

Lt. Col. Adams Is Appointed To Head Interceptor Wing

NEW CASTLE AIR FORCE BASE, DEL., Mar. 21—(Special)—Lt. Col. J. Ross Adams, Jr., son of Mr. and Mrs. J. Ross Adams of 1118 Park Avenue, Sanford, Fla., today was appointed commanding officer of the 112th Fighter-Interceptor Group located here.

Col. Melvin C. Garlow, Commanding Officer of the 113th Fighter-Interceptor Wing, parent organization of the fighter group, announced that Col. Adams had been promoted from command of the 142nd Fighter-Interceptor Squadron.

The 142nd was Delaware's Air National Guard squadron until ordered to active Federal service with the U. S. Air Force Feb. 1, Col. Adams joined the squadron in April, 1948, and three months later became its commanding officer, a post he held until his promotion to the group leadership today.

Col. Adams, after attending Seminole High School and the University of Florida, enlisted in the Army Air Forces in December, 1940 and was separated just five years later. During his overseas tour of duty from February, 1943 to March 1944 Col. Adams commanded the 316th Fighter Squadron of the 324th Fighter Group, in North Africa, Tripoli, Sicily, and Italy. He flew 81 combat missions, chiefly dive-bombing and strafing attacks, and is credited with the sinking of an Italian destroyer carrying German troops. Col. Adams wears the Distinguished Flying Cross, the Air Medal with two oak leaf clusters, and the European Theater ribbon with four battle stars.

After his discharge from the service, the colonel became a pilot for Trans-World Airlines and flew regularly to Europe and the Middle East. He is married to the former Miss Elaine Hammar of Springfield, Mo. They have one child, a year old daughter, Diane.

French President

(Continued from Page One) are continued to elicit answers, the smile vanished from Auriol's face. He gestured angrily and shouted: "No! No! They play La Marseillaise—not will they play La Marseillaise."

But the cameras kept clicking. Then the band switched to "The Star Spangled Banner." Auriol, with more feeling, Auriol exclaimed:

"Please, no! That is your national anthem. Please don't."

In a formal statement delivered in French to the committee before the ship docked, Auriol said he was here "not only to confirm but to inaugurate the friendship between France and America."

"It is necessary to continue this friendship in order to insure our mutual security and prosperity," he said.

He thanked President Truman for inviting him here and affirmed the deep affection held by the French people for the American people.

The French President said this friendship was "as old as our common history." He said it had become "stronger before a crisis through the sacrifices of both our peoples for the same cause."

Noting in particular the French struggle against Communism in Indo-China, President Auriol said four main tasks confronted France: reconstruction at home, prosecution of the war against Communism, renewal of industrial equipment, and rearmament.

The visitor recalled that French ports and the French merchant marine were destroyed in World War II, then added:

"It is not in the cabarets of Paris that you will see France today. For during the war it is in the fields and factories that you will see the French people."

M. Auriol was accompanied by his wife, their son, Paul; Foreign Minister Robert Schuman and a host of other French officials.

He was greeted officially by General Harry Vaughan, President Truman's military aide, and Maj. General William E. Hall, of the U. S. Air Force.

Kiwanis Club

(Continued from Page One) man Tuckett, Fred Wolfe, Reuben Hirschcock, Fred Kreider and Irving Marks.

"I have in my lap as a preacher, my greatest pleasure comes through being a Kiwanian," Rev. Tuckett told the group. "Forming Kiwanis a great school," he declared, "that is trying to give our children a better education."

It is a great school of tolerance, and gives a member the opportunity to practice and teach tolerance in his own way of life.

President Tuckett stated that the Kiwanis Club should be the center of the community and should be a source of inspiration to all.

He also announced the formation of a Kiwanis Club in the city of Sanford, Fla., and invited all interested parties to join.

Warren Says Acts Of '51 Legislature To Be Far Reaching

TALLAHASSEE, Mar. 28—(AP)—Governor Warren predicts actions of the 1951 Legislature "will have a profound influence on the life of every citizen for the next two years and possibly for many years."

However, he gave no inkling in his regular monthly radio report to the state of the content of his own constitutionally required message to the Legislature, which will convene here Apr. 3.

He noted only that the Constitution "requires the Governor at each regular session of the Legislature, to communicate information concerning the condition of the State and to recommend such measures as he may deem expedient."

He said the administration "has been very busy preparing to cooperate in every possible way with the Legislature. Its 133 members will come to Tallahassee as direct emissaries of the people whom we in the executive branch of government serve to the best of our abilities."

In a review of the State's economic progress, the Governor declared "Florida is growing; Florida is prospering. Florida's future prospects were never brighter."

He pointed to the flourishing citrus, cattle, timber, naval stores and building industries and said he has found citizens "healthy, happy and prosperous" wherever he has come in the state.

He said the road construction undertaken by his administration "may well stand out in the years to come as the most beneficial single achievement of the Warren administration."

The Governor added the \$12,000,000 Duval county expressway project as one of the most beneficial single achievements of the Warren administration.

School Bus Wreck

(Continued from Page One) statements as to the cause of the accident. Deputy Sheriff Hood also investigated the accident.

Production Aims

(Continued from Page One) he quite optimistic concerning stabilization efforts," he said.

Wilson said the "freeze" order on prices and wages had slowed down the inflationary trend since outbreak of the Korean war, but some changes must still be made.

"We are studying the entire problem of price controls and will recommend to you such legislation as we think may be needed to be made," he said.

Recalling that organized labor had walked out of defense production lines in protest against a formula limiting wage increases, Wilson said:

"Although this is not the way to settle differences and work out an equitable program, it is now history. The Defense Mobilizer said an effort now is under way to get labor leaders to return to the various defense production agencies."

Elsewhere in the nation's capital a fund of more than \$7,100,000,000 for payment of unemployment benefits has been built up under the Social Security program since its start in 1935.

Taking into account more than \$200,000,000 in a separate fund for railroad workers, Treasury records showed, there was approximately \$7,800,000,000 available at the start of this month to help cushion the shock of job-loss for American workers.

That amount represents the accumulated excess of unemployment compensation tax collections over actual payments of benefits during an approximately 15-year period.

It is the total of assets owned by the unemployment compensation funds of the various states, territories and possessions and turned over by them to the U. S. Treasury as trustee. The Treasury has invested practically all this money in interest-bearing government securities.

Meanwhile, Senator McCarthy (R-Wis.) called today for a revision of Western European defense to include western Germany, Spain, Turkey and Greece.

In a proposed amendment to the pending troops-to-Europe legislation, McCarthy also demanded (A) a free hand for General Douglas MacArthur in fighting the Chinese Communists and (B) an early Japanese peace treaty. The amendment has not been put before the Senate.

McCarthy, now in Phoenix, Ariz., outlined his proposal in a letter to fellow Senators, as reported by the Associated Press. McCarthy said he would like to see the Senate's two troops-to-Europe resolutions into a single bill requiring action by both House and Senate.

McCarthy, who favors a "flexible" position policy regarding the Korean war, said he will vote for a motion of this kind introduced by Senators Bricker (R-Ohio) and Gordon (R-Ore.).

SOVIET CONGRATULATION BY EDDY GEORGE

PAUL HART, 28—(Special)—Russia took a big interest in the four power summit conference in Geneva, and Eddy George, 28, of Sanford, Fla., was a member of the press corps.

George, who is a member of the Sanford Kiwanis Club, was in Geneva for the conference, which was held from Jan. 24 to Feb. 1, 1951.

He said that the conference was a success and that the four powers had reached a number of important agreements.

OFFICE FURNITURE & SUPPLIES

O'NEAL - BRANCH COMPANY
Office Furniture & Supplies
1000 S. Orange Ave., Sanford, Fla.

Casey Refuses

(Continued from Page One) American Overseas Tanker Corporation. He said he did not recall the names of most of them.

Called back before the Senators today to supply all details, Casey simply took the position they had no right to go into the matter.

He quoted a Supreme Court opinion by Justice Oliver Wendell Holmes to back his contention such an investigation of the firm's affairs would amount to a "fishing expedition."

Casey is a former Democratic member of the House from Massachusetts. He has been practicing law in Washington for several years.

He said he and his colleague would be willing to make full disclosure of the ships deal to any congressional committee which they feel has proper jurisdiction and "where the complete story can be told in an atmosphere conversant with maritime proceedings."

The officials of American Overseas Tanker Corporation are confident that the conduct of their firm's affairs was wholly above question, he said.

In advance of the session, some members of the banking subcommittee had conceded to reporters questions whether the matter was within the scope of their investigation, conceded as it is primarily with the RFC.

Some members argued, however, that Casey himself had invited the questioning. They cited that he had demanded to appear before the committee because the members had made a report to the Senate that he was involved in "special influence" dealings with the RFC.

It was on Mar. 12, after Casey had made a formal denial of any influence in RFC affairs, that the Senators brought from him by questioning the story on the ships transaction.

Casey came to the witness chair today with a prepared statement challenging the committee's right to go further into the matter. Before he read his statement, Chairman Fulbright (D-Ark.) carefully reviewed the transcript of Casey's testimony about the big profits, taxes and other details of the tanker deal. Casey had testified Mar. 12 that he paid a capital gains tax, rather than higher income taxes, on his profits.

Fulbright read repeated offers by the former congressman on Mar. 12 to supply the Senate investigators with all details about the tanker deal, including names of the 30 to 50 stockholders, their actual investments, profits, taxes paid and similar details. At that time Casey offered to supply all this detail in writing.

Big Time Bookie

(Continued from Page One) Law which requires reporting of payments made to other persons of all amounts of more than \$600 on which federal taxes are not withheld.

Carroll was summoned before the Kefauver Senate Committee investigating crime when the committee appeared in St. Louis recently. He walked out of the hearing because he objected to the questioning.

He later appeared before the committee in Washington.

The section of the Internal Revenue Code under which Carroll was charged requires: First, that all persons making payments to other persons of more than \$600—other than those on which taxes are withheld by employers—are required to report those payments individually to the Internal Revenue Department's processing division, which is located in Kansas City.

Second, that all such payments must be listed collectively and reported annually to the processing division. These provisions are found in Section 217 of the Internal Revenue Code.

The information, filed under the authority of a St. Louis attorney Sam M. Wear, cited Carroll as having paid the money to winning bettors and in the form of "commissions." All prosecutions under Section 217 of the code fall under the jurisdiction of Wear because of the location of the processing division.

The first information charges Carroll on 24 counts of Carroll's having failed to file the annual lists, one in 1948 and one in 1949.

Classified as misdemeanors, each count carries a maximum penalty of one year in jail, a fine of \$1,000 or both. Carroll could be sentenced to 26 years and fined \$26,000.

Twenty individuals and companies were listed as having been recipients of payments from Carroll totaling \$32,000.65 in 1948 and \$20,601.50 in 1949. Four were named in both years to bring the number of counts in the first information to 24.

Wear said a warrant would be issued for Carroll's arrest. Bond could be made in St. Louis but Carroll would have to come here for arraignment and trial.

Carroll recently stalked out of a hearing in St. Louis being conducted by the committee investigating crime, headed by Senator Kefauver, objecting to the televising of the hearing. He appeared before the committee in Washington last week.

Korean War

(Continued from Page One) called today to break up a Communist attack east of the Chango road.

The South Korean drive across 28 apparently was more important politically than militarily. In Washington, Secretary of Defense George Marshall said General MacArthur had been instructed to cross when necessary to protect his forces. The South Koreans may have acted on their own initiative.

Strategically, the east coast sector has little significance. It is highly defended, probably only by North Korean troops. High mountains run up almost to the coastline. No big push could be made in this area by either side.

In addition to Yangyang, the ROKs captured Kapyong, Chonggok, Yonpo and the border village of Sorin.

The bad weather Wednesday failed to stop Allied bombers. B-29s hit two airfields and a troop replacement center.

Twenty bombers sighting on radar dropped 120 tons of bombs on airfields at Pyongyang, the North Korean capital. Other Superforts hit a barracks area at Hamhung on the east coast.

Allied Navy forces gave close support Tuesday to ground forces on both the east and west coasts. Wonsan was hammered for the 33rd straight day, and Songjin for the 35th consecutive day.

Marine organizers which kept the air strikes in the area.

