## NEW RIOTS EXPECTED IN HAVANA

### ABC Society Seeks Revenge For Slaughter Of 15 During Sunday Parade Along Prado

HAVANA, June 18.—(AP)—Five unidentified men raised Calista Garcia Hospital today and kidnapped Evelio Torres who was wounded in yesterday's shooting. It was understood that Torres was an opponent of the ABC political society.

HAVANA, June 18.—(AP)—Retaliation by infuriated members of the ABC society was feared today after Cuba's "Bloody Sunday" in which 12 persons were killed and nearly 60 wounded.

A heavy guard was placed around Emergency Hospital upon reports that the ABC planned to storm it and wreak vengeance on four wounded men. Deep political significance was attached to the two days of rioting leaving a total of 15 dead and culminating yesterday in a parade that was turned suddenly into slaughter.

They appeared likely to bring a postponement of the government's plan to hold general elections in December. Guerrilla warfare carried on intermittently for months reached a climax when 50,000 members of the ABC society, powerful political organization, marched through the principal streets.

Machine guns spoke when the procession reached an important intersection. Dead and wounded sprawled on the fashionable Prado Boulevard, mowed down by bullets of radical gunmen sworn to break up the ABC society fiesta.

A full night followed the battle as evening settled upon Havana's cooling streets was broken by a bomb explosion in midtown at 7:30 P. M. and every available unit of law and order was prepared for further threatened outbreaks after dark.

Using tear gas, police dispersed a riot at Virtudes and Belascoain streets in the center of the shopping district, wounding one, then settled back in watchful waiting. Persistent reports said the ABCs had succeeded in seizing an automobile from which their attackers had operated a machine gun and burning four of its occupants to death.

Police claimed to have no knowledge of such an incident. (Continued On Page Four)

## Road Board Officials To Meet With Women

It was announced this morning at a meeting of the Women's Civic Committee of the Chamber of Commerce that B. R. Massie of the State Road Department will come to Sanford this week to discuss the beautification of State Road No. 8 with members of the Garden Club of Sanford.

The morning meeting, presided over by Mrs. W. L. Morgan as chairman of the committee, was devoted to a discussion of beautification projects and the part the committee may play. Announcement also was made that the following new members have been elected as representatives of clubs making up the committee:

Garden Club, Mrs. R. J. Holly, St. and Mrs. E. F. Montalvo; County Federation of Women's Clubs, Mrs. W. B. Ballard of Altamonte Springs and Dr. Elizabeth Tracy; Woman's Club of Sanford, Mrs. W. L. Cooper and Mrs. P. S. Lamson; D. A. R., Mrs. L. P. Hagan and Miss Neva Wylly; Oviedo Woman's Club, Mrs. James Wilson of Chulavita and Mrs. A. D. Covington of Oviedo; Spanish-American War Veterans' Auxiliary, Mrs. M. H. Stillwell of Lake Mary and Mrs. E. C. Shaefer.

Those attending the meeting were Mrs. Morgan, Mrs. John Hagan, Sr., Mrs. J. G. Looney, Mrs. E. C. Shaefer, Dr. Elizabeth Tracy, Mrs. A. D. Covington, Mrs. M. D. Kinsart, Mrs. W. E. Watson, Mrs. E. J. Holly, Sr., and Mrs. Edna Carlett of Geneva.

## Application Of Wilcox Bill In St. Petersburg's Bonded Debt Problem To Be Delayed

ST. PETERSBURG, June 18.—At the conclusion of Saturday afternoon's conference between city officials and Kenneth M. Keeffe, chairman of the bondholders' committee, the latter told the committee that he would let them know by June 23 whether the committee could agree to a continuance of the present \$450,000 levy for bonded debt service.

City officials and Kenneth M. Keeffe, chairman of the bondholders' committee, resumed discussions Saturday afternoon of budget problems with regard to bonded debt service after adjourning a morning meeting at noon.

No agreements were reached during the morning session which was devoted largely to the Wilcox municipal bankruptcy bill and anticipated tax collections for 1934-35.

## MANY CITIES NOT RESIGNATION OF TO RECEIVE PWA NORTH DAKOTA'S FUNDS AS HOPED GOVERNOR ASKED

WASHINGTON, June 18.—(AP)—Many communities counting on Public Works Administration money for construction projects faced disappointment today. Congress has decided to give the work relief agency not more than \$200,000,000 to carry on.

It got another \$250,000,000, selling its RFC municipal securities. Of the total, \$30,000,000 is earmarked for projects now under construction and to be paid as they take another step.

Appropriations for new work relief work call for the spending of \$1,700,000,000. Officials estimate that less than one of ten eligible projects can receive any PWA cash.

They are going ahead with plans to spend the money they will have and they hope to put more than a million unemployed to work as soon as possible.

## Trammell Supporters Open Local Office

A Trammell for Senate. Club opened its headquarters in the old A & P store location on East First Street Saturday afternoon. Peter Thurston, local grower, who was busy during the afternoon securing the names of passers-by who would register as members of the club, stated that F. E. Horns and E. E. Housholder were heads of the organization.

Mr. Thurston also stated that Mr. Housholder will deliver an address in behalf of Mr. Trammell, probably on Wednesday night. The club rooms at 8:00 o'clock. Announcement as to the exact date will be made tomorrow.

