ARIES (March 21-April 19)

Friends will find you fun to be around today because of your optimistic, enthusiastic attitude. However, you're also a shade too extravagant.

TAURUS (April 20-May 20)

You'll be more successful in dealings with businessmen today than you will with those for whom you have a sincere affection.

GEMINI (May 21-June 20)

There's a favor you need of a friend if he'll be granted if you lay all your cards on the table. Don't try to disguise your motives.

CANCER (June 21-July 22)

You'll be successful today in nonfinancial situations. Transactions involving money won't work as well.

LEO (July 23-Aug 22)

If your ambitions are up to par this will be a very rewarding day. You could be tempted to postpone things until later.

VIRGO (Aug 23-Sept 22)

Your energies are likely to be misdirected early in the day on something frivolous, but by afternoon you'll make up for lost time.

LIBRA (Sept 23-Oct 23)

This should be a lucky day for you in situations where you share an

interest. Keep mum about what occurs.

SCORPIO (Oct 24-Nov 22)

You'll be a trifle slow arriving at an important decision, but once you're satisfied you have the answer you'll act boldly and wisely.

SAGITTARIUS (Nov. 23-Dec 21)

Lady Luck will give you an assist today, but the first moves will be up to you. If you don't try, she won't either.

CAPRICORN (Dec 22-Jan 19)

You're extremely creative in projects of a domestic nature. Put your talents to work to beautify your living space.

AQUARIUS (Jan 20-Feb 19)

You'll be fortunate in getting terms if you press for finalization of an issue that's been hanging fire.

PISCES (Feb 20-March 20)

Before the day is out you will be pleased by something that will happen. It will benefit you materially.

YOUR BIRTHDAY

Sept. 24, 1973

Your business prospects for the coming year are extremely encouraging. It's very likely you'll be involved in a new commercial venture with several partners.

South decided against this play because if trumps did break 4-1 there would be a lot of problems in the play in any event. In fact against a 3-2 break there would be potential trouble if the winner of the second trump led the suit back. After all this consideration, South played his king of spades. When both opponents followed he claimed the hand explaining that he would never lead a trump and that whoever held the queen could take a trick with it when he choobys.

Ask the Jacobys

A New York reader wants to know what the rule of the ace and the king was. It was discovered by Oswald Jacoby in 1934 and first appeared in the 1935 book, "The Four Aces System of Bidding". Specifically, in a situation where you were going to game you should consider inviting a slam with a king extra, definitely invite a slam with an ace extra and bid a slam with an ace and king extra. We will discuss this rule and its modern implications in next week's articles.

(Do you have a question for the Jacobys? Write "Ask the Jacobys" care of this newspaper. The most interesting questions will be used in this column and writers will receive copies of JACOBY MODERN.)

'Care Packages' Spice Commission Meeting

Reaction To Pay Protest Ranges From Glee To Glum

Mostly, however, the group was angered over about \$20,000 worth of raises granted county officials by a 1973 state law.

"What can I say?" Kimbrough replied when asked about the protestors. "To me, it's just another epic day in the life of a commissioner... humorous."

Williams said the interruption provided a "little bit of lightness and levity" in an otherwise boring day. He said he was pleased to see a good turnout of citizens which indicates voter interest.

Other officials took a somewhat dimmer view. For instance, Commissioner Harry Kwiatkowski refused to comment. Asked to say something witty, Kwiatkowski said he saw nothing "witty" about the invasion.

Sheriff John Polk said he was pleased that citizens have the right to protest.

A county commissioner's salary goes from \$12,960 to \$15,062, or a 16 per cent increase. The job is considered part-time. However, some commissioners can always be found at the courthouse.

Pay for school board members went from \$4,572 to \$5,687. The state law awarded the highest pay raises to Lawyer Polk, Circuit Court Clerk Art Beckwith Jr., and property appraiser Terry Goembel.

Theoretically, one could argue that since the pay hikes were granted by law, they are mandatory.

However, there is nothing to prevent a public official from striking his back to the state. If that happens chances are the money would be used to pay for raises for state legislators.

Layer: Route Safe

By JOE ASKREN Herald Staff Writer

A new 1.3 mile route for 63 Longwood pupils to walk from their Skylark subdivision to Longwood Elementary school has been termed "safe" by Seminole County School Supt. William P. "Bud" Layer.

Layer said this morning he will ask the school board to reconsider its decision two weeks ago to provide "courtesy busing" for the pupils living within a two mile radius of the school, when the board meets at 7:30 p.m. today in the Altamonte Springs City Hall.

The board voted 3-2 to provide courtesy busing, for which the district receives no state funds as with regular busing, after hearing protest from parents and officials citing a "dangerous" long walk to school along the one mile of wooded area south on Grant St. The pupils then walk east on Orange Ave. to the school, a distance of 1.7 miles.

The new route, mapped for tonight's agenda, and recommended by Layer, would be for the pupils to walk:

— From Raven Ave. in the Skylark subdivision

— West to Jay St.

— West to Wren Ave.

— South on Grant St. for about a half a block

— Through Candyland Park (playgrounds)

— East on Longlake Ave.

— South on Highland St.

— To the crosswalk at Longwood Elementary School.

Transportation Director Fred Taylor said two weeks ago the approved courtesy busing would begin by Sept. 15, but Layer said this has been delayed due to overloading of buses which must be relieved first and because of the number of breakdowns.

Cecil H. Butler, Winter Springs, said, "I don't think the county government is very good. They make it hard for a

commissioner to do under state regulations, Butler commented. "I don't think they should have gotten that raise. Other people aren't getting raises these days."

What would be to help improve the government? "Maybe I'll run for office myself," Linda Newman, 18, Sanford, was more content with the status quo. "They seem to be doing all right," she said, when asked about the efficiency of county government.

What could be done to make the government even better? "People should have more of

commissioners are due under state regulations, Butler commented. "I don't think they should have gotten that raise. Other people aren't getting raises these days."

Man-On-The-Street Interview

Opinions Vary On Seminole County Government

By AUDIE MURPHY Herald Staff Writer

Citizen reaction to the Seminole County Commission and county government in general is mixed, according to a random sampling of public opinion.

Several people expressed disregard or disinterest in county government. Some were extremely critical while others said county officials were doing a good job.

