Chamber unveils financial plan

By Dan Ping Editor

SANFORD — The Sanford Chamber of Commerce provided City Commissioners with a business plan aimed at putting the organization on stable financial footing and repaying a \$25,000 loan from the city.

The plan focuses on increasing revenue through additional fund-raisers and the creation of a premium members him.

ation of a premium membership program,

which is expected to boost revenue.

"I think the chances are very good that we can turn this thing around," said Angelina Gordon, executive director of the chamber. "It's going to be tough, but we've got a plan.

Gordan says fund-raisers and other programs needed to boost organization's ailing finances

Gordon and Chamber president Brian Volk asked the city commission in December for financial assistance because the organization had a deficit of \$25,000. Commissioners had a deficit of \$25,000. Commissioners agreed to loan \$25,000 immediately to pay bills and meet payroll expenses. The city also agreed to consider an additional \$15,000 loan should the Chamber present commissioners with a viable business plan.

Gordon submitted the plan Monday and

commissioners will discuss it during their Jan. 28 meeting. The key component to the plan is increasing revenues

"I can control expenses. That's what I've done for 25 years in my own business," said Gordon, who owned a property management company before becoming chamber director. "The income side is where we need help. If we can make the fund-raisers work, then we'll keep the members because we'll be doing the right things."

Among the new fund-raisers Gordon has

Fisherman discovers submerged car

Another man finds body next day only yards away from car

By Christopher Patton Staff Writer

After searching in the St. Johns River most of Monday, deputies of the Volusia and Seminole county sheriff's offices found Tuesday morning what they believe to be the body of a missing Ormond man.

A fisherman launching his boat Monday morning at the Cameron Wright Park just off State Road 46 near Geneva discovered the missing man's submerged white Oldsmobile Cutlass. The discovered when the covery occurred when the boat's prop apparently struck the car. The Seminole County Sheriff's Office (SCSO) was notified and pulled the vehi-cle out of the water.

A Volusia County Sheriff's Office (VCSO) Dive Team searched the nearby waters until 7:30 p.m. in attempts to locate the 90-year-old John W. Hughes of Ormond-bythe-Sea. The recovered vehicle was towed to Volusia County for investigators to examine for any signs of foul play. Gary Davidson, VCSO spokesman, said Tuesday morning that investigators "have nothing at this point that foul play was involved."

Boats from the two sheriff's offices started the search again at about 6 a.m. Tuesday and at approximately 9:30 a.m. another alert fisherman discovered a float-

Seminole FHP trooper promoted to bureau chief

By Christopher Patton Staff Writer

A former Lake Mary police officer and long-time Central Florida highway trooper is set to relocate after receiving a promotion from the Florida Highway

Patrol. Major Rick Gregory, Central Florida commander for FHP, was promoted this week to the rank of bureau chief effec-

tive Feb. 1. and will be reassigned to headquarters in Tallahassee. Gregory, 40, joined the FHP in 1984 and was assigned to Seminole County. From 1982 to 1984, he was an officer for the Lake Mary Police Department.

He currently commands the FHP in Orange, Osceola, Lake, Brevard, Seminole and Volusia counties. In his new position, he will oversee FHP operations in South Florida from Vero Beach to Key West, the entire Florida Turnpike and statewide highway homicide and drug interdictions investigations.

'It's a tremendous opportunity," he said. "It's kind of bitter sweet. I'm very excited about the promotion, but on the other hand, I will miss working hand in hand with some of the best in the busi-

Gregory said Tuesday that his new position "will have quite a bit more responsibilities in a different level of management." However, he is already looking forward to making his mark in Tallahassee.

"The core mission agency is highway safety," he said. "We will accomplish that through visible presence and aggressive patrol."

The new emphasis on public information and safety education will also be a focusi he said. According to Gregory, he credits the slight reduction in highway fatalities from this year to last to the added presence of safety information.

"That's going to be a big part of trying to get back our sense of safety on the road-

Mental health care facility receives approval from Sanford City Commission

By Dan Ping

SANFORD Commission approved a conditional use request allowing a mental health care facility to operate in the former Lakeview Nursing Home but directed staff to collect twice the normal rate of permitting fees for fail-ure to follow zoning procedures.

Seminole Community Mental Health Center Inc. (SCMHC) began operating at the 919 E. 2nd Street facility in early October, despite not having an occupational license or a certified fire inspection. City staff had denied the occupational license because they clas-sified SCMHC's operations as a Community Resource Facility

The staff decision was based on SCMHC operating two CRF facilities on Bay Avenue, adjacent to the 2nd Street property. Though the two Bay Avenue facilities were grandfathered in, city Ordinance 3502 requires new CRFs to be at least 1,500 feet apart.

