

## Sinkwich Leads Columbian As Top Football Player

By DAVE HOPKINS  
CHICAGO, Oct. 29 (AP)—Frankie Sinkwich of Georgia has put two field lengths between himself and Columbian Paul Governall in their feud for ranking as 1942's leading ground gainer.

And Frankie owes much of his success to a fellow who is the target for most of the hits—Lamar Davis.

The American football statistical bureau reported today that Sinkwich has gained 1170 yards by passing and running in six games to take a commanding 200-yard margin over Governall, who has played in one less game.

And Davis, the Georgia sprint

star, who occasionally takes Sinkwich's passes, has gathered in 13 of them on plays covering 418 yards—almost an unparalleled mark.

Last Saturday against Cincinnati two touchdown passes from Sinkwich to Davis gained 80 and 89 yards, longest such performances of the year, a record for Sinkwich, who a week ago held a stately 75-yard edge over Governall, moved so far in front that it appears only injury—or maybe Atlanta this week can put a stop to his rush.

Training Sinkwich and Governor all week, Missouri's Bob Steuber, 102 yards in five games; Arizona's Bo Edman, 870 yards in five games, and T. J. Roy McKay, 83 yards in six games. McKay rose from fourteenth place when statistics from one unreported game were received by the bureau.

Steuber's advance from fifth to

third in total offense was made possible by 137 yards of ground gained against Iowa State, and this vaulted the Missouri boy into the lead. Individual rushing with 635 yards, Rudolph (Little Dot) Nobley of Hardin-Simmons came from sixth to second, while of Ohio State climbed from seventh to third with 560 yards. Ruman of Arizona dropped from second to fourth with 531 yards and Bob Margarita of Brown from the lead to fifth place with 520 yards. In their statistics on the Brown-Princeton game failed to reach the bureau.

Chester B. Diahong, United States Marshal for the southern district of Florida, was featured in the current issue of "Official Detective," magazine, covering cases solved by Diahong while serving as sheriff of Hardee County.

## Troops In Solomons Destroy 12 Japanese Tanks In Past Week

Torpedo Boats Hit Destroyer While Reinforcing Jap Troops On Island

(By Associated Press)  
On the Solomons they have won a critical battle of armored trucks in Stalingrad's northward factory district and reported the relief offensive has smashed into the German defenses in the Volga Don corridor.

In the Caucasus the Russians conceded a new setback in the Nalchik plateau.

(By Associated Press)  
WASHINGTON, Oct. 30. (AP)—The Navy announced today that American troops on Guadalcanal had destroyed 12 Japanese light tanks in the last week and in the last two days torpedo boats scored a torpedo hit on a Japanese destroyer engaged in reinforcing enemy troops on the island.

The communiqué said island land fighting in the last two days was confined to small skirmishes, but American aircraft were bombing and strafing enemy positions west of the airfield, while enemy planes attacked American positions on Guadalcanal, but all their bombs were dropped into the water, and inflicted no damage.

Yesterday's late communiqué announced that Japanese forces broke through American lines on Guadalcanal for the second time in two days, but counter-attacking Marines and Army troops drove them back and held them until two subsequent thrusts.

As the Japs continued their relentless drive to capture the island, which had been held by the American forces, U. S. planes took off from the precious little strip of jungle clearing and pounded Japanese gun positions at Beaufort Field and also winged their way to Rabaul, nearly 200 miles to the north where they had bombed shore installations and destroyed four airplanes on the water.

The communiqué added that "no report of any recent action at sea or landing of enemy troops reinforcements (on Guadalcanal) has been received."

Meanwhile, news of a small raid developed furiously in the Guadalcanal area Sunday and then shifted 400 miles to the eastward in the general direction of American supply lines to the Solomons and Australia.

Latest developments in the savage battle for control of Guadalcanal were revealed a few hours after the army high command here shouldered a share of responsibility for the decision which launched the Americans offensively in the Solomons Aug. 7.

### No Excuse For "Loafers" Says Police Chief Roy Williams

#### Beardall States Loafers Should "Work Or Fight"

ORLANDO, Oct. 30. (AP)—"Check all pool rooms and juke joints. Any negro who is not employed should be picked up, arrested on charges of vagrancy," signed by Police Chief J. C. Stone and backed by Mayor William Beardall, the order signified the start of a campaign begun yesterday to clear Orlando of idlers and loafers.

