Pros, Cons Voiced In Letters To LBJ

By Alvin Spirak
WASHINGTON (UPI)—Backstairs at the White House, President Johnson receives between 27,000 and 42,000 letters a week. They range from expressions of protest or approval on Viet Nam policy to requests for daughter Luci's autograph.

With a mail flood of such dimensions the correspondence section of the White House is kept hopping.

Past presidents have permitted disclosure of topics covered in these letters, of per-

centages of mail for and against a certain action, and even of random samplings of letters by newsmen.

Johnson won't permit this. He had a similar ban when he was vice president, senator and congressman, according to Press Secretary George E. Reedy.

"On subject matter," Reedy told reporters the other day, "I am still following the rule, which the President has followed for many years, which is that he considers mail to him or to the White House to be a question of communication to him or to the government which is not for public release."

Reedy has provided a few statistics about the letter inflow. He had been reluctant to give the figures in the past, but he opened the subject by reporting that Johnson had directed his cabinet to give "quicker and more responsive answers" to White House mail referred to their departments.

"There is a tendency in government with people who are handling a great volume of mail to take the path of least resistance, which is that of coming through with a rather unresponsive form," Reedy confessed, "and the President is quite anxious that this mail be handled in such a way that the people who do write will get full answers and will get them speedily."

A reporter—perhaps one of those who had been trying unsuccessfully to get information about Johnson's mail statistics for several months—asked Reedy:

"George, in view of the President's directive on the subject, would it be better, perhaps, if some of our questions were submitted by mail?"

"I'll let you decide that," Reedy replied, only half-smiling.

Luci Johnson To Be A Nurse

WASHINGTON (UPI)—President Johnson disclosed his daughter Luci, 17, has been accepted to the Georgetown University School of Nursing.

Luci is a senior at the National Cathedral School for Girls, an Episcopal school, Georgetown, also in Washington, is a Roman Catholic institution.

It was recently disclosed that Luci has been taking instructions in the Roman Catholic faith.

Moon Rocket Near Half-Way

PASADENA, Calif. (UPI)—America's Mariner 4 has traveled 153.6 million miles on its 325-million-mile voyage for its historical first close-up television photographs of the mysterious red planet.

If all continues to go well, Mariner 4 will fly past Mars July 14 at a distance of about 5,400 miles.

Television cameras aboard the spacecraft will grind away for 25 minutes, taking some 22 pictures of about 288,000 square miles of the Martian surface—an area larger than Texas.

Mariner 4 was launched on its 7½-month space trip last Nov. 28 from Cape Kennedy, Fla.

Legal Notice

In the Court of the County Judge, Seminole County, Florida, in Probate, in and Estate of DOHA ANN STARR, deceased.

To All Creditors and Persons Having Claims or Demands Against said Estate: You are hereby notified and required to present any claims and demands which you or others of you may have against the estate of DOHA ANN STARR, deceased, late of said County to the County Judge of Seminole County, Florida, at his office in the court house of said County at Sanford, Florida, within six (6) months from the date of the first publication of this notice. The copies of each claim or demand shall be in writing, and shall state the place of residence and past office address of the claimant, and shall be sworn to by the claimant, his agent or attorney and accompanied by a filing fee of one dollar and such claim or demand not so filed shall be void.

Methodists Plan New Building

PROPOSED \$200,000 EDUCATION BUILDING OF First Methodist Church As Seen In Architect's Conception.

New Facility To House Units Of Education

First Methodist Church of Sanford today announced plans to build a \$200,000 education building at Fifth Street and Magnolia Avenue.

In addition to the building program, the church also announced it would launch "Operation Youth Wing" Sunday to finance the construction. The new addition designed by Arthur White, architect, of Orlando, will be a two-story structure containing 11,942 square feet. It will contain 25 classrooms, a fellowship hall and a kitchen. Three entire departments will use the building, primary, junior and youth departments which now are using temporary buildings for classrooms.

Rev. Robert M. Jenkins, pastor of First Methodist, revealed that Edwin Shindler and his building and planning committee have worked nine months on the project and have developed a plan that they feel will be appealing to the congregation and will be a credit to the community. Mrs. W. W. Tyre, George Mills, Robert Karris, Ashby Jones and Tom MacDonald all have worked with Shindler on the project.

"It is hoped that it will become a haven for the youth of the city who desire and need an environment of Christian teachings in which to learn about God and to be with one another," Rev. Jenkins said. It is hoped also that it will be available for civic functions where its facilities are needed, he added.

In addition to the new building, McKinley Hall, the present educational building, will be renovated and redesigned to use more effectively the space, to centralize the nursery and kindergarten departments, to enlarge some adult classrooms and to include an entire office complex with minister, director of Christian education and church offices.

Target date for construction of the building has been set tentatively as early 1966 but will depend upon the success of "Operation Youth Wing."

Dr. John T. Darby is general chairman of "Operation Youth Wing" and has designated Sunday's theme as "Our Plans."

The visitation phase of this program will be started April 2 and continue through April 13. Rev. Forrest J. Reynolds, of the finance and fund service, of the Methodist Church's board of national missions, will be the director of the crusade and will be with Dr. Darby's committee April 2 through 13. He will preach at services on April 4 and April 11.

Sunday at both morning worship services Shindler will speak on "Our Plans" in a short lay speech and will unveil for the first time the plans of the new building and also will outline plans for the crusade.

Plants which can be felt include textured surface plants such as sedum, Mother Carey's chickens, cactus, foliage, cacti, pine needles, maple leaves, palm leaves and others.

Tiny growing varieties of all these "talking plants" will be found in Mrs. Fahey's miniature garden which will be on display in the educational exhibits at the show. Cleverly designed with gravel walkways, "grass" and even tiny bird baths and benches, the garden plants are tagged with names written in English and Braille. The Braille marks were done by Mrs. Fahey's daughter.

Seminole County * * * * on the St. Johns River * * * * "The Nile of America"

The Sanford Herald

Phone 322-2611 Zip Code 32771

WEATHER: Partly cloudy Friday, high in mid-70s; low tonight 60-65.

VOL. 57 United Press Leased Wire Established 1908 THURSDAY, MARCH 4, 1965 SANFORD, FLORIDA NO. 139

Important proposals to be made to the 1965 Legislature will be discussed at a meeting of Florida Citrus Mutual members being held by the Seminole Mutual Grower Council at 2 p.m. Monday at Seminole County agriculture center. Officers of the council are Edward H. Parker, Allen Forward and Jack H. Syme.

The Bravettes and B Bravettes of Sanford Junior High School will perform at half-time Friday evening when the Sanford Church Basketball League All Stars meet the Forest City Men's Team at Seminole High School gym. Evening's program will open at 7 p.m. with the Interstate All Stars game. The program is a benefit for the Church League.

Usually, rival newspapers choose to ignore each other in public print although rival staffers always are friendly because they speak the same language.

So it behoves us to quote from Charlie Wadsworth's "Hush Puppies" Charlie and R. E. Porter at one time worked together on still an other newspaper, instead of working against each other, as at present.

"The news release," writes Charlie, "that Capt. Jim Mayo naval air station did not receive the play to which the quiet, highly respected young Wing commander was entitled." (Charlie, The Herald played it top center on the front page.)

In his praise of Captain Mayo, Charlie paid this tribute to the Wing commander and to the Sanford area.

"These things affect all of Sanford and Seminole county for the reason that nowhere in any branch of the armed services does there exist the warm, sincere relationship between the base and town as it is found at Sanford. There is something here that cannot be duplicated."

Truer words were never spoken, Charlie, and we agree, wholeheartedly.

Central Florida Horse Shows will sponsor the third and final in a series of symphonias toward a savings bond at 1 p.m. Sunday at the Wekiwa Springs Road arena. There will be 12 events, all electronically timed, concluding with a cloverleaf jackpot. So says our Maryann Miles.

"Daisy Mae," pictured elsewhere on this front page, in reality is the pretty and usually demure Miss Margaret Quarles, home economist for the Florida Power and Light Company.

U. S. Embassy Attacked

MOSCOW (UPI)—Asian student demonstrators shouting "Down with the murderer Johnson" broke through barricades and a human wall of Soviet policemen today and attacked the U. S. Embassy.

Soviet authorities had arranged the most elaborate security precautions ever, mindful of President Johnson's sharp protests that followed a Feb. 9 attack on the embassy.

But the surging mass of 3,000 or more students showed hundreds of police aside, scrambled over snow plows and iron barriers and broke embassy windows with a barrage of ink bottles and other weapons.

Today's attack — like the earlier one — was in protest against U. S. bombing attacks on military targets in Communist North Viet Nam. The march on the embassy was announced in advance.

Ambassador Fay D. Kohler learned of the call and immediately asked Soviet authorities to protect the building and its personnel.

Embassy workers boarded up windows with plywood but still the mob succeeded in breaking some of them.

Authorities rushed mounted police to the scene to beat back the mob but about 100 of the Asian and Russian students swarmed past the police lines and reached the 10-story building.

Burns Will Wait Naming Regents

TALLAHASSEE (UPI) — A vacationing Gov. Haydon Burns plans to wait "two or three weeks" before naming his own men to fill the vacancies created by the mass resignation of the nine-member Board of Regents.

The regents, appointed in the closing hours of the Faris Bryant administration, quit, saying "it is apparent that the usefulness of the present Board of Regents is relatively short lived."

True 'Garden For The Blind' To Be Shown

At this time there are only three known "Gardens for the Blind" in the United States.

Visitors to the Sanford Garden Show at the Civic Center Friday and Saturday will see one of these three gardens, a specially constructed miniature one, created by Mrs. J. M. Fahey of Lake Mary, president of the Garden Club of Sanford.

Others are in Jacksonville and in New England.

Basic idea of the Garden for the Blind is the use of plants, shrubs, trees and foliage that can be felt, tasted, smelled and heard.

How can you "hear" a garden? To the blind, it's important to learn to distinguish the rustle of different kinds of leaves, wind through pine

Marie Stinecpher, Ex-Teacher, Expires

Mrs. Marie Stinecpher, 60, died at 4:30 p.m. Wednesday at her home, 2104 South Park Avenue.

Born Oct. 31, 1904, in Butte, Mont., she had resided in Sanford for 52 years.

She attended Seminole County schools and was graduated from Piedmont College.

She was sponsor of the Seminole High graduating class in 1934. She taught in grammar, junior high and senior high schools here for a number of years until illness prevented.

A member of First Baptist Church of Sanford, she had taught a Sunday School class there for 20 years. She also was a member of the Sanford Garden Club.

