

Longwood Is Seeking Near \$1 Million For Sewers

By DONNA ESTES
LONGWOOD—Applications seeking federal and state anti-pollution grants of \$674,400 and loans of \$275,600 for the city's planned sewer system were executed by Mayor Kenneth Brown as one of his first acts in office.

Accompanying the fund applications are resolutions adopted by council requesting the money.

City Engineer William Palm said the applications for 55 per cent funding at \$334,400 in the form of a grant and \$275,600 in loans will be forwarded to the state Department of Air and Water Pollution Control, Tallahassee. These monies are to be used for construction of the sewer treatment plant. Grants in the amount of \$348,000 were also requested from the U.S. Department of Housing and Urban Development for construction of the sewer collector system.

In other business, Council Tabled request of permit to move a frame house from the Cricket Acres property on Longwood-Markham Road to a site on Wildner Avenue until

recommendations are received from the city building inspector. The zoning board earlier approved the move if it meets the building inspector's approval.

Heard a report from the city engineer on the feasibility of extending water lines to a

coin laundry and two small motels, an eight-unit one and a 16-unit one on U.S. 17-92 south of Wildner Avenue. Palm said the extension is feasible since three properties would be served. Council last week ordered the project placed out for bid but failed to ask

the engineer for a feasibility study.

Former Council Chairman James Brown from the audience, however, suggested the three properties should be asked to participate in the costs of extending the lines which the engineer several months ago estimated would cost some \$6,000. Mayor Brown was asked to discuss the matter with the three owners. Also from the audience James Brown said the coin laundry is in danger of being closed by the state anti-pollution board for dumping its effluent into a lake and

added that should it be closed the project would not be feasible.

Authorized the mayor to sign contract to permit the city to seek re-election in 1972. The plan would have precluded their running since newly elected councilmen, Dick Crenshaw and William Klosky, reside in Mrs. Weber's and Jaques districts. Under the plan, council seats 3 and 5 located in the central portion of the city and in the northwest section will be up for election next year.

Adopted on first reading the state's uniform traffic control ordinance.

Traffic Signals Requested

By DONNA ESTES
LONGWOOD—Resolutions requesting the board of county commissioners to approve the installation of a new traffic signal and modification to another were unanimously adopted by the City Council.

The resolutions pointed to the acutely hazardous condition at the intersection of SR 427 and Church Street, where a new signal is desired, and to the problems at U.S. 17-92 and SR 434, where a left-hand turn signal modification is desired.

The city is asking the county to request the State Department of Transportation to conduct traffic studies at the two spots and to pay for 100 per cent of the cost of installation and maintenance of the signals. The intersections are dangerous to the health, life, and property of the citizens using them the resolution stated.

Council noted the re-alignment of 427 some years ago caused obstruction of visibility as motorists enter from Church Street.

Editorial Comment

Let's Get Needed Traffic Lights Installed

Below this editorial comment there is a picture of an area in Sanford which is illustrative of one of the problems which growth has thrust on the leadership of this lakefront municipality.

Below this obvious and critical danger is not anything new. It has drawn prior editorial comment from us. But even now, without the addition of the coming hundreds (maybe thousands) who will find their homespots in Greater Sanford, this poor or absent traffic light control should be remedied.

And if we are in trouble in this today, what will the next few months be like on our highways? Grow we must and are. Meeting the growth with forceful, effective leadership is the transcendent need!

And fast traffic flow on U.S. 17-92 your trip becomes a first-class gamble. All of this adds up to the need for action. True, the traffic-light situation is snarled in red tape.

The Printed Word

Some pertinent observations on women and newspapers are given in the excellent series on "Your Hometown Newspaper" by Dr. S. S. Talbert of the University of Mississippi's Department of Journalism.

Dr. Talbert quotes a certain man who, since he became married, considered himself an expert on the fair sex and insists it is absolutely fruitless to argue with a woman.

