

COUNTY SOLONS MEET

Reports Read—Petitions Presented—Road Matters

SOME STRAW ROADS MADE

Elections On The Hog Question Petitioned For New Districts—Geneva Bridge, Etc.

Board met Tuesday, Nov. 7th, 1911. Present, Chairman Overstreet, Commissioners Merrill, Dillard, Brown and Woodruff.

The following were granted license to carry fire arms: J. H. Lee, Jr., pistol; sureties, G. W. Venable and S. O. Shinholer. N. J. Patrick, pistol; sureties, R. L. Bunch and Robt. Parham. W. C. Hill, pistol; sureties, W. J. Hill and R. A. Newman. A. J. McCulley, pistol; sureties, Wm. Jacobs and J. B. Jones. A. J. McCulley, rifle; sureties, Wm. Jacobs and J. B. Jones. Alice Harrold, pistol; sureties, A. E. Yowell and Geo. A. Speer. W. J. Thigpen, pistol; sureties, Rich'd H. Marks and Walter L. Morgan. W. T. Deane, pistol; sureties, J. E. Pace and Theo. J. Miller. W. E. Kenney, rifle; sureties, J. A. Murrington and W. W. Dwyer. S. J. Thomas, pistol; sureties, W. S. Hand and J. W. Miller.

The bonds of the following as Notaries Public were approved: Louis S. Dolve, sureties, S. G. Dolve and E. G. Duckworth. M. O. Dovel, sureties, S. E. Ives and S. W. Howe. Bessie G. Leake, sureties, H. B. Leake, R. L. Bunch and W. M. Slemmons. A. E. McDonald, sureties, C. B. Robinson and Geo. E. Nolan. N. H. Fogg, sureties, J. W. Osteen and J. M. Lewis. Arthur R. King, sureties, J. W. Jones and L. C. Osborne.

Bond of B. C. Abernethy for the care of public funds, with W. M. Brittain, John M. Cook and Walter Drennen as sureties in the sum of \$500, approved.

The petition of Geo. W. Simmons for increase of pension was approved.

Petition of R. R. Roberts, G. G. Jacobs et al., to restrow road from end of marl road near Nixon's corner, and continuing toward Christmas for about two miles, was referred to Messrs. Brown and Branham.

Letter of Martin Sheppard received and referred to Mr. Branham.

Resignation of S. Jernigan as inspector of marks, and brands, in precinct No. 19, was accepted.

Letter from the Fidelity & Casualty company received and answered—bridge not finished.

Reports of the following county officers were received, read and filed: County physician, superintendent county home, superintendent roads and bridges, superintendent tax redemptions, polls collected, county treasurer to state auditor, county treasurer, county auditor, certificates of banks, sheriff to state auditor, and report of licenses.

J. B. Barlow and T. A. Yancey appeared before the board in reference to purchasing a discontinued clay pit area of two acres, lying just north of the road leading to Ocoee, referred to Messrs. Overstreet and Branham.

Victor Schultz appeared before the board in reference to a crossing over the A. C. L. R. R. in St. Josephs, near Monroe. Upon motion Supt. Branham was instructed to have the route surveyed and located.

Henry Tanner appeared before the board in reference to the road from Hodge Ford bridge to Christmas, connecting with the Chuluota and Christmas public road, asking that the above road be opened and established. Upon motion the subject matter was referred to Messrs. Brown and Branham, to report at next regular meeting.

E. H. Kilbee appeared before the board asking that some provision be made to get from the fill to the lighter at the crossing at the Geneva bridge; matter was referred to Commissioner Woodruff.

J. W. Flint appeared before the Board in reference to the payment for lumber used at the East Coast Ferry bridge. After discussion of the subject there was no action taken.

Communication from The Oklawaha Nurseries in reference to repairing a certain road was received, and the matter referred to Commissioner Merrill.

The subject matter of purchasing the clay referred to in said communication was declined, as the price was excessive.

Petition of C. C. Worthington, L. J. Hancock et al., to straw the road from Oniro Station on Sanford & Oviedo R. R. east one-half mile to Ohio avenue, south one-half mile, east one-half mile to the road leading to Cameron City. Referred to Commissioner Woodruff and Superintendent of roads and bridges.

Upon motion the Supt. of roads and bridges was instructed to restrow the following roads as soon as practicable: Apopka and Oakland road, Apopka and Clay Springs road, Forest City and Orlando road, Orlando and Copway road, Orlando and Pinecastle road, Winter Park and

Oviedo road, Maitland and Lake Howell road, Lake Mary and Sanford road, Paola and Sylvan Lake road from Wilson's corner to Paola church, Winter Garden and West Beulah road, Winter Garden and East Beulah road south of Oakland and Orlando road, Ocoee and Gotha road south of Orlando and Oakland road, Orlando and Lake Underhill road.

The petitions of the following named districts calling for an election to decide whether swine shall run at large were presented, and being found to comply with the law the clerk was instructed to prepare the necessary details for holding said election on Tuesday, Nov. 28; Precincts 11, 12 and 13; Precincts 3, 25 and 4; Precincts 1, 24 and 19.

The petition of G. J. Strozler, F. R. Reames et al., in reference to withdrawing a petition heretofore presented to the board in reference to a road known as the East Beulah road was received and laid over until the next meeting. The petition to bridge the canal on the Beulah road was granted and the Supt. of roads and bridges instructed to have said bridge built as soon as possible.

The request of Bryant Cox to change the Christmas Taylor Creek road was referred to Messrs. Brown and Branham with power to act.

The recommendation of the Supt. of Roads and Bridges as to the straightening of the Sanford and Orlando road at L. Price's place was approved. Upon motion the Supt. of Roads and Bridges was instructed to obtain a deed to the new right of way, the amount to be paid not to exceed \$25.

Petition of L. L. Payne, L. L. Isaacson et al., for road beginning at Forest City store, running southwesterly along the right of way of the A. C. L. R. to the old Clay Springs road, S. T. to the D. Hill place, S. T. passing Payne and Isaacson place to point on Orlando-Apopka road at

the Adventist church about quarter mile west of Lockhart mill was received and laid over until the rules.

The subject matter of the change of the road from Bear Head Farm to Taft, Orlando and Kissimmee public road referred to Messrs. Overstreet & Branham with power to act.

Upon motion it was ordered that a warrant for \$1041.10 on account of the Geneva Ave. Improvement be made to J. T. McLain & Co.

The subject matter of purchasing a team of mules was upon motion referred to Messrs. Overstreet & Branham.

Upon motion Messrs. Overstreet & Branham were instructed to buy a car load of metal sewer pipe.

Mr. Overstreet was instructed to have a cess pool put in at the jail.

Clerk was instructed to notify Mr. Fries to expedite the County maps as much as possible.

J. T. McLain was authorized to put a guard at the Geneva Avenue Improvement approach to the bridge, cost not to exceed \$1000.00 subject to the approval of the Supt. of Roads and Bridges.

A Letter From Japan

The fame of the Sanford celery delta is not confined to the United States. Our real estate men get letters from foreign countries every day, and last week, J. N. Whitner received the following from Japan:

J. N. Whitner Esq.
Dear Sir:
I have got your honorable high name from Honorable Garden Magazine, that issued Doubleday & Page Company. Please send to me your honorable price list catalogue book.

Yours truly,
M. S. SEKI
20 Motozoncho,
Kajimochi, Tokio, Japan.

AVOID HARSH DRUGS.

Many Cathartics Tend to Cause Injury to the Bowels.

