

AMONG THE THEATRES

Chit-Chat of the Play Houses in Sanford

A beautiful and exciting romance of the days of the powdered wig and courtly gallants, is "Sweet Kitty Bellairs," which will be the attraction at the Star Theatre on Friday, under the direction of the Josse L. Lasky Company, with beautiful Mae Murray in the title role. Miss Murray will be remembered as the beautiful heroine in the Lasky picturization, on the Paramount program, of the famous story of Colonial days in Virginia, "To Have and to Hold."

which was written by William Hamilton Osborne. Both Mr. Revelle and Miss Snow are provided with roles admirably

Peggy Hyland at the Star Monday.

"The Half Million Bribe" Hamilton Revelle and Marguerite Snow, two of the brightest stars in the Metro Gramment will be seen on the screen here at the Star Theatre on Tuesday, June 6th in "The Half Million Bribe," a gripping five part Mystery story produced by the Columbia Pictures Corporation.

"The Half Million Bribe" is a picturization of the highly successful novel and play, "The Red Mouse,"

WALTER EDWARDS AND BESSIE BARRISCALE IN "HONOR'S ALTAR" NEW TRIANGLE KAY BEE PRODUCTION DEALING WITH THE CAPRICE OF A NEWLY RICH MAN IN RELATION WITH HIS FAITHFUL HELPMATE.

 COMING--Billy Burke in "Peggy"

Admission 5 and 10c. Matinee Tuesdays and Saturdays 3:15 p. m. Pictures start each night at 7:00 p. m.

SPECIAL MUSIC

suited to their exceptional talents. Mr. Revelle is cast with the part of a social idler, whose sole activities consist in his spending money given him by his wealthy wife. It requires a severe shock, through an unusual twist of fate, which brings him to the edge of life, itself and then to poverty, before he finds himself, makes amends and proves himself a man after all.

Miss Snow plays the part of the wife, who believes in her husband and remains at his side through his prodigality and his adversity, and is directly responsible for his reformation. It is a typical "Pretty Peggy" part, and is bound to win this popular star many new admirers.

"Honor's Altar"

That power and luxury do not always spell satisfaction and pleasure is shown in the Ince-Triangle drama, "Honor's Altar." This play, in which Bessie Barriscale, Lewis Stone and Walter Edwards are starred will appear at the Lyric Theatre tonight. Walter Edwards and Bessie Barriscale have the roles of a self made captain of industry and his wife. Edwards plays convincingly the strong character who has wrested a place of power for himself in a world of seekers for success. He gets into gay society, where he is treated with consideration on account of his wealth. He thinks that his wife is not brilliant enough to shine in this environment.

Lewis Stone then appears on the scene in the dining room of a club. Edwards hears Stone make the boast that he is absolutely without the means of honor. It leads to a conference, when Edwards offers a check of \$40,000 if he will win Miss Barriscale's affection, thus relieving the indignity of her tragic presence and claims.

Miss Barriscale appears to ad-vantage as the loving, unsuspecting wife, who accepts without question the man without honor as if friend of her husband. Stone takes Miss Barriscale for an automobile ride and manages to break down near a notorious road house. Not knowing the nature of the place Miss Barriscale consents to enter. There is a strong contrast between the confidence of the good woman and the disgusting feeling of the unscrupulous man of the world. Shall he call up the husband and so ruin the reputation of the wife?

Stone plays well the fight in the mind of the boasted man of no honor. But the simple truth shown by Miss Barriscale turns the scene and in part, settles the matter and her home.

PEOPLE AND EVENTS

Continued from Page 5

Messrs. Geo. Randall, George Armstrong, Elmer Armstrong, Robert Kent, Harry Walker and the Messrs. Barrett.