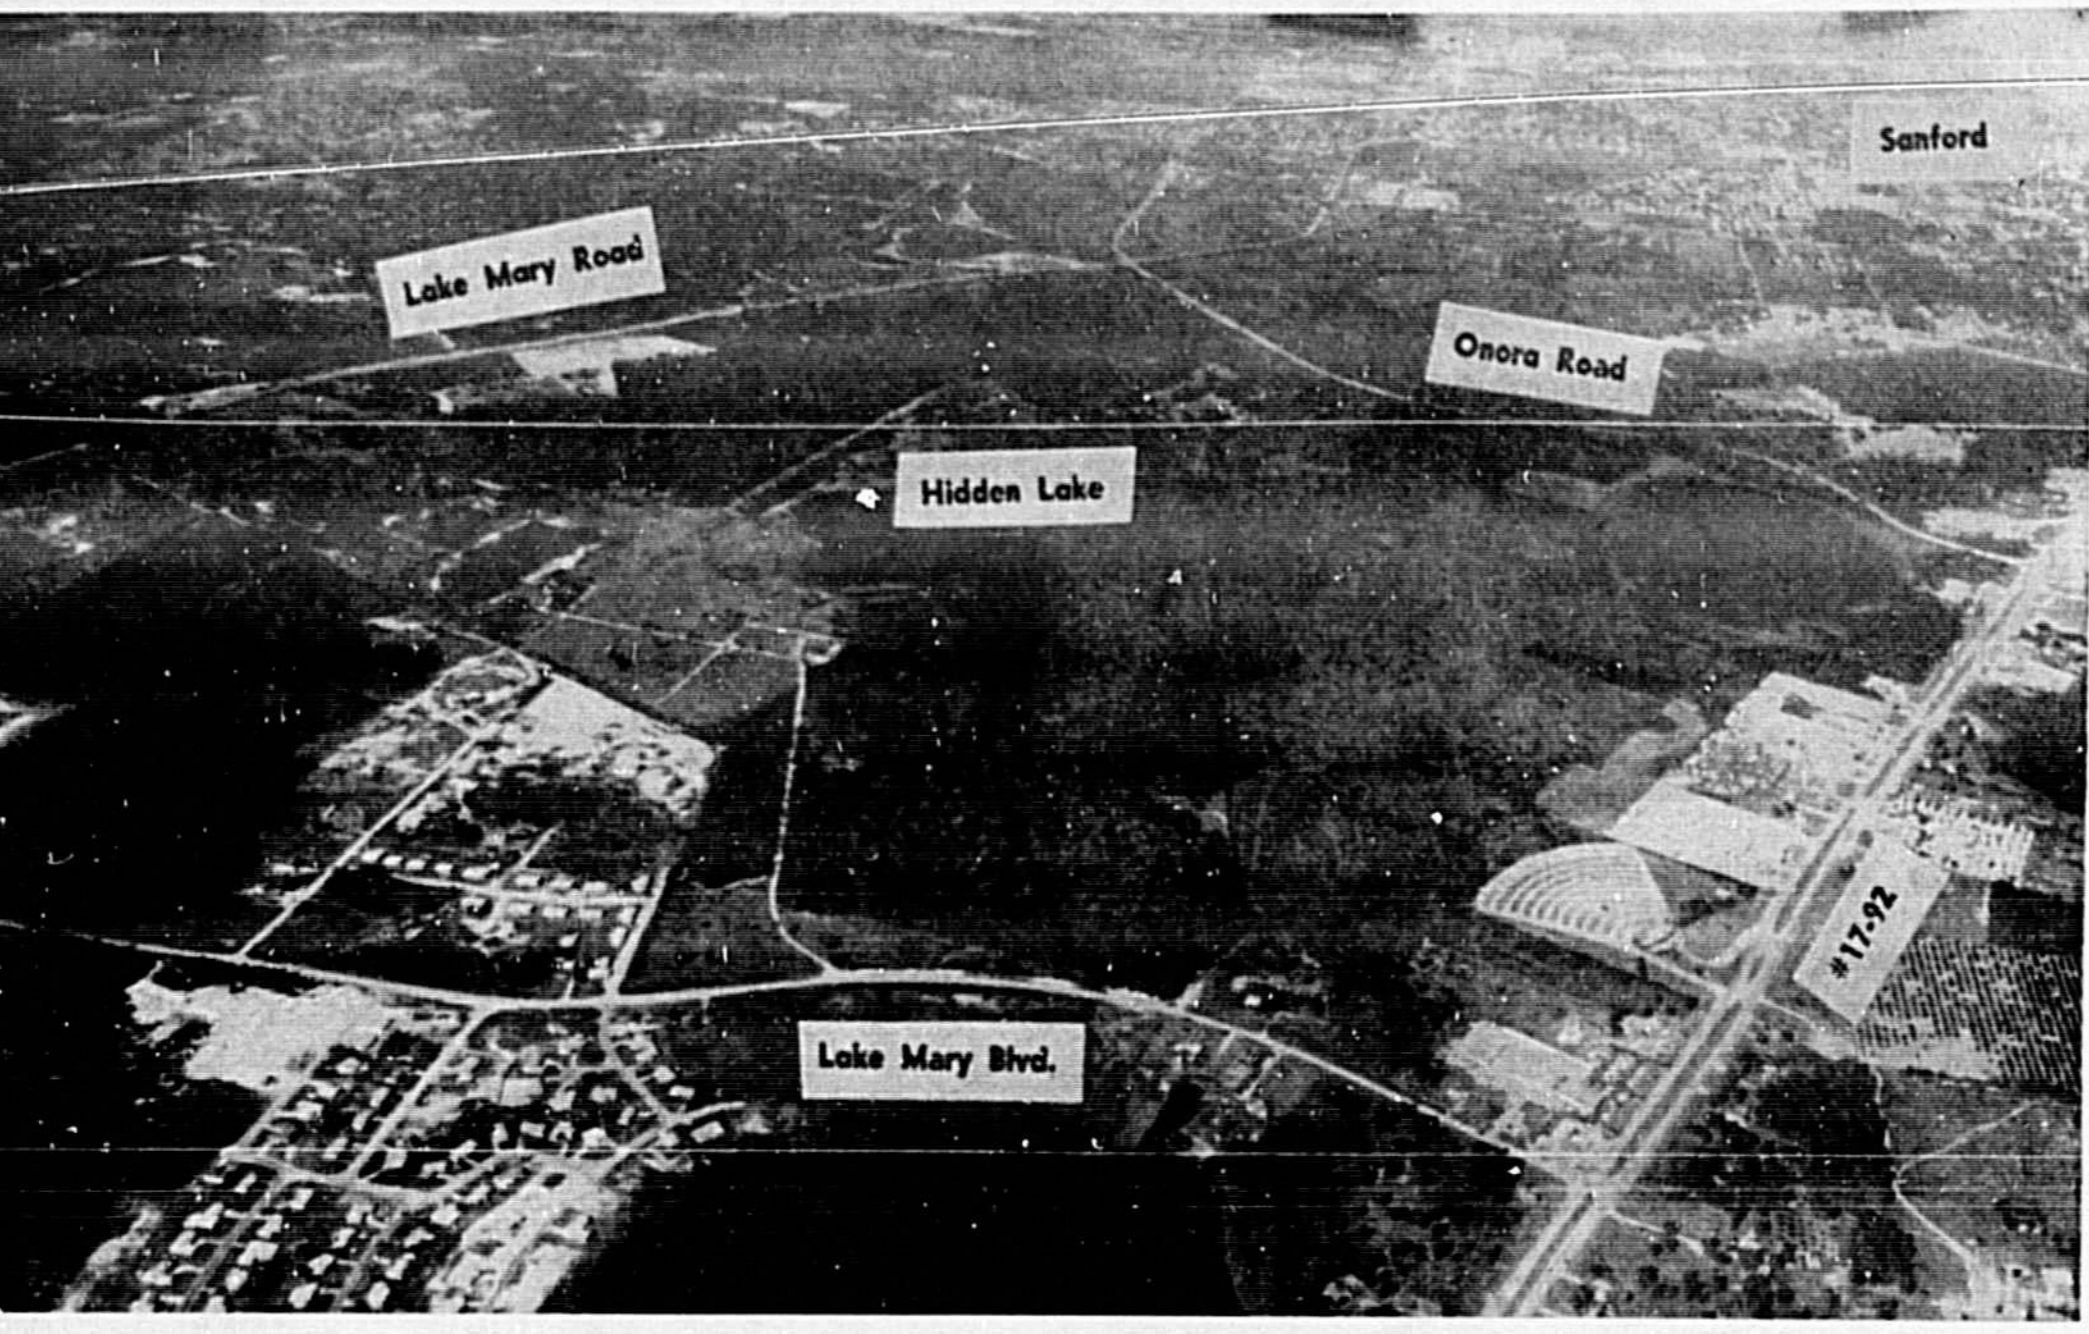

"A woman is always able to 'prove' her case by referring to some printed source," he said: "The voice of the printing press is incontestable as far as the female is concerned."

His "woman expert" was simply explaining a truism long recognized by the great retailers of America: Women take the printed word very seriously; they believe it and act on it.

It also seems to be the nature of a woman to survey carefully the advertising in the family newspaper, making mental notes of even the most obscure offerings of local merchants.

The housewife may not remember what the mayor said about a proposed tax increase, but in all probability she will remember in detail what the Shoe Shoppe is offering in shoes through newspaper advertising.

The housewife may not remember what the mayor said about a proposed tax increase, but in all probability she will remember in detail what the Shoe Shoppe is offering in shoes through newspaper advertising.

Secretary Of Commerce Explains Finance Stand

By H. L. SCHWARTZ III
Associated Press Writer

WASHINGTON (AP) — A private foundation controlled by Secretary of Commerce Maurice H. Stans has acquired since he took office an interest in a Thailand paper company which directly benefits from U.S. government cash and other assistance.

In response to written questions from the Associated Press, Stans called the \$24,302 investment in Siam Kraft Paper Co. "very minor," said he got no income from the Siam Foundation, and "couldn't conceive" of any tax breaks normally associated with such foundations as being available to him.

"There is nothing whatsoever in this situation that could conceivably involve conflict of interest," Stans said.

Disclosure of Stans' involvement in the Thailand company, founded on a \$14-million loan from the U.S. Export-Import Bank, and extended last year, marks the second time in recent months that questions have been raised about the secretary's financial holdings.

In February it was disclosed he held a \$318,000 interest in a Penn Kraft subsidiary at the time his department was engaged in secret negotiations to save the railroad from bankruptcy.

At that time, Stans said he had disqualified himself from efforts to help Penn Central after attending one high-level meeting.

Tax returns for the Siam Foundation, which list Stans as president and his wife and four children as directors, show it acquired 2,667 shares of Siam Kraft in 1969 when the company was chaired by a Thai major general, consulting by an American managed firm and headed for large initial operating losses.

It got the shares from another Nixon appointee, Henry Keams, president of the Export-Import Bank.

The foundation, Keams and a New York investment firm, then headed by Stans, had been partners for a year in a separate real estate venture, Thai Industrial Estates.

A spokesman for Keams and an officer of the investment firm, Glore-Forgan-Wm. R. Staats, said no real estate ever was purchased or developed although tax returns for the foundation show its initial \$4,143 investment had grown to \$26,851 by the end of 1968.

James Lynch, Glore-Forgan vice president, said he didn't recall when the partnership was dissolved, but that Siam Shares were distributed in July 1969 to pay off the real estate investment.

Congress Races To Vacation

By WALTER R. MEARS
Associated Press Writer

WASHINGTON (AP) — The current session of Congress faces a final controversy over a familiar issue, foreign aid, as House and Senate press toward adjournment and a month's vacation.

Congressional leaders plan to quit for the year before mid-week—and Senate Republicans are urging a drive to wind up things tonight.

Four must measures await final action but only one, a temporary settlement of the long-deadlocked foreign aid, is likely to force much delay.

A half-dozen senators may have something to say on that measure.

Sens. J.W. Fulbright, D-Ark., Alan Cranston, D-Calif., and Stuart Symington, D-Mo., reportedly agreed Saturday to stage a debate against the measure. That could block action and adjournment.

The measure they are opposing is a resolution to authorize continued foreign-aid spending until March 15, at a rate equal to about \$2.6 billion a year.

The regular appropriation for foreign aid has not passed Congress because a bill to authorize the spending is still deadlocked between House and Senate.

MISSOURI CLUB (Show Me State) installed its officers for 1972 at its recent holiday dinner meeting in Deltona community center, Edmund Irwin (center) outgoing president turns over his records to his successor Courtney Roes president and Jack Bailey, vice president for 1972. Also serving include Mrs. Florence G. Roes, treasurer, and Mrs. Muriel Widmer. (Dot Drew Photo)

22 Workers Die In Tunnel Blast

PORT HURON, Mich. (AP) — An explosion which ripped through a tunnel being built beneath Lake Huron has claimed the lives of at least 22 construction workers.

