THE WEATHER
Fair north and central portion and cloudy extreme south portion through Wednesday. Possibly occasional light rain along the Keys. Continued cool.

McCarty And Odham Launch Lusty Attacks

Speer Challenges Local Candidate On Seminole Gambling In DeLand Exchange

A public meeting and rally of all Seminole County citizens interested in promoting Dan McCarty as Governor of Florida will be held Friday night at the City Hall, Mrs. Fred Hanna, executive manager, in McCarty headquarters, announced today, inviting all voters in Seminole County to attend the rally.

By The Associated Press
Dan McCarty and Bradley Odham toured Central Florida today in their drive to win the Democratic nomination for governor in the May 27 primary with both campaign managers what to say.

McCarty will tour from Dade City to DeLand, while Odham started the day in Mount Dora and will wind up in Orlando.

McCarty Monday accused Odham of being a Johnny-come-lately against crime and reminded audiences that he sponsored legislation in 1937 to outlaw slot machines in Florida.

Odham told listeners along the Upper East Coast that McCarty "couldn't speak without asking his campaign manager what to say."

He had an empty microphone stand on the platform beside him and said that represented McCarty's mike.

Odham exchanged a few hot words at DeLand with Geo. A. Speer, Jr., Seminole County prosecutor.

When the talk show moved from New Smyrna Beach to DeLand, Speer, wearing a rolled-up newspaper, appeared and demanded to ask Odham "some questions."

He was taken to the microphone and immediately charged Odham with conducting a "smear" campaign and asked him to repeat his statement putting the gambling responsibility on the Seminole County Board.

Odham did so and the fireworks were on, to continue for nearly 10 or 15 minutes, nearly half of which was lost to the audience when a sound truck went dead in the middle of the evening which touched on gambling in Seminole County for the Seminole Club Inc., alleged gambling house and scene of a murder in June, 1949; an obscene motion picture shown at a Sanford Junior Chamber of Commerce party; the arrest of Odham's brother Billy on charges of possession of an illegally killed deer in Ocala National Forest; a woman bolita peddler in Seminole County and the Broward County dog racing bills which have been a controversial subject throughout the campaign.

The exchange went so fast that both men were often talking at the same time, crowding out each other's replies and when they weren't the audience's cheers, laughter, jeers and applause made following it extremely difficult.

McCarty, however, didn't accomplish the sound truck (Continued on Page Two)

Ox Fibre Manager Honored

James A. Wright, manager of the local Ox Fibre Brush Company plant here, was among those receiving Service Pins for 25 years of continuous service at a banquet at the home office in Frederick, Md., recently. Mr. Wright began his Ox Fibre employment at the local plant in 1927, rose to plant superintendent in 1931 and was made manager in 1933. Mr. Wright is shown with F. W. Weitzel, Vice President, on the left, and A. R. McEwen, President, on the right.

Russell Launches His Campaign In South California

West Virginians Go To Polls To Name Party Delegates

MIAMI (AP)—A Russell-pledged candidate for Democratic National Convention delegate refused today to withdraw as requested by Edward Williams, DeLand, Russell's state campaign manager. In his letter of refusal Paul McCaskey, who wants to be the Democratic nominee, said he changed his pledge to Sen. Estes Kefauver.

By The Associated Press
Senator Richard B. Russell, another solid Southern Republican, quietly pushed his presidential intentions in Southern California today.

Seeking the Democratic nomination, the senator from Georgia opened his traveling case and spread these samples Monday.

"This is a year for frankness. The problem of survival in the face of Communism is the main issue."

"I would return the government to constitutional procedure. This is a government of laws, not a government of men."

"We must continue to rearm America and give our allies the foreign aid needed, but we must cut out all waste. I think I could balance the budget in fiscal 1954-55."

"I am not at all interested in the vice presidential nomination. I wouldn't accept it if it were offered to me."

The 54-year-old bachelor got a big laugh when he told a Town Hall audience:

"I used to think that the president was the most exalted political office of the earth. But my humility commenced shrinking after I started looking at the other candidates this year."

Russell had a chat with California Attorney General Edmund G. (Pat) Brown at a dinner at Paramount Studio Monday night. Russell said he hopes to pick up "quite a few votes" if the state's voters chose the independent state head by Brown over Sen. Estes Kefauver's delegates in the June 3 primary.

Kefauver is the only Democratic candidate entered in the California primary. Asked his opinion of the Tennessee senator, Russell said:

"He makes a magnificent plea for peace and is very bitterly opposed to crime."

Russell saw his Florida primary victory over Kefauver as a triumph for "middle of the road over left of the middle."

The Tallahassee fight for Republican presidential nomination delegates, lightened up a little by results in Rhode Island and Wyoming, swings today to West Virginia.

The weather was fair there and a half-million ballots were expected in a primary. Features, besides hot nomination races for governor and Congress, were:

1. Election of 16,000 Republican and 10,000 Democratic delegates to the Chicago National Convention (Continued on Page Six)

Armed Forces Day Parade Is Planned For Next Saturday

Indications are that the Armed Forces Day Parade in Sanford, Saturday, will be one of the largest ever held here, John Pierson, parade chairman, announced this morning.

He declared that he had received a good response from representatives of organizations throughout the County in agreement with the invitation to march or enter floats in the parade.

Representatives and committees of all organizations participating in the parade were scheduled to meet this afternoon at 4:05 o'clock at the Tourist Center with Mr. Pierson to make final plans for the program.

Stated for discussion was the military courtesy to be accorded the various groups in the line of march, including the Navy, veterans organizations, schools, Boy Scouts and civic groups.

It has been requested that all organizations participating put a float in the parade, said Mr. Pierson.

A stand will be placed on Magnolia Avenue and First Street where the parade will be reviewed, Capt. J. L. Chittenden, commander of the Sanford Naval Auxiliary Air Station, will speak on the significance of Armed Forces Day.

City Postpones Most Action On Stadium Report

Committee Proposes Old Grandstand At Ball Park Be Razed

Members of the recently appointed Baseball Stadium Committee met last night with the City Commission and made a number of recommendations regarding the use of both the old and new baseball parks on Mellonville Avenue.

In the absence of commissioners John Levy and Andrew Carraway, only one action was taken by the City Commission last night.

Five recommendations were made by the Committee, including the demolition of the old stadium.

The first was that no games be played in the old baseball park that would conflict with the new stadium. It was suggested that the playing field be maintained, and the fence and the left area be retained, it was stated.

In line with protests by abutting residents made at a recent meeting of the Commission, it was recommended that parking be prohibited in certain areas during games played in either park. These no parking areas would include Celery Avenue for two blocks west of Mellonville and east of that avenue to the City limits. Parking on Mellonville Avenue from Celery Avenue south to the railroad crossing during games also would come under the ban.

It was also suggested that the right to use either park be subject to revocation and denial to any group which unduly disturbs the peace and quietude of the neighborhood.

The City agreement with the Baseball Association as of Apr. 15, (Continued on Page Three)

Colson Fired As Head Of Koje Camp

Commander Is Criticized For Deal With Communists For Release Of Gen. Dodd

By JOHN RANDOLPH
SEATTLE (AP)—Brig. Gen. Charles F. Colson was removed today as commander of Koje Island—three days after he made a sharply criticized deal there with Red prisoners of war for the release of his predecessor.

The new shakeup in the Koje command came less than 12 hours after it became known the Joint Chiefs of Staff demanded immediate and full clarification of circumstances leading to:

- 1—Brig. Gen. Francis T. Dodd's capture by his Koje prisoners, and
- 2—Colson's promised concessions to Communist POW leaders which won Dodd's release Saturday night.

Gen. Mark Clark, who became Far Eastern commander Monday, was instructed to send his report to the Pentagon "by the fastest means possible."

Gen. James A. Van Fleet named Brig. Gen. Hayden L. Boatner, veteran front line infantry commander from New Orleans, to take over the turbulent 80,000 man prisoner camp.

Boatner, 39, general to hold the post within a week, arrived at Koje a few hours after his appointment. He speaks Chinese and is an expert on Chinese affairs.

Colson was reassigned to his former job as chief of staff of the First Corps in Korea.

