

# 'Cold War' Did Not Take Place

WASHINGTON, (AP)—The "cold war" that may Republicans predicted if President Eisenhower had a Democratic Congress in the last two years of his first term didn't take place.

"Peaceful co-existence" best describes the atmosphere in which the Republican President and the Democratic 84th Congress have worked since January 1955.

Few presidents have fared better, legislatively, than did President Eisenhower at the hands of the Democratic Congress. He didn't get everything he asked for or in the shape he wanted it. But few presidents do.

The relative harmony between Capitol Hill and the White House during the past two years traces to several major factors: Eisenhower's own political philosophy, sound politics, and the personalities of the congressional leaders in both political parties.

Representing what has come to be called the liberal wing of the Republican Party, the President often found himself in general agreement with Democratic political leaders on basic matters. Democrats repeatedly chided the President for adopting Democratic policies, particularly in the field of foreign relations.

Political strategists in Democratic congressional ranks long ago abandoned any thought of carrying on a personal fight against Eisenhower. They figured that the President was too popular and too much of a public idol to be the direct target of political verbal shots.

Probably the man most responsible for the moderate course of opposition taken by the Democrats is Sam Rayburn of Texas who has been speaker of the House longer than any other person.

An astute politician, Rayburn's personal interference kept his colleagues on more than one occasion from scuttling legislative proposals just because they came from a Republican president.

Rayburn wanted the 84th Congress to demonstrate to President Eisenhower that he was wrong when, during the 1954 congressional elections, he said he needed more Republicans in Congress to help carry out the presidential program.

Helping Rayburn was House Majority Leader John McCormack, the mild, Massachusetts Irishman who has been an expert at keeping together the sometimes violently different factions of the Democratic Party.

From the Republican side of the aisle in the House, big contributions to harmonious relations came from Joseph W. Martin Jr. of Massachusetts, highly respected by both parties; and from Martin's right hand man, Charles A. Halleck, hard hitting and practical Hoosier.

These four—Rayburn, McCormack, Martin and Halleck—got together on more than one occasion to rescue sinking legislation which Eisenhower has proposed.

A look at the box score of major legislation shows the President with a good batting average:

Social security: Eisenhower got more than he asked for from both the Senate and the House with Democrats taking the lead in "out liberalizing" the Republicans.

Military: A program to strengthen the reserve, advocated by the President, was enacted. Over Republican opposition, and against administration wishes, Congress voted the Air Force almost a billion dollars in extra money. Congress early last year voted the President a free hand in helping defend Formosa from any attack from a communist China.

Civil rights: Eisenhower did not get final action on his request to strengthen the Justice Department's powers to prevent abuses of voting and other rights because of race or color.

Foreign aid: Congress extended the program and voted billions to finance it although Eisenhower lost his fight for all the money he asked.

Federal aid for schools: Congress turned down the administration on this proposal after a House fight over civil rights.

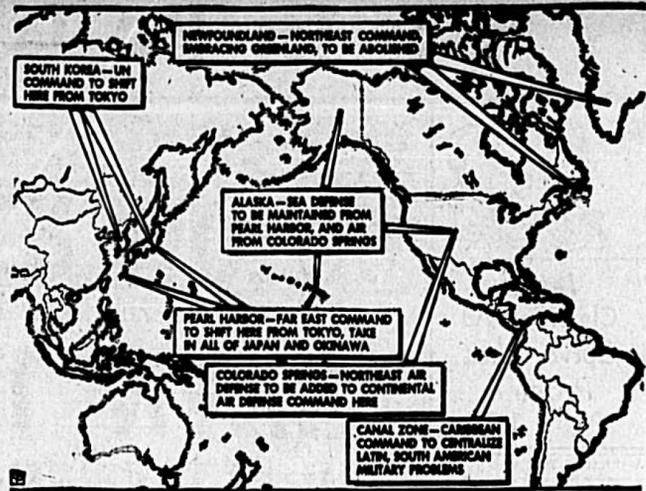

Agriculture: Eisenhower got what he wanted—a soil bank program without a return to rigid price supports.

Natural gas: Eisenhower vetoed a bill that would have exempted natural gas producers from federal control—but only because of lobbying tactics of some opponents of the bill.

Highway construction: Eisenhower accepted a bill providing for a multibillion dollar tax financed program of road construction. It was a Democratic substitute for the bond financed plan the administration originally sought.

Reciprocal trade: Eisenhower's request for extension of the reciprocal trade agreements act became law although the bill came within one vote of being killed quickly in the House.

Congress went further than Eisenhower requested in the matter of minimum wage increase by vot-

THE ABOVE MAP indicates major shifts in U. S. defense strategy set for next year. Strategists have decided to rely almost wholly on air and naval power everywhere but in Europe. Major ground forces will be pulled out of Japan, once busy hub of U. S. operations in Korean war and elsewhere in Far East.

## Landon Has More Interest In Demo Confab Than GOP

TOPEKA, Kan. (AP)—Alfred M. Landon, the Republican presidential candidate of 20 years ago, says he believes he will find more of interest in the Democratic National Convention than that of his own party.

As a result, Landon will be on a fishing trip in Colorado. He does not even plan to listen to the GOP convention on radio or watch it on television.

"It's going to be too cut and dried," is his simple explanation. "I think the Republicans probably will win in November," Landon said here Monday and added, "but there is always a question about anything in which the American voter is concerned."

Landon says he has little doubt that anyone other than Richard Nixon will be nominated as the GOP vice presidential candidate.

Landon did cite two things he feels could alter Republican chances. One is a general weakening of the economic picture of the country. The other is a serious reversal for America in foreign affairs.

The DiMaggio hold the brother record for All-Star game appearances. Joe DiMaggio played in 11 games and Dom DiMaggio was in six.

### Legal Notice

IN THE CIRCUIT COURT FOR THE SIXTH JUDICIAL CIRCUIT IN AND FOR THE COUNTY OF SEMINOLE, FLORIDA.

NOTICE TO CREDITORS

IN THE COURT OF THE COUNTY OF SEMINOLE, FLORIDA, IN PROBATE IN THE ESTATE OF O. C. WILCOX DECEASED.

TO ALL CREDITORS AND ALL PERSONS HAVING CLAIMS OR DEMANDS AGAINST SAID ESTATE: You, and each of you, are hereby notified and required to present any claims and demands which you, or either of you, may have against the estate of O. C. WILCOX, deceased, late of Seminole County, Florida, to the Hon. Ernest Housholder, County Judge of Seminole County, Florida, within eight months from the date of the first publication hereof. All claims and demands not presented within the time and in the manner prescribed herein shall be barred as provided by law.

Dated July 23, 1956

/s/ HARRIET E. WILCOX  
An Executrix of the Last Will and Testament of O. C. Wilcox deceased.

Plaintiffs:  
KELIA CLARK, et al.

Defendants:  
TO: KELIA CLARK, whose last known residence was 2211 Dixie Avenue, Citrus County, Ohio, if alive, and if dead, her unknown heirs at law, legatees, devisees, or assigns, and any and all persons having or claiming to have any right, title or interest in the property hereinafter described.

You and each of you hereby take notice that a suit has been filed against you in the above Court. The nature of the suit or proceeding is a suit to quiet title in the plaintiffs to the hereinafter described property. The name of the Court in which said suit or proceeding is pending is The Circuit Court for the Sixth Judicial Circuit in and for the County of Seminole, State of Florida, in Chancery No. 9186. The abbreviated title of the case is Jones C. Clamont and Paul W. Flavin, plaintiffs, vs. Kelia Clark, et al., defendants.

The description of the real property involved in said proceedings described in the Complaint is as follows:

Lot 24 Block 8 of West Wildmore, Second Section, Longwood, Florida, according to the plat thereof as recorded in Plat Book 8, Page 5, Public Records of Seminole County, Florida.

You and each of you are required to file your answer with the Clerk of the above Court and serve a copy thereof upon plaintiff's attorneys, whose address is 26 East Pine Street, Orlando, Florida, not later than the 25th day of August, A. D. 1956, as required by law, in a Deed Pro Confesso will be entered against you and each of you.

I, WINTERS WIERHOFF, I have hereunto set my hand and affixed my official seal at Sanford, Seminole County, Florida, this 19th day of July, A. D. 1956.

### Try These

Add a cup of grated cheddar cheese to a standard baking powder biscuit recipe and serve with an asparagus salad for lunch.

Mix sugar, grated orange rind and orange juice. Spread on hot buttered toast and then run under the broiler! Nice for after-school snacks.

Like curry flavor? Try sprinkling just a suspicion of the spice over scrambled eggs just before they are ready.

Melt currant or grape jelly and use as a quick sauce for cottage pudding.

THIS 1954 OLDSMOBILE flipped on a shoulder and landed on its top Sunday morning on Highway 17-92 while attempting to pass another car.

## Councilmen Okay 1956-57 Budget For Longwood

By MRS. RUTH LAYO  
Councilmen of Longwood approved the town's budget for 1956-57 unanimously at their meeting on Thursday evening. The budget being set at \$12,953.00 for the coming year. The millage will remain at twelve mills, the same figure as for the past several years.

L. C. Hunt requested that Florida Ave. be opened for two city blocks and that water mains be laid, so that he could start a proposed building project. Council agreed to open the street and will lay water mains as needed. Two other permits were approved for new homes to be constructed as well as a permit for an addition to an existing home.