"We think we have all of them out," said Gerald Remus, a project official. "But if you say that, you'd understand how somebody could still be down there."

Investigators still were uncertain today what caused Saturday's blast, which rumbled through the six-mile-long tunnel some 230 feet below the lake surface. Eight workers also were injured.

The tunnel, about six weeks from completion, is being built to carry the lake's water to Detroit and customers of the city's metropolitan water system.

The workers were finishing laying cement in the 16-foot-diameter tunnel, which leads under the lake to an intake shaft extending upward to within 50 feet of the lake surface.

Remus, manager of Detroit Metropolitan Water Services, described as conjecture reports Sunday that the explosion was touched off by natural gas.

"We want to get the experts in there and see what might have happened," Remus said.

The evacuation of bodies and search for survivors was interrupted Saturday night and early Sunday morning by a build-up of methane gas in the tunnel.

Robert Bower, a geologist from my lantern, I could see bodies all twisted and bleeding."

Investigators from four federal and state agencies began a probe Sunday.

Medicaid Patients Accepted

ORLANDO, Fla. (AP)—Boyed by legislative action, the Florida Nursing Home Association has urged nursing homes to begin accepting Medicaid patients.

Action taken during the 11-day special session last Thursday boosted monthly Medicaid payments by \$50 per patient for skilled nursing homes and \$70 per patient for intermediate care facilities.

"This money should get us out of the woods financially and allow us to provide the quality care patients need," said Robert L. Russell, association executive director. "It will save many homes from bankruptcy, put more bread on the tables and provide for more nurses."

Association president Herbert L. Rogers Saturday urged nursing homes to end a voluntary moratorium on accepting Medicaid patients. The association proposed the moratorium Nov. 16.

But Rogers said nursing homes will need further relief in Medicaid financing when the regular session of the Legislature begins in February.

Rogers estimated there are 11,000 Medicaid patients being cared for in more than 245 of Florida's 296 nursing homes.

Until the Legislature acted last week, he said, Medicaid rates for nursing home care in Florida had been unchanged since the program was introduced in the state on Jan. 1, 1970.

The Legislature approved \$330 a month for patients in skilled nursing homes and \$270 for those in intermediate care facilities.

At North Orlando Utilities Bill On Agenda

By MARION BETHEA

NORTH ORLANDO — Village Council will meet tonight at 7:30 in a workshop session to discuss and hopefully resolve an amendment to the municipality's subdivision ordinance paving the way for a city-owned water and sewer utility system.

One of the sections of the ordinance provides that the subdivision developer shall be responsible for installing a water and sewer trunk line system within each subdivision prior to the sale of lots. The ordinance further provides that the water and sewer lines shall be dedicated to the village by deed and, in no event, shall the village be required to pay the cost of the installation of the trunk line system.

Another requirement of the ordinance is that the builders install street lights and traffic signs to city specifications, also at no cost to the village. The city would assume the maintenance.

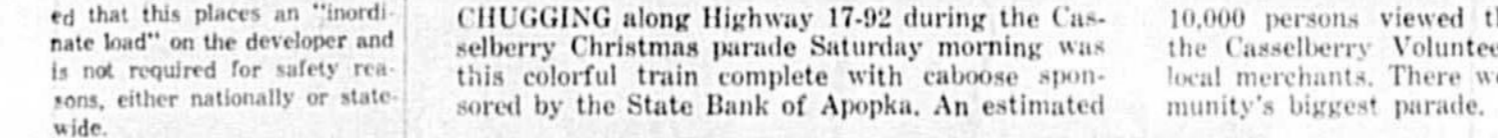

Also, the subdividers would be required to install fire hydrants at least 500 feet apart. An area developer has contended that this places an "inordinate load" on the developer and is not required for safety reasons, either nationally or statewide.

The ordinance also provides that septic tanks will be permitted, with permission from the State Board of Health, in some instances. A subdivision of less than 20 acres would require a minimum of 20,000 square feet per lot for approval, while a development of less than 30 acres lot sizes would be required.

Consideration will be given to the insurance due to the fact that the city has purchased new maintenance and fire trucks and a fogger, as well as other equipment during the year.

provisions of the insurance need revision due to the fact that the city has purchased new maintenance and fire trucks and a fogger, as well as other equipment during the year.

Therefore, the city deems it prudent to consider and resolve the matter expeditiously. Many

CHUGGING along Highway 17-92 during the Casselberry Christmas parade Saturday morning was this colorful train complete with caboose sponsored by the State Bank of Apopka. An estimated 10,000 persons viewed the parade sponsored by the Casselberry Volunteer Fire Department and local merchants. There were 56 units in the community's biggest parade. BARBS

By PHIL PASTORET

We heard that the White House staff has been busy buying fortune cookies to check on the prospects for the President's trip to Peking.

Many more people have TV on than watch it.

Why do the stout women with the large packages wait till rush hour to take the bus home from yule shopping?

Our neighbor is all lupus for the holidays.

Santa Comes To Sanford

Don Knight, president of the Downtown Business Association, announced today that Santa's four-hour downtown visit will be afternoons until 5 o'clock this week and all day and evenings next week.

Children are invited to account, pay their parents downtown and register at DBA member stores for a gift certificate to be given away Friday at 8 p.m. A five-foot stocking filled with toys valued at \$75 also will be given away Thursday, Dec. 23, at 8 p.m.

Santa will draw the names of the lucky winners at the old Party Time store on First Street.

So. Viets Penetrating Deep Into E. Cambodia

By GEORGE ESPER
Associated Press Writer

SAIGON (AP) — Moving under an umbrella of U.S. planes and helicopters, 4,000 South Vietnamese troops launched today their deepest penetration of eastern Cambodia in nearly a year with a North Vietnamese divisional headquarters as their target.

As nightfall approached, two columns of the three-prong drive had reached the southern edges of the 75-square-mile Chup rubber plantation. One was reported only three miles from the town of Chup, on Highway 7.

There were no reports of contact with the enemy. South Vietnamese intelligence officers said the North Vietnamese had been shifted last week from the headquarters in the plantation to help defend the Don Ba base area to the west, the objective of a Saigon thrust there.

According to the intelligence reports, the North Vietnamese are now moving back and are along the northern edges of the sprawling plantation.

South Vietnamese officers said their immediate objective was to seize the town of Chup.

Chup is on the eastern bank of the Mekong river, 110 miles northwest of Saigon and 25 miles from the border. The French plantation was the scene of a first invasion of Cambodia in May 1970 and again last February.

The plantation has suffered heavy damage from U.S. and South Vietnamese air strikes and is virtually inoperative.

The U.S. Command said American B51 bombers pounded the plantation last week, apparently softening it up for the South Vietnamese sweep.

"Large numbers of bunkers were uncovered," an American spokesman said. "Tunnels collapsed, and there were a great many secondary explosions, indicating hits on fuel and ammunition stores."

South Vietnamese officers said a defector told them the B51s hit up to a regimental headquarters and two battalions.

Elsewhere, fighting was reported continuing at several positions around Phnom Penh, including Phnom Raset, 45 miles northwest of the Cambodian capital.

The drive is a new phase of a 25,000-man offensive into eastern Cambodia begun Nov. 23 to destroy enemy supplies, disrupt communications lines and for

Public Hearing Set On Rezoning Request

ALTAMONTE SPRINGS — A "hot issue" is anticipated by Mayor Lawrence Swoford at a meeting of City Council tomorrow at 4:30 p.m. Expected to generate the controversy is a public hearing on a request for rezoning from residential to planned development along a strip of Maitland Avenue. According to City Clerk Mrs. Jane Richards, 115 persons were notified of the hearing, 90 City Hall should be at capacity.

Bids will be opened tomorrow for the elevated water storage tank at Crane's Roost. The project is in three portions, the main tower and tank. Last week a low bid of \$14,846 was received upon the deep well, and the city engineer is expected to give a report and recommendation upon the three bids received. Bids will also be opened for a new cash register for City Hall and for a new adding machine or calculator for the water department.

Several ordinances will be presented for second reading. Among these is an ordinance which will increase the salary of the mayor to \$12,000 annually. Mayor Swoford has stated that he is "not satisfied" to receive the increase, and had, in fact, considered requesting \$20,000. His present salary is \$7,200, an increase which he received this year.