Dodd, commander of the island when Red prisoners captured him Wednesday, was reassigned to U. S. Eighth Army Headquarters. His job was not announced.

On Koje, flame-throwing American tanks and combat infantrymen stood guard outside barbed wire compounds, over some of which captured Chinese and North Koreans flew the Red flag.

U. S. defense officials in Washington took exception to the wording of Colson's agreement with the Red POWs. The Defense Department issued a statement Monday night saying the wording gave several wrong impressions.

It singled out these phrases: "All prisoners of war have been killed and wounded by U. N. forces," prisoners will receive "human treatment in the future," and there will be no more corvée or other forms of rearming of prisoners of war."

The Reds had demanded these guarantees, and many others that (Continued on Page Six)

Government Insists "We Are At War" So Steel Seizure Okey

4 Persons Killed On Cleveland Bus By Crazy Youth

Negro Goes Berserk When Girl Objects To Burning Her Hair

CLEVELAND (AP)—An unemployed youth who said he "was just mad," grabbed a policeman's revolver "accidentally" while on an evening rush hour bus here Monday, killing four persons.

The youth, listed by police as Lawrence Goldsby, 20, killed the policeman, two women passengers who complained he molested them and a man passenger. Goldsby is a Negro. All the dead were white.

Police quoted the killer as saying he burned the hair of a woman passenger "accidentally" with the match while I was lighting a cigarette." That brought the patrol man aboard the bus and the shooting followed.

When the weapon clicked empty three men overpowered Goldsby and beat him savagely.

One of the three, Ted Connor, 21, gave this report:

"I saw Goldsby grab the cop's gun, whirl and shoot the girl whose hair had been singed."

"She collapsed. I dived back to another seat and heard five shots."

"I followed and grabbed Goldsby. I went up and held him around the neck and shugged him with my fist."

While the men pinned the slayer in the driver's seat and beat him, the 60 to 80 terrified bus passengers crouched behind seats, scrambled through windows or pushed toward the closed doors.

Dead were Joseph W. Stinet, 40, 35, exited from traffic light resting at the Euclid Avenue East 105th intersection.

Miss Annabelle Frankie, 24, whose 9-year-old son was killed, was hospitalized.

Mrs. Helen Garrison, 50, friend and factory worker of Miss Frankie.

William J. Powers, about 40, former Chicago lawyer, Washington lawyer, head of the Federal Constitutional Law Association, Detroit, who had an office here but lived in Grand Rapids, Mich.

Goldsby told detectives he was a native of Pine Bluff, Ark., and came here four weeks ago from New York City. Pressed for his motive in the killings, he said:

"I was just mad I was mad at that girl for saying I was burning her hair. I shot the other woman because she was going to call the cop I shot the cop because he was going to take me off the bus."

"I didn't mean to shoot that other man. That was just a stray bullet."

County Commission

John W. Davis, industrialist, and Philip M. Perlman, government "trespasser," were in the spotlight today in the Supreme Court in Washington.

Perlman, the only way President Truman could assure their coalition operation.

Solicitor General Philip M. Perlman, in taking the pre-act inter-arrangement situation to court, said the steel industry's very existence is "in great peril."

Scornfully, he contended that industry's claimed fears of "irreparable damage" from government operation of the mills are "a lot of fantastic hogboggins."

John W. Davis retorted for the steel companies: "Our property is taken away, our bargaining power is suppressed." He said that was real injury.

Perlman was winding up his plea for reversal of the decision by the U. S. District Judge David A. Pine that President Truman's seizure of the mills was illegal.

It was the second and final day of oral arguments before the high tribunal on the momentous question of presidential powers under the Constitution.

When the court may hand down a decision is highly uncertain. There is no time limit on how long the court may take.

The administration contends that Mr. Truman had not only the right but the duty to take over the mills, as he did A. R. R. to maintain steel production for the good of the nation.

When court reconvened at 11:05 a. m., Perlman had only 17 minutes left of the 2 1/2 hours allotted him for argument. But the justices let him run overtime so they could fit questions in him.

The court listened and asked questions for more than three hours Monday during which:

John W. Davis, speaking for the steel industry, argued that President Truman had no authority under the Constitution or any law to take over the steel mills. He called the seizure of the mills a "trespass."

Philip M. Perlman, solicitor general and acting attorney general, contended that the President under the Constitution, not only had the right but the duty to take over the mills to prevent a strike that would have paralyzed the country.

Perlman was asked a series of questions by the justices. He used up all but 17 minutes of the 2 1/2 hours allotted to him, but Davis had more than an hour left.

The arguments for the most part had a familiar ring. They had been made in the lower courts or in the many legal briefs (Continued on Page Six)

Professional Men Seek Tax Relief From Congress

Group Is Not Covered By Social Security And Unable To Save

WASHINGTON (AP)—Groups of physicians, lawyers, other professional men and self-employed persons asked Congress today to extend special tax advantages to help them save up for old age.

They told the House Ways and Means committee they are not covered by either the Social Security old age and survivors insurance system or by company pension plans. They asked to be allowed to put aside part of their earnings free, during their peak earning years as a buffer against old age.

A majority of the witnesses expressed their opposition to the bill introduced by Reps. Kough (D-N. Y.) and Reed (R-N. Y.), but some favored an alternate plan offered by Rep. Davis (D-Tenn.).

The Kough-Reed bill would allow them to deduct from taxes every year 10 per cent of their net income, or \$7,500, whichever is the lesser, provided the money is paid into a "restricted retirement fund" set up by an agricultural, labor, business, industrial or professional organization for the exclusive benefit of the participating members.

The money could be paid back to them after the age of 60 in a lump sum or, in annual installments, taxable at the rate of receipt.

The Davis bill would allow an annual exclusion of 15 per cent of net earned income, or \$10,000, whichever is smaller, provided the money is invested in special non-transferable government bonds bearing 2 per cent interest payable at redemption if the bonds have been held at least five years.

The bonds would be taxable when redeemed.

George Roberts, speaking on behalf of the American Bar Association, told the committee that Congress has encouraged the establishment of such plans.

(Continued on Page Six)

Official Returns Show McCarty Had 48.94% Of Vote

TALLAHASSEE (AP)—Complete official returns from last Tuesday's primary election today gave Dan McCarty a lead of 128,803 votes over Bradley Odham, his second primary opponent for the Democratic gubernatorial nomination.

The Fort Pierce candidate and citrus grower piled up the biggest vote ever given a candidate for governor in Florida but missed the majority necessary to win the nomination in the first primary by 15,643 votes. He got 48.94 per cent of the total. He needed one vote more than 50 per cent to be nominated.

The final figures, checked and tabulated by clerks in the secretary of state's office and ready for formal certification later in the day by the State Canvassing Board:

Also Adams 126,426; Bill Hendrix 11,800; McCarty 261,377; Odham, 235,685 and Dale E. Spencer 6,971.

In the contest for the Republican nomination for governor, Bart Acker got 9,728 votes; Dr. Elmore S. Hamilton 5,050 and Harry S. Swann 11,148. Acker and Swann are in the runoff for the party nomination.

The Richard B. Russell of Georgia won the Democratic presidential preference poll with 357,000 votes to 282,236 for Sen. Estes Kefauver of Tennessee. Charles E. (Continued on Page Two)

Lions Club Plans Ball League Picnic

The Lions Club voted today to stage their annual picnic for the boys in their junior baseball league Saturday afternoon at 1:30 p.m. at Blue Springs. The decision was made at the club's meeting in the Yacht Club.

The picnic had been slated for last Saturday, but had to be postponed at the last minute. Drs. Hamilton Fisher, Cecil Carlton, Dr. J. C. Hayes and Marcel Kalle volunteered to take the boys to the picnic.

King Lion Carlton told all managers to be sure and tell their players that they should meet at the Lakfront diamond at 1:30 p.m.

Al Skinner, chairman of the parade committee, assured the boys they would have a float ready for Saturday morning's Armed Forces Day parade.