Cecil H. Butler, Winter Springs, said, "I don't think the county government is very good. They make it hard for a

commissioner to do under state regulations, Butler commented. "I don't think they should have gotten that raise. Other people aren't getting raises these days."

Commission Unanimous On Budget Approval

It's official. A resolution adopting Seminole County's \$16,837,239 budget for fiscal year 1973-74 was passed unanimously Tuesday by the Seminole County Commission.

The county land tax was set at \$5.40 per \$1,000 of taxable property, and the final dollar figure was \$19,000 below the millage rate certified by the county's property appraiser.

"Holy mackerel, get my white hat out," County Commissioner Dick Williams said when informed the dollar figure was \$19,000 less than the amount required to meet the \$4.1 mills set by the appraiser for the county and port budgets.

"We have cut below the certified millage," said a disbelieving commissioner Mike Hattaway.

And, Commission Chairman Sid Vihlen Jr., was all smiles as months of budget slashing sessions ended with the commission's final adoption of the budget.

NATION IN BRIEF

Crime On Television Blamed For Youth Extortion Plot

DYERSBURG, Tenn. (AP) — A juvenile officer blames too much crime on television for an attempted \$1 million extortion plot planned by a group of Dyersburg boys ranging in age from 10 to 14.

The youngsters have been charged with threatening to blow up a Sears Roebuck and Co. store in an attempt to extort \$1 million in cash and about \$100,000 in guns, trucks and farm equipment.

The nine have been released in the custody of their parents pending a juvenile court hearing. Their names were not released.

"It's not that we felt they could have pulled it off," Juvenile Officer Joey McDowell said Tuesday. "It's that 12-year-olds could think of it. It's television and nothing else."

Moore Memory Said 'Cloudy'

SAN FRANCISCO (AP) — Sara Moore, ordered to undergo sanity tests after being a witness in the assassination attempt, her attorney says.

U.S. Magistrate Owen Woodruff on Tuesday directed that the 45-year-old divorced mother of one be taken to San Diego on Friday and given psychiatric tests at the Metropolitan Correctional Center there. He said results would be reported to him by Nov. 18.

Arrested immediately after she fired at Ford as he emerged from a downtown hotel Monday, Mrs. Moore was held in lieu of \$500,000 bail on a federal charge of trying to assassinate the President. If convicted, she faces a possible life sentence.

Patty Hearst Claims Duress

SAN FRANCISCO (AP) — Patricia Hearst, who once derided speculation she was brainwashed, now says that she lied under duress when she told of her rebirth as the revolutionary "Tania."

Miss Hearst's written testimony, which contradicts many of her tape recorded pronouncements from the underground, is likely to be hotly disputed in court.

The 21-year-old heiress declares in an affidavit that she was driven to insanity by her Symbionese Liberation Army kidnappers. She says she was blindfolded, bound and locked in a closet for weeks while constantly threatened with death.

CIA Read Nixon's Mail: Church

WASHINGTON (AP) — The Central Intelligence Agency regularly opened and read the mail of former President Richard M. Nixon and other prominent Americans including Sen. Edward M. Kennedy as part of its 20-year mail surveillance program, the chairman of the Senate Intelligence Committee said today.

A spokesman for Chairman Frank Church, D-Idaho, said that Nixon's mail had been opened both before and while he was President. The spokesman added that the CIA opened and read the mail of other presidents as well.

Breakfast Kicks Off Fund

Len Unitas, 1975 United Way president for Seminole County, Tuesday chaired the most successful kickoff breakfast in the history of the volunteer effort to assist 13 people-helping agencies.

The "Pacemakers" reported pledges of \$17,281.95, almost double the 1974 \$9,136.00 figure.

The bulk of the registration came from the county's educational community. Ernie Cowley announced \$13,421.95 from school employees, more than double the 1974 \$6,384. Cowley, assistant director of personnel, credited the leadership of School Superintendent W. P. "Bud" Layer in opening the way to a computerized payroll deduction system.

PSC To Assume Control

By ED PRICKETT
Herald Staff Writer
Florida's Public Service Commission (PSC) will take over the county's rule-making and enforcing powers regarding private utilities.

As a county commission meeting Tuesday, the commission voted, 4-1, in favor of turning over the regulatory functions to the PSC.

The vote was taken after Bill Dale, the county's director of environmental services, recommended the county turn the functions over.

Dale said the county does not have "the staff nor the expertise" to handle complicated requests for rate adjustments, as well as other matters which could be handled more expertly by the state.

He also said the switch to the PSC will "benefit" seekers of rate decreases.

Commissioner Dick Williams dissented.

Williams asked Dale a series of five questions relating to the PSC takeover.

Questions included:
— What about growth in unincorporated areas?
— Who will answer complaints from citizens?
— Who will handle requests for rate hikes?
— Who will regulate construction standards?

Though Dale answered questions sufficiently to convince the rest of the commission, Williams dissented. Williams also asked the county attorney to look into creating an ordinance regulating the purchase of private utility systems.

"We need an ordinance to allow greater control," the commissioner said.

The PSC is the state body that regulates all utilities. The body is often involved in controversy when electric utilities seek rate increases.

NEW EQUIPMENT FOR KITCHEN
Justifiably proud of the shiny new stainless steel kitchen equipment they have worked so hard to obtain for the Good Samaritan Home in Sanford are "Just Us" Club members (from left) Edvena Fielder, secretary; Mary Smith, president; and Hilda Prater, vice president. With \$100 raised through Good Samaritan Day at McDonald's Hamburgers, arranged through the Greater Sanford Chamber of Commerce fish fries, rummage sales and other projects they have purchased an electric hot table, a cold table, commercial pots and baking pans and 50 trays. Another \$283 is needed to pay for the equipment and installation. Donations should be marked for "kitchen use." (Herald Photo by Jane Caseberry)

Panhandle Hit Hard Relief Workers Assessing Damage Done By Hurricane

FORT WALTON BEACH, Fla. (AP) — Disaster relief workers, their worst nightmares transformed into grim reality, today assessed the havoc wreaked by the first major hurricane to directly strike the Florida Panhandle's coast in 40 years.