She is survived by her husband, J. Martin Stinecpher, and daughter, Miss Grace Marie Stinecpher, both of Sanford; a sister, Mrs. Elizabeth Stinecpher, of Sanford; a brother, William H. Stinecpher, of Sanford; and two sons, Mrs. Edith Davis, of Isle of Man, England, and Mrs. Ada Perry, of Ocala, Fla.

Funeral services will be conducted at 11 a.m. Friday at First Baptist Church with Rev. Fred B. Chance officiating. Burial will be at Lakewood Memorial Park.

Funeral Home is in charge of arrangements.

Sullivan Case To Grand Jury

The fatal beating of James P. Sullivan, 21, will be presented to the Seminole County grand jury next week.

Sheriff J. L. Hobbs said today Sullivan died last Sunday following a brawl in the old downtown area of Seminole County.

Karl Richard Wolf, 21, of Orlando, is being held in the county jail on a murder charge in connection with Sullivan's death.

Sheriff's Report In Kelsey Affair Sent To Burns

Sheriff J. L. Hobbs sent a report to the Governor's office today on the Feb. 26 shooting at a youth by Ocala Police Chief George Kelsey.

The Governor's office telephoned Hobbs Wednesday afternoon asking him to make an informal investigation into the shooting of 17-year-old Thomas Wilson Jr.

The probe was ordered after the National Association for the Advancement of Colored People called for the suspension of Kelsey pending an investigation into the incident.

The sheriff's report included an investigation made by Deputy J. Q. (Slim) Taylor, and one from Ocala Academy, where Wilson is a senior student and member of last season's football team.

Hobbs said details of the report will have to come from the Governor's office.

Terrorist Bomb Kills Four Tots

SALGON (UPI) — A bomb dropped by a fleeing terrorist exploded in downtown Saigon today, killing four children and wounding a dozen adults. It was the first terrorist bombing here in more than a month.

The injured included two American servicemen who received minor scratches.

Pay Hike

WASHINGTON (UPI) — Chairman L. Mendel Rivers and House general services committee plan to push through a \$1 billion pay increase for servicemen whether the Johnson administration wants it or not.

"DAISY MAE," with her jug of "mountain dew" and Sears catalogue, is coming to Sanford — to take part in the merchants' annual "Cracker Days" sales specials Friday and Saturday. Details are spread throughout today's Herald. (Who is "Daisy Mae?" Read the "Clock" Column.)

'Cracker Days' Comin'

The Crackers are comin' and it's good news for shoppers. For two days, Sanford will turn back the pages of time to the "good old days" with "Cracker Days" bargains galore, tree balloons for the kiddies and everyone all dressed up in the style of bygone days.

All day Friday, shoppers will be able to purchase \$2 bills for only \$1.95, at local banks but officials of the Florida State and Sanford Atlantic National Banks say that you must have the 95 cents in change to get your \$2 bills. They'll allow five to a customer and merchants will be willing to trade that \$2 bill for extra special bargain items, specially priced for the two-day sale.

At the Florida State Bank, members of the Gamma Sigma Alpha chapter of Epsilon Sigma Alpha will be selling coffee with all proceeds to go to the Little Red Schoolhouse.

E. C. Harper Jr., chairman of the Sanford Merchants' division of the Greater Sanford Board of Commerce, reminds merchants and employees to use the city parking lots and not take up downtown parking spaces, so that "Cracker Days" customers may have easy access to stores.

Store employees are expected to be dressed "in the spirit" of the "Cracker Days" celebration and to encourage them the Merchants' division plans to award prizes for the most authentic costumes worn by male and female sales clerks.

Store hours are 9 a.m. to 9 p.m. Friday and from 9 a.m. to 5:30 p.m. Saturday.

City Engineer Al Shaw and his crew have been busy this day when actual paving of along Seminole Boulevard the bottom of Lake Monona is scheduled to begin.

The probing will establish the exact "width" of the soil material needed to be pumped into the impoundment area.

City Manager W. L. Knowles and today Earl Lytel, engineer with Maurice H. Conwell Associates, and a specialist in this type of work, will do the probing which will establish the "profile" of the bottom of the lake.

Tag Sale Itinerary Scheduled By Ray

License tag sales in Seminole County this year are running ahead of a similar period in 1964.

So far in the renewal period 13,721 tags have been sold, compared to 11,004 in a like period last year.

DeBary Bridge Winners Named

DeBary Duplicate Bridge Club had 14 tables in two sections at play for this week's Tuesday afternoon game at the Firemen's Recreation Hall.

Section A was directed by Mrs. Robert Nicholls. Winners were: NS, first, Mrs. Ruth Blatt and Mrs. Edwin Wichter; second, a tie, Mrs. Frank Austin and Dr. R. T. Stevens with Mrs. W. B. Cook and Mrs. Luella Thompson; EW, first, Mrs. Loris Weeks and Mrs. Myrtle Dunnebacke; second, Mr. and Mrs. Kellogg Franklin; third, Mr. and Mrs. Myron Accordi.

Osteen 4-H's Enjoy Day At Fair

By Mrs. Clarence Snyder

Osteen 4-H boys and girls enjoyed a day at Central Florida Fair in Orlando Saturday.

Adults furnishing transportation and acting as chaperones were Mr. and Mrs. Albert Pell, Mr. and Mrs. Donald Snyder, Mr. and Mrs. Lowell Pettis, Mrs. J. J. Redditt, Mrs. J. C. Carpenter and Mrs. Edward Pell. Harold Pell is leader for the boys' club and Mrs. Pettis is the girls' advisor.

Club members attending were Loren and Dennis Jones, Steve Riggs, Mike Kelleff, Chester Carpenter, Jack and Douglas Jurs, Darrell, Ash, Mark, Connie and Ross Pell, Debbie Carpenter, Ronald Riggs, Mike Shivers, Melvin Lee, Ricky, Karen, Brenda and Judy Pettis, Diane Pell, Karen Osteen and Teresa Bridges.

Dusty Boots Meet

There will be a meeting of the Dusty Boots Riding Association at 7:30 p. m. today at the home of the president, Harold Lloyd, in Lake Mary. Plans for the March 21 horse show will be made at this time.

The British royal house changed its family name from Saxe-Coburg-Gotha to Windsor on July 17, 1917.

Automobile owners have until March 20 to renew their license. Last year 29,885 tags were sold in Seminole County.

In an effort to extend services of the tag office to areas which are not adjacent to the main office or the South Seminole tag agency, tags will be sold in the following locations on the dates given:

Thursday, 9 a. m. to 1 p. m., Sanford Naval Air Station; March 9, 9 a. m. to noon, Geneva Community Hall; March 11, 9 a. m. to noon, Oviedo City Hall; March 18, 6 p. m. to 9 p. m., Florida Power Corporation recreation building, Bear Lake; March 15, 1 p. m. to 4:30 p. m., Longwood City Hall.

Purposes of these visits will be to take renewal or tag orders. Title work will have to be done at the main office, according to Tax Collector G. Troy Ray Jr.

Seminoles Open Baseball Season Here Tuesday

Williamsons Garner Honors

By Maryann Muse
 Maj. Harry Williamson, of Sand Lake Road, Forest City, came through with flying colors to win first place in jumping, only judged event at the March of Dimes benefit show sponsored by the Apopka Horsemen's Association in conjunction with local merchants.

In addition, Williamson's three children won ribbons in the show with eight-year-old Warren taking sixth in pickup; daughter Teri copping first in flag race, fourth in ribbon race and fifth in junior cloverleaf and daughter Denise winning third in jumping and fourth in keyhole.

Indeed, it could be called "Williamsons Day" at this event for Mrs. Williamson is credited with saving the life of a beautiful young horse which was severely gashed after rearing and coming down on the fin of a late model car. She quickly packed ice in a stocking, applying it to the injury; to stop bleeding until the animal could be veaned to the veterinarian who reports it will be all right.

Top three winners in each event, in order as named, were: Keyhole, open, Frank Myers, George Myers D. H. Jackson; jumping, open, Williamson, Maria Franklin, Denise Williamson; polebending, open, Cathy Willis, Terry McClintock, Maria Franklin; ribbon race, open, Cathy Willis and D. H. Jackson, Joe Walton and Jack Walton, George Myers and Frank Myers.

Cloverleaf, senior, Terry McClintock, Maria Franklin, Jack Walton; cloverleaf, junior, Wendy Benson, Hobby Knowles, Guy Randolph; cloverleaf, jackpot, open, Terry McClintock, Wendy Benson, Cathy Willis; flag race, open, Teresa Williamson, Frank Myers, George Myers, pickup race, open, George Myers and Johnny Holt, Terry McClintock and George Williamson, George Myers and David Walhall; musical fires, 15 and up, Jack Walton, Dan Benson, Jackie Knowles; hula-ho log, open, Joe Walton, Wendy Benson and Patty Forward.

Chiefs Sign 3

KANSAS CITY (UPI) — The Kansas City Chiefs signed three free agents from Prairie View A&M Tuesday. The Chiefs inked 6-foot, 225-pound running back Earl Seal, a long with 5-foot-11, 190-pound defensive back Evitt Coleman and 6-foot, 250-pound guard Willie Christian.

Better Golf - Through Exercise

By Gary Player
 Written for NEA
 13-Half Squat
 This exercise not only develops thigh muscles, it helps to reduce leg fatigue, which can be so damaging over the long haul of a tournament or a heavy weekend schedule.

With dumbbell in both hands, move from position A to position B 12 to 15 times.

As you advance, increase the repetitions to 15 to 20.

Inhale as you rise again to position A.

(NEXT: Lunge.)

CLOVERLEAF JACKPOT winners at Apopka Horsemen's March of Dimes benefit show were Terry McClintock and "Stormy Van" who also came in first in cloverleaf senior and second in polebending and pickup race. (Herald Photo)

SEVEN-YEAR-OLD Barbara Bartlett came all the way from St. Cloud with her parents, Mr. and Mrs. Wesley Bartlett, and her horse, "Slash," to ride in Apopka Horsemen's benefit March of Dimes Show. A note of interest is the fact that the horse is 12 years older than the rider.

Hole-In-One Tilt Slated By JCs

By Julia Bartos
 South Seminole Jaycees will sponsor a hole-in-one tournament, March 20 April 10 at Orange Knoll driving range on SR 136 east of 14.

Hours will be from 7 until 10 p.m. through the week and from 2 until 10 p.m. on Saturdays and Sundays. Three prizes will be awarded each week.

First prize will be a set of irons (winner's choice), second prize, wood (winner's choice) and third, golf bag. The tournament will be a 110-yard contest with winners judged nearest to hole. Winner of the finals on April 11 will receive a savings bond.