DURNING HONORED

HQ., FEAMCOM, Japan—Brig. General John R. Durning, commanding general of the Far East Air Material Command, presented M/Sgt. James O. Durning, Longwood, Fla., with the Commendation Ribbon recently. Sgt. Durning received the ribbon for meritorious service as Non-Commissioned Officer-in-Charge of the Inspector General, FEAMCOM in the supply and maintenance center for the Far East Air Force. Sgt. Durning's wife, Nan, lives at Box 57.

BOUIE SENTENCED

Trial of criminal cases in Circuit Court has been completed. O. P. Herndon, clerk, announced this morning. The court will convene again on May 23 to sound the civil docket. Cases set for trial will be tried beginning June 5.

Yesterday, Judge M. B. Smith sentenced Eugene Bouie, 34 year old Sanford Negro to three years at Sanford after a jury returned a verdict of grand larceny in connection with a \$70.25 from a grocery last August.

EX-CONVICTS HELD

Two ex-convicts were arrested today by Chief of Police Roy O. Williams and Desk Sgt. W. A. Horn for the robbery of Mills Swap Shop, East Fourth Street and Sanford Avenue, last Sunday night.

The two Negroes, James "Moon" Pairs, 30 of Sanford, and Ed Lee, "Blues Boogie" Brown, 30 also of Sanford, were charged with breaking and entering and having possession of personal property. Five watches were recovered by police from the two ex-convicts.

"Blues" Pairs claimed that Walter Williams, Jr., 22 of Sanford, threw a padded brick through the window, so police are holding Williams on all investigation charges. Williams is being held on \$5,000 bail as a surety.

Plan Sponsored For Crippled Children

The Sanford Shrine Club is sponsoring a program to provide transportation for crippled or handicapped children in this county to and from the Forest Park School in Orlando where they will receive special care and attention. Andrew Stine, club president, announced today.

Efforts of the club have resulted in the securing of a jeep station wagon, for the transportation of the children. The club has agreed to assume the responsibility for the fuel and upkeep of the vehicle which was formerly used by the Hospital Association, he declared.

The Board has been requested to furnish a driver for the purpose. Meanwhile, Mrs. Harold Appleby has volunteered to drive the jeep during the summer months.

A committee of the Shrine Club met with Sup't. T. W. Lawton and the School Board last week to discuss the matter. Joe Corley is committee chairman and C. C. Welsh and Dr. H. W. Rucker are members.

Frederick Rossetter Elected To Sigma XI

Word has been received by Mr. and Mrs. A. K. Rosetter that their son, Frederick N. Rossetter, student at Princeton University, has been elected to associate membership in the Princeton Chapter of Sigma Xi Society.

Sigma XI is a national honor fraternity organized to encourage scientific research and to recognize scientific merit. Election to the Princeton Chapter is based on proven ability in research in one of the fields of science. The privileges and duties of membership begin upon initiation.

Milsted Elected New President Of Lake Mary C Of C

The Lake Mary Chamber of Commerce held its regular meeting in the Community Hall last Wednesday with Vice-President James Yates presiding. The treasurer reported a total balance on hand of \$221.38.

C. F. Brantington, chairman of the road committee, reported that the Phillips Road has been improved. Several roads on the improvement schedule set up a year ago have not been touched but right-of-way deeds have been promised.

Frank Evans, chairman of the Beautification Committee, reported that one of the two camellias at the Swimming Park entrance had died, but not for lack of water. Lloyd Leadman made recommendations as to where the completed "Lake Mary" signs should be placed.

Wallace Todd assured the group that reports of his desiring to close the southern portion of Palmetto Avenue were untrue and extended a cordial invitation to everyone to use the beach which lies at the foot of this street.

Clarence Milsted, Scout Master, reported that a present the scout (Continued on Page Two)

Blues Win 15th Out Of Last 17 By Nipping Orlando, 4-3

Imbra Hits In 16th Consecutive Game; Cheryge Fashions Two-Hit Triumph

By KENT CHETLAIN
 Keta... was sweet last night for the Seminole Blues as they edged the Orlando Senators on Thacker Field, 4-3, behind the two-hit pitching of Paul Cheryge, a newcomer, before 451 chilled fans. After losing a disputed game Sunday with Orlando, which ended a six-game winning streak, the Blues bounced back last night to chalk up win number 16 in the last 17 games played.

Cheryge, a large raw-bone right hander, gave up 10 walks but was helped out of several jams by two Seminole double plays and an amazing fielding of second baseman John Imbra. Former Daytona Beach and Palatka star, Imbra recently purchased by the Blues, Elmer Sherba, walked to open third and went to second when Orlando batter Wayne "Big" Sewell threw to first with Levy playing in. The ball sailed to the bleacher field permitting Sherba to get to second.

George Kenis dumped a looping double on the left field line to score Sherba. The Senators came back in their half of the frame when Dave Drapp led off with a double to the right centerfield wall, which would have been a triple had it not been for a beautiful throw by Kenis.

Cuban transient, shortstop, Danny Doy, singled to right to bring Drapp around. Ray Thomas reached first when Cheryge's throw to second of Thomas' bunt was not in time to nail Doy. Levy walked to load the bases. Doy and Thomas came home on successive flies by Don Ford and Bill Shore.

This made the score 3-1 in favor of Orlando. The margin lasted only until the fifth when Bill Campo, the disputed double victim of last Sunday's game, poled out a tremendous double to the base of the left field barrier and went to third on Kenis' single. Parise drew a base on balls and the "old pro" Aleno smashed a single to the hole between short and third to push Campo and Kenis across. Aleno and Parise went to second and third, respectively, when Vince Zinner muffed the pick up in left. This was the turning point in the contest as Fred Cavallaro hit a towering fly to left after which Parise charged from third for what proved to be his winning run.

Tonight the second place Seminoles will open the first of a two-game series in DeLand with the first place Red Hots. Tomorrow night the Hots will come to Sanford to continue the series. The Hots hold a 3-1 margin in game won from the Blues thus far this season.

George Smith will probably go for the Blues tonight with Jesus "Chico" Cortales getting the assignment tomorrow evening. With the Seminoles only one and one half games behind Sanford could vault into first place in a clean sweep of the two-game set. The Blues would leave Sanford with 11 games in go. A double loss would reduce the Blues to three and one half games off the pace.

Press Box Pattern: The Brooklyn lyn is nursing a severe charley horse he suffered in Sunday's Orlando game here. George Kenis has been playing with a broken rib which he received in the Daytona Beach game last Friday night. Tonight is the dead line for trimming team rosters to either 16 or 15 players. A club can have five rookies and carry 16 players, however, if they choose to keep only four rookies, they must keep only 15. The Blues have 15 players and will have to drop either three or two.

Dr. Tanner Wins Jaycee Fishing Prize
 PALATKA (Special)—Six bass were reeled in the Jaycee sponsored Putnam County Fishing Contest this week with the weekly prize going to Dr. J. L. Tanner, Henderson, Ky. with an even 11 pounder taken on a shiner from the St. Johns River while fishing out of Sportman's Lodge in Weeka.

Thomas P. Minchew, Jacksonville, took the second place largest bass of the week with a 10 pounder. He panned his way to the monster in Lake Crescent while fishing out of Belcher's Camp at Satsuma. This bass put fisherman Minchew in second place with Frank Linder, Crescent City for the artificial lure division of the contest which ends July 4.

Ralph E. Snyder, Jacksonville, worked a Mack's Frog on a fly rod for a 7 pound, 2 ounce bass to take over the lead in the light tackle division. John Kimsey, Jacksonville, who has held the lead in this division with a 6 pound, 12 ounce bass, dropped to second place. Snyder captured his bass from the St. Johns River while fishing out of the St. Johns Fishing Lodge at Huntington.

Kenneth Vaughn, Decatur, Ill., took a 7 pound, 14 ounce bass on a shiner from the St. Johns River at Huber's Sports Fishing Camp at Huntington and H. E. Pickett, Georgetown, was close behind with a 7 pound, 12 ounce, also taken on a shiner.

The final entry was a 6 pounder.