Mayor Beardall instructed the police department to arrest men in Orlando who are able to work, but who are found loafing and loitering around the street corners.

"Those men who have refused to work because they have been living on charity or the good graces of their relatives will be arrested by the city on charges of vagrancy and made to work on city streets or at other labor deemed necessary by the city government," Mayor Beardall declared.

He said that he had received numerous reports from many sources that men wanted for gainful work have refused employment.

"Unless a man has a legitimate excuse to be on the streets late at night, such as going to or coming from work, he should be compelled to work, and upon conviction, shall be sentenced by a fine not exceeding thirty dollars or imprisonment not exceeding thirty days."

He said that he had received numerous reports from many sources that men wanted for gainful work have refused employment.

"Unless a man has a legitimate excuse to be on the streets late at night, such as going to or coming from work, he should be compelled to work, and upon conviction, shall be sentenced by a fine not exceeding thirty dollars or imprisonment not exceeding thirty days."

City ordinance Section 161 reads: "Loitering on Streets. Any person or persons who may be found in the city loitering from day to day upon the streets of the city or in or around the parks, wharves, docks, buildings, or premises of any kind, having no reasonable means of support shall be considered vagrant and disorderly person, and upon conviction, shall be sentenced by a fine not exceeding thirty dollars or imprisonment not exceeding thirty days."

Education Is Now More Vital, Says School Board Man

J. A. Blaillie of Longwood, who in the second primary, defeated W. B. Ballard of Altamonte Springs for the nomination as member of the County Board of Public Instruction in District number two, today stated that in his opinion, education is more vital to the life of a community than politics.

"In particular, I think that educational training for high school students is especially needed at the present time," he added. "Part of my interest in education is due to the fact that I have two sons in school: John A. Blaillie Jr., who is a candidate in physics at Bellies, and Frederick, who is a junior at Lyman School. Mrs. Blaillie, also has directed my attention to school activities during the time she was president of the P. T. A. in Longwood for 20 years. I have a totally new contact with school media."

Mr. Blaillie has been a member of the Seminole County Chamber of Commerce for some time.

American Youth Turns Saboteur

CHICAGO, Oct. 30. (AP)—A dramatic story about an American youth who went to Germany and came back to this country as a Nazi saboteur was told yesterday at the trial of his parents.

Commander Smith has requested all owners of horse-drawn vehicles to draw on oxen-drawn vehicles to help him for participation in the parade.

The young man, who also went to Germany but returned and joined the U. S. armed forces, is now serving in the U. S. Marine Corps, testifying against his parents.

William Thomas Jackson, 26, as leader and other members of the command committee, Mr. George Schramm, chairman of the civilian recreation, will be chairman of the afternoon entertainment.

Commander Smith has requested all owners of horse-drawn vehicles to draw on oxen-drawn vehicles to help him for participation in the parade.

The young man, who also went to Germany but returned and joined the U. S. armed forces, is now serving in the U. S. Marine Corps, testifying against his parents.

Members of the Christian Science Church will conduct services for the Seminole County Chamber of Commerce today, and the Seminole County Chamber of Commerce will hold its annual dinner the night of Nov. 10 at the Mayfair Hotel. The honor guests for the occasion will be Major General H. G. Johnson, commanding general of the National Guard, and his staff.

No Non-War Expenses To Be Cut Even More

WASHINGTON, Oct. 30. (AP)—Heads of government agencies may be called into unprecedented conferences soon in an effort to save non-war expenditures to the bone in the new budget.

Senator Neikirk (D-Tenn.) as author chairman of the Appropriations Committee, has recommended to trim out unnecessary items before they get into the budget.

G. W. Sproul will speak on the "Bill of Rights of the Negro" next Monday at 11:15 at the Auditorium.

The Sanford Board of Education will meet Saturday morning at the Orange Grove Hotel, Frankfort Avenue at 7:30 o'clock.

F. D. R. Urges U. S. Citizens To Vote

WASHINGTON, Oct. 30. (AP)—Democrats urged voters to turn out in large numbers to the polls Saturday morning to elect a new Congress.

President Roosevelt today informed his press conference that no decision has been reached yet on the issue of national service, but he added that the feasibility of compulsory registration of women is under consideration.