## Ultimate Recovery Of Month Old Girl Born With 50 Bone Fractures Expected

INDIANAPOLIS, June 18.—(AP)—Little Caroline Ruby Meever was born last Saturday, was at her home yesterday with every hope of her doctor that she would live despite the fact that she was born with more than 50 fractures of her tiny bones.

The infant born May 10, passed her first month birthday strapped to a narrow board with her small legs fastened with gauze to a frame-work at right angles to her body.

Dr. J. P. Rigg of this city, attending physician, says the child's case is unique in obstetrical history. When she was born it was not expected that she would live.

## BOARD URGES BASIC POINTS OF REMOVAL OF NRA HELD GEN. FOULLOIS AS NECESSARY

WASHINGTON, June 18.—(AP)—A unanimous and formal recommendation for the immediate removal of Major General Benjamin D. Foulois, as chief of the Army Air Corps, was made yesterday by the secretary of war in a House investigation committee of eight members.

Their report, which will be presented to President Roosevelt this week, accuses the general of "dishonesty," "inefficiency," "inability," "incompetency," and "mismanagement." And it is pressing the "young man" who Army planes under Foulois' direction the report contained.

"We find it necessary to report that we are not fully convinced that the general is a suitable person to continue in the position of chief of the Army Air Corps," the report stated.

The report also stated that the general had been "grossly negligent" in his handling of the Air Corps, and that he had "allowed the Air Corps to become a financial burden on the government."

The report also stated that the general had been "grossly negligent" in his handling of the Air Corps, and that he had "allowed the Air Corps to become a financial burden on the government."

## 7 Known Dead As Result Of Tropical Hurricane Which Hit Louisiana, Mississippi

NEW ORLEANS, June 18.—(AP)—The death toll from Saturday's tropical hurricane in Louisiana and Mississippi last night and today mounted to seven persons, killed as reports reached here from communities isolated by the force of the wind which swept a wide road of property and crop damage through the two states.

Two white persons lost their lives in Louisiana. Two students of negroes were killed in the state of Mississippi. The family were on a shiping platform when the hurricane struck. The mother and father pulled down sides of sheds and attempted to float to shore in the high water.

Their fall was demolished and the children were washed away. Mr. and Mrs. Duplantis managed to escape to a high place. The family were on a shiping platform when the hurricane struck. The mother and father pulled down sides of sheds and attempted to float to shore in the high water.

## ADJOURNMENT OF CONGRESS STILL IN DOUBT

WASHINGTON, June 18.—(AP)—Bewilderment and resentment were so dominant in Congress today as to becloud any prospect for immediate adjournment, but leaders said that a strong effort would be made to end the session by nightfall.

Democratic leaders hurriedly sought to devise ways of winding up the session but they seemed not to know which way to turn.

Republicans indicated cooperation was out of the window in view of the collapse of an agreement for adjournment on Saturday night.

Senators Robinson and McNary, majority and minority leaders, looked themselves in their offices, refusing statements.

Their task was not made any easier by a declaration by Senator Hill, Democrat of Washington that he would still insist upon acting on the railroad labor bill, a demand which helped bring on the impasse Saturday night.

Other Senators wanted action on various bills. The House, as usual, was ready to quit at any time the Senate completed its work and so far as actual administration "must" legislation was concerned, the latter had little to do to complete its program.

The Senate's unfinished business on that score consisted only of adoption of conference reports on the Administration housing bill, making credit easily available to the home builder, and on the "Second Redefinition" bill, appropriating more than \$2,000,000,000 largely for relief purposes.

The problem of the Senate leaders was wrapped upon three other pieces of legislation for the enactment of which a number (Continued On Page Four)

What we would really like to see is a National Game like Tagalong and a few more like Rudy Long.

The trouble with the United States is that it provided to be too good a nation. It sold Europe more stuff than it could pay for.

Some of our manufacturers have about come to the conclusion that the tariff walls so high that foreigners have been able to crawl over.

The Stronghold Of Democracy

There is but small chance of a communistic revolution in this country. This is the conclusion reached by Alvin Johnson in the current issue of the Yale Review.

A very considerable proportion of the unskilled workers of the city might incline towards communistic revolution if they saw a chance of success.

"Do the railway men, the steel workers, the skilled men in the automobile industry or the building trades, wish to take communistic pot luck?"

"Fascism is a kind of political unreason of which we have had plenty of local experience. The Ku-Klux Klan of post-Civil War days, the Villages Committees, the Citizens Unions of the mining regions are evidence of our capacity to generate the fascist spirit."

"If communism were actually growing into a serious menace in this country, we should inevitably have a fascist movement. I have sketched the reasons why we cannot look forward to a communist revolution."

At the present time the United States enjoys one of the few remaining Democracies on earth in which all classes of people share equally in governing themselves.

Some folks say that Trammell is going to beat Pepper after all. Their idea is that the people who voted for Mitchell, Sikes, and Wells were personal friends, and he is now with these favorites.

Known Dead As Result Of Storm Which Hits 2 States

(Continued from page one) The blast struck first at Morgan City, La., bowling over frame houses, flattening crops, uprooting trees and damaging practically all residences.