Ordinance No. 181, setting the hours for all establishments selling any kind of alcoholic beverages, was approved for its second reading.

Water Commissioner Samuel Johnson reported that the new water pump had been installed and was expected to be put in operation in two days.

## Dial To Discuss Road Program At Kiwanis Meet

Members of the Sanford Kiwanis Club will hear more about Florida's road program as well as progress in the Seminole County road expansion at their noon luncheon meeting Wednesday at the Sanford Yacht Club.

Fifth District Road Board Member William H. Dial will speak at this week's Kiwanis luncheon meeting.

## Paul D. Jones, 60, Dies In Lake City

Paul Dardus Jones, 60, died in the Veterans Hospital in Lake City at 8:30 this morning after an illness of two years.

## Membership Drive To Be Discussed By Chiefs Club

The second meeting of the Seminole Chiefs Club has been set for tomorrow night in the Commissioners Room of the Sanford City Hall at 8 o'clock.

## Defective Wiring Causes Car Fire

The Sanford Fire Department answered a call at 1220 E. Randolph St., Saturday. A car, owned by J. Harold Rader, caught on fire but was put out by the department.

## Six Accidents Are Reported Sunday

A 1954 Oldsmobile, trying to pass another car, flipped on the shoulder of the road two miles north of Sanford on highway 17-92 9:13 Sunday morning and landed on its top.

The car driven by Herbert J. Green, Miami Beach, was traveling south and came behind a car which was traveling at a slower speed. Attempting to pass Green met another car as he started around and hit his brakes flipping the car on its top. Damage was reported at \$600 and charges were brought against him. Plim, Carl Williams was assisted at scene of the accident by the Seminole County Sheriff's department. Neither Green nor his wife, Lillian, suffered any serious injury.

Patrolman Williams also was called to Ovidio last night at 7:10 when John F. Russ, 50-year-old colored man, clipped a Negro boy on a bicycle.

Russ, driving a 1941 Ford truck was driving at a normal rate of speed when he "barely" touched the bicycle of the boy who was riding on the shoulder of the road. He was taken to the Seminole Memorial Hospital but no serious injury was found. Russ was charged with a violation of driver's license as he only had a restricted license.

Patrolman T. Mark Mack investigated four accidents yesterday in which there were no serious injuries.

The first one occurred at 8:05 Sunday morning when a 1950 Ford Coach turned over on Seminole Blvd. The driver was carried to Orlando and his name was not available at this time. Approximately \$2000 damage was reported to the car.

At 7:30 a. m. a 1955 Chevrolet turned over in Longwood between the town and highway 17-92. Driver was Robert Rosser, 25-year-old man from Orlando. The top and side of the car were damaged approximately \$500. He was charged with speeding.

A 32-year-old Orlando man, Edward Borsdorf, was charged with reckless driving when he smashed into the side of a car driven by Michel Kilman, VAH-9, Sanford Naval Air Station.

Borsdorf was driving on the Lake Front, at about 6:25 p. m. yesterday afternoon about five miles this side of the bridge, when Kilman, 18 years old, started to pass him. As the 1953 Chevrolet convertible owned by Kilman pulled around the 1940 Chevy coupe driven by Borsdorf it was rammed by Borsdorf who had also started to pass the car in front of him. Total damage was estimated at \$150.

At 7:05 p. m. in Lake Monroe, Desale King, driver of a 1950 Ford sedan was hit by Ruston Busby as he pulled out of the road to his home onto Goose St., a backroad of Lake Monroe.

Mrs. King was driving north on Goose Street when the 1950 Plymouth Station wagon driven by Busby pulled out of the side road. Due to the heavy underbrush on the ditch bank he didn't see her car and hit the side of the Ford doing approximately \$100 dollars damage to it. Busby was charged with violating the right of way. There were no injuries.

The Volusia County Highway patrol reports an accident late yesterday afternoon on State Road 45, seven miles north of Osteen when a 1955 Chevrolet driven by Mrs. Margaret K. Scott failed to make a curve and skidded 285 feet down the shoulder of the road and turned over.

Mrs. Scott's address is Rt. 2 Box 404 Sanford. She was reported traveling at a high rate of speed when her car turned over. She was taken to Seminole Memorial Hospital and suffered abrasions and lacerations of the arms, legs and forehead. She also was said to have a back injury. The car was demolished.

## Smathers To Address Convention

Senator George Smathers, (D-Fla.) has accepted an invitation extended by Paul Butler, Chairman of the Democratic National Committee, to address the 22nd Democratic National Convention at Chicago on its opening day, Monday, August 13.

Smathers will speak as Chairman of the Democratic Senatorial Campaign Committee before the Convention. This honor is attributed to the increased activities of the Committee and Smathers' personal leadership in the United States Senate and national affairs.

The Florida Senator, often mentioned as a vice-presidential possibility, will outline the issues in the forthcoming Senatorial campaign and will introduce several Senatorial candidates to the Convention and nationwide television and radio audiences.

As 'quarterback' of the Democratic Senators who seek re-election, as well as those who are opposing GOP incumbents, Smathers will coordinate fund raising and campaign activities throughout the country.

In addressing the Convention, Smathers will stress heavily the record of accomplishment of the 8th Congress under the able and outstanding leadership of two great Democrats, Senator Lyndon B. Johnson, Majority Leader of the Senate, and the Honorable Sam Rayburn, Speaker of the House.

Senator Smathers, just recently appointed Chairman of the Democratic Senatorial Campaign Committee, succeeds the late and beloved Senator and former Vice-President Allen Barkley.

Other members of the Democratic Senatorial Campaign Committee are Vice-Chairman Hubert Humphrey of Minnesota, Senator Henry Jackson of Washington, Senator Stuart Symington of Missouri, Senator Richard Neuberger of Oregon and Senator John Sparkman of Alabama.

## Burpee Seedmen Win Championship

The city-wide softball championship was won by W. Atlee Burpee in the final game of the season Friday night on the Fort Mellon Park diamond.

It is the second year the seed company team has won the trophy in the Recreation Department sponsored league which is under the direction of Howard Gordie.

W. Atlee Burpee scored nine runs off 11 hits with pitcher Glen Elland collecting eight strikeouts. Gene Nichols was behind the plate as catcher.

Hunt-McRoberts, runnerup in the championship games scored seven runs off 9 hits, making four of the runs in the first inning. Pitcher J. B. Watson had seven strikeouts with Bill Richard behind the plate as catcher.

The score in Friday night's championship game was 5-6 until the sixth inning when the W. Atlee Burpee team scored four runs off five hits. The seedmen's Ed Lockett got three hits for four times at bat and James Davis had a double and a triple in his three out of four.

Both teams committed two errors.

Hunt-McRoberts came back in the seventh inning with two hits and two runs including a triple by Eugene Pennington. The rally was too late however to build up the score.

## Deame Re-Enlists To Conclude 20 Years With Navy

Francis P. Deame, personnelman, first class, was recently administered the oath upon re-enlistment for four years by Commander W. W. Stetson, Commanding Officer, Fleet Aircraft Service Squadron 51, Sanford, Naval Air Station.

Deame, son of Mr. and Mrs. J. Leopold of Pittsfield, Mass., first enlisted in the United States Navy in February 1939 at Springfield, Mass. This enlistment will conclude his 20 years service with the Navy, which will enable him to go into the Fleet Reserve on inactive duty if he so chooses. He has seen duty aboard battleships and cruisers as well as many Naval Air Stations and Naval Bases overseas and in the United States. He reported to FASRON-51 from the USS Salem (CA-139) in September 1954.

He is married to the former Miss Lorraine R. Geswell of North Randolph, Mass., and they with their two daughters reside at 2419 South Orange St., Sanford. Deame is well known by many here as an instructor and promoter of tennis for the younger group of Sanford.

# Knowles Expresses Need For Sewage Treatment Plant

## Mental Health Unit To Form Wednesday

On Wednesday at 2 p. m. local persons interested in the formation of a Seminole County Mental Health Unit will meet at the First Federal Savings and Loan Assn. Everyone wishing to take part in this public service is urged to attend.

Coming to Sanford for the meeting will be Miss Margaret Mays, Field Representative of the National Association for Mental Health, who is coming from Washington to assist in this and other Florida activities related to mental health.

In the initial effort of the local group over \$300 was raised and sent to state headquarters in Jacksonville. If the Seminole County association is formed, much of that money can be changed by the state and national organization. It was said. This underscores the importance of the meeting Wednesday.

Among those who have spearheaded the drive here are Mrs. Charles Park, Mrs. Gustaf Bamberger, Mrs. Sidney Ives III, and Mrs. B. E. Chapman, representing the Pilot Club which has undertaken the work as one of its public service projects. George Touhy has served as chairman.

## County Sales Tax Collections Exceed Last Year's Total

Sales Tax collections during the summer months continue to increase and to exceed last year's reports—evidence both of continued Florida growth and of increasing summer tourism.

In Seminole County, the sales tax collection during July, based on June sales for 1956 exceeded by \$1,041.40 the collections during the same period during 1955.

The report is made by Ray E. Green, State Comptroller.

Sales Tax collections during July, based on June sales, total \$7,149,604. This is not only an increase of \$182,612 over collections of \$6,966,992 of the previous month, but it exceeds by \$1,214,594 (20 per cent) collections for the same period last year. (\$5,935,009 in 1955).