Contestants will be given five shots with all golfing enthusiasts welcome to participate.

Miss Whirl Sets Pace For Jax Saturday Match

Sanford - Orlando Kennel Club greyhounds will have their work cut out for them in Saturday night's special six-dog match race against the Jacksonville Kennel Club.

Sam Gerard's Zaidman, Eleanor Burke's Illinois Baron and Red Fork Kennel's Mandarin Guess will represent the North Florida track against SOKC's top three performers. Leading the SOKC team will be Larry Hughes' Miss Whirl, winner of both the Inaugural Handicap and the King and Queen championship.

Darold Robertson's sensational L. L.'s Me Too and Cecil Austin's Rimp complete the field.

The Jacksonville sprinters have accumulated 19 wins between them this season. Zaidman shows a record of 10 starts, seven wins, one second place finish and three thirds. Illinois Baron is 17-6-3-1 while Mandarin Guess is 17-4-2-2.

More Sting This Year

By Paul Brookshire
 Coach Jim McCoy is expecting more sting in the bats at Seminole High School when the baseball team takes the field for its first game here Tuesday against New Smyrna Beach.

"We should have better hitting this year," McCoy said, "but we're actually young and inexperienced."

McCoy hopes the Seminoles will pick up where they left off last season when they finished the season with a bang. They won seven out of their last 10 games. However, New Smyrna Beach beat them in a tournament game.

"We hope to give a good account of ourselves this year," says a rather non-committal McCoy. He wouldn't go so far as to forecast a better season than last year's 7-7-7-1 record and 7-8 regular season mark.

In addition to better hitting, the Seminoles are expected to have better speed. Their shortcomings are lack of experience.

Seventeen boys have been working out for the Seminoles nine, including Eddie Fitzgerald, who is expected to be the mainstay of the pitching staff. Eddie is a left-hander.

Fitzgerald, who also plays first base, was a 1964 starter. He is a three-year varsity man.

Three other starters are back from last year's team. They are Ronnie Henson, senior shortstop, who McCoy can call on for almost any kind of duty.

Henson also can catch and pitch. He will serve as one of the captains with Bill Kuykendall, senior second baseman, who has been on the varsity for three years.

Sonny Messer, a junior who plays leftfield, also was a starter in 1964 in addition to Catcher Steve Harris.

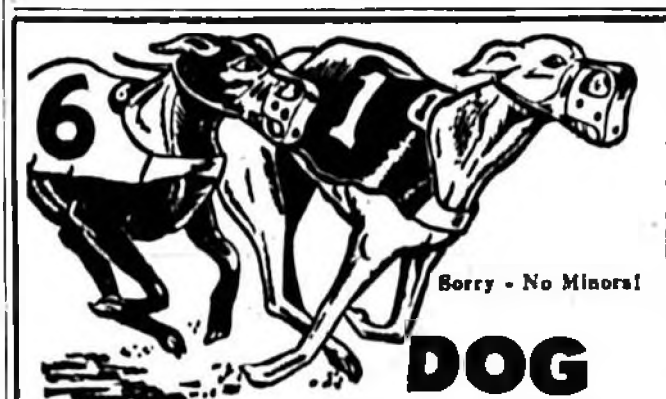

Harris was an outfield starter last year but is expected to be No. 1 catcher this spring.

Letterman Bernie Barbour, Terrell Favored 2-1 Over Machen

CHICAGO (UPI) — Ernest Terrell, on the strength of his strong left jab, was a 2-to-1 favorite today to win the World Boxing Association's heavyweight championship from Eddie Machen Friday night.

The two meet in a scheduled 15-round encounter in the amphitheatre, but neither expected the bout to go the distance.

Contrary to the methods used by Cassius Clay, who held the crown previously until his title was vacated by the WBA, neither would predict the round for the finish.

Noell Breaks Discus Record

By David Higginbotham
 Herald Sports Writer
 Seminole High track team won its second meet Wednesday afternoon by scoring 90 points to DeLand's 63 and Lyman's 29 in a non-Metro Conference three-way session.

The Seminoles took eight first places out of 14 events and six seconds. The Tribe also took four thirds and five fourth places to put it way ahead of competition.

In the first event Terry Toole of Lyman took first in the high hurdles with 15.8 and Ken Drury got second for DeLand with 16.4. Tom Forman took third for the Seminoles with 16.5.

Gary Barnum won the 100-yard dash for DeLand with 10.2 and Rick Walstrom took second for Sanford with 10.3. Tom Blanton got third for Lyman with 10.4 and Eddie Griffith and Paul LeRoy tied for fourth for the Seminoles with 10.5.

In the mile run Dana Flugeal won for DeLand with 4:51.8 and Jack Hunt took second for Sanford with 4:56.6. Mike Ackerman took third for Lyman and Danny Leeds took fourth for the Seminoles with 5:01.

Richard Hittell won the 440 run for Sanford with 53.5 and Terry Herman took second for Lyman with 53.8. Mike Oliver got third for DeLand and Jimmy Winter took fourth for Sanford with 57.7.

Drury won the pole vault for DeLand with a jump of 10 feet, three inches, but missed one more time than Drury to put him in second. Mike Smith took third for Sanford with nine feet, six inches.

Walstrom won the low hurdle for Sanford with 20.4 and Sunny Cox took second for DeLand with 21.5. Forman grabbed third with 21.8.

Sterl Weber won the 850 run for the Seminoles with 2:05.8 and Jack Day took second for DeLand with 2:11.3. Bill Johnson took third for DeLand with 2:12.

Sanford won the sprint medley relay with a time of 2:07.9 and DeLand took second with 2:09.6. Lyman came in third with 2:18.5.

David Noell broke the Seminole High record in the discus with a throw of 150 feet, 11 1/2 inches breaking his own school record of 148 feet. Steve Clark took second for Sanford with a throw of 129 feet, six inches.

Noell also won the shot put with 47 feet, 11 1/2 inches and Clark took second for Sanford with 43 feet, five inches. Steve Balint took third to give Sanford the first 1-2-3 in the shot.

Tom Blanton won the 220 run for Lyman with 23.5 and David Strauch also from Lyman took second place with 24.2. Mike Linden took third with 24.6 and Jeff Whitting took fourth for the Seminoles with 24.5.

Drury won the high jump for DeLand with a jump of five feet, four inches and Dennis Bates took second with five feet, two inches. Don Nicholas took third for the Seminoles with five feet.

Brad Pruden, Tom Forman, Richard Hittell and Sterl Weber won the mile relay for Sanford with 3:44.9 and DeLand took second with 3:53.5.

Rick Walstrom won the broad jump for Sanford with a jump of 19 feet, 7 1/2 inches and Paul Leroy took fourth for Sanford with a jump of 17 feet, 5 1/2 inches.

The Seminoles will go back into action Friday afternoon at 4 p.m. at the Buddy Lawson Memorial track when they host the Titusville Terriers and the DeLand Bulldogs. Seabreeze and the Florida Military Academy also are expected to compete.

'Canary Cottage' Wins

GARDEN OF THE MONTH WINNERS

By Margaret Cosby
It is little wonder that the M. E. Berrie home at 30 North Devon Avenue was named "Garden of the Month" by the North Orlando Garden Club and received a certificate of award as well as having the club's new iron-worked sign of recognition planted in their front lawn.

The Berrie home is a fresh and gay yellow residence and the brilliant rya grass lawn is beautiful and complements the "canary" cottage.

Not being spared the nip of northerly blizzards, the Berries improvised and provided instant colorful blooms in the red brick planter across the front of their house and around the corner to the front entry and patio. Amid the artificial flowers are cactus varieties, caladiums, flowering succulents, sprouting amaryllis, Wandering Jew, fern, rubber plant and Spanish bayonet.

A sizeable ear tree graces a curved drive and palms mark the front extremities of the plantings.

Surrounding the patio, offering beauty as well as individual scents, is an abundance of registered rose bushes along with hibiscus. A pyracantha is espaliered against the wall and Confederate rose, craps myrtle, loquat, and bougainvillea are tastefully placed to enhance the beauty of the property.

The rear yard is fenced and a fire place dominates the spacious corner. Four orange trees and a mulberry are spaced across the rear yard. Surrounding the patio here is a variety of hibiscus. Cleverly concealing a utility area from the front view is a lush array of Spanish bayonets with geraniums for an undergrowth.

Helen confesses that it is Gene who should be credited with the neat and fresh appearance of their well-kept garden. Gene believes in fertilization and watering and has arranged a cooperative watering system between houses with his next door neighbor.

The Berries are North Orlando residents for less than two years, but Gene will have chalked up 23 years duty this summer with the U. S. Navy. However, with two attractive school age daughters, Debbie and Sandy, the Berries don't feel "old enough" to retire, they say.

'No Tickee, No Washee'

UNITED NATIONS, N. Y. (UPI)—Nationalist China may use the "no-pay" tactics of Russia and France to protest a UN action it does not agree with.

The Nationalists were kept off a committee that will negotiate a settlement to the UN financial crisis.

RIBBON CUTTING officially opened Saxon Boulevard in Deltona and was performed by Mrs. George Saxon, mother of Volusia County Commissioner Harris Saxon, for whom the new connecting link was named. With her are (left to right) Gerald Frierson, Saxon, William Ottinger, Elliot Mackie and Howard Warner.

HOME IMPROVEMENT leaders from Seminole County Extension Homemakers Clubs have completed a three-day course learning to re-upholster chairs under direction of state home improvement specialist Mrs. Roberta Hall (center), assisted by County Agent Miss Myrtle Wilson (right). Watching is Mrs. George Beckhorn of the Elder Springs Club.

Harris Saxon Honored With Street Name

By Mildred Haasy

A cool breeze and bright sunshine marked the dedication ceremony for the new Saxon Boulevard in Deltona.

A goodly crowd of residents from Deltona and nearby DeBary, Orange City and DeLand was on hand as William Ottinger, president of the Orange City Chamber of Commerce, introduced the honored guests.

On the impromptu stage marked by the brightly flying flags of the United States and Florida were John E. Johns, president of the DeLand Chamber of Commerce; Elliot Mackie, president of the Deltona Corporation; James Donaldson, mayor of Orange City; Louis A. Skillman, mayor of DeLand; Harris Saxon, county commissioner for Volusia County; Rev. George Owen, of the United Church in Deltona; James Sims, president of the DeBary Chamber of Commerce; Howard Warner, postmaster of Orange City, and Gerald Frierson, DeLand businessman, who, with Warner, was co-chairman of the dedication.

Each guest spoke briefly on the importance of the road which connects North Deltona with Enterprise Road, enabling traffic to exit onto Highway 17-92 efficiently.