Council will consider a fire department and forestry service agreement.

Landing Causes A Stir

By HERRY CUSH

Whether there will or won't be a Taintsville will be decided tomorrow afternoon at the 1 p.m. meeting of the Seminole County Commissioners.

Residents of an area between Orlando and Geneva along SR 474 have asked that their property be known as Taintsville. Letters from those residents have been received by the board and the proposed designation is expected to be discussed at tomorrow's meeting.

Also on tomorrow's agenda is a decision on a resolution requesting the establishment of a Central Florida Veterans' Aid Administration office which would take care of local affairs.

Another decision expected tomorrow concerns the request of Frances Tamarkin which deals with the release of 39 building permits in the Trailwood Estates.

Four public hearings on rezoning will be heard starting at 2 p.m.

A request to rezone from C-1

Area Deaths

MRS. LILLIAN BADGER
Mrs. Lillian M. Badger, 79, of Rt. 1, Sanford, died Sunday night at Seminole Memorial Hospital. Born in Longwood, she was a life long resident of Sanford. She was a member of First Baptist Church.

FUNERAL NOTICES
Funerals include a son, Dixie C. Badger, daughter, Mrs. Mary Brown, Sanford; two grandchildren and one great-grandchild.

Children are invited to account, pay their parents downtown and register at DBA member stores for a gift certificate to be given away Friday at 8 p.m. A five-foot stocking filled with toys valued at \$75 also will be given away Thursday, Dec. 23, at 8 p.m.

Santa will draw the names of the lucky winners at the old Party Time store on First Street.

Daughters Class Meets For Annual Yule Party

Daughters of Wesley Sunday School Class held their annual Christmas party in Fellowship Hall in the First United Methodist Church with Mrs. Roy Tills, Mrs. T. J. Taylor, Mrs. Chester Daniels, Mrs. J. Brodie Williams, Mrs. M. H. Spencer and Mrs. V. B. Jennings serving as hostesses.

Christmas cake, candy canes and coffee was served to the 30 members and three guests present. They were Mrs. Thomas Cain, Mrs. Julius Byers and Mrs. Becky Pander a niece of Mrs. Clark Leonard.

Christmas arrangements were placed at vantage points and one large bouquet of white mums and red carnations was used. Serving tables held rice plant blossoms with various shades of Christmas balls terminating Mrs. Taylor, class president, conducted the business session, with Mrs. Paul reading the Christmas story from the second chapter of Luke. She followed by reading "Let's Keep Christmas" from Sunshine Magazine. Mrs. Byers talked on the origin of Christmas Carols and this was followed by the group singing "O Little Town of Bethlehem" and "Silent Night."

Mrs. P. A. Rowland and Mrs. J. E. Williams thanked the class for courtes extended them. Those making donations to the birthday fund were Mrs. Mahon Wright, Mrs. Flora Wilkins, Miss Aime Chapman, Mrs. G. B. Hudson, Mrs. A. B. Stevens, Mrs. Chester Daniels and Mrs. C. F. Hagan.

Class members made a monetary contribution to the church custodian.

Dear Abby: By Abigail Van Buren

DEAR READERS: I recently published a letter which my husband feels we must attend to. I disagree.

His boss' wife had surgery recently and was found to have inoperable cancer. (The wife doesn't know this.) The boss sent her to Europe (where she came from) to be with her mother while she's recuperating. He told her he'd join her in three months and bring her home. But it's obvious that he's banking on her not lasting that long, because the day after she left he moved his girl friend into their home and they've been living together ever since. (She's a divorcee whose husband got custody of their children, so you know what she's like.)

This unmarried team goes everywhere together, knowing that no one is going to tell his dying wife what's going on. They have now moved into a deluxe high-rise apartment furnished with the European style—modern, modern.

And we are invited to the housewarming.

My husband says if we don't attend it will mean his job, and jobs aren't exactly hanging on trees these days. Am I wrong for refusing? Or is my husband wrong for insisting that we do?

CAUGHT IN A BIND
My suggested replies:

1. Dear Caught: Your first consideration is to your husband. Close your eyes, hold your nose, and go!

2. Tell your husband that he can help "warm" their house with loveable cancer. (The wife doesn't know this.) The boss sent her to Europe (where she came from) to be with her mother while she's recuperating. He told her he'd join her in three months and bring her home. But it's obvious that he's banking on her not lasting that long, because the day after she left he moved his girl friend into their home and they've been living together ever since. (She's a divorcee whose husband got custody of their children, so you know what she's like.)

This unmarried team goes everywhere together, knowing that no one is going to tell his dying wife what's going on. They have now moved into a deluxe high-rise apartment furnished with the European style—modern, modern.

And we are invited to the housewarming.

My husband says if we don't attend it will mean his job, and jobs aren't exactly hanging on trees these days. Am I wrong for refusing? Or is my husband wrong for insisting that we do?

CAUGHT IN A BIND
My suggested replies:

Jacoby On Bridge

Oswald: "IN JACOBY MODERN we point out that a hand is either worth an opening bid of one or it isn't. This rule applies in any seat, vulnerable or not. An expert might occasionally shave a bid in third or fourth seat, but never should go haywire. Today's hand shows a typical example of expert idleness."

Jim: "West's one-heart opening certainly qualifies. He has 11 high-card points including three for the singleton king. There's nothing wrong with a pass, but if he wants to open in third seat he should bid one club. He has good cards in that suit and if the opponents bid the hands he will have told his partner what to lead."

Oswald: "If I had been clair-

voant I could have bid clubs and got out of the trap but I chose to bid one no-trump."

Jim: "Nothing wrong with that bid. You have a book call of one no-trump after the heart opening and the double."

Oswald: "As you can see we would probably make three diamonds although perfect defense might beat us one trick. We also figure to beat two spades, but we didn't. It seems that one played diamonds until very late. Eventually I did lead king, but missed six. By this time South was past about the location of the king and went up with his ace and dropped it."

Jim: "A final minus for that silly heart bid."

Worry Clinic

By GEORGE W. CRANE
Ph. D., M. D.

CASE 5-843: Mrs. Crane and I were invited to a dinner party by Governor and Mrs. Whitcomb of Indiana, the very first of the famous 56-mile auto race. As we were leaving, a vivacious woman, about 28 years old, called out my name.

We turned around and she hastened to catch up with us. "Dr. Crane," she began, "I just wanted to let you know that your column produces some valuable fringe benefits."

"Maybe you don't remember it, but almost 20 years ago you lauded the study of Latin in high school."

"Well, I cut out that column and placed it in my scrapbook."

"When my daughter was ready to enter high school, I

told her I had a request to make.

"I said that I didn't wish to sound dictatorial, but I wanted Latin to be sure to register for Latin."

"She did so."

"Dr. Crane, she was graduated recently and won the top award for Latin students in the state. So I then pulled out my scrapbook and showed her your earlier column, now yellowed with age."

"For I told her that it was the original basis for her present Latin award."

"At its last annual Mississippi Press Association convention at Biloxi, I was the luncheon speaker."

Joe T. Cook, the incoming president for 1972, introduced me.

"During our meal, I sat between Joe and his vivacious wife, Dorothy, who is a feature writer for their newspaper."

"Dr. Crane," Joe began, "I look six years of Latin and three years of Greek, plus some French."

"And I find that Latin is best to a good understanding of English grammar."

"To which I added my own 'Amen.'"

"For I took four years of high school Latin, plus one year at Northwestern University."

"Latin is still the most valuable foreign language for the vast majority of high school students."

"Thousands of English words are derived directly from it."

"You don't need to take all four years of it, but at least two years are superb training in the derivation of our English grammar and a rich vocabulary."

"A couple of years of French or German or Spanish usually leave you with little of any lasting merit."

"For most Americans have no occasion to employ French or German or Spanish after they finish high school."

"But Latin is used every day and all their lives by high school graduates."

"Remember, Latin is the most precise and scientific language ever developed by mankind."

"It teaches American teenagers more about prepositions, adjectives, adverbs, nouns, the subjunctive and imperative verbs, etc. than you get in English courses."

"Having mined in English as an undergraduate and also for my Ph. D., I can truthfully tell you that you really learn more English grammar and vocabulary by studying just two years of high school Latin than by 12 years of the usual English courses!"

