Warsaw Takes Shape Of Fine City

WARSAW, Poland (AP)—Warsaw, 10 years ago a mess of rubble, is taking shape as a fine city.

Broadcasting May Be Career Of Bill Goodwin

NEW YORK (AP)—It begins to look as if broadcasting will turn out to be the career of Bill Goodwin. The jovial, soft-voiced performer has held a lot of different jobs in radio and television but this week reached his 25th anniversary in the business without missing a season. Goodwin currently is star and master of ceremonies of the Wednesday night Penny for a Million giveaway show on ABC, and he handles it with the same warmth and enthusiasm as his chores on the Burns & Allen and Bob Hope shows for years. Although Goodwin has been in television four years and has appeared in 37 movies, he says many people still identify him quicker from his voice than his face. "I got into a taxi here in New York and gave the address I wanted and the driver turned around, looked at me and asked, 'What's your name?'" Goodwin relates. "I said 'Bill Goodwin' and the driver said 'I thought I recognized your voice.'"

Reconstruction is tied to a six-year plan that ends this year. Diplomats, businessmen and other Westerners here say progress has been spectacular.

Everywhere builders are at work. They are producing a city of broad tree-lined avenues and spacious sidewalks with many new buildings. Eighty per cent of Warsaw was laid low in World War II. Today there are still many signs of this destruction but they are disappearing. High over the city towers a 740-foot skyscraper, the Stalin Palace of Culture and Science. It is described officially as the gift of the Soviet Union to the people of Warsaw. Designers, engineers and 5,000 workmen came from Russia to build it.

Reporters who came to Poland for the meeting last week of the Soviet Union and its European allies were shown around the building. Work started two years ago and the palace is now almost ready for its opening in July. Its exterior is heavily decorated in the Russian wedding-cake style. To some eyes it clashes with the simple elegance of other new buildings. Inside, the palace is equipped on a lavish scale. At any one time, according to a guide, it will accommodate 27,000 persons in its theaters, movie auditoriums, recital rooms, concert and congress halls, libraries, game rooms, gymnasiums and a marble swimming pool.

A showpiece of the new Warsaw is "Old Warsaw," razed in the 1945 uprising. It has been rebuilt just as it stood in the 18th century, a cluster of narrow streets around a market square. In this city, the Poles look at least adequately and sometimes attractively clothed. Nor, so far as one can judge after only a brief stay in Warsaw, is there any shortage of food. Because of the artificial exchange rate, prices look prohibitive to Westerners. But the shops look well stocked and people are buying.

Princess Margaret Arrives For Visit

BONN, Germany (AP)—Princess Margaret arrived here by plane today for a brief visit to British troops in West Germany. Because of a typhoid epidemic in the Ruhr, she will stay only one day instead of until Wednesday as originally planned. The princess landed at nearby Wahn Airport. After brief ceremonies at the airfield, she drove to Wuppertal to present new colors to the 1st Battalion of the Suffolk Regiment. The princess is colonel in chief of the regiment. Margaret also had been scheduled to visit the 3rd Hussars, but it is stationed in Iserlohn, near Hagen, the center of the typhoid epidemic. The number of stricken in the southern Ruhr rose to 630 yesterday and the first death, of a 60-year-old woman, was reported.

COUNTY JAILER ANDY EVANS
He Locks Up His Son Every Night

By CLAUDE ROSE
Herald Feature Writer

If you always have butter on your grits for breakfast, you ought to feel right at home in the Seminole County Jail. According to jailer Andy Evans, the state inspectors who visit the local lockup every month say it's the only jail in the state they know of where the prisoners get their grits that way.

Burke Nomination As Naval Chief Comes As Surprise

NORFOLK, Va. (AP)—The Navy's old hands received a whopping surprise with the nomination of Rear Adm. Arleigh A. Burke to be chief of naval operations—but nobody was more stunned than Burke himself.

Burke, whose present job is commander of the Atlantic Fleet destroyer force, said he was notified several days ago that he had been chosen to succeed Carney.

Battle Over Roads Shifts To House

WASHINGTON (AP)—The battle over a massive road-building program shifted to the House today after the Senate handed President Eisenhower a sharp setback by passing a Democratic rival to his highway plan.

Sen. Gore (D-Tenn.), chief sponsor of the Democratic bill, arranged to appear before a House Public Works subcommittee to explain and argue for the measure. Republicans contended the President's plan had much better prospects in the House, although Democratic leaders there have let it be known they favor the Gore bill.

Workers Given Ride On Concrete Slab

LOUISVILLE, Ky. (AP)—Seven workers rode a 45-ton concrete slab to a "forced landing" yesterday and escaped with minor injuries.

The huge section of a stadium floor at the new Kentucky State Fairgrounds cracked and crashed 14 feet to the earth. Two workers on the ground ran to safety when the cracking began.

Seven Convicted On Federal Charge

DENVER (AP)—Seven persons named in federal indictments as Communist party leaders were convicted last night on charges of conspiring to teach violent overthrow of the government.

A jury of seven men and five women deliberated 12 hours and 13 minutes in the 29th actual trial day of the case. It began March 21.

Defense lawyers immediately asked time to file motions for dismissal and retrial. U. S. District Judge Jean S. Breitenstein granted them until June 9 to prepare motions and set June 15 as a date for their hearings.

Tornadoes Pathways Deadly

UDALL, Kan. (AP)—A series of tornadoes whirled across Kansas and Oklahoma last night hammering 13 towns and killing at least 74 persons.

Approximately 600 persons were injured. The twisters dealt the most punishing blows to Udall, a south-central Kansas community of 750; and Blackwell, a northern Oklahoma town of 10,000. The towns are 80 miles apart.

At least 55 persons died at Udall and 17 at Blackwell. A twister killed two others at Sweetwater in western Oklahoma. Lightning claimed two additional lives in Oklahoma.

The twisters, the year's most devastating, also roared into Texas but apparently caused no deaths in that state.

Udall was virtually destroyed more than 100 persons were injured. In Blackwell where the torrid leveled homes and factories in an east side area of about 36 square blocks some 500 were injured.

Prison Reform Bill Is Passed By House After Little Talk

TALLAHASSEE (AP)—A prison reform bill, one of the major pieces of governmental reform legislation considered this session, moved over to the Senate today following House passage.

The measure, which sets up a new department of corrections and makes sweeping revisions in Florida's prison system, won approval 74-4 yesterday after little debate.

Should the bill become law, the Department of Corrections would take over prison system responsibility now divided between the prison division of the Department of Agriculture and the State Road Department which operates convict work camps.

Arkansas Senator Says Heart Attack May Cause Delay

WASHINGTON (AP)—Sen. McClellan (D-Ark) said today a heart attack suffered by a key witness may force a postponement after today of an inquiry into alleged graft in buying of uniforms for the armed forces.

McClellan heads the Senate Investigations subcommittee, which has heard New York manufacturer Leon M. Levy give sworn testimony that he furnished nearly \$7,000 which he understood an associate would use to pay off government employees having supervision over clothing contracts.

Annexation Battle Taken To Capital

MRS. MARY DETYENS

Nursing Director Chosen For Hospital

H. M. Weir, Administrator of the Seminole Memorial Hospital has announced the appointment of Mrs. Mary Detyens of Gulfport, Fla. as the Director of Nurses for the Seminole Memorial Hospital. Prior to coming here Mrs. Detyens served as Director of Nursing Service of the Mound Park Hospital, St. Petersburg.

