

# Pierce Corley Scheduled To Open Against Ocala Tonight

## Ace Left-Hander To Attempt To Garner Tenth Victory Of Season

### Three Home Games Are Rained Out Including Sunday Double-Header; Teams Play At Ocala

Rain-rain-rain. After being washed out of three games in the home ball orchard, the Sanford Seminoles will try their luck against the elements in Ocala tonight with Pierce Corley, the ace left-handed pitcher, scheduled to go after his tenth victory of the season.

Whitely Campbell's team will play here Tuesday night with Leesburg supplying the opposition. It will be Kiwanis Night at Municipal Ball Park and the Kiwanians have advised that they will be in attendance.

Arrangements will be made by the Baseball Boosters Club to take care of Lake Mary residents who had tickets for the Daytona Beach game here Saturday.

A downpour of rain which drenched the field, and dampened the hopes of a large number of fans expecting to take advantage of the twin-bill with Ocala, forced cancellation of the Sunday games. Until the last minute it was hoped that one game, at least, might be played, but a slight drizzle and threatening skies kept the fans away.

According to the averages released Saturday by Peter Schaal, Florida State league secretary and statistician, four Seminoles are hitting at better than .300 clip. Willie Ecken is leading the batting with a .409 clip. Sanford's rookie outfield sensation, Red Ryder, Red Marion, who is batting average .312, and Ed Hines, who is batting average .312, are also hitting well.

Going down the list of other Seminoles players, we find Al Kimball three points shy of .300 with

297, Red Roberts 282, Joe Justice 274, and Andy Johnson 269. Johnson lost 2 points, Justice 4 points and Roberts 19 points from their averages of the week before.

On the whole, it was a bad week for Sanford hitters, Red Marion was the only player to show a substantial gain. However, Sanford's .312 batting average still leads the team batting. Sanford leads in club fielding with .952, 13 points better than DeLand second in this department, also.

Corley, Nixon, and Jeter were standing one, two, three, in the pitching standings.

The oldest institution of higher learning in the western hemisphere is the University of San Marcos in Peru.

### McClelland Is Named Head Coach Of Football At Titusville High

George McClelland, former Seminole High School athlete and Stetson football star, has been appointed head coach of football at Titusville high school. It is announced by the board of trustees.

For the past year, McClelland has been assistant principal and head of athletics in the junior high and grade schools of Manatee.

While at Stetson, McClelland played three years of football in '37, '38 and '39 and was named All-State College half-back his last two years. He was a member of the Stetson Independent baseball team, playing third base. He is a member of the "B" Club, letter organization at Stetson.

McClelland played four years of football at Seminole High as half-back and was named on the Northeastern Conference and All-State teams. He was given honorable mention for the All-Southern team.

McClelland holds a certificate of American Red Cross Examiner in swimming and first aid and is now connected with a girls camp as activity supervisor.

### Be Played Wednesday Kick-Ball Game To

Special features of Parents' Week at the playground will be a game of kick ball among the mothers and a soft ball game among the fathers to be played on Wednesday afternoon. It is announced by Mrs. Eleanor Morrison, recreational director.

Mrs. Morrison also said that another swimming party is being planned, the date to be announced later.

Practices has begun in boys' horseshoes and girls' basketball. Instruction in track has also commenced in preparation for the "Junior Olympics" to be held soon.

### FRENCH FIGHT IN ALPS AT THE FRENCH-ITALIAN FRONTIER

The French armies of the Alps and the Juras fought yesterday through the cure of earnest Italian soldiers and over 100,000 German soldiers who have backed them into their mountain defenses.

They fought side by side with units which managed to escape from the useless, surrounded Maginot line.

Mrs. Amelia Payne, one of the original 1830 settlers in Northern Transvaal, has celebrated her 100th birthday at the home of her fourth daughter, aged 79, whom she still regards as a little girl.

### MEN WANTED

For enlistment in the local National Guard Unit. The local National Guard recruiting office is open afternoon from 2 to 4 P. M. except Sunday, at the Sanford Armory. The annual summer training camp will be held from August 4th to August 24th. Men enlisting will receive full pay, subsistence clothing, transportation and medical attention. General requirements for enlistment: Men between ages 18 to 45, single and in good health. For further particulars apply to Capt. E. C. Washburn at the Sanford Armory. Telephone 9180.

### Anglers Lose To St. Augustine In 13 Innings, 3 To 2

The Leesburg Anglers lost the first game, 3 to 2 in 13 innings, and won the second, 7 to 1, in a Florida State league doubleheader at St. Augustine yesterday.

The first game was a tight pitchers' duel, while the Anglers won the second by bunting 11 hits.

Orlando defeated Daytona Beach, 8 to 5, and DeLand took a doubleheader from Gainesville, 10 to 1 and 2 to 1.

The score by innings:

First Game:  
 Leesburg 000 000 110 000 0-2 7 3  
 St. Aug. 001 000 001 000 1-3 11 5

Second Game:  
 Leesburg 000 204 1-7 11 0  
 St. Aug. 100 000 0-1 5 2

### FLORIDA GETS NEW JUDGE

TALLAHASSEE, June 24 (AP) - Curtis Longino Walker, Florida's new federal judge, believes American courts must be conducted so as to inspire confidence of the country's citizens in the security of their rights. The 53-year-old Mississippi-born attorney became Florida's fifth federal judge here yesterday. The former law partner of Senator Pepper in Tallahassee received the judgeship oath from W. Logan Hill, clerk of the United States court.

The entire continent of Africa except for Abyssinia and the Spanish protectorates was involved in the first World War.

Principal exports of Egypt, include cotton, cotton-seed, sugar, cigarettes, onions, eggs, phosphates, rice and gum arabic, in that order.

**Announcing a New Nash Dealer To Serve Sanford**

Today, an outstanding new dealer in town joins with us to present to you the new 1940 Nash cars.

Come and see them! But—not even the lively, power-packed lines can give you the "feel" of the 1940 Nash. You've got to get in and go.

There's a new kind of engine up front that acts like a thoroughbred stinging under the spur. There's a wheel in your hand for Arrow-Straight steering gears at your fingertips for a quick getaway.

There's a dial you turn (the Nash automatic Weather Eye), and cold weather, smoky air, dust, dirt, insects, are banished from motor-log forever!

Just press that throttle a little harder—and you'll burst into a new range of flying performance, the new Fourth Speed Forward. But there's no end to the magic under your toe. Give 'er the gas—and that black beetle of a car ahead looms up and fades to a pinpoint behind, as you zoom away on the unobtainable Over-take!

and you need a slow down, when you hit the road that used to bother your old car. You glide over the ruts and bumps without a quiver or squeal in the new Nash Arrow-Flight Ridel in the new Nash Arrow-Flight Ridel!

Or do a little trick with the rear seat, and— presto!—a double bed is ready for those week-ends in the woods.

Yes—you can buy a new Nash on the basis that it gives you more for your money. You get more room for luxurious comfort! More weight for added safety and longer car-life... more horsepower—with record-making economy! Yet the 1940 Nash sells at new low prices!

