SANFORD, FLORIDA, FRIDAY, JULY 20, 1923

NUMBER 10

## PETITION BEING CIRCULATED FOR MUNICIPAL GOLF COURSE AND ATHLETIC PARKS

WILL BE HELD BY CITY AND BOND ELECTION CALLED FOR SAME

### FAIR GROUNDS

Will Be Included in Athletic Park and Recreation Ground With Golf Links

A petition is being circulated today on the streets asking the people to sign for the City Commissioners to call a bond election for \$75,000 for municipal golf links and recreation park and an athletic field and fair grounds. This is something that has been agitating the minds of the people for many months and should be settled by an election that will express the opinion of the people. It has come to the question of the city taking over the present golf links and country club, a property of 115 acres of land upon which there is already a fine nine hole golf course and a fine country club house and the most beautiful grounds in the state. The present club will lose what they have spent on the proposition as it will all go to the city in its present shape. The city can put in nine more holes making it one of the finest eighteen hole golf courses in the state of Florida. Since it is more or less of an advertising proposition for Sanford and a bid for tourists there is no reason why the city should not foster the proposition as the property is well worth \$50,000 or more as it stands today. It should not be allowed to go into the hands of private ownership and with the course as a municipal course the entire citizenship will be able to enjoy the finest golf links and one of the prettiest spots in Florida.

The athletic field which would include a ball park and a place for the athletic activities of the high school as well as the city players, the football field and the fair grounds would be placed on a piece of property that can be purchased today for a sum that is very cheap and that will some day in the near future be worth many times this sum if the city wants to sell it for residence property.

These propositions are well worth considering from a financial standpoint but most of all from a civic standpoint. Sanford wants tourists and visitors who will come here and eventually purchase property and make this city their home. They want these amusements to get them here and they will want them to be contented after they get here. Every city in Florida that has no municipal course now is vying for a municipal golf course and in time there will not be a city in Florida that will not have a municipal course aside from other clubs and many of them now have several golf courses for the visitors and for the home people. Every city needs an athletic field and every county wants a fair grounds and a place where a fair can be held and where other sports can be pulled off at any time.

Sanford must either keep up with the procession or lag behind in the progressive cities of the state. If these propositions meet with your approval sign the petitions and when the election is called for bonding vote for it.

This is Flour Week with the old reliable A. & P. store on Second street. The best brands of flour at prices that will make you remember that wheat has fallen down below the dollar price and flour while not down much yet is falling. Fresh peaches and other fruits and vegetables. See the ad today.

The Outlet Store is putting on a big clearance sale at which this immense stock of goods will be sold at prices that will astonish you. The Outlet store is in the Swoppe building opposite the postoffice and it is the place where you can get all the latest and up-to-date things for ladies and gent's wear. See the advertisement and attend the Mid-summer Sale.

The weaker the body, the better chance a disease germ has. And that explains the growth of strange political issues.

### Dade's Court is Upheld in Miami Jitney Decision

TALLAHASSEE, July 20.—The state supreme court yesterday affirmed the ruling of the Dade county court in its ruling against a city ordinance of Miami that sought to regulate jitney bus traffic in that city. The court sat en banc on the case and was equally divided in the decision. Justice Whitfield, West and Terrell rendered the ruling.

## RAILROADS ARE ORDERED TO CUT RATES

On Corn, Oats and All Coarse Grain From Texas to Southeast

WASHINGTON, July 20.—Railroads were ordered by Interstate Commerce Commission today to make by October 10, next, series of reductions on corn, oats, sorghum and other coarse grains moving from Texas producing points to the Mississippi, Florida, Alabama, Georgia and South Carolina. To guide reductions the commission ruled that between Texas producing points and Vicksburg rates should be twenty-eight cents per hundred pounds. Schedules will contain increases proportionate to distances over Vicksburg levels on shipments to points further east.

### Orange City-Enterprise Bonds Were Passed Tuesday

Will Link Up Two Big Systems of State Highways

DeLAND, July 20.—With the passing yesterday by a large majority of the bond issue for good roads by the Orange City-Enterprise road and bridge district, the citizens of Lake Helen-Osteen district are encouraged to work in earnest for the successful carrying of their own issue, a vote on which will be taken next Tuesday July 24. To further interest in good roads Lake Helen recently held a rally which was a red letter day for the town. The city park and streets were lined with cars at an early hour and an enthusiastic crowd assembled to hear the speakers, witness the games and contests and to partake of the splendid barbecue dinner. "If those present show as much enthusiasm at the polls July 24 as they did at the barbecue" said a citizen of Lake Helen today, "the bonds will go through with a rush."

First event in the day's program was a series of field day sports in which men, women and children took part after which the barbecue dinner was enjoyed. After dinner the speakers introduced by Mayor A. D. Clarkson. Mrs. Parkinson, of Osteen, made a very impressive talk pledging the support of her town and community for co-operation and everything connected with the construction of the road. J. A. Harper spoke on the value of good roads to the communities which they serve and of the advantages that would inevitably accrue to the citizens of Volusia county by the early completion of this road. Other speakers for the bond issue were George Colby of Cassadaga; Fred N. Burt, of DeLeon Springs; George T. Self of DeLand and others who were in turn introduced, all of whom made interesting and impressive remarks on road building and their incalculable value to the community. Chairman Thurston of the board of county commissioners, expressed the hope that the bond election would carry as the one in Orange City and Enterprise had, "for," said the commissioner, "with the completion of this road Volusia county would have a net work of good roads of which every citizen of the county could justly be proud."

## WEST COAST OF FLORIDA WILL HAVE RAILROAD LINE BY BUILDING THE PERRY GAP

Twenty Miles of Road to Be Built After Legal Action is Taken

TALLAHASSEE, July 20.—(By The Associated Press) Proceedings probably will be started within the next sixty days having as their ultimate aim consummation of the fight that has been carried on for years to complete a railroad line down the West Coast of Florida. Attorney General Buford states that as soon as the laws passed by the 1923 legislature are printed he will examine the act that is among them authorizing legal action towards a surrender of the charter of the Tallahassee and Southeastern railroad between the capital city and Perry, Fla. If he finds the act is properly drawn, Mr. Buford said he probably would start action to carry out its provisions, although the legislature failed to appropriate funds for carrying on the particular work called for by the measure. He said he would try to find the necessary funds to defray expenses of the suit. The Tallahassee and Southeastern was granted a charter to build a railroad from Tallahassee to Perry, a distance of 52 miles, but completed only 32 miles of the line, from here to Covington, leaving a gap of 20 miles to be spanned to make connections at Perry with the Atlantic Coast Line. Such connection would give a direct line down the West Coast to Tampa, St. Petersburg and Fort Myers. West coast people have for years sought completion of the road between Covington and Perry and finally succeeded in getting through the last

## MAUGHAN WAS FORCED DOWN BY LEAK IN GASOLINE TANK NEAR ROCK SPRINGS, WYOMING

Daring Cross-Continent Flyer Has Second Failure in Attempt

ROCK SPRINGS, Wyo., July 20.—(By The Associated Press) Forced down by a new leak in the oil cooling tank of his plane, Lieut. Russell L. Maughan was forced to abandon his attempt to cross the continent between dawn and dusk late yesterday afternoon. He landed at the air field at 5:08 p. m. A hurried examination by two air mail pilots who were the only men on the field when Maughan descended, convinced the transcontinental flyer that it would be impossible to repair the leak in time for him to reach the west coast before dark and he called off the flight. The leak was around the edges of the portion of the tank which had been soldered at Cheyenne this afternoon when Maughan was delayed for an hour. Maughan passed over Rock Springs at 4:56 apparently bent upon continuing the flight despite the leak but he turned back a few minutes later and landed. "It would require from three to four hours to repair the leak," Maughan told the Associated Press, consequently the flight is off.