This is the first collection during the new fiscal year which started July 1. (Sales tax collections during the fiscal year just ended exceeded the previous year by \$12 million, 18.3 per cent.)

## Building Date May Be Soon

The need for and the inevitable construction of a primary treatment plant for sewage was voiced by Sanford's City Manager Warren E. Knowles last Friday in an interview to bring out for Sanford citizens the present status of the City relative to its agreement with the State Board of Health of March 23, 1953.

Going back to the beginning of the city's water and sewer program, City Manager Knowles pointed out that the City of Sanford now has invested in that project a total of \$1,450,000 derived from the maximum amount of money that could be derived from a bond issue and an additional sum from the issuance of pari passu bonds.

The City of Sanford operates with two separate budgets, Knowles said. A budget for the operation of the City and a separate budget for the operation of its utilities.

The Utilities Department budget is entirely separate and monies are from revenues received by that particular department. Other funds cannot be used for utilities, he explained.

The original bond issue for the sewer and water project were authorized under a bond ordinance based on the revenues of that department.

All expenses, salaries and operation, as well as equipment and maintenance, together with any capital improvements and debt retirement are paid by the users of the utilities—water and sewer, Knowles outlined.

All other revenues of the city support the general operating expense, capital improvements and debt retirement of the city.

"The proposed sewage treatment plant would have to come from Utility Department revenues," the city manager explained. "Present revenues," he said, "have been built up to the expected margin whereby we can make capital improvements at the present time due to the late start in putting the utility charges on," he said.

"The utility charges were delayed almost a year due to the added and unexpected emergency and construction work on the sewage collection system," Knowles said.

Explaining the status of the treatment plant, City Manager Knowles said, "Should a treatment plant be built now it would necessitate an increase in the rates of the sewer service charge in order to finance the construction costs."

The original plans for the treatment plant called for the construction from funds derived from a pari passu bond issue which had to be used for the added construction costs. And now a time element must elapse to build up our present revenue reserve, Knowles explained.

The Board of Sanford City Commissioners sincerely believes, as it has expressed itself on various occasions when considering capital improvements in the Utility Department, that the citizens of Sanford do not wish their service charges increased in order to make immediate capital improvements to the magnitude of \$200,000 for a sewage treatment plant when it can be built within a few years on the present revenue structure.

When asked if a definite date to be named for the construction of the proposed plant, City Manager Knowles said "It is my opinion that every one of the commissioners is in favor of building the sewage treatment plant as soon as economically possible—and the sooner the better."

## Board To Consider Proposed Capital Improvement Plan

The Board of Sanford City Commissioners has been called into a special session tonight at the Commissioners Room in the City Hall to consider the proposed Capital Improvement Program.

Mayor F. D. Scott issued the call for the special meeting which is slated to get underway tonight at 8 o'clock.

The agenda of the meeting also includes "any other business that may come before the City Commission."

## Negro Man Drowns In Welfare Lake While Swimming

A 21-year-old Negro youth was drowned in Welfare Lake in the Markham community Saturday morning shortly before 8 o'clock.

Welfare Lake has been the scene of several similar mishaps during the past several years.

Archie Campbell, a Lake Monroe Negro, while swimming across the lake with two of his brothers and three companions, apparently tired out, vent under the water in approximately the center of the lake.

The body of the swimmer was not recovered until shortly after 2 o'clock Saturday afternoon, according to Coroner W. Hugh Duncan. He was pulled from approximately 12 feet of water by Deputy Sheriff Denton Prevatt.

Coroner W. Hugh Duncan said that no inquest will be held due to the fact that there were witnesses to the accidental drowning.

Investigating the drowning were Sheriff J. L. Hobby, and Deputy Sheriffs Morgan McClelland and Denton Prevatt.

## P. Toney Awarded \$500 Scholarship By Radiation, Inc.

Six Central Florida young people including one from Sanford, were named today as recipients of the annual Radiation, Inc., scholarship awards. These awards of \$500 are made to employees of the company or their children on the basis of outstanding scholastic work records.

Named in the announcement by Homer E. Denius, president of Radiation, were Robert Baker, Marvin Moss, and Marilyn Murray, all of whom are graduates of Melbourne High School; David Daniel, a graduate of Cocoa High School; Phillip Toney, of Seminole High School; and George Yarbrough, of Orlando High. The latter two are employed in the Orlando division of the company while the others are employed in Melbourne.

The scholarships are awarded from a fund set up and administered by the company education committee. Awards are made to present or prospective college students interested in the fields of electrical and mechanical engineering, business administration, engineering management, and physics. College graduates in these fields are too few to fill today's need for technical personnel and the shortage is likely to continue unless something is done.

Programs such as this by industry are one answer to the problem; by encouraging more students to enter these fields this shortage may be alleviated within a few years.

Radiation was incorporated in Florida in 1950. It is a progressive organization which is rapidly becoming recognized as a leader in the electronic research and development industry. Its operation is expanding in both Melbourne and Orlando area. Present plans call for employment of 750 people by the first of December, with a payroll of more than \$4½ million.

## Allyson Lee Will Appear At Orlando Kiwanis Club

The members of the North Orlando Kiwanis Club will have the opportunity tomorrow noon when they meet in the Seminole Room of the Hotel Angelini of hearing little Miss Allyson Lee, 11-year-old concert pianist, daughter of Mrs. and Mrs. John L. Lee of Sanford.

The accomplished young musician who has scored heavily on every one of her numerous appearances before church and civic groups will offer a program that would do justice to a pianist twice and three times her age, ranging from Bach to "Boogie". Her repertoire consists of some sixty-odd numbers, all of which she has committed to memory.

She will be introduced to her audience by Charlie Morrison, member of The Herald advertising staff, who is greatly interested in furthering Allyson's musical career.

BEING ADMINISTERED the oath upon re-enlistment for four years by Commander W. W. Stetson, Commanding Officer, Fleet Aircraft Service Squadron, 51, in Francis P. Deame, personnelman first class. (Official Photo U. S. Navy)

# People Grateful To Denver Cordell For Job Well Done Serving As Sheriff

The full extent of the State statutes has been carried out.

At the same time, the wishes of the people have been carried out as expressed in the polls in the May Primary.

There has been not one moment when Seminole County was not protected by men of strength and courage—men who have sacrificed in one way or another to see that laws of the State were carried out.

Sheriff J. Luther Hobby has been returned to the office of Seminole County Sheriff by the mandate of the people and through the due process as required by State law.

We must not be forgetful, however, of the sacrifices made by the retiring Sheriff, J. Denver Cordell, who, in a time of necessity gave up his business, retired from service as a representative of the people in its city government, and took over the reins of the important phase of our county government, that of sheriff, to carry on the pressing duties of that office.

Few of us, if any, know of the weight placed upon a citizen's shoulders when the oath of office is taken by a County Sheriff. The duties undertaken in this one branch of government are innumerable.

However, Denver Cordell, backed by the citizens of the county and through the appointment of the State's highest officer, had the courage and fortitude—the integrity—to assume those duties with an unflinching fearlessness.

It is true that Denver Cordell realized that the length of his term could have been a week, month, or year—but whatever the length of time to be served—he approached it with concern only in carrying out the duties placed in his hands to complete.

Certainly we feel that the people of Seminole County are grateful for the efforts expended by Denver Cordell in filling the

office of Sheriff of Seminole County from December 2, 1955 to August 2, 1956. The way we look at it there is no other way the citizens of this county can feel. People speak their thanks silently—but it is there in heartfelt praise for the service of a citizen to his government.

## Strikes Are Costly

Although the steel strike is over, its painful effects on the economy will be felt for some time to come. The Steelworkers Union won a substantial pay boost and fringe benefits, the industry got a prime justification for a price raise. Only the consumer will be hurt, over the long run, by this work stoppage.

Steel prices will go up, but that is only the beginning. Next will come higher prices for many consumer items that are made with steel. The general idea of charging higher prices for many consumer items may spread to other goods, also. There may be a slight trend in the direction of inflation. The steel strike—which, incidentally, was marked by little bitterness and real contention between union and management—can't be blamed for all this, but it is a big factor.

No responsible person in our time would deprive labor of the right to strike. Nor would anyone wish to impose on management the duty of yielding to every demand made by the unions.

It does seem, however, that unions and management might find a better way to settle their differences. Nearly a month elapsed from the day the strike began until the agreement was reached. In the meantime steel production virtually stopped, workers missed out on wages, management lost profits and thousands of workers in related industries were made idle.

There will be comparative peace in the steel industry during the next three years. That is something to be thankful for. Perhaps the unions and management could spend those years profitably by trying to find ways to avoid another costly strike when the contract runs out.

## Women TV Announcers

There are not many places where women are rarely found, but one is so much in the public eye that it is surprising. Why are there so few women television announcers and newscasters?

Even in subjects which might be thought a woman's field, men do the talking. With some exceptions, men promote such things as soaps and salad dressings. Would not women speak with more authority?

Some advertising men say that women would rather listen to a man, and are apt to be less distrustful of a man. Others say that men's voices are better. Yet women make excellent salesmen in other fields. It may be that TV simply has not yet grown up to the point of using women's talents fully.

Now that the 84th Congress has adjourned, the legislators who neglected to act on Alaskan and Hawaiian statehood can make plans for the conventions—where they can go on record as favoring statehood for the two territories.

