STORES JEWISH PEOPLE CLOSED FOR YUM KIPPUR

Day of Atonement Being Celebrated Over State; Many Attending Services Held at the Synagogue in Orlando

From sunset Tuesday afternoon until sundown today the Jewish people everywhere are gathering for observance of Yum Kippur, the day of atonement. The stores of the various Jewish merchants are closed today because of this sacred holiday and it was learned that a large number of them and their families are attending services being held at the synagogue in Orlando.

Services at the Orlando synagogue began last night, it is said, and will last through today. In the temples and synagogues at this season meditation and prayer are offered, when the worshippers, forgetful of the outside, revive their confidence in the eventual triumph of God's love and justice and the brotherhood of man.

Included among the establishments closed in celebration of Yum Kippur are the Novelty Credit Store, M. Kronen's, the Diamond Palace, Kanner Department Store, Dixie Army Shop, Bandler's Emporium, S. Narvis, the Bee Hive, Benjamin's Shoe Shop, the Outlet, Bagmel's Specialty Shop and the Fan Tan.

Mentioned in Bible. The Day of Atonement, known as Yum Kippur in Hebrew, is mentioned in the Bible. In the Book of Leviticus, chapter 16, the elaborate priestly ceremonial of atonement is described. In Leviticus 23:26-32, the observance of Yum Kippur is enjoined as a holy day whereon affliction of the soul (fasting, etc.) is to be practiced.

Originally the high priest was the central figure of the ritual. He sought forgiveness for his own sins and those of his household, and then for all the people. The sacrifice of two goats, one for the Lord and the other set aside for "Azazel," was a means of purification from sin.

From these Biblical practices, which sought, in symbolic fashion, to obtain forgiveness for the community as a whole, the celebration of the Day of Atonement was considerably changed in Rabbinical Judaism; and in modern Judaism, the observance of the Day of Atonement emphasizes repentance for shortcomings and misdeeds, for failure to live up to one's highest ideals, and for yielding to the lure of indolence and selfishness.

Day of Atonement. The public service of the Day of Atonement begins at sundown with a solemn and plaintive prayer melody, known as Kol Nidrei ("all vows") which refers to vows appearing to the conscience of the individual. Throughout the whole day following the service is continuous, the intent of which is to awaken within the worshipper a consciousness of his need to orientate himself spiritually that he may the more worthily do his work in this world. The day-long service culminates in the Ne'ilah services in which forgiveness is sought for all mankind as fervently as for the individual Jew who utters the prayer. Not the punishment of the sinner, but repentance for his failings and weaknesses, and courage to walk under the burden of life, valiantly, is the keynote of the concluding service.

Memorial Services. In modern times a memorial service is also a feature of the day. This service reminds the worshiper that death is a consummation of life, and should not be feared. No one who has lived worthily is forgotten, nor is his life void. All who contribute to the attainment of man's hope of redemption from every poverty, war, famine, sickness, selfishness and exploitation hasten the advent of the Kingdom of God, which is established as the result of every person's effort to better conditions of life. The memorial service of the Day of Atonement is crowded with tender memories, but utilizes the solemn moment to drive home the paramount duty of living for humanity.

SANFORD IS NOT LISTED ON ROAD MAPS, SAYS CHASE

Continued from page 1. tages should be given consideration.

He further stated that to leave such a large barren looking area on the maps will give the people looking at them and using them for guides a mistaken idea of the south central portion of the state. It will give the impression of an uninhabited territory, he said.

Good Roads Essential. It was also brought out by Mr. Chase a network of good roads is essential to any resort community or state. More and more as the various systems of roads in North Carolina are improved, the tourist traffic increases in proportion, and the same principle is true in Florida, he said.

Each year as the good roads in this state increase in mileage, he declared, the automobile tourists come in greater and greater numbers than ever before.

Besides the automobile travel it was revealed that the railroads are selling thousands more tourist tickets to Florida this year than they sold in 1923, a so-called banner year. It was pointed out that south bound trains are overloaded in practically every instance and that Pullman reservations can hardly be secured. More people are on their way to Florida at present than ever before at this time

of the year, Mr. Chase said. It was learned that due to the serious illness of a member of his family during the greater part of his stay in North Carolina, Mr. Chase was unable to go about and make the observations, that might prove interesting to the public, as he would have otherwise.

Crop Outlook Uncertain

The success of the fall and winter crops of Sanford and Seminole county are entirely dependent upon the supply and the demand of the various products, Mr. Chase declared. That, he said, is the basis of all prices. If the demand is great and the supply small, the price will rise to high levels; if the demand is small and the supply large, the price will be low. It is certain, it was stated, that to have a successful season, the market must not be flooded and there must be no overproduction. The demand must be at least normal.

Advertising Scheme Good

When asked for his opinion of the advertising scheme as advocated and approved by a number of Seminole county growers, Mr. Chase stated that if handled and carried out properly, it will prove of great profit and benefit to the farmers of this community. Such publicity given "Sanford Celery," provided the park and quality of the product is good, will bring the growers a much larger sum than they spend for the advertising, he said.

Mr. Chase further brought out the fact that no individual grower can carry out such a proposition and that it will take the co-operation of practically every farmer in this community to make the scheme a success.

In conclusion he stated that if the aid of all the growers can be enlisted, the three cent assessment will probably amount to a large enough sum to do the proposed advertising properly, but that if only a portion of the growers can be secured to co-operate, the sum raised will fall far short of the amount needed.