HELPING BUILD FLORIDA—Famed for its scenic beauty, Florida Power & Light Company's recently completed 80,000-kilowatt plant at Cutler will be enlarged by a 75,000-kilowatt generator as part of the utility's \$108,000,000 expansion program looking ahead to Florida's future electric needs. Completion of new addition will make Cutler the most powerful electric generating plant in the state.

Trade Paper Says Holliday, Ferrar To Win Top Awards

HOLLYWOOD, Mar. 28—(AP)—Daily Variety, the film trade paper which correctly predicted last year's motion picture Academy Award winners, today picked the movie "All About Eve" as the winner of this year's Oscar derby.

The paper says Jose Ferrer will win the award as best actor for his performance in "Cyrano De Bergerac," and Judy Holliday the best actress award for her "Born Yesterday" role.

The award winners will be announced tomorrow night.

The paper bases its selections on a poll of a cross section of the 1200 members of the Academy of Motion Picture Arts and Sciences.

Josephine Hull is slated to take home the best-supporting-actress trophy for her work in "Harvey," the paper says. It gives George Sanders the Oscar for best supporting actor.

Joseph L. Maniewicz is named for the directing and screenplay awards for "All About Eve." "Mona Lisa" will be voted the top picture tune of the year, says Variety.

The paper said balloting is close and a small shift in votes might give the best actor award to William Holden for "Sunset Boulevard." Jeff Chandler could take supporting honors, says the paper, for "Crossed Arrows." "The My Love" is crowding "Mona Lisa" closely for the tune prize, Variety said.

Children in remote areas of Canada often learn their school lessons in one of three traveling school cars which run on the railroads.

Take a look at the only trucks with Fluid Drive!

NEW DODGE "Job-Rated" TRUCKS

The trucks that do the most for you!

MAKES DRIVING EXTRA EASY!

You get smooth-as-silk performance with gyrol Fluid Drive—a Dodge exclusive available on 1/2, 3/4, and 1-ton models. This proved fluid coupling between engine and clutch eliminates jerky starts, helps prevent stalling. Leaf along in high, slow down, speed up again—without touching gearshift or clutch!

BETTER LOAD PROTECTION!

Fluid Drive assures extra-smooth starts... protects your load. There's less chance for cargo to shift—less chance of breakage or other damage. Many owners of Dodge "Job-Rated" trucks tell us that this saving alone can soon pay for the moderate first cost of gyrol Fluid Drive. Experience it on your job!

NEW SAFETY ON SLIPPERY ROADS!

With Fluid Drive, there's less wheel spinning, less tendency to skid on wet or icy pavements. You can start in higher gear, apply power gradually and get away smoothly and safely. Tires last longer, too—another money-saving advantage of Fluid Drive!

MORE CONVENIENCE ON HILLS!

Fluid Drive lets you creep on an upgrade and hold your Dodge "Job-Rated" truck in gear, simply by slightly opening up the engine. And on a downgrade, Fluid Drive gives you effective engine braking. Under all conditions, driving with Fluid Drive is easier on driver and truck.

LENGTHENS TRUCK LIFE!

The "cushioned" power of Fluid Drive saves wear and tear on over 30 vital parts—including clutch, transmission, rear axle. This insures longer truck life—lower year-upkeep costs. And trade-in value stays high! Ask us for interesting Fluid Drive booklet.

COME IN AND BE CONVINCED! TRY A NEW DODGE "JOB-RATED" TRUCK WITH FLUID DRIVE!

Allied Advance Is Slowed To Walk By Massed Red Forces

MacArthur's Offer Of Peace Is Contemptuously Rejected By Chinese Red Chiefs

TOKYO, Mar. 29—(AP)—Australian Diggers and Canadian Princess Pats rolled up sizable gains today on the muddy central Korean front.

But elsewhere in the central and western sectors, the Communists fought their stiffest defensive action of weeks. They were dug in about four miles south of the Red Korean border in both areas.

The Red stand came at China rejected General MacArthur's bid to talk peace with the Communist commander in Korea.

MacArthur's headquarters told of Red troop and supply movements which indicated the Communists might be making for a spring offensive aimed to strike when April's seasonal rains bog down the Allied heavy weapons.

In a peering broadcast spurring MacArthur's peace talk offer, Red China said it was impatient and insulting and "worth only a single laugh."

"The entire Chinese people will fight unrelentingly until the aggressor is completely driven from Korea."

The British Commonwealth forces raked up their gains in rugged country northwest of Kaoping, Assam, and Canadian troops found rushing streams and scrambled over hills boggy with three days of rain.

Kaoping is 18 miles south of the border and 12 miles southwest of Chunchun on the road to Seoul.

AP correspondent Nate Poinsett reported the advances were significant. He said the distance covered was 10 miles. He said the Chinese were "very confident."

"Only the difficulties of the going determined the speed of their advance."

Field dispatches said the Chinese were having south of the border in the Chunchun area. They were digging defense positions in the northern hills overlooking the border.

Professor Claims People Are Slaves In Time Of Christ

PHILADELPHIA, Mar. 29—(AP)—Have you ever dreamed what a relief it would be to escape from today's tensions to the "good old days" of history?

If you have, you can stop kidding yourself, get the "good old days" are myth, not history. Things—and people—really have changed only the surface in nearly 4,000 years.

The authority behind this shattering of widespread illusions about a rosy past is Samuel Noah Kramer, a University of Pennsylvania professor whose specialty is studying the ancients, especially the Assyrians. He spoke at the annual meeting of the American Oriental Society yesterday.

Kramer has just finished translating documents described 1,700 years before the birth of Christ. Modern idiom apart, the documents have a surprising 80% century flavor, reflecting a variety of sentiment but little altered over the centuries.

For example, the people of antiquity worried plenty about their equivalent of Mar. 18. Kramer quoted:

"You can have a lord, you can have a slave."
(Continued on Page Three)

C Of C To Entertain Giants' Farm Club

New York Giants' officials, managers of 14 farm teams, coaches, and news and relations men, will be the guests of the Seminole County Chamber of Commerce at a barbecue at the grounds of the Fifty Associates Monday at 6:30 P.M. Ed Williams, Chamber of Commerce manager, stated this morning.

He predicted that about 75 persons will be present. Included will be City and County officials, W. E. Hathaway, veteran barbecue expert, who prepares the meat, sauce and more food.

In case of rain the barbecue will be served at the Tourist Center, said Mr. Williams.

CABBAGE MEETING
All growers, buyers and sellers of cabbage in the county are invited to attend the 1951 meeting to be held at the High School building to discuss on the best method of marketing cabbages. It was announced by S. A. Hines, president of the cooperative, which is sponsoring the meeting. The public is also invited.

5% Sales Tax Is Recommended By Business Group

Tight Restrictions On Bank Credits Are Termed Necessary

WASHINGTON, Mar. 29—(AP)—A 5 per cent national retail sales tax and a \$6,000,000,000 slash in government spending were among steps proposed today by the Committee for Economic Development to achieve a balanced and adequate federal fiscal program.

In addition to a \$10,000,000,000 tax increase as soon as possible, the businessmen's research group suggested tight restrictions on expansion of bank credit, and a national program to encourage private savings.

"This program, fully carried out," it said, "would yield a cash surplus of two to three billion dollars in fiscal 1952. Thus it would maintain the anti-inflationary influences of the budget but would not rely exclusively upon higher taxes to do this. At the same time, it would greatly strengthen the defense against inflation."

The committee's "emergency tax program" calls for raising an additional \$5,250,000,000 from excise taxes, including the sales tax, \$2,250,000,000 more from individual income tax payers, and \$1,000,000,000 more from corporations by means of a "defense profit tax," with profits above \$25,000 taxed at 40 per cent instead of the present 47 per cent. No change was recommended in the present area profits tax on corporations.

"The taxation of corporate profits is already very close to the maximum possible," it said. No change is recommended in the present area profits tax on corporations.

The House Ways and Means Committee has held six weeks of hearings on the proposal and next Monday is scheduled to listen to a review of the current situation from Snyder. Whether he will present any new revenue raising plans at that time is not known.

The CED went along with Snyder in advocating an increase in the manufacturers' tax on automobiles.

American Casualties Rise To 57 Thousand

WASHINGTON, Mar. 29—(AP)—Announced American casualties in Korea rose to 57,129 today, an increase of 1,206 since last week.

The total, representing casualties reported to the next of kin through Mar. 22, included 13,111 killed, 37,918 wounded and 10,891 missing in action.

The wounded figure included 1,004 who have since died and the missing total included 87 known dead, raising total combat deaths to 9,008.

Of the missing, 1,063 have since returned to U. S. military control and 111 are known prisoners of war, leaving 9,430 currently missing.

OLDEST LEGIONNAIRE
AUGUSTA, Ill., Mar. 29—(AP)—John E. (Dad) Newcomb, who says he is the oldest living member of the American Legion, observed his 90th birthday today.

He is a veteran of the Spanish-American war and served overseas in World War I.

When the United States entered World War II the 60-year-old Newcomb volunteered his services, but the Army gratefully declined. Instead, he helped with scrap drives and war bond sales at home.

RECORDS

Intra-American Conference

MAKING THE OPENING ADDRESS before the American Foreign Ministers Conference in Washington, President Harry S. Truman is shown in this general view as he urged the 21 American Republics to fight Communism in Europe and Asia or face the mounting threat of Soviet aggression throughout the Western Hemisphere. The President called for the building up of Latin-American defenses. (International Soundphoto)

Jaycees Parade To Sell Tickets For Armory Dance

Horace Monroe And Kings Of Rhythm To Provide Music

Fifty Jaycees today paraded through the City selling tickets to their dance being held Saturday night at the Armory. President Bill Stempier led the parade in a sound truck preceded by Chief of Police Roy Williams who periodically sounded his siren.

The parade began at the Yacht Club following the Jaycees' week-long luncheon and proceeded up Park Avenue to the clock tower east on First Street and ending at the Tourist Center.

Members of the club broke ranks at the urging of President Stempier and mingled with the crowd lining the sidewalk to sell tickets to the dance.

Music for the affair will be provided by Horace Monroe and his Kings of Rhythm featuring Sammy Davis at the drums, A. B. Earl vocalist, Ray Johnson and his silver trumpet and Roosevelt Richardson on the Tenor Sax.

A ten piece floor show will also put on a show described by President Stempier "well worth the price of admission in itself."

The dance is scheduled to begin at 9 P. M. and continued until the band or the crowd wears out. John Williams urged the Jaycees before the parade began to make the dance the most successful program ever attempted by the club. He pointed out that the

School Bus Driver Is Charged With Reckless Driving

Ossie Banks, 50 Oviedo Negro, the driver of the school bus that ran into a ditch on Greva Avenue yesterday morning, was charged by State Highway Patrolman E. D. Harrison with reckless driving, and bond was set by County Judge Douglas Stenstrom at \$1,000 pending further investigation of injuries suffered by school pupils in the accident.

Harrison officers, 12, Oviedo, who had a badly cut hand, was sent yesterday morning to Orange General Hospital for special treatment.

The other victims of the wreck, Clarence Egan, 17 and Janette Daniels, 16, both of Oviedo, are reported to be recuperating at Fernand-Loughlin Memorial hospital.

Patrolman Harrison reported that a total of 24 persons, including the driver of the bus, were given emergency treatment yesterday morning at the hospital.

An investigation of the bus after the accident disclosed no mechanical defects which might have caused the accident, and although the steering apparatus was not in the best of condition, it was not bad enough to cause the driver to lose control, he added.

Five pupils, he stated, expressed the opinion that the driver had gone to sleep at the wheel at the time of the accident. The bus is a 1936 Chevrolet with a passenger capacity of about 60.

RECORDS
The Seminole County Chamber of Commerce is reviewing many calls from persons desiring to rent apartments and houses. Mrs. Camilla Bruce, said today. Owners having quarters for rent are advised to telephone Mrs. Bruce at 1970.

Florida To Get New \$15 Million Plant To Make Newsprint

By RICHARD FISKE
NEW YORK, Mar. 29—(AP)—A \$15,000,000 plant to make newsprint from sugar cane bagasse—the waste material of the sugar industry—will be built in Florida.

The United Bagasse Cellulose Corporation, with offices in Cleveland, was formed recently to carry out the project.

President of the new company is Joseph A. de la Raza Cuban engineer who developed a new and successful process of making paper from bagasse.

De la Raza said today the process is less expensive, the raw material more abundant and the quality comparable with newsprint made from wood.