President Signs Tax Measure For Nation's Defense

New Levies Are Expected To Raise \$4,692,500,000 In Five-Year Period

New Ceiling For U. S. Debt Set

Roosevelt Blocks U. S. Sale Of Torpedo Boats To England

WASHINGTON, June 25.—(AP)—President Roosevelt signed today a \$4,692,500,000 tax bill to pay for the huge national defense appropriations of the recent Congressional session.

Dipping into the pockets of an estimated 2,000,000 additional income tax payers for the first time and boosting existing taxes on nearly everything but chewing tobacco, the measure is designed to raise \$4,692,500,000 over a five-year period.

These officials calculated that the new tax bill will raise \$4,692,500,000 over a five-year period. The bill also increases the Federal debt limit from 48 to 49 billion.

By Executive order, Roosevelt blocked the sale of 20 torpedo boats to England.

The Chief Executive ended negotiations which had aroused a storm of Congressional criticism over the strength of an international agreement.

It was disclosed during the day that the British had failed to meet the terms of the agreement.

U. S. Fleet Moves From Hawaii Base

Sizeable Part Is Believed Enroute To Atlantic Following French Surrender

Defiant Major General Charles de Gaulle, undersecretary of war in the Reynaud and Petain French cabinets, from England appealed to Frenchmen to continue resisting the Germans and Italians.

WASHINGTON, June 25.—The White House refusal to discuss the movements of the Navy today gave weight to the speculation that a sizeable part of the fleet might be on the way to the Atlantic.

Dispatches from Hawaii said several units of the fleet, including an aircraft carrier, had steamed away in the direction of the mainland.

Disasters from Hawaii said several units of the fleet, including an aircraft carrier, had steamed away in the direction of the mainland.

Disasters from Hawaii said several units of the fleet, including an aircraft carrier, had steamed away in the direction of the mainland.

Disasters from Hawaii said several units of the fleet, including an aircraft carrier, had steamed away in the direction of the mainland.

Sanford Gets Ground School For Aviation

Higgins Is Advised CAA Will Begin Immediately Class For Fifty Students

Mr. Higgins, secretary of the Seminole County Chamber of Commerce, today in a telephone conversation...

non-college flying school under the auspices of the Civil Aeronautics Authority will be opened in Sanford immediately.

The classes will be held in the Seminole High School and will be open to all business and professional men who are interested in the fundamentals of aviation.

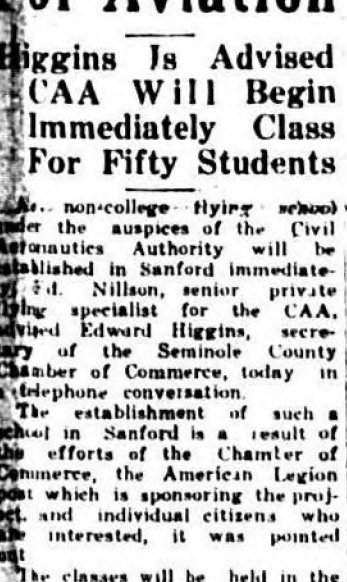

The enrollment of such a school in Sanford is a result of the efforts of the Chamber of Commerce, the American Legion post which is sponsoring the project, and individual citizens who are interested, it was pointed out.

Mr. Higgins authorized Mr. Higgins to give the school publicity and to receive applications from non-college students for enrollment in the course.

Since the class is limited to 50, those interested should contact A. M. Lee, Jr., chairman of the American Legion Aviation Committee, the Chamber of Commerce, or the Sanford Herald immediately.

City Bicycle License Given Tentative Okey

Group Discusses Private Sidewalk Construction Project

John L. Galloway, city attorney, today in a telephone conversation...

All bicycle owners in the City of Sanford must register their vehicles and must pay a license of 50 cents a year, under the provisions of an ordinance which the Commission at the regular meeting in the City Hall last night passed.

The ordinance is designed to give protection to bicycle owners in Sanford and to curb the theft of bicycles. Under the provisions of the ordinance, the serial number of the bicycle would be registered as well as the tag number.

John L. Galloway, city attorney, today in a telephone conversation with the Commission...

The Commission discussed at length the feasibility of a WPA project for repair and construction of sidewalks in Sanford with the City sponsoring the project and furnishing tools and the engineering while the WPA would furnish the labor and the individual property owner would furnish the materials.

Under such a project, it would be possible for the owner to get a five-foot sidewalk for about 10 cents a linear foot.

German And British Air Raiders Strike With Renewed Fury

RAF Bombers Attack Rich Ruhr Sector; Waves Of Nazi Aircraft Bomb England

This exclusive radiotelephoto shows Gen. Charles Huntziger of France signing peace terms giving Germany control of parts of France, including industrial areas.

German and British bombing planes struck with renewed fury today as peace stilled the battlefields of vanquished France and a total of some 5,000,000 French, German and Italian soldiers quietly obeyed the "cease firing" order.

Part of the French fleet still remained at the Egyptian port, Britain's main naval base in the Mediterranean.

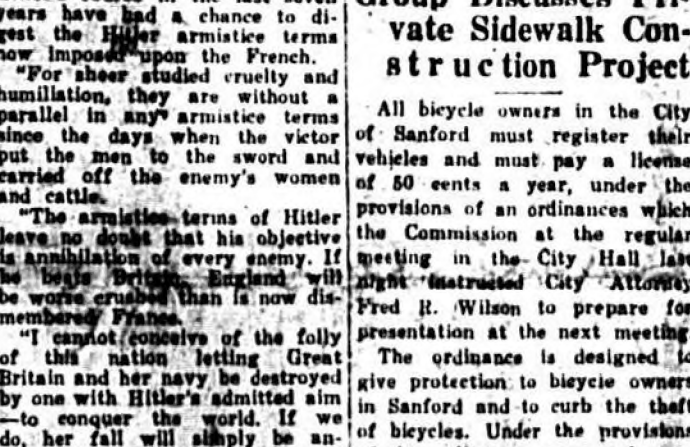

Consistently, Prime Minister Churchill told the House of Commons that France's Premier Petain had violated the "most solemn assurances" to Britain that the French fleet would never fall into German hands.

Churchill did not mention the whereabouts of the French fleet, however, but Viscount Calthorpe, dominions secretary, told the House of Lords that Britain would make every effort to retain French naval bases.

The onslaught against France was belied with the terms of the Armistice which still officially undisclosed.

G.O.P. Urge Check Of Drift To Absolutism

Americanism Imperilled By Bureaucracy, Martin Says

Joseph W. Martin, Republican member of the House of Representatives, today called upon the party to rally against the "drift toward governmental absolutism."

WASHINGTON, June 25.—(AP)—Joseph W. Martin, Republican member of the House of Representatives, today called upon the party to rally against the "drift toward governmental absolutism."

It was denied that delegates are falling away from Thomas E. Dewey, while Wendell E. Willkie is moving from delegation to delegation in a personal effort to counter the "stop Willkie" talk.

Martin said every ideal of Americanism would be imperilled by those who would make the government and the nation tools to be manipulated by one man at the head of an unelected political bureaucracy.

Young Governor Harold E. Stassen of Minnesota sounded the 1940 Republican keynote to a clamorously applauding national convention last night with an assertion that "the role of government must be that of an aid to private enterprise, and not a substitute for it."

Scream Bombs Scare Nazis In Air Raids

NEW YORK, June 25.—(AP)—The British are using "scream bombs" in air raids on Germany, a British Broadcasting announcer said last night in an announcement heard by NBC.