If you are subject to constipation, you should avoid strong drugs and cathartics. They only give temporary relief and their reaction is harmful and sometimes more annoying than constipation. They in no way effect a cure and their tendency is to weaken the already weak organs with which they come in contact.

We honestly believe that we have the best constipation treatment ever devised. Our faith in it is so strong that we sell it on the positive guarantee that it shall not cost the user a cent if it does not give entire satisfaction and completely remedy constipation. This preparation is called Rexall Operative. These are prompt, soothing, and most effective in action. They are made of a recent chemical discovery. Their principal ingredient is odorless, tasteless and colorless. Combined with other well-known ingredients, long established for their usefulness in the treatment of constipation, it forms a tablet which is eaten just like candy. They may be taken at any time, either day or night, without fear of their causing any inconvenience whatever. They do not gripe, purge, nor cause nausea. They act without causing any pain or excessive looseness of the bowels. They are ideal for children, weak, delicate persons, and aged people, as well as for the most hearty person.

They come in three size packages, 12 tablets, 10 cents; 30 tablets, 25 cents; 80 tablets, 50 cents. Remember, you can obtain them only at your store—The Rexall Store.

Don't Buy Your Fall Outfit Until You Have Seen Prinzess Garments

THAT'S a strong assertion—Isn't it? But You'll agree with us that you would be making a mistake if you purchased before you had examined and personally tried on either a Prinzess coat or suit.

There's a delicacy of line—a smartness of style to a Prinzess that really places them in a class alone.

They really confer on their wearer "Distinction in Dress," and that's what you are seeking.

Come in tomorrow and let us show you.

THE SANFORD HERALD

IN SANFORD—Life is Worth Living

SANFORD, FLORIDA, TUESDAY, NOVEMBER 14, 1911

Number 20

Volume 14

ALL AROUND FLORIDA

The General News of The Land of Flowers.

CULLED FROM THE STATE PRESS

An Epitome of the Week's Most Important Happenings in the State's Domain.

The West Citizen has started its annual empty stocking fund for the purchase of Christmas presents for the poor children in that city.

Bids are soon to be opened, in Pensacola by the Board of Bond Trustees for the laying of \$150,000 worth of additional street paving.

The Marion county fair opens November 21st, and extensive preparations are being made by the promoters to make it the usual gratifying success. The Ocala Star says there will be fine specimens from the leading farms and groves of the county and urges every farmer and housewife to get busy preparing exhibits.

The Miami Automobile Association has decided not to contest the auto tax law of the State, and the proposed effort in that direction will be abandoned. The auto owners do not seem to be materially interested in the matter, and the committee cannot see its way clear to making an example of one of the members.

St. Petersburg dairyman have increased the price of milk to fourteen cents a qt. Lee Armistead, the negro who fatally wounded two police officers at Plant City and cased a bear that was captured near Dade City on Sunday and spirited away to the Tampa jail for safe keeping.

The Palatka board of trade is preparing to hold a big celebration in that city when the Ocala Northern Railway reaches there.

The tourists and homeseekers are coming to Florida at the rate of several thousand per week.

Philadelphia Here

Will the Philadelphia ball team play here on Thanksgiving Day?

If so Sanford ought to make it a gala occasion. The following from the Tampa Times will be food for our fans: "The Philadelphia, who have been barnstorming over in Cuba, winning about half their games with the Cuban crack teams at Havana, will start for the states about November 20. They have assigned November 22, 23 and 24 for the Island City, the 25th 26th 27th 28th to Miami, the 29th to Palm Beach, the 30th to Sanford, and will come on here on December 1 and remain over until the 3d, if there is an inducement of a guarantee and a percentage of the gross receipts.

Criminal Court

Criminal court started yesterday, with Judge Warlow on the bench and Solicitor DeCottis at the bar. Business is brief for this time.

FARMERS' INSTITUTE SPECIAL

Exhibit Train Will Be In Sanford Next Saturday

The University of Florida, in co-operation with the A. C. L. Railway, will run a Farmers' Institute Special Train, which will be at Sanford on Nov. 18th, 8 to 10 o'clock.

This train will consist of five or six cars, thus giving a splendid lot of exhibit material and an opportunity for seeing the best of Florida's products.

One car will contain nothing but citrus fruit and citrus material. The different methods for packing the different sizes will be shown, an expert packer being on the train to show how the packing should be done. An expert will lecture on the subject of how to load the cars. Special lectures will also be given on whitefly control, citrus disease control, and citrus fertilizers.

There will be two cars exhibiting various grasses, legumes, and farm crops. These cars will prove of great interest, as few people realize that Florida can produce so much forage. In these cars will also be found many charts and enlarged photographs.

There will also be one full carload of farm implements, such as are best adapted to Florida conditions. These have been selected with special care and will show a great advance in this line.

Another car will contain five breeds of hogs raised in Florida. It will be a decided surprise to many people to know what fine hogs are being raised in the State of Florida. The hog crop is largely overlooked, and yet it is a very valuable one for the state.

In the day coach will be found thousands of bulletins, reports and pamphlets on agricultural topics, as well as books that are useful in connection with Florida farming.

Four or five of the ablest agricultural speakers in the state will accompany the train to lecture on subjects of greatest interest. Among the speakers who will be with the train are:

A. A. Mulpree, president University of Florida.

P. H. Rolfs, director Experiment station

A. P. Spencer, from the Extension division.

C. K. Quarrie, from the Farmers' Institute.

H. S. Fawcett, from the Experiment Station—Citrus Diseases.

E. W. Berger, State Inspector of Nursery Stock—Whitefly Control and Nursery Inspection.

B. F. Floyd, from the Experiment Station—Diseases, Melanose, and some other citrus diseases.

As soon as the train reaches the station the cars will be opened to visitors for careful inspection. After the inspection has been made and the visitors have seen all the cars, lectures on special subjects will be given.

Weather Report

Warmer today followed by local showers. Rain in northern portions followed by cooler weather Wednesday.

ANOTHER LAND DEAL

Six Thousand Acres of Good Land Changes Hands

DEAL CLOSED WITH SANFORD MEN

Property Is Near Lake George and Said to Be Very Rich and Flowing Well Land

A transaction in land amounting to a quarter of a million dollars has just been closed by a syndicate of Sanford gentlemen with the real estate firm of Dowling & Tarver, of Jacksonville.

The acreage amounts to something over six thousand, the land lying along the southeast shore of Lake George, in Volusia county, between the main line of the Atlantic Coast Line railway and the lake. Barberville is near the center of the east side of the tract. The amount paid for this land may seem large to the uninitiated, but when it is known that every acre of the land is of the flowing well type and underlaid with a subsoil of clay, the land being the same in every particular as that of the famous Sanford celery delta, then the value of the property can be best appreciated.

Hon. J. N. Whitner of this city, a member of the syndicate which owned the property handled the deal at this end and has been on the land for some time looking after the extending of avenues and streets through the property. On the shores of Lake George there is an abrupt bluff which will be used as a town site. A commodious hotel and club house will be erected there at once, and dock facilities furnished so the Clyde line river boats can have ample dockage there.

Equipment will be installed for clearing the land, laying the tiling systems, the same as are used in Sanford, a mill will handle the timber and every effort known to modern quick land development will be utilized to put the tract in such shape as to make it a popular marketable proposition at once.

Mr. George W. Turnbull will have direct supervision of the sales from the Jacksonville office, as well as having such assistants as he will need on the ground to look after those who come to have a personal inspection of the property before buying. Mr. J. N. Whitner will act in an advisory capacity as to the cropping and tiling of the property, which will be disposed of in twenty acre parcels.

