New Hurler Allows Seven Hits While Mates Get Only Four Off Travis; Adz' Single Wins Ball Game

VENETIAN PARK, LEESBURG, July 12—Big Jim Finger, new addition to the Lookout hurling corps, last night allowed seven hits and secured the hit which scored a run to down the Leesburg Godoliers 2 to 1 in a regular Florida State League battle.

Finger kept his hits well scattered during the evening and only in one inning was he in trouble and that was in the eighth during an infield conversation. With runners on third and first and two men out, Manager Rodgers went to the mound and called a conference of his infielders.

Without giving Rodgers fair warning to get off the field, Uncle Phoney Smith called four balls that were not pitched and walked Clemmons filling the bases.

Rodgers seeing what he was doing ran off the field. Skinny McGowan was at the plate and Rodgers ran out toward the plate to get Smith to announce that the game was being played under protest. Smith met him and kept yelling for him to get off the field and finally Rodgers asked him to stop yelling and to present the game. Smith at last realized what Rodgers was attempting to do, protested the game but two balls had already been called on McGowan.

When the play was resumed, Finger threw a first strike and another strike, Contreras and Davis were playing heads up ball and caught Clemmons off first base. Davis threw to Pitman to get Arnold on third and Pitman threw to Contreras at the plate to get Arnold sliding.

The Lookouts scored their first run in the third stanza when Contreras was hit by a pitched ball, went to second on De Ramus' sacrifice and scored when Finger singled to center.

In the fourth, Davis walked but Pitman forced him at second. Smith forced Pitman at second and stole second. He scored when Johnny Adz lined out a single to center field.

The Godoliers secured their only run in the first when Great was safe as Adz dropped his fly ball in right field. He went to third on Arnold's infield out and scored on Drews' single to center.

After the game, Finger was interviewed and he said that he was very nervous during the game. He said that he was very nervous during the game. He said that he was very nervous during the game.

Sugar Quotas To Be Discussed At Parley

WASHINGTON, July 12. (AP)—Cuban Ambassador Pedro Martinez Fraga discussed the matter yesterday with the Undersecretary of State during a national sugar conference at London.

It was understood that the conference included the subject of international sugar quotas.

Meanwhile, the Commerce Department made public a report from the commerce attache at Havana stating a decline had been noted in Cuban imports of United States automotive products.

Happy Birthday In Fink Frosting From Joe Engel

CHATTANOOGA, July 12—Joe Engel, baseball's No. 1 showman, keeps coming up with new ways of getting his picture in the newspapers.

It was "Happy Birthday" spelled in pink frosting from the president of the Chattanooga club to Mrs. Virginia Winston in County Jail here.

"Running a baseball club has made me wish I were here many a time," Engel told Mrs. Winston. "I saw in the paper that you wanted a cake and here it is."

He struck a match and lighted 30 candles.

No less than 1700 own stock in the Chattanooga franchise.

"They came you stole from one fellow," Engel said to Mrs. Winston. "There are 1700 claiming the same thing about me. Better move over. I'll be here any time."

Rogers Hornsby, new manager of the Lookouts, accompanied his boss to the jail.

Engel asked Mrs. Winston how long she was being held.

"The first 40 days are the hardest," said Engel.

"Say, if I were you, I'd take out a couple of those candles. You don't look 30."

A club employe, Mrs. Winston was convicted in connection with the theft of a pocketbook.

Pinder To Hurl Against Saints Tonight At Park

Youngster In Search Of 5th Win In Row; Brewer May Hurl

The St. Augustine Saints under the management of Manager Lyle Judy visit the Municipal Athletic Field tonight for a clash with Bill "Raw Meat" Rodgers' Sanford Lookouts in a regular Florida State League battle.

The line-up for the Saints include Pete Schweigerath in rightfield, Kirkland on third base and Otero on second base.

Warren Odham, right guard, Abby Jones, right tackle and L. M. Telford or Pete Echols, right end.

In the backfield, Arthur "Red" Williams, quarterback, Buck Ferguson, left half, Darrell Ferguson, right half.

The full back position is open for there is not even a possibility in sight at this time.

Dutch Schneider has reported that he will be ready to hurl in about a week.

Schneider's injury to his side has nearly healed and he plans to workout this week.

Here's our best wishes for him.

Germany Is Warned To Keep Hands Off Of Czechoslovakia

The Spanish civil war and the Chinese-Japanese conflict brought new bombardments of Barcelona and Canton while Britain rushed additional troops to troubled Holy Land and France gave Germany an indirect warning to keep hands off Czechoslovakia.

