IT'S McCARTY - WARREN FOR GOVERNOR

Stenstrom Polls Heavy Vote For County Judge

Nip And Tuck Race Develops Between Two Leaders With Colin English 3rd

JACKSONVILLE, May 5.—(AP)—1137 precincts out of 1537 in Florida this afternoon reported the following results in the governor's race:
Fuller Warren 129,519
Dan McCarty 127,065
Colin English 67,588
W. A. Shands 49,774
Tom Watson 40,870

JACKSONVILLE, May 5. (AP)—Fuller Warren of Jacksonville and Dan McCarty of Fort Pierce were waging a nip-and-tuck battle today for first place in the home stretch tabulation of an estimated 500,000 votes in Tuesday's Democratic primary.

Warren moved into a slim lead over McCarty early this afternoon as returns from the West Florida area were added to the totals previously tabulated from counties where voting machines are used. Warren is a native of Calhoun county.

Official tabulations at 12:30 P. M. from 1034 of the state's 1,537 precincts gave Warren 121,053 and McCarty 118,953.

This vote assured a runoff May 25 between the two young veterans of World War II. They were far ahead of seven other candidates who sought nomination to succeed Governor Millard Caldwell.

McCarty led consistently in earlier tabulations, and at times he was as much as 5,000 votes ahead in the counting.

Colin English, state superintendent of public instruction, clung to third place, but he was far behind the two race setters. His total was 67,588. Senator W. A. Shands of Gainesville was fourth with 49,774 and Attorney General Tom Watson was fifth with 40,870. Four others had less than 20,000 among them.

The 12:30 P. M. tabulations covered 399,925 votes. Probably as many as 1,000,000 remained to be reported, most of these were in smaller counties. Counties where voting machines are used had reported their complete totals. This is McCarty's first race for a statewide office. He served three terms in the state legislature and was speaker of the house in 1941 before he entered service. He served as a lieutenant in World War II.

Dan McCarty Carries Seminole Over Warren

Leaders In Florida Are Also Leaders In Seminole Vote; English Is Third

Dan IS The Man

Dan McCarty, 36 year old citrus grower and cattleman of Fort Pierce, is the man right now, and is rolling up a big vote throughout Florida to give Jacksonville's Fuller Warren a tight race in the gubernatorial competition. Seminole County gave Dan a plurality of nearly three hundred over his opponent. Both speakers drew large crowds during their campaign visits here, and even larger attendance is expected as the two square off for the May 25th primary.

Truman Still Hopes To Bar Rail Walkout

Ross Says There Is No Tangible Evidence Of Any Plan Agreement However

WASHINGTON, May 5. (AP)—The White House said today that President Truman still hopes for a settlement to avert the threatened railroad strike. Presidential Press Secretary Charles G. Ross said the President holds to that hope despite the collapse of efforts to mediate the wage dispute.

Ross talked with reporters just before Frank Douglas, head of the National (Railway) Mediation Board, began a conference with presidential assistant John R. Steelman.

The conference was for Douglas to report on the collapse of negotiations at Chicago looking to an agreement between representatives of the railroad brothers and of the carriers.

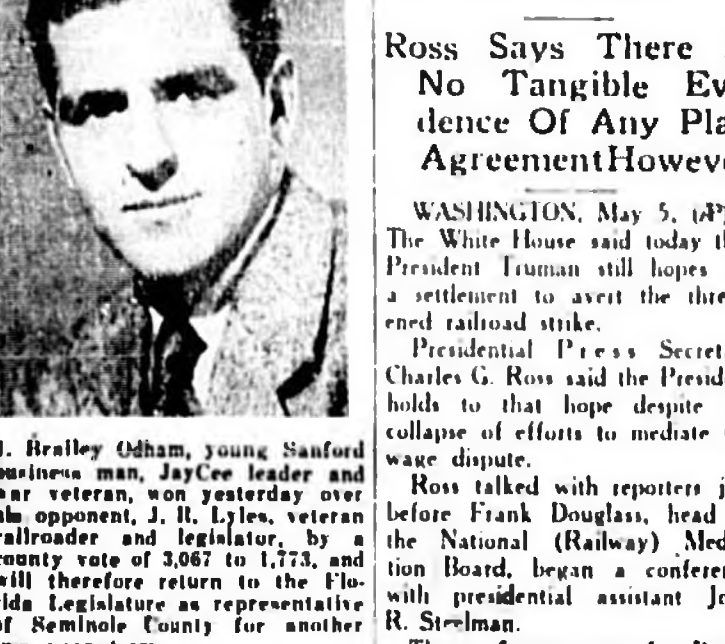

The strike has been called for next Tuesday. In reply to questions, Ross said he knows of no tangible evidence that an agreement can be worked out. He said that "there is still a possibility the proposed strike will be settled," and that "the President has not given up hope."

He added that until the last minute before a strike there is "always a chance" for an agreement. He said Mr. Truman was clinging to that hope.

At the same time he said he did not look for any important developments today. He did not know whether representatives of the carriers and brotherhoods would be called to the White House.

Government attorneys say the President has power to seize the railroads. That would be a step of last resort.

Odham Wins

J. Braxley Odham, young Sanford business man, Jaycee leader and war veteran, won yesterday over his opponent, J. R. Lyles, veteran railroader and legislator, by a county vote of 3,087 to 1,773, and will therefore return to the Florida Legislature as representative of Seminole County for another two year term.

Odham Defeats Lyles For Legislature; Mero And Hickson Will Run It Off

Most of Seminole County's office holders were re-elected yesterday when the largest turnout in the history of this county went to the polls to pass judgment on their public servants. In those races where there were more than two candidates and a runoff is indicated, the incumbents were among the two high men. The Herald's unofficial tabulation revealed today.