Thimble Party

Among the pleasures of last week that was much enjoyed by those participating was the thimble party, participating was the thimble party on Friday afternoon, given by Mrs. J. O. Packard, Mrs. Findlay Munson and Mrs. Will Hand at the home of Mrs. Packard. The party had been planned in honor of Mrs. F. P. Strong, whose hurried departure on Friday was too late to recall the invitations. The hours were spent in social intercourse and with needlework. Those present were Mrs. J. H. Marsh, Mrs. Leslie West, Mrs. J. H. Cowan, Mrs. C. R. Walker, Mrs. J. H. Ferguson, Mrs. Ordway, Mrs. S. Anderson, Mrs. Glosson, Mrs. Eustinger, Mrs. I. J. Seedorf, Mrs. Jewett, Mrs. Macey, Mrs. Osborn, Mrs. Adams, Mrs. Pennington, Mrs. Wight, Miss Albine Frank and Clarence Hand.

Happy Surprise Party

Mrs. J. E. Pace was the delighted recipient of a happy surprise party on Wednesday, in honor of her sixteenth birthday, at least she pleaded guilty to that number of years, no more, no less and in the guessing game, the subject being Mrs. Pace's age, which this play she was impressive and impressive and other suggestions than sweet sixteen summers. That is the secret of her charm, her youth that the years cannot take from her. In the particular little group of close friends who delighted to honor the gracious lady she is the central figure. Under the skillful manipulation of Mrs. A. E. Hill, to whom the success of the happy event is largely due, and her willing coadjutor, Mr. Pace, the honoree was inveigled from home in the early morning, when her

friends took possession of the house. Upon her return there was the jolly bunch of laughing conspirators to meet her upon the porch and then the table! It was a banquet board that had been spread with the daintiest and most delectable viands and sweetmeats that would tempt the appetite of an anchorite. A beautiful birthday cake with its sixteen pink candles graced the table, while in the center stood a vase of tall spikes of the pink gladioli. Merriment and laughter filled the air with gladness and the attractive home, nestling in its great park on the banks of the lake became the scene of jollity and mirth. There was not a matron there over twenty. Games and music and dancing whiled the happy hours away on the swift wings of pleasure and the parting hour came all too soon in the afternoon. Among the most enjoyable of the day's pleasures was the cotillion, danced with the spirit and fervor of true and true sixteen. Each happy conspirator brought something tempting for that picnic banquet and each considered herself especially favored to be one of the hostesses at that board, for there were only two guests, the master and mistress of the house. A number of beautiful presents also testified to the popularity of Mrs. Pace. Enjoying the delightful occasion were Mrs. A. E. Hill, Mrs. T. S. Davis, Mrs. S. M. Easterby, Mrs. J. D. Roberts, Mrs. D. A. Caldwell, Mrs. R. Patton, Mrs. C. C. Woodruff, Mrs. W. W. Long, Mrs. J. J. Purdon, Miss Jessie Wheeler, members of the congenial Priscilla Club. Other friends were Mrs. Robert Webb, Mrs. C. E. Henry, Mrs. Henry McLaulin.

Jolly Surprise Party

A surprise party was given Miss Pace on Friday evening by a few of her friends at her home on West Third street. The evening was very enjoyable and was most enjoyable. Book being the game of the evening. Mrs. Pace served delicious refreshments consisting of ice cream, cake and lemonade. At a late hour the guests departed, having spent an enjoyable evening. Those present were Misses Gussie Tullis, Mabel and Esther Woodburn, Jessie Pell and Willie Singletary, Messrs. Ray Maxwell, Eugene Singletary, Wm. Griffin, Frank Pell and Mr. McTear.

Regular Meeting

The regular bi-monthly meeting of the Coolidge Club will be held tomorrow, Saturday, afternoon, at Mrs. Minson's studio at 4 o'clock. Parents and friends of the young members are cordially invited to attend.

Chicken Pillau

The circle of which Mrs. A. D. Parrish is chairman will give a chicken pillau at the restaurant room of the West Hotel, Monday, tomorrow, June 5th, and evening. The pillau will be supplemented with sandwiches and salads, hot coffee, iced tea and ice cream and cake. Patronize those ladies and enjoy a delicious supper.

