AMONG THE CHURCHES

Continued from Page 3

The main kick from the traveling public in Sanford is the fifty cents that is paid to and from the depot (twenty-five cents each way) for hack fare on account of the distance of the depot from the heart of the business district.

Life in monk cells, life lived in and under unnatural conditions away from family life, away from social ties, away from social good, away from the common touch; a life which transfers religion from the world to a desert and out of way places breeds wild fancies productive of little real good, and ever and ever of much harm not alone to the individuals leading the life but to the race as a whole.

The following from the Pensacola Journal will be of interest to the Woman's Club of this city and the children: A movement has been started in Pensacola to interest the school children and others in growing the violet which is so easily cultivated and blossoms so prolifically in this section.

To the Citizens of Sanford and Vicinity For fully thirty five (35) years the L. & M. Semi-Mixed Real Paints have been extensively used throughout the United States and also in South America.

A number of public spirited women are agitating the matter, and the movement seems a wise one, and should meet with ready response. The violet has always been one of the best loved flowers and it now gives promise of becoming extremely profitable, commercially.

Not Safe to Fool With. "What's the big gathering at the depot for? Some eminent citizen expected?" "Nope. That's the usual crowd. Everybody comes down to see the train arrive."

PEOPLE AND EVENTS

appearance of the Boston Lyrics, one of the most popular of the Alkaheat Lyceum Course, interest is on the increase and the advance sale of seats promises a crowded auditorium.

Social Calendar Tuesday evening: Re-opening of the Social Department dancing school. Wednesday afternoon: Dr. Tucker at the Woman's Club.

Births Born to Mr. and Mrs. R. E. Pollock, a little son, Monday, April 5, 1915.

Personal Mention Hon. W. J. Sears and Mrs. Sears and attractive little son, Joseph were the guests of Mr. and Mrs. R. J. Holly Monday.

Mr. and Mrs. Thomas Coleman of Kentucky and Mrs. Lily Harbour of Evansville, Ind., came over from the Epworth Inn with Mrs. Martin and are stopping at the Comfort Cottage.

Mr. and Mrs. Leslie McNay of New York city are registered at the Sanford House.

Mrs. Eva Sage of Jacksonville is visiting her sister, Mrs. R. E. Pollock.

Mrs. Forrest Lake and her two attractive young daughters, Serita and Maud will leave for Tallahassee tomorrow to join Mr. Lake.

Mrs. C. F. Cooley of Paola was the guest of friends in the city on Monday.

Mrs. H. C. Gerror expects to leave for a week's visit to Jacksonville tomorrow. She will be the guest of Miss Le Brac.

Mrs. Patrick Handy is visiting Mrs. R. E. Jones at Clermont.

Mr. and Mrs. W. T. Bryden, recent arrivals in Sanford will move into the Howard house on Oak avenue as soon as repairs are completed.

Mr. and Mrs. William Weinert, who have been visiting Mr. and Mrs. C. E. Henry leave today for St. Augustine and Jacksonville en route to their home in Philadelphia.

Mrs. M. Martin has returned from Enterprise and has reopened the Comfort Cottage to the delight of her many friends and patrons.

Mr. R. B. Hanna, who has been spending the winter in Sanford has returned from a short visit to Clearwater and is again stopping at the St. Johns House.

ATLANTIC COAST LINE TRAINS

Table with columns for Northbound and Southbound trains, listing arrival and departure times for various stations like Leesburg, Tribby, and Clyde Line Boats.

THE IDLE RICH. The human scrap pile for which we have to pay is cluttered up, not along with the putters and the down and outs, but with the idle rich, who sit around luxurious hotels and watering places with nothing to do but overeat and sleep.

ACCOMPLISHMENTS. It isn't the pull that you have men respect. Or the help that your many friends give. It's the efforts you make all yourself to collect. The price of the life that you live.

IMMIGRATION EVILS. For years the United States has endeavored to correct its immigration laws. Every thinking person knows that some thing must be done to check the influx. Now that it has become necessary to conserve our national resources...

HYMN OF THE EARLY CHRISTIANS. The rising sun bids us awake And prayer to our Creator make. Benedicamus Domino!

LOVE. It is from love that all being first flowed. Into it all returns through man, and in all "the wide compass which is fetched" through the infinite variety of forms of being love is the permanent element and the true essence.

Champion Nature faker. "I know a nature faker," said Mr. Blache, the author, "who claims that a hen of his last month hatched from a setting of seventeen eggs, seventeen chicks that had, in lieu of feathers, fur. He claimed that these fur-coated chicks were proof of nature's adaptation of all animals to their environment, the so-called 'nature' having been of the cold storage type."

FLA. LEGISLATURE DOWN TO BUSINESS

THE SENATE SEEMS TO BE MAKING BETTER TIME THAN THE HOUSE

(By C. F. Johnson, Special Herald Correspondent)

Tallahassee, Fla., April 8.—The committee on rules in the senate reported yesterday favoring the rules of 1913 and Senator Ion L. Farris offered an amendment that would embody reduction of the committee to six numbered committees and five standing committees, with special committees to be provided by the chair. Senator Johnson defended the rule committee report, and Senator Hudson of the 13th district supported Senator Farris' amendment.

Senator Himes of Hillsborough and Senator Adkins of Starke opposed the amendment. A vote being taken the amendment was lost, by a vote of 30 to 2, thus ending Senator Farris' fight for general reorganization of the legislature.

After an unsuccessful attempt to amend the rules and throwing down the bars to appointment of committee clerks by Senator Gornto, the rules were adopted in full as presented by the committee.

The president of the senate then announced the appointment of his committees.

An invitation from the W. C. T. U. to both houses of the legislature to review a prohibition demonstration at 3:30 Wednesday was read for the information of the members.

