

1944 All American Is Dominated By West Point And Ohio State

By ORLO ROBERTSON
Associated Press Sport Editor
NEW YORK, Dec. 8.—Reflecting a trend away from the Navy and Marine schools, which controlled last year's football picture, the 1944 College All-American presents an array of gridiron talent dominated by Ohio State's all-veteran civilian team and the United States Military Academy's high scoring eleven.

For the first time since 1934, when Alabama, Stanford and Minnesota landed two berths each, The Associated Press' 20th All-American team released today after a nation-wide survey of expert opinion shows a lineup in which there is more than one school, with two men, not the mythical eleven. And not since Notre Dame's record 1930 team has a school matched Army's feat of taking over two of the backfield positions.

Ohio State placed its great running and passing star, Leo Horvath, in the backfield, along with Army's fleet Glenn Davis and hard-hitting Felix Blanchard, and landed Bill Hackett, a 191-pounder, at guard.

Horvath, playing his fourth year with the Buckeyes after a year in the Army, is the only senior on the first eleven—composed otherwise of four juniors, three sophomores, two freshmen and a V-12 student. There's plenty of heat in both the line and backfield with the forward wall tipping the scales just under an average of 204 pounds per man and the backs averaging 182 pounds plus.

With Navy joining the Army to dominate the eastern campaign and Ohio State placing two more of its men on the second and third teams, the division of the squad of 33 players shows that the football strength this season was in the east and mid-West.

The east won nine of the spots, five with Army men and four with Middle from Annapolis. The mid-West also gained nine places, while six went to the south, five to the southwest and four to the far west.

Rounding out the backfield with Blanchard, Davis and Horvath is Bob Fenimore, sensational 18-year-old triple threat star from the Oklahoma Aggies, a civilian team that lost only to the prospected Norman Navy Air Base.

Named to the ends are Phil Tinsley, six-foot, one-inch, 188-pound V-12 student from Georgia Tech, and Hubert Bechtol, who gave the University of Texas its third All-American flankman since 1941 and its second straight.

The tackle positions are held down by two hard-charging giants—Navy's 215-pound Don Whitmore and Southern California's 208-pound Edward Hackett, Hackett's running mate at guard is Hamilton J. Nichols, a tower of strength in Rice's line.

The center goes to Caleb Van

(Tex) Warrington, who, although on a losing team at Auburn, was credited with making more than 50 per cent of the team's tackles during the season.

Although there was not a wealth of great backs, Blanchard, Davis, Horvath and Fenimore didn't earn their honors without an argument. Battling them right down to the line were such sterling performers as Navy's Bob Jenkins, a plunger who had a tendency to fumble; Tom (Shorty) McWilliams of Mississippi State, who as a freshman had been one of the greatest backs ever to come out of the south; Purdue's Boris (Babe) Dimancheff, leading scorer of the Big Ten; Claude (Bluddy) Young, national 100-meter champion from Illinois and Bob Kelly of Notre Dame.

Horvath probably was the back of the year. A dental student after serving a hitch in the Army, this comparative light weight (he weighs only 167 pounds) held Ohio State's front line back together until the going got tough as the Buckeyes rolled on their first undefeated season since 1929. He scored 12 touchdowns with at least one in every game except the Indiana contest, carried the ball 156 times for a net gain of 885 yards and completed 13 of 29 passes for 332 yards.

Havis, a 175 pound speedster from Los Angeles who led the nation's scorers, was in the headlines every week as the Tide rolled up impressive scores. He also was a feared member of Army's team last year but competed as a Plebe again this season because he dropped out of the swimming last spring.

Blanchard has given much of the credit for making possible long gains by Davis and other fleet Army backs. Although also classed as a Plebe he played freshman ball at North Carolina in 1942 and moved into West Point from the GI ranks after prepping in the Army's Air Corps program at Lafayette in 1943. A battering ram with fine kicking ability, the 200 pound Blanchard, S. C., ace made it necessary for Army's opponents to keep their line in order to avoid a rout and Blanchard would break through. Close it in and Davis or one of his mates would gash around the ends.

