## HIGH COST OF LIVING WILL FALL

ATTORNEY GENERAL PALMER IS ABOUT TO GET BIG PACKERS ERS WITH INDICTMENT

Albany, N. Y., Sept. 18.—Evidence that will warrant and sustain the indictment of the combination of packers known as the "Big Five" will be presented to a grand jury this week, Attorney General A. Mitchell Palmer announced today at a conference of state federal officials called by Governor Smith to consider the cost of living problems.

The attorney general in discussing the high cost of living and the activities of the department of justice, said that the campaign would succeed.

"It has already succeeded," he said, "in very considerable part in various portions of the country."

Mr. Palmer discussed the causes of the high cost of living which he divided into two groups, one based on world wide economic conditions and which is a logical result of the conditions that obtained during the war. These conditions produced a situation which only time and the slow processes of readjustment can change to the betterment of the people, he declared.

The other group, he said, was composed of people in all classes of business who, upon the justification that "everybody is doing it" and in the confidence that the people expect prices to be high, have advanced prices in a way that has increased the heavy burden upon the people.

"They are the most despicable scamps in the community," Mr. Palmer said. "They are found not only among the retailers but among the wholesalers, the jobbers and the manufacturers. They are the men who forget duty to country and to their fellow men in a selfish desire to yield profit to themselves. They ought to be punished if the existing law will permit, and I think it will."

## A BIG STORM CITRUS CROP TEARS TEXAS FOR FLORIDA KILLING MANY IS A BIG ONE

HUNDREDS WASHED ASHORE AT CORPUS CHRISTI—PROPERTY LOSS IS BIG

Corpus Christi, Tex., Sept. 18.—Forty seven victims of the tropical hurricane which swept Corpus Christi, and this section early Sunday morning had been brought to the temporary morgue in the county court house, at an early hour tonight. In addition to the toll in this city, fifty-six were reported dead in the vicinity of Portland, across Nueces bay from Corpus Christi.

With the death list mounting by leaps and the property loss now placed in the neighborhood of \$10,000,000, the people of Corpus Christi tonight, thirty-six hours after the passing of the storm, seemingly were just coming to a full realization of the frightful catastrophe through which they had passed. Every industry in the city is prostrated, business at a complete standstill, communication of all kinds badly shattered and the food and housing problem acute.

The forty-seven known dead in Corpus Christi and the reported fifty-six victims near Portland are not expected to be anywhere near the death toll, but the list was not expected to be increased further tonight, as with the coming of darkness searching parties which are scouring the city and the shores of Corpus Christi and Nueces bays suspended for the day.

Allowing for duplications, and many storm victims probably have been reported at least twice, from different sources, the general belief here tonight was the total number of dead in the immediate vicinity of Corpus Christi will reach about seventy-five. Many victims have been buried without being identified.

A military relief train from Brownsville bringing 5,000 rations and 1,000 beds arrived here early today in charge of Lieut. R. M. Eichelsoefer, aide of Brig. Gen. F. C. Marshall, commander of the Brownsville district. A second train with additional supplies is on its way. The commander of the Brownsville district has placed all his food supplies and tentage at the disposal of local authorities. Approximately 175 refugees have been received at Odem, about 30 miles west of here, according to a telephone message received here. They had been carried across Nueces bay on wreckage. All of them were suffering greatly from exposure. They are being cared for by the citizens.

Three women who sought refuge in the storm, in a public building Sunday night became mothers while the hurricane was at its height. They were attended by physicians who were among the hundred or so people who sought refuge there. Reports today were that they all were doing nicely in local hospitals.

In New Quarters

Mrs. Grace Earle Williams wishes to inform her patrons that she has now opened her millinery establishment in the Clark building just opposite the postoffice where new goods are arriving daily. Mrs. Williams will not have time to arrange for an opening but is ready for business and will be pleased to greet her many old customers and all the new ones at the new stand. Remember the place in the Clark building opposite the postoffice.

"Three V's"

The pastor of the Baptist church of Longwood has arranged with Dr. Hyman of the Baptist Temple of Sanford to deliver his address on the "Three V's" in Longwood Sunday, Sept. 21st, 4 p. m. All the citizens in and around Longwood are invited.

Williams-Butler

Mr. and Mrs. C. M. Williams of Sanford, Fla., announce the engagement of their daughter, Charly Edna, to Raymond Webster Butler of Brunswick. The wedding will take place the latter part of September. No card. —Savannah Morning News.

ESTIMATE OF STATE AGENT PUTS CROP 700,000 AHEAD OF LAST YEAR

Gainesville, Sept. 18.—In a special citrus report, Sam. T. Fleming, state field agent of the department of agriculture, says:

Seven hundred thousand boxes is the estimated increase over last season for the citrus crop now on the trees.

Under date of Sept. 1 numerous reports from growers and citrus men over the state indicate a production of 8 per cent. more than last season's commercial crop.

On the basis of these reports, which take into consideration the condition of the bearing trees, the increase or decrease in number of bearing trees and other factors affecting local production, 700,000 boxes is forecast.

Last season the commercial crop, reported by the transportation companies was about 8,950,000 boxes.

Of the crop now on the trees, it is estimated that 6,300,000 boxes will be oranges, 3,300,000 boxes grapefruit and 50,000 boxes lemons and other small citrus.

Of last season's crop, about 5,700,000 boxes were oranges, 3,200,000 boxes were grapefruit and 50,000 boxes were lemons and other small citrus.

The increase in oranges will be greatest through the central part of the belt and on the west coast. The east coast will produce about the same crop as for last year and the extreme northern end of the orange belt shows a slight decrease.

On the west coast and in sections of central Florida, the grapefruit crop will be heavier than usual, but through the rest of the belt very little, if any, increase is indicated and some sections show a decrease.

Owing to an annual amount of dropping, the lime crop is estimated at only 95 per cent of last season.

All citrus crops at present are in excellent condition, the fruit is filling out rapidly and the shipping season promises to open earlier than last year.

There will be practically no fruit from late bloom this season.

Weather conditions for the rest of the growing season will affect the size of the commercial crop, resulting in a larger or smaller production than indicated by present conditions.

In California, condition on September 1 was 62 per cent of normal, lower than for the past two years and a smaller crop than for last year is indicated.

Below is shown better condition of oranges, grapefruit and lemons, by counties, on Sept. 1.

Birthday Party

Little Miss Mildred Lumley was hostess at a very pretty birthday party Saturday afternoon at the home of her parents.

The little guests celebrated Mildred's tenth birthday with games and romps on the lawn.

After hours of sport and pleasure the little folks went into the dining room which was lovely with its pretty pink and green color scheme. Graceful ferns stood in pots draped with pink and green ribbons. White with pink and green ribbons, white ribbons of pink and green extended from the ceiling to the places at the table. The long table was unusually pretty with its white cover and pink flowers and green vines. The birthday cake carried out the pink and white color scheme, being graced with pink candles and encircled with pink flowers and green vines. Beautiful roses completed the effective decorations of the room.

Other attractive features of the afternoon's entertainment were the pictures photographed of the children and the delightful auto ride taken in Mrs. Hines' car.

Those enjoying this happy occasion were Rebecca Stevens, Elizabeth Whitman, Beth Lassing, Cliff Ford Rivers, Mary Celia Kinlaw Mildred Lumley, Virgie Horn Hyman, Ruby Rivers, Bernice Appleby, Gladys Stemper.

