

Cost Of Latest British Crisis Is Becoming Evident

By SAM DAWSON
NEW YORK—American businessmen and taxpayers are getting a first look at what the latest British financial crisis is likely to cost them.

A number of American industries will lose a sizable part of their business in countries the sterling bloc controls. Even more American industries are going to find an increased volume of British and Commonwealth goods competing in world markets with American goods.

American money is being sent in aid of the British—some 300 million dollars in the form of a grant; 22 million dollars to buy British rubber for the U. S. stockpile; 34 million dollars to buy British tin for American consumers. More millions may be spent later for Australian wool and British-controlled aluminum.

And American steel mills are to find one million tons of steel to send to Britain for fabrication into arms and durable civilian goods for the British to sell in the world market.

The first stories of these deals—in holder an important American ally which is admittedly in financial straits—are coming out of London and Washington. More are to follow quickly from the British Commonwealth nations.

South Africa is expected to cut off a large part of its market from American goods soon. Last year it imported 250 million dollars worth of American goods and sold us only 98 million dollars worth.

England itself will import seven million dollars less of American goods this year than last. In 1930 Britain paid 145 million for American tobacco. That is to be trimmed substantially this year.

American manufacturers of clothing, furniture, carpets, shoes and toys are on notice that Britain will import fewer of them this year. It's going to buy fewer foreign meats, fish, fruit and vegetables.

American manufacturers of cars, refrigerators, radio and TV sets, and other metal consumer goods are on notice that Britain this year will export a larger percentage of its output of these items into the world markets in search of gold and dollars.

The deals between London and Washington perhaps worked out during Prime Minister Churchill's visit. President Truman will help some in filling Britain over. Her gold and dollar reserves dropped 1 1/2 billion dollars in the last six months of 1931 to stand now at \$2,350,000,000.

But Britain puts most faith in getting out of the mess by buying less from the dollar area, and selling more in world markets. American businessmen will have to revise their foreign trade schedules.

A STAUNCH Republican from Maine was being shown the wonders of the Grand Canyon. "Yes sir," said the guide. "It took about five million years for this awe-inspiring canyon to be carved out of the rocks." "Hmm," added the man from Maine. "A government project, I presume."

Harley F. Morgenthaler, who owns the one drugstore in Tekonsha, Michigan (population: 700), believes in our public education system—and has taken concrete steps to prove it.

Every student of the Consolidated School District who achieves a B average on his monthly report card rates a free ice-cream soda—any flavor—at Mr. Morgenthaler's fountain. School Superintendent E. J. Hungerford says, "I'm convinced that this prospective treat gives the kids a desire to study that would not have been there otherwise." Mr. Morgenthaler adds sagely, "Every one of those kids is going to grow up to be a regular customer of mine. A chocolate soda now and then cements our relationship."

Piggly Wiggly Has Its 33rd Birthday

In celebration of its thirty-third successful years in business, Lovett's and Piggly Wiggly Food Stores are holding a big sales event beginning today. All of the 70 super markets operated by the Winn & Lovett Grocery Co., located in more than 50 Florida and South Georgia cities are participating.

Newspaper advertising carries many of the unusual values offered in the sale. The "buys" are available in every department and thrifty housewives will welcome the opportunity to take advantage of such values. Due to present prices, however, it is pointed out that all advertised items are necessarily on a "while they last" basis. In view of this it is suggested that buyers make purchases early before stocks are depleted.

The present company was founded 33 years ago and from a small beginning has grown into one of the largest and best operated food chains in the nation. "It is our aim," says A. D. Davis, president, "to make our food stores the finest in the country."

The big sale celebrating 33 years of economical food distribution, rendered by the company, is an event held every year—one featuring many outstanding bargains in nationally known products.

Officials of the company and store employees join in extending the public an invitation to buy well known brands at birthday prices.

Rural Common Sense

Securing larger yields from the same acreage is one of the best ways to obtain the necessary food and fiber which are so essential to the country and the profits which enable farm operators to keep ahead of the game. With most available land in this country now under cultivation, there are no new grounds to break. Farm lands must be maintained in a good state of productivity or both the country and the individual will be the loser.

Here are a few points of farm management that may help each individual farmer obtain his highest yields and his largest profits. Use the best seed obtainable, whether purchased or produced at

home. Improved varieties and hybrids alone often materially increase yields of crops.