Mrs. Detyens graduated from the Jersey City Medical Center in 1931. She later served as operating room supervisor of the Buffalo General Hospital, Buffalo, N. Y. and Pollock Hospital, Jersey City, until 1943. At this time she took a leave of absence for two years to do war emergency work in Hawaii. From 1947 to the present, she has been associated with the Mound Park Hospital, first as operating room supervisor, then Director of Nursing Service.

Mrs. Detyens is a member of the Florida State Nurses Association, National League for Nursing, Catholic Nurses Guild, and Florida Hospital Association. At the present time she is a member of the Board of Directors of District Number 13, Florida State Nurses Association and Secretary of the Institutional Section of the Florida State Nurses Association. From 1950 to 1952 she was vice chairman of the Institutional Section of the American Nurses Association, a national organization.

During this period, before the hospital opened, Mrs. Detyens will be concerned with the development of policies and procedures for the nursing service, screening and selecting of the various nursing personnel, and assisting the administrator in other administrative duties.

Mrs. Detyens is the wife of Lt. Col. Julian J. Detyens, U. S. Navy, retired. They will reside at 2344 Palmetto Ave.

Unusual Disease Takes Second Girl

LOUISVILLE, Ky. (AP)—An unusual, incurable disease killed little Susan Hoerk last night, a month after taking her sister's life.

Both were victims of pancreatic cystic fibrosis, the disease which causes the pancreas to function improperly.

This failure, in turn, leads to malnutrition and lowers resistance, and the victims succumb to some infection which is the immediate cause of death.

Dr. Carroll Witten said the disease is unusual in one member of a family but "extremely rare" in two members.

Delegates Heading For Tally

Both Sides Meet For Showdown

The annexation battle will erupt on the Tallahassee front tonight.

Delegations for and against the City Commission's proposed bill were to meet with the Seminole County legislative delegation in the capital city for a show down on the vital issue.

Meanwhile today, the Junior Chamber of Commerce joined other organizations in endorsing the annexation plan and voted to send a telegram to the legislators urging them to secure passage of the bill.

The action was taken on a motion by Herbert Roller, past president of the Jaycees, who pointed out that extension of the city limits is "very important at this time." He asked the Jaycees to get behind the annexation move.

A delegation headed by Mayor Denver Cordell left this morning to present the argument for annexation to Senator Douglas Stenstrom, Rep. Vols Williams Jr. and Rep. Mack Cleveland Jr. Making up the delegation were City Commissioners F. D. Scott and Jack Rutigan, City Manager Warren Knowles, Clifford McKibbin and John Levy.

A number of other civic leaders favoring annexation were traveling separately to Tallahassee. Among them were Brasley Odham and Fred Perkins, publisher of The Herald.

But the opposing side readied its big guns for a counter-attack at tonight's meeting. A spokesman said a delegation planned to walk into the meeting and present the other side of the picture.

"All of us want to see the city grow. It means a lot to us," Bob Bennett, head of the opposition group, declared. "But we are fighting for our rights as a democratic people."

Bennett said the group wanted to restrict the proposed referendum to the areas directly affected, instead of permitting Sanford to also vote on the question.

"We are going to try to get the legislators to put off the referendum altogether for the time being," Bennett said. "But, failing that, we are going to try to restrict the referendum to the areas subject to annexation."

Bennett said he had been advised by a member of the legislative delegation that a bill was to be introduced in the legislature to zone within a half-mile radius of Sanford in order to regulate building and bring about an orderly growth.

A discussion of the annexation question took up a considerable amount of time at today's weekly luncheon meeting of the Junior Chamber of Commerce. Others speaking for annexation included William Stempier who pointed out the advantages of being in the city "far outweigh the small amount of tax." He also urged the Jaycees to take a definite stand in the matter.

BELGRADE, YUGOSLAVIA (AP)—Flags left over from President Tito's birthday festooned Belgrade today for the arrival of Russia's top leaders, coming to heal the seven-year breach between the Kremlin and the outspoken Yugoslav marshal.

The government newspaper Politika announced today that the Soviet delegation would arrive late today. The time and details were kept secret.

Politika urged Belgraders to line the streets to show they "believe that the Yugoslav-Soviet talks will be fruitful and will contribute to the further improvement of relations between the two countries."

The Soviet delegation is headed by Communist party boss Nikita S. Khrushchev, Premier Nikolai A. Bulganin and Vice Premier A. I. Mikoyan, a trade expert.

GRAIN ELEVATOR EXPLOSION FATAL

WAYNESBORO, Ga. (AP)—Three men were killed and 11 injured yesterday in an explosion in a grain elevator of the Georgia Cotton Producers Assn.

The dead were identified as Joe Jackson, Willis Holmes and the Rev. Reuben Flourney, who supplemented his ministerial work with employment at the elevator.

Try and Stop Me
By BENNETT CERF

THE PRESIDENT of a billion-dollar corporation faced his board of directors with a grim look on his face. "I'm going to put it squarely to you, J. D.," he said to the first vice-president. "Have you been taking out my secretary after hours?"
"Gosh, chief," blushed J. D. "I didn't think you'd mind."
"In turn, other executives admitted that they too had not been immune to the charms of the prey's secretary."
"The newest and youngest board member was made of sterner stuff. "I'm happy to say," he announced, "that I've had no extra-curricular contact with the young lady in question."
"You're just the man we're looking for!" boomed the president. "Go right outside and fire her!"
The government inspector asked a Kentucky farmer, "Having any trouble this summer with insects in your corn?"
"Sure, have," said the farmer, "but we just fish 'em out and drink it anyhow."

'Substantial Cuts' Predicted By Vorys

WASHINGTON (P)—Rep. Vorys (R-Ohio) predicted today the House will make "substantial cuts" in the administration's economic aid program unless more of the funds are earmarked as loans.
Vorys, a senior member of the House Foreign Affairs Committee, said he expects little change, however, in the rest of the \$14-billion-dollar foreign aid budget for the year beginning July 1.
The committee resumes hearings on the budget today with H. Struve-Hensel, assistant secretary of defense, testifying on military aid.

ANSWERS CALL GOODS ARE STOLEN

CHARLOTTE, N. C. (P)—Ward Plyler, owner of Dill's Truck Stop, woke up about 5 a. m., to the sound of breaking glass. Looking out a rear window, he saw a youth who motioned violently to him to go to the front of the establishment. Fire, traffic accident, thought Plyler as he obeyed. When he returned the youth was gone. So were some goods.

Eastern European Military Command Ratified By Reds

MOSCOW (P)—The Soviet Union has ratified the Warsaw agreement setting up a unified Eastern European military command. The anticipated action by the Presidium of the Supreme Soviet makes Russia the fourth Communist ally to approve the eight-nation "Red NATO."
The Presidium endorsed the formal alliance yesterday after hearing a long speech by Premier Nikolai Bulganin, on the eve of his departure for talks in Belgrade with Yugoslav President Tito.
Describing the agreement as a Communist answer to the rearmament of West Germany and its entry into the North Atlantic Treaty Organization, Bulganin declared:
"The joining of West Germany to NATO increases the aggressive nature of this bloc directed against the Soviet Union and the countries of the peoples' democracies, which is being accompanied by the activation of aggressive forces elsewhere in the world."