Bills introduced in the senate were:

An act to appoint a naval stores inspector, by Senator Lindsey of Caryville; to appropriate funds to fight citrus canker, by Hilsen of Miami; to encourage the destruction of the turkey buzzard, by Wells of Leon; Senator Roland, to provide for the burial of all animals dying in the state; Senator Drane, to establish commission form of government at Florence Villa; Himes, to give state treasurer authority to investigate certain insurance conditions; Farris, of Duval, to enable qualified voters to vote when away from home on election day; Senate then took recess until 4 p. m.

Senator Gornto introduced a concurrent resolution providing for a constitutional convention. It is understood that at the constitutional convention the question of re-apportionment of the state will be considered.

Senator Blitch introduced a bill calling for a constitutional amendment for statewide prohibition, which was referred to the temperance committee.

Senator Plympton introduced W. W. Senator Plympton introduced two measures, one providing for a steamboat and boiler inspector and one for municipal auditors.

Senator Hudson presented a measure to provide a state plant pathologist and means to prevent insect pests to plant life.

At the afternoon session of the senate the following measures were introduced:

An act to provide for a county treasurer and a county school treasurer by Senator Gornto; an act to create a board of county tax assessors and tax equalization board and a state board of assessors and equalizers; Senator Rowland of Gainesville, an act regulating the sale of produce on commission; Senator Adkins, an act for the relief of the estate of E. W. Scarborough, Sen. Watson; an act providing for establishing and maintaining experiment farms in the Everglades by the Internal Improvement Board; Sen. Hudson; two measures by Sen. Terrell to revise tax laws; an act by Sen. Drane of Polk county to change the location and name of Fargo, Polk county; an act by Sen. Drane to incorporate Auburndale, Polk county.

Only one measure was passed today in the senate, and certified to the house. This was a special bill by Sen. Cooper, of Punta Gorda, to validate, ratify and confirm the Sarasota-Venice special river and bridge district in Manatee county, an election having been held in said county March 16. This measure was, upon waiving of rules put on third reading and certified to the house for concurrents.

In the Lower House Other than pass numerous resolutions, among which was one that became known as the no-kinsman resolution, prohibiting any relative

of a member of the house holding any attaches position, there was no real business transacted in the house today. The speaker of the house has not announced his committees.

Methodist Services Sunday Sunday school, 9:45. Preaching, 11:00, subject, "Hearing and Doing."

Preaching 7:30, subject, "The Business Man."

The attendance last Sunday at the Sunday school was 230. It is expected that next Sunday will be larger as the weather is moderating to normal Florida conditions.

It is the desire of the pastor, Sunday school superintendent and teachers that all members of the Methodist church will be in one of the departments of the school. Those who are not members are urged to be present as visitors, then we are sure you will join. Welcome, thrice welcomed. All others will be warmly received.

CITY COUNCIL IN REGULAR SESSION

MANY MATTERS OF ROUTINE NATURE CONSIDERED AND DISPOSED OF

The city council met in regular session April 8th, 1915, at 7:30 p. m. Present, R. W. Herndon, president; W. W. Abernathy, J. Adams, C. H. Dungee, J. D. Davidson, R. C. Maxwell and H. E. Tolar.

The minutes of the last meeting were read and approved.

K. R. Murrell appeared before the council and asked permission to improve the Library Association building by adding to the length and putting on a new roof. The request was refused, as the city attorney said it would be a violation of the building ordinance.

A petition from the Methodist and Baptist Brotherhood classes, asking that the council pass an ordinance closing the fruit stands and forbidding the sale of cider on Sunday was received and the city attorney was instructed to draw such an ordinance.

The complaint of Mr. Fuesola regarding bad condition of certain bridges was referred to the street committee.

The request of W. R. Boykin for a reduction of assessment referred to the assessor.

A petition from a number of the residents of Sanford Heights was received protesting against the payment of city taxes until the streets were paved, water works installed and all other improvements were in operation, and threatening that in case the petition was not acted upon, to institute suit and in case of failure to lower court to appeal to the supreme court. No action.

It was moved and seconded that the time for the payment of taxes be extended to May 1st. Carried.

The bid of the Arabia Granite Co., for granite curbing at the rate of 29 cents per lineal foot delivered in Sanford was accepted, and the city engineer was instructed to order a sufficient quantity for the paving of Magnolia avenue.

The clerk was instructed to correspond with the War Department, relative to two cannon awarded to this city, as the means to obtain the same.

The city attorney presented a bill for past services, in defending the suits instituted by Goldsboro, and agreed that the future fees would not exceed the present bill.

The reports of the officers were read and ordered filed.

It was moved and seconded that the bills as approved by the finance committee and signed by the president be paid. Carried.

Special for Men

The service at the Star Theater next Sunday evening will be planned for the interest of the men of Sanford.

The subject, "The Business Man" will be presented by the pastor. The services held under the auspices of the Methodist church on Sunday evening for the past month have been attracting larger audiences than for some time. The large Brotherhood class of the church will have part in this service. They will have reserved seats and will sing two songs. Everybody will meet a Methodist welcome at the hands of a committee from the class. The time is 7:30.

ELKS LODGE ENTER-TAINED AT PALATKA

MIKE SMITH ELECTED VICE-PRESIDENT—JAX NEXT MEETING PLACE

Local Elks, returning from Palatka report a fine meeting and one of the best times of their lives. Sanford did not go in for as was supposed the lodge would do as many of the members were detained by business.

Jacksonville was selected as the meeting place for the Florida State Elks' Association in 1916 by the convention meeting in Palatka Wednesday. The fight for the annual meeting was hotly contested by Jacksonville, Quincy, Orlando and Daytona. Jacksonville won out after a lively contest. Jacksonville Lodge, No. 221, Benevolent and Protective Order of Elks will make the necessary arrangements to take care of the convention which will be held there next April. The dates of the meeting were fixed yesterday; but the opinion was that April 20, 21 and 22 would be elected.