Cotton Crop This Year To Be Less Than 1924

WASHINGTON, Oct. 8.—The cotton crop declined 90,000 bales from Sept. 16 to Oct. 1, the department of agriculture indicated today forecasting 12,199,000 bales with the condition 53.5 to 100 per cent normal against 10,139,671 and condition 55.4 last year.

STUDENTS MUST ATTEND SCHOOLS OF OWN DISTRICT

(Continued from page 1) Supt. T. W. Lawton stated that according to calculations made by himself, he has learned that the sum asked for by the Orange county officials is only half of what the actual expenses of the Seminole county children amounted last year and is much cheaper than the children could be sent to school in this county.

The bills of the several school funds were added and listed as follows: general school fund, \$2,715.73, of which \$1,752 was for teachers; school district No. 1, \$5,935.82; school district No. 2, \$5,291.63; school district No. 3, \$1,150.00; school district 4, \$8.70; school district No. 5, \$100.44; school district No. 6, \$241.10.

Resolutions were offered and adopted by the board for the issuance of warrants on the accounts of the following bonds: Bond account No. 2, \$3,871.91; bond account No. 4, \$2,964.23; bond account No. 5, \$2,302.74; bond account No. 6, \$557.34.

THIRD PERIOD OF CONTEST CLOSES SATURDAY NIGHT

New York Beats Walter Johnson For Second Time

(Continued from page 1) Second Inning. Goslin hit one along the first base line and beat it out. The scorer gave him a hit. Judge flew out to left. Bludge popped up to first but Terry ruffed it. Frisch recovered it in time to throw Goslin out at second. Ruel was walked and Miller retired the side grounding to second and was thrown out at first.

Third Inning. Three hits in this frame failed to register a tally for the Senators. Johnson singled along first base line but overran and was thrown out, left to short to first. McNeely bunted along third base line and beat it out. Harris bunted along first base line and beat it out. Rice popped out to the catcher and Goslin was thrown out second to first.

Fourth Inning. Two singles, an infield out and a sacrifice tied the score in this inning. Judge started it with a single to right, was sacrificed to second by Bludge, went out to third on Ruel's out, short to first and scored on Miller's single along the first base line. Miller was thrown out as he tried to stretch his single into a two base hit, right to second.

Fifth Inning. Kelly couldn't see them and retired to the dug-out after whiffing at three. Terry made things look bad for a minute by getting

one on the nose for a three base hit to deep right center. Wilson grounded to the pitcher who got the ball to third to catch Terry as the plate, Wilson going to second on the play. Jackson popped up to second and retired the side.

Sixth Inning. Johnson was thrown out, short to first. McNeely popped up for three hits this inning, one of which was a home run and allowed the Giants once more to take command of the situation. Gowdy singled to right. Bentley hit one into the upper tier of the right field stands for a circuit clout, scoring Gowdy ahead of him. Frisch doubled to right center, the ball falling safe between McNeely and Rice. Johnson hit Young on the left leg and sent him to first, but Kelly hit into a double play, short to second to first. 2 runs, 3 hits, no errors.

Seventh Inning. Ruel walked and was advanced to second on Miller's infield out by Terry unassisted. Johnson flew out to center. McNeely also drew a walk but Harris ended hostilities by flying out to center. No runs, no hits, no errors.

Eighth Inning. Rice was thrown out second to first. Goslin after hitting one foul over the right field stands got one straightened out for a circuit drive into the right field stands. Judge, with two hits already in his credit, singled to right, which was the signal for McGraw to end Bentley to the showers. McQuillan, relieving

Will Attempt The Schooner

(Continued from page 1) Bentley, Judge, and Johnson, were thrown out, Bentley run, 2 hits, no errors. Three singles, one error and a sacrifice bunt scored to left. Terry was bunted to Johnson, filling the bases, scoring on Jackson's hit. Gowdy hit to left. Wilson at second, Bentley at third, McQuillan at second, Lindstrom at first, Johnson at short, Frisch at second, 3 runs, no errors.

Ninth Inning. Liebold, batting first, was thrown out to center. Taylor was sent to Tute and went to second, not trying for home, struck out. Harris struck out. No runs, no hits, no errors.

Tenth Inning. Three strike outs for Bentley this frame. After Rice and Goslin struck out, Judge singled to right but never left first base as Bludge struck out. No runs, 1 hit, no errors.

Eleventh Inning. Terry drew a free ticket to first on four wild ones. Wilson struck out. Jackson hit a short fly to right that fell safe but Terry, not leaving first was forced at second. Jackson is not credited with a hit. Gowdy popped up to second. No runs, no hits, no errors.

Twelfth Inning. Ruel walked and was advanced to second on Miller's infield out by Terry unassisted. Johnson flew out to center. McNeely also drew a walk but Harris ended hostilities by flying out to center. No runs, no hits, no errors.

Thirteenth Inning. Bentley walked and was advanced to second on Miller's infield out by Terry unassisted. Johnson flew out to center. McNeely also drew a walk but Harris ended hostilities by flying out to center. No runs, no hits, no errors.

Fourteenth Inning. Bentley walked and was advanced to second on Miller's infield out by Terry unassisted. Johnson flew out to center. McNeely also drew a walk but Harris ended hostilities by flying out to center. No runs, no hits, no errors.

Fifteenth Inning. Bentley walked and was advanced to second on Miller's infield out by Terry unassisted. Johnson flew out to center. McNeely also drew a walk but Harris ended hostilities by flying out to center. No runs, no hits, no errors.

Sixteenth Inning. Bentley walked and was advanced to second on Miller's infield out by Terry unassisted. Johnson flew out to center. McNeely also drew a walk but Harris ended hostilities by flying out to center. No runs, no hits, no errors.