Personal Mention

Mrs. S. Wight of Cairo, Ill. was the guest of her brother, Mr. Henry Wight 90, yesterday and week.

Mr. D. G. Wagner and daughter, Miss Ada Wagner motored over from Kissimmee on Monday, visiting friends in the city. Mr. Wagner returned home on Wednesday. Miss Ada will visit Miss Marian Philips until Sunday.

A congenial party motoring to Jacksonville on Tuesday were Mr. and Mrs. F. J. Gonzales, Miss Frances Gonzales and Mrs. W. W. Abernathy. They will visit Palatka, Daytona Beach, Green Cove Springs and other places before returning home.

Mrs. J. D. Davison will have as her guest for several days Miss Bernice Clark of Palatka.

Rev. F. P. Strong left on Wednesday for his new home in Brooksville. He will be joined later by Mrs. Strong and the children.

Mrs. Harry Nelson Dickson spent Wednesday in Sanford, the guest of the home folks.

Miss Margaret Wight is expected home from Chicago the early part of next week. Miss Wight has just completed a successful course in Primary and Kindergarten school work and the play ground work at the Pestalozzi Froebel College, having graduated on Wednesday with high honors.

Miss Margaret Strong is the guest of Miss Vera Terbeun this week.

What is so rare as an election day in June? Well, tomorrow might be twice as rare to some candidates.

Whether he is elected today or defeated the editor of The Herald will be just the same man he has always been.

Some of those pre-election prognostications made on Monday will look funny if they were reproduced about Friday of this week.

We do not look for any authentic returns before Wednesday at noon and while The Herald will endeavor to have the real count in Friday's paper all of them may not be in by that time.

If you are not ashamed of your party telephonic about it, is the way the society editor of a leading Alabama paper has been every day.

The campaign in Seminole county has been one of the cleanest on record. Not that any preceding campaigns have been bad but that the candidates have been very fair and the campaign has been conducted upon a high plane.

Who is to be the author of them all? He gained at least one thousand dollars worth of free advertising space for his campaign, thereby setting the state by the ears and setting the state by the ears.

April 1st, 1916. The Herald has been the only paper in the state that has not been through the campaign of the state and also has been the only paper in the state that has not been through the campaign of the state.

Sanford needs a new Board of Trade and a new Board of Trade should be organized to do something for the city.

That Second Choice Vote. When the time comes for the election of the Board of Trade, the voters should remember that the second choice vote is the most important.

Freight Train Employees. Have a Hazardous and Poorly Paid Employment. Cleveland, O., June 6, 1916.

A statement issued today by the Railroad Transportation Brotherhood shows that freight train employees have one of the most hazardous of all occupations.

Railroad officials lay much stress on the statement that 75 per cent of all railroad employees now receive 28 per cent of the total wages paid.

Is it because the money value of the young child cannot be estimated in dollars and cents as can that of the cow or the hog or the dog?

The last annual report of the Interstate Commerce Commission shows that a train man is killed on an average of every 4 hours and 40 minutes, and a man crippled every 3 minutes and 30 seconds.

shows that a train man is killed on an average of every 4 hours and 40 minutes, and a man crippled every 3 minutes and 30 seconds.

Out of every 100 men who start work as firemen, only 17 ever become engineers, out of every 100 men who do become engineers, only 6 become passenger engineers.

The average length of service is eleven and one half years. Train service employees are picked men in every sense of the word.

Few realize the rigid physical examination they are required to pass and which is more severe than the United States Government requires for enlistment in the army or navy.

Physical examinations are repeated every two or three years. Eyesight, hearing, color perception, heart action and blood pressure are all scrutinized closely.

Although the U. S. Government prohibits by law the continuous employment of a train employe more than 16 hours, it is worthy of note that in 1915 there were 78,910 violations reported by the railroads themselves.