Lieut. Maughan went to a hotel here after waiting at the air field while the two pilots, Harry Chandler and Jack Sharpe, examined the tank. The second failure which had greeted his attempt to cross the continent and his demeanor plainly indicated disgust as he walked away from the field. The aviator was wearing Green

## ENGLAND WILL HAVE BASE AT SINGAPORE IS DECIDED IN SPIRITED MEETING OF HOUSE

Opponents of Measure Bitterly Oppose Measure as Against Washington Pact

LONDON, July 20.—After a spirited debate in the House of Commons last night on the merits and demerits of the Singapore naval base, the government obtained a victorious vote, carrying the naval estimates under clause by 157 to 150. The opponents of the Singapore project bitterly complained that it

## PANCHO VILLA KILLED TODAY ON HIS FARM

Noted Mexican Chief-tain Died With His Boots on

CHIHUAHUA CITY, July 20.—General Francisco Pancho Villa, commander of rebel armies in northern Mexico, for ten years, was shot and killed this morning at his big ranch at Canutillo in Durango, by Miguel Trillo, his secretary. In a battle which followed Trillo was killed by the men loyal to the slain chieftain and according to latest advices received from the ranch the fight was still in progress.

### French Naval Officer Pardoned by Millerand Was Serving Sentence

PARIS, July 20.—André Marty, a former French petty naval officer serving a prison sentence for his participation in the Black sea mutiny during the war was pardoned by President Millerand today. Marty who is a Communist, has his civil rights restored but is deprived of rank in the navy.

### Anderson Indicted By Grand Jury For Grand Larceny

NEW YORK, July 20.—The grand jury indicted William Anderson, superintendent of the Anti-Saloon League of New York on charges of grand larceny and forgery and then handed down presentment calling for legislative investigation of League's activities since 1913 when Anderson became superintendent.

The Herald delivered six times a week for 15c.

## LARGEST COTTON CONCERN IN SOUTH FAILED TODAY MAKES FINANCIERS UNEASY

BARRETT & CO. GAVE UP SEAT ON NEW YORK EXCHANGE

RESERVE BANKS AID RUSH MONEY TO AUGUSTA BANKS PREPARING FOR ANY EVENTUALITIES FROM BARRETT FAILURE

NEW YORK, July 20.—Frank H. Barrett, cotton broker, of Augusta, Ga., notified the New York Exchange he was unable to meet his obligations and requested his seat on the exchange be sold.

AUGUSTA, Ga., July 20.—Meeting of creditors of Barrett & Company, cotton factors, is scheduled to be held at noon, according to announcement here. The firm is reputed to be one of the largest cotton concerns in the south. Shipment of three million five hundred thousand dollars in currency consigned to various Augusta banks was received here today through the Augusta postoffice from the Atlanta Federal Reserve Bank to prepare for eventualities. "I am very tired, however, and could easily have gone to San Francisco," Lieut. Maughan said. "Well, I'm leaning against a bed post here. I am hot very tired, however, and could easily have gone to San Francisco." Lieut. Maughan said he probably would not go to San Francisco, now that the flight was ended.

NEW YORK, July 20.—An announcement came as a complete surprise in cotton circles when Barrett had been recognized as one of the most conservative traders. His failure was said to affect the entire southeast where he has large cotton and bank holdings. The failure of Richard Willingham, cotton factor of Mason, three years ago was reported to have caused Barrett heavy losses but since then he is understood to have recovered. He was half owner of the Augusta baseball team with Ty Cobb.

AUGUSTA, July 20.—A statement was issued by an Augusta clearing house to the effect that the announcement of the "failure" of the Barrett

## ADDITIONAL ALTERATIONS MADE IN DRAFT TEXT GERMAN REPARATION NOTE

Smith, MacDonald and Kirkwood Are In Golf Tie-Up

SUMMIT, N. J., July 20.—McDonald Smith, of San Francisco, Robert MacDonald, of Chicago and Joe Kirkwood, in a triple tie with 35 holes total of 46, showed the way yesterday at the end of the second day's play in the eighteenth Metropolitan golf championship, being played on the links of the Canoe Brook Country Club.

## DAYLIGHT TRIP IS CALLED OFF BY AIR SERVICE

Lieut. Maughan Has Failed Twice to Make Trip

WASHINGTON, July 20.—Army air service announced today the attempt to make daylight to dark flight across the continent in which Lieut. Maughan has failed twice had been called off for this year.

No explanation accompanied the announcement but it is understood that shortening of available daylight period during another interval of preparation would be insufficient to make probable that Maughan could reach his destination at San Francisco before dark.

BY BRITISH CABINET WHICH MET IN HOUSE OF COMMONS

### WILL BE SENT

To Allied and American Governments Tonight and in Moderate and Amicable

LONDON, July 20.—Additional alterations were made today in the text of draft reply to Germany's reparations memorandum by the British cabinet which met in premier's room in the house of commons. Unless it should seem expedient to make some eleventh hour changes in the document, it probably will be dispatched to allied and American governments tonight. It is understood that suggested reply contains about fourteen hundred words and is up to standard of cogency and forcefulness usually characterizing documents prepared by Lord Curzon, foreign secretary, and it is marked throughout by most moderate and amicable tone. There is still some doubt whether the much discussed supplementary memorandum of explanatory nature will be sent with the draft.

### Prison Authorities of Florida Active For Sanitary Measures

Will Prevent Any Epidemic in Prison Camps of State

TALLAHASSEE, July 20.—(By The Associated Press) Prison authorities of Florida are not taking any chances on the outbreak of an epidemic of any sort in prison camps or jails, as the result of unnecessarily lax sanitary conditions. All boards of county commissioners, all wardens, captains of state and county convict camps in the state have before them today resolutions adopted by the state board of commissioners of state institutions calling for steps to immediately put all jails and prison camps in first class sanitary condition. The action was taken as a result of the receipt of information that a case of typhoid fever had developed at Road Camp No. 3 in Holmes county.