(Always write to Dr. Crane in care of this newspaper, enclosing a long stamped, addressed envelope and 25¢ to cover typing and printing costs. When you send for one of his booklets.)

Horoscope Forecast

TUESDAY, DEC. 14, 1971

GENERAL TENDENCIES:

A wonderful day and evening for unique, unusual conditions to arise. You are able to make progress towards your aims and ambitions by taking a positive attitude, for you have good judgment. Some unexpected situations develop that make it possible for you to get ahead now.

ARIES (Mar. 21 to Apr. 19)

Very busy and clear up your head of you so you can then devote yourself to your mate and have a delightful time together. Plan for greater things in the future. Study that branch well.

TAURUS (Apr. 20 to May 20)

Sit down and talk with associates so you can make better arrangements for the future together. A good day to come to an excellent agreement with those who oppose you. Use right words.

GEMINI (May 21 to June 21)

You enthusiastically start all those duties ahead of you that you find they are easy to take care of and you get right profits from them. Plan time to add items, wardrobe. Find best products.

MOON CHILDREN (June 22 to July 21)

You want to have a good time and can do so, if you contact those congenial people who like and have them accompany you. First get important work done. Show your finest skills.

LEO (July 22 to Aug. 21)

Entertaining at home in p.m. can prove to be most delightful as well as bring right people together there. Show you are a grand host. Hostess. First get that new plan working early.

VIRGO (Aug. 22 to Sept. 22)

Get together with congenials whether in business or personal life and you have excellent results. Remember to get reports, statements out early. Good day for buying and selling. Study some tonight.

LIBRA (Sept. 23 to Oct. 22)

Show you are of a practical turn of mind, and go after those aims that increase income. Hit on the right plan for success early. A business expert gives fine suggestions you can follow.

SCORPIO (Oct. 23 to Nov. 21)

If you are of assistance to good friends, you find they help you gain your own aims as well. Take particular pains in dressing and make an excellent impression on others. This can be a wonderful social evening.

SAGITTARIUS (Nov. 22 to Dec. 21)

The aspects are excellent for making new and worthwhile plans for the future, so get busy early at this. Listen to what advisors have to suggest. Do some philanthropic work that is important.

CAPRICORN (Dec. 22 to Jan. 19)

Ideal day to be with allies and begin that new plan you have in mind, whether of a business or social nature. State your objectives clearly. Save some time for that study you have been wanting to do.

AQUARIUS (Jan. 20 to Feb. 18)

You have excellent ideas to impress to higher-ups, so do this early and gain their favor, make them a success. Some civic duty you perform can be of great help now. Show you are an ideal citizen.

PISCES (Feb. 19 to Mar. 20)

Corresponding with out-of-towners who can give you new and interesting ideas, data or open up new vistas for you is wise. Consult with experts, bankers locally. Make new plans, also. Forget any kind of depression you may feel.

IF YOUR CHILD IS BORN TODAY...

...he or she will be one of those lucky young people who while very determined still knows how to use such a quality in a modern manner for big success early in life. The judgment here is excellent. There is much ability at realizing outmoded businesses, ideas, and making them work efficiently, so slant the education along such lines, stressing both the old and the modern for a happy medium. Others will respect your child greatly.

"The Stars Impel, they do not compel."

What you make of your life is largely up to YOU!

Carroll Righter's Individual Forecast

for your sign for January is now ready. For your copy send your birthdate and \$1 to Carroll Righter, Forecast Dept., Sanford Herald, Box 628, Hollywood, Calif. 90028.

Polly's Pointers

DEAR POLLY: I had the same problem as Dorothy with the car steering wheel rubbing off on my clothes and my shoes becoming marked as I drove. The steering wheel problem was solved by applying two coats of a good grade liquid plastic which I bought at a paint store. The marks on my shoes were eliminated by the use of a sample piece of plush carpet, attached with adhesive to the floor board. If needed, this may be split so it goes around the gas pedal but its area it does not obstruct the use of the pedal. This can be replaced when needed — POLLY.

DEAR POLLY: I would like to learn of something that would enable me to cut and serve frozen pies properly. I refer to pies made with crumb crusts and ice cream filling. I can cut through the ice cream — but the crusts

after freezing, are almost impossible to cut and are impossible to remove without falling to pieces. — MRS. J. E. M.

DEAR POLLY: My Pet Peeve is "Upon my laws they throw their litter. For them I harbor feelings bitter." — MRS. M. J.

DEAR POLLY: — There are children who just will not leave the decorated Christmas tree alone, so when mine was young as 3 years old I bought a 2-foot-high, fold-up artificial tree and gave it to them to decorate just as they wished. Every year they look forward to getting their own tree set to decorate with anything they have thought of or made themselves. They decorate, "undecorate" and "re-decorate" the tree just as they wish and for

Spoil Saints' Title Hopes 34-7

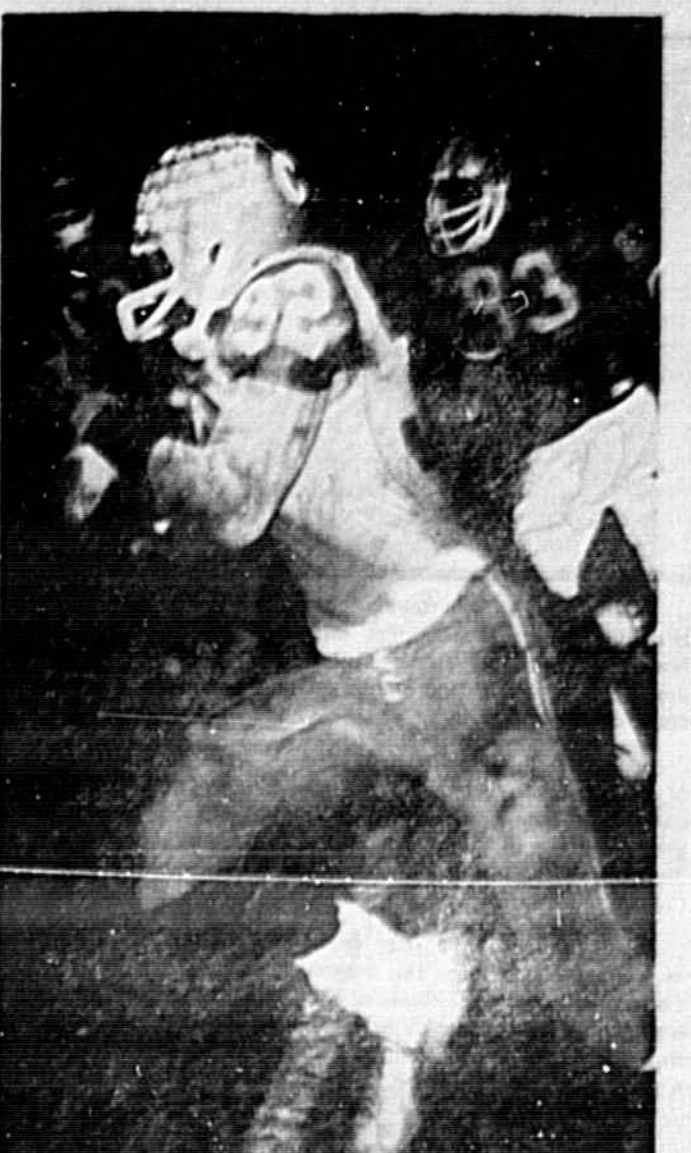

Hastings Too Much For Trinity To Handle

By LARRY NEELY
Herald Sports Writer
WINTER PARK — Trinity Prep got too far behind Hastings in the third quarter of the Class A state football game at Showalter Field.

TRINITY PREP'S Mark Hanna (85) was the lone Saint to make it to paydirt Friday night in the Class A championship tilt at Showalter Field in Winter Park. Hanna caught a 69 yard pass from quarterback Dale Parsons in the second period to close the deficit to 14-7 for the Saints, but the Wildcats scored three times in the final half of the contest to take home their second consecutive state Class A title with a 34-7 win over Trinity Prep.