Officers elected for the coming year were: J. H. Crump, Quincy, president; Mike Smith, of Orlando, vice-president; H. M. Hunt, of Tampa, secretary; and W. L. Bates, of Key West, treasurer. The contests in the selection were as lively as was that for the convention city. There were over 300 delegates present and the candidates for the various offices were each backed by large followings.

The final session of this year's meeting was held Thursday. The meeting is the largest and the best ever held since the state association was organized several years ago. Palatka was turned over to the visitors who paraded with flags and banners. The Palatka lodge of Elks made preparations for the entertainment of the guests and all had a royal good time.

The Jacksonville lodge will take up the matter of arranging for the entertainment of the delegates and visitors at the 1916 meeting without delay. Committees to look after all of the details will be appointed at an early date and an effort is to be made to provide for the most successful meeting ever held by the organization at any annual meeting.

The sessions of the association will probably be held in Morocco temple at the Duval county armory which is now completed by next April.

To Increase Trainmen

Tallahassee, April 8.—Special.—The Brotherhood of Railway Trainmen will endeavor to secure the passage of an act to regulate the number of trainmen and employees to be used in the operation of trains within the state of Florida. The measure stipulates that passenger trains shall have at least three crew members, baggage men and brakemen, freight trains shall have an engineer, fireman, conductor, flagman and two brakemen, regardless of the use of any safety appliances.

The measure stipulates, however, that the law shall not apply to railway lines having less than 100 miles of track within the state nor to freight trains of less than 40 cars, and imposes a penalty of from \$100 to \$500 for violation.

A similar measure passed the house in 1913, and was favorably reported by committee of the senate, but died in the rush days of closing still on the calendar.

Mr. W. E. Kite of Avon Heights is in the city as a representative of the trainmen and will look after the bill when presented.

Sanford Party Over for Vespers

Sunday afternoon quite a number of Sanford people motored over from the Celery City to attend the Easter vesper services, the last of the current season. Among those in the party were Mrs. and Mrs. L. A. Brumley, Mr. and Mrs. John Hurby, Wideman Caldwell, Mesdames H. and L. Caldwell, Miss Esale Purdon and Mrs. Tenny Deane.—DeLand News.

Big Radish

J. K. Mettinger is no farmer but he seems to be able to raise a fine kitchen garden. He brought a white radish to The Herald office yesterday that was 8 inches long, 10 inches around and weighed three pounds. He very modestly gives Mrs. Mettinger the credit for raising the radish and we half suspect that he had help in raising such a big one.

SOUTHERN BELL CO. CAN'T RAISE RATES

THE RAILROAD COMMISSION WILL NOT ALLOW NEW OWNERS' PETITION

The Sanford Telephone Company will remain as it is unless the Southern Bell Telephone Co. takes some other tack in the proceedings for petition before the Railroad Commission. The following decision regarding the matter is given below: In the Matter of the Petition of the Sanford Telephone Company.

This matter came up for consideration upon the Sanford Telephone Company in and by which petitioners said Sanford Telephone Company prayed for an order approving rates to be charged "between Southern Bell Telephone and Telegraph Company and the city of Sanford," and the said Sanford Telephone Company being represented by Geo. A. DeCottis and the Southern Bell Telephone and Telegraph Company being represented by H. E. W. Palmer and it appearing to the Commissioners that the petitioner has no standing to ask that rates be fixed for another company;

Whereupon H. E. W. Palmer, attorney for Southern Bell Telephone and Telegraph Company announced his desire that his company be made a party to the application. But it was determined by the Commissioners that even considering the Southern Bell Telephone and Telegraph Company as one of the petitioners they could not then consider the petition, as the allegations thereof showed that a rate was sought to be established based upon an amount of money estimated to be necessary for the improvement in the plant at Sanford, but which has not been invested therein, and that the application is based entirely upon a future contingency.

It is therefore considered, ordered and adjudged that the prayer of the said petition be and the same is hereby denied.

Done and ordered by the Railroad Commissioners of the State of Florida in session at their office in the city of Tallahassee this 7th day of April, A. D. 1915.

R. Hudson Burr, Chairman.

Hotel Law

Tallahassee, April 8.—Special.—The Hotel Inspector A. V. Messmer endeavor to have enacted at this session of the legislature a law to provide for a state building code, to regulate the construction of all public buildings, and make plans for such buildings subject to review by a state commissioner.

This measure, Mr. Messmer says, is a necessity in Florida, as at present there is no law compelling absolutely safe construction of hotels, churches, schools, depots, public libraries and other large buildings for the use of the general public. A number of prominent senators, when asked their views on the question of such a law, readily agreed that such a measure was a necessity and that after investigation of the requirements of the bill they would no doubt give their support.

Mr. Messmer also desires the scope of his work extended as hotel commissioner, that the inspections of fruit stands, bakeries, meats markets and groceries be included in the law regulating the sanitary condition, and further stated that if such power was given his department he would soon have the entire state in a more satisfactory condition. It is now believed that this addition to the powers of the hotel commissioner will be provided for at this session.

McLaughlin Went Strong

The state convention of Elks closed yesterday at Palatka and Jacksonville was chosen for the next place of meeting. However, Orlando displayed the right spirit by going after the convention and making a strong bid for the place of meeting. C. O. McLaughlin urged that Orlando be chosen as the city to hold the next convention, and he made a strong speech. Orlando withdrew from the race, however, when it was seen that the honors could not be captured. M. M. Smith was elected first vice president. It was reported by the Elks who attended the meeting that Mr. McLaughlin's bid for the convention was one of the finest ever delivered and was a feature of the session.—Orlando, Sentinel.