"Germany has been using the famous scream bombs in their raids on French civilian towns," said the announcer, who added that "we have this same type of bombs which we are now using with the same intimidating effect on the morale of the German people."

The announcer, who added that "we have this same type of bombs which we are now using with the same intimidating effect on the morale of the German people."

The front of fifth column defences.

The front of domestic economic welfare.

The front of governmental rectitude.

Judge Ware Deplores Prevalence Of Illegal Gambling Devices In County

Two resolutions where they will legally press their case against municipal taxes and special assessments against lands which have reverted to the State under the provisions of the Murphy Act were passed at a meeting of city attorneys from all over Florida in the San Juan Hotel in Orlando yesterday, according to Fred R. Wilson, local city attorney, who attended.

White Mr. Wilson joined the attorneys from other sections of the state, he pointed out that this is a problem which the City of Sanford foresaw and consequently had bought the State and County certificates on most of the property against which the City has liens for taxes and special assessments.

In ruling on the Murphy Act, which specifies that lands which are tax delinquent shall be turned over to the State and sold, the State Supreme Court held the cities were entitled to their municipal taxes and special assessments, but the mechanism for enforcing the right of collection had to be set up, it was explained by City Attorney W. Wallace Shaffer of Holmes City, who introduced the resolutions in order to achieve this purpose.

The lawyers also discussed ways and means of restricting and limiting the liability of municipalities for tort actions, particularly the "nuisance suits" arising from defective streets or sidewalks.

Myron C. Taylor To Undergo Operation

ROME, June 25.—(AP)—Myron C. Taylor, President Roosevelt's personal envoy to the Vatican who has been seriously ill in Florence, was brought to Rome today for an operation.

He was taken to the private clinic of Prof. Raffaele Battistone, one of Italy's best known surgeons.

It was reported that the operation was successful and that Taylor is expected to return to the United States in a few days.

1 Million Jews Leave Right To Hold Office

WASHINGTON, June 25.—(AP)—Congress today passed a bill to grant a year's temporary citizenship to Jewish refugees who fled their homes in Europe during the last two years.

The bill would grant citizenship to Jewish refugees who fled their homes in Europe during the last two years.

City News Briefs

The regular meeting of the Board of the World will be held at the Municipal Hall...

German Bombers Raid South Britain Area

LONDON, June 25.—(AP)—German bombers raided a wide area in south Britain early today and air raid warnings shrieked from the channel to the Atlantic including London itself for the first time since last September.

Bombing planes were reported to have been seen over the area...

French Fleet May Be In Hands Of British

The disposition of the French fleet, second largest in the world, and fourth largest in the world, remained a mystery today as armistice terms requiring its delivery to the Germans and Italians went into effect.

Surrender of a large part of the fleet of more than 500,000 tons to the Germans and Italians would give them superiority over Britain in battleships and many other categories.

LOCAL WEATHER

Mostly cloudy with showers this afternoon and night and probably on Wednesday. Not so warm in the main portion today.

BIBLE VERSE FOR TODAY

THERE IS A WAY TO PEACE. Behold I give unto him my covenant of peace.—Num. 25:12

MUSIC

(From The Poetry Review) Music is a brook in the wind; It leaps with golden limbs And sings to itself as well as to us unpredictable hymns.

Music is a tree in the midst; It glows against the weather; One hand on loam and one on leaves.

Music, which art a brook, a tree, I dream and I rejoice; My heart is a flower in the hills, An ear against thy voice.

—OSCAR WILLIAMS

The trouble with most of us is we want to win the war without fighting.

New Version: Forty million Frenchmen can't be wrong if they have 80,000 airplanes.

Wendell Willkie appears to be running like a dark horse that has recently been whitewashed.

Don't take these left hooks between Marshal Petain and Winston Churchill too seriously. What would you say if you were Hitler's prisoner?

The recent successes of the German mechanized columns have given us a good idea of how to get rid of cattle on the highways.

Congratulations to Senator Carter Glass of Virginia who at the age of 83 has just married again. He deserves congratulations.

Of course all is not gold that glitters. You take this air base at Orlando, that'll be one of the first places bombed in the event of a Nazi invasion.

Hitler figures on "taking" England in three weeks. So far he has run ahead of his schedule. If the British can hold out for three months, they can probably win the war.

The Russian Army has revived the military salute, after Lenin and Trotsky abandoned it in favor of capitalist snobs. The Russians evidently learned something from their little Finnish venture.

Albany General Gibbs cracks down on attorneys like the one in New York to legalize commercial gambling for the sake of tax. Such "orderly" laws, "are without current of law and are absolute and without force or effect."

It means virtual slavery for Czech people until they are able to get back on their feet, on their own strength where they should be, and regain their independence.—Times

What chance will a nation like Czech have on its feet under a Nazi?

With this remembering, we should tell us there is no chance for this country from Germany, that they are the only ones who want going back to Europe, and who are people of months ago calling it a "phony peace."

The new peace United States has made has been largely...

The Final Phase

The war in Europe, as far as France is concerned, is over. The armistice with both Germany and Italy has been signed and the "Cease Firing" order has been given. In 46 days since the blitzkrieg was started France has been thoroughly crushed.

In Germany Adolf Hitler "orders" a celebration. There is nothing spontaneous about it such as Americans witnessed following the World War Armistice. Germans sat quietly in their homes listening to their radios, while a Nazi-directed canned jubilee was broadcast throughout the Reich.

The fate of the French fleet, the French colonial army and the French possessions is still shrouded in uncertainty. The surrender of them all is undoubtedly demanded by the terms of the armistice which have not yet been revealed.

The fate of the French fleet, the French colonial army and the French possessions is still shrouded in uncertainty. The surrender of them all is undoubtedly demanded by the terms of the armistice which have not yet been revealed.

Soon the war is expected to enter its third and final phase, the assault on Great Britain. Since last Fall six nations have fallen under the wheels of the German juggernaut. First Poland, then Denmark, Norway, Holland, Belgium and France. Sweden is surrounded and well within the sphere of German influence.

Wishful thinking leads us to hope the British can hold out. The English Channel cannot be crossed as easily as the Meuse or the Somme. And the British navy is still the biggest and most powerful in the world.

Second Childhood Perhaps

Pointing out that the United States is old enough to know better and urging us to act our age, Roger Burlingame, in the magazine section of the New York Herald Tribune, explodes the popular misconception that this is a young nation.

"In this long life," he continues, "we have seen many things happen to the rest of the world. The United States was over eighty years old when Germany was born.

"In 1870 Italy became a united nation for the first time since the Roman Empire, three months after we had celebrated our eighty-first birthday. Before 1870 it was composed of provinces, or independent kingdoms, that had been violently quarrelsome.

"In 1773 the people of France, virtually an absolute monarchy, watched our Revolution with eager, envious eyes. Thirteen years later, not so long after our Constitution had gone into effect, the French Revolution broke with the burning of the Bastille.

"During the hundred and fifty years in which the Constitution of the United States, fundamentally unchanged, has remained our instrument of government, Spain has changed three times, Portugal has gone from monarchy to republic, Russia has undergone two complete changes, and Holland was wholly reconstituted.

