### Stock Market

NEW YORK, Mar. 5 (49-Another crawling stock market today failed to get anywhere in particular.

From the start dealings were among the slowest of the past year. While scattered leaders managed to edge forward fractionally osers were numerous near the

fourth hour. Kennecott and Bendix Home Appliances responded moderately to pleasing earnings, but many others were uninspired by climbing net. Occasional improvement was shown for U. S. Steel, J. I. Case

Douglas Aircraft, Santa Fe, North American, Du Pont, U. S. Gypsum, Texas Co. and Gulf Oil. Lagagrds most of the time were Bethlehem Steel, Youngstown Sheet, Repub-lic Steel, Chrysler, Goodrich, Goodyear, Montgomery Ward, Deere, Anaconda, International Paper, Standard Oil (NJ), United Air

Lines, Southern Railway and 4.75-5.25 Great Northern Railway.

Some bidding was credited to the thought that the list was in a healthy technical position and could easily rally if the news warrants. The majority of professionals and commission house customers, however, were dubious. These cither stood aside or trimmed ac-counts, Speculative and investment restraints still were seen in taxes, business doubts, the wage outlook 250-150 and disturbing foreign affairs.

Bonds and commodities were relatively steady.

Supported in the curb were Aluminum, Ptd., Clinchfield Coal and Winnipeg Electric. Hesitant were Kaiser-Frazer, Beck Shoe

Browning missing.