This tract of land is the largest undivided tract of irrigable land situated in such way as to be available for market gardening, it being located on the southeast shore of the lake, gives it the water protection necessary to defend the tender plants against the ravages of frost and the subsoil and flowing wells furnish the balance of the combination which has spelled success for Sanford, and it is believed here that they will prove equally potent in connection with the Lake George tract.

Star Attraction Coming

The second number of the High School Lyceum Course will be given by the Vassar Girls, in the High School Auditorium, Friday evening, Nov. 17th.

The star attraction of the whole Lyceum Course is the Vassar Girls, who come to Sanford enthusiastically recommended and endorsed by the press all over the country, from New York to the Pacific coast. The Omaha World-Herald says of them: "The eight Vassar girls made a tremendous hit. Such an instrumental combination has never before been offered in Omaha. The various numbers of the program were warmly applauded."

The Tampa Tribune says: "The Vassar Girls were sweet and beautiful in appearance and dress, and their music was well, it was music." For their entertainment there was the largest sale of seats ever known in Tampa.

The Street Car Company will run a car the night of the entertainment. The car will leave Cameron City at 6:45 p. m. and will leave First street at 8:10 p. m. for the High School building.

Admission: 75c; pupils and children, 25c; 50c for those who come in from the country on the car.

All seats reserved at above price. Holders of season tickets do not have to reserve their seats.

Seats on sale at Thrasher's store, Wednesday, Thursday and Friday, 4 to 7 o'clock.

Remember the date, Friday evening, November 17th.

New goods arriving at W. W. Longs Grocery—give him a call. 15-1f

TO ADVERTISE SANFORD

List of Those Who Subscribe To the Advertising Campaign.

EDITOR HOLLY:—Enclosed you will find a list of those who have subscribed to the Five Thousand Dollar advertising fund of the Sanford Commercial Club. Seventeen business men were visited, and out of that number fifteen of them willingly placed contributions opposite their names for the purpose of replacing Sanford on the map—commercially, socially, agriculturally and otherwise. I spent about three hours in getting the amounts together and from the willingness and interest manifested by the donors there is little doubt but what the total can be increased to Five Thousand Dollars just as soon as all the residents of the city can be visited. We will at once begin one of the most far reaching and aggressive campaigns of publicity that has ever been put on by an inland city in Florida. It will be the function of the Commercial Club to carry on a systematic campaign of explaining Sanford's many and varied advantages as related to health, pleasure, business and a place of permanent residence every month in the year. A strict account will be kept of every piece of advertising matter sent out, as well as every inquiry received. The inquiries will be furnished to those members of the Club who may have use for them, and the entire correspondence will be kept on file in such way as to be available for inspection by the members at any time.

We, the undersigned, recognizing the immediate need of an aggressive campaign of publicity, setting forth the advantages of Sanford as a place of residence, recreation, pleasure and business, do hereby pledge ourselves to pay to the Commercial Club the sum set opposite our names, the money to be used in extolling the various attributes of Sanford, with the understanding that the campaign shall begin at once.

T. K. BATES, Secretary.

New Train Tomorrow

It will be good news to our readers in general, and the traveling public in particular, that trains 27 and 28 are to be restored, and that they will begin operations Wednesday, No. 27 is to leave Sanford at 8:30 in the morning and arrive in Tampa at 12:35. No. 28 leaves Tampa at 4:30 and arrives at Sanford at 8:50.

NEWS OF THE WORLD

Items of Interest Gleaned From Various Sources

HAPPENINGS DURING THE WEEK

Here the Readers Will Find a Brief Historical Spring Flowing For Hurried Readers

If we can find twelve fair-minded men among the talesmen now being examined, we will accept them without exhausting our twenty peremptory challenges," said Clarence S. Darrow, chief counsel for James B. McNamara today. District Attorney John D. Fredericks shares this view, so that with three jurors already sworn, a lucky combination may furnish a complete jury sooner than expected.

New York's streets have become so littered with garbage as the result of the garbage drivers' strike that Street Cleaning Commissioner Edwards will begin tomorrow the use of disinfectants. He feared that conditions are such as to menace public health.

In an attempted flight Sunday from Pasadena to Long Beach, officially to end his Atlantic-Pacific journey, C. P. Rodgers met with the worst mishap of his career, falling with his machine 125 feet into a ploughed field half way between the two cities and within sight of his destination. Although no bones were broken Rodgers was rendered unconscious. He was badly shaken, his face scratched and torn, his hands were burned by his motor and he complains of a severe pain in his side. His machine was completely wrecked.

After more than nine years of investigation by the government the first criminal prosecution of individual meat packers under the Sherman anti-trust law began at Chicago today, before Judge George A. Carpenter in the United States district court.

Ten Chicago packers, heads of the packing industry, will be placed on trial charged with restraining interstate trade in fresh meats. The possible penalty if they be found guilty is a fine of \$5,000 or one year in the county jail or both.

The death chair will claim Henry Clay Beattie, Jr., wife murderer, on Nov. 24, unless Governor Mann grants a pardon or reprieve. The supreme court, which tribunal had been appealed to to order a new trial of the case, this morning handed down an opinion refusing the appeal.

The bat used by "Home Run" Baker in the world's series was sold at auction for \$250 here last night. It was a feature of the baseball benefit tendered Fred E. Knowles, former secretary of the New York Nationals, who retired in poor health.

Believing that the time is not far distant when women may be elected alderman and a woman wielding the gavel in the mayor's chair, Chicago suffragists are interesting themselves in a school for the instruction of municipal employes which will be opened to-night.

I Stand for a Square Deal for all the People

I AM NOT a one-twenty-fourth part Land Deal Candidate, nor do I ask the suffrage of the good people of Sanford to further any private scheme I may have. I stand for a square deal for all the people, equal rights to all, special privileges to none. I admit I think it a high personal honor to be your mayor, and if elected will give my best efforts at all times for what I feel is best for the betterment of our city.

Taxes are high, but we cannot lower them by selling lots. Manufacturing plants are what we need to put us on a firm foundation.

Remember I am not the candidate of the politicians, but I am the Peoples' candidate.

G. W. SPENCER

SHALL THE PEOPLE RULE? The Peoples Candidates for Alderman

- P. M. Elder,
- T. J. Miller,
- Geo. Fox, Jr.
- B. W. Herndon
- W. S. Hand
- W. H. Underwood
- Frank L. Woodruff

We stand for Progress—the substantial mind.
 We stand for a better water supply for the people and fire protection for the peoples' property.
 We are not the candidates of the politicians nor the bosses nor the Water Works Company, nor the candidates of ONE MAN.
 We are for Sanford and its people.
 A business man's administration.
 Vote for all of us. We stand for the best interest of Sanford and all the people. Equal rights to all—special privilege to none.

CURBSTONE GLEANINGS

A Budget of Opinion "Just Between You and Me"

EVEN THE GATE POST NOT IN IT

A Chiel Is Among Ye Taking Noest and Falth. He'll Prent 'Em'— So Says Saunterer.

"Doc"

I doubt not each of you know some chap,
You would like to wallow, and whack and slap,
And tumble over, and kick and beat,
And trample down in the mud of the street;
He's found from Houston to Manitowoc—
The dubber who dubs the Doctor "Doc."

Out here in the country, from day to day
As you jog along on the King's Highway,
He calls as soon as you come in sight,
And asks with an air of supreme delight,
As glad and gay as a Cuckoo Clock—
"Which way be you goin' this mornin', Doc!"