WATERWAY TRAFFIC
 JACKSONVILLE — The State Road Department should replace fixed bridges with draw bridges over the Inland Waterway at Panama City, Carabelle and Panama to allow more waterway traffic, the Florida State Ports Association said Monday. The group voted against letting the Interstate Commerce Commission fix user charges on waterways constructed or improved by the federal government and against ICC control of federal expenditures on navigation projects as proposed in two U. S. Senate bills.

WINTERS' PARK — Frank Hubert, Collins, and Chick McComb, Patrick Air Force Base, both pitched 5-hitters Monday but eight Patrick AFB errors helped Rollins to a 6-0 baseball victory over Patrick.

WATERWAY TRAFFIC — The State Road Department should replace fixed bridges with draw bridges over the Inland Waterway at Panama City, Carabelle and Panama to allow more waterway traffic, the Florida State Ports Association said Monday. The group voted against letting the Interstate Commerce Commission fix user charges on waterways constructed or improved by the federal government and against ICC control of federal expenditures on navigation projects as proposed in two U. S. Senate bills.

Del Monte Wins Fourth Tilt For Ft. Lauderdale

By GENE FLOWDEN
 Associated Press Staff Writer
 Gaspel del Monte, who has been second the Florida International League for several seasons, apparently improves with age and is having one of his best years with the tall-end Fort Lauderdale Braves.

Del Monte won his fourth game Monday night by beating Lakeland 7-4. It was only the fifth time the Braves have won in 24 attempts.

Miami again humbled Havana, 3-0, while Miami Beach beat St. Petersburg in 11 innings, 7-5, to give the Flamingos a game and a half edge on Havana. West Palm Beach stomped the West Coasters two games off the pace.

The Braves, scoreless in their last three games, smashed through with seven in the seventh frame in three walks, two singles, a double and Karl Kolosno's home run with the bases full.

Labe Dean spaced six hits to hand the Cubans their fourth loss in five games while Miami used a walk, a stolen base, an intentional pass, two singles and Rocky Rottell's triple to tally three in the seventh. It was Miami's fifth straight victory and left the Sun Sox three games from the top.

George Kenis dumped a looping double on the left field line to score Sherba. The Senators came back in their half of the frame when Dave Drapp led off with a double to the right centerfield wall, which would have been a triple had it not been for a beautiful throw by Kenis.

Georgia-Auburn Vie For East SEC Title
 ATHENS, Ga. — Auburn meets Georgia today and Wednesday, and the Eastern Division race is on for Southeastern Conference Eastern Division baseball honors is at stake.

Auburn needs two victories to match Tennessee's 11-7 SEC record, and remain in the running for a final berth against Florida, the Western Division champion.

Florida is all set to play the Eastern section winner at Gainesville, Thursday, Friday and Saturday.

Commissioner Bernie Moore said at Birmingham that if Auburn does tie the Eastern Division race, he knows he will consult with Tennessee and Auburn officials about what to do next.

There's no provision now for a division playoff.

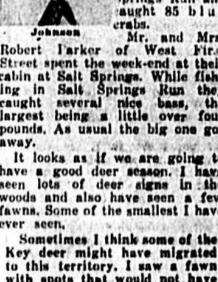

Florida won the Western rivalry without meeting a single team from its own division. School standings are based on showings in all SEC games.

taken on a shiner by Mrs. Mary L. Fry, Palatka. This bass was caught in the St. Johns River and weighed in at the Taylor Hardware Company, Palatka.

Sportsmen

By ROBERT Z. JOHNSON
 The election is over until May 27, so let's all go fishing and hope that the best man has won or will win on the 27th.

I do not know of a better place to spend a day's outing than on the Wekiva River this time of the year. Mr. and Mrs. B. G. Metzger of West First Street spent the weekend at their camp on Lake Terr near Salt Springs Run and caught 85 blue crabs.

Mr. and Mrs. Robert Parker of West First Street spent the week-end at their cabin at Salt Springs. While fishing in Salt Springs Run they caught several nice bass, the largest being a little over four pounds. As usual the big one got away.

It looks as if we are going to have a good deer season. I have seen lots of deer signs in the woods and also have seen a few fawns. Some of the smallest I have ever seen.

Sometimes I think some of the key deer might have migrated to this territory. I saw a fawn with spots that would not have weighed 5 pounds. I saw two that had no spots that looked like they are grown. From appearance these deer would not weigh 30 lbs. and looked just like pictures of Key Deer.

Seminole County Sportsmen have been donating freely to the Wildlife Federation Seining Fund to be used for expenses of the inspection against seining in the lakes in Lake county.

Over 60 Golfers Qualify For PGA Louisiana Meet
 NEW ORLEANS — Subpar golf, usually common in professional golf tournaments, was a rarity as more than 60 players qualified for the PGA Championship starting in Louisiana June 18.

Qualifying tests were held in some 20 cities Monday and par was broken only nine times—five times at Fort Worth's Glen Garden course and four times at Los Angeles' Wilshire Country Club.

When the 30 qualifying tournaments are completed May 19, 194 golfers will have earned the right to match strokes with some 43 expert players, including most of golf's sharpshooters.

Ellsworth Vines, the extenuis champion now a golf pro at the Wilshire Club, turned in the lowest score for the 36-hole tests when he carded a 7 under par 135. He stroked the first 18 in 69 and went around in the afternoon in 66.

Vines was not required to qualify since he was a semifinalist last year but golf officials said he elected to play so he would not have to pay his own way to Louisiana.

The 135 gave him medalist honors over a pair of red-hot Texans. Iverson Martin, from Fort Worth, and J. T. Hammett, Snyder, whipped Glen Garden with 5-under par, 137s.

Veteran Toney Penna, Cincinnati, matched par with a 142 at Cincinnati. Chick Harbert and Max Evans did the same at Detroit, where PGA President Horton Smith qualified with a 145.

The New York list included such qualifiers as Clarence Doser (146), Mike Turnesa (149), Otto Greiner (148) and Claude Harmon (149).

Top Teams Are Where They Are Because They Win Close Games

By JOE REICHLER
 Associated Press Staff Writer
 Know what's keeping Cleveland, Washington, Brooklyn and the New York Giants at or around the top in the major league standings? Ability to win the close ones.

There's an old baseball adage that the team capturing the most one-run decisions usually wins the flag. One of the reasons the Giants edged the Dodgers for the National League pennant last year was because they had a 34-21 record in one-run decisions to Brooklyn's 31-23 mark.

A check of this year's figures show that the Dodgers and Senators own the best record in close contests. Each club is runnerup in its league. The league-leading Giants and Indians are second in the one-run department.

Appropriately enough, Pittsburgh's cellar-dwelling Pirates in the National have dropped all four of their one-run decisions. The sixth-place White Sox, with a 3-6 record, own the poorest mark in the American.

Here's how the teams have fared in one-run games:

National League	W	L
Brooklyn	6	1
New York	3	3
St. Louis	6	3
Chicago	5	3
Cincinnati	3	3
Boston	1	7
Philadelphia	0	4
Pittsburgh	0	4

American League	W	L
Washington	6	1
Cleveland	6	4
Philadelphia	3	2
St. Louis	4	4
Detroit	3	4
Boston	2	3
New York	3	6
Chicago	3	6

There was only one game scheduled Monday — Philadelphia at Brooklyn at night — but that was postponed because of cold and wet grounds.

The next two weeks will tell whether Washington in the American and Cincinnati in the National, the three current surprise clubs, are really improved over last year or are mere morning glories.

All three will be on the road.

Price-Wise Buyers Are Switching To PACKARD

1952 PACKARD
"200" 4-DOOR SEDAN
delivered in SANFORD

\$2,702

†Plus state and local taxes, if any. Optional equipment and white sidewall tires extra. Prices may vary slightly in nearby communities due to shipping charges.