New Alarm System

Chief Paxton of the Sanford Fire Department is a genius, as his many inventions at the fire station attest. Among his very latest is the new fire alarm gong from an electric clock system and will sound a gong giving the district in which the fire is located. The new system is only for the benefit of the citizens and does not work from boxes for the fire department. In case of fire every citizen naturally wants to know just where the blaze is located and when the fire department leaves the station the number will be set on the dial and the gong will ring for several minutes giving the number of the fire district. By consulting the card the fire can be located at once and much needless worry and excitement saved to the anxious inquirer. The system is a good one and reflects great credit upon Chief Paxton, especially since he made it himself, with no cost to the city whatever. See it at the fire department.

THE COUNTY HOME TO BE FURNISHED

PEOPLE SHOULD DONATE FURNITURE TOWARD THIS WORTHY ENTERPRISE

At the meeting of the county commissioners last Tuesday Chairman L. P. Hagan was appointed a committee of one to solicit donations of furniture, carpets, bed clothing, kitchen utensils, farming implements, etc. for the county infirmary.

The commissioners recently purchased the Harrold place on Melonville avenue for the county home and now that they have gained possession are very desirous of furnishing the same as soon as possible and putting the house in shape for the inmates.

This place comprises about forty acres and in time can be made self-supporting in a measure by planting crops, raising hogs and poultry, etc., and as the inmates can often be depended upon to do some work the place can be made very attractive and home like.

The people who have been desirous of assisting in charitable work in this city and in the county can now come forward and assist in the work of furnishing the county home. Every home has some pieces of furniture that can be given to this worthy object and if they will have the same at the Sanford Furniture Co., or at the furniture store of W. W. Abernathy or T. J. Miller & Son, marking it "county home" the same will be taken at once to the home and will be placed for the convenience of the inmates.

For any further information call on Chairman L. P. Hagan or write him in reference to the donations and it is hoped that the kind-hearted people of the city will respond.

Death of Rev. Swartz

Howard Swartz has left for his home in New York city, having been called there by the sudden death of his father, Rev. William Swartz. Mrs. Swartz is also reported as being very low with pneumonia, making the burden of Howard doubly large. Rev. Swartz was well known here, having resided at his place near Silver Lake for some time and preached in the Sanford churches upon several occasions. The sympathy of the community goes out to Howard and he has the prayers of his many friends here for the recovery of his beloved mother, who it is hoped will be spared to him.

Return to Wichita

Dr. and Mrs. Minnick have returned to the west after residing here for several years and later at St. Petersburg. The Minnicks were among the pioneers at Cameron City and the beautiful Minnick place is to day a monument to their industry and love for the beautiful in nature. They expect to make their home in Wichita where the Doctor will again take up the practice of medicine. It is hoped that at some future time they can return to Sanford for good, for we can ill afford to lose such good people from our midst.

Sanford Cemetery Fund Grows

The following is the list of names added this week to the fund for the employment of a sexton at the cemetery:

Mrs. L. H. Gould	\$6.00
W. W. Fry	6.20
Geo. Fox, Sr.	1.00
Miss Muller	1.00

GREAT SOUTHEAST IS OPENING UP

SOUTHERN STATES CHRONICLE DEVELOPMENTS IN EVERY LINE

Columbus, Ga., April 7.—The Industrial Index says in its issue for this week:

"Spring and business are opening up together. April, always an important month in industrial and commercial affairs promises to be an unusually busy period. Operations have been deterred by weather conditions and have now been begun, the work of the year has begun, retail merchants report notably better trade in many lines and collections are improving steadily.

"A number of important construction and industrial undertakings of considerable magnitude are in progress in the southeast, and there is a large volume of enterprises and building operations, which, while not so large individually are of great importance in the aggregate. That which is actually being done demonstrates beyond question a steady, and in some respects rapid return to normal conditions. This does not take into consideration the immediate prospects. Many business men of good judgment are of the opinion that this year will prove as a whole to be one of unusual prosperity for the southeast.

"Among the items of construction work to be done, as reported this week are:

"Apartment house, St. Petersburg, Fla.; apartment store building, Miami, Fla.; bank building, Marshallville, Ga.; church building, school building and sidewalk paving, Florence, S. C.; city hall plans have been accepted at Orlando, Fla.; hotel buildings, Birmingham, Ala.; and Marshallville, Ga.; and addition, Daytona, Fla.; factory buildings, Dawson, Ga.; and North Birmingham, Ala.; additional levee construction, Augusta, Ga.; postoffice building site has been purchased at Decatur, Ala.; paving, Lancaster, S. C. and Plant City, Fla.; school building plans have been accepted at Fellsmere, Fla., and Huntsville, Ala.; sewer and water works systems Elba, Ala.; sub division improvement Sarasota, Fla.

"Construction contracts have been awarded as follows:

Church building, Lanette, Ala.; and Sanford, Fla.; paving, Birmingham, Ala., and St. Augustine, Fla.; school building, Senatobia, Miss.; warehouse, Camilla, Ga.

"Industrial plants will be established as follows:

"Benzol plant, Birmingham, Ala.; flour mills, Ashburn, Ga. and Greenwood, S. C.; garage, Columbus, Miss.; guneries, Camden, S. C., and Cho. Ala.; ice plant improvement, Griffin, Ga.; motor plant, Augusta, Ga.; laundry, Citronelle, Ala.; pipe plant, North Birmingham, Ala.; packing plant, Ft. Pierce, Fla.; day products plants, Fairhope, Ala.; planing mills, Hulsell, Ala.; saw mill, Clarksdale, Miss.; meat packing plant to be enlarged, Columbus, Ga.; telephone system, Lincolnton, Ga.