## U. S. Working Girl Getting Older

**BY HAL BOYLE**  
NEW YORK (AP)—Some things a columnist might never know if he didn't open his mail:

That the American working girl is growing older. In 1940 the feminine work force averaged 23 years of age. Today the figure is 28.

That in a contest to pick the nation's most heroic dog, seven dogs named Lassie were nominated—but not a single pooch named Fido, Rex, Rover or Buster.

That no wood, fully protected from fungus growth, will ever decay—and that a tree's resistance to disease, like that of a man's, is affected by heredity.

That if you need a pep slogan, here is one from Emerson: "Nothing great was ever achieved without enthusiasm."

The Americans eat 7 to 10 million pounds of pistachio nuts annually.

That many long-distance trucking firms now require their drivers to take a 10-minute road break every 100 miles or so—for safety's sake.

That the opera star with the most American name is Clarence Turner, the contralto. Incidentally, she designs her own costumes. That the Chinese philosopher Shen-ming, who lived 27 centuries before Christ, said "Tea is better than wine, for it leadseth not to intoxication. It is better than water, for it does not carry disease."

That the *Kwanza* magazine warns "It is a mistake to think that if you lead a double life you'll get twice as much out of it."

That it costs 50 million dollars a year to pick up the trash dumped along major U. S. highways by litterbugs.

That the tombstone of a Turkish gentleman buried in Istanbul in the 13th Century reads, "He had a sad and sorry life, full of never-ending strife, because of the nagging of his wife."

That there are far more stars in the skies than there are people on earth. There are billions of stars in the Milky Way alone.

That the installment plan, an American institution, has spread behind the Iron Curtain to Poland and Hungary. Unfortunately, a Hungarian making less than \$200 a month has to put up \$245 a month payment on a phonograph costing him \$1,000.

That it was Maxie Rosenbloom who said, "Women will be as pleasing as liquor when they learn to improve with age."

**MEAT SETS OFF FIRE ALARM**  
LITTLE ROCK, Ark., (AP)—It was not enough here Sunday—100 degrees—to set off a fire alarm. Firemen rushed to the home of Archie Williams, where a fire alarm bell was ringing. They said that heat touched off the bell in a closed room during the family's absence.

## Dealings With Egypt Tangled Story

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON, (AP)—This country's dealings with Egypt are a tangled story in which the United States looks slow and stumbling and Egypt's new strong man President Gamal Abdel Nasser looks like a bullseye on a horseback.

The story revolves around two things which got jumbled together: Nasser's request to this country for arms and for money to build a high dam at Aswan to give Egypt irrigation and power. This country had a natural, and not unfeasible, reason for wanting the best possible links with Egypt after Nasser, an army colonel, and a group of fellow officers threw out King Farouk in 1952.

It wanted to keep Communist influence out of Egypt and the Middle East. It has given Egypt 117 million dollars in economic aid. Nasser could have kept himself fully busy trying to lift Egypt out of illiteracy and poverty.

Instead, he seemed to fancy himself as a man of destiny, leader not only of Egypt but of the entire Arab world. He talked anti-Western. To some extent this could be understood. Egypt only recently got out from under British domination.

As time went on he seemed like a man who not only suspected the West but hated it. He played upon this country's fear of Russian influence in Egypt.

He needed money for the dam to make good on his promises that he would improve and modernize Egypt. It was the big point in his reform program. If he didn't get the money somewhere, his days as Egypt's No. 1 man might be numbered.

He wanted the arms, he said, for defense against Israel. The last thing the United States wanted was an arms race or a war in the Middle East. Year after year it stalled on giving Egypt arms.

There were some seasons—American laws forbid giving arms free to any country unless it is willing to admit American military observers to see how the arms are used, and ban any sale

of arms unless they are paid for in cash.

Nasser said he had no cash and he wouldn't let in the observers. He didn't get the arms. Eventually he bought them from Communist Czechoslovakia, paying in cotton.

It was only after the United States saw that Nasser wasn't bluffing when he said he'd buy arms from the Communists that it said it would help out with money for the dam. Nasser had threatened to get money for the dam from Russia if this country didn't come across.

Early this year United States and Britain said they'd give Egypt 70 million dollars toward building the dam and might lend her an additional 130 millions. The World Bank, which had been talking with Egypt for years about the dam, chimed in by saying it would lend 30 million dollars.

For some reason—not yet clear—Nasser didn't start work on the dam. But he sounded more defiant of the West, and offended the United States by recognizing Red China. Then it was learned he had bought more arms from the Communists.

American allies in the vicinity of Egypt protested against the proposed gifts to Nasser, and the loans they argued: Egypt at best was neutral toward this country while they, friends and allies, needed and should be given any money handed out.

Early in July the Senate Appropriation Committee told the Eisenhower administration not to use any of the foreign aid money voted this year to help Egypt build its dam.

Finally, fed up with Nasser and under pressure at home and abroad, the administration withdrew its loan offer to Nasser. The overheated Nasser seized the Soviet Canal.

The British began talking of using force against him. He backed down a bit, but not to the extent of an seizing the canal. There the story rests.

## YOU'RE TELLING ME!

By WILLIAM BITT  
Central Press Writer

A NUMBER of air-conditioned cars are being tried out by a New York subway system. Looks like the human sardines may soon be happily canned in deep freeze.

The Monte Carlo casino insists on the customers wearing formal garb. If you go along broke you'll have to do it looking like a millionaire.

A new electronic "brain" is said to be capable of composing 1,000 melodies an hour. There's no music, that's stupid!

Having worked himself into a tizzy over traffic jams and Sunday drivers, the man at the next

desk demands to know how come automobile advertising writers refer to "im" as "pleasure" cars.

Granddaddy Jenkins thinks that sock of home runs in the All-Star game indicates baseball's been taken over by the space men.

The Russians claim to have invented a super-speed jet-propelled motor. They say they had an unobstructed road to use it on?

Meanwhile, Denmark has abolished all speed limits for private autos. We're surprised at the Danes—we always thought of 'em as a cheerful folk, not one bent on national suicide!

## Weather Affects Health

By HERMAN R. BUNICKER, M.D.

DO you like this warm summer weather better than those cool days of last winter? If you do, chances are you're on the slender side or at least of normal weight.

Thin persons usually enjoy the warm weather more than their stout friends. But they react unfavorably to a cold wave. The weather plays an important part not only in our general health, but also in our day-to-day mood.

A cold rain, for example, frequently alters the disposition of slender persons considerably. It may bring on a state of physical and mental fatigue even though they had been in a pleasant mood only hours before.

Thunderstorms, incidentally, are directly related to many illnesses and even deaths.

**Abrupt Changes**  
The abrupt changes in barometric pressure and high humidity accompanying a storm can precipitate an asthmatic attack. And statistics show that a high number of heart failures occur during thunderstorms.

You have probably noticed that it's much easier for you and the children to become irritable and restless on stormy days. It's easier to become ill on such days, too.

For a further example of what the weather might do, let's look at some general statistics from Chicago.

These statistics revealed that:

an increased cold weather brought weather better than those cool days of last winter? If you do, chances are you're on the slender side or at least of normal weight.

Thin persons usually enjoy the warm weather more than their stout friends. But they react unfavorably to a cold wave. The weather plays an important part not only in our general health, but also in our day-to-day mood.

A cold rain, for example, frequently alters the disposition of slender persons considerably. It may bring on a state of physical and mental fatigue even though they had been in a pleasant mood only hours before.

Thunderstorms, incidentally, are directly related to many illnesses and even deaths.

**Greater Difficulty**  
If you're seriously overweight, I think you'll find you have greater difficulty adjusting to high temperatures than you have to cold or even frigid weather.

With every change in the weather there's a physiological change in you. The weather affects every chemical and metabolic process in your body—your body temperature, blood pressure, pulse, even the urine.

So what can we do? For one thing, let's enjoy this summer weather as long as we can, before we know it, colder weather will be here. And that means more colds, sore throats, earaches and other ills.

**QUESTIONS AND ANSWERS**  
R. W.: What causes ankles to swell? Is it due to kidneys or heart?

Answer: The most common causes of swollen ankles are heart and kidney disease.

In kidney disease, there may be a general swelling of the body, in heart disease, the swelling is in the lower part of the body.

## TODAY'S BIBLE VERSE

A man's life consisteth not in the abundance of things that he possesses.—Luke 12:15  
Recently a man who had an income of \$115,000 a day died. He was called the Bad Millionaire. Seventy five millionaires committed suicide in one year. We knew a millionaire who said he had spent his life collecting ashes.

## Marke 'Selective' This Year

**By SAM LAWSON**  
NEW YORK (AP)—Corporate fission and fusion—stock splits and mergers—and a pleasant fall-out of increased dividends have made the stock market this year what the financial writers like to call "selective."

More companies than ever before have split their stock. Merger talks are on the upswing again as climbing stock prices and inflation rumors spark new interest.

The total of cash dividends has reached a record high for the first half of any year. This all but assures that 1956 will be another record year, since dividend payments climb seasonally in the closing weeks of most years.

The number of persons owning stock, up 23 per cent in four years, is believed in Wall Street to have swelled still more in 1956. Some 64 million were estimated to be sharing in corporate ownership at the end of 1955.

Yet all this increased corporate activity hasn't brought out so much stock trading volume as last year when the boom was greater. Transactions in shares on the New York Stock Exchange in the first seven months of 1956 total 344 million, a drop of 18.2 per cent from the same period last year, when 408 million changed hands.