He added that utilizing the waste of the sugar cane preserves the forests and wild life and aids soil conservation and water supply because there is no problem of deforesting to obtain raw materials.

The new plant, he said, will be built on a tract of land adjacent to the United States Sugar Corporation mill at Clewiston. It will utilize the sugar mill's waste and its initial capacity will be 45,000 tons of newsprint annually.

Plans for construction are in the works, De la Raza said. No definite date for ground breaking has been set, but De la Raza added the plant can be in operation in 18 months if suitable permits for construction are obtained.

Anticipated cost of the formation of the new company came at a time when the tight supply of newsprint and the world.

Publishing sources have figured consumption of newsprint in about 6.8 percent above 1949 and production has gained only about 2.8 percent.

This means digging into stocks for the difference and stocks are dwindling. This supply situation has forced some papers to limit advertising.

The New York price is about \$106 a ton, the highest in about 30 years.

De la Raza did not have any specific comment on price, but he did say commercial production of newsprint from sugar cane bagasse through his process was at a rough

CHAMBER OF COMMERCE PROPOSES 7-POINT PLAN FOR LOCAL PROGRESS

A seven-point work program, shaped to meet the future needs of a growing Seminole County, has been developed by the Chamber of Commerce and now is in use. Jack Hall, acting president, disclosed today.

"Remember," Mr. Hall declared, "that those points merely are our by-laws and streamlining our organization. We want to be ready for fast action."

The Chamber of Commerce has been emphasizing community service and better county relations of late, he stated. Directors have staged dinner and business meetings in Oviedo and Longwood the past two months and plan a Lake Mary assembly shortly. New literature lays stress on hotels and facilities in the county.

Providing state headquarters for the Florida Wildlife Federation; arranging exhibitions booths that featured fashion shows at the Central Florida Exposition, Orlando, and at the American Legion Show in Sanford; putting on a Eggs Easter Egg hunt for Bemholc County kiddies; staging the big tourist farewell party, arranging a lease extension for Florida Fashions in its present factory site; arranging for 100 publicity pictures for the New York Giants' farm club in training here; presenting weekly news reports and working with Mayfair Inn officials to obtain conventions are a few of the Chamber's most recent activities, Mr. Hall reported.

Gambler Rapped For Refusing To Answer Questions

Kentucky Crime Chief Put Under \$10,000 Bond By Committee

WASHINGTON, Mar. 29—(AP)—John Croft, linked to gambling in northern Kentucky, refused today to tell Senate crime investigators about his activities and associates.

After a brief session, Senator O'Connor (D-Md.) announced to newsmen that Croft had refused to answer many of the queries.

O'Connor said Croft, along with four other "highly" witnesses, had been directed to appear before the full committee tomorrow for further questioning.

That will give those recalcitrant witnesses a final chance to talk and escape possible prosecution for contempt of Congress. Conviction of contempt carries a possible penalty of up to \$1,000 fine and a year in jail.

O'Connor said he will recommend to the full committee that it ask the Senate to cite Croft for contempt. He questioned Croft as a one-man subcommittee.

The others who will be given a chance tomorrow to change their minds and talk are Morris Kleiman, Louis Rothkopf, Jacob Greenglass, Thomas Guzik and William G. O'Brien. All recently refused to answer the committee's questions.

Kleiman and Rothkopf refused to answer questions at a public session, demanding that television cameras be removed from the room. Tomorrow's meeting will be behind closed doors.

Guzik also declined to answer questions at a public session, but gave a his reason fear that he might incriminate himself.

O'Brien, like Croft, would not talk to O'Connor as a one-man subcommittee.

Kleiman and Rothkopf have been pictured by the committee

HIGH COURT MEET
PARIS, Mar. 29—(AP)—Western sources today greeted Russia's new proposals for a Foreign Ministers' Conference agrada with cautious optimism to enthusiasm.

The delegates of the United States, Britain and France met at the French Foreign Ministry to exchange views of the new and apparently conciliatory suggestions submitted yesterday by Soviet Deputy Foreign Minister Andrei Gromyko.

STORE CLOSINGS
Closing of stores on Wednesday at noon, starting on Apr. 4, was approved by members of the Sanford Merchants' Association at a recent meeting. Andrew Kling, president, announced today.

It was recommended that the half holidays be continued until Fall.

FERN PARK PUPILS
Second grade pupils of Mrs. J. W. Gatch of the Fern Park School, Orlando, enjoyed a train ride to Sanford this morning and were taken in a bus for a trip to the Municipal Zoo where they enjoyed seeing the monkeys and other animals.

MR. ROOSEVELT
NEW YORK, Mar. 29—(AP)—Mrs. Franklin D. Roosevelt said today that United Nations troops "should not ever have crossed the 38th Parallel, and we should not cross it now."

Speaking on her noon National Broadcasting Company radio show, Mrs. Roosevelt said U. N. forces should stabilize their position at the parallel and their demand negotiations.

Rosenbergs, Sobell Are Found Guilty Of Spying For Russians

Three Deaf Mute Fishermen Sight Missing Sailboat

Captain Of Tropicair Asks For Direction Of St. Petersburg

MIAMI, Mar. 29—(AP)—Three deaf mute fishermen told today of making contact with the missing schooner Tropicair and exchanging men aboard designed to guide them to port.

The fishermen were trying to get their own disabled boat going when they sighted the schooner missing in the gulf for three days.

Mrs. Hazel Ayres, manager of a fishing fleet stationed at Venice, told the story of the contact and of the towing of notes back and forth between the two boats. The three fishermen work for her.

"We're lost," the all-gut crew wrote the fishermen. They said the man aboard the schooner was "very bearded." Those on the Tropicair appeared in good spirits.

The Tropicair was using its auxiliary engine. The girls and the man asked the fishermen to report their position. Mrs. Ayres estimated that at the speed it was traveling the Tropicair should put into Boca Grande or Fort Myers each this afternoon. The fishermen repaired their craft and proceeded to Venice.

Earlier, the Coast Guard at St. Petersburg received a report of a fishing boat making contact with the schooner.

The coast guard announced the unconfirmed report of St. Petersburg. It was relayed by a fishing boat and said the missing schooner had been sighted yesterday in the Gulf of Mexico.

The fishermen reported they gave the Tropicair a course bearing was proceeding under auxiliary power. Coast Guard officials said they had been searching for the schooner since it was reported missing.

Mrs. Hazel Ayres, manager of the east coast fisheries at Venice, told an amazing story of how three deaf mute fishermen sighted the missing schooner.

She reported they were in a disabled boat, trying to get it started.

Tax Exemption Claims Deadline Is Saturday

Saturday noon is the deadline on which to file claims to tax exemption for homesteads, and widows and disability exemptions, Sanford F. Doudney, county tax assessor, announced today.

Applications postmarked before or on March 31 will be accepted, he stated.

Mrs. Lincoln Grow Dies At Age Of 81

Mrs. Lincoln Grow, 81, died at the home of her son-in-law and daughter, Mr. and Mrs. P. J. Allen, 111 Holly Avenue, at 3:36 P.M. yesterday following an illness of one month. Her residence was at 211 French Avenue.

Born Nov. 21, 1869 in Wilkes-Barre, Pa. Mrs. Grow had lived in Sanford for 47 years. She was a member of the First Presbyterian Church and of the Royal Neighbors of America.

Other survivors besides Mrs. Allen include the husband who is also quite ill, and one son, Harry, of Sanford; another daughter, Mrs. John Mathai of Baltimore, Md.; another son, Earl of Miami; 10 grandchildren, including Mrs. M. H. Crouch of Johnston City, Tenn.; Mrs. Harry J. Byrd of Martinsville, Va.; Mrs. Hubert Johnson of Orlando; Mrs. Clifford Proctor, Jr. of Sanford; A. Braxton Huntley, Jr. of Baltimore; William D. Grow, U. S. Army in Albany, Ga.; George T. Grow and Edward L. Grow, Miami; Harold M. Grow and Elmer K. Grow, Jr. Deland; also 14 great grandchildren.

Funeral services will be conducted at 2:30 P.M. Sunday at Brierson Funeral Home with Rev. A. G. McInnis, assisted by Rev. Henninger, officiating. Burial will follow in Lake View Cemetery.

TRUSTEES MEET
Trustees of School District No. 1 will meet at 10:00 o'clock Monday morning, Apr. 9. Recommendations for principals of the various schools will be made then, said T. W. Lawton.

French Leader Meets With Truman Over Communist Policy

WASHINGTON, Mar. 29—(AP) France today pledged President Truman "all out support" of the North Atlantic Treaty Organization.

He also said the French people are determined "to defend themselves against foreign aggression."

Auriol and Mr. Truman had a conference in the cabinet room of the White House. Auriol spoke in French and Mr. Truman in English with interpreters translating their remarks. The conference lasted an hour.

The White House announced, afterward:

The remarks of the President of the French republic included a statement that the French people were determined to defend themselves against foreign aggression and that, in this spirit, they were giving all out support to the North Atlantic Treaty Organization.

Presidential Secretary Joseph Short said Auriol also assured Mr. Truman that the French forces and the associated states "are successfully opposing" Communist aggression in Indo-China.

After the meeting with Mr. Truman, Auriol went to Lafayette park across the street to lay a wreath at the statue to the French leader who helped the United States win its Independence.

One purpose of Auriol's visit of state here is to dispel any American doubt about France's determination to arm, and fight if necessary, in defense of western Democracy.

Following is the text of the White House statement as dictated by Short:

"The President of the French Republic and the president of the United States conferred today for one hour on the common problems of the two countries."

"The President of the French Republic outlined to the president of the United States conditions in France, the progress of the French rearmament program and the present situation in Indo-China where French forces and forces of the Associated States are successfully opposing Communist aggression."

"The remarks of the president of the French republic included a statement that the French people were determined to defend themselves against foreign aggression and that, in this spirit, they were giving all out support to the North Atlantic Treaty Organization."

"He emphasized that all these efforts were directed toward the maintenance and strengthening of the United States."

Fearless Fagan Is Looking For Home; Circus Job Folds

COLUMBUS, O., Mar. 29—(AP) Fearless Fagan, who became the scoundrel lion when the Army took his master in homeless again.

For a time it looked like the three-year-old lion would go on the road with the Mills Bros. Circus that is wintering here. But Fagan's trainer Earl Humston and the circus had "little trouble" that neither cares to discuss.

Now Fagan is putting on a wrestling act with Earl in a Columbus night club. But this may not last.

Fagan spent his first night after his "rejection" by the circus in a cage in back of the night club. Earl says he found a temporary home for the lion.

"But we're looking around again for a place where I can exercise Fagan," he added. "Fagan began his home hunt several months ago, after his master, Floyd Humston, brother of Earl, was drafted in California. Floyd brought him into camp in a truck."

"The Army hastily gave Floyd (Continued on Page Four)

Possible Sentence Of Death Awaits Three Espionage Agents; Decision Is Quick

NEW YORK, Mar. 29—(AP)—A federal court jury today convicted three American citizens—two men and a woman—of being atom spies for Russia.

It returned its verdict at 11 A. M. after deliberating the fate of the three defendants for seven hours and 18 minutes.

The convicted trio, accused of the capital offense of wartime espionage, were Julius Rosenberg, 34-year-old electrical engineer; his petite, dark-haired wife, Ethel, 35 and radar expert Milton Sobell, 33. All are from New York City.

Federal Judge Irving R. Kaufman set Apr. 5 for imposition of sentence. The death sentence was not mentioned during the trial but Judge Kaufman told the jury last night he alone would determine the severity of sentence.

After congratulating the jurors, Judge Kaufman said solemnly:

"I must say as an individual that I cannot be happy because it is a sad day for America. That citizens should lend themselves to the destruction of their own country by the most destructive weapon known, is so shocking that I can't find words to describe the heinous offense."

The trial occupied 15 court days. The prosecution called 22 witnesses.

The defense called only Mr. and Mrs. Rosenberg and two minor witnesses. Sobell did not take the stand.

Both the Rosenbergs emphatically denied they had any connection with a Soviet spy ring. The chief witness against them was David Greenglass, a former Army sergeant who worked on the atom project at Los Alamos, N. M.

It was the central figure in another drama when he disclosed atom bomb secrets never before revealed in a courtroom. The courtroom was cleared of all but participants in the case during the trial.

Greenglass said he supplied atom bomb secrets at the request of the Rosenbergs.