Out right winners were Braxley Odham for representative, T. W. Lawton for school superintendent, John Galloway for tax collector, Mrs. Lourine Beal for supervisor of registration, H. B. Pope for County Commissioner, District No. 3, W. C. Kilbee for County Commissioner in District No. 5, Herman (Foot) Brumley for constable, District No. 4, Roy Burkholder for justice of the peace, District No. 6, and W. A. Lewis for constable in District No. 6.

A runoff in the second prim will be necessary to decide the winner in the sheriff's race, the county judge's race, and the county commissioner in the Longwood district. Percy Mero and Jack Hickson led in the sheriff's race and Douglas Stenstrom and Judge R. W. Ware face a runoff for county judge.

Eighteen young veterans who only recently graduated from Stetson University, came within a few votes of defeating his four opponents in the first primary. He received 2571 votes, or 44 percent of the total cast for this office. Judges received 358; Karyl; Householder, 1039; James G. Sharon 472; and John Leonard, 331.

The sheriff's race was fairly close between the two leaders. Mero got 2378 votes, and Hickson 1905. The other contenders lined up as follows: Carl Williams, 642; Lewis Tate, 338; E. E. Brady, 309; E. K. Walker, 173; (Continued on Page 2)

William E Howard Negro Boy Scout Camp Is Dedicated

The William E. Howard Camp for negro boy scouts, located near Markham on Twin Lake, was dedicated Sunday with about 1,000 present, including a number of white visitors.

Mr. Howard, who represented the Central Florida Council of Boy Scouts, is the man who has donated large amounts to the camp, was present from DeLand to speak at the ceremonies.

Dr. Eccleston, negro dentist of Orlando, and also a donor to the building of the camp, served as master of ceremonies. E. C. Hogans of the Boy Scout Executive Council, told of the work of the council.

The new mess hall of concrete block construction, has been completed, and includes offices, James Foster, negro field man for the Central Florida Council, has charge of the camp activities which include training in swimming, and life saving methods. About 100 men are taking this course at the present time.

Members of the Scout Council said that they were very pleased with the camp and that they hope the aquatic program will be a yearly event. The camp includes more than 50 acres of well shaded ground, buildings, water tower and pump and a dock in the lake.

William Scott Hazgrave, formerly of Richmond, Va. and resident of Sanford for the past year, recently joined the police force, a lives with his wife and two children at Lake Monroe, and during World War II served with the Navy Air Corps with the rating, AMM-1c.

OVILO MAN WINS
J. Allen Thomas, son of Rev. Mrs. J. N. Thomas, won the athletic coach at Vero Beach schools, who is running the Super-Independent of Public Instruction in Indian River county, received 1776 votes for his opponent, 908. He is from Ovielo.

Anderson Declares Farm Prices Will Decline In Future

PHILADELPHIA, May 5.—(AP)—Secretary of Agriculture Anderson said today that farm prices probably will decline a third in the next few years even under favorable conditions.

He said they still would be at a fair level after such a decline. He said farmers might experience at worst a repetition of 1920-21 when farm prices dropped 60 percent in 12 months.

"However, we do not need to go through the wringer again," he said, "if conditions are unfavorable we must maintain both domestic and foreign policies that will prevent it."

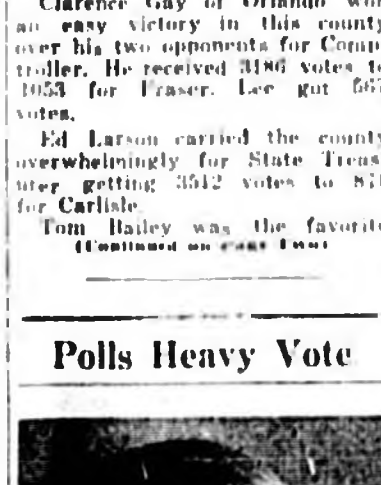

Anderson gave his price prospect views in a talk prepared for delivery at the University of Pennsylvania.

He said three things are needed to prevent another farm depression: World economic recovery, domestic farm programs, and an active domestic industry maintaining a high level of food consumption.

Anderson said there already are some unfavorable signs in agriculture.

He listed them as an upward trend in farm debts, threats of surpluses in the present high level of production, a recent downward trend in buying power of farm products, and an abnormal pattern of production based on wartime demands.

Polis Heavy Vote

O. Douglas Stenstrom, veteran of the Pacific campaign of World War II, and graduate of the University of Florida and Stetson Law School with AB and LL.B. degrees respectively, polled so large a vote throughout Seminole County in the race for County Judge, that he nearly voted the necessity of a runoff in the second primary on May 25th.

Judge Herlong Has Substantial Lead In Race For Congressman

JACKSONVILLE, May 5.—(AP)—Two veteran state cabinet members won renomination in yesterday's Democratic primary.

Commissioner of Agriculture Nathan Mayo, running for his sixth four-year term, outdistanced his only opponent, former justice Major Ammon McClellan by four to one. Returns early today from 776 of the state's 1,537 precincts gave Mayo 144,062 and McClellan 36,026.

J. Ed Larson outdistanced R. F. Carole for Treasury, 142,807 to 37,523.

R. W. (Dick) Ervin of Tallahassee and E. Grady Burton of Washula were assured positions in a runoff May 25 of a four-man campaign for attorney general, to succeed Tom Watson who ran for governor.

Ervin topped the tabulations in 761 precincts with 72,153 votes, followed by Burton with 60,289.

E. Grady Cress of Jacksonville with 39,841 and Hugh McArthur of Tampa with 27,019. These returns came mostly from the big counties where voting machines are used.

Clarence Gay held a 17,000 lead over two opponents for comptroller. Gay was appointed to the post by Governor Caldwell in 1946 when Comptroller J. M. Lee died.

The vote in 552 precincts: Gay 114,425, Senator Ed Frazer of MacClenny 72,742 and H. A. Lee of Gainesville 25,304. If Gay holds the lead, he will win nomination for a four-year term without a runoff primary.