Mrs. Frank Lassing and Mrs. W. H. Hines assisted Mrs. Lumley in entertaining.

Mr. and Mrs. Forrest Lake and daughters, Serita and Maude went to Jacksonville Tuesday where Mrs. Lake and the girls will remain for several days. Mrs. Lake and Serita will leave next week for Staunton, Virginia where Serita will again attend Stuart Hall College.

## HOG ELECTION FENCES PORK IN SEMINOLE

COUNTY PRECINCTS GIVE BIGGER MAJORITY FOR LAW THAN SANFORD AND HOG MUST BE FENCED

It has been decided by the ballots that the hogs in Seminole county will not be allowed to roam at will any longer but in the next thirty days must be placed inside of a good strong fence where they cannot root up any more good truck or corn or other crops that some farmer has made and in days past lost to the greedy porkers.

The new law that was published in the last issue of the Herald was a referendum law and came back to the people for their vote to be ratified before becoming a law which is democratic and took no advantage of any one. The county precincts voted on Mr. Hog this time and the city people almost voted to retain Mr. Hog, but the majority in the county totaled 117 votes for putting hogs under fence and the law will become operative in thirty days.

This result is simply the law of the survival of the fittest and whenever the farming interests become predominant it means the fencing of stock and it is only a question of time and the march of civilization when this happens in every state and every county.

The voting in Sanford was very light, few people taking any interest in the election with the exception of the men who have farms that have suffered by the hogs being allowed to roam at will but in the country precincts where the most damage has been done by the hogs the people had determined to pen the hogs for all time and they voted strong against him, only one precinct voting for the hog to run at large. Below is the result of the election by precinct:

Precinct	For Law	Against Law
No. 1 Sanford	43	30
No. 2 Lake Monroe	18	6
No. 3 Sanford	60	43
No. 4 Paola	11	2
No. 5 Oviedo	32	6
No. 6 Geneva	18	11
No. 7 Calumeta	13	3
No. 8 Gabriella	2	6
No. 9 Longwood	16	5

## SANFORD MEN HAVE PLAN FOR BUILDING

WOULD ASK PUBLIC SEIFTED MEN TO BUILD MORE HOUSES ON CO-OPERATIVE PLAN

Everyone is agreed on the subject of more houses needed for Sanford but every one is not agreed upon just what is the best plan to be followed in building houses or in getting the men to build them who are able to build them.

At the present high cost of material and labor the average man is afraid to venture into the unknown mysteries of building and even those landlords who now own a house or houses look askance upon the idea of building now. And yet other cities are going ahead and building even at the present price and all authorities upon the subject agree that the price of materials and labor will remain at the present level for some time to come and if there is need for houses or buildings of any kind they might just as well be built now as the present time of high prices as to wait a year or more. In other words business as usual will do more to make good times and keep prosperity with us than the idea of waiting for cheaper prices.

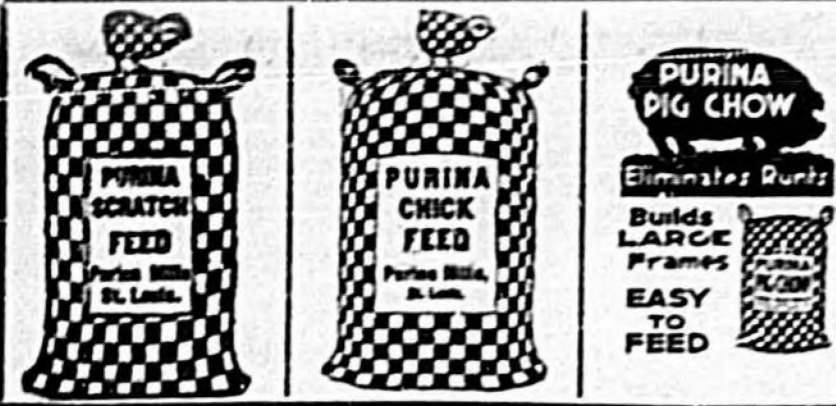

Hon. Frank L. Woodruff of this city who is one of the largest holders of real estate in Sanford thinks that at least twelve men should form a "Build NOW" club and decide to build at least a house apiece at once in order that the many people here seeking homes can be accommodated and not be forced from our city on account of lack of homes in which to reside. Mr. Woodruff is a good business man and his judgment in the matter can be relied upon and he thinks that twelve men agreeing to build twelve houses at once could get better prices on homes even now than if twelve men working separately could possibly get and he is absolutely right about it. He would like to call a meeting of the men of this city to discuss this plan and such a meeting should be called by the Board of Trade at once. Sanford cannot grow if we have no houses in which to place the many new people who wish to become residents and the way to get more houses is for the men who are able to get together and build them NOW.

Dr. T. A. Neal is also anxious to start the building program and even goes farther and would make it state wide with some good energetic business man at the head of the corporation (a corporation not for profit, by the way) that would get members in every part of the state to take stock and build more houses everywhere in Florida, thus putting on a building program upon a state wide plane, a wide plane, that would mean the procuring of all building materials at a reduced rate, the building at a cheaper rate and much of the overhead expenses eliminated.

This would be the greatest thing for Florida that could possibly be just now and is worthy of the thought of the big men of this state. Florida is growing faster just now than any other state. People are coming in now by the hundreds and they have no houses in which to live. Every month the crowd is swelled and by the time that winter actually sets in the people from the north will be here clamoring for accommodations. Many of them will want hotels but the homeseekers, the real citizens to be of this state want homes and they are the class of people that every community wants. People are here in this city today looking for houses to rent, for furnished rooms to rent, even wanting houses to buy but they cannot be accommodated for the want is great and the demand cannot be supplied.

It would be well for the business men of Sanford to take up at once the plan of Mr. Woodruff and it would be well for the people of Florida to take up the plan of Dr. Neal and work it out in all the details for there plans mean more to the state just now than any other one thing. We cannot expand and grow and gain more citizens if we cannot give them a place to live.

Woman's Club The calling together of club members to the club rooms on Sept. 10th, Wednesday afternoon had a two-fold purpose. Mrs. Dickins, president of Sanford's Woman's Club had a special meeting for the purpose of members accepting resignations of the president of the general club and chairman of the Welfare Department, then electing officers to succeed them. But the club at the same time were plotting something in the nature of a farewell party in honor of Mrs. Dickins and Mrs. Puleston, who are soon to make their homes in Miami.

The club rooms were decorated to carry out color scheme of red and green. The windows and doorway arched with clumps of the graceful bamboo while the rostrum was a dell of red roses, the club flower and dark red hibiscus mingled with ferns. Delicately spotted caladiums vased on piano tried to look their superiority over flowers.

Resignations of Mrs. Dickins and Mrs. Puleston were accepted with regrets.

Mrs. B. W. Herndon was elected as chairman of the Welfare Department, Mrs. W. L. Morgan as president.

