo.

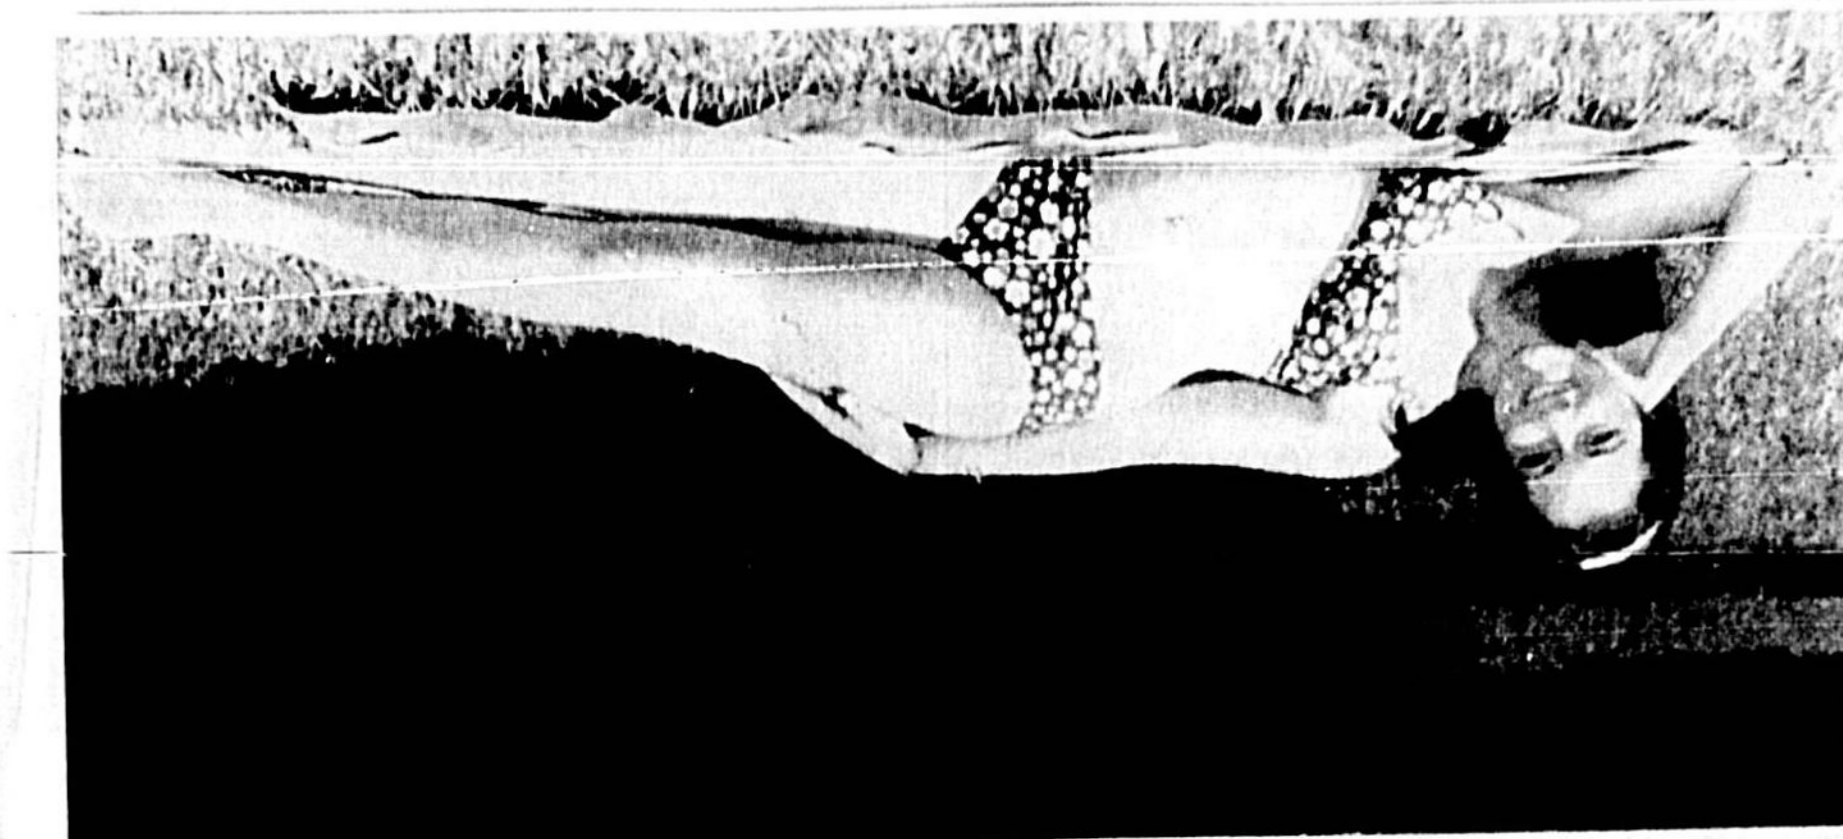

What Is The Thought Behind 'Cut' Actions?
By TOM ALEXANDER
What is the thought behind the Seminole County Commission's action to cut \$2,000,000 from the county's 1969-70 budget?

Funds Seen For Canal
By CHARLES LEONE
Action to obtain an advance of \$24,000 for preliminary engineering and design was taken by the St. Johns Indian River Canal District directors in meeting yesterday at Titusville.

Altamonte Plans A New City Hall
By TOM ALEXANDER
Altamonte Springs will have a new city hall if Mayor W. Lawrence Swafford has his way. The South Seminole city council last night that he will recommend that a new city hall be built and will propose allocations for such a facility in Altamonte's 1970 budget.

'Vintage' Is Set To Roll
The sound of tools is evident at the Sanford Airport these days as workmen construct jigs for use in the building of eight different Vintage Mobile Home models.

"We're losing the race for space!" Mrs. Jones said.
We gave her an Expansion Loan.
US UNITED STATE BANK of Seminole, J. SANFORD, FLORIDA MEMBER F.D.I.C.

A FLOATING VISION
"floating vision" from reporter Maryann Miles' camera appears upside down. All we know is that this lovely is a Rollins College sophomore.
