CALVIN COOLIDGE IS DEAD

Lid Blown Off War Debt Question In Senatorial Debate

California's Johnson Bitterly Attacks France And Other Defaulting Nations

WASHINGTON, Jan. 5.—With an explosive debate that ended in a shouted dispute over whether President Hoover asked congressional leaders for authorization to promise war-debt revision to Premier Laval, the Senate yesterday abruptly blew off the lid it clamped tightly upon the subject while international negotiations were in progress.

It began with Johnson, of California, bitterly assailing France and other defaulting nations and ending his conclusion with a shout of defiance against the American people that Mr. Hoover might back up such a pledge, in the face of financial demands from the problem nations.

Johnson demanded enactment of legislation now pending under which the flow of American money to the defaulting nations would be stopped.

Johnson's demand was met with President Hoover's approval, and the President asked that we approve any agreement reached with Premier Laval for a readjustment of debts," Borah asserted.

Watson, of Indiana, the Republican leader, quickly contradicted the Johnson and asked if he had heard right.

"Yes," Borah said. "And I objected that might I said I would not consent to any agreement that would bind me."

The proposition was not allowed by the President," Watson retorted. "It was someone else."

On the President called the conference with a view to getting co-operation for a certain program. There were five proposals. He started with the steamship corporation and went down the line to the fourth, which was the question of discussing with Laval the debt problem.

Other senators quickly were drawn into the controversy, in the form of sympathetic denials, Borah of his proposal, and the dispute ended in a complete impasse.

STOCKS ADVANCE AFTER SLOWNESS AS YEAR BEGINS

Prices Of Wheat And Cotton, Join In Up-swing Of Exchange

NEW YORK, Jan. 5.—(AP)—Principal financial markets warmed toward 1933 yesterday, after showing marked coolness toward the new year in the first trading sessions.

Shares in the New York Stock Exchange, and wheat in the Chicago pit, bounded up together, and cotton at New York and New Orleans quickly followed.

The upswing in stocks was the sharpest in a month, with many issues advancing \$1 to \$3 a share. Wheat jumped up about 1 1/2 cents a bushel, and cotton around \$1 a bale.

The bond market also gave a good account of itself, with the United States government issues rising above their best levels of 1932.

Neither active selling of the dollar developed in the foreign exchange market, however, and it weakened appreciably in terms of European gold currencies. The French franc rose to a level, which, if maintained, would check the recent flow of French gold to New York.

The flurry of bullishness which swept through the markets seemed to start principally in wheat. Brokers said the stock market evidently had been sold to a standstill and was technically ripe for a rally. Of the day's turnover of 1,000,000 shares, more than half was traded in the last hour.

Bankers said proposals for currency inflation being made in some quarters in Washington evidently prompted speculative selling of the dollar, as it did last spring.

Wider advances in the share market were in American Can, up \$2.12 to \$57.62; American Telephone, up \$4.87 to \$187.87; American Tobacco B, up \$2.87 to \$39.87; J. I. Case, up \$4.37, to \$45.37; Eastman Kodak, up \$3 to \$57, and United States Steel, up \$2.75 to \$29.87.

Airship Akron Pays Visit To Miami As Air Race Feature

ATTEMPTED JAIL BREAK FOILED IN DAYTONA BEACH

Three Inmates Seek To Saw Way Through Iron Bars Of Cell

DAYTONA BEACH, Jan. 5.—An attempted jail break in Daytona Beach was frustrated Tuesday night by city police who caught three prisoners with a small hatch saw blade in the act of sawing through the steel bars of the jail.

Harold Johnson, alias H. J. Burch, the escaped state convict who was released from the county jail here two weeks ago by Circuit Judge M. O. Rowe, was one of the trio.

Johnson, with James Scott and Alva Hunt, were placed in the Daytona Beach jail after their arrest on charges of an Oxnard store robbery. Johnson was charged with robbery of E. J. Witt Tobacco Company and was held in the county jail for criminal court action until the circuit judge ordered his freed.

A state prison guard was here to take Johnson back to the Indian River county jail on the day of the beach store burglary, but Judge Rowe took the case under advisement. The guard returned to camp, and several days later Judge Rowe signed the release order.