Use the right kind of fertilizer for each crop, in the quantities needed to replace plant foods removed by cropping, with perhaps a small safety margin. Soil tests will show whether lime should be applied for the crop you expect to grow.

If growing legume crops for either feed or soil improvement, inoculate seed of those requiring inoculation.

Control injurious insects and plant diseases. Obtain required insecticides and fungicides in advance, so as to have them on hand when needed.

Control weeds and grass which compete with the crops for both moisture and plant food.

Plant on the contour where necessary, grow winter and summer legumes, keep the land covered with a growing crop in winter, add organic matter to the soil whenever possible, and do other things to improve the fertility of the soil.

Put each acre on the farm to its best use. There are many different types of soil in Florida, with different adaptations. Some are best adapted to forest trees, some to pasture grasses, others to various crops.

Keep farm machinery and equipment in repair and good operating condition. New equipment will be less plentiful for a while, that already on hand must be kept in operating condition.

Lamb Can Hide Inside Of Girdle

NEW YORK UP—Can a Persian lamb coat be hidden inside a woman's girdle?

"It is physically impossible to do such a thing," said Defense Attorney Carson D. Baker Tuesday at the trial of two women accused of shoplifting such a coat by concealing it under the girdle one of them wore.

But Assistant District Attorney James F. McGrillon picked up a girdle entered in evidence. He wiggled his 180-pound frame and finally twisted the girdle over his hips. He picked up the coat in question and stuffed it inside.

Then, as he strutted back and forth before the jury, the prosecutor asked: "I leave it to you to

decide whether it could or could not be done."

Sixty minutes later the jury found Margaret Walker, 30, and Mrs. Leary Wright, 47, both guilty.

We are not faced with a situation of weapons or food. Our situation is one of weapons and food. From the standpoint of the over-all job to be done, American farms are "defense plants" just as surely as the factories turning out weapons are "defense plants."—Undersecretary of Agriculture C. J. McCormick.

"Forward... on Liberty's Team"

America is indebted to these religious bodies, school organizations, veterans' associations, fraternal groups and service clubs which sponsor Cub Scout Packs, Boy Scout Troops and Explorer Posts. More than 50,000 such groups are sponsored by these institutions that are the backbone of American community life.

Growing each year in number since 1910, these "parent institutions" render great service to America by opening their doors to boys and furnishing the leadership essential to keep the nation growing. There are now more than 700,000 volunteer leaders in Scouting, and they are nearly all related to our churches and synagogues, our veterans and fraternal groups, and our clubs and service clubs.

As an evidence of our appreciation, we take the pleasure of publicly thanking these "parent institutions" of Scouting groups, and the thousands of men and women in them who are doing for their country through Scouting.

Steadfast, consecrated devotion to God, divine Love, results in peace, assurance, and spiritual exaltation. This is the theme of Christian Science services next Sunday, when the subject is "Love."
The Golden Text is from I John (4:16): "We have known and believed the love that God hath to us, God is love; and he that dwelleth in love dwelleth in God, and God in him."
Bible passages include: "Humble yourselves therefore under the mighty hand of God, that he may exalt you in due time: Casting all your care upon him: for he careth for you" (1 Pet. 5: 6, 7).
Correlative citations from "Beliance and Health with Key to the Scriptures" by Mary Baker Eddy include: "Trials are proof of God's care. Spiritual development germinates not from seed sown in the soil of material hopes, but when these decay. Love propagates anew the higher joys of Spirit, which have no taint of earth" (p. 66).

YOUNG AMERICA

Integrity, confidence, and courage are reflected in the face of this lad. If all of America's youth were as assured of his heritage of happy, useful, unselfish, Christian citizenship, our nation need not fear the future. True, these are times of war and conflict and no one can foresee the outcome. It is therefore especially comforting to know that this Boy Scout and thousands like him are being trained to meet the challenge.

The Boy Scouts are taught and encouraged in every way to respect and to serve their fellow men and their country. Moral and spiritual training holds an important place in their program, and practical applications of all they learn are fostered.

And the Scout is taught to serve God too. He attends Church regularly and takes an active part in its work.