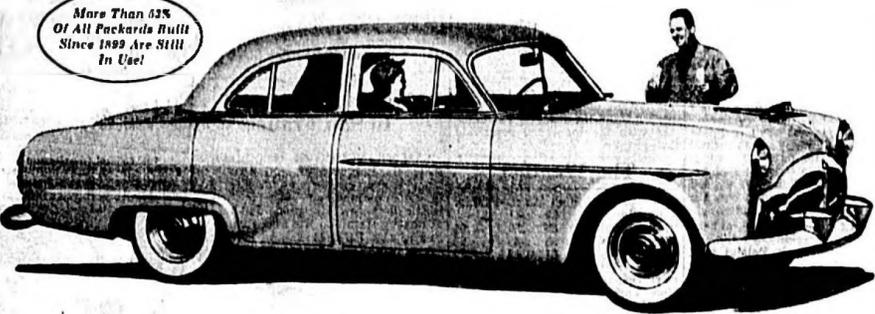

For Big-Car Value At Medium-Car Cost!

PACKARD DEALERS are enjoying great business, for price-wise buyers are discovering that the new '52 Packard offers true BIG-car comfort, performance and safety at medium-car cost and economy!

• • • Come in—inspect the smartest-looking cars in Packard's 53-year history. Extra-wide doors make the roomy interiors easy to enter. Seats are as wide as the car is big. The 3,046 square inches of safety glass give you a clear view in all directions.

• • • Packard's Thunderbolt Engine is the world's highest-compression eight—teamed with Ultramatic, the automatic drive that exceeds all others in super-smooth performance. Easamatic Power Brakes assure quicker stops with 40% less foot pressure!

• • • Before you buy any car costing \$2500 or more, see and drive Packard for '52. It costs less to buy than you'd think, and the record proves it costs less to own. "Built like a Packard" means built to last!

ENGINEERED TO OUTPERFORM — BUILT TO OUTLAST THEM ALL!

*Optional equipment at extra cost.
** Only Packard has Ultramatic, the automatic drive that exceeds all others in smooth performance and dependability.
*** New Easamatic Power Brakes give faster, easier stops—require 40% less foot pressure, 25% less time to apply!

** Packard builds great engines! Packard's Thunderbolt Engine, world's highest-compression eight, has up to 25% fewer working parts than engines of comparable power!
*** Every Packard car undergoes 4,287 separate factory inspections. "Built like a Packard" means built to last!

ONLY PACKARD BRINGS YOU NEW EASAMATIC POWER BRAKES FOR QUICKER, EASIER STOPS!

Miami Is Reported Free Of Gambling By Its Grand Jury

MIAMI (AP) — For the first time in history, there was no open, on the table gambling in Dade County last season, a grand jury reported today.

The grand jury report was made orally to Circuit Judge Vincent C. Quinn late Monday and was presented as a final report today.

It made a second "interim report" taking Criminal Court Judge Ben C. Willard to task for "improper, unjustified remarks" concerning a previous grand jury, and a third confidential report for the next grand jury.

Referring to gambling, the report said: "A policy of prevention was adopted as to organized gambling. We had the complete co-operation of the police and the sheriff's office in conjunction with our own investigators. This was effective in that for the first time in the history of Dade County, there was no open on the table gambling this season."

The grand jury said the five Miami city commissioners were the "one exception" of co-operation by refusing a willingness to state their financial worth when all public officials were called and asked if they would submit financial statements if requested.

It recommended two simultaneous grand juries in continuous session, merger of the state attorney and county solicitor offices, revision of Miami city civil service regulations and development and support of the new County Criminal Bureau of Investigation.

Blues In The News

Blues in the news... The unexpected wintry winds which invaded Central Florida Monday, caught the sailors at NAAS in a state of unpreparedness. Immediately upon awakening, one could hear the slamming of windows, accompanied by several choice exclamations from chattering teeth. The element of surprise held away in the fact that things like this just don't happen in Florida. Most of the boys, when first seeing the light of day, surmised they had been "blowshanked" to the North Pole.

A hearty welcome aboard goes to Bostwain Mate Second Class Arthur I. Cox, and Store Keeper Second Class Charles W. Graves, Cox comes to the NAAS from the USS Unadilla, and Graves hails from the Commissary Store of NAS Pearl Harbor.

Donald H. Moore, AK3, of the Station Supply Department is the Short Timer of the week, being one of the many Naval Reservists aboard this station that were recalled to active duty during the Korean crisis. Moore is scheduled to be released to inactive duty on May 17.

Leo Kelly, of the FARRON's First Lieutenant Department, turned in his best performance of the season, by pitching the FARRON Soft Ball Team to a 10-0 win over the Lewis Recreators last night in the City of Orlando Recreation League. The Recreators were held at bay all through the game, until a seventh inning Texas League spoiled his hopes of hitting a no-hitter game. This win clinched the first round of the league for the Navy, as they calmly collected their sixth consecutive win of the season.

Donny Weeks, AM3, of the FARRON Meta Shop, returned today from six weeks at the Welding School at NAS Jacksonville. Recently attaining the rate of Aviation Metalsmith third class, Weeks has been lecturing his metal education with the aid of this school. Welcome back to the outfit Don, and perhaps you can pass on some of your new found knowledge to the strikers of the metal shop.

A fishing excursion was had Monday by the FARRON Operations Department, and the funny stories have been coming in at a staggering rate. Lt. Comdr. Dehmon boasts of being the greatest angler of the "Isle of Waltons" with a record catch. Among the fish conquerors were Roy Avis, Bob Risore, Jack Tietze and a troop of snags. The trip proved to be eventful with a catch of nine trout and six or seven other miscellaneous creatures.

The Station Library is attempting to set up a record collection to add to its many facilities. Thus far in its infancy, the project is none the less a goal one and should provide much entertainment for the boys in blue. The librarians are at present seeking a proprietor with the intent to purchase a suitable phonograph and a large selection of classical and semi-classical discs.

Professional Men

Establishment of corporate pension plans by allowing preferential tax treatment for the corporations' contributions. He said extension of similar treatment to self-employed groups would remove "discrimination and inequality."

Other groups endorsing the freed-Keogh bill include the American Dental Association, American Farm Bureau Federation, American Medical Association, American Society of Civil Engineers and the Authors League of America.

ELKS CONVENTION

ST. PETERSBURG, (PNS) Formal opening of the 46th annual convention of the Florida State Elks Association will occur here in Williams Park the evening of Saturday May 24 when a big public meeting is held with Dave Shultz, former Florida governor and past grand elected ruler of the BPOE, as principal speaker.

The meeting in the beautiful downtown city park will be preceded by a parade over Central Avenue. Convention Chairman Victor W. Kuhl announced.

Registrations for the convention begin Friday noon, May 23, at Hotel Soroco, convention headquarters, and will continue through Saturday and Sunday. It is expected that more than 2,000 Elks and their wives will attend.

TRUMAN ELECTED?

GAINESVILLE (AP) — If Republican leaders sought to impeach President Truman for his seizure of steel mills, Mr. Truman would be forced into running for another term — "and he'll be elected," William Hillman, author of the book "Mr. President," said in a University of Florida lecture Monday.

There is no evidence that a queen bee has any authority over a hive, but she may be the mother of millions of bees.

Koje Prison Camp

Colton did not promise. The Pentagon pointed out that prisoners were killed only in "incidents at PW camps brought on by the rioting of the prisoners."

Ninety POW and one American soldier were killed in two mass riots on Koje in February and March.

The Defense Department said prisoners of the United Nations always have been "treated in accordance with the humanitarian principles of the Geneva Convention and the accepted practices of civilized nations."

Further, the statement said, no prisoners of war have been reprimanded, and "there has never been any forcible screening." It said Colson probably was referring to Communist attempts "to prevent other prisoners from expressing their free will." One high Washington defense official said "a screening was halted two weeks ago."

The U. N. Command said the screening disclosed that only 70,000 of 170,000 prisoners of war and interned civilians wanted to go to the Communist side when a truce is signed. This deadlocked truce negotiations.

The 70,000 confirmed Communists are on Koje.

Reporters arriving on Koje Monday reported the prisoners were in command of their own compounds. U. N. guards stay outside.

Blues In The News

Blues in the news... The unexpected wintry winds which invaded Central Florida Monday, caught the sailors at NAAS in a state of unpreparedness. Immediately upon awakening, one could hear the slamming of windows, accompanied by several choice exclamations from chattering teeth. The element of surprise held away in the fact that things like this just don't happen in Florida. Most of the boys, when first seeing the light of day, surmised they had been "blowshanked" to the North Pole.

