

Seminole Gridders To Practice Under Lights Of New Field Tonight.

Power Adjustments Will Be Made While Local Eleven Are Preparing For Ocala Event

Weather Man Says Showers Expected Early Tonight But Session Is Still Scheduled To Be Held

Although the weather man predicted scattered showers, Head Coach Leonard L. McLucas of the Seminole High School Ocala team or Indians will send his proteges through a tough practice session tonight under the floodlights of what may be the "McLucas Stadium" when the new field will be used for the first time although a regular game will not be played on the field until Friday.

The lights will be tested for the lighting power and any adjustments before the Ocala game Friday night that will be held under the best of conditions while the teams are working out.

The practice session formerly scheduled for this afternoon is postponed and according to reports from various lovers of the game in Sanford, a large attendance of sporting fans will see the boys work out. A scrimmage session will possibly be held between the regulars and the scrubs but it will promise a real action.

Whether the entire squads will be ready tonight to seal the many expected visitors is not known at the present time but the usual scheduled practice program will be used, according to Coach McLucas.

Yesterday afternoon the boys worked out on the practice field and did some very good work and from the looks of their actions in the practice yesterday, the mood is excellent for an oncoming battle and their condition is very good. No men are yet subject to injuries that may prevent them from starting the game, if they are regulars and the Ocala game should provide much excitement to the local football followers.

The session tonight will be under the direction of Coach McLucas and his two assistants, Coach Russell McCracken and Coach Woody Riser. The time for the session has been set at 8:15 o'clock.

There are 78 industries in Seminole County, according to a recent survey.

Stetson Eleven Riddled By Loss Of Three Players

Cowell Gloomy As Big Game With Erskine Nears Playing Date

DELAND, Oct. 27.—Hoping to halt the championship march of Erskine in the S. I. A. A., a crippled Stetson eleven entertains the present conference leaders on Hally Field here tomorrow night. It will be the first conference game of the season for the Hatters while the visitors have three loop victories to their credit.

Stetson would have gone into the fray as underdog under normal conditions; but with three first-stringers on the hospital list Coach Brady Cowell has almost lost the last ray of hope. Supporters, however, believe a patched-up Hatter backfield will come through behind the powerful Stetson forward wall and give the Green and White gridders an outside chance of stopping the Seceders.

Lyn Warren and Stewart Ryan, backs, and Edward Furlong, tackle, definitely are out of the starting line-up, Cowell said yesterday, and it is unlikely Ryan will see any action for the rest of the season because of a serious ankle injury received in Monday's scrimmage with the frosh.

A new backfield combination is in the making this week, but the coaches are doubtful they can perfect a scoring machine similar to that centered around the versatile Warren. Hall Godbold of Vero Beach and Clifford probably will start in Furlong's position, with the rest of the forward wall intact. George McClelland, Sanford, will handle the wingback assignment and likely will be called on for much of the running duties. Cowell's selection for Warren's replacement, however, is still the big worry. Several backs have been drilling at the post, but it will be a hard one to fill.

DELEGATES SEEK PEACE FOR ORGANIZED LABOR

Without either of their leaders being present, representatives of the American Federation of Labor and the Committee for Industrial Organization sat down at a conference table in Washington. In an effort to iron out the differences in their organizations. Shown as the conference began are, seated, left to right: Sidney Hillman, C. I. O.; George M. Harrison, A. F. of L. and Philip Murray, C. I. O. Standing, left to right: Joseph Curran, C. I. O.; Harvey Fremming, C. I. O.; Michael J. Quill, C. I. O.; Matthew Wolf, A. F. of L.; G. M. Burzicatt, A. F. of L.; Homer Martin, C. I. O. and James Carey, C. I. O.

TODAY'S SPORTING WORLD

By JULIAN STENSTRUM
Herald Sports Editor

Test Lights Tonight
Coach Leonard L. McLucas, head coach of the Seminole High School football eleven, will see his proteges go through the first night football practice in the history of the school's athletic activities. The lights will be tested and refocused at necessary places if that is required and already a large crowd will be expected to see them go through their paces.

Pros Work Tonight
Coach S. A. B. Wilkinson, head of the Sanford semi-pro gridders, will see his youths undergo their second workout tonight under the lights at the Army field. A large number of boys are expected to be present and it looks as if the plan may yet turn out to be a success.

Name Comes Up Again
The changing of the name of the local high school eleven has brought considerable comment from nearly everyone interested in the spot in this city. It seems as though nearly all the business men in Sanford would like to hear the name of Indians when referring to the team which nearly all the women do not like the idea. A student suggested the name to us and after we had investigated the case with a large number of people we decided to give it a tryout and note the reaction. The high school students are approximately half and half on the dilemma. Either way is okay with us.

Wrestling Coming Here
There has been some talk by local sportsmen as to why wouldn't the wrestling business make a go here in Sanford as it does in Tampa, Ocala, Orlando and many other cities in this state. It seems as though the only sort of athletics that Sanford people are to see other than baseball, is the high school games. If there were not a high school in Sanford, where would this city be today in the sports world?

The school gives us basketball games, football games and a few baseball games. If wrestling were to come to Sanford, the semi-pro eleven make a success, operate a semi-pro baseball tournament for the national semi-pro baseball congress and many other items of sports would certainly make this city a sporting success!

DRUG LAWS INEFFICIENT

CHICAGO, Oct. 27.—(AP)—The American Medical Association criticized federal food and drug laws yesterday as "woefully inefficient" and suggested more efficient legislation as it reported deaths attributed to an blizz of sulfanilamide had risen to 11.

The new total was an increase of five for the day. The association said the number probably would rise above 60.

LEGAL NOTICE

NOTICE TO CREDITORS
Probate Law 1933
STATE OF FLORIDA,
COUNTY OF SEMINOLE.
You and each of you are hereby notified and required to present any claims and demands which you or either of you may have against the estate of F. S. VERNAY, deceased, late of said County, in the County Judge of Seminole County, Florida, at his office in the Court House at Sanford, Florida, within eight calendar months from the date of the first publication of this notice. Each claim or demand must be in writing, and must state the place of residence and post office address of the claimant, and must be sworn to by the claimant, agent, or his attorney, or the same will become void according to law.

This 4 day of October, 1937.
FRANK STANLEY VERNAY,
Administrator of the Estate of F. S. VERNAY, Deceased.

FUEL OIL BID

At eleven o'clock on Wednesday morning, November 2, 1937, the Board of Public Instruction will receive sealed bids for the purchase of six thousand gallons 12-24 gravity distillate Fuel Oil, delivered to the tanks of the Sanford schools. Right to reject any or all bids reserved.

Filed 7, WILLIAM, Chairman.
T. W. LAWTON, Secretary.

Fighting Hatter

Don Frison Guard

DELAND, Oct. 27.—Aggressive Don Frison, Hatter guard, is expected to be in top form for Friday night's Stetson-Erskine football game on the campus. While some of his mates are ailing, this dynamic Florida lad is in condition to display the offensive

power and defensive alertness which have made him, after a season and a half, one of the Hatter heroes.

Coaches Cowell and Freeman are telling their athletes that they will have to put out their ultimate if they are to turn back the South Carolina invasion. The Flying Fleet ran a fine scoring machine, already having won four games this season.

BIG CAMEL FOSSIL FOUND
BRIDGEPORT, Neb.,—(AP)—Once upon a time there was a camel two stories high, roaming the great plains. C. Bertrand Schultz of the University of Nebraska museum field staff has dug up bones from a herd of the huge animals in a fossil bed near here.

Max To Fight Harry Thomas In New York

NEW YORK, Oct. 27.—(AP)—Max Schmeling, German heavy-weight contender, yesterday picked Harry Thomas of Chicago as the most acceptable of five opponents suggested to meet him in a bout at Madison Square Garden in December, his American representative, Joe Jacobs, announced last night.

Joe Jacobs and Promoter Mike Jacobs cabled the names of five suggested opponents to Schmeling Monday. Schmeling yesterday applied picking Thomas and suggesting December 13 as a date.

Nathan Mann, New Haven, Conn.; Al McCoy, Boston; Jimmy Ahamick, Detroit; and Isadore Gatanaga, Spain, were the others considered for the fight.