"We watched the birth of Switzerland, Belgium, Norway, Bulgaria, Liberia and all the South and Central American republics. In our thirties we saw Greece win her independence. In our late maturity we saw Estonia, Finland, Latvia, Lithuania, Hungary and Yugoslavia come into being.

"In the past fifty years the United States has scarcely been largely...

WHEREVER THEY RAISE THEIR HEADS

Germany May Have Captured France's Huge Gold Supply

NEW YORK, June 25.—(AP)—Authoritative sources estimated yesterday that Germany may have captured as much as \$1,200,000,000 in gold in the conquest of France—and the whole treasure may be under water.

This on the assumption that France did not have Poland's success in splitting its gold out of the country.

The most recent reports available to banking circles were that France held \$1,250,000,000 in gold in the rocky labyrinth under the Bank of France in Paris.

The holders of the vault planned that in case Paris ever were captured, the vault would be flooded. Then, they said, it would require months at least to locate the source of the river, dam it, and re-enter the underground storeroom.

Of course, no one has announced how much, if any, of the French gold stock was removed before Paris was captured. But are there many figures on how much of the total French gold reserve was stored under German in United States Federal Reserve Bank vaults? Undisclosed millions of French

Germany May Have Captured France's Huge Gold Supply

gold also have been used in buying positions in America. The Bank of America, in its statement of May 31, reported a gold reserve of \$4,618,000,000. The difference between this figure and local estimates indicates about one-half billion dollars in gold stored outside of France.

Among the items of war booty which it seems fairly certain Germany will obtain in whole or in part are 1870 American-made airplanes known to have been delivered to France in the last 18 months.

Chute Jumpers To Be On Forest Service

WASHINGTON, June 25.—(AP)—A possible nucleus for parachute troops is being trained by the government for fighting fires in the national forests.

Officials of the U. S. Forest Service, which is directing the new method of fighting fires, said the chief military value lies in the development of special equipment for the parachute jumper.

Probably the most valuable of these is a new lightweight radio—weighing only six pounds—capable of two-way communication between the jumper, air planes or headquarters several miles distant.

Through this new radio the jumper can advise his headquarters, or a plane pilot, of conditions on the ground and receive instructions. It would be valuable in directing the movement and receiving reports from parachute troops.

The lightning at San Francisco reported an average of 1,128 hours in 1939 per foot.

A Department of Labor survey has proved 16 percent spend more for their clothes than men.

More than 4,000,000 women visit California's national forests annually.

Among those expected to attend are: Mr. and Mrs. F. W. Graham of Tampa; Mr. and Mrs. Hale Kavast of Lakeland; Mr. and Mrs. Arnold Edwards; Mr. and Mrs. Earl Swainey, Mr. and Mrs. George Jensen, Mr. and Mrs. E. A. Williams, Mr. and Mrs. Donald Page, Mr. and Mrs. Perry Altman, Mr. and Mrs. Harold Harrison, Mr. and Mrs. V. C. Meech, Mr. and Mrs. Harvey Edwards, Mr. and Mrs. Kenneth March, Mr. and Mrs. Byron Minter, Mr. and Mrs. James Guthrie and Mr. and Mrs. J. T. Koenigs, all of Orlando; Mr. and Mrs. Alce, from Deland; Mr. and Mrs. Kirchnerell, Mr. and Mrs. Lowe, Mr. and Mrs. James Swainey, Mr. and Mrs. Marion Rodes, Mr. and Mrs. Maynard Rodes, Mr. and Mrs. Sullivan, Mr. and Mrs. Bob Stouderick, Mr. and Mrs. Wilson, Mr. and Mrs. James Jordan, Judge and Mrs. Landis, Mr. and Mrs. MacPike.  
And Mr. and Mrs. Jack Mason of Perry; Mr. and Mrs. Robert Estey of Daytona Beach; Mr. and Mrs. Ralph Tillis of Fort Pierce; Mr. and Mrs. P. Shackelford of Palatka.

**THIS JUDGMENT WAS POOR**  
STANTON, Va. June 22.—(AP)—A life vest was dropped off to ship on J. F. L. Long's porch. Long discovered his and gave him a bad. Next morning the wayfarer offered no thanks.—Mr.

## Rev. Dance To Go To Winona Conference

The Rev. T. W. Dance, minister of the Christian Church of this city, will be at Winona Lake Conference from Monday to Saturday of this week, June 24-29, with a group of young people from the local church.  
The Rev. W. E. Dance, minister of the Christian Church of Fort Myers and eldest son of the Sanford minister, will speak each day at Winona. He has recently returned from spending a week on the staff of the Young People's Conference at Tampa.  
The Rev. Clifford Dance, minister of the Christian Church of Lake Wales and second son of Rev. Dance, is also expected at conference.

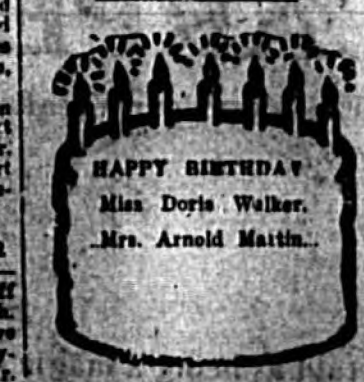

The staff includes: the Rev. Allen Laird of Ocala; the Rev. A. E. Sims of Eustis; the Rev. P. H. Mears of Orlando; the Rev. G. W. Bondurant of Atlanta, Ga.; the Rev. V. B. Frederick of Daytona Beach, dean at the camp; the Rev. Clyde Smith of Deland, conference director; Mrs. V. B. Frederick, dean of women and camp nurse; and Sam Luce, life guard.

## Engagement of Miss Williams Announced

Of interest to a number of friends in this section is the engagement of Miss Alice Martha Williams, daughter of Mr. and Mrs. H. D. Williams of Tampa, to Harry Lee Lindsay of Gainesville, son of Mrs. George H. Lindsay and the late George H. Lindsay of Geneva. The marriage will take place in the near future.  
The bride-elect was born in Ottawa, Canada, but was reared and educated in Tampa. She attended the Academy of the Holy Names and was graduated from Plant High School, where she was a member of the National Honor Society. She received her L. I. and B. S. degrees from the University of Tampa.  
Mr. Lindsay is connected with John E. Pierson, architect, in Gainesville. He was born in Hopkins and received his early education in the schools of Geneva and Sanford. He was graduated from the University of Florida, receiving his B. S. in architecture, and is a member of Gargyle, national honorary architectural fraternity.

## Ruth Annette Currier Marries James Cates

Miss Ruth Annette Currier of Jacksonville and James J. Cates, son of Mr. and Mrs. J. J. Cates, were united in marriage on Sunday, June 16, in Jacksonville by Monsignor Lyons of the Catholic Church.  
The bride was graduated from the Saint Paul Parochial school of Jacksonville in the class of 1938. Mr. Cates has been connected with the Lloyd Paint Company in Jacksonville since his graduation from Seminole High School in 1935.  
Mr. and Mrs. Cates are making their home at 5033 Fremont Avenue in Jacksonville.