Dressen Promises To Make Changes

NEW YORK (P)—Manager Charlie Dressen, admittedly disappointed over the fifth-place position of his Washington Senators, today promised some changes on the club "within the next 10 days."
He said he has been dickered with a number of clubs for a short stop. He refused to mention names but indicated he'd be willing to give up a top-flight pitcher for the player he wanted.

Quick Move Seen For Imprisoned

WASHINGTON (P)—American diplomats now believe Red China may take steps within the next month to release many of the Americans held behind the Bamboo Curtain.
These include 41 civilians and 15 airmen captured during the Korean War.
The belief is based on what appears to be a general easing of belligerent behavior by Peiping and, more importantly, on a belief that the Chinese Reds will want to make a favorable impression on the world prior to the United Nations 10th anniversary meeting at San Francisco, June 20.

They're Accomplishing Big Things With What Little They Have

Cubs Doing Outstanding Job

By THE ASSOCIATED PRESS
The Chicago Cubs put you in mind of the folks who were too poor to paint and too proud to whitewash. They've simply been getting the job done with what little they have.

Manager Stan Hack, making infielders into outfielders, gets hits when he needs them from a bunch of guys hitting only .27 as a team. And without hauling in a load of newcomers, he's been getting great pitching from a staff that used to be barely adequate.

That's the way it was again yesterday as the Cubs swept a double-header from the St. Louis Cardinals and climbed into second place in the National league, six games back of Brooklyn.

Paul Minner, who hadn't worked since May 6 and hadn't won since April 22, came up with a four-hitter, and rookie Bob Speake, an infielder now roaming the outfield, chipped in his sixth home run to win the opener 1-0.

It was the fifth shutout of the season for the Cub staff—tops in the NL.

Veteran Bob Rush, with just one winning season in the majors, took charge in the nightcap, keeping the Cards limp with a two-hitter to win 3-1. He had a 2-0 lead in the first inning on a home run by Eddie Miksa another outfielder convert from the infield, a triple by Gene Baker and Speake's double. The Cards' run came on a homer in the ninth by Rip Repulski. Chicago has won six of its last seven.

That pushed the Cubs ahead of the New York Giants, who slipped to third while losing a two-night pair at Philadelphia 8-3 and 5-2. The Giants now have lost three in a row after winning six straight.

Rain stopped Brooklyn at Philadelphia while Cincinnati made things tougher for fourth-place Milwaukee by beating the Braves 13-2.

In the American, New York's Yankees beat Washington 6-2 on Yogi Berra's three-run homer and a three-hitter by Bob Turley, who won his eighth decision in nine starts. The victory widened the Yanks' lead to 1½ games. Rain postponed Chicago at Cleveland.

Fourth-place Detroit peppered Kansas City 8-2 and Boston won the nightcap 5-2 in a two-nighter at Baltimore after dropping the first 6-2.

Robin Roberts was smacked for four extra-base blows in the five hits he allowed the Giants in the opener, but was tough in the clutch to gain his sixth victory.

The second-game success, which pulled the Phils out of the cellar while Pittsburgh dropped in, went to Murry Dickson with the relief help of Johnny Meyer. Del Ennis smashed a three-run homer as the Phils scored four in the first to beat Johnny Antonelli in the nightcap.

At New York, Turley reclaimed the AL knockout lead, fanning six to top Cleveland's Herb Score by one with a 7R total.

It was in the bag after Berra led off against loser Maury McDermott in the first. Ed Fitz Gerald's low liner evaded Mickey Mantle in center for an inside-the-park homer and both Senators runs.

Baltimore slugged 12 hits—three by Billy Cox and two each by Gene Woodling and Hal Smith.

John L. Rice, newest addition to the American League umpire staff, served in the Marine Corps four years during World War II.

the loser. Warren Spahn, a 20-game winner in six seasons, was handed his sixth defeat by Cincinnati as

the Redlegs went off on an 18-hit romp while Art Fowler won in relief. Spahn left after two innings, trailing 3-0.

Griffith Would Trade McDermott Or Porterfield

NEW YORK (AP)—Calvin Griffith, vice president of the Washington Senators, said today he was quite willing to let the New York Yankees have either left-hander Maury McDermott or right-hander Bob Porterfield but he insisted on getting an outfielder and a shortstop in return.

He said he had suggested to General Manager George Weiss of the Yankees several players he would like to have but Weiss turned a deaf ear.

"He expressed an interest in both McDermott and Porterfield," Griffith said. "I told him either was available but we'd have to get an outfielder and a shortstop in return. I cannot tell you who they are but George knows which players we'd like in exchange. So far he hasn't said yes and he hasn't said no. For that matter, Weiss hasn't made a concrete offer for any of our pitchers."

Griffith is convinced his club has the best young pitching staff in the league. Like Manager Charlie Dressen, he is high on youngsters Camilo Pasqual, Paul Ramos and Ted Abernathy.

"With veterans like Porterfield, McDermott, Johnny Schmitz, Chuck Stobbs and Dean Stone and youngsters like Abernathy, Pasqual and Ramos, we feel we are well situated in pitching and can afford to give up harder to get more punch," Griffith said.

"Our biggest need is a shortstop who can hit. . . . The next move is up to the Yankees."

John Granger, twice NCAA boxing champion, was voted Syracuse University's athlete of the year by the school's head coaches.

Gene Baker of the Chicago Cubs never played second base until last year. As a rookie in 1954 he was the Cubs regular second sacker.

John L. Rice, newest addition to the American League umpire staff, served in the Marine Corps four years during World War II.

Interpreting America

To make a man a friend, it is not necessary to do something spectacular. Little acts of courtesy and helpfulness are far longer appreciated. This holds true also of friendship between nations.

One token of friendship is the American Library in Paris, which is now 35 years old. In 1920 it was founded partly by an endowment from the American Library Association, and partly by a gift of books no longer needed for the camp libraries of the American army. The aim was to make available to the French the best in American literature and other intellectual achievement. The best current books and magazines have been provided.

The American Library in Paris has weathered the depression, World War II and the Nazi occupation. To the original library has been added a branch on the left bank of the Seine River in Paris, and branches in six other cities. It has 80,000 books and circulates 300,000 books annually.

Undoubtedly it has helped greatly to make the Frenchman realize that the average American is not the greedy plutocrat of caricature, but a person with tastes not unlike his own.

TODAY'S BIBLE VERSE

I have learned in whatever state I am, therewith to be content.—Phil. 4:11.—Yet no moral ever did so much to turn the world upside down as did Paul. He was not deterred by discomfort nor lack of abundance. His mind was wholly on the main business of life, he offered no excuses.

Top Men Have Three Big Worries

NEW YORK (AP)—Top men of the nation's booming steel industry are in New York today with three immediate worries on their minds: wages, prices, expansion.

They have gathered for the annual meeting of the American Iron & Steel Institute. Formal discussions will be on the technical problems and accomplishments of the industry.

But in the corridors the earnest talk will be of what to do about wages, prices and expansion. What the steel industry does could help out a national program.

