DARWINISM KNOCKED OUT BY FLORIDA LEGISLATURE IN JOINT RESOLUTION TODAY

THAT NO PROFESSORS OR TEACHERS TEACH ANY SUCH STUFF STATE SUPPORTED

Gardner Tells How It Feels to Be Lashed by Whipping Boss of Convicts Camp

(By The Associated Press) TALLAHASSEE, April 18.—The lower house adopted a joint resolution by Representative Giles expressing the sense of the legislature that it was "subversive to the best interests for any professor, teacher, or instructor of any school or college or university supported in part or of whole by taxation to teach Darwinism, Atheism, Agnosticism or any other hypothesis that links man in blood relationship to any other form of life or to permit such subjects to be taught. The Senate is yet to act on the resolution. Hale gave notice that he would move for reconsideration vote tomorrow.

How it felt to be lashed by a convict whipping boss related to the joint legislative committee investigating reported brutalities in the state convict camps by John Gardner, 18, who said he resided at Altoona, Pa., prior to enlisting in the army. Gardner, in answer to questions by Senator Stokes, chairman of the committee, declared he was whipped three times within a week; that he received approximately 50 licks each time, and Walter Higginbotham, convict boss, charged with murder in connection with the death of Martin Tabert, did the whipping.

Gardner said the whipping he received drew blood and he was unable to lie on his back for a month. The witness related a flogging given Tabert by Higginbotham four days before he died.

The house today voted 63 to 16 to abolish corporal punishment in this state in handling of county prisoners. The action came on adoption of an amendment offered by Representative Davis, of Leon, to the measure which would abolish county convict lease system. Representative Davis, in supporting his amendment, said the lash system was worse than the lease system. The amendment provides if a prisoner fails to respond to disciplinary measures prescribed, he can be tried on second charge of misdemeanor.

NEW YORK BANKER EXPECTS PROSPEROUS PERIOD TO CONTINUE

NEW YORK, April 18.—There is ample basis for a sustained period of prosperity, Charles E. Mitchell, president of the National City Bank, declared in a statement today. The country has a great many needs to be satisfied, he said. "We have not yet made up the deficit in construction caused by the war. If our prosperity is short lived it will be because we try to ride it too hard. We want stable business, stable prices, stable production and regular employment instead of booms and depression. Just now labor is fully employed. Industries are producing at the highest rate; the traffic on railroads in the first quarter has been the greatest ever known and the trade reports from all quarters are excellent.

"We are doing all we can and additional pressure would be harmful rather than beneficial. The danger in this situation is not financial but industrial; a too rapid increase of industrial costs."

Wooden Fleet Burns Near Norfolk Today, Tug Goes to Rescue

(By The Associated Press) NORFOLK, Va., April 18.—The tug *Dew* was ordered to proceed with all possible speed to the assistance of ten wooden vessels reported afloat at Douglas Point, in the Potomac river, five miles from Quantico. The vessels are a part of the old Shipping Board wooden fleet being transferred to Alexander for demolition.

THREE HUNDRED THOUSAND MEN UNDER ARMS

(By The Associated Press) WASHINGTON, April 18.—More than three hundred thousand men will be under arms this summer in various army camps undergoing intensive military instruction, according to estimates compiled by the war department, from reports from commanding officers of nine camps. They have volunteered largely from civil life and many will "fall in" for the first time as "rookies" in khaki subject for the time being to rules and regulations of military establishment.

Postmaster's Examination Will Be Held Here For Sanford P. M.

The United States Civil Service Commission, at the request of the postmaster general, announces a competitive examination for postmaster in this city.

This examination is held under the president's order of May 10, 1921, and not under the civil service act and rules.

Competitors will not be required to report for examination at any place, but will be rated upon their education and training, business experience and fitness.

Apply to the secretary of the board of civil service examiners at the post office in this city or to the United States Civil Service Commission, Washington, D. C., for application Form 2241, and Form 2213 containing definite information in regard to the examination.

Applicants must be properly executed on Form 2241, and filed with the Civil Service Commission, Washington, D. C., prior to the hour of closing business on the date specified in Form 2213.

RAILROAD UNION WILL ASK HIGHER PAY THIS SUMMER, SAYS OFFICIALS

CHICAGO, April 18.—One railroad union, following close on the heels of announcement of wage increases in steel and packing house working circles, has started the movement among rail unions for higher wages, which is expected by United States Railroad Board members to become general before the middle of the summer. The railway and steamship clerks, freight handlers and express and station employees, numbering about 200,000 and effecting about 5,000 more, is completing negotiations to ask the carriers for a return of rates in pay in effect prior to July 1, 1921, an increase of approximately \$80,000,000 annually over the present rates.

Meetings have been called in the East and a final meeting will be held here Thursday when the plans of the union will assume a more definite shape. If the carriers refuse this, officials plan placing the request before the labor board without delay.

Other rail unions reported to be in the movement for higher wages denied today through their officials that any concerted movement was under way for higher pay at present.

The maintenance of way union, and dispatchers organizations are not backing any demand for increased wages, officials of these unions said today. At the same time, they expressed the private opinion that increased costs of living, which they expect to be increased by the pay raises in other industries may force the rail unions to go after higher rates of pay.

Whatever activity for higher pay that may be encountered among railroad employees must come from unions outside the "big four" brotherhoods, agreements covering wages having been concluded by them with the roads several months ago and they are expected to stand throughout the year.

ILLINOIS CENTRAL WRECK MOST EXPENSIVE IN YEARS, ENGINEER AND FIREMAN DIE

Fast Freight Hits Rear End of Another Freight at Hammond

NEW ORLEANS, April 18.—Engineer Hafen burned to death and Fireman Tom Rogers was fatally injured and the brakeman hurt when a fast northbound freight train on the Illinois Central railroad crashed into the rear end of a standing freight train near Hammond, La., early today igniting three cars of alcohol. Eleven freight cars and Mogul engine were consumed by the flames. The wreck was said to have been the most costly experienced by the Illinois Central on Southern lines in many years. Fireman was said to have been on first regular trip for the railroad. Rescuers were hindered by blue flame that broke out immediately after the crash. Three cars of vegetables and five cars of coffee were destroyed.

MANY PROMINENT SPEAKERS TO BE HERE FOR REUNION OF SPANISH WAR VETERANS

Local Camp is Making Elaborate Preparations to Show Visitors a Good Time

The 13th annual reunion and encampment, Department of Florida, United War Veterans, will be held in Sanford, Florida, May 7th, 8th and 9th, 1923. Headquarters Department of Florida will be at the Hotel Valdez, Park and Commercial streets. Convention will be held in the Council Chamber of the city hall. Opening session 9:30 a. m. May 7th.

Hotel rates are \$1.50 to \$2.50 per day. Meals 50c to 75c each.

Speakers for the occasion will include Commander-in-Chief A. P. Entanza, Hon. Forest Lake, Cromwell Gibbons, Adjutant-General Foster, C. Cooper Gibbs, J. E. Atchison, J. N. Bradshaw, W. B. Ballard, R. A. Terheun and Harvey R. Payne and others and the boys of '98 will hear more "hot air" spilled at this convention and reunion than ever before.

Col. Theodore Roosevelt Camp No. 13, of Sanford, is making some very definite arrangements for the entertainment of comrades and visitors that the time will be filled in every minute of the spare time, so this should be three days of real old-fashioned reunion of the boys of '98.

