600 RAF Bombers Splash Missiles On German Center

30 Planes Are Lost; U.S. Fortresses Fly Over Northern France Today

LONDON, Aug. 28. (AP)—United States flying fortresses were over Northern France again this afternoon.

LONDON, Aug. 28. (AP)—British bombers in a great force, estimated at 600 planes, smashed the German industrial center of Kassel and the port of Gdynia in former Poland this morning. RAF fighters crossed the channel in heavy daylight raids as good weather allowed the resumption of round-the-clock attacks on the "invasion coast." Thirty British bombers were missing in the night attack.

Besides the Kassel attack, the Nazi radio said British raiders had overnight in western, central and northern Germany, also over German-held Poland.

German night raiders are credited with attacking the English cities of Folkestone, Leeds and Hull. The German high command acknowledged material damage to residential areas and civilian casualties in the Kassel attack.

American Flying Fortresses blasted shipyards and two ships in the great Dutch port of Rotterdam Thursday, climaxing an all-day Allied air assault against the continent and the sixth time since they went into action over Europe. Aug. 17, a U. S. Army command announced.

Rotterdam, bombed to ashes by German planes during the invasion of the low countries has been rebuilt by the occupation forces. It is a ship-combination center.

"U. S. Army Air Force Flying Fortresses, escorted by the R.A.F. fighter command, bombed shipyards at Rotterdam late this afternoon," the communiqué said. "Hits were seen in the center of the target and on two ships in the dock basin. None of our aircraft is missing."

The attack on Rotterdam was the first by the fortresses on other than French territory.

Previous to Thursday's action they had raided Rouen, Amiens, Abbeville, and Le Tréport in France and bombed a squadron of German Focke-Wulf fighters over the North sea without losing a bomber.

Housewives Asked Not To Rush In Purchasing Sugar

Housewives who may buy five pounds of sugar on No. 8 ration tickets up to Oct. 31, were urged by the Rationing Board yesterday not to rush their grocers, for persons who stock up now may be cut off sugar before Nov. 1.

It was explained that a family of five, for example, is entitled to five packages, or 25 pounds. But it is not necessary to buy all members at the same time. Five pounds every week for a family of five for the period runs 16 weeks, it was stated by A. B. Peterson, secretary of the Board.

He reported that only a few bags have been lost by owners.

New tickets are issued only after application is made in writing on the extent of his war powers concerning controlling living costs.

British Fleet Has To Whip Axis And Geography, Admiral States

By LARRY ALLEN
AT HEADQUARTERS OF THE COMMANDER-IN-CHIEF OF THE BRITISH MEDITERRANEAN FLEET, Aug. 28. (AP)—Breaking his silence for the first time since assuming command of the British Mediterranean Fleet, Admiral Sir Henry M. Harwood, told the House of Commons yesterday that the British fleet must be ready to meet the combined forces of the Italian and German navies.

One of the naval officers in the fleet, given to the press, said the admiral had told the navy he had a big job to do and he would do it well about it.

He was asked if the British fleet had been handed one of the

new divisions of the forces of work

commanders of the army command

for the United States Army on

the island of Crete, where the

British had been fighting for

more than a year.

BIBLE VERSE FOR TODAY

IF YOU WANT TO RATE 100
PERCENT AS A CHRISTIAN
THIS IS WHAT YOU MUST DO:
Then shall live the Lord thy
God with all thy heart, with all
thy soul, and with all thy
strength, and with all thy mind,
and thy neighbor as thyself.—
Luke 10:27

TODAY

I will start today serenely
With a true and noble aim;
I will give myself service
To enrich another's name.

I will speak a word of courage
To a soul enshrouded in fear;
I will dissipate dark discord
With the sunshine of good cheer.

I will be sincere and humble
In the work I have to do;
I will praise instead of censure
And see the good in you.

I will keep my mind and body
Bound and flexible and pure;
I will give my time and study
To the things that long endure.

I will do what I am able
To advance a worthy cause;
I will strive to lessen evil
And obey God's righteous laws.