Jim Berko, director of SCMHC, appealed the staff decision that the agency's new facility qualified as a CRF. City Commissioners rejected that appeal and recommended the SCMHC apply to the Planning and Zoning Commission for a wavier of the distance requirement.

The wavier was approved and recommended to the City Commission by P&Z with three conditions:

• The facility must meet all building and fire safety code regulations.

 SCMHC must provide 24hour, on-site security using a minimum of four employees. A site plan must be approved before SCMHC can

Two-alarm fire destroys building

By Christopher Patton Staff Writer

A two-alarm fire early Tuesday morning caused almost \$1 million in damage at a furni-ture store on U.S. Highway 17/92, just north of Dog Track

Dozens of firefighters from six different fire departments battled the blaze at Webster's Leather Galleries. The fire was reported at

A battalion chief from the Casselberry Fire Department could see flames as he pulled out from the fire hall a mile away and called for a second alarm, said Paula Ritchey, spokeswoman for the county department of public safety.

The metal structure was still standing but completely gutted after the fire was reported under control by 4:30 a.m. The loss of merchandise and contents of the building is reported at about \$500,000, while the structure loss is valued at close to \$750,000, said Ritchey.

One firefighter was treated and released from the scene for heat exhaustion. As firefighters from

Mother-in-law encourages man to move on with life

DEAR ABBY: I have a friend, "Steve," whose wife, "Marie," died five years ago. Marie was one of the most popular and beloved ladies in town.

Dear Abby Their child was left without a mother. Steve remarried about two years agn. Marie's mother continued to stay in close contact with Steve and her grandchild.

Recently, Steve approached me at a social function. He was beaming. He told me he was buying a new house. He said his former mother-in-law had told him in plain English to put away Marie's pictures and buy his wife a new home.

Apparently the mother-inlaw is a lot like her daughter - charming, thoughtful and considerate.

STEVES FRIEND

DEAR FRIEND: Marie's mother is also sensitive and practical. Orchids to her. I usually receive letters from readers complaining about their mothers-in-law. It's refreshing to hear the other side of the story. Read on:

DEAR ABBY: My mother-in-law, who is now 89, has lived with our family for more than 30 years. Her name is Collette, but everyone calls her Goldie. I don't know when people began calling her that, but I do know she is worth her weight in

Goldie has devoted a large portion of her life to helping my family. We have had to hire a baby sitter only twice for our three children the entire time they were growing up. Goldie cooked the majority of our evening meals. She helped to wash and iron to the point where my wife had to start hiding our clothes to stop her mother from working so hard. She watched our dogs during the day, and they preferred her company over

Whenever my family needed Goldie, she was there. She is very considerate. If she feels we need our privacy, she goes to her living quarters. We often beg her to stay, but she won't change her mind. We learned early on not to impose our wills

I feel sorry for people who don't have a Goldie in their lives. When she is no longer with us, I will forever feel the loss.

TOM, HER SON-IN-LAW

DEAR TOM: What a glowing tribute for a son-in-law to offer. You're a lucky family to have each other. It would be wonderful if more familles could enjoy the love and cooperation between generations that yours does. Perhaps the secret lies in mutual respect for each other's boundaries.

DEAR ABBY: Your wisdom is remarkable. You told "Confused in West Sacramento" that "Happiness is where you find it; age is a state of

I married my lovely Blanche on Sept. 15, 1951. We just celebrated our 50th anniversary at Fancy Feet Ballroom in Oregon City. We danced an exhibition ballroom cha-cha and enjoyed dancing with our many friends. Our son's band furnished two terrific hours of music.

Blanche is now 74; I am 96. (I have a daughter one year older than Blanche.) Love, good nutrition, dancing, gardening and mutual intellectual interests keep us active and happy. Our first date was at the Palladium in Hollywood, Calif. We have danced together with joy ever since! —

HARRY F. BILLINGS, SALEM, ORE.

DEAR HARRY: Your letter proves that dancing not only lifts the spirits, but also provides healthy cardiovascular exercise that can add quality to a long life. The same can be said of love - which you also have in abundance. May it ever be thus. (I have a hunch your wife loves to dance to "I'm Just Wild About Harry"])

By Christopher Patton Staff Writer

in a celebration of the first official Mentor Month in Florida, Gov. Jeb Bush announced last week a new partner in his Mentoring Initiative — municipalities.

The Municipal Mentoring Initiative is designed to spur cities to allow their employees to serve as mentors. It's a role not to unfamiliar to city of Sanford employees who have participated in the county schools mentoring program in the past.

According to Jane Lane, man-ager of the dividends school volunteer program for Seminole County Schools, there is currently 812 mentors in the county acting as "personal cheerlead-ers" for local kids. Bush, who also volunteers his time to be a mentor, announced Friday 115,578 of Florida's youth are currently benefiting from men-

toring.
There is so many more kids that could use a mentor," Lane said. "Some mentors do some tutoring, but that's not their main goal, it's just sitting there listening to kids."