\$10 CAN BE WON THIS WEEK

The Herald will award a special cash prize of \$10 to the contestant turning in the most cash subscriptions during the Third Period of the Big Campaign---Contestants must check in before 10 o'clock Saturday night

Easy to Win a Prize

While it takes a certain amount of work, it is comparatively easy to secure enough votes to come out of this campaign winner of one of the five prizes offered by The Herald to the young lady who secures the most votes in the campaign.

Only a short time remains in which contestants may work. A little more than six weeks is left. Before you know it the entire campaign will be a matter of history and some fortunate young lady will be the proud possessor of that beautiful Buick Standard Six touring car which you have admired so many times.

A special prize of ten dollars is to be given to the worker turning in the most cash subscriptions during the third period which is scheduled to end at ten o'clock on Saturday night. Winner of this prize will be announced in The Sanford Herald on Monday afternoon.

The Herald office will close promptly at 10 o'clock Saturday night. Don't delay checking in. Don't expect the office to remain open for you. It will close right on the dot.

When the fourth period begins there will be another cut in the voting schedule. The voting power of subscriptions will be less during the fourth period than they are now. And then again during the fifth period they will be reduced again. The last period will find it a very difficult matter to secure votes.

The worker who works now stands the best chance of winning on November 22.

Standing of Contestants At noon Saturday, Oct. 4

Table with 2 columns: Contestant Name and Total Votes. Includes Miss Nell Williams (132,850), Miss Velma Shipp (129,390), Miss Versa Woodcock (121,900), Miss Naomi Fellows (394,250), Miss Mary Kinlaw (114,195), Miss Sarah Corwin (70,750), Mrs. M. E. Patterson (25,335), Mrs. E. A. Brotherson (18,750).

Rules of Campaign

Any young lady residing in Sanford or Seminole county, over 16 years of age, is eligible to enter this automobile and salesmanship campaign complete for one of the valuable prizes offered.

The territory is wide open. Contestants can enter from any part of Seminole county and be on an equal basis and have the same opportunity to win.

Subscriptions to The Sanford Herald may be secured anywhere in the United States at the regular rate. All orders turned in at The Herald office must be accompanied by the cash in payment.

A contestant will not be permitted to pool her votes in favor of another contestant. Votes can not be transferred from one contestant to another.

No employee of The Sanford Herald, or member of his or her family will be allowed to enter this campaign.

A nomination blank, when properly filled out with the name and address of the contestant nominated, will give that person no nomination bonus votes. Only one nomination will be credited to any one contestant.

Only one prize will be awarded any one contestant. The winner of first will not be eligible for any other prize or commission.

Contestants who remain active in the campaign until the close and fail to win one of the prizes will be paid a commission of ten per cent on amount they have secured in subscriptions. The Herald wants no contestant to work without remuneration and will pay all those who fail to win one of the valuable prizes a commission of ten per cent provided the contestant remains active until the end of the campaign.

All votes to be counted to the credit of contestants in this campaign should be mailed to The Sanford Herald or delivered personally to the Campaign Manager at The Herald office.

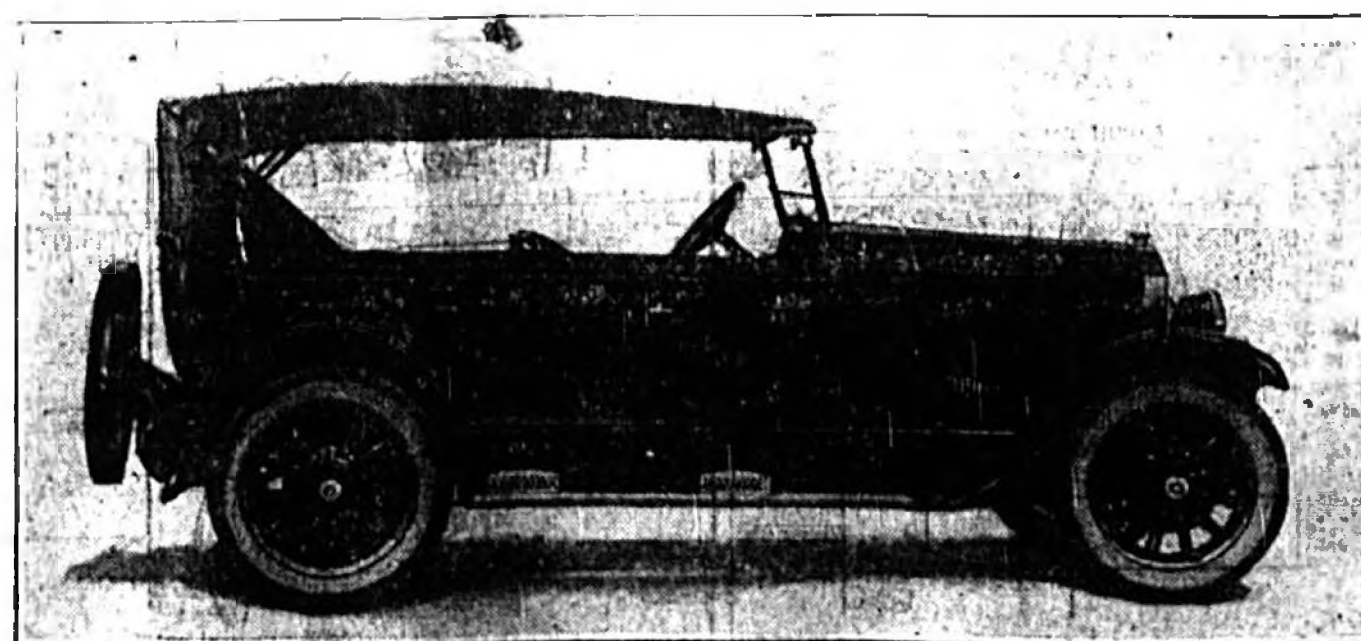

The Salesmanship Campaign began Friday morning, August 23, 1924, and will end at ten o'clock p. m. Saturday, November 22, 1924.

