Trumped: County says no to gaming rooms

By Christopher Patton
Managing Editor

Nearly a month after Sanford passed an emergency ordinance to suspend adult gaming rooms in the city, Seminole County chimed in with its own Tuesday.

With a unanimous vote, county commissioners approved a moratorium of 90 days for establishments operating video machines "appearing to be the same as those used in casinos

Seminole joins three local cities in blocking adult arcade openings

in Las Vegas (and Atlantic City). In the past several months, adult gaming rooms, which boast video machines that pay out tickets redeemable for discount coupons and gift certificates as opposed to cash, have become a hot topic in Central Florida with new establishments looking to open in Volusia, Lake and

Seminole counties. The cities of Sanford and Longwood received permit applications last month for adult arcades and passed emergency ordinances that placed a moratorium on such businesses until they could be fully investigated. Similar to the city of Casselberry, Seminole County passed

its moratorium before receiving any requests for adult arcades.

The closest existing adult gaming room to Seminole County is located across the St. Johns River in Deltona, and that is where Don Fisher, Seminole County planning and development director, started the county's recent investigation.

Seminole fire fighters receive smallpox shots

The Seminole County Fire Department, in conjunction with the Florida Department of Health and the Seminole County Health Department, began offering smallpox vaccinations to fire fighters Tuesday as Stage 2 of Operation Vaccinate Florida.

During the first phase, the smallpox vaccine was administered to public health employees and hospital respiratory teams. The Stage 2 group will include first responders such as fire fighters, law enforcement officers and emergency medical crews.

As the war on terrorism continues, the threat of chemical and biological attacks against the United States is a concern among fire departments across the country. While early concerns centered on anthrax, the current focus of fire department discussions is smallpox. As a virus, smallpox is immune to antibiotics and is extremely contagious. To date, vaccination is the only protection against the smallpox virus.

In order to prepare for Stage 2 of vaccinations, Seminole County gathered a team of professionals to carry out the three components — education, administering the vaccination and monitoring of vaccination. As part of this preparation, the Seminole County Fire Department provided fire fighters with educational materials in order to assist them in making an informed decision as to whether they will participate in the voluntary smallpox vaccination program.

Iraqi Diary: Stuck in Baghdad until

Editor's note: Staff Sgt. Charlie C. Carlson III, son of Sanford historian Charlie C. Carlson II, is deployed in Baghdad as part of the 549th Military Police Company. He is providing the Herald with a journal of his experiences.

17 Aug. 2003 Well, it is official, we're stuck here until March 2004. Obviously the way home sure wasn't through Baghdad.

We came here as part of the Third Division, now they are going home to Fort Stewart, except for all the subordinate units of the division, like ours that have been reattached to units that are stuck here. It's a shell game that makes it look like they're pulling some of the troops out. I'm pulling off my 3rd Division patch and sewing on the 2nd Cavalry patch. At least I got attached to a regiment that has a history connection to Seminole County, that is really unusual, too.

I was invited up to regi-

mental headquarters to talk with the command sergeant-major, the XO, and Colonel May, the regimental commander. [Editor's note: Col. Bradley W. May is the 72nd commander of the 2nd Cavalry and now occupies the position held in 1837 by Col. William Selby Harney, for whom Lake Harney is named. Col. May grew up in Florida.] They treated me like a VIP and love the Fort Mellon books. They are real interested in how the regiment fits into Sanford's history and are looking forward to getting the 2nd Dragoon book you wrote. Make sure you sign each copy for them. Colonel May said he is going to send you a regimental commemorative coin, these only go to special people. Sanford is getting some good publicity here with the 2nd Cavalry.

Sanford lady turns a 100 in style

By Christopher Patton
Managing Editor

More than 300 friends and relatives turned out for a very special birthday party earlier this month for a very special Sanford lady.

Georgia Chorpening turned a 100 years old Sept. 6 and a celebration was held at the Sanford Garden Club in her honor.

"I never dreamed there would be so many people that would remember and come to a party for me," she said. "I was so humbled and thankful."

Actually 300 guests is not too many considering Chorpening was a Seminole County school bus driver for more than 20 years. Even today, her former passengers recognize her in places and come over to talk to her.

Originally from Arkansas, she moved to Sanford when she was 22 years old at the urging of her aunt and grandmother. Shortly after the move she met her husband Carl, who is now deceased.

He worked as a railroad engineer while she drove the school bus around Sanford picking up students of all ages.

When she retired at the tender age of 62, she went on to

A GLANCE AROUND OUR COUNTY

In Brief

Hand turns himself in to sheriff's office

Authorities from the Seminole County Sheriff's Office were in search of Robert Hand, 27, for a week before he turned himself in Tuesday, Sept. 16.

Hand

The suspect reportedly ran away from deputies the morning of Sept. 12 during a drug bust at a home in the Bear Lake area. Hand reportedly arranged, through his lawyer, to turn himself in at the Seminole County Jail.

On Sept. 12, a warrant was served at 3182 Tabago Court at about 6:30 a.m. One suspect, 25-year-old Antares Murch, was arrested at the scene on marijuana and cocaine charges. Hand allegedly ordered his pit bull to bite a CCIB drug agent, and then fled the scene. The dog was shot and killed.

The CCIB agent received an injury to the upper part of his leg. The agent was treated at the scene for his injury. A search of the area for Hand was done but with negative results.

Because of the police activity, the search of the area, and the fact Hand ran toward Bear Lake Elementary School, the school went on lock down. Hand was never on campus, the students were never in danger, and the measure was taken strictly as a precaution for the safety of students, staff and visitors to campus.

Hand faces the following charges: possession of cocaine and marijuana, possession of marijuana with intent to distribute, possession of MDMA, possession of Hydrocodone, possession of drug paraphernalia, and resisting an officer without violence.

His bond was set at \$3,000. He has since posted bond, and has been released from jail while he awaits trial.