A hearty welcome aboard goes to Bostwain Mate Second Class Arthur I. Cox, and Store Keeper Second Class Charles W. Graves, Cox comes to the NAAS from the USS Unadilla, and Graves hails from the Commissary Store of NAS Pearl Harbor.

Donald H. Moore, AK3, of the Station Supply Department is the Short Timer of the week, being one of the many Naval Reservists aboard this station that were recalled to active duty during the Korean crisis. Moore is scheduled to be released to inactive duty on May 17.

Leo Kelly, of the FARRON's First Lieutenant Department, turned in his best performance of the season, by pitching the FARRON Soft Ball Team to a 10-0 win over the Lewis Recreators last night in the City of Orlando Recreation League. The Recreators were held at bay all through the game, until a seventh inning Texas League spoiled his hopes of hitting a no-hitter game. This win clinched the first round of the league for the Navy, as they calmly collected their sixth consecutive win of the season.

Donny Weeks, AM3, of the FARRON Meta Shop, returned today from six weeks at the Welding School at NAS Jacksonville. Recently attaining the rate of Aviation Metalsmith third class, Weeks has been lecturing his metal education with the aid of this school. Welcome back to the outfit Don, and perhaps you can pass on some of your new found knowledge to the strikers of the metal shop.

A fishing excursion was had Monday by the FARRON Operations Department, and the funny stories have been coming in at a staggering rate. Lt. Comdr. Dehmon boasts of being the greatest angler of the "Isle of Waltons" with a record catch. Among the fish conquerors were Roy Avis, Bob Risore, Jack Tietze and a troop of snags. The trip proved to be eventful with a catch of nine trout and six or seven other miscellaneous creatures.

The Station Library is attempting to set up a record collection to add to its many facilities. Thus far in its infancy, the project is none the less a goal one and should provide much entertainment for the boys in blue. The librarians are at present seeking a proprietor with the intent to purchase a suitable phonograph and a large selection of classical and semi-classical discs.

Russell Delegates

VENTNERS in July. A GOP popularity contest between Sen. Robert Taft of Ohio and former Gov. Harold Stassen of Minnesota, spiced by a movement for write-in votes—which can't count legally—for Gen. Dwight D. Eisenhower.

Taft backers, with the solid support of the state organization, were confident of capturing all 16 electoral votes they would consider it a victory to elect even one Eisenhower delegate.

In the preferential poll, Taft looked like a shoo-in over Stassen. Eisenhower people are asking voters to write "like" across the names of Stassen and Taft even though such write-ins won't be counted. Their avowed purpose: To cut down the Taft popularity vote.

There was no Democratic preference vote. Candidates for the 20 vote delegation, except for one supporter of Sen. Estes Kefauver of Tennessee, kept silent as to which nominee-candidate they favored.

Officially delegations of both parties will be unimpaired. Conventions in Wyoming and Rhode Island Monday revised the Associated Press tabulation of GOP delegate strength to read: Taft 349, Eisenhower 300. Until then it had been: Taft 343, Eisenhower 290.

Daytonan Confesses Filling Station Theft

CHARLOTTE, N. C. (AP) — A young man who identified himself as Robert Andrew Riley, Daytona Beach, Fla., told Charlotte police from his hospital bed today he robbed a service station here of \$28 Sunday and planned another robbery today.

Riley was wounded this morning while fleeing from Merchant Patrolman Raymond Wilson who apprehended him near a service station.

Wilson said Riley had in his possession a white towel in which two holes were cut in see-through and a pair of coveralls. The patrolman said he found a revolver in the pocket of the dungarees. Wilson drew his own pistol, he said, when Riley made a break and in the scuffle that followed Riley was shot in the back. Memorial Hospital reported his condition serious.

Lt. Coy Sikes said Riley told him he used the mask and dungarees Sunday when he held up the owner of a station at gun point. He was charged with highway robbery.

Steel Issue

(Continued From Page One)

PHILADELPHIA (AP) — Phillip Murray said today America's steel industry has violated "all of the rules of common decency" in refusing to sit down and write a new wage contract with the CIO-United Steelworkers Union "and we will not let them get away with it."

Murray shouted the statement in his opening address to the union's sixth biennial convention. The 3,000 delegates representing 1,100,000 members stood up and cheered as he spoke.

Murray, president of the Steelworkers and the CIO, did not say flatly that the union would go out on strike again but the possibility of such action was implied in his words.

He said that since the union began wage contract negotiations last November—"a long, long time ago"—the industry consistently has refused to bargain.

Solution Looms In 12 Year Old Shaying

CRESTVIEW (AP) — Police Chief Neal Cobb today reported a surprise development that may lead to a solution of the mystery slaying 12 years ago of former Police Chief Lester Wilson.

The sheriff's office at Weldon, N. C., phoned Cobb that a former Crestview resident had surrendered there, saying he participated in the killing.

Wilson, a candidate for Okaloosa County sheriff at the time, was killed by a shotgun blast while he sat in his living room listening to the radio.

Cobb said the man who surrendered at Weldon gave his name as Ed Rutledge and had told the North Carolina officers his conscience had been troubling him.

Rutledge, a laborer, gave the North Carolina officers the names of four other men he said did the actual killing, Cobb reported.

Okaloosa County Sheriff J. A. McArthur said Rutledge was being charged with being an accessory to murder and was being returned here.

Wilson, who was about 50 at the time of his death, was a brother of former Constable Fox Wilson, who currently is in a race for his bid to regain the constable's office.

Donny Weeks, AM3, of the FARRON Meta Shop, returned today from six weeks at the Welding School at NAS Jacksonville. Recently attaining the rate of Aviation Metalsmith third class, Weeks has been lecturing his metal education with the aid of this school. Welcome back to the outfit Don, and perhaps you can pass on some of your new found knowledge to the strikers of the metal shop.

A fishing excursion was had Monday by the FARRON Operations Department, and the funny stories have been coming in at a staggering rate. Lt. Comdr. Dehmon boasts of being the greatest angler of the "Isle of Waltons" with a record catch. Among the fish conquerors were Roy Avis, Bob Risore, Jack Tietze and a troop of snags. The trip proved to be eventful with a catch of nine trout and six or seven other miscellaneous creatures.

The Station Library is attempting to set up a record collection to add to its many facilities. Thus far in its infancy, the project is none the less a goal one and should provide much entertainment for the boys in blue. The librarians are at present seeking a proprietor with the intent to purchase a suitable phonograph and a large selection of classical and semi-classical discs.

Odham Insists McCarty Lied About Link-Up

Denies Venn Worked For Big Racketeer; Odham Is Again Hit On Sales Tax Vote

By MALCOLM B. JOHNSON
FORT PIERCE — Belley Odham told Dan McCarty's neighbors today that the Fort Pierce candidate for governor "deliberately lied" when he sought to link the man who handles Odham's radio campaign with a reputed gambling figure.

Odham said "Venn never worked for McCarty. He worked for the corporation" which owned WMFE. He said the corporation was headed by Mitchell Wolfson and Sidney Meyer, Miami, who now own television stations WTVT and other stock holders were C. Gordon Anderson, Miami department store owner, and Frank N. Holley, dime store owner.

He called them "the mob" and added that they were supporters of McCarty. Odham also explained that "Venn is not an employee of mine. He's an employee of a Miami advertising agency which is handling the Odham radio campaign."

He also said Matty Mathews who is handling publicity for McCarty in the Miami area was an employee of WMFE under Venn's management.

The Sanford candidate said McCarty's Dade County manager, Edward Boardman, had organized a month ago for reports of Venn's association with McCarty and said he had assured McCarty there was no connection between the two.

By CHRIS MCDONALD
PALATKA — Dan McCarty told North Florida voters today if Belley Odham is elected governor and keeps all his campaign promises, it will mean repealing or amending half the laws on the state's books.

Touring through the northeastern section of the state in ideal campaigning weather, the former speaker of the Florida House declared his opponent "served two seasons in the Legislature but the record shows that he never passed a single state-wide bill."

"Now he promises so many things that he would have to repeal or change about half the laws in Florida. Only the Legislature can do that," he said.