He produced sketches and a 12-page description of an atom bomb he constructed and it was late he (Continued on Page Four)

Correspondent Passes Milestone Of 40 Without Complete Collapse

By HAL BOYLE

NEW YORK—(AP)—Being 40 years old hasn't turned out to be bad at all.

I have been 40 for a whole month now, and I am getting pretty experienced at it. In time I even hope to get used to it.

Looking back now I can't see why I was ever so afraid of reaching this nice ripe age.

The first few days I was pretty nervous. I had the idea I might fall apart suddenly like the one boss guy. I was almost afraid to look in the mirror each morning for fear that overnight my teeth had fallen out or my hair turned white.

"Don't take it so hard," said Frances. "Millions of people have survived being 40."

That was easy for her to say since she knew she would never have the problem herself. She has pledged herself to remain an eternal summer 39.

But I began to relax somewhat after I discovered that at 40 you don't just disintegrate before your own eyes. I was kind of surprised to find that I had any wrinkles at all.

That was fine. But would I act any different? I had always thought of 40-year-old men as leering elderly rascals who had an overwhelming urge to pinch every pretty girl in sight. So I put myself to the test. I deliberately walked by a pretty red-haired girl in the office and gave her a quick look. Did I have an overwhelming urge to pinch her? Nope. No more than usual. Safe again!

I had another moment of panic when a boy came up to me and said, "I'm 40 and I'm going to offer to escort me safely across the street. And I made up my mind right then that if he did I would smash him to the pavement, merit badges and all."

"What time is it, mister?" he asked and I broke out and laughed in wild relief.

There was one thing more that bothered me. Somewhere I had read that Dorothy Dix said that men of 40 were irresistibly attractive to women. That troubled me. I didn't want to leave a trail of broken female hearts wherever I went. So far, however, I must say the women I have met have kept their heads pretty well. Maybe it's because they don't realize I am really 40 now. Evidently Dorothy Dix herself has behaved sensibly. She hasn't even written me a mass letter.

So far I haven't found a single disadvantage to being 40. And there have been some real advantages. I have more respect. One is in the matter of respect. For years the copy boys, knowing

I used to be a copy boy myself, have been calling me "hey, you!" Now, realizing my antiquity, one will break down every once in a while and say "sir."

Of course I didn't like it the day one came over, bent his head in a listening attitude and then said, "Aw, it isn't true."

"What that other guy said about you?"

"What did he say about me?" I asked.

"He said you could hear your arteries hardening three feet away."

The biggest advantage, however, is the new attitude of my wife.

One Sunday I started to go to the door to pick up the newspaper. "No, you best sit down there in your easy chair, dear," she said. "I'll get the papers for you. After 40 you have to start taking things easy."

I thought to myself as I settled back in the chair that I would be happy to stay 40 for the rest of my life. And I think I will.

State Farmers Market

Report No. 118 SANFORD STATE FARMERS MARKET Sanford, Florida. The following prices reported by the Dealers on the Sanford State Farmers Market for produce sold to Truckers & Dealers up to 3 P.M. March 28, 1951.

TODAY'S BIBLE VERSE

Again and again spiritual sons
have supplanted physical sons.
Kings have no divine right if dis-

Do your part to boost Sanford.
Join the Chamber of Commerce.

Jack Peters, formerly of Sanford,
son of Mrs. T. L. O'Conner,
has been elected one of the eight
new governors of the Greater
Tampa Chamber of Commerce.

Notorious characters now re-
ported vacationing in Florida
include Frank Costello of New York
City whom the Senate Kefauver
committee would like to deport to
Italy.

We'll bet it burned General
Marshall up to be required by President
Truman to hawl General MacArthur
out for not waiting for diplomats
to fumble the ball again, and
trying to make peace himself with
the Chinese Communists.

Governor Warren, on the eve of
legislative session reviews the
accomplishments of his administra-
tion. "We have," he says, "fine
schools, inspiring churches, and
good government on all levels,
municipal, county, and state."

President Griawold of Yale Uni-
versity, writing in the Atlantic
Monthly, says, "If the long run
objective of Communism is to de-
stroy our free society at its source,
then the farther we go toward
stripping our colleges of students,
dismissing their teachers and ac-
celerating their curricula, the nearer
the Communists will have got
to achieving that objective. While
we are lavishing our ingenuity and
resources on the weapons of war,
we neglect and even handicap the
men who will use them. What
price survival, if we become a
headless monster?"

FBI Director J. Edgar Hoover
commends the work of the Kefauver
crime investigating committee
and recommends that it continue
its exposure of organized crime
"which has polluted all too many
communities in our nation."
Crime cannot flourish in this
country as long as it is continually
being dragged out into the open
where everyone can see. Hoover
also recommends that local com-
munities should have an annual
grand jury investigation to scruti-
nize the administration of justice.

Construction of a sewage dis-
posal plant in Sanford comes with-
in the realm of possibility as the
City Manager reveals that present
estimates on such a plant place
the cost at something like \$440,-
000. That is not an impossible
figure. With federal aid and a self-
liquidating bond issue the plant
could be financed. A small sewer-
age tax placed on those deriving
the benefits would pay the cost
of operation and retire the bonds.
Sanford would be helped not only
by having a better rating on public
housing projects and loans for
residential construction, but also
from the standpoint of public
health.

Senator Fulbright of Arkansas
has little patience with colleges
which hire players to win their
football games for them. "Our col-
leges, under extreme pressure from
the alumni," he says, "have be-
come so intent upon winning foot-
ball and basketball games that
they use any means to gain their
ends. They hire players who are
not bona fide students and thus
make a mockery, a farce, of the
whole concept of amateur sport
for the health and entertainment
of the masses. And because of
this, I believe, the two sports are
being ruined."

Sponsor Of Defection

If there is hope for an organized group to spread
Titoism among the Communist satellites, apparently Yugo-
slavia, birthplace of Titoism, cannot be counted on to help.
Such at least is the official opinion of Alex Bebler, Yugo-
slav delegate to the United Nations.

He has a logical point. He thinks an international or-
ganization to encourage defection from the Moscow orbit
would be contrary to the basic foreign policy of Yugo-
slavia to have anything to do with such an organization.
The origin of Tito's break with Moscow, after all, was in his
objection to the interference of the Cominform in the in-
ternal affairs of Yugoslavia.

Nevertheless, it is inevitable that Yugoslavia will be
the focal point of any effective rebellion against the con-
trol of Moscow over the satellites, if the Yugoslavs are suc-
cessful in holding their independent position long enough
to become secure in it. Their example will be an inspira-
tion to patriots in other satellite nations, who would like
to see their lands regain their integrity and self-respect. For
this reason, not because Tito is otherwise admired, it is
important to give Tito help and encouragement as long as
he tries to keep Yugoslavia standing on its own feet.

For exactly the same reason Russia may be expected
to try to break the Yugoslav stand and to drag that na-
tion back into its ring of influence. It may believe that the
effort to do so is worth a considerable risk. The Soviet
satellite system will not be secure if the Yugoslav bolt
succeeds.

Tell Me What You Eat

The old saying that an army travels on its stomach
might well be broadened to apply to whole populations. A
nation's economic status may depend to a great degree on
the physical condition of its people, which in turn depends
on their diet and living conditions.

The World Health Organization, an agency of the
United Nations, has recently inaugurated a dietary study
embracing the eating habits of the people of the Central
American countries. The health of these people is undeni-
ably affected by the limitations of their diet, which for
the relatively poor consists largely of tortillas, or corn
cakes, beans and coffee. Even the small children subsist
on such food. For special occasions, a small amount of meat
is added.

It is the lack of this protein element in the regular
diet which excites the most concern among health experts.
The study now being made is expected to determine whether
or not synthetic protein substitutes might cancel some of
the effects of the diet deficiencies of Central American
countries. The findings there may be applied to other
countries where similar lacks are marked.

The occupation government in Japan has proved that
supplementing the national diet of rice by the essentials
of a balanced diet results in improved health and increased
stature of the children there. The Central American in-
vestigation may have an effect in producing similar gains.

Life Begins At 100

The idea that the human span may be increased to
possibly 125 years has been frequently advanced. Some say
this may come within three or four generations. It is ex-
pected as a fruit of gains over the special diseases of old
age, without which many persons seemingly could go on
living indefinitely. Their bodies are not worn out, but they
lack the resilience to recover from severe illness or injury,
and they do not throw off infections as readily as younger
persons.

Constructive activities to occupy the time of young-
sters are often a major community need. If this prophecy
comes true, a still greater need one day may be for things
to occupy the time of centenarians.

Senator Holland Tells Schoolgirl "Why A Democrat"

By WILBUR JENNINGS
AP Special Washington Service
WASHINGTON, Mar. 29—(AP)—
Why a Democrat?
A school girl, Miss Elizabeth
Barnard, of Route 2, DeLand,
posed that question for Senator
Holland (D-Fla.).
She said she was preparing a
school paper and "I wonder if you
would help me out by answering
a personal question?"
"The question is: Why do you
belong to the Democratic Party?
I would like some good reasons
for being a member of this
party."

Holland said he thought a
while, then wrote Miss Barnard:
"It is difficult to distinguish
between the two major parties at
the present time due to the fact
that there are so many questions
which are more or less regional
in both of them.
"In both parties may be found
sincere people whose personal
attitudes range all the way from
ultra-conservative to ultra-liberal."

"Most native Floridians in-
herited their Democratic faith
from their parents and grand-
parents.
"Following the War Between
The States, the north and eastern
Democrats were the first political
group in the northern portion of
our nation who offered to work
with the South to help us throw
out the so-called carpetbagger
governments and to restore self-
government and self-respect.
"The loose affiliation formed
at that time between the northern
Democrats, most of whom are
from industrial centers, and the
South, has persisted to this day.
"Aside from the historic rea-
sons, however, I have always pre-
ferred the Democratic Party be-
cause it placed greater emphasis
on the kinder aspects of govern-
ment, and less on the material
whereas the Republican Party
has normally followed the re-
verse procedure.

"This is not to say that either
party favors entirely that gov-
ernment has to do largely with
human beings and that it also
must deal with such practical
things as taxes and laws con-
trolling business. The emphasis
in the branch to government at
present is to build more."

Rural Common Sense

Thousands of dollars can be
saved and more satisfactory re-
sults can be obtained in Florida
agriculture every year if many
farmers will exercise more care in
the using of fertilizers, insecticides, and
fungicides with their crops.
There are some rather old but
inaccurate ideas connected with
the use of such materials, and, to
a large extent, they are responsible
for the losses and unsatisfactory
results with crops. One of those
ideas is that if satisfactory results
can be obtained from use of a cer-
tain amount of one of these ma-
terials, even better results may be
obtained from the use of more than
the prescribed amount. Another
is that a fertilizer or fertilizer
mixture will create more satisfac-
tory for a particular crop in one
section of the state is likewise
satisfactory for the same crop in
another section—this may be true,
and it may not, depending on the
soils and other conditions.
Research by the University of
Florida Agricultural Experiment
Station and other agencies and
by private concerns has shown how
best results can be obtained from
fertilizers, insecticides, and fun-
gicides, and farmers who follow
recommendations based on such
research generally get the best re-
sults from them. When a farmer
uses less fertilizer, insecticide, or
fungicide than is recommended, he
probably will not get as good re-
sults as if he used the amount
recommended; if he uses a very
low nitrogen fertilizer mixture
with his crop on soil that needs
nitrogen simply because the mix-
ture has proved satisfactory on a
soil that needs little nitrogen, he
will not get as good results as
he would with a mixture more suit-
ed to his conditions.
Using too much or not enough
fertilizer, insecticide, or fungicide,
falling to use the right kind of
such materials, using them incor-
rectly, and failing to follow direc-
tions or recommendations are re-
sponsible for much waste and un-
satisfactory crop results every
year. Long and painstaking re-
search has been done to determine
the best possible materials and
practices for farmers, and the wise
farmer will follow recommenda-
tions based on results of such re-
search.

THE NATION TODAY

By CLARKE BEACH
(For JAMES MARLOW)

WASHINGTON, Mar. 29—(AP)—
An instructor at the Army's Com-
mand and General Staff College
says too much information is with-
held from the public on the pre-
text that releasing it would be
against the national interest.