**HAPPY BIRTHDAY**  
Miss Doris Walker.  
Mrs. Arnold Mattin.

## Double Program TODAY

## Personals

Robert Barksman and Mrs. Alice Stinson attended the A. C. L. picnic in Tampa on Monday.  
Mrs. E. A. Londenberg left yesterday for Mt. Pleasant to visit for a week with her father.  
Mrs. C. F. Proctor and son, Bobby, are spending several days in Miami with friends.

## British Say Germans May Denounce Peace Treaty

LONDON, June 24.—(AP)—British political circles last night interpreted the French-German armistice as meaning that if any French colony, or single unit of the French fleet refused to obey German orders, Germany could denounce the entire pact.  
"They cited article 24, which says: 'The present armistice is valid until conclusion of the peace treaty and can be denounced at any moment if the French government do not fulfill their obligations.'  
Observers added that once France is disarmed, Germany could impose whatever harsher terms she wished, and added that this was the same technique Germany used in taking Czechoslovakia.

## Miss Virginia Dann Arrives Last Week From Grady Hospital in Atlanta, Ga.

Miss Virginia Dann arrived last week from Grady Hospital in Atlanta, Ga., to visit for two weeks with her father, R. L. Dann.  
Miss Alice Johnson and Miss Virginia Dann were the weekend guests of Mr. and Mrs. Elmer Dann at Daytona Beach.  
Mrs. M. N. Cleveland and son, Mac, left yesterday morning for points in Georgia and North Carolina to visit for five weeks with relatives and friends.

## Mr. and Mrs. E. B. Clements and Daughter, of Buena Vista, Ga., Arrived Yesterday to Spend About Three Weeks in the Clements Apartments on 512 Park Avenue.

Mr. and Mrs. E. B. Clements and daughter, of Buena Vista, Ga., arrived yesterday to spend about three weeks in the Clements Apartments on 512 Park Avenue.  
Mrs. R. M. Mason, Sr. and her sister, Mrs. Mable Blount of Ft. Meade who has been visiting in Sanford, have gone to Wrightsville, Ga. to spend several weeks with relatives.  
Mr. and Mrs. Marvin Sheretz and daughters, Anne and Joanne, of Ft. Meade were the weekend guests of Mr. and Mrs. Ned Smith at their home on Silver Lake.  
Mr. and Mrs. F. A. Urle and children, Nancy and Joan, are the guests this week of Mr. and Mrs. Lindley Cillon of Alachua at their summer camp. Mr. Urle plans to soon leave the Alachua produce section for Macon, Ga., to engage in peach business.  
Mrs. E. S. Baughan and children, Neil and Robert, of Jacksonville are spending this week as the guests of Mr. and Mrs. Edmund Meich and Mr. and Mrs. Al Lee. Mrs. Baughan and children will be joined by Mr. Baughan and accompanied home this weekend.  
Dick Myers left last evening for Philadelphia and New York where he will be associated with the D. E. K. Whitney Company in handling advance publicity. After visiting several northern cities, Mr. Myers will attend the San Francisco Exposition in California.  
Friends of Miss Nancy Rosseter, who recently completed her sophomore year at Babson University, will be interested to learn that she has been notified of Honor Roll distinction. The honor is accorded students making scholastic averages of 8 in all college work.  
About 15,000 persons are employed in making men's neckties in the U. S.  
Oregon has 400 miles of coastline.

### Answers Given To Questions On Law For Compulsory Military Training

WASHINGTON, June 25.—(AP)—The answers to the questions on the proposed law for compulsory military training were given today by the War Department.

When would it become effective? It would be effective as soon as the President would sign it.

Who would it apply to? It would apply to all males between the ages of 18 and 21 who are citizens of the United States or its possessions.

What would be the purpose? The purpose is to train the nation's youth by fitting "every able-bodied man into his proper place in the national scheme of selective compulsory military training and service."

Would this program be dependent upon the declaration of war? No, the President would be able to select for training and service as many men as he deemed necessary for the national defense.

Would this program be dependent upon the declaration of war? No, the President would be able to select for training and service as many men as he deemed necessary for the national defense.

What position does the War Department take on the proposed law? The War Department is in favor of the law.

### Lost White Oak

PUERTO MALDONADO, Peru, June 25.—(AP)—A white oak, found after more than a century in the jungle swamps of Peru, was today being taken to the United States.

Two Peruvian men, Capt. Luis Contreras and Lieut. Jose Elmore, accompanied a Swedish-American expedition to the Colorado river, near the group and reported their discovery to this island.

They said the tree, which is at the mouth of the Colorado river, a tributary of the Amazon, is the only one of its kind in the world.

The inhabitants of the families of yellow wood who remained on the Colorado river after the retreat of the Peruvians, welcomed the news joyfully, eagerly read the newspaper, and piled the two piles with an intense system of questions concerning events during the last quarter of a century.

Despite their primitive life, number of the colony still have habits of civilized people. Many can read and write Spanish, and their first requests were for a school and after the possibility had been explained a radio station.

Peruvian authorities are planning a village across the solonchaks because they could not get back to Iquitos, to the north. They were unable to reach the famous Fitzcarrald wade. To reach Puerto Maldonado to the south, they would have to pass through hostile jungle tribes.

During their 25 years of isolation they have lived chiefly on farming and game.

McCarthy is Youngest Speaker in History

FALL RIVER, Mass., June 25.—(AP)—When Dan McCarthy, of Fall River, succeeds the Florida house of representatives next April he will be the youngest by four months than any other speaker in Florida's 72 years of existence.

The broad-shouldered, black-haired citrus grower and shipper will be 29 years old on Jan. 15, which will be 16 weeks before legislators will convene for the 1941 session. (Note: McCarthy was born on Sept. 22, 1911, in Fall River, Mass.)

The late Sen. Hiram Bingham of Utah, who served as speaker of the House from 1925 to 1933, was 32 years old when he took the oath of office.

McCarthy's record in the House includes service as chairman of the subcommittee on the constitutionality of the National Labor Relations Act.

He was elected to the House in 1938 and served as chairman of the subcommittee on the constitutionality of the National Labor Relations Act.

### Federal Grand Jury Acquits 8 Defendants

NEW YORK, June 25.—(AP)—A federal grand jury has been deliberating charges of conspiracy to overthrow the government by 14 defendants since Wednesday afternoon last night.

The trial continued 11 weeks and began with 17 defendants, one of whom hanged himself a week after hearing of the case.

### Britain Prepares For Next Nazi Onslaught

LONDON, June 25.—(AP)—Supported by a wandering Polish army and die-hard French leaders in exile who claimed to speak for the French fleet and empire, Britain prepared grimly last

night for Adolf Hitler's next onslaught.

Arrival of the Polish forces from France was disclosed by General Sikorski, the Polish prime minister.

In a broadcast he declared "the great body of our armies, safely back from France, is landing on the shores of Great Britain" and will "continue to fight, shoulder to shoulder, with the powerful British empire for a free and independent Poland."

The side of the surviving Polish forces, driven across half of the continent since last Sept. 1, was not given.

Church officials in New York state are valued at \$400,000,000.

California traffic courts heard 240,000 cases in 1939.

### Allegation Sought in Capital For Many Workers

WASHINGTON, June 25.—(AP)—An allegation that many workers in the capital were involved in a conspiracy to overthrow the government was sought today by a federal grand jury.

The United States today has the world's largest capital, and the grand jury sought to determine if there was any connection between the workers and the government.