A TWICE TOLD TALE

One of Interest to Our Readers Good news bears repeating, and when it is confirmed after a long lapse of time, even if we hesitated to believe it at first hearing, we feel secure in accepting its truth now. The following experience of a Sanford woman is confirmed after five years:

Mrs. J. Meisch, 666 First St., says: "The experience I had with Doan's Kidney Pills leads me to recommend them highly. They gave a fine remedy for kidney trouble and if used pro or con, will surely do good work. I had just recovered from an attack of grip when my kidneys began to bother me and my back pained intensely. Reading an advertisement of Doan's Kidney Pills, I began to take them. I was very much pleased with the results and am glad to give this endorsement."

Hasn't Suffered Since The above statement was given May 24, 1914, and on March 19, 1918, Mrs. Meisch said: "I have had no need for Doan's Kidney Pills since endorsing them in 1914. I think they are a wonderful remedy, for the good they did me has proven lasting."

dent of the General Club and Mrs. P. A. Newman nominated as new chairman of the Social Department. As Mrs. Dickins was adjourning business meeting she was confronted by Mrs. W. L. Morgan asking permission to speak. In words appropriate to the occasion and voicing the sentiments of the club in losing Mrs. Dickins, who had been beloved president of the club for nearly five years endearing herself to each and every member by her faithful, loyal and sincere friendship. Mrs. Morgan presented in behalf of club a pearl brooch, then to Mrs. Puleston a cut glass basket of flowers. Mrs. Puleston has also been a valued member of the club and though not her taking chair in the Welfare Department until this fall had proven value to us by raising civic funds for the coming year. This was made possible by her planning and carrying out to successful conclusion the Spring Festival given last spring. She was first in donations for the Building Fund of the club.

Following the presentations the club adjourned for social good time. Ice cream and wafers were served.

New Meat Store Hugh Tillis has opened a new meat store on Sanford avenue at 102 and as every one knows Hugh they know that his new store will be just right in every line. Hugh has not received all his fixtures yet but he will soon have them in and expects to have one of the best and most sanitary shops in the city. Read his ad in this issue and remember the number, 402 Sanford avenue.

What Free Road Service Means It means this, if you are on the road somewhere within four or five miles or over just one block and you have a flat tire call 251-W and there will be a service car and man on the job within a few minutes. In other words if you are dressed in your Palm Beach suit and don't want to do the dirty work LET US DO IT. It cost you nothing, no more than if you fixed it or run to the shop on the rim. We charge you nothing whatever for the use of the Service Car. It is yours. Use it as you like and at any time you like. This is something the Sanford people need and they should appreciate it, but they will never appreciate it until they really know what it means. Give us one call, then you will know. This is something the ladies should know. Call us, ladies, we are at your service.

### COUNTY HAPPENINGS

A BUNCH OF INTERESTING ITEMS FROM CORRESPONDENTS—EVENTS OF SEMINOLE COUNTY—EFFICIENT REPORTERS FOR THE HERALD

#### WEST GENEVA AVENUE

The hot wave is still with us and the night is cool for rest.

Mr. J. R. Robinson has been on the sick list this week with la grippe. It seems like everybody is having la grippe now.

Mr. Nicola has been suffering with rheumatism this week and has not been able to go about much.

Mrs. J. R. Robinson was a pleasant caller at Mrs. Tom Tyner's on Tuesday.

Mr. and Mrs. Henry Lee and Mr. and Mrs. Jesse Lee called at Mrs. J. E. Vaughn's Sunday afternoon.

Mrs. J. E. Vaughn is very busy putting in her fall garden. We will be glad to see the time to have plenty of vegetables to eat instead of so much old can stuff.

Everybody is busy putting in celery now and will soon be setting out lettuce. Then there will be plenty for everybody to do.

There is plenty for everybody to do if they will only try. Some people claim they can't get work, but some don't try.

#### LONGWOOD PICK UPS

Mr. Stuart of Pittsburg, who recently purchased the Caldwell property has arrived with his family and they are occupying their new home.

Mrs. L. T. Hunt and two children of Ft. Lauderdale are visiting her parents, Mr. and Mrs. Allen.

Mrs. Massey of Maitland is the guest of Mrs. Mary Hayward.

Mr. Styles left a few days ago for Birmingham, N. C. He will probably join him later on.

Miss Etta Hartley of Groveland has been visiting her parents, Mr. and Mrs. L. J. Hartley.

Mrs. J. S. Dinkel has returned from Jacksonville where she went to

see her "perfectly new" grandson, Herbert Ray Chapman, Jr.

Mr. and Mrs. McGaughey returned Sunday from a motor trip to Tampa and Clearwater.

Letters have been received from Lonnie Hartley, saying he was back in the "good old U. S. A." where he hopes to remain the rest of his days.

Miss Willie Lou McGaughey gave a marshmallow roast at the school house on Friday evening and invited her many friends who enjoyed themselves as only young people can.

Mrs. L. T. Hunt's little boy had the misfortune to fall and break his arm. Dr. Stuart of Oviedo was called to set the limb.

J. E. Phipps was shopping in Orlando on Tuesday.

C. B. Searey's garage will soon be completed.

Mr. and Mrs. J. S. Dinkel spent Sunday in Sanford, the guests of Mr. and Mrs. Walter Hand.

Mr. Rivers of Sanford was transacting business in town on Monday.

Mr. and Mrs. Saulsbury of Orlando were the guests of Mr. and Mrs. J. M. Waits on Sunday.

J. T. McGaughey will return to Rollins College on Monday.

The Longwood school opened last week with 35 pupils in attendance. Mr. Chaffer, principal and Miss Lillian Waits, assistant.

Miss Olive Waits leaves for Orlando Sunday where she will attend Orlando High School.

Hog election on Tuesday, the question of "To be or not to be" and the Longwood majority says not to be.

Geo. Lavine was shopping in Orlando on Saturday.

Word has been received of the death of Mrs. Bettie Harrison who was called to the Great Beyond Sept. 4th while at her home in Winchester, Tenn. Mrs. Harrison spent the winters here for the past eight year. She was a fine character and one who could well be called the "salt of the earth." Her family have our heartfelt sympathy.

#### LAKE MONROE

The low, busy hum of the tractor, the new force in farming having attracted our attention the representative of the Herald stepped over into the nearby fields to take a "squint" at the modern machine. The one in the neighborhood is a Moline and is the property of Mr. J. W. Bell. The modern tractor is not a complicated machine, its operation is very simple. Any one that can operate an automobile can manipulate a farm tractor. The engine is small but powerful and has a great pulling force, about 60 horsepower. It works with a steady, efficient power and turns over the soil to a uniform depth. It usually takes a man and a team a whole day to plow one and a half acres, but a tractor can do the work in from one to two hours. And by reason of its wide wheels a tractor can operate on land impossible to a horse. The horse's hoofs are small and sink into soft ground, whereas the weight of a tractor is distributed over a larger surface and a greater traction price secured. We are told that the tractor is being utilized in performing practically every kind of farm work. It supplies power to operate plows, harrows, cultivators, threshing machines, saw mills, etc. Indeed, it is aptly said "that the latest and most remarkable chapter in the history of

American agriculture is the era of the farm tractor."

Miss Florence May Ellison and Mr. Carl Bruton were married in Jacksonville. The bride is a daughter of Mrs. Florence Ellison, Jacksonville, but formerly of Toronto, Canada and is a pretty, attractive young woman. Mr. Bruton is a grandson of Mr. and Mrs. A. E. Wynne, of Monroe and is a popular young business man of Jacksonville. The young couple will make their home in Jacksonville.