City-County Auto Theft Bureau nabs two

The Seminole County Sheriff's Office made two arrests Monday night using one of the CCAT (City-County Auto Theft) Bureau's bait cars. The vehicle was placed at 2011 W. Airport Boulevard, in Sanford. It's an area where there have been problems with vehicle burglaries.

Deputies arrested Gregory W. Tillman (10/19/69) and John Chester (10/04/51). They were charged with burglary and theft. According to the arrest report, Tillman broke into the vehicle and took a purse that was left on the front seat as bait. The purse was tied to the car's seat belt.

When Tillman opened the car's door, video from a hidden camera began to roll. Tillman is seen on the video, inside the car, yanking on the purse in an attempt to get it free. The purse eventually came free and Tillman left the car. An accomplice, identified as Chester, is seen near the car.

When the car's door was opened, deputies received a page from the monitoring company in California. They responded to the scene and reviewed the video. From the video, they were able to identify Tillman, who had been a suspect in previous break-ins. He was questioned.

His information led to Chester, who was waiting at a nearby convenience store. When confronted, Chester led deputies to a wooded area where he allegedly dumped the purse.

Emerson reopens Gina's eatery with new concept

A brand new state-of-the-art AMC theatre is not the only entertainment venue opening its doors in Crane's Roost Park in Altamonte Springs.

Owner, Emerson International, Inc. will unveil its newly renovated Gina's Lakeside Grill, formally Gina's on the Water, with a grand re-opening celebration on July 24 this year.

Emerson has hired Nau Company, a general contractor, to construct and expand the first floor restaurant and transform the building's second floor into 6,000 square feet of office space. Once complete, the casual restaurant will have total seating capaci-

ty of 285, which includes an expanded, covered patio with seating for 100.

"We're blending new design elements with 'old world' charm in the décor and in our new menu," said Joe Pasqualetti, president, Emerson International.

Overlooking Crane's Roost Lake in Altamonte Springs, the restaurant's new concept will feature warm, contemporary interior detailing linking the past with the present.

Gina's Lakeside Grill plans to offer a varied continental menu with a specialty Italian section for a more eclectic presentation.

"Today's trend in dining

calls for a casual, family atmosphere and a menu offering a variety of affordable choices," said Pasqualetti.

Emerson International, Inc., located in Altamonte Springs, Florida, is the U.S. headquarters of The Emerson Group, an international developer of residential, commercial and resort properties worldwide.

Emerson's current U.S. projects are all located in Central Florida: CenterPointe On The Park, a mixed-used park with offices, condominiums and a hotel in Altamonte Springs; Eagle Creek, a mixed-used residential community featuring a champi-

onship, 18-hole golf course in Orlando and Emerson Pointe, a gated lakefront residential community in Dr. Phillips in Southwest Orlando.

Goldman's work prepares UCF for continued growth

S.I. Goldman Company, Inc./Comfort Systems USA recently completed the replacement of piping systems within

the Central Energy Plant at the University of Central Florida in Orlando. In an intricately choreographed operation, the Goldman team completed the re-sizing of the piping system in only three weeks. The mechanical contractors moved an existing 16-inch pipe system and installed a new 24-inch pipe to allow for the addition of larger chillers as the campus continues to expand.

Other university work completed by the Goldman team includes its award-winning installation of the HVAC and plumbing systems for UCF's Engineering Building II and the new Health and Public Affairs Building.

Founded in Central Florida in 1959, the company is owned by Comfort Systems USA, one of the largest providers of mechanical services. S.I. Goldman Company, Inc. provides heating, ventilating, air conditioning systems, plumbing systems, medical gas systems, and process piping for projects throughout the Southeastern United States. Operating divisions are

located in Longwood, Fort Myers, Lakeland and Gainesville. The company staffs more than 300 people.

No downturn expected in Orlando home sales

Local Realtors closed on 1,869 homes in the month of April, according to preliminary figures released by Orlando Regional Realtor Association (ORRA). Sales for the first four months of 2003 are more than 6 percent ahead of last year.

Overall sales in the Orlando MSA, which includes Lake, Orange, Osceola and Seminole counties, were 2,389, which was an increase of about 2 percent from last April. It was also the highest recorded number of sales in the Orlando MSA for the month of April.

ORRA recorded more than \$325 million in sales in April, more than 9 percent ahead of last April. ORRA reports that the median price dropped to \$141,421, while the interest rate rose slightly to 5.95 percent.

Home sales on the rise
Sales of single-family, existing homes posted their highest

increase of the second quarter, as realtors closed 2,044 transactions in June. According to the Orlando Regional Realtor Association (ORRA), 6,132 home sales were recorded in the second quarter, a 4 percent increase over the spring-selling season of 2002. That boosted year-to-date sales to 11,066, or 6.4 percent ahead of last year.

The mortgage interest rate on a 30-year fixed loan fell to 5.54 percent in the Orlando area, although it has since been on the rise. The median price rose significantly to \$158,098 as home prices in Orlando continue to appreciate. ORRA also reported more than \$402 million in sales in June, 17.6 percent ahead of last year. Year-to-date volume is in excess of \$1.9 billion, a 16.4 percent increase over the first six months of 2002.

received a third-place finish in children's programming, as well as an honorable mention in the public safety category.

"In order to win in two categories it had to be judged by two totally different panels of judges," said Matt Chesler, program manager of SGTV.

"With that in mind, it must have been pretty good."

"These wins help show our value to the community and that we provide a quality service," he added.

The panels of judges, comprised of professionals in the television industry, based their scores on several elements, including content and creativity, technical and engineering production and overall impression.

The "Gun Safety" project was a collaborative effort between the staff at SGTV and the Seminole County Sheriff's Office. Sgt. John Helms narrated sections of the video and provided gun expertise, while Community Service Officer Margaret Levins wrote the script, narrated sections of the film and handled field production. Steve Olson, public information officer, served as the primary videographer, assistant field producer, rough-cut editor and assisted in post-production work. Members of the SWAT team made cameo appearances in the film, as did the children of Lt. Barry Smith, Levins and Olson.