Mackie Brothers laid the base of the scenic road and the county, under the guiding hand of Saxon, did the surface work.

First 12-inch and 15-inch steel beams rolled in the U.S. were made in Pittsburgh, Penna., in 1884.

Employment Steady In Seminole County

Employment continued at a steady rate in Seminole County in January, according to a report issued by the Florida State Employment Service.

There were only 400 unemployed in the county last January as compared to 500 in December and 600 in January, 1964.

Second Film To Be Shown In DeBary

By Mrs. John Leone
The second in a series of award winning movies being sponsored by the DeBary Civic Association at the Community Center will be shown at 7:30 p.m. Selected is "An American In Paris," featuring some of George and Ira Gershwin's best music and a 20-minute ballet.

The film, one of the very few musicals to win an academy award, was chosen by the National Board of Review as one of "Ten Best of the Year" and by Parents Magazine as "Best Film of the Month."

In keeping with the association's policy of bringing outstanding films to the DeBary community at nominal cost, no admission will be charged but voluntary contributions will be invited to cover expenses. All residents are invited to attend.

The third movie is scheduled for Friday, April 2.

The civilian labor force totaled 16,300, compared to 15,500 the previous year. Of this number, 1,500 were employed in agriculture and 10,700 in non-agricultural work.

The number of non agricultural workers increased 700 over 1964.

The largest increase in this category came in the trade field, where the figure jumped from 2,600 to 3,000.

Manufacturing and construction employment remained relatively stationary.

Deltona Fashion Show Tickets Now On Sale

By Mildred Haasy
Tickets are now on sale for the Spring Fashion Show and Card Party to be sponsored by the Deltona Welcome Wagon Club at the Community Center at 1 p. m., March 30. The show, with fashions offered by Garrett's of Sanford, will include refreshments and prizes. Table prizes for the card games and door prizes have been donated by civic minded sponsors of the Welcome Wagon.

Oviedo Science Fair Held

By Evelyn Lundy
The gymnasium of Oviedo High School was turned into a panorama of scientific exhibits for the school's Science Fair presented by the Science Club with Mrs. James Palmer as club sponsor.

There were many new and different exhibits this year, all of them interesting and many clearly showing that much time and research had gone into preparation of the project.

Certificates were issued for every entry but no project made by more than one person was judged for an award. Ribbons will be given to first, second and third place winners and special awards will be given for top projects in the two classifications — Exhibit classifications — Sciences: (1) Biological — botany, medicine, health, zoology; (2) physical — chemistry, earth and space, physics, mathematics. No names were placed on exhibits before judging.

Among outstanding poster and display exhibits at Oviedo Science Fair was one explaining Hansen's disease, more commonly known as leprosy, prepared and shown by Suzanne Dawsey. (Herald Photo)

Group or individual entries were acceptable from both junior high and senior high. Awards were scheduled for presentation today during an assembly period.

Judging criteria included: Creative ability, 30 points; scientific thought, 30 points; thoroughness, 10 points; skill, 10 points; clarity, 10 points, and dramatic values, 10 points.

Those winning blue ribbons will submit exhibits at the county-wide Science Fair to be held March 23-26 at the Oviedo school.

Senator Fast With Answers

WASHINGTON (UPI)—Senate GOP Leader Everett M. Dirksen, Ill., may have just emerged from a nine-day stay in the hospital, but he proved he can still turn a quip with the best of them.

In a session with newsmen during his first day back on the job, the senator lived up to his reputation as a ready man with an answer.

Asked why he had not stayed in the hospital longer, he grinned and replied, "who's going to save the world?"

Bridal Shower Honors Miss Nylene Albers

Mrs. Ed Barbour Jr. was hostess recently to a miscellaneous bridal shower honoring bride-elect, Miss Nylene Albers.

A red and white color scheme was carried out in the decorations with the refreshment table featuring a floral arrangement of red and white carnations and a milk glass punch bowl containing sparkling red punch.

As each guest arrived, she was given an index card to write her favorite recipe for the bride-elect. These cards were collected and presented to the honoree in a decorated recipe box.

Bridal games were played with prizes awarded the winners.

Highlighting the evening was the opening of the many lovely gifts.

Invited guests were Mrs. C. W. Yarborough, mother of the honoree, and the Meses. Hazel Cash, Margie Helms, Carl Remusat, Jean Whipple, Lois Housholder, Esther Lou Pate,

MRS. ED BARBOUR JR., left, was hostess recently to a bridal shower honoring Miss Nylene Albers, center, bride-elect. At the right is Mrs. C. W. Yarborough, mother of the honoree. (Yarborough Photo)

Sheila Albers, Bertha Benton, Carol Kenny, Cleo Fleet, Joann Hamilton, Delores Goerss, John Fuller, C. B. Simpson, Hazel Flynt and Jackie Hatcher.

Also the Meses Vada Stoffer, Lynn McCord, Janie Ashby, Kamilla Collins, Barbara Flynt, Linda Wilson and Pat Rabun.

25th Anniversary Celebration Fetes Osteen Visitors

Mr. and Mrs. Donald Snyder of New Springfield, Ohio, are spending two weeks with his mother, Mrs. Clarence Snyder, of Osteen. Saturday evening they were dinner guests of his brother-in-law and sister, Mr. and Mrs. Nick Pfeiff.

The Donald Snyders arrived in Osteen on his birthday and they also were celebrating their silver wedding anniversary. A family gathering at his mother's home that evening was complete with birthday cake and gifts.

Attending were Mr. and Mrs. Pfeiff and children, Linda, Kenneth and Donna, Mr. and Mrs. John Jurs, Mrs. Edward Bennett, Mrs. Betty Snyder and son, John, Mrs. Thelma Lewis and the hostess.

Homemakers

By Mrs. H. L. Johnson

At a County Federation of Women's Clubs meeting last week we ladies got to talking about cooking. We were talking about the different dishes prepared and brought to the meeting. A cherry pie seemed to be the center of attraction. And from Ida (Mrs. Charles) Stewart we got her pie crust recipe.

CAN'T FAIL PIE CRUST
1/2 tsp. salt
1 cup flour
2 heaping tbsps. shortening
3 tbsps. water
Mix flour, shortening, salt and water. Roll out. Makes 9-inch crust.
Thanks very much, Ida.

HAM TETRAZZINI
1 1/2 lbs. spaghetti
3 10 1/2-oz. cans condensed cream of mushroom soup
2 soup cans of milk
1 tsp. onion flakes
2 tps. parsley flakes
2 cups grated cheddar cheese
1 tsp. Worcestershire sauce
2 cups diced baked or canned ham
Break spaghetti into 2 inch lengths and cook in boiling salted water as the package directs. When tender, drain well in a colander. Preheat oven to 375 degrees. Place spaghetti in a 3-qt. casserole. Add the remaining ingredients, combining well. Cover casserole and bake at 375 degrees for 20 minutes. Uncover and continue to bake for 10 to 15 minutes longer, or until the

top is lightly browned and the Tetrazzini bubbling hot. Serves 6 to 8.

COCONUT CRISPIES
1/2 cup shredded coconut
1/2 cup brown sugar, packed
1/4 tsp. salt
1/4 cup melted butter
24 crackers
Combine coconut, brown sugar, salt and melted butter. Blend well. Arrange crackers on baking sheet and spread them with the coconut mixture. Toast in broiler 5 inches from the heat for 2 or 3 minutes, or until lightly browned. Serve while still warm. Makes 24.

HONEY PUDDING WITH ORANGE SAUCE
1 1/2 cups scalded milk
1 cup bread cubes
1 1/2 tbsps. melted butter
1/4 tsp. orange extract
1 egg beaten
1/4 cup honey
1/4 tsp. salt
1/2 tsp. grated orange rind
Pour milk over bread cubes. Let stand 10 minutes. Mix other ingredients. Pour into buttered 2 quart casserole. Bake in a moderate oven (350 degrees) about 1 hour. Serves 6.

ORANGE SAUCE
6 tbsps. sugar
1 tsp. cornstarch or flour
1/4 tsp. salt
1/2 cup water
1/4 cup orange juice
1/2 tsp. grated orange rind

2 tbsps. lemon juice
1/4 tsp. butter
Combine sugar, cornstarch or flour and salt. Add water and blend. Cook in a double boiler stirring constantly, until thick. Add remaining ingredients. Serve warm or cold over pudding.

CANDIED TOMATOES
6 tomatoes
1/4 tsp. salt
1 cup honey
1/4 cup water
2 tbsps. butter
Place tomatoes, stem side down in buttered baking pan. Mix honey, water and salt and pour over tomatoes. Put 1 teaspoon butter on each tomato. Bake at 350 degrees for 1 hour or until tomatoes are tender. Baste frequently. Add more liquid if necessary.

Here are some hints sent in some time ago.
Save the syrups from canned fruits for sauces on hot puddings.
When out of shoe polish, a handy substitute is paste floor wax. Its neutral color makes fine polish for dark or light shoes.

Don't risk losing your beads through breaking of the string. A good idea from a reader is to re-string the beads with dental floss. Your beads will be safer and they will hang gracefully.
Clean and shine mirrors at the same time by adding a little borax to the water used for washing them. Another way to brighten mirrors is to rub with a cloth dampened with a little alcohol.

CLAM AND BEAN CHOWDER

4 strips bacon
1 tsp. onion flakes
1 10 1/2-oz. can condensed black bean soup
1 7 1/2-oz. can chopped clams
1 bay leaf
3 whole cloves
corn chips
Dice bacon strips. In a large skillet or electric frypan, slowly fry until crisp and browned. Stir in onion flakes, bean soup, clams, whole bay leaf and cloves. Heat mixture slowly until steaming hot. Before serving, remove the bay leaf from the chowder. Sprin-

Corner

kle chowder with corn chip croutons. Serves 4 to 6.

BROWN SUGAR CHOCOLATE CAKE
2 cups sifted cake flour
2 tps. baking powder
1/2 tsp. baking soda
1/2 tsp. salt
1/2 cup shortening
2 cups firmly packed brown sugar
2 eggs
1 tsp. vanilla
4 squares unsweetened chocolate, melted
1 cup plus 2 tbsps. milk

Set oven for 350 degrees. Grease and flour two 8-inch round cake pans. Sift together the first 4 ingredients. Cream shortening; add sugar gradually, beat well until fluffy. Add eggs, one at a time. Beat well after each addition. Stir in vanilla and chocolate. Add sifted dry ingredients, a little at a time alternately with milk and stir only enough to blend well. Pour into pans. Bake 30 minutes or until top springs back when lightly touched with fingertips. Cool in pans 5 minutes. Remove, cool on a rack, frost.