MILLERS PICK DAYTONA

MINNEAPOLIS, Oct. 27.—(AP)—President Mike Kelley of the Minneapolis American Association club would do its Spring training club said yesterday the big in Daytona Beach, Fla.

AAA Returns Citrus Pacts To Growers

Agricultural Administration Claims Deficiencies Exist In Both Agreements

Pledges Help To Gain Objectives

Responsibility For Drafting New Pact Returned To Florida

WASHINGTON, Oct. 28.—(AP)—The Agricultural Adjustment Administration held today that there are deficiencies in each of two marketing agreements proposed by opposing groups of the Florida citrus industry.

The AAA returned to both shippers and growers the responsibility of drafting a pact which would meet the requirements of the marketing agreement act.

It said it was prepared "to cooperate fully with a substantial majority of the industry to the end that the declared policy and objectives of the act might be achieved."

Representatives of the growers' committee of shippers and the committee of the United Growers and Shippers of Florida were here to receive reports on their sharply conflicting proposals.

The United Growers and Shippers proposed a system by which the Secretary of Agriculture would be permitted to establish shipment quotas only two weeks out of each year, with the remainder of the year left to the industry.

The growers' committee asked that the Secretary, in other agreements, be authorized to establish weekly quotas throughout shipping season.

Kenneth Scott Is Main Speaker At Lions Club Meet

Kenneth Scott, engineer now employed with the Robinson Fruit Cannery, was the guest speaker last night at the regular weekly meeting of the Sanford Lions Club held in the grill room of the Valley Hotel at 7:30 o'clock, according to a statement made this morning by J. L. Callaway, secretary of the organization.

Mr. Scott spoke to the Lions about the work of the National Sea Scout organization and the work in which they are doing and of the progress that they have been making in the past few years.

Mr. Scott was formerly connected with Sea Scout work in Louisville, Ky., for several years before coming to Sanford and he promised the local Lions club, the sponsors of the Sanford Sea Scouts, that he would co-operate with them at any time and offer any assistance that they may need.

Also present at the meeting was Ben Cantwell who recently returned from Brooklyn, N. Y., where he was with the Brooklyn Dodgers of the National League when the season came to a close. Mr. Cantwell told of some major baseball highlights during his short career.

J. M. Blumhagen also was present at the meeting and rendered several vocal selections. Clarence Adams presided over the meeting and during the business session, Joe Wilson made a short report concerning the Sea Scouts.

Art Week Planned By Women's Club

The Women's Club will observe National Art Week Nov. 9-14. For the first time, Mrs. A. M. Jones, chairman of the club, has arranged for an art exhibit in the club room. The exhibit will be of the work of the club members and will be open to the public from 10 o'clock to 12 o'clock each day. The exhibit will be held in the club room and will be open to the public from 10 o'clock to 12 o'clock each day.

Younger Hands Rule Vast Steel Empire

Edward S. Bettines (top), 25, and Benjamin F. Fairless (below), 47, have been elected to head the vast empire of industry controlled by United States Steel Corporation.

The United States Steel Corporation announced today that Edward S. Bettines, 25, and Benjamin F. Fairless, 47, have been elected to head the vast empire of industry controlled by United States Steel Corporation.

Bettines was a former chairman of the United States Steel Corporation and Fairless was a former chairman of the United States Steel Corporation.

The election of Bettines and Fairless to head the United States Steel Corporation is a significant event in the history of the company.

Duke Of Windsor Plans Sojourn In Florida On Trip

Former King, Duchess Go To Hollywood, Then Miami

PARIS, Oct. 28.—(AP)—The Duke and Duchess of Windsor are planning a double visit across the United States from New York to Hollywood and back to Miami, a close associate disclosed today.

The Duke and Duchess will travel with about 20 persons. He explained, the western trip will take the former British monarch and his American-born wife along the northern route while the eastward journey will be through the south.

The tour will take about five weeks. The Duke and Duchess will sail Nov. 9 on the liner Bremen. After reaching Florida they plan to visit a Caribbean island but have not decided which one.

The Duke of Windsor declared yesterday that he and his American-born wife are going to the United States without political designs. He said they were only trying to aid in finding a solution to "some of the vital problems that beset the world today."

Tributes Paid To R. L. Glenn On Departure

Railway Brotherhood Leader Leaves For New Post As Editor Of Big Magazine

R. L. Glenn, recently appointed editor of the official publication of the Brotherhood of Locomotive Firemen and Engineers, left for Cleveland, Ohio, with his family yesterday where he will assume his newly assigned tasks.

Mr. Glenn began his career as a railroad employee for the Atlantic Coast Line in Sanford on Jan. 15, 1917, by which time he was promoted to a fireman. On Jan. 25, 1924, Mr. Glenn was appointed chairman of the Grievance Committee for the Brotherhood of Locomotive Firemen and Engineers and has served in that capacity since that time. On Feb. 20, 1935, Mr. Glenn was promoted to engineer for the railroad but soon resigned to give all his time to his work as head of the Grievance Committee, in which capacity he acted as a mediator between the employer and the employee.

Mr. Glenn was well-liked by both railroad officials and railroad employees, a railroad official advised a Herald reporter this morning, and both regret to lose the services of so valuable a man.

Mr. Glenn was not only active in railroad affairs in Sanford but was also intensely interested in the community.

Wall Street Pleased Over Reserve Action

NEW YORK, Oct. 28.—(AP)—Action of the Federal Reserve board on stock margin requirements was hailed enthusiastically in Wall Street last night as a step "in the right direction" calculated to go far in restoring confidence to brokers and traders who have been shaken up badly following a \$25,000,000,000 washout in stock values.

Wide-spread agitation for lowering of margin requirements on the buying side reached a climax 10 days ago when Winthrop W. Aldrich, chairman of the Chase National bank, made a vigorous plea for federal intervention into the badly tangled affairs of securities markets, the efficiency of which, he said, had been impaired by the drastic break in prices.

Deaths From Elixir Have Mounted To 37

CHICAGO, Oct. 28.—(AP)—Deaths attributed by the American Medical Association to an elixir of sulfanilamide reached 37 last today.

The total was an increase of six for the day. Dr. F. M. Leach, secretary of pharmacy and chemistry for the association, said the latest verified elixir deaths occurred at Collins and Magee, Miss.; Swainboro, and Dalton, Ga.; Wichita Falls, Texas, and Arak, Ala.

Dr. Leach said that probably only five or six more deaths would be verified as resulting from the elixir, containing a drug commonly used in industry but not recommended for internal use.

The Federal Food and Drug Administration has confiscated virtually all of the drug.

Compromise Will Be Offered Strikers

NEW YORK, Oct. 28.—(AP)—Stagnant companies yesterday offered compromise wages of 35 cents per hour with time and a half for overtime as a compromise to unions demands for \$1 per hour with \$1.50 as bonus for overtime.

Representatives of several unions of New York made their offer at a conference with the International Brotherhood of Teamsters.

Among those present at the meeting were James and Mrs. W. E. Boone, president of the Orlando High School, Mrs. Irene Lightner, chairman of the Orlando school board, Miss Louise Royal, representative of the deLiaison group of the Orlando High School, and Mrs. J. L. A. ...

Buying Burst Hits Market On Margin Cut

Federal Reserve Orders Stock Margins Reduced From 55 To 40 Percent

NEW YORK, Oct. 28.—(AP)—Stock market leaders shot up one to six or more points in the heaviest burst of buying witnessed in many weeks as Wall Street found a new lease on life in the Federal Reserve's sudden shift in margin regulations.

Purchasing orders flooded the boardrooms on overnight news that the requirements for speculative purchases had been cut while those for short selling were boosted. More than a million shares were traded in the first hour.

The Federal Reserve Board last night reduced the margin requirement for stock market purchases from 55 to 40 percent and in a further, unprecedented move apparently aimed at restricting "bear" speculation, imposed a margin of 50 percent on short sales.

The new regulations take effect next Monday.

They were announced as Wall Street interests were demanding relaxation of government regulation of the securities markets and liberalization of the margin requirements. Financial leaders had criticized the Roosevelt administration on the ground that "over regulation" was responsible for the absence of sufficient buying in the market.