Under the rates of pay now received by the men they must work from 12 to 20 hours in order to earn enough to be on a par with the wage earners in other trades.

What a man receives per hour is the only proper basis for discussing wages. The following table shows the prevailing wages received per hour by freight crews as compared to other trades.

Table with 2 columns: Trade, Wage per hour. Locomotive engineers 48 1/2c, Bricklayers, plasterers, etc 75c, Locomotive firemen 41c, Carpenters, painters, etc 70c, Freight conductors 49c, Laborers in teams, wheel etc 35 1/2c, Freight brakemen 26 1/2c, Excavating laborers 41c.

Are these high wages when you consider the responsibility and skill required of freight train men? Excessive hours and the terrible strain shatter the health and shorten the lives of these men.

The employees are not adequately made pay only that their working hours be made less. They desire relief from the present arduous conditions so that their time at home will be lengthened and their families be benefited.

MONEY VALUE OF BABIES

Are dogs and cats and horses worth more than human beings in Florida? Are they worth more to the people of Florida than the babies?

As Florida's Health Train passes through the state, hundreds and thousands of babies come to the attention of the health officers.

What is the value of a baby? It is the value of a human being, the value of a citizen, the value of a man.

It is the value of a child who will grow up to be a man, a woman, a citizen, a man who will contribute to the welfare of his country.

It is the value of a child who will grow up to be a man, a woman, a citizen, a man who will contribute to the welfare of his country.

It is the value of a child who will grow up to be a man, a woman, a citizen, a man who will contribute to the welfare of his country.

It is the value of a child who will grow up to be a man, a woman, a citizen, a man who will contribute to the welfare of his country.

It is the value of a child who will grow up to be a man, a woman, a citizen, a man who will contribute to the welfare of his country.

frequently about the welfare of the three dollar hog, the twelve dollar cow and the minus quality dog, than about that of the baby, whose value is beyond price—or nothing.

Government activity, whether state or federal, in matters for the preservation of human health, for lengthening out the normal span of life expectancy, is much below that exerted in behalf of the money producing animals.

It is the use of wrong standards of valuation that applies the same rule of measurement to the human being and to the domestic animal, just as wrong as to judge them by their avoidpouls—to make the biggest the most valuable, whether human or brutal.

Not yet have the people of Florida come to place a proper value on sanitary precautions for the prevention of disease, for the prolongation of human life.

When the now \$100,000 light and water plant is completed Ocala will have one of the most unique plants in the United States.

We hold beyond price the life and health of our children but in our ignorance we take risks with them that we wouldn't take with our domestic animals.

A sorrowing man, once asked the cause of his grief, made this instructive reply: "I lost my best cow last week, and my wife died. That was a mighty good cow, too."

INFORMATION GROVE GARDEN & FIELD
 QUESTIONS ANSWERED IMMEDIATELY
 BY MAIL
 Mrs. N.M.G. PRANGE, Dept. Mgr.
 WILSON & TOMER FERTILIZER COMPANY
 JACKSONVILLE, FLA.

How can I make good Bordeaux mixture for use on Irish potatoes and beans?

Answer: Very few growers attach any importance to the making of Bordeaux mixture beyond being sure they get enough lime. The staff of the Maine Experiment Station has most carefully tried out different combinations of bluestone and lime and find that all materials should be carefully weighed and measured. If it is desirable to increase the number of nozzles to the row or go twice over the rows in opposite directions. Properly prepared Bordeaux mixture should contain five pounds each copper sulphate and lime to fifty gallons of water. Never pour concentrated so-