HONEY GRAHAM CRACKER ICE CREAM

1/2 cup honey
1 1/2 cups fine honey graham cracker crumbs
1 cup top milk
1/4 tsp. vanilla
1/4 tsp. salt
1 1/2 cups whipping cream
Combine all ingredients except cream. Whip cream and add other ingredients. Pour into refrigerator tray. When partially set, beat with rotary beater. Return to refrigerator tray and let freeze until firm. Serves 8.

On thin fingers of buttered toast arrange whole Norway sardines. Sprinkle with lemon juice and serve. Or arrange whole Norway sardines on buttered pumpernickel strips and garnish with a thin strip of curled smoked salmon.

Breakfast Club Broadcast Entertains Area

By Mildred Haney
"Oh, What a Beautiful Morning" lustily sang by the residents and friends of Deltona, who packed the auditorium of the Community Center on lovely Lake Monroe, greeted Don McNeill and his Breakfast Club cast of radio fame on Monday morning.

As the program went on the air at 8:00 a. m., the emcee, Ed McKean, introduced the members of the cast: Cliff Peterson, the Swede from Minnesota; the sixteen men in the orchestra conducted by Eddie Ballentine; Miss Mary Ann Luckett, the enchanting singer from Louisville, Ky.; Singer Bob Newkirk from Hollywood, and the lovable comedian, Sam Cowling, who has been with Don McNeill since he started the program 32 years ago.

We were thrilled to be seated in "Press Box" right down next to the very lovely new bride, Mrs. Bob Newkirk, and Mrs. Kay McNeill, Don's gracious wife.

Residents, chosen from the cards on which they had made comments, were interviewed by Don over the air.

Mrs. Pauline Webb of Deltona Blvd. read a poem which she had composed especially for the program.

A couple from Seattle, Wash. were chosen as having traveled the longest distance to the program, having started their trip last September via car and trailer. He said much of the delay was caused by the tempting golf courses he had to try out along the way.

An athletic coach, back in Washington, he read a poem which won for him a pair of shoes from a local store.

When Don introduced his wife, Kay, she modeled her new short, above the knee skirt which she averred was the latest thing for golf. Playing up the fact that Gaston Bridges, sales manager of Mackle Bros., was as very southern, the group sang a roundelay for him of "Hominy, Grits and Black-eyed peas."

Mrs. Harriet Hertz of Deland was interviewed and the Higgenbothams, originally from Pittsburgh, Pa., now of Deltona. Sam Cowling danced with Frances Juliana from Deland with the usual slam bang exit and laughs.

Mary Ann Luckett sang "I Love You Cause You're You" very appealingly.

Bob Newkirk gave a beautiful rendition of "Faith of our Fathers" followed by the silent prayer for world peace, and "Memory Time."

The well-known "march around the breakfast table" was followed by an interview with Mrs. Frances Hackley of Deltona who avowed that here we have "Country Club living on a budget," which, according to the applause this brought is really so.

Mrs. Henry Asmusen of

Leftover Welsh rarebit, raw onion and tiny, savory Norway sardines team up for this tasty main course. Arrange whole sardines on slices of buttered toast. Cover with thinly shredded raw onion and reheated Welsh rarebit. Serve hot.

Whitehead said, in her interview, that they first heard of Deltona while listening to Don McNeill's program up north. As her husband had just had a stroke, they felt that it was

SAM COWLING, funny man of Don McNeill's famed "Breakfast Club."
(Herald Photo by Doris Williams)

worth the risk to try this new community, and to their great satisfaction, Mr. Asmusen has greatly improved in health since they have lived here.

Mary Ann sang "Mountain Greenery" and Aunt Fannie, (Fran Allison of Kukla, Fran and Ollie radio and TV fame) interviewed Don McNeill for her non-existent newspaper column.

The other interview, which included one with Ruth Erickson of DeBary, was interspersed with zippy numbers by the orchestra. Mrs. Erickson had referred last year to "that Old Baroo" without which life is dull. Sam Cowling had composed a song about it which was sung by Mary Ann. Ruth said that when she got to heaven, she would be happy to sit in one little corner of it that resembled Deltona and DeBary.

After the Don McNeill program on Monday, a reception and luncheon was held at the Deltona County Club for the cast of the show and members of the press and radio.

After a very delicious luncheon, which I enjoyed at a table with Dottie Austin and Doris Williams of The Herald, the group of radio entertainers which are as friendly and fun to know off stage as well as on, were interviewed and answered questions about the show and their personal lives.

DeBary

Personals

By Mrs. John Leone
Mrs. Thomas Howard of Eldorado Dr. has Robert Leone visiting from Fort Benning, Ga.

Mr. and Mrs. William Hengeman of Granada Dr. have as their recent guests, Mr. and Mrs. Stephen Bumboro of Monroe, Conn.

Mrs. Edwin B. French of Amicus Rd. entertained Mr. and Mrs. Arthur W. Silliman of Aidsley, N.Y. Mr. Silliman was formerly the principal of the Aidsley Elementary and High School before retirement. They visited places of interest in Central Florida before returning north.

Rehearsals are in full swing for the coming Musical Show at the Fire Recreation Hall. The five lessons and lodges always come up with a good show.

Don't forget to make your reservations for the 15th annual St. Patrick's Dinner to be held at the Fire Recreation Hall Saturday, March 13, from 8:30 to 12:30. Music will be provided by Paul Casey Band.

Mr. and Mrs. Lenny Biondi of Park Lane have as their current guests, Mrs. Biondi's mother, Mrs. Marie Russo, and uncle, George Nosa, of Newark, N.J. Lenny Jr. is home from the hospital, doing nicely and expects to return to school next week.

Mrs. Charles T. Duryea of Flamewine Lane entertained at a bridge with two tables in play. The guests were Mrs. Earl Annis, Mrs. Harry F. Brown, Mrs. Preston McBean, Mrs. Lloyd Utman, Mrs. Neal McDougall, Mrs. Walter Vincent, Mrs. William Lake-man, all of DeBary and Miss Helen McKee of Deland. Winners were, Mrs. L. Utman, first; Mrs. Earl Annis, second and Mrs. N. McDougall, booty prize.

Miss Diane Wharton Engaged

Mr. and Mrs. W. W. Wharton Jr., of Longwood, announce the engagement and approaching marriage of their

MISS DIANE WHARTON

daughter, Miss Diane Wharton, to Edward Wales Flagler, son of Mr. and Mrs. Elmer W. Flagler, of Longmeadow, Mass.

The popular bride-elect was graduated from Lyman High School with the class of 1961. She attended Orlando Junior College for two years and the University of South Florida for one year. She is presently employed with the Abstract Corporation of Sanford.

Her fiancé was born in Troy, N. Y., and was graduated from Longmeadow High School. He is a graduate of

Dean Junior College in Franklin, Mass., and attended Stetson University. He is presently attending Naval Aviation Officers School in Pensacola. Complete wedding details will be announced at a later date.

No fuss, no strain with this Lenten salad suggestion to perk up lagging appetites. Combine the contents of a can of Norway sardines with finely chopped celery. Toss lightly. Chill and serve on a cluster of lettuce leaves with mayonnaise or cocktail sauce on the side.

HOT IN COLD

NEW YORK (UPI) — Ice cream is a hot item in cold weather.

An ice cream manufacturer says that the average American eats 22 quarts of ice cream a year, only a third less during the fall and winter than during the spring and summer.

The manufacturer, Good Humor, quoted U. S. Department of Agriculture (USDA) statistics that show consumption of 428 million gallons of ice cream and related products during the six fall and winter months of 1963-64, compared with 645 million gallons during the six spring and summer months of 1964.

The related products included sherbet, frozen desserts, water ices and ice milk. Consumption of the latter was up 44 per cent over totals of the 1958-1962 period.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: I am 26, divorced, and have three beautiful children. I still date my ex-husband because I love him very much. He says he still cares for me, but he refuses to discuss or even consider marrying me again because he can't trust me. I don't blame him because I can't even trust myself. (That's why we were divorced, but that's another story.) Should I stop dating him and quit wasting my time? Or do you think there is some way I can get him to change his mind? DEAD END IN CONN.

DEAR ABBY: I wish I knew how to answer people who ask me questions that embarrass me. Such as, "Is it true that your boss is cheating on his wife with some girl in the office?" And, "How come your brother's wife got the children when they were divorced when every one knows she is the biggest tramp in town?" Also, "How much money did your husband get when his old lady passed away?" These questions are nobody's business and, besides, I don't know the answers anyway, but I never know what to say. TONGUE-TIED

DEAR TONGUE-TIED: Combine the two facts and reply, "I really don't know. But then, it's not my business."

Jacoby On Bridge By Oswald Jacoby

The basic idea of the loser on loser play is that you have a sure fire losing card and you would rather lose it early in the play of the hand rather than later on when it is lost might embarrass you.

NORTH: AKJ, AK4, A7432, J103. WEST: A643, 7, 8, 9, 10, J, 10, 9, 8, 7, 6, 5, 4, 3, 2, 1. EAST: Q109853, Q32, 8, 8, 4, 8, 7. SOUTH: KQ109853, Q32, 8, 8, 4, 8, 7.

opened a club and continued the suit later East might have been set one trick. West opened the king of clubs and continued with the ace and queen. South's first impulse was to ruff that third club. Then he noted that East had opened with three hearts on a jack high suit and surely would have seven of them.

DEAR ABBY: My best friend is a living doll, which is a lot more than you can say for me. We are both 18. My friend, whom I shall call Mary, is not only the most beautiful girl you've ever laid eyes on, but she has a terrific personality. As far as brains go I am happy to say that we are both at the head of our class. My problem: Mary can have any boy she wants—NO who does she always go after the one I want? She really doesn't care for the boy, but if she knows I want him, she goes after him. I pretend I don't care. But I care a lot. Should I tell her how I feel and ask her not to do it? Hick was the last straw. SECOND PLACE

AUDREY HEPBURN, as she appears in "My Fair Lady" scheduled to have its Central Florida premiere showing at Wometco's new Park East Theatre at Field's Plaza, Winter Park, on April 7. Tickets are on a reserved seat basis and may be ordered by mail. Opening night is sold out to the Rollins College Alumni Club of Winter Park.

Twin Theaters Open In April At Fields

The new Wometco Park twin theaters East and West will open on two different dates. The Park East 600-seat auditorium will open on April 7, with the premier in the Greater Orlando area of Warner Brothers' "My Fair Lady" in Technicolor, starring Rex Harrison and Audrey Hepburn.