The staff of SGTV -

Chesler, Andrew Cardona, Paul Louise, Terry Connelly, and Chris Camp - worked together to complete this project.

"Chris Camp's editing was the difference between making it an average-type thing from a law enforcement agency to really making it shine," said Olson.

According to Levins, the intent of the video is for parents to use it as a tool to teach their children the dangers of firearms. She hopes parents will watch the video with their children and take responsibility to make sure

weapons are secured properly in their home and the homes of their friends.

"This video is something we can be proud to present to the parents of Seminole County," said Levins, who conceived the idea for the video. "We're very proud of the video, it was truly a team effort. It is very rewarding to have those efforts recognized."

The video not only spawned interest with NATOA judges, but the National Rifle Association has requested a copy to review. According to Olson,

(Left) County Commissioner Dick Van Der Weide takes notice to SGTV's haul of awards as Andrew Cardona, SGTV senior coordinator of video, shows off a few of them before Tuesday's county commission meeting.

the group would like to see how it fits into their Eddie Eagle program. It will also be placed on the sheriff's office Web site at www.seminolesheriff.org

"This video and the win shows that we are proactive and resourceful at the sheriff's office," said Olson.

SGTV's other winning programs were "SCC Student Art Exhibition," an artistic

documentary featuring Seminole Community College student artists (second place, event-based documentaries) and "Call to Duty," a public safety program which features Seminole County firefighters/EMS personnel (third place, public safety category). "Standing Ovation," a documentary showcasing various arts and entertain-

ment in Seminole County, also won two honorable mentions in performing arts and documentary-profile categories.

SGTV can be viewed on Bright House Networks, formerly Time Warner Cable, on channel 9 and Heathrow Cable on channel 2. For a program guide, log on at www.co.seminole.fl.us/it/ca/bshched.htm.

The group will host a training session from 5 to 11 p.m. Oct. 13 at the main office, 5151 Adanson St., Suite 200, in Orlando. Dinner will be served. For more information, call 407-691-4541.

Junior Achievement seeks classroom volunteers
Junior Achievement of Central Florida is seeking business people in Seminole County to serve as classroom mentors for students in elementary, middle and high

schools. Last year, community volunteers served as classroom consultants for nearly 4,000 classes, reaching 94,000 students. Volunteers serve as positive role models, working with teachers to help students understand economic fundamentals and career opportunities, as well as to share their experiences with students to show them what it takes to be successful.

Training is held monthly at the Junior Achievement offices at 2121 Camden Road, in Orlando. For more information or to schedule a training session, contact Junior Achievement - Volunteer Resources at 407-898-2121, ext. 35 or log on at <http://orlando.ja.org>

Mosquitoes: Bloodthirsty stalkers

Mosquitoes are insects with long slender bodies, long, thin legs, narrow wings with a fringe of scales on the edge of the wing and along the veins.

The females have mouth parts well adapted for piercing skin and sucking blood. The males cannot suck blood but both sexes feed on nectar of various plants. Mosquitoes are not only annoying some of them are capable of transmitting diseases such as encephalitis to man and horses, and heartworm to dogs. Recent reports in Florida of West Nile and Saint Louis encephalitis are clear reminders that mosquitoes can transmit serious diseases to humans.

Life cycle: The life cycle of a mosquito consists of four stages: egg, larva, pupa, and adult. The eggs may be laid singly or in rafts, deposited in water, on the sides of containers where water will soon cover, or on damp soil where they can hatch when flooded by rainwater.

Around the home suitable places for egg laying are the sides of containers, such as old tin cans or old tires, or in tree holes to await flooding by rain. The eggs of some flood water and salt marsh mosquitoes may dry out for more than a year and still hatch when flooded.

Regardless of the mosquito species, water is essential for breeding. The larvae normally occur in quiet water. The elongated eggs, about 1/40 inch long, are laid in batches of 50 to 200 and one female may lay several batches. In warm water, the eggs of most species hatch in two or three days. Some eggs require a drying period remaining dormant for months they hatch soon after water contacts them.

The larvae or "wrigglers" feed on tiny bits of organic matter in the water. Many species breathe air through an elongated air tube that they extend through the water surface. Larvae change into comma-shaped pupae often called tumblers, in about a week. The pupae transform into adults in about two days. Male mosquitoes feed on nectar of flowers and do not bite. Female mosquitoes also feed on nectar; however, a blood meal is usually necessary to mature the eggs.

Feeding: Mosquitoes show considerable variation in their preferred hosts. Some species feed

At Ferrer

and some live entirely on nectar or plant juices. Some are active at night and others only during the daytime.

Control: Receptacles such as old tires, junk automobiles, tin cans, rain barrels, and various plants hold enough water to create mosquito breeding places. It is up to individuals to see that those breeding places be reduced or eliminated.

To keep mosquitoes from being a problem inside the house, screens should be kept tight fitting and in good repair.

Chemical control of mosquitoes around the home may be accomplished with the use of repellents or space sprays. Several repellents are effective against mosquitoes. All insect repellents must have the active ingredient appear on the label. Check the label before buying.

DEET is the most commonly used repellent. It is available in the form of a liquid, aerosol, lotion, and cream. When applied

properly to the exposed skin surfaces, most repellents will provide protection from mosquito bites for 2 hours up to 12 hours. Repeated applications to the skin may be hazardous. Care should be taken not to apply any repellent to eyes, lips, or other mucous membranes.

Oil of citronella is another type of mosquito repellent for space repelling. Oil of citronella is the active ingredient in many of the candles, torches, or coils that may be burned to produce a smoke to repel mosquitoes. These smokes are useful outdoors only under windless conditions.