The levee break came after the protection embankment on the sea side in the Buras Drainage District, about 75 miles below New Orleans, had withstood for several hours the pounding of the waves.

Charles Prince, 55, of Loreauville, La., was fatally injured during the storm while seeking a shelter on a highway. Sheriff Charles Pecot, of St. Mary Parish, reported that the three small children of O'Neill Marrott, a fisherman, were rescued from a house boat in Grand Lake, near Franklin, La., just before the boat sank.

Many narrow escapes in the southwest Louisiana area of marshes, bayous and lakes, were reported. A score of men narrowly escaped death in the Gulf of Mexico while returning from a dredge in the path of the blow.

Sheriff Pecot reported that about 250 families in the Morgan City-Berwick section and 100 families in the Franklin, New Iberia, and Jeanerette area were destitute. The damage to Morgan City was roughly estimated at \$40,000, to Franklin more than \$25,000 and to the New Iberia section about \$75,000, as well as damage to many other small communities along a path northward as far as Vicksburg, Miss.

Sheriff Pecot estimated that between 60 and 95 percent of the corn crop and from 15 to 25 percent of the sugar cane crop in the southwest Louisiana path of the storm was destroyed. The hurricane struck as far south as Mississippi as the Gulf coast around Gulfport and Biloxi, and high winds Saturday night were felt at Jackson, Natchez and Vicksburg.

Wilcox Bill's Use At St. Petersburg Will Be Delayed (Continued from page one) fiscal year. Keefe preferred, he said, that anticipated tax collections remain at the 95 percent mark set this year, pointing out that the city will be so much ahead if collections do run higher.

BASIC POINTS OF NRA HELD AS NECESSARY

(Continued from page 1) Keefe continued in his present emergency form after June 1, 1933, for another year, so that more experience could be obtained before permanent legislation is written. The business leaders probably will leave the door open for recommendations along this line.

Under terms of the refunding contract, the \$850,000 levy was agreed to for 1933-1934 and might be continued provided it produced the required \$540,000—on the basis of 65 percent collections—for interest on bonds by the committee.

The council, when it sought to get Keefe to agree to 75 percent anticipated collections for the next fiscal year, was hoping to cut the levy to \$720,000. By doing this, they indicated, they could make out a budget which would not require any increase in the tax rate.

Keefe sympathized with their attitude, but said he could not agree to the 75 percent figure. During the Wilcox bill discussion, Keefe pointed out many obstacles in the way of prompt action besides the Homestead amendment and lack of proper facilities for tax collection.

Manager Sharpe and the council were hoping to reach some agreement with Keefe on possible action under the bill in order to avoid mandamus suits by minority bondholders, suits which complicated budget estimates. They were apparently con-

vinced, however, that no action was possible before next April, organization the NRA ends. Most said he could give no details of the NRA's impending reorganization, or in Mead's words, "rearrangement."

At the present time, the mortgage industry has a larger unemployment than during the past period of employment of 1933.

Medical Society Wants Local Dogs Vaccinated

Advertised intention of the City of Sanford to kill all dogs found roaming streets unmuzzled after next Friday unless they have been vaccinated against rabies has been endorsed by the Seminole County Medical Society.

Dr. J. T. Denton, secretary of the Society, today addressed the following letter to members of the City Commission: "The Seminole County Medical Society heartily recommends that you, at an early date, enforce your ordinance as to having all the dogs in the city vaccinated against rabies."

"With all the education as to the necessity of such a procedure, still the number of cases of rabies among the dogs over the state, and the number of people who have been bitten, causing much expense and suffering, shows that too many people are negligent along this line."

Canadian lakes have a greater area than all the land in the Dominion of New Zealand. A most interesting meeting of the Geneva Garden Club was held Tuesday evening at the school auditorium.

The present refunding agreement, however, he said, was not in any way a final or complete plan as required by the bankruptcy bill. No court, he said, would recognize it as such because of "ifs" and "whereases" in it with regard to the exemption amendment in particular.

## Social Calendar

**MONDAY**  
The Intermediate R. A. of the First Baptist Church will meet at 7:30 P. M. at the church annex.  
The Y. W. A. of the First Baptist Church will meet at 8:00 P. M. at the home of Miss Gladys Kinlaw, 610 Laurel Avenue.  
The prayer band of the Presbyterian Auxiliary will meet at 7:30 P. M. at the church and will be followed by the inspirational meeting at 8:00 P. M. in the social rooms.

**TUESDAY**  
The Business Woman's Circle of the First Baptist Church will meet at 8:30 P. M. at the church annex.  
The Co-ed Class of the First Methodist Church will meet at 8:00 P. M. at the home of Miss Katherine Tillis.  
The Co-ed Class of the First Methodist Church will meet at the home of Miss Katherine Tillis at 8:00 o'clock.

**WEDNESDAY**  
A reunion of the Class of 1932 of Seminole High School will take place at 7:30 P. M. at San Lands Springs. See Mrs. Gladys Williams for arrangements.  
A board meeting of the Garden Club of Sanford will take place at 8:30 A. M. at the home of Mrs. R. J. Holly, East Seventh Street.  
The T. E. L. Class of the First Baptist Church will have a business and social meeting at 8:30 P. M. at the church annex with Mrs. C. E. Benton and Mrs. H. Cummins as hostesses.