Highlights

TV Time Previews

10-11 p.m. NBC. The Perry Como Show. Perry goes down east this time and his show originates from the just-opened War Memorial Auditorium in Boston. His guests are Lena Horne, pianist Peter Nero, the Wellesley College Choir and Johnny Puleo and his Harmonica Gang. Peter Nero gives his piano interpretations of "Easy To Love" and "I Could Have Danced All Night." Miss Horne contributes "Love Me Or Leave Me" and "Feeling Good." With host Como she also does a New England medley. Perry sings "The Gypsy In My Soul," "Here's That Rainy Day" and with the Girls Choir, "My Favorite Things." The whole troupe gets together for "Johnny One Note." A well-rounded, enjoyable musical hour.

We The Women:

By Mrs. Muriel Lawrence Newspaper Enterprise Assn. DEAR MRS. LAWRENCE: My mother is terrified of mice. My 3-year-old girl and I were visiting her recently when she saw one in her kitchen. I am sure that her excitement over this accounts for our present problem. Every night at bedtime the child insists there's a mouse in her bed. We've done everything we can think of to convince her that this is impossible. She screams and cries.

little boy who began to be harassed by a huge black bear at bedtime. For weeks everyone tried to make the impossibility of its existence clear to him. Losing all patience with his mother, finally he yelled, "What's the matter with you? I'm not talking about a REAL bear!" With that clue she accepted the big black bear's existence and the existence of the anger at her it represented. She gave him a jar of honey to keep beside his bed and said, "You give this bear of yours some honey to eat—and he will forget all about hurting little boys." And the bear went away.

There will be an art gallery available for local artists to display their paintings. The theater is equipped to handle 70 mm process and Cinema for special road show attractions such as "My Fair Lady" and also can show conventional 35 mm and Cinema scope.

The other half of the twin theater, the West Park will seat 900 persons and will open approximately one week later, around April 14. The new Wometco Twin Park East and West Theaters are located on Highway 17-92 at Lee Road in the J.M. Fields Plaza at Winter Park—with areas of free parking for the patrons.

Four North Orlando Candidates Outline Aims

My Margaret Conby
Four of the five candidates running for open posts on the North Orlando Village Council were present for the council's regular March business session.

Lloyd Brown, commissioner of roads and bridges for the past five months, is candidate for group three councilman. Jay A. Wetz, commissioner of health, welfare and recreation, has filed for the group five council seat. C. E. Rowell has filed for the group one seat and George T. Fuller and Donald L. Wilcox are running for the group four seat.

The group two council post is held by Dave Tison, who will be completing the second year of his term of office during 1965-66.

Brown has been living in North Orlando at 45 South Fairfax Avenue for four years with his wife, Sylvia, and their son, Russell, age three. He was appointed by the North Orlando Council last October to fill a vacancy which became available when Councilman Art Ferrin moved from the village and has been active in making headway as commissioner of roads and bridges.

He is a member of the North Orlando Volunteer Fire Department, Veterans of Foreign Wars, U. S. Marine Corps Reserve (sergeant in the Eighth Engineer Company in Orlando) and is an architectural draftsman.

Brown said "If I am elected by the people of the village, I will do my best to do the kind of job they would wish of me. At the time of my appointment to council last October, I said that I would work for the benefit of everyone in North Orlando and what I said then still holds true. I hope that each and everyone who registered will get out and vote on the 16th."

George D. Fuller is a native of Indiana. The Fullers retired to 109 Sherry Avenue, North Orlando, in 1962. He had spent 33 years with the U. S. postal service and 10 years with the American Express Company in Toledo, Ohio. Mrs. Fuller is a retired school teacher.

Fuller stated that he is "for a better North Orlando. I like the community and, if elected, would do everything possible to make it a better community."

C. E. (Chuck) Rowell has been a resident of the village since May, 1959. Together with his wife, Mary, and sons, Ed, eight, and Stan, seven, he resides at 41 North Devon Avenue. They were among the first families in North Orlando, coming here from Guam when he was transferred to Sanford Naval Air Station where he was retired from the Navy in October, 1962, after 20 years service. He currently is a civilian employe at SNAS.

Rowell stated that he "wants to be a member of the North Orlando Council to help to the best of my ability, to make it a better and more progressive city — a better place for everyone to live, especially a better place for the children to grow and gain through the city's progress."

Jay A. Wetz has been a resident of 417 North Orlando Boulevard since July, 1960. He has served on the village zoning board and was appointed to council last November to complete the unexpired term of Councilman Mona Grinstead.

Wetz is a native of Akron, Ohio, studied at Akron University and was in the aerophysics department of Good Year Aircraft. He now is in the advanced maintenance and technology section of Martin Orlando, and is currently taking courses toward his degree at Orlando Junior College, including a course on state and local government. Wetz "hopes that this will help me to understand and fulfill my role as councilman."

Wetz is interested in the continuing improvement of conditions at a sure and steady rate.

Wilcox serves as an auxiliary policeman in the village and is a resident, with his family, at 110 North Devon Avenue. He was not present for the council session.

Science Turns To People

Up to now, the spectacular successes of the age of science have been with things and physical events: Electricity, the airplane, the atomic bomb, formulating the "laws" of nature.

Although every scientific discovery has contributed to the revolutionizing of man's ways of living and his ways of thinking about the universe, and despite advances in medicine and psychology, human beings have remained pretty much on the outside of the test tubes.

That is going to change, say the scientists. One of the latest to go out on a limb of prediction is Dr. John Turkevich, professor of chemistry at Princeton University. According to him, the dramatic discoveries of the atomic age will pale alongside what will happen in chemistry and biochemistry in the foreseeable future.

Speaking at a symposium held by a life insurance company, he outlined his picture of the future:

- Diseases and maladies caused by man-created harmful living conditions will be eliminated.
- Virus diseases will be exterminated. (This includes the common cold.)
- Mental disorders will be rationally explained and effectively treated by drugs and psychology.
- Diagnostic techniques will be sensitive enough to enable doctors to

head off illnesses long before they would show up.

Transplantation of organs will be commonplace. "I can foresee," says Turkevich, "the establishment of monkey farms where we'll be raising high-grade monkeys so we can take a heart or other organs and attach them to persons who need them."

Hereditary diseases will be curtailed by premarital examination of a couple's chromosomes—the chemical carriers of heredity.

"The bride and groom will be told, 'Here are your chances that you will have some congenital disease in your offspring. Act accordingly.'"

That is the same advice scientists have always given us when they have handed us new wonders and new power. Now more than ever, men must "act accordingly"—that is, with wisdom.

Thought For Today

Am I not free? Am I not an apostle? Have I not seen Jesus our Lord? Are not you my workmanship in the Lord?—1 Cor. 9:1.

The spirit of liberty is the spirit which seeks to understand the minds of other men and women. The spirit of liberty is the spirit which weighs their interests alongside its own bias.—Judge Learned Hand.

Helen Fuller Says

Steady Progress

WASHINGTON — While the jets and the guerrillas do their worst in Viet Nam and the U.S. struggles to find a way out of that dilemma, President Johnson is enjoying the steady progress of his program in Congress.

Two of Johnson's priority measures — federal aid to schools and medicare — are at least halfway home. Both issues have been buffeted about a long time. For five years opponents of medicare, led by the American Medical Association, have successfully sidetracked the bill to provide hospital care for the elderly under social security. And for far longer than that quarrels between religious groups over whether parochial and non-public schools as well as public schools should receive federal funds have defeated every bill to equalize education at facilities through federal aid.

Now hardened old hands in House and Senate are predicting passage of the Administration's medicare bill by Easter or soon after. And the House Committee on Education, hitherto the graveyard of federal aid legislation, is on the verge of sending the Johnson school bill to the floor for action.

What happened? On medicare, the American Medical Association and other opponents of the plan have not given up their fight against it. But many of their friends in Congress no longer believe it possible to stop enactment of the measure. In the past two elections medicare has proved a popular issue with the voters, and that counts with Congress.

On federal aid to primary and secondary schools, a way was finally found, by Lyndon Johnson and his aides, to ne-

gotiate a truce in the religious war over educational aid. In the form in which the federal aid program was submitted this year, most educators, public, private and parochial, can subscribe to it. In typical Johnson fashion, the school bill fizzes over the points liable to raise emotional blood pressure and focuses on the advantages the program will bring to all.

The Secretary for the United Presbyterian Church, H. H. Sissell, took note of this in his testimony before the House Committee. The bill, he said, "represents a fantastically skillful break in the stalemate occasioned by the church-state dilemma in previous legislative efforts."

There are several more rivers to cross on both these bills. The Administration this week recast a key section of the education bill to satisfy those worried about title to the \$100 million worth of textbooks and library books the bill would allot to private as well as public schools. The Administration clarified the bill to provide that parochial and private schools will get the books only on loan from public school districts.

Other such questions will call for Johnson's "reason-together" approach. But major legislative successes for the President in this Congress are moving along the rails.

WASHINGTON MUSICALS

Letters

To The Editor

The Herald welcomes letters from its readers on public affairs. The writer may use a pen name provided the letter also contains the writer's true name and address. Letters of fewer than 250 words will be given preference. Letters addressed to others are acceptable provided they do not deal in personalities. Letters are not published by The Herald.

Editor, Herald:

Williams College, the oldest of New England's smaller colleges, will hold its annual Florida alumni luncheon in Sarasota March 11, and I believe the many hundreds of alumni, both annual visitors and those permanently residing in Florida, would like to be informed through your columns.

I would appreciate the insertion of the following news-

item in your paper:

"The Florida alumni of Williams College will hold their state-wide annual reunion at a luncheon to be held at Whiting Sands, Siesta Key, Sarasota, Florida, March 11, at 12 noon. Last year, 76 Williams men and wives attended, and it is hoped this number will be exceeded this year. Details may be learned by communicating with Donald S. Rogers, 223 Floradale Avenue, Sarasota, Florida."

Donald S. Rogers

Editor, Herald:

To whom it may concern, in reference to the reported trash fire at 2431 Elm Avenue Wednesday afternoon 2:24 p.m.

To the busy-bodies adjacent

south and east of the above address reporting a big trash fire in the alley in back of same address I am obliged to correct this report. There is no trash at this place to be burnt and the big fire in question was in a 2 1/2 x 3 1/2 foot approved solid steel drum with a heavy steel mesh cover for added protection. Some time the owner was tending this reported big fire, burning about a dozen discarded newspapers.

For your information I will continue burning my discarded papers in my own back yard as before under proper supervised condition as advised and permitted by proper authorities.

C. O. Luth

Dr. Crane's Worry Clinic

CASE V-428: Carl Henthorn is a brilliant Hoagler attorney who invited me to address his district legal convention.

For law is not merely a matter of mathematics applied to the pro and con arguments.