Hurricane Eloise, now reduced to a heavy thunderstorm in Tennessee, slammed its drenching rains, howling winds and accompanying tornadoes into a 40-mile stretch of coast between Fort Walton Beach and Panama City before dawn Tuesday.

One person was reported dead, damage estimates ran as high as \$100 million, hundreds were left homeless and power and water supplies were still unreliable early today for many residents.

The Salvation Army set up 10 emergency canteens in the area to feed hungry evacuees, state employees were alerted to prepare road-repair equipment and state insurance department workers were mustered to assist in making damage claims.

Robert Smith, a spokesman for Florida's Division of Emergency Preparedness, said the situation was "bad in five counties: Okaloosa, Walton, Bay, Holmes and Washington. It's the worst one I've had."

Officials in the Panama City area estimated damages there at \$50 million, while Mayor H. Gene Smith of Fort Walton Beach estimated damages at \$20 million. Other estimates were trickling in as tens of thousands of residents returned to their homes.

"You go down every street and you see buildings without roofs, signs down, trees down," said Mayor Smith. "It's so widespread."

Gov. Reubin Askew, who had called out 400 National Guardsmen to protect against looters, was expected to visit the area today. Leaders of the state Republican party asked President Ford to inspect the five-county region to see if it qualifies for disaster assistance.

FLORIDA IN BRIEF

Down On His Luck, Man Jailed At His Own Request
CLEARWATER (AP) — An unemployed and out-of-luck construction worker is in the Pinellas County Jail today because he asked to be sent there, saying he's afraid that desperation might drive him to another crime.

Willard O. Dixon, 57, was free on his own recognizance last week after pleading no contest to a grand larceny charge involving snatching a purse that contained more than a \$100.

A release on recognizance, a bonding process which requires no money, stipulates that the defendant stay out of trouble while free.

But Dixon called his attorney, J. Richard Rahter, and said he was hungry, had nothing to eat and was afraid he'd get into trouble again.

Broward Teachers To Return
FORT LAUDERDALE (AP) — Broward County's 137,000 students return to classes today after teachers' classes, lighter work loads and a salary increase, had forced most of the 141 county schools to shut down last Friday.

The strike-ending vote was taken Tuesday under a judge's threat of penalties if they didn't return to work.

The walkout by some 5,000 teachers, seeking smaller classes, lighter work loads and a salary increase, had forced most of the 141 county schools to shut down last Friday.

"We are returning in good faith to the bargaining table," said Marjorie Head, president of the Classroom Teachers Association, after the teachers voted 2,321,788 early Tuesday to return to their classrooms.

Railroad Aid Backed
MIAMI BEACH (AP) — The federal government wants to help the nation's deteriorating railroads but hopes to leave their control to private enterprise, two Ford Administration officials say.

John Snow, under secretary of transportation, told the United Transport Union conference Tuesday that the Railroad Revitalization Act now in Congress would lead to a rejuvenated rail system without nationalization.

The administration-backed proposal calls for overhauling laws Snow described as overly restrictive. It would also restructure some railroads and provide financial assistance to near-bankrupt systems, particularly in the Northeast.

Fuel Adjustment To Go Up
PALM BEACH GARDENS (AP) — The Public Service Commission has approved higher October fuel adjustment fees for the state's four major utilities.

The increases ranged from a high of 85 cents per 1,000 kilowatt hours for Florida Power and Light Co. to a one-cent jump for Gulf Power Corp.

FP&L received approval to charge customers \$2.06 for the fuel adjustment in October compared to \$1.23 in September.

Tampa Electric Co. was granted a 17-cent increase from \$2.22 to \$2.39.

COME IN TODAY AND SEE THE '76'S

NEW '76 JEEP CJ-7 — the all-new addition to the Jeep CJ line with all the traditional ruggedness of the CJ-5 but with even more convenience.

NEW '76 PACER — The first wide small car. And the only small car that dares compare room with the intermediates.

'76 JEEP CHEROKEE — America's versatile 4 wheel drive family fun machine.

'76 MATADOR COUPE — the distinctive mid-size that combines style, comfort, and six-cylinder economy.

'76 GREMLIN — The fun little car that started the small car revolution in still a value worth celebrating in 1976.

'76 HORNET SPORTABOUT — America's only 4-door compact wagon combines handsome styling with as much room and versatility as most families need.

Motion To Revoke Permit To Be Reconsidered Property Owner Warned Not To Spend Building Funds

By JANE CASSELLBERRY
Herald Staff Writer

WINTER SPRINGS — A motion Monday night by Councilman Irene Van Espoel to revoke a building permit issued Sept. 15, to John Laux, failed for lack of a second, but Laux was put on notice by council not to spend funds on construction before it has a chance to reconsider the matter at next Monday's meeting.

Mrs. Van Espoel charged the permit was issued illegally by Building Official Ray Bradshaw on a split lot next to her residence on Tradewinds Road. She said council had twice previously ruled the property — Lot 7, Block C, North Orlando Ranchlands less east 175 feet — could not be built on. The other half of the 3.3 acre lot was previously sold to Walter Parkhurst, who said he is not interested in the property.

She said there is no plot recorded in the courthouse on the West 175 feet and the application for permit does not include legal description as required.

Mayor Troy Pfland said the applicant is willing to withdraw his request for a permit. Mrs. Van Espoel said it would be necessary for the city to take official action to revoke the building permit to meet the contingency clause of Laux's purchase agreement.

City Attorney Newman Brock had advised Bradshaw it would be legal to issue a building permit on the property, but when Mrs. Van Espoel advised him of the previous proceeding in denying a request, he rescinded the matter further. After listening to tapes of the council meetings, Brock still felt the permit could be issued.

"I don't think it is a subdivision as it was not divided in three or more lots or parcels as defined in the new city codification," Brock said. "I feel the man has met requirements and the permit has been issued. I'll take the responsibility for that. I did research and told him (Bradshaw) the permit could be issued as far as it not being a subdivision," Brock said.

Commission. A public hearing was held on adoption of the County Animal Control ordinance and it was approved on the first reading Monday night by city council. Effective Oct. 1, Winter Springs will turn its animal control program over to the county and one of the stipulations was that the city adopt the county ordinance.