Fenimore, who at 18 is one of the youngest players ever to make the first team, is an off-type triple threat star. Known as the Woodward (Okla.) Wraith, Fenimore was chiefly responsible for the Oklahoma Aggies' record of seven victories and one defeat and a trip to the Cotton Bowl. He scored 65 points, carried the ball 162 times for 913 yard, completed 19 of 78 passes for 341 yards, returned midgets for 60 yards, two kickoffs for 14 yard and three 100-yard interceptions for 91 yards.

Few will question the selection of Whitmore. He definitely was

the standout tackle of the year after seeing little action last season following his transfer from Alabama. The Navy line was a stone wall and Whitmore the biggest and strongest of all as he blocked and tackled with deadly accuracy. College and service men who played against Ferraro, the Trojan tackle tops.

Quick on his feet and possessed

of long arms and big hands, he made himself a big factor in every Southern California game.

Hackett was as much a stand-out in the Ohio State line as was Horvath in the backfield. In addition to being one of the defensive bulwarks of the Buckeyes' strong line he often pulled out of the line to lead the offense. He's a veterinary student with a 2 A military classification.

To gain the other guard spot,

Nichols had to beat out such strong candidates as Army's John Green, Bill Hachten of California, and Philip Seijo of Illinois. His fast, aggressive and

playful style of football

earned him the honors.

Monk, Stinson, Tulsa coach, rated him "the best guard we played against all season."

Good ends were not plentiful

but there were enough around

to make the selection of Tinsley and Bechtol a difficult one. Bar-

ney Poole, Army Plebe who was

All-Southern end at North Carolina last year; Leon Bramlett,

best of several good wingmen at

Navy; Jack Dugger of Ohio State

and Hank Walker of Virginia all

came in for strong consideration.

But after weighing all the

evidence, Tinsley and Bechtol

gained the spots. While also good

players, Tinsley and Bechtol

were considered the best ends.

year. Several opposing coaches

referred to him as the fifth man

in their backfield.

Warrington never had a bad

game as he beat out other good

centers including Felto Prewitt

of Tulsa and Bob St. Onge of

Army. But for his presence the

scores by Auburn's opponents

probably would have been much

better. Several Southeast Con-

ference coaches said he was the

best center they'd seen in years,

while Coach Carl Verles of

Auburn, who also has Tinsley at

William and Mary before he joined

the Army, credited him with be-

ing at least 40 percent of the

How Much Is a Billion Gallons of 100-Octane Gasoline?

It's enough to fill 120,000 tank cars—a train 1,000 miles long.

It's enough to fill an 8-inch pipe line that would circle the earth three times at the equator.

It's enough to fuel 400,000 Flying Fortresses for a round trip flight from Britain to Germany.

That's a billion gallons of 100-octane gasoline! But it's more than that. It's the effort of the 14,000 men and women of Humble Oil & Refining Company, who are today celebrating the production of the one-billionth gallon of 100-octane aviation gasoline at Baytown refinery—a remarkable feat in the history of the petroleum industry.

It is one of the wartime contributions of the 14,000 men and women of Humble—scientists, drillers, roustabouts, stenographers, pipeliners, technologists, truck drivers, geologists, glassblowers, stillmen and those working in hundreds of other occupations.

Here is a partial list of their accomplishments to date:

FIRST

to produce at one refinery a billion gallons of finished 100-octane aviation gasoline.

The Baytown refinery has produced more 100-octane aviation gasoline than any other plant in the world.

FIRST

to produce synthetic toluene.

The Baytown Ordnance Works, first to synthesize toluene from petroleum, has supplied the toluene for at least one out of every two bombs used by the United Nations since Pearl Harbor.

FIRST

in the production of crude oil.

Humble Oil & Refining Company is the nation's largest producer of crude oil, and is currently supplying about one-fourth of the increased production required for war as measured by the gain since 1941.

FIRST

in the transportation of petroleum.

The Humble pipe lines transport more oil than any other system, handle one barrel in every seven of the domestic supply.