Psychology is now becoming almost as important in regard to the verdicts rendered, as the codified statutes.

And I am not exaggerating? Former Illinois Governor Dwight Green, a successful prosecuting attorney in Chicago, stated:

"It is no longer a matter of evidence that determines the verdicts in Illinois courts, but the 'connections' your attorney has!"

When the Omaha World Herald invited me to speak, the newspaper executive who chartered me during the day and presented me to the various audiences, told me of his own recent legal problem.

A little girl had wandered across lots to his backyard that summer afternoon.

She turned the knob on the garage door and entered.

Then she saw an old-fashioned reel type of lawn mower propped against the wall.

So she started playing with it and cut her finger to the bone on the sharp blade.

Two days later, this young newspaperman was sued for \$10,000 by her father, charged with operating an "attractive nuisance" and thus enticing children to their own harm!

Fortunately, he was covered by liability insurance, so he

could never tell how a jury will react. Emotionalism by a socialist attorney can sway juries against obvious evidence!"

So—let's reduce such psychological influences that distort justice by promoting further racketeering in our courts. How?

He was "burned up" by this obvious mer-enary attempt to coerce him under the ruse of an "attractive nuisance."

But the insurance company urged him to compromise, saying it could settle the matter out of court for \$1,000.

But he was adamant in his refusal, telling its officials they should fight this type of obvious racketeering within the law.

Again they begged him to let them settle for \$1,000, although they admitted they felt justice was on his side.

"But it may cost us the \$10,000, plus costs, and travel expense for witnesses, etc., if we fight it and lose."

To which the indignant newspaperman argued:

"Why should you lose?"

And please notice their reply, after contacts with thousands of American courts:

"It is no longer a matter of justice," they said, "for you

It's the new generation of Color TV

What's new about Motorola Color/65 sets? To start with, the picture is rectangular, full, bigger, with a natural shape similar to color movies. All other sets commercially produced in America today use a round tube. Their pictures are smaller and rounded off. Look how much of the picture you'd lose! So why lose the extra enjoyment Motorola Color/65 sets can add to your viewing enjoyment?

THIS

NOT THIS

Another important advantage is this. The new tube is about 5 1/2 inches shorter from front to back than ordinary round color tubes so Color/65 cabinets can be slim and trim. They fit back close to the wall... blend beautifully with other furnishings. Choose from many fine furniture designs including decorator sets designed by Drexel exclusively for Motorola.

Horoscope Forecast

Friday, March 4, 1965
GENERAL TENDENCIES:

New arrangements need to be placed most intelligently in motion if they are to be truly effective. Acting in a hasty or impulsive fashion can certainly bring you much trouble and many problems otherwise unnecessary. THINK.

ARIES (Mar. 21 to Apr. 19) While it behooves you to act in a businesslike fashion, it is also wise to put your fine intuition to work as well. But that new wardrobe that will make such a difference. Be smart and succeed.

TAURUS (Apr. 20 to May 20) You can have that fine recreation you have long looked forward to, but you must first prepare for such. Get others to understand your views. Being diplomatic does the trick now.

GEMINI (May 21 to June 21) It's time to covet the indulgence of good friends, but not at the price of disharmony at home. Let family come first. Get your abundance built up by conscious effort and good thinking.

MOON CHILDREN (June 22 to July 21) The new channels necessary so that you do your best work are within easy reach today, so stop your dreaming. Use that nice smile with the right people. It will work better than anything else.

LEO (July 22 to Aug. 31) You have to adopt a new attitude toward your daily labors if you are to get the success from them that you desire. Get ideas from others with vast experience. Be the best in your field.

VIRGO (Aug. 22 to Sept. 22) Better organization is imperative whether in business or personal affairs and it would be wise to get in touch with experts. Follow your intuition in connection with partners. It can be very accurate.

LIBRA (Sept. 23 to Oct. 23) Associates will give you support confidentially now as well as reveal important secrets, provided you agree on matters of policy. Come to quick accord. Then off to some nice restaurant together.

SCORPIO (Oct. 23 to Nov. 21) Much accomplishment is possible if you apply all of your energy to your tasks now. Later, make certain to take health treatments. Get your nerves toned up properly.

SAGITTARIUS (Nov. 22 to Dec. 21) You are highly creative today and can inspire others wonderfully, provided you are also courteous with them. After a productive day, get out for recreation. Do only what you like to do.

CAPRICORN (Dec. 22 to Jan. 20) A whole new procedure is necessary if you are to make your close ties happy. Show that you are devoted. Get into new outfits. This will lead to increased abundance.

AQUARIUS (Jan. 21 to Feb. 19) Don't limit your thinking and you soon find the advanced ideas that lead to greater success. Make a complete study of same. Cooperate with partners in the right spirit, attitude.

PISCES (Feb. 20 to Mar. 20) You have only to get your mind working in the right direction in order to have far better income. Analyze your position and be grateful for what you have. Show fine business acumen.

IF YOUR CHILD IS BORN TODAY, he or she will be one of those almost wizard children who quickly understand what others are thinking, doing, planning. It would be most wise to give the finest education of a classical nature possible, since there can be fame in this chart. Teach to control the temper early in life. Fine ability to whittle big projects down to working level.

"The Nazis impel, they do not compel." What you make of your life is largely up to YOU!

Carroll Righter's Individual Forecast for your sign for April is now ready. For your copy send your birthdate and \$1.00 to Carroll Righter Forecast, (The Sanford Herald), Box 1921 Hollywood 28, California.

HOME ECONOMICS students at South Seminole Junior High School in Miss Joan Battle's classes Bernadine Kathe (left) and Suzanne Webber admire fashions displayed by Miss Elizabeth Stenke (right), who presented a program at the school on correct style, fabric and pattern selection for various type figures.

READY FOR their first plane ride at the newly developed Seminole Flying Ranch on SR 419, Chuluota, are Skipper Jordan and Ralph Magin Jr. (center). At left is Tom T. Tuck, owner-operator of the airport; at right is Tom Duffy, pilot.

Cancer Society Offers Free Program Films And Speakers

By Maryann Miles
Educational programs from the Cancer Society, including movies and speakers, are available for South Seminole organizations just for the asking. Mrs. Joseph Siczowski of 2535 El Capitan, Sanford, has advised.

Mrs. Siczowski, who was the Cancer Society's first president back in 1958, is serving this year as South Seminole co-ordinator for the annual fund raising drive which is scheduled for the month of April.

Films available for showing include a 12 1/2 Mr. Magoo type animated strip. A number of chief petty officers from Sanford Naval Air Station have offered their services as speakers and many informative brochures will be on hand for distribution. Interested groups should call or write Mrs. Siczowski.

Current president of the Seminole County Chapter is Mrs. Tom Largen. Bud Moughton is in charge of the loan closet which is located in the Shrine Building in Sanford and where free dressings and other supplies are available to patients in need.

Fat Overweight

Available to you without a doctor's prescription, our product called Odrinex. You must lose ugly fat or your money back. Odrinex is a tiny tablet and easily swallowed. Get rid of excess fat and live longer. Odrinex costs \$3.00 and is sold on this guarantee: If not satisfied for any reason, just return the package to your druggist and get your full money back. No questions asked. Odrinex is sold with this guarantee by: McReynolds Drug Store — Sanford—Mail Orders Filled.

South Seminole Junior High Taps 30 For Honor Society

By Jane Casselberry
Thirty ninth grade students at South Seminole Junior High School at Casselberry were tapped for membership in the newly organized Honor Society at an all-school outdoor assembly Friday afternoon.

The students were chosen for their scholarship, character, leadership and service to school and community.

They were singled out of the crowd by their teachers for presentation to Principal John Angel who gave them their pins, assisted by Mrs. Kay Stutzman and Mrs. Raean Foster.

Robert Likens, chairman of the faculty committee to organize the group, administered the oath to the charter members.

Other members of the committee are Mrs. Louise Gypin, Mrs. Foster and Mrs. Stutzman.

The school band played for the assembly under the direction of Bandmaster George Kauten.

Boys tapped for membership in this new scholastic club were Ed Battle, Walter Bistline, Keith Creeden, Charles Engle, James Eriksson, Tim Layman, Larry Rodd, Mike Shaw, Jon Simmuneck, Tom Sward, David Unley and Gerald Warren.

Science Classes Hear Talk On Pest Control

By Jane Casselberry
Jim Rowe, who is employed by an area pest control firm, spoke to the seventh grade science classes at South Seminole Junior High School last week on insect control.

Projects and posters are being made by the seventh graders on a science subject of their choice and interest.

ALSO SEMINOLE PLAZA, CASSELBERRY

News reports from St. Jean Cap Ferrat, France, that Author Somerset Maugham is seriously ill at his Villa-franche villa, reminds R. E. Porter that he traveled and dined with the author and his secretary (now his adopted son), Alan Searle, on a French liner to France shortly after World War II. Which brings to mind, Maugham intended to treat three guests with caviar (which he had brought along) but the waiter proofed and served all nine at the table.

Ashby Jones informs all members of the Class of '40 of Seminole High School that a meeting is planned for 7:30 p. m. March 12 at the First Federal caucus room . . . to plan the class reunion.

To all those men who may lose their pants at a dry cleaners: Contact John Kridler, head of the mythical Sanford Better Business Bureau! John (tautly) will have your pants back for you within 24 hours. So saith R. E. Porter.

If the organizations to which YOU belong have not passed a resolution endorsing the Metro phone system, be sure that it is done at the next meeting. Send the copy of the action to the Seminole County Chamber of Commerce, Metro phone committee. And the quicker the better.

Whoppen to that short stretch of "road" leading to the parking lot of our next-door neighbor and to our back door? City crews stepped down some asphalt or sunpelt to smooth out the access—and you should see it now! All the hard work turned into hard bumps that are real spring-busters. Puhlease, Mr. Knowles! Those pleas are from the bank patrons, no less.

You should see the zip in the beautification committee under energetic Mr. Jack Bolt's chairmanship. Priorities, plans, programs and pep! Here is a chance for Garden Clubs, and all other clubs interested in developing our home town into "The City of Splendor" to lend a hand—sweep and a shovel or few good old depreciated U.S. dollars (or rec'tion) "Lend the shovel, but GIVE the shekels" is the way that's supposed to read.

"Jerusalem," a feature length motion picture, will be presented at 7 p. m. Sunday at Sanford Congregational Christian Church, 2101 Park Avenue, by the Women's Fellowship of the church. Mrs. Thomas Lazen will operate the projector.

And speaking of the Pilot Club, they have heartily endorsed the riverport development. If the City Commission will just let them know a few days ahead of the next morning when this popular project is to be on the agenda, they'll come to the Hall and tell them so. As if they didn't know it! This group always is for progress.