Camps are entitled to one delegate and one alternate for each fifty members. All officers of the department, past department commanders and all past commanders and present camp commanders, senior and junior vice-commanders are entitled to seats also. Camp commanders are requested to forward list of their delegates immediately to the department adjutant.

Every soldier or sailor who served in the army or navy in the war with Spain, the Philippine insurrection, the China relief expedition and Boxer uprising are hereby extended an invitation to attend and participate in the general good time that will be in store for you.

Remember "All roads lead to Sanford so go up your flivver and join the crowd."

"COURTESY WEEK" LUNCHEON OF KIWANIS CLUB IS WELL ATTENDED AT HOTEL VALDEZ

Prominent Speakers Deliver Eloquent Messages of Many Good Things to Come

The regular noon-day luncheon of the local Kiwanis club was well attended, every seat at the table being filled and overflowing to several smaller tables hastily assembled to take care of the crowd.

Rev. "Billie" Cooper, of the Orlando Kiwanis Club, was called on to invoke the blessing and S. S. (Sun Shine) Baumel led the enthusiastic singing, with Dr. McCallin tickling the ivories.

The following, guests of the club, stood up and were greeted with the song of welcome: Dr. Cooper, of Orlando; C. J. Felner, of Ocala; C. J. Robb, of the U. S. Department of Agriculture; S. G. Smith, of Camp Hill, Ala.; Mrs. R. E. Tolar, of the Woman's Club; Rev. W. J. Carpenter, and our own O. P. Swope, who is sojourning in Orlando for a short time.

Mrs. Tolar spoke of "Garden Week" and asked a donation of \$5.00 toward the two prizes that will be awarded the scholars writing the best essay on the work. Needless to say, Mrs. Tolar secured the donation.

Lewis O'Byran, the "side kick" of President Sharon, spoke on "Professional Courtesy," and he surely practices what he preaches, as he delivered a most eloquent and convincing address, and showed that he was thoroughly familiar with every brand of courtesy. He was followed by Rev. W. J. Carpenter, of the local Methodist church, who clearly demonstrated that he was "some punkin'" when it came to telling all about "Business Courtesy." Both talks were listened to, with deep interest by every one present and it is certain that a deep impression was made on every member and visitor.

The following telegram elicited much applause and should set at rest all the vague and absurd rumors on the subject:

BISHOP TUTTLE DEAD.

ST. LOUIS, April 18.—The Rt. Rev. Daniel Sylvester Tuttle, 86, presiding bishop of the Episcopal Church in the United States and oldest active Anglican bishop in point of service in the world, died at his home here at 2:03 o'clock this afternoon. He had been ill since February 18, when he suffered an attack of grippe, and two weeks later it became apparent that the bishop would not survive the illness.

With the prelate's death passed the office of presiding bishop of the Episcopal church of the United States, which he had held by seniority since 1903. Under an arrangement voted at the Episcopal general convention of 1919, direction of the church's affairs has been placed in the hands of a national council with an election to provide the bishop who heads it. Bishop Gaylor of Memphis presides over the council at present.

JOHN ALSOP WINS RACE FOR MAYOR OF JACKSONVILLE

JACKSONVILLE, April 18.—John T. Alsop, Jr., former president of the city council was nominated for mayor of Jacksonville in the Democratic primary today by a majority of between 1,250 and 1,500. The election was conceded by J. E. T. Bowden, the rival candidate. Indications were that St. Elmo W. Acosta and Fred M. Valz were nominated for city commissioners and will not have to go into the second primary, having obtained safe majorities, according to an incomplete count compiled late tonight by the Times-Union.

The race for city recorder was close between G. D. Ackerly and R. T. Smotherman, with the former leading. John L. Hall had no opposition for assessor, while Alexander Ray was unopposed for treasurer.

Six councilmen-at-large and fifteen ward councilmen, who were voted on today, also will be voted on in the second primary next Tuesday.

national shop until we expect to make considerable improvement in our shops and other facilities at Sanford this year involving an expenditure of approximately \$175,000. We appreciate your expressions and are always glad to see our friends but with the information given above I understand that the only purpose of conference would be to discuss location of new shop unit and this is not now under consideration." In addition to the information extended that body please feel assured of our appreciation of the expressions contained in your wire.

"P. R. ALBRIGHT."

The courtesy books were distributed by Secretary Lloyd and will no doubt be placed where they will do the most good. The only unpleasant feature of the occasion was the announcement that "your dues are due—and the treasurer needs the money." But even with that the meeting was one of the most enjoyable ever held, the menu and service was extra good and everyone departed glad that he was a Kiwanian and privileged to take part in the good things prepared for him each week.

TICK FREE SECTIONS STATE MAKING GREAT PROGRESS IN DAIRYING IS REPORT

THREE AVIATORS SET RECORDS IN DAYTON FLIGHTS

DAYTON, O., April 18.—Flying at most twice as fast as the former record holder, Lieut. Harold Harris, McCook field today set new speed records for 1,500 and 2,000 kilometers.

Harris maintained an average speed of 114 miles per hour throughout his flight. His time for 1,500 kilometers was 8 hours and 9 minutes, and for 2,000 kilometers was 10 hours and 53 minutes.

This flight began at 6:23 o'clock this morning and was conducted over the 31 1-8 triangular course, over which Lieutenants John A. MacReady and Aukley Kelly were flying to set a new endurance record.

Harris landed at 5:21 p. m. and appeared in excellent condition. He expressed great satisfaction over his success. Harris also holds the world's record for 1,000 kilometers course, set here in an aerial derby March 31.

Harris flew a rebuilt DeHavilland 4-b in his flight.

DAYTON, O., April 18.—Carrying a dead weight of 2,122 pounds, a navy biplane piloted by Lieut. Rutledge Irvin, Anconia Station, Wash., gained an altitude of 11,300 feet over McCook Field this afternoon. This is the highest altitude ever gained by a single-motored ship, carrying this much weight.

Plans are under way, according to Commander K. F. Smith, naval attaché at McCook Field, to remodel the ship and send it on a speed flight, in an effort to gain for the navy the records for 2,500, 3,000, 3,500 and 4,000 kilometer speed records and the distance record.

A new record for sustained flying was set by Lieut. J. A. MacReady and Oakley Kelly in the army monoplane T-2, at 8:02 o'clock tonight. At the time they had completed the 71st lap of the 31 1-8 miles course and had been in the air 34 hours, 27 minutes, 54.4 seconds, eclipsing the French record of 34 hours and 19 minutes by 5 minutes and 54 seconds.

Apparently unmindful of the fact that they had created aeronautical history, they soared on in their quest for an official endurance flying mark. They expect to continue flying hour after hour until their gasoline is exhausted.

MICHIGAN GOVERNOR VETOES GASOLINE TAX

LANSING, Mich., April 18.—A bill recently passed by the legislature imposing a tax of two cents on all gasoline sold within the state was vetoed by Gov. Alex. Groesbeck today. Doubt is expressed by legislative leaders if proponents of the measure can garner sufficient strength to override the veto in both houses. The governor in his veto message charged the bill was unjust in that it was a tax not only on automobile owners, but on all other users of gasoline. Framers of the measure had estimated the state would derive upward of \$9,000,000 annually in revenue from the bill, the money to be expended upon highway construction and in retiring highway bonds.