Insecticide sprays may be used to kill mosquitoes present at the time of treatment. The major advantage of this treatment is the immediate knockdown, quick application, and relatively small amounts of materials required for treatment.

Pellets containing an insect growth regulator such as Methoprene or mosquito-killing bacteria such as BTI can be purchased to treat areas with stagnant or low flowing water.

At Ferrer in Seminole County Urban Horticultural, inquiries may be directed to him at the Cooperative Extension service, 250 W. County Home Road, Sanford, FL 32773 or phone 905-5555. All Seminole County Cooperative Extension services are open to all regardless of race, color, sex, handicap or national origin.

Continued from Page 1

Association will hold their annual reunion in Orlando this year in October and have been invited to visit our local museums and site of their regiment's first battle, the Battle of Camp Monroe.

Yesterday I went back to my sector of Zone 23 over in New Baghdad. In that area they pretty much treat me like a head honcho of some kind. The people come out and talk with us and I always meet the Muktar [mayor] who is a good friend of mine. No one shoots at us because that would bring down a wrath of retaliation from the locals. So we are in good hands, maybe because they are afraid to upset us.

An example is when I stopped my patrol (three humvees) to check out a fender-bender where a large crowd had gathered to watch a fight between the two drivers. As I got out of my vehicle, some of the locals in the crowd start backing away and pointing at me to warn the others, and saying loudly "Mister Carlson." That's what they call me in this sector, they know my name and "mister" but are not familiar with military titles. It indicates respect for law and order, which goes both ways in this situation.

We set up security at the scene using my turret gunners and team leaders, and the crowd started saying in broken English "Okay, Okay." They dispersed and the two drivers left. We quelled a crowd of about 50 people with just our presence. That is an example of the rapport that we have developed here in Zone 23 and is one of our good stories. Nobody got hurt.

I was propositioned by three young ladies to marry them and take them to the U.S. My interpreter explained that I'm already married. I would be mute without my interpreter who stays at my side all the time. I'm glad he was with me this time.

One of my present tasks, is compiling a recruitment roster for the Iraqi Civil Defense Corps. I met a guy who is a Christian, not Muslim, and he said that he could get me some more names for my list and to meet with him at his house this evening for tea.

So I went to his house and he gave me some names for the list. I noticed that he was wearing women's maternity shorts, the front was elastic and stretchy. He must have got them from a box of donated clothes. I did not mention this to him but thought it was funny. They wear what they can here, even though this particular area is middle class.

18 Aug. 2003 The postal system won't let you send pork products or even more than one Bible to us because it is contrary to Islamic law. That is odd since our MREs and T-rations still have pork in them. We used to give our interpreters an MRE as they would be on duty for 8 to 12 hours and needed something to eat. We made sure not to give them the pork. Most are Muslims but there are also Christians over here. The Iraqis eat chicken, beef, mutton and even fish. I wish I had a jar of pickle pig feet but don't send any cause customs would go nuts.

We are having to construct fighting positions on the roof because of increased threats and then work mid-shift on patrol. It really gets tiring. With this heat, it gets hard to concentrate when patrolling the high risk sectors. The other night Dusenberry got shot in the arm, he's headed home. Seems like the only way out of this place is to get shot. Maybe my day will come. I just don't want to be shot dead or be maimed for life, just enough to get out of this idiotic waste of time, lives, and money.

We apprehended two Bath Party members that were having meetings in

their homes. We searched their houses about midnight last night and took them back to the police station. I sent two of my teams across the river [Tigris] to get the S-2 [intelligence] from Battalion. After interrogating them, we found out they had been members a long time ago just for protection and to reap the benefits of living in a good house.

We got a new Sgt in our platoon today named Gaston. He is from Maitland, he used to live in Ocala.

22 August 2003 I'm really tired of eating MREs and T-Rations. We do get a few regular meals, but very few. We were back to MREs again so I went nearly two days without eating a morsel. Now we are back on those tasteless T-Rations that have been stored in the hot sun.

We eat this junk while U.S. government civilians and contractors are living in Saddam's old palace compounds, enjoying air conditioning, eating real food and washing it down with cold ice tea.

Our power is out again. I'm tired of doing crossword puzzles too. Sometimes I go over to the medic section and watch a DVD movie on Doc Sutton's laptop computer, until the power goes out. There's a lot of good soldiers talking about getting out as soon as they get back to the states. Some of them returned as soon as the stop-loss was lifted.

Editor's note: A stop-loss was imposed on many soldiers who had served their initial enlistments, or were scheduled for retirement, which involuntarily extended their enlistments and sent them to war.

Yesterday, I had to take my squad out to a house to arrest a guy that was beating his wife. She was freaked out, ranting and carrying-on, as some Iraqi women tend to do in this culture. She put her daugh-

ter, just a toddler, on the ground, it was in the noon sun and the ground, mostly rocks, was hot as blazes. I gave my M-4 to Sgt. Merwin and while my MPs covered me, I held the baby to keep her off the hot rocks. Finally the grandfather came and took the little one. We cuffed the abusing husband and hauled him to jail.

These were Shites. They do not like Saddam Hussein or the Sunni Muslims. It seems that the Sunni ones are the militants that are killing our soldiers. The Shites treat us pretty good and usually are friendly to us, and it is safer in their areas than in the Sunni regions. Shites would fight Sunnis in a minute. Although this is not a Civil War, I suppose it is more like tribal war in most respects.

Also, I was called to investigate two bodies which turned out to be two dead Iraqi women, both had been stabbed in the head. I rolled them over to look for livor mortis, which is the pooling of blood in the part of the body that is lowest after death, rigor mortis sets in about two hours later. I determined the time of death to be 1300 hours, which matched what witnesses later told me.

They had heard the women screaming about 1230 hours that same day. So far I've done pretty good at pin pointing the time of death on three bodies. I always wear gloves for obvious reasons. We were taught at the Armed Forces Institute of Pathology that a body is just evidence, but to me it is a lifeless person with a story to tell.