In town and city this impious imp,
Goes up and down with a last year's limp,
With arms akimbo, on bunch back hips,
With a bone-yard yawning between his lips,
And head as soft as a basswood block,
And grins and greets you with "Howdy, Doc!"

If you step out of your office door
To buy a book at a near by store,
Or go to the druggist to pay your bills,
Or order a box of Sis Pinkham's Pills,
This old gonn-beater gives you a shock
With his loud, "Hello, what's your hurry, Doc!"

At the livery barn, where you keep your horse,
With a hump on his back, and a whipped-dog whine,
And whether the weather be foul or fine,
He will ask in a voice like a broken croak,
"How do you like this weather, Doc!"

You can't get out of the cottage gate,
Till you hear this chump with an empty pate,
Ask, in the pride of the barn yard cock,
"Is it a boy or a baby, Doc?"

When a patient dies, and is laid away,
To moulder back into primal clay,
You're scarcely out of the chapel door,
Till you hear the voice of this brutal bore,
Saying, "It must be an awful shock!
How did you come to lose him, Doc?"

And so it will go till the end is reached
And our funeral sermons have been preached,
We still shall meet in our daily round,
This gutting-in, blathering, brainless hound,
This gibbering, Chinese Jabsberock,
The dubber, who dubs the Doctor, "Doc."

When you go to Church or to Sunday school,
You stumble onto this self same fool,
Whose only joy is in asking you
The silly question that all fools do,
The question that all of them keep in stock,
"How did you like the sermon, Doc?"

And some fine evening, or splendid morn,
When you are called, and a child is born,
That will add to this Jay's family tree
When bread is high as a Redwood tree
You'll meet your friend at his own front gate,
With "It's triplets Bill, Now Pay The Freight!"

(Dedicated to the "Docs" of Sanford)

I note by last week's Herald that one of my good friends wishes to know more about the working plan of the Charity Association. This idea seems to be striking a popular chord in Sanford, and I hope it can be carried out to a successful degree. First an executive committee should be formed of all the ministers and the Mayor and city council. The secretary of the board of trade or commercial club, should be elected secretary of the Charity Association, and I know Mr. Bates will make a good one.

As soon as a mendicant approaches a merchant or citizen, he is referred to the secretary. This gentleman looks up the case and if a worthy one the case is passed on to the executive committee for action.

The Mayor and City Council acting in harmony with the Association, will provide work upon the street for those who are not skilled and are willing to work for a few days in order to get to the next town.

The merchants of Sanford will be surprised at the money and trouble this course will save them, and when the Association gets down to business it will be a success from the start. Worthy cases will receive aid, and unworthy cases will be turned down, and the busy man will have ceased to be burdened with the mendicants.

This plan of course will bear improvements, as I have only given you a rough outline. Please remember also that citizens are supposed to donate as much as they feel able to give.

Scouts Ball Game

The Boy Scouts will have a ball game at Holden Park on Thanksgiving Day. This will be a contest of First Troop against the Second and will be hotly contested. More particulars later.

Death between the jaws of a monster man-eating shark was the fate of Jules Antoine, an aged seaman at Pensacola. The gruesome sight was witnessed by the crew of the British steamer Alderagate, on which Antoine was employed as a watchman, and by half a hundred baymen in loading the vessel with lumber. Antoine evidently had fallen overboard accidentally, for the first seen of him was when the shark swam leisurely out from between the ship and the lighter of lumber with the body of the man clamped between the jaws, the head and shoulders protruding from one side of its mouth and the legs from the other.

Maine retains constitutional prohibition. Governor Plaisted and his council late last night decided to accept the corrections in the vote of forty towns cast in the special election in September, thus reversing the results as indicated on the face of the first official returns.

University's Great Record

The record made by Florida on the gridiron this season is a clean one, a record of which every Floridian should feel proud. The team opened its season by defeating the Citadel of Charleston by a score of 15 to 3, a victory which went to Florida when many were predicting that Citadel would win. Florida's next game was with the University of South Carolina, this battle resulting in a 6 to 6 tie. Then "on to Clemson" was the slogan of the Florida boys, and Southern football society was given a severe "shock" when the Florida aggregation triumphed over the Clemson Tigers to the tune of 6 to 5. The next game was with Columbia, which team has proved almost as strong as Florida, and in this game the university was victorious, 9 to 0. Taylor's three goals from the field scoring Florida's only points. Saturday's 27 to 0 victory over the Stetson eleven makes Florida the undisputed champions of the state, in as much as the Columbia and Stetson teams have been met and been disposed of.

One of the biggest land deals ever made in Florida is now being pulled off in Volusia county lands. This deal includes the Hough, Jolly, DeLand Naval Stores Company, and other Volusia county lands lying around DeLand, being the same land which was bought in about a year ago by Colonel Angier and others. Mississippi parties are the purchasers and it is understood that they will immediately erect three saw mills and begin to market the lumber. There are about 60,000 acres in this tract and the price paid was \$10 per acre.

Reports from the Kissimmee valley are to the effect that quail are more plentiful there this season than they have been in years.

A Touch of Winter

A touch of winter will be felt over practically the entire country this week and there will be many sudden changes in the weather according to the weekly forecast issued by the weather bureau tonight.

"The coming week," says the bulletin, "will be one of pronounced weather changes and low temperatures over practically the entire country. The cold wave that now covers the middle West will advance rapidly eastward and give the lowest temperatures of the season the first two days of the week throughout the Eastern and Southern states and on these days abnormally low temperatures will continue in the interior districts east of the Rocky mountains."

"An extensive disturbance that is now off the north Pacific coast will advance slowly eastward and be attended the first part of the week by stormy weather in the north Pacific states. It will cross the Rocky mountains Tuesday, the middle West Wednesday or Thursday and in the Eastern states the latter part of the week. This disturbance will be preceded by a general change to warmer weather and be attended by rains in the southern and rains and snows in northern districts and will be followed by a change to colder weather over the northern half of the country."

Classification of Diamonds.

The diamond called a brilliant has 58 facets. A rose diamond is faceted only on the top; it has a flat bottom.

HOWARD - PACKARD LAND COMPANY

Bulletin

ILLINOIS FARM LANDS

Sell for the highest average price of any State in the union. In the better parts of the State these lands bring from \$150 to \$250 per acre.

Illinois is the greatest corn State and its leading crop is corn. In 1910 from 10,609,000 acres of land it produced 414,812,000 bushels of corn worth \$157,629,000, or a trifle less than 38c per bushel. The average yield per acre was 39.1 bushels. And the average value per acre was \$14.85 (These figures are taken from the Yearbook of the Department of Agriculture, pages 502 and 503.)

Now, when a crop of corn is grown on the 10,609,000 acres of Illinois lands, **that is the end of it for a year.** Now contrast that with Sanford.

Mr. Brumley grew 50 bushels of corn to the acre on his Celery Avenue Farm last summer from April 1st to September 1st, and it is worth 90c a bushel or \$45.00 per acre. **But he had already taken three crops off of the same land** from September 1st, 1910, up to the time of planting his corn—two crops of lettuce and one of cucumbers. And one of the lettuce crops brought \$600 per acre on the ground. We don't know what the other crops brought.

Mr. Chase grew 75 bushels of corn to the acre.

Mr. Rossitter produced upwards of 50 bushels per acre.

Mr. Chapple grew 2,000 bushels on his farm.

Mr. Hawkins' corn yielded over 75 bushels per acre.