Tuesday night's attempted jail break was frustrated, city police brought forth a small hatch saw blade, about three and one-half inches in length, which had been concealed in a cigarette package.

The escapee was introduced to a man well able to speak on the subject of communism, the principal reason for his several visits to Moscow, the world center of communism, and the investigations in the industrial centers of (Continued On Page Two)

Orchestra To Resume Rehearsals Tonight

George C. Fallow, director of the Sanford Concert orchestra, announced today that the orchestra will resume rehearsals tonight in the Ritz Hotel on First Street.

Mr. Fallow said that the rehearsal will be at 8:00 o'clock and urged all members to be present. He also announced that two concerts have been booked for the near future.

An appeal for the violinists of Sanford and surrounding towns to join the orchestra was made. He especially urged young musicians to consider.

NEW YORK, Jan. 5.—(AP)—Gilbert Colgate, former president and chairman of the board of Colgate and Company and an active soldier, aviator, and child welfare worker, died in his sleep of a heart attack today at the Park Avenue apartment where he lived with his son, Robert. He was 74.

BYRD AGREES TO GIVE UP HIS NAVY PENSION

Will Take Step If Legion Will Change Its Tactics On Veteran Compensation

WASHINGTON, Jan. 5.—(AP)—Rear Admiral Byrd's offer to give up his naval status "and all that goes with it"—including \$1,200 annual retirement pay—if the American Legion would change its tactics on veterans' compensation last night fell short of satisfying the famous aviator's outspoken critic, Senator Robinson, of Indiana.

The "strings attached" by the senator should be removed and the matter surrendered, the Indiana senator said, if the aviator has "finally concluded that he is not entitled to the gratuity bestowed on him by the government."

Byrd's subject, explaining his position, said he was not a member of the American Legion, which has advocated before the joint congressional committee reductions of \$150,000,000 annually in veterans' expenditures. Robinson said in the Senate yesterday "to be sincere" the senator should return his retirement pay.

Representative Of Mortgage Holder Gets Lynch Threat

LE MARS, Iowa, Jan. 5.—(AP)—Farm unrest, smoldering for months in the Iowa corn belt, flared yesterday with threats to lynch a representative of a mortgage holder and forcible detention of a juror who sought to summon a jury.

The demonstration occurred at 3 P. M. when a man named Herbert S. Martin, attorney for the New York Life Insurance Company, submitted a sealed bid for the John A. Johnson farm of \$20,000—\$5,000 less than the amount of the mortgage held by his company.

The farmers, numbering between 500 and 800, dragged him from the courthouse steps, brandishing a rope they threatened to hang him out of town on a rail. Finally released, Martin wired officials of his company making permission to raise the bid. He ended his visit with a plea to "rush answer, not seek it risk."

A few hours later he received a wire permitting him to increase his bid by the \$5,000 and after communication of the rate officials agreed to postpone any further mortgage sales for one month.

Martin and Sheriff Rippey were dragged and mauled by the angry farmers. Judge Ellis, who attempted to summon a jury, was seized and prevented from using a telephone.

Two Film Companies Are Sued For Million

ATLANTA, Jan. 5.—(AP)—Two damage suits for \$1,000,000 each were filed today against Warner Brothers Pictures, Inc. and Vitaphone, Inc. as producers and distributors of the film "I Am A Fugitive From A Chain Gang" based on the book of Robert Burns, a native from Georgia. The suits were filed by Harold Hardy and Paul Phillips, wardens of two chain gangs from which Burns escaped. They alleged all incidents in the book and film produced from it were untrue, vicious, defamatory, and constitute a libelous attack on the wardens and their respective chain gang camps.

Body Of Former President In Found By Wife Shortly After Death Claims Him

Had Complained Of Indigestion

Coolidge's Secretary Was With Him Just Before Expiration

NORTHAMPTON, Mass., Jan. 5.—(AP)—Former President Calvin Coolidge died here today. He was found dead in his home by his wife. Coolidge had complained of indigestion during the past two or three weeks but had not consulted a physician during the past month.

Death is said to have been due to heart disease. The body was found by Mrs. Coolidge when she returned from a shopping tour. Coolidge is believed to have been dead about 15 minutes when found.