Miss Isabelle Raynor, daughter of Mr. W. A. Raynor of East Sanford and Mr. William Rowe of this place were married at the home of the bride Saturday. After the wedding the bridal party was entertained by Mr. and Mrs. Raynor, then left for Daytona and Jacksonville to visit relatives and friends. Upon their return Mr. and Mrs. Rowe will live on South First street, near Monroe, at the groom's farm where he has just completed a pretty bungalow for his bride.

A delightful entertainment was given Wednesday evening by Mr. and Mrs. A. E. Wynne in honor of Mr. Carl Bruton and bride of Jacksonville who are visiting here. Games and music were enjoyed and delicious refreshments served. Those present were the following: Mr. and Mrs. Carl Bruton, Misses Fay Mickey, Linda and Mary Miles, Grace and Frances Hawkins, Bessie, Clara, Minnie and Violet Sivagerty, Aric and Rena Mann, Roberta and Josephine Wynne, Messrs. Charles Prester, Carl Rabun, Roscoe Robinson, William Hawkins and Hugh Bruton.

Mr. and Mrs. J. B. Johnson, Mr. and Mrs. George Cene and children have returned from the mountains near Knoxville, where they spent the summer.

Mr. K. J. Cates of Henderson, Ky., arrived today to visit his daughter, Mrs. Bartow Mann. Mr. Cates hails from the Blue Grass state of fine whiskey, fast horses and beautiful women. It is obvious that old booze has sunk into oblivion, but fast horses still survive, however,

and how about the beautiful women, Mr. Cates?

Mr. and Mrs. John J. Bolly have returned from their vacation after being gone all summer.

Mr. and Mrs. James Oglesby and children, Mr. and Mrs. Clarence Cranston, attended the Methodist Conference at Lakeland.

Mr. Palmer Webb, one of our most prominent young business men, who is now employed at Crescent City spent Sunday at home with his many friends.

Mr. Jordan and family of Georgia have moved to Monroe and have rented the Ed. Potter place for the coming season.

Mrs. Albert McGuire and little girls of Palatka are visiting relatives here.

Mr. Bartow Mann was in Jacksonville Wednesday on business.

Mr. and Mrs. Lee Keller of Knoxville have returned here to make their home.

Mrs. William Hawkins of Port Orange is a guest of her son and wife, Mr. and Mrs. Albert Hawkins.

Miss Fay Mickey has returned to Sanford after visiting friends here.

#### EAST SANFORD

The wedding of Miss Isabelle Raynor and William Rowe took place at the home of the bride's parents, Mr. and Mrs. W. A. Raynor of Celery avenue at 10 o'clock Saturday, Sept. 13th. Only the immediate family were present. Rev. George Hyman performed the ceremony. The happy couple left in their car at once for a tour of the East Coast. The bride's going away suit was blue silk tulle with hat and accessories to match. They will be at home after Oct. 1st at their home on West First street. They have the hearty congratulations of a host of friends.

The first celery to be set in the field for the season of 1919-20 was on the 60 acre Russell farm Monday, Sept. 16th. Pepper and eggplant are to be seen in the fields. Lettuce seed beds are coming up.

Mr. and Mrs. Will Raynor and little son are at home after two weeks spent at Daytona Beach.

Mrs. W. E. Prevatt is entertaining her little sister, Elsie Currie of New Smyrna.

Mr. and Mrs. L. M. Lucas and little daughters have been attending the Seventh Day Adventist meetings at Formosa during the past week.

J. F. McClelland, Elwood Irish and T. B. Klnard drove to Enterprise in the McClelland car Sunday to attend the M. E. quarterly conference.

Cecil Mooney arrived here last week from Richmond, Va., to visit his mother, Mrs. Elizabeth Williams of Mellonville avenue. Cecil just recently returned from several months service in France. It will be remembered his brother John died of pneumonia last winter while in France.

Miss Edna Stiles from the West Side was a dinner guest of Mr. and Mrs. Nick Zernovean on Sunday.

Mrs. W. W. Dressor has been a great sufferer for the last two weeks from a carbuncle on the upper lip and an abscess inside the same. Dr. Tolar in attendance.

The Russell farming company recently bought several acres of cleared and uncleared land of H. H. Chap-

Mrs. Mary and little Miss Pauline left last Monday for Miami to visit D. W. Moran and family.

Mrs. J. N. Prevatt and Miss Alexia Mees left last Monday for Eau Gallie, Florida, where they will visit Mrs. Prevatt's daughter, Mrs. Eugene Mathews.

**OVIDEO**

Edward Argo left this week for

DeLand where he will enter Stetson University. He was accompanied by his mother and H. B. McCall, Jr who returned at once by auto.

Park Winters of Waldo has been spending several days with the family of W. E. Argo, leaving Wednesday for Stetson University, this being his second year at that institution.

The young people of Oviedo enjoy a marshmallow toast and peanut roast at Lake Charm Thursday evening last. The moonlight on the lake had never been more beautiful and a crowd never in better spirits, as can be attested to by the residents of Lake Charm who were trying to sleep. The only thing that marred the evening's pleasure was the edict of the local school board that pupils and teachers should leave by eleven o'clock.

Palmer Argo spent Saturday in Orlando, the guest of Miss Helen White. Steen Nelson spent two days last week in Orlando.

Mrs. N. B. Holt and daughter Misses Louise and Elberta and little son, John Rush left Tuesday for Jacksonville and Montgomery after a two weeks' visit in Oviedo.

Palmer Van Reuter of Jacksonville is visiting his sister, Mrs. W. E. Argo this week.

O. P. Swope has returned from a business trip to Chicago.

Mr. and Mrs. L. O. White and son, Elton have returned to Oviedo after an absence of several weeks in Jacksonville, Columbia, S. C. and Wilmington, N. C.

Mr. and Mrs. B. F. Wheeler and baby are expected home this week.

The young people here have organized a candy club which meets on Saturday night. This past week the meeting was held at the home of Mrs. R. W. Lawton. Chocolate fudge and peanut brittle were the two kinds of candy made. Music and games were greatly enjoyed until 12 o'clock.

Misses Mary and Alice Brannon entertained several of their friends at six o'clock dinner Monday evening.

Merle Marshall is attending college at Maryville, Tenn., this year and writes that he is very much pleased with the school.

Mr. and Mrs. I. L. Cook spent Thursday afternoon in Oviedo.

Mrs. L. E. Lundy and baby all spent a few days last week in Orlando and Oviedo.

**LAKE MARY ITEMS**

Candelia Durant is visiting her grandparents at Pierson.

Mr. Tuxworth arrived back last week from making Atlanta a visit.

Mr. and Mrs. Harold Henschen and baby and Mr. and Mrs. A. R. Hewitt and daughter, Eunice of Oakland were last Sunday visitors at H. D. Durant's home here.

Mrs. McWaters has a nice lot of snap beans now ready for eating.

**The Boy Got It**

A hungry traveler put his head out of a car window as his train pulled up at a small station, and said to a boy:

"Here, boy, take this dime and get me a sandwich, will you? And, by the way, here's another dime. Get a sandwich for yourself, too."

The boy, with evident satisfaction started away and returned, munching a sandwich, just as the train was starting off. He ran to the traveler, handed him a dime and said:

"Here's yer dime back, boss. They only had one sandwich left."—The Youth's Companion.