Splits, mergers and dividend increases have had a marked effect on favorite issues, however. The big board's magazine, *The Exchange*, reports today that the combined volume for the 25 most active stocks increased by nearly 23 per cent in the first half of the year. This is the hallmark of a "selective" market—which simply means that traders are very interested in a few stocks while completely indifferent to others.

The two most actively traded

stocks are General Motors and Jersey Standard Oil. Both split their stocks 3-for-1, the oil giant in March and the motor mammoth last November. Neither had been in the top 10 of trading the previous year.

Splits by listed stocks by 3-for-1 or better so far this year come to 54, a record for the period. The popularity of stock splitting may be shown in this: at midyear

RESIDENTS TO MEMORIALIZE NAVY HERO  
EL PASO, Tex., (AP)—A Navy pilot who died a hero's death in avoiding a 700-home subdivision and a school which he could not have known was unoccupied will be memorialized by residents whose lives he fought to spare.

Residents of Cielo Vista subdivision and parents of children attending Burgess High School, near which the plane crashed, today took steps to see that the heroism of Lt. Cmdr. Robert L. Anderson of San Diego, Calif., is remembered.

Although the asset value of a split stock is also split, more often than not traders take a split as a signal for bidding up market price. That may not make sense, but it happens.

More understandably, increased dividends make contented stock owners.

More understandably, increased dividends make contented stock owners.

More understandably, increased dividends make contented stock owners.

More understandably, increased dividends make contented stock owners.

More understandably, increased dividends make contented stock owners.

## Try and Stop Me

By BENNETT CERR

FOR HIS SEVENTH BIRTHDAY, Johnny received a shiny new bicycle, with strict warnings that he ride it only with extra care. A neighbor found him at the corner a few mornings later, forlornly gazing at the bike's chain which had come off the sprocket.

The neighbor effected the necessary repairs, smearing his new suit with mud in the process. "There you are, Johnny," he announced, conscious of having performed his good deed for the day. "Now that you're seven, you'll soon be able to fix loose chains like that yourself."

"Shucks!" said Johnny. "I can do it faster than you now—but I don't like to get my hands dirty."

Centras de Focinas, noted French author, makes this profound and typically Gallic observation: "The tragedy of old age is not that a man gets old, but that he stays young."

MR. AND MRS. T. C. NORRIS (Photo By Cox)

## Wedding Vows Are Repeated By Shirley Wall, T. C. Norris

Before a background of arched candelabra, white pom poms, gladioli and fern, Miss Shirley Ruth Wall and Tom C. Norris exchanged wedding vows Wednesday evening, Aug. 1, at 8 p. m. at the First Methodist Church.

The Rev. Milton H. Wyatt performed the candlelight ceremony. The bride, the daughter of Mr. and Mrs. Roy Wall, was given in marriage by her father. The groom is the son of the late Mrs. J. C. Boyce and stepson of Dr. J. C. Boyce.

The former Miss Wall chose for her wedding a street length gown of white lace over shimmering tulle featuring accents of pink crystalite. Her veil of illusion was attached to a crown of seed pearls and orange blossoms. She wore pink mits and carried a bouquet of white roses encircled with a corsage of pink roses.

Mrs. John Maddox, matron of honor, wore a dress of white lace over pink satin with a beaded and mits of matching material. She carried a bouquet of rose feathered carnations.

Miss Caye Stubbings was bridesmaid and dressed in a creation identical to that of the matron of honor.

## Wedding Plans Are Revealed By Miss Jones

OVIEDO — Miss Beverly Ann Jones, that prominent bride-elect, is announcing her final plans for her marriage to William H. Morgan, of New Smyrna Beach, Aug. 11th.

The wedding, scheduled for 8 p. m., will take place in the First Baptist Church in Orlando, the Reverend Hines, assistant pastor of the College Park Baptist Church, officiating at the double ring ceremony.

The bride-elect will be given in marriage by her father, Malcolm Jones, of Orlando and Oviedo.

Mrs. H. J. Hebert Jr., a cousin of the bride-elect, will serve as her matron of honor, while Miss Jo Anne Norman, of Atlanta, Ga., and a roommate of the bride-elect at Blatton University, will be maid of honor.

Other attendants will be Mrs. Jean Boor, of Orlando, and Miss Maxine McCormick and Miss Patricia Parrish of Orlando.

A cousin of the bridegroom-elect, Jewell Michael Georgini, of Oxford, and Connie Carol Coates will be flower girls. Another cousin of the bridegroom-elect, Michael Georgini also of Oxford, will be ring bearer.

Fredel Rauch, of Orlando, will serve as Morgan's best man.

Ushers will be Johnny Jones, of Oviedo and a cousin of the bride-elect; Keith Taylor, Claude O. Estes, Delbert Dartrymp, Charles Bridges, and Kenneth A. Allsworth, all of Orlando.

Nuptial music will be rendered by Gigi Bennett, soloist, and John Cox, organist.

All friends of the couple or families are invited to both the wedding and reception, which follows at the Dubedard Country Club, Orlando.

# Calendar

**MONDAY**  
The Friendship Class of the First Christian Church will meet at 7:30 p. m. at the Church.  
The Boy Scouts of the First Presbyterian Church will meet in the Scout Room at the church at 7:00 p. m.  
The Philathea Class of the First Presbyterian Church will meet with Mrs. Francis Meriwether on Celery Ave., at 7:45 p. m. Mrs. George Sine will be co-hostess.

**TUESDAY**  
The D.A.V. will have a social meeting at the D.A.V. Hut at 7:30 p. m.  
The Woman's Society of Christian Service of the First Methodist Church will have an executive board meeting at 9 a. m. followed by a business and program session at 9:45 a. m.  
The Sanford Tourist Shuffleboard Club will have a covered dish supper at 6 p. m. at the club house.  
Vacation Bible School for boys and girls ages 4-16 at the Christian and Missionary Alliance Church, Park Ave and 14th St., from 9 to 11:30 a. m.

The Pioneer Fellowship and Recreation will meet at the First Presbyterian Church at 7:30 p. m. The Pilot Club will hold a picnic meeting at the home of Walter L. Carter, 2299 Grandview at 6 p. m.

**WEDNESDAY**

The Mid-Week Bible Hour will be conducted by Elders Arthur DeYoung and C. C. Howard of the First Presbyterian Church at 7:30 p. m. in the absence of Rev. A. J. McInnis, pastor.  
The Junior Choir of the First Presbyterian Church will rehearse at 3:45 p. m. at the church.  
The Deacons of the First Presbyterian Church will meet at the church at 7:45 p. m.  
The Rev. R. H. Spear will have morning devotions over WTRR at 8:30 a. m. representing the Seminole County Ministerial Assn.

**FRIDAY**  
The Rev. R. H. Spear will have morning devotions over WTRR at 8:30 a. m. representing the Seminole County Ministerial Assn.

**MONDAY**  
The Rev. R. H. Spear will have morning devotions over WTRR at 8:30 a. m. representing the Seminole County Ministerial Assn.

## Bridesmaid Affair Held In Orlando

OVIEDO — Miss Beverly Ann Jones held her bridesmaid luncheon Saturday at noon at Max For Snacks in Orlando.

The table, centered with a bridal arrangement, was covered with a lace cloth. The place cards also carried out the wedding motif as well as favors. The favors for this occasion were gifts from the bride to her attendants.

Present with Miss Jones for this occasion were her mother, Mrs. J. M. Jones; her matron of honor, Mrs. H. J. Hebert Jr.; her maid of honor, Miss Jo Anne Norman, of Atlanta, Ga.; and her other attendants, Miss Maxine McCormick; and Miss Patricia Parrish, of Orlando.

## Old Mr. Stork Almost Pulls Duty Aboard Airliner

CHATTANOOGA, Tenn. — A sporty doctor's wife was on a non-stop airline flight to Boston from Houston to have her twin babies, but nature decided the birth certificates should be issued here.

For a while, at least, it looked as if the certificates might read "aboard an Eastern Air Lines plane at 14,000 feet."

The big airliner, a Golden Falcon, pulled "stork" duty when it put down at Levee Field to enable Mrs. Jean McGill, 33, to give birth to a boy weighing 8 pounds 1 ounce and a girl, 5 pounds 11 ounces. All were reported doing fine at a hospital.

Mrs. McGill, wife of Capt. Douglas McGill Sr., a Boston physician now on Army duty at Ft. Sam Houston, San Antonio, Tex., was en route to her home at Boston with her son Doug Jr., 16 months, to await birth of the twins.

After Mrs. McGill told stewardesses of the imminent event, Capt. H. E. James, the pilot, radioed here asking for an ambulance and to "have some boiling water ready."

The expectant mother walked to the ambulance and delivered her twins 90 minutes after the airliner hit the runway.

Grilled sandwiches take to a main filling of cheese. Add a side of chutney, pickle relish, thinly sliced boiled ham or crumbled crisply-cooked bacon.

## Miss Myrtie's Schedule

Schedule for Miss Myrtie Wilson, Home Demonstration Agent August 8-14 is as follows:

August 8 Three 4-H girls, leader and agent, Miss Wilson are attending a 4-H Recreation Camp at Camp McQuarrie, Ocala National Forest August 8-9.

August 9 Longwood Home Demonstration club will meet at the Library for an all day meeting to work on bandages, night shirts, etc. for the Cancer Clinic, at 9:00 a. m.