The opinion was stated by Lieut.
Col. Richard W. Whitney in the
Turkish "Military Review,"
printed at the school, at Fort
Leavenworth, Kas. The editor
noted that Whitney's views were
not necessarily those of the Army
or the college.

Whitney wrote there "is a nat-
ural tendency in high places to
place security classification on
much information and intelligence
which would better serve our na-
tional interests if it were also made
available to the public."

"Plainly speaking," he con-
tinued, "there are persons whose
thought processes run in this fash-
ion:
'"Someone might think this
document should be classified so
I'll just protect myself and stamp
it secret now.' Or 'It was marked
confidential when it arrived from
Paris, so why should I go to the
trouble of getting it downgraded?'"

"No one can dispute the value
of security, but there is much evi-
dence to support the contention
that indiscriminate and ruthless ap-
plication of security to information
or intelligence can deprive us of
much of its value."

Whitney defined information as
"pure facts," and intelligence as
"the significance of those facts and
the conclusions drawn therefrom."

Public opinion was slow to ap-
prove President Truman's plans
for military aid to Greece and
Turkey, Whitney recalled. The
public never was told the reasons
why the aid should be given quick-
ly, he indicated, because most of
the reasons "bore a security class-
ification."

He suggested that the central in-
telligence agency be given the
responsibility to decide whether a
security classification should be
lifted. The questions the CIA
should ask, he said, are:
'"1. Will the disclosure compro-
mise (betray) a source of informa-
tion?"

"2. Will it give aid or comfort
to an enemy (or potential enemy)
by providing him with knowledge
of our activities or our methods, or
the results of his own hostile acts?"

"3. Will it divulge the extent
of our knowledge concerning the
enemy (or potential enemy) and
his activities?"

"Even if the answer to any one
or all of these questions is the
affirmative," Whitney concluded,
"the final decision as to whether
or not the information should be
released must take into account the
possible value to be derived from
clearing the report for public
consumption."

Sanford Forum

Sanford Daily Herald,
Editor:
Dear Sir:

In the light of world conditions,
and the confusion here at home,
I have been asked by Mrs. Dor-
othea E. Miller of New York City
to continue my crusade against
Bureaucracy and the use of force
power by the Chief Executive of
the United States.

Under the Law of the Country,
no President has the authority to
arm an army to any part of the
world without the consent of both
houses of Congress. Harry S. Truman
has ignored, and is continuing to
defy. It is plain in the past as we
see it today, that the nation of
our various DEALS, but the
time is here, if not already too
late, to profit by those many mis-
takes. Grave decisions are in the
making now in the nation's capitol
and we who will be affected by
those decisions, must act now.

Yes, Mr. Tax payer, you, Mo-
torists and Farmers, you who be-
lieve in the freedom and Liberty
of every man, woman and child
in America, and that not only
of the present but as long as
there is an America.

Let us stand upon our Consti-
tutional rights to demand that our
President accept the rules that
were demanded of former presi-
dents and if he insists, thro His
proven inability to cope with the
present crisis, to imagine Himself
the Supreme and only power, we
have but one choice, to demand
of our elected representatives, His
stepping down, and give place to
one that the people have confidence
in. If he continues to ignore our
Constitution and Senate as they
have, we will demand that he
resign, and we will demand that
our elected representatives, His
stepping down, and give place to
one that the people have confidence
in. If he continues to ignore our
Constitution and Senate as they
have, we will demand that he
resign, and we will demand that
our elected representatives, His
stepping down, and give place to
one that the people have confidence
in.

There are a number of things
confronting the public that are
very much an American, and fore-
most is the universal military
training bill. It should never be
considered until and unless all
voluntary systems have been ex-
hausted. We have found a very
short time ago that the enlist-
ments exceeded the demand for
men, the more of our Liberties
surrender under the pretext of
national protection, the more we lay
our selves open to a complete DIC-
TATORSHIP, our Liberties have
already placed the Nation in a
desperate condition by sitting sil-
ently by while this restriction and
another restriction is placed on
our activities, the demand and that
demand is increasing. We must
demand that our elected representa-
tives, His stepping down, and give
place to one that the people have
confidence in.

THE MAMMOTH CAVE

French President

(Continued From Page One)

The President of the United
States stated that he was en-
couraged by President Auriol's
remarks and expressed his con-
fidence that peace could and
would be maintained and the
Democratic peoples would pre-
serve unshakable unity in pur-
suit of their great objective: peace
for all the world."

For their conference, Mr. Tru-
man and Auriol sat across from
each other at the Octagon-shaped
cabinet table.

Sitting with the French presi-
dent were Robert Schuman, for-
eign affairs minister; Henri Bon-
net, French ambassador here; and
Bernard Beck, counselor of the
Ministry of Foreign Affairs.

Seated with Truman was Sec-
retary of State Acheson, David K.
Bruce, U. S. ambassador to France
and W.W. Averell Harriman, Mr.
Truman's special foreign affairs
advisor.

Truman gave his distin-
guished visitor a pair of bookends
made of wood and stone removed
from the White House in the
renovation now under way. They
are inscribed, "To his excellency,
Vincent Auriol, president of the
French republic, from his good
friend, Harry S. Truman, Presi-
dent of the United States of
America, 1951."

Auriol also stressed France's
determination to resist aggression
in an address prepared for a
National Press Club luncheon. He
said his nation and its people will
"do resist aggression, should it occur,
all within our power not only to
but to deter it and save the
peace."

Any change the French will not
fight to repel aggression is "an
insult as cruel as it is unjust,"
Auriol said.

Dr. Lee DeForest obtained a pat-
ent on film in a bomber that
would produce talking motion pic-
tures.

Pay Raise Is Asked By Teacher Group At School Meeting

TAMPA, Mar. 29—(AP)—The
Florida School Board Association
today took action to help raise
the salaries of Florida teachers
to meet the rising cost of living.

The school board members
meeting here in conjunction with
the three-day convention of the
Florida Education Association,
agreed to study the problem at a
local level and to report to the
state legislature.

M. B. Holmes, Escambia school
board member of Pensacola was
unanimously elected president of
the group. George W. Slaton of
Palm Beach was named
vice president.

Holmes succeeds Ellsworth
Blumens of Hillsborough county.
The members adopted this res-
olution on local teacher pay:

"The Florida School Board
Association recognizes that the
increased cost of living renders
desirable the increase of compensa-
tion and recommends that each
board examine the possibilities of
effecting reasonable increases
from local funds; and that the
state legislature take this known
fact into consideration in pro-
viding state funds for instructional
salaries."

Some 6,000 school teachers and
school officials thronged to
Tampa for the FEA convention
which started this afternoon.

U. S. Department of Agriculture
figures show there are now some
80,000,000 cubic feet of gross storage
space in 11,600 locker plants to han-
dle perishable foods at zero tem-
peratures.

During World War II almost
6,000 U. S. Marines and Japanese
died in the capture of the United
States of the island of Tarawa,
which is about the size of Cen-
tral Park in New York.

Atom Spy Trial

(Continued From Page One)

had supplied to Rosenberg.
Greenglass told of meeting
atom spy Harry Gold and passing
secrets to him. He said Gold
identified himself by showing
part of a jello box. Greenglass
said this matched a part he had
and which was given him by
Rosenberg.

Greenglass said that after the
arrest of Gold and Dr. Klaus
Fuchs, British scientist, Rosen-
berg told him to flee the country.
He declared Rosenberg gave
him explicit instructions for
contacting the Russian ambassa-
dor in Mexico to make arrange-
ments for reaching Soviet Rus-
sia.

The prosecution contended that
Mrs. Rosenberg contributed to
the espionage network by typing
up Greenglass' data for trans-
mission to the Russians.

Gold, who is serving a 30-year
sentence, testified to meetings
with Greenglass, Rosenberg and
Yakovlev.

Gold said Yakovlev told him
that vital A-bomb information
obtained from Greenglass had
been sent on immediately to
Russia.

Many of the terms used in elec-
tricity such as "watt," "volt," am-
pere etc are named after the men
who discovered their purposes.

In the early days of their dis-
cussion of television engineers re-
ferred to it as "distant electric
vision."

Fearless Fagan

(Continued from Page One)

a two-weeks furlough to find
someone to care for Fagan. There
were several temporary homes,
but Fagan ate too much—a total
of 10 pounds of horsemeat a day.

Then the Mills Bros. Circus
offered a home, and a job for the
trainer. It even paid nearly \$100
shipping cost to get Fagan from
California to Columbus.

Fagan got pretty hungry on
the way to Ohio. His meat supply
started to spoil before he got
here. Fagan lost a few of his
300 pounds despite one meal of
Seattle newspapers he found in
the baggage car.

Earl says the night club act
could be better, but that the
customers ate it up. The first
night Fagan frightened away a
cook and two waitresses and
nearly panicked the customers.

The night club engagements
lasted until at least Sunday. Earl
doesn't know what will happen
after then.

Three Fishermen

(Continued From Page One)

going when they sighted what they
believed to be the Tropicair.

Unable to talk with the man and
eight girls aboard the schooner
communication was by note. Coined
to the boats.

Mrs. Acree said the deaf mute
reported the man was "very
bearded" and "they were awfully
excited about him, saying he look-
ed like a Russian spy."

The three fishermen, who work
for her concern, said the Tropicair
crew appeared in god spirit.

"The night club engagements
lasted until at least Sunday. Earl
doesn't know what will happen
after then.

At the time the schooner was
heading up a southeasterly direc-
tion using its auxiliary engine.
The girls and man asked the mates
to report them lost.

"Told you I'd have it pur-
ring like a Killen."

It takes good gasoline, the
proper oil to keep a motor
running in top shape to make
it "purr". For lubrication
and car-washing, too—see us.

The St. Ann's Chapter of the Holy Cross Episcopal Church will meet at 3:00 P. M. at the home of Mrs. M. N. Nantz, 1318 Park Avenue with Mrs. A. R. Key as co-hostess.

The Daughters of Wesley of the Methodist Church will meet in McKinley Hall at 7:30 P. M. with Mrs. M. C. Wright's group as hostess.

Friendship League of the Congregational Church will meet at the home of Mrs. W. W. Lutz on Silver Lake at 7:30 P. M.

GENEVA NEWS

By ADDIE PREVATT
Mrs. Cornelia Weston and Mr. E. H. Grant were married Thursday at the home of Mr. and Mrs. Phillip Bauer by Rev. L. V. Barnes.

H. B. Levy spent Easter Sunday with Mr. and Mrs. Wm. Milk of Deland.

Mr. and Mrs. Fred Ballard of Maitland spent Sunday with Mr. and Mrs. Phillip Bauer.

Rev. and Mrs. Lamber and Rev. Barnes are staying at J. T. McLains cottage on Buck Lake.

Denton Prevatt called on friends in New Smyrna Wednesday.

Mrs. Lolas Hill is confined to the Florida Sanitarium in Orlando with undulant fever.

Mr. and Mrs. Ed Guyette had dinner with Mr. and Mrs. Sam Levy of Sanford Sunday.

Bonnie Service was held at the foot of Hummeralls hill, a short program was conducted. About 45 were present.

Mr. and Mrs. Charles Keiser of Miami spent Wednesday with Mrs. Scott Eyer.

Mr. and Mrs. Kenneth Harrison and two daughters of Daytona each spent Sunday with Mrs. Harrison's parents Mr. and Mrs. Henry Kretzer.

Mr. and Mrs. Henry Harrison spent Sunday with Mr. Harrison's parents, Mr. and Mrs. Charles Harrison. They are from Vero Beach.

Mrs. Ann Leffer had a hereditary Saturday. Miss Ida Woodruff, Mr. and Mrs. J. B. Hilberg, Mr. and Mrs. Louis Bradwyner, and Mr. and Mrs. W. G. Kilbee.

Mrs. Nellie Thomas is in the hospital for further treatment.

The Melton Dales and two daughters left for their home near Niagara Falls Saturday.

The Baptist Church started its revival Sunday morning with Rev. Lambert of Cocoa conducting the services. At noon an old fashion dinner was served on the ground.

After lunch all the children participated in an Easter egg hunt. About one hundred and fifty attended.

Mrs. Norton and son Richard spent Wednesday afternoon with Mr. and Mrs. R. F. Greenhaw of Sanford.

Mr. and Mrs. Frank Solars of South Charleston, Ohio spent Tuesday with Mr. T. W. Prevatt.

Mrs. John Hill and three daughters of Atlanta, Ga. are staying at the home of her mother-in-law Mrs. J. C. Hill.