France's warning came in a declaration by Premier Edouard Daladier that he hoped France would never have to fulfill her pledge to protect Czechoslovakia but was determined never to go back on her word if such hopes prove in vain.

An squadron of armored cars from the 11th Hussars rumbled into Palestine from Egypt as British authorities met at Haifa to consider placing the country under martial law to halt the Arab-Jewish conflict.

In Spain, insurgent Generalissimo Francisco Franco was reported to have taken personal command of a unified army of 100,000 men.

The Chinese reported that Japanese had been stopped seven miles downstream from Kiukiang and were attempting to bring up reinforcements.

Expecting a resumption of the drive toward Hankow, Chinese strengthened their defenses in Kiukiang.

They put into effect their "scorched earth" policy and began a systematic destruction of waterfront properties. They occupied British property, where they mounted guns and cut loopholes in warehouses and wharf buildings.

Barbed wire entanglements, trenches and sandbag redoubts were erected in the streets.

RIVALS IN OKLAHOMA PRIMARY

The Kiwanis Club was entertained today at its regular weekly luncheon at the Valdez Hotel by a band quartette from the Orlando post of the Salvation Army.

The quartette, composed of G. W. Pyke and his son Lewis Pyke, Gordon, Marchant, and Albert Walsh, Jr., was introduced by Capt. R. E. Rose of the local Salvation Army post.

Discussion of the approaching annual chicken barbecue which is held at Sandaloo Springs every year in conjunction with the Kiwanis Clubs of Winter Park and Deland was the main business brought before the group.

The barbeque is planned to take place Thursday, July 24. A motion was passed to dispense with the regular luncheon on July 27.

Most of the members signified their intention of attending the barbeque. It was pointed out that members could invite a couple of visitors to the affair if they would notify John Leonardy, chairman of arrangements, by Monday, July 25.

Arthur Branan brought up the question of a proposed baseball game between the Rotary and Kiwanis Clubs and asked if a date had been set for the game. It was announced that the club had accepted the challenge of the Rotary Club and that a committee had been appointed to make arrangements for the game.

No definite date has been set.

Elmer Thomas Widens Lead In Oklahoma

New Deal Favorite Far Ahead In Initial Test Of Support Of President

OKLAHOMA CITY, July 13.—(AP) Senator Elmer Thomas, Oklahoma's only elected New Deal favorite, widened his commanding lead over two primary opponents in the first of two tests of President Roosevelt's political speaking tour.

Former Governor W. H. "Alfalfa Bill" Murray, frowned upon by the President as a nationally known as a "Republican", was running third in the Democratic gubernatorial race.

Thomas, acclaimed as "old friend" of the President had 18,179 votes in the returns from 248 of 522 precincts. Murray, Gov. E. W. Marland 72,044, Homer Smith 118,121 and Charles E. Smith 2,144.

In his recent address, Roosevelt asserted Senator Thomas had been of "enormous help" to the administration.

He faced a complaint in Governor Marland for his conservation work, and by inference declared Murray, who seeks to return to the governor's chair he left in 1935, was "nationally known as a Republican".

The Oklahoma primary will give the President his first opportunity to gauge political effects of his transcendental speaking tour.

Enroute from Washington, he spoke kind words for Senator Barkley, seeking re-nomination in Kentucky, and delivered raps on the back to Senator Buckley of Ohio and Senator Caraway of Arkansas.

In his Oklahoma City talk, Roosevelt made no reference to Governor Smith, fifth district congressman running against Thomas and Marland for the senate nomination. Smith voted against the administration farm bill and against the President's reorganization measure.

Hughes Expected To Begin Last Leg Of Flight After Stop-Over Of Two Hours

Party Averages 209 Miles An Hour Enroute To Yakutsk

NEW YORK, July 13.—(AP) Fliers at the Howard Hughes' flight headquarters today estimated the round-trip world tour would reach Fairbanks, Alaska, at 10 P. M. and would be ready to take off again for New York at 9:00 P. M. It will be a minimum such a flight would require to complete the round-trip in about 20 days.

Howard Hughes, representing the Howard Hughes' flight headquarters, today estimated the round-trip world tour would reach Fairbanks, Alaska, at 10 P. M. and would be ready to take off again for New York at 9:00 P. M. It will be a minimum such a flight would require to complete the round-trip in about 20 days.

The American union and his four companions had resumed at Yakutsk today, 54 minutes after completing their 2,177-mile hop from the USSR.

He was far ahead of the record set by the late Wiley Post who circled the globe in seven days, 16 hours, 39 minutes in 1931.