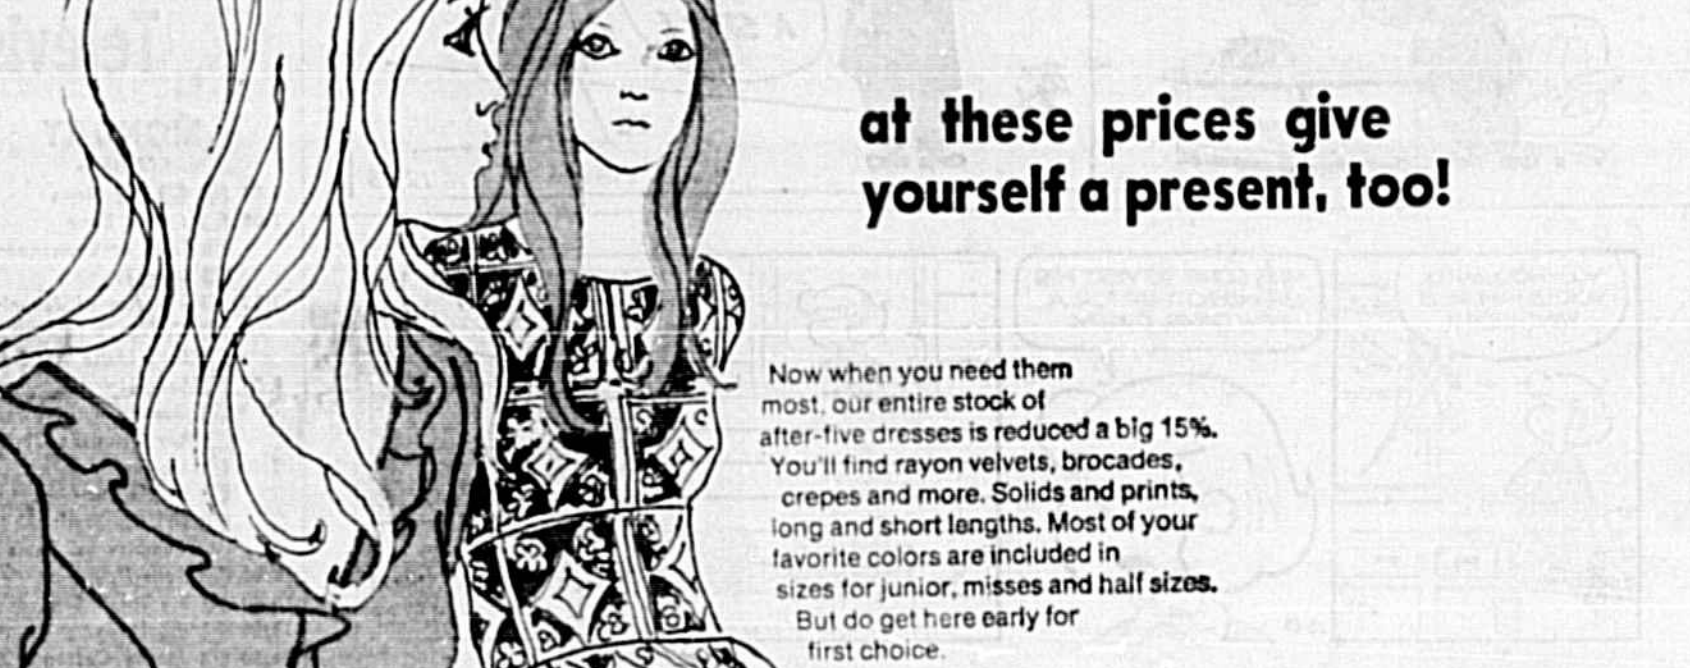

Florida team took advantage of the drive with a 15 yard ramp to the Saints. Parsons dropped back to his own 30 yard line and Gregory Evans capped the drive with a 15 yard ramp to the Wildcat lead to 3-7.

STAR STUDDIED runner of Trinity Prep, Lawrence Cleveland, Central Florida's leading scorer, was kept out of the end zone Friday night at Showalter Field by the Hastings defense, but the Wildcats didn't stop the young Saint from gaining 78 yards. Hastings defeated Trinity 34-7 in the Class A state championship. (Don Vincent Photo)

City Hall Floor Plan Approved

ALTA MONTE SPRINGS — The municipality's new city hall is a step further to fruition with approval by City Council of the floor plans.

Winners Named At Opening

Six Seminole County residents won a 10-speed racing bicycle in the First Federal Savings and Loan Association of Seminole County win-a-bike contest.

Two winners were selected at each of First Federal's three offices. Winning at Longwood were Wesley Vanderhoff and Percy White, both of Longwood.

Hound JVs Post Win

Jim Stewart's Lyman Junior Varsity set the pattern for the Varsity to follow Saturday night as they upended the Oviedo JV's 71-59.

The Junior Hounds outscored the Lions in every period to register the victory. Leading the Lyman scoring were Ray Bowling and Carl Gadsden.

Basketball Prep Poll

OHANLON (AP) — The first weekly high school basketball poll conducted by the Florida Sports Writers Association ended in a tossup between Clearwater and Martin County Stuart.

The pair tied for first place among class AAAA schools, while Ponce De Leon set the pace for middle schools, followed closely by Havana.

Raiders Dismantle St. Johns

PALATKA — The Seminole Junior College Raiders whipped St. Johns Junior College 122-82 on the Vikings' home floor Saturday night, and then had to fight their way out of the gym.

The Raiders jumped to a 14-2 margin before the Vikings came alive. They scored seven straight points to get in the game but then the Raiders began to steadily pull away, taking a 57-33 lead into the dressing rooms at the intermission.

FTU Knights Visit Wisconsin Tonight

By HERKY CUSH
Herald Sports Writer
Fergus Tech's Knights of Pegasus forsake the "warm" confines of the south and will be in the cold north tonight for a meeting with one of the top quintets in the Big Ten.

The Knights had five players in double figures with Eddie Flutt leading the way with 21. Flutt, the 6-7 center of the Knights, led off his toughest test of the young season in tonight's game with the powerful Badgers. Even on the back to Jollins Flutt managed to score well, sending 30 points through the cords. But Rollins did not have anywhere near the size of tonight's foe.

Seminoles Pocket Two Wins

The Fighting Seminole of Seminole High upped their season mark to 5-2 over the week end as they posted a thrilling 41-60 win over Apopka Friday night and then smashed Bishop Moore 44-0 on the road Saturday night.

The Seminole guards, Pat Crimmins and Ricky Smith, scored 17 and 16 points, respectively, to lead the Seminole offense. The Seminole defense, led by Coach Joe Mills' quint as they continued to dominate the scoring.

'Badgering Expected'

The Knights had five players in double figures with Eddie Flutt leading the way with 21. Flutt, the 6-7 center of the Knights, led off his toughest test of the young season in tonight's game with the powerful Badgers. Even on the back to Jollins Flutt managed to score well, sending 30 points through the cords. But Rollins did not have anywhere near the size of tonight's foe.

The game with Rollins was somewhat of a slow start in the first period but the defensive rebounding of Ricky Grant and Clifford Martin were too much for the home team Hornets. By the end of the initial period the Seminole had gained a seven point lead over the Hornets and had a 17-10 edge despite the full court press instituted by the Hornets.

2-0 With County Teams

Lyman Upsets Oviedo Quintet, 65-52

By HERKY CUSH, Herald Sports Writer

If nothing else the Lyman Greyhounds may capture the Seminole County basketball title. While the title is indeed mythical the Greyhounds took a "step" toward that end when they upset county rival and heavily favored Oviedo Lions, 65-52 Saturday night.

In the same vein Lyman coach Bill Moore feels there ought to be "more" county games (the Cocoa Beach Tourney games are classified exhibitions) for the Hounds who

upended the Fighting Seminoles of Sanford in their opener. How did the Hounds achieve their victory Saturday against a team so highly touted as Oviedo? "They made as many mistakes as we did," says Moore. "Against teams such as Evans and Edgewater you can't make many mistakes because they don't."

And Moore was right on the mark when he related how the Lions were guilty of many infractions. But so were his Hounds which made for a game a little on the sloppy side at times.

Oviedo had a golden opportunity to cut into the Lyman lead late in the fourth period when

the host team committed three straight turnovers while holding a six point lead. But failure to convert key one and one free throw situations and to hit on easy shots in close cost the Lions dearly.

In that second half the Lions goal total but were unable to sink a single free throw in the final 10 minutes and that proved the difference.

Dennis Walker, the diminutive Lyman backcourt ace, sent four hoops and a free throw through the cords in the opening stanza to help the Hounds to a 26-11 advantage. That stanza was the only time Lyman outscored Oviedo from the field.

Halfway through the second period the Hounds gained a seven point bulge at 29-26 as Jerry Carter made one of three free throws.