In the past six weeks the market, weakening under tremendous selling pressure, touched new lows in nearly every sector for more than a year. Commerce Department officials said the decline already was showing a psychological effect on business, in that it created uncertainty.

While the Reserve Board issued the new regulations without any explanation whatever, they apparently were designed to encourage buying since the purchaser of securities will need less cash to buy the same amount of stocks.

At the same time the innovation of a margin requirement of 50 percent on short sales is expected to discourage excessive speculation by "bears"—those who play the market for an expected drop in prices, selling "short" by making commitments in the expectation of buying to meet them after the decline.

Until last night's announcement the Reserve Board had no specific regulation governing short sales. The New York Stock Exchange, however, has a rule requiring at least 10 point protection on such transactions.

Scores Drown When Flood Sweeps Town

DAMASCUS, Syria, Oct. 28.—(AP)—A great flood rushed down from the hills northeast of Damascus and swept through the town of Dmeir where almost all the houses were washed away. Dozens of bodies were recovered by troops and police from Damascus.

One hundred persons were missing. A flood followed the cloud-burst. A sheet of water nine feet deep rolled onto the town so quickly that the inhabitants had little time to flee to high ground. The Damascus to Baghdad highway was cut by the rushing waters.

The chief work of the herpetologist, however, is to milk the ...

Central Florida Forensic League Organized By High School Groups

A Central Florida High School Forensic League was organized Tuesday evening at a meeting held at the Seminole High School with debating coaches and school principals present at the invitation of Professor J. E. McKay, principal of the local high school, and W. E. McCreesh, former debating coach of the local school.

Among those present at the meeting were Professor and Mrs. W. E. Boone, president of the Orlando High School, Mrs. Irene Lightner, chairman of the Orlando school board, Miss Louise Royal, representative of the deLiaison group of the Orlando High School, and Mrs. J. L. A. ...

The group also planned to ...

Movie To Be Made Of Panther From Sanford City Zoo

Ross Allen Gets Panther For Grantland Rice Sports Movie

The Florida panther which for sometime has been on exhibition at the Municipal Zoo will soon occupy the spotlight in a movie showing the capture of a Florida panther by Grantland Rice, according to R. Ross Allen, noted herpetologist at Silver Springs, in an interview with a Herald reporter this morning.

The panther belonged to Mr. Allen and he came here to remove the animal to the Everglades where the movie will be made.

In making the picture, Mr. Allen stated, the animal will be turned loose in a large corral where close-ups will be made with a camera. He will then be freed and captured by Mr. Rice with the use of a rope with a noose in it similar to the cowboy lariat.

There are a number of the animals roaming the State yet, Mr. Allen stated, especially in the semi-tropical jungles of Collier county, and in many other sections where deer are abundant as deer meat provides their principal diet.

In discussing his work with snakes at his farm in Silver Springs, the herpetologist stressed that some very interesting experiments with the various kinds of snake venoms have been conducted at his farm during the past year.

The findings of these experiments will be reported at the meeting of the Florida Academy of Science which meets in Miami on Nov. 2, he said.

The chief work of the herpetologist, however, is to milk the ...

U. Duce Supports Hitler In Claim For African Land

MUSOLINI DECLARES GERMAN COLONIES MUST BE RETURNED

ROME, Oct. 28.—(AP)—Premier Mussolini, celebrating the 18th anniversary of the Fascist march on Rome, declared it is necessary that Germany be restored to her "place in the African sun."

He spoke at a forum in the presence of 10,000 Fascists from all parts of Italy. A German delegate, sent to Rome by Hitler for the occasion, heard Mussolini's words.

The Premier turned to what both Italy and Germany term the "great" of "Africanism" in Europe. "It is a durable and fruitful policy, it is necessary that this be done in Europe," he declared.

State Supervisor Inspects School Here

Robert A. Doolittle, State supervisor of Trade and Industrial Education, was a visitor at the office of Superintendent of Public Instruction J. W. Lawton, yesterday afternoon.

H. G. Wells Believes New Deal Is Failure

PHILADELPHIA, Oct. 28.—(AP)—H. G. Wells, the English writer, said yesterday, according to a dispatch from London, that he believed the New Deal had failed to touch the heart of the problem of unemployment.

MISS NAVY

WASHINGTON, Oct. 28.—(AP)—Uncle Sam observed Navy Day with new pledges to the cause of world peace yesterday—and by shifting construction of another submarine and a \$50,000,000 submarine designed to be the most powerful attack.

Chinese Rearguard Trapped In Chapel, Refuses To Leave In Face Of Death

Shanghai Citizens Watch Hot Fight

Main Body Of Chinese Troops Retreat By Soochow Creek Exit

SHANGHAI, Oct. 28.—(AP)—The United States Marines and the British troops offered tonight to aid the withdrawal of a Chinese battalion, trapped by the menace of stray bullets falling into Shanghai's International Settlement with its thousands of foreigners, including Americans.

The offer was refused. The Chinese, about 200 men, held a position in a small area within the settlement which the remainder of their army abandoned yesterday to Panos and the advancing Japanese.

Growth of foreigners and Chinese gathered on rooftops, in a show of machine gun bullets, to watch the battle along the settlement's northern border when the American and British offer of aid was made.

There was grave danger to the International Settlement. The American and British commanders used the only machine gun still in the settlement—the Chinese gun of the U. S. Marines and the British troops would help them reach a strategic point of Soochow Creek.

The Chinese, who were not much worried about the Japanese planes, and were prepared for their landing, declined the American and British offer. Somehow the Chinese managed to get food and supplies and sent back word they would hold on until the last man died.

Selfish squads of Chinese troops hurled themselves into the line of certain death, early today as they sought to stem the tide of Japanese troops which was threatening to wipe out nearly 20,000 trapped Chinese soldiers.

A war correspondent who had made his way through the fighting and across the city, reported through the noisy hubbub of their "snatch" squads, aiming their rifles to cover the retreat of their comrades.

Talk about men, wearing on their brows the faded insignia of the United States, continued late the face of certain death, losing in their lives an calmly treatment on their terms.

Localites Attend Field Day At Kalamazoo

A number of Seminole residents attended the Kalamazoo Field Day in Kalamazoo, Michigan, and board Gov. Fred F. Cox cannot that an extra session of the legislature will be held this year.

Among those from this county who attended the field day at the county seat of Kalamazoo, Michigan, were Sheriff C. B. Brown, H. J. ...

Between November 1937 and December 1938 nearly \$100,000,000 in Federal government funds was spent for the construction and improvement of recreation areas in the various states.

FROM THEUS

(From Some Sequences) Here on this hill, confronted with this sky, Cold final arch of stars that burp in space...

THE ART OF HAVING LEISURE

The really amazing thing to most of us who never have time to do half the things we want to do, or even the things that we are supposed to do...

THE ART OF HAVING LEISURE

How do they do it? "Artie" McGovern who writes an interesting column for the newspapers says that the trouble with most people is that they don't budget their time...

HOLLYWOOD SIGHTS AND SOUNDS

HOLLYWOOD, Oct. 22—William Anthony McGuire is a movie producer, but he must always have had the soul of one...

Panhandlers Upon Us!

The panhandling season is apparently upon us again. In the last couple of days no less than three regulars have made their annual calls at our office for the customary handout.

Well, we think, we will have to show this man all the courtesies of the shop. Perhaps he will buy a place in Sanford and become a permanent resident. So we invite him in and he begins to talk.

After we have assured him that the editorial chair is well taken care of for the moment at least, he begins to run the entire gamut of newspaper occupations.

Well, he finally resumes, he's got a job lined up on a paper on the West Coast and if we could just lend him a five spot so that he could get down there, he'd be sure to send it back to us out of his first week's wages.

Florida's first Governor, who later became the Nation's seventh president, spoke the same language that Florida's Governor speaks today.

How come? "Well," said Dave, "The U. S. had Alice Brady in return for Alice Faye, and swapped a story property for me."

Even those critics who have doubted Ra Hould as too much an imitation of Bartholomew would have cheered him then.

Mr. Green, he said, "I don't mind a bump, but a bump, you know."