Mrs. Louisa Grant, 86, Dies Yesterday At Home In Geneva

Mrs. Louisa D. Grant, 86, widow of the late J. C. Grant of Geneva, died at 3:35 A. M. Tuesday at her home in Geneva. Born in West Point, Ga. Oct. 23, 1862. Mr. and Mrs. Grant moved to Geneva in 1928.

Affectionately known to her friends as "Grandma", Mrs. Grant was the daughter of Mrs. Emaline Evans and Stephen Evans of Georgia. She and Mr. Grant were married on Dec. 19, 1883 in Jackson, Ga. The deceased was a member of the Towaliga Baptist Church in West Point.

Survivors include one son, Hillie Grant of Geneva; three daughters, Mrs. Nevada D. Pitts, Jacksonville; Mrs. Callie Grant Davis, Jacksonville; Mrs. Leila Grant McKinney of Jacksonville; five grandchildren, Mrs. Florence Griffin, Winter Haven; Mrs. Leola Nicholls, West Palm Beach; Mrs. Vernon Mills, Jacksonville; also nine great grandchildren.

The body will lie in state in the Geneva Baptist Church from 2:15 P. M. until 3:00 P. M. when the funeral will be held with the Rev. W. P. Kyzer officiating. Burial will be in Evergreen Cemetery, Erickson Funeral Home is in charge of arrangements.

Seminole High Will Meet Cocon Tomorrow

The Seminole High School Celery Fed baseball aggregation will meet the Cocon High nine at the high school field tomorrow afternoon at 2:30 o'clock, it was announced this morning by principal H. E. Morris.

The newly constructed field will be dedicated before the contest, and several of the city and county officials are expected to be on hand for the occasion, Morris added.

colonel in the supply section of the American Seventh Army in Europe. He is 36 years old. This is Warren's second race for governor. He finished third in 1910, when Spessard Holland and Francis Whitehair led the field and Holland defeated Whitehair in the runoff...

This also is Attorney General Watson's second bid for governor. He ran in 1932 and finished last in a field of eight. He has been attorney general for eight years. McCarty took the lead in early tabulations from the state's large counties where voting machines are used, and held it consistently...

Warren showed general strength in all sections of the state, and ran ahead of McCarty in most of the smaller counties, particularly in the northwest tier of counties. The winner of the McCarty-Warren runoff will be assured of election to the governor's office in Florida by 14 to 1. There are 205,000 names on Democratic registration books...

Senator Shands conceded his defeat in the governor's race with a statement early today in which he said: "The new friendships which I have made will enrich my continued life in Florida, and with them, my friends and associates and all the people of the state, I shall strive to serve the best interests of a greater Florida."

McCarty's and Warren's votes were approaching the totals by which Caldwell and R. A. (Lex) Green went into the runoff primary for governor in 1914. In that year, Caldwell led the field with 116,111, and Green had 115,300. Then in the runoff primary Caldwell defeated Green 215,485 to 174,100...

Final tabulations will put Warren and McCarty ahead of the Caldwell and Green totals. In 1914, estimates that there would be 600,000 or more votes did not materialize, on the basis of balloting in some of the larger counties. Dade county (Miami) has 157,000 registered, voted only 77,220, while Hillsborough with 65,000 registered voted 43,088...

Returns were virtually complete from the larger counties where voting machines are used. Counting was slow in other counties because of the length of the ballot. Taft Race

Republican sections of the state gave me overwhelming support. I am deeply grateful to the Republicans of Ohio for the wonderful support which they gave me in the primary contest," Taft said.

Judge Herlong

(Continued from Page One)

Richard Mack of Coral Gables held a 22,000 vote lead over former Congressman R. A. (Lex) Green for railroad commissioner. The vote from 633 precincts showed Mack with 93,707 and Green with 71,704.

Green was an unsuccessful candidate for governor in 1914 and for United States senator in 1916. Mack was appointed to the railroad commission last year by Governor Caldwell when W. H. Douglas died.

Secretary of State R. A. Gray was renominated without opposition, and his name did not appear on the primary ballot. Congressman Bob Sikes of Ocala held a 3 to 1 lead over John W. Cole, Pensacola newspaper man, for the third district congressional seat. Returns from 56 of the district's 350 precincts gave Sikes 7,356 and Cole 2,141.

Congressman Emory Price of Jacksonville had a 76-vote lead over Charles E. Bennett of Jacksonville in 50,000 votes that had been tabulated early today in the second district. The totals from 191 of the district's 277 precincts showed Price 25,138 and Bennett 24,733.

Syl Herlong of Lake County apparently won nomination over two others for the fifth district congressional seat to which Rep. Joe Hendricks did not seek reelection. Returns from 133 of the district's 291 precincts gave Herlong 17,773, John W. Hicks of Daytona Beach 4,356 and Virgil Conner of Deland 4,034.

Three other Florida congressmen were unopposed for re-nomination. They are J. Hardin Peterson of the first district, George Smathers of the fourth, and Dwight Rogers of the sixth. Former Rep. Bernie C. Papp of Key West was nominated over Tom O. Watkins and Milton Parratt to fill the vacancy created by his (Papp) own resignation.

Richard Mack of Miami defeated former Congressman Lex Green by 2076 to 1925 for re-election to the office of railroad commissioner.

Group Argues Ways, Dual Purpose Gear To Better Nation's Medical Services Is Being Tested

WASHINGTON, May 5.—(AP)—National Health Assembly delegates agreed yesterday the nation's medical services must be improved—but whether by voluntary or compulsory means stirred hot debate.

President Truman opened the three-day meeting with a renewed plea for his national health insurance program patterned after social security. The chief executive at the same time predicted there are great atomic discoveries "just on the brink."

Dr. R. L. Sensenich, president-elect of the American Medical Association, led the opposition to compulsory health programs at a panel discussion Sunday. Describing government plans in such fields as "always clumsy," Sensenich said the best social system is one that gives people the chance to "do for themselves."