The Florida League of Cities has received commitments from more than 30 cities to participate in the Municipal Mentoring Initiative, with a goal of 10 percent or approxi-

mately 40 cities statewide, volunteer as mentors. Although none of Seminole County's seven cities have joined the new initiative Lane speculates Sanford will because of its past experience in the program. Before the launch of the new initiative, Bush previously stated in a press release that his goal for the state is to reach the 200,000 mentor mark.

"I am pleased that the importance of mentoring is being recognized with the first ever Mentor Month in Florida and National Mentoring Month across the nation. Florida has led the way, and the business community has joined us with the commitment of time and money, allowing us to raise awareness of the tremendous need for mentors," said Bush. "With the Municipal Mentoring Initiative we are reaching out to city governments and encouraging them to join their colleagues at the state level in mentoring a child. Today over 300 local organizations across Florida have active mentor programs, but more remains to be done, so I encourage everyone to be a mentor.

In addition to city personnel, Bush encourages all state department employees to become involved in mentoring. Lane said. In Seminole County, about 20 employees from the health department and a por-tion of the state attorney's staff

Several schools such as Bentley, Goldsboro, Spring Lake and Altamonte elementary schools believe in mentoring so much they have school wide mentoring programs. Many Seminole teachers even volunteer time to mentor children in other schools than they teach in, Lane said.

The Seminole Community Volunteer Program located at the Seminole Community College Sanford/Lake Mary campus helps provide volunteers for nonprofit and community agencies in Seminole including the mentoring program at the schools. According to Pat Shields, executive, director, mentors give children "basically just someone to talk to."

It makes a difference in the life of a child," she said. "Many children are not fortunate enough to have that kind of relationship."

Despite the efforts of local groups and the state, Seminole still has a great demand for mentors. An additional 150 mentors are needed just for Lyman and Winter Springs high schools, Lane said. Traditionally, the local schools' mentor program adds an addi-tional 250 mentors a year, but Lane said she hopes to double that this year.

Also, in recognition of National Mentoring Month and

importance of mentoring, the U.S. Postal Service will introduce to customers Jan. 11 a new "Mentor a Child" postage stamp. Designed by Lance Hidy, the stamp features a striking design that conveys the benefits of mentoring. His computergenerated artwork depicts an adult offering guidance to a child. The stamp reads "Mentoring a Child" at the top and "Values - Goals - Skills" at the bottom.

Movie Star Fights Arthritis

HOLLYWOOD - Frankie Avalon almost didn't make the movie Back to the Beach with Annette Funicello. Frankie was experiencing pain in his fingers that

was so intense, he couldn't work. His doctor diagnosed his condition as osteoarthritis, but nothing the doc-

tor gave him relieved the pain. Because of the side effects. Frankie couldn't take steroids or injections. On the advice of a friend, Frankie visited an herbalist who in-

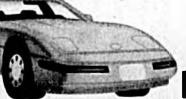

troduced him to a Frankle Avalor product now called ZERO PAIN®. "That visit certainly changed my life for the better," says Frankie, a former spokesperson for the Arthritis Foundation.

ZERO PAIN is a natural herbal roll-on pain reliever that provides deep penetrating warmth through a patented Lipoceutical® delivery system, along with an ingredient that, according to a leading consumer magazine, when applied continuously actually blocks the

pain signals being sent to the brain.
"I've tried other creams and lotions but nothing relieves my pain like Zero Pala. Some people are calling Zero Pala a medical miracle, but I believe breakthrough is more precise," says Frankic. www.hcdsales.com ezooo ocu

Your guide to this winters coolest hot spots.

The Buzzard's Roost Events Scheduled

The Buzzard's Roost is located at 2921 S. Orlando Drive, Suite 200 in Sanford Plaza, Sanford. The new owner is Vickie Bebout. She has a wide range of events scheduled for the new year.

The Tuf Luck band is scheduled to appear regularly on Fridays and Saturdays. I could tell this group of artists has spent many hours in practice as it shows in their performance. When I first heard them play, I was amazed at how they click with each other. They play a majority of modern country with a mix of classic country and old time rock and roll while adding a short comedy skit in between longs. The first weekend they performed, the crowd went wild. It was almost as if we were in the middle of a major concert. I predict this band will go far in their career. I am just thankful that we had the opportunity to book them before they get too big to afford here in Sanford. They are truly awesome. As a special treat to our customers, there will be no cover when the band plays.