**THURSDAY**  
Regular meeting of Seminole Chapter No. 2, Order of Eastern Star, will be held at the Masonic Temple at 7:30 o'clock.  
The Congregational Friendship League will be entertained by Mrs. George C. Hays at her home on West First Street. Members are being asked to bring their sewing.

## Beautification Plan Pushed In Lake Mary

The program inaugurated by the beautification committee of the Lake Mary Chamber of Commerce last Fall is being carried on by those interested in that community and an outstanding project is the recent improvement of the Lake Mary Cemetery.

Boundaries, streets, and walks have been outlined, the center reservation has been outlined with palms, and clearing and grubbing have been finished. A total of 31 cocus plumosa palms, 37 Australian silk oaks, and 20 oleanders have been planted in the cemetery.

As chairman of the cemetery trustees, the Rev. J. M. Thompson is being given much credit for the work accomplished. He was assisted by J. D. Evans and H. D. Durant, trustees, and R. D. White, Horace Fennell, K. Hyattline, Homer Gleason, George Phillips, and Frank Evans who showed active interest and participated in the improvements made. Two clean-up days were arranged and volunteer labor responded.

Additional beautification work has been done along the highways under the supervision of R. E. True. Sixty-eight oleanders have recently been planted between the Australian silk oaks already on the highway.

Fertilizer has been applied and a year's growth will show an impressive improvement. Palms and shrubs planted by individuals at the beginning of the campaign are growing sturdily and it is expected that eventually the committee slogan, "A Palm Tree in Every Yard in Lake Mary" will be fulfilled one hundred percent.

## Personals

A. K. Appleby left today for Charleston, S. C. where he was called by the illness of his mother, Mrs. M. K. Appleby.

Mrs. A. H. Hatcher and children have returned from Raleigh, N. C. where they spent two weeks with Mrs. Hatcher's sister, Mrs. F. E. Bradley.

Mr. and Mrs. Oscar M. Harrison have returned from Cairo, Ill. where they were called recently by the death of Mr. Harrison's father.

Mrs. L. D. Odham and Miss A. Aneta Odham of Brunswick, Ga. are the guests of the former's son, H. H. Odham, at his home on Bay Avenue.

Mr. and Mrs. W. T. Whitehead and Keith Whitehead left today for points in New Jersey to spend a short time before going to Jedus, N. Y. for the summer.

Mrs. Brodie Williams and daughters, Saida and Inez, have returned from Tampa where they spent two weeks with Mrs. Williams' mother, Mrs. L. L. Taylor.

Mrs. M. S. Wiggins and daughters, Dorothy, Katherine, Ann, and Mary, left today for Solcus Point, N. Y. where they will join Mr. Wiggins and spend the summer months.

Miss Mae Dickens of Chester, S. C., has returned from Daytona Beach where she spent a few days with Mrs. Hal Wright and from Coronado Beach where she was the guest for 10 days of Mrs. Lillian M. Kelly. She is the guest here of Mrs. Claude Howard.

Friends of Alvin Odham, son of Mr. and Mrs. H. B. Odham, will be glad to learn that he is improving at St. Luke's Hospital in Jacksonville where he underwent an operation Saturday. Mrs. Odham is with him and Mr. Odham spent the week-end there.

Mrs. W. C. McLendon, Jr. and Mrs. Ernest Kitchens and daughter, Jean, of Atlanta will go to Daytona Beach Thursday to spend a short time. Mrs. McLendon is a sister of Mrs. H. D. Caswell and Mrs. R. J. Holly, Jr. of this city.

## "Gossip" Is Discussed By Presbyterian Group

The harmfulness of Gossip was the topic of discussion at the regular meeting of the Senior Christian Endeavor Society of the First Presbyterian Church held last night at the church with Sam Dighton, Jr. as leader. Several members gave interesting illustrations and stories were told by Miss Harriett Brown and Dr. E. D. Brownlee.

After a brief discussion Miss Annie Belle Brown closed the meeting with the recitation of a poem after which a business session was conducted. Plans were made to attend the annual church picnic to be held at Rock Springs in the near future. Dr. Brownlee instructed the members to take charge of the water sports with the boys serving as life guards and the girls conducting the various water games.

After the meeting the members formed the choir for the evening church service. Dr. Brownlee, who is to be director of the Presbyterian Conference at Haines City, commissioned the Messes Harriett Brown, Mary Frances Andrews, Laura Mae Brown, and Sam Dighton, Jr. and John Brown, Christian Endeavor members, to attend the conference.

## Joan Crawford Seen At Peak In Milane Film

"Sadie McKee" Joan Crawford's new starring vehicle now playing at the Milane Theater, is one of those rare pictures that will please everyone. The man will get their usual thrill out of watching the fascinating Joan; the women will get a kick out of her stunning new wardrobe, to say nothing of the perfect love scenes between the star and Franchot Tone, who in this picture marries her in the end.