Wage talks with the CIO United

Steelworkers open in a couple of weeks in Pittsburgh. Rumor has it that the union will ask for a wage increase of more than 16 cents an hour. Steel executives will have a chance here to compare ideas on how much management should offer. Some believe the settlement will be around 12 cents.

Steel wage talks start after the auto industry's bargaining deadline has passed.

A strike in the auto industry would cut off the steel mill's best customer. Or, a liberal wage increase there as a compromise on

the auto union's other demands would be a strong talking point for the steelworkers in bargaining.

A steel price hike is just as pressing a topic today. Industry leaders have said a price increase is necessary, no matter what the outcome of the wage talks. They cite rising operating costs.

Steel executives in New York today will have a chance to compare views on how big a price hike to plan and how effective customer resistance might be.

The question of expansion grows out of the unexpected size of the industry's boom. It is operating at almost full capacity. Some companies are paring out certain steel products to their customers. Reserve capacity has disappeared, for the time at least.

Top steel companies have laid another round of expansion must be planned. In their talks today steelmen can try to judge how much more the civilian economy is likely to grow and how much more steel it will be likely to demand in the years ahead.

Police Must Handle 'Treenaping Case'

NEWTON, Mass. (AP)—Mrs. Mary F. Costello returned from a shopping trip Monday to find a gaping hole in the front lawn where a 15-foot maple had been.

A neighbor recalled seeing four men in work clothes, with a truck and all sorts of special equipment, dig up the tree and haul it away with the terse comment: "The boss told us this was the tree, lady."

And Mrs. Costello remembered the dapper, polite man who called at her home Sunday asked all kinds of questions about the tree. "A real nature lover," said Mrs. Costello.

"A tiger man," grumbled police with a genuine case of treenapping on their hands.

Who Wants 'Gator? He's Nice, Honest!

PITTSFIELD, Mass. (AP)—Dr. Arthur H. Levy has a 30-inch alligator to give away—but so far there are no takers because of the alligator's reputation.

The alligator arrived by Dr. Levy Sunday night and promptly broke loose at the Pittsfield post office. Before it was caught, it bit clerk Fred Bender.

The doctor was called at midnight to "come get your alligator." The doctor did.

Monday his son Larry took the alligator to school. His teacher Katherine M. Naley was bitten on the finger. Neither bite wound was considered serious.

Source Of Taxes

Local government officials continually complain about the lack of tax revenue at their disposal, and use this as an excuse for thrusting new responsibilities and financial burdens upon the state and federal governments. Yet they may be overlooking a traditional source of tax revenue.

According to a spokesman for the National Association of Assessing Officers, "assessments have failed to keep pace with the rise of national wealth" and "non-uniformity in assessment has increased as property values have risen."

If property assessments were made according to present market value, municipalities would have more tax revenues to use for building schools and roads instead of depending upon the federal and state governments to do this. If property taxes were realistic, municipalities would not have to think in terms of payroll and sales taxes, nor would they be forced to give their powers to state and federal governments.

If municipalities really want adequate tax revenue, if they genuinely want to reduce federal taxes, they can do so through realistic assessments. The property owner would hate it at the time but might benefit in the long run through a reduction in his other taxes.

An Old King For Sale

Motorists on the Pennsylvania turnpike have been amused by the oddly named settlement, King of Prussia, at the Valley Forge interchange. Its title comes from the King of Prussia Inn, a 246-year-old landmark which is up for sale. Someone interested in possessing a historic landmark may buy it, says Joseph J. Lawler, State Secretary of Highways, for as little as one dollar. Lawler would prefer there were no bidders. Then it could be torn down and an obstacle in the middle of a four-lane highway could be removed.

The inn was named after King Frederick I of Prussia, according to the oldtime custom of naming hosteries for famous people. George Washington stopped there several times, but it is questionable whether the inn could rightfully display the familiar sign, "Washington Slept Here."

The inn is a trouble-maker in its present location. Probably keeping the name for the village is a much historical distinction as old Frederick is entitled to. Life does change, and it may be high time that the old inn should give way to the modern turnpike. Its ancient comforts to those modern ones of motels.

HAI. BOYLE

Anyone Can Be Unsuccessful Author

NEW YORK (AP)—Anybody can be an unsuccessful author.

All you have to do is sit down and write a book.

If nobody publishes it, you are automatically unsuccessful. And if somebody does publish it, the odds are at least 99:1 you still will be an unsuccessful author.

Successful authors are as rare as successful inventors. Whether successful or not, actual authors tend to be melancholy, dyspeptic individuals ridden with a feeling of persecution. They are sure their publishers are scoundrels, and that the entire world is linked in a gigantic conspiracy to drop their latest book down a deep dark well of silence.

The real way to win happiness in the literary field is to become an expectant author—and remain one. An expectant author is one who has a book in mind, or partly under way, but never quite gets around to finishing it. He has all the pleasures of authorship, but suffers none of its pangs or penalties.

I have been an expectant author for 20 years now, and can't think of a more satisfying hobby. It brings you much more prestige and personal satisfaction than if you actually did bring out a book. The most wounding question an actual author hears—and he hears it all the time—is the blunt demand: "How is your book doing—how many copies has it sold?"

This is like asking a proud young mother how many teeth her baby has when it still has none at all. An expectant author writes under no such torture. His brainchild never has to suffer the insulting verdict of the market place. The most direct question anyone can ask him is, "when is your book actually coming out?"

And you can easily parry this by frowning and replying, "not until I polish up that last chapter, I'm afraid."

But, by and large, people are amazingly solicitous toward an expectant author, just as they are toward expectant mothers. He usually gets nothing but sympathy.

Since word has got around that he "has a book under his skin," he is invited to the literary teas and cocktail parties and meets real authors and publishers on equal terms. They may be morose and worried over book sales, but such affairs are a real delight to him. Writing a book is hard work, but talking about writing a book can be quite relaxing.

As a matter of fact, over the years people get mixed up about your actual status. You have been an expectant author for so long they forget this and come to believe you have written a number of books and are a successful author. They even become a little jealous of you. I never try to correct this impression.

Must Fill Chair

Of Edward Murrow

NEW YORK (AP)—Anybody substituting on a television interview program might be expected to feel a little nervous interviewing a former president and First Lady on TV.

But that isn't what's worrying Margaret Truman.

"The only thing I'm worried about is trying to sit in Ed Murrow's chair," says Miss Truman of her latest TV role, conducting a Person to Person interview with her parents on CBS tomorrow night.

After planning for months to have the former President appear on the show, Murrow had to go to England to cover today's elections. So Murrow asked daughter Margaret, now a TV veteran, to take his place in New York, as the cameras visit the Truman home in Independence, Mo.

"The first time Ed asked Dad to appear he simply couldn't fit

JAMES MARLOW

Defense Secretary Speaks Again

WASHINGTON (AP)—A year ago Secretary of Defense Wilson said he thought the Russians were building a "defensive" air force. If that was right the United States, which had been building long-range bombers that could attack Russia, seemed safe.

But now comes word from Wilson that the Russians have made enormous strides in building long-range bombers which could be used to attack targets far from Russia. Did this mean the Russians were ahead of this country? At once a dispute began; one word led to another. This is it:

May 12—Gen. Symington (D-Mo), who was secretary of the Air Force under President Truman, said the country's military program "is menaced by a deliberate policy on the part of the government" of withholding information.