Valen Prevatt spent Monday night with Marjorie Killion of Sanford.

Mrs. Richard Inna and two daughters of Orlando Mrs. S. F. Long and Mrs. Mores Jarvis of Sanford called on Mrs. J. T. McLain Jr. Tuesday.

The P. T. A. held its meeting at the school lunch room Tuesday with nine members present.

Dr. and Mrs. Miller of Fort Wayne, Ind. are spending a few days with Mr. and Mrs. Wm. Cur-tain.

Hollywood

By ROB THOMAS
HOLLYWOOD, Mar. 29—(P)—Marlene Dietrich was looking very much unlike a grandmother. Very much indeed.

In fact, she was dolled up like a dancing girl in one of those dance halls that are always so convenient to the Prairie in western movies (this one is called "Chuck-A-Luck.") The famed Dietrich was readily viewable as she engaged in a game of frontier foxtrot—riding piggy-back in a race against the other dance hall girls.

The actress came out of the strenuous scene with her glamor completely untruffled. I asked if she ever got tired of being called "The world's most glamorous grandmother."

"I certainly do," she replied emphatically. "I am getting sick and tired of it. I am sure there are other grandmothers in other professions who are not constantly referred to as 'Grandmother.'"

"Are you not as glamorous," I pointed out.

"Nonsense! Many of them are extremely good looking. Particularly in this country, where women marry so young."

"Everyone thinks because a woman is a grandmother, she must be 102 years old. But look—

I had my daughter when I was 17; she waited until she was 18 to marry and have a child. So does that make me ancient?"

"There are many, many stars in Hollywood who are old enough to be grandparents, but did not have children when they were quite young."

Miss Dietrich indicated she will launch a campaign to shed the grandma title. She'll no doubt be aided by Joan Bennett. "I was talking to her the other day and she said she's sick of being called grandmother, too," Miss Dietrich added.

In the lull between scenes, I had a chance to inquire about another Dietrich legend. She was well-known for introducing mannish attire to U. S. fashions. I asked if she regretted it, especially when she sees broad-shouldered gals in slacks.

"I didn't introduce slacks," she corrected. "Many women in America were wearing them long before I did."

"But you did help popularize them," I protested. "Do you regret it?"

"Think of the millions of women who are more comfortable because they can wear slacks and who do their jobs better because they wear them."

The actress returned to the scene and again glared across the bathroom floor astride a cow-hand. She stopped midway in the race to swallow a slug of prop whiskey, then pushed an opponent out of the way, to the encyclopaedia of suffering cut on one of her celebrated shafts. She sent for some makeup to cover the bruised spot.

"Don't you think we should send for some first-aid?" An attendant asked anxiously.

She shrugged it off and pointed to little scars acquired while entertaining troops in the last war. "I got those in the army," she said, "and they were covered by the muck of Germany. If my leg got through that all right, they can take anything." And she returned for another stonous scent in the bathroom.

Wow, what a grandmother!

Personals

Mr. and Mrs. Joe Fulgum and son Jojo are spending some time in Raleigh, N. C.

Ben Bullard is undergoing training at the Naval Reserve Training Camp at Little Creek, Va.

Mrs. W. E. Holleyhead Jr. and children are visiting Mrs. Holleyhead's mother in Savannah, Ga.

Miss Edith P. Chase of Pennsylvania is the guest of Mrs. Thomas C. Bladell.

Miss Miss Kathleen Babcock and Houston Babcock spent the Easter holidays with their mother Mrs. Mildred Babcock.

Capt. Jack Bolt spent Monday in Sanford with his parents, Mr. and Mrs. Tom Bolt. Capt. Bolt is stationed at Cherry Point, N.C.

Mr. and Mrs. Wright and Mrs. Ava Wright Day returned from Atlanta yesterday where they spent several days.

Miss Lou Ona Little of Athens, Ga. arrived Tuesday for a visit with her sister, Mrs. C. A. Adams and family.

Mrs. Joe Corley will leave Sunday for Tampa where she will attend the meeting of the Grand Chapter of the O.E.S.

Mrs. Erma Kennedy will arrive tomorrow from Jacksonville to spend the weekend with Mr. and Mrs. Joe Corley.

E. B. Smith of Sanford has been pledged for initiation by Lambda Chi Alpha at Florida Southern College here this month.

Mr. and Mrs. G. R. McCall has returned from Sylvania, Ga. where they attended the funeral of Mr. McCall's mother, Mrs. H. S. McCall.

Friends of Mrs. Betty Betts and W. S. Thornton will regret to hear of the death of a sister, Mrs. Cornelia Richard, which occurred Monday at Southport, Conn.

Miss Jane Chapman returned Tuesday to Boston University to resume her studies after spending the Spring vacation with her mother Mrs. R. B. Chapman.

Pfr. Darrell Cole, USMC, is home from Parris Island on a 10-day leave visiting his mother, Mrs. A. B. Cole and sisters Anita and Beverly.

Mr. and Mrs. Harold Powers of Lake Park were the recent guests of Mrs. Powers' mother, Mrs. O. J. Miller and Mrs. Powers' mother, Mrs. V. J. Spinlove.

Mr. and Mrs. S. L. Hall left yesterday to return to Stockbridge.

Mrs. S. P. Dutton has returned from Miami where she visited her daughters Laurelle and June Rose Dutton and attended the capping exercises of Miss June Rose Dutton who is a student nurse at Jackson Memorial Hospital.

Next time you prepare a split pea soup with a ham bone try adding a half cup or so of canned tomatoes, along with bay leaf, celery seed, and a pinch of oregano, for flavor.

Miss Daphne Connelly Is Guest Of Honor

Miss Daphne Connelly, popular lide-elect, was honored Tuesday by Mrs. Tom Bolt and Mrs. Hugh Whitchel, Sr. with a luncheon at the Mayfair Inn.

The tables were decorated with spring flowers and small miniature nosegays were used as place cards. Mrs. Bolt and Mrs. Whitchel presented the honoree with a gift of linen.

Those invited to enjoy the event with Miss Connelly were Mrs. Hawkins Connelly, Mrs. Joe Shearouse, Sr., Mrs. Paul M. Fager, Mrs. Gerald Loring, Mrs. Gordon Stanley, Miss Dilon Baker, Miss Margaret Dingler and Miss Elizabeth Dyson.

Those invited to enjoy the event with Miss Connelly were Mrs. Hawkins Connelly, Mrs. Joe Shearouse, Sr., Mrs. Paul M. Fager, Mrs. Gerald Loring, Mrs. Gordon Stanley, Miss Dilon Baker, Miss Margaret Dingler and Miss Elizabeth Dyson.

Congress Of Parents And Teachers Meet

Twelve persons from Seminole County attended the annual meeting of the Florida Congress of Parents and Teachers which was held Tuesday in Cocoa.

They were Mrs. E. C. Hittell, county council president; Mrs. Ruth Hand, assistant regional director; Mrs. R. W. Williams, Mrs. Joe Corley, Mrs. W. W. Tyte, Mrs. Lorne Carlton, Mrs. D. R. Ulrey, council secretary; Mrs. D. E. Whidden, Mrs. J. N. Anacello, Mrs. M. R. Brickland, Mrs. D. C. Gatches and Mrs. W. G. Wietman.

An interesting highlight on the program was the panel discussion of "Facing the National Emergency With Our Children and Youth."

Miss Lou Ona Little of Athens, Ga. arrived Tuesday for a visit with her sister, Mrs. C. A. Adams and family.

Mrs. Joe Corley will leave Sunday for Tampa where she will attend the meeting of the Grand Chapter of the O.E.S.

Seminole Hi

By BEVERLY GRAY
Basketball was in the headlines again this week. It was the Junior-Senior against the Seniors in one of the best games of the year! The auditorium was packed and jammed and it sounded as if everyone had a grand time!

Tonight is the big night for all planning to go to the Rose Ball! And we hope everyone is! The place is the Armory; the time is 8:00. Have a wonderful time! The queen will be crowned at 10:30. Don't miss that; and who knows who the queen will be? Maybe it'll be you! Could you be the lucky, lucky gal? Presented by the Glee Club; this dance is always loaded with fun. So come as if everything sounds simply out of this world! No corsages, please. Here's hoping your reservations have already been made! See you there!

That's about all for tonight. More gals next week!

NOTICE
The general business meeting of the Sanford Woman's Club scheduled for Wednesday Apr. 4 will not be held due to the State Convention of the Florida Federation of the Woman's Club being held in Daytona Beach Apr. 3, 4 and 5.

Mich. after spending some time with their daughter and son-in-law, Mr. and Mrs. Clifford McKibbin.

Mrs. S. P. Dutton has returned from Miami where she visited her daughters Laurelle and June Rose Dutton and attended the capping exercises of Miss June Rose Dutton who is a student nurse at Jackson Memorial Hospital.

Next time you prepare a split pea soup with a ham bone try adding a half cup or so of canned tomatoes, along with bay leaf, celery seed, and a pinch of oregano, for flavor.

Giants Batter Cardinals 4 To 1; White Sox Defeat Yankees 10 To 8

By RALPH ROBIN

Associated Press Sports Writer

Al (Flip) Rosen, Cleveland third baseman, is demonstrating that his brilliant 1930 performance was no flash in the pan. Rosen started the rail birds last year by belting 37 home runs to lead the American League. It was the Miami slugger's first complete season. Previously, he had operated in the shadow of Ken Keltner.

This spring Rosen is making merry in Grapefruit League play with his bat. In a recent spurge he banged out 11 hits, including two homers, a triple and four doubles. In 14 trips to the plate, Cleveland General Manager Hank Greenberg draws an assist for Rosen's spectacular hitting rampage. Greenberg suggested that Rosen edge a hit closer to the plate to correct a weakness against change up pitches on the outside of the batter.

Rosen's terrific slugging came the St. Louis Browns at Tucson, Ariz., yesterday. He smashed a grand slam home run in the last of the ninth to give the Indians an 11-7 victory. The homer was Rosen's fourth in five games and extended Cleveland's winning streak to six games.

The Browns tied the score in the top of the ninth on a three-run homer by former Indian Johnny Bernardino and a two-run blast by Ken Wood. Hans Bauer was the victim of Rosen's game winning clout. Luke Easter and Harry Simpson also homered for the Indians.

Meanwhile shortstop Chico Carasquel sparked the Chicago White Sox to a 10-8 triumph over the New York Yankees at Phoenix, Ariz. Carasquel slammed out five straight hits and drove in the winning run with a single in the eighth inning.

Mickey Mantle, the Yankees' prized rookie, boosted his batting average to .431 with a single and double. He drove in three runs

Four Basketball Fixers Are Sought On Atlantic Coast

NEW YORK, Mar. 23—(AP)—A widespread search is underway along the Atlantic seaboard for at least four more fixers of college basketball games.

In disclosing the search District Attorney Frank Hogan said last night that "one or more of the four sought may have had confederates, fellow-conspirators."

Hogan did not disclose the names of the four, but said he knew who they were.

"We're following all sorts of leads and it's not a question of sending detectives bit or miss in to all the states," the district attorney said. "But we have detectives down in Florida and in many cities along the Eastern seaboard."

This was the latest development in the college basketball scandal that now engulfed 17 players from CNY, Manhattan, Long Island and NYU who are charged with fixing 20 games in Madison Square Garden during the last two years.

Irwin Dambrot, Norman Mager and Herb Cohen, CNY players on last year's grand slam championship team, the latest accused were arraigned yesterday in felony court and held in \$1,000 bail each for a hearing Apr. 9.

Morris Goldman, assistant U. S. district judge, said he had signed a contract with the Jacksonville club and seems more likely to be given a trial with one of the Triple A clubs. If his present case is maintained.

In the game with the Smokies the Tars played errorless ball and were speared at the bat by Kress who played in the Class D Ohio State League last year.

The hard-hitting outfielder looked a home run down the right field line in the first inning, but he was out on a fly ball. He led off the five-run fifth inning with a double following which Bob Holtzman and Bill Latas stepped. An error and Bill McMillan's single followed by Pleas' triple left the Smokies greedy.

The Tars got four more in the sixth to wind up the outland game—somewhat to the Smokies' relief.