August 10 Longwood Junior 4-H club will meet with Miss Betty Jeanne Robinson for their regular meeting, at 1:30 p. m.

August 11 4-H radio program over station WTRR in Sanford 11:30-11:45 a. m.

August 12 Sewing group will meet at the Community Center, Sanford for regular weekly meeting 9:12-10 p. m.

Lake Monroe Home Demonstration club will meet at the home of Mrs. Hazel Gardner at 7 p. m.

August 14 Junior Girls' 4-H Club will meet at the Oviedo school at 1 p. m.

Girls' 4-H club of Slavia will meet at the school at 2 p. m.

MR. AND MRS. CHARLES BEARD JR. (Photo By Cox)

## Afternoon Ceremony Unites Margaret Malloy, Charles Beard

In a lovely afternoon ceremony Miss Margaret Julia Malloy, daughter of Mr. and Mrs. John Wesley Malloy and Charles Earl Beard Jr., son of Mr. and Mrs. Charles Earl Beard Sr., 1009 W. 12th Street, Lakeland, were united in marriage by the Rev. W. P. Brooks Jr. at the First Baptist Church, August 4 at 3 p. m.

Flowers and greenery decorated the church where the wedding vows were spoken and Mrs. F. E. McCoy was organist, playing the traditional wedding music and marches. Mr. McCoy was soloist.

Given in marriage by her father, the former Miss Malloy wore a white gown of white organza featuring a sweetheart neckline with a stand up collar edged with small organza flowers.

These flowers accentuated the curved line of the overskirt which opened from a pointed waistline.

**CHICKEN SUPPER SLATED**  
The ladies of the Church of God of Prophecy will stage a chicken supper tomorrow, the proceeds of which will go toward the church's building fund. Featured on the menu will be fried or barbecued chicken, baked beans, cole slaw, cake and bread.

The supper will be prepared at the home of J. L. Perkins at 702 West 3rd Street and the plates can be picked up there or home delivery can be arranged by calling 1799-R. Delivery will start at 11 a. m. and continue through 7 p. m.

The public is asked to help in this. If you like good food—call this number; 1799-R.

Buying sheets? Remember that the lengths shown on labels describe the sheets before they were hemmed; subtract about five inches from label figures to allow for the hem.

## 'Coke' Party Is Given Recently For Miss Harper

Mrs. A. L. Lyon honored Miss Donna Lou Harper, bride-elect of this month, with a coke party Thursday morning at her home on Hibiscus Court starting at 10:30 p. m.

Summer flowers were used throughout the room and natural greenery accented the creations.

Miss Harper was presented with a place setting of her casual china by the hostess after which refreshments of soft drinks and snacks were served by the guests. Mrs. Kyrille Housholder and Miss Kay Haines assisted Mrs. Lyon.

Those attending with the honoree were her mother, Mrs. D. L. Harper, Mrs. George Touhy, Mrs. B. L. Perkins Jr., Mrs. J. Martin Stinepher, Mrs. K. Housholder, Mrs. William Bush, Mrs. E. C. Harper Jr., Mrs. Herbert Stenstrom, Miss Dot Powell, Mr. Robert H. Reely, Mrs. L. Hughey, Miss Kay Haines, Daytona Beach; Mrs. R. R. Deas, Mrs. Camilla Buce, Mrs. Richard Deas, Columbia, S.C.; and the hostess.

## THE SANFORD HERALD

Mon., Aug. 6, 1956, Page 3

## New Pastor Arrives For Local Church

The Rev. and Mrs. J. Lamar Glimmer and their young son, Steven, arrived in Sanford this week. Rev. Glimmer will assume the pastoralship of the Church of God of Prophecy here. He preached his first sermon Sunday morning at the church which is located on East Elm Avenue.

The Glimmers came to Sanford from Fort Myers where Rev. Glimmer pastored the Marion Street Church of God of Prophecy for a year and a half. He also pastored the church at Tavares, and has served five years as a State Secretary for the Church of God of Prophecy. He also edits the church's state paper entitled, "The Florida Banner." His hometown is Atlanta, Ga., where he attended public school before attending Bible School in Cleveland, Tenn.

Mrs. Glimmer is a native of Ocoee where she attended public school. She also attended the Wesleyan Conservatory of Music in Macon, Ga., where she majored in voice. She attended Bible School in Cleveland, Tenn., along with her husband. Mrs. Glimmer plans to teach piano and voice in her home here.

The youngest member of the Glimmer family is Steven who is two years old. The family is already "at home" in the parsonage at 2608 East Elm Avenue.

## Personals

Mr. and Mrs. H. E. Morrison are now home at 301 E. 5th Street after being married in Georgia, July 31. She is the former Mrs. Ida M. Montrey.

Mr. and Mrs. Ralph Peters were called to Charleston, S. C. due to the death of his father, Virgil L. Peters.

Johnny Bridgers of Greensboro, N. C. is visiting his mother, Mrs. John Bridgers, 812 Magnolia Ave.

Mr. and Mrs. Robert H. Reely and their son, Bob Jr., have returned after visiting in Marshallville, Ga.

Friends of Miss Pat Dunn will be glad to hear that she is better and was able to leave the Semole Memorial Hospital today where she has been for the past three days.

Mrs. Curtis Lavender and daughter Judy have returned from Delavan, Wis., where they visited Mrs. Lavender's brother and sister-in-law, Mr. and Mrs. E. D. Hipp and family. While on their trip they stopped at Chautauque Field, Rantoul, Ill., where Mrs. Lavender's son, Randal, who is serving with the Air Force is attending school for six months. While there his address will be: A. B. Douglas R. Lavender, A.F. 1460237, 2283 Sturon, Box 600, Unit Mail Room No. 2, Chautauque AFB, Rantoul, Ill.

Marinate thinly sliced cucumbers and onion rings in olive oil, vinegar, sugar to taste and salt and pepper. Keep in a covered container in the refrigerator and serve with meat loaf, hamburger, steaks.

## Lucia Goff Has Now Enrolled In College Session

Fredericksburg, Va. — New students enrolling in September for the 4th academic session at Mary Washington College of the University of Virginia represent 36 states, the District of Columbia, Hawaii and Puerto Rico.

Included are four sets of twins and ten daughters of alumni.

Among the young women who have been accepted for admission is Miss Bobbie Lucia Goff, daughter of Mr. and Mrs. O. K. Goff of Park Avenue, Sanford, a graduate of Seminole High School.

# Helen Jacobs Back With Favorite Game

**HUMBER, N. J., Aug. 5.**—Helen Jacobs is back with the game she loves.

The former U. S. women's tennis champion is the teaching professional of the club at Lawn Tennis and Cricket Club here where she first competed in 1923.

Her picture, taken that year when she had just left Berkeley, Calif., and was the new holder of the national girls' title, still hangs in a prominent spot in one of the clubhouse walls.

Miss Jacobs, a remarkably versatile woman who has written 15 books on tennis and one history of the American Revolution, hasn't played in a match of note since 1927. She has a tennis in her left leg during an exhibition match against the late Bill Tilden that year. After seven months in a brace, she decided to leave tennis to others.

But she couldn't stay away from the game. She started giving lessons in a New York City armory last November then switched to Seabright, wearing a jaunty white seashore cap, which can be seen here almost any day coaching club members and their youngsters in lessons that start at 9:30 a. m. and end at 4:30 in the afternoon.

"I first played at Seabright in 1928," she recalls. "I have so many friends here and now I'm teaching their children. It's very exciting. I have all ages and sizes and I can truthfully say most of them, even the smallest, show considerable promise."

During the years she was actively engaged in championship tennis, Miss Jacobs won about every title in the book. From 1923 through 1933 she was national women's champion. Teamed with Sarah Palfrey she won the national doubles three times and in 1924, with George M. Lott Jr., she took the national mixed doubles title. After reaching the finals at Wimbledon five times, she won the women's singles honors there in 1928.

To Miss Jacobs also goes the credit for making shorts the accepted feminine attire on the most dignified tennis courts of the world. She wore them to win her second national championship in 1923 at Forest Hills and thereby started a trend that has stuck with women players.

During World War II Miss Jacobs served in the Waves as commandant of seaman and public relations officer. Based in California, she now owns a farm near Frederickburg, Va. But her busy schedule as a writer requires her to spend a lot of time in New York.

"Writing is the big love of my life now," she grins.

But she couldn't stay away from the game. She started giving lessons in a New York City armory last November then switched to Seabright, wearing a jaunty white seashore cap, which can be seen here almost any day coaching club members and their youngsters in lessons that start at 9:30 a. m. and end at 4:30 in the afternoon.

"I first played at Seabright in 1928," she recalls. "I have so many friends here and now I'm teaching their children. It's very exciting. I have all ages and sizes and I can truthfully say most of them, even the smallest, show considerable promise."

## Air Force Sets Unofficial World Speed Record

**NEW ORLEANS, La.**—The Air Force has set a new unofficial world speed record for airplanes of 1,800 miles an hour, but the Defense Department won't for the present allow the fact to be confirmed officially.

Lt. Col. Frank K. Everest Jr., a 34-year-old West Virginian, flew the Bell X2 rocket plane four times as fast as a bullet travels—and close to three times the speed of sound—July 23, over the southern California desert near Edwards Air Force Base.

This was 250 miles an hour faster than the 1,650 m.p.h. attained by Maj. Charles Yeager in a sister ship, the Bell X1A, Dec. 12, 1953.