This campaign is to be conducted on a fair, square and impartial basis and the prizes will be awarded to the contestants securing the largest number of votes. In order that there shall be no question in the minds of person relative to the fairness of the campaign, The Herald will have three judges who will at the end of the campaign, count the votes that have been cast and will award the prizes to the winners.

Those contestants who fail to live up to the rules of the campaign will be subject to suspension, thereby forfeiting all rights they may have. Said forfeited votes can not be applied to any other candidate.

The decision of the Campaign Manager will be final in all controversies arising between candidates.

\$10 CAN BE WON THIS WEEK

The Herald will award a special cash prize of \$10 to the contestant turning in the most cash subscriptions during the Third Period of the Big Campaign---Contestants must check in before 10 o'clock Saturday Night

Easy to Win a Prize

While it takes a certain amount of work, it is comparatively easy to secure enough votes to come out of this campaign winner of one of the fine prizes offered by The Herald to the young lady who secures the most votes in the campaign.

Only a short time remains in which contestants may work. A little more than six weeks is left. Before you know it the entire campaign will be a matter of history and some fortunate young lady will be the proud possessor of that beautiful Buick Standard Six touring car which you have admired so many times.

A special prize of ten dollars is to be given to the worker turning in the most cash subscriptions during the third period which is scheduled to end at ten o'clock on Saturday night. Winner of this prize will be announced in The Sanford Herald on Monday afternoon.

The Herald office will close promptly at 10 o'clock Saturday night. Don't delay checking in. Don't expect the office to remain open for you. It will close right on the dot.

When the fourth period begins there will be another cut in the voting schedule. The voting power of subscriptions will be less during the fourth period than they are now. And then again during the fifth period they will be reduced again. The last period will find it a very difficult matter to secure votes.

The worker who works now stands the best chance of winning on November 22.

Standing of Contestants At noon Saturday, Oct. 4

Rules of Campaign

Any young lady residing in Sanford or Seminole county, over 16 years of age, is eligible to enter this automobile and salesmanship campaign and compete for one of the valuable prizes offered. The territory is wide open. Contestants can enter from any point in Seminole county and be on an equal basis and have the same opportunity to win. Subscriptions to The Sanford Herald may be secured anywhere in the United States at the regular rates. All orders turned in at The Herald office must be accompanied by the cash in payment. A contestant will not be permitted to pool her votes in favor of another contestant. Votes can not be transferred from one contestant to another. No employee of The Sanford Herald, or member of his or her family will be allowed to enter this campaign. A nomination blank, when properly filled out with the name and address of the contestant nominated, will give that person so nominated the most votes. Only one nomination will be credited to any one contestant. Only one prize will be awarded any one contestant. The winner of the first will not be eligible for any other prize or commission. Contestants who remain active in the campaign until the close and who fail to win one of the prizes will be paid a commission of ten per cent on the amount they have secured in subscriptions. The Herald wants no contestant to work without remuneration and will pay all those who fail to win one of the valuable prizes a commission of ten per cent provided the contestant remains active until the end of the campaign. All votes to be counted to the credit of contestants in this campaign should be mailed to The Sanford Herald or delivered personally to the Campaign Manager at The Herald office. The Salesmanship Campaign began Friday morning, August 28, and will end at ten o'clock p. m. Saturday, November 22, 1924. This campaign is to be conducted on a fair, square and impartial basis and the prizes will be awarded to the contestants securing the largest number of votes. In order that there shall be no question in the minds of any person relative to the fairness of the campaign, The Herald will select three judges who will at the end of the campaign, count the votes that have been cast and will award the prizes to the winners. Those contestants who fail to live up to the rules of the campaign will be subject to suspension, thereby forfeiting all rights they may have had. Said forfeited votes can not be applied to any other candidate. The decision of the Campaign Manager will be final in all controversies arising between candidates.

BIBLE THOUGHT FOR TODAY

**BOAST NOT**—Boast not thyself of tomorrow, for thou knowest not what a day may bring forth. Proverbs 27: 1.

OPEN AIR CHRISTIANS

Live in the sunshine, don't live in the gloom.  
 Carry some gladness to the world to illumine.  
 Live in the brightness, and take this to heart:  
 The world will seem grayer if you'll do your part.  
 Live on the housetop, not down in the cellar;  
 Open air Christians live nobly and well.  
 Live where the joys are, and scorn the defeat.  
 Have a good reason for all whom you meet.  
 Live as a victor, and triumphing go  
 Through this queer world, beating down every foe.  
 Live in the sunshine, God meant it for you!  
 Live as the robins, and sing the day through.

## So Far A Decided Success

Saturday night The Herald's big circulation campaign will be half over. Six weeks of hard work on the part of enthusiastic contestants will have passed. Six more weeks of harder work will be approaching.

As far as is known the Salesmanship Campaign now being conducted by this newspaper is the biggest one ever put on in this county. Offering prizes aggregating eighteen hundred and forty-five dollars in value to young ladies of Seminole county, The Herald is expending a huge sum of money for the purpose of increasing its list of readers to the highest possible number before the beginning of the winter season.

