Mellon Announces Mrs. Owen To Tax Reduction Plan At Finance Hearing

Secretary Of Treasury Recommends Minimum Decrease Of Two Hundred Millions

Cut Is Less Than His Last Proposal

Is Based On Appropriations Already Set By Legislative Body

By Robert S. Thornburgh
International News Service Staff Correspondent

WASHINGTON, April 3.—Secretary of the Treasury Mellon today recommended a maximum tax reduction of \$200,000,000 to Congress, a decrease of \$25,000,000 from his proposal last Oct.

Appearing before the Senate Finance Committee today Mellon declared that his "top cut" is based upon appropriations already made. Should Congress appropriate \$30,000,000 for flood relief, Mellon said the maximum reduction would be reduced to \$181,115,000.

Increased expenditures and net revenue losses were responsible for Mellon's change of position from last Oct., he said. On the basis of \$181,000,000 cut Mellon recommended:

(1) Reduction of the corporation tax from 13 1/2 to 12 percent, and rate applicable to insurance companies from 12 1/2 to 12 percent, entailing a revenue loss of \$123,000,000.

(2) Revision of rates applicable to incomes from \$11,000 to \$75,000 resulting in revenue decrease of \$50,000,000.

(3) Repeal of federal estate tax with base of \$7,000,000 in revenues.

(4) Exemption of income from American bankers' acceptances held by foreign corporations. The loss of revenue would be negligible.

For the \$200,000,000 reduction program Mellon, in addition to these items, approved provisions of the House Revenue Bill as follows:

(1) Increase in exemption from \$2,000 to \$3,000 for corporations with incomes not over \$25,000, with revenue loss of \$12,000,000.

(2) Increase in deduction for charitable contributions from 75 cents to one dollar, with loss of \$8,000,000.

(3) Repeal of excess beverage tax with \$185,000 loss.

(4) Reduction of tax on wine with \$90,000 revenue loss.

Mellon opposed repeal of the automobile tax. He said the demand for this repeal comes not from automobile purchasers but from manufacturers and dealers who have organized an intensive propaganda and of necessity do not look at our tax problem as a whole but concentrate on one tax which they believe affects their own interests."

"Tax reduction on the basis of meeting the demands of special interests inevitably leads to serious muddying of the bills," Mellon declared. "The Federal Government cannot afford to see its tax system resting on the narrow base."

Opposition likewise was expressed to the principle of graduated corporation taxes. Mellon remarked that there is no sound basis for this (Continued on page 80)

COUNTY TO SEEK PROTECTION FOR GRADE CROSSINGS

Commissioners Instruct Attorney To Request Action For Repairing Grades And Removing Dangerous Signs

Definite action on the part of the Atlantic Coast Line Railroad in repairing grade crossings throughout Seminole County will be asked by the Board of County Commissioners in a letter to the general manager of the railroad. The commissioners at their regular meeting today instructed County Attorney H. S. White to request some action from the railroad.

The commissioners' action followed a complaint made by Commissioner Boston Steele that his repeated requests for repair of grade crossings in his district had been ignored by Superintendent T. L. Dunham, of Sanford. He referred specifically to the crossing at Moore's Station.

The board also instructed the county to request the removal of railroad warning signs from too close proximity to roadways in several places because of the danger of motorists colliding with the posts to which the signs were fastened.

A delegation from Bear Lake requested the commissioners to repair the Bear Lake road and railroad crossing. Commissioners John F. Misch, Frank Evans and F. H. Kilke were instructed to inspect the road and take whatever action necessary.

Commissioners Kilke and B. F. Wheeler, with County Engineers Fred T. Williams, were delegated to arrange for the construction of a cattle guard on the Georgia-Okeechobee Road and report back to the commissioners at its next meeting on May 1.

Another Seminole delegation today gave its endorsement to the meeting tomorrow night when all the commissioners will be present at the new hall of the Knights of Columbus in the Spanish Way Apartments.

The board approved county mileage funds for Marie Herring and Duke Adams, and approved a request for a widow's pension from Senator A. E. Bennett.

Bandits Rob Family Of Wealthy Clubman

CHICAGO, April 3. (INS)—Henry C. Bartholomay, Jr., millionaire clubman and social leader, his wife, child and their servants were held prisoners for three hours early today in their home at Whangka, fastidiously North Side suburb by three bandits who escaped with \$15,000 in loot and Bartholomay's automobile.