In his speech Saturday night, Mr. Truman said it was a "crime" that nearly 33 1/3 per cent of young men were rejected for service in the war because of some mental or physical defect.

He said one reason he wants behind the scenes—that there are great discoveries just on the brink that will make the world a greater place in which to live.

Before their meetings end, the health assembly delegates are expected to recommend a 10-year program covering at least 14 points of national health.

DAYTON, O., May 5.—(AP)—Landing gear designed to let a big cargo airplane down safely either on concrete or deep snow is being tested at Fairbanks, Alaska.

The gear is a combination ski and wheel developed by the Aircraft Command and the Federal Aircraft Works of Minneapolis. The skis can be raised or lowered electrically in relation to the wheels.

They were originally made for use on C-47 cargo planes and used on the recent Naval expedition to the South Pole. The gear now has been adapted for use on a Fairchild C-82 and is the first electrically operated and the first using a nose ski in addition to the two main skis.

The center portion of the skis are cut out to permit the wheel to stick through. The main skis are 18 feet long and four feet wide and have small wings attached to keep them in position. They are almost completely retracted during flight.

AMC officers said the ship was being tested on all types of snow and ice for take-off, landing distance, and turning radius. They said the gear would make it possible to use airfields most of the year and air transportation available to arctic areas.

Mother's Day Good Time For Parties

By CECILY BROWNSTONE
Have you thought of rounding in mothers and daughters for a Mother's Day Tea? The Saturday before Mother's Day would be a good time for the celebration. When I was in public school I knew so few of the mothers of my classroom friends, and I have a feeling lots of youngsters feel the same way now. This would be a good occasion for a group of mothers and daughters to get acquainted.

The tea itself can be simple with beverages, sandwiches and a special cake. Add ice cream or sherbet, of course, if you like. If you choose to make the Rose Cake pictured you'll have something unusually lovely. Although the cake may sound complicated when you first read the recipe that follows, actually the making of it isn't. You simply make four loaf cakes to form the large square cake, frost them with a fluffy pink frosting, and insert dark pink roses in the space left for a container in the center.

An unusually good, savory sandwich filling is made with a cup of finely ground cooked frankfurters, a half-cup of finely chopped walnuts, a tablespoon of prepared mustard and a half-cup of mayonnaise or mayonnaise-type salad dressing.

MOTHER'S DAY ROSE CAKE
34 cups sifted all-purpose flour
4 teaspoons double-action baking powder
1/2 teaspoon salt
2/3 cup butter or margarine
1 1/2 cups sugar
1/2 teaspoon rose extract
2 eggs
2/3 cup milk
2/3 cup water

Measure out ingredients 3 times. Mix one at a time in following manner: Cream butter or margarine, sugar and rose extract until light and fluffy. Add egg and beat well. Sift flour with baking powder and salt. Add about half of the dry ingredients to creamed mixture and about half the milk and water. Stir until smooth; add remaining dry ingredients, milk and water and stir until batter looks creamy. Have ready four well-greased and floured heat-resistant glass loaf dishes. Fill one dish 3/4 full. Repeat procedure and fill 2nd dish;

Princess Anne Said Not Renouncing Faith

COPENHAGEN May 5 (AP)—Princess Michel of Bourbon Parion said yesterday she would not renounce the Roman Catholic faith.

Michel's statement was made in response to questions about a proposed marriage to the Greek Prince Mihail. She said she would not renounce her faith in order to marry former King Mihail of Romania. Mihail is a member of the Greek Orthodox church.

She has never heard anything about the marriage, she said. "I was present at the family meeting in Paris and such a statement was not made. Should anything serious like that later have been decided I would have known."

Princess Michel refused last March to accept a dispensation permitting the marriage. Vatican sources said. The mothers of Mihail and Anne had visited the Pontiff in the hope of obtaining the dispensation.

Reports have cropped up in Lausanne, Switzerland, that the marriage had been postponed indefinitely. Mihail's aide, Maj. Jacques Vergotti would not confirm or deny the reports.

Britain To Receive \$35,500,000 ERP Aid

WASHINGTON, May 5 (AP)—A \$35,500,000 shipment of food to Britain under the European Recovery Program was authorized today by Paul G. Hoffman, Economic Cooperation Administrator.

The supplies—wheat, flour and bacon—will be purchased in Canada with U.S. funds.

The allotment to Britain under the recovery plan was the first to that country and the largest single allotment.

Hoffman acted immediately after the British filed a "letter of intent" qualifying them for aid under the recovery plan.

The shipment will be made up of 24,000 long-tons of wheat worth \$17,000,000, 61,000 long-tons of wheat flour worth \$5,000,000 and 13,440 long-tons of bacon valued at \$11,000,000.

Hoffman also announced that three other European countries—Belgium, Ireland and Ireland—will also receive aid. China has filed the "letters of intent."

SOUTHSIDE PTA TO MEET

THE GARDEN GATE

MRS. E. C. KILPATRICK, JR., Editor
Weekly Column of the Sanford Garden Club

We learned last week from Mrs. Morrison's Linnaea that he had a position for orderly arrangement of the floral kingdom. This week we continue about this renowned Swedish scientist.

In 1753, Linnaeus was given the title "Knight of the Polar Star," later a patent of nobility—the first time a scientific man had been raised to that honor in Sweden, at least by the Swedish equivalent of his name, Carl von Linné.

Besides his vast botanical collection, Linnaeus left 180 published works. His widow and son sold them to a collector who had been later purchased by subscription for the Linnaean Society of London who now possesses his manuscripts and the letters he received from his contemporaries.

A summary of the outstanding contributions of the "Father of Botany" are the knowledge of the scientific facts about the reproduction of plants, their classification, according to their floral parts, and the normal method of naming them. (You will remember last week it was related how Linnaeus simplified the family names).

Other naturalists and botanists have come after Linnaeus, adding to his knowledge, or correcting his mistakes. The main contribution of more modern scientists is the knowledge of evolution and mutation in plant life, that it is not static but forever changing.