These men are representative

growers at Sanford. They don't pretend to be corn farmers but after growing two or three vegetable crops on their land from October 1st to April, they plant corn for a summer crop and still grow more value per acre in corn than the best farm in Illinois. There is not enough corn grown in Florida to supply the home demand because our farmers can make more money growing other crops. Consequently it must be shipped in and freight and profits added to cost makes it worth nearly double the value in Illinois. The Yearbook above referred to gives the average Florida price as 85c but in Sanford it has never been less than 90c per bushel.

Now we are not arguing for the growing of corn. There are a dozen staple crops which can be grown during the summer months which will produce more per acre value than Illinois farm lands, but what we do claim is that land should be valued for what it will produce. If Illinois land which produces an average of \$14.85 per acre is worth \$150 per acre, then it is valued on a trifle over a 10 per cent basis of gross production.

On this same basis every acre of Sanford land is worth from \$450 to \$675 **for growing corn** as it produces from \$45 to \$67.50 worth of corn per acre.

In last week's Herald a writer shows in detail the production of his five-acre farm and the total income was \$5,677.52, which figured at 10 per cent (the basis of Illinois land) would make the place worth \$56,775.20 or \$11,355 per acre.

But even on the net income of this farm of \$749.30 per acre it would figure \$7,493 an acre. We

see from the crops mentioned that this party did not ~~grow a summer~~ crop which he might have done and added to the above.

Now we have taken Illinois because it is the best of the lot. No other Northern State will show up as well.

That is not all. From now on till spring the Northern farmer must live in a cold disagreeable climate and spend his earnings of last summer in an effort to make existence tolerable.

In Sanford we live to the fullest extent for twelve months of the year in the finest climate that God's bright sun shines upon. If the world knew what we have at Sanford in comfort and value, every acre of land would double in value in a week. The world is bound to find it out, too, and then watch prices grow.

In the meantime, we have a few splendid offerings in improved places. Ten acres, good buildings, near street cars or mail route, splendid condition, \$6,500.

Ten acres, adjoining, good house, \$4,500.

Eleven acres, well located, no buildings, \$3,500.

Five acres, close to town, main street, ready to set, \$3,500.

And many others.

Twenty acres unimproved flowing well land, near street car line, bargain at \$100 per acre.

Eighty acres as good as can be found in quality and location at \$8,000.

Other choice places, all sizes, at \$150 per acre.

Our Volusia Farms across the St. Johns River at \$30 to \$50 per acre on a monthly payment contract are the best to be had for the price.

Office in Herald Building Telephone No. 148

If soy beans are worth from \$1.33 a bushel, when hogs are selling at 5 cents a pound, to \$2.51 a bushel with hogs selling at 6 cents a pound, as was shown at Indiana experiments, certainly the Southern farmer, who can grow from 20 to 40 bushels of soy beans per acre, which the hogs will harvest without cost, can afford to grow this crop for hog feeding, rather than continue to feed corn alone.—Dr. Butler, in The Progressive Farmer.

An advertising campaign opened by the Sanford Commercial club proposes to show to the world that Sanford is a delightful place to live. The commercial and industrial advantages of the city and surrounding country will not be discussed in the literature now being sent out, but Sanford as an ideal place of residence, with fine climate, hunting, fishing and excellent society. The clubs and amusements will be given space and the attractions of Sanford fully described.—Times-Union.

It is rather hard lines for a man to walk and keep his equilibrium when he gives freely of space in his newspaper to advance the interests of all classes of people in his city, and has worked willingly and gladly, early and late, in season and out of season, to make his city the most progressive in the state, and by his work all the people have benefited in a marked degree, to be handed in payment a lemon in the shape of the City Council calling for bids from every "jerkwater" printing office in the state to do a small job of printing, and awarding the contract to a firm in a city many miles distant at a price that will not net a profit sufficient to buy a cotton sock for a house fly. If this policy was generally followed by our people, every business house in Kissimmee would close its doors in twelve months' time.—Kissimmee Gazette.

THE BRIDGE QUESTION

The county commissioners of Orange County, on November 6th, visited the county commissioners of Volusia County, and were kindly received by them. The object of the visit was to discuss the question of completing the causeway at the crossing of the St. Johns River, and to discuss the building of a suitable bridge over the narrow channel of the St. Johns River at the point where the ferry is now operated. The following is the substantial position taken by the county commissioners of Orange County:

First.—In 1904 the board of county commissioners of Volusia County and the board of county commissioners of Orange County met and considered the matter of providing a means of crossing the St. Johns River, connecting the two counties. The Volusia board selected the point of crossing the river, selecting the east coast ferry. Plans and specifications were gotten up and estimate of work obtained. Under the terms of the agreement made and entered into by and between the two counties the work was begun and extended so that a ferry was put in operation under the terms of the contract between the two counties. Orange County has spent on the Volusia side of the river in building the necessary causeway over Holden Prairie about \$3500.00. She spent over \$4300.00 in necessary work on the Orange County side of the river. Within the last few months hills have been made and strong, substantial bridge erected, making a safe and permanent approach or roadway up to the bank of the channel of the river. Volusia County has done some work on the causeway and kept it up, having this year done some filling on the causeway, the amount of money expended not known to Orange county commissioners.

Second.—The building of this crossing and operating this ferry have proven the good judgment of the two boards. The work was begun and continued under many disadvantages, but when finally completed the tide of "cross-country" travel turned this way, and at the present time from fifty to seventy-five vehicles pass over the river daily, notwithstanding the present mode of crossing.

Third.—Experience has shown the causeway is not high enough. The high water in the river causes rains, renders it almost impossible for automobiles and other wheel vehicles. By adding two feet to height of the causeway this trouble can be avoided. This would cost about

\$2,000 (estimated), and the causeway be good at all seasons of the year. The increasing tide of travel by highway demands a safe and quick method of crossing the St. Johns river, which divides the east coast and the interior of the state. It is the duty of Orange and Volusia counties to quickly meet this demand by placing a bridge across the narrow channel and discarding the antiquated ferry now being operated. Of course it must be a drawbridge, the estimated cost of which would be \$5,000. This is a mere trifle when the great benefit to the two counties is considered. Some ten thousand dollars is now invested in the inadequate ferry and causeway at this east coast ferry. When the causeway is raised and a bridge is built, the two counties will reap a rich return. The investment will pay a thousand fold on the cost of the improvement. The people of the two counties cannot afford to delay in the matter. Its completion will make a line of roadway from Jacksonville, St. Augustine, Daytona, DeLand, Sanford, and Orlando south to Tampa.

The commissioners of Orange county were there to counsel with the Volusia board to urge this work. While Orange has now spent \$1,500, she is ready to put up her portion to build this bridge at once. The Orange county commissioners ask immediate action by the Volusia board if possible.

The boards agreed to have estimate made of the cost of the bridge, and the matter be taken up for further consideration later.

SWAT THE FAKERS

The Herald has waged continuous warfare on the advertising fakirs and each winter urged the merchants and commercial bodies of Sanford to keep their money at home instead of taking up every advertising scheme that came along and slapped them on the shoulder. It remained for Secretary Bates to take up this matter and protect the business men against the fakirs. Below he outlines the only feasible mode of protection and if followed out will save the merchants much time and money.

Editor Holly.—The writer having had considerable to do with advertising stunts of various kinds believes he has reached that stage in life which enables him to judge between an advertising proposition of merit and one that is put through wholly for the purpose of placing a few dollars in the pockets of the promoter.