He went to his office this morning but returned some accompanied by his secretary about 10:30 o'clock.

Harry Ross, the former president's secretary, said there was nothing today to indicate Coolidge felt ill. They sat talking for some time, he said, then Coolidge went upstairs.

Ross waited for him to come down and dismiss him for lunch. He was his custom. He was still waiting when Mrs. Coolidge came home from a shopping tour and went upstairs and found her husband dead.

Upon reaching his home from the office Coolidge assured his secretary he would be all right after a short rest. After talking Coolidge to his bedroom, Ross returned downstairs to await the return of Mrs. Coolidge. When she arrived 20 minutes later, Ross told her of Coolidge's illness and she immediately went to his bedroom where she found her husband's body.

A doctor was quickly summoned but the former president was beyond aid. The doctor said Coolidge had been dead about 15 minutes when he must have passed away within a few moments after Ross left the room.

Coolidge would have been 61 years old next July 4. He was the country's 30th president. His death occurred at an estate to which he retired at the conclusion of his career at the national capital.

At the time of his death he was (Continued On Page Three)

DOCTORS DECLINE TO CARRY ENTIRE CHARITY BURDEN

Pass Resolution Proclaiming Stand As To Free Services

Meeting in a special called session in the office of Dr. J. T. Denton, the Seminole County Medical Society, composed of Sanford physicians, last night decided by the adoption of a resolution that public health welfare is not the entire responsibility of the physician and that it is necessary to withhold services unless provision is made for remuneration, except in cases of private charities of each doctor's own selection.

The resolution follows: "Be it resolved, by the Seminole County Medical Society that on account of the increasing burden (Continued On Page Three)

Families Flee Before Rising Waters

MEMPHIS, Jan. 5.—(AP)—Scores of families fled today before flood waters that poured through four levees breaks along the St. Francis River in Southeast Missouri and Northeast Arkansas. Two gaps in the levee on the Mississippi side of the river sent water surging over approximately 40,000 acres of lowlands.

One of the breaks north of Kennett, Missouri) came without warning but national guardsmen assisted marooned families to safety. No lives were lost but some livestock perished.

Another crevasse developed on the Arkansas-Missouri boundary threatening to overflow 25 square miles. Water poured through another opening at Bortig, Ark., covering a wide area of farm land.

China Demands Japs Withdraw From City

By The Associated Press
China served upon the Japanese government today a demand for withdrawal of Japanese troops from Shanghai, for punishment of officers who attacked that city, and for guarantee that such an attack not be repeated elsewhere in China. The right to claim indemnity also was reserved.

Meantime Shanghai was quiet and is still under control of the Japanese army. Refugees reaching Peiping said 3,000 Chinese civilians were killed in fighting at Shanghai and more authoritative estimates placed the casualties at between 12 and 14 hundred. Military casualties were placed at 1,800 killed, and at least 1,200 wounded. Japanese headquarters said 18 Japanese were killed and 95 wounded.

Millions Are Lent By R.F.C. In Last Few Days

WASHINGTON, Jan. 5.—(AP)—Millions of dollars have been lent by the Reconstruction Finance Corporation in the last 10 days to provide jobs for several thousand men on great construction projects in various parts of the country. It was learned.

The prediction of corporation officials that Jan. 1 would find many large projects getting under way apparently has been borne out. The last day of 1932 found \$10,000,000 in the hands of borrowers to pay for bridges, waterworks, and other projects. The total authorizations are \$116,000,000 and more money will be going out soon.

Dade County Clerk Is Enjoined From Issuing Tax Deeds

MIAMI, Jan. 4.—Judge Worth W. Trammell in Circuit Court today enjoined E. B. Leatherberry, clerk of Circuit Court, from issuing tax deeds for Victoria Hospital and for business hotel property in S. Miami Avenue between Second and Third Streets.

Mrs. Julia A. Henderson, widow of Parker A. Henderson, former mayor of Miami and owner of the properties, filed the suit under which the judge acted.

Tax certificates on the S. Miami Avenue property were sold on July 7, 1930, for 1929 taxes, and Mrs. Henderson has been notified that a deed will be applied for on Jan. 5, 1931, by F. J. Fabrice, Chicago.