Everest was here attending the Air Force Assn. convention when the news of his achievement leaked out Thursday.

He declined to discuss the flight with reporters, on the grounds that Air Force security restrictions forbade comment.

The X2 is a multimillion-dollar flying laboratory, fitted with a quarter ton of instruments to measure temperatures, fuel consumption, stresses and strains at extreme high speeds.

## Parliament Orders Coloring Used In Oranges Banned

**LAKELAND, Fla.**—The Canadian Parliament has ordered that a dye used in coloring Florida oranges should not be used.

The agent is known as Red 23. Florida Citrus Mutual said it would seek to have the order reversed and added that the Canadian National Health and Welfare Dept. is studying the matter and has postponed temporarily the ban on the dye.

Robert W. Rutledge, general manager of Mutual says, the action came on a report by the health agency which in turn followed the lead of the U. S. Food and Drug Administration.

The federal agency had banned use of the dye but congressional action extended its use until March 1, 1959 to give the industry time to find another.

About 90 per cent of the 4 million boxes of oranges shipped to Canada are color added.

## CENTER OF THE WORLD

It wasn't many years ago that corner grocers could offer you only products from nearby farms, dairies or processing plants. That was before refrigerator cars, air freight, high-speed trucks—and super markets.

Today, virtually the whole world lies before you when you visit a nearby super market. Oranges from California and Florida, canned salmon and tuna from the West Coast, potatoes from Long Island, Idaho or Maine, olives from California, Italy or Spain, curry from India, bananas from Central America, pineapples from Hawaii and Cuba, beef from the Midwest—are arrayed on the shelves in variety and abundance.

We often take our super market travel adventures for granted, forgetting that many of these were virtually unknown to the home-

maker a generation or two ago. In those days, grocery stores didn't have fresh fruits and vegetables in the winter months—you could get only canned foods. The fruits, vegetables and meats were then confined strictly to local production.

Super market buyers deserve much of the credit for the variety, economy and nutritional value of the foods we now buy. Their efficient large scale buying and planned distribution means small-town food selections as wide and as interesting as those in big-city markets.

## Dieters Can Have Cake, Eat It Too

**BY HOWARD C. HEYN**  
**PASADENA, Calif., Aug. 5.**—So you're on a diet? Well, cheer up, fatso; it was a lot worse 20 years ago. These days, you can have your cake—and eat it too.

This, in substance, is the message being spread by some 500 producers and purveyors of specialized foods assembled here for the 19th convention of the National Dietary Food Assn.

A sizable industry has grown from the fact that dieting once was, but needn't be, a very dreary chore. Nonfattening foods used to be plain foods. Canned diet foods, packed in water, formerly had all the flavor of an old paper napkin.

The result: monodony sent the dieter's morale plummeting along with his weight.

Dieting still isn't exactly fun, as this fat reporter can attest. But modern processing methods and a wide array of sugar substitutes now offers a new interest in life for every a calorie counter.

Almost all the things once denuded a dieter were on display at the convention yesterday—in very special form. Chocolate nougats, for instance. Protein value high, calorie value 19 apiece low.

There is a very passable butter substitute made from soy oil. Like jelly? Any flavor you can think of, one calorie per spoonful. Dietetic mayonnaise, once pretty party, tastes much better now, at 19 calories per spoonful.

You don't even have to give up pie. Low calorie fruit fillings come in cans, with dietetic mixes to make the crust.

Sugar-free chewing gum and lipstick are big sellers, delegates say.

Most cakes and cookies are for skinny people, but there are a few for us chubby fellows too, at 19 calories each.

One is made from "orange flour," the true name of which is protoprotein, an appetite suppressor found in the skins and pulp of citrus fruits. The citrus industry now produces protoprotein as a by-product.

The dieting fat man, like the gourmet he envies, can go in for bizarre foods too. Spinach noodles, for example, and artichoke noodles.

There are such delicacies as huckleberry tea and oat straw tea, if you go in for that sort of thing. The pods of the carob tree, known to early Christians as St. John's bread, are used now to make candy.

Health is the by-word of the convention. But there is one noticeable thing about the delegates: an amazing number of them could stand a little dieting.

Health is the by-word of the convention. But there is one noticeable thing about the delegates: an amazing number of them could stand a little dieting.

Then they bored through a third wall into a drugstore and took \$400 in cash and \$1,400 in checks from another safe.

QUEEN ELIZABETH of Britain carefully studies a death-dealing bomb as, with her husband, the Duke of Edinburgh (left), she stands under a Valsart jet bomber during a visit to the Royal Air Force Base at Warton. Earlier they saw an A-bomb. (International Radiophoto)

## P-TA Urges Youths Get Polio Shots Before September

The Parent-Teachers Association of Southside School is urging parents to take their children to family doctors or to the Seminole County Health Unit for polio shots before school starts in September.

The Seminole County Health Unit clinic for the Salk Polio Vaccine shots is held on Tuesdays and Fridays from 9 until 12.

The Southside P-TA reminds parents that many of the children have received two of the three shots and urges them to have the third shot administered prior to the 1954 school opening.

## Ike Urges Bulganin To Show 'New Spirit' In International Issues

### Red Cross Follows Through To Units On Recent Disaster

The Seminole County Chapter of American Red Cross has received authorization through the Southeastern area office in Atlanta to provide the following types of assistance to any Bona Fide victims of the sea disaster who might now be in Seminole County and still in need of assistance:

Basic maintenance—food, shelter, clothing, medical care for injured—It is reported that many with less serious injuries did not receive care in New York. Minimum household furnishings for immigrants who lost their belongings aboard the Andrea Doria or who lost funds that were to have been used for the purchase of such.

Some passengers are still reporting missing and inquiries about persons missing and any other information needed would be relayed by the Seminole County Chapter to the New York City Chapter.

The New York City Chapter gave assistance as victims arrived in New York. Medical and nursing care and ambulances were provided for the injured who were moved to hospitals, clothing was provided at the pier on mass basis, and later more adequate clothing was given on an individual basis to those who needed it. Center services was also given at the pier. As passengers departed they were taken to hotels and transportation, basic household maintenance was provided by the American Red Cross in New York City.

The American Red Cross visited passengers in their hotels, and plans were made with each family or individual to assist them on to the point of destination with transportation and maintenance enroute being provided.

Before leaving New York City, those who came in contact with Red Cross were told they should go to the Red Cross Chapter at point of destination if additional assistance was needed.

Immigrants on the Andrea Doria have had a terrifying experience and a sad introduction to a new country. Church groups are a natural source of help and comfort and in some instances might want to adopt a family for continuing service and assistance, it was said.

### Collins Signs Bill To Curb Mail Order Real Estate Frauds

TALLAHASSEE (AP)—Unscrupulous real estate developers who prey on gullible out of states who buy sight unseen on the strength of false or misleading advertising face a possible \$100,000 fine and 5 years in prison under a new Florida law.

Gov. Collins late yesterday signed the bill of the recent special session of the Legislature which is designed to curb mail order real estate frauds.

The law makes it a crime to advertise false or misleading information to lure the unwary into buying real estate.

It also requires that the developer who sells by mail must file with the Real Estate Commission copies of advertising and promotional matter he intends to use outside the state.

Gov. Collins requested the law after investigation disclosed that a few developers, whose sales activities were outside the jurisdiction of the commission, were mixing fancy with fact in out of state advertising, leading mail order buyers to believe they were getting advantages that did not, and might never, exist.

SEN. HOLLAND TO BE HONORED  
BARTOW (AP)—Sen. Holland will be honored by Bartow civic clubs at an annual homecoming celebration this afternoon. He is home for a short stay before going to Chicago to attend the National Democratic Convention as an alternate delegate.

### Stevenson Certain Of Top Nomination On Either Ballot

WASHINGTON (AP)—President Eisenhower called on Soviet Premier Bulganin today to demonstrate a "new spirit" and eradicate "evils" in international relations which Eisenhower said have survived the Kremlin's down-with-Stalin moves.

Brushing aside Russia's newest disarmament proposals, Eisenhower said bluntly he is "greatly disturbed by the developments which have occurred since we met at Geneva" at the summit conference a year ago.

In a personal letter to Bulganin, Eisenhower challenged him to "do more to realize the hopes" born at the summit conference, especially to keep pledges about German unification "which desperately need to be fulfilled."

In that connection Eisenhower gave short shrift to a Bulganin proposal for withdrawal of foreign troops from Germany.

The Soviet Premier advanced that idea, in a letter to Eisenhower June 6, along with a plan for individual cuts in national armed forces without the inspection and verification system on which this country insists. Bulganin called his plan a "new approach" to get disarmament going.

Eisenhower, in a reply delivered in Moscow today, related the German phase of the Bulganin plan to the "promise" of Geneva—especially unification in free elections. He said that "obviously" the matter of force withdrawal cannot be handled as an "isolated" matter.

On the broader disarmament proposal Eisenhower said Russia's announced cut of 1,800,000 men in its armed forces merely "followed cuts the West has already made since World War II. And he said he doubts that action by individual countries, on the Bulganin plan, would do much to eliminate the fear and suspicion generated by great armaments."

Eisenhower said "we welcome Soviet efforts to wipe out 'some of the evils' Stalin imposed upon Russia during his rule. But, he stressed, these 'evils' were also evident in Stalin's foreign policy. He then added:

"Given today they constitute a grievous obstacle to doing those things which we both agree ought to be done. This situation needs also to be remedied by a new spirit for which I also appeal."