These accomplishments climax a quarter century of development, planning and team work of a great organization. The men and women who made them possible are behind the billion gallons of 100-octane aviation gasoline. They are behind whatever America needs of them for victory.

Reconversion's Biggest Problem U.S. Owned Tools

By DAVID J. WILKIN

DETERMINED—one of the major worries of the nation's automobile makers in the reconversion of their plants to peacetime work will be the millions of dollars worth of government-owned tools, fixtures, and other equipment now crowding the factory floor space.

The government's Defense Materiel Corp. will want to sell the equipment, and the automobile manufacturers will want to buy some of it, but there are likely to be sharp differences of opinion regarding the price to be paid. It is the time to be taken in much

Beware Coughs from common colds That Hang On

Coughing when you're healthy is one of the most annoying troubles to help lessen and shorten both phlegm and mucus so that you can breathe more easily and feel more comfortable.

There have been blind associations from others that similar diseases might be caused by government-owned equipment in their plants. If the day is coming when the government holds back the manufacture of civilian products, it would be wise to have your money back.

Temperature On West Side Seen At 26 Degrees

Heavy Frost Damages Mature Celery And Cabbage And Young Plants, Seed Beds

Heavy frost and temperatures recorded as low as 26 degrees in the Sanford west side area this morning have resulted in an estimated 15 to 26 percent damage to mature celery, severe damage to young seed beds to the extent that growers may not set out the young plants, due to the possibility of their going to seed, and damage of 15 to 20 percent mature cabbage and seed beds cutting time several weeks.

Heavy wind storms on Monday and Tuesday had the effect of covering some celery fields with which had already frozen considerably by the hurricane, according to M.L. Culum, sales manager of Chase and Company.

W.E. Chapman, western grower, reported that celery frozen down had straightened up this morning and estimated up to a 25 percent loss. He added that between the hurricane and the present freeze more than 50 percent of the cabbage crop would probably be lost.

H.G. Behrens, Lake Monroe grower, pointed out that he estimated to be 15 to 20 percent damage to older cabbage. He had 18 seed beds of cabbage, and said that he expected a total loss on the younger plants pointing out that if they should be planted after such continued cold, they would be likely to go to seed.

Lettuce, celery and escarole plants in seed beds presented the same hazards, he added.

On the official type thermometer of Fred Holly in Lake Monroe the temperature was below 30 degrees at 10:15 o'clock last evening, as reported, reached a low of 26 degrees early this morning and at 11:00 A.M. was up to 45 degrees. He estimated that his large escarole plantings might be damaged up to about 10 percent.

Reports this morning from the Paul and Forest City areas indicated a second frost that the thermometer down to a low of 25 degrees, many growers had been firing in their groves. No damage to fruit was as yet determined.

Temperatures in the Sanford areas, as reported by B.F. Whitter, weatherman, were 31, Tuesday morning, 32 on Wednesday, up to 38 on Thursday and down to 30 degrees this morning. At Lake Monroe Tuesday and Wednesday it was 29 minimum, Thursday 30 and today 20 degrees.

Home On Leave

Editor's Note:—The following names of boys in service "home on leave" have been submitted by the Pilot Club for which Mrs. Z. B. Ratliff, telephone 451-1, and Miss Blanche Kennedy, telephone 923-W have been selected to receive names of service men who were so that their friends may know when they are in Sanford.

Branion L. Perkins, Jr., 8K 1/c, arrived Wednesday to spend a few days with his parents.

George D. Roland, F 1/c, is spending a 20-day leave with his family, 401 West Eighteenth Street, after 31 months in the European and Mediterranean Theater of war.

A/T Orin D. Landress, Jr. is spending a 15-day furlough with his family in Floral Heights.

First Lieut. F. Jacob Richter is spending a leave with his parents until Jan. 2, after 18 months in the Southwest Pacific Theater of War.

Lupe Velez, Film Star Takes Own Life

HOLLYWOOD, Dec. 15. (AP)—Impetuous Lupe Velez, the actress of the film "The Story of a Woman," committed suicide yesterday because she was pregnant and preferred "to take my life away and my baby's before I bring him with shame or kill him."