Mayor Pfland announced County Commissioner Sidney Vihlen Jr. stated in a letter that the county has authorized an additional animal control officer under the inter-local agreement. Current city animal control officer Carl (Sonny) Mitchell will be employed in the same capacity by the county as of Oct. 1.

Councilman Daniels withdrew his motion, tabled from the week before, that would have put the question of charter change, permitting inter-

departmental budget transfers without a public hearing, before a referendum. He said he had received objections from some citizens.

Although Florida Land Co. submitted a promise in writing to provide chain link fencing as a safety measure around a retention pond, as requested by council, acceptance of maintenance bonds on North Orlando Terrace Unit 2 of both Sections 7 and 10 was again delayed.

Daniels listed items he wanted completed in other areas before any more developments of Florida Land are approved. Council voted 5-1 to table the matter.

BEIRUT, Lebanon (AP) — Lebanese and Palestinian leaders have agreed to halt fighting and withdraw their warring gunmen from all suburbs of this embattled capital, Premier Rashid Karani announced today.

"As of 1700 (10 a.m. EDT) Wednesday all armed elements are to be withdrawn from all Beirut suburbs and all roadblocks, gun positions and observation posts are to be removed," Karani said in a nationwide broadcast.

The new truce was agreed on at a meeting of Karani, Interior Minister Camille Chamoun, Syrian Foreign Minister Abdul Halim Khaddam and Palestinian guerrilla leaders Yasir Arafat, Zuhair Mohsen and Abul Hassan.

"All acts of violence are to come to end at once in all areas and all parties are to release the abducted persons," Karani said.

VIENNA, Austria (AP) — The oil cartel began another price-raising conference today amid predictions of an increase in the basic price of crude oil ranging from about 10 to 15 per cent, or from 60 cents to about \$1.50 a barrel.

The 13-nation Organization of Petroleum Exporting Countries (OPEC) was under pressure from its biggest producer, Saudi Arabia, to keep the increase down. Libya, Iraq and Algeria were urging a price boost of as much as 25 per cent. But Shah Mohammad Reza Pahlavi of Iran, the second largest producer, has said he expects no more than a 15 per cent rise.

The present basic price is \$10.46 for a 42-gallon barrel of Saudi Arabian light crude. Previously, an increase of \$1.50 meant a rise in the price of gasoline in the United States of about a cent a gallon because the United States imports only a third of the oil it uses, and there is a government price ceiling of \$5.25 a barrel on domestic oil.

MIAMI (AP) — A Bahamian official was fired for giving information to United States agents investigating suspected U.S. tax cheats in Nassau in 1972, a Bahamian spokesman has told The Miami Herald.

The spokesman, not identified by the newspaper, said the Nassau government lodged a formal protest against the United States after firing the official, identified only as an immigration officer.

The spokesman said the incident involved Operation Trilowinds, an Internal Revenue Service project disclosed last week.

WASHINGTON (AP) — Committees in both houses of Congress are looking at resolutions approving use of U.S. technicians to monitor the Sinai peace agreement amid calls for publication of all secret commitments.

The Senate Foreign Relations Committee begins work on the resolution today. Three senators called Tuesday for Secretary of State Henry Kissinger to release all secret documents regarding assurances to Egypt and Israel.

Sanford police today reported an unidentified black male welding a chrome revolver robbed the 7-Eleven food store at Country Club Road and Hardy Avenue, Sanford, Tuesday and made off with \$100 in cash and food stamps.

Patrolman Lewis Coombs said the gunman held the pistol to the chest of the store clerk and demanded all the money and threatened to shoot the clerk if he didn't hurry.

Sheriff's deputies arrested Donald L. Mixon, 29, 315 George Ave., Maitland, on a circuit court warrant charging malicious injury to personal property. Bond for Mixon was set at \$5,000.

Sanford police jailed Jacob Benard Davis, 24, 400 Pine Ave., Sanford, on a charge of aggravated assault in connection with the shooting early Tuesday of Lawrence

Hattie Mae Ashley, 2000 W. 26th St., Sanford, told deputies four watches and 20 miniature bottles of whiskey, total value \$445, were missing after a burglary at her residence.

Charles Brucato, 207 Nob Hill Circle, reported an outdoor motor valued at \$187 was stolen from his garage.

Deputies are investigating the reported theft of four mag wheels, valued at \$400, from two autos parked in a lot at the Sanford Auto Auction, West First St., Sanford.

Sanford police today were looking for \$400 in tools belonging to Donald C. Bezwiech. Bezwiech reported the tools were stolen when a truck parked at Badock Furniture Co., Magnolia Ave. and Second St., was burglarized.

Sanford police jailed Jacob Benard Davis, 24, 400 Pine Ave., Sanford, on a charge of aggravated assault in connection with the shooting early Tuesday of Lawrence

Hattie Mae Ashley, 2000 W. 26th St., Sanford, told deputies four watches and 20 miniature bottles of whiskey, total value \$445, were missing after a burglary at her residence.

Charles Brucato, 207 Nob Hill Circle, reported an outdoor motor valued at \$187 was stolen from his garage.

Deputies are investigating the reported theft of four mag wheels, valued at \$400, from two autos parked in a lot at the Sanford Auto Auction, West First St., Sanford.

Sanford police today were looking for \$400 in tools belonging to Donald C. Bezwiech. Bezwiech reported the tools were stolen when a truck parked at Badock Furniture Co., Magnolia Ave. and Second St., was burglarized.

Sanford police today reported an unidentified black male welding a chrome revolver robbed the 7-Eleven food store at Country Club Road and Hardy Avenue, Sanford, Tuesday and made off with \$100 in cash and food stamps.

Patrolman Lewis Coombs said the gunman held the pistol to the chest of the store clerk and demanded all the money and threatened to shoot the clerk if he didn't hurry.

Sheriff's deputies arrested Donald L. Mixon, 29, 315 George Ave., Maitland, on a circuit court warrant charging malicious injury to personal property. Bond for Mixon was set at \$5,000.

HOROSCOPE

By BERNICE BEDE OSOL

For Thursday, September 25, 1975

ARIES (March 21-April 19) You'll have some doubts about the way you handle a serious situation today. Later, you'll see the decision you made was a wise one.

TAURUS (April 20-May 20) If you put on your old thinking cap you'll find a way to buy something without putting your budget in jeopardy.

