Dan was signed up as a rookie catcher as understudy to gents like Ira Thomas, Mickey Cochrane, Lapp etc., and even this brand of competition didn't keep Dan on the beach all the time because he gut in some 32 games and displayed his knowledge and ability with the war club to a right smart degree.

Connic Mack said it was well worth while having Dan on the club, because no matter how but the club looked during a slump, he could

latter to find a new home in Toledo, had a helpful chain cention effect on Charleston. The return of boseball to Toledi erased some of the legal difficulties in which the genial Menetalez has been enmeshed since he came here. For example, the blighted matter of his leave on Some Filld in

Toledo, which still had this season to run, is taken care of by the former Brewers.

The Sonators still are under a receivershop, set up to operate the club pending settlement of the matters in court. But the obstacles of dissolving the receivership are gradually being removed.

Moneodex now is able to spend less time with hwyers and more on baseball. Maybe he and Hecker will field a team that will be able to improve upon the prospect voiced recently by a hopeful but cautious Charlesten fan, who said: "We at least ought to finish a stronger eighth this season."

SHS Faces "Acid Test" Against DeLandHere Tonight Fleischer Will Hurl For Sanford Nine Crooms Academy Wins Its Season's Opener From DeLand, 11-7

"test by fire" as the Feds attempt to head off the red hot DeLand High diamond combination at 8:00 o'clock in Memorial Stadium. Speacheaded by lanky hurler Curry Lindsey and Ray Henry, a peppery backstop, the Buildogs

have definitely proved them-selves to be one of the more formidable prep nines in Cen-tral Florida. In addition to being undefeated in East Florida Con-

Hubbs Hisbee

ference play the Volusia Countlans have also blasted over several tough non-conference teams, one of which was Boone High School of Orlando.

In that game Lindsey white-washed the Indians on only three hits while his mates were backing him up with twelve runs in only seven innings. Lindsey, by the way, is the same chunker who eliminated the locals from last year's Group baseball tournament.

In all probability, the drawling curve-baller will oppose the Feds tonight. There is a possibility, however, that rather than Lindsey, Tom Peterson, a fast-balling south-paw, who thoroughly alarmed the Sanford Legion nine on two occas-ions last summer will ascend the hill for the visitors.

The Seminoles, on the other hand, will counter Lindsey and the Buildog slugging with "Mighty Mel" Fleischer and a flashy defensive infield. Fleischer, in every contest in which he has opposed the DeLand ace, has matched him pitch for pitch. And although he took the loss in the aforementioned tournament encounter, the only two runs he surrendered were of the un-earned variety. On the basis of this fact many observers see in the William, P offing one of the tightest pitching Demos, LF duels ever witnessed here in prep baseball circles. In view of the anemic SHS of Croom fensive record the only other forte the Feds will be able to offer will the reads will be able to other will be that tight inner combo con-slating of rifle-armied Talmadge Virgil Metts Jr. at third, fluid-like Dil Sheffield playing short, dimunitive Russell Mann guarding the keystone, and three year yet Bobba