"A Darlington, S. C., bank has purchased an issue of 50,000 of bonds of the local school district.

"Three extensive Florida tracts: one of 5,000 acres, another of 6,000 acres and another of 18,000 acres—have been purchased in the past few days by northern investors, and substantial portions of the tracts will be cultivated or devoted to live stock raising.

"A total of sixteen corporations have been formed with minimum capital stocks aggregating \$155,500."

Police Have New Uniforms

The Sanford police force will soon be resplendent in new uniforms, Chief Tills being the first one to don the new regalia. The uniforms are of light weight blue serge with silver buttons. The caps are of the new military style with visors and the Sanford police force will look like a part of the German army when they get togged up in the new stuff. The suits will not only be more comfortable in the summer but will give "our finest" a metropolitan appearance and will distinguish the Sanford policeman from the ordinary cigar sign. Of course the new uniforms will have to be saluted now in due military form and Mayor Thrasher is considering the advisability of having the chief executive and the city council all wear the natty new uniform.

Office in Herald Building Telephone No. 118

Sanford needs a new hotel. Who will build it?

Sanford is well able to build a new hotel and home people can start it if they will.

Sanford will never get out of the little city class until a new hotel is built. Does this appeal to the citizens of Sanford?

"Sanford was there," says the Herald, referring to the Miami meet. Yes, was there on both feet—Holly's feet.—Orlando Citizen.

The people of Sanford are ashamed of their city on account of the poor hotel accommodations. How much longer will you hang your head in shame?

You cannot talk about the beauties of Sanford and the advantages of the city until you have a decent hotel in which to accommodate the stranger within your gates. Do you intend to quit talking about your own home town or will you build that hotel now?

The Herald again warns that unless Sanford shall build a new hotel this year there will be no need to advertise for visitors for next season. Holly will build that hotel himself one of these days—we shouldn't wonder.—St. Petersburg Times.

Wish we had the money. Bro. Straub. We would not call on anyone else to help.

Sanford Herald says, "If surface indications mean anything Forrest Lake will be elected speaker of the house."

Here's hoping the undertow will upset "surface indications." Orlando Citizen.

Don't know what you call it but some kind of undertow seemed to upset the indications.

Miami is some dry city. If you have any doubt about it, quiz any member of the press gang that was there last week.—Orlando Reporter-Star.

Miami is all right and there is no need to quiz any of the gang. None of the newspaper men drink anything now and "dry" Miami did not bother them.

"More business blocks for Lucky Sanford," remarks the Herald in one column and "many new residences for Lucky Sanford" in the next. In the articles under the headings the good news is told of brick business blocks, under way and in contemplation, and pretty homes for citizens. Sanford seems to be growing right ahead and not depending upon "luck." It is alright to be lucky but the Sanford folks evidently have enterprise, thrift and industry, and that leaves luck to be laughed over.—Times-Union.

The banks of any city are the institutions that start the movements for the benefit of the city. The three banks of Sanford will soon have a million dollars on deposit. This would be a good talking point if these same banks would start a hotel in Sanford. They are not in the hotel business but the three banks can inaugurate a movement that will have a hotel started here in sixty days. Does this appeal to the people who have brains enough to successfully conduct three such fine institutions as the First National Bank, the Peoples Bank and the Seminole County Bank?

"It is rather an ungracious thing to figure the results of the recent visit of the state editors to Miami," remarks the Herald. But the figuring is done in a very pleasant way and not one of the editors can make protest or feel that the Herald is doing anything out of the way in the premises. "From what has been received, and the returns are about all in," declares the Herald. "It is estimated that the newspapers of the state have given Miami over thirty columns of splendid advertising." In addition to this the Herald feels sure that the visitors had a good time and will talk about Miami for some time to come in a way that will be worth incalculable amounts.

SON OF THE OLD MAN

Editor Bob Holly has gone to Tallahassee and landed a job in the legislature. It is said Bob had heard that the people of Longwood had a plan on foot to divide Seminole county and the astute editor concluded the only safe way was to be right on the ground through the entire session. Orlando Sentinel.

WRONG AGAIN, BROTHER

Wrong again, brother. The Holly now in Tallahassee is Reginald S. Holly, eldest son of the editor and he can take care of the position he holds, and also any county division that may arise, being a chip off the old block. We have two Hollys coming on that we hope will carry on the firm name, although neither one of them seem to care much about the newspaper name. And then, brother, Forrest Lake is also at Tallahassee.

CROP PEST LAW

The enactment of a crop pest law is one of the first duties of the coming session of the legislature. The demand for adequate and comprehensive legislation on this important subject is as insistent as it is general throughout Florida. Fruit growers, nurserymen and land owners require it for their own protection now and for the future prosperity of the state.

Absence of such a law upon the statute books of Florida has kept outside capital from seeking investment in this state. This fact has been brought to the attention of a number of land owners who have soil and location suitable for citrus fruit culture. Frankly, the man ready to buy Florida land for the development of orange and grapefruit groves does not care to run the risk of losing his property through the lack of crop pest protection such as should be provided for by law.

The absence of such a law is a further and constant menace in that no man can tell what crop pest may next come to light. Florida has a warm, moist, semi-tropical climate, conducive to the propagation and speedy development of a crop destroying pest. Disease in the potato, celery, lettuce, or in fact any of the vegetable or field crops is just as likely to develop as in the grove. The object of a crop pest law is to provide for an organization that will be constantly on the alert to detect the first symptoms of trouble, and backed up with ample power and funds to eradicate threatening conditions before they can develop into serious loss.