Based on a lavish scale, the picture, based on a Vina Delmar novel, depicts the rise of a servant girl who ultimately becomes the wife of a multi-millionaire. Gene Raymond, Edward Arnold and Tone are the men whom she meets on her way and between whom she has to make a final choice. The players mentioned are excellently cast and good work is done by Leo Carrillo, Jean Dixon, Leo Carroll, Earl Oxford and Gene Austin for that act of directors, Clifton. And it's another triumph for Brown.

## 5000 Pompano Taken In Single Net Haul

FERNANDINA, June 18.—(AP)—Five thousand pompano were hauled in at one time off the coast here, late Saturday, in the largest single catch ever made here and one of the largest ever reported in Florida.

Capt. Leslie Roberts and a crew of 15 to 20 men, aboard the Carolina, brought in the huge haul by using nets stretching nearly a mile. It took three hours for them to land the fish.

It was the first time pompano had been reported this far north in any numbers since 1900.

## First Fight Enlivens Probe Of Election Frauds In Tampa

TAMPA, Fla., June 18.—R. T. Joughlin, former Hillsborough county sheriff, and L. A. Grayson, Tampa attorney, exchanged blows at a stormy meeting of the Hillsborough County Democratic Executive Committee Saturday at which a number of speakers charged fraud in the first primary here.

The fight began after Grayson, a member of the committee re-elected in the first primary, challenged the right of Anthony Schieman, chairman who was not re-elected, to conduct the meeting.

To cries of "throw him out," Grayson was pushed toward the door and there he and Joughlin swapped blows. Joughlin suffered a cut on the forehead and Grayson had a cut on the hand. A few minutes later, as Rev. J. N. Hudson, minister, was protesting "fraud" in the first primary, Joughlin and Grayson met again, but were soon separated. Joughlin is not a member of either the outgoing or incoming committee.

The meeting was attended by about 200 persons, and speakers charged wholesale fraud in the first primary balloting. V. R. Fisher, attorney arrested on election day and later released, presided.

## Henry A. Russell To Open Own Business

A new business enterprise—the Henry A. Russell Seed Co.—will make its appearance in Sanford starting July 2 in the 106 South Park Avenue store-room formerly occupied by the B. L. Perkins Clothing Store.

The owner of the establishment, which advertised in The Herald today that it is "The Seminole County dealer in Burpee's vegetable and flower seeds, insecticides and pet foods," has resided in Sanford for the past 18 years.

He was associated recently with the Stokes Seed Co., leaving to form his own organization. Mr. Russell is a native of Texas, graduate of Seminole High School in the Class of 1928, and resides with his wife, the former Miss Eleanor Cameron, at 606 Oak Avenue.

In Germany there is an average of one automobile for every 130 persons.

## GARDEN NOTES

By MRS. W. K. WATSON  
In a year that has been a difficult one for all kinds of organizations, the Sanford Garden Club has carried on with but slight decrease in membership, and no diminution of interest or enthusiasm.

Our general meetings were interesting and the circle life of the club was of value to each member from a horticultural standpoint. The Flower Show, a benefit from the horticultural and artistic standpoint has disseminated its value in a manner that will be felt through the year ahead.

It has seemed to us that our chairmen have been unusually fine in the "carry on" methods they used through the year's work. Mrs. Walter S. Coleman gave a report of beautification work that is outstanding in harmony with the outline of the Federation. Mrs. J. C. Bills, Jr., with conservation, and our Junior Garden work under Mrs. J. H. Colclough, are all of outstanding merit—the co-operation of other chairmen and the officers and entire board deserve more than passing recognition.

We are likely to think of the work of the club as that which we witness at meetings and Flower Shows. This is merely the finished result. A great deal of time and effort is given behind the scenes by committees working hard to accomplish our ends, content to serve unhonored and unsung. We all owe them a deep debt of gratitude for what measure of success we have had in our work of the past year.

It is with this thought that the program of the coming year is being taken up, knowing that the year before is rich in material, that will be placed at our command by the leaders of our individual groups and sponsored by splendid new presiding officer, Mrs. R. J. Holly, whose business is "staked" in terms of quality, through your service and loyalty to her, and the organization you have chosen membership in.

It is the hope of the program committee that each circle will embody in their program, botany, also the bouquet of the month.

## CHRISTIAN SCIENCE CHURCH

"GOD THE PRESERVER OF MAN" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, June 17.

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "And he said unto his disciples, Therefore I say unto you, Take no thought for your life, what ye shall eat; neither for the body, what ye shall put on. Consider the ravens: for they neither sow nor reap; which neither have storehouse nor barn; and God feedeth them; how much more are ye better than the fowls? Consider the lilies how they grow; they toil not, they spin not; and yet I say unto you, that Solomon in all his glory was not arrayed like one of these." (Luke 12:22-24, 27, 28)

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "In divine Science, man is sustained by God, the divine Principle of being. The earth, at God's command, brings forth food for man's use. Know, then, Jesus once said, 'Take no thought for your life, what ye shall eat, or what ye shall drink,'—presuming not on the prerogative of his creator, but recognizing God, the Father and Mother of all, as able to feed and clothe man as he doth the lilies" (p. 53).

## Grand Jury In Secret Session At Court House

The grand jury which was called into action at the beginning of the Spring Term of Circuit Court several days ago, reconvened at the Court House this morning for a second time since it apparently had concluded its work.