I will pray to Him to guide me
In the straight and narrow way;
I will shun false pride and folly,
I will live my best today.

GRENVILLE KLEISER.

There isn't much point in writing
editorials about careful driving
any more.

It is only natural that the Japs
should be a lot wiser after their
experience with the Solomons.

The next time Tom Watson is
called a liar, well be the Labor
Board official will wear a catcher's mask.

The trouble is a good many of
us are now being asked by the
government to give our shirts
when we lost them during the
depression.

The Lakeland Ledger says if
Wilkes lived in Germany, Hitler
would order him to bomb us.
If Hitler keeps on ordering
heart attacks, the whole German
nation is liable to suffer from
coronary thrombosis.

Head of the U. S. ordnance
mission to England says that will be
an "eye-opener." We know, the
Waas—Fort Myers News Press.
They'll give the boys something
to think about anyway.

Mrs. Roosevelt got called down
the other day by the censorship
bureau for writing about the
weather. As Mark Twain used
to say, everybody talks about the
weather, but this was one time when
somebody did something about it.

The fellow who used to start
out on a trip with a coat, a
cup of coffee, his books, the
dinner, the newspaper, the
today with his retreads, a spoon
and a coffee pot—these tributes.
If he has not yet re-
tried he ought to be happy even
without the frying pan and coffee.

We predict that when this war
is over there will be another war
within 20 or 25 years, just
as to the second world war.
The boys aged sixteen
and seventeen—Ouch!
But, but, but, you
know, if we've been
over there, we're

Real Heroes

We have mentioned before the evil influence which the comic magazine is to the younger generation. To certain types of youthful individuals in the harm it does it is not unlike the use of nicotine and narcotics among older men and women. The comic magazine is a habit forming drug which when taken in moderate doses may be harmless enough but which is apt to take complete possession of an individual and utterly demoralize his entire mind and body.

As a wholesome antidote for comic magazines we recommend to distracted parents "Real Heroes," with comic magazine pictures and colors, but carefully edited by the "Parents Magazine," guaranteeing that the material within is wholesome for youthful minds and the facts presented have been carefully authenticated. It contains all the thrills and adventures of "Superman" but its heroes attain their goals by strength and courage and not by miracles or feats of magic.

This month's issue describes the magnificent achievements of General Chennault in organizing the Flying Tigers in Burma and in creating a new and dangerous air front for the Japanese. Another one tells about the exciting and fearless adventures of Geronimo, tribal chief of the Cayapo Indians, who helped bring peace between the Indians and the French Canadians. The thrilling work of General Arnold, America's Air Force chief, is described in detail.

Perhaps there are those who think there can be little exciting in the adventures of an able scientist. Real heroes in relating the work of Louis Pasteur in saving the wine industry of France through the discovery of what we know today as pasteurization in the milk industry, shows how intense this idea really is.

Another exciting story, told in brilliant pictures and this English, concerns General E. Lee of Virginia. It shows how General Lee lost the Battle of Gettysburg and his struggles to preserve the Confederacy thereafter. And so with many other similar tales—real heroes, real men and women, doing the big things of life with real tools, real weapons and for real purposes.

If your boy has the "comic book habit" get him to read "Real Heroes." He can soon see the difference between the struggles to success of real men and the empty adventures of these superstar.

Outlook for Travel

There were three developments in the news yesterday, which have a direct bearing on travel to Florida this winter, and for some time to come. These developments were favorable and unfavorable.

On the unfavorable side were the statements, at Jacksonville by Dr. John Frye of the office of petroleum coordination, and the address of Jack Garrett Scott, general counsel for the office of defense transportation, to the American Bar Association in Detroit.

In opening a series of conferences with Florida governmental and business leaders, Dr. Frye held out little hope for removal of Florida from the list of states in which gasoline is rationed.

He told the group, including Governor Holland, who has been making an earnest effort to show why Florida should not be included in this ration area, that in all probability the tank cars which now supply a third of Florida's needs, would be shifted to prevent acute suffering in the New England states.

Gen. M. E. Scott told the lawyers that federal officials are working out a plan which would reduce the mileage of every motor vehicle in the United States "to that which is essential to carry on our economy and the war effort."