RECOMMENDATIONS

Governor Trammell in a voluminous document gives out some good recommendations to the legislature and if followed they will result in some good laws. On account of the lack of space they cannot be given in full but a summary of the Governor's message is given below:

A general program of economy to permit, wherever possible, the reduction of state taxes. Included in this is suggestion to cut down useless expenses of the state legislature, and hiring of superfluous clerks. Authorize cities to change charters without expense to state.

To require interest on county funds deposited in local banks. Limit maximum millage for county expenses.

Require officers to pay over county funds promptly. Uniform system of public accounts. Apply game revenue to public schools.

State aid to growers in stamping out pests which menace fruit and truck.

State aid in eradicating cattle tick. Establishing of marketing bureau for protection of shippers.

Agents for agricultural demonstrations in various counties. Remove license tax on farm products, support of boys and girls in canning club ventures.

Require common carriers to furnish cars for perishable products when needed promptly. Establishment of a public road commission.

General improvement of school system. Improve condition of state convicts.

Prohibiting the insurance combine. Enactment of a rigid anti trust law.

Uniformity of taxation. Reduction of the interest rate. Amend the primary law. Reform of court procedure.

Abolish unanimous rule in jury verdicts. Provide for canal regulation across southern portion of state.

Increase penalty for drunkenness. To check land sale frauds. Encourage owning of homes. Support for state institutions.

OWNING YOUR OWN HOME

The Sanford Building and Loan Association has done more for the people of Sanford than any other one institution in assisting people to build and own their own homes and two thirds of the new homes erected in Sanford during the past six years

have been built through the good offices of the Association. Those who invested their money in Association stock will in a few days receive their share of the earnings and those who made loans have their homes at a low rate of interest. None have failed in payment or lost their homes through this institution that gives the borrower ample time to make payments and all reasonable chances to make good.

Such an institution is of infinite good to the community for the community of homes owners is one of the best and most staple in the world. It is being recognized everywhere as the best means of building cities and forming a staple population. Every one recognizes this fact and the public men of today lay great stress upon the vast amount of good accomplished by inducing people to own their homes.

In his message to the legislature Tuesday Governor Trammell made the following recommendations:

"Our citizens of limited means, whether living in the country or in towns should be encouraged to acquire and own their own homes. For the purpose of offering them some encouragement, and for the upbuilding of our state, I believe it would be wise to submit a constitutional amendment providing for exemption from taxation of a reasonable amount of the assessed value of the homestead when actually used and occupied by the owner."

"While the state owns only about one hundred thousand acres of land, other than school lands, and those located within the Everglades, think it would be a wise policy to enact a settlers' act applying to this land one hundred thousand acres on which a bona fide settler, who had continuously lived for a required period upon a tract, and made certain substantial improvements thereon, could purchase a tract of not exceeding forty acres, at a price which would be reasonable for an actual settler."

SEN. DONEGAN A BUSY MAN

Hon. Arthur E. Donegan who resides at Kissimmee and represents the counties of Osceola, Orange and Seminole in the state senate is a busy man at Tallahassee. The Senator has a host of friends all over the state and with his colleagues in the senate and the members of the lower house he is very popular, therefore his tenure of active service at the state capital is a continuous levee and his headquarters at the Leon hotel are the most popular in Tallahassee. Senator Donegan is one of the hold-over senators and has already represented the 19th district one session. He has not expressed himself as wanting the position again, but in the event that he would desire it the 19th will be found loyal to him.

Senator Donegan has been mentioned several times as a possible candidate for governor of the state but his many duties as banker and general business man are arduous and he does not seem inclined at this time to doff the business suit for the robes of governor. That he is looked upon as a factor in the senate is evidenced by his following appointments:

Senator Donegan is a member of Judiciary A, finance and taxation; corporations, banking, chairman of public lands and drainage, and member of prison and convict committees of the senate.

WOMAN'S CLUB

The Woman's Club was delightfully entertained Wednesday afternoon in listening to an address by Dr. Samuel Marion Tucker, professor of English in the Polytechnic Institute, Brooklyn, and the esteem in which he is held by his special department there led to his election as chairman of the library committee of the New York Drama League. Dr. Tucker is a grandson of Sanford's first citizen, the late and distinguished Judge J. Wofford Tucker and a son of Dr. Samuel Marion Tucker, our first resident physician, and it is with very great pleasure that his friends of "Auld Lang Syne" welcome him home again.

The club women in anticipation of his proposed visit to his aunt, Mrs. A. E. Phillips wrote to him and received the promise, early in the winter, of a lecture, which they requested should be upon the drama, realizing the rare opportunity of hearing one so well informed and qualified to discuss authoritatively a subject upon which so much is written nowadays.

The ladies had assigned the theme, but Dr. Tucker, in the beginning announced that the subject was too vast to be treated in the concrete, he could only touch it in "high

SAVING A PART OF YOUR INCOME

EVERYBODY knows that money comes slowly and it takes a great deal of hard work to earn a fair income. This is the best known reason for saving a part of your money. The harder you have to work for it the more carefully you should protect same.

DEPOSIT HERE AND RECEIVE INTEREST ON YOUR ACCOUNT

H. R. STEVENS, President; C. M. HAND, Vice-President; SANFORD, FLORIDA; H. E. TOLAR, Cashier; R. R. DEAS, Asst. Cashier

places." And with a master hand he gleaned and made very plain to us a few prominent and leading facts regarding the drama and the dramatic instinct which God has put in all of us and which we spontaneously use.

He told of its manifestation in literature, and on the stage it is a potent medium for the presentation of principles and ideas that permeate modern society.

With the causes of prejudice against the stage removed it shall become a powerful factor in the happy and beneficent entertainment and education of the world.

Dr. Tucker recommended the study of dramatic literature in works of such great contemporary dramatists as Tolstoi, Fehekhov, Ibsen, Strindberg, Maeterlucck, Brieux, Galworthy and Shaw.