The convent-reared 22-year-old actress died from an overdose of sleeping pills in the bedroom of her Beverly Hills home. She had been married to her personal secretary and to Harold Ramond, a French actor with whom she had broken off only two weeks after marrying him "the love of my life."

The notes were found on a bed-side table. A coroner's inquest confirmed that she was pregnant.

American Planes Increase Raids On Luzon Island

91 Jap Aircraft Destroyed, Shipping Vessels Damaged

(UPI Associated Press) American bombers today reportedly increased their attacks on Luzon in the Philippines. Tokyo said 400 carrier-based planes struck anew at Luzon including 100 raiding Clark Field and admitted Thursday's carrier attack in the same areas. Employing new tactics, earlier planes bombed most Japanese planes to the ground, destroying 91, setting two destroyers afire and damaging other shipping.

Tokyo also reported four super-citadels dropped incendiary bombs on the capital.

(UPI Associated Press) The Japanese casualties on Leyte and Samar islands in the Philippines now total 82,554 from Oct. 20 to Dec. 12. Gen. Douglas MacArthur announced.

American casualties in the same period were 15,000 men. Gen. MacArthur announced.

The one-to-eight ratio favoring the Americans has been attained despite the fact that they are the attacking force.

Advances Mile. The American 77th division has advanced over a mile north of Ormoc, and captured the town's radio station, he said.

Breaking on the Japanese casualties, the communiqué said that Americans had counted 33, 801 enemy dead; taken 253 prisoners and that the enemy had suffered an estimated 18,500 additional ground casualties. In addition 30,000 Japanese were wounded while attempting to reinforce the Leyte division.

Pending Ceiling On Celery To Be Issue At Meeting

Penal Director To Address Elks Lodge

L. F. Chapman, superintendent of Florida penal institutions, will address members of Sanford Elks Lodge 1241, their guests and visitors at 4:00 o'clock Sunday afternoon at the First Baptist Church. It was announced by Joel S. Field, exalted ruler of the lodge. Mr. Chapman is a past district deputy grand exalted ruler, Florida east of the Elks.