Tars Down Smokies 11-0 Behind 2 Hit Pitching Of Picone

The Jacksonville Tars went all out yesterday in racking up an impressive 11-0 win over the Knoxville Smokies. Mario Picone, Brooklyn pitcher, turned in another sterling performance on the mound for the Florida club. Picone gave up exactly two hits in fashioning his shutout while the hard hitting Tars picked up 18 from the two Knoxville hurlers, Bobby Rickford and Mal Landry.

One of the finest mound prospects in the Giants' camp, Picone has so far granted on four hits in 16 innings of exhibition ball. No earned runs have been scored off the stocky New Yorker.

A shoulder operation last spring seems to have brought the injury-riddled pitcher around to his 1934 form when scouts were forecasting an early jump to the parent club.

Picone has been around to almost every club in the Giants' farm system. He went up to Jersey City and Minneapolis where bad luck and injuries combined to send him back down to the low minors.

The Tars may not be able to hold the 24-year-old right hander who is determined to move on to the big time. As yet he hasn't signed a contract with the Jacksonville club and seems more likely to be given a trial with one of the Triple A clubs. If his present case is maintained.

In the game with the Smokies the Tars played errorless ball and were speared at the bat by Kress who played in the Class D Ohio State League last year.

The hard-hitting outfielder looked a home run down the right field line in the first inning, but he was out on a fly ball. He led off the five-run fifth inning with a double following which Bob Holtzman and Bill Latas stepped. An error and Bill McMillan's single followed by Pleas' triple left the Smokies greedy.

The Tars got four more in the sixth to wind up the outland game—somewhat to the Smokies' relief.

Training Camp Notes By ASSOCIATED PRESS

PHOENIX, Ariz., Mar. 23—(AP)—Mickey Mantle, the New York Yankees prize rookie, is hitting at a .434 clip in spring training. Mickey got a single and double, and drove in three runs, but the Yanks were beaten by the Chicago White Sox yesterday 10-8. Earlier, Mantle signed a Kansas City Blues contract. This was merely a formal gesture, as the 19-year-old youngster will remain with the varsity.

LAKELAND, Mar. 23—(AP)—Billy Hoelt is naming a big jump for a kid of 18.

The 18-year-old southpaw pitcher from the high school diamonds of Oshkosh, Wis., is going to make the trip home to Detroit with the Tigers when the squad breaks camp a week hence.

That doesn't mean he'll stay with the team. But Hoelt has been so impressive that manager Red Rolfe says he wants him around for a time yet. Hoelt is under contract to Toledo of the American Association a Tiger farm.

BRADENTON, Mar. 23—(AP)—Boston's battling Braves spotted the best winning record in Florida's Grapefruit Circuit today as they went after their 13th victory against the Philadelphia Phillies here.

Yesterday's 5-2 victory over the Phils was the 10th in the last 12 games. Boston has lost eight.

SARASOTA, Mar. 23—(AP)—Vern Stephens of the Boston Red Sox is making a good recovery from his injury, but is not expected to be able to play until the squad heads north next Tuesday.

PHOENIX, Mar. 23—(AP)—The Chicago Cubs today open a two-game series with the New York Yankees, a team they haven't faced since losing four straight to the Bombers in the 1933 World Series.

The only Cub player who was with the Cubs then and still in the lineup is Phil Cavarretta. He is starting his 17th season with the Cubs.

EL PASO, Tex., Mar. 23—(AP)—The position of big Gus Zernial as a regular in the Chicago White Sox outfield is getting shaky.

The powerhouse slugger professed, but he will be under pressure to start the season in left field to prove himself. Hot on the trail of Zernial's job is Eddie McInnes, 24-year-old rookie who notched 332 for Memphis last year.

Manager Paul Richards is impressed with McInnes' speed and defensive abilities.

MIAMI, Mar. 23—(AP)—Roy Campanella, Brooklyn Dodgers catcher, probably will be out of action 10 days in two weeks because of his injured thumb.

"He could get back a bit sooner if there was any urgency but there's no sense taking chances now," said trainer Harold Wend

Unorthodox Barnes Beats Hunter In Unexciting Bout

By HARRY STAPLER

DETROIT, Mar. 23—(AP)—Young Ray Barnes, a boxer who shuffles in methodically and then opens up like a windmill from close range, emerged today as a new contender in the middleweight class.

The 22-year-old Detroitite boosted his reputation by winning a unanimous 10-round decision over stiff-punching Chuck Hunter of Cleveland here last night.

But Barnes, who has lost only three of his 37 fights, faces the problem of finding opponents among the top-ranking middleweights.

Manager Pete Marudas said they shy away from his man because they can't solve his unorthodox, boring-in style.

For the 2,354 fans at Olympia Stadium and thousands at their television sets across the nation Barnes offered no spectacular show.

He just plodded in with his hands at the side of his face, took Hunter's lefts and rights, and then uncoiled flurry after flurry of short punches.

It was slow work but it earned the best winning record in Florida's Grapefruit Circuit today as they went after their 13th victory against the Philadelphia Phillies here.

Yesterday's 5-2 victory over the Phils was the 10th in the last 12 games. Boston has lost eight.

SARASOTA, Mar. 23—(AP)—Vern Stephens of the Boston Red Sox is making a good recovery from his injury, but is not expected to be able to play until the squad heads north next Tuesday.

PHOENIX, Mar. 23—(AP)—The Chicago Cubs today open a two-game series with the New York Yankees, a team they haven't faced since losing four straight to the Bombers in the 1933 World Series.

Your Host Sentenced To Death For Broken Leg Which Refuses To Mend

ARCADIA, Calif., Mar. 23—(AP)—The sentence of death has been passed on Your Host, the 1930 Kentucky Derby favorite, and as game as thoroughbreds come.

Four veterinarians have examined movie executive William Goetz' four-year-old colt since he was injured at Santa Anita Jan. 13. All have recommended that he be destroyed.

Only the red tape involved in a \$250,000 insurance policy is prolonging the pain-wracked existence of a badly crippled animal whose right leg, the tendons withering, is drawn up at a 45-degree angle.

Your Host, a son of the Great Alibhai, was born with physical handicaps, but there never was anything wrong with his heart. Movie boss Louis B. Mayer bred Your Host, but handlers discovered that the youngster had a neck crook and couldn't straighten it. Goetz made a very fortunate buy. Your Host liked to run, liked to win. He ran and he won and Goetz pocketed \$384,796.

Your Host was a big disappointment in the 1930 Kentucky Derby, finishing out of the money, but he had a vigorous winter campaign in California, and apparently had lost his fine edge. Back here, as a four-year-old, he was regaining his razor sharpness. His trainer, Harry Daniels, called him a mortal cinch for the \$200,000 Santa Anita Maturity.

Your Host didn't get up to that race. Running in the San Pasqual Handicap, he fell on the far turn, throwing jockey Eric Guerin, who was uninjured. Your Host suffered a shattered ulna bone. It was broken in four places. The animal has been in extreme pain for some time. He winces if the right leg is touched. He stands on three legs.

"What good is a three-legged horse?" asks veterinarian Dr. J. E. Peters, who has taken care of Your Host since the accident. "If we could have operated on him a month ago we might have saved him for stud purposes. Now that's impossible."

Trainer Daniels considered Your Host more valuable for stud purposes than his daddy, Alibhai, for which a Kentucky syndicate paid Mayer \$500,000. "My reasoning on that is that if your Host's mother, Boudoin II, is better bred than Alibhai's dam."

That's of no moment. A game and courageous competitor of the

Florida Gators Show Up Well In 2 Practice Games

GAINEVILLE, Mar. 23—(Special)—The University of Florida baseball team was examined under the coach's microscope when it lost two games to the Class II Lakeland Pilots last weekend.

Coach Dave Fuller's experimental moves had Haywood Bullman at his normal post behind the plate, Harvey Dickinson at first base, Bronnie Bryant at short, Nick Demidowich at third base, Angus Williams in left and ex-shortstop Bobby Flowers in right.

Bullman responded by putting a careless field off base, getting two hits in five attempts and walking twice while batting in a run. Dickinson was the hitting star of the two games as he tripled and singled in the first game and batted in two runs with a single in the second.

Bryant clouted a double in the first game and played a creditable game in the shortfield. Williams turned in one of the busiest performances in 11 chances. He made three ferocious plays of the games by hand-sneaking snares to steal base hit and teamed with Hal Long to nail an over-ambitious runner trying to take an extra base after a catch.

Flowers, covering the outer pastures for the first time came up with an errorless performance while cutting loose two pegs which exhibited a fine arm and good base sense.

These revelations, combined with the known strength of "one prove to be a valuable component man bench" Fred Montedosa may be the formation of a winning combination for the Gators.

The Florida team, currently atop the Southeastern Conference race with four wins and two losses has only one game this week. The Gators lay a return game with the Lakeland Pilots at Gainesville Thursday afternoon.

Yale, Ohio State Are Favored In Swim Meet

AUSTIN, Tex., Mar. 23—(AP)—The first National Intercollegiate Swimming and Diving meet ever to be held in the southwest opens here tonight and more than 200 aquatic stars are on hand for the event.

Leading off in the only event tonight, the 1500-meter free-style race, will be record-holder Jack Taylor of Ohio State University. Taylor set the intercollegiate and NCAA records last year at 18 minutes, 36.3 seconds.

Thirty-three colleges and universities are entered. The meet is expected to be another battle between Yale and defending champion Ohio State for team honors.

SPORTS MIRROR By ASSOCIATED PRESS

TODAY A YEAR AGO—Middleweight Champ Jake LaMotta stopped Chuck Barber by a technical knock-out in the sixth round of their non-title bout at Cleveland.

FIVE YEARS AGO—Vern Stephens, St. Louis Browns shortstop, jumped to the Mexican League to play with Vera Cruz.

TEN YEARS AGO—Wisconsin defeated Washington, 39-34, to win the N. C. A. A. Basketball title at Kansas City.

TWENTY YEARS AGO—Michigan won the National Collegiate swimming championships at Chicago.

Dick Bradley, Boston University's hockey goalie, scored for park commissioner in his home town of Watertown. He was defeated by a slim margin.

BUILDING YOUR DREAM-HOUSE?

Lucky You! ...and Happy Living!

Don't forget tomorrow's modern living will be more and more electric. So be sure your plans allow for adding future electric helpers...to give you more and more comfort and leisure...and to keep your resale value high when and if you want to sell.

BE SURE IT'S WIRED FOR TOMORROW'S BETTER LIVING!

ALL-ELECTRIC MEANS EASY, BREEZY HOUSEWORK!

A cooler, cleaner kitchen with electric range, refrigerator and water heater...electric laundry...electric help...all over the house...be sure to provide for these essentials now...with plenty of extra outlets and wiring for more time-saving, work-saving electric wonders to come.

ELECTRIC "HEAT BEATERS" FOR SUMMER COMFORT!

Planning for an "attic fan" to cool your whole house costs little extra—you can decide later on its installation. Air conditioning makes your climate so agreeable. And the cost is surprisingly low. So no modern family need suffer in summer...it's easy and cheap to beat the heat electrically.

Allies Throw Back Chinese Counterattack

Artillery Barrage Is Laid Down In Front Of Advancing Reds; Air Battle Fought

TOKYO, Mar. 30—(AP)—American big guns today stalled the first Chinese Red counterthrust in six weeks along the western Korean battlefield.

Doughboys spotted the Chinese moving along a mountain trail north of Uijongbu. U. S. artillery pounded the mountain and by dusk the Reds still had not pushed through the curtain of fire.

Bitter, close-range fighting flared all day throughout the area. The Americans won a commanding hill with a hand-grenade attack that tumbled Reds back on their heels.

The fury of Communist attacks forced Allied troops to give ground at several points along the front just south of the Red Korean border.

The Reds have moved 30,000 fresh troops into the front. Long lines of vehicles pushed Communist troops and supplies toward the battlefield.

Allied air spotters Thursday night tallied 2,000 Red vehicles—the largest count of the war—jamming the Red Korean transport network.

The Communists appear to be making troops and supplies for a spring offensive. Allied commanders predict the Reds will hit during the first three weeks of April. Seasonal rains turn the Korean countryside into a vast quagmire during that period. Deep mud would bog down U. N. armor.

The Communists threw their counterattack at Allied forces on the western front. Details were withheld.

But there was every sign the Reds had stopped their retreat and would make a stand along the Red Korean border.

American troops on the east central front moved closer to the border than they have ever been on their present drive.

They met no opposition. Censorship withheld the details.