With its paid circulation steadily and rapidly growing, with its pulling power daily becoming more effective, with nearly everybody in the county reading it regularly, The Sanford Herald is daily taking its place among the larger newspapers of the state.

As an indication of its value as an advertising medium it is only necessary to point to the ever increasing national advertising appearing in the paper. Big Florida development enterprises are planning extensive advertising campaigns for this field using The Herald. Merchants in neighboring cities are more and more inserting advertising in the paper in an effort to pull business their way.

The Herald's big subscription campaign has so far been a decided success and all indications point to the last half of the campaign being one of great excitement and enthusiasm, with the result that The Herald will be read more than ever before both in Seminole county and throughout the entire state and country.

## Football Tactics

As the milder sun of early fall casts its slanting rays, and the cool winds of approaching winter drift across the fields, flaring headlines of a world's series, blazing forth in journalism are soon to fade and like a shooting star disappear and be forgotten in empty atmosphere. Again October's chilly skies will look down upon a thousand gridirons, sizzling under flashing heels, upon a thousand stadiums rocking with the mighty blasts of a million eager throats, as battered warriors in their jagged jerseys and muddy moccasins strain and struggle for the glory of their Alma Mater.

The game is on! The fullback, the guard, the tackle, are figures in every mind. The criss-cross, the forward pass, the off tackle play, are topics on every tongue. Florida, Princeton, Notre Dame and Georgia Tech cause speculation to reach a danger point as followers of one or another meet in argument on the merits of different schools. Men, now unknown, will emerge six weeks hence heroes in the eyes of their class-mates, perhaps in the eyes of all Americans.

Heroes are made by football; cowards, disclosed. Which a man is to be depends not on who makes the touchdown, or who kicks the goal, so much as upon who makes the dirty play, who kicks his opponent when both teams have stacked up in a center rush. All are heroes who play football, who play it fairly giving all they have unselfishly to their team-mates and to their schools without thought of glory to themselves, without thought of malice toward opponents, with every attitude of true sportsmanship; all are cowards who do otherwise.

Yet, cowards there are and the season has already gone far enough to bring at least one of them to light. Fletcher Mills, a high school boy in Mississippi, has been placed under a thousand dollar bond as a result of the death of another boy in a football game between two rival schools. Mills is said to have remarked that he intended to "get that fellow at the first opportunity." He did. He tackled him, pressed his knees against the boy's neck, seized his head and broke his neck. Now the coward will get his, if there is any justice.

Such cases as this are extremely rare. Most fellows who have the energy and the courage to play football are pretty good sports and would seldom take an unfair advantage of another. There are, however, little things which sometimes approach very close to a lack of sportsmanship. Every man likes to see a team fight, likes to see every member give all he's got to carry the ball into the enemy's territory. Every man likes to see a team struggle against odds until the last man drops in his tracks, but they want to see a player rise above the hostility of the moment to slap an opponent on the back.

## FACING BLAME

ST. PETERSBURG INDEPENDENT

Two recent incidents serve to call attention again to the tendency of certain people of St. Petersburg to hold the newspapers responsible for the actions of individuals merely because the newspapers reported—as news—what those individuals had done or said.

At a recent meeting of the Advertising Club one of the members declared that the newspapers were hurting St. Petersburg by talk of news items held in this city and the references to high rents were quotations from statements made by realtors and others.

At a meeting of the County Commission in Clearwater the commissioners accused the newspapers of attacking them because the newspapers had reported what was said at a public meeting by the publicans who are candidates for county offices. The newspapers merely reported the speeches, yet the newspapers were held responsible and not the men who made the statements and charges.

## HOLLYWOOD ABROAD

NEW YORK HERALD TRIBUNE

There seems to be a growing feeling abroad that the foreign commerce of the United States consists almost wholly in the exportation of ideals and motion picture art. Europe has not taken kindly to either; for if there is anything vaguely annoying in being made the subject of altruistic reformation—especially when you need it—there is something more than disconcerting in being reduced to a by-product of Hollywood's enthusiasm for publicity. Doug and Mary had a success of grand tour, but one can at least sympathize with M. Clemenceau's reply to the request of Jack La Follette's father that "the Tiger" receive that distinguished representative of the most characteristic American industry. "A thousand regrets. Not celebrated enough

## As Brisbane Sees It

Plato Was Wrong. What Ails the Church? Man Got Even. To Be Rich and Useful. BY ARTHUR BRISBANE (Copyright 1924)

AS THE government is, such will be the man," said Plato. The distinguished Greek gentleman was mistaken. He SHOULD have said, "As the man is, such will be the government."

A wiser Greek than Plato said that if the camels had a god that god would have four legs and a hump.

Our government and our gods we make like ourselves.

YOU KNOW one thing the matter with your government as you realize that for one man in the United States interested in the coming election, thoroughly acquainted with party platforms, there are hundreds intensely interested in the championship baseball series and thoroughly informed as to the records of the players.

ON SATURDAY clergymen expressed the hope that "every seat may be full tomorrow." That's a public spirited hope. There is inspiration in religion to be found nowhere else.

On Saturday, also, were published answers by young Presbyterian theological students to the question, "What is wrong with the church?" Some answers were: "Poor teaching, mistated creed, too much conservatism on present day world issues, controversies within the church," etc.

ALL INTERESTING answers, but for newspaper men who study the problem of attracting attention, the answer would be that the church today is not interesting enough.