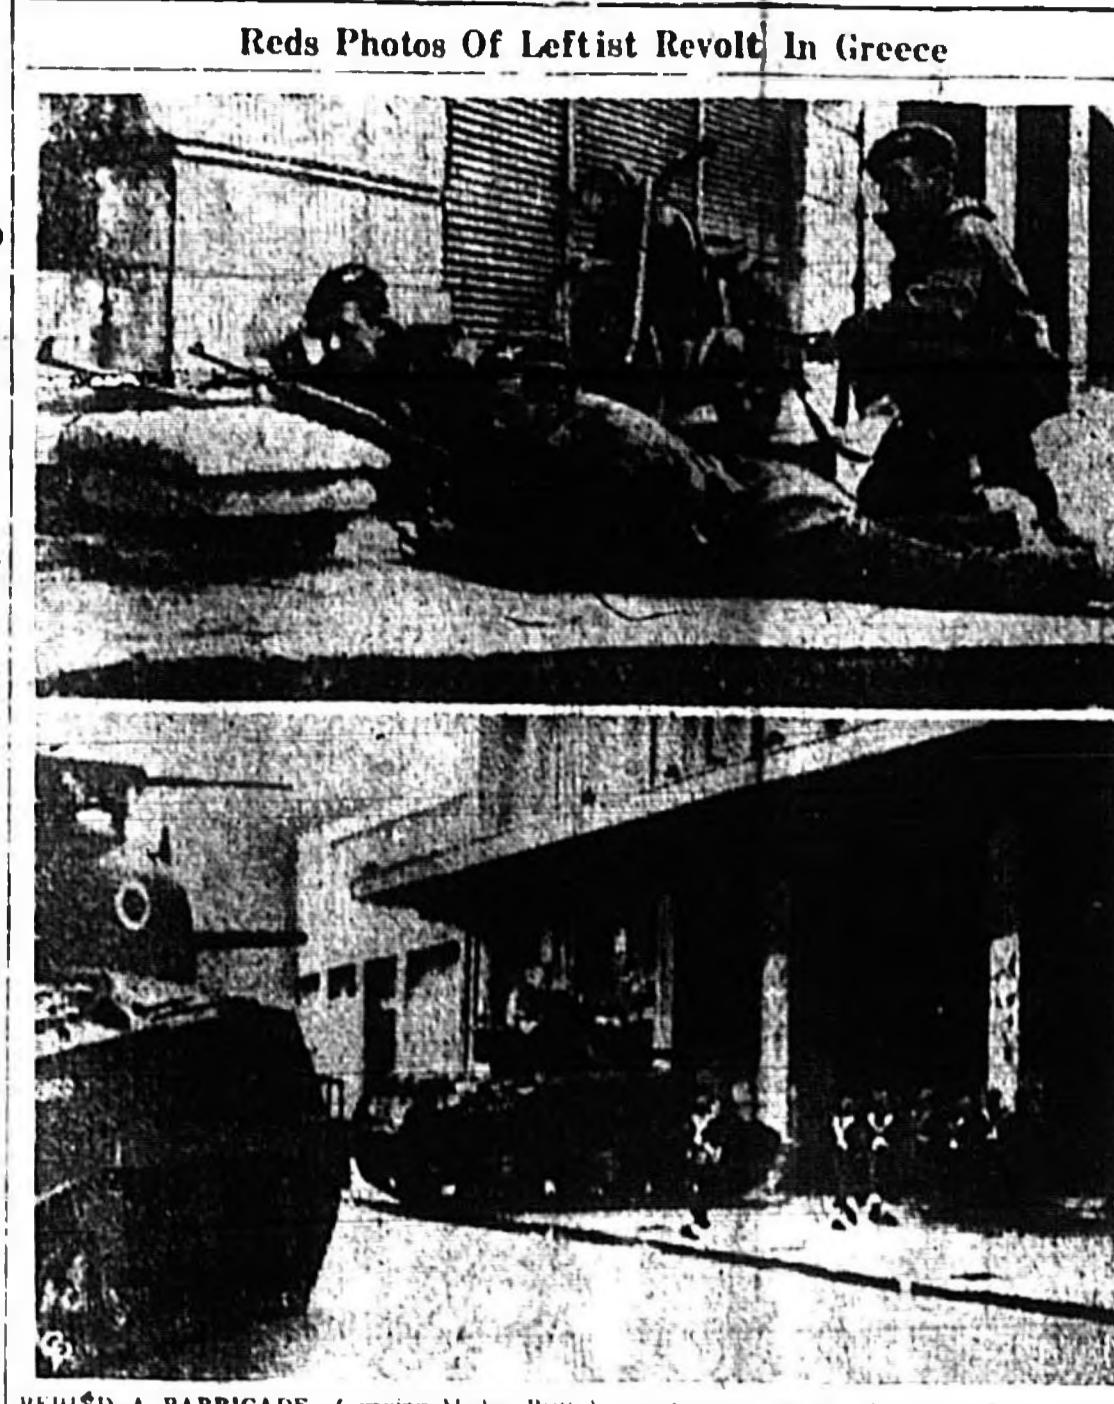

The public is cordially invited to this 33rd annual meeting addressed to the Elks, Mr. Field said.

"Mr. Chapman, a former Methodist minister, is one of the most colorful orators in Florida," added Mr. Field. "The message he will bring Sunday will not only give comfort to the families of departed Elks, but also to those Elks and non-Elks who have made the supreme sacrifice for this state."

Elks Lodge 1241 is in need of funds in having Capt. Chapman come to Sanford to speak as he is in great demand on all occasions throughout the state," he added.

"Music will be furnished by Martin's own trio consisting of Martin Perkins, Mildred "Beaufie" Robson and Ann Wiggins. They will sing "I Come to Thee" and "The Lost Chord." Invocation will be made by the Rev. Joe Tolls, Mr. Field announced.