The bandits had broken into the house and were waiting when the family returned from a visit. The family members of the household, except Bartholomay, was bound and gagged. Under threat of torturing his wife and child to death, Bartholomay made a list of his valuable and pointed out their hiding places to the bandits. The loot consisted of diamond rings and other articles of jewelry, silverware, tin cans and a small sum of cash.

The world war was the turning point in the crusade Christianity has waged for ages with Mohammedanism for the spiritual conquest of the world, despite the fact there are still 220,000,000 who now worship Mohammed and read the Koran, the Far East University professor explained.

A strange passion for science permeates the Moslem world, Dr. Watson said. He told how the "children of the East" returned to the Orient world and a "spirit of inquiry."

"They know their comrades, thousands of them, are buried back France, where crescents now stand on crosses, now," he stated.

New Oakland And Pontiac Test Track For Checking Cars Opened At Factory

A loop of cinder road nearly one-half mile long and banked at the turns has been constructed by the Oakland Motor Car Company as a private factory test track over which Oakland and Pontiac Sixes are run immediately after leaving the assembly lines.

The loop extends past the Pontiac Six assembly and the new Oakland All-American Six assembly building is to start operation April 2. Exits from the two assembly buildings open directly upon the test track.

A squad of 20 test drivers has been organized to pilot both Oakland and Pontiac Sixes around the loop. After being given a thorough road test, the cars are returned to their respective departments where they are rechecked. If pronounced perfect, they are driven to the shipping department. Should any adjustment be found necessary after a car has been tested, it is placed on the line, the adjustment is made, and the road test and in-

spection are repeated.

The test track is far from being a boulevard. It crosses and recrosses the rails of the Oakland Motor Car Company's big railroad yard and subjects the cars to rigorous test of performance and riding comfort.

The installation of the private track is in line with the recent announcement by Gordon Lefebvre, vice-president in charge of operations, that he intends to provide the Oakland-Pontiac dealer organization with cars that require a minimum amount of inspection and adjustment before delivery to pur-

chasers.

The private test track, of course, does not affect in any way the Oakland Motor Car Company's practice of maintaining a fleet of major test cars in constant operation at the General Motors Proving Ground. These cars are run at high speed for thousands of miles and then "torn down" for microscopic inspection by Oakland Motor Car company engineers.

CHARLESTON, S. C., April 2.—(INS)—Under the warm beams sprayed down upon them by a spring sun, the magnolia garden of this old city are coming to life and by April will be in full bloom. Plans are being made to entertain thousands of visitors expected here to see the gardens.

Called by Paul Hamilton Hayne "The earthly Paradise," the magnolia gardens, which have been in the possession of one family since they came into being, have quite a bit of romantic history attached to them.

All the dry dock ships employed in the North American service will be equipped with new portable apparatus constructed for the inhalation of "Nansatin." Passengers can thus be treated in their own cabins without having to go to the ship's hospital.

TAYLOR STARTS CAMPAIGN

Senator John S. Taylor of Pinellas county, candidate for governor on the democratic ticket, is shown here in the doorway of the big Stinson-Detroit airplane just before the start of his first flight from Clearwater to Lakeland. Senator Taylor was born in Florida 36 years ago. He served in the legis-

lature from Hillsborough county next year and was elected president of the senate by unanimous vote in 1925. He is a farmer and citrus grower, a banker and citrus packer and Pinellas county is supporting him solidly as a farmer, citrus grower and successful businessman who has had long experience as a county commissioner and legislator.

A Citizen's Duty

Ruth Bryan Owen, candidate for Congress from the Fourth Florida district, of which Sanford is a part, will deliver a lecture at the City Hall tomorrow night at eight o'clock. There are, as we see it, two very good reasons why Seminole County citizens should make it their business to hear her.

In the first place Mrs. Owen, a daughter of William Jennings Bryan, one of the world's greatest orators, is a very accomplished speaker herself. Whether her subject is "Modern Arabian Knights," "With the British Troops In Palestine," or just plain politics, she has many interesting things to tell, and this she does in a way that is thoroughly entertaining.

In the second place, she is a candidate for a political office which is to be filled by the choice of the people in the June election. We hold it the duty of every man or woman who goes to the polls to become acquainted with the various candidates and to hear them speak whenever there is an opportunity. Only in this way can they cast their ballots wisely. Only in this way can they do their duty by their county and their state.

Merely An "Incident"

Latin Americans take their politics seriously. One can always tell when Mexico is holding an election by the smoke clouds on the western horizon that arise from bursting shells. Nicaragua will hold a presidential election this summer, and it has been thought wise to keep American Marines there for months in order to ready for it.