So long as we mentioned in a previous column of Linnaeus, the way he came joyfully to name some plants after his friends, it came to us you might like to know that our own Mrs. Henry Wright, first President of the Sanford Garden Club, was at least once honored by having plants named for her and that her daughter, Mrs. C. R. Kirtley, Golden Lake, was also honored.

Professor Mead of Orono named a calcium green with a red center, Susan H. Wright. This was for several years advertised positively in Deakin's catalogue, Philadelphia. We remember Mrs. Wright said Prof. Mead remembered Mrs. Wright's floral collection and that suited the called "Susan's" name. Kirtley's honor was shown when she was but fourteen. Prof. Nehrling naming Margaret a white fly, having white stamens and belonging to the Citrus family. This fly is considered rare. But while we are on the subject of nomenclature we would call your attention to the red files of this name now edging Mrs. Wright's front yard. They are at their best now. Later we shall tell you more about these.

Marshall Says Red Officials Must Be Shown Cooperation

WASHINGTON, May 5 (AP)—Secretary of State Marshall said today Russian leaders must be convinced the Soviet Union can "live side by side in peace" with the Western powers in the United Nations.

He made that argument in opposing any drastic shakeup of the U. S. without Russian agreement. Such a step, Marshall said, probably would destroy the organization and mean setting up rival military alliances.

Marshall appeared before the House Foreign Affairs Committee, which is considering proposals for reorganizing the U. S. "with or without Russian cooperation."

He said what the world needs today is not new structures for power but better use of the organization which already exists.

His testimony amounted to a plea to Congress not to express its impatience with the present U. S. and its objections to Russian conduct. Lawmakers have complained especially about Russian treatment of the long peace pact.

The committee also planned to call Warren Austin, U. S. delegate to the U. N., for his views on reorganizing the peace league.

In testimony of the hearing, Hon. Alexander M. Holtz said Latin America will go along on any move to curb the life cover veto by the U. N. Mansfield attended the Latin American Conference at Bogota as an observer for the House committee.

Senate, House GOP Leaders Seek Meet On Draft And UMT

WASHINGTON, May 5 (AP)—A conference of Senate and House Republican leaders was proposed today to seek an agreement on defense legislation, including the proposed draft and Universal Military Training.

Senator Taft of Ohio, chairman of the Senate GOP policy committee, took the lead. He announced after a meeting of the committee "I will see Speaker Martin and we will try to have a consultation on the matter."

As things now stand, the Senate Armed Services Committee and the similar House group are working out sharply different manpower measures.

The Senate committee proposes a draft of 161,000 18-year olds for one year of training as well as a draft of men from the 19-25 age bracket for regular service. The House committee has turned down training of 18-year olds.

Further, Rep. Leo Allen (R-Ill.) has come up with a plan to offer bonuses to volunteers and try to get along without a draft. Allen heads the powerful House Rules Committee. That group has kept a Universal Military Training bill bottled up for nine months.

TEEN TALK

Let's call a halt to revolution on the human front and give Mom a memorable Mother's Day. It is too bad that in many homes today Mom and Daughters seem all their time fending and fessing. Daughters complain that Mom is too strict. Mom says Daughter is inconsiderate.

Here is a letter from Sally M., a typical teen-ager. Sally is trying to be a mediator between Mom and Daughters, and says that Mother's Day would be a good day for the kids to make some promises to Mother and for Mom to make a few, also. Here's what Sally has to say:

"I think it would be nice if maybe kids would try to understand mothers better. On the other hand Moms could make a bigger effort to understand us kids. For instance, when the gang comes to the house, we wouldn't mind and think it is right, to introduce Mom to the crowd. If only Mom would come down and seem to leave the room after she has said a few words to everybody. It is embarrassing to have Mother hold a chair in the room looking like a chaperone of a certain school.

As for the thing, we wouldn't mind getting in at the curfew hour as a regular thing, if only Mom would listen to reason when we are a little late occasionally. Sometimes by waiting an extra half hour it is easier to leave a party without being labeled a wet blanket. Or, perhaps the gang will decide to stop for a hamburger or when you are practically to your room, feed them. What's wrong with that? In any case it is a little embarrassing to meet Mom at the gate or see her leaning out the window. Worse than that and added misery is to be handed out in front of the gang. "And while we're on the subject of mothers who pick," continues Sally, "we would not mind postponing a date 15 or 20 minutes so Mom could nag or scold us before the date arrives. It seems everytime an extra-special, special comes to the house Mom starts a routine about you mean you're going out before you dry the dishes?" or "you didn't bring up your room suit" or "be home early."

"Sometimes Mom will make small excuses while a party is going on. We'd certainly be happy to help her clean up after a party if only she wouldn't walk in every few minutes to empty ashtrays and burnet table tops and yep for burning cigarettes. A kid sitting on the arm of a chair feels like a criminal when he's caught in the act by Mom. Actually, it is easier for the kid who is hostess to say "how about getting off the arm of the chair?" than to have Mom scold off about "the inconsiderate younger generation."

All in all the kids really want a home life that is smooth and they all want to get along with their mothers. But somehow Mom doesn't realize a teen-age girl is a grown-up girl. Maybe if Mom would try treating her teenage daughter as an adult. Daughter ought to be willing to baby Mom.

Sanford Will Meet Leesburg In Tilt Here Tonight

Locals Drop Game To Azaleas, 6-5; Lisiewski Will Get Mound Call

The Sanford Giants are slated to meet the Leesburg Pirates at the Municipal Park tonight with Eddie Lisiewski getting Manager Hal Graber's call to duty on the hill.

Last night the Palatka Azaleas nipped the Sanfordites by a 6 to 5 count in a ten frame tilt. Catcher Tony Connelly singled in the tenth frame to send Tommy Tabb across the platter with the winning margin. Connelly rapped a four fly poke over the left field beam in the eighth frame with one mate aboard to knot the count at 5 all.