On the favorable side was the announcement of City Manager Theodore Lockwood of Palm Beach, who has just returned from Washington, that adequate transportation facilities to take care of "normal" movement of tourists to Florida this winter has been assured by Washington officials.

Dr. Frye is to hold other conferences in the state, at Miami, Tampa and Tallahassee, in an effort to gather all the information available on Florida's ability to supply itself with gasoline by barge transportation. But it should be pointed out that he stated yesterday that two and a half times as many barges as are now in use would be needed to fill the state's requirements. If the auto owner is put on a mileage ration basis, as predicted by Scott, that means less travel by automobile. —Ocala Star.

WHAT ABOUT YOUR SOLDIER?

By MRS. ERNEST HOUSHOLDER

Hello, Soldier!

Usually we try to give a little picture of our son as he looks to you, but, believe you, but, to-day we're going to describe the procedure and give you all "out there" a little picture of what the boys have to go through.

Col. Willis R. Taylor, Commandant of the Orlando Fighting Command School, is sending us the O. A. B. Band for some stirring music, and our speaker, Capt. John D. Sherman, who is with the band, is giving the first

band-off, including a moving white boy, leaving for the service since 1917! And not only that, but they are honoring all of you who have made up before this celebration makes place tomorrow morning at 8:00 in the Band Shell.

So, we are in a kind of wonderful way.

The room is too small closed until 9:00 this morning. Dr. J. H. Cole, together with Franklin Woodruff, an amateur from the Elks have raised the money to build a band shell to sit in the park and some musicians to give the band.

The collaboration of these two

is a Governmental and directed to the boys here some who contribute to the organization.

Now, the band shell is to be built like the one in the

Orlando Fighting Command School.

On each floor of the building there is a Governmental and directed to the boys here some who contribute to the organization.

Now, the band shell is to be built like the one in the

Orlando Fighting Command School.

Now, the band shell is to be built like the one in the

Orlando Fighting Command School.

Now, the band shell is to be built like the one in the

Orlando Fighting Command School.

Now, the band shell is to be built like the one in the

Orlando Fighting Command School.

Now, the band shell is to be built like the one in the

Orlando Fighting Command School.

Now, the band shell is to be built like the one in the

gram.

Mr. Charlie Morrison last Sun-
day night asked a collection from
his audience and delivered to us, ratch a baby kangaroo for us,
a consequence, twelvweight
dollars and fifty cents. Dr. Dan
Elmer, who is a member of the Zoo,
will have to have one for his Zoo.
So would we all.

Mr. Charles Park has been
transferred from Macon to Atlanta,
Georgia. As we understand it
(and hope for it), he is to be
assigned to the Hospital at Camp Gordon.

Mr. Park and the children have
gone there to join him and make
their home.

We will all miss them for they
have made a most enviable place
for themselves in the affection
of all who have known them.

Elmer, too, will all miss the
Gainesville Air Base and the
whole shell platform and is even
down in front of it a special
platform for those who will take
part in the program and those
who will be special honor guests.

He's really doing a "swell" job.
Thus you, too, Mr. Morrison.

In case of rain we will be
going to the City Hall Auditorium and
the program will proceed as planned.
But let's hope it doesn't rain.

Let's say the little nursery
rhyme—"Rain, rain, go away."
Come again another day. And
we will have to wait for such
a day.

Thus you, too, Mr. Morrison.

Thus you, too, Mr. Morrison

Chicago Pros Are Favored Tonight In All-Star Tilt

Huge Crowd Expects To See Closer Contest Than In 1941

CHICAGO, Aug. 28 (AP) — The Chicago Bears are generally favored to beat the College All-Stars tonight before 100,000 spectators in Soldier Field, but their owner and coach, George Halas, ventures an on-the-spot prediction that this year's game will be a lot tougher than any yet.

As though in a race of men, the Bears joined the city's war-curtailed hotel, theater, and eating places in the mid-west's opening of a big wartime football season. Halas bought his Bears home tonight from their Wisconsin training base.