May 13—The Pentagon issued an announcement, with White House approval and based on an analysis of Air Force intelligence reports made after the Russians flew a group of planes over Moscow recently.

The statement said the Russians were cutting into this country's lead in the production of heavy, long-range and medium jet bombers.

May 17—Symington said Wilson had underestimated Soviet air strength. He said the United States, "along with the rest of the free world," may have lost control of the air.

May 18—President Eisenhower told a news conference "it is just not true" that this country "has lost in a twinkling all of this great technical development and technical knowledge as well as the numbers in our total aircraft."

May 18—That same day, in Detroit, Brig. Gen. Woodbury M. Burgess, deputy chief of staff for intelligence of the Continental Air Defense Command, was quoted by newsmen as saying, "The Russian air force is currently at least as good as ours, possibly better."

May 18—Burgess said he had been misquoted. Newsmen who heard him stuck to their stories. Burgess already had been publicly rebuked by Gen. Nathan F. Twining, Air Force chief of staff, who said Burgess had not told the truth and had exaggerated.

May 18—The same day as Bur-

gess' denial, Secretary of the Air Force Talbot said this country's air power was greater than Russia's. But he acknowledged surprise at Russia's progress and said, "It makes us sit back and take notice."

May 20—An Air Force officer, Lt. Gen. Thomas S. Power, toned down a prepared speech saying the Soviets have "resources in manpower and materiel we could not possibly match" and that the Russians have the world's largest air force.

May 20—Twining acknowledged the Russians are building a mighty bomber force which "could attack us."

May 22—Aviation Week magazine said the Russians had displayed over Moscow this month aircraft so advanced and so numerous it has shocked "even the top-level and the most knowledgeable military aviation leaders in the Pentagon."

May 24—Yesterday Wilson read a formal statement to newsmen. It said this country is maintaining a "military capability superior" to that of Russia. The Wilson statement was a far cry from the optimistic view of a year ago that the Russians were building a "defensive" air force.

May 18—The same day as Bur-

57-Year Laugh Kept Perpetual By Comedy Duo

HOLLYWOOD — The battling comedy teams of today can take a lesson from Smith and Dale, who have been creating laughs together for 57 years.

Comedians like Abbott and Costello and Martin and Lewis have suffered splits and dissensions which have placed strains on their careers. Smith and Dale can show them how two men can live and work together in a highly competitive business and still get along.

No vaudeville fan needs to be told who Smith and Dale are. But to the younger generation, it can be explained that they were the more famous members of the Avon Comedy Four.

Some years ago, Variety pulled veteran stars on which were the best acts of the vaude era. The majority placed the Avon Comedy Four at the top. Their most famous routine is the zany Dr. Kronkite sketch.

Smith and Dale are getting belly laughs with Dr. Kronkite nightly at a night club called the Band-Box.

The veteran pair was relaxing in the sun at their Hollywood hotel and reminiscing about their career.

"I'll tell you why we've never split up," said Joe Smith, who is 71, powerfully built, and hawk-nosed with a dapper mustache. "We've had our fights in the dressing room and listeners say, 'Oh, oh, this is the end of the team.'"

"But we never carry our disagreements out of theater. Whenever we argue, it's for the good of the act. There's no jealousy over who gets laughs."

"That's right," added Charley Dale, almost 74, a wry-looking fellow with heavy-lidded eyes and a fighter's nose. "That's what breaks most teams up. One of them wants to be an individualist. You can't think about laughs for yourself alone. You've got to think about the good of the act."

Here's a menu for Saturday night supper that has a Spanish-Mexican touch. Serve hamburgers with tomato sauce made with chili powder, yellow onion - flavored rice, and fried bananas. Add a mixed raw vegetable salad with French dressing and tortillas or French bread. Offer fruit or caramel custard for dessert.

Any saffron in the house? Use it with chicken, veal, rice and fish.

BOY THAT LOOKS GOOD! At the annual "Sally Party" given by the Robert Cox's at their home in Enterprise a picnic supper of barbecue chicken, potato salad, roasted corn, potato chips, punch and other picnic snacks was enjoyed by the group. Also attending were Professor and Mrs. Herman E. Morris. (Photo by Cox)

Mrs. Williams Honors Senior, Betty Bryan

Mrs. Brodie Williams honored Miss Betty Bryan, a June graduate, with a cake party at her home Monday afternoon.

The home was beautifully decorated with roses and on the table were green candles.

After serving delicious refreshments, the honoree was presented with a lovely gift.

Enjoying the afternoon with Miss Bryan were Mrs. Alvin Odham, Mrs. J. N. Azzarello, the honoree's mother, Mrs. C. E. Chorpensing, Miss Terrelle Jean Nelson, Miss Sandra Monforton, Miss Sonja Monforton, Miss Jean Wilke, Miss Joan Wilke, Mrs. Dot Wade.

Miss Helen Lindsay, Miss Helen Alexander, Miss Rochelle Eubanks, Miss Yvonne Cullen, Miss Mary Ann Wright, Miss Minnie Lee Metts, Miss Barbara Love, Miss Colleen Engelbreton, Miss Marilyn Calhoun and Miss Marianne Strickland.

It will soon be time to make fresh fruit cobbblers. To obtain best results, have your fruit mixture piping hot before adding your biscuit topping. For a shortcut, use ready-to-bake biscuits.

Dorcas Class Has "Backward Party" For Regular Meet

The Dorcas Class of the First Baptist Church met in the home of Mrs. J. P. Chilton on Crystal Point, Tuesday at 8 p. m.

In the absence of the class president, Mrs. Cates, the session was called to order by the class teacher, Mrs. W. D. Gardner. A devotional taken from Matthew 6:33 was given by Mrs. A. L. Thomas. In the absence of the secretary and treasurer the minutes and reports were omitted.

Mrs. I. I. Pryor continued with the outlining of the book, "The Power of Positive Thinking". The class has been invited to meet with Mrs. J. J. Cates in her new home at New Smyrna for the July meeting and at the home of Mrs. Pryor for the August meeting. With no further business the social hour was conducted by Mrs. Crabtree. Games were enjoyed and prizes won by Mrs. G. H. Sykes, Mrs. H. H. Grier, Mrs. Clyde Humphrey, Mrs. Frank Lamb and Mrs. Pryor.

Delicious refreshments of ice cream floats and cookies were served to the following: Mrs. A. L. Thomas, Mrs. W. I. Crabtree, Mrs. W. D. Gardner, Mrs. I. I. Pryor, Mrs. Frank Lamb, Mrs. Clyde Humphrey, Mrs. H. H. Grier, Mrs. G. H. Sykes, and the hostess, Mrs. J. P. Cullen. The announced later.

CBs Nip Cards, 8-6

The Orlando CBs edged Sanford's Cardinals, 8-6, in a game played before 286 fans at Memorial Stadium last night.

Manuel Heredia led a 13-hit attack on four Sanford pitchers with a triple and two

singles, driving in five runs. Dan Keith, Sanford manager, got four hits. Merchants' Night was observed

at last night's game and a number of prizes were presented to fans. Sanford plays at Orlando tonight.