The jury was being addressed by State's Attorney L. P. Boyle this morning on a subject upon which no information could be secured. Mr. Boyle stated at noon that he could not say when the grand jury would adjourn its present session.

## Dionne Quintuplets Gain In Vitality

CORREIL, Ont., June 18.—(AP)—At the end of their third week of existence, the Dionne Quintuplets continued to gain yesterday in vitality. Dr. A. R. Dafeo reported them in very good condition.

Mrs. Dionne is still in her bed recovering from fatigue caused by the past several years, will leave early tomorrow morning by motor for a boy's camp in northern Alabama where he will spend the summer months as a counselor.

of the day, and a question box, a question from any and all members on garden subjects of any nature to be answered if possible at the end of the meeting when the box is opened or the information gotten and given to the member asking it and that she report that to the next circle meeting, preferably by the chairman of plant material.

It is fitting at this time to bring information of the shrub we have had blooming these past few weeks in our gardens, *Bardonia Jasminoides*, (*G. florida*) cape jasmine. This genus was named for Dr. Alex Garden of Charleston, S. C. An aristocrat from China is this plant, beloved in Southern gardens along the coast as far north as the Carolinas, supposed to have been introduced during colonial times. The plant requires well drained soil rich in humus, is host to white fly, for which one should spray in early Spring.

The name cape jasmine is incorrect like many other plant names, being a specie from China, not Cape of Good Hope. It was first brought to England in the Eighteenth Century by an English sea captain in a pot from the Cape of Good Hope where it had been cultivated, originating from China to that point, so it became known erroneously, cape jasmine.

One may call it as one wishes.

but it is wrong to speak in terms at all times of "Bill" Jones when he can dignify "William" Jones as well. Gadenia is an euphonious name, formed as are all plant names, by using the name of the person who discovered the plant in a strange part of the world and taking just a syllable to it, as explained with *Gardenia*, or it might be *Torenia* for Olaf Torens, a Swedish clergyman who discovered this attractive little "summer pansie," while traveling in China in 1750. Soon along a list as long as there are plants to list. This is one of the most interesting phases of garden study and plant life.

**UNDER THE WIDE AND SPREADING SKY**

SUMMER is the season when the possibilities for enjoyment are multiplied about you. Under the wide and spreading sky there is room for much happiness.

You don't need great wealth, and you don't need to fasten all your hopes for happiness on a short vacation. Whether you live in the city, with all of its modern means of tempering the climate to your needs, or in the country where the good earth responds so beautifully to your touch—there is much to do, pleasantly and happily.

But there is art in enjoyment. You should dress properly for each occasion. You should have within easy reach the things that make hospitality inviting and gracious. You should have the means of refreshing and beautifying your person and improving your sense of well-being. You should be comfortable.

It is not so hard to do all this. It is not accomplished in one frenzied and expensive effort. Comforts should grow about your home, as flowers and fruits blossom and ripen.

Read the advertisements, and acquire the things you need from what you learn there. Fresh light summer wear. Foods and beverages that keep crisp and cool in modern refrigerators. Gas and electricity that cook and brighten without heating your rooms. Electric fans, perhaps. Soap, cosmetics, and heaps of fresh towels for frequent showers.

And read in the advertisements where to go and what to do in order to make Summer the golden season of your life.

Feds Drop 1 To 0 Decision To Indians After Pitching Duel Topped By Sparkman

Table with 2 columns: Team, W, L, Pct. Rows include Sanford and Cocoas.

While rain was causing a postponement of the Vero Beach-Kissimmee game in Vero Beach yesterday afternoon, Manager Ed Rive's Sanford Celeryfeds dropped a 1 to 0 decision to the league leading Cocoas Indians after 10 innings of errorless baseball.

## ACCORD SEEN NEAR ON BIG STRIKE THREAT

### Johnson Hopeful That Steel Industry Will Accept Union's Four Point Proposition

WASHINGTON, June 19.—(A.P.)—Representatives of placed before President Roosevelt in a letter their proposal for a settlement of the threatened strike in the steel industry.

Word came from Hugh Johnson simultaneously that he was "very hopeful" of the acceptance by the steel industry of the Union's four-point program for avoiding strikes.

### Miss Wylly Wants All Dogs Vaccinated

Miss Nona Wylly of Lake Mary, only known Seminole County resident who is a member of a chartered Humane Society, issued an appeal to the dog owners and dog lovers of this city this morning, asking that they take their dogs to the City Hall before Friday noon so that they may be vaccinated against rabies.

Miss Wylly, an ardent worker in humane activities in this county, also stated that she would appear before Mayor W. A. Leffler today to ask that he extend the time when dogs must be vaccinated to July 1.

In this connection, Miss Wylly stated that contrary to law, it is not necessary to put dogs to death because they are not vaccinated. They should be impounded, she said.

### 24 Absentee Ballots Have Been Cast

Twenty-four persons who do not expect to be in this county on Tuesday, day of the second Democratic primary election, have visited the Court House offices of County Judge J. G. Sharon to cast absentee ballots, it was stated this morning.

Fifteen were residents of Precinct Three and eight were residents of Precinct One in Sanford, while one is a resident of Paola.