Field dispatches said Allied forces made a striking pushback in a few areas of the western and central fronts.

The Reds poured heavy artillery (Continued On Page Four)

Trumans Greet French President

Guest will visit, French President Vincent Auriol (right) is introduced to Mrs. Truman by the nation's Chief Executive following the former's arrival at Union Station, Washington, from New York. Looking on (rear, l. to r.) are: Brig. Gen. Robert B. Landry, Air Force Aide to Truman, and Rear Adm. Robert L. Dennison, Naval Aide to the President. (International Scoutphoto)

Donna Lou Harper Is Selected As "Rose Queen" At Glee Club Dance

Miss Donna Lou Harper, a Seminole High School senior and the daughter of Mr. and Mrs. D. L. Harper, was selected and crowned as "Rose Queen" at the Rose Ball held last night at the Armory and sponsored by the High School Glee Club.

By receiving this honor, Miss Harper, slender brunette, about five feet two inches in height, will represent the Seminole County Junior Chamber of Commerce in the "Miss Florida" contest at the Jaycees national convention in Miami in June. The winner of this contest will compete in Atlantic City in late summer for the title of "Miss America."

Miss Harper in addition to receiving the four day trip to Miami, will represent the High School at the Jaxcees dance Saturday night at the Armory. She will be escorted by Bruce Bridges, Miss Carolyn Feltus, her attendant, will be escorted by Stanley Brumley, and Miss Norma Faye Harry, the other attendant, by Clarence Claus.

In addition to appearance, the basis on which the judges made the selection was that of vivaciousness, friendliness, character and contribution to the success of the dance. This contribution included aiding in the decorations.

No elimination process was used by the judges, who simply observed the couples as they were dancing and during the grand promenade. Judges were (Continued On Page Three)

Rampaging Rivers Inundate South As Spring Rains Hit

Alabama Farmlands Are Under Water Near Montgomery

By ASSOCIATED PRESS

Two days of tremendous rains have sent floodwaters swelling over thousands of acres in the deep south and have brought huge damage to highways, farms and homes.

Alabama was hit hardest. Two persons drowned in Mississippi, North Georgia braced for the impact of rampant rivers, Louisiana was soaked.

In west Alabama two rivers with big-shot names—the Tombigbee and the Warrior—sent lowlanders scurrying to high ground. (Continued On Page Four)

Civil Air Patrol Seeks New Plane And Landing Strip

An airplane for training purposes and a new air strip for landings were the major topics of the Civil Air Patrol at a meeting Wednesday night at the Armory. It was decided that the Civil Air Patrol should secure a plane that had been damaged in a hurricane at Jacksonville, and which he said could be put into proper flying condition. This work will be done at Daytona Beach.

With the Navy taking over the hangar at the Municipal Airport, it is planned to make the Armory a permanent meeting place, he stated.

Negotiations are being made with W. E. Kirchhoff to secure a piece of land west of Sanford for a landing strip during the period of the national emergency.

Wally Shantz, state aviation director, will be here in the near future to inspect the strip prior to issuing a permit. It is located east of the A.C.L. training track, with the Paola Road bordering it and measures 400 by 3500 feet.

The date of the formal opening of the grass landing strip will be announced when plans are completed. It is reported to be in good condition, and only about one half days work with a bulldozer will be required, said Lt. Reanley.

Attorney General Claims Police Need More Money To Fight Crime

TALLAHASSEE, Mar. 30—(AP)—Attorney General Richard Ervin thinks Florida law enforcement officers should have more money to spend fighting crime.

He also thinks they should be subject to recall by the people before the end of their terms if they don't carry out their duties properly.

Ervin made both recommendations yesterday in a letter to Governor Warren in accordance with one of his constitutional functions.

He also recommended State Supreme Court justices should be paid \$15,000 a year instead of \$10,000, that they should be given research assistants to help with their work—and that the Legislative Council should be given a constitutional amendment to relieve them of overwork. Others have suggested adding two or three justices to the seven-man court.

The Attorney General repeated his earlier recommendation that the 1949 law against bookmaking on horse races be lightened by prohibiting transmission of race results during certain periods, prohibiting printing of bookmaking information charts and other aids, and permitting the Utilities Commission to listen in on telephone conversations and read telegrams if they have a (Continued On Page Four)

Warren Aide Says Sullivan Is Still Lying

Press Secretary Hits Crime Group Head For Not Being Able To Prove Charges

TALLAHASSEE, Mar. 30—(AP)—Governor Warren's press secretary said today the Governor is expecting Miami Crime Commissioner Sullivan to prove his mendacious activities Saturday night.

The dictionary defines "mendacious" as lying or false.

Press Secretary Loyal Compton distributed a statement by himself in which he said "Governor Warren expects that Daniel P. Sullivan, the well known liar-lie-here, will resume his mendacious activities Saturday night. Governor Warren hopes that those who hear Sullivan's broadcast or read about his radio lies will keep in mind these three facts:

"(1) That Daniel P. Sullivan has told three blatant lies about Governor Warren in his last two broadcasts;

"(2) That Governor Warren challenged Sullivan to prove that three were not absolute, outright lies;

"(3) That Sullivan has failed to prove he was not lying and the five members of the State Racing Commission have publicly stated that Sullivan's allegations are not true.

"As a matter of common decency, Sullivan ought to cease releasing his lies about Governor Warren until he can prove that (Continued On Page Eight)

Foreign War Vets Put On Campaign For New Members

Post No. 32, The Veterans of Foreign Wars is seeking to increase its membership which now is 65, said C. W. (Pat) Johnson, commander.

Any veteran of any war who served overseas is eligible to join. Applicants may contact Commander Johnson at Holler Motor Sales, (Continued On Page Four)

No Florida Cities Listed As Targets

WASHINGTON, Mar. 30—(AP)—Civil Defense Administration officials said today that no Florida cities are listed as targets for any air attack on this country probably would come across the polar regions to strike first at the northwestern United States.

A House Appropriations Committee report made public today also quoted Caldwell as having described as "critical target areas" Washington, Baltimore, Richmond, Atlanta, Birmingham and St. Louis. He referred to Chicago, Seattle, Portland, San Francisco, St. Paul and Los Angeles as other likely objectives of enemy attack.

Committee Chairman Cannon (D-Mo.) said General Hoyt S. Vandenberg, Air Force Chief of Staff, told the committee "at least 70 percent of an attacking air force would be able to reach their U. S. targets."

This testimony was given during secret committee hearings on the defense agencies' requests for money.

Bunchie Gets Award

NEW YORK, Mar. 30—(AP)—Dr. Ralph Bunche, United Nations Palestine mediator and winner of the 1950 Nobel Peace prize, has been selected to receive the 1951 Four Freedoms award.

The award to Bunche was announced yesterday by former State Supreme Court Justice Ferdinand Pecora, chairman of the Franklin D. Roosevelt four freedoms award committee.

JOHN BENEFITS

TALLAHASSEE, Mar. 30—(Special)—Unemployment compensation payments totaled \$54,102 during the week ending Mar. 23, an increase of \$1,940 over the \$52,162 paid out the previous week, according to reports from the Florida Industrial Commission.

Payments in Seminole County totaled \$176 during the week ending Mar. 23. Eleven counties had no unemployment compensation paid out during the week.

Recipients also increased during the period from 3,486 to 3,822. This was a gain of 143 recipients.

SCHOOL COLLISION

NEW YORK, Mar. 30—(AP)—Two freighters collided in dense fog and rain off the New Jersey coast near Dawn today.

The Coast Guard said the collision, about 30 miles northeast of Atlantic City, involved the 5,625-ton Icelandic freighter Boel Inveoer and the 2,700-ton Danish freighter Astra.

Early reports said the Astra had settled stern, and that her crew had left her, and boarded the Inveoer. No injuries were reported.

DiSalle Says Rationing Is Not In Sight At This Time

A Five Way Handclasp Marks Crime Probe End

THE SENSATIONAL INQUIRY AT AN END, at least temporarily, members of the Senate Crime Investigating Committee are well pleased with the results as they join in a five-way handclasp. They immediately went into executive session, during which they will prepare a report and make recommendations for amending the nation's gambling laws. The five (l. to r.) are: Sen. Lester Hunt (D-Wyo.), Herbert O'Connor (D-Md.); Chairman Estes Kefauver (D-Tenn.); Alexander Wiley (R-Wis.) and Charles Tobey (R-N.H.).

President Auriol Visits U. S. Naval Academy In Rain

Schuman Meets With Acheson To Demand Part In Malta Meet

ANNAPOLIS, Md., Mar. 30—(AP)—President Vincent Auriol of France visited the U. S. Naval Academy today, but the pageantry of his state visit was dimmed by a misty rain.

The French caravan bringing the official party from Washington arrived at one of the Naval Academy gates at 11:33 A. M., only three minutes before scheduled.

A full Marine honor guard was drawn up there, the men in their dress blue uniforms. The Naval Academy band played the French national anthem and the academy salute gun boomed out 21 times.

For the benefit of those who are not in Annapolis, the ceremony was broadcast by the University of Nebraska, which speaks Friday, Apr. 6, at a luncheon sponsored by the Chamber of Commerce at the Mayfair Inn. All local business men are invited to make reservations in as soon as possible.

Rail Unions Agree To Negotiate With Truman Arbitrator

Disagreement Centers On Working Rule On Coupling Air Hoses

WASHINGTON, Mar. 30—(AP)—The Brotherhood of Railroad Trainmen today accepted a proposal of railroad carriers that President Truman name an arbitrator in their long dispute, but three other operating unions declared they would go along.

Even the acceptance of the trainmen, announced by President Truman, was not without controversy.

William J. Bird, Program Advisor for the Southeastern Division of the Chamber of Commerce of the United States, a native of Missouri and a graduate of the University of Nebraska, will speak here Friday, Apr. 6, at a luncheon sponsored by the Chamber of Commerce at the Mayfair Inn. All local business men are invited to make reservations in as soon as possible.

Empty Greyhound Bus Overtakes On Orlando Highway

The driver, D. J. Jeffery, who was driving the bus from Jacksonville to Tampa, was unhurt, and climbed out of his upside-down car by the time another bus, about 100 feet behind, arrived at the scene.

He stated that at the time he was traveling about 25 miles an hour and as he approached the curve, felt the bus start to skid. "I speeded up a bit to get control," he declared, "but the back end swung around and the bus hit the curb and turned completely over."

The bus missed two road signs (Continued On Page Six)

Brumley Replaces Haynes As Member Of School Board

John L. Brumley, east side grower and operator of the Sanford Boat Works, received notice last yesterday from Governor Warren appointing him a member of the Seminole County School Board to fill the unexpired term of Walter Haynes who recently resigned from the office.

Last night Mr. Haynes received a letter from Governor Warren, accepting his resignation, and commending him for his long and faithful service as a member of the School Board.

Mr. Brumley, who is 45, was born in Sanford, a son of Mr. and Mrs. L. A. Brumley, attended local schools and Seminole High School. (Continued On Page Four)

Collision Damages Two Automobiles

Two automobiles were damaged in a collision at Celery and Locust Avenues yesterday at 6:25 P.M. E. J. Enloe, driver of a 1947 Chevrolet Sedan, was charged with running a stop sign and driving while intoxicated. He was going north on Locust Avenue.

The other automobile, a 1949 Studebaker Sedan, traveling east on Celery Avenue and driven by Leon Walker, 36, had damage estimated by police at \$600. Damage to the Chevrolet was put at \$350, according to Patrolmen C. B. Sparks and C. W. Snider.

Judy Holliday And Jose Ferrar Win Film's Highest Awards

HOLLYWOOD, Mar. 30—(AP)—Judy Holliday, the junk dealer's squeaky-voiced babe in "Born Yesterday," won the Academy Award last night from two mature actresses, Gloria Swanson and Bette Davis.

Jose Ferrar was given the top male Oscar for his swaggering performance as the bullheaded Cyrano De Bergerac. For the first time in motion picture academy history, neither winner was present. Both Miss Holliday and Ferrar are in New York.

Statuettes for the best supporting roles in 1950 were bestowed on Josephine Hull, the flittering sister in "Harvey," and George Sanders, acid-tongued critic of "All About Eve."

"All About Eve" captured honors for the best film of 1950, winning five other awards.

Miss Holliday nearly missed well. Its writer-director, Joseph (Continued On Page Four)