Odham Campaign Manager's Wife Is Killed In Accident

LAKELAND — Mrs. James F. Etheridge Jr., wife of Orlando Odham's campaign manager, was killed early today in a traffic collision while returning from Odham's radio talkshow in Orlando.

State Highway Patrolman B. E. McCarty said Mrs. Etheridge's car met another automobile head-on 1 1/2 miles west of Lakeland on Highway 92.

Etheridge was in an Orlando hotel when informed of the accident. He left immediately for Lakeland. It was expected the body would be taken to Tampa, their home, for burial.

Mrs. Russell King, also of Tampa traveling with Mrs. Etheridge, suffered internal injuries and was sent to a hospital.

Mrs. Hobern H. Churchfield, Lakeland, in the other machine, changed broken leg and head injuries.

Surviving Mrs. Etheridge is a son and daughter.

Mrs. Etheridge, 41, was a native of Macon, Ga., and was a graduate of the Oglethorpe School of Nursing there.

Survivors include her husband, son, James Jr., 15, a daughter, Cooper, 4, and two sisters, Mrs. Adele Couch, Macon, and Mrs. Fred Ryle, New York.

The highway patrolman said each car was traveling about 50 miles an hour when they crashed head-on.

Give Details Of Dodd Kidnap Release Deal

Details concerning the kidnaping and subsequent release of Kaje Island Prison Camp Commander Brig. Gen. Francis T. Dodd are revealed to newsmen by three military men who figured prominently in the dramatic events. At left is Lt. Col. William H. Raven, of Newton, Tex., who barely escaped abduction by the Communist POWs. In center is Brig. Gen. Charles S. Colson, now camp commander, who made the deal resulting in the release of Gen. Dodd and, at right, Col. William H. Craig, of Oklahoma City, who took over the command until Colson arrived. Gen. Mark Clark, new Supreme Commander indicated that concessions made to the freed prisoners will be repaid later because they were made "under duress." (International Radiophoto)

Armed Forces Day Parade Will Be Held At 10:00 A. M. Saturday

The Armed Forces Day parade Saturday morning will have four sections and will start at 10:00 o'clock promptly, it was decided yesterday afternoon at a meeting of committee chairman at the Navy Center, where plans for the event were discussed.

John Pierson, president, and assisting him were Capt. J. L. Chittenden of the Naval Air Station and Forrest Breckenridge, Chairman of Commerce manager. The three were scheduled to meet at 10:00 o'clock this morning to make final plans for the parade formation.

Mayor W. H. Kemper who was present, proclaimed Saturday as Armed Forces Day in Sanford, a day of public celebration and rejoicing, which shall be marked by this display of flags and bunting, and by other evidence of the city's appreciation of the significance of the day.

"I do further urge," he said, "that all citizens, as far as possible, witness the parade this day, and other events of the day and the preceding week, and in all ways pay tribute to the men and women who with skill, gallantry and uncompromising devotion to duty, have followed out flag in peace and war."

The route of the parade, it was announced, will be from Sanford Avenue and First Street, south to Sanford Avenue to Fourth Street, west to Palmbluff Avenue, north to First Street, west to Park Avenue, passing the reviewing stand at Magnolia Avenue, and north on Park to Seminole Boulevard.

The group that met yesterday at the Navy Center included representatives of veterans and civic groups, the Navy, National Guard, schools, boys and girl scouts and other organizations.

Four bands will march in the parade: Seminole High School, Junior High School, Crocus Academy and Negro Legion Drum and Bugle Corps. It was announced by Mr. Pierson.

Sheriff P. A. Mero will serve as marshal for the parade which will be headed by a police escort and which will be followed by civilian and military leaders, active Navy personnel, the Civil Air Patrol, Civilian Defense and Coast Guard.

The next section will include veterans' organizations, white and colored auxiliaries. In the third section will be civic clubs, industrial and merchants' organizations.

The fourth group will include school pupils, boy and girl scout groups, the Dusty Boots Association and the Fire Department.

Forrest Breckenridge, manager of the Chamber of Commerce, presented a communication proposing the additional designation of Highway 17-92 as U. S. Highway 301, which is now a through highway from the northeastern United States to the Florida line.

Inclusion of Highway 17-92 as part of 301 would extend the latter through Sanford to Lake George around the Lake to Belle Glade and Okechobee thence to Miami. A motion to this effect was adopted.

HOUSING CREDIT
WASHINGTON — Housing Administrator Raymond Foley said today it is "quite possible" credit controls may be relaxed on new houses costing above \$12,000.

Foley told the National Savings and Loan League, at its annual meeting here, that housing officials do not believe that Regulation X, which prevents real estate credit, should be revoked entirely.

That regulation, which went into effect in October, 1950, prescribes how much down payment must be made on a new house. It also prescribes the date of the order.

For houses in the \$25,000 bracket or above, it means a down payment of 30 per cent.

Russell Men To Be Shown On Ballots

All 24 Russell Delegates To Be Clearly Identified As 'Russell Candidates'

TALLAHASSEE — The slate of 24 Russell-pledged candidates for election as delegates to the Democratic National Convention, personally endorsed by Presidential Aspirant Richard M. Russell, will be identified clearly on the May 27 ballot. The Georgia senator has 42 candidates pledged to vote for his nomination.

The attorney general's office declined comment, saying administration of the election laws was the responsibility of the secretary of state.

Russell's rival for the Florida convention votes picked up another surplus candidate today. E. G. Musleh, Ocala, a Fifth District candidate, was listed on the sample ballot as pledged to Sen. Felix Kefauver of Tennessee.

Musleh's designation as a Kefauver pledge gave the Tennessee senator a candidate running against each other as well as Russell candidates in both the Fifth and First Congressional Districts.

John W. O'Hannon, West Palm Beach, was listed on the sample ballot as pledged to Sen. J. Lee Rankin of the Sixth Congressional District.

Gray informed him the request could not be action here, but that he probably could have his name left off the official ballot if he contacted the clerks of the circuit court clerk of the circuit court clerk of the circuit court clerk of the circuit court.

Meeting Is Held
By Sanford Pilots
At The Yacht Club

Members of the Pilot Club voted at its meeting in the Yacht Club last night to contribute \$250 to the relief fund for the victims of the recent typhoon which is being sponsored by a group of citizens in Sanford. If purchased, the scene will be placed in the Band Shell at Christmas time.

The meeting, which was the first of the new club year, was presided over by Mrs. Nancy H. Hinton, chairman of the committee composed of Miss Maude Ramsey, Mrs. Joel Field and Mrs. M. H. Smith to investigate the need of relief money.

Plans were made to enter a decorated car in the Armed Forces Day parade on Saturday, May 17. Those who will assist in decorating the car were requested to meet at the home of Mrs. E. E. Chapman, 116 French Avenue at 7:00 a.m. Saturday.

At least 50 more persons are urged to volunteer for the Armed Forces blood donor day program tomorrow at the Episcopal Parish House, Raymond Landquist of the Red Cross committee, announced this morning.

"At present," he declared, "we have secured the names of 85 volunteers for donations, but at least 150 donors can be accommodated."

The donations will be received from 9:00 a.m. until 5:00 p.m. and technicians from the Central Florida Blood Bank will be aided by local doctors, nurses and volunteer aides.

Persons wishing to volunteer for blood donations are requested to telephone 80 or visit the Red Cross office in the Takach Building.

CORRECTION
The Herald regrets an error in the cut lines under County Commissioner Fouracre's picture in Monday's Herald. The lines should have read, "Ollie E. Fouracre, county commissioner from District No. 3, was re-elected in the May 6 primary, defeating W. A. Forward, 607 to 483. Mr. Fouracre has had considerable experience in grove management and road construction work and is much interested in new road developments in his area."

Acheson Says U.S. Bound To Maintain Position In Berlin

Secretary of State George Acheson.

WASHINGTON — Secretary of State Acheson declared today the United States is "determined to maintain the position of the Western powers in Berlin, and to protect and assist the people of Berlin and the Western zones of Germany."

Acheson said he considers it reasonably certain that a peace contract between the Western powers and Germany which the Russians have violently objected to will be signed at Bonn this month.