Compared with Post's time of six hours and 47 minutes from New York to Novosibirsk—lightly more than two hours fly-over time beyond Omsk—Hughes' planning crewer was nearly a day ahead.

Hughes spent about four and a half hours in Omsk, drinking tea after satisfying his plane's thirst for gasoline.

At other stops mechanics immediately commenced refueling his plane when Hughes ended his third leg from Moscow to Omsk.

It was still daylight in the ancient, northern city, center of caravan routes and important station on the Trans-Siberian railway, when the millionaire sportsman pilot and his four companions set their twin-motored plane down at 9 P. M. Moscow time (1 P. M. EST).

Kidnap Confessor Called Insane By Washington Chief

TACOMA, WASH., July 13.—(AP) Chief William Cole of the Washington highway patrol said he was convinced the man of many aliases, who "confessed" the Mattson kidnaping yesterday, was "A mental case and had no part in the crime".

Cole said the man, who gave his name as Clarence White, Clarence Thorp, Clarence Head and Frank Olson, would not be charged with the kidnaping and slaying of the 10-year-old Charles Mattson, but probably would be given a sanity hearing.

Cole said he reached the decision after four days of almost constant questioning during which the man changed statements about the kidnaping a dozen times and involved several persons who later were found to have alibis.

Two Scouts To Go To State Forestry Camp

Because of the high ranking in forestry service given Boy Scout Troop 14, Scoutmaster W. E. Kader, was authorized to send two members of his troop to the State Forestry Camp near High Springs for 15 days in a training camp.

Raymond Kader and Cullen Wright were selected to go to the camp because of their work in connection with the troop's forestry service. The boys leave Monday for the camp.

The local scout troop was one of the three highest ranking troops in the state in forestry service, Mr. Kader stated, added that the 800 column inches of publicity given the forestry work in The Sanford Herald and other papers had played no small part in securing this honor for the local scouts.

Greens, Fairways At Country Club Are In Good Condition, Fort Says

The greens and fairways at the Sanford Country Club are in a better condition now than they have been for several summers, Bert Fort, manager of the club, announced today. The recent rains have settled the dust on the fairways and started the grass to growing, he said.

Regarding the rounds of play on the course, Mr. Fort reported that it was much higher this summer than for last. Although there is a decrease in patronage at the course over that of the winter months Mr. Fort said this is because of the number of enthusiasts who are vacationing and the absence of visiting golfers who play the course during the tourist season.

During the past week, a total of 63 persons made the course one or more times, the manager reported. Those making the course were: Dr. S. Peterson, J. L. Ingley, Dr. S. Higleyman, E. C. Moore, Howard Faville, Fred Holly, John Ludwig, E. F. Housholder, C. C. Whitman, Herbert M. G. E. Smith, Rev. Paul R. Jones, Jack Berger, E. A. Chis-

Referendum On Market Pact Is Set For July 22

A referendum has been called among celery producers of Florida on July 22 and 23 by the Secretary of Agriculture for the purpose of determining whether such producers favor termination of the Marketing Agreement regulating the handling of celery grown in the state, an announcement from County Agent C. R. Dawson said today.

Mr. Dawson said that H. H. Davis, marketing specialist of the general crop section of the Agricultural Adjustment Administration, and H. C. Clayton, administrative officer in charge of the agricultural conservation program, Gainesville, have been appointed to conduct the referendum.

Voting places were listed as follows: Seminole County—Sanford, county agent's office at the Court House, Ocala, Nibla's Drug Store, Manatee county—Bradenton, county agent's office, court house, Sarasota county—Sarasota, county agent's office, court house, Palm Beach county—Belle Glade, city hall.

Rail Parity For Southerners Is Urged At Meet

BUFFALO, N. Y., July 13.—(AP) Two witnesses at an Interstate Commerce commission hearing yesterday urged rail parity for southern shippers as an instrument for national good.

Joseph G. Kern of Atlanta, chairman of the Southern Carriers' Association, said parity would be "in the interest of the great mass of consumers in northern territory and therefore in the general public interest."

Benjamin E. Hall of Alameda, Ala., president of the state chamber of commerce, insisted it would "expand the southern market for northern and eastern products."

Both testified the ICC began the second session of a hearing on southern demands for readjustment of rail rates. The first session last year in Birmingham set a precedent.

At the first hearing, on July 5, lawyers for both the count and industry carefully skirted the industry question, disclosing they had agreed to use the phrase "gentleman in London." They were expected to continue to hide the identity of the society man concerned unless it became an essential bit of evidence.