GERMANY BUILDS A DRAGON FLY

GERMANY BUILDS A DRAGONFLY, a highly new all-metal machine which flies and turns with the ease of a small plane, according to reports.

"TOO LATE TO CLASSIFY"

We of Florida have become more or less accustomed to the blunt, but nevertheless picturesque speech that characterizes the public utterances of our Chief Executive.

As a congressman, Mark Wilcox has made an enviable record. His courage in coming out unequivocally for those principles in which he believes is admired by friends and enemies alike.

That Mark would like a seat in the United States Senate cannot be denied. In fact, he admits such an ambition. But just how he is to obtain it is a matter of conjecture.

Stronger than ever. He has lost little, if any, support. The press, even in Wilcox's own district, generally favors Pepper. The state administration may aid Wilcox along, but it will go "down the line" for Pepper when the gang rings.

My important personal guest is Mr. Wilcox WILL run, but against Mr. Pepper. He'll run for re-election to Congress as representative of the Fourth District.

Social And Personal Activities

ELIZABETH BRIGHAM JORDAN, Society Editor

Social Calendar

FRIDAY
The Girl Scouts will have a Halloween party at the Little Home at 8:15 o'clock.
At 10:00 o'clock "Other Men Lovers" by Homer McMillan will be reviewed at the First Presbyterian Church. Lunch will be served at 12:30 o'clock. Dr. Eitzenboth Tracy will lead the devotion at 2:30 o'clock.
The United Daughters of the Confederacy will meet at 8:00 o'clock at the home of Mrs. Martin Bram, 218 Palmolive Avenue.
There will be a P. T. A. Regional Conference at the Palmolive Club House in Daytona Beach beginning at 10:00 A. M. Registration fee will be 25c and at 8:00 P. M. an informal banquet will be served for \$1.25. County awards will be given in the evening. This conference will be of much educational value and an inspection to all. Every one is invited to attend and all members are urged to be present.

SATURDAY
The South Side Primary School will have a Halloween Carnival at 7:00 o'clock.

MONDAY
Circle Number One of the Woman's Missionary Society of the First Methodist Church will meet with Mrs. George McCrom, W. First Street at 8:00 o'clock.
Circle Number Two of the Woman's Missionary Society of the First Methodist Church will meet with Mrs. Lola LeGette, 1900 Magnolia Avenue at 8:00 o'clock.
Circle Number Three of the Woman's Missionary Society of the First Methodist Church will meet with Mrs. C. J. Harrison, 414 Myrtle Avenue at 8:00 o'clock.
Circle Number Four of the Woman's Missionary Society of the First Methodist Church will meet with Mrs. W. G. Fleming, South Sanford Avenue at 8:00 o'clock.

The Woman's Missionary Society of the First Baptist Church will hold a mission study class at 10:00 o'clock at the annex. "The Heart of the Levant" will be studied. A covered dish luncheon will be served. All members are urged to attend.

TUESDAY
The Seminole County Tuberculosis Association will have their first Fall meeting at the Woman's Club at 10:00 o'clock. Luncheon will be served at noon.

THURSDAY
There will be a business meeting of the Auxiliary to the U. N. A. P. O. C. at the home of Mrs. R. F. Crenshaw at 7:30 o'clock.
The East Side P. T. A. will sponsor a Halloween Carnival tonight from 8:00 o'clock until 1:00 o'clock.

Mrs. A. C. Starke Entertains Class

Mrs. A. C. Starke was hostess to the monthly business and social meeting of the Truth Seekers Class of the First Methodist Church which was held Monday afternoon at her home on Mallonville Avenue.
The rooms of the Starke's new home were opened tonight for the occasion. A profession of Fall flowers were used to decorate. Mrs. E. F. Crenshaw and Mrs. J. C. Wain assisted Mrs. Starke with the decorations.
Mrs. W. L. Clark opened the meeting with an impressive devotion using as the key note, "Abide With Me," 31st Psalm. Mrs. Starke presided over the business session. Mrs. J. C. Vaughn, secretary, and Mrs. T. E. Wilson, treasurer, gave their yearly reports, after which other reports were heard and plans made for future work. Mrs. Starke announced her committee for the coming year.

Those having birthdays this month were: Mrs. A. C. Starke, Mrs. John Vaughn, Mrs. T. E. Wilson, Mrs. C. C. Priest, Mrs. W. E. Wells and Mrs. Minnie Holt. Each was presented with a Halloween cap, welcomed and given a birthday greeting by Mrs. R. F. Crenshaw.
At the conclusion of the business meeting Mrs. Starke invited the guests to inspect her back garden and see her Shell Parakeets in their rustic home. The double garage was transformed into an autumn garden with all kinds of apples, black cats and witches. Moss accentuated the wilderness of Halloween. Two long tables with white covers were attractively decorated with autumn leaves, jack-o-lanterns, and tall candles in novel holders. Orange and black candles were placed at intervals on the table. They lighted candles having standards of orange and black gum drops were presented as favors to the guests.

Mrs. James Moughton entertained with a couple of ghost stories, "A Black Spider" by James Whitcomb Riley, and an instance from the life of Mrs. Humphrey Ward while she attended Oxford University in London. Refreshments of pumpkin pie and whipped cream with tea or coffee were served by the hostesses, Mrs. Starke, Mrs. B. B. Fletcher, Mrs. W. L. Clark, Mrs. J. C. Vaughn and Mrs. Duncan.

Those enjoying this occasion were: Mrs. W. L. Clark, Mrs. L. E. Grov, Mrs. W. E. Wells, Mrs. Beale Hutchinson, Mrs. G. A. Radford, Mrs. C. L. Fleming, Mrs. W. C. Dakle, Mrs. George McCrom, Mrs. F. R. Mitchell, Mrs. W. J. Whitner, Mrs. W. S. Thornton, Mrs. E. A. Moffitt, Mrs. J. F. McClelland, Mrs. R. W. Turner, Mrs. T. J. Smith, Mrs. Minnie Holt.

Personals

Mrs. Arthur Dranan and Mrs. A. M. Phillips spent Tuesday in Orlando.
Arthur Dranan has returned from a business trip to points in Georgia.
Mrs. O. G. Roller and Miss Thelma Turner left today for Richmond, Va.
Mr. and Mrs. Frank McKeon of Watertown, N. Y. have arrived here to spend the winter.

Movie To Be Made Of Panther From Sanford City Zoo

Continued From Page One
The venom from the snakes and ship it over the world where all kinds of experiments are being conducted. Mr. Allen revealed that through many experiments the venom was found to contain certain healing qualities which are not found elsewhere.
In extracting the venom from the snakes, Mr. Allen holds the snakes back of the head and milks the venom into a small vial. It is then dehydrated, changing the liquid into crystals, bottled and prepared for shipment.
Mr. Allen stated that he milked the snakes on Sunday and that he would be glad for anyone desiring to visit his farm at that time and watch the process.

Mrs. W. A. Tillis, Mrs. A. W. Shoemaker, Mrs. J. C. Russell, Mrs. W. F. Chapman, Mrs. W. R. Edinfield, Mrs. P. D. Parker, Mrs. B. E. Fletcher, Mrs. H. H. Pattishall, Mrs. J. G. Wain, Mrs. James Moughton, Mrs. Leola West, Mrs. C. C. Priest, Mrs. W. W. McKim, Mrs. Lola LeGette, Mrs. Elsie Kirchhoff, Mrs. J. K. Mettinger, Mrs. T. E. Wilson, Mrs. A. C. Starke, Mrs. J. C. Vaughn, Mrs. R. F. Crenshaw, Mrs. Duncan and Miss June Waddell.

Seminole County ranks fourth in the production of oranges and grapefruit in Florida, according to a report from the Florida State Marketing Bureau.
Three of the largest fresh water lakes in the State are located in Seminole County aside from the numerous smaller lakes.

Sanford is so located that most of the points of interest throughout Florida may be seen in a day's journey.
Russian and allied dialects are spoken by an estimated 160,000 persons.