While Acheson did not personally say so, it is understood he expects to leave for Europe within 10 days for the signing.

The peace contract is one of the basic treaties involved in clearing the way for the treatment of Western Germany in connection with the total buildup of defenses of Western Europe.

The latest expression of the firm resolve of the Western nations to go through with these plans as nearly on schedule as possible was set forth Tuesday night in a note to Russia.

The American note, identical with notes sent by Britain and France, declared that this government "will not be deflected" from the policy of creating truly united Germany, the European nations because these "represent the true path of peace."

At the same time the United States and the other Western powers have expressed their readiness to negotiate with the Soviet Union on the unification of Eastern and Western Germany provided there is first a clear understanding among the European nations to be negotiated on Peace Day.

Reds Insist On
Daily Truce Talks
Despite Brevity

MUNICH, Germany — Communist negotiators announced today they will insist on daily truce talks, meetings the Allied Command says the Reds have turned into propaganda attacks which contribute nothing toward peace in Korea.

The Red announcement came from North Korean Gen. Nam Il. He said the Communists would not accept the Allies' proposed armistice package but gave no hint the Reds would offer a new solution of their own.

He made it clear the Reds have no intention of breaking off negotiations. He has been doing almost all of the talking at recent meetings.

Today he rejected the Kaje Island prison camp kidnaping of Brig. Gen. Francis T. Dodd into the negotiations.

Nam Il charged the Allies were treating prisoners inhumanly. He said this was proved by concessions which Brig. Gen. Charles F. Colson granted Red prisoners last week to effect Dodd's release. The very wording which Nam Il quoted was previously labeled by the U.S. military command in Washington as misleading.

Colson was replaced Tuesday as Red commander.

Vice Adm. C. Turner Joy said Nam Il brought up the newest incident on turbulent Kaje solely "to propagandize for his tent rather than seriously in interest of an armistice."

"It is equally apparent," Joy told Nam, "that the major reason for such obstruction tactics is your desire of open joint screening of prisoners of war, conducted under our supervision."

Sheriff Percy A. Mero.

Candidates For Sheriff

Sheriff Percy A. Mero and J. L. Holley of Lake Mary are candidates for sheriff of Seminole County in the runoff primary which will be held on May 27. In the May 6 primary Holley received 2,800 votes, Mero 1,600 and there were approximately 7,000 votes divided among the other three candidates.

Reds Insist On
Trial By Jury
System Is Told
To Kiwanis Club

An outline of the trial by jury system from the time that it was established by King John in England in 1215 in response to popular demand, by the present day, was made today by Alexander M. Dora, in a talk to Kiwanis at the Yacht Club.

Mr. Dora was introduced by Bill Wacker, M. Dora of an article published in which a number of M. Dora Kiwanis were present.

Recalling that he was born and lived just in early years in London, England, Mr. Dora stated that when he was 12 he father was called to jury duty, and at that time he father was called upon to serve on a jury which was to excuse from jury duty, a number of jurors and death.

Today, he added, small business men, highly competent to serve on juries can be excused on plea of business duties. He added that lawyers will try to reject any man as a juror who appears to know just a little bit more than the other jurors.

He told of a case in Massachusetts in which he had served as a juror in which a politician, (Continued on Page Two)

Market Poll Reveals
"Mr. Cabbage" Winner

"Mr. Cabbage" polled the most votes among buyers at the Sanford State Farmers Market last week, Sandy Anderson, manager, pointed out in a recent letter to William L. Wilson, director of state markets.

The letter, which was packed with much humor, injected an election time angle into the statistics. The market, the first to be built in Florida, was referred to as Precinct No. 1, and the candidates were listed as various vegetables.

It read:

"Dear Mr. Wilson:

"Voting was unusually heavy last week at Precinct No. One. Twenty-five candidates were in the race. The final tabulation revealed that Mr. Cabbage polled 25,616 votes with a contribution of \$65,058.80.

"Mrs. Benn polled 25,765 votes, contribution fund amounted to \$70,292.25. Mrs. Corn came in third with 11,407 votes, contribution fund \$32,509.95. Miss Celery ran fourth polling 12,017 votes, total contribution fund \$25,184.05. However, after the canvassing board completed final tabulation of all votes their findings were that Mr. Cabbage will be in the run off with Miss Bean. Our prediction is that Mr. Cabbage will go in by a large majority on May 27th."

"The total tabulation of all 25 candidates was 100,040 votes. Combined contributions totaled \$285,002.52.

"The voting exceeded week ending May 3rd by 14,190 votes and a contribution gain of \$23,360.00.

"For next week we will have a good volume of celery, corn, cucumbers, peppers, eggplant, beans and squash. A light volume of iceberg lettuce, blackeye peas, potatoes, tomatoes and watermelons. Also a good volume of oranges and a light volume of grapefruit."

Soviets Are Warned Against New Moves Threatening Unity Of Western Nations

BERLIN — U. S. Authorities said today the Russians had suddenly lifted their 7-day highway blockade of Allied military patrols and permitted a patrol car to pass the barrier late today.

By JOHN M. HIGHTOWER
WASHINGTON — Secretary of State Acheson declared today the United States is "determined to maintain the position of the Western powers in Berlin, and to protect and assist the people of Berlin and the Western zones of Germany."

Acheson's assertion at a news conference appeared to be an indirect warning to the Soviets against assuming that recent threatening Communist moves would sway the United States, Britain and France from pursuing their announced policies on German unity with the Western world.

Acheson said he considers it reasonably certain that a peace contract between the Western powers and Germany which the Russians have violently objected to will be signed at Bonn this month.

While Acheson did not personally say so, it is understood he expects to leave for Europe within 10 days for the signing.

The peace contract is one of the basic treaties involved in clearing the way for the treatment of Western Germany in connection with the total buildup of defenses of Western Europe.

The latest expression of the firm resolve of the Western nations to go through with these plans as nearly on schedule as possible was set forth Tuesday night in a note to Russia.

The American note, identical with notes sent by Britain and France, declared that this government "will not be deflected" from the policy of creating truly united Germany, the European nations because these "represent the true path of peace."

At the same time the United States and the other Western powers have expressed their readiness to negotiate with the Soviet Union on the unification of Eastern and Western Germany provided there is first a clear understanding among the European nations to be negotiated on Peace Day.

Georgians Vote
On Racial Issue
In Demo Primary

ATLANTA — Georgians vote today in the state-wide Democratic primary with a hot racial issue raised in the Fifth Congressional District which includes Atlanta.

Supporters of Fifth District Rep. James H. DAVIS inserted paid advertisements in Atlanta newspapers attacking his opponent, Baxter Jones Jr., a professor on the faculty of Atlanta University, a Negro college.

The advertisements stated Jones has the backing of the National Association for the Advancement of Colored People.

Jones, an Atlanta lawyer, said he resigned a year ago from the Atlanta University faculty, where he had taught business law for about four years.

Other congressmen besides Davis who have opposition are Rep. E. E. Cox, Cumilla, in the Second District, Rep. Sidney A. Camp, Newnan, in the Fourth District, and Rep. W. M. Wheeler, Alma, in the Eighth District.

Unopposed are Reps. Prince H. Preston, E. L. Forrester, Carl Vinson, Henderson Lanham and Paul Brown.

In the Ninth District six candidates seek the congressional seat from which Rep. John S. Wood is retiring.

There are contests for about half of the 229 seats in the House and Senate of the General Assembly.

Also seeking nomination, which equals election in this Democratic stronghold, are candidates for other state and various county offices.

Gov. Herman Talmadge says he expects the highest vote in recent primary history. Georgia has about 290,000 registered voters. Fair, mild weather was forecast.

BUR ACCIDENT
TAMPA — Four school children were injured and five others shaken up today when a bus plunged into a ditch near Land O'Lakes.

The driver, T. C. Whitman, 68, Land O'Lakes, told police "the bus popped" and then the vehicle went into the ditch.

All 10 occupants were rushed to Tampa Municipal Hospital. Doctors ordered James Colyer, 6, Barbara Brown, 13, Betty Graham, 15, and Junior L. Graham, 7, held for further examination.