Dedication Ceremonies at Tinker Field

ORLANDO, April 18.—(Special to the Herald)—Baseball fans from all over Florida are expected to flock here in great numbers Thursday, April 19th, to attend the dedication ceremonies at Tinker Field, Orlando's new \$50,000 athletic park.

The Lakeland and Orlando baseball clubs of the Florida State League will battle on the diamond after the preliminary speeches and band concerts and a great day of sport is expected to await everybody who can crowd into the big grandstand which has just been completed. Arrangements have been made to specially honor the visiting fans by placing choice seats at their disposal.

MADE BY RECENT SURVEY OF UNITED STATES OF AGRICULTURE BETTER CONFIDENCE

In Business and Possibilities of Future and Credit With Financial Institutions

(By The Associated Press) WASHINGTON, April 18.—Tick free sections of Florida are making great progress in dairying according to recent survey made by the United States department of agriculture. Throughout this section dairymen are said to be showing great confidence in the business and possibilities of the future. With year-round pastures and good rainfall they are able, the survey says, to produce milk and cream much more cheaply than can be shipped from other states.

Sanford Elks to DeLand, Will Institute Lodge, Big Time

Sanford lodge of Elks will go to DeLand this afternoon about 100 strong and will assist in instituting the DeLand lodge there tonight. The big parade will start at three o'clock and there will be big times there from that time forward until the last candidate is initiated. The DeLand News says:

"On Wednesday of this week, the DeLand lodge of the Elks will be instituted here with ceremonies which will be more imposing than any of the kind ever held here, it is believed. About 150 Elks will be here from Daytona and an equal number from Sanford. A number will be here from Orlando and other points in the state and H. A. Bennett of West Palm Beach, deputy grand exalted ruler, will have charge of the installation ceremony.

"A parade will be staged on the principal streets of the town at 3 o'clock in the afternoon, in which the Daytona Elks will march in a body, the Sanford in another body and the DeLand and other visiting Elks in still another group. This will be an interesting parade from the point of view of the spectacular and will attract wide attention, it is stated.

"At 6 o'clock a banquet will be held in the American Legion hall and the festivities will be interspersed with speeches, talks and comments. The headquarters of the ceremonies will be the Commercial club and the McCook hotel will be the social headquarters.

"The evening ceremonies will begin at 8 o'clock and will include the installation of officers as the reception of new members. About 50 have indicated their desire to join.

"At a recent meeting of the DeLand Elks, the following officers were selected as temporary leaders:

"Exalted Ruler—Murray Sams.

"Esteemed Leading Knight—F. P. Whitehair.

"Esteemed Loyal Knight—J. G. Dreka.

"Esteemed Lecturing Knight—E. W. Landis.

"Secretary—W. W. Watts.

"Treasurer—T. L. Jackson.

"Tyler—Fowler Klingaman.

"Esquire—Curtis Lindstrom.

"Inner Guard—F. H. Hammer.

"Chaplin—W. O. Lahrman.

"Trustees: One year—M. J. Schick. Two years—S. M. McElroy. Three years—A. E. Kaplan."

Railroad Management Economy and Efficiency Come Under Inspection

(By The Associated Press) WASHINGTON, April 18.—As a part of its inquiry into the efficiency and economy of railroad management the Interstate Commission today ordered 51 of the largest railroads to furnish, under oath, responses to questionnaires including labor conditions in maintenance departments and the general attention in regard to the fitness of their equipment. The companies were given until May 25 to reply.

MRS. GALLOWAY ENTERTAINS.
The lovely country home of Mrs. Ernest McCowan Galloway, was the scene of one of the prettiest parties given in Sanford in some time, when she entertained at the second of a series of bridge parties, yesterday afternoon. There were twelve tables of players on this occasion.

The spacious rooms of this attractive home were opened en suite and resembled a huge flower garden with its decorations of cut flowers and ferns. In the large living room, exquisite pink roses, spiky carnations, and sweet peas were used, while in the sun parlor, with its hangings of blue and tan, quantities of California poppies were used. The places of the players were marked with pink carnations.

Mrs. Galloway greeted her guests upon arrival, wearing a smart costume of white and green. The tally cards were given out by Mrs. Walter Morgan.

Of exceptional interest was the

game of bridge played during the afternoon, the prize for high score, silk lingerie, was won by Mrs. M. S. Wiggins, the second prize, also lingerie went to Mrs. Raymond Phillips. The third prize, a box of handkerchiefs, was won by Mrs. Roy Chittenden. Mrs. Kennedy won the cut prize, a dainty hand-made handkerchief. The consolation prize was won by Mrs. W. A. Leffler.

At the conclusion of the game, the tables were cleared and laid with white covers, and centered with crystal baskets of pink sweet peas and purple pansies. Refreshments of a delicious salad course, with local teas, were served by Mrs. Hal Wight, Mrs. Raymond Phillips, Mrs. F. E. Housholder, Misses Fern Ward, and Florence Henry, Mrs. J. D. Woodruff, and Mrs. W. C. Hill.

During the refreshment hour, Mrs. A. M. Phillips sang a number of selections in her usual charming manner. She was accompanied by Miss Fern Ward.

The afternoon was exceptionally delightful to the guests and the exquisite taste and cordial hospitality of the hostess was reflected in every detail of this lovely affair.

Mrs. Galloway was assisted in entertaining her guests by Mrs. Deane Turner and Mrs. Walter Morgan.

Among the out-of-town guests were Mrs. Conrad, Mrs. Johnson, Mrs. Campbell and Mrs. Landis, of Deland.

WASHINGTON, April 16.—Unless the "chapter of history" written by the 1922 coal miners' strike can be "reversed" and some remedy found "whereby force can be dethroned and reason recognized as ruler," anthracite operators contend in a brief filed with the Federal Coal Commission, there is "no salvation for the Anthracite coal industry."

"Nary all other questions," they insist, "are subordinate to this." The brief, signed by Wadter Gordon Merritt, as counsel, and described as the first of a series dealing with fundamental conditions in the industry, referred to the strike as a "national hold-up." It was made public today by the operators.

TONIGHT LAST CHANCE TO SEE JACKIE COOGAN IN "OLIVER TWIST"

As the engagement of little Jackie Coogan in "Oliver Twist" draws near its close at the Princess Theatre, the impression gains strength that this is one of the biggest and most notable picture products yet created for the screen.

Not only in the "size" of the production, but in its "intimacy," is art value being recognized; not only does it appeal to the youngsters, but to the matured as well.

It seems to be as nearly perfect as a picture play can be, an entertainment for everybody. Even the pedant and library book-worm, for whom the theatre usually exerts but the slightest influence, is concerned with "Oliver Twist," to see in what manner the literary spirit of Charles Dickens is set forth upon the screen and by what processes of elimination the narrative as composed by the immortal novelist have been applied to reduce the story-matter to the limits of a screen presentation.

That Frank Lloyd, in making the adaptation, has employed the rarest judgment and keenest sympathies is unanimously agreed by Princess patrons; that the production is all that was claimed for it is likewise agreed, and that little Jackie Coogan, the bright star of a brilliant aggregation of players, is at the very apex of his matured yet youthful art is overwhelmingly conceded.

Lon Chaney, Gladys Brockwell, George Siegmann, Lionel Belmore, Edouard Trebaol, Joan Standing, Jas. H. Marcus, Aggie Herring, Carl Stockdale and Eddie Boland are but a few of the many distinguished players to give Jackie ideal support in this, his first "super-production."