Karaoke is scheduled every Tuesday and Thursday night with Jason. Tuesday nights will be regular karaoke. Thursday nights will be the karaoke contest with cash and prizes to the winners. We has a blast last Thursday night with Jason. He is witty, has a terrific voice and is a whole lot of fun. We have approximately 4,000 karaoke songs to choose from. I am sure there is something that will appeal

to everyone

We will continue to have the blind draw dart tournament on Tuesdays prior to karaoke. Everyone seems to love darts in this area. In fact, one of my customers gave my husband and I a lesson a few weeks ago. And, we now have the dart fever. It is terrific. Also, I plan to set up regular pool tournaments with the new pool tables and accessories being delivered this week. Pool is a very strategic game to play. It is as enjoyable to watch as it is to participate.

The hours of operation are 12 noon to 2 am. The karaoke and ladies and mens night events will finish early enough to prevent anyone from having too much trouble getting up for work the next day. Also, you can now choose from a wide variety of liquor rather than be limited to beer and wine. There will be creative drink specials daily from the time we are open until the time we close. Every Wednesday will be ladies' night, where the ladies drink free from 9pm to 12 midnight. Every Monday will be men's night, were the men drink free from 9 pm to 11 pm. Also, very Sunday for a \$5.00 cover charge, there will be free pizza and draft from 1 pm to 4 pm. Watch for the lingerie shows and male review coming soon. Those will be announced when we have more information.

I am sure everyone is curious about my husband and I. We have been married for 28 years. We have two adult children, 28 and 24, and one grandchild five year old. We used to live in Sanford and Lake Mary 20 years ago. We left to search for a career and better ourselves in life. Since then I have received my Master of Business Administration Degree with an emphasis in accounting and plan to sit for the CPA exam in May 2002. I have an accounting business that I operate during the day. My husband is a tournament fisherman and my Marketing Director. We loved to go to dinner, dancing, play pool and have a great time before we were too busy. to do any of those things. So, I decided to buy myself a place were we could enjoy that again, not only with ourselves, but with others as well. It will be a place where you can go out, enjoy yourself and leave the worries at home. We look forward to seeing everyone in the near future.

When should hearing be tested? Watch for warning signs and get checked regularly

(ARA) - What? ... I'm sorry I couldn't hear you? ... Could you repeat that? ... What did you say? If these are the questions you ask when talking with others, then it's likely you need to have your hearing tested.

If you're wondering why your friends mumble when they talk to you or when restaurants suddenly become cacophonous, frustrating places, have your hearing tested. If your family consistently turns the television volume down when you're through watching it, have your hearing tested. If phone conversations are confusing or you find yourself having to concentrate on a speaker's lips to understand what they're saying, have your hearing tested. If you haven't had a hearing test since high school ... have a hearing test.

The statistics of hearing loss are compelling: One out of 10 Americans has hearing loss. By age 65, one out of three people has hearing loss. And of these, only one out of five actually seeks help.

That's unnecessary unfortunate - because there is help available. In a recent survey performed by the National Council on the Aging, hearing loss, left untreated, has a correlative relationship with debilitating psychological problems like depression, social anxiety and decreased social activity. The longer you ignore your hearing loss, the worse the physical, psychological and social effects. While noise-induced hearing loss

is painless, it is permanent.

Nip potential hearing loss in the bud. Have your hearing tested. Doing so early may prevent damage or further damage to your hearing.

The Warning Signs

Usually, hearing loss is pain-less and gradual, typically devel-oping over a period of 25 to 30 years. Without some qualitative test, you won't realize you're losing your hearing till it's too late. There is a degree of hearing loss associated with aging, and infections, sudden loud or prolonged

noise, diseases (like Meniere's disease) or genetic disorders (like otosclerosis), medical conditions (like diabetes), even a build-up of ear wax can mean hearing loss.

Here are some warning signs to watch out for:

 Pain or ringing in your ears (tinnitus) after exposure to noise Muffled speech sounds or music sounds dull after leaving a

hearing)

 Frequently asking people to repeat themselves You'll be asked a series of more involved questions when you get your hearing tested. If you experience any of the above symptoms, you know what to do get your hearing tested.

Wno should I talk to?

You need to see an audiologist, a professional who specializes in hearing health care. Audiologists are trained to conduct and interpret hearing tests, fit and dis-pense hearing aids, provide related counseling, habilitation, reha-bilitation and hearing conserva-

Two bodies found in burning car

By Christopher Pation Staff Writer

HEATHROW - Police believe two people reported missing from Heathrow were those found dead in a burning car Sunday in west Orange County.

Saturday afternoon, investigators of the Seminole County Sheriff's Office reported Marilienne Marc, 37, and her nephew, Daniel Marc, 26, of Sanford, missing.

Family members said to police they had been missing since 9 a.m. Friday when they reportedly left Heathrow to go to a Longwood car dealership to pick up a new vehicle. Their appointment with the auto dealer wasn't until in the after

Business supports local heroes

By Michelle Jerie Managing Editor

LAKE MARY — Focusing on its community heroes, one local business turned profits into donations during a November fund-raising event.