### Aussies Rest In New Guinea

Deep in a New Guinea jungle, a group of Australian soldiers rest for a while after pursuing the retreating Japs through the Stanley mountains. A large gathering of natives gathered outside the Allies with interest. Most of the natives are anti-Jap and actively aid the Allied forces in their efforts against the Japanese army of invaders.

Major W. C. Hill stated this morning that he had instructed Chief Williams to round up all loafers and idlers.

"We are especially concerned with rounding up those who state that they are not interested in work," he added, "and we have a city ordinance that takes care of their case."

City ordinance Section 161 reads: "Loitering on Streets. Any person or persons who may be found in the city loitering from day to day upon the streets of the city or in or around the parks, wharves, docks, buildings, or premises of any kind, having no reasonable means of support shall be considered vagrant and disorderly person, and upon conviction, shall be sentenced by a fine not exceeding thirty dollars or imprisonment not exceeding thirty days."

Education Is Now More Vital, Says School Board Man

Commander Arrives At Naval Air Base

Comm. E. Major Hughes, United States Naval aviator who recently returned from duty in the Pacific and is now in charge of the Sanford Naval Air Station when it was commissioned Tuesday, sat yesterday evening in the office of Capt. John A. Blaillie, who took part in the battalions war.

Major Hughes was welcomed by Capt. John A. Blaillie, who is in command of the station.

Commander Hughes will be in charge of the station for the first time.

Commander Hughes will be accompanied by Capt. John A. Blaillie, who is in command of the station.

**BIBLE VERSE FOR TODAY**

THINK HIS THOUGHTS AND  
YOU WILL DO HIS DEEDS Let  
this mind be in you which was  
also in Christ Jesus Philippians  
2:5.

(From The Saturday Review of  
Literature)

**WHAT** cat asks any one's advice  
On how her kitten should be  
raised? His best concern himself to  
him. If his past history song be  
praised?

The fish that travels up the  
stream. The fish that wings the summer  
air.

Demand no outer chart nor guide  
To lead them on their own ad  
vair.

O mind you have too many  
thoughts in your minds of men long  
dead.

One thought says, this one  
Denying what was said.

Even the heart has been to school  
No school stops and  
Bids it obey. It hastens  
Checked, buffeted, unsure.

ELIZABETH COATSWORTH

Dedication exercises for San  
ford's new naval base will be held  
in the near future.

If you would have good teeth  
drink plenty of milk. Milk has  
lots of calcium in it which is  
needed by the teeth.

Don't put off your Christmas  
package to your soldier son or  
sweetheart. Only those which are  
mailed early can be expected to  
arrive in time.

There seems to us to be a good  
deal of sound common sense in  
Senator Andrews' recent warning,  
"We need less talk and more  
work," he says.

Gov. Holland is making a power  
ful stand for the gas tax amendment. And the people  
will thank him for it once they  
make use of the services of this amend  
ment.

We are glad to see General  
MacArthur denying any personal  
political ambitions. Launching a  
post for president for him now  
would probably impair greatly his  
military usefulness.

Now that we can no longer get  
coffee to keep us awake at night,  
we suppose we'll have to lie a  
wake anyway just worrying about  
whether there'll be enough to  
wake us up in the morning.

With more American troops  
arriving in Liberia, it may be  
that the United Nations are go  
ing to take Rommel from the  
rear after the British fight  
through battering him from the  
front.

Clark Gable has won his last  
as a full-fledged lieutenant in the  
Air Corps. And he did it in the  
hard way. No "quickie" promotion  
for him. Few men, and no  
women at all, will begrudge him  
this honor.

By the way, what ever became  
of that Indian chief? Wasn't it  
concerned out of existence? Oscar  
Bacon. If the British want to be  
permanently rid of the Indian  
chief, perhaps they should give  
the country back to the Indians.

The army has been recruiting  
at the state insane asylum. And a  
newspaper editor tactfully remarks that "they must be bring  
ing short of censors." Titusville  
Star-Advocate. They'll take  
a man now regardless of his censur

An exchange quote: a restaura  
nt owner in a neighboring  
city was summing up the labor  
situation as follows to a customer  
complaining of poor service.  
"Customers like you we can al  
ways get, but try and get the  
waiters."

Interesting statistics, if true,  
come from Russia where the Mos  
cow radio reports 20,000,000  
people have been killed and 87  
wounded during the first 87  
months of the war. Such figures,  
however, must be taken with  
a grain of salt as they are based  
not only on guesses, but also on  
propaganda.