The grand jury also sought to determine if there was any connection between the workers and the government.

# Baldwin Shades Corley In Pitchers Duel At Ocala, 2-1

## Sanford Left-Hander Allows But Five Hits But Walks Are Costly

## Red Roberts Pounds Out Three Hits Of Seven Garnered By The Seminoles; Jeter To Face Leesburg Here

Although left-handed Pierce Corley allowed Ocala only five hits, the Yankees behind the effective hurling of Larry Baldwin won out in a pitchers' duel at Ocala.

Each of the two runs given up by Corley were unearned. It was Corley's second loss of the season against nine wins.

Corley, the deep-sea favorite, pitched at Municipal Ball Park against Leesburg. The last time the two teams met a fight ended in a tie, with each team scoring one run.

Corley, who was expected to get the nod, was out of the game in the second inning. Ted Ryan worked for a walk and scored all the runs.

Red Roberts, who pitched for the Seminoles, pounded out three hits in four innings at bat to collect three out of the Seminoles' seven hits.

The Sanford outfield had an easy time of it last night. Only one put-out was registered by the trio.

Jeter will be going after his 15th win of the year. He has lost two games in his last start, Jeter's batting had to come to rescue the Seminoles.

Sanford's record is 10-11-1. Corley's record is 10-11-1.

## Swanson Pitches Florida Power To Win Over Homers

## Interesting Statistics Shown As League Reaches Half-Way Mark

WINTER HAVEN, June 25.—Whitely Campbell's Sanford Seminoles averaged 12 hits and seven runs per game from an offensive viewpoint, and batted slightly less than two times per tilt from a defensive viewpoint.

The figures backed up equally as imposing pitching records that will be released this week, tell in dramatic fashion the story of how the defending champions were able to establish and add to a league lead that through Saturday night found them 12-13-1.

The last place Gainesville G-Men came nearest to playing one-half of the 140-game season, the once powerful champions being rained out but once, while winning 25 of the 88 tilts they put into the records.

These same G-Men established a new league record by posting two no-hit games inside of one season. Manager Davis whipped DeLand, 4 to 1, at home on May 25 with big Don Ryan turning back Ocala, 1 to 0, in that city on June 16.

Only one other league record was broken during the first 70 days of play. It happened on April 15, the second day of the season, when Sanford swamped Ocala 18 to 0 at home for the worst shutout beating ever administered a club in the league.

St. Augustine used 88 men before finding the winning combination that today stamps the franchise as one of the few clubs who might possibly overtake the flying Seminoles.

Longest winning streak of the first half is credited to Sanford which won eight straight tilts. Ocala is credited with the longest losing streak, eight tilts.

Sanford's 18 to 12 victory over DeLand on April 18 saw the most runs scored in a nine-inning game through Saturday. Gainesville whipped DeLand 20 to 3 on May 5 and came back on May 18 to swamp Ocala, 9 to 1. Leesburg, at home to Daytona on April 22, won by 20 to 6.

## FROM THE PRESS BOX

## NOTES

For eight innings last Friday, Sanford's Sid Hudson was on his way to the major league hall of fame, a no-hit, no-run game, but Rip Radcliffe's double in the ninth for the St. Louis Browns ruined Sid's magnificent effort.

Associated Press and United Press dispatches that went over the wires all over the country carried the fact that Sid Hudson was the rookie who won 24 and lost 1 for the Sanford, Fla. team last year.

Brad Ryder points out that during the first three years of the Florida State League Atlanta papers didn't even acknowledge that such a league existed. Then stories began to circulate about the phenomenal team for its class that was assembled at Sanford.

DeLand, June 16. Most earned runs: 13, home with Orlando on April 11. Most doubles: five, home with St. Augustine on April 19 and again on 17.

Most total bases: 27, made up of 18 singles, three doubles, and one triple at home May 7 with Daytona.

Longest game, home with St. Augustine, April 18, 2:45; shortest game, home with Gainesville on May 26, 1:25.

Most stolen bases: nine, visiting Leesburg April 20 and home with Leesburg on May 11; most sacrifice hits: five, visiting St. Augustine on June 18; most runs batted in: 14, visiting DeLand, May 17.

Sanford played through the first half with but 20 players on its roster, but Arnold Johnson is the only "iron man" on the squad, he having played in each of the 66 tilts.

## Islanders Defeat Orlando Senators By 4 To 2 Score

## By Fred Harman

The Daytona Beach Islanders handed a ninth inning rally of the Orlando Senators after one run had scored last night to ring up a 4 to 2 victory.

In getting the close win, the Islanders collected seven hits off Wrigley while the Senators were nipping Thomas for the same number. Score by innings:

W H R  
Daytona B. 000 001 021-4 7 4  
Orlando 000 000 101-2 7 3

The Gainesville G-Men rallied in the ninth inning to score five runs and now out the DeLand Red-Hats by a 5 to 4 score in a Florida State league game.

The Red-Hats got their four runs in the fifth and sixth innings. They collected nine hits while the G-Men pounded out 11 safe blows. Score by innings:

W H R  
DeLand 000 022 000-4 9 1  
Gainesville 000 000 005-5 11 2

Led by Jessie Dooley, new catcher, the Leesburg Angels trimmed the St. Augustine Saints 10 to 7 score.

Dooley collected two of the Angels' eight hits, one being a triple. He batted in four runs. Score by innings:

W H R  
St. Aug. 020 100 112-7 12 2  
Leesburg 000 080 200-10 8 4

**German, British  
Air Raiders Strike  
With New Fury**

(Continued From Page Two)  
Germany's demands comprised 24 paragraphs that they were "hard, but not humiliating" for France.

While Nazi warplanes bombed England—the Germans said that the attack was aimed against British airports—British bombers attacked the Ruhr, Germany's rich industrial region, and placed high explosives on a section of German-held airdromes in Holland.

Waves of German bombers, in the widest forays of the war, thundered over Britain from London to the northeast, and penetrated to the west coast over Wales, and northwest England, dropping explosives at many points while British fighters and anti-aircraft gunners struggled to bring the raiders down.

Despite the extent of the areas attacked, only three civilians were killed and 13 injured. In their hour of jubilation, Hitler and Mussolini let it be known through Berlin that the assault on the British Isles will not be long in coming.

The German "cease fire" was signaled by the broadcasting of the "last gasps" bugle call. As the strains of the bugle faded a German announcer came on the air with the brief announcement that the Nazi forces had silenced their guns at that moment.

In the somber contrast to the 10-day victory celebration and the ringing of bells personally ordered by Adolf Hitler in Germany, the French proclaimed today's national day of mourning. "Today France must be silent," Interior Minister Pomart broadcast in his fallen nation from Bordeaux.

"Her heart will bleed but she will forge a new hope," France ordered all flags on public buildings draped throughout the day, troops were confined to barracks, stores, cafes and theaters were closed.