LOCALS

Fine Florida weather right on.

And our visitors are enjoying the country club and other amusements.

Sanford is getting in the big convention city class and expects to entertain several big parties during the spring and summer.

John Padgett, of Volusia county, was in the city today bringing over some prime meats to Sanford markets.

Kirby Osteen, of Osteen, was in the city today and pronounces the new bridge the best ever and a great accommodation to Osteen people who want to come to Sanford to trade.

Dr. Brownlee and Capt. P. M. Elder left today for Arcadia to attend a meeting of the Presbytery there and they will then proceed to Boca Grande for tarpon fishing.

Dr. T. A. Neal, of Orlando, was shaking hands with his many friends here today, coming up to attend a meeting of the Rotary Club and transact other business.

Mr. and Mrs. A. J. Lossing, Mrs. A. P. Bell, J. P. McClelland and J. D. Dossey, motored to St. Augustine Monday evening, to be in attendance at the sessions of the Grand Lodge and Rebekah Assembly of the I. O. O. F.

If you want something really good for dinner, go to the Seminole Cafe and order an individual chicken pie. Chef Oxley is an artist in making this popular dish. The Seminole Cafe is one of the best and most up-to-date eating places in the state, the service is excellent and the cuisine is unexcelled. A regular business men's lunch and regular dinner is served each day, and you can get short orders all the time.

SEEK \$50,000,000 STATE ROAD BOND BUILDING ISSUE

TALLAHASSEE, April 17.—A joint resolution looking to a constitutional amendment to provide for a bond issue of \$50,000,000 for the building of good roads was introduced in the senate today by Senator J. H. Etheridge. Mr. Etheridge's measure would provide for a five year continuing issue at the rate of \$10,000,000 a year. The money would all be spent on state roads numbers one to eight, and the work towards completing these highways would start simultaneously in each of the four congressional districts.

Counties which heretofore have spent money on these roads under the supervision of the state road department, would be entitled to a refund if their claims were presented within two years.

The measure would not restrict any tax levies for road building except that the ad valorem tax for the purpose would not exceed ten mills.

TEST OF STRENGTH OF ROAD DEPARTMENT

TALLAHASSEE, April 17.—What was described in some quarters as a test of strength on the state road department came in the house today, when that body voted to have the department submit a detailed analysis of its cost of operation, and maintenance, even to the cost per mile of building a road, and its accomplishments. This action was taken on a viva voce vote, but the so-called show of strength came on the efforts to send the resolution calling for the analysis to a committee.

The resolution was introduced by Representative A. O. Weeks of Bonifay, and called for an exhaustive report not ordinarily covered in the department's biennial statements.

ST. JOSEPH, Mich., April 17.—Charles E. Ruthenburg, of Cleveland, O., nationally known liberal, the second person to face prosecution under Michigan's anti-syndicalism law, was ordered to trial today a little less than two weeks after a jury failed to convict William Z. Foster, of Chicago, the first defendant tried under that law. Ruthenburg, as was Foster, is charged with assembling with an organization devoted to illegal methods for bringing about social and political reform.

THE WEATHER

For Florida: Fair weather and mild temperature today and Wednesday; gentle variable winds.

STRIKE NOTES OF DISTINCTIVE CHARM

To the left, the afternoon frock of brown crepe faille, brightened with flowing sleeves of vivid embroidery, is both distinctive and charming. The closing is at the left shoulder, the front and back of the waist being laid in plaits at the lower edges. The sleeves are attached to the blouse from shoulder to lower edges and the sides of the skirt are draped to fall in cascade effect. Medium size requires 3 3/4 yards 36-inch crepe and 1 1/2 yards of figured embroidered Georgette.

Wool crepe is ideal for the next mode, which is stitched in silk in two bright colors. The front may be finished with a shawl or deep square collar.

First Model: Pictorial Review Dress No. 1147. Sizes, 34 to 42 inches bust. Price, 35 cents.

Second Model: Dress No. 1126. Sizes, 34 to 50 inches bust. Price, 35 cents.

CLEVER AND VERY GRACEFUL

An unusual dress is this one of the new crepe materials trimmed with silk ribbon or braid. It is of the slip-on type and has for a foundation a long-waisted underbody to which is attached a two-piece skirt. There is a belt at the back and sides, but twin buckles hold the drape in place at the sides, one of which falls in cascade effect. Medium size requires 4 1/2 yards 40-inch material.

Pictorial Review Dress No. 1431. Sizes, 34 to 42 inches bust. Price, 35 cents.

FOR THE SMART WARDROBE

Risque crepe de chine and dark brown satin combine to make this slip-on frock a most artistic and youthful one. It has an oval-shaped neck and buttons appear at the shoulder either for decorative or utilitarian purposes. The kimono sleeves are lengthened with deep sections gathered into narrow wristbands. A gorgeous buckle at the top of the cascade drape does much to enhance the glory of the dress. Medium size requires 2 1/2 yards of light and 2 1/2 yards of dark material.

Pictorial Review Dress No. 1431. Sizes, 34 to 46 inches bust. Price, 35 cents.

WELCOME TO OUR CITY.

We are hosts to the Woman's Missionary Society of the Florida Conference this week and it is a great joy and a great privilege to welcome these fine people to Sanford. They are engaged in a great work and regardless of your church affiliation you should take a pride in their work for all the churches are working together in the great work of saving souls and making this world a better place in which to live.

We welcome you to the City Substantial, to the fastest growing city in the state, to the gateway to the great empire of south Florida and to the city that is placed at the head of navigation on the great St. Johns river. We want you to see our great vegetable gardens and our citrus fruits and our manufacturing industries and our great railway shops and all of the many and varied industries and to know that Sanford is the largest shipping point for winter vegetables in the world and then some.

Make yourself at home for Sanford is proud to have you here this week.

ALL FOR ONE AND ALL TOGETHER.

What this city needs now and has needed for many years is a composite body of men working for one end—the upbuilding of the city along the right lines—and the right lines means not only for a bigger city but for a better city in every way. The best way to obtain results in this composite body of men is to work together under the banner of the Chamber of Commerce. We can accomplish nothing working individually and we can accomplish nothing chewing the rag about the men who are trying to build this city. Regardless of whether you like a man or not you should get behind him when he is trying to accomplish something for the good of the community. If all the best men of this community will get together and say that all laws will be enforced the laws will be enforced. If all the best men in this community get together and say they will build this city into a bigger and finer city such a city will be built. If all the best men here will say that regardless of circumstances and financial conditions they will go ahead this summer and build more homes and more apartments and eventually a million dollar hotel here for tourists all of this will be accomplished. But you will only accomplish these things

working together under the leadership of the men who compose the working components of the Chamber of Commerce. You should attend the weekly meetings of the Chamber of Commerce at least once a month and get in the game of building and boosting your city. If you do not you are out of touch with your city and your fellowman. Try this on your piano and see if it will not bring joy to your heart.

IT IMPROVES WITH AGE.

The following articles that has been printed in the Herald from time to time improves with age and was handed in by one of our prominent citizens who is in favor of improvements and progress and a bigger and better Sanford. Of course we have no "knockers" in Sanford now but the article is reproduced anyhow.