At the next meeting of the Commercial Club the writer will introduce a suggestion that the Commercial Club appoint a committee to pass upon all advertising propositions of an irregular nature such as posters, special editions of foreign publications, programmes, guides, directories and other "fake" stunts, and if the Commercial Club's committee approves of the proposition, then the promoter is to be furnished credentials stating that he has received such approval, but if he is turned down by the committee, then the members of the club must absolutely refuse to contribute a penny to his proposition. A card should be displayed in each place of business and office stating that "All solicitors of advertising must have the approval of the publicity of the committee of the Commercial Club before any space or contributions will be contracted for." This plan will save a large amount of money each year to the merchants and others of our city which, if placed in proper use, will have the result of replacing Sanford on the commercial map of the nation. Yours very truly, Thomas K. Bates.

Notice of Election

Whereas, petitions signed by more than ten per cent of the registered voters of election precincts 3, 4 and 25 of Orange County, Florida, which are contiguous and located, have this day presented to this board, at its regular monthly meeting, held on the first Tuesday after the first Monday in November, 1911, asking that an election be held in said precincts for the purpose of voting upon the question of allowing a wine to run at large in said precincts.

Now, it is hereby Ordered by this board that an election be held, as prayed for in said petition, on the 28th day of November, 1911, to determine the question of allowing a wine to run at large in said precincts, the election to be held according to the terms of law governing in the matter and the Clerk of this board is directed to make the necessary legal posting and publication required under the law.

It is further ordered that W. P. Akers, A. Dornier, J. W. Sipes, Inspectors; R. C. Maxwell, clerk, in Precinct No. 3; L. Keltz, C. D. Pearson, A. A. Hicks, Inspectors; D. H. C. Rabun, clerk, in Precinct No. 4; J. M. Bell, J. C. Putnam, J. A. Smith, Inspectors, and J. L. Miller, clerk, in Precinct No. 25, Registered voters in said precincts, are hereby appointed managers of the said election, and the said managers shall hold said election and certify results to this board at its next meeting after said election. The clerk of this board is also directed to make the necessary

provision for holding the election by having the supervisor of registration deliver the proper books to the said managers for holding said election.

By order of the County Commissioners of Orange County, Florida.

Witness my hand and official seal, this November 13, 1911.

H. M. ROBINSON, Clerk of Board.

[Seal]

ANNOUNCEMENTS

For Mayor

At the earnest request of friends and voters, I announce that I am a candidate for the office of Mayor of the City of Sanford, at the November Primary.

I am a candidate for the position of Mayor of Sanford subject to the decision of the primary election and solicit your suffrage and support.

For Alderman

I hereby announce my candidacy for the position of Alderman, subject to the decision of the White Primary to be held November 21, 1911.

I am a candidate for Alderman of the city of Sanford subject to the decision of the White Primary to be held November 21, 1911.

I will be a candidate for the position of Alderman subject to the decision of the White Primary held Nov. 21, 1911.

I hereby announce my candidacy for Alderman of the city of Sanford subject to the decision of the White Primary, held Nov. 21.

IN AND ABOUT THE CITY

Little Happenings—Mention of Matters in Brief.

PERSONAL ITEMS OF INTEREST

Summary of the Floating Small Talk Succinctly Arranged for Hurred Herald Readers.

L. P. Hagan of Markham, was in the city Monday.

A government building for Sanford will be the next move in the line of improvement.

There are more new people in the city now than ever before at this season of the year.

Miss Allie Trafford was called to North Carolina last Sunday by the serious illness of her sister.

Mrs. J. B. Conrad of DeLand, was the pleasant guest of Mrs. A. Robbins, at the Robin's Nest Friday.

Miss Mary Walker who is attending Rollins College spent Saturday and Sunday with home folks.

Mr. and Mrs. F. P. Forster have returned from a two weeks' trip to New York, and other points east.

Many improvements are being made at the Sanford House for the better accommodation of the tourists.

Mr. and Mrs. C. W. Brown of Jacksonville arrived in the city Sunday. They will spend the winter in Sanford.

"As You Like It" at the Opera House tonight. "As They Like It" will also be in Sanford next Tuesday, election day.

Mrs. J. W. Hill motored to Orlando last Saturday and had as guests, Mrs. W. W. Long, Miss Bessie Long, and Miss Thomas.

W. P. Swope, the hustling real estate man is at Ocala this week looking after the clearing of new farms on the Black Hammock tract.

Rev. Waldron left today for New Smyrna and from there he will go to Jacksonville to attend the meeting of the Associated Churches.

The Stock Express seems to have been busy lately. No less than five consignments of precious parcels, have been brought to Sanford in one week.

Arthur Rooney, a prominent young man of Orlando died at Asheville yesterday. He was a former employee of the Reporter-Star job printing department.

Another fair advertising scheme made good this week and another long haired gent passed out with the money which he will proceed to spend in Jacksonville.

General Manager J. H. Harrison of the Crystal Ice Co., is back in the city after spending the summer in North Carolina and is busy as usual getting ready for the ice harvest.

C. A. Reed went up to Sanford this afternoon to operate the moving picture machine in the Star Theatre, until Mr. J. B. Magruder gets his picture house in shape.—Reporter Star.

The annual smoke stack raising at the Sanford House was consummated this morning with appropriate ceremonies. This annual pipe dream marks the opening of the winter season.

Jim Harris wants to know if Mr. Bell could prophesy the future, as to the outcome of the election on Nov. 21st, why don't he follow up the races where he could make thousands of dollars.

Osborne Herndon, Kenneth Murrell, and Ernest Householder are home for a few days. They attended the Stetson-Florida football game at De Land Saturday. The boys are attending Florida University.

Mr. and Mrs. J. H. Elam, and Mrs. Wilkie of Wichita, Kansas, are in the city, and expect to remain during the winter. Mr. Elam is interested in lands near Sanford, and is most enthusiastic booster of Florida.

C. E. Hudson the well known ball player and former catcher of the Sanford team is in the city today. He has been playing league ball this year, and his many Sanford friends are glad to learn of his success.

A state-wide interest is being manifested in the subject of missions. Christian women of every denomination are rallying their forces to augment the attendance at missionary meetings and increase subscriptions to missionary magazines. The women of Tampa are preparing for a jubilee meeting early in December. Watch for the date.

The Sanford Herald reflects the growth and solidity of this city. Recently the Herald was made a double weekly, now it is delivered by a special carrier and Editor Holly states that his company will inaugurate a linotype machine of the latest design within a short time. All of which goes to strengthen the fact that our town is one of the most solid in inland Florida.—Times-Union.

A Night in Mooseland

On the evening of Nov. 10th the local lodge of Moose held a banquet in the Eagles hall, which they termed "A Night in Mooseland." The officers of the Orlando Moose Lodge, the local Eagles and Owls, with their ladies, were invited. These, with the members of the Sanford lodge and their ladies, made a gathering of about 200 people.

A very fine program was given, consisting of music, interspersed with short talks and speeches by visitors and officers of the several lodges represented. At 10 o'clock the entire company adjourned to the dining room, where long tables groaned under the weight of "Good Things To Eat." The tables were soon relieved of most of their burden, and everybody went home feeling that they had spent a very pleasant evening and hoping that a repetition of the event would not be far away.

Another entertainment along this line is being planned by the local lodge, to take place in a few months, when something new and novel will be given.

Wade, the Tuner, Orlando. If Wade does most of the Sanford piano tuning. Phone or write to Wade, the tuner, Orlando.