Tomorrow night the Giants invade Leesburg for a return engagement with the Pirates, and on Friday evening the Grabermen play hosts to the Daytona Beach Islanders.

Sanford goes to Daytona Beach for a contest on Saturday and move to Gainesville for a Sunday afternoon game.

U. S. Grocers Warned Man Faces Dark Age

MEMPHIS, Tenn., May 5 (AP)—The United States Wholesale Grocers Association had a warning yesterday that mankind faces another dark age unless America tears down its tariff walls.

Walter J. Matherly, dean of the college of business administration at the University of Florida, told the group yesterday that under the present system "we permit other countries to enrich themselves at our expense."

HUSBAND SLAYER GAINESVILLE, May 5 (AP)—

Sheriff Fred Holloman said here today that he was holding Mrs. Charles C. Carnely, 36-year-old Hawthorne housewife in the slaying of her husband Monday night.

Holloman said the shooting took place at the home of the couple and apparently followed a family argument.

Win At Night And Cop Pennant Is Pattern Cardinals Follow

By JOE REICHLER Associated Press Sports Writer The St. Louis Cardinals this season are following an old national league custom—win at night and you win the pennant.

That proved to be the winning formula in 1946 and 1947. The Cardinals were the best night owls in '46, winning 32 and losing 22 for a .593 percentage. Brooklyn was second at night, 12 percentage points behind.

Last year it was the other way around. Brooklyn had the best night game percentage, .703. The Cardinals were second with .689. That's the way they finished during the regular season—one-two.

The Cardinals have played twice under the lights this season, and won both times. They gained their second victory last night, defeating the Dodgers in St. Louis, 5-4. Last Saturday they whipped the Chicago Cubs, 4-0.

The Cards take undisputed possession of third place, a full game ahead of the fourth place Dodgers.

That was the only National League game yesterday. Rain washed out the scheduled day contest between the Philadelphia Phillies and Cubs at Chicago.

A heavy downpour also put an abrupt halt to the Boston Braves-Pirates night game at Pittsburgh after the Braves had taken a threeinning 3-0 lead. The New York Giants and Cincinnati Reds were not scheduled.

The hustling Philadelphia Athletics gained ground on the American League leading Cleveland Indians when they nipped the Tribe 8-6 in 10 innings at Philadelphia.

The two teams are even in games. But the Indians lead by 62 percentage points, having played fewer games.

The New York Yankees moved up to third place, within a half game of the leaders, by thrashing the St. Louis Browns 6-1 at the Yankee Stadium.

The Boston Red Sox registered their third successive victory as they pasted the Detroit Tigers 6-3 at Fenway Park.

In the American League's only night game, the Chicago White Sox scored two runs in the top of the fifth inning to tie the Senators in Washington 3-3. Rain ended the game at the end of the fifth.

Curtis Cuppers Begin Delayed London Jaunt

By AUSTIN HEALMEAR NEW YORK May 5 (AP)—The treasured Curtis Cup begins a long-delayed trip to England today, chartered by seven of this country's best feminine golfers whose immediate objective is to bring it back.

The U. S. team was to sail early this afternoon to meet the British women at Birkdale, England, May 21 and 22, in the first Curtis Cup matches played in ten years.

Since the trophy was put in play in 1922. The closest British have come to a victory in the biennial competition was a tie at Glenogle, Scotland, in 1936.

Mrs. Glenna Collett Vare of Merion, Pa., captain of the American contingent, calls it "the best team we could possibly have."

The feeling between captain and team is mutual. In the words of Mrs. Estelle Lawson Page of Chapel Hill, N. C., "We all think we have the best captain available."

Mrs. Vare and Mrs. Page are the only members of the American team who have played in Curtis Cup competition and the only ones who ever played previ-

Rev. W. P. Yesley Services Will Be 10 A. M. Thursday

Dr. Paul Carpenter Is To Officiate; Burial In Missouri

Funeral services for Rev. W. P. Yesley, whose death occurred suddenly yesterday when he suffered a heart attack while attending a church conference in Orlando, will be held Thursday morning at 10:00 o'clock at the First Christian Church with Dr. Paul C. Carpenter, pastor of the Central Christian Church of Orlando officiating. Interment will be in Missouri. The body will lie in state at the Erickson Funeral Home from 8:30 until 9:30 A. M. on Thursday.

Rev. Yesley came to Sanford about two and a half years ago from the Northwest Christian Church in St. Louis, Mo. at the suggestion of Rev. T. Boyd Clayton, then State Secretary of the Florida Christian Missionary Society. Rev. Yesley was president of the Sanford Ministerial Association, president of the Seminole County Tuberculosis Association, and chairman of the newly organized Executive Club of Sanford. He was also on the hospital board, and a member of the Kiwanis Club.

Born in St. Louis, Mo. on Feb. 16, 1894, he graduated from the St. Louis high school and received his Bachelor of Arts degree and his degree as a Doctor of Sacred Literature at Texas Christian University. He also received a B. D. degree from the College of the Bible at Lexington, Ky.

For several years he taught in Christian Bible College at Denver, Colo., leading several boys to the ministry while there, and later served at the following churches: Las Animas, Mansanada, and First Church in Denver. There he was director of religious education in the men's class and also served the church at Canyon City, Colo.

He was pastor at the Smithville, Mo. church for eight years, and just before coming to Sanford he served the Northwest Christian Church at St. Louis, Mo. He was prominently identified with the inter-fellowship of all faiths and was interested in the newly organized Florida Council of Churches.

He is survived by his wife, Mrs. Emily Yesley; his father, W. E. Yesley of St. Louis; two brothers, Charlie A. Yesley of St. Louis and Harry Yesley of Estes, Colo.; one sister, Mrs. Ethel Bradley of St. Louis.

MacArthur Warns Japanese To Guard Their New Freedom

TOKYO, May 5 (AP)—Japanese were warned by General MacArthur yesterday to guard jealously the freedom promised by their new constitution—a document still strange to this land.