Fire Chief Mack Cleveland attended an executive session of the State Firemen's Association held yesterday in Ocala.

Chief Cleveland said the chiefs present discussed mainly methods of fire prevention and how fire departments could improve their service in protecting cities from fire hazards.

BIBLE VERSE FOR TODAY

The Lord also will be a refuge
for the oppressed, a refuge in
times of trouble.—Psalm 9:9.

RED-BONE

Up among the Smoky Mountains,
Sound about where I was born,
Every boy does lots o' huntin'
When they've gathered in the
cawn.

Then, their best friend's air their
houn' dawgs,
Blue-tick, red-bone, or cross
breed,—
There's a lot o' brains amongst
'em,—
'What you 'ern them dawgs,
they heel.

As they do a lot o' huntin'
In the evenin' on their own,
So we get to know their voices—
None jes' like my ole red-bone.

I could tell his 'possum yellin',
An' his beller after coon
Would start me out to fin' him
In the meller autumn moon.

But, if 'twas fox he's after,
His voice tells a different tale,
An' 'Y' feller red-bone's bellin'
Down the o' cave trail.

they have them out of the

Japanese Losses

Something of the ghastly toll in life and limb of modern warfare is gleaned from figures published recently in Tokyo revealing estimated losses on both sides since the "incident" which precipitated the "unpleasantness" one year ago. Since the figures are based on Japanese estimates, it may be presumed that they do not exaggerate Japanese losses.

Chinese casualties are reported as 500,000 dead and 800,000 wounded, while the number of Japanese who have been killed in action are given as 40,000 with the number of wounded unrevealed. If the ratio of Chinese dead to wounded applies to the Japanese, there must have been around 70,000 Japs wounded, making total casualties on both sides of 1,410,000.

Since there have apparently been about 40,000 Japanese killed as compared with 500,000 Chinese, the Japs' boast that one Japanese soldier is worth ten Chinese seems to have been made good on the field of battle. However, considering the populations of the two countries (400,000,000 for China, 60,000,000 for Japan), the Japanese soldier may need to be worth even more Chinese than that.

We are reminded of Will Rogers' comment during the Manchurian incident, when the relative casualties were about the same as they are now, "If this thing keeps up much longer, there won't be any Japanese left."

Fort Lauderdale Grows

Among outstanding Florida cities which have shown the greatest progress during the past five years, none is more spectacular than the city of Fort Lauderdale, located in relation to Miami, much as Sanford is situated in relation to Orlando. Long overlooked as Miami and Palm Beach got the lion's share of promotion and development, Fort Lauderdale has at last come into its own.

During the past five years, a report in the St. Petersburg Independent reveals, building permits have jumped from \$60,385 to \$2,086,010, or about 3,300 percent. Postal receipts are up to \$85,291 from \$37,954. Port tonnage has increased from 74,527 to 954,726. Port Everglades railroad traffic has increased from 52 cars to 23,145 cars. And bank deposits are up from \$1,380,508 to \$5,128,116.

This is a splendid record and one which gives practically every other Florida city something to shoot at. What Fort Lauderdale has done, other Florida cities can do if they show the same progressive spirit, the same ambition to grow and willingness to co-operate. It is an example in community development from which everyone should be able to profit.

DUST MAY seem to be homely, prosaic and uninteresting, but it is one of the most necessary things in the world. Sunsets, with the sunlight broken by floating dust which takes on color, owe their brilliance to the dust-laden air. Clouds would be impossible without dust for vapor in the air to condense on. Water-vapor which would gather on our bodies, and clothing is kept from us by dust in the air, air that otherwise would be oversaturated and dripping. The world would be a very damp, cold, and less beautiful place without dust.—Better Homes and Gardens.

THE SANFORD FORUM

Palatka, Fla. July 9, 1938. Editor The Sanford Herald, Sanford, Fla.

Will you please allow space in your paper for the publication of this article which may be of benefit to those who are in ignorance of the tenets of the General Welfare Act of 1937.

An article appeared in the June 10th issue National weekly under the heading, "Papers in Florida Show New Vision on Townsend Plan."

Section 6, Clause of said bill says, "All proper and necessary expenses of administering this act shall first be paid or provided for, and upon a monthly basis when practicable."

First, let me say that we Townsdenites appreciate the attitude you have recently taken toward the Townsend National Recovery Plan and for the candid and frankness taken in your editorial regarding the differences between the Townsend Plan and the Social Security Act.

I would like to refer in particular to the paragraph in your editorial under the heading, "An Improvement" and would quote from the second, third and fourth paragraphs.