In other action last night, Gainesville stretched its winning streak to six games with a 6-3 victory over Daytona Beach, the Florida State League second-place team.

A first-division berth still eluded the rampaging G-men, now 1/2 game removed from the top echelon. Rolando Ortega pitched his eighth consecutive complete game for the G-men, giving up nine hits while striking out 10 and walking three.

An expected duel between Ortega and Daytona ace John Ivory Smith failed to develop. Smith had to bow out in the fifth after yielding four runs on five hits and six walks. A Daytona Beach crowd of 753 saw the Islanders lose their third game in the last four.

In other action, Cocoa took West Palm Beach 4-3 and Lakeland edged St. Petersburg 2-1. Lakeland's victory before 350 hometown fans broke a four-game losing streak and enabled the Pilots to exchange seventh for eighth place with the Saints. Bob Lawlor singled in both Lakeland runs.

Cocoa scored two runs in the last of the 10th after two were out to beat West Palm Beach as 415 watched at Cocoa. The winners bumped the losers for third place. Jerry Cline doubled in the tying run and scored on an error.

Nashua Piles Up \$502,440 In Races

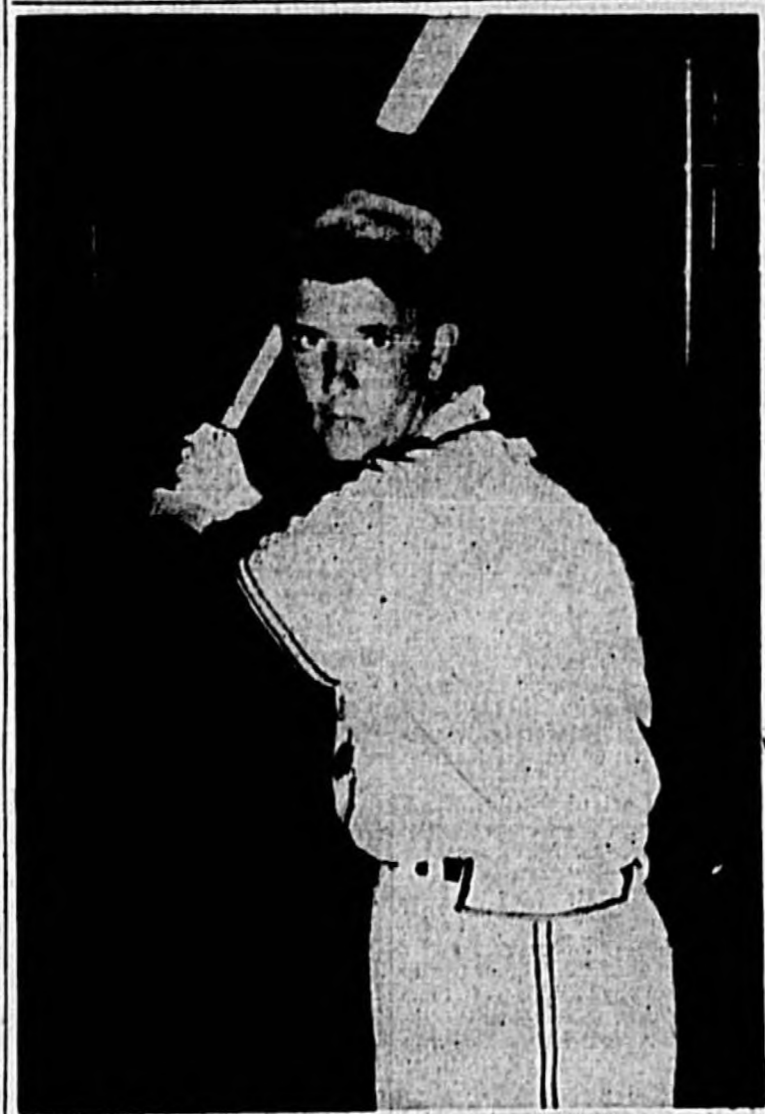

BALTIMORE (AP)—If the winnings of all those entered today against Nashua for the \$100,000 Preakness Saturday could be rolled into one coil, the combination wouldn't come close to the dollars he's won in little more than a year in business.

Nashua, oft-accused of being unruly, has piled up \$502,440 in 13 races, 10 of them victories and the other three second.

The Preakness first prize of approximately \$65,000, depending on the number of entries, would make the Belair stud's colt the 10th highest money earner of all time at the tender age of 3 years.

The entry list is to be settled today. Even if all six of those expected to join Nashua at the \$500 window show up, their total winnings are only \$296,246.

CARDINAL PITCHER 'PETE' PETERSON

'Pete' Peterson, DeLand Lad, Gets Start With Cards

A local area lad is getting his start in professional baseball this year as a pitcher with the Sanford Cardinals. Howard "Pete" Peterson, 18-year-old DeLand youth, currently holds a 5-4 record in the Florida State League.

Pete was chosen as one of three outstanding prospects from a group of 450 hopefuls at a Cleveland Indians trout camp at Daytona Beach three years ago. The hard-working southpaw recently signed a Kansas City contract this spring here in Sanford but was offered better terms by the Cardinals organization.

Prior to entering pro ball, Pete played three years of Junior Legion ball, a year of semi-pro in the fast Lake-Orange circuit, and three years of high school baseball. In addition, he put in three years of football at DeLand High, from which he was graduated last June.

It was with the Mt. Dora team of the Lake-Orange league last year that he went the route to win a 14-inning ball game, 2-1. "I got a little tired before the end of that one," adds Pete. He was named to the league's All-Star team last summer.

He believes that the toughest player in the Florida State League for him to get out is Jim Turner of Lakeland. While working with the DeLand Junior Legion team, he pitched his club to a 2-1 edge over a Junior Legion nine from Jacksonville which had not lost a game in 3 years. He lists this as the biggest thrill he has ever had in a ball game.

As soon as the pennant race is over this season, Pete plans to go to California. He will look for work there and "see the country at the same time."

One of his favorite leisure time activities, when not talking baseball, is swimming.

Lookouts Gallop Into First Place In Southern Loop

By THE ASSOCIATED PRESS After zooming through the league at a sizzling 300 clip for the past 20 games, the Chattanooga Lookouts reached first place today for the first time since they won the Southern Assn. pennant in 1933.

Appropriately, it was the league's hottest pitcher who put them there. Hal Griggs, rookie right-hander up from Charlotte, hurled a six-hitter and fanned nine New Orleans batters for his sixth straight victory as the Lookouts grabbed the top perch with a 3-1 decision over the Pelicans.

Griggs, an Atlanta native, has't been beaten since he bowed before the home folks April 12 in his first start. Atlanta lost the lead via its second straight setback at the hands of Mobile. The Bears cuffed the Crackers 8-5 with five runs in the eighth inning.

Birmingham edged Memphis 9-8 in a weird contest which saw Memphis starter Paul Stuffer pitch a six-run no-hitter for his 9-3 innings. A fight involving Memphis Manager Jack Cassini and Cal Neeman, Birmingham catcher, spiced the proceedings.

Nashville used the No. 1 Sulphur Dell weapon, the home run, to beat cellarite Little Rock 4-1 and knock the outclassed Travelers 16 1/2 games off the pace.

Shortstop Chicago Carroquel and second baseman Nellie Fox played in all White Sox games during the 1954 season.