I forgot to tell you about the time we raided an apartment right after they killed Uday and Qusay. At the time it was a confidential mission, but it can be talked about now.

The apartment landlord was a Saddam loyalist and member of the Fedayeen.

When one of the tenants, a loyalist, heard that the Hussein brothers had been killed, he got drunk and shot up downstairs where the landlord lived. We went out there to the place and went upstairs and on the patio, and then checked his roof-top apartment, but he was not there.

We ransacked the room and confiscated two DVDs of Uday Hussein. Evidently, these DVDs were intended only for Fedayeen members. We also found a Fedayeen uniform and a Saddam pin. An old woman came up to us in the building and thanked us in Arabic for raiding the place.

Later I led another mission back to the Fedayeen suspect's apartment, this time with the Iraqi police. We went upstairs and on the way up the stairs, we saw through the door to the roof patio, that a light was on in his apartment. My two Iraqi police had AK-47s, and there was me and my two MPs, the rest of my entourage and gunners were down on the street providing security. We backed up against the wall of the stairs with weapons ready. The door had been chained by the landlord, I stood in front of the door and gave it a hard kick with my boot, it flew open and we moved in with force. We only found the room empty and still like we had left it.

We played the DVDs that we confiscated and they show Saddam on the dance floor shaking his butt. It looks like a birthday party. They actually are singing happy birthday in English. I'm sending the DVDs home since they have no intelligence value, unless we need to study Saddam's dance techniques.

I'm convinced that not only did Saddam not have any weapons of mass destruction, he can't even dance!

Next issue: Mission accomplished!

be a productive volunteer in the community.

"I've never been able to sit," she said. "I've always got a lot to do."

She still often dedicates her time at the Sanford Christian Sharing Center on 25th Street, which she has been doing for about 20 years. In addition, she

has in the past graded papers for the jail ministry and was a "pink lady" for the Central Florida Regional Hospital auxiliary for about 45 years. The hospital awarded her a Humanitarian Award in 2002.

"I got fun out of doing whatever I was doing," she said. "Whatever I was doing, I

enjoyed."

Chorpening also is active in her church, First United Methodist at 5th Street and Park Avenue in Sanford.

"It's just so happened I've been lucky and God has been with me to keep me well enough to do these things," she added.

Although she's lived in the same house on Palmetto Avenue for about 74 years, she's never been lonely.

"I love people," she said. "If someone was in need and if I could help them, I would."

Family visiting Georgia Chorpening on her birthday included: son, Carl Jr., from

Franklin, N.C.; grandson and his wife, Don and Devine, and their son, Matthew, from Franklin; grandson and wife, Glen and Kathy, and their daughter, Reece from High Point, N.C.; granddaughter and her husband, Susan and David Solheim and their daughter, Megan Szabo from North

Carolina; cousin, Susanna Simmons from Warren, Ark.; cousin Mary Frances Taylor from Pine Bluff, Ark.; niece and husband, Mr. and Mrs. George Minot, from Falls Church, Va.; great niece, Laura Rafey from California; great grandson and wife, Cliff and Kimberly, from Fern Park.

description of the third party person differed between the two suspects.

In all, some 20 suspected fake bills were seized. Several came from a Flea World business owner that alerted security to the possible counterfeit money.

According to the police report, the two Hispanic male suspects each purchased an item from the business. After they had left, the owner thought the money felt different than normal currency and was lighter in color.

Pastrana

Alequin was booked in the Seminole County jail and Pastrana was booked into the juvenile detention facility.

The purchased items confiscated included a pair of pants and shirt in Burlington bag; a cap, a pair of Nike shoes, a pair of AND1 shoes and a CD in three Flea World bags; and a pair of pants, jumper suit, sweater, shoes and jacket in a Ross bag.

Also confiscated were 50 \$1 bills from Alequin and 93 \$1 bills from Pastrana.

with, there has been these gaming institutions, gaming businesses, opening up," he told commissioners. "And they are distinguishing the difference between that and gambling as games of skill rather than game of chance."

Along with Fisher a county staff member accompanied to the adult gaming room in Deltona.

"I'm certainly not an expert at gambling, but it was not, from my opinion, a game of skill it was definitely a game of chance," he added.

With this 90-day moratorium in place, the county and sheriff's office are expected to fully investigate the legality of such facilities and, if legal, what regulations are needed to protect the public health, safety and welfare.

At the forefront of the pending legality of the arcade rooms is a Seminole County 1996 Charter amendment that prohibits the location of any gambling establishment unless approved by referendum. Then county attorney and now Sanford attorney, Lonnie Groot, drafted the

amendment. "As we develop the city's ordinances to address the uses of the moratorium we'll see how the county's charter applies and we'll see how the provisions of state law applies and try to draft a comprehensive ordinance," Groot said.

According to Groot, the Seminole charter amendment dealt with the issue of casino gambling when that was being threatened throughout the state.

"In the charter, the definition of that term is rather broad and it might encompass a lot of activities besides what you might think as classical casino gambling because it deals with virtually every type of gambling," he added.

The issue of dispute for Seminole County and the other three cities in the county will be if there is skill involved in these video machines.

"I don't think that's a legitimate issue — figures revolving at 32 frames per second represents chance as opposed to skill," Groot said.

MAGIC SIGN TWO
The Orlando Magic have signed free agent forward Ousmane Diarra (OOS-mahn SEE-ay) and free agent guard Rick Apodaca (opp-oh-DOE-ah). General Manager John Gabriel announced. Terms were not disclosed.

Class (6'9", 250, 10/20/82) spent time with Adirondack and Brevard of the USBL during the 2002-03 season. He played in five games with the Magic during the 2003 Pepsi Orlando Pro Summer League, averaging 1.6 ppg., 2.4 rpg. and 1.40 blppg. in 9.8 minppg.