### Turkish Straits Negotiated by Lausanne Convention

LAUSANNE, July 20.—Soviet Russia notified the Near East conference today that she accepts convention for control of Turkish straits negotiated here and will sign pact at Constantinople within the next three weeks. Stemper & Company have the goods and they are not afraid to quote you the prices on all kinds of meats, butter, fruits and vegetables. Stemper carries a big line of fresh and smoked meats at all times and the prices are way down. Read them in the Herald today. First street—next door to the Coca-Cola Bottling Works.

Company in the New York and New Orleans cotton exchanges involved no local banks as the principal creditors of the concern were represented by New York, Chicago and New Orleans financial institutions. President Frank Barrett, of the Barrett Company, issued a statement declaring it was due to his inability to meet his obligations at the present time that he tendered his resignation from New York and the New Orleans cotton exchanges. "The principal creditors," he said, "are now in conference with a view to working out some plan of liquidation for the preservation of the assets of the company and the best protection to its creditors."

# SOCIETY

**MRS. FRED DAIGER, Society Editor**  
Phone 217-W

If you have any friends visiting you who are going anywhere or coming here, or if you are entertaining, write a postal card to this department, giving details, or telephone the item. It will be greatly appreciated.

Jacksonville was represented here yesterday by George W. Crews.

Messrs. Joe Harold and Emmett Hunt are in Kissimmee today attending to business.

Mr. B. Jernigan of the A. C. L. Railway is in the city for a few days on a business mission.

Among the business visitors in Sanford today is F. A. Jones of Tampa, who is making his headquarters at the Montezuma.

R. L. Procter of Baltimore, Md., arrived in the City Substantial yesterday and will spend a short time here transacting business.

Mr. and Mrs. G. E. Holmes of Ocrule, Ga., were among the recent arrivals in Sanford and are pleasantly located at the Montezuma.

Mr. and Mrs. Henry McLaulin left in their car on Monday for a trip to Pensacola and other places in North Florida.

Mrs. B. W. Herndon returned home Monday evening from an extended visit with her daughter, Mrs. H. A. Bivins, in Kelly Field, Texas.

Mr. and Mrs. J. A. Smith and daughter of Macon, Ga., arrived in Sanford yesterday for a brief stay and stopping at the Montezuma.

Mr. and Mrs. Arthur Hazzard, who have been the guests of the latter's parents, Mr. and Mrs. T. L. Duman for the past two weeks, leave Sunday for their home in Augusta, Ga.

Mr. and Mrs. C. D. Brumley of Chulucka and Rev. and Mrs. M. C. Taylor of Gretna were in the city this morning combining business and pleasure.

Hon. S. A. Smith of Madison, who has been the guest of his niece, Mrs. James G. Sharon, left this morning for a trip to Bradentown, Manatee and other places on the West Coast.

Mrs. A. M. DeForrest left this morning for Derbyville, Conn., where she will visit her son Norman and his family. Mrs. DeForrest will also visit in New York before returning home.

## DANCE AT THE SOROSIS HOUSE

Much social interest is felt in the dance to be given tonight at Sorosis House with Ralph Hammond and "Bill" Nydegger in charge. Elwell's orchestra will furnish the music and a dollar and a half is charged each man, who has the privilege of bringing a lady with him for this price. The young men have planned this dance to be everything the best social functions can give and urge all who care for dancing to come and enjoy the extra good music and fine floor.—Reporter-Star.

Among those from Sanford attending this dance were Misses Sarita and Maud Lake, Elizabeth Smith; Messrs. Bill and Paul Lake, Hilliard Malphus and James Sharon. These young people were chaperoned by Mrs. James G. Sharon.

## LOVELY BRIDGE PARTY FOR RECENT BRIDE

A lovely event of Wednesday afternoon was the bridge party given by Mrs. Frank M. Massey at the home of her mother, Mrs. S. J. Drawy on Seventh avenue honoring Mrs. J. Frank Davies a recent bride.

The decorations and details of the affair, beautifully emphasized a color note of yellow, quantities of yellow daisies being arranged in vases and baskets through the various rooms and the tables were also done in yellow.

In the dining room the table was laid with a handsome lace cover, centered with pretty yellow blossoms and yellow mints were in small cut glass baskets the handles of the baskets tied with bows of yellow tulle.

The guests enjoyed several interesting games of bridge the first prize being a handsome piece of lingerie, while the second prize was a beautiful powder box with dainty puff and the consolation prize was a lovely set of four novelty crystal bracelets. The honoree, Mrs. Davies, was given an exquisite linen towel.

Delicious refreshments consisting of a salad and an ice course were served at the conclusion of the card game and Mrs. Massey was assisted in entertaining by Miss Mary Woodson.

The guest list included only a number of the young married and a few close friends of the honor guest. In-

# REAR ADMIRAL SIGSBEE DIED IN NEW YORK TODAY, AFTER A SHORT ILLNESS

(Continued from Page Five)  
The dark, Sigsbee reached this deck. A scene of horror greeted him. The Maine was sinking.

"None can ever know," he said later, "the awful scenes of consternation, despair and suffering down in the forward compartments; of men wounded, or drowning in the swirling water, or confined in a closed compartment slowly filling with water. It is comforting to believe, and it is probably true, also, that most of those who were lost were killed instantly."

The tragedy cost the lives of 264 sailors. The news spread over the world in a few hours, but not before the entire American nation was aroused to a pitch of frenzy, believing the Maine had been blown up by hostile Spaniards.

"Suspend judgment," urged Sigsbee in his first report. His calm wisdom did much to prevent the United States from rushing into war immediately. He accompanied the court of inquiry in its investigation of the wreck, and his expert knowledge helped it to arrive at a decision as to the cause of the disaster.

"The question has been asked many times," said the Admiral years after the tragedy, "whether I believed then that the Maine was blown up from the outside. My answer has been that my first order on reaching the deck was to post sentries to repel boarders."

Admiral Sigsbee added fresh laurels to his fame in the war that soon followed the disaster. An commander of the St. Paul, a trans-Atlantic liner converted into an auxiliary cruiser, he captured the Spanish collier Restorpe, carrying coal to Cervera, and thus sealed the fate of the Spanish fleet at Santiago. The cruiser Isabella II and the destroyer Terror both hauled down their flags and surrendered to him.

The naval career of Sigsbee began when he was a boy of 14 years. Born in Albany, N. Y., in 1845, he entered Annapolis in 1859 and was graduated four years later. He was assigned to the West Gulf Squadron, and at the age of 19 was following Admiral Farragut as an ensign through the battle of Mobile Bays. At 23 he was fighting under Porter at Fort Fisher and at 23 he had been promoted to the rank of lieutenant-commander.

During the 33 years of peace that followed the Civil War, Sigsbee won fame and promotion as an inventor. Among other duties through that period, he was assigned to explore the sea bottom. Here his inventive genius came to the fore and he invented instruments for deep sea exploration that are used today without material change. The German government decorated him with the Red Eagle of Prussia at the suggestion of ex-emperor William, and he also received a gold medal at the London International Fisheries Exhibition for these achievements.