West Side P. T. A. Begins Annual Drive

The West Side P. T. A. annual membership drive is underway this week in an effort to reach a goal of one hundred percent. Assisting with the drive are: Mrs. George Turner, chairman, and the grade mothers:
First grade, Mrs. H. B. Dras, Mrs. John Ludwig and Mrs. Gordon Brown.
Second grade, Mrs. John Ludwig, Mrs. Frank Hebeck, Mrs. H. Faircloth, Mrs. J. R. Hoelshon, Mrs. E. C. Williams, Mrs. L. E. Armstrong and Mrs. W. A. Routh.
Third grade, Mrs. Ralph Lonsing, Mrs. J. L. Clark and Mrs. George Turner.
Fourth grade, Mrs. R. L. Caldwell, Mrs. Charles B. Cole and Mrs. L. E. Armstrong.
In connection with the membership drive a prize will be awarded to the room having the largest number of parents joining the P. T. A.

Life Begins With Love Is Coming To Ritz

In the best tradition of the wacky romantic comedy school, "Life Begins With Love," the Columbia attraction which shows Friday at the Ritz Theater, wraps the heart and tickles the funny bone in one fell swoop. With Jean Parker, Douglas Montgomery and little Ethel Fellowes doing most of the required clowning, a good time seemed to be had by all.

It is the reckless tale of one William Addington Drake III, who, in a deliciously pickled moment, gets up on a soap box and promises the gentry he will divide his fortune among them. This is no laughing matter to ordinary people, who mill around his home waiting for the millions to be tossed out. Bill's grandfathers and fathers are outraged. Not caring for the man, Bill steals out of the mansion and starts wandering the streets.

A few days later he's pretty hungry when he knocks on the door of a day nursery and asks for a handout. Dolly, a saucy little miss, calls Carol, the manager, who is just about the nicest thing Bill has ever seen. Carol makes Bill work for his meal—and also, unintentionally, makes his heart out the funniest way. Bill takes a job as handy man in the nursery, and from then on it's anybody's fight.
Miss Parker, Montgomery and Miss Fellowes set their roles for all they're worth, which is plenty. Leona Marie, Lumadon Hare, Aubrey Mather and others of the supporting cast also do splendidly. It is, by the way, a distinct pleasure to have Miss Parker back with us; she was absent much too long.

MOSCOW. —(AP)—The most northerly museum in the world is being established by a Russian expedition at Rudolf Island in the Franz Josef Land archipelago, north of Nova Zembla.

ON THE TALLY CAMPUS

The following sights were seen around the campus at the Florida State College for Women:
Miss Dorothy Mitchell seen eating some of the best Halloween candy she ever tasted. At least that is what she said.
Miss Kathryn Thigpen all bundled up in a raincoat and carrying a pretty green umbrella to protect her from that Tallahassee weather.
Ann Jones, formerly of Sanford, coming down the hall talking and speaking to everyone. She knows them all.
Eleanor Hickson visiting one of the Freshmen dormitories to bring back sweet memories of when she was a freshman.
And at any time after 7:30 o'clock you can find the Sanford girls in the college library browsing over several of their favorite studies.

EAST SIDE P. T. A.

The East Side P. T. A. will sponsor a Halloween Carnival to be given tonight from 8:00 o'clock until 1:00 o'clock.
They will have a fish pond, fortune telling booth, slide shows, candy, cakes, drinks and sandwiches. The public is invited to attend.

It is estimated that the average monthly payroll in Sanford is approximately \$200,000.

U.S., Britain Offer Haven To Chinese Suicide Battalion

Continued From Page One
As they would throw bamboo "fan-tan" sticks on a gambling table.
They hadn't a chance of coming back alive. They went out in little squads, with machine guns and rifles, to harrow into wrecked buildings or shell craters and spit bullets at advancing columns until the Japanese should award over and engulf them.
"We die here," a Chinese corporal told the correspondent, as his comrades embarked on light gun equipment and started on a jog down a narrow street, choked with dust of exploding shells.
Behind them the men of the Chinese 8th division were being pushed backwards along a thin line of retreat west of Soochow Creek. Any moment they might bulge over into the foreign zone and then the bill of war would break loose for us as well as the Chinese.
Five hundred "eighty-lighters" were reported as having barricaded themselves in a "godown"—Chinese warehouse—determined to die to the last man rather than retreat.
They telephoned Mayor O. K. Yui, asking for 500 pounds of salt and sugar and 50,000 hard-cakes, and said they hoped to last out a week, when they believed the tide of war would

turn.
"If it doesn't, you won't see us again," the leader said.
The correspondent went out to see this heroic stand, literally crawling through shell pitted alleys and hugging walls until he was a half block inside Chapel.
"I ducked down a fire-lined street," he said, "and made my way to a point near Hsichong and Taitung roads. Here grenades were exploding near me and I knew I was within a short distance of a pitched battle, probably between Japanese and a sniper's nest.
"I saw a small column of Japanese blue-jackets, moving double-time up the street, and I followed. They had located the snipers by the explosion of grenades, and the column suddenly formed into machine-gun units and began to blaze away at a building.
"I discovered to my horror the sniper's nest was across the street from where I crouched, clinging to the scanty shelter of an overhanging wall.
"Bullets rattled along the streets as the Japanese mechanically snarled the nest.
"Nearby was an open door of a building, from which smoke was gushing, and I decided fire was easier to face than bullets.
When the firing had stopped, I came out. A Japanese officer, who had seen my predicament, came up and politely advised me to leave the district."
Reinader were introduced into Alaska in 1891.

NEW LOW COST Coleman OIL HEATER

Now Provides
2-WAY HEATING SERVICE
1. A SAFE HEAT SOURCE
2. PROTECTS CONCRETE FLOORS FROM CRACKING
3. CIRCULATES WARM AIR THROUGHOUT THE ROOM WHEN HEAT IS NOT NEEDED
Coleman Oil Burning Heaters give you the amazing Coleman 2-WAY HEATING SERVICE at low cost. Equipped with Heat-Reflector Doors, Coleman Fuel-Saving Burner, Heat-Radiating Fins and a Powerful High Efficiency Burner, they provide clean, healthful, low-cost heat.
See the new models of our great Coleman line of Oil Burning Heaters now. Come in today!

Seminole Gridders Undergo Light Workout On New Lighted School Gridiron

Coach McLucas Features The Drill With Dummy Scrimmage Of Ocala Play Formation

Approximately 300 Spectators Witness Seminole Drill In Preparation For Ocala Game Tomorrow Evening

By JULIAN STENSTROM
Special Sports Editor
Head Coach Leonard McLucas of the Seminole High School football team sent his proteges through an excellent practice session last night under the floodlights of the new high school football field in preparation for the Sanford-Ocala clash which will be held here in Sanford tomorrow evening at 8:00 o'clock.

Coach McLucas and his two assistants, Coach Russ McCracken and Coach Woody Hight, saw seven go through a long dummy scrimmage with the Seminole team using the Ocala offensive formations and plays while the regulars were told just what to do in such cases.

The drill was watched by approximately 300 spectators with much interest taken in the local boys. Coach McLucas announced last night that the entire eleven was in good condition and that if injuries did not prevail, things would look bright for the tilt but a few moments later "Tiger" Howell, a 185 pound left tackle, was forced to the showers with an injured ankle but expectations are held that he will be in the Wilcox game.

The lights were turned on the field for the first time at exactly 7:12 o'clock yesterday evening and the usual warming and limbering up drills taken by the boys. Kicking, passing, centering, blocking, and tackling, pulling out and many other objects of the game were stressed.

Coach McLucas then sent his boys through the dummy scrimmage that seemed very interesting to all the fans. The Indian mentor stated that he was disappointed the field will not be completed in time for the game.

The goal posts have been erected and north side bleachers installed.

The first string lineup last night was as follows: Lilly Collier at left end, Warren Odham and "Tiger" Howell at left tackle, Fred Jones at left guard, Fred Jones at center, N. A. Harney at right guard, Ashby Jones at right tackle, Sam Watts at right end, John Morgan at quarterback, Darrell Ferguson at left half, Leon Lawson at right half and Robert Stoinoff at full back.

Tampa - Miami Game To Feature Florida Games This Week

Tampa Officials Close Plans For Homecoming Event

Dedication Of New Phillips Stadium Will Also Be Held

TAMPA, Oct. 22.—There won't be any allis after the Miami-Tampa football game here tomorrow night. For both squads are reported in the best condition of the year for the contest, which will officially dedicate Phillips field.