People in the country go to church and don't go in big cities. Why? In the big cities there is too much competition.

In a New Jersey village of 169 inhabitants the other day, the Salvation Army "Tambourine Corps" converted every man, woman and child in three revival meetings. The tambourines were interesting. Salvation Army young ladies and gentlemen sang loud and well. Their speakers showed heaven and hell as they really are.

But suppose they had had better pictures, or free exhibition of a great moving picture, or a desperately exciting match between two local baseball teams. How many would have been converted?

DEAN INGE of St. Paul's deploras the moral and mental condition of city populations. Deplorable they may be, but if you want to save their souls, you must COM- PUTE, you must interest them.

Beecher knew it when he sold the slave girl at auction in Plymouth church. Spurgeon knew it when he climbed down the outside of his pulpit to show how the devil would drag sinners to hell.

And Talmage knew it when he roared and threatened and promised, and begged people to be saved in a way that agitated this hardened sinner, then a small boy in Brooklyn.

SOMETHING NEW in deception comes from Nowata, Okla. Georgia Fields, fourteen-year-old girl in the choir of the Rev. Joseph E. Yeats, says she was married to Yeats, he himself performing the ceremony and assuring her it was all right, although he was already married. The clergyman, forty years old, is in jail.

Mother Eve may have deceived poor man in the first instance, but poor man has made up for it.

YOUNG MAN, do you want to be rich and useful? Learn something about electricity and try to invent a light storage battery. Electricity, which in itself weighs nothing, will not always be carried about stored in heavy metal, weighing as much as the vehicle that the electricity propels.

DON'T BE discouraged by the fact that you are not an electrical engineer or a scientist. Sometimes knowing too much about a thing prevents seeing its possibilities clearly.

The man who invented the sewing machine couldn't sew. His whole idea was putting the needle's "eye" at the point of the needle instead of at the other end. An expert seamstress would have said, "That's nonsense."

SEIBOLD SAYS New Hampshire will give Coolidge 35,000 majority. Those collecting opinion should give this one. Seibold studies politics, and usually knows.

Betting on LaFollette in Wall Street was 1 against 6. Now it is 1 against 8, which means that the gamblers think that LaFollette's chances have fallen off one third. Some others do not think so. LaFollette is stronger today than at any time, thanks to the California court decision.

## A DIFFICULT PROBLEM

LAKELAND STAR TELEGRAM

It may not be in the province of a newspaper to give advice to those who are supposed to have a situation well in hand but it is right and proper to give information.

Generally speaking, the state of Florida is faced with a difficult situation in properly caring for this season's automobile traffic. Certain sections of South Florida and any condition which is a bad condition for any one particular section, is bad for all. Reference is made particularly to State road No. 1 extending down the coast from Kissimmee and Melbourne. It may seem inconsistent for a newspaper publisher in lower central Florida to be concerned over highway conditions in another part of the state, but there is a reason for this concern and that reason is the effect good roads and bad roads have on the traveling public. There is a degree of satisfaction in knowing that where difficulties exist along Florida routes of travel, those conditions are caused largely because of new construction. Florida as a whole is not the country of Florida, cannot be charged with culpable neglect of the public roads, but the impatience of the public is caused by lack of a clear understanding of the time schedules for the completion of the projects in hand. Today the highway from Daytona south to the Sebastian river, dividing Brevard and St. Lucie counties, is one succession of detours, fairly passable in clear weather, but difficult of negotiation when the skies are weeping. Work on these projects carried on as speedily as possible but in the very nature of things and recognizing the handicaps to be encountered, cannot possibly be completed for at least another year. And the situation is still further complicated by the failure of some body to finish the missing link in the route between Melbourne and Deer Park. The state road department has taken over this project but nobody in Melbourne nor seemingly anywhere else, can give any definite indication as to when the now famous automobile train operated by the Union Cypress Company of Hopkins, near Melbourne, will be able to resume its original function of hauling logs to the big Hopkins mills. In the meantime, because the train makes four round trips each day or eight separate hauls at an average of about \$4 per haul per car and carry a maximum of twenty-seven cars, the public, or at least a portion of the public, is insinuating that the Union Cypress Company is naturally not enthusiastic of the completion of the missing link. However, this is stoutly denied by all concerned, the railway officials stating that they can find better use for their equipment in the pursuit of their business program than by playing the role of Good Samaritan for the state road department. This much may be said that if the Hopkins concern should suddenly decide to stop operation of this automobile train, the state officials at Tallahassee would face a mild type of revolution.

That is not a bad idea, come to think of it, as a means of forcing more rapid action except for the result which would work a real hardship on the lower east coast and seriously impair communication for the remainder of the season. Knowing of road conditions from Daytona south, a very large proportion of the automobile traffic is coming through Kissimmee and Deer Park to Deer Park, the very terminus of the automobile railway. The seventeen or eighteen miles from Melbourne to the Sebastian river is, of course, very rough and troublesome because of

the necessity of compelling traffic to either use the soft fill of the new roadbed or track alongside the river. But once the river is crossed the new road through St. Lucie county is open and there is nothing to do but ride.

Referring again to the service between Deer Park and Melbourne and recognizing the fact that were it not for the operation of the train traffic would be in a bad fix, it is in order to call attention of the state road department to the deplorable condition of the three-fourths of a mile of road connecting the eastern end of the automobile railway with the finished road leading into Melbourne, six miles away. The three-quarters of a mile is inexpressibly bad at all times, but when the weather is wet, the English language does not furnish words adequate in describing conditions. The levy made upon traffic is doubt certainly to be sufficient to pay for work on the Union Cypress Company in maintaining a road upkeep system which would enable the hundreds of cars using this route to get through without either being stuck in the mud or being forced to go through an ordeal that is excruciating. It is an idea which a slight drag could maintain that short stretch and the application of a little hell or rock would lessen the maintenance cost.