A. P. CONNELLY GENERAL FIRE INSURANCE AGENT Office Above First National Bank SANFORD, FLORIDA

TO THE VOTERS OF THE CITY OF SANFORD

I am not a candidate for the office of Mayor because of any political ambition. It is true that I will highly appreciate being elected your Mayor, but only because of the expression of confidence and not because I ever expect, or desire, to go higher politically.

My Company owns property in almost every part of the City of Sanford and pays one-twenty-fourth, approximately, of all the taxes paid into the City Treasury. It is absolutely true that we will be able to sell very little of this property to the present citizens of Sanford, just a lot occasionally.

For this reason, it is imperative that we should have new men and new money. It is absolutely necessary, in order to secure new men and new money that **Sanford should continue its policy of progress and development.**

For five years I have been devoting my time, energy and money to BOOSTING SANFORD. During that time I have assisted in every public movement which was intended to promote the City's welfare. I have not taken one dollar out of Sanford in that time. On the contrary, the little I had outside has been gradually withdrawn and put into my business here. I have made some money during that time outside of my Sanford business; and that, also, has been brought to Sanford. I have been instrumental in bringing a good many thousands in money and a great many new citizens to the Sanford-District.

Mr. Voter, your interest is my interest. Every new citizen helps each of us, directly or indirectly.

Mr. Tax-payer, every new tax-payer lightens your burden. Every new enterprise helps to maintain the city government and pay for public improvement.

Mr. Mechanic, Bricklayer, Carpenter—every new house means more work for you.

Mr. Plasterer, Painter and Tinner, or Decorator, you are interested and you are helped by every success of mine.

Mr. Merchant! Every new man means a new customer. If I sell a lot and a house is built thereon, it means something for each of you. My property is not improved property. I must get new customers and new patrons for you, as well as for myself. When I sell, my profit is made and that is the end of it. You, each and all, have the same opportunity, without the expense of getting the man here.

I ask you, in all candor, who is the more likely to help you, as Mayor of Sanford, Mr. Spencer or myself? Mr. Spencer's energies have been devoted entirely to his private business. I have given time and money to the City's affairs and to the promotion, it is true, of my private business, **but yours as well.**

Mr. Spencer's energies do not add one dollar of new money to Sanford. My work, on the other hand, each year adds some new money and some new men.

Mr. Spencer wants to be Mayor to gratify an ambition. So do I. His is a personal ambition—to be Mayor. **Mine is an ambition to assist in building a great city here and have people miss me when God's Acre has claimed me for a tenant—with the plaudit "Well done, thou good and faithful servant."**

W. D. HOLDEN

SANFORD'S PUBLICITY

City Will Take Up Matter of Advertising Campaign

COMMERCIAL CLUB WAKES UP

Secretary Bates Writes About The Possibilities of Sanford And Value of Advertising

EDITOR HOLLY:

The Commercial Club is preparing to enter upon a twenty year advertising campaign for the purpose of exploiting the possibilities of Sanford and vicinity as a place of residence for those who are seeking a more salubrious climate than furnished during the winter months by the states north, east and west of Florida.

"What can you do to bring people here? We have nothing to offer them. We have crop failures to point to. There is no money here. The people who come to Florida at this time are passing through Sanford. We are done for. There is no way drag them off the train and make them remain here."

A business man made the above statement to yours truly.

Now the question is what can be done?

First.—We must get together and brace up our avenue of publicity, which is the Commercial Club. It will take some money to get into shape to appear in company, but not more than is usually voluntarily contributed to the "fakir" with the great scheme, slick tongue and crafty brains, whose function it is to make all the people move from one locality to another and then go back to the vacated section and make it plain to the remnants of humanity that could not get away, that he, the "fakir" is the appointed one to make the folks move back home at so much per.

Second.—All work and no play makes Jack a dull. We can take the coin that we have bilked from the "fakir" by putting the kibosh to his schemes and issue a series of booklets relating to the possibilities of Sanford as a place of joy, longevity, peace, happiness and comfort. Hundreds of thousands of persons are seeking congenial localities in which to establish winter homes and summer residences. There is not a place in all of sunny Florida that is so well located or better situated than is Sanford, for a place of residence. Here, nature has conspired to surround us with a galaxy of pleasurable attributes, that if possessed by some hot air communities we know of would cause the major portion of their inhabitants to become affected with incurable cases of "brain storm." Our water courses are the most beautiful and accessible of any in the south. We have Lake Monroe; we have Lake Jessup; we have the Wekiwa river; we have the St. Johns river for hundreds of miles; we have Lake Hartney and we have lesser contiguous streams and lakes available for pleasure craft, hunting, fishing and cruising. With a Yacht Club House in Lake Monroe in front of Sanford we will soon have anchored in our waters about our town hundreds of pleasure craft from all parts of the nation. Men and women who come here to enjoy themselves and make a great play ground of Sanford and pay their way as they go. We can have the Yacht Club and we can get the visitors.

Third.—From small acorns great oaks grow. We can build a Country Club with a fine golf links. There is ample ground adjacent to this city well adapted and available for such an enterprise. It may seem chimerical at first thought, that Sanford should have a country club but then if you will stop to think, there is nothing we can point to at this time or which we have at this time that was not originally a very faint thought in the brain of just one person. We can have the golf links and Country Club. Other places have these things and Sanford can have anything that any other town of its size can have.

Fourth.—The United States is building fine stone post offices houses in many towns. Sanford has as much right to one of these imposing structures as any other place of its size. Then suppose we all get busy and demand the erection of such a building here.

Fifth.—Winter Park, a small wee-bit of a place and Maitland, which is not so large, both have their library buildings. Then it should be apparent at once that Sanford should have its library building. Mr. Carnegie stands ready to help us out in this matter. Then why not go after the man of dollars and liberality who stands ready to meet any community that is suffering from the spirit of progress.

Sixth.—This stretch from the foot of Sanford Avenue on Lake Jessup is as straight as a string and should be converted into a magnificent boulevard paved with brick. This would not cost an overly great sum of money and would make the most beautiful drive in this portion of Florida. Just think, a boulevard

from the shores of one great lake to the shores of another great lake. It would cause the visitors who come here to begin to gossip about the wonderful progress of our town and with this gossip would come a desire to buy in with "us" and become a part of the community.

Seventh.—We should bulkhead the waterfront, thereby making available hundreds of the most desirable building lots for both business and pleasure. This project has been discussed a great deal of late and it is discussion that will bring about this and all others improvements we may care to work out. A boulevard on the lake front connecting with the Lake Jessup boulevard would prove one of our most valuable assets.

Eighth.—There must be a large tourist hotel erected here. It will come because there is a need for it. When our town gets so full of visitors that we will have to sleep them in the parks and in halls as is done in some Florida towns, then the need of the hotel will be demonstrated and the man or the men will show up who will build it. We must work to fill our town with visitors and then work to take care of them. Real estate values are based on population. If we can get enough folks to come here the carpenters will soon be working night crews. Then the word will go out that there is something doing in Sanford and our growth and development will be phenomenal.

But how do you propose to do these things? By getting together. And we can do even that, if we decide to do it.

Yours truly,
THOMAS K. BATES,
Secretary Commercial Club.