Line-ups announced yesterday by Coach Higgins of the Spartans and Coach Jack Harding of the Hurricanes, reveal the Little Four conference rivals at peak strength with every regular in shape for the important clash.

Tampa will have a slight weight advantage in the line, averaging 275 pounds to the end, to Miami's 265. The Spartans are expected to have a slight edge in the backfield.

One of the high lights of the game should come from the battle between Capt. Bob Masterson, Miami's all-American candidate, and Willie Godwin, 200-pound Tampa end who has played sensational ball in the last two games.

C. I. O. OFFERS OLIVE BRANCH

Seeking to end the warfare between the C. I. O. and American Federation of Labor, C. I. O. leaders proposed a reconciliation which one of them said probably would give John L. Lewis control of the federation. George Harrison (left), chairman of the delegation representing the federation; and Philip Murray, leader of the C. I. O. delegates, are shown meeting in apparent good spirits at the conference in Washington.

Wilkinson's Semi-Pro Squad Holds Another Workout On Lighted High School Field

Billy Odham And Earl Whitten Furnish Big Hopes With Fine Work Along With Leslie Harnage In Backfield

Coach S. A. B. Wilkinson and speedy, good punter, a fine pass thrower and a broken field runner that cannot be compared with any other on the eleven.

Among those out last night were Jim Stapler, Bob Williams, Dazy Hoke, Angus Harrier, Jack Purdon, Russell Odham, Billy Odham, Leslie Harnage, Mac McWhorter, Earl Whitten, John King, Elwin Squires, Ralph Monger, Harold Doker and Joe Thompson.

Imperative plans for the future were made last evening and tonight the local eleven will again workout at 8:15 under the lights of the Sanford Armory field.

Kicking, passing and going down on punts was the main objective of last night's session and with Billy Odham on the receiving end of the ball and Leslie Harnage doing the heaving, forms a pass combination that will be hard to break up will be depended upon during the game.

Earl Whitten did some excellent kicking last night and although he did not play high school football, he will be a serious threat in the Blackcat backfield as he is shifty.

DEFICIT MOUNTS

WASHINGTON, Oct. 22.—The Treasury's gross deficit crossed the half-billion mark October 22, to reach \$509,237,311. In his latest budget revision, President Roosevelt forecast the gross deficit at \$565,243,000 on next June 30, when this fiscal year ends.

AGITATOR BRATEN

DALLAS, Tex., Oct. 22.—(AP)—The severe beating of a labor organizer, the latest step in a series of labor difficulties, resulted in Gov. James V. Aldred ordering Texas rangers sent here yesterday for the second time in recent weeks.

92,000 JEWS LEAVE

BERLIN, Oct. 22.—(AP)—Jewish emigration from Germany since Adolf Hitler came to power in 1933 totals 92,000 persons, according to the Jewish Agency of the world. 28,500 Jews have gone to Palestine.

LOWER ENROLLMENT

INDIANAPOLIS, (AP)—Six hundred fewer beginners enrolled in Indianapolis schools this fall than last. School commissioners attributed the decline to the fact that this year is the first in which "depression babies" reached school age. A decline in the birth rate was one of the results of the depression, they said.

FAVOR CANAL

U. S. Senator Charles O. Anderson of Orlando stated that there are 15 states in the Mississippi valley just as strong for the Florida cross-state canal as Florida is. "The canal is sitting prettier than ever."

NO 'HOT TIMES' HERE

DAN DUNN - Secret Operative #8

EXTRA! EXTRA!
DAN DUNN FANOUS SECRET OPERATIVE #8 MORTALLY WOUNDED!
MYSTERIOUSLY SHOT BY HE BEGINS REPORT AT HOSPITAL. DOCTORS GIVE UP ALL HOPE AS TO HIS RECOVERY.

IN WU FANG'S DEN, THE 'EXTRA' IS READ WITH GLEE...
"AS SOON AS THAT MESSAGE IS RECEIVED, A GREAT PRELOD OF THE PRECIOUS STUFF WILL BE SENT US!"
"YEH! YOU AND WITHOUT DAN DUNN TO BOTHER US, WE'LL SO GREAT GUNS!"

WU FANG'S UNDERLING GETS IT BUT MISSED DAN DUNN. THE FANOUS SECRET OPERATIVE, IN PRETENDING HE WAS MORTALLY WOUNDED HAS SUCCEEDED IN THROWING THAT WILY MONARCH OF VICE, WU FANG, OFF HIS GUARD!

GOING IN THE HOSPITAL, DAN DUNN, BEARDSLEY AND THE DOCTOR...
"NOW, WITH EVERYTHING SET, I'VE GOT TO GET OUT OF HERE—THERE'S LOTS TO DO!"
"SEE, IT'S GREAT THAT THE GUNMAN MISSED YOU, DAN, AND YOU HAVE MADE SUCH QUICK USE OF THE SITUATION."
"BOBBY, BOBBY, DAN HAS BEEN SHOT—I'M GOING OUT THERE IMMEDIATELY!"

MEANWHILE, BACK IN LEADERVILLE, THE GLARING HEADLINES ARE READ BY ANN VARE...

COME ON BOBBY, HURRY, WE'RE CAPTAINING THIS ISLAND—THE DADER SAID DAN DUNN WAS MORTALLY WOUNDED!

I HOPE HE WILL BE ALL RIGHT, ANN. I JUST KNOW IT!

A FEW HOURS LATER ANN GETS INTO THE MADONIC OFFICE AT SAN FRABEL AND MEETS BEARDSLEY, THE CHIEF.

WHERE IS DAN DUNN? I MUST GO TO HIM IMMEDIATELY!

WHAT TH WHO ARE YOU?

I'M ANN VARE, WHERE IS DAN? NOW IS HE?

OH YEH, MISS VARE, NOW JUST CALM YOURSELF, DAN'S ALL RIGHT, AND YOU MAY BE ABLE TO SEE HIM EITHER TONIGHT OR TOMORROW. HE'S ON A BIG CASE!

Sales Of Georgia Pecan Crop Begin

ALBANY, Ga., Oct. 25.—(AP)—Sales of Georgia pecans, a \$1,255,000 crop in 1934, began here yesterday. Prices were slightly lower than on the opening last year. At the co-operative warehouses, extra large Schley's brought 11 cents; large Schley's, eight cents; extra large grade a blanda, seven cents, and large blanda, six cents. The majority of first offerings was of poor quality, as is customary early in the season.

Erosion deals a double-edged blow to fertile land. It slashes steep, unprotected slopes into gullies and strews over bottom lands infertile subsoil washed from gullied hillsides.

Motor Magnate Gives Hitch-Hikers Lift

WOOSTER, O., Oct. 25.—(AP)—Henry Ford, the motor magnate, can be susceptible to the jerk of a thumb along an open highway. John Smucker and Robert Strong say that while hitch-hiking to their homes here from jobs at Pontiac, Mich., they flashed the thumb signal to an approaching car at the outskirts of Dearborn, Mich. A large, maroon car pulled to a stop and gave them a lift to Monroe, Mich. "Who whom are we indebted to?" Smucker and Strong inquired as they got out. "To no one," came the reply, and then as if an after thought: "I am Mr. Ford."

U. S. DELEGATES, 'OPEN-MINDED,' OFF TO BRUSSELS

"We are open-minded. We have no commitments!" So spoke Norman H. Davis (center in front row), head of the United States delegation to the nine-power conference on the Sino-Japanese conflict as he and his colleagues sailed from New York for Brussels, Belgium on the steamship Washington. Left to right, front row: Dr. Stanley Hornbeck, Mr. Davis and J. Pierrepont Moffat. In the back row Charles E. Bohlen (left) and Robert T. Pell.

Deer Hunters Are Advised To Wear Red

DENVER, Oct. 25.—(AP)—O make deer hunters poor targets, R. G. Hunter, state game commissioner, suggests they wear red caps and hats. "Last year we had only three fatalities among 14,000 deer hunters but this year we would like to get by without accidents," says Hunter. "And if hunters must drink strong liquor, they should do so moderately," he added. "Liquor and bullets do not mix successfully."