Of course, with the early completion of State road No. 8 so that traffic can get a cross between Lake Wales and the Kissimmee river and the Connors Highway, completed as it now is, can find its way to the route to Melbourne from Kissimmee will not be so heavily traveled, although it will always be important as a cross-State highway. In the meantime the public is entitled to be taken into the confidence of the state road department. Melbourne, Vero, Ft. Pierce, Stuart, West Palm Beach and Miami and the smaller towns scattered along the coast should make the initial move in securing this information and force a show down from those responsible for present conditions.

Assurance is given that in less than two years all these state highways will be connected into what will be to all intents and purposes, a state-wide road system, but in the meantime we will have thousands of automobiles from all over the country entering Florida and seeking out the "favored spots." It is tough to make them undergo the hardships now encountered and had for business that they cannot profit from one part of the state to another without paying the price incident to a program which seems to have left out of the reckoning the early completion of the very vital connecting links.

If the cities and towns of South Florida will join with some authoritative papers in recurring from authoritative status of construction and when this program will have been rendered the strangers and the homefolds who want to travel from place to place with at least some degree of comfort.

## JONES-ENRIGHT WEDDING STOPPED ACCOUNT DEATH GROOM'S FATHER

The many Sanford friends of both the popular young Orlando couple who were to be married Wednesday night are extending their sympathies today instead of their congratulations.

The wedding of Miss Anna Carolyn Jones and Francis Enright was to have taken place Wednesday evening at the St. Luke's Cathedral at 8:30 o'clock. At 7:00 o'clock, Col. Frank H. Enright of Harriman, Tenn., father of the groom, died at the Orange General Hospital.

Col. and Mrs. Enright arrived Tuesday in Orlando and Col. Enright was taken immediately to Orange General Hospital. For the past two weeks the father of the groom had fought against an operation and with his physician in attendance he hoped to have the dangers of the journey to see his only son married.

The intended bride is a graduate of the Cathedral school and attended the Women's college at Tallahassee and Hood college at Frederick, Md. She is a general social favorite in Orlando.

Mr. Francis Enright, whose wedding to Miss Jones was postponed by the unexpected death of

his father, is a promising young attorney in Orlando. He attended Baylor school and finished his education at Stetson where he took his law degree.

The couple had been showered with wedding gifts before the ceremony had been unexpectedly called off last evening. They intended to leave on a wedding trip to points of interest in the state and afterwards go to Tennessee.

Col. Enright, whose death caused the postponement of the wedding, has been a winter resident of Florida for the past three seasons, and for more than a year has been a resident of Orlando, residing at the Amberst apartments, with his wife and only son, Parker. He formerly resided in Boston but more recently has been interested in coal properties near Harriman, Tenn. His ancestry dates from a long line of notable English paragonage. He came to this country while a young man. He was an intimate friend of Governor Taylor of Tennessee and served on the latter's staff.

John C. Jones, father of the intended bride, is a prominent lawyer in Orlando, having practiced in this part of the state for many years.

## STORY HOUR, TO BE RESUMED ON NEXT SATURDAY

The Library is planning to resume its story hours for the coming year, and delightful programs are being arranged, which will include stories suited to all tastes and ages. They will be conducted by several of Sanford's most talented ladies, and the committee includes Mrs. S. O. Shinholzer, chairman; Mrs. B. F. Whittier, Mrs. Thomas Owen, Miss Margaret McKee, Mrs. R. B. Chapman, Mrs. Raymond Phillips, Miss Margaret Foster and Miss Sarah Malpas.

The first program of the season will be held at the Library next Saturday afternoon at 2:30 o'clock, with Mrs. R. B. Chapman in charge. All the children are cordially invited to attend all of these story hours, and by the interest already shown, a good attendance is anticipated.

The Library will observe Children's Book Week, which will be nationally held Nov. 9 to 15. A poster contest will be conducted on the fifteenth, and all children who attend the Library are invited to make posters illustrating a favorite book they have enjoyed at the library. A committee will be appointed to act as judges and an interesting juvenile book will be given as a prize for the best poster submitted. Those who take part must be under 14 years of age. It is hoped with the co-operation of the teachers and the children, Children's Book Week can be made a decided success.

## CAPITAL GREET'S HOME TEAM WITH NOISY WELCOME

Despite Gloom Felt Over Defeat in Wednesday's Game Fans in Washington Hall Their Heroes 5,000 Strong

WASHINGTON, Oct. 9.—A rousing reception, much like that accorded victorious football teams by college students, was given the Washington baseball team upon its return from New York late last night. A crowd estimated at more than 5,000 was at Union Station and cheered the team to the echo.

The Giants were on the train with the Senators and all came through the gates together but it was clear that the ovation was all for the home team who were cheered collectively and individually. The reception given Johnson, Goelz, and Harris was the loudest.

Capitol Gloom Over Defeat. WASHINGTON, Oct. 9.—Walter Johnson's second defeat at the hands of the New York Giants Wednesday cast somewhat of a gloom over Washington last night. Fans were disappointed because Johnson again failed in an effort to annex a world series victory to his long string of wins for the Senators.