WASHINGTON DAYBOOK

WASHINGTON—In 1936, should not be cut below 55 million. Eyes, with that, the country faces another harvest that may put 10 bushels of wheat in every pot and a stack of it in every garage.

Buckety-buckety all over the wheat belt across opposition to further crop control and the lid was off in 1937. A reasonably good crop was harvested, and in spite of a carryover of 200,000,000 bushel, prices remained above the "dollar wheat" level through the fall and early winter of 1937-38.

As talk developed of new crop control machinery, farm delegations poured into Washington. No wheat quotas for 1938, they urged. Congress and the Department of Agriculture consented, although some able farmers and most specialists in the Department of Agriculture smelted trouble.

No restrictions were imposed on plantings for the 1938 harvest. As a result, 79,000,000 acres were seeded down to wheat, enough for a "calamity crop" of a billion bushels, with good growing weather. In mid-winter, prices began to sag. By the time Congress convened last January some farmers were jittery. By February, when the farm bill passed, wheat had scaled off to 80 cents a bushel.

It was already too late to control the 1938 winter wheat, planted the previous fall. All Congress could do was to promise continued benefit payments to induce farmers to accept some control of the 1939 crop.

Big Crop, Low Price Here is the situation. Normally the U. S. eats 650,000,000 bushels of wheat, exports another 100,000,000 and carries over in bins and elevators an additional one or two million. But this year a billion bushel crop is in sight which, coupled with 200,000,000 carried over from 1937, has at times put the market down as low as 70 cents a bushel, although it is higher now.

Under strict terms of the crop control act, wheat farmers expecting to share any further federal benefit would have to agree to cut their acreage almost in half next year, from this year's 50 million to 46 million acres. Neither Congress nor the Department wanted that job, especially in the present election year.

To remove part of the sting, Congress provided just before adjournment that the acreage form of the General Welfare Act, H.R. 4199, which would accomplish the desired result is being arbitrarily frozen in the archives of the despatch Ways and Means Committee of the House of Representatives.

As an illustration of the benefits that would accrue under the Townsend National Recovery Plan, a daily newspaper of our cities is being distributed by a local carrier in our section. Formerly, nearly every family was a subscriber and the carrier could leave a paper at nearly every house. At present about one out of every three or four are subscribing, and the paper in a great many instances is being handed around for others to read who could not see their way clear to keep up their subscriptions.

Would it not be better for all parties concerned if the carrier could leave a paper at every house instead of three or four? This is only one illustration. There are hundreds.

Mrs. Thomas Honored On 84th Anniversary

In honor of the 84th birthday of Mrs. Studie Thomas, Mr. and Mrs. A. W. Hamill gave a delightful birthday dinner at noon today at their home on Sanford Avenue.

The dining table where the guests were served held a central arrangement of sweetheart roses.

Those invited to be with Mrs. Thomas on her birthday, which included only members of the family, were Mr. and Mrs. E. T. Hamill, Mr. and Mrs. Charles W. Hamill, Mr. and Mrs. Harold Hamill, Mr. and Mrs. J. H. Wilson and Mrs. Joseph Provatt. The great grandchildren present were: Clifton Hamill, Edwin Hamill, Jr., Bobby Hamill, Norma Jean Hamill and Charles W. Hamill, Jr.

Moonlight Party Is Given By Sub-Debs

The Gra-Dell Chapter of the Sub Deb Club with Miss Marion Haynes as sponsor, entertained last evening with a moonlight party at Sanlando Springs.

Dancing and games were enjoyed by the members of the club and their guests and at a late hour refreshments of punch and cakes were served.

Mr. and Mrs. Lea Lesher, George McCall and Mr. and Mrs. C. F. Stahl chaperoned the group of young people. Others present at the party were: Miss Marion Haynes, Howard Beasley, Miss Derieux Hayes, Elton Moughton, Miss Carolyn Boyd, Herbert Thurston, Miss Ruth Strang, Harry Robson, Miss Doris Jackson, James Colbert, Miss Mary E. Lesher, Billy Viblen, Miss Doris McCall, Walter Turner, Miss Doris Newsome, Hugh Lesher, Miss Betty Thurston, Walter Hayes, Miss Barbara Stahl and James Tew.

The average weekly earnings of Ohio saleswomen were only \$15.31 in the peak year of 1929; \$12.63 in 1932; and \$13.50 in 1935.