lutions of lime and copper sulphate together. The most adhesive and satisfactory mixture is prepared by diluting each strong solution with half of the water and then these two dilute solutions should be united quickly and thoroughly mixed at once. If impracticable to pour the dilute solutions into the sprayer or mixing tank at the same time, the dilute copper sulphate solution should be first placed in the tank and the dilute milk of lime solution quickly added with constant stirring. Best results are obtained if care is taken to add the water slowly to the lime while slaking, but it should not be allowed to become dry. Hereafter the grower has had to use rock lime which is lumpy and more or less slaked, but there is now on the market a pure unslaked lime sealed in tin cans which makes a far smoother mixture and with much less trouble to the mixer. Put fifty pounds of lime into a fifty gallon cask, slake it slowly and dilute to fifty gallons. Hang fifty pounds of bluestone in a bag near the top of another fifty gallon cask filled with water. The bluestone should dissolve over night. It will not dissolve if placed at the bottom of the barrel. Five gallons of each solution well stirred will be equivalent to five pounds bluestone or lime as the case may be. For a fifty gallon tank of Bordeaux mixture the stock solution should be thoroughly stirred

and five gallons of each dipped out, diluted to twenty-five gallons and mixed as described above. Or one can make the stock solution twice as strong, using 100 lbs. each bluestone and lime to the fifty-gallon stock casks, and in measuring out use only two and a half gallons of each to the twenty-five gallon diluted solutions.

The above is the standard Bordeaux and should be used on Irish potatoes. For beans, make in the same way, but dilute so that the formula will be 3-3-50 instead of 5-5-50.

Russet Oranges.
 About 60 per cent of my oranges are russets and my neighbors say that fertilizing the grove with sheep or goat manure will remedy the trouble. Please give me your opinion.
 ANSWER: There is no application of fertilizer that will have any effect whatever on russetting of oranges, but this trouble can be absolutely controlled by spraying. The spraying will have to be done probably about three times and is extremely inexpensive. Lime sulphur solution is used at the rate of one gallon to 75 gallon water. This would probably spray between fifteen and twenty trees of good bearing size, for the rust may as you have probably noticed, work entirely on the outside of the tree, therefore the amount of spray for the

purpose is very much less than needed for whitefly or scale. If you have whitefly or scale in your grove, you can use soda-sulphur and miscible oil and have one application do the double work. The full system for control of whitefly, scale, rust mite, red spider, etc., is enclosed herewith.

Availability Of Phosphates.
 Please explain to me about the availability of raw ground bone as compared to acid phosphate, basic slag, untreated rock, etc. Which is the most economical source of phosphoric acid?
 ANSWER: When ground fine raw bone is quite readily available. Of course, not as readily available as the phosphoric acid in acid phosphate as this is all immediately water soluble, but the bone fully supplies the needs of trees and is not in any way to be compared with the uncertainty of basic slag or the inavailability of untreated rock. It is a good material; the one drawback is its greater expense. There is no gain through not having the phosphoric acid all available at once as phosphoric acid does not leach from the soil, therefore, we consider it a better proposition when viewed economically to use the acid phosphate. The ammonia of the bone would come into availability just about as readily as the sulphate of ammonia.

Wrong Sult.
 "But," she objected, "you're a Jack of all trades." "Thou art the queen of my heart," he reminded her, "and the queen takes the Jack." Refusing, however, to be impressed with this argument, the maid insisted on a new deal—Judge.

Civilization and Savagery.
 The one great difference between the savage and civilized man is that the former clings to the past, while the latter is always looking to the future. Civilization's systems of thought and life are constantly progressing, but the savage's systems are held stationary by customs and religions of a long past age. We are ruled by imagination, but the savage's world is dominated by a nightmare of tradition.

Worth While Quotation.
 "The question for each man to settle is not what he would do if he had more time, influence and educational advantages, but what he will do with the things he has." Selected.

Consequence.
 "The fellow is drunk with success." "Maybe that accounts for it." "Accounts for what?" "That if you try to touch him for a loan you find his money is tight."

Nothing To Be Added To The Maxwell

YOU will never want to add anything to your Maxwell. The purchase price includes everything you will ever need or desire for luxurious motoring.

You won't want to disguise the hood or buy a new body or put in another carburetor or ignition system or install electric lights or a self-starter.