The most vital question of the day is the high cost of living and it may be that the leaders of the railway brotherhoods will do a service to the country at large in lowering prices, which is a badly neglected problem, for there are some few articles now that are higher than they were during any period of the war and still going on up, and Mr. Stafford's letter in the Herald about rice raising makes it very plain that there are more ways than one to fight the high cost of living, as rice is not the only article shipped in the state that can be raised here and plenty of land available and plenty of idle people people that are deliberately doing nothing and able to work. It makes but very little difference what kind of prices they have to pay and a man that could get out and get a job during the war, when it came down to a case of work or fight and then march back home and take his same old seat as soon as the armistice was signed is some kind of a sorry piece of humanity to be pretending to fill a man's place and raising a family. There is no excuse this day and time for anyone not finding a job of some kind, and when compulsory schooling and cattle dipping laws were being passed there could have been one more passed that would have been as much help to the country and put some of the loafers to work that's doing nothing.

### Weather and Crop Conditions in Florida

Temperature.—Temperatures were mostly moderate during the week. Precipitation.—The rainfall was generally less than usual, except in the lower part of Monroe county, where it was much above the normal, owing to the tropical storm during the early part of the week. The excess at that station was 11.57 inches, the rainfall was heaviest over northeastern portions. The week's total at a number of stations was only a few hundredths of an inch; and a considerable area in the western division received no rain during the week.

Condition of Crops.—The moderately high temperature and generally fair weather in much of the cotton counties stimulated the opening of cotton, and picking progressed very well; in fact, the bulk of the cotton crop has been picked, or will be during the current week in some localities where short staple cotton is grown. The weather was, also, favorable for harvesting of corn and soy, and that work was pushed forward, although there is much hay to be saved. The weather was a little too dry in some localities for cane although, as a rule, the crop is mostly fair to good. Sweet potatoes made good progress. Some peanuts were harvested, and the yield is quite good, except on low lands, which were too wet during much of the growing season. Velvet beans are promising, some are being damaged by worms. Citrus fruits are generally good, and reports indicate rapid maturing of grapefruit. Some damage befell groves in the extreme south, incident to the passing of the tropical storm to the west during the early part of the week. Citrus plants are making good progress, and such activities are increasing in the central and southern divisions.

## ELDER SPRINGS WATER

THOMAS D. BAKER, Ph. D. Analytical and Consulting Chemist - Professional of Natural Science Emeritus, Rollins College, Florida Private Laboratory of Rollins College Winter Park, Fla., Nov. 3th, 1918

Mr. T. O. Charles Sanford, Fla. Dear Sir: I have completed careful chemical analysis of the sample of water that you brought me early last week, and have obtained the following results:

Color	Clear	Chlorine	1.75 parts per million
Reaction	Neutral	Total Solids	800 parts per million
Free Ammonia	.00 parts per million	Hardness	23.03 parts per million
Albuminoid Ammonia	Trace	Nitrates	Trace

The absence practically of free and albuminoid ammonia in this water and its very small amount of chlorine indicates its excellent quality for household purposes. In addition to the good quality characteristics of superior household water, it possesses special features of much value, especially those of excellent natural aeration and LOW degree of hardness.

The bacteriological analysis, resulting in an average total count, in four samples of the water, of 2 bacteria per cent, and in finding no coliform or other harmful bacteria, fully confirm its good quality indicated by the CHEMICAL analysis.

Of the many waters of this and other regions that I have analyzed, I have found none superior in all good qualities to that of the "Elder Water." Yours very respectfully, (Signed) THOMAS D. BAKER

### CURBSTONE GLEANINGS

BUDGET OF OPINION "JUST BETWEEN YOU AND ME" EVEN THE GATE POST NOT IN IT

A Chief Is Among Ye Taking Notes and Faith, "He'll Print 'em"--- So Says Saunterer.

We All Like Jollying Kid me along! I'll recognize the bunk But it will please me vastly, just the same. Few patrons have the everlasting spunk! To call the merchant at his "jolly" game. Down in our hearts we customers believe There may be just a chance that it is true— Those flattering words from you that we receive May emanate from out the head of you. Of course, we see you jolly at us too. We understand it then for what it is.

We marvel that such foolish things you'd do To please the customer and get his biz. But when it comes our turn, we cut it up. Our egotism helping us to feel That tho' you "doped" the other fellow's cup— Your heart of hearts was in our little spiel. Kid me along! I'll stand a lot of bunk If only I am told the things I like. I have no doubt an older-laden slunk Would think himself a rooster, if some "kike" Should tell him so when angling for his trade. That is the sort of thing all creatures love. We humans, in particular, are so made That flattery is the fondest thing we've got!— Strickland Gillilan, Rotary Club of Baltimore, Md. "W... Cary did I see it all be on to the organ system." "Indeed! That was nice of him."

What did he leave? "His twelve children." And that reminds me that people of my acquaintance are stanking up with every day, they just live to pile up money, they suffer, starve and die and deny themselves a decent living to make more money and yet they know when it comes the time to die they cannot carry this money with them. Why don't they get wise to themselves and join in the many good movements to make Sanford a real city. Place some of their money where it will do themselves and other people a vast amount of good while they are living. What did he leave, they ask after a man is gone. He left everything. He could not take it with him. Unless somebody here breaks loose in the next few weeks and builds some houses this tight little city of Sanford will not gain any additional population. There are people wanting to move here, dozens of families here every day wanting houses. We have few houses to rent and will not have any unless somebody builds them. We yell about high taxes when every sensible man knows that it costs so much to operate this city and will continue to cost just so much under any kind of government that we may have. The only way to reduce taxes is to get more people in here to make more money, own more property and then help us to pay taxes and help to reduce them for the same old budget of taxes will be heaped upon the same old tax payers year after year. And speaking about houses reminds me that other places are building houses and Sanford can build them also. All we need here is a concerted effort on the part of the men with money to build. They can build now and increase our population in the next five months by many families. Are we to grow or shall we stand still? My old friend, Judge Cheney of Orlando noting the little squib about his attending the ball game up here says: A marked copy of the Herald of last Friday is at hand and the little jolly for me is noted. It was so nice of you that I can't help sending a note expressing my appreciation. Of course you cannot fool me or anyone about the "great" stuff but I liked it all the same and the story was radiant of good friendship and expressed the one thing that makes life worth living—friendship. I can think of no retort so good as the one the darkey made who had just been cussed out to the limit by another who was his superior in the use of violent language, "All dem tings you say I is you is." Here's hoping that both of us will enjoy life as long as we live. Sincerely, John M. Cheney.

BALL GAMES FOR THE WEEK

BOX SCORES OF ALL GAMES PLAYED BY SANFORD TEAM

We hear a lot about the different winning teams in the Florida league in the second series but the whole truth of the matter is that at present it is anybody's game and the team that plays off the post series with Sanford cannot be picked at this time.

palmy days of long ago when it took tenpence to preserve order and Sanford is not handing anything to anybody. If Orlando wins the second series it will be because Orlando has the best team in the league and for no other reason.

Sanford Wins Tuesday. Bradentown, Sept. 16.—Drake could not locate the plate today and Sanford worked out a victory in the first inning. Bradentown loaded the bases on two hits and a walk and no one out, while the fourth man lined a "cannon ball" to Crow, who was playing very close to third base and he stopped on the base and doubled Elliott.