GEMINI (May 21-June 20) A problem facing you today will not take as long as you think to solve. Keep your schedule flexible. You might get a surprise invitation later in the day.

CANCER (June 21-July 22) You'll fare much better in business matters than you did yesterday, especially if you go in with a positive attitude.

LEO (July 23-Aug. 22) You can easily get others to go along with your way of doing things today if you guide, rather than push them.

VIRGO (Aug. 23-Sept. 22) The next few days can be beneficial careerwise if you keep your nose to the wheel. A job well done could increase your earnings.

LIBRA (Sept. 23-Oct. 23) You tend to look at the darker side at first today, but fortunately you'll realize every situation has many bright facets.

SCORPIO (Oct. 24-Nov. 22) Personal gain will come your way today through several unusual channels. The sources are not likely to be related.

SAGITTARIUS (Nov. 23-Dec. 21) You're exceptionally sharp at negotiation today, if you put your mind to it. It's a good time for some horse trading.

CAPRICORN (Dec. 22-Jan. 19) Be willing to be of service to others where you can. Your good deeds will be the seeds for a future harvest.

AQUARIUS (Jan. 20-Feb. 19) Your personality doesn't come into full bloom till later in the day. That's when you'll collect your admirers.

PISCES (Feb. 20-March 20) You still have a lot of things going for you that aren't apparent to those you'll be dealing with today. That's why you come up a winner.

YOUR BIRTHDAY Sept. 25, 1975 Conditions having an influence on your well-being will be far more stable this year than they were last year. Several things you've been hoping for will become realities.

WIN AT BRIDGE

By GONZALES and JAMES JACOBY

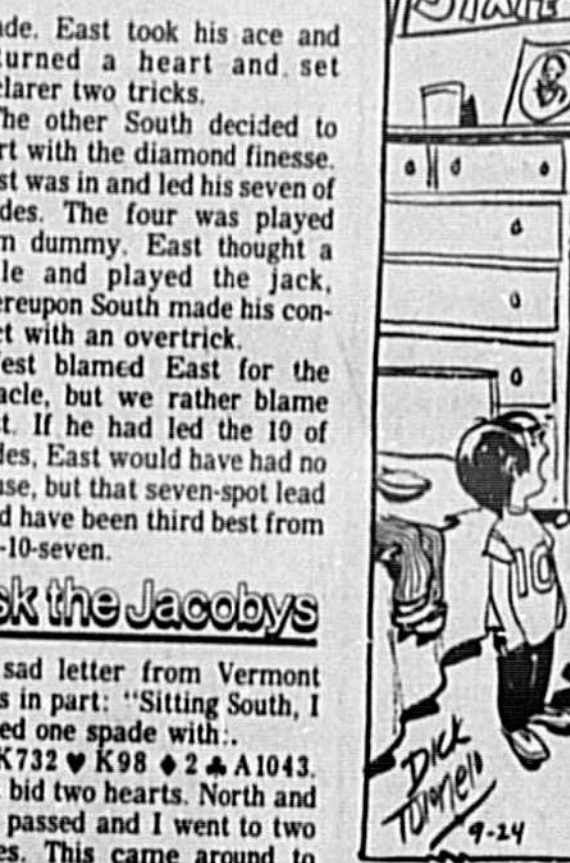

Table with columns for North, South, East, West and various card counts.

East-West vulnerable. West North East South. Pass 3.N.T. Pass 1.N.T. Opening lead - 10 ♠

There is no absolute rule about the correct play at many notrump contracts. One dummy's jack of hearts holds the first trick. South sees that if the diamond finesse is on everything will be fine. If it loses and East holds the ace of spades, he is likely to be down two tricks.

CARNIVAL

by Dick Turner

"That stuff in there? Oh, that's some custard pie I've been saving for the next time I get sent upstairs without dessert!"

Ask the Jacobys

A sad letter from Vermont reads in part: "Sitting South, I opened one spade with: ♠ AK72 ♣ K98 ♣ 2 ♠ A1043. West bid two hearts: North and East passed and I went to two spades. This came around on the fourth trick. We were in the soup then, but even more so when my partner rescued me in three diamonds. Will you comment?"

Baseball Moguls Mulling Over City Switch Possibilities

KANSAS CITY (AP) — The Seattle White Sox, the Chicago A's, the Toronto Blue Jays and the Milwaukee Brewers could be occupying the thinking of major league baseball owners assembled here today.

The owners will hear a report from the finance committee which was created 10 months ago to deal with a multitude of the game's problems. Among those headlines are the overcrowded baseball population of the San Francisco-Oakland bay area with two clubs battling for attention from a section that seems able to support only one.

The committee has shuffled all kinds of combinations around but it must be remembered that it operates strictly in an advisory capacity. Unanimous approval of the 12 member clubs is required to shift or sell a National League team and eight assenting votes, three-quarters approval, is required in the American League.

Doubts Remain In NFL

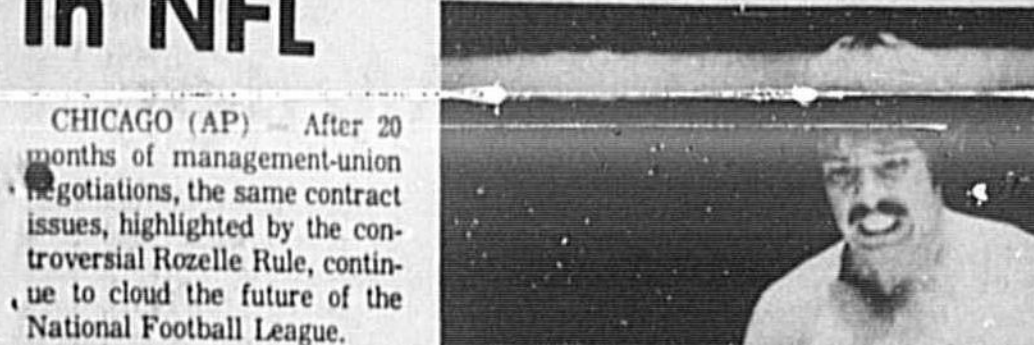

CHICAGO (AP) — After 20 months of management-union negotiations, the same contract issues, highlighted by the controversial Rozelle Rule, continue to cloud the future of the National Football League.