Argentina is no less sensitive, politically. An "incident" of a recent election was the killing of an Englishman. In the city of Mendoza a group of hair-trigger followers of the local administrative leader stopped this subject of King George, on the street and commanded him to shout "Viva Lencins!" Being unfamiliar with Spanish, he failed to comply and was promptly shot and killed.

Commenting, the Philadelphia Public Ledger says, "In the United States we have our election "incidents," and Chicago is an outstanding example of open political warfare complicated by underworld conflicts. But it is not likely that even there a life would be taken over so unimportant a matter as giving a "Hurrah."

The implication is, of course, that the United States, at least in the matter of politics has progressed somewhat beyond the confines which retard our American cousins. The Herald wishes it, too, could be so optimistic over our advancement. It feels that the frequent bomb explosions, the rattle of machine guns, the crack of automotives, and the "rides" given district bosses in the Windy City are quite as deplorable as shooting an Englishman who wouldn't say "Hurrah."

It is the firm belief of The Herald, that the "incident" which characterized the elections of another Illinois city, the name of Herrin, are worthy of the best South American elections. And the political life of Canton, Ohio, where a newspaper editor, Don Mellet, was killed for exposing murder in the police department, must have been quite a thrill.

Even in our beloved Florida, where elections are supposed to be tea parties, we here in Sanford had the pleasure not more than ten days ago of hearing a candidate for the governorship, a minister of the gospel, by the way, threaten a vigorous opponent by declaring that "the crackers of West Florida are sharpening their knives for him." Jim Carson will not worry, for being a cracker himself, he also knows something about whittling.

Yes, American politics are hot. We would not be surprised to see an Englishman, or anyone else shot, for refusing to say "Hurrah."

The Wrong Thing

The best intentions sometimes go astray. You may be doing all you can to do the right thing and then through ignorance, misinformation, or unavoidable error do the very thing you would have wanted least of all to do.

Something like this happened, we can well imagine, in a New Jersey city the other day when a second accident and death occurred as an immediate result of another. A hit-and-run driver struck and killed a man. A passing motorist stopped and picked the body up, not knowing it was dead, and rushed it to a hospital.

On the way he picked up a policeman, who riding on the running board, continually blew his whistle and attempted to warn off traffic. At a certain corner the two men felt a jolt. "Must have hit something!", the policeman exclaimed. And glancing back, he added, "Looks like a tire in the road. Must have run over it. Keep on."

They sped on, until a moment later, the driver horrified, cried, "We have hit somebody, look, the front of the car is covered with blood!"

As they drove up to the West Jersey Homeopathic Hospital, another policeman rode up on a motorcycle and informed them that they had killed someone. "You fellows killed a little girl down the street," he shouted, and a little later her body was brought to the hospital.

A BETTER TARGET

PALM BEACH INDEPENDENT

A majority of the papers of the time are abusing the Democratic candidate for governor, except the favorite of each for coming into the race and thereby increasing the chances of Catts. But very few of them say anything against Catts.

If they do not want Catts for governor, why don't they open fire on Catts? He is a much better target than any of the others. There is plenty to say about him. Any one of the other candidates would make a better governor. If the newspapers of the state would let the other candidates alone and proceed to show Catts up, he would be defeated.

Why are the newspapers of the state civil to Catts while they abuse him?

Investigations now going forward at Washington show that under the Harding-Coolidge regime there has been a carnival of corruption. The people, we believe,

are waking up to the fact that a crook is a crook; whether he be in office or out of office, whether he be a Republican like Albert B. Fall, or a Democrat like William M. Tweed.—Miami Post.

CARSON'S CANDIDACY PRO AND CON

If, as has been hinted, James M. Carson, of Miami, is running for governor merely to detract from the Catts vote and with no idea of election for himself, his incoherence is badly advised. The best way for Mr. Carson to oppose Catts is by lending his support to someone who has a chance to beat Catts. And, such is the difference between the two men and the differences they naturally command, it is hard to conceive of anyone whose allegiance to Catts would be won away by Carson, visa versa.—Jacksonville Daily Journal.

Carson's fight for Catts is a good deal like a man proposing means of stopping a stationary engine. Catts is just standing still—he's made all the progress he will. But maybe Carson's plan will start him back down hill. Orlando Reporter-Stan.