The supreme allied occupation commander, in a long message marking the first anniversary of Japan's constitution, observed that "the forces of despotism, composed of willful minorities, are on the march in every land."

"Whether they be of the extreme left or of the extreme right makes little difference, for their purpose is to destroy freedom," he added.

MacArthur urged the Japanese to maintain ceaseless vigilance "to insure that the maximum of local autonomy is preserved if democracy now firmly planted, is to survive."

Thus far, there is no proof the Japanese can and will live under their new constitution. Legally, they have depended upon MacArthur and his staff for inspiration and guidance.

The Japanese government observed constitution day with brief ceremonies. Exemplifying the constitution's denial of the emperor as divine, four top-ranking officials turned their backs on Hirohito during the ceremonies.

BELGIAN CABINET BRUSSELS, May 5 (AP)—Premier Paul-Henri Spaak announced the resignation of his coalition government tonight.

The cabinet had been in office since March, 1947. Differences over government subsidies for schools led to a governmental crisis.

Spaak told newsmen he had seen the prince regent and that the regent would start consultations immediately with political leaders with the object of forming a new government.

County Races

(Continued From Page One)

T. W. Lawton, who received 5973 votes, had more support than any other candidate in yesterday's election, but he was closely followed by Mrs. Lourine Neal who got 3814 votes. Both were easy winners in their respective races. Mr. Lawton defeated Alex Johnson who received 1403 votes for school superintendent, and Mrs. Neal defeated Duncan who got 1207 votes for supervisor of registration.

Brailey Odham was re-elected representative over his opponent J. R. Lyles by a comfortable margin of over a thousand votes. Not including Monroe which had not reported in this race at the time this was written, Odham received 3067 votes to 1773 for Lyles. Odham's total in the two city precincts was 2077 to 1212 for Lyles. John Galloway was re-elected tax collector by 3269 to 2139 over E. C. Smith with all precincts complete. Galloway got 2218 votes to 1274 for Smith in the two city precincts and the total vote in the county precincts was 1051 for Galloway to 865 for Smith.

H. B. Pope, who had multiple opposition will not have to go into a runoff. In his race for re-election to the County Commission, he received more votes than all three of his opponents put together and since he received a majority no runoff is necessary. The vote in this race was Pope, 1187; Boston Street, 407; Monroe Smith, 193; and Jay Beck, 116.

W. T. Kilbee defeated Ritchie for re-election to the County Commission, but Ben Overstreet who led his three opponents faces a runoff with either Fouraker or Bryan who in the Herald's unofficial count tied for second place. The actual winner of second place in this race will have to await the official tabulation. Overstreet received 322 votes; Fouraker, 240 and Bryan 164 apiece and Arnold 143.

Herman (Foot) Brumley won over both of his opponents in his race for constable and will not have to go into a runoff. Brumley received 1880 votes to 860 for Brewer and 268 for O'Neill.

Lewis defeated Heller for constable in District No. 6 by 448 votes to 397. And Burkholder defeated Morrison for justice of the peace in District No. 6 by 479 to 276.

AIR FORCE ASSISTANT WASHINGTON, May 5 (AP)—President Truman today nominated Maj. General Mair Stephens Faithchild to be vice chief of staff of the U. S. Air Force, with the rank of four-star general.

Twenty Years Ago Today

An exceptionally delightful social affair of the week was that of Friday afternoon when Mrs. A. W. Lee, Jr. entertained the members of the Sans Souci Bridge Club at her home in Highland Park.

A colorful and fragrant assortment of Spring flowers including roses, snap dragons, verbena, carnations and larkspurs were used in baskets and bowls about the rooms where the games were played.

Tallies in keeping with the decorations were used for the games, and after the usual number of progressions had been played, the prize for top score was won by Mrs. Clyde Byrd.

When the games had been concluded the hostess served refreshments consisting of congregated fruit salad, sandwiches, saltines, cakes and iced tea.

The bridge players included Mrs. Clyde Byrd, Mrs. James L. Wells, Mrs. Edmund Meisch, Mrs. Braxton R. Haggitt, Mrs. Raymond G. Fox, Mrs. Emmett McCall, Mrs. Lee A. Conley and Mrs. W. W. Potter.

Mrs. E. A. Douglas returned home Friday from Tampa where she spent a short time as the guest of Mr. and Mrs. Howard P. Smith.

Mrs. Walter S. Coleman, Mrs. Harry B. Lewis and Mrs. George D. Bishop left Friday for Tampa where they will join Mr. Coleman and spend the week-end.

Mrs. J. M. Dresner, who has been the guest of Mrs. M. Kronen at her home on E. 10th St. for the last two weeks, left yesterday for her home at Daytona Beach.

Mrs. Maggie Morrison and daughter, Miss Bertha Morrison, of Palatka arrived here Saturday to spend the week-end at the home of the former's sister, Mrs. Clarke Leonard at her home in Mayfair.

Meet The Candidates: Dewey

By HENRY LEADER

ALBANY, N. Y.—Millions know Thomas E. Dewey as the man with the mustache who wants to be President, but few know the New York governor as a person.

Enemies, and admirers, react strongly to Dewey's personality and describe him accordingly.

Dewey never lets his hair down in public. Seldom in private, social or business contacts, either, and then only part way.

It would run counter to his character, which traces back to his boyhood in Owosso, Mich., and he insists on not doing anything that doesn't come naturally.

Press photographers can cite many instances of Dewey's refusal to pose for pictures in roles he would not customarily portray.

For example, a photographer at a county fair urged the governor to remove his coat, roll up his sleeves and try to ring the bell atop a slab-like pole with a mallet. Dewey refused, explaining he did not indulge in a such pastime.

Yet at a fair in Springfield, Mass., last year he offered no objections when a photographer snapped him feeling a cow.

Dewey owns a big dairy farm at Paudling, Dutchess county, and examining a cow is not out of character with him.