Immediately preceding the German command to cease firing, the Berlin radio broadcast this announcement:

"To the entire German people: With this signal, calling attention to the entire German nation, the armistice has gone into effect. "At this historic hour, all German eyes in Germany and all over the world are turned toward our fuhrer, Adolf Hitler. "A victory has been accomplished far greater than our wildest and most optimistic estimation. "Eighty million Germans are united in one shout of 'long live our fuhrer.' "With this dramatic flourish, Hitler called off his Nazi legions who in six weeks of invasion hammered France into submission, with 14 days of belligerent assistance from Italy. "Although peace—a hard conqueror's peace—came to France, Britain was pledged to fight 'unconquerable' and alone to a finish with the axis powers. "It was the end to a bloody and lost battle for the French government of aged Premier-Maximilien Petain, who tasted the fruits of victory in the World war and the dreags of defeat in 1940. "But it did not mean the end of all French resistance. "The London committee under French General de Gaulle was working feverishly to bring the French empire into a 'fight unto death' against the totalitarian conquerors of his homeland. "De Gaulle, stripped of his rank for opposing the Petain government's capitulation, expressed the belief the French empire would carry on along with the French fleet, the biggest question mark of the hour. "Indications that de Gaulle was lining up powerful French support was seen in reports that Paul Reynaud, Petain's predecessor, Yvon Delbos, former foreign minister, Cesar Campinchi, former minister of the navy, Leon Blum, former Socialist premier, and Edouard Herriot, another former premier and resigned president of the French chamber of deputies, would join him. "Even as peace returned to the western Europe new trouble developed in the southwest with reports of numerous border clashes between Rumanian and Russian troops.

**URUGUAY REPORTS**  
MONTEVIDEO, June 25 (AP)—The chamber of deputies decided in secret session last night to send a special investigating commission's report on pro-Nazi activities in Uruguay to the department of administration and justice. This is the groundwork for measures to cope with all subversive plots.

**BUCHAREST SILENT**  
BUCHAREST, June 25 (AP)—Romanian officials refused to confirm or deny reports reaching Budapest late last night that numerous clashes with Soviet Russian troops had taken place along the Dniester.

**INDIAN PATROL**  
SIMLA, India, June 25 (AP)—The Indian government yesterday announced the loss of the 861-ton patrol vessel Pathan of the royal Indian navy.

**DOG IS STRICT VEGETARIAN**  
DRESDEN, June 25 (AP)—Travis, pet dog of the late Hugh O'Burn family here, is one dog that never turns up her nose without no sense of being defiled when confronted with a bone. Travis is a strict vegetarian, preferring carrots, cabbage and spinach.

## G.O.P.s Clear Way For Nomination Of Standard Bearer

Hoover Leaves Himself Available For Selection As Republican Leader  
Ex-President Is Given Reception  
Urges Party To Save America For Free Men In His Address

PHILADELPHIA, June 26.—(AP)—Herbert Hoover left himself available for presidential nomination today by declining to say whether he would accept the Republican leadership if it was offered by the 1940 national convention.

Following the convention plan of last night for the party "save America for free men," the former president held a press conference two hours before the afternoon session of the convention was scheduled to open to receive the 2,000-word platform draft from the resolution committees and make a start on the arduous task of nominating candidates.

Governor Stassen of Minnesota, convention keynote, told the state delegation his vote would be cast for Willie. Simultaneously, an Alabama caucus voted to yield the state's first position in the convention roll call to New York for nomination of Dewey.

It would put the name before the party prior to those of Willie or Taft, two of his major rivals.

Herbert Hoover demanded the abolition of the two-day system of nominating candidates, which was held before an excited Republican national convention which would finally into the hands of the party.

Other outstanding addresses of the convention he said, included that of a member of the Dies Committee who told the Kiwanians that the committee is well informed on the activities of the German-American bonds and the Communist Party.

Dr. J. E. Root announced that Mayor Paul Crank, retired, represented the First Baptist Church Sunday night at 8:00 o'clock on "Fifth Column Activities in America."

## Kiwanians Hear Report On Meet At Minneapolis

Members Of Seminole Roster Are Guests At Weekly Session

A report of the Kiwanis International convention held last week in Minneapolis, Minn., was given at the weekly luncheon of the Kiwanis Club today while the members of the Florida States league introduced his teammates who were the guests of the club and arrangements were made for a Kiwanis Night at the next game here between Sanford and Orlando to take the place of the rained-out Kiwanis Night scheduled for last night.

Manager Campbell was introduced to the members of the club as the "youngest manager of the Florida State League," by Dr. L. T. Deas, a baseball enthusiast and chairman of the club's public relations committee.

Declaring that the recent convention was one of the best ever held, Mr. Dingfelder said that the delegates attending the convention were imbued with new spirit and enthusiasm and with the resolve to return to the respective clubs and carry out the civic organization's motto for the ensuing year, "Citizenship responsibility the price of liberty."

He informed the club that Mark A. Smith of Thompson, Ill., international representative who inspired the district to resolve to return to the respective clubs and carry out the civic organization's motto for the ensuing year, "Citizenship responsibility the price of liberty."

Other outstanding addresses of the convention he said, included that of a member of the Dies Committee who told the Kiwanians that the committee is well informed on the activities of the German-American bonds and the Communist Party.

Dr. J. E. Root announced that Mayor Paul Crank, retired, represented the First Baptist Church Sunday night at 8:00 o'clock on "Fifth Column Activities in America."

## Two Master Water Meters Installed

Two master water meters at the Municipal water plant to check the amount of water passing through the supply main and to check the amount flowing into the distribution system are being installed today.

The meters, costing a total of \$225, were purchased by the city and will be installed by the city engineers.

The meters will be installed by the city engineers.

The meters will be installed by the city engineers.

## Japan Plans To Keep Nations From Far East

Rumbles Of Impending Conflict In French Indo-China Heard In Hongkong

The Tokyo newspaper, Asahi, said today Japan planned to establish an "Asiatic Monroe Doctrine" to prevent Germany and Italy from seizing the Far East possessions of European nations.

Rumbles of a new conflict impending in French Indo-China were heard in Hongkong.

The sudden and secret departure of the main United States fleet from Hawaii spurred mounting uncertainty in Washington regarding official intentions toward the Japanese moves in the Far East.

Both the White House and the State Department said they had "no news" of the fleet.

Meanwhile in New York The Daily News in a copyrighted article last night said that:

"There was still no knowledge here of reports that the fleet had been ordered from its Hawaii station to the canal.

"The two batteries of huge 14-inch railway guns shifted from the Pacific side will be able to back up the great coastal defense fleet in the Pacific entrance to the canal, adding immeasurably to the strength of that side of the isthmus."

## Longer Working Week Adopted By Soviet Russia

War Danger, Need Of Greater Production Brings About Change

MOSCOW, June 26.—(AP)—Because of the increasing war danger and need of greater production, Russia has adopted a new working week—six days work and one day rest.

The new working week was announced by the Soviet government today.

The new working week was announced by the Soviet government today.

The new working week was announced by the Soviet government today.

## Political Fights Rage In Cabinet Over Chamberlain

Chamberlain's Presence In Cabinet Of Winston Churchill, Is Violently Opposed By Liberal And Labor Members Of Parliament

LONDON, June 26.—(AP)—The apparently calm surface of British politics is making two of the hottest political fights in a decade.

Chamberlain's presence in the cabinet of his successor, Winston Churchill, is violently opposed by Liberal and Labor members of parliament as dangerous to the nation when invasion comes.