A FAMILY MEDICINE

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught, Relief From Headache, Malaria, Chills, Etc.

Atlanta, Ga.—Mrs. Chas. Gaston, of 114 1/2 Ave. writes: "I am a user of Theodor's Black-Draught; in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the future, we would have malaria and chills, or troubles of this kind, we would take Black-Draught pretty regularly and the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of doctors in bed."

Theodor's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit. If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., and unless something is done, serious trouble may result. Theodor's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper function and cleansing the bowels of the system. Try it. Insist on Theodor's original and genuine. We print the following from the
Eustis Lake Region in the interest of
common sense here as well as in
other places: "Let us again predict
that the flagrant disregard for fast
driving on the streets of Eustis will
eventually result in the death of some
innocent person, or a horrible
collision is likely to occur at inter-
sections that may claim a number of
lives. There is absolutely no excuse
for exceeding the speed limit within
the corporation, and those guilty of
violation of city ordinances should
pay the extreme penalty. Enforce
the law now and not after some child
has been rushed to death beneath
the wheels of an automobile in the
hands of some reckless driver."

LEVEL HEADED LABOR

The present attitude of the rail-
road unions, as indicated by state-
ments from their representatives is
admirable. A disposition towards
hasty, ill considered action has been
overcome.

The executive officers of the shop
workers, the group from whom rash
action was most feared, have urged
them to be content for the present,
and see how the situation develops
gram work out.

"It is our honest judgment," they
say, "that a fatal mistake would be
made by our members to assume the
responsibility of tying up the rail-
roads at this time, when the Presi-
dent is evidently doing all possible
to reduce the high cost of living."

They add the very practical com-
ment that if the shop workers should
strike now, they would be bearing,
alone the burden and criticism re-
sulting from a general tie-up, and
fighting the battle of the whole re-
maining 75 per cent of railroad men
who have shown no disposition to
strike at this time. Inasmuch as the
same treatment is being accorded all
the railroad workers by the govern-
ment, it is simple common sense for
them to hang together, whether they
stick to their jobs or strike.

The men concerned have evidently
been much impressed with this view.
They are also influenced by the fact
that the 4 per cent raise granted
them is really larger than it looks
because it is based on ten hour pay
for an eight hour day.

If this determined effort to lower
the cost of living should fail, it is
understood that all the railroad men
will demand higher pay, and will
consider themselves justified in strik-
ing, if need be, to get it. Mean-
while they are to be commended for
their patience, patriotism and good
sense in co-operating with the pub-
lic authorities and trying to square
living expenses with present wage
standards instead of resorting to the
old, futile method of jacking up
wages in hopeless competition with
prices.—Pensacola News.

A FLORIDA FARM

Any man who has set his heart on
a Florida farm will do well to buy
now. The value of Florida farm land
has been proven during the strenu-
ous days of war when we were told
the "South must feed itself or starve." This state produced from
the fewest acres in cultivation the
greatest value in farm, garden and
orchard products ever known in the
history of the nation.

Today all over Florida are areas of
the finest land, idle, and on the mar-
ket at prices most ridiculously low,
even for improved lands. The ten-
dency is steadily upward. Another
tendency is for men of good fore-
sight to buy and hold for the ad-
vance that is coming fast.

Today these lands can be bought
for a fifth, at the most, of what they
will cost in five years, and the man
who buys today will be in position
defy what if he uses a little common
sense and judgment in the working
of his lands, and in the selection of
the crops to be grown.

Hillsborough county, in particular,
offers some of the finest farm and
truck lands in the state. Potatoes,
cucumbers, peppers, beans, corn,
peanuts, sugar cane, strawberries,
oranges and grapefruit and the
staples like hays and cattle and
stock feed, all grow in the most won-
derful profusion with just a suggestion
encouragement; and all these make
great money for the grower.

We expect to see the day when
you cannot buy an acre of improved
land in this south Florida section for
less than a thousand dollars an acre,
and the best of the land, set to
groves, tiled and irrigated, will cost
you that now.

"The wise man foreseeth the dan-

ger and hideth himself in this case
means getting behind a good Florida
farm—now.—Tampa Tribune.

Quite right and you don't need to
wait for the thousand dollar an acre
land. It has been that price in this
section for many years and we doubt
if you could buy many improved
farms around Sanford for anything
like one thousand an acre.

NEED OF HOUSES

There is a need of houses in this
city, homes, burgalows, cottages,
apartment houses, any place where
people may stay and this need is so
great that many of our citizens are
casting about for some means to re-
lieve the situation. Houses must be
built if Sanford would grow and ex-
pand into the city that we would
like to make it. Sanford cannot
grow unless there are houses here
sufficient to accommodate the new
people who wish to locate here and
become residents. Sanford men who
have the money should devise some
means to build houses and build
them now. In another part of this
issue is a plan formulated by some
of our citizens for building more
houses. It is time we took up this
proposition and start building at
once. Other cities are up against
the same proposition and are pre-
paring to meet it halfway as fol-
lowing from the Orlando Reporter-
Star would indicate:

The project to organize a Building
Corporation for Orlando, which will
have for its purpose the erection of
small homes to be sold on a small
margin of profit to place the great-
est number of Orlando today.

Orlando is growing in such rapid
 strides, the city is unable to care for
the great influx of people who desire
to make it their homes.

The nature of the city, without fear of
contradiction, a hundred new fam-
ilies could be made permanent resi-
dents of the city the coming year, if
they could get homes ready built.
There has been more property to
change hands in the past few
months than ever before in the same
period of time in the history of Or-
lando. Every time a residence is sold
for a home, some family must move,
unless the party buying resides in
the house he lays. We know to our
certain knowledge of four families
who moved from Orlando during the
past two weeks, because the houses
which they rented were sold. Thus
we secured four new families but
lost four old ones. Why? Because
they were unable to rent small un-
furnished homes.

The purpose of the corporation is
not only to build homes for sale, but
to build them and let them for a
nominal rental, subject to insure
an adequate return on the money in-
vested.

The undertaking is solely for the
betterment, advancement and up-
building of our city. It should re-
ceive the hearty support of the citi-
zens and best men of the entire com-
munity. It is one of the best move-
ments the Board of Trade has yet
fostered.

SOLDIERS' GRATUITIES

Canadian soldiers are asking the
government for gratuities running up
to \$2,000, which would bring the
total for the men of the Dominion
who served overseas up to some-
where between \$500,000,000 and
\$800,000,000. It certainly would be
a handsome thing to grant them this,
but can the people of Canada af-
ford to do it? They already bear a
heavy burden of the war, and there
is many a doubter in the ranks of
the taxpayers.

"They (the soldiers) resent very
bitterly the very general view that
the grant of a gratuity, as proposed,
would result in a large increase in
unemployment and wide extrava-
gance," says the Toronto World.
"One result of the receipt of \$2,000,
the World was told, would be the
marriage of at least 50 per cent of
the younger men, who are now un-
able to set up housekeeping. Any
one who knows anything of the
problems of sociology, especially
from the human and hygienic side
would welcome such a result."