Lake Mary Chiropractic Center recently donated more than \$1,000 to the city's fire and police departments in recognition of the men and women who serve the community, said Jennifer Smith, a chiropractic physidan at Lake Mary Chiropractic Center. The Center donated part of its November proceeds to the local fund and matched the amount dollar for dollar.

"It was something we wanted to do in light of what happened on Sept. 11," Smith said. "We wanted to focus our efforts on the heroes who are sometimes forgotten — our local fire and police departments. It was to show our appreciation for what they

The Center invited people to donate the \$20 cost of an exam, which included X-rays and a consultation, to the fund, said Paul M. Toma, a chiropractic physician at Lake Mary

Chiropractic Center. The event raised \$540 through patient donations, with another \$540 matched by the Center. The total was split between the two departments.

The Center, in conjunction with Foot levelers Inc., also participated in an October fund-raiser, which raised more than \$2,000 for the American Red Cross

"This is what living in a community is all about," said Ruth Marchant, chiropractic assistant at Lake Mary Chiropractic. "We are all in this together.

There are a lot of takers in the world, but there are also a lot of givers," she said. "Now, we realize

how many givers there really are."
The money donated to the Lake Mary Police Department will be used for its DARE (Drug Abuse Resistance Education) program.

"This donation is an example of the outstanding support we receive from

the community," Lake Mary Police Chief Richard Beary said. "It will help a lot, especially since the economy is

off. It will to a long way."

According to Beary, many police departments throughout the nation have had to eliminate educational programs due to the decrease in funding and donations. With the community and city's support, however, Lake Mary's DARE program is still going

strong after seven years.
"I'm glad to see that the city of Lake
Mary is committed to educating our children," he said.

Lake Mary DARE Officer
Christopher Taylor said the money donated by Lake Mary Chiropractic Center will be used to purchase Tshirts and other items used in the city's DARE program. The program serves elementary students at Lake Mary Elementary and Lake Mary Preparatory schools.

The response has been great for our DARE program," Taylor said. "Everybody loves it, and the kids really respond to the program."

Chiropractic Center pre-sent Lake Mary Police Chief Richard Beary, second from right, and Lake Mary DARE Office hen \$1,000 to the local

Lee County man arrested on 67 counts of felony

Special to the Herald

FT. MYERS - An 11month investigation into the illegal taking of alligators has led to the arrest of a Lee County man on 67 felony counts. Jack Ridley Harper, 57, of 222 Harbor Dr., Boca Grande, has been charged with uttering a forged instrument, trafficking in stolen property, identity theft and unlawful harvest of alliga-

The Florida Fish and Wildlife Conservation Commission (FWC) and the office of Statewide Prosecutor Melanie Ann Hines filed the complaints against Harper in Polk and Lee Counties. Wildlife officials discovered irregularities in records of last years Public Alligator Hunt, triggering the joint investigation by the FWC and Hines' office in Ft. Myers.

Harper is charged with one count of dealing in stolen property (alligator), a firstdegree felony punishable by up to 30 years in prison and/or a \$10,000 fine. Additional offenses, 45 counts of unlawful harvest of alligators, 17 counts of uttering forged documents and four counts of fraudulent use of personal identity information are all third-degree felonies, each punishable by

up to five years in prison

and/or a fine of up to \$5,000.

The Florida Administrative Code requires permitees for public alligator hunts to affix a Convention on International Trade in **Endangered Species (CITIES)** tag to a carcass and complete a report and on each alligator harvested. Permitees are issued tags which can only be used on a specific body of water. Unused tags must be accounted for. Permits are issued for the Public Waters Alligator Harvest through a random computer drawing of applicants.

The state alleges that Harper was engaged in illegally obtaining Public Alligator Harvest Permits in, 1999 and 2000, by forging signatures and paying for permits, using the names of others. Also, he is charged with using the illegally obtained permits to harvest about 60 reptiles and selling them to an alligator products dealer. Harper could not account for all the CITIES tags issued to him.

Investigators said the charges against Harper, if proven, would amount to depriving other Floridians and visitors an opportunity to be drawn and participate in the limited annual alligator quota hunt.

Sgts. Lenny Barshinger and Mike Frantz were the FWC's lead investigators in the case, with assistance by Lt. Steve Meyers.

"There was some fine police work in this case," Mevers said. "We all worked very hard on it."

Alligators are not an endangered species in Florida. The state alligator population estimate is about 1.5 million adult animals. However alligators are pro-See Outdoors, Page 2B

With there fuzzy-faced lower weight class wrestlers doing the damage, the Lions rallied past St. Cloud to win the Ron Peters Tournament of Champions at Lake Mary High School Saturday.