They assert that his position is a promise of appeasement and that he would not hesitate to attempt to form a new government to treat with Germany should the Nazis score a string of successes at the start of the invasion.

Chamberlain, the man of Munich, these quilters are represented as contending, is a key figure of interests identical with those which formed the backbone of the Conservative Party.

Each department will also have an exhibit of the work done during the period in one of the rooms off the main auditorium.

At the conclusion of the program certificates for the work completed will be awarded by Mr. Kipp.

The program is in part as follows: Invocation—Dr. Bahman Scripture—Dr. Bram Scripture Lessons—Prayers. Bible Verse—Our Offering. Group Testimonies—A Prayer.

## British Units Stage Daring Raids On German Held Coast

English Forces On Continent Believed Seeking Information On Invasion

Two Netherlands Princesses Bask In Canadian Sun

Completely oblivious of the fate that overtook the country she may still some day rule, nine-month-old Princess Irene of the Netherlands basked in the sun at Quebec's Segnoy Club. Kneeling informally next to her is her mother, Crown Princess Juliana, who recently sought Canadian refuge for her two young daughters, Princesses Irene and Beatrix, aged 2½.

## Nation's Monroe Doctrine Has Been Renounced, Respected And Imitated

NEW YORK, June 26.—The American declaration against the doctrine, which the United States government has invoked since 1823 to discourage German or Italian attempts to take over French, British, Dutch or Danish possessions in the American hemisphere, has been renounced, respected and imitated.

The Monroe Doctrine, as then expressed, first rebuffed home a warning which had been given in the summer of 1823 to the Russian czar over Alaska. This warning stated the "principle that the American continent is no longer subject for any new European colonial establishment."

The doctrine has been widened in the last century in two important respects: not only Europeans but all non-Americans are now barred from establishing colonies in the Americas.

The doctrine has been widened in the last century in two important respects: not only Europeans but all non-Americans are now barred from establishing colonies in the Americas.

## Ford Refuses To Furnish Engines For Great Britain

Cooperation Will Be Sought Elsewhere. States Commissioner

WASHINGTON, June 26.—(AP)—Government negotiations with Henry Ford for the mass production of airplane engines collapsed yesterday.

William S. Knudsen of the national defense commission announced that Ford's refusal to manufacture engines for Great Britain had forced cancellation of plans for early mass production of Rolls Royce motors by the Ford Motor Company.

Cooperation in the production of this important military equipment will be sought elsewhere by the national defense advisory commission, a statement from commission headquarters said.

Congressional sources revealed several days ago that the Ford company had agreed to build 1,000 airplane engines for the British. They said this volume would be sufficient to warrant the use of mass production methods, and cost a \$43,000,000 appropriation through Congress to finance this government's order.

Uncertainty developed when Ford declared he would produce military equipment only for the defense of the United States.

The defense commission announcement said that, on Monday, Ford confirmed to Knudsen in Detroit his public declaration that he would not contract with the Anglo-French purchasing commission for plane engines.

## Belligerents Swap Air Raids

Fate Of French Fleet Remains Subject For Speculation

Daring raids by British naval and military landing parties on a German-held "enemy coastline"—apparently to seize prisoners for information on Nazi plans to invade British Isles—were reported by the British information ministry today.

The raids were described as "reconnaissance"—probably scouting parties since there was no immediate indication that Britain planned to send another expeditionary force to resume the fight on the continent.

In the armistice-enforced lull in the land fighting, Germany and Britain swapped punches across the channel in air raids that left four Germans dead and at least four British civilians killed and 11 wounded.

Nazi warplanes attacked between midnight and dawn for the fifth time in eight days, raining bombs from the south coast of England to Scotland.

At least five raiders were downed by anti-aircraft fire and fighter planes.

The Germans indicated the firm terms of the armistice which Hitler expects to re-organize Europe will not be disclosed until the war with England is ended. It was the armistice terms imposed on France were designed merely to meet war conditions.

While England waited for Germany to strike with full power, the fate of the French fleet, which the Bordeaux government agreed to surrender under armistice with Germany and Italy, remained a major subject for speculation.

Italy gained military occupation of only a thin border belt of the Alps, demilitarization of French colonial outposts in North Africa and full rights over Italy's only rail outlet to Italian East Africa under terms of the French-Italian armistice announced here last night.

The armistice also forces France to demilitarize her naval bases in the Mediterranean while the war with Britain is in progress.

## City News Briefs

The regular meeting of the Lions Club will be held in the Yalco Hotel tonight at 7:00 o'clock. Secretary C. E. Adams urged a full attendance of members.

The district deputy for the Independent Order of Odd Fellows will be the guest of the Semi-Centennial at the Yalco Hotel.

CHINESE CAPITAL BOMBED

CHUNGKING, June 26.—(AP)—Five weeks of Japanese bombing visited Nanjing yesterday, and 25 planes bombed the provincial Chinese capital for the first time since June 22, when the Japanese captured the city.

FRENCH WITH DE GAULLE

LONDON, June 26.—(AP)—Members of the French colony in London advised French General Charles de Gaulle in London that they were ready to assist him in his efforts to organize the French forces in the field.

## Twister Uproots Trees In South Part Of County

Several power line poles were blown down, many trees uprooted and debris was blown everywhere in a twister in Longwood yesterday afternoon which preceded the heavy rainfall during the afternoon.

Although heavy winds were felt all over the county, the storm took the form of a small tornado in the southern section but little property damage resulted. There were no reports of dwellings in the section suffering any damage.

Because of the damage done power lines part of Longwood was reported to have been without power service for some time.

## Anti-Gambling Work Commended For Chief

Attorney General George Cooper Gibbs has extended the appreciation of the State to Chief of Police Roy G. Williams for his efforts to curb commercial gambling in the City of Sanford.

The letter from the Attorney General is in part as follows: "I am advised by an article in the Sanford Herald of your activity in suppressing illegal commercial gambling. I appreciate your assistance in this matter."

## Noah Jacobs Plans Barbecue July 4th

A "Noah Jacobs Special" all-day picnic and barbecue will be held at the Jacobs Picnic Grounds on July 4. Mr. Jacobs said today in extending an invitation to the public to attend.

In addition to the barbecue, which will be served at 12:30 P. M., there will be music and dancing on the grounds from 10 o'clock to 11:00 o'clock. The picnic will be finished by Isaac Hall and his group from Orlando.

## Verdict Returned In Death Of Girl

Nine-year old Virginia Turner "came to her death by being hit by an automobile driven by Mrs. Effie Hewson," was the verdict of the coroner's jury after hearing testimony of witnesses Monday afternoon, County Judge R. W. Ware said today.

The daughter of Mr. and Mrs. J. W. Turner of Catfish Springs, west of Sanford, the child allegedly ran into the path of the auto while crossing the street to a church yard after purchasing a package of chewing gum at a nearby store at Wilson Corner.

The girl died of injuries sustained while enroute to the hospital.

The jury was composed of A. B. Wallace, G. E. Sims, C. F. Norton, C. H. McKinney, B. E. Chapman, and L. C. Leonard.

The 24-hour day and 48-hour week are established by law in Argentina.

## LOCAL WEATHER

Partly cloudy and scattered thunderstorms in south and central portions. High 85. Low 65. Extreme south winds and slightly warmer in west and extreme north portions in night.