This then is at least a part of Young America that is receiving the blessings of Christian training. But there are millions more who are not. Won't you encourage the youngsters of your community to seek the Church? Take groups of them with you and make them feel that Sunday morning means Sunday School and Church.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Shower Is Given For Miss Kay Holtzclaw

Miss Joyce Anderson and her mother, Mrs. C. A. Anderson, Jr., were hostesses recently at a miscellaneous shower for Miss Kay Holtzclaw, bride-elect of Roger Schmidt at the First Baptist Church Convention building.

Potted plants and bowls of snapdragons in red and white were used for decorations, as well as a large red decorated heart with Kay and Roger on it.

A valentine theme was carried out in games and contests. Prizes were won by Mrs. E. B. Carter and Mrs. H. M. Pearce. The hostesses' gift to the guest of honor was a bride's book. Other gifts were presented in a large red heart-valetine box.

Miss Laura Ann Anderson and Miss Barbara Mattair assisted in serving refreshments. Others present were Mrs. Donald Reagan, Mrs. Betty Lamb, Mrs. Margaret Reynolds, Mrs. Lotie Mix, Mrs. Fred Myers, Mrs. Myron Smith, Mrs. Verne Messenger, Mrs. H. E. Turner, Mrs. John Kader, Mrs. J. Meriwethers Are Guests Of Honor

A reception honoring Mr. and Mrs. C. J. Meriwether was held at the conclusion of a meeting of the Seminole Teachers Club last night at the Southside Grammar School.

The stage was decorated with varied arrangements of gladioli, azaleas, roses and carnations. A wedding cake on a table in the center of the stage was surrounded by roses and carnations, with white candles and crystal candleabra completed the decorations as carried out by Miss Jean Sayer and her committee.

Mrs. Horace Cochran and her committee were in charge of refreshments, which were served later in their evening.

Dressed as a bride and groom, Dottie McAlexander and Richard Feinberg introduced the honorees to the group. Heading the receiving line was Mrs. Nancy Brock.

Music was played throughout the evening by Mrs. Evans McCoy, pianist. Miss Nancy Williams sang several appropriate numbers.

Mr. and Mrs. Meriwether were presented with a place setting of silver in their chosen pattern. About 100 were present.

G.E.S. PARTY
All members of Seminole Chapter No. 2, G.E.S., and their wives and husbands are invited to an impromptu party next Wednesday at 8:00 o'clock, at the new City Hall in Ovid, honoring Miss Kay Holtzclaw, daughter of Mr. and Mrs. Jimmy Holtzclaw, whose marriage to Roger Schmidt will be an event of Feb. 10. Mr. and Mrs. J. B. Jones are hostesses for the party.

Strawder and Miss Polly Law.

The "Talent Show" heard on Saturday mornings beginning at 10:00 o'clock, has been temporarily cancelled because of the illness of two of its directors. The children's show will return to the air in several weeks at its same Saturday morning spot.
Harney Huxton and his orchestra is a WTRR feature every Saturday night from 10:30 to 11:00. The popular orchestra plays for dancing in the Mayfair Inn ballroom where the broadcast originates.
Dorothy Holloway and Colleen Engelbreton present their 14th broadcast of the "Children's Classic Hour" Saturday morning at 11:00 o'clock. The two young teenage ladies have emceed the children's show throughout its nearly three year uninterrupted history.

"The Freedom Story", heard every Sunday on WTRR at 2:45 is one of the most revealing programs of its type in America. Originated in Los Angeles, Calif., "The Freedom Story" dramatizes events heretofore untold.
Sunday afternoon's 3:30 WTRR spot has featured for many months some of the world's leading composers and artists on the program "Five Centuries of French Music". The classical presentation is transcribed in France for broadcast over WTRR.

If you're interested in world affairs, and another slant on the news of the week, hear "National and International Affairs Through the Eyes of a Teenager" every Monday night at 7:15 when Elizabeth Murphy voices a quarter hour analysis of the world's news of the past week.

Florida Highway Patrolman Bob Harrison gives WTRR's listeners a new safety hint every Sunday night at 6:15 on the "Safety Show". Featuring music of the "Safetyettes" plus safety tips, the Sunday night program brings the automobile driver closer to the Florida Highway Patrol and its efforts to make highway travel safer each day.

Music! Music! The cry of the listener, comes true every Sunday afternoon at 12:30 when WTRR presents "Through the Listening Glass". Light, varied, and delightful forms the description of selections arranged for dinner-time listening.