Seminole Legislators To Introduce Bill

'ANNEXATION PLAN APPROVED

TALLAHASSEE—A bill providing for a referendum on annexation of Sanford fringe area will be introduced in the state legislature by the Seminole County legislative delegation.

Sen. Douglas Stenstrom and Reps. Mack Cleveland Jr. and Volie Williams Jr. announced at a public hearing at the State Capitol that they would introduce the bill. The hearing began last night and lasted until early today.

The bill would permit qualified voters in the city and in the areas subject to annexation to vote in the referendum. It will include a clause exempting those annexed from the present city indebtedness.

The meeting, held in one of the Senate committee rooms, was well attended by delegates for and against the annexation program. Frequent interruptions by arguments from both sides marked the session.

Representing the city and for annexation were Mayor Denver Cordell, City Commissioners F. D. Scott and Jack Rattigan, City Manager Warren Knowles, John Ivey, Clifford McKibbin and Bradley Odham.

On the opposing side were Mr. and Mrs. Edmonds, Capt. Thomas Burgess, G. R. Muffley, J. E. Woods, Bob Bennett and Mrs. Edna L. Heeler.

Following a suggestion by Senator Stenstrom, the delegations appointed spokesmen to present each side of the matter. Jack Rattigan presented the city's side and Mrs. Heeler spoke for the opposition.

Rattigan said both delegations were well informed of the issues involved but brought out that the need for some 500 or 600 new homes are needed to house Naval personnel in the near future.

"This makes it imperative," he said "that action be taken immediately."

Knowles answered questions from the legislators concerning the availability of water, sewers, and fire and police protection. He also answered inquiries

regarding what it would actually cost in taxes to the residents involved.

Mrs. Heeler, speaking for the citizens' delegation, said she had previously been informed by the city that the cost of the annexation would exceed \$100,000. Taking her case as a test, R. W. Burgess determined that actual costs of being in the city would be \$21.

Captain Burgess said he could not see that the city had any thing to offer him in the way of services. Knowles replied that at the present time 10 to 20 percent of the people in the proposed annexation area are receiving some city services.

Take Action At All-Night Hearing In Tallahassee

REP. VOLIE WILLIAMS JR.

REP. MACK N. CLEVELAND JR.

STATE SENATOR DOUGLAS STENSTROM

Heads Chosen By Red Cross

The annual meeting of the Seminole County Chapter of the American Red Cross was held Thursday night at the home of Mrs. J. N. Gannon. The following officers were elected for the coming year: Rev. Milton H. Wyatt, first vice chairman, Mrs. E. L. Gannon, second vice chairman, A. B. Peterson, Jr., secretary, Philip Marx, and treasurer, un-

filled. The board of directors to serve a term of one year are: E. L. Gannon, the Rev. George Carlton, Oviedo; R. C. Dohd, Gadsden; Mrs. John Fox, Paola; Mrs. Jack Hall, Sanford; Mrs. Paul Martin, Lake McIntosh; Mrs. J. M. Thomas, Lake Wales; Mrs. Myrtle Wilson, Sanford; the Rev. Wyatt; and Mrs. J. W. Yarbrough, Gadsden.

Those to serve for two years are Mrs. Dawson, Mrs. Noland Fore, Chuluota; M. L. Gaty, Oviedo; Mrs. J. R. Gillin, Casselberry; Mrs. Marx, A. B. Peterson, Jr., Ralph Penold, Mrs. M. L. Esham, St. Homer South, Altamonte; and Mrs. Volie Williams Sr.

Those to serve for three years are Prof. and Mrs. J. N. Gannon; Mrs. F. Benton, Mrs. A. Duda, Blavia; Col. S. G. Harlan, and A. Farmer, Clyde; H. R. Dr. W. V. Roberts, Herbert; and Mrs. George Wells.

The guest speaker was T. H. Tyler, executive director of the Red Cross Field representative for central Florida. Tyler was introduced by the Rev. Wyatt, who recently established a home in Sanford. He gave an informative and inspiring talk on the place and function of Red Cross in Seminole County today.

Emphasis was placed on the ever-growing need for expanding Red Cross services and courses of instruction in line with the growing community needs, as evidenced by expanding business and industry.

At the station, Mrs. Gannon pointed out the advantages of courses in home care of the sick and mother and baby care, to meet the influx of additional families.

She also told about water safety courses, disaster preparedness in case of contingencies that do not seem to happen but do, gamma rays, and other matters of importance. Rev. Wyatt reported that Seminole County had fallen short of its campaign goal. The amount contributed to date is \$7,366 and the goal is \$8,750 making a deficit of \$1,384.

CIO Workers Flatly Reject Ford Offer

DETROIT (AP)—The CIO United Auto Workers, flatly rejecting a Ford Motor Co. offer to give its 150,000 employees the right to buy Ford stock at half price, called on Ford local unions throughout the nation to get ready at once for "possible strike action."

The stock-buying plan was included in a half-billion-dollar, five-year "package" offered the union as a counterproposal to the UAW demand for a guaranteed annual wage.

Slowing Of Speed Urged By Ex-Racer

NORTH PLATTE, Neb. (AP)—King Riley, former racing car driver who once held the record for the Pike's Peak racing car climb, says, "I've got to come down in speed."

Riley, now 70, said during a visit here, that "the future holds an automobile of unimaginable quality for us. But we've got to come down in speed and control it at somewhere not over 60."

Riley, who operates a 10,000-acre ranch near Rapid City, S.D., spent 13 years on speedways.

Special Meeting Set For Tonight

A special meeting of the City Commission will be held tonight at 8 o'clock in the City Hall in regard to the annexation issue.

Delegates will represent the rating and planning committee of the Merchants and Trades Association, and the Chamber of Commerce.

Inquest In Death Of Elderly Woman Being Held Today

An inquest in the death of an 86-year-old Silver Springs woman was being held today at the coroner's office. The coroner is expected to report on the cause of death.

The woman, Mrs. Edna M. Tyler, was found dead in her home at 100 West 10th St. She had been ill for some time.

Her grandchild, aged 10, was part of the time she lived around the house, the coroner said.

Mrs. Tyler's husband, C. C. Tyler, died about 100 years ago. Composing the jury were: Earl M. Lee, Earl Walker, Herman K. W. Watson, Roy Hill and Jack Morrison.

Youngster Far Cry From Real Davy; Makes Getaway

RICHMOND, Va. (AP)—A boy was wearing one of those Davy Crockett T-shirts that say "a far cry from the real Davy."

The youngster, about 12, was arrested after a neighbor reported he had seen the boy on a nearby highway. The boy's father, who lives in a nearby town, said he had no idea where his son was.

Scott Appointed

TALLAHASSEE (AP)—Gov. Collins today appointed Mrs. Clarence Scott of Moore Haven clerk of the Glades County Circuit Court, succeeding the late Mrs. D. S. Weeks.

Strolling In Sanford

City Attorney A. Edwin Shubolar, who is also president of the Seminole County Bar Association, will be the guest speaker at the regular weekly meeting of the Sanford Rotary Club at 12:15 p. m. Monday at the Yacht Club.

The Seminole County Court House will be closed Monday in observance of Memorial Day. However, the clerk's office will handle two land sales which have already been scheduled, according to O. P. Herndon, County Clerk.