Class was originally selected by Denver in the second round (47th overall) of the 2001 NBA Draft. He was an early entry candidate directly from St. Jude High School in Montgomery, Ala. Class was named First Team All-America by Parade Magazine and a McDonald's All-American, after averaging 29.0 ppg., 16.0 rpg. and 12.0 blppg. in 2000-01.

Apodaca (6'3", 190, 1/7/80) appeared in 108 games with Hofstra University. He averaged 13.2 ppg., 3.3 rpg., 2.8 apg. and 1.16 stpg. during his collegiate career. He led Hofstra in scoring during both his junior (2001-02) and senior (2002-03) seasons, and was named Second Team All-Colonial Athletic Association in 2001-02.

Apodaca was a member of the Puerto Rican National Team that played in the FIBA Americas Olympic Qualifying Tournament and the FIBA World Basketball Championships.

Both young men will participate in the Magic's training camp, which begins on Tuesday, September 30 at Disney's Wide World of Sports Complex. Orlando's roster now stands at 16 players.

For Orlando Magic ticket information, call (407) 89-MAGIC.

Liberty hoping to ring the bell again

SANFORD — Two-time defending champion Liberty Christian School opens the 2003 Florida Christian Athletic League football season this Friday (Sept. 26) in a 5 p.m. game against Citrus Heights in Clermont. The girls volleyball team also travels to Citrus Heights to open its season Friday at 4 p.m.

When the Patriots take to the football field Friday, they will be looking for their 23rd consecutive win after going undefeated in both 2001 and 2002 and winning back-to-back

Christian school going after unbeaten football 'three-peat'

league titles. Liberty has 11 players returning from last year's team, including five who played on the 2001 championship team.

"We've built a dynasty," said Pastor Ron Williams, the team's head coach. "I feel we are bigger, faster, and stronger than we've ever been, and we're working even harder than we have before."

Under Williams and assistant coach Bill Simpson, the team is out

to show that winning back-to-back championships was not a fluke. No other Florida Christian Athletic League team has ever won two consecutive state championships in football and the Patriots are looking at a "Three-Peat."

With most of last year's title team still intact, the Patriots have added a couple of good newcomers. The two key players on this year's team are senior Jason Williams and junior

Mark Tavanyar.

Williams has been on the team for four years and plays quarterback and middle linebacker. Last year he scored 86 points and threw 64 touchdown passes. Tavanyar has been on the team for three years, playing wide receiver and strong safety. Last year he set a school scoring record with 180 points, including 29 touchdowns.

Dave Barnes joins the team this year from Seminole High School and will play halfback and free safety. Also new to the team is freshman See Liberty, Page 9

Individual exploits highlight victories

Team may not have an I in it, but individual performances definitely have a bearing on the outcome of a game.

Such was the case this past Friday night as amazing plays and statistics by certain individuals made for a big opening night in district play for several Seminole County football teams.

Host Lyman became the first three-game winner in the county and got a big leg up on the competition in Class 5A-District 5 with a rousing, 17-14, win over at the Carlton D. Henley Sports Complex.

Running backs C.J. Walker and J.J. Bass combined for 272 yards as the Greyhounds took down the Pioneers, who made the playoffs in Class 6A a year ago and were favored to dominate the lower class.

Walker carried the pigskin 17 times for 161 yards, while Bass galloped for 111 yards on 19 carries.

But it was the director of coach Bill Caughell's offense, quarterback Kyle Harris, that put the points on the board for Lyman, scoring twice in the second quarter on runs of three- and 13-yards.

The Greyhounds defense also came up with several big plays and set up two scores.

After Harris capped a 10-play, 80-yard drive with his three-yard score, Marc Robinson recovered a fumble on Oak Ridge's first play after the kickoff and three See Football, Page 9

The opening night of district play saw several individual standouts including Lyman's J.J. Bass (No. 3, above), who 111 yards on 19 carries in a 17-14 victory over Oak Ridge, and Winter Springs' Daryl Ely (No. 28, right), who scored three touchdowns, on a on a fumble return and two on punt returns, as the Bears won their first game of the season, 47-0, over Freedom. Most of this week's games will be on Thursday, including Winter Springs hosting Oviedo at The A.W. Epps Sports Complex, Lake Brantley facing Lyman at the Carlton D. Henley Sports Complex and Seminole traveling to Casselberry to tackle Lake Howell at Richard L. Evans Field. On Friday, Lake Mary will be in Gainesville to face Buchholz and Trinity Prep and The Master's Academy will be playing at home, the Saints hosting the Vero Beach-St. Edward's and the Eagles welcoming Jupiter Christian School. All of the games will begin at 7:30 p.m.

Reyes carries Syracuse past UCF

Special to the Herald

Syracuse junior tailback Walter Reyes rushed for 241 yards and four touchdowns to lead the Orangemen past UCF 38-14 Saturday afternoon at the Carrier Dome in Syracuse, N.Y. The win raised Syracuse's record to 2-1 while the Golden Knights fell to 1-2. UCF is 0-6 all-time vs. teams from the BIG EAST.

The Orangemen capitalized on five UCF turnovers and three interceptions by Ryan Schneider to secure the win. The Syracuse offense also rolled up 318 rushing yards while limiting UCF to 92 rushing yards.

After the UCF defense recorded its first three-out-of-seven to start a game this season, UCF wide receiver Tavaris Capers fumbled a punt to set up the Orangemen at the UCF 42. From there, the Orangemen converted one third down via penalty before Walter Reyes

scored on a 25-yard touchdown run to give SU a 7-0 advantage.

The Orangemen extended their lead on the next series to 14-0 after Reyes scored his second touchdown of the game from a yard out.

Capers gave UCF with excellent field position after a 35-yard punt return in the second quarter to set up the Golden Knights at Syracuse's 31. UCF could not capitalize on the short field as Schneider threw his second interception of the game inside the Orangemen 10.