SPORTS

Evening Herald, Sanford, FL. Wednesday, Sept. 24, 1975—A

Champ Scores With Uppercut

Perez Chases Oliver In One

Sanford's Victor Perez stands over Cisco Oliver after clubbing the Chicago junior middleweight to the canvas.

ORLANDO — It was Hurricane Eloise and 130 mile an hour winds that chased thousands from their homes in the Florida panhandle Tuesday morning but it was Victor Perez who sent Cisco Oliver and 1,418 fight fans home the first round Tuesday night at the Orlando Sports Stadium.

The night was between junior heavyweight Mike Savage, Turner 151, and Ross Pinkney, 180. The two went after each other from the opening bell till Pinkney finally ran out of gas and was stopped in round five.

Two days of collective bargaining discussions ended in a stalemate Tuesday with both sides agreeing that the same basic non-economic issues still plague a possible labor settlement.

Oliver, a last minute replacement for Killer Ellis, came into the scheduled 10-rounder with the reputation of being a good boxer, a stiff puncher and having a great deal of heart.

The bout was arranged as a "winner gets Terry Tuten" match and both welterweights went after that chance with everything they had for the entire exciting contest.

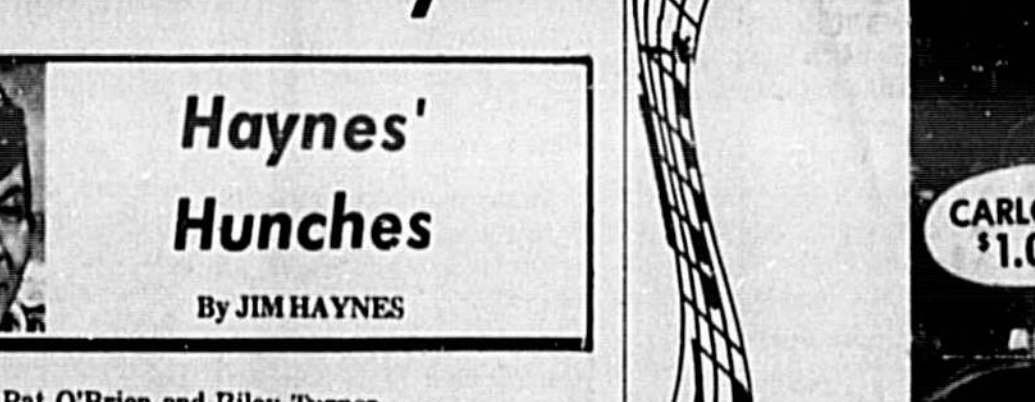

With the breakoff in negotiations, the rank-and-file membership of some 500 players will vote beginning Thursday on management's latest contract offer, which representatives of the 28 NFL owners say will cost them about \$30 million in new money over a five-year period.

Oliver, a last minute replacement for Killer Ellis, came into the scheduled 10-rounder with the reputation of being a good boxer, a stiff puncher and having a great deal of heart.

Clarence "Hurricane" Henderson, 154 of Orlando, kept his record perfect with a smashing one round knockout over "Babe" Clark, 152, in another scheduled six rounder.

Winning Isn't Everything, Cross Country Coach Says

Don't call Larry McCorkle a masochist when he says winning isn't everything. And don't get the idea he enjoys seeing members of his Seminole High cross country team left in the dust by other hustling cross country runners.

Haynes' Hunches By JIM HAYNES

McCorkle's basic philosophy centers around development, and it is his aim to help soccer players, wrestlers, trackmen and anybody who wants to run.

Daryl Sanders, Pat O'Brien and Tiley Turner. The latter pair are sophomores. Sanders was in awe at McCorkle's instructions last week for training. He said 13 bursts of one-half-mile each within a prescribed time-period, and only three minute rests between bursts.

McCorkle happens to be Seminole's soccer coach, and the mysterious rumor got around school that if a boy wanted to come out for soccer, he better also come out for cross country.

McCorkle's basic philosophy centers around development, and it is his aim to help soccer players, wrestlers, trackmen and anybody who wants to run.

SEC Rejects Florida Plan

BIRMINGHAM, Ala. (AP) — The 10 Southeastern Conference members have rejected a Florida proposal by the University of Florida to limit home to limit home as well as visiting football teams to 48 players in conference games.

SEC Rejects Florida Plan. Athletic Association economy rule has limited travel squads to 48 players and home teams to 60.

SPORTS IN BRIEF

Ex-Basketball Star Draws Second Jail Term In Two Days

PHOENIX, Ariz. (AP) — Paul Stovall, a former basketball star for Arizona State University, has been sentenced to his second prison term in two days...

Plunkett Exercising Shoulder

FOXBORO, Mass. (AP) — New England quarterback Jim Plunkett exercised his mending shoulder in pass drills here Tuesday, but Coach Chuck Fairbanks says he'll make the decision on when Plunkett will return to the lineup...

Plunkett, who suffered a separated left shoulder less than three weeks ago, is a "doubtful starter" for Sunday's game against Miami in Schaefer Stadium here.

Blood Clots Found

ATLANTA (AP) — Atlanta Falcons defensive end Claude Humphrey, already out for the season with a knee injury, is being treated for blood clotting in his lungs, according to the National Football League club.

Nissenon's Selections

Buckeyes Picked Over N. Carolina

By HERSCHEL NISSENON AP Sports Writer NEW YORK (AP) — You can't think what you like about Woody Hayes — he'll tell you himself he's near — but don't ever accuse him of not being honest.

N.C. State Guard Higgins Named Top Lineman

RALEIGH, N.C. (AP) — The kids in the vocational education class at Millbrook High School had a new reason to call their state teaching assistant "sir" today.

Tars Host Southern

WINTER PARK — The Rollins College soccer team, recovering from a disappointing 3-2 overtime loss to Florida State Saturday, will host Florida Southern Friday at 3:30 p.m. in the Rollins Sandspur Bowl.

Florida Southern, rebounding after a winless year (0-11), has recruited three top notch freshmen in Charles Tudyk, Kentley Cassidy and Doug Kaufman.

Orioles' Weaver insists It's Not Over Yet

By THE ASSOCIATED PRESS with them, but not Weaver's spirits. The Birds trail Boston by four games. They have had eight games left and the Red Sox have six.