**The Man Power Problem**

Senator Claude Pepper, realizing the dangerous conditions existing among the civilian population of our country as a result of so many physicians entering the armed services, has asked President Roosevelt for a survey of medical services available and a reallocation of doctors and surgeons so that some places in the South with fewer than one doctor per seven thousand people may be at least partly relieved.

Unfortunately it is not alone in the medical profession that this manpower shortage exists. Virtually every business and farmer with whom we are acquainted is confronted with this apparently insoluble problem of securing sufficient help to carry on. Hundreds of vital civilian enterprises have already been forced to close for the simple reason that no one was left to keep them open. And we suspect that if there is no sure way of losing the war, it is to destroy the home front.

Unfortunately too this manpower shortage is not due entirely to the demands of war industries or of the Selective Service act. These are just demands which must be met. But the real problem, and one which is easily remedied, lies in the vast accumulation of antiquated laws, restrictions and prohibitions originally devised for entirely different conditions from those of today and still cluttering up our statute books, which no one in Washington has thus far shown the foresight or the courage to eliminate.

While the President's committee is making its survey of the medical profession, it should also investigate the Surplus Commodities Corporation to determine what effect these free will offerings of food and clothing to anyone who will come and get them is having on our inability to hire necessary labor. It might easily be that some people simply will not accept jobs in private business as long as the government will feed them for nothing.

And the President's committee should also investigate the practices of various State Industrial Commissions to see if they are now paying unemployment insurance benefits to people who allege they are unable to find work. We know for a positive fact that our own State Industrial Commission is paying such benefits, and we do not understand why a reserve fund can be built up from the taxes we pay for this purpose if benefit payments are discontinued among small groups of lazy or dishonest people at the very peak of a manpower shortage.

And we would like to know what effect this 40-hour week law is having on our failure to find sufficient help. Theoretically, we know that men can be worked longer than 40 hours if they are paid time and a half, but it may be that some business men are finding it more efficient to hire two men for one man's job and avoid the time and half. If this is so, half as many men could easily do the work that all are now doing.

Inadequate space and the manpower shortage forbid that we enumerate all the laws which have created the labor shortage, but suffice it to say that it is a man-made shortage and not one thrust upon us by an unsympathetic Divinity. We can eliminate it if we want to. We can get all the help we want without importing it from China. We can survive in the government takes off the shackles.

**Food From Florida Fields**

The government is calling on Florida vegetable growers to produce as much or more foodstuffs in the year just ahead than was produced in 1942. The requirements have been placed before Florida vegetable farmers by H. D. Clayton, head of the Florida U. S. D. A. War Board. Mr. Clayton points out that the goals set for 1942 embrace about the same acreage as in 1942 but with a shifting to certain vegetables which have more food value than others. Here is what Florida farmers have been asked to plant:

Lima beans 6,300 acres, or 1,300 more than 1942; snap beans 69,000 acres, or 8,000 more than 1942; green beans 3,800 or 300 more; cabbage 18,000, same as 1942; tomatoes 28,000, same; green peppers 5,000, or 800 less than 1942; lettuce 3,000, same; escarole 1,000, or 200 less; celery 7,500, or 2,400 less; watermelons 17,000, or 4,500 less; eggplant 1,900, or 400 less; cantaloupes 500, same; and cucumbers 7,000, or 2,700 less. These do not include canning acreage.

It will be noted that a considerable reduction is called for in celery and watermelon. The matter of food value enters here, particularly in relation to melons. Also, it appears that the government will restrict assignments of cars for hauling watermelons through the country, because they are bulky, low in food value.

Food value is going to count now and until the war is over Food value is going to count now and until the war is over

Bradenton Herald

**WHAT ABOUT YOUR SOLDIER?**

By MRS. ERNEST HOUSHOLDER

Here is a thought. Soldiers hammered with all its whole  
body clinging to and living up to it. It is a quotation from Ed  
ward Everett Hale's Quote:

I am but one. But I am one.

I can do nothing. But I can do something.

What I can do, I ought to do. And what I ought to do  
God helping me, I will do.

If all of us here, at home in all  
walks of life, in all branches of  
endeavor, in all our varying faiths  
or beliefs, if all of us, each and  
every one both young and old,  
would grasp that thought and  
rely upon it, we would have  
a spirit in this America, which  
would make a fierce, bombs  
could never destroy. And tanks  
could never crush. America  
would be impregnable.