He ordered his crew of 27 players to work out at the Soldier Field lights where it was to be the last of the edition of the College Stars' 16 to 11. This year's contest, before a silent throng, will not more than \$100,000 to war relief.

The Bear's favorite rating over the Bob Zuppke-coached All-Stars was based largely on their impressive record of 10 wins and only one loss in the first half, when St. Louis took the lead momentarily, was in real danger. The VIGORIS mifway, unbowed

Dodgers Take Only Tilt In Finale Of Series With Cards

World Series To Chip In Funds To Relief Agencies

ST. LOUIS, Aug. 28 (AP) — The Brooklyn Dodgers, champions of the National league, halted the St. Louis Cardinals' drive for top position here Saturday night with a home win, 11 to 9, in twilight games. The win boosted the Dodgers lead in the flag chase to 5 1/2 games.

The Cardinals had beaten the Dodgers three straight games, fought desperately to make it four in a row.

After losing the southpaw who won the first game, the Cardinals Monday, couldn't make the grade today, and was shelled off the mound in the fifth inning. Lanier, winner over the Dodgers four times this year, was used by Manager Southworth in a gamble to pit his team within striking distance of the pennant. With only two days of rest, however, Lanier was unable to stop the big bats of the champions, and five straight hits in the fifth netted all of the Brooklyn runs.

St. Louis' Eddie Lopat, earlier awaiting the mid-west's opening of a big wartime football season, Halas bought his Bears home tonight from their Wisconsin training base.

As though in a race of men,

the Bears joined the city's war-curtailed hotel, theater, and eating places in the mid-west's opening of a big wartime football season. Halas bought his Bears home tonight from their Wisconsin training base.

Under the plan, the entire radio receipts of \$100,000 would be given to the two groups as a starter. They also would get all radio receipts from games 4, 6, and 7, after deduction of the players' share from games 3 and 5.

All figures were based on the New York Yankees and Brooklyn Dodgers winning their respective league titles. Lanier said the amounts would not vary particularly. The St. Louis Cardinals, however, "T" formation, and their great record last year, when they won the National Football League championship, a second straight season. Yet Halas has his worries.

SLAUGHTER ENLISTS

ST. LOUIS, Aug. 28 (AP) — Eric Shaeffer, architect of the St. Louis Cardinals' enlisted Tuesday as a private in the Army Air Corps and was sworn into the reserves to await a call to active duty.

Allies "Reduce" Jap Remnants In New Guinea Trap

Nips Still Fall Back In China, Losing Important Points In Chekiang Area

(By Associated Press) In the Pacific, the Japanese scheme was smashed by defeat in a trap at Milne Bay on New Guinea. Japan remnants are being "rapidly reduced," Gen. MacArthur reported today.

The Japs also are falling back in China. The Chinese quashed them to the outskirts of Nanchang, Kiangsi province, and recaptured Lungyu near Chubien, Shensi province and Canton, on the Chinghai-Kiangsi railroad, also is reported back in Chinese possession.

The Chinese also are pressing southward in a drive against Canton, South China. This offensive now is menacing Kuling. The reoccupation of Sungyao in southwest Chekiang also is confirmed by the Chinese.

A special communiqué, handed out at MacArthur's headquarters with smiles all around, announced that the "Milne Bay area is rapidly being cleared of the enemy. All his heavy supplies and equipment—including tanks were lost."

The first word of victory said the Japanese still left in New Guinea's scrubby upland, were being rapidly driven in toward the northern tip of the peninsula north of the bay.

Then shortly afterward in its regular daily communiqué the Allied command announced that Japanese ground troops had been captured in large numbers in the Makin area, just 60 miles east of Port Moresby, Island from the Geen-Buna area.

At the same time it was disclosed that Japanese ground troops had surrendered at Salamaua. Moreover, it is another phase of the resurgence of fighting over a wide area of New Guinea.

Allies Raid Tiny Island Between Greece-Crete

(By Associated Press) Confined chiefly to aerial assaults today in the Mediterranean, the RAF attacked Axis shipping today hitting at least three vessels.