Oh yez, that reminds the Clockwinder of the news story out of Lake Worth about their \$8 million marina that is in the "go" stage. To be built on a 12-acre waterway site (Ours is to be 13 1/2 acres!) Somebody else believes in water sports and boating as THE coming recreation activity.

Once more — today and Saturday — the Civic Center will be transformed into a garden wonderland as Emmy Lou Woodruff and her artistic cohorts in the 13 circles of the Garden Club stage their big, BIG show! As in past years the place will buzz, not with bees as you'd expect in a flower and garden show, but with avid spectators thrilled with the originality and beauty of the displays. Outta this world! I I

AGREE ON DATE — Capt. James O. Mayo (left), commander of Reconnaissance Attack Wing One, and Capt. Richard E. Fowler Jr., future Wing commander, shake hands after agreeing upon the date of April 27 for their change-of-command. (Navy Photo)

Command Change Slated April 27

Reconnaissance Attack Wing One change of command ceremony will be held at 2 p. m. April 27 at the Sanford Naval Air Station.

Capt. Richard E. Fowler Jr., former executive officer of the aircraft carrier USS Independence, will relieve Capt. James O. Mayo as commander of the Wing, which controls all RA-5C Vigilante reconnaissance bombers around the globe.

Captain Mayo, Wing commander since July 1963, has orders to report to the fleet officer, USS Nantahala, as commanding officer. The Nantahala operates out of Norfolk.

The ceremony will be a relatively short event but the greater part of the change-of-command will not be seen by the expected guests.

Preparations are in progress right now and have been for the past two months as the two captains exchange the voluminous information indispensable to running the far-reaching fleet command.

Captain Fowler's schedule since reporting to Sanford has been a succession of briefings, conferences and Vigilante aircraft familiarization courses. Only Thursday he made his first flight in an RA-5C Vigilante attack bomber.

Captain Fowler is no stranger to Sanford or the Wing's attack program. This is his third tour of duty in the area. From 1957-58 he served as operations officer of Sanford-based Heavy Attack Squadron Nine.

Navy Relief Society Will Hear Admiral

ADM. SMEDBERG

'Phone Users Pay \$20 Tax

Southern Bell Telephone customers in Florida paid an average of \$20.42 for federal excise taxes on telephone service during 1964.

That's the figure released today by Robert Shadden, Southern Bell's manager here in Sanford.

"The total excise tax bill for Southern Bell customers in the state for 1964 was \$20,617,231 and this represents the 10 per cent federal excise tax levied on local and long distance telephone service," he said.

He explained that the excise tax is a tax on telephone companies, not on telephone customers, since the telephone company merely acts as a collector of the tax and passes it on to the government.

Lyndon Accused Of Double Talk

MOSCOW (UPI) — The Communist party newspaper Pravda today accused President Johnson of talking about peace while American forces expand the war in Viet Nam.

The military newspaper Red Star said the only solution to the problem lies in peaceful negotiations.

Half-Million Florida Jobs Said Affected

By Paul Brookshire

The shortage of agricultural labor may affect the jobs of some 500,000 other Floridians, John W. Evans, Oviedo, president of the Florida Fruit and Vegetable Association, said today.

Evans said the loss in income could amount to several million dollars.

Evans' warning, which came at a meeting of the board of directors of the association in Orlando, followed on the heels of an order from U. S. Labor Secretary Willard Wirtz that 3,500 off-shore citrus workers must become completely inactive Monday through March 21.

The association said the edict would have the effect of slowing the citrus harvest once again with substantial picking remaining to be done.

The agricultural labor situation was the main item of discussion at the Orlando meeting of the association.

"The shortage of qualified field labor is causing drastic problems for the producers of Florida's citrus, sugar cane and truck crops and the end is not in sight," Evans said.

"The shortage may affect the jobs of some half million other workers in the state whose livelihood is dependent on agriculture," Evans said.

He pointed out that the labor situation is causing a reduction in harvest and a reduction of flow of produce through the packing houses.

He said the labor shortage could hit thousands and thousands of other workers whose jobs are tied to the fruit and vegetable crop through packing houses, transportation and related fields.

"This is a serious problem and thousands of workers not in the agricultural field are involved," Evans said.

The inactive order by Wirtz for British West Indies and Bahamas workers comes at a time when the grapefruit crop is estimated at 50 per cent larger than last year and the Valencia crop one-third larger. Substantial harvesting of both crops remains to be done.

In addition to Evans others from Seminole County attending the board of directors meeting today included Andrew Duda Jr. and Rex Lantz, Oviedo, and Gen J. C. Hutcheson, Harold Kastner and Sydney O. Chase Jr., all of Sanford.

'Operation Beautify' Underway

Sanford Drive For Funds Led By Dr. Darby

By Dottie Austin

"Operation Beautify" is underway in the Sanford area, with the landscaping of the Lake Monroe shoreline from the city limits west and north to Interstate 4 scheduled to begin at once.

Dr. John Darby, of the Central Florida Experiment Station, heads the drive to raise \$1,500 in funds to kick off the city's part of the county-wide long-range beautification plan.

This money will be used for the lakelakfront planting along with a county-wide Arbor Day tree planting by school children during school this spring.

City Manager W. E. Knowles invited Jack Bolt, chairman of the Sanford area beautification committee, that the city is ready to begin planting sabal palms in island clusters along the lakelakfront in accordance with plans. The palms will be complemented with plantings of Spanish bay onck and other low-growing low maintenance plants.

The Arbor Day program will be under the direction of Sanford's 400 volunteers which will arrange to have hundreds of flowering trees distributed among school children to be planted throughout the county, Bolt said.

Dr. Darby revealed that a portion of the \$1,500 drive is assured with a \$100 contribution from the Kiwanis Club and \$100 from Rotary club.

Dr. Darby questioned council as to whether the brothers had applied for and received a building permit for the track stating that David Joyce had visited him on four occasions pleading with him to let up pressure opposing the track.

Building inspector William E. Kinn in his statement revealed that he had refused, and would continue to refuse, a variance of permit as applied for by the brothers for three buildings to be constructed on the Sanlando Springs Drive site until he was given specific instructions by council to issue said permit.

When Councilman R. J. Helms protested that the city

MOVING AHEAD on beautification plans for Sanford and Seminole County are these leaders of the Sanford area committee, Dr. John Darby, fundraising chairman; Mayor J. H. Crapps and Jack Bolt, Sanford area beautification chairman. (Herald Photo)

Group Levels Abuse Charge Against Chief

By Evelyn Lundy

Charges of abusing and mistreating citizens and of using profanity were leveled at Police Chief George Kelsey by members of the Community Improvement Council at the Oviedo City Council meeting Thursday night.

Some members of the group asked that Kelsey be removed from office.

They specifically referred to treatment received by Thomas Wilson, a 17-year-old youth, who was shot while being arrested Feb. 26.

They urged that Kelsey be ousted until an investigation into the incident could be made.

Mayor Lee Gary told the group that an official investigation already had been made and found the shooting of Wilson to be accidental.

A report from the Seminole County Sheriff's Department has been sent to Gov. Haydon Burns. Details of the investigation have not been made public.

Mayor Gary promised the group that Kelsey would use more consideration in the future in making arrests and would use no profanity.

Speakers protesting against Kelsey included Rev. J. H. Browdy and Jesse Smith.

Smith called for more understanding between the races and urged that the mayor appoint a biracial committee to meet from time to time to work out issues as they arise. Gary promised to look into the matter.

"If things are normal out now," Smith told the council, "we may avoid bloodshed later."

Volusia Okays Osteen Span

DELAND — (UPI) — The Volusia County Commission voted to move the Osteen Bridge project to No. 1 priority position on its list of road improvement projects for this year.

John Alexander, chairman

Longwood Ponders Stock Car Stadium

By Donna Gates

Lee Cohn, of Sanlando Springs, a prominent area lumber merchant, appeared at Longwood City Council's regular session Thursday evening as spokesman for a group to urge council to approve a building permit for the proposed Joyce brothers stock car stadium.

Cohn questioned council as to whether the brothers had applied for and received a building permit for the track stating that David Joyce had visited him on four occasions pleading with him to let up pressure opposing the track.

Building inspector William E. Kinn in his statement revealed that he had refused, and would continue to refuse, a variance of permit as applied for by the brothers for three buildings to be constructed on the Sanlando Springs Drive site until he was given specific instructions by council to issue said permit.

When Councilman R. J. Helms protested that the city

Lakefront Plan To Be Aired

Chamber of Commerce's Lake Monroe development committee is on agenda for Monday night's meeting of the Sanford City Commission at which time the committee will submit a definite proposal concerning lakelakfront development. Chamber of Commerce is urging that all members of the committee be present for the meeting.

Mayor Opens Flower Show

Sanford Flower Show at the Civic Center was officially opened at 1 p. m. today with ribbon cutting ceremonies and will remain open until 9:30 p. m. today. Mrs. Frank W. Woodruff III, show chairman, said Saturday hours are 10 a. m. to 9:30 p. m.

Mayor J. H. Crapps officiated at the opening ceremony, assisted by Mrs. J. M. E. Crapps, Sanford Garden Club president, and Mrs. Woodruff.

There is no charge for admission but donations would be appreciated by the club to help defray costs of the show. Mrs. Woodruff said.

Cigarette Tax Yields \$15,800

City of Sanford will receive \$15,847.62 as its share of state cigarette tax collections for the month of January.

Net tax collections for the state amounted to \$45 million of which \$32 million is distributed to qualified municipalities.

Casselberry will receive \$4,026.68, Oviedo's share is \$4,420.93 and Altamonte Springs will get \$1,621.63.

Sailor Injured, Driver Arrested

One man was injured and two vehicles were damaged in a collision at 21st Street and French Avenue at 6:10 p. m. Thursday.

Carroll J. Moore, VAIL-3, Naval Air Station, was thrown from a motor scooter and suffered cuts and bruises. He was treated at the NAS dispensary.

Robert Brodie Jefferson, Ft. Walton Beach, was charged with reckless driving and driving while under the influence, according to the police report.

Estes To Prison

DALLAS (UPI) — Federal marshals secretly whisked bankrupt farm tycoon Billie Sol Estes from his Dallas County jail cell today and took him to the federal prison at Leavenworth, Kan., to begin a 1 1/2-year sentence for fraud.

MIAMI BEACH (UPI)—A proposed new contract was put in writing today for signing and submitting to some 6,000 southeastern dock workers whose leader predicted they would accept it and be available on Saturday to un-load a traffic jam of ships.