Simply because though that  
truth had never read Edward  
Everett Hale, he saw a job he  
ought to do and God helping  
him, he did it!

Let us here pay tribute to Mr.  
James Moughton, Commissioner  
of Parks for the City of Orlando,  
Fla. Without Mr. Moughton's  
wonderful spirit and co-operation,  
we could never have had the  
successful band-off programs for our  
boys which we have had. So  
much depends upon a setting and  
Mr. Moughton has been responsible  
for the physical arrangements for each group leaving no  
one involved.

Dear Mr. Moughton, please  
accept the thanks of the whole  
band-off Committee through the  
medium of this column. Just  
between you and me, children  
we know you'd be glad to do it  
anyway, we have a little humor  
that each time you set up the  
setting for one of these programs  
you're thinking a little bit about  
that grassmen down in Panama.

The snake writhed and twisted,  
but the valiant thrush hung on.  
Finally, as the snake became  
quieter, the thrush would release  
its hold from one spot only to  
lose the snake by another. It was  
now a boy, Lee,

In this second World War.

We asked Mrs. Mansfield for  
news on Lee, who is stationed in  
Camp Young, Calif., and it was  
then that we learned she had lost  
three boys in the first world war.

Mrs. Mansfield had three boys  
in that first war, they were George,  
Fred and Percy. Fred and  
Percy were killed when their ship  
was sunk in the British Channel  
on Sept. 28, 1918.

Fred, you know, was in the radio  
business with his brother, Frank,  
until he volunteered. He has had  
three promotions since joining  
and we think that's pretty nice  
going.

Fred makes this report in one  
of his letters. "We have all new  
radios, a new radio and a swell  
food, and plenty of it. We are

sitting right on the inlet with  
shade trees along the shore. It's  
good to be alive in a place like  
this. What more could we ask?"

That's wonderful, Soldier! Good  
luck to you from us.

Fred has many friends in and  
around Sanford who will be in  
tended to this news of him and  
his brother. Here is a letter from  
Mrs. Frederick Bauer, C. P. 5th  
Terrace, Hudson Soda, N. B., New  
River, North Carolina.

Gilbert Erickson, son of Mr.  
and Mrs. Alfred Erickson has en  
tered the Armed Forces of the  
U. S. That makes two sons

of the Ericksons in our  
service. Father, Alfred, the  
youngest boy, went sometime ago  
to Gilbert from the Sanford High  
School in 1930. Later he was a member in the National  
Guard for three years.

Gilbert says that he likes it  
fine and that they receive splendid  
training.

Gilbert has been away since  
July 1, 1942, so by now he  
must have had time to judge  
everything accurately. These boys  
certainly do praise their army  
no matter what branch of the armed  
forces they have elected to enter.

That makes us happy.

Gilbert is with the Medical  
Detachment and you can reach  
him by addressing Pvt Clarence  
Miss Dot Wiggins, with the as  
sistance of Mrs. Mayme Merle  
McLachlin, who directs the  
activities of the women in the  
army.

Incidentally, girls, since it's  
home stuff, you're digging out  
but don't turn "Winchell" on us or  
we'll use the key hole where you  
are concerned. Well tell all those  
boys out front how you all are  
thriving around back here with  
the Navy boys.

We'll tell them that you're  
helping the Navy or does that  
mean only four boys? We'll  
want to know.

Anyways, you're doing a fine  
job and you have a most capable  
director and we know the boy  
is enjoying every issue.

Private John K. Lawton, son  
of Mr. and Mrs. K. Lawton of  
Orlando, left for the front this  
month for Mount Pleasant  
Mission, Texas, after a ten day  
period spent with his parents.

John is in the air plane mechanics  
division and says he is delighted  
with his work. His address is  
Pvt. John K. Lawton, 80th Inf.  
Regt., Camp Chaffee, Ark.

John would love to receive let  
ters from his friends back home.

And, John's uncle, Professor T.  
W. Lawton, made a nice remark  
when he said, "John's job is not  
to fly, but to help KEEP 'EM FLYING."

And, listen before we pass on  
to other things. Jack a top Serg  
ant, signs himself simply, "A  
Soldier" Jack Kanner. Isn't that  
kind of nice? Modesty is a virtue.

Jack closed his letter because  
he was just arriving, but  
he was having wonderful  
care and attention at the hos  
pital.