Two minutes later the Lions cut the deficit to three on field goals by David Tossie and Rick Holloway. But Lyman ace Steve Nelson returned to the lineup and quickly speared the Hounds to an eight point lead, 25-20 with 1:21 left in the half. Nelson hit three four shot points made off with a steal to sink a layup and three five straight points assured the Hounds of a halftime lead.

At the half it was 20-36 with Oviedo's Dave Rhodes making two free throws in the waning seconds. The final free throw the Lions were to make in the game.

Three period action saw the Lions close to within two points of the Hounds only to fade at the end of the stanza. Early in the period Lyman assumed a 39-30 lead when Carter and Jim Ellis hit back to back hoops. The Lions came back with three

doublebackers from Wright, the 6-5 sophomore.

The Lions could only manage six hits in the final five minutes of the contest, with Tossie hitting a pair of hoops and Holloway one.

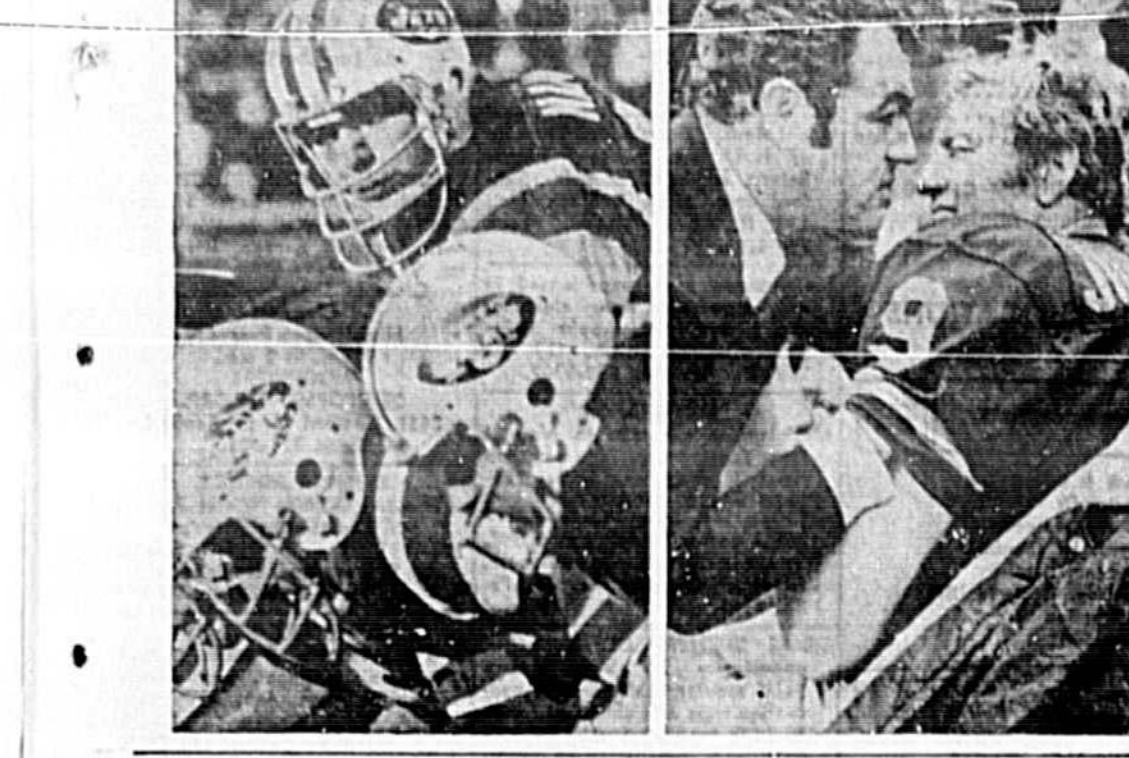

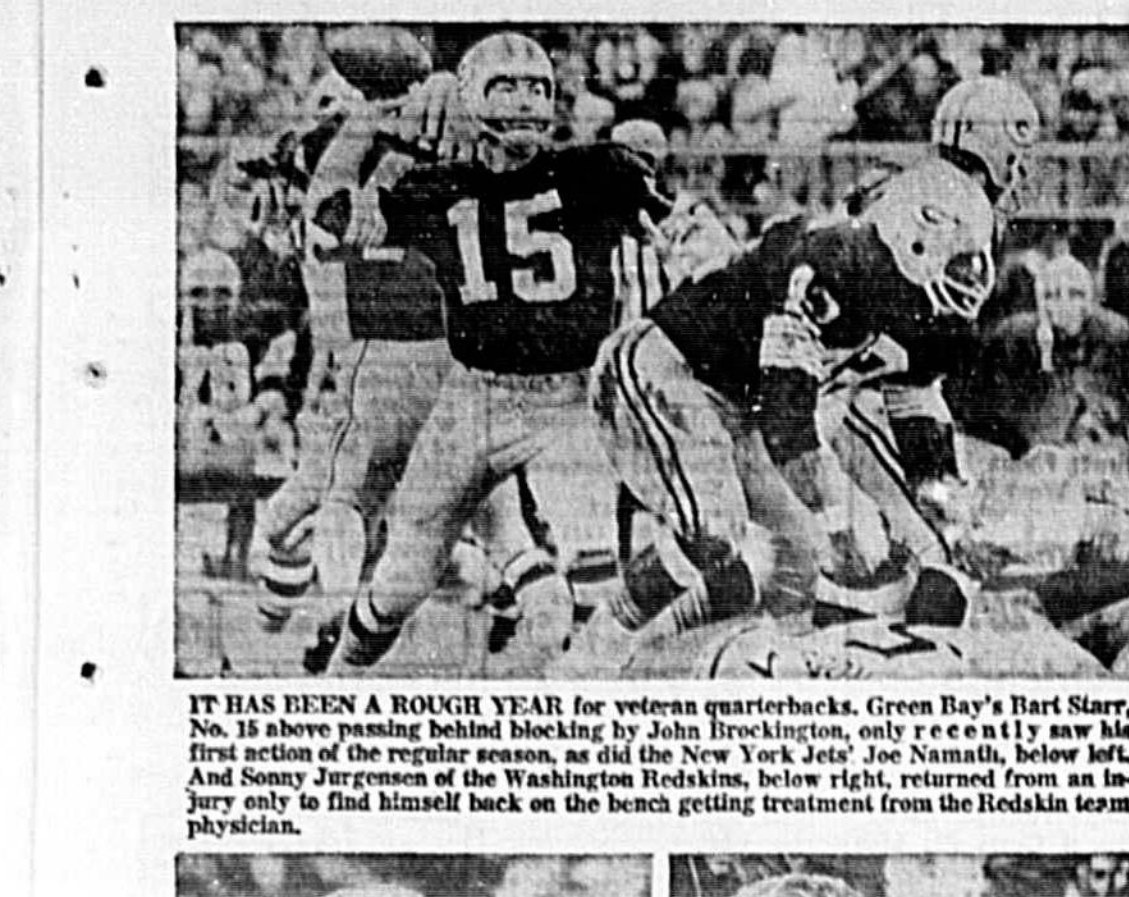

Nelson captured high point honors as he hit four shots from the floor and 13 of 15 from the foul line. His total from the line tripled that of the Lions. Ellis added 35 and Wright 13 for the Hounds.

Tossie with 15 and Holloway with 12 led the Lions who dropped to 4-2 on the season.

IT HAS BEEN A ROUGH YEAR for veteran quarterbacks, Green Bay's Bart Starr, No. 15 above passing behind blocking by John Brockington, only re-evaluated as the first action of the regular season, so did the New York Jets' Joe Namath, below left. And Sonny Jurgensen of the Washington Redskins, below right, returned from an injury only to find himself back on the bench getting treatment from the Redskins team physician.

Stram, Landry Praise QB, Backs

By BRUCE LOWITT, Associated Press Sports Writer

"If there is a better quarterback in two football, I don't know who it would be." Kansas City coach Hank Stram said of Len Dawson. "I can't say they're the best two running backs, but just look at what they've done the last two weeks." Dallas Coach Tom Landry said of Dan Fouts and Calvin Hill.

Dawson masterminded a last-ditch 93-yard drive that ended in Jan Stenerud's 10-yard field goal which catapulted the Chiefs to a 14-14 victory over Oakland Sunday and the American Conference West championship.