Absentee ballots may be cast until Friday, Judge Sharon stated.

### Mrs. M. K. Appleby, 88, Dies In Charleston

Mrs. M. K. Appleby, 88, mother of A. K. Appleby of Lake Mary, died early this morning at the home of her nephew, Raymond Larvey, in Charleston, S. C. She had been ill since last Saturday.

## New Deal Congress Passes Into History After Shattering All Spending Records; Farmers Benefit By Last Minute Measure

### Solons Appropriated Nearly 7 Billion Dollars During Its Session; Coup Marks Finale

WASHINGTON, June 19.—(A.P.)—The Seventy-third (New Deal) Congress which among other things appropriated an estimated \$6,800,000,000, passed into history today.

Its finale which came at 11:45 o'clock last night, was marked by a dramatic coup by insurgents and an uproarious farewell only by Senator Huey Long.

Congress, despite appropriating nearly \$7,000,000,000, a sum without parallel in the history of the world, guaranteed an estimated \$7,000,000,000 in home mortgages and \$400,000,000 in farm bonds, set up a \$2,000,000,000 stabilization fund, passed thousands of bills, approved by twenty-four and some nominations, and ratified scores of treaties.

A filibuster by Senator Long in favor of a bill permitting a virtual six year moratorium on farm mortgages which passed in the final stages of enactment made the galleries roar with laughter.

Congress adjourned last night after passing the last important piece of legislation desired by the Administration—the housing bill, which was agreed upon earlier in the day by Senate and House conferees.

The Senate adjourned at 11:15 P. M. (The House took similar action at 11:45 P. M.)

The work of printing the final version of the message was hurriedly completed and the bill sent to both chambers for enactment.

The program is designed to stimulate the lagging economy and heavy goods industries by providing a spur to home remodeling.

### Claude Pepper Will Speak Here Tomorrow

Claude Pepper's final local address of the 1934 primary campaign is scheduled to be made at Magnolia Avenue and First Street tomorrow morning at 10:00 o'clock, it was announced today by City Attorney Fred H. Wilson, who is a local Pepper supporter.

Mr. Pepper will address his audience by means of a loud speaking apparatus which will carry his voice up and down First Street. He is on a final whirlwind tour of the state, and he is scheduled to make four other addresses after his appearance here.

### LODGE TO MEET

Regular communication of Sanford Lodge No. 62, F. & A. M., will be held in the Masonic Temple tonight at 8:00 o'clock, it was announced today by Worshipful Master A. L. Betts. The Evening Apprentice Degree will be conferred upon a class of candidates. All members are urged to attend. Mr. Betts stated, and visiting Masons are cordially invited. Refreshments will be served.

### Federal Troops Called Out To Guard Against Violence In North Dakota

BISMARCK, N. D., June 19.—(A.P.)—Faced by a political tangle unique in state history as the result of the conviction of Gov. William Langer on federal conspiracy charges and the claim of the lieutenant governor to the office, North Dakotans yesterday nervously surveyed a situation that brought federal troops into the capital city as a precaution against violence.

### U. S. Studies Plan To Defeat German Aim

WASHINGTON, June 19.—(A.P.)—President Roosevelt and his State Department are studying into the proposal of Great Britain to limit the trade profits of Germany, in case the refusal of the nation to pay its foreign debts. It has been decided definitely that the government has power to do this, but whether it will take action has not been decided. This was made known today at the President's semi-weekly press conference, along with the word that Mr. Roosevelt had arranged a meeting with Secretary Perkins and Senator Wagner of New York to organize the new labor setup under the emergency legislation passed by Congress. Pending a talk with his labor aides, the President said he expected election by workers to select representatives for dealing with employers to start as late as practicable.

### 73RD SESSION NOTABLE FOR ITS MANY ACTIVITIES

WASHINGTON, June 19.—(A.P.)—A session of Congress noted for legislation widely affecting the nation's economic life, for its dramatic and unusual and unusual the country for an awakening of interest in opposition to the more liberal policies of the Roosevelt Administration ended last night.

The fundamental basis of the emergency system was radically altered, the stock market was placed under strict governmental regulation, the path through business to recovery was made easier, both expenditures and revenues and the life of the Roosevelt Administration was prolonged and its horizons and leading powers increased.

The fundamental basis of the emergency system was radically altered, the stock market was placed under strict governmental regulation, the path through business to recovery was made easier, both expenditures and revenues and the life of the Roosevelt Administration was prolonged and its horizons and leading powers increased.

### 5000 Fingerling Bass Put Into Lake

A small wood ibis, an unusual Florida bird, was found near the Atlantic Coast Line railroad depot yesterday afternoon by young J. B. Hogan, Jr., son of J. B. Hogan, Coast Line engineer.

### Wood Ibis Added To Collection At Zoo

A small wood ibis, an unusual Florida bird, was found near the Atlantic Coast Line railroad depot yesterday afternoon by young J. B. Hogan, Jr., son of J. B. Hogan, Coast Line engineer.

### South Carolinians Refuse 30 Cents Hour

Spartanburg, S. C., June 19.—(A.P.)—W. E. Poole, superintendent of a mining project, announced today that 150 men at 30 cents an hour under the Federal program. He found no takers.