"Lord, please don't let this town

An article from the Orlando Sentinel relates what a publicity tax of sufficient proportions will do for a city. For instance Orlando Chamber of Commerce spent six thousand dollars for the Sunshine Club, a club for the tourists, and out of the members of this club over \$50,000 was invested in Orlando real estate. This is the way to obtain tourists and this is the way to get new money into your town. And the measly sum spent in Sanford is small enough to make every citizen feel ashamed of himself. And then we are losing a million dollars every year when we do not cater to the tourists. It is high time the people of Sanford became wise to the fact that there is more money in tourists than in any other crop.

A MENACE TO DEMOCRACY

Reading of judges, sheriffs and other officials convicted on charges of violating the Volstead act, one wonders what sort of political philosophy is being imbibed by aspiring citizens in this country of ours. Every man elected to public office swears to support the Constitution of the United States, not in the features which happen to please him, but in its entirety. To connive at the violation of law is not an over throwing of official duty and official oath, but it is a contribution to the spirit of lawlessness which is of all dangers the most threatening in a democracy. The encouragement of the violation of one is the encouragement of all lawless elements in society and can have no other result than the breaking down of that moral restraint which is the basis of clean civilization. If the plain citizen is expected to reverence law, how much greater is the obligation of the official who has been entrusted with the sacred duty of enforcing law. So much greater is the obligation and so much more damaging the bad example set, it almost seems as if there should be a double punishment in the case of the official, one for the violation of law and one for the inexcusable perfidy back of it. Jacksonville Journal.

THE KNOCKERS PRAYER.

grow! I have been here for 30 years, and during all that time I have fought every public improvement. I have knocked everything and everybody. No firm nor individual has established a business here without my doing all I could to discourage them. I have done all I could to keep this town from growing and never have spoken a good word for it. I've knocked hard and often, early and late, in season and out. I've put ashes on the children's slide and made the marshal stop the boys playing ball on my vacant lot, and let my cows break down my neighbors' fences and destroy their flowers and vegetable gardens. Whenever I say anybody prospering or getting enjoyment out of life I've started a reform to kill the business and to spoil the fun.

"I don't want the young folks to stay in this town and will do all that I can by law and ordinance to drive them away. It pains me, O Lord, to see that in spite of my knocking this town is beginning to grow. Some day I am afraid that I may be called on to put down sidewalks in front of my property, and who knows but that I may be assessed to keep up the streets that run by my premises. This, Lord, would be more than I could bear. IT WOULD COST ME MONEY, though all I have was made in this town.

"Then, too, O Lord, if this town shows signs of life more people will come here to live, which would cause me to lose some of my pull. I ask you, therefore, to keep this town at a standstill so that I can still be chief. Amen!"—Strong City News-Courant.

HAINES FOR VICE PRESIDENT.

Mr. Haines' services in Congress, by reason of his superior business ability and business training, are very valuable to the country. Few members of Congress have achieved a higher standard or accomplished more for their people. His ability, character, habits, and his manner of dealing with his colleagues, and his methods of business have all conspired to command the highest respect of the House and especially his Democratic associates.—Congressman C. Buckley Kilgore, Texas.

EDUCATION SUFFERS FOR LACK OF REVENUE.

Not only locally have school authorities been perturbed over lack of revenue for the operation of the public schools. The problem has become a national one, with many communities in widely different sections having troubles in keeping the schools up to standard, because of insufficient funds derived through the regular channels.

Recently Prof. Robert M. Haig, of Columbia University told the Department of Superintendence of the National Educational Association at a meeting in Cleveland, Ohio, that the difficulty from which education is suffering throughout the country can be adequately met only by revolutionary changes in our fiscal machinery and our government organization.

"It is hopeless to continue to depend upon the general property tax as the sole source of state and local revenue if we are to finance the program of public education," he said. "Our facts appear to show that a change of far-reaching importance has been taking place in the character of our economic life. Our figures show that in 1920, the total public revenues of this country, national, state and local, were in excess of eight billion dollars, which means that approximately fifteen per cent of our total income was spent in connection with public enterprises. We now do nearly a sixth of our work

of Punta Gorda." Sheriff Frank B. Tippens, who has been sheriff for twenty-three years, and whose resignation has been received by Governor Cary Hardee with much regret, has been one of the principals in the investigation now being held by the grand jury. Many convicts, both white and black, have been taken direct from the camp, have been haled before the jury and have told their stories—and now they realize their lives may pay the forfeit for their explanations and their statements.

In telling of the case at length the Fort Myers Press editorially says: "Following receipt of their report the grand jury summoned a half dozen white convicts and several negroes to appear before it. These convicts, miserable, suffering men, whose backs have felt more than once the cruel lash of a ruthless overseer, who whipped them unmercifully because they could not work fast enough to suit him told straightforward stories of their gross mistreatment to sympathetic ears at the courthouse here today.

"With feet and hands blistered and swollen from hard work, the convicts are forced to put in 14 full hours a day at this remote turpentine camp—these men, examined separately, told straightforward stories, each corroborating the statement of the other. But it would not have been necessary for them to swear they were telling the truth, the unattended wounds on their emaciated bodies, the blisters upon their dirt-begrimed 'raw' hands and feet, the evidences of brutal punishment inflicted by their overseer—'Captain,' as they call him—are quite enough.

"Sordid stories of inhuman treatment stories almost unbelievable in this enlightened age were poured forth here today by these unfortunate men. Insufficient, poorly cooked food, oftentimes sour; the fact that they are white men forced to eat with negro convicts; the lack of sufficient drinking water while at work; the fact that the sanitary conditions at the stockade where they are herded at night are filthy; that soap is denied the convicts except once a week; that they are forced to spend Sunday in the stockade cleaning their tools to prepare for the next day's work—these are only part of the soul-stirring statements made by the convicts, brought here yesterday by Sheriff Tippens, who were summoned to appear before the grand jury. These men very naturally now dread returning to camp and the several of them convicted in another county fear to return there when they will have completed their sentences, as they say they will be either whipped or because they have dared to tell of their fellow convicts which obtains, to the shame of us all, under this indefensible convict leasing system."

Then there is the "fourteen hours a day" question to be considered. The owners of all camps where prisoners have been confined and strapped because they did not work fast enough were forced to labor 84 hours each to please the Most Excellent Flogger, know full well that it is against the law to "force" fourteen hours a day. Eight hours is the limit to make a day's work. A man has the right if he so chooses to work longer than 48 hours each week; but these convicts work. This one fact would justify the arrest and fine or imprisonment or anything that might follow for such a breaking of the law. It cannot be that the figures 48 were transposed when the calculation for profits were made, and 84 were taken as the minimum!

If the officers in charge of these horrible things, and God alone knows how many more of them will be found when the evidence is all in, do not "fall down" in the good work now under way, there is no method of figuring the immense amount of good publicity which will accrue the state by the housecleaning. Florida's name will pass down in history as a place where every man has fair play. The "recommendation for mercy" which some jurists attach to their verdict is by no means "mercy," for death is far to be chosen than a lifetime of daily burden and abuse, to which is added cruelty, uncalled for. That cruelty feature should be done away with; the eight-hour day should be insisted upon for those who labor heavily; and actual care should be given those who are pronounced by a reputable, mind that, reputable physician, as unfit for manual labor.

Then will there be an influx of desirable people to the state that is bringing about things in a reputable manner. The ills will have disappeared, and in their place will appear corrective institutions run upon a basis of fair play. The handicap which has been in use for many years will be minus and Florida will rank higher and higher in every way.