At the age of 58, Sigsbee was promoted to the rank of Rear Admiral. He rounded out his naval career during the decade as chief intelligence officer, commander of the League Island Navy Yard; commander of the South Atlantic Squadron, and as commander of the 2nd division of the North Atlantic Fleet. On his 62nd birthday—January 10, 1907—he was placed on the retired list of rear admirals.

After leaving active service, he frequently appeared in public as a lecturer and also on commissions pertaining to the Maine. He was the author of "Deep Sea Sounding and Dredging," "United States Coast Survey," and "Personal Narrative of the Battleship Maine, 1899."

While on shore duty as a professor at Annapolis, in 1870, Admiral Sigsbee married Eliza Rogers Lockwood, daughter of General H. H. Lockwood, U. S. A.

That there are great possibilities for the development of an important dairy industry at Fort Pierce and vicinity is the belief of Dr. Brown, dairy specialist of the State Experiment Station, who was there looking over the situation and conferring with local dairymen. Recently the dairy business thereabouts is showing much improvement, the indications being that it will continue to expand when the city provides milk and dairy products inspection.

Cary, Herbert Gray, Albert Mellon, John Murdock, Ardrey Bell, Ernest Thomas, George King, Misses Helen Himes, Emily Lucas, Julia Linebaugh, Mary Louise Dickinson, Sarah Keller, Elizabeth Range, Kathryn Broadus, Edith Gibbons, Ellen Hobbs, Marian Harvey, Evelyn Beasley of Jacksonville, Martha Murphree of Gainesville, Norma Griffin of Kissimmee, Martha Nelson. Complimented in tea guests were Miss Sarah Leslie, Miss Mary Wooden and Miss Marcella McGuiness.

This was one of the most enjoyable affairs of the mid-summer season.—Tampa Tribune.

# LOCALS

Everybody can eat fish at Silver Lake this afternoon.

Mrs. N. S. Lillard and Mrs. H. A. Neel were visitors to Orlando today.

Watch for the big time that Sanford will soon give the folks for miles around.

Mrs. M. Kronen has returned from a month's visit with relatives and friends in New York City and environs.

Lake Mary will be the host next Thursday for the thousands from this and adjoining counties when the big Musical Festival for the band takes place.

Mr. and Mrs. J. Wilbur McKee have arrived home after a month's wedding trip and will be at home after August first on south Oak avenue.

Mr. and Mrs. Ballard of Altamonte were in the city yesterday the guests of the Kiwanis Club and gave the club members some interesting facts about Altamonte and vicinity.

The Big Tent is interesting the people at the corner of Palmetto and Third streets with the evangelistic lectures. See the ad in this issue for subject of lectures each night.

George Shipp, who is temporarily employed in the A. C. I. shops at Port Tampa, has been visiting home folks the past few days. He left for Port Tampa this afternoon.

A. S. Smith left today for Lakeland, Bradentown and other points south where he will spend a week or more. Upon his return here he will be the guest of Judge and Mrs. James Sharon before returning to his home in Madison.

Watch the Daily Herald closely these days for the many bargains that are being offered by the Sanford merchants. This is the season of special sales and you can save money by gleaming the store facts from the Daily Herald.

Don't forget the fish fry at Hazell's place on Silver Lake today at six o'clock. The Woman's Club is putting it on and you will get \$2.00 worth of something good to eat for fifty cents and get a good swim also.

Churchwell's are putting on a big Shoe Sale for Friday, Saturday and Monday. Special low prices on ladies, men's and boys shoes. See the advertisement today and get the prices. Your chance to get them is now.

Mrs. A. Foster and her niece Miss Inez Amens left for Jacksonville today where they will spend a week visiting Mrs. Foster's sister, Mrs. E. A. Davis, then from there they will go on to Lakeland where they will be entertained by their friend Mrs. Speer for another week, after which they will return home.

"End of the Season Sale" is the way M. Kronen announces his big sale in today's Herald. Mr. Kronen expects to go north in a few days to purchase his fall and winter stock of goods and he wants to clear the shelves of everything before he ships his new stock here. He is offering you some real bargains today in his big sale that starts tomorrow and lasts ten days only. Dresses, hose, waists, hats, kimonas, and everything in ladies wear going at prices that will astonish you. See the ad today.

Yowell & Co., are taking time by the forelock and putting on a Big Dollar Day Sale that will bring the people to this big store for Friday and Saturday of this week. Everything marked at a dollar and marked down in plain prices and you will save more money at this Big Dollar Day Sale than you have saved in a long time. The sale includes the seasonable goods and just what you have been waiting for at Yowell's store. You will have to read the advertisement in this issue of the Herald to grasp the meaning of Yowell's Dollar Day Sale for there are bargains here that will astonish you. The sale is only for two days and you will have to hurry to get yours.

Another cause of continued poverty is the eager willingness to buy something that will pay forty per cent dividends.

So motion pictures don't seem so very delatate if you have a friend who promised to pay back that ten as soon as possible.

# L. R. PHILIPS TELLS OF SANFORD OF 42 YEARS AGO

(Continued from page 1)

ning but just the same we are progressing.

"Now, the question is, are we worth an effort of co-operation? I believe we are. As competition is the life of trade, co-operation is the life of a community or a county. If Sanford's back country is not prosperous how far will Sanford progress? Sanford's co-operation with the towns and country in the county will assure her success.

"I was talking to a man in Winter Park the other day who has traveled the state over looking for a desirable place to locate. He had visited most of the well advertised places in the state, and was not satisfied. I asked him what were his chief objections to these places and his answer rather surprised me, Clannishness. You know what that means. It means selfishness.

"From what I know of Kiwanis, it is of broad views and unselfishness. Help others to attain success and the reaction will assure your own success, but do it by casting your bread upon the waters. Not with the sole thought of 'What will I get out of it.' For our towns and county to succeed we must have co-operation. Let me tell you of the only connection we have with Sanford, a telephone connection through Orlando to Sanford, the tax assessor once a year and a bakery wagon every day. Is this baker the only live wire you have in Sanford?"

But the real speaker of the day was our own Dr. Phillips, and his talk on the many improvements and changes in Sanford since his arrival here 42 years ago was illuminating, to say the least. We regret that Dr. Phillips did not make notes of his talk so the Herald could share it with you. His recollection of early life and events in Sanford is perfect and his description of some of the happenings of years ago were deeply enjoyed by the members. The Herald trusts the speaker will again give the Kiwanians the pleasure of listening to more of his reminiscences in the near future. He proved himself one of the best entertainers ever appearing before the club.

It was decided to meet with the Chamber of Commerce and Rotarians on the last Friday in each month, the luncheon for that week to be dispensed with.

As the Woman's Club will receive all the money taken in at the ball game tomorrow evening, it was decided to give the ladies charge of the collecting, so that each member of the club would be free to play the winning game.