Iron-Melting Shells Are Used By Franco

LONDON, Oct. 25.—(AP)—A new German shell that melts iron and steel is being used by Franco's forces, says Prince Hubertus Loewenstein, the German author, who recently returned from Republican Spain. "The shells, with a specially prepared ceramic filling, are fired by ordinary anti-tank guns. Exploding inside the tank they develop a heat of 4,000 degrees Centigrade, by which, of course steel and iron melt like snow," Prince Hubertus said.

Cold And Floods Unite To Produce Trouble In East

Rising Ohio River Is Expected To Reach Crest Of Two Feet Above Flood Level

Hundreds Driven From Their Homes

Buckhannon River Is At Highest Crest Since Peak Of 1918

PITTSBURGH, Oct. 29.—(AP)—A cold wave swept the western slopes of the Allegheny mountains, halting a three-day downpour as high waters raced on to this steel city from south western Pennsylvania and northern West Virginia.

The Monongahela River is rising and government observers said the Ohio River at the junction of the Monongahela and the Allegheny probably would reach a crest of 227 feet, two above the flood stage, today.

They predicted the water probably would overflow sections of lowlying streets and flood cellars in river front homes. Last night hundreds of families were driven from homes in towns and rural areas along these rivers. Damage appeared slight, however, and flood waters were falling.

The rain swollen Buckhannon River in central West Virginia left a flood damage unofficially estimated at \$100,000.

The river reached its highest flood crest since 1918. Muddy water was six feet over the flood stage at its peak. Water was three feet deep in a railroad station at Buckhannon but was falling. Officials reported no suffering in the community.

One life was lost on the West Coast and more than 200 families were driven from their homes in (Continued on page three)

Spanish Stop Fight To Dodge Flood

ZARAGOZA, Spain, Oct. 29.—(AP)—Insurgent and government armies on the broad Aragon front quit fighting each other today to combat a common enemy, the flood, that was sheeting wide areas in the valleys of the Ebro River and its tributaries.

The Gallego River, rushing down from the French frontier to join the Ebro at its highest level in 20 years, is 21 feet above normal. The flood cut the highway, filled the trenches and sent the soldiers to higher ground. Hostilities generally were disrupted.

Gus Schmah's Bear Goes To Silversprings

The pet Florida Black bear which Gus Schmah, local farmer and sportsman, kept for a number of years has been added to E. Ross Allen's colony of animals at his farm in Silversprings.

Mr. Schmah used the animal to train dogs and also as a decoy in his bear hunting expeditions. The animal has become a fine specimen of the Florida bear species and Mr. Allen will include the animal in some of the sports pictures he plans to make in the near future.

Sons Of Legion To Parade In Sanford

The Sons of the Legion Drum and Bugle Corps will stage a practice parade in the streets of Sanford Wednesday night in preparation for their parade in Tavares on Armistice Day, Percy Mero, advisor of the Corps, announced today.

The boys will be attired in their dress uniforms and will march to the tune of their bugles and drums in regular parade formations, Mr. Mero said.

EVERY SHOT COUNTS

CODY, Wyo., Oct. 29.—(AP)—Five years ago, Mrs. Wylie Sherman in Lake county, was in Sanford today to discuss plans with Mr. Schmah for the formation of a hunting party to kill a large black bear that has been seen near the Crows Bluff and has killed several pigs in that vicinity.

It was intimated that a party would be formed to search for the marauder sometime in the near future.

Students Require Worship, Insists Bram At Meeting

Simpson And Lehman Also Speakers On Lake Mary Program

"Geographical facts, arithmetic knowledge, etc., are essential parts of any education," declared the Rev. Martin Bram last night in Lake Mary before 115 Seminole County school teachers. "This, however, is only a part of education," he continued, "Every student must have something to worship for in as doing he becomes like the object of this worship."

T. E. Simpson, president of the Seminole County Chamber of Commerce, was the second speaker and indicated "that the civic responsibilities of a teacher were well filled when she gave of her time so generously to train the youth of any city."

H. J. Lehman, Seminole County's representative to the Florida Legislature, discussed with the teachers of a member of a school faculty. He asserted that every person and especially those who are trained to govern should at least exerce their franchise and vote. Too many people today do not take active parts in their government and all students should be instilled with a love of American ideals and a watchfulness over American democracy.

After the speeches, a round table discussion was held in which the teachers themselves discussed the subject of teacher tenure, the teacher's retirement bill, and the teacher's salary law.

The Lake Mary P. T. A. association and the faculty of the school were hosts to the teachers' club and Mills Lord of Oviedo presided.

Local Teachers Go To Orlando Meeting

All of the white schools of Seminole County were dismissed today and all the teachers are expected to be in attendance at the meeting of the East Central District of the Florida Education Association which will be held in the Orlando Senior High School, T. W. Lawton county superintendent, reported today.

Mr. Lawton indicated that the proposed teacher retirement system and the proposed constitutional amendment placing school financing on a parity with State government operation would be discussed at the session.

It was feared that speakers invited to speak at the meeting include Dr. Willis Suttin, superintendent of Atlanta Schools; Miss M. Pinkston, of the department of elementary principals, National Education Association, Washington, D. C.; M. W. Corothers, State director of instruction; and James S. Richards, executive secretary of the Florida Education Association.

SHANGHAI DEFENDERS DIG IN FOR CRUCIAL BATTLE

With Japanese forces in possession of bomb-racked and fire-ridden Chapei, the Chinese army defending Shanghai has dug into new defensive positions as indicated on this map. The defenders retreated from Chapei after one of the most destructive battles of modern history. While miles of flames swept the vast area, both sides prepared for the next major engagement which is expected to rage along Soochow creek west of the International Settlement.

Safety Council Says Accidents Are On Increase

Nine Months Record Of 28,140 Deaths Is 9 Percent Up

CHICAGO, Oct. 29.—(AP)—The National Safety Council reported yesterday 28,140 persons died in traffic accidents during the first nine months of 1937, a 9 percent increase over the total for the same period last year.

Despite the increase, the Council noted "several favorable aspects" of the traffic situation. September was the second month in which no increase over 1936 was registered. The total for the month—3,550—represented a 10 percent drop from August.

For the first time this year the increase in deaths for 1937 was less than the 10 percent increase in motor traffic, the Council said. The increase in deaths during the second and third quarters of 1937 was only 4 percent over the same periods last year. During the first quarter it was 24 percent.

Thirteen States reported declines in traffic fatalities for the first nine months of 1937 as compared with the same period last year while two reported no change. The Council figured the reductions represented a saving of 317 lives.

The distinction of being the "safest city" among those with more than 500,000 population—held by New York for 21 consecutive months—was regained by Milwaukee when it recorded only two fatalities last month.

New York led in fatalities for the nine months period with a total of 551. Chicago was next with 544 and Los Angeles third with 342. In the 500,000 population or over class, only Boston and Pittsburgh showed reductions from last year. Milwaukee's total was un-

Dingfelder Will Go To Kiwanis Meeting

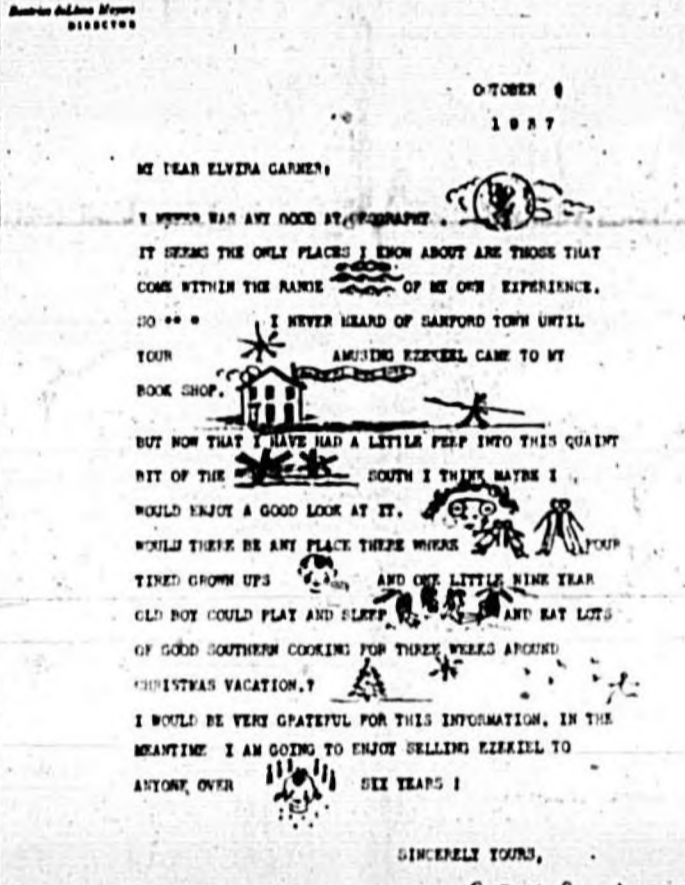

Julius Dingfelder, chairman of the International Committee of Kiwanis on the Support of Churches in their Spiritual Aims, will leave Monday for Chicago where he will attend the meeting of the International Council during the week, Sidney J. Nix, president of the Sanford Kiwanis Club, announced today.