Let us have the housecleaning. Wipe out the cruel concerns that value man's life at less than a barrel of turpentine; abolish grafting sheriffs and under-officers, open to bribes; let loose those officials whose greed for gain exceeds their love for decency and fair play.

It is now up to the legislature and the governor.—Palmetto News.

collectively under government control.

"Taxes for education amounted to 50 per cent of all state and local revenues in 1920. The problem of school taxation is the problem of taxation in general.

"If greater returns can be obtained by using a dollar's worth of economic effort in collective public action than can be obtained by leaving it in the pockets of people to be privately spent, it is merely common-sense—not socialism—to spend that dollar collectively.

"I should like to commend to you earnest consideration and possible support the program of the National Tax Association. This plan calls for the abandonment of the attempt to tax intangible personal property under the general property tax. It suggests supplementing the tax on tangible property with statewide levies on personal and business incomes along the general lines worked out in the tax system of New York, Massachusetts and Wisconsin. There is general agreement among those who have given thought to the problem that this program offers the next logical step in tax reform in most of our states.

"Surely after a century of free public education we should be able to count upon a body of citizens intelligent enough to grasp the problem, energetic enough to grapple with it, and wise enough to work out a second solution."—St. Augustine Record.

FROM OTHER SANCTUMS

FLORIDA IS GETTING SOME ROT- TEN PUBLICITY.

That expresses what Florida is receiving, and shame be it to those who have been and still would be, were it possible, at the bottom of it all. Surely it has been "rotten publicity," but the state, after the filthiness has been removed from it in this line will be all the better for it. For years it has been currently known by many residents that conditions in convict camps had been almost at their worst, but each of those who knew of the horrible things feared to mention it lest trouble should come upon them.

But now the country has become aroused to the limit. First, there was the murder of the North Dakota young man by the brute Higginbotham. That runs still deeper than a mere surface scratching; there are sheriffs to be considered, even if one sheriff is trying to place the guilt of a returned letter upon a postoffice clerk, and getting deeper, there is the "premium" reputed to have been promised by the Putnam County Lumber Company for all prisoners of any sort turned over to the lash-boss to have and to hold.

Then there is the case of T. J. Knabb, now occupying a seat in the upper house of the present legislature, upon whose premises and in whose camps other outrages of a most serious nature have occurred. Why is he not suspended from sitting by his fellows in the senate and hearing the opening prayer until such a time as he shall have cleared his skirts of the filth said to border them? Why are not the officials who were connected with Knabb, both county officials and his own pet brute lashing boss, suspended from office, and fired off the job to await the action of a grand jury that is not afraid to do its duty and thus aid in retrieving the good name of the state? Still there comes other cases. The grand jury of Lee county is now investigating the cruelties in the Mars Turpentine camp, of Murdock, an "almost inaccessible camp fifteen miles

CO. D NEWS NOTES

Extra large attendance last night and it begins to look as though the outfit is taking a new lease on life.

Pay call blew and every one got the big check we have waited for so long. If you didn't get yours don't fail to be at drill next Tuesday. It's there for you.

Quite a lot of business on hand. A committee appointed to look after new uniforms, also one appointed to see that we have a first class banquet real soon.

Two more recruits signed up last night. This is getting to be quite regular. Bring out your buddies.

All the officers were appointed for the "Kangaroo Court" as follows: Judge, Sergt. Robinson; prosecuting attorney, Serg. Connelly; assistant prosecuting attorney, Serg. Tarbell; clerk of the court, Corp. Whitecomb; master at arms, Private Link.

At the meeting of the court Private Tripod Wimlich was arraigned for handling the Company "the Rascberry" after being dismissed. His attorney entered a plea of guilty and a heart-rendering speech was made by the prosecuting attorney and the case was passed to the jury (the entire Company) who returned a unanimous verdict of guilty. The prisoner was sentenced to make two trips thru the belt line and the sentence was promptly executed. Ask Tripod.

Several other cases came before the court but were dismissed on account of lack of evidence.

All Non-Coms are requested to appear without uniform at the office of Mr. Connelly Friday at 8:00 p. m. for the purpose of perfecting the organization of the D Company club. Several important matters will be laid before the organization so don't miss this meeting.

Any court officials or lawyers who don't quite know their stuff should take a look at our court and get a little inside dope on how to try a case. The prosecuting attorney is preparing quite a number of charges for the next session, so be on hand.

Supporters of Bonar Law Resent Opponents' Attack Through Press

(By The Associated Press) LONDON, April 18.—The staunch supporters of Prime Minister Bonar Law among the newspapers are indignant at what they call the "conspiracy to weaken the minister launched in the Sunday press which reported he was about to resign because of ill health.

The Morning Post, the leading conservative paper, asserts with the greatest emphasis that there is nothing in the condition of Mr. Bonar Law's health to compel his retirement.

The Post, and the other papers that share its views charge a conspiracy to Lord Birkenhead and other Conservatives, who refused to participate in the government. They also implicate David Lloyd George and his supporters who, they say desire the restoration of the coalition. Elsewhere there is firm support for Sunday's rumors.

One writer referring to last evening's official denial of the reports says:

"It may be true that Mr. Bonar Law has no intention of resigning, but it must be equally true that he has no intention of not resigning."

It is most noteworthy that among newspapers confirming Sunday's reports is the Daily Telegraph, which usually reflects Conservative views, although it was a strong supporter of Lloyd George. This newspaper's parliamentary expert says there is solid grounds for the rumor and asserts that if Mr. Bonar Law had thought himself free to do so he would have retired before now.

The premier, the writer asserts, has now come to the conclusion, with profound regret, that he can

Cleveland Girl Long Distance Champ For Dancing Honors

(By The Associated Press) CLEVELAND, Ohio, April 18.—Miss Magdalene Wolf, of Cleveland, is the new world champion long distance dancer, taking title at 8:41 o'clock this morning, when she set a record at 68 hours and 41 minutes. Her record at sixty-eight hours and forty-one minutes, beating by one minute all previous records. Miss Wolf continued dancing hoping to dance several hours before quitting.

Miss Magdalene Wolfe set the world's continuous dancing record at 73 hours, when she left the floor of a club here at 1 o'clock today. She bettered by four hours and twenty minutes the previous record. She was still going strong at the finish.

EX-MANAGING EDITOR WAL STREET JOURNAL DIES AT STUART, FLA.

CHICAGO, April 18.—W. A. Murray, 52, for eighteen years in charge of the Chicago office of the Wall Street Journal and formerly managing editor of that publication, died last night at Stuart, Fla., according to a dispatch received at his office today. It was his second trip to Florida this winter.

not hope to prolong indefinitely his incumbency in his present post.

The Telegraph, however, in company with some other newspapers says that the Prime Minister's high sense of duty will induce him to continue in office until plans for the future can be made.

Flower Show at Orlando Was Great Event, Well Attended

Stewart, the Florist, of Sanford, Carried Off Some of the Prizes

The flower show which followed the parade at Exposition Park was a thing of great beauty and was attended by thousands during the afternoon and evening. The main entrance of the building was devoted to the productions of professional florists and horticulturists of the state. The roses were among the most beautiful and perfect that have been seen in this section. The gladioli were also things of perfection and were evidences of the great fertility and possibilities of Florida soil.