Schelle Malmes was appointed a committee of one to meet with the Chamber of Commerce and Rotarian committees on street paving.

Jenkins and Gardner will have charge of the entertainment features next week. Dr. Phillips won the membership prize this week.

The Homestead Lender says that work is soon to be started on the Homestead hotel, the idea being to remodel the place and add considerably to the size of the structure. When the improvements contemplated have been finished Homestead will have a first-class, thirty-five room hotel, attractive in appearance and comfortable throughout. The need of such a place is felt, and its completion will add to the importance and attraction of the place.

Correct this sentence: "You go on the picnic, mother," said the flapper, "and I'll stay at home and do the housework."

Given opportunity, the chances are that Japan could control everything in China except her appetite.

### GROWTH OF DE MO-LAY UNPRECEDENTED

Young Men's Order Installs One Thousandths Chapter.

KANSAS CITY, July 20.—With the granting of letters temporary to the Parkland Chapter at Louisville, Ky., the Order of DeMolay marked its

one thousandths chapter in the United States, according to an announcement by Frank S. Land, Grand Scribe and founder of the movement. No fraternal organization has grown with the same rapidity as DeMolay, which within a period of four years has grown from a boys' club of nine members to a membership of well over one hundred thou-

sand of the country's finest youth. DeMolay, Mr. Land said, is a secret organization for boys between the ages of sixteen and twenty-one and is built on a ritual anyone would subscribe to. It stresses good citizenship, good citizenship and teaches constructively about schools, churches and like subjects.

No other organization, according to Mr. Land, stresses citizenship so strongly. It teaches a boy implicit faith in his parents and guides him into better citizenship through good morals and manners.

The DeMolay order is growing in Sanford and many candidates are being taken in at every meeting night. It is said to be one of the strongest young men's orders in the country and growing fast.

### THE PERILS OF "BAD" BLOOD

The Disease That Shortens Your Life. Quickest Way to Get Well is Through New Prescription Containing Seventeen Ingredients That Renew Every Part of the Body.

That itching, pimply, irritated skin is only a surface indication of the horrible pollution in your blood that your heart is pumping every minute through your veins into every inch of your body, carrying disease germs that break down skin tissues, weakening the liver, stomach and kidneys. That is why any remedy that merely relieves skin eruptions is not sufficient, but a complete systemic treatment is necessary to get permanently well.

This complete treatment is found only in a prescription called Re-Cu-Ma, which contains seventeen well known and thoroughly tested medicines, so skillfully compounded that each one performs its function on the various parts of the body perfectly and harmoniously.

This remarkable prescription starts right to work purifying the blood, relieves constipation, cleanses the kidneys and gets every particle of pollution out of the colon, which, according to Prof. Metchnikoff of the Pasteur Institute, Paris, is the direct cause of all our aches and pains. Re-Cu-Ma quickly and surely dispels biliousness, sick headaches, nervousness, rheumatism, restores the appetite and normal strength and completely rids your system of those toxic poisons which have been making you feel so sickly and good-for-nothing.

Re-Cu-Ma is sold and recommended by the Union Pharmacy and other good drug stores, and if you don't feel a decided change in your condition after taking according to directions, you get your money back.—Adv.

### Beauty Types Are Well Contrasted in Big Photoplay

Leatrice Joy, Nita Naldi and Pauline Garon in "You Can't Fool Your Wife"

For contrast in feminine pulchritude and temperament, few motion pictures recently produced can, by any stretch of the imagination, equal Geo. Melford's latest Paramount picture, "You Can't Fool Your Wife," which comes to the Princess Theatre Friday (tonight) and Saturday and in which the three principal feminine roles are played by Leatrice Joy, Nita Naldi and Pauline Garon.

Miss Joy, as Edith McBride, is the trusting wife, charming and ingenuous, yet intuitive to the last degree. Her particular type of beauty, with her soft brown eyes and dark brown hair, gives just the necessary sympathy to the role of the modern wife, troubled and tormented by a millionaire husband who has reached the so-called dangerous age.

Miss Naldi is the siren de luxe in the picture—a polished beauty, wife of an eminent surgeon, who seeks social conquests to further her husband's practice. Her raven black hair and alluring eyes produce the desired effect when she sets out to annex a man to her long list of victims.

Miss Garon, chic, blonde, diminutive, is the flapper of eighteen, but possessing a sophistication that would be a credit to a woman of fifty. She bobs in and out of the picture on a breeze of spontaneity that is a delightful contrast to the action of the other two characters in the story.

With three such types there is little wonder that Lewis Stone, Paul McAllister and John Daly Murphy, who play the three principal characters opposite, should be hopelessly entangled in a domestic drama.

NEW YORK, July 19.—For the last six months David Glickman, a blind man, who conducts a news stand in Union Square, has been short three cents a day in his returns. He asked a friend to act as lookout. Matthew Levy came along, chose a paper, the friend reported, and walked away without paying.

Today Levy was in police court charged with being the delinquent patron. Bail was set at \$500.

### Robs Calomel of Nausea and Danger

Medicinal Virtues Retained and Improved—Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotab"

The latest triumph of modern science is a "de-natured" calomel tablet known to the drug trade as "Calotab." Calomel, the most generally useful of all medicines, "enters upon" a wider field of popularity—purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles, calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original sealed packages, price thirty-five cents for the large family package, ten cents for the small trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly satisfied with Calotabs. (Adv.)

### Likes Seminole Jail And His Treatment Says Kansas Prisoner

Elmer Scott, in Communication to Leavenworth Times, Says Not All Southern Hoop-Grows "Hell Holes"

All southern jails are not "hell holes," according to Elmer Scott, who states he is formerly of Leavenworth, and is now "confined" in Seminole county, in a letter to the Times.

"Reading in the papers for several weeks about the mistreatment of men confined in different counties, I want to say there is some commendation that can be made in speaking of one county. Seminole county does not mistreat any nation, color or creed. I have been confined in Seminole county since January 23 and have never been, or heard of any one being mistreated or not given justice in their troubles," Scott says in part.

Leavenworth county officials stated today, that Scott had no local criminal record as far as they knew. Scott is not listed as a citizen of Leavenworth.—Leavenworth (Kans.) Times.

### Ten Business Buildings Swept by Fire Today in Kimball, W. Virginia

Twenty Families Were Rendered Homeless.

BLUEFIELD, W. Va., July 19.—Ten business buildings were among structures destroyed by fire which swept through Kimball near here today. Twenty families were rendered homeless but were no casualties. The damage is estimated at half million dollars.

### IT RAINS FISH AT ST. PETE.

ST. PETERSBURG, July 18.—Hundreds of fish, ranging in size from four to six inches long, fell on the golf links of St. Petersburg Country Club at Pasadena yesterday afternoon when a waterspout estimated to have been more than a mile high, broke on the eastern shore of Boca Ceiga Bay.