The tax certificates for the city for 1929 were sold to W. T. Roberts and the state treasurer purchased the state and county 1930 subsequent certificates on the hospital property on June 11, 1931. No mention of an application for a tax deed on the property is made in the suit.

Mrs. Henderson charges that the assessments were unequal, unjust and discriminatory in comparison with other similar properties, and that the tax assessor failed to assess several millions of dollars of personal property for those years. Management and control of the properties is in the hands of the First Trust and Savings Bank, as executors of the estate, the suit filed by John M. Murrell, attorney, explains.

Offer Is Made To Tampa For Lease Of City's Hotel

TAMPA, Jan. 4.—An offer from Paul K. Decker, Tampa hotel man, to lease the Tampa Bay Hotel for five years was presented to the board of aldermen last night by Mayor Chaney.

Decker offered to pay \$6000 a year for the first three years and \$7000 a year for the last two years of his lease, the city to have the privilege of cancelling the lease at the end of the third year. He wishes to use the building for other than hotel purposes, or to cancel beyond that time by giving 12 months' notice. However, cancellation would not be allowed if the hotel is to be used for hotel purposes.

The offer was referred to the finance committee, the public buildings committee, and the public relations committee and these committees were asked to hold a public hearing Friday afternoon at 3 o'clock so that possible objections can be presented.

Alderman Frazier, who a week ago was removed as vice chairman of the board, received a vote of confidence Monday night and was reinstated, but he announced after it was all over that he would hand in his written resignation as vice president at next week's meeting because he did not wish to hold the honor any longer.

Putnam Officials Assume Duties As Others Step Down

PALATKA, Jan. 4.—Putnam officials were shaking themselves into place yesterday as various county officers formally took over their duties.

Henry Chastain was elected chairman of the board of county commissioners as the new board was organized with Gage Turner, Chastain and W. A. King taking their places as new commissioners.

R. J. Hancock took over the sheriff's office from R. C. Howell and announced that W. J. Reavis, county commissioner, would act as his chief deputy and reside at the jail, while George L. Price, former Crescent City marshal, would also act as a deputy. But two deputies would be named at this time, Mr. Hancock stated.

Commissioner Reavis, re-elected for a two year term as commissioner will resign that post, probably today, he announced in order to take over the duties as deputy under R. J. Hancock.

L. B. Barstow took charge of the office of superintendent of education succeeding C. H. Price, who retired from public life to engage in private business.

Randall Wells, elected tax collector, took charge of the office yesterday while Mrs. Elizabeth Woods Carpenter, who had been acting as gubernatorial appointee, relinquished the records to him.

B. O. Owen entered upon his duties as county judge, and the Clerk of the Court, W. J. ...

Basketball Team Opens Season With Defeat In Daytona

Unable to halt the effective play of a tiny forward named Troy, who scored 10 points, and a sturdy guard named Mayberry, who rolled up nine points, Coach Leonard McLucas' Seminole High School basketball quintet opened its 1933 season in Daytona Beach last night by losing a 24 to 22 decision to the Buccaneers under the direction of Coach Henry Freeman.

Troy's work at forward was a feature of the game while Preston at guard for Sanford turned in a sterling exhibition of defensive play to hold up his end of the game.

The team opens the local season here on Saturday night in a game against the strong Leesburg Yellow Jackets. Seminole's High School gymnasium will be the scene of this tilt, and it starts at 8:00 o'clock.

Scores last night: Daytona Beach, 34, Troy, 10, Primm, 4, Rogers, 6, Kemmer, 6, Mayberry, 9, Walker, 8, Wright, 1.

Sanford: 22, Smith, 1, Knight, 1, Kanner, 2, Preston, 1, Courier, 6, Hughes, 1, Kelly, 1, Govecek, 0.

Ashton Confers With City Upon Bond Situation

(Continued From Page One)

of having Sheriff J. F. McClelland sell the various properties at public auction, a plan that has been temporarily halted in an injunction secured by the City of Sanford on several grounds, among them being the assumption that the properties cannot be sold because they are being used for municipal purposes.