The Golden Knights went to their bag of tricks to score their first touchdown. With just eight seconds left in the half, Schneider found Dee Brown on a one-yard touchdown pass to slice the Syracuse lead to 14-7. The touchdown pass marked the 24th straight game Schneider has thrown at least one touchdown pass.

The scoring play was set up by a fake

field goal when holder Al Peterson scampered 11 yards to give UCF a first and goal-to-goal situation at the Syracuse four.

UCF took the opening kickoff in the third quarter and marched 83 yards in 10 plays to tie the game at 14. Alex Haynes scored on a 13-yard run up the middle to mark the fifth consecutive game that he has scored a rushing touchdown.

The Orangemen regained the lead after Reyes scored his third touchdown of the game from three yards. Syracuse drove the ball the length of the field, covering 94 yards in nine plays to take a 21-14 lead. The 94-yard drive was the longest scoring drive for Syracuse in 2003.

UCF looked to be driving again before the offense stalled on a fourth down play on the Syracuse 33.

Classic attracts monster turnout

By Dean Smith

With all or parts of 27 teams entered in the 23rd Annual Lake Mary Cross Country Classic a large gathering of runners was expected.

But 560? That was probably even more than event coordinator Mike Gibson could have hoped for.

The boys varsity race drew 165 entries and it ended up being a good one for the locals with Lyman edging Oviedo by two points for the team title with Winter Springs finishing fourth and host Lake Mary, Lake Howell and Lake Brantley also finishing in the Top 10.

Individually, Lyman senior Bryan Christian won by 30-seconds (16:37.50-to-17:07.77) over Bishop Moore's Richard Pereira and four other Seminole Athletic Conference athletes finished in the top eight.

The girls varsity race drew just six less runners, 159, but the locals struggled a little, with only Oviedo (fourth), Trinity Prep (fifth) and Lake Brantley (ninth) finishing in the Top 10 in the team standings.

Individually only two runners were in the Top 10, but one of them was the winner.

The Lions' remarkable junior, Jenny Barringer, again paced the field, recording a 18:13.35 to ease past Lavera Morris of Oak Ridge, who came home in Oviedo, 19:10.25.

Freshman Alicia Ivanhoe of Trinity Prep finished sixth.

This week will find Lake Mary, Lyman and a few others heading up to Cary North Carolina to compete in the Great American Race on Friday and Saturday, while the others will head to Central Winds Park for the Winter Springs Invitational starting at 8 a.m.

FASCAR tracks to host special races and series this week

Special to the Herald

The local FASCAR tracks, Orlando SpeedWorld and New Smyrna Speedway, will be almost 'the only ticket in town' this week as the dragway is hosting its weekly street drags and Volusia Speedway Park will be silent as it prepares for next week's bib Octoberfest.

The action begins with the weekly 'Test and Tune' tonight (Wednesday) from 6 p.m. to 10 p.m. at Orlando SpeedWorld.

Cost is \$20, which is good for the car and three people in the pits only, while individuals can enter for \$5.

On Friday, SpeedWorld has a busy and exciting night of action planned with a Sportsman 50 Lapper being run along with special appearances by the 911 Racing Series, the Modified Lites and the Pro Challenge cars. Also on the card will be regular FASCAR racing in the Bandeleps, Modified, Mini-Stock, Sportsman, Super Stock and

Strictly Stock divisions. No Super Late Models this week.

Gates open a 6 p.m. and racing begins at 8 p.m. every Friday night at the track located 17 miles east of Orlando between Orlando and Titusville on Highway 50 at the 520 Cocoa Cutoff.

New Smyrna Speedway takes center stage over the weekend with the fast 1/2-mile hosting 125 laps of Sunbelt Super Late Model action along with the Classic Cars and regular division racing in the Modifieds, Sportsman, Super Stock and Strictly Stock. There will be no Late Model or Mini-Stock racing this week.

Gates open at 5 p.m. with racing action beginning at 7:30 p.m. at the track located at the corner of SR 44 and CR 415, between New Smyrna, DeLand and Daytona.

On Sunday (September 28) the annual New Smyrna Speedway and the Auto Racing Legends Car Show and Swap Meet, sponsored by Featherlite Trailers, Advance

Discount Auto and Penzoll will be held.

The event will run from 10 a.m. until 6 p.m. General admission is \$5 for adults, children under 12 will be admitted free of charge.

There will be.....food, drinks, door prizes & give aways. See your local drivers & their race cars. Clean out your garage or shop, turn those unused parts and tools into hard cash. Sell your race car or hauler. Show your race car to the fans.

Sale & Show space is limited, call and reserve your space early. All spaces for sales are \$25. Visa and Mastercard accepted. Show cars will be admitted free of charge.

For additional information please call: 386-760-9587, or 386-677-4232 or email us at [drace@earthlink.net or Deenjim@webtv.net]

For more information call the FASCAR offices at (407) 568-1367 (Orlando) or (386) 427-4129 (New Smyrna), or check the Internet site at WWW.NEWSMYRNASPEEDWAY.COM, or E-Mail at FAS-

CARNOW@AOL.COM.

ORLANDO SPEEDWORLD DRAGWAY

Orlando Speedworld Dragway will be hosting "Street Drags" this Wednesday and Friday night from 6 p.m. until 10:30 p.m.

You can use the time to test, tune, practice, run grudge races, etc. No extra charge to run. Orlando Speedworld Dragway is located 17 miles east of Orlando between Orlando and Titusville on Highway 50 at the 520 Cocoa Cutoff.

For event, ticket and race day weather information call 407-568-5522.

VOLUSIA SPEEDWAY PARK

Volusia Speedway Park in Barberville will be idle this week as they prepare for the invasion of the National Late Models and 360 Winged Sprints that will be taking part in the first half of 'Octoberfest 2003' October 3rd-4th-and-5th.