All vets of the Seminole Post 3282 and the VFW auxiliary are urged to attend the memorial service at 10:45 Sunday at the Presbyterian Church.

The Junior High annual dance will be held in the Yacht Club tomorrow from 8 to 11 p. m. Parents are asked to pick up their children promptly at 11.

The Ladies Auxiliary of the Seminole Post 3282, VFW will hold a Bake Sale in front of Sears tomorrow morning.

1955 Fund Drive Is Far Below Quota

Only 12 per cent of the year's quota has been raised in the Salvation Army financial campaign up to the present time.

"If the Army is to expand and be able to keep pace with the growth of Sanford," said Ralph A. Smith, chairman of the local advisory board, "more support is needed from the citizens of Sanford and Seminole County."

"No doubt there are many generous persons who support the organization and its ideals who have not sent in their donations," stated M. Marion Harman Sr., chairman of this year's drive.

Lt. Donald Taylor, commanding officer of the Sanford corps, brought out that "An estimated total of \$7,500 is needed from the drive if the Salvation is to properly carry out its program in this city."

Donations may be sent to the Salvation Army, P. O. Box 1233 Sanford, or call 280 to have a uniformed Salvationist pick it up.

Eden's Win Is Almost Pushover

LONDON (AP)—Good times, lucky breaks and a record of achievement sent Sir Anthony Eden and his Conservatives surging to victory in the British national election.

The circumstances made it almost a pushover for Eden's free enterprise party. British shops are full of goods again. The dinner pail also is full. With a big assist from the Korean War, the Conservatives since 1951 have freed the country of controls and set out to create incentives for hard work.

Many Britons, including some with Socialist sympathies, think of austerity and rationing when they remember the Labor governments before 1951.

Eden timed the election—only seven weeks after he succeeded Sir Winston Churchill as prime minister—with consummate skill. He could have held on for the year and a half remaining in Parliament's term of office.

Instead he sought a bigger mandate to govern. The dice were loaded in his favor.

Slow Down, Live Are Wise Words Issued By Patrol

TALLAHASSEE (AP)—Floridians embarking upon the long Memorial Day holiday weekend were urged by the Florida Highway Patrol and Coast Guard today to take it easy.

Tonight marks the start of the second annual statewide "slow down and live" campaign during the three-month period between Memorial Day and Labor Day.

Last year 22 persons were killed on the highways during this three months period.

State Patrol Comdr. H. N. Kirkman said today "that number can be reduced by 20 per cent this year, if people will only use a little horse-sense on the highways and really make some effort to slow down and live."

NEW OPPORTUNITIES TALLAHASSEE (AP)—The Florida Merit System said today the 1955 Legislature had created new job opportunities for college graduates who wanted to go into public welfare and public health sanitation work. The jobs are under the merit system.

Indonesian Inquiry Group Says Airliner Destroyed By Time Bomb

JAKARTA, Indonesia (AP)—An Indonesian inquiry committee charged today that an Indian airliner which crashed in the South China Sea April 11 was destroyed by a time bomb. Sixteen of the 19 persons aboard, including eight Red Chinese officials, were killed.

In Hong Kong, the British colonial government said, "seems probable that the explosive device was placed in the aircraft in Hong Kong." The British said an investigation was continuing.

The Indonesian report, issued a government communique, said that an inspecting of the wreckage had determined that "the cause of this accident was the explosion of a timed infernal machine placed in the starboard wheel well of the aircraft."

The explosion of the bomb, "resulted in the puncturing of the No. 3 fuel tank and uncontrollable fire."

"Recovery of parts of a twisted, burnt and corroded electrical mechanism—which has no relation to any equipment or structure of the aircraft—trapped in the same area where the explosion took place provided irrefutable evidence of an infernal machine having been placed in the area."

O'Brien was ejected in the fourth inning by umpire Art Carmen during an argument over whether a base runner had left third base too early to score after an outfield fly.

Krider, who was in the stands, said O'Brien grabbed Carmen by the arm and spun him around during the argument and generally "roughed the umpire up."

Krider said he would not stand for any "ball player laying his hands on an umpire."

Krider also announced that umpire Joe Stier had been sold to the Class D Carolina League. Stier, who was out of baseball last season, umpired in the FSL in 1952 and '53, and the first part of this season.

Additional Bodies Found In Rubble

UDALL, Kan. (AP)—Rubble piles in this smashed town yielded additional bodies as the toll from death-dealing tornadoes which lashed six states mounted to at least 115 today.

More than 700 were injured. Property damage was in the millions.

As bulldozers and a crane turned over the ruins in this devastated town of 500 where only three business places were left standing, 12 more bodies were recovered.

They brought the total killed here by Wednesday night's storm to 74. Five others were killed at Oxford, Kan. More than 200 were injured in Udall.

Orlando Manager Fined, Suspended, Krider Announces

Manager Tommy O'Brien of the Florida State League Orlando Clis has been fined \$50.02 and suspended three days for his actions in a game at Sanford May 23, League President John E. Krider said today.

O'Brien was ejected in the fourth inning by umpire Art Carmen during an argument over whether a base runner had left third base too early to score after an outfield fly.

Krider, who was in the stands, said O'Brien grabbed Carmen by the arm and spun him around during the argument and generally "roughed the umpire up."

Krider said he would not stand for any "ball player laying his hands on an umpire."

Krider also announced that umpire Joe Stier had been sold to the Class D Carolina League. Stier, who was out of baseball last season, umpired in the FSL in 1952 and '53, and the first part of this season.

\$300 Difference Subject Of Debate

UTICA, N.Y. (AP)—What's the difference between a clavichord and a piano? In customs duty, \$300. So the Diehls and customs men are engaged in a battle of music.

Mr. and Mrs. Foster R. Diehl, of suburban Yorkville, bought a \$1,500 clavichord from Germany for their 17-year-old son Foster, an accomplished piano and organ student.

The Diehls maintain the instrument belongs to the piano family and is subject to 20 per cent duty—or \$300.

The customs office says the double-keyboard clavichord with 32 pedals is a distinct instrument. If Uncle Sam wins, the Diehls will pay 40 per cent duty—\$600.

A VICTOR IS THE WORLD'S POPULAR TELEVISION

PHILADELPHIA (AP)—Grim workers awaited a go-ahead today to enter an explosion-racked school plant to search for three persons missing in a holocaust that killed one and injured 19 others yesterday.

The men were still unaccounted for after the six-alarm fire in a unit of the Publicker Industries, Inc., distillery on the waterfront.

Killed was Joseph Baker, 55, of Camden, N.J., a government alcohol tax agent.

The cause of the fire and the monetary loss were not determined immediately.

CONVENTION BEGINS TALLAHASSEE (AP)—The Florida Federation of the Blind begins its annual three-day convention here tonight with an estimated 75 persons expected.

Delegates will be guests of the Tallahassee Lions Club at luncheon tomorrow. Highlights of the session will be a banquet tomorrow night. New officers will be elected Sunday.

MARCIANO COCKELL FILM TO BE SHOWN A 20-minute film showing the highlights of the Marcianno-Cockell championship fight will be shown today at the Ritz Theatre, manager Herbert Roller announced.

Roller said the Ritz is one of the first theatres in Florida to show the film.