In making his announcement as a candidate for the gubernatorial nomination James M. Carson of Miami, says: "I expect to win, not on account of any merit of mine, but because the people of Florida have never failed to take the right side of any moral issue which was squarely presented." Mr. Carson opposes the race track and all its attendant evils and in his campaign is gunning particularly for Catts. He enters the campaign rather late to get a great moral issue before the people of a state in large as Florida, but it is comforting to know that he has confidence in the people of Florida to line up on the side of morality and sanity. There is another candidate in the race whose chances for election are much brighter than Mr. Carson's, who also subscribes to the same doctrine, and he will train his guns on Catts at the proper

cent-a-gallon gasoline tax now paid to the counties to a fund to pay the interest and principal on county bonds issued to build state highways met the approval of many of his hearers. This plank would save the taxpayers of Florida thousands of dollars should it be adopted by the legislature. Carson stated that Catts was afraid to meet him in joint debate, and that he would camp on his trail the rest of the campaign and expose him to the voters. Carson made a good impression here.—Okeechobee News.

With Quality and Endurance as a Foundation

We stand squarely behind every Diamond Tire we sell. Our dissatisfied customers are— Well, there just aren't any. We'll stack a Diamond up against any other tire in the world, and the results will justify us. That's because Diamonds have been so steadily turning out remarkable service records—that's because Diamond Tires are keeping pace with the very latest and very best in new tire construction developments plus a few little advantages that are entirely Diamond. So we say—if you want to buy tire trouble insurance at a very low premium, step in and get a Diamond.

Sunday School Class Assemble On Monday

The regular business and social meeting of the Dependables Class of the Methodist Sunday school was exceptionally interesting. Mrs. Earle E. Jones, president of the class was in charge of the meeting and during the evening it was decided that the class would hold a rummage sale at an early date. Committee chairman gave reports of their work and also told of plans for the month's work.

At the close of the meeting the hostesses Mrs. W. S. Thornton, Mrs. R. L. Shinholser, Miss Ina Pierce, Mrs. Earle E. Jones, Miss Esther Hughey, Mrs. R. B. Wright, Mrs. E. C. Smith, Miss Lydia Chidder, Miss Clara Rankin, Miss Ruth Massa, Miss Pauline Myers, Miss Elizabeth Garrett, Miss Linda Maye Fleming, Miss Janet McRae, Miss Gertrude Mulligan, Miss Frances Hugh, Mrs. Herman Middleton, Mrs. Burke Steel, Mrs. A. K. Shoemaker and Miss Robbie Chapman.

Those present were Mrs. W. S. Thornton, Mrs. R. L. Shinholser, Miss Ina Pierce, Mrs. Earle E. Jones, Miss Esther Hughey, Mrs. R. B. Wright, Mrs. E. C. Smith, Miss Lydia Chidder, Miss Clara Rankin, Miss Ruth Massa, Miss Pauline Myers, Miss Elizabeth Garrett, Miss Linda Maye Fleming, Miss Janet McRae, Miss Gertrude Mulligan, Miss Frances Hugh, Mrs. Herman Middleton, Mrs. Burke Steel, Mrs. A. K. Shoemaker and Miss Robbie Chapman.

Quantities of roses, snap dragons and alyssums were used in decorating the rooms where the members assembled. The business session was presided over by the newly elected president, Mrs. Francis Bolz and routine business carried out. Members responded to roll call with items suggestive of Arbor Day. Mrs. W. D. Gardner reported that she had organized a group of young women for the Y. W. C. A. last week and that much enthusiasm had been shown by the members.

Misses W. F. Hawkins, chairman for the decorating committee for Easter, gave a report of her plans and asked for donations of cut flowers and stems. The new standing committees for the coming year were read by the president after which the meeting adjourned.

The regular monthly business meeting of the Woman's Missionary Society of the Methodist Church was held Monday afternoon at the church. About sixty members were present. The circle, having best attendance were Mrs. H. H. Chappell's and Mrs. W. E. Raines.

A short devotional service was conducted by the president. All the members enjoyed the vocal quartet singing by Mrs. W. H. Holden and Mrs. Beatrice Higgins. After a few remarks by Dr. W. P. Bulman routine business was carried out. Mrs. E. D. [unclear] was elected as local superintendent, succeeding Mrs. Brody Williams and Mrs. E. Jones was elected as local treasurer, succeeding Mrs. P. M. Elder.

Many Gibson girls will have charge of the next program meeting which will be held Tuesday April 17 at the church. This special date being set on account of the regular dates conflicting with Pentecost.

CONGREGATIONAL CHURCH

The Congregational Church will receive Holly Week with a short series of worship and meditation on the last days in the life of Christ. These services will be held each night in the church from eight until ten o'clock. The public is cordially invited to share in the observance.