For information on schedules, etc. call 386-985-4402 or visit the web at http://www.volusiaspeedwaypark.com.

plays later Harris avoided a nit in the backfield to go 13 yards for the second score.

Early in the fourth quarter, the Patriots were driving for an apparent tying touchdown when defensive back Comart Franklin nailed an Oak Ridge runner for a one-yard loss on a fourth-down at the Greyhounds 25.

That set up what proved to be a game-winning 23-yard field goal by Mike Benzer that gave Lyman a 17-7 lead at the time.

But it was an unbelievable individual effort in another 5A-District 5 contest that stole the show.

Winter Springs' Daryl Ely scored three touchdowns as the Bears won not only their home and district openers, but also their first game of the season, with a 47-0 rout of first-year school, Freedom, at the A.W. Epps Sports Complex.

Winter Springs, which lost two close contests to 6A powers Winter Park and Lake Brantley on the road, already led 13-0 when Ely, a junior defensive back,

took over the game.

After junior quarterback Brett Hodges dove in from the one with just 1:35 remaining before halftime, Ely scooped up a fumble and raced 18 yards to paydirt, giving the Bears a 19-0 lead with 1:11 left before intermission.

Ely, who missed most of last season with a broken collarbone, got show off his outstanding speed in the second half, returning punts for touchdowns of 74 yards in the third period and 70 yards in the fourth period.

Running back Kevin

Harris, yet another junior, scored the game's first touchdown on a seven-yard run and wound up with 83 yards on nine carries.

Terrance Moring (five yards) and Darius Hall (six yards) also scored touchdowns for the hosts.

Winter Springs' defense also did its part, allowing just six total yards of offense, including a minus-15 rushing, and did not allow the Patriots to cross mid-field.

The only time the visitors got the ball into Bears territory was after a fumble.

Also turning in a strong performance in a win was Lake Brantley quarterback Brett Smith, who carried the ball 19 times for 57 yards and two touchdowns and completed one pass, in only three attempts, for 36 yards.

Things did not go as well for other county teams as Lake Howell remained winless unbeaten Timber Creek

blanked the Silver Hawks, 38-0, in a 5A-5 game; host Trinity Prep ran out of gas against powerful Lake Highland, 33-19, in a Class 2B-District 4 contest; and The Master's Academy was thrashed, 43-6, by Tampa Temple Heights.

Teams take a break from district play this week and most of the games will be tomorrow (Thursday, Sept. 25) because of the Rosh Hashanah holiday.

While the games won't mean anything as far as the postseason goes, the matchups are important as all of the Thursday games will be Seminole Athletic Conference contests.

Winter Springs will host Oviedo at the A.W. Epps Sports Complex, Lake Brantley will face Lyman at the Carlton D. Henley Sports Complex and Seminole will travel to Casselberry to tackle Lake Howell at Richard L. Evans Field.

Friday has Lake Mary making the trek to Gainesville to face Buchholz and Trinity and Master's playing at home, the Saints hosting Vero Beach-St. Edward's School and the Eagles welcoming Jupiter Christian School their Oviedo field.

All of the games are set to begin at 7:30 p.m.

missed opportunity as they added a 26-yard field goal by Collin Barber to extend the lead to 24-14 with 12:30 left in the game. Syracuse drove 59 yards for the field goal following the missed fourth down chance for the Knights.

On the next UCF drive, the Syracuse defense forced the fourth UCF turnover of the game when Troy Swittenburg intercepted Schneider and returned it 32 yard to the UCF one. Two plays later R.J. Anderson scored from one-yard out to five the Orangemen a comfortable 31-14 lead with just 10:44 remaining.

Reyes capped his career day with a 58-yard run to ice the game with 6:01 left. The junior tailback scored his fourth touchdown of the game on the long run, as he upped his totals on the day to 241 yards on 31 carries.

UCF (1-2, 0-0) opens its second season as a member of the Mid-American Conference this Saturday with a critical MAC contest at Kent State (2-2, 1-0). The Golden Flashes dropped a 32-10 decision last weekend at Penn State.

The Golden Knights are in the midst of playing five of their first seven games of the year on the road. Kent State is playing just its second game of the year on its home field

after road contests at Akron, No. 10 Pittsburgh and Penn State to start the year. The Golden Flashes also defeated in-state rival Youngstown State 16-13 at Kent two weeks ago.

Saturday's game is the third meeting all-time between the two schools with UCF holding a 2-0 advantage. Last season, UCF won 32-6 over the Golden Flashes in Orlando at the Florida Citrus Bowl. Alex Haynes rushed for a then-career-high 149 yards on 23 carries including a touchdown in the 26-point victory.

The last time UCF played at Kent State, the two teams combined for an offensive shootout, as Daunte Culpepper led the Knights to a 59-43 victory. Culpepper threw for 326 yards in the win. Kent State wide receiver Eugene Baker had the best day of any receiver ever vs. UCF, finishing with 15 receptions for 238 yards in a losing effort.

Live coverage on the UCF ISP Sports Network begins at noon with the pregame show. In Orlando, the game can be heard on 740 - The Team (WQTM), with Marc Daniels, Garry Parris and Jerry O'Neill calling the action.

Sunshine Network will also carry the game live at 2 p.m. (repeats Oct. 1, at 10 a.m.). Rick Peckham will handle the play-by-play alongside analyst Brady Ackerman.

Jason Jenkins, who plays wide receiver and defensive end.

Other key starters include Ryan LaRose at center and cornerback, Joseph Stephen at tackle, Austin Gager at tackle and cornerback, Sergio Ciancaglini at tackle and defensive end and Lincoln Gager at tackle.

The Lady Patriots volleyball team is coming off its best season ever after finishing second in the conference last year and advancing to the state playoffs for the first time. Under head coach Jane Unsworth and assistant coach Leslie Andes, the team has eight returning players. The starting team consists of Susan Clark, Shellie Knowles, Shawna Kealoha,