He advocates the reading of contemporary plays for the purpose of broadening the mental horizon and cultivating the imagination.

The aim and purpose of the Dramatic League is to increase the efficiency of the stage as a social factor.

The League is encouraging dramatic work in the school in order to give the innate dramatic instinct happy and legitimate expression.

Dr. Tucker stated that he shall be glad to furnish the club with any assistance in the shape of either the official publications of the Drama League or of his own publications accompanying his courses.

Makes Good Showing Jacksonville, April 8. The receipts from internal revenue collections for March 1918, according to the officials at the office of Collector Hayes H. Lewis, totalled the sum of \$127,242.10, as against a total collection for March, 1914, of \$112,482.62, making a net increase for the year of \$15,760.

This is an especially gratifying showing the officials claim, in view of the general business depression throughout the United States, which has, of course, affected internal revenue collections as seriously as it has the other departments of the federal government.

Real Wisdom

Since courtesy cannot be made compulsory, the next best course is to avoid rudeness, the second best is to overlook it. It is hardly worth while to resent the behavior of those whom we may never meet again. We should be wise enough to avoid situations where we know rudeness is to be expected; we avoid streets with a bad reputation because we have a rather clear idea of the experience we might meet if we ventured in them, especially after dark.

Requirement

"I wonder if our boy will ever be a great man?" "Well, he has one of the main characteristics—he can't write a legible signature."—Florida Times-Union.

In Court of County Judge, Seminole County, State of Florida

Bridge, to the members of which Mrs. W. D. Holden was the charming hostess at the home of Mrs. George Davis Hart on the Heights yesterday afternoon. The club prize, fell to Mrs. G. F. Smith, to whom was presented a pretty little set of beauty pins.

Mrs. A. L. Dorman and Mrs. Waits entertained a bunch of little people Monday afternoon with an Easter egg hunt in West Side Park, to the great delight and happiness of the youngsters.

STATE NEWS IN TABLOID FORM

BRIGHT BITS GATHERED FROM HERE AND THERE IN FLORIDA

Nearly eight hundred quarts of strawberries were picked from two patches near Kissimmee this week...

A Tarpon Springs dispatch says: "With a bullet in his head, Carl Doerler, a saloon keeper of Tarpon Springs was found this morning in his home in the heart of that city..."

Taylor county is not the best spot in the world, but it could be made so. Just because God gave us every thing that is good is no reason why we should rear back on our dignity...

Osceola county is furnishing the mutton for the big Easter festival of the Greek colony at Tarpon Springs. Four carloads of sheep were shipped from Kissimmee last week to purchasers at the sponge center of the world...

this week as selecting the stock and superintending the shipment of the sheep to Tarpon Springs. One car load each was shipped by Rohlf & Chenoweth, S. B. Story and the Carson, Cattle Company...

It will cost Volusia county a million dollars to pave the roadways with brick, but it will cost ten millions to delay doing so for another ten years.—Daytona Journal.

In Memoriam: On Feb. 3, 1915 our loved and valued secretary and treasurer, Mrs. Mamie R. Smith was called very suddenly from a busy and useful life to the Life Eternal...

The Death Angel visited our Chapter again on Feb. 8, 1915 and took from our midst our loved sister Mrs. Eliza Argo. Although physically unable to attend our meetings her heart was with us in our work...

Words cannot estimate our loss, therefore we tender the following tribute of respect:

Whereas, It has pleased our Heavenly Father to take from our midst our sisters, Mrs. Mamie Regis Smith and Mrs. Eliza A. Argo; and

Whereas, We strive to accept the will of God, therefore be it

Resolved, That we deeply mourn their loss and sympathize with their bereaved ones.

Resolved, That a copy of these resolutions be sent to their families, that they be published in the Sanford Herald and that a copy of them

be entered on the pages of our minute book.

Wade Hampton Chapter, U. D. C. Oviedo, Fla. Requiem aeternam dona eam Domine. Et lux perpetua eam luceat. Requiescat in pace. Amen.

German Cruiser Interns

Newport News, Va., April 8.—Commander Max Thierichens, of the German auxiliary cruiser Prinz Eitel Friedrich, asked the United States Government through port authorities here to intern his ship and crew for the war...

Yesterday the commerce roster made here last cruise of the war. She was taken to the Norfolk Navy Yard across Hampton Roads from the shipyard here, where she has been laid up since lumping into port on March 10...

The Captain presented his request in writing when Collector Hamilton boarded the Eitel Friedrich with an imperative notice from Washington that the time of his stay in this port would expire at midnight...

This decision immediately operated to lift the embargo from all allied merchantmen in port, more than a score of which had been held up, and they were permitted to leave.

The actual internment, arranged in conferences between Rear Admiral Beatty of the Norfolk Navy Yard, Rear Admiral Helms, of the battle ship Alabama, and Collector Hamilton was to take effect tomorrow morning. The breach locks of her pens will be removed and connecting rods of her engines disconnected.

When Play Is Work

It is hard to play on some people's sympathies. In fact, it is all work and no play.—Philadelphia Record

Limit County Commissioners

Tallahassee, April 8.—Drastic legislation affecting the county commissioners of Florida is proposed for this session; and from the talk especially among senators, the time when the board of commissioners shall have charge of the levy and collection of taxes and the expenditure of the county moneys without any oversight of supervision from others is nearing its close.

Senators admitted last night that this is the subject of a bill that is being framed by certain members of their body, the provisions of which, not being entirely decided upon, prevents the bill from being given full publicity.

The statement was made by one senator in the presence of others that practically a majority of the counties of the state are in a deplorable condition financially, not because of graft but because of unbusinesslike expenditures, misuse of public moneys and general lack of business management.