Daughters Of Wesley Meet In Church Annex

The monthly meeting of the Daughters of Wesley Sunday School Class of the First Methodist Church was held Monday night at the church annex with Mrs. A. B. Stevens, Mrs. Roy Tillis, Mrs. H. L. Gibson, Mrs. C. C. Whittington and Mrs. C. L. Beldin as hostesses.

The business meeting followed the devotional service which was led by Mrs. G. E. McKay. Routine business was discussed and a motion was made and carried to change the class meeting time from the second Monday to the first Tuesday of each month. It was announced that the August meeting of the class will have as hostesses Mrs. Quinton Brown's group.

During the social hour which followed the business meeting, Miss Mary Beldin entertained with a piano solo and Miss Elizabeth Whittington and Miss Marian Clause played a piano duet.

Others present at the meeting were: Mrs. C. Flowers, Mrs. W. L. Harrison, Mrs. C. P. Herndon, Mrs. M. L. Wright, Mrs. C. C. Sperring, Mrs. Bessie Williams, Mrs. L. A. Moore, Mrs. J. E. Conner, Mrs. Marcus Tyre, Mrs. Paul Redfern, Mrs. W. A. McShulter and Mrs. R. H. Duncan.

New Acting Trio To Appear In Ritz Film

A new acting trio that might well be re-titled for other vehicles makes its debut in the person of Herb H. Marshall, Virginia Bruce and Mary Astor seen together for the first time in "Woman Against Women" at the Ritz Theatre Thursday and Friday.

Marshall turns in a convincing portrait of the husband in this picturization of Margaret Culkin Banning's story, "Kinky Territory," dealing with a second wife who fights against public censure in her husband's home town. Miss Bruce and Miss Astor, who plays the unsympathetic first wife, present a vivid contrast in appearance and types of beauty; at the same time contributing compelling characterizations of excellent roles.

Outstanding in the supporting cast are Jane Beecher, Marjorie Hambeau, Juanita Quigley, Zeffie Tilbury, Sarah Padden and Betty Ross Clarke. Robert Sinclair is responsible for a well modulated pace in his direction, making the utmost of every episode. Producer Edward Chodorov wrote a well-balanced, entertaining seven play, with adult dialogue which goes far in winning conviction.

Madame Recognized Official Flag Sewer

PARIS, July 13.—(AP)—When no tricolor waves at the peak of the thousand foot Eiffel tower it simply means that Madame Henri Gaslon is busy with the sewing she has done for the last 25 years.

Mme. Gaslon, whose husband operates the wireless station on the tower, has made it her patriotic duty to sew up the flags torn by the winds.

Usually the wind gets five or six flags despite her efforts. The French government recently recognized her position as official Eiffel tower flag repairer by awarding her a small annual salary.

St. Augustine Cops 5 To 1 Decision Over Local Outfit

Each Nine Credited With 10 Hits During Contest

Bob Pitman and George Kirkland Take Hitting Honors With Three Bingles In Four Trips To Plate

By JULIAN STENSTROM
Herald Sports Editor

Howard Smith of the St. Augustine Saints had too much for the Lookouts last night and he and his mates copped a 5 to 1 decision over the Bill "Raw Meat" Rodgers outfit before 500 Sanford fans.

Smith was nipped for 10 hits during the fray but he kept them well scattered and pitched him self out of numerous tight spots. Smith fanned one of the Lookouts and walked three while Joe Pinder, on the hill for the Lookouts, allowed 10 hits, fanned six of the Saints and walked a total of four.

Hitting honors for the evening were divided between George Kirkland, third baseman for the Saints and Bob Pitman, hot corner man for the Lookouts.

Pitman lead in the total number of bases with four as he singled twice and doubled in four official appearances at the plate. Kirkland's three hits in the four trips were one buster.

The scoring started after each club had played scoreless for five innings. The Saints pushed across three runners in the sixth, Kirkland singled to left field but Contreras threw to Stith to nab Kirkland on a spectacular play at first base. Judy was credited with an infield hit and he took second when Otero worked Pinder for a base on balls. On a wild pitch, Judy and Otero advanced their next base. Mobley grounded to Stith who threw to Contreras at the plate and caught Judy.

Otero moved to third and he scored on Balan's double to right field. Mobley moved to third and he and Balan scored on

Helm's double to deep leftfield. The Lookouts scored their only run in the eighth inning when Pinder singled to left-center field. Moore singled to center sending Pinder to second. Pinder took third when Doljack forced Moore at second base. Davis lined out of deep rightfield to score Pinder. Pitman doubled sending Doljack to third but Stith flied out to left field to end the inning.