This serious discussion of a gra-
tuity of \$2,000 for Canadian soldiers
make the United States seem nig-
gardly. The best we have done this
far is to give the men a gratuity of
\$60 upon their discharge from ser-
vice. Canada already has in oper-
ation a soldier's homestead act, with
many generous provisions; congress
has had before it for some time a
like measure, but it still is a long
way from passage.

Gifts—gratuities—are well enough,
but isn't it a better plan to be gen-
erous with them in ways that in-
crease opportunity for them rather
than to make them a large cash pay-
ment and call the obligation cancel-
led? Better a fairly generous gift of
money with enlarged opportunity
for the future than money alone.
Enough to make a decent start and
a chance to help themselves—that is
all the average soldier asks.—Tampa
Tribune.

ting since the prohibition law went
into effect. While every one who
travels about much knows that
moonshine is being made and the
officers are convinced of this fact it
is difficult to catch the guilty ones
with the goods on them, but the of-
ficers are alert all the time and are
constantly getting closer to the big
ones. Judge Housholder says that
if they are brought to him and
found guilty they will certainly get
all that is coming to them.
This week five or more moon-
shiners were brought in by Deputies
Roy Tillis and Claude Whitten. One
of them was brought in with
his still in operation near Geneva
and he never denied the charge but
plead guilty and was fined \$250 and
costs or six months in the road.
The rest of the bunch will come
up today and if found guilty will
draw down nice packages. There
are other stills in the county and
they have not been run down yet
but that a large still is being oper-
ated is certain for more drunken
men are noticed on the streets and
more of them are found in the coun-

here of a big gang of shiners who are
operating either in this county or on
the borders but they are here and a
little quiet work will get them.

What is Wise Spending?
Saving may have seemed to you the opposite of
spending, and so it is of foolish spending.
But really wise spending goes hand-in-hand with
intelligent saving.
Saving in itself—as the miser understands it—the
mere hoarding of money for money's sake—is of no
especial advantage to anyone.
On the other hand, when people save intelligently,
what they really do is to save for a chance to spend
for something more worth while later. In final anal-
ysis, everything is spent but the saver thinks before
he spends and so spends wisely. He gets more for his
money and a bigger return for his work. He has more
money left for thoughtful spending in the future.
Now, what is really more worth while later? It
may be that, by accumulating hitherto foolishly-
spent dimes and quarters, which give no real satis-
faction, you will be able to buy later a home, or have
a wife, or provide for old age or for education, or a
start in life for your children.
All of these things and many others are "worth
more" to the individual.
War Savings Stamps help you to convert foolishly
money into future wise spending power.

Beautiful Dinner Party

One of the happiest events of the past week was the six o'clock dinner given by Mr. and Mrs. Ben Guthrie in honor of the birthday of their aunt, Miss Mollie Hunter.

The pretty home was most beautifully decorated with cut flowers, and ferns and the table was lovely in its snowy whiteness, silver, cut glass and china, with the birthday cake in the center.

Home-made rolls, fried chicken and all the accessories needed for a delightful meal were greatly enjoyed by the guests. The dessert was simply delicious, real old fashioned pound cake with peach ice cream and cherries.

Miss Hunter received many lit tokens of love and remembrance, and seemed the happiest one present. Those who enjoyed the evening were Mrs. Walter Laling, Mrs. R. E. Millen, Mrs. E. E. Cox, Mr. and Mrs. Guthrie and little Carmen Guthrie.

Birthday Party

Miss May Thrasher entertained a number of little friends of Miss Mary Elizabeth Puleston in honor of her birthday last Saturday evening. The little folks gathered early at the Thrasher home and from there were taken to the Star Theatre to see the movies and then to the home again where they were served ice cream and cake and danced and played games until it was time for them to bid their young hostess and the honoree good night and leave for their homes. They wished Mary Elizabeth many happy returns and good luck in her new home in Miami where the Pulestons will soon take up their abode.

Birthday Party

A pretty birthday anniversary party was held at the home of Dr. E. M. Puleston Monday afternoon in honor of their daughter, Mary Elizabeth who celebrated her 12th birthday.

A large number of Mary Elizabeth's friends gathered for the occasion and to wish her many happy returns of her natal day.

The house was prettily decorated in a color scheme of pink and green. Games and music aided in making the afternoon a merry one. Tables were arranged on the porch for those wishing to play Rook.

The guests were then invited in the dining room where they were served dainty refreshments consisting of pink ice cream and little cakes with pink icing. Those enjoying this lovely party were Maude Lake, Mildred Holly, Olive Newman, LeClaire Jones, Mildred Hand, Doris Hund, Georgia Mobley, Anna Smith, Grace Gillon, Jean Maxwell, Lora Belle Hagan, Julia Dutton, Emma Spencer, May Holly, Mildred Holly Alice Elder, Dorothea Yong, Rebecca Stevens, Catherine Syme, Camilla Puleston, Thomas Blissett, Briggs Arrington, Albert Connelly, Harry Woodruff, Joe Caldwell, Dean Turner, Thomas Wight, Algernon Speer, William DuBose.

Baptists and Methodists Will Play

Another base ball game has been arranged between the Baptist and Methodist Sunday school teams of this city and the date set for next Tuesday, September 23rd at 4:30 in Holden Park.

This is the second game between these two teams, the M. E.'s taking the first by a close margin about ten days ago. The Presbyterian Sunday school is now organizing a team and it is expected that several games will be played this season. These teams play good amateur ball and the games create a lively interest. A small admission fee is charged at the gate to defray expenses.

Seminole Associations

The representatives of 25 Baptist churches from Orange, Seminole, Volusia and Lake counties composing the Seminole Association will meet at the Baptist Temple Sept. 22-23. Several prominent speakers will be here. Among them will be Dr. H. S. Rightmire of Daytona, who speaks Monday night, Dr. Lincoln Hulley and Dr. C. L. Collins who speak on Tuesday evening.

There will be about 100 representatives. Sessions will be held Monday evening, Tuesday morning, afternoon and evening and Wednesday morning. An auto ride will be given the representatives on Tuesday afternoon.

## OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Hairlem Oil has been relieving the weaknesses and disability due to advanced years. It is a standard medicine and remedy and needs no introduction. GOLD MEDAL Hairlem Oil is included in the best, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a small swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Hairlem Oil Capsules will keep you in health and vigor and prevent a return of the disease. Do not wait until old age or disease have settled down for good. Go to your druggist and get a box of GOLD MEDAL Hairlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.

PROCLAMATION. Whereas Chapter 2361, Acts of 1919, Laws of Florida, entitled "An act to abolish the present municipal government of the city of Sanford, county of Seminole, state of Florida, and to organize, incorporate and establish a city government for the same and to prescribe the jurisdiction, powers and functions of said municipality," approved June 7th, 1919, provides among other things that "The provisions of this act shall become effective and shall be in full force and effect on, from and after the first Tuesday after the first Monday in January, 1920; provided that the same shall be approved and ratified by a majority vote of the qualified electors of the city of Sanford to provide for and hold such election on the date named. Said council shall give thirty days notice of such election and shall provide for and hold such election in conformity with laws and ordinances now in force relating to special elections. At the same election the city commissioners shall be elected; provided this charter is approved and ratified if not, then no commissioners will be elected. Candidates for city commission shall be chosen and nominated as follows: Any one may circulate a petition to have any number, not to exceed three, of names of candidates for city commission, placed on the ballot and if such petition shall be signed by one hundred or more qualified electors of the city and shall be accompanied with a written notice that the candidate or candidates whose name or names are therein presented will accept the office of city commissioner if he or she or they are elected, and the council shall publish the names of all candidates having qualified as above in a newspaper of general circulation of the city, in the issue just preceding the election. No elector shall sign petitions for more than three candidates. The candidates shall circulate his own petition. The three candidates receiving the three highest number of votes cast at such election, provided the charter is approved and ratified, shall be deemed elected for the first commission for such term beginning and ending as is hereinbefore provided; and

Whereas the act provides that "The form of government of the city of Sanford provided for under this act shall be that known as the Commission-Manager Plan;" and

Whereas the act further provides that the official ballot for such election shall have printed thereon the question submitted to the electors for determination, to-wit: "Shall the city of Sanford adopt the Commission-Manager Plan Charter?"