Gospel Concert Is Held At School

An audience that filled Seminole High School auditorium last night under the direction of Loy McCormick, Tallahassee. He was introduced by Forrest Breckenridge.
The performance started at 8:00 o'clock and was held until 12:30 o'clock, the audience refusing to let the performers go until then.
Featured on the program were the Rangers Quartette of Dallas, Texas; the LeFevre Trio of Atlanta, Ga.; including a fun maker, "Little Troy Lumphin, and the Homelard Harmony Quartette of Atlanta.

Pilot Instructor School here.
Sirmons, upon completion of the course here, will be assigned to an air base now being operated by a civilian contract flying school for the Air Training Command.

He comes highly recommended for this assignment, having a great deal of flying experience behind him. Prior to his flying days, Sirmons graduated from the Seminole High School at Sanford. Before he entered the Pilot Instructor School, Sirmons was a flight instructor for the Sunny South Airport, Miami.
The pilot's wife, Dorothy, is at present residing at Childress, Texas.

Pork hocks need to be covered with water, brought to boiling, then simmered one-and-one-half to two hours or until they are tender. Add some celery leaves and bay leaves to the simmering water for good flavor.

SEMINOLE HI By BEVERLY GRAY

All over central Florida recently there have been a lot of March of Dimes benefits. S.H.S. has really been working on this, too! Tonight the Key Club is sponsoring a dance down at the Crater, with all proceeds going toward this. It certainly won't be wasting your money if you go tonight, and we hope you're planning to. Fifty cents ring or ding, that's all! Make it a date for the Crater tonight!

By the way, we hear they're planning a wonderful floor show, that you won't want to miss... The Azalea Queen was crowned at the Ball last Saturday night. She is Norma Faye Harvey, a Senior at S.H.S. and her court includes Jean Wilson and Donna Witte, both seniors, too. You will remember that last year the queen was Donna Lou Harper, but since Donna Lou was not here, 1950's queen, Janette Wulfer presented Norma Faye with her crown and bouquet...
Basketball Hunter:
S.H.S.'s B squad team lost to Oviedo's B squad Wednesday night with a score of 25 to 30. The game seemed to be a battle for the finish and although we came out the losers, this time we're sure we'll have better luck later! Awfully glad to see Jimmy Kinder coming out and really making those points for us! He was the top man this time with eleven in his favor. Running a close second was Frank Stafford with six points. It's about time we started making those points count and here's hoping Jimmy and Frank will be in there pulling for them some more!

On the gossip side:
Just loads of alumni floating around here recently. Noticed Walter Graham up at S.H.S. and we hear Hamill Giff is home from the University for a few days.
The Couple of the Week this time is Calvin Wright and Ann Bitters. They make a darling couple together... good luck to ya!
That's all for now. Be seen!

It's Loaded—So Be Careful!

Before you drive the Golden Anniversary Cadillac, there is one thing that should impress upon you: **It's loaded—so be careful!**
There's more power in that dynamic engine than you'll ever need—except for the rarest emergency. And it should never, never be used for dramatic display on the get-away.
If somebody else wants the honors when the light turns green—let 'em go. You don't have to prove anything, anyway.
But that great power works for you—even when you're not unloading it to the limit.
It works for you as a reserve—and gives you that easy, quiet, flowing ride which makes a Cadillac such a joy to own and such a thrill to drive...
It gives you that slow-moving engine—that simply *soo's* at all legal speeds—and which is a literal Methusalem when it comes to long life...

And it is a primary reason for that unbelievably low upkeep expense, at which Cadillac owners never cease to marvel. Some fleet owners have found, for instance, that Cadillacs cost less to operate and maintain than any other cars they have ever used. And the easy-going engine, that never operates under strain, is a big factor in this economy.
Yes—Cadillac's great power works for you—and is necessary—and is one of the vital reasons why Cadillac's performance is so outstandingly different.
But we trust that no Cadillac owner will ever use it for dominating the highway. To do so is not only counter to the rules of safety—but it is not in keeping with the graciousness the motoring public has come to expect from the person who sits at the wheel of a Cadillac.
Here you see this great Golden Anniversary Cadillac. If not, we should be pleased to welcome you to our showrooms—at any time.