He said, though, he'd love a  
letter and to give everybody in  
Sanford his best regards. (There  
they go, Jack!)

Jack's address is present  
Ngt. Jack Kanner, A. S. N. 140-  
31220, "A" Wing 80th Armed  
Force Field Art., Camp Chaffee, Ark.

John would love to receive let  
ters from his friends back home.  
And we're taking the moment to  
say, right here to everybody,  
when you write a soldier and don't  
receive a reply in a hurry, just  
say, "that soldier is a good  
soldier" with work or he may be just a  
little "down" about something, so  
write him again.

Our soldiers need letters. That  
is the backbone of morale in  
this man's army. So write a sol  
dier today.

Last Friday we asked for the  
letters from Gordon Lee Shriver.  
Gordon visited his mother, Mrs.  
C. H. Shriver, of Lake Mary  
last week end and don't think he  
didn't like it. Anyway, we can  
give him specific directions. He  
is stationed at the Banana River  
Air Base, Address: Gordon Shri  
ver, A. B. Seaman Guard, U. S.  
A. S. Box 24, Banana River,  
Florida. Gordon that Banana River  
is gorgeous and we hope you  
will enjoy it.

To Mr. Ned Smith, the members  
of the American Legion, and  
Ladies of the Legion Auxiliary,  
and all others who took part,  
we wish to thank you for the ex  
cellent program arranged and  
presented in honor of our  
Seminole County boys who left  
Sanford last Saturday morning,  
Oct. 24, for induction at Camp  
Blanding.

You sent these men off with  
a smile and a gladness in their  
hearts that they have that kind  
of spirit among their folks at  
home to back them up. They knew

they were doing a glorious job  
and they did it.

It arranges flags, platforms,  
chairs, card tables and plates.

You know that is no small task

and it calls for much thought  
and detail work—besides the le  
isure involved.

Dear Mr. Moughton, please

accept the thanks of the whole

band-off Committee through the  
medium of this column.

Just between you and me, children

we know you'd be glad to do it  
anyway, we have a little humor

that each time you set up the  
setting for one of these programs

you're thinking a little bit about

that grassmen down in Panama.

That's why you do such a grand  
job. By the way, "Hello, Baby!"

## Social And Personal Activities

MARJORIE ROSA COGBURN, Society Editor

Telephone 148

### Social Calendar

**FRIDAY**  
The Annual Holloween Festival of the Southside Primary School will be held Friday, Oct. 30 from 6:00 to 9:00 P.M.

Betrothal Announced

Ann Sheridan and Dennis Morgan have the starring roles in the thrilling new Warner Bros. film "WINGS FOR THE EAGLE" which will be at the RITZ Sunday and Monday.

### WHAT ABOUT YOUR SOLDIER?

BY MRS. ERNEST HOUSHOLDER

Secondhand from page two:  
gown. Are you and Gary still  
shaving together while Army  
who else is there up there? Any  
body we know?

Well, we had Gary come  
up to see us. He was tall and  
handsome, skin and all, and  
he attended the Central School  
and when we saw him some  
one was with him. It turned out  
she was with Camp Blanding,  
where he was still for some  
time. Since then, however, he  
has been separated from his  
comrades. As far as we can  
see, he has been alone ever  
since we last saw him. He  
is now in the Army and  
is a member of the 10th  
Infantry Division. He is  
now in the Philippines.

Sister Barbara Jeanne of  
Mr. and Mrs. Solley M. Pottman of  
1906 Franklin Avenue, San-  
ford, is a graduate of the  
High School and has com-  
pleted her first year at  
Florida Institute of Tech-  
nology. She is a member of  
the Alpha Gamma Delta  
sorority.

The new officers elected were  
Miss Barbara Jeanne, presi-  
dent; Miss Betty Petree, secre-  
tary; Miss Elsie Hartman, treasur-  
er; and Miss Helen Quisenberry,  
chancellor.

The next meeting will be Thurs-  
day afternoon.

### New Head Of Junior Auxiliary Is Elected

Mrs. Margaret W. Smith  
was elected president of the  
Junior Auxiliary Thursday after-  
noon at the home of Mrs. W.  
Smith, W. Third Street.

Other officers elected were  
Miss Barbara Jeanne, vice presi-  
dent; Miss Betty Petree, secre-  
tary; Miss Elsie Hartman, treasur-  
er; and Miss Helen Quisenberry,  
chancellor.