In the ninth, the Saints put the game on ice when Smith singled to left field and went to second on a passed ball. Schweigerath was hit by a pitched ball and Kirkland secured an infield hit filling the bases. Judy grounded to Pitman who threw to get Smith. Otero flied out to deep center field and Schweigerath tagged up and scored. Judy attempted to steal second and Contreras' throw was low allowing Kirkland to tally when the ball bounded into centerfield.

Lookouts Travel To St. Augustine To Play Tonight

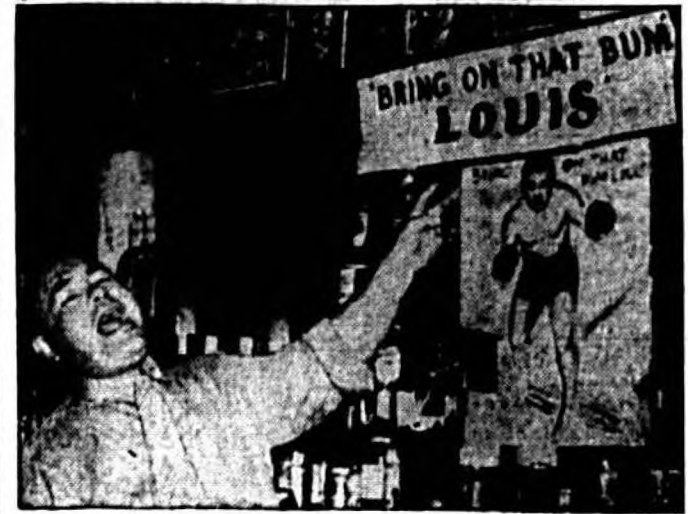

Cook Or Atwater To Go To Mound For Local Delegation

The Sanford Lookouts leave today for a two-day road trip which will take them to St. Augustine tonight for a return game with the Ancient City crew and tomorrow to Daytona Beach where they will meet the Islanders on City Island Park at 8:15 o'clock.

Manager Bill "Raw Meat" Rodgers announced last night that either Charlie Atwater or Cook will do the hurling tonight while the hurler not working tonight will pitch tomorrow.

The line-ups for St. Augustine are Schweigerath in right, Kirkland on third, July on second, Otero on first, Mobley catching, Balan in center, Retenski on short, Helm in left and Brewer will hurl.

For the Lookouts, Moore will be in center, Doljack in left, Davis on first, Pitman on third, Stith on second, Mayo Langston in right, Don Contreras or Johnny Adz catching, De Ramus on short and Cook or Atwater pitching.

City Commission Seeks Donation Of Plants For Park

List Of Kinds Needed For Beautification Project Is Given

City Clerk Frank S. Lamson today released a list of trees, hedge plants, shrubs and vines which will be required in the portion of Fort Mellon Park now being improved by WPA workers. Since no funds were provided in the \$30,000 project for the purchase of these items, the City Commission is depending largely on donations from the public spirited residents and clubs of the city in securing the necessary plants.

"The City Commission will appreciate contributions from the public and service clubs of as many of these trees, shrubs and vines as possible," Mr. Lamson said.

Peach Crop In Georgia Large, Hutchison Says

Improved Conditions Seen By Prominent Shipper Of Celery

J. C. Hutchison, prominent celery shipper, returned Tuesday after spending several weeks in Georgia handling peach shipments.

Commenting on Georgia's chief fruit crop for this season, Mr. Hutchison declared that there was a bumper crop of peaches this year and that although growers received no high prices for their commodity they were able to move a large volume without disastrous effects on the market.

Mr. Hutchison declared that conditions seemed to be on the upturn and characterized the satisfactory movement of the large crop as reflecting the improvement.

Growers at the beginning of the season were pessimistic, Mr. Hutchison reported, because of the heavy crop but they were able to ship all good peaches and generally received production costs. None of the crop was destroyed as was the case during Florida's celery season, he said.

Bear To Be Added To Zoo, Moughton Says

Lions Arrange To Provide "Talking Books" For Blind

American Foundation Makes Project Possible Free Of Cost

At their semi-monthly meeting last night the Lions Club decided to sponsor a campaign whereby blind persons will be able to secure free of charge through the club "a talking book" machine and records to use in it today.

Mr. Galloway explained that the club could secure the "talking book" machines, which are much like victrolas, free of charge from the Atlanta office of the American Foundation for the Blind. The records can also be secured free of charge, he added.

Pointing out that any blind person who wants to secure the use of one of these machines should get in touch with the Lions Club, Mr. Galloway said the records could be kept for a period of 30 days and then must be returned when new ones could be obtained.