Mr. Ashton expressed the opinion that during the past four years, "You Commissioners have done practically nothing"; that the "Bondholders Protective Committee made a mistake by not sending a man here at the start who would fairly appraise the property and either reduce the debt or interest to a rate that would be on a par with the taxpayers' ability to pay"; that "The man who owns property and doesn't pay his taxes is a damn fool"; that "I have refrained from joining with the Bondholders Protective Committee because my views and theirs are entirely opposite"; that he planned to "Restrain you folks from accepting bonds and coupons in payment of City taxes" as a next step, and falling in that "I have a third step in that the improvement bonds I hold state that one-half the responsibility for payment rests against the abutting property owner", and finally that "You City Commissioners are making a big mistake in your attitude that the quicker the bond situation is brought to a head the better because any action that will disturb the morale of your taxpayers and reduce that morale lower that it now is, will see the town disintegrate."

The Commissioner's attitude was summed up in the remarks of Commissioner V. A. Spear who said that "I am against any action that will make you a special or preferred creditor of the City because I think it manifestly unfair to the other bondholders." He was joined in this opinion by Commissioner W. A. Leffer, who with Mayor T. L. Dumas, City Clerk F. S. Lamson were present at the informal conference.

Among the properties that Mr. Ashton has levied upon are: the golf course, the municipal dump, the municipal pier, the yacht club building, a celery farm on the West Side, and a hospital site on Geneva Avenue.

TOOK CARDUI FOR PAINS, CRAMPING

"I have taken Cardui for irregular troubles, also for pains and cramping, and it helps me," writes Mrs. Maxie Crumsey, of Texarkana, Texas. "I gave Cardui to my daughter and it helped them very much. They had pains and cramps, and it did them good."

Cardui is given the credit for relieving so many common menstrual troubles that it is widely and favorably known. Druggists everywhere sell it.

If you are weak, nervous, suffering from irregular periods, or if you are a sufferer from backache, headache, or any of the ailments which result from an unbalanced system, you will find the relief of thousands of women who have written to say "Cardui helped me."

DONATED BY SANFORD ELKS

Some idea of the effective relief work being done locally by Sanford Lodge No. 1241, Benevolent and Protective Order of Elks, may be gathered in the above photograph which shows the pile of food that was handed to 500 poor children at Central Park on Christmas Eve together with 500 bags of candy, nuts, and fruits. The Christmas Eve party was one of a series of several that have been increasingly successful, and all Elks today joined in thanks to the persons who assisted in making the 1932 party a success.

"BOWLING NOTES"

The No. 111 Bottlers won two out of three games from the Dossey's Lunch Room team in a scheduled match at the Commercial Street alleys last night, with Walter Bach of the Dossey team rolling a 27 point score for a single game, one of the highest marks made this year.

Jim Sharon was a close second to Bach's three game total of 652, by rolling 646 points in three games.

Miami Commission Approves Plan For Aerial Gun Range

MIAMI, Jan. 4.—The city commission recently gave tentative approval to a plan for setting 25,000 acres south of Chapman field, available to the United States army air corps as an aerial machine gun target range.

The range would be the only one of its kind east of the Mississippi and probably would assure permanent retention of an army air base in this area.

The commission referred to John W. Watson, Jr., city attorney, for an opinion, a contract under which the Model Land Company offers to lease the tract to the city for one year for \$1, the city to make it available for the army's use. The land company would continue to pay the taxes on the tract.

The city would assume liability should anyone be injured while trespassing on the property. Capt. Earl Hoag, commanding officer of Chapman field, said the greatest care will be taken to prevent accidents, and that the tract is needed for operations by 18 planes which are to arrive here next week from Mitchell field, New York.

The Tobacco Crop may be Short this Year but that can't affect Chesterfield - why?
Production of tobacco usable for cigarettes or "roll your own" U. S. crop (average, 5 years, 1927-31) . . . 1,091,265,750 lbs. U. S. crop (Govt. estimate, 1932) . . . 781,601,000 lbs. Estimated shortage, 1932 crop . . . 339,664,750 lbs.
The manufacturer of good cigarettes does not depend on any one year's crop. He knows that to keep up the quality of his brand, he has to carry on hand at all times a large stock of the right kinds of tobacco from several years' crops.