Two local fish companies sent out trucks to bring in the fish but it was found they were too small. The majority were mullet, although a few

small trout and bluefish were picked up. During a period of 20 minutes before a hard electrical storm four big waterspouts were seen, three in Boca Ceiga Bay and one in the Gulf.

### LATEST ROAD INFORMATION

Every automobile owner should comply with the new law requiring the registration of cars. This law

was passed in the interest of the automobile owner with the hopes of preventing theft and enabling the authorities to recover cars that were stolen. We have just received a new supply of applications for title blanks. Come in and get as many as you need and let's have Orlando and Orange county 100 per cent registered, Florida Automobile Association. For quick results try a want ad.

# THE OUTLET

FIRST STREET, OPP. POSTOFFICE  
SANFORD, FLORIDA

SPECIAL ASSESSMENT ROLL PREPARED UNDER AUTHORITY OF RESOLUTION NO. 88, ADOPTED THE 29TH DAY OF MAY, A. D. 1923

The following is the estimated cost of widening Myrtle Ave. paving from 18 feet in width to 24 ft. in width from Ninth Street South to Thirteenth St. Estimated cost of pavement 24 feet in width:

Table with 2 columns: Description and Amount. Includes items like 2400 Cu. yds. grading at 60c, 4573 Sq. yds. paving at \$1.90, 2795 lin. ft. high curb at 45c, etc.

Total estimated cost \$13,930.00. Estimated cost of pavement 18 feet in width \$9,620.00.

Estimated cost of widening pavement from 18 feet in width to 24 feet in width \$4,310.00.

Amount to be borne by City 1/3 \$1,438.67. Amount to be borne by adjacent property \$2,879.33.

Number of feet frontage 2,084 feet. Assessment per foot frontage \$1.3787.

FRED T. WILLIAMS, Engineer. E. R. Trafford's Map of the Town of Sanford, Florida.

Table with 3 columns: Name, Description, and Preliminary Assessment. Lists property owners and their respective assessments.

The following is the estimated cost of widening the paving on Laurel Ave. from Sixth Street South to Thirteenth Street, making the pavement 24 feet in width instead of 16 feet as planned.

Table with 2 columns: Description and Amount. Includes items like 6000 cu. yds. grading at 60c, 7800 Sq. yds. paving at \$1.90, 4853 Lin. feet high curb at 45c, etc.

Total estimated cost of paving 24 feet wide 22,450.00. Estimated cost of paving 16 feet in width 14,820.00.

Estimated cost of widening pavement from 16 feet in width to 24 ft. in width 7,630.00.

Amount to be borne by City 1/3 \$2,543.33. Amount to be borne by adjacent property 5,086.67.

Number of feet frontage 3,668 feet. Assessment per foot frontage \$1.3968.

FRED T. WILLIAMS, Engineer. E. R. Trafford's Map of the Town of Sanford, Florida.

Table with 3 columns: Name, Description, and Preliminary Assessment. Lists property owners and their respective assessments.

Table with 3 columns: Name, Description, and Preliminary Assessment. Lists property owners and their respective assessments.

Notice is hereby given to any and all persons interested in the Special Assessments against the various pieces of property above described that said assessments are payable in full within 90 days after the above and foregoing special assessment roll has been equalized, approved and confirmed, or in ten equal annual installments, with interest at 8% per annum from and after the time said special assessments stand approved and confirmed.

A meeting of the Equalizing Board of the City of Sanford, Florida, will be held at the City Hall at 2:30 P. M. on the 23rd day of July, A. D. 1923, at which meeting said Board will hear any and all complaints and objections as to such special assessments, and will at said time adjust and equalize said assessments on a basis of justice and right; and when said special assessments are so equalized and adjusted, same will then stand confirmed and be, and remain binding liens upon the property against which said assessments are made until paid in accordance with the provisions of Resolution No. 88 of the City Commission of the City of Sanford, Florida, adopted the 29th day of May, A. D. 1923.

Witness my hand as City Clerk and the Seal of the City of Sanford, Florida, this 10th day of July, A. D. 1923. L. R. PHILIPS, City Clerk.

MINERS DEFYING LEWIS' ORDER. SYDNEY, N. S., July 19.—Four thousand Cape Breton coal miners voted last night to continue on strike in defiance of the order issued yesterday by John L. Lewis, international president of the United Mine Workers of America. Mr. Lewis cancelled the charter of District 26 and ordered the men to return to their work.

Roofs that Challenge Weather. It was Mark Twain who said, "Everybody talks a lot about the weather but nobody does anything about it." But there is one thing you can do about the effect of weather on the roofs of your buildings. Cover them with our prepared roofing or shingles and you can laugh at intense heat, pounding rains, driving snow storms and severe cold.

HILL LUMBER CO. Phone 130. Sanford, Florida.

WENDLER INDICTED BY FEDERAL JURY

JACKSONVILLE, July 19.—J. H. Wendler, of Orlando, has been indicted by the grand jury on several counts, it being charged that he used the mails to defraud. It is alleged that the defendant was managing editor of the Florida Post a newspaper formerly published at Winter Park. It is further alleged that a campaign was put on offering prizes and the indictments charges that a number of these prizes were not given, and also it is claimed that prizes were given to persons not entitled to them, a violation of the federal statutes. The defendant is out on bond and no date has been set for the trial of the case.

RELIEVES RHEUMATISM

"I can simply say that Foley Kidney Pills gave me relief from rheumatic pains, and have not used supports for the last six weeks (had to use two). The best proof you can have that Foley Kidney Pills are effective is this, that since they cleared my system of uric acid, have been entirely free of pain and depression," writes J. W. Hunter, Los Angeles, Calif. Backache, Rheumatic Pains, Dull Headaches and tired feeling are quickly relieved by Foley Kidney Pills. Sold everywhere.—Adv.

"Jesalca gets the license" says big headlines in Tampa Tribune. She could get it here if she wanted it.

Clarence Woods, secretary of the Sumter county Chamber of Commerce has received so many offers to go other places that he knows not what to do but says he will not go anywhere—meaning Bushnell.

A bunch of I. W. W. members yesterday were supposed to be marching on Texas to take that state and hand it over to the proletariat but the Texans in hearing about the invasion calmly oiled up their Colts and said "let 'em come, we need men to work the roads." And the I. W. W. thought better of it and called the business off.

The summer excursions on the Clyde Line from New York to Sanford are very popular and the boats are bringing many eastern people to this part of the state every week. This work on the part of the Clyde Line is bringing in greater results in giving the people the chance to see Florida in the summer time and giving busy business men a trip to Florida at the only period of the year that the roads are in good shape.

Experts say that New York will have a population of 20 million people in the year 2,000. If they want to make predictions about the year 2,000 we would say without fear of contradiction in that year that Sanford will have over a million population in the year 2,000.

ISN'T NATURE WONDERFUL?

Florida is truly wonderful. Down in St. Petersburg it rains fish, up here our orange trees grow dollars. —Orlando Reporter-Star.