M. H. Smith, superintendent of the County Home, was a guest of the club. The next meeting will be held at the Valdez Hotel July 22 under the new summer schedule of holding sessions twice monthly during the hot weather. The club will not return to its old schedule of holding meetings each week until September.

Throng Greet Airmen As Ship Lands At Floyd Bennett Field

Alex R. Johnson, vocational agriculture instructor at the Seminole High school, returned home last night after a trip along the eastern seaboard to the New England states.

Mr. Johnson reported that he had made the 3,000 mile trip which carried him into the White Mountains of New Hampshire and home again without mishap. In addition to visiting friends and relatives, Mr. Johnson reported he had visited many points of interest on his trip. While in Washington, he called on friends at the Federal Department of Vocational Education and also visited the wholesale vegetable market in that city and in New York City.

At the University of Maryland, Mr. Johnson reported that the CCC vocational training exhibit was the highlight of his visit. From the work of the boys in the Civilian Conservation Corps, who are approximately the same age as the members of his vocational agriculture classes, Mr. Johnson declared that he received many good pointers in vocational training, which will be inaugurated at the local high school next year. The work of the CCC youth in numerous vocational fields was very good, he reported.

At Beltsville, Md. Mr. Johnson visited the United States Research Farm where he said several thousand acres are devoted to experiments for the betterment of agriculture over the nation. This farm, he said, is the nation's center for experiments in poultry and animal husbandry. Pointing out that while there were no outward signs of a recession in Washington, Mr. Johnson declared that in the industrial centers in the New England states business was stagnated and that a feeling of pessimism was in the air.

Woodmen Of World To Attend District Meet

The weekly meeting of the Woodmen of the World for next Tuesday night has been dispensed with and all members who can, will attend the quarterly meeting of District Two to be held in Piereson, C. C. Collins announced today.

The decision to dispense with the regular meeting was reached at the meeting of the camp Tuesday night, Mr. Collins said. During the business session, presided over by Consul Commander James G. Sharon, a report was given on the meeting of the Florida Fraternal Congress held recently in Orlando and the Woodmen's Old Fashioned Square Dances held weekly in the Lake Mary Community House.

Mr. Collins invited the public to attend the next of the benefit dances to be held in Lake Mary Friday night. The W. O. W. string band will furnish the music.

SEADLUND ELECTROCUTED

CHICAGO, July 14.—(AP)—John Henry Seadlund paid with his life today for the crime of kidnaping. The 27-year-old lumberjack, confessed abductor of Charles S. Ross and confessed killer of James Atwood Gray, was electrocuted at 12:08 A. M. (1:08 A. M. E. S. T.) in Cook county jail.

FLOYD BENNETT FIELD

N. Y. July 14.—(AP)—Howard Hughes completed his round the world flight today to cut four full days from the record of the late Wiley Post. Hughes was sighted over the airport at 1:34 P. M. (EST) and landed two minutes later. Hughes' mileage for the trip was 14,824 miles against 15,500 for Post. Hughes' total elapsed time was 91 hours, 16 minutes or three days, 19 hours and 16 minutes, which cut four days off the record of the late Wiley Post who made it in 7 days, 18 hours, 19 minutes in 1931.

Hughes left Minneapolis, where a 33-minute stop was made for refueling, at 8:11 (CST) (9:11 (EST)). The Minneapolis halt was unexpected.

For 12 hours and one minute after leaving Fairbanks, Alaska at 8:35 (EST) last night the big ship, its radio silent for six and a half hours, had roared across Canada, apparently destined to clip full four days off Post's record.

Hughes and four companions left New York at 6:20 P. M. (EST) Sunday. The Minneapolis airport was the first American soil the fliers had touched, Alaska excepted, since leaving here last Sunday. Their elapsed flying time at time of the landing at Minneapolis was 66 hours, 49 minutes.

Throng jammed Floyd Bennett Field to welcome the fliers, officials said they believed it the biggest crowd ever to gather at the field.

British Efforts To Halt Conflict Again Stalemated

LONDON, July 14.—(AP)—The Chamberlain government yesterday disclosed new statements in its efforts to stop the rain of death bombs on civilians and British merchant ships.

At the same time the government asked \$11,505,000 more for its air rearmament program, and fought off a House of Commons attack on its alleged failure to encourage home agriculture production as a safety measure in event of the aerial blockade in wartime.

Declaring Britain was "not prepared to acquiesce in repetition of attacks of a certain character" on her shipping, Prime Minister Chamberlain informed Commons the government had rejected the suggestion of insurgent General Franco that America be made an "immune" port for British ships visiting government Spain.