And the Thomas-Hill tandem rushed for 183 yards and accounted for four touchdowns in Dallas' 42-14 shelling of the New York Giants that put the Cowboys on the edge of the National Conference East throne.

Sunday's other National Football League games, San Francisco smothered Atlanta 24-3, San Diego bombed Denver 45-17, Green Bay belted Chicago 31-10, Philadelphia beat St. Louis 17-7, the New York Jets defeated New England 13-6, Cleveland edged New Orleans 21-17, Pittsburgh turned back Cincinnati 21-14 and Houston topped Buffalo 24-14. On Saturday Minnesota beat Detroit 29-10 to take the NFC Central title and Baltimore whipped Miami 14-3.

In tonight's nationally televised (ABC, 9 p.m. EST) game, Washington is in Los Angeles. "Lenny cut the defense like a surgeon on that last drive," Stram raved. Otis Taylor, who wound up with 113 yards in two puntions, caught three Dawson passes for 28 yards in the winning surge and an interference penalty on another pass to him accounted for 29 more yards.

One of the Los Angeles Lakers' best players, caught three Dawson passes for 28 yards in the winning surge and an interference penalty on another pass to him accounted for 29 more yards.

crowded each September, and with the triumphs NCAA College Division Eastern regional honors.

The only one crowned Saturday was Gary Richard, Post's Little All-America quarterback. The mighty Delaware defense tied by 200-pound tackle Dennis Johnson and ends Joe Carbone and Bob Depek, picked Wichita and picked Wichita as it pocket all afternoon, nailing him nine times for 79 yards. Despite his battered body and bruised feelings, Richard managed to complete 13 of 34 passes for 262 yards and three touchdowns, all to Len Izon. Covering 22, 35 and 38 yards in losses and interceptions and "Richard is a very fine passer," said Raymond. "Every time we didn't press him, he hit somebody. We went to a zone three times and he hit someone each time. Give him time and he'll pick your eyes out."

Carson-Newman erupted for six touchdowns in the second half and trounced Fairmont, W.Va., 34-3 in the State Bowl. Knoxville, Tenn. Freshman James Racedley scored for 115 yards and three touchdowns to lead Florida A&M by Kentucky State 29-9 in the Orange Blossom Classic at Miami. And Fullerton State edged Fresno State 17-14 in the Mercy Bowl at Anaheim, Calif., on Mike Ernst's five yard pass to Tyrone Perry. The contest was to crown a champion for the families of three Fullerton coaches who died in a plane crash Nov. 13.

Evans Downs Hounds

Gary Pozar is as good as anyone you just ask Lyman coach Bill Moore.

Moon was quite impressed with the Evans 6-7 senior center as he led the Trojans to a 77-50 conquest of Moore's Greyhounds Friday night in the Lyman gym.

Pozar hit for six points as Evans assumed a 16-14 lead in the first period over the Hounds. In the second period the rebounding and defensive work of Pozar as well as his scoring helped turn the game completely in the Trojan favor.

In that second stanza Power connected on two shots from the field and two three from the foul line to take the Trojans to a comfortable 36-23 halftime.

The Hounds cut the lead to nine points twice in the second period but could not get any

David Tossie Nets 28; Paces Lions To Big Win

By LARRY NEELY, Herald Sports Writer

The Oviedo Lions won their first game of the season Friday night when they took on the second Cape Coast County team, Class AAAA opponents, Eau Gallie, 28-16.

David Tossie beat his 20 point per game average by eight Friday night melting the nets for 22 points as he led his teammates to victory. Tossie from his forward slot combined with Rick Holloway, the Lions' 6-foot-5 center who gained 10 points for the Oviedo quint, to even up Oviedo at 1-1 going into Saturday night's clash with Lyman.

The Lions slipped out in front by three points in the first period as they took a 107-com-

mand. Both teams became more accurate as the game progressed, but the Lions were able to add four more points to their leading margin by the end of the first half, 20-22.

The Eau Gallie five managed to stay even and a little ahead in the third period as the Eau Gallie team trimmed the Lions' lead by a point, but the Lions were still in firm 29-23 control at the close of the third frame of the contest.

The two teams continued to battle evenly in the final frame of the contest, but the Lions had gained the early momentum in the contest and remained in the lead. The Lion quint closed the fourth frame with the seven point spread. They started the second half with 22-45.

In addition to the big man scoring of Tossie and Holloway who paced the scoring of the Lions Lynn Hurch contributed

UCLA Quint Railroads Texas A&M, 117-53

BY KEN RAPPOPORT, Associated Press Sports Writer

"All we want to do now is go home," said Texas A&M basketball coach Shelby Metcalf.

You would, too, after spending an outrageous evening with UCLA.

The top-ranked Bruins gave Metcalf's crew a rousing send-off back to Texas, railroading the Aggies 117-53 at cozy Pauley Pavilion Saturday night.

"Tremendous, just tremendous," said Metcalf, praising the bullish Bruins.

UCLA Coach John Wooden was almost apologetic after the laughter: "I don't like to win games by overwhelming margins."

The Bruin blitz wasn't as shocking as some of Saturday's other results as upset claimed three other Top Ten teams.

Ohio University surprised fourth-ranked Ohio State 79-68, Southwestern Louisiana topped No. 6 Long Beach State 90-82 in the finals of the Bayou Classic at Lafayette, La., and Indiana pulled out a nervous 99-89 double-overtime victory over seventh-ranked Kentucky.

It may be hard for Metcalf to forget the nightmare right away. It could be that he'll have recurring bad dreams about Walton bolting to the backboards or forward Ken Wilkes shooting the eyes out of the basket with 22 points before sitting down.

En route to the easy triumph, the undefeated Bruins did something they've never done before—score 100 points in a game four straight times.

Tom Ricciardi scored 27 points and Tom Corde had 21 to lead Ohio's triumph over heavily favored Ohio State.

"They dictated the offense to us," said Ohio State Coach Fred Taylor. "They controlled the game. Ricciardi and Corde really hurt us."

"Ohio just worked a lot harder than we did. We'd get a piece of the ball always, but they'd come back with it and put it back in the hole. We got second and third shots, but they wouldn't drop for us."

It helped Ohio to play the game at home, according to Bobcat Coach Jim Snyder. "The home crowd is just like a sixth player," he said.

VERNE B. FALDE has been promoted to the position of Assistant Manager and Supervisor of Mutuels at the Sanford-Orlando Kennel Club. The Greynound racing facility opens the season this Friday night with the 37th annual Inaugural Handicap.

Crooms 91-54 Victor Over Father Lopez 5

Crooms made it two straight wins, both in impressive fashion, with their 91-54 stomping of Father Lopez Saturday night on the Crooms hardwood.

Butler finished with 28 markers while Spake had 24 and Brown 24. Ten different players scored for the Panthers.

Next action for the Crooms game will be Thursday night when they venture to Bishop Moore for a 6 p.m. clash. Their next home game is on Saturday, Dec. 18 with Oceola.

Tag Team Matches Scheduled

Three tag team matches featuring the top grapplers in the area headline tonight's wrestling show at the Orlando Sports Stadium.

The feature attraction of the night is the tag team joust which pits Jack Brisco and Johnny (Grappler) Walker against the duo of Bobby Dunson and Ole Anderson.

Another top flight tag team clash finds Lou Tillet paired with Bearcat Wright for their meeting with the Alaskans who will have their manager on hand, George "Baby King" Harvis.

Ken Look and Mickey Doyle join forces to battle Pat and Mike Kelly in the other tag team match on the card.

A special attraction for area wrestling fans will be the appearance of the midgets on the show. Sky Low meets Little Jerome in the midget tilt.

In the other action on the program Corsica Jean faces Frank Martines.

Cries of "we belong in the Metro Conference... not you" were heard coming from Oviedo basketball fans at Saturday's game between the Lions and Lyman.

"Heck," says Bill Moore, Lyman coach. "We haven't won a game in the Metro Conference and if they can't beat us just what do they expect to do against Metro Conference teams?"

The Lions do have a fine quint this year but their losses to Melbourne and Lyman give an indication that they may not be ready for the "big time" just yet. The caliber of competition in the Metro Conference is unlike any other.

Speaking of Bill Moore, the Lyman coach had hoped to get an all-county Christmas Tournament but could not get sanctioned to enter the event.

Had the Seminoles entered the tourney it would have left one berth for either Sanford Norval Academy or Trinity Prep. Neither of which would have made a strong entry.