There were hundreds of varieties of flowers in this great botanical display which attracted the attention of thousands. In the center of the exposition building were two huge rainbows casting their soft colorings over a mass of tropical greenery and flowers. Magnificent croton plants formed this large affair and under the rainbows was a huge bouquet of gladioli in a variety of shades.—Orlando Sentinel.

Stewart, the Florist, of this city, carried off the following prizes: First on pink carnations, first on Calla lilies, second on yellow snap dragons, and honorable mention on gladioli.

How to Insure Sales for Your Product!

The chief asset of any business is the demand for its product. As long as that demand continues, the business is on a sure foundation. But let that demand subside, and every other asset of the business is in danger of becoming a liability.

In times of prosperity and a rising market there is a general demand for the products of industry that comes to be accepted as a matter of course. It is seldom listed among the assets of the business—it is simply assumed that it will always be there.

But, overnight, conditions may change—as they have done before—and the matter-of-course demand becomes conspicuous by its absence. The business, once strong and flourishing, is suddenly found to be in a very tight place. The demand had not been insured—and yet the entire business depended upon its continuance.

The modern, economical way to insure the market for any reliable product is by Advertising to the public which consumes it. Advertising creates a steadily increasing number of customers who desire the product, and ask for it by name.

Changes in business conditions have little effect on a steady consumer demand for trade-marked articles of common use. The dealer may carry a lighter stock, and for a short time the demand through the jobber may seem curtailed; but just as sure as customers are calling on the dealer for the product, he is sure to supply it, and orders soon begin to flow in to make up for the temporary curtailment. The total consumption continues about the same.

Any manufacturer who has an article for popular consumption that can be trade-marked has the opportunity to insure his consumer market and retail sales by means of Advertising.

During the present business condition the manufacturers who have insured their demand by Advertising are in a far better position—in every way—than those who have trusted to the current demand that was not of their creating.

FOR THE MOVIE FAN

Constance Talmadge tonight in "East is West."

This is highly hailed by the critics as Miss Talmadge's best picture.

And to make it a sure enough big night, the management announces some added attractions as well.

The big picture "East is West" will be shown at the Princess tonight and tomorrow night.

Its stage success is eclipsed by screen splendor and it contains eight reels of wonderful drama, radiant romance suffused with Oriental spell.

Already millions have throbbed and laughed and throbbed again—the rescue of little Ming Toy from the evil love boat in Shanghai. It is a wonderful picture and should be seen by all the Sanford movie fans.

Mr. and Mrs. Harry Herrin are the invited guests for the big picture tonight and Osborne will take no excuses, he expects them there—with the treat on the house.

CALIFORNIA'S LIKE SEALD-HEART.
EAGLE LAKE, April 18.—Of the first 25,000 cases of canned Seald-heart grapefruit shipped from the cannery here of the Winter Haven Fruit Producers' association, 15,000 cases were marketed by the Florida Citrus Exchange in California. This aptly demonstrates the marketability of the product, and the fondness of Californians for Florida grapefruit. Quarantine laws forbid shipment of fresh grapefruit to California.

Denies Dempsey Has Shelby Fight Offer

OAKLAND, Calif., April 18.—Denial that Jack Dempsey, heavyweight boxing champion, had received offers from any representative of the Montana American Legion to ra championship bout to be held at Shelby, Mont., on July 4 was made by Jack Kearns, Dempsey's manager, upon his arrival from the east here.

Kearns said the statement issued by the executive committee of the Montana department of the Legion impressed him merely as a means to obtain "cheap publicity which would reflect upon Jack Dempsey."

In the statement the executive committee is quoted as "never having been a party to the negotiations which Commander Loy J. Molumby is now carrying on, which, if successful, will bring Jack Dempsey to Montana for the purpose of staging a prize fight."

Dempsey, he said, would fight somebody during the summer. Several offers have been received, but as yet none have been acted upon.

When the fight is staged, he said, it would possibly be held in New York, New Jersey or Montana.

Nationals Open 1923 Season—Reds, Giants and the Pirates Win

Philadelphia and Brooklyn Battle to 5-5 Tie—All Games Played Before Record Breaking Crowds
CINCINNATI, April 18.—The Reds opened the National League season here yesterday by winning a well played eleven inning game from the St. Louis Cardinals, 3 to 2. Hornsby, leading hitter of the National League, did not get one safe hit in five times up. Score:
St. Louis 000 000 110 00—2 13 1
Cincinnati 010 001 000 01—3 9 0
Batteries—Pfeffer, Sell and Ainsmith, Clemons; Donohue and Wingo.

BROOKLYN, April 17.—Brooklyn and Philadelphia battled 14 innings to a 5-5 tie, to open the season here yesterday. Ruether, who beat the Philadelphia seven straight last season, went the entire 14 innings. The visitors used four pitchers. Score:
Phila. 100 220 000 000 00—5 9 4
Brooklyn 100 013 000 000 00—5 13 4
Hubbell, Mitchell, Winters, Betts and Henline; Ruether and Deberry.

BOSTON, April 18.—McQuillan pitched the world's champion Giants to a four to one victory over the Braves in the opening game yesterday. Groh's triple and home run, both off McNamara accounted for three New York runs. Score:
New York 110 000 200—4 8 4
Boston 001 000 000—1 4 3
Batteries—McQuillan and Snyder; McNamara, Marquard and O'Neill.

CHICAGO, April 18.—More than 33,000 people, the largest crowd on record to witness an opening game in Chicago, packed the reconstructed Chicago Nationals' ball park yesterday, and saw Pittsburgh win the first game of the season, 3 to 2. Score:
Pittsburg 000 300 000—3 3 2

LAKELAND PREDICTED WINNER FIRST HALF FLORIDA STATE LEAGUE

Of the six teams entered in the race to the Florida State League honors this year, Lakeland at the present time is deemed to have practically unopposed chances of coming out ahead in the first half. With the veteran Tommie Leach at the helm, the hard hitting Highlanders, coupling their force with a pitching staff of first class ability, have already demonstrated their ability by turning back the Saints with three straight as well as letting the Growers down with one game out of three and that one by the margin of one trip around the bases.

The next best proposition seems to be Tampa. Doc Nance, who this year heads the destiny of the Smoker clan, has gathered about him a bunch of youngsters who would rather play ball than eat.

Bradentown, the babe of the outfit, having just come in this year, is something of a dark horse but with the excellent support accorded the national pastime in the Celery City, there should be no trouble in having a first class club.

Ernie Burke's Bulldogs, every one of them hard hitters are favored to be among the first three; Orlando is another good baseball town and fans there demand the presence of a good team usually acceded to with pleasure by the owners of the City Beautiful Club.

Daytona, next in line with the crafty Ames knowing probably just a little more baseball than any other manager in the league should tuck away more than one game resulting from his judgment. In their open-

ing games they have shown advantageous hitting as well as good pitching, enough to win any number of ball games.

Of the last, St. Petersburg, it is hard to give an opinion. Some of the Sunshine City fans seem to think that Block should have been held as manager while an equal number think that Bradley, their new major, will prove just as good. Certainly the St. Pete owners would have been justified in their manager of last year for he succeeded in accomplishing something that thousands of dollars had previously failed to do—win a pennant and that for both halves. Bradley's dropping three in a row to the Highlanders looks bad from a spectator's view point but such things happen in the best of well regulated families and the Saints may knock all predictions to smithereens yet. As is well known by anyone who followed the State League for even one season, league leaders one day may in a month be far down in the cellar.—Billy Freeman, in Tampa Tribune.