It has been said that the governor, who is 5 feet 8 and a fraction inches tall—above the average height of draftees in the last war—avoids having his picture taken with taller persons.

The evidence contradicts this. He poses willingly with his 15-year-old son, Thomas E., Jr., who stretches to nearly six feet. And the two men who are invariably with him in public, Secretary Paul E. Lockwood and State Police Lt. Edward Galvin, stand well over six feet and dwarf the governor.

Dewey dresses neatly and conservatively and has that well-scrubbed look. He won't usually take off his coat in public, no matter how hot the weather, except at baseball games, which he attends occasionally with his sons, John and Tom, rabid diamond fans.

People just don't slap Dewey on the back, no matter how well they know him. He isn't the type. Nor does the governor do any back-slapping on his own account. Neither does he kiss babies.

To woo voters, he refers instead to the accomplishments of his administration, using superlatives.

To understand Dewey's character you must go back to his Owosso days. His father, George, dead, was postmaster and editor of a weekly. George's father helped found the Republican party. Gov. Dewey's mother, Annie, still living, an active life in Owosso, is partly of Irish extraction.

Annie Dewey is of the old school that believed in bringing up children in the tradition of no nonsense, hard work, ambition to

get ahead and adherence to Christian principles.

In Owosso, the people who knew him as an argumentative boy and young man still call him "Tom." But few persons in New York or elsewhere in the country refer to him in his presence by this abbreviation.

Most people call him Governor, including his intensely loyal staff. Dewey is irritated easily and he used to show it. But now he seldom flares up in public. At news conferences, however, he is occasionally sarcastic, especially if he thinks the questions are of the sniping type.

In Flint, Mich., near the end of a western tour last year in search of support for his candidacy for the 1948 Republican nomination, he let fly.

A reporter asked Dewey whether he had an comment on Senator Robert A. Taft's statement that Republican leaders should speak out on domestic and foreign issues.

Dewey has been trying for several years to develop a more winning public personality. His associates believe he is succeeding. He smiles and waves frequently, extends cordial handshakes on reception lines, poses patiently for amateur photographers, chats with railroad men, hotel help and other ordinary citizens concerning their personal problems.

He has a flair for showmanship. At Saratoga Springs in 1946 he waited in his automobile outside the convention hall until it was time to go on the radio with a speech accepting renomination. He then entered the hall to the accompaniment of ringing cheers, applause and band music, all of which went over the air waves.

Although most of his addresses are prepared and he follows the text rather closely, Dewey takes a stentypot with him on speaking trips.

Dewey's caution sometimes endears animosities. When he took office as governor in 1943, he began the practice (which he still follows) of having the state police investigate men under consideration for appointment to state positions.

Republican county leaders, who had recommended many of the men investigated, howled their

This story, doubtless false, is told around the state capital: A Republican legislator asked Dewey to appoint him head of a department. In an interview, Dewey told the applicant that investigation had turned up evidence that he drank and gambled and for those reasons could not join the "team."

The job-seeker said that he was only an occasional imbiber and that he limited his gambling to an occasional small-stakes poker game with home-town friends. Nevertheless, Dewey turned him down. On leaving the governor's office, the legislator turned around suddenly and asked the governor:

"Is it all right if I kiss my wife?" Then he stomped out. Dewey himself is no Lord Fauntleroy. He takes an occasional drink, plays poker or rummy once in a while and smokes cigarettes—from a holder that has a butt ejector.

But no scandal, public or private, has touched him or the men and women he has appointed to state posts.

Now 46 and somewhat worried about his paunchy middle, Dewey tries to keep his weight down by eating less than he wants. He plays golf when time permits, works far into the night on state business. "It's the home work that makes this job tough," he says.

If beaten for the nomination or the election, Dewey will not be heart-broken, associates say. They don't expect defeat for the man who has investigated, howled their

Look who gets squeezed!

Union leaders representing less than one-tenth of railroad employees reject recommendations of President's Emergency board—refuse to negotiate except on their own terms—threaten to paralyze nation by strike!

THE LEADERS of three railroad unions, representing less than one-tenth of all railroad employees, have called a railroad strike that would paralyze the nation.

These leaders refuse to accept a 15 1/2 cent an hour wage increase retroactive to November 1, 1947. This increase was recommended by the Board because they felt it was in the public interest to uphold the spirit and intent of the Railway Labor Act.

This increase of 15 1/2 cents already has been accepted by the 18 other railroad unions. But the Brotherhood of Locomotive Engineers and Enginemen, and the Switchmen's Union of North America won't accept what more than 90% of all railroad employees have accepted. They have called a strike to get more!

Unions refuse rules discussion

Certain rules changes demanded by these union leaders—which would increase wages still further—were recommended by the Board. But the union leaders want more—they demand that the railroads set into effect ALL the changes they asked for, including those the Board felt should be denied.

On top of this, they insist that certain rules changes proposed by the railroads be withdrawn. The fact that the Board recommended them! These union leaders have refused to negotiate except upon these arbitrary terms.

Greater wage increase not justified

Engineers and firemen are among the highest paid of all employees in America, as figures in the box show. The strike threat doesn't justify giving a greater increase than other railroad workers received.

Emergency Boards are a means provided by the Railway Labor Act in the public interest to avoid strikes. The President's Emergency Board has been in effect throughout the entire year 1947.

Emergency Board wages are based on all the facts in the case. The railroads have accepted these recommendations.

Who's to blame?

Although they deplored so large an extra cost burden, the railroads accepted the report of the Board because they felt it was in the public interest to uphold the spirit and intent of the Railway Labor Act.

In contrast, this small group of railroad union leaders are attempting to flout the intent and spirit of the Railway Labor Act, and dictate their own terms.

Compare these wages with what you make!

Here is a comparison of average annual earnings	1947 Average Annual Earnings	1947 Average Annual Earnings	1947 Average Annual Earnings with Wage Increases Recommended by President's Board