Other members of the International Council from Florida who plan to attend the Council are: G. Harold Hippler of Eustis; Roe Fulkerson, editorial writer of the Kiwanis Magazine from Hollywood and Simon Doyle, of Tallahassee, district governor-elect.

At the meeting of the International Council, it is expected that plans will be formulated outlining the activities of the Kiwanis Clubs during the year throughout the Kiwanis International in the United States and Canada, Mr. Nix said.

EZEKIEL BRINGS HOME THE BACON

393 ALEXANDER STREET, ROCHESTER NEW YORK

The above electrolyte reproduction of a letter received by Mrs. Elvira Garner, author of "Ezekiel" from a resident of Rochester, N. Y., who having read the Sanford story, writes for a place in which she and her family can spend their Christmas vacation, proves that "Florida's Ambassador of Goodwill" is bringing home the bacon. The original is done in colors.

Negro Boy Pleads Guilty To Theft

There will be at least one less person in the future to rifle the cars of theater-goers, it was learned at the sheriff's office today.

Recently there have been a number of complaints resulting from the theft of many small articles from autos while the owners are attending the theater, County Sheriff C. M. Hand stated, and for some time the members of the department have been on the lookout for the petty thieves.

Deputy Sheriff Carl Williams nabbed a 14-year-old negro boy as he was rumaging through the back of a car belonging to O. B. Ferrell. He pleaded guilty before County Judge R. W. Ware and was taken to Marianna Wednesday where he will serve his third term for misdemeanors of this type.

Sheriff Hand stated he believes that there are more thieves and plans to continue his search for them.

Massachusetts ranks fifth among the states in the number of workmen employed.

General Motors Head Condemns Exorbitant Taxes

Knudsen Offers Hope Break Between Capital-Labor May End

BOSTON, Oct. 29.—(AP)—William S. Knudsen, president of the General Motors Corporation, last night told 1200 Massachusetts industrialists "that the time has just reached the point where it is but a few steps ahead of confiscation, and we all know what that means."

"I sincerely trust that ways and means will be found to arrest this class movement (taxation of capital) before it becomes so strong that nothing can stop it," Knudsen said in a prepared address before the Associated Industries of Massachusetts.

One of the leading figures in the recent national tax strike, Knudsen expressed his grief over the situation and said that would not be "American industry must go forward, fight or no fight," he asserted. "I do hope we can go forward peacefully and in an orderly manner, without class classage entering into the question."

"Our standard of living has been obtained by narrowing the gulf between capital and labor. To widen it will unquestionably tend to lower the standard of living instead of raising it."

The General Motors' head declared the profit motive can not be destroyed without destroying private capital, which means destroying private industry.

Knudsen said the automobile strike "was well planned and would have been abortive or have caused bloody riot had not the fact that the government finally stepped in and practically ordered settlements on a temporary basis of recognition for members, and the collective bargaining clause was saved for the union."

Franklin D. Bennett Gets Advertising Post

Franklin D. Bennett, former Sanford youth, was recently appointed advertising manager of the Moore Dry Kith Co. of Jacksonville by C. J. Williams of the company.

Mr. Bennett is the son of Mrs. J. C. Bennett of this city and is a graduate of Seminole High School. Last June he was graduated from the School of Business Administration at the University of Florida with high honors.

While Mr. Bennett has had no experience in advertising, Mr. Williams, the report reads, feels that his splendid training and excellent record at the university will make it possible for him to adjust himself quickly to his new position.

MARKET SPURT

NEW YORK, Oct. 29.—(AP)—Stocks hit the up trail with lengthy strides as leaders posted gains running up to seven points. The buyer was spasmodic. Bonds went forward with stocks but commodities were a trifle uneven.

3 British Soldiers Killed In Battle On Shanghai Front

State Rests Its Poison Case Vs. Anna Marie Hahn

Evidence Is Admitted Surrounding Deaths Of 4 Other Persons

CINCINNATI, Oct. 29.—(AP)—The state rested its murder by poison case today against Anna Marie Hahn, charged with the death of 78-year-old Jacob Wagner. The circumstances surrounding the death of four other elderly men were admitted by Judge Charles Bell as "corollary evidence." The judge recessed trial until tomorrow but denied a defense motion for a recess until Monday to study the evidence.

Previously the middle-aged woman had leaned forward and listened attentively when Mrs. Katherine Keeler, member of the staff of the famous Northwestern University crime detection laboratory in Chicago, pointed out what she considered forgeries of the name of Jacob Wagner, for whose death Mrs. Hahn is on trial.

Mrs. Keeler, blonde and attractive, standing close to the jury box, pointed out with a yastick characteristics which she said showed that Wagner's purported signatures on a \$1,000 check, on a will in Mrs. Hahn's hand and another document giving Mrs. Hahn power of attorney, were not in Wagner's handwriting.

The youngest scientific corroborated testimony of Albert D. Osborn, New York City expert who testified in the trial of Bragg Richard Thompson in the Lindbergh kidnap case, was that the signatures on the check, will and power of attorney were not in Wagner's handwriting.

Mrs. Keeler's testimony climaxed the sixteenth day of the trial in which the state brought in 95 witnesses in an attempt to show that four men died of poison at the hand of Mrs. Hahn in an elaborate scheme to obtain their modest fortunes.

British authorities also halted two Japanese naval launches when they steamed up the creek toward the warehouse opposite the United States Marine Corps. Japanese ships, the Japanese detachment has held off the attackers since the Chinese occupation of Chapei two days ago.

Mme. Chiang Kai-Shek Injured In Accident

SHANGHAI, Oct. 29.—(AP)—Mme. Chiang Kai-Shek, wife of the head of the Chinese government and army, suffered a fractured rib and other injuries in an automobile accident today.

Mrs. Chiang was driving from Soochow Creek in an open car for an inspection of the Chinese troops with William Henry Donald, Australian adviser to the Generalissimo, and a Chinese officer when a tire blew out.

The car plunged into a stream by the roadside and overturned. Mme. Chiang was hurled fourteen feet and knocked unconscious for fifteen minutes. Donald, who was not injured, picked her up and took her to a neighboring farm house where she was revived.

Mrs. Chiang then insisted on continuing the inspection and drove on for a distance of miles, notwithstanding the fact that she was injured. Finally she was hospitalized at 11 P. M., seven hours after the accident.

A doctor took two X-rays which revealed a broken rib. She also was badly bruised and shaken.

Social Security Has Cost \$230,425,436

WASHINGTON, Oct. 29.—(AP)—Social Security for more than 20,000,000 persons since February, 1936, cost \$230,425,436, a federal official stated today. The Social Security Board reported today. Public assistance grants for the month, 1937, and dependent children accounted for 121,467,571 of the outlay. The balance paid the cost of administering State Unemployment Compensation laws for 21,600,000 insured workers.

LOCAL WEATHER

Forecast
Fair tonight and Saturday, slowly rising temperature Saturday and in north portion and near extreme south coast tonight. Severe southwest Florida; fair and slightly warmer tonight and Saturday.