DRUGGISTS WILL MEET AT EUSTIS IN JUNE

Jimmy Turner of the Turner-Taylor Co., of Jacksonville, was in the city today rooting for the Pharmaceutical Association of Florida meeting in Eustis in June. Jimmy wants us to boost the meeting and we will for two reasons—that he asked it and that we are ready to boost anything for Eustis at any time and any place. And then the Pharmacists are good fellows and they want a big meeting at Eustis and Laurie Taylor lives in Eustis and has been rolling pills for many years mixing a smile with every pill and we want the boys to enjoy this big meeting and arrange some way to disguise castor oil so it will not taste quite so rank and other things that we might mention from time to time. But remember that this big meeting will be in Eustis in June and everybody is invited. All of our Sanford druggists will be there and Sanford druggists pulled for the meeting at Eustis in order that the next one could be pulled off in Sanford.

GROWERS EXCHANGE IDEAS

BRADENTOWN, April 18.—Manatee county citrus growers who market their crops collectively have now taken up the co-operative exchange of ideas on fruit growing, in an endeavor to further raise the high standard of their products. They held their first "experience meeting" this week in the packing house of the Bradentown Citrus Growers' Association. Several hundred growers and their wives attended. Talks were made on all the various phases of citrus production. Similar meetings are planned for the future.

The minimum bet on horse races in Germany is 50,000 marks, or 50 cents in American money. Last season, bets were taken to the value of 3 cents in American money.

BRING WHALE INTO COURT, SAYS JUDGE IN DECIDING OWNERSHIP

BLOX, Miss., April 17.—As a result of a legal squabble over the ownership of a dead whale found several days ago off the coast of Blox, the federal court for the southern district of Mississippi today issued a writ of sequestration directing the United States marshal here to "seize and bring into court" the whale, weighing more than seventy-five tons and measuring more than sixty-five feet. It is valued at \$10,000.

Rojeano Lopez, captain of the fishing boat San Francisco, and his crew found the dead whale floating a few miles off the mainland near here last week. Lopez towed it to the northeast end of Deer Island, where after attaching a placard bearing his name and that of his boat as a means of showing that the whale belonged to them, they anchored it and proceeded to New Orleans to tell of their find.

Upon their return they found another party in possession of the whale claiming its ownership.

WANTS SANITARY FRUIT CARS

ORLANDO, April 18.—United action by Florida citrus growers to get the railroads to provide cleaner and more sanitary cars for the citrus movement was urged by Y. G. Grumprecht, of Bradentown, manager of the Manatee County Citrus Sub-Exchange, before the State Horticultural Society here. Unsanitary cars are responsible for much of the decay in citrus fruit, he said. If railroads and growers cannot get together on the matter, he declared the growers may some day find it necessary to seek legislation to compel action.

EMPLOYMENT SITUATION IMPROVES AND SALARIES SHOW GENERAL INCREASE

WASHINGTON, April 17.—General employment figures from 5,413 establishments in forty-three industries show an increase over the preceding month of 2.1 per cent in the number of employes, a 5 per cent increase in total wages paid and a 2.3 per cent increase in the average weekly wage according to a report made public today by the bureau of labor statistics of the department of labor.
The March figures show 2,135,564 employes with a pay roll of \$54,538,778, compared with 2,092,288 and a weekly payroll of \$51,965,645 in February.
Increases in employment were shown in 39 of the 43 industries, the greatest increase being in the fertilizer, brick, steel, shipping and paper and pulp industries.
Glass, leather, slaughtering and meat packing, and chewing and smoking tobacco were the industries showing

Orlando Finds Publicity Is Paying Proposition—Want \$30,000 This Year

The following from the Orlando Sentinel is interesting to Sanford people:
Unless the increase in the city publicity tax is approved at the polls April 24 when the people of the city vote on the question together with naming a charter board, Orlando will be unable to maintain publicity standards on a parity with other leading cities of the state, figures compiled yesterday by S. Kendrick Guernsey, executive secretary of the chamber of commerce, show.
The tax is one mill at this time. It is proposed to make it two mills. The city now gets approximately \$14,000 a year from this fund. If the increase is authorized, and it is said that there is a great prospect for an overwhelming majority in favor of it, the amount will, of course, be twice that amount. The present valuation of taxable property here is \$14,000,000. It will soon be \$15,000,000 which would make the publicity return approximately \$30,000.
Striking comparisons with this fund and the funds expended by other cities of the state were drawn by Mr. Guernsey. He asserted that the chamber of commerce in Miami spends \$140,000 a year for publicity. St. Petersburg has an appropriation which totaled \$138,200 for the season of 1922 and 1923. West Palm Beach spent \$60,500 last season and Orlando seeks only \$30,000.
"Too much cannot be said of the value of publicity for Florida and it is the hope of every director of the chamber that the increase will be authorized," Mr. Guernsey declared.
"We have done well in our small way, but it is only a sample of what can be done if more money is obtained. The Sunshine Club has been a source of considerable expense from the publicity fund. Has it been worth what it cost? Well, the investments members of the Sunshine club made in property here last winter amount to \$500,000. The record was compiled by George S. Nash, chairman of the chamber's publicity committee, and it covers the purchases of only twenty members of the horseshoe pitching fraternity. Nobody knows how much more has been invested here by members of this one organization, built almost entirely through the publicity funds," he added.

Harding Appreciates Fine Florida Fruit

That President Harding appreciated the thoughtfulness of those who aided in his entertainment while cruising along the East Coast recently is attested in a letter received by the American Fruit Growers, Inc.
During the period of his cruise the president was kept supplied with Blue Goose oranges and grapefruit, arrangements to that end having been made in advance by Senator Frelinghuysen, who had charge of the president's trip. The letter follows:
"THE WHITE HOUSE
Washington, April 9, 1923.
Gentlemen:
The president has asked me to thank you cordially for the courtesy which you have been kind enough to extend to him through Senator Frelinghuysen. The president is deeply appreciative of your thoughtfulness.
Sincerely yours,
(Signed) "GEO. B. CHRISTIAN, Jr.,
Secretary to the President.

...MAGIC NAMES...
The influence of advertising is apparent in every turn of my daily life. I find I cannot disregard it. It is always with me, guiding me in my pleasures and in my duties, telling me what I should eat, wear, and use and what I should buy for my family.
I find that there is on the tip of my tongue a multitude of names that will bring from some shelf nearly everything that I can use in my daily life and in the daily life of my family.
In every instance that name means a very definite promise and assurance of something substantial and which will make me feel completely satisfied about having exchanged my money for it.
Let me say a few things, which these names—these old friends of the newspaper and magazine pages—mean to me.
They mean good taste. For certainly I desire to do the thing that I believe discriminating people have judged best.
They mean convenience. It is not necessary to describe the thing I want. Even the most intimate articles may be purchased without embarrassment since the advertisers have given us handy names.
They mean assurance in shopping. There is no indecision. Even before I enter the shop I know what I want to buy.
And certainly they mean satisfaction. For the advertiser whose product is not good cannot continue to advertise. The fact that I have seen a name repeated over and over again assures me that it stands for a product of quality. In speaking that name to the clerk I know I am asking for the best.
I am a more judicious shopper because I buy advertised goods. I patronize the shop that sells them.