The next meeting will be Thurs-  
day afternoon.

## Seabreeze "Sandcrabs" 33-7 Celery Feds Trouce Daytona

Ripping and smashing their way through a bewildered squad of Seabreeze "Sandcrabs", the victory-hungry Sanford Celery Feds piled up a decisive win over Seabreeze, 33 to 7 last evening at the Horseshoe High School. On a day of the Feds' most faithful rooters and fans attended, having in their hearts some faint hope that perhaps the Feds might at sometime during the game, score a touchdown.

## Seven Jap Vessels Sunk By U. S. Subs Off Solomon Isles

U. S. - British Pilots Continue Raiding Lines And German Airbase On Crete

(By Associated Press) In Northwest China, a Japanese detachment was reported beaten by Chinese after attacking near Pao-tow, Szechuan Province. Another attack was repelled at two points in central China.

(By Associated Press) United States submarines sank seven Japanese ships and damaged three others, including an aircraft carrier sent afire, in a damaging blow around the Solomons Islands Friday evening at the Court House Bay.

This meeting, called by Leo Butler, president of the bureau, was in response to the wage freezing order of President Roosevelt, Oct. 3, in regard to farm labor; and committee composed of A. D. Abrams, Walter Mewin and Tom Jones was appointed by Pres. Butler to investigate wage scales for local farm labor, the prevailing wages paid during the last picking.

Another committee composed of T. C. Wathen, Tom Jones, Irvin Fletcher and John Brumley was named to act on the instructions or findings of the first committee and prepare a resolution setting for the classification of farm labor, and setting forth wages to be frozen, subject to the approval of the Bureau, which will again meet Friday evening.

This resolution will then be sent to the War Labor Board in Washington for approval, Mr. Butler stated.

Recent assertions by the local farm committees of laborers and vagrants could be arrested, brought the problem of part time labor sharply into focus before the gathering.

"It is very evident," said Mr. Mewin, "the farm workers who work only two or three days a week, and are then laid off either because they are not needed at the time, or as in citrus picking, may be regarded as idle. It therefore will be necessary to form some plan to pool labor, so it can be shifted as witnesses, be identified as witnesses, be identified for questioning by the Grand Jury."

Mr. Boyle, assistant state prosecutor, assisted Justice W. E. Williams in the inquiry.

John Lewis Oglesby, testifying as a witness, stated that an attorney had broken out earlier in the evening between his constituents on Sherman Griffith and Mrs. Morris, and that when they got to Art Dougherty's Tavern to go to Art Dougherty's Tavern, he was hit by Del Wainwright, who had just come from the open door. He was hit by Wainwright twice. It is believed that he was injured, and would be fit to testify for the defense.

Another thing we are going to have to guard against is that of labor recruiting; where great gangs of labor are taken to other sections at a time when they are needed here," Mr. Butler added. I have hope that the freezing law will control this, as well as wages."

The following were transposed as evidence:

WASHINGTON, Nov. 2. (AP) — Since the eating habits of the Nation may be changed in a drastic manner if some plans pushed in the Capital are adopted.

President Roosevelt is considering Donald Nelson's recommendation for the appointment of a food administrator to take charge of rationing and the balance of agricultural labor with industrial and military demands.

Secretary Wickard urged today that food production be maintained at its present levels if possible, as well as military and industrial needs can have adequate diets.

The other side of opinion is that military and industrial manpower cannot be met if food production is kept up. A recommendation for civilians of certain professions and occupations to be relieved of their duties and vegetables for the armed forces of this country and the allocation already made of farm machinery at 25 percent of 1940 is far too small.

Food Production Should Be Held At Present Level.

A recommendation for civilians of certain professions and occupations to be relieved of their duties and vegetables for the armed forces of this country and the allocation already made of farm machinery at 25 percent of 1940 is far too small.

WAAAC Situated In Four Daytona Hotels

DAYTONA BEACH, Nov. 2. (AP) — Four hotels in this city's oak-lined Ridgewood Avenue have been taken over by the U.S. Army for use of the WAAAC troops training here.

The hotels are the rambling frame structure known as "The Oaks", the adjacent "Inn" and Colonial Hotel, and the Duncan.

There are 400 beds in all, with 100 more being put in front of each of the houses on Ridgewood, saying "Army reservations—reserved."