A mysterious commando-style raid on the tiny island of Antikithera, between Greece and Crete, and a hot 2 hours of fierce fighting against British reinforcements, indicated yesterday that the British once more were striking strongly for the initiative in the Mediterranean.

At the same time a Reuters, British news agency, dispatch from "about a British destroyer from the eastern Mediterranean," reported that a British force of destroyers rained shells on Rommel's tank repair shops and stores at El Daba on the Egyptian coast early Saturday morning.

At the same time British sub-marines were reported to be taking a heavy toll in attacks on convoys trying to get reinforcements, oil and ammunition though to Field Marshal Erwin Rommel whose expected offensive in the direction of Alamein and the Nile delta appeared to be fading with the waning of the desert moon.

The first word of the raid on Antikithera, which the Italians call Cerigo, came from the Italian air command, which made a landing attack on the night of Aug. 28 but "led on the quick intervention of our defenses."

Dixie Flagler Is Derailed In Indiana

CLINTON, Ind., Aug. 31. (AP)—The southbound Dixie Flagler streamlined passenger train between Chicago and Miami, laden with more than 250 civilians and soldiers, was derailed at the north side of the city Sunday.

One person, Amos Weeks of Jacksonville, Fla., second cook in the diner car, was injured seriously, according to hospital officials. The train was streamable.

The static passenger cars and rear truck of the locomotive went off the rails but stayed upright, and the tender overturned.

POLICE FIRE ON MOB

LUCKNOW, India, Aug. 31. (AP)—Nine persons are believed to have been killed by police who fired into a mob of about 300 persons attacking a railway station between Faizabad and Bareilly, 100 miles west of Delhi, in north central India. A train reported by a newspaper here gave faulty information.

FORTRESS MAKE 2 MORE RAIDS

Fortresses Make 2 More Raids Without Loss Of Single Plane

(By Associated Press) Eighteen United States flying fortresses have returned without loss from bombing raids over occupied Europe. Today the same number again returned, safely, some from two raids on other continents. The fortresses blasted the Axis supply port of Tobruk, North Africa, and enemy airfields near Astrakhan. Three times on successive days American bombers plastered the Japanese base at Mitsukine, northern Burma.

Russian bombers, numbering at least 300 miles from the eastern front, set 91 fires in German cities. Moscow, Stettin, Berlin, Danzig, Königsberg, Berlin, and Stettin, Saturday night. Most of the raids were aimed at industrial areas, and it was learned the German planes expected they could expect long nights of terror from mighty Allied air raiding forces this winter.

The British radio admitted that the Japanese will fight "with all the force and power at their command until they are utterly crushed," and that great efforts are necessary by Americans to avoid a stalemate was delivered last night by Joseph G. Grey, the former ambassador newly returned from Tokyo.

From the background of his 10 years' service in Japan, Grey declared that "we are up against a powerful fighting machine, a people who are fanatically determined not to be broken even by successive defeats, who will certainly not be broken by economic hardships, a people who will gladly sacrifice their lives for their country and their nation, and who will readily yield to earth only by complete defeat."

This ominous report, delivered in an address prepared for the Columbia Broadcasting system and constituting Grey's first utterance since his return on the Gripsholm last week, was lightened only by a declaration that we could win the war through "the exertion of our own military capacities, individually and collectively, in a war for defense."

At the same time Grey gave his official confirmation to the accounts of atrocities reported by returning newspapermen and others, including a detailed account of the "water cure" administered to the nearly American missionaries and a detail of the harshing to death of captured soldiers.

The diplomat also recounted the deceitful manner in which Foreign Minister Togo treated his presentation of President Roosevelt's eleventh hour message to Emperor Hirohito, keeping Grey in "entire ignorance" of the attack on Pearl Harbor even as conversations took place.

The American, Grey said, resisted "the ugly side" of Togo's speech, the cruelty and utter bestiality, the ruthlessness and rapaciousness of the Japanese military machine which brought on this war.

Services Will Be Held Tuesday For Mrs. Grace Lally

MEMPHIS, Tenn.—The Seminole County Board of Selectees, which has not as yet selected their quota, will meet for the second time on Sept. 15 to determine the quota for the next year.