The Buildogs were up by two points entering the finals, but Oviedo's four grapplers split their matches, while the Oviedo wrestlers win third tournament at Lake Mary

Buildogs could only win one of four, giv-ing the Lions their third tournament title this season, 154-152.

Oviedo had also won major tournaments at Land O'Lakes and Lyman. Freshmen Jason Robbins and Justin Fraga, teammates on the highly-successful JETS summer club team, scored the points that made the difference for the Lions, both winning in double overtime.

Robbins took out Osceola's lavier Maldonado, the defending state champion at 103-pounds, in the 112-pound final, while Fraga bested Winter Springs'

Trailing the top two in the final standings were University (144 1/2), New Smyrna Beach (138) and Winter Springs

Individually, Lyman and Winter Springs also had a pair of weight class winners, Renteria at 130-pounds and Chacon at 135-pounds winning for the Greyhounds and McDonnell at 145pounds and Parent at 189-pounds winning for the Bears.

'Real' season begins

SCC opens conference tonight on home floor

By Dean Smith Sports Editor

SANFORD - With Its teams at near full strength and starting to play very good basketball in the past month, Seminole Community College opens Mid-Florida Conference play at home tonight with a lot of confidence.

The Saints from Santa Fe Community College in Gainesville will provide the opposition when the women tip off at 6 p.m. this evening. The men are set to toss it up at 8 p.m. at the SCC Health and Physical Education Center.

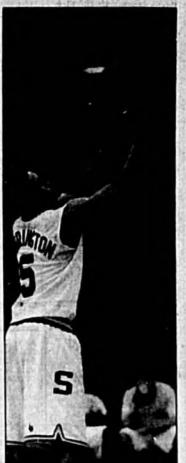

Admission is free of charge. Coach Stan Cromartie's men are 9-10 on the season, but have won three of their last four games.

The Raiders had a golden opportunity to be over .500 heading into conference when they hosted a Brevard team that they had already beaten twice this season, but with 6foot-8 Kitus Witherspoon and 6-foot-10 Che Morgan both out with the flu, the Titans rallied in the second half to defeat the hosts, 88-80.

Witherspoon, a freshman from Boone High School in Orlando, has combined with freshman sky walker Daniel Jackson (6-foot-6, Lake Wales High School) to give SCC an awesome 1-2 punch inside on both offense and defense, which has taken some of the pressure off leading scorer ason Currington, a 6-foot-4 sophomore guard/forward

from Leesburg. The other starters have been 6-foot-3 point guard Chris Jackson, a DeLand product who has done an excellent job on both offense and defense See SCC, Page 2B

Charnesia Bailey (No. 15, lop) comes up with a steal caused by teammate Ditte Jakobsen (No. 24), leaving a University of Virginia player on the floor in Seminole Community College's 82-58 victory on Friday, Women's head coach Ken Patrick will be counting heavily on 6-foot-5 freshman phenom Yelena Leuchanka (above), who got her 12th double-double of the year on Friday, while SCC men's coach Stan Commartle will be looking for a big night from leading scorer Jason Cormartie (left) when the Raiders open Mid-Florida Conference play at home tonight against Santa Fe Community College. The women tip off at 6 p.m. with men set to begin at 8 p.m. at the Health Center and admission is free.

Patriots remain on hot streak

By Dean Smith Sports Editor

DAYTONA BEACH _ The Lake Brantley boys soccer team added another victory to the win column on Saturday, romping past Seabreeze, 5-0.

The Patriots (16-2-4) continued their assault in Volusia County this season, picking up the win over the Sandcrabs (7-9-2) to go along with winning the DeLand Christmas Tournament in smashing fashion in December.

Coach Danny Kirby's team raced to a 3-0 halftime lead and completely dominated this contest, outshooting the hosts, 27-7.

Senior midfielder Ron Fulmore and sophomore midfielder Gordon Stasak scored two goals apiece, with sophomore forward Miguel Santos netting the other score.

with freshman forward Graham Zusi, senior midfielder Leandro Rolon and senior midfielder Ryan Smith chipping in with one assist each.

Junior goalkeeper Dana Singer was relatively idle in the net, but still turned away five Seabreeze shots to record the shutout.

In another boys' game from Saturday, Oviedo and Bishop Moore battled to a 0-0 He. In girls' action from Saturday:

Junior Katie Register scored the game's only goal on an assist from senior Lindsey Davis in the second half as twotime defending state champion Lake Howell (17-4-1) blanked old district rival Spruce Creek, 1-0, in Port Orange.

The statistics were as close as the score as the Silver Hawks, now playing in Class 4A, were actually outshot by the Hawks (8-7-1), 12-11.