Sanford Home Minstrels

The Sanford home talent will give the people of this city one of the best minstrel shows of the season in a few weeks. The boys are rehearsing nightly and have some of the best stuff that has been originated here in some time.

Sanford has some of the best home talent that can be found in any city and that the show will be good goes without saying. Watch The Herald for future announcements of the date. Ed Lane is manager, which is proof sufficient that not only will the show be up to the standard but the fund will be raised.

Canada's Capital.
The old seat of government in French Canada was the city of Quebec. Under British rule the capital was Montreal, but as a result of a riot in 1849 the government was removed and alternated between Toronto and Quebec until 1857, in which year Queen Victoria selected Ottawa as the capital of Canada. Ottawa was founded under the name of Bytown in 1829 and was incorporated in 1851 when the name was changed.

Voracious Adjutant Bird.
The adjutant, or marabout, a bird of India of the stork species, will swallow a hare or a cat whole. It stands five feet high and the expense of its wings is nearly fifteen feet.

SUPPOSE there were no hardware men
To sell us nails and all.
Our shingle roofs would blow away,
Our dwelling's frame would fall.
We could not hang a picture up
To grace the parlor wall.

WE'D never screen the skeeters out
Or lock the silver in;
We wouldn't run the pump, or wash
In copper spouts or tin.
We'd split our kindling with a rock
And make the neighbors grin.

THE awful state of this old world
Without the hardware clan,
I would take a page to tell it all,
I'm sorry I began.
O friends, let's honor and revere
The helpful hardware man.

PEN PICTURE OF EMPEROR

Glimpse of William II as He Appeared Recently at Eastern Battle Front.

Amsterdam—An interesting pen picture of Emperor William appeared in the *Kriegs Zeitung*, an army organ published in Berlin, from its correspondent on the eastern front. It says:

"The emperor appeared with General von Mackensen, passing along a line of troops. For the moment I had an impression that he had grown terribly gray, but that was an error arising from the fact that the head protector he was wearing to keep off the terrible cold was gray."

"As a matter of fact the emperor appeared extraordinarily fresh and elastic, though there was an added seriousness noted in his features and a certain bitterness in his voice which formerly was not there."

Proxy Marriages for Soldiers.
Paris, France.—Minister-Heind of the department of justice and M. Millerand, minister of war, have given approval to the proposed bill which would allow soldiers who are unable to leave the front to contract marriages by proxy.

DOCTOR WRONG BY 54 YEARS

War Veteran, Tagged "Mortally Wounded" Recently Dies "Natural Death" for All That.

Fulton, Mo.—Left on the battlefield dying with the surgeon's notation, "mortally wounded," written after his name, only to live fifty-four years and die a natural death, was the experience of the late John W. Davis, a Confederate veteran of Fulton. A letter received here from Joseph A. Mudd, another Confederate veteran of Hyattsville, Md., tells the story as follows:

"I have just seen mention of the death in Fulton of John W. Davis. He was a member of a grand company of brave boys, commanded by Capt. D. H. McIntyre, afterward attorney-general of Missouri—Company A, Burbridge's regiment. Ours was Company B, and we stood side by side in battle. Comrade Davis was just my age."

"At Wilson's Creek, nearly fifty-four years ago, I saw him shot, so badly hurt that the surgeon wrote 'mortally wounded' after his name."

PATIENT SPOUSE WAITS LONG

But After Keeping Coffee Hot for Her Nine Years, Concludes She Isn't Coming Back.

La Crosse, Wis.—Abdolla Saad, most patient husband in La Crosse, has been granted a divorce by Judge Higbee. One day in 1906 the wife stepped over to a neighbor's. She told her husband to keep the coffee hot. Abdolla was a faithful husband. He kept the coffee hot nine years. He went about his work as usual and said nothing. Then it came to him that he had been deserted, and so he made application for divorce.

The court heard his story. The woman had not written since leaving home. Neighbors had seen her take a train. The husband did not know where she went. The judge granted an interlocutory decree of divorce under which Saad will have to wait at least another year before he remarries. He was so informed by the court. He replied: "Wait only one year." Oh, one year is nothing nothing at all.

BORN BLIND; NOW SEES

Miss Maud Emerson Lincoln of Marblehead, Mass., after 21 years in almost total darkness, has suddenly gained full use of her eyes. Practically blind since her birth, one afternoon she felt something snap in her eye and normal sight came instantly to that eye. Then to the other. The miracle almost unerved her. The sight of people scared her; the sight of food was strange; she could not eat, everywhere she turned a new world met her. She plans to make up for her enforced lack of education and rejoices in the miracle of just plain, everyday "seeing."

THRESHES OLD STRAW PILES

Oklahoma Farmer Carries 100 Bushels of Wheat From Discarded Stacks on His Place.

Blackwell, Okla.—The high price of wheat has caused H. R. Walters, a farmer living in Culliken, Kan., north-west of Blackwell, in the wheat growing country, to thresh the old wheat straw stacks on his farm from the 1911 crop. He also threshed some of the 1913 stacks of wheat which at that time were not considered of any value because of the poorness and scarcity of the grains. Mr. Walters garnered almost 100 bushels of grain by his effort, and considering the price he will get for the grain he thinks his work worth while.

TO WALK 500 MILES A YEAR

Thirteen Minnesota Girls Set Strenuous Athletic Task for Themselves — Banquet for Winners.

Fort Dodge, Minn.—Five hundred miles a year is the goal of Fort Dodge girls, who are not superstitious and aim to be athletic, have not for them. They do not plan to cover the distance in automobiles, but on foot. To make the task more pretentious, the rules are rigid that they should not attach their pedometers while "tramping around the house, attending tango teas or shipping."
At the end of the year those who have failed to tramp 500 miles are to banquet the others.