Yes, and over here the pine trees grow pineapples.

Bonds were voted in Volusia county Tuesday for a good road from DeLand to the Monroe bridge by a big majority registering the spirit of the people of that district who at last have recognized the fact that good roads will make that part of the county. For many years the Orange City district refused to vote bonds for good roads but the objectors seem to be in the minority now and a good road from Monroe to DeLand will assist travel to the beach from interior points and will make the road from Sanford to Daytona an unbroken stretch of good paving.

KEY WEST FULL OF PEP AND AMBITION.

Because of its comparative isolation from the remainder of the United States, Key West has had the reputation of being somewhat slow and backward but the linking up of the island with the mainland by a great railway system has brought hundreds of thousands of people to the city who would otherwise never have known of its attractions.

To add to the attractiveness of the place both for those who reside there permanently as citizens and those who tarry for a portion of the winter season, the city has recently voted a bond issue of \$150,000 for the construction of a municipal golf links, the property of all the people and for their pleasure and enjoyment. Key West's civic spirit was never better displayed than in this instance. —Lakeland Star-Telegram.

MAKE ORLANDO ULTRA SANITARY.

Now that Orlando has a modern incinerator, capable of consuming twenty tons of trash every ten hours, it is up to the city officials to see that the refuse is carried away the

trash cans emptied and that perfect cleanliness prevails.

Complaints continue that trash is not collected from the containers for a lengthy period and that the odor from same is anything but pleasant. The incinerator, built with the people's money, will take care, in a sanitary and speedy manner, of all trash and rubbish TAKEN to it. If garbage is allowed to remain until it is rotten and the atmosphere around is permeated with an offensive stench, then the health of the people will be jeopardized and no benefit will accrue from the money spent in building a plant to make Orlando ultra sanitary. —Orlando Sentinel.

TO CHECK UP ON "AD" SOLICITORS.

To protect the business men from fraudulent, "fly-by-night" advertisement solicitors the Chamber of Commerce will have a committee to look into these matters and determine if they are of value or if they are worthless. This was decided at the meeting of the board of directors last night.

Any one coming into the Halifax county with a scheme for advertising in which they want to interest the business men will first have to get the sanction of the Chamber of Commerce through this committee. If the solicitor is unable to produce credentials showing that the Chamber of Commerce has approved, the business men will then know that it is worthless and will not be troubled with having his time taken up. "In this way the business men will be saved a great deal of time as well as money by his membership in the Chamber of Commerce," said Secretary E. V. Parrish today.

"The business men should cooperate with this committee and support any scheme that can not show the endorsement of the Chamber of Commerce," he said. —Daytona News.

CITY PUBLICITY TAX FOR FORT PIERCE.

The Merchants' Association favor a two mill tax in the city to be used for publicity matters. Under this head properly comes the band and other strictly city organizations, the benefit from which accrues directly to those who own property in the city and pays the tax.

The merchants and other business people of the city have always responded liberally when called upon to support a band and other civic organizations. They have paid more than ninety per cent of the expenses in

these matters. They are really indeed anxious that they should still do their part, but they are right when they say that the people generally should bear the expense for the people generally get the benefits.

The liberality which has been extended by the business people in the past has at times been a real hardship. It has been the case often that in their zeal to do that which tended to the advancement of the city their individual contribution has been in excess of what they could afford. It is also true that these same business people are called upon daily for some kind of contribution which has been difficult to decline.

Should the city see fit to include in the budget plans to take care of this item, distributing equitably the cost by the assessment of a two mill tax, there will be no burden on anyone and relief afforded those who far years have shouldered the load.—Ft. Pierce News.

THE DRINKS ARE ON US.

This city of Sanford is moving so fast we cannot keep up with it and we forget from one day to the next about the many improvements that

are being made. "It is hard to overstate the break as had as that of yesterday when we said that all growing cities needed incinerators to dispose of the trash and rubbish and garbage and we failed to remember that Sanford had built an incinerator about a year ago and it is now being used and taking care of all the trash that used to clutter up the various dump piles over the city lots. In fact there is hardly an improvement needed at present that Sanford does not possess and we are most fortunate to be living in a city that has so many improvements and conveniences. All that remains for the how is the ownership of public utilities and then there will not be much to be desired in the line of improvements for a year or two. And along with all of our improvements our City Commissioners are keeping the books straight and every transaction shows in black and white in plain figures and the city finances and affairs were never in better shape than at the present time.

Happiness is no other than soundness and perfection of mind—a Seminole County Bank account spells H-A-P-P-I-N-E-S-S.

TENNESSEE TO CONSTRUCT \$2,000,000 WAR MEMORIAL

(By The Associated Press) NASHVILLE, Tenn., July 20.—A \$2,000,000 memorial, testifying to the regard of the people of Tennessee for her sons who gave their lives in the world war, soon will take its place among the most beautiful and elaborate buildings of the kind in this country.

While the majority of Tennessee's troops were returning home from the greatest war of all history in the year 1919, and were being welcomed in the larger cities with fervent celebrations and parades, patriotic citizens inaugurated a movement designed to preserve to future generations a record of the contributions and sacrifices these sons of the state had made in the gigantic struggle for world peace.

Patriotism was still at fever heat when a measure was brought up in the General Assembly to build a \$2,000,000 memorial to the Tennessee world war veterans, especially to the memory of the Gold Star sons. The bill passed easily.

The state appropriated \$1,000,000, the city of Nashville raised \$600,000 and the county of Davidson put up \$400,000, and the post-war campaign crystallized into the plans for a structure which architects claim will be one of the finest and most complete in the entire country.

The structure, according to the designs, will be fashioned after the classic Greek Doric order of architecture similar to the famous Parthenon, an exact replica of which stands in Central park in Nashville. There is also to be quite a similarity between this memorial and the new Lincoln memorial in Washington, the architect says.

There will be four stories to the structure, including the ground floor, the entire length to be 385 feet and the width 115 feet.

The Daily Herald, 15c per week.

SANFORD SWAMPS

ORLANDO UNDER A 12 TO 0 SCORE YEST.

Yesterday afternoon on the local diamond was seen a rather one-sided game between Sanford and Orlando, the former coming out on top by the score of 12 to 0.

Hammond, who started the hurling job for the Orlando bunch was hit to all parts of the diamond during the five innings that he adorned the box. Twelve hits were scored off this youngster, one being good for two bases by Dieter, who also knocked another double off Baker in the eighth. Baker who relieved Hammond was touched for five hits in the three innings that he attempted to stop Sanford's onslaught.

Ammons, pitcher for the Sanford boys, was in excellent form, giving up only three hits during the whole fray. He gave only one base on balls and struck out eight men. Thompson who was given a trial on the pitcher's mound in the ninth struck out two men.

Sanford scored her first runs in the first when McLucas, who singled, stole second, took third on a throw to first and scored on an overthrow of third.