You won't want a new radiator or springs or new spark plugs or shock-absorbers or a new top.

You need add nothing for comfort, reliability, beauty, economy or convenience. If it is a Maxwell, your car, your experience and your investment are complete.

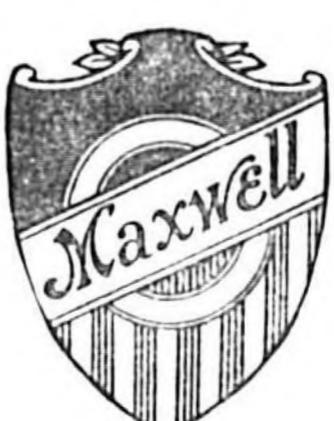

That is the way that Maxwells are designed, manufactured and sold.

Question the owners of other motor cars—any other motor cars—and see if they are equally satisfied with their motoring investment.

KNOTT CLOSE TO GOVERNOR BY SECOND

TRAMMELL WINS SENATORIAL RACE IN A WALK

Jacksonville, June 9.—For U. S. Senate Trammell polled forty-two per cent of the total votes of the state, placing him far in the lead. This is conceded.

Catts leads Knott for Governor on first choice by 2,236 votes, 55,000 votes are accounted for. Later returns on the first choice may slightly increase this relative position.

leaving any statement might be based upon immature conclusions. Sears claims to be winner in the congressional race in the Fourth district by about three thousand votes.

Table titled 'What the Ticket Will Look Like' listing candidates for Governor, U. S. Senator, Congress, Secretary of State, Comptroller, State Superintendent, Justice Supreme Court, Representative, Circuit Judge, Circuit Court, Supt. Public Instruction, Tax Assessor, and Change in Church Notices.

FIRST GAME OF SEASON HERE ON TUESDAY

TWIN CITY LEAGUE WILL BEGIN SERIES OF SUMMER

Having organized the Sanford ball team the first game with Orlando will be played next Tuesday in this city.

There was some misunderstanding about the date of the picnic but it is now positively stated that it will take place at DeLeon Springs next Thursday, June 15th.

The Sanford and Orlando teams will play two games each week, one game here and one game in Orlando and both cities have endeavored to arrange for a good amateur team.

Christian Science Services. Regular services will be held at the Christian Science Church, 111 N. W. 1st St., at 11 o'clock, every Sunday.

ELECTION INTERESTING IN SEMINOLE

DAY PASSED OFF QUIETLY WITH SOME SURPRISES

The primary election passed off quietly here although there was much interest aroused all along the line and as usual many of those particularly interested stayed up all night to get the returns.

Table of election results for Seminole County, listing candidates for State Senator, Representative, County Judge, Sheriff, Clerk Circuit Court, Supt. Public Instruction, and Tax Assessor.

Summer School

The young people of Sanford who desire to do special work in preparation for college and those who wish to take up Grammar School and High School subjects will have an opportunity to do so.

Card of Thanks

I wish to express my sincere thanks and gratitude to the voters of Seminole county for the handsome and flattering vote given me for the important office of superintendent of public instruction of Seminole county.

Baptist Church Sunday

You are invited to the services at the Baptist church on Sunday, June 11th. 9:30 Sunday school, 11:00 Preaching, 6 to 8 P. M. Preaching.

Special Notice

There will be a large hall meeting at the Baptist church on Monday, June 12th, at 8 o'clock.

PEACE URGED IN RANKS OF REPUBLICANS

MAY ACCEPT ROOSEVELT IF ABSOLUTELY NECESSARY

Chicago, June 9.—The Republican Convention today accepted the invitation of the Progressive Convention to a conference for harmony.

Senator Smoot of Utah, Senator Borah of Idaho, former Senator Crane of Massachusetts, Nicholas Murray Butler of the New York delegation and former Representative A. R. Johnson of Ohio, were appointed as the Republican Conference Committee.