Now therefore, by the authority in me vested and by direction of law, I proclaim Tuesday, October 14th, 1919, as Charter Election Day and do hereby give notice that on Tuesday, October 14th, 1919, an election will be held in the city of Sanford for the purpose of determining the question "Shall the city of Sanford adopt the Commission-Manager Plan Charter," and for the purpose of electing three city commissioners, providing such Commission-Manager Plan Charter is adopted at such election. Electors desiring to vote in favor of the "City of Sanford adopting the Commission-Manager Plan Charter shall mark their respective ballots with a cross mark (X) before the words "FOR ADOPTION;" and electors desiring to vote against the "City of Sanford adopting Commission-Manager Plan Charter" shall mark their respective ballots with a cross mark (X) before the words "AGAINST ADOPTION." Electors desiring to vote for Commission shall place a cross mark (X) before the name of the candidate of their choice.

And by the same authority I hereby appoint Claude Herndon, Chas. L. Heit, Walter M. Hayes and H. C. Dillrose to be clerk of such election, and do give notice that the polling place for such election will be in the room in the city hall, known as the fire apparatus room, situated on Palmetto avenue between First and Second streets.

Attention Royal Neighbor. Please remember our meeting to be held next Thursday afternoon, Sept. 25th at 3:30. I hope every member will make a special effort to be present. We have matters of importance to bring before the camp. Recorder.

Laundry Sale Was Successful. The laundry sale held by the Truth Seekers' Bible Class Friday afternoon in Mr. Speer's store was a very successful affair. The store was decorated with laundry pictures, palms and leaf plants. The would-be week's wash presented a very attractive appearance. There was something for Grandfather, Joe and Baby Sue. Soaps, powder and starch were quickly disposed of. The ladies return thanks for generous contributions. Mr. T. O. Charles for the loan of one of the finest washing machines and Peet Bros. Mfg. Co., the Proctor & Gamble Co., Blue Bird Appliances Co. for beautiful advertising pictures and cards.

FIVE HUNDRED BIBLE CLASS. Delegates From These Classes to Meet at Tampa Early in October. According to the latest reports there are at this time between 500 and 600 organized Wesley Bible classes in the Florida Conference, and these fine bodies of men and women, banded together to study God's Word Sunday after Sunday, make strong additions to the forces for the Uplifting of the Kingdom. The fourth annual Federation of these classes will be held in First Methodist church, Tampa, Oct. 1, 2 and 3, and a full attendance of delegates from all these classes is urged. There should be over 500 delegates in attendance.

Some of these Wesley classes are in this community, and this paper takes pleasure in passing the word along to them. They will miss the greatest treat of the year in case they fail to attend. The program is rich in good things for Sunday school workers, and the class that is wide-awake should arrange to have a good delegatin on hand.

Make up an automobile party and take in the Federation. It will be well worth your while. If further information is desired drop a line to Dr. J. H. Therrell, Sunday School Field Secretary, Ocala, Fla.

An enterprise which will be of great benefit to Bartow and Polk county is the latest for Bartow. A practical cattle and hog breeder of St. Louis has purchased 1,450 acres of land near Gordonville, about four miles from Bartow and will proceed to immediately establish a first class stock farm on this tract. This enterprise will be of immense benefit to this part of Florida.

Sensitive Squabs. French scientists believe that carrier pigeons are influenced by magnetism, and that with the spread of wireless telegraphy much less dependence can be placed on them.

County Happenings. (Continued from page 3) and the wives and children having to take every petty job that comes along. No wonder some of the women are on the verge of a nervous breakdown. Who on earth wouldn't be? There are too many who think they are too nice to work. The greatest trouble.

ENFORCE GAME LAWS. Summary of Game Laws of State of Florida. Regardless of the fact that is more than two months before the game season opens in Florida, there is lots of evidence that birds are being shot. The following is a summary of the game laws of Florida, and if any citizen knows of the law being violated it is his duty to report the matter to the proper officers:

Open seasons (dates inclusive): Deer, squirrel, quail (bobwhite partridge), wild turkey, November 20 to March 1. Ruffed grouse, imported pheasants, November 20 to December 19. Duck, goose, brant, black-bellied and golden plovers, Wilson snipe, yellow legs, coots, gallinules, dove, November 20 to January 31. Woodcock November 1 to December 31. Rail, other than coot and gallinules, November 20 to November 30. Red-bird (rice bird), August 16 to November 15.

Hunting licenses: Non-resident or alien, \$15; resident, \$1 (county of residence); resident, \$3 (county other than county of residence). License not required in voting precinct nor of Confederate veteran entitled to a state pension. Issued by county judge.

Bag limits and possession: Three deer, 10 turkeys, and 300 of any of the other game birds. 25 deer, two turkeys, 20 quail, 25 ducks, 8 brant, 25 Wilson snipe, 6 woodcock, 25 in all of rails, coots and gallinules and 25 doves a day. Possession of migratory birds permitted during first ten days of close season other game during first five day thereof.

Sale: The sale of redbirds (rice birds) and all protected game is prohibited. Export: Export of all protected game is prohibited, except non-resident licensee may carry out game as personal baggage, but not more than two days' limit of migratory game birds shall be exported on any one calendar week.

In Memoriam. Sidney McG. Curraway, Jr., was born in Georgetown, S. C., Jan. 1st, 1884 and died at Arcadia, Fla., Aug. 28th, 1919.

Mr. Curraway was the son of our fellow citizen, Sidney McG. Curraway of Sanford and was married to Miss Gertrude Betts Dec. 5th, 1906. They lived in Sanford a short time, then moved to Ft. Ogdens Fla., and it has been their home ever since. He was an influential citizen and left many warm friends besides his

loving and devoted wife and two sons, father, mother, three sisters, Mrs. Tyler of Lisbon, Fla., Mrs. Telford of Thonotosassa, Fla., and Miss Maude; three brothers, one in France and two at home, who have the deep sympathy of their many friends in their great bereavement.

He has left the fond memory of a loved husband and father's tender love and care in the hearts of wife and children and his strength and faith in his Heavenly Father, all through the eight weeks of intense suffering will ever be a lesson that will draw them closer to Him and help them to become more like Him.

After a short and impressive service the remains were laid to rest in Ft. Ogdens.

May the Heavenly Father's tender mercies and care be abundantly with the loved ones, who are so sorely bereaved is the sincere prayer of "One Who Loved Him."