Big Fire Features Lecture "Ramona" at Milane Theatre

A Hollywood fire recently razed 100 Indian homes to the ground and provided the film city with one of the biggest thrills of the year. The fire was part of the making of "Ramona", the film being shown at the Milane Theater today.

In a short space of time, over 10,000 went up in smoke, attracting thousands of motorists from highways to the scene of the fire, several miles from the center of Hollywood.

Fire engines from the film city were on the ground, their hose stretching over a half mile to the nearest water connection.

The fact that the giant blaze was staged for an episode in "Ramona" now being released in motion picture form, did not matter a particle. Even the oldest old-timer, hardened with all the thrills the movie city offers daily, stood with the crowd and agreed it was a real, not "real" conflagration.

Edwin Carewe, directing "Ramona", starring Dolores Del Rio, engaged three hundred Indians to participate in the scene. Over one hundred Hollywood cowboys were included in the massacre which showed the whites demolishing an entire Indian village and razing it to smoldering debris.

Interesting Meeting is Enjoyed By Guild

One of the most interesting meetings of the Women's Guild of Cross Episcopal Church was Monday afternoon at the Parsonage under the direction of resident Mrs. W. E. Watson. Reports from the various officers read, and showed that much that had been manifested during the past month, Mrs. St. Clair brought in the caps made by the Guild for the Junior Choir hose made by the St. Agnes for the Senior Choir. Mrs. reported that the layette had been turned over to Advent, Tenn., and that funds for Cathedral School had purchased. Reports from the food sales held during Lent indicated that \$103 had been cleared. S. O. Chase, Mrs. B. F. Whitford, Mrs. C. J. Rumpf were invited to purchase necessary utensils for the Parish kitchen and Mrs. Noble was to buy 50 small plates. The former reported \$232.

Watson appointed the following committees and chairmen for Easter decorations for the Sanctuary, Mrs. B. F. Wh. Mrs. W. E. Watson, Mrs. D. Taylor, Mrs. G. F. Smith, Arthur Marshall and Mrs. A. Noble. Chancel, Mrs. Claude chairman, Mrs. George D. Mrs. A. Derby and Miss Mary Young; Door, Mrs. Robertman, chairman, Mrs. A. P. ly, Mrs. G. Irving Loucks, E. Brouse and Mrs. W. J. n.

s were completed for the Club supper to be served Friday evening by the Guild. Committees named were: menu, Ernest Krupp and Mrs. C. J. Flowers, Mrs. G. F. Smith, R. Stewart and Mrs. Alice ill; Service, Mrs. Amelia Mrs. Arthur Marshall, Mrs. A. Newman, Mrs. J. B. and Mrs. G. Irving Loucks, were also made for an Easter sale to be held Saturday at the drug store. It was decided to have an Easter Egg or the children one day next.

exceptionally interesting report given from the Neighborhood meeting held March 21 at Mary's at Daytona which attended by 14 members of Cross Church. It was found time that the work done byious women's organizations & Cross were ahead of the others of the diocese.

Woman's Club Will Hold Regular Meet

At the regular business meeting of the Woman's Club to be held Wednesday afternoon at three o'clock, the president Mrs. E. A. Douglas will give a report from the State Federation club meeting recently held at Coral Gables. In addition to this interesting report, Mrs. George Cannon, president of Oklahoma City, will turn over the chairmanship of the State Federation of Woman Clubs to Mrs. W. L. Cooper, Mrs. Henry Appling and Mrs. J. M. McCall.

FLYERS DEPART

After the business session, the Literature Department of the club will give the play, "Springing the Novel," a very clever comedy. A social hour will follow the performance, and the afternoons will be spent by Mrs. W. L. Cooper, Mrs. Henry Appling and Mrs. J. M. McCall.

D.A.R. Ball To Be Held At Hotel On Monday

Prominent among the affairs which are being planned for Easter week is the D. A. R. ball to be given at the Forrest Lake Hotel on Monday evening, April 10—the ninth. Coming as it does on the heels of Lent and during the college vacation when many visitors are expected in Sanford from Tallahassee Gainesville, and Deland, the dance promises to be one of the gayest of the season. Peter Shal's orchestra will furnish the music. The committee in charge of the arrangements includes Mrs. R. E. Tolar, chairman, Mrs. Rolland Dean, assistant chairman, Mrs. S. B. Peterson, Mrs. John Meisch, Jr., Mrs. F. M. Davison, and Mrs. Frank Scruggs.