In the second inning the locals scored again. M. Spencer was walked, went to third on Crocker's infield hit and scored on Dieter's sacrifice. In the fourth Crocker was safe on an infield hit, scoring on Dieter's double to center.

Three more tallies were made in the fifth. Thompson hit safely, took second on Rive's single. He reached third on a wild pitch and scored on the third baseman's error. Rive who had reached second by means of Tinker's fumble of Spencer's grounder, scored on Crocker's long double to center. Spencer stopping at third, later scoring on Dieter's hit.

Locals in the sixth drove Hammond from the mound. E. McCall first up singled, took second on McLucas single, third upon Thompson being hit by the pitcher. Scored on Rive's single. McLucas stopping at third. McLucas scored the eighth run on Tinker's error in handling Crocker's hit. Thompson scored on Dieter's third hit of the game, Rive scoring on this hit also. Crocker, who by this time was at third started home and was safe on the shortstop's overthrow to the catcher.

The last tally was made in the eighth when M. Spencer hit safely for the first time during the game and scored on Crocker's long hit to French avenue which should have been a home run to Crocker's credit but he failed to touch second.

Crocker lead in the hitting attack, getting four hits in five attempts, one being a double. Dieter came next with three hits, two of them being doubles, out of five attempts. Box score:

STOPPED HIS PAINS

"I was suffering with a severe cold, headache and pains in my abdomen," writes J. B. Dring, Newport, R. I. "After taking Foley's Honey and Tar in conjunction with Foley Cathartic Tablets I was entirely relieved of my cold and pains." Coughs resulting from Bronchitis, Asthma, Hay Fever, Croup and Whooping Cough are quickly relieved with Foley's Honey and Tar. The largest selling cough medicine in the world. Sold everywhere.—Adv.

New River Boat Being Built For Palatka-Jax Run

Construction Work Well Under Way at Local Boat House.

A steamboat to be operated between Palatka and Jacksonville by the Palatka-Jacksonville Steamboat Company is now being constructed at the Gibson boat house and marine ways here by the company, and it is expected that it will be launched within the next six weeks and take up the run between Palatka and Jacksonville.

This announcement will come as a surprise as the officers of the company have made no announcement of their plans until the keel of the boat was laid. This has been done and the work of construction is well under way under the supervision of an experienced marine engineer.

The new boat will replace the Pilot Boy on the Jacksonville run. It is not as long as the Pilot Boy, but lacks but a few inches of being as broad, and will carry an equal amount of freight and will be able to make the trip between Palatka and Jacksonville in several hours less time. It will burn wood and be operated by steam.

The greatest advantage of this boat is the number of employes necessary to operate it. Under the requirements of the government the Pilot Boy has to carry a crew of eighteen men, whereas the new vessel will only have to carry four, being six inches shorter than the scale of length which would require the same quota of crew as that now required of the Pilot Boy. Fuel consumption will also be another consideration, as well as time for making the trip, shallow draft that will permit more landings along

FOR THE MOVIE FAN

Leatrice Joy, Nita Naldi, Lewis Stone, and Pauline Gordon in a Geo. Melford production, "You Can't Fool Your Wife" tonight at the Princess Theatre.

A picture that hits home—your home, your neighbor's home—your friend's home.

What every telephone girl knows—if she listens in when hubby's making excuses for a night out.

You can't fool your wife—When you say you've been at the club—and she finds two theatre tickets at the door.

When you say you've been at church—and your hair is dotted with confetti.

When you say you've been over at Jim Brown's house—and Jim Brown has been over at your house.

When you say you've been working overtime—and the boss has been phoning all night to get you.

You can fool some of the people some of the time—but when it comes to the ladies—God bless 'em—you can't fool any of 'em at any time.

When William Jennings Bryan becomes a bootlegger—When the boys get their bonus—When Rockefeller goes to the poor-house—Then you can fool your wife.

And the honor guests tonight will be Sam Yontz and family and will see this wonderful picture without cost to them.

ASHEVILLE, N. C., July 19.—Resolutions declaring that the Knights of the Ku Klux Klan stand firmly for law enforcement through properly constituted officials were adopted by the grand dragons and great titans of the order who adjourned their annual conference here Wednesday according to announcement by Klan officials.

The resolutions condemned any persons "who might seek to take the law into their own hands."

The Herald delivered six times a week for 15c.

will be driven by a screw propeller instead of the side paddle wheels, which are always striking some floating object and dtearing up.

The Palatka-Jacksonville line has been a source of great benefit to Palatka and immediate territory, as it has been the means of keeping freight rates down. During last year the Pilot Boy brought in a revenue of \$36,000, \$28,000 of which went to operate the boat under the excessive requirements of the government in carrying a large crew. It is estimated by the officials of the company that the new boat can be operated for less than \$10,000 per year and can increase the revenue up to as high as \$50,000.

As soon as this boat is constructed permit another boat will be constructed, of similar design and will be put on to give Palatka a daily service between here and Jacksonville. Palatka

## Meet Mid-Season Footwear Needs at Significant Savings

This is an occasion when two pairs of shoes may be bought for about what one has often cost. It is not because the styles aren't timely—they are. They're just what's most appropriate for late vacations and season-end outings. It's because we are eager to choose generously of the new Fall designs and to do this we must not only realize on present stocks but make room for new ones.

 <p><b>RUBBER-SOLED SHOES</b> FINE FOR SPORTS</p> <p>Sometime this summer you're going to get a pair. Especially if you play tennis because they're indispensable. And dad says they're fine for fussing around the car or pottering in the garden.</p> <p>Bud likes them too, says it's great to shed heavy leather ones as soon as school's out and slip into cool canvas tennis shoes. Here you will find assortments at their best.</p> <p>Keds for Ladies, \$5.50 for ..... <b>\$2.95</b></p> <p>Ladies' Tennis Shoes, \$2.00 for ..... <b>75c</b></p>	 <p><b>LADIES' WHITE OXFORD</b></p> <p>BEST GRADE CANVAS Any Style</p> <p><b>20% OFF</b></p> <p>Others \$1.95 and \$2.95</p>	 <p><b>WHAT'S YOUR FAVORITE COLOR?</b></p> <p>Whatever it is you'll admit that you seldom have an opportunity to express it in footwear, but this summer things are different. In fact it's Colored Kid Slippers that are the last word in smartness; red ones, green, or white ones to suit your preference.</p> <p>Red and Green \$8 pair <b>\$7.00</b></p> <p>White Kid \$7 pair ..... <b>\$4.95</b></p> <p>White Elk, \$3.50 pair ..... <b>\$2.45</b></p>	<p><b>BOYS HAVE A WAY OF GROWING UP</b></p>    <p>—Different ways though. Some grow up to be splendid manly fellows, tidy, well groomed, aware of the importance of an attractive appearance. Others?—well you know, and you know too which way you want your boy to grow. Start him right by fitting him out with Shoes that are good enough and good-looking enough to command his respect—</p> <p><b>10% DISCOUNT</b></p>