### Virtual 6 Year Moratorium On Farm Indebtedness Given Full Endorsement

WASHINGTON, June 19.—(A.P.)—A vote that cleared away one of the obstacles to adjournment, the Senate late yesterday completed Congressional action on a bill to help farmers straighten out the debt tangles that have bound up their farms in mortgage.

The vote ended a filibuster that had been threatened by Senator Huey Long of Louisiana and sent the bill to the White House.

A little earlier, Long had turned down a proposal to amend the bill, but he later relented and agreed to the speedy discovery of missing papers whose loss had threatened to sidetrack the bill.

The papers were long "somewhere" on the House side but they turned up again after the Louisiana Democrat indicated plainly there would be little progress toward adjournment until the documents were found.

The bill provides for a virtual moratorium on farm mortgage debt for six years. It also provides for a similar moratorium on the debt of other agricultural concerns.

The bill provides for a virtual moratorium on farm mortgage debt for six years. It also provides for a similar moratorium on the debt of other agricultural concerns.

### LOCAL FERA TO CHANGE TIME OF PAYING WORKERS

WASHINGTON, June 19.—(A.P.)—The Senate today passed a bill to provide for the payment of pensions to rail employees, it was learned today by an attorney for the Senate.

## ROOSEVELT'S WIFE ACCUSED WITH RADICALS

### New York Post Claims That Gotham Police Bureau Has Her Name On Long List

NEW YORK, June 19.—(A.P.)—The New York Post which has charged that the Bureau of Criminal Investigation of the Police Department has been turned into a "Secret society to harass radicals," today said the department has a list of radicals containing 1300 names including La Guardia and Mrs. Franklin D. Roosevelt.

### Peter Schaal Will Represent Herald On Chicago Tour

Peter Schaal, a reporter for The Sanford Herald, will represent his newspaper on the all-Florida Press trip from Jacksonville to Florida's Exhibit at the World's Fair in Chicago.

Mr. Schaal will be one of 27 other reporters of leading Florida dailies who have been asked to be the guests of Alfred F. duPont, Jacksonville capitalist, on a holiday all expenses paid tour of the Fair.

The group will gather at the Seminole Hotel in Jacksonville Friday morning at 10:30 o'clock to attend a press conference with Governor Sholtz, Mr. duPont, Senator Williams Hodges, and the mayor of at least 50 Florida cities. This group will discuss ways and means of financing the Florida exhibit at the Fair.

Early Saturday morning, the reporters will leave Jacksonville on a bus which they will use during the entire trip. Saturday night will be spent in Chattanooga, and Sunday night in Decatur, Ill., with the party scheduled to arrive in Chicago Monday morning.

### Electric Service Cut Short By Accident

Electric service in many sections of the city was disrupted for several minutes early this morning because an ice truck used by the Peck Ice Delivery Service crashed into a pole carrying primary wires to Sanford through Rand's Sliding on West First Street.

The impact of the truck against the high pole caused the pole to snap in half about six feet from its top point. At the same time, several power lines broke off and dangled to the ground, spitting and giving off showers of electrical sparks.

Only slight injuries were suffered by negro passengers on the truck. The accident was caused when a front wheel of the truck came off and the vehicle became out of control of its driver.

### DEAN INGE RESIGNS

LONDON, June 19.—(A.P.)—The resignation of William Ralph Inge, 74, long known as the "Gloomy Dean" of St. Paul's cathedral, was announced last night. He will be succeeded on Oct. 2 by Walter Robert Matthews, dean of Exeter.

### American Business Pledged To Govern Self In Interests Of Entire Nation

HOT SPRINGS, Va., June 19.—(A.P.)—American business was pledged by a substantial group of its leaders yesterday to govern itself in accordance with a set of principles designed to bring social as well as economic well being.

## City Commission Instructs Wilson To Take Legal Action To Collect Taxes For 1926

Agreeing that all delinquent taxpayers in this city should be treated alike, members of the Sanford City Commission, met in an adjourned session at the City Hall last night, instructed City Attorney Fred H. Wilson to proceed at once to take legal action against property owners delinquent for 1926.

### Electric Service Cut Short By Accident

Electric service in many sections of the city was disrupted for several minutes early this morning because an ice truck used by the Peck Ice Delivery Service crashed into a pole carrying primary wires to Sanford through Rand's Sliding on West First Street.

The impact of the truck against the high pole caused the pole to snap in half about six feet from its top point. At the same time, several power lines broke off and dangled to the ground, spitting and giving off showers of electrical sparks.

Only slight injuries were suffered by negro passengers on the truck. The accident was caused when a front wheel of the truck came off and the vehicle became out of control of its driver.

### DEAN INGE RESIGNS

LONDON, June 19.—(A.P.)—The resignation of William Ralph Inge, 74, long known as the "Gloomy Dean" of St. Paul's cathedral, was announced last night. He will be succeeded on Oct. 2 by Walter Robert Matthews, dean of Exeter.

### American Business Pledged To Govern Self In Interests Of Entire Nation

HOT SPRINGS, Va., June 19.—(A.P.)—American business was pledged by a substantial group of its leaders yesterday to govern itself in accordance with a set of principles designed to bring social as well as economic well being.