Residents Are Urged To Pile All Scrap In Front Of Homes

O. B. Adams, James Lane, G. H. White and A. Jimenez Join

Four Local Men Comb County For Enlist In U. S. Metal Wednesday Marine Corps

Four Local Men Comb County For Enlist In U. S. Metal Wednesday Marine Corps

Four local men were accepted for enlistment in the United States Marines at the recruitment station in the county chairman of the scrap metal drive who stated that on Wednesday morning a number of WPA trucks and workers will start out to comb the county for scrap metal.

The enlisted men were accepted for the Marine Corps by Mr. Dawson, who for this purpose had prepared a large map of the county divided into districts.

In order to speed up scrap collection, he urged that scrap be placed the metal out front of the house where it can be found easily. Every scrap item will be provided with a tag and scales and donors will be given a receipt for the metal at their desire, and payment at the rate of 25¢ per 100 pounds later made by mail by the government. Metal he said will be placed out front will be handled by the WPA workers said Mr. Dawson.

"It may take several weeks for the WPA workers to cover the entire country," he added, "but we are going to make a rapid job."

Meanwhile, Mrs. Grace Lally, 41 girls and members of Camp Bell, a group of American Legion Post have been busily gathering scrap metal. Adjutant Bill Thorpe of the Post reports that members collected over a ton of metal Sunday.

It is an additional incentive for adding material to the Legion Hall on West First Street next to the Kilmer Feed Co. Adjutant Thorne stated that a ticket would be given to each donor with a number on it. Later a winning number will be drawn, he said, and a reward of \$5 in WPA money will be given to the lucky number holder.

In connection with the WPA scrap pickup starting Wednesday, Chairman Dawson has mailed cards announcing the start of the town to residents throughout the county. Meanwhile, he urged those having scrap on hand to fill in and mail to him the quota cards previously sent out, he explained, and he will help to speed collection of scrap.

Postoffice Cracks Down On Magazines

WASHINGTON, Aug. 31. (AP)—An additional issue of the Postoffice Department to the Legion Hall on West First Street next to the Kilmer Feed Co. Adjutant A. M. will be formed Tuesday at 10:30 a.m. by the Young Peoples Committee. H. E. Morris, director, asked all interested boys and girls over 16 years of age to be present.

B. M. R. Sundstrand formerly contracted with the Southern Life and Health Insurance Company for the last nine years, has accepted a position with the Florida Power and Light Company here.

PROCLAMATION

From our beloved state and all its cities have gone thousands of our young men and women into the armed services of our nation at war. They are now facing and suffering death so that we may continue to live in the American way. Or they are training for that supreme test.

Now is the time for us, who must stay at home, to send forth a roaring cheer of encouragement to our fighting forces, wherever they may be. Now is the time to let them know that we have faith in them and place our very lives in their hands and that we stand ready to help all we can on the home-front.

WHEREFORE, I consider it fitting and urgent that we all join in a demonstration of faith and courage—a Salute To Our Heroes! At 11 A. M. on Nov. 11—Armistice Day—we come to attention and pay reverent tribute to our honored dead. I propose and hereby proclaim that at 9:00 o'clock, on the night of Tuesday, Sept. 1, we all come to attention and give three rousing cheers for our fighting Americans. Instead of blowing taps, let "reveille" and "charge" ring out!

WHEREAS, September has been designated as "Salute To Our Heroes" month in the Treasury's billion-dollar war bond and stamp drive, it is proper that we arrange our home-front "salute" on Sept. 1 at 9:00 P. M.

I call upon every man, woman and child, no matter where he or she may be or what they may be doing—to come to attention at 9:00 P. M. Sept. 1, and give three rousing cheers to salute our fighting forces. I urge that these demonstrations be organized and given proper patriotic leadership and take place in theatres, on the streets, everywhere.

And during September, let all of us "Buy A Bond To Honor Every Mother's Son (And Daughter) in service!"

W. C. Hill, Mayor of Sanford.