Sophomore Carolyne Richard turned away four Spruce Creek shots to get the shutout in goal for Lake Howell.

DeLand holds off Seminole

By Dean Smith Sports Editor

SANFORD — For those of us who have been watching basketball in these parts for the past 30 years or so, Friday night brought back a lot of memories at Bill Fleming Memorial Gymnasium.

One of the more storied rivalries in the State of Florida was rekindled as DeLand survived a furious comeback by host Seminole, 55-51, in Class 6A-District 5 contest before a near full house.

Back in the late '60's and through the early '80's there was no bigger rival on Seminole's schedule than DeLand.

Year in and year out, the Fighting Seminoles and Bulldogs were two of the top teams and the games were often filled with fights on the floor and an occasional arrest in the stands. Fans would point to those games months in advance and fans from both schools would make the trip to the other's home court.

That all changed with the addition of Lake Mary, Lake Brantley, Lake Howell and Winter Springs high school's as the Seminole Athletic Conference became the focus of the schedule and new rivalries were built.

But Friday was a throwback as both Seminole and DeLand are back in the same district for the first time in several seasons and both school's have outstanding teams. And the fans must be taking notice, because that was the biggest crowd seen at Bill Fleming for a game involving an out of county school since the days that Vince Carter was playing for Mainland.

The game did not start well for the home forces as the Bulldogs (12-3) held Arrow Force X scoreless for the first 4:40 of the game, during which time they built a 6-0 lead, and pushed the lead out to eight points, 12-4, after the first period.

Seminole (10-7) started to find its rhythm in the second period, but DeLand kept its momentum See Basketball, Page 2B

Seminole High School senior center Marcus Robinson (No. 42, shown against Lake Mary) scored 20 points, pulled down 10 rebounds and blocked six shots against DeLand Friday night at Bill Fleming Memorial Gymnasium.

Continued from page 1B for Cromartie, and 6-foot-1 shooter Jon Sterling, a freshman from Satellite Beach.

Sophomore's Morgan, Cedric McHaney, also 6-foot-10, and 6foot-5 Joe Williams give Cromartie strength off the bench

inside, while 6-foot- sophomore Antwain Tennell, 6-foot-2 freshman Brandon Fisher and 6-foot Lake Brantley freshman Miguel Malcolm are all good defensive guards with three-point shooting range.

The only missing piece for SCC is 6-foot-8 sophomore Christian Adolffsson, a starter early in the season who is out with a broken foot.

The women of coach Ken Patrick are also back at near full strength and have been even hotter, having won five games In a row and now standing 12-8 on the season.

The Raiders got off to a slow start this season, but with three potential starters missing the first two months after surgery and two others playing with severe injuries, not to mention a schedule that would make an NBA team complain, it's amazing that the record is anywhere near this good.

Since the return of sophomores Brandi Davis, Linda Cazeau and Sheri Harrison from the injured list and returning All-State guard Yo Johnson deciding against season-ending ankle surgery, the women have been nothing short of sensational, rolling over their opponents.

The two most recent wins saw SCC crush Indian River Community College, 88-54, in Ft. Pierce and then return home to cruise past a University of Virginia Člub Team, 82-58, last

Freshman phenom Yelena Leuchanka again led the way in both wins with 28 points and 20 rebounds against Indian River and 23 points and 10 rebounds in limited minutes against UVA. The 6-foot-5 center now has 12 double-doubles on the season.

Other leaders against Indian River was Davis with 21 points, five rebounds, four steals, Johnson, 10 points, and Gabby Blankenfeld with nine points, five steals, and five assists.

Against the Cavaliers, the Raiders jumped out to a huge lead at the start of both halves, but Patrick went to his deep bench (14 players) early and often and everyone got a lot of minutes as the visitors were able to get within 20 points on a couple of occasions.

In addition to Leuchanka, Davis also had a big game with

21 points and eight rebounds, while Johnson was also in double figures with 12 points. Blankenfeld, the 2000-2001 Florida Freshman of the Year, chipped in with seven points and four steals and Harrison had three steals and four assists.

It's important that both SCC teams get off to a good start as the Raiders must go on the road Saturday (Jan. 19) to face conference favorite Daytona Beach Community College at Lemerand Center starting at 6 p.m. (women) and 8 p.m. (men).

Continued from page 1B going, even though neither team was shooting very well, and added a point to the lead, carrying a nine-point advantage, 29-20, into the lockerroom at Intermission.

The game completely changed around in the third quarter as Arrow Force X's 6-foot-6 senior duo of Robby DuPre and Marcus Robinson took over the game, on both offense and defense, and Seminole finally took its first lead of the night, 37-36, with 1:50 left in the period.

Arrow Force X actually took a five-point lead, 42-37, with seconds left in the quarter, but Bulldogs star E.J. Gordon hit a three-pointer at the horn to cut the lead to two, 42-40.