A's On Ice; Royals Slice Gap To Five

By THE ASSOCIATED PRESS The champagne in Oakland's dressing room has been on ice for three days — and so have the A's.

Frazier-Ali Rivalry Grows As Bout Nears

By THE ASSOCIATED PRESS "We've won 89 games and I thought in the winter that I'd win it."

Indians 4, Brewers 3

George Hendrick hit his 20th home run of the season on Bill Travers' first pitch in the ninth inning to give Cleveland its victory.

White Sox 6, Angels 4

Kansas City kept its hopes alive with a 4-0 triumph over Texas but Royals' Manager Whitey Herzog smiled when asked about overtaking the A's.

TONIGHT'S HIGHLIGHTS

LITTLE HITCH: John Scall, former U.S. ambassador to the United Nations, had to delay his return to ABC as a news commentator because of all things of a press reception, the network where he worked before he joined the government. He is scheduled to appear on the "Issues and Answers" taping. One problem: the taping. One problem: the taping. One problem: the taping.

Board Upholds 'Courtesy' Move Skylark Busing To Begin

By JOE ASKREN
Herald Staff Writer

ALAMONTE SPRINGS — Courtesy busing begins Monday for the more than 60 pupils from the Skylark subdivision who were faced with a "dangerous long walk" to their Longwood Elementary School, less than two miles away.

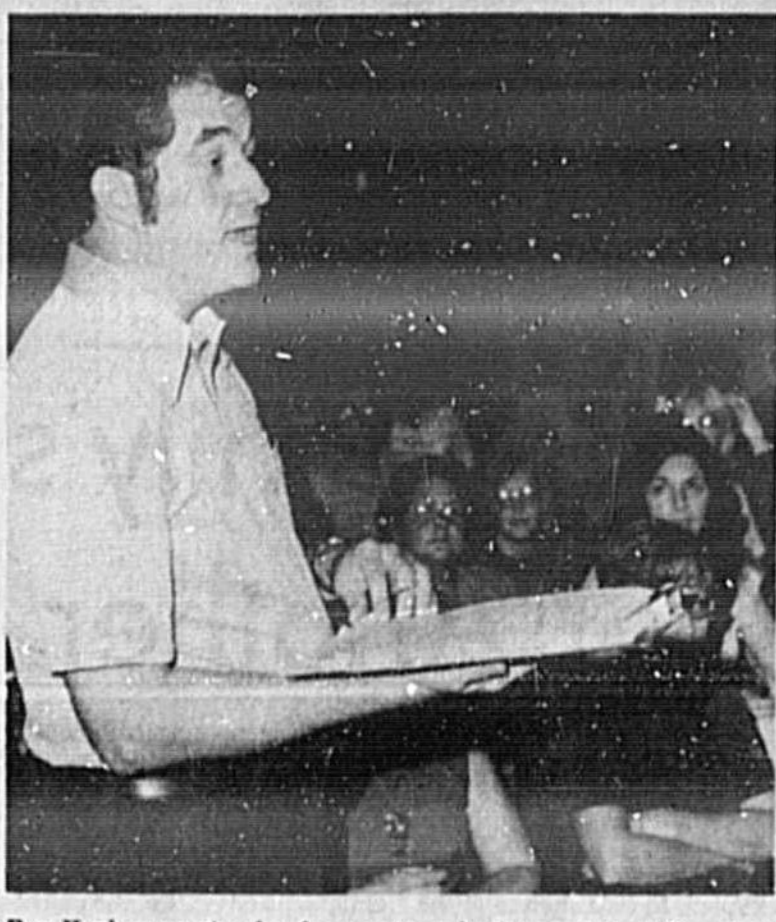

Seminole County School Board members Wednesday night upheld a 3-2 decision made two weeks ago to provide courtesy busing and accused Superintendent William P. "Bud" Laver of using "delaying tactics" in not implementing the service.

Board member Dave Sims said Laver was "entirely out of order" by asking the board to reconsider its earlier action to provide the service as a regular agenda item.

"The board voted two weeks ago for the courtesy busing and it's the superintendent's obligation to implement it on the basis of a double-run, and bus drivers say it can be done, but they've been told to keep it low key and keep their mouth shut," said Sims.

"Sixty-six kids won't throw off the whole county (busing system). You just don't want to do it... I'd rather be home watching television if you're not going to implement our plans," Sims said. The audience applauded.

Neither Board members

Ron Korb presents plea for courtesy busing to School Board at Wednesday night's meeting. (Herald Photo by Joe Askren)

Allan Keeth, Pat Telson nor Sims, who voted for the busing service two weeks ago, wanted to reconsider their action. Board attorney Douglas Stenstrom said the action was made for "safety reasons."

Laver, who termed the Skylark request "low priority," said "sometimes we get too emotionally involved."

Both Keeth and Mrs. Telson said they favored Laver's third recommendation, but that the board should provide the service to the Longwood pupils in the meantime.

"Why are we beating this issue to death again?" asked Keeth.

Laver said the administration tried to follow the board's direction, but state law requires the superintendent to first relieve the "overcrowding of (regular) buses and correct some of our existing bus routes."

"That's the reason no action was taken," said Laver.

Board Chairman Robert "Bud" Feather agreed with Mrs. Telson to have the Countywide Advisory Committee come up with criteria for granting future courtesy busing requests at 7:30 p.m. Oct. 15 meeting.

Freeman: Sublease Lets State Off Hook

Crime Lab Payroll Rescued By County Board, Vihlen Says

By ED FRICZETT
Herald Staff Writer

Seminole County Commissioner rescued a half-million dollar yearly payroll by agreeing to sublease the Sanford Crime Lab, according to Commission Chairman Sid Vihlen Jr.

"The (state) attorney general will not allow a state agency to do what we have done," Freeman said. The present agreement was entered into before Freeman assumed the county attorney's position.

Earlier this year, crime lab operations were taken over by the state, after federal funding was withdrawn. For a time, it was rumored the lab would close, but the legislature provided necessary funds for the lab's operations.

The crime lab serves 26 counties, and law enforcement officers say it's a necessity for Central Florida crime fighters.