The capital took on an omen of good luck. Clark Griffith's winning the toss of a coin to determine where the seventh game of the series will be played, should the Senators even the count with the Giants by a victory today. Officials at American League park here last night announced that all seats were sold for today's contest, with the exception of a few thousand bleacher tickets which will not be offered the public until 9 a. m. today. They also said that anticipating the possibility of a seventh game to determine the winner, tickets for the contest were printed and ready for sale.

## MORAN-TREVOR FIGHT AGAIN POSTPONED

MIAMI, Fla., Oct. 9.—The fight between Frankie Moran of New Orleans and Young Trevor of Key West, twice postponed on account of rain, has been postponed until next Monday night, October 13, when it will go on as a semi-final to the 10-round encounter between Jack Reddick of Toronto, Ontario, and Bill Rice of Columbus, Ohio, according to announcement tonight by local promoters.

## Captain of Cincinnati Reds Dead

CINCINNATI, Oct. 9.—Jake Daubert, veteran first baseman and captain of the Cincinnati Reds, died here early this morning, following an operation for appendicitis.

Daubert was operated upon several days ago but complications, which set in almost immediately, caused attending physicians early Wednesday to decide upon blood transfusion as a last resort in the attempt to save the baseball player's life. With him when he died was his wife and two children.

Daubert's death marks the passing of another star diamond performer and makes the second one to occur in the Reds Club during the present year, Pat Moran, manager, having passed away last winter at Orlando, Fla.

## Murphy Captures Three Stakes On Lexington Track

LEXINGTON, Ky., Oct. 9.—Driver Thomas W. Murphy added to his impressive showing this year by winning three races on Wednesday's grand circuit card—the Phoenix for 2:04 paces with Baron Worthy, the Ashland for 2:11 trotters with Elta Druien, and the 2:22 trot with Henry W. Oliver's Elsie Scott.

The real fight developed in the 2:12 pace, in which winners fought it out in the final heat. Brook Volo in the stable of Lon McDonald, was a big favorite, but instead of almost causing his downfall. He made three breaks in three of the heats, but won the fourth in a stretch battle. The first heat went to Spooks in a close finish with John S. The second went to Brook Volo that paced all the mile. Star Ruth won the third after Brook Volo and John S. got together near the quarter. McDonald was thrown and John S's sulky was smashed. Despite a break, Brook Volo won the fourth heat and the race. Brook Volo is owned by J. J. Mooney, of Detroit.

## Sore Tendon Will Keep Ladkin From Racing Saturday

LATONIA, Ky., Oct. 9.—Ladkin, one of the main hopes of the east in the International special race here Saturday pulled up lame after a mile and a quarter here Wednesday. A sore tendon caused by the hard track, was given as the cause, but veterinarians were sanguine over his chance of getting into the last International against the great Epinard.

August Belmont's colt went the full international distance of 2 1/2 miles, breezing the last quarter. He was given his head but a short time and then checked. It was while being led off the track that a slight limp was noticed. Epinard was breezed three quarters of a mile in 1:15. Jockey Everett Haynes held his mount head all the way.

Sarazen, Princess, Doreen, and Chilhowee also were given work-outs today.

## Rollins Varsity To Play The Freshmen Saturday Aternoon

ROLLINS COLLEGE, Winter Park, Fla., Oct. 9.—Despite the rain which has fallen practically every day, both the "Tars" and the "Rats" of Rollins College have held practice throughout the week, getting in trim for the annual clash Oct. 11, at the field on local territory.

The "Tars" suffered several minor casualties during the game of Saturday last and they have not reported for practice as yet. Evans is out with a sprained ankle and Ladboos with a large bruise on his left shoulder. Zeller, "Rat" president, has a game foot, although he will be on hand for the contest.

According to "Old Man Dup" the arrow is pointing towards the "Rats" for the game Saturday. Not only do the "Rats" practice by competing the team, but most of them have been on both school teams in years previous.

## September Was Good Month at Prison Farm

TALLAHASSEE, Fla., Oct. 9.—The month of September proved one of the best the state prison department has experienced for many years in so far as escapes and recaptures were concerned. This is revealed in the prison records which show that during the month only four prisoners got away and three that escaped in previous years were recaptured.

The most notable among the escapes was Donald Murry, white, who left the State Farm at Rufford on September 27. He was serving a five year term on sentence from Palm Beach county for breaking and entering. Murry, whose home was given as Milwaukee, Wis., had been serving for some time in the State Prison at Tallahassee.

## Groves Are In Need Of Good Fertilization

GAINESVILLE, Fla., Oct. 9.—Good cultivation and fertilization are the things for the grove that has been flooded, for more reasons than one, according to J. R. Watson, entomologist of the Florida Experiment Station.

In discussing the subject, Professor Watson says many groves on low lying land have suffered from the effects of the heavy rains of September and October. When water stands in a grove for many days the trees become weakened and are then attacked by the boring worm known as the shot-hole borer. Once attacked, he adds, it does not take these worms long to kill a tree.

## September Was Good Month at Prison Farm

"After the water has receded the grove should be well cultivated and fertilized, so that the trees will be kept growing vigorously. These borers cannot maintain themselves in a rapidly growing tree as they are drowned in the copious flow of sap which fills their tunnels.

"Apply whitewash to the trees, adding a handful of salt to a bucketful of the whitewash. This material discourages more borers from entering the trees." "In spite of the very best care many trees that have been attacked by the shot-hole borer will die. Dead trees should be burned promptly so as to destroy the borers before they attack other trees." The closer a man is the more distant his friends are.

#### SICKLY, PEEVISH CHILDREN.

Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, bad breath and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 35c. Sold by Union Pharmacy.