Seminole was able to hold the lead for the first half of the fourth quarter, but a strange call turned the game back in favor of DeLand.

A blocked shot led to fast break by Gordon, who was able to force the ball into the basket despite an Arrow Force X defender holding him from behind.

The basket was called good, and an intentional foul as also called, giving Gordon two free throws, which he made, and the Bulldogs got the ball back, making the possibility of a six-point or more play.

DeLand only ended up with four points on the series, but it put the visitors back on top to stay, as they were able to answer any Seminole threat.

Gordon finished with 24 points, 10 rebounds and two blocked shots for the Bulldogs. Point guard Da'mon Hinson also had a good night with 11 points, eight assists and five steals, and 6-foot-9 freshman center Keith Brumbaugh made his presence felt at the beginning of both halves, finishing with 10 points, six rebounds and three charges

For Seminole, Robinson was 7-for-11 from the floor and 6-of-7 from the free throw line to finish with 20 points. He also hauled down 10 rebounds and blocked six shots.

DuPre was not far behind, scoring 18 points and pulling down a game-high 12 rebounds to go along with three assists and two blocked shots. Anthony Turner also had a nice game for AFX

with eight points, four rebounds, two assists and The junior varsity game was almost a mirror

image of the varsity contest as DeLand withstood a strong comeback by Seminole to hand coach Robert Moore's squad its first loss of the seasor (6-1), 63-60.

In boys' games from Saturday: Ryan Exter poured in 25 points, while Brett Hodges and Chad Fowler chipped in with five rebounds and nine assists, respectively, as Winter Springs defeated Flagler-Palm Coast, 75-53.

Isaac Codrey had 22 points and eight rebounds and Jared Laskey dished out nine assists, but Lake Howell came out on the short end of the score, 59-50, to Brandon.

Continued from page 1B tected by law and are harvested only by permit, either as nuisances or during tightly regulated hunts, such as the Public Waters Alligator Harvest which occurs each September. According to Kyle Hill of the FWC's Division of Law

Enforcement, nuisance alligator trappers remove approximately 4,000 alligators, and hunters take another 2,000 in regulated hunts each year.

"While we believe the case against Mr Harper is solid, it should be remembered that criminal charges are allegations, and a defendant is innocent until proven guilty," said John Duryea, Assistant Statewide Prosecutor in Lee County.

Interested persons can visit the FWC Web site at: www.floridaconservation.org for more information on alligators and alligator hunting in Florida.

"There's no real surprises so far," Smith said. "We did not expect any new monies or programs because of the economy's shape."

Seminole County Manager Kevin Grace also said there appears to be few surprises. One Item he said that sparked his interest was the proposed raise in the \$500 property-tax exemption for disabled veterans. Bush's

proposal would raise the exemption to \$5,000 and push the extra costs off to the cities and coun-

"I think, and I may be in error on this, but all Florida Power is trying to do is stall," said City Commissioner Butch Bundy said. "It gives them more time so they can build sympathy or public support."

Longwood commissioners in July agreed to move forward with legal proceedings against Florida Power, after the electricity provider and city couldn't agree on a new franchise contract. Angry city officials said the power company refused to honor a right to buy clause in the old contract or place the clause in a new agree-

Seminole deputies searching for suspects in near fatal shooting

By Christopher Patton Staff Writer

SANFORD - Seminole County deputies are seeking suspects involved in a Wednesday night

shooting of a store clerk. At 1920 Southwest Rd., just outside of the Sanford city limits, deputies responded to a robbery at 7:45 p.m., and found Southwest Food Market clerk Kim Di Dong, 24, of Sanford shot in the head. Dong, whose immediate family resides in Korea, was airlifted to the Orlando Regional Medical Center by helicopter, where he is

listed in critical condition. According to Steve Olson, sheriff's office spokesman, investigators have been unable to interview Dong because of his condition. Police believe there is only one other eyewitness to the near fatal shooting.

According to the police report, the witness told deputies he was in the rear of the store when he heard a male voice state "every one get down." Dropping to the floor, the Sanford man said he caught a glimpse of one of the subject's. The eyewitness stated in the police report the subject had a light colored cloth wrapped around his face, covering from the bridge of his nose down.

The witness also said he heard the racking sound of a shotgun and the blast that happened short-

ly afterward. What the eyewitness said next has police believing there are two or more subjects involved in the crime. The eyewitness told deputies he heard a male voice state "check him, check him," in reference to himself.

"What makes us think there is two because the witness heard one man yell to another," Olson said.

One of the subjects then started to grab the witness's clothing around his neck, but then another subject stated "Let's go here comes county!" Deputies didn't arrive until minutes later, but other concerned customers did approach the store.