"There is going to be a crime lab in Central Florida," Sheriff John Polk said.

After assurances the lab wouldn't cost the county any money — unless the state reneges, somehow, on its funding policies — commissioners Tuesday approved the sublease negotiated by the commission chairman.

But, approval was not without some reservations.

Bandits In Ski Masks Bind Man, Loot House

By BOB LLOYD
Herald Staff Writer

Ski-masked bandits broke into a south Seminole house early today, tied up and robbed a resident and stole a pickup truck to make their getaway.

Sheriff's agents said the burglary-robbery is the sixth by ski-masked bandits in eight months — and the second one this week.

Ricky Smith, 22, told deputies he came home to 2119 Falmouth Road just before midnight and was jumped by two men armed with carjacks as he entered the rear door.

Deputy B.L. Thompson reported Smith was tied up with electrical cords and hauled into a rear bedroom.

The two masked men, dressed in army-type jackets, then continued ransacking the house for 90 minutes, according to Smith, before they escaped by stealing a 1975 silver grey Chevrolet pickup truck parked in the driveway of the residence.

Deputies said the house and truck are owned by Nick Mayback, who was away from home when the incident occurred.

Investigators said the armed bandits took an undisclosed amount of loot from the house.

Deputies said included in the items taken were a .45 caliber pistol and 1,000 rounds of ammunition.

Deputies today were searching for the stolen truck. They said the vehicle had mag wheels, a canvas back cover and a personalized license tag bearing the word "Subbath."

Early Sunday three ski-masked men in army-type jackets, armed with shotguns, smashed their way into a house on Hed Bug Road at Lake Howell, tied up and robbed four persons, and escaped in an auto belonging to one of the victims. The auto was later found stuck in sand in an orange grove in south Seminole.

Investigators say robbery-robberies over the last eight months for four vehicles were stolen. In three of the cases the autos were later recovered.

In other reports, deputies said today that apparently thieves who took four mag wheels off two cars at the

Bandits In Ski Masks Bind Man, Loot House

Sanford Auto Auction parking lot, West First Street, Sanford, on Tuesday returned Wednesday night and took the remaining mag wheels off the vehicles.

Deputy Jim Hibbard said the value of the items taken off the autos now totals \$840.

In both instances, the thieves apparently scaled a fence to get to the autos, deputies said.

Sanford police early today discovered a break-in at the Sanford Auction house, French Avenue and 12th Street.

Patrolman Richard L. Bennett reported he found the building had been entered by removing glass panes from a jalousie window.

Police said the burglars took six rifles, valued at \$200, plus the window panes.

Sheriff's deputies today were also investigating the theft of a \$130 citizens band radio unit from a car at the 554 Brookside Dr., Forest Brook, residence of H.E. Mills and the theft of a 300-pound platform scale, valued at \$200, from the Seminole Garden Center, U.S. 17-92, Longwood.

Ambulance Rate Increase Studied

By BOB LLOYD
Herald Staff Writer

A request by Herndon Kimbrough said it "bothers" him that requests are identical for both emergency and non-emergency runs because non-emergency runs are the profit-makers.

Also, Kimbrough has repeatedly asked for information which shows all Herndon ambulances contracted for remain exclusively in Seminole County.

Kaiser is expected to provide that information at the next meeting.

Meanwhile, Herndon officials have asked the commission to raise fees for non-emergency runs from \$25 to \$30, and for a hike in emergency calls from \$30 to \$35.

Ellis said this year's contract runs out Oct. 1, that commission action is needed at next Tuesday's meeting.

Commissioner John Kimbrough has surfaced as the most vocal opponent of Herndon's request for higher rates.

At last Tuesday's meeting, Kimbrough told the commission, "If it comes up today, I'll have to vote against it."

The spokesman noted, however, there are times when "emergency transfers" are required.

The spokesman indicated perhaps some disagreement exists over location of the three vehicles.

"Some people don't like the locations. Tell us, and we'll move them," said Herb Perry, a company spokesman.

Ambulances are located in Casselberry, Sanford and the Seminole Goldenrod area.

It's the operations of the Seminole-Goldenrod ambulance that are in question. Perry said county lines "run all over the place" in that area.

He said the company sends the ambulance closest to an emergency.

But, he said the ambulances contracted for in Seminole serve Seminole first.

Herndon cites the rising cost of gasoline and other related items as reasons for the rate hike request.

Baseball Bat Comes In Handy

By BOB LLOYD
Herald Staff Writer

J.L. Hale has a baseball bat and he used it early today — to hold a burglary suspect at bay.

Sanford police responded at 12:40 a.m. to Hale's 1312 Summerline Ave. home to find the 47-year-old railroad employe holding a Winter Park man for officers.

Hale told police he and two other members of his family were in the house when a window screen was removed and a man entered the dwelling.

Officers reported the alleged burglar pulled out a knife when confronted, but Hale grabbed the bat

CLUB HONORS HONEST BOY

Optimist L.V. Jack Devlin presents certificate of merit and appreciation to 12-year-old Milwee Middle School student Tom Von Gunten at breakfast meeting of the Optimist Club today at Land of Lakes Country Club, Casselberry, as Sheriff John Polk looks on. The son of Mr. and Mrs. John Von Gunten, Tom found a large sum of money in the street six months ago and turned it over to the Sheriff's office. So far no one has claimed the money, which will be returned to the finder if unclaimed. (Herald Photo by Jane Casselberry)

Baseball Bat Comes In Handy

and chased the man out of the house after the suspect dropped the knife.

"He was forced to drop it by bat-wielding Mr. Hale," Patrolman Steven Harriett reported.

Harriett arrested Edward W. Questionary, 20, of Winter Park, on a charge of breaking and entering a dwelling. Questionary is being held in jail on \$3,000 bond.

"The suspect appeared to be under the influence of some type drug and was very uncooperative during the booking process," Harriett said.

Police said two hours later, in a separate incident, Lewis Small, 63, of Park Ave. Trailer Park, heard a noise at his outside utility shed. Small went outside, officers said, to confront an unidentified man. The intruder slashed at Small with a knife and knocked off his glasses, cutting his nose. The man demanded Small's wallet, but the householder didn't have one.

Police said the intruder was last seen running west in the vicinity of Park Ave.