### Hatchery Important To Fish Management Improvement Plans Start Immediately

"Our federal fish hatchery at Welaka is the only Federal hatchery in the state of Florida" said Albert J. Wilson, director of the Department of the Interior's Fish and Wildlife Service in his speech before the Sanford Rotary Club at its noon meeting Monday at the Yacht Club.

Wilson went on to say of his interesting occupation that "our distribution territory is all of the state of Florida east of the Apalachicola River and 22 of the south Georgia counties."

"We raise large-mouth bass and bluegill bass—because these are the only two that we know of that will completely stock a body of water and be able to maintain themselves and produce good fishing for a number of years."

He went on to say before the members attending "the demand of fish is larger than our ability to produce at the present time. The policy of our service is to stock only managed waters—last year we raised and distributed 3,300,000 fish. These went to 1,334 individual applicants. Our trucks traveled 24,000 miles on distribution alone."

The Department of which Wilson is director is a subsidiary of the U. S. Department of the Interior's Conservation and Replenishment Station at Welaka. During his speech Wilson became enthusiastic and went on to tell his listeners "When you stop and think that these fish will grow to catchable size in one year you will begin to realize the job we are doing in helping to produce food and fun in the area this one station serves and remember, we are only one of the many federal hatcheries."

In closing Wilson added "I do not want you to leave with the idea that just the stocking of hatchery fish is going to assure you that there is going to be good fishing in a body of water, in fact there is much more to it than that. But the hatchery is a very important part of good fish management. It is also a good insurance that the lakes which have now dried up right here in Florida, will furnish good fishing one year after they regain their normal water level."

Wilson's speech was so interesting and informative that the Rotary members held a question and answer period after his talk.

### Sanford Tree Co. Is Making Debut

A new business is getting started in Sanford and should be booming in a few days.

The Sanford Tree Company is making its debut and will specialize in removing trees, removing stumps and also doing away with dangerous limbs.

This business will be open on weekends and H. S. Gadsby, owner and manager expects to get things rolling right away.

Anyone interested please call 1897-J, as an office space has not been obtained yet.

### Funeral Tomorrow For Paul D. Jones

Funeral services have been set for Paul D. Jones, who died in a veterans hospital in Lake City yesterday morning.

## Crystal Lake Public Beach To Get Long Awaited Face Lifting

### SNAS Personnel Donate 89 Pints To Blood Drive

Personnel of the Sanford Naval Air Station, led by Capt. J. T. Blackburn, USN, commander heavy attack wing one, donated a total of 89 pints of blood during the NAS Blood Bank Drive held at the station dispensary, Thursday.

The purpose of the blood bank is to establish a system of providing whole blood for use in treatment of Naval personnel and their authorized dependents in this area.

Approximately 110 sailors, representing every department of the station, reported to the dispensary to give blood during the four-hour drive. Several of the men were turned back because they had previously given blood at drives conducted by local civic clubs recently.

Heavy attack Squadron Seven led all departments of the station with 34 volunteer donors.

### Health Board Will Start Proceedings To Purchase Land

The Florida State Board of Health which met in Jacksonville yesterday was informed that only one small parcel of land remained to be purchased before all land necessary to start the proposed \$450,000 office building was available.

William S. Walker, attorney for the Florida State Board of Health, said that condemnation proceedings would be started.

This parcel, which faces First St., includes one house and a 26 x 105 foot plot of land. It has been appraised at \$5,250 but the owner indicates she will not sell for less than \$12,000, therefore steps to condemn the property will be taken.

Fred B. Ragland, director of Bureau of Finance and Accounts, reported on other proposed building in Tampa, Dade County, Orlando and West Palm Beach. A delegation of representatives from the County appeared before the Board to outline their need of better health facilities.

Dr. Wilson T. Bowder, state health officer, stated that he hopes that contract can be let on the new building in Jacksonville within the next four months.

Presiding over the meeting was Dr. Herbert L. Bryans, Pensacola, president. Other board members present were: T. M. Cumble, Ph.D., vice-president, Quincy; Dr. Carl C. Mendosa, Jacksonville; Dr. Charles J. Collins, Orlando; and Dr. F. P. Meyer, St. Petersburg.

Dr. Bryans re-affirmed the Board's request that the Merit System allow them to retain the freedom of action that they have enjoyed in the past in securing and compensating employees. Because of the highly technical nature of many positions in the State Board of Health, too rigid rules and regulations would prevent the State Board of Health from obtaining needed personnel.

Dr. Nathan Schneider, assistant director of the Bureau of Laboratories, spoke on the many types of research being done by the State Board of Health. Dr. Bowder asked the Board to consider the employment of a research coordinator to expedite all types of research work on a state and county level. The Board asked Dr. Bowder to give the matter further study and report on same at the next meeting.

The need for a place where drug addicts could commit themselves voluntarily for treatment was discussed, with Frank C. Castor, director of the Bureau of Narcotics, outlining the need for a better place than Ralford where such persons could go.

### CofC Rep Makes Plea For Action

Some definite action may finally be taken toward correcting the "unsightly" and "dangerous" conditions at the Crystal Lake Public Beach in Lake Mary, it was decided at the regular monthly meeting of the Board of County Commissioners this morning.

Appearing as a representative of the Lake Mary Chamber of Commerce, as well as a Lake Mary property owner, Law Luster, made an urgent plea for immediate action by the Board.

Stating that in a larger sense he represented all the people of the area who are not so fortunate as to live on a lake, and who must use public parks and beaches for their recreation, Luster reviewed the efforts made by the Lake Mary Chamber of Commerce to date and outlined simple plans for making the beach as attractive as Rock Springs and other more distant recreation spots.

The bath houses and toilets are in such a state of disrepair as to be of no use at all, while the dock, is so weakened by age, and now standing so far out of deep water as to be actually dangerous, he said. Already several accidents have occurred there, one resulting in broken neck and near fatality, he added.

The cash cost of only two or three hundred dollars would be involved, said Luster, to put the beach in first class condition. This could include bulldozing of the encroaching growth of weeds to make more sand beach area, tearing down the dangerous dock, and repairing the bath houses and toilets. Trash cans could also be provided, and some arrangements made for disposing of the tin cans and other refuse that now accumulate all over the beach area, he said.

Following the talk by the Chamber of Commerce representative, the Board voted to meet with him at Crystal Lake Beach this afternoon at 1:00 o'clock, to decide the best manner of reconditioning the beach facilities.

### Southern Bell Co. Reports Increase In New Telephones

Southern Bell announced today that 50,000 new telephones were added in Florida in the first six months of this year. According to Gordon Rothermel, Sanford Group Manager, this is more than the total gained in all of 1955.

This gain brought Southern Bell's total number of telephones in service in the State to 228,000. At the end of 1955, there were 452,000 in service, an increase of 83 percent in a little more than five years.

Rothermel said if the demand for service continues at the present rate, it is expected that total telephones will reach one million in early 1958.

Rothermel added that 375 telephones were added here during the first six months of 1956 for a total of 6,977. At the end of 1955 there were 3,726, an increase of 83 percent in a little more than five years.

### First Federal Will Be Scene Of Meet To Form Unit

Tomorrow afternoon at 3 o'clock those interested in formation of a Seminole County Mental Health Unit will meet at the First Federal Savings and Loan Assn. Miss Margaret Margrave, field representative of the national organization will attend to assist, coming here from Washington, D. C.

The increasing interest in the effective treatment of mental illness and the progress made by medical science in this field points up the importance of the local association's formation, it was said.

### Uncertainty Clouds Prospects For Suez Canal Conference

LONDON (AP)—Uncertainty today clouded prospects for the 24-nation conference on the Suez Canal. An Egyptian-sparked move to throw the dispute before the United Nations appeared under way.

Egypt, the Soviet Union and India topped the list of nations that still have not said whether they will attend the talks the Western Big Three propose to open in London Aug. 16. There were rumors that India's Prime Minister Nehru might be shaping a counter plan to give Egypt a face-saving avenue of retreat.

After a two-hour session last night, the Egyptian Cabinet gave no indication if it would accept the conference bid but an official source asserted:

"Egypt has plenty of time to answer. The deadline to deliver a reply is midnight Aug. 15."

Washington sources said all American planning was going ahead on the assumption that the conference will start on schedule, but the possibility of a postponement was not ruled out.

### Typhoon Wanda Is Reported As One Of China's Worst

HONG KONG (AP)—Reports from Red China said today that Typhoon Wanda was one of the century's worst, killing more than 2,100 persons and leaving millions homeless on the Chinese mainland.

A compilation of dispatches from the Communist New China News Agency put the number of known dead at 2,161 and the injured at almost the same figure.

The casualties may be boosted when reports reach Peking from remote regions where communications were cut.

Crops were devastated in an immense area.

Heavy rains threatened to flood the Hai River network in north China.

Wanda struck the China coast with devastating force Wednesday and veered north. It spent itself deep in the interior.

Chekking province, south of Shanghai on the coast, bore the brunt.

Winds of up to 150 mph tore across Chekking, causing casualties put by Peking radio at 1,800 dead and 1,200 injured. One report said 38,000 homes were destroyed in the province and more than a million persons were homeless.

### Weather

Partly cloudy and continued waves through Wednesday with a chance of widely scattered showers and evening thunderstorms; low tonight 23 to 24.