The Wednesday Club

After the long summer vacation and rest, it was a very pleasant re-union to the members of the Wednesday club in the first meeting of the new club year, which was held at the residence of Mrs. Dickins, Wednesday afternoon, at 2:30 o'clock. A number of the club have been associated so many years in the delightful studies of the club that the ties which bind them together have grown very strong and tender. A very large attendance was present at this first meeting. In opening the meeting the president, Mrs. Geo. L. Maris, said some very pleasant words of greeting to the club. She also referred to the topic of study for the year and said the members anticipated much pleasure as well as profit in the study of Scandinavia. The secretary, Mrs. S. O. Chase, read the minutes of the last meeting in May, at the residence of Professor and Mrs. Maris.

Accompanied by Miss Florence Frank, Miss Mabel Bowler and Beauty's Eyes. In her paper on "The Ethnology of the Northmen," Mrs. C. E. Walker laid the foundation for a fine and substantial structure of existing facts and mythological knowledge, which the club hopes to be able to use for their instruction and entertainment in this year's work. Mrs. Walker's paper was exceedingly interesting. Miss Alice Loderly read the next paper on the "Physical Geography of Scandinavia." In all their post school experience, not a member of the club could possibly have ever had a more interesting, instructive and delightful physical geography lesson than the one Miss Loderly prepared for them Wednesday afternoon. Miss Clara Louise Guild read some beautiful selections from "The Land of the Midnight Sun."

The name of a new member was proposed. Two delegates, Mrs. May Dr. King and Mrs. Cruse Barnes, were appointed to represent the club at the meeting of the State Federation of Women's clubs, which will meet in Jacksonville, November 14th, and continue in session about four days.

Favor Charity Association

The ministers of Sanford in their Ministerial Association Monday morning put themselves on record as favoring some form of organized charities for the city of Sanford and pledged themselves to its support. Mr. Waldron was a committee to represent the ministers before the Common Council and to urge that body to take some action looking to the organization of a central charities for the city. Mr. Waldron will also represent his own church and the ministers of the city in the State Conference of Charities and Corrections at Jacksonville this week.

Bridge Will Be Built

Since the Volusia county commissioners have refused to co-operate with Orange county commissioners in building a bridge across the St. Johns River at East Coast Ferry, the citizens of New Smyrna have taken the matter up and will raise the amount required, by public subscription. \$2,350 will have to be raised and about \$1,500 of this amount has practically been subscribed. We will have the bridge. New Smyrna Breeze.

The body of a man thought to have been Charles French, who was lost on a boat near Ft. Lauderdale, last Saturday, was recovered Tuesday from the Miami canal by a tugboat.

THE VAGRANCY QUESTION

Will Be Taken Up By the Charities Conference This Week

Jacksonville, Fla., Nov. 14.—Florida has become so thoroughly aroused over the vagrancy question that many municipalities will have official representatives in Jacksonville Nov. 16, 17 and 18 to hear a discussion on the "hobo" feature of the main issue before the Florida Conference on Charities and Correction.

There seems to be a determination on the part of the authorities everywhere to rid the state of its idle hordes, whether they be plain tramps, unworthy beggars or negroes who infest all the cities and towns while refusing to do a week's honest work. It is the latter feature, however, which is most concerning the authorities. This is the one which also most concerns the large industries of the state, which are actually suffering for labor when there is plenty at their back doors.

The question has become so serious that trade organizations are taking it up with splendid results. In Jacksonville and Tampa a little investigation showed that the shipping interests of the ports were losing thousands of dollars monthly through shortage of labor at the docks, while at the "quarters and the very docks where they were so much needed there were hundreds of negroes loafing in idleness. The same condition has prevailed on a relative scale in the smaller towns of the state.

It has become a matter of common knowledge that the labor shortage is reducing the output of the sawmills and turpentine industries by fully one-fourth. This is a direct loss of wealth to the state, to say nothing of its final computation in dollars and cents, when the loss of new industries which the prevalence of this condition will discourage is taken into consideration.

The county and city authorities are showing no mercy to vagrants in Jacksonville and Tampa. The authorities of the smaller towns, spurred on by the activities of their local newspapers, are solving the labor shortage by going at the root of the trouble. They are making those who have lived and fattened in idleness heretofore show that they are honestly earning a living by six days of honest toil each week and not working just enough to secure them the advantage of doubt, which the law has heretofore presumed in their favor.

The opening of the fruit packing season has created a still more active demand for labor, and has further cut down the supply of reliable men who are attracted away from the industries which operate the year around.

Great railroad officials and industrial leaders have declared that the shortage of labor is a question the states of the south must grapple with and solve in the best possible manner right now. The south is entering on a period of remarkable development and to be hampered by shortage of labor or unreliable laborers would work incalculable damage to hundreds of communities that stand to gain hundreds of thousands of dollars in new enterprises.

Presbyterians Boost Florida

Birmingham, Ala., Nov. 11.—Alabama Synod of the Presbyterian church U. S. A., closed last night one of its most important meetings. Rev. Dr. Carson, moderator of the general assembly, made the closing address.

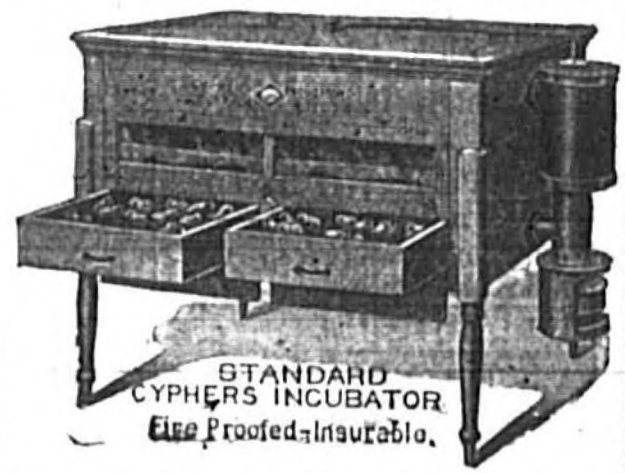

One of the strong addresses made during the meeting of the synod was that yesterday of Rev. William I. Morgan, the representative of Florida synod. Dr. Morgan's address was a tremendous boost for Florida commercially, religiously and as a tourist resort. The speaker hung a large map of Florida before the audience and pointed out the immense geographical extent of the state, and told of the almost phenomenal growth and development of the thousands pouring into Florida from almost every state in the union. Dr. Morgan gave a glowing account of the rapid growth of his own church, saying that new churches are springing up all over the peninsula. During the business meeting Rev. Morgan was made a member of executive commission, inter-church federation commission and other important committees. Dr. Morgan is pastor at Starke, where he has had splendid success, and is looked upon as one of the coming young men of Presbyterian church.

Rev. Dr. W. M. Crawford one of the best known evangelists in the Presbyterian church, will spend January in meetings in Florida. The next meeting of synod meets at Gadsden.

Arrangements are being made for a tour of Florida by prominent Presbyterian clergymen, which may include even the moderator of Brooklyn, N. Y.

Wednesday was Governor's day at the Interstate fair at Pensacola and the largest crowd to be out since the fair opened thronged the grounds, and heard Gov. Albert W. Gilchrist, of Florida deliver an address.

Delightful Dance

One of the most notable and enjoyable events of the early season was the lovely dance given at the Sanford House, Friday evening, Nov. 10th, by Mr. W. J. Thigpin, in honor of Miss Dorothy E. Hayes of Tracy City, Tenn., the charming niece and house guest of Mrs. W. D. Holden.

The halls and ball-room were most artistically decorated with palms, vines and pink, yellow, green and pink being the color scheme.

The bright eyes and the smiling faces of the charming matrons and lovely girls, in their elegant costumes; the fine looking men and beautiful ball room made a very brilliant and attractive scene. Sanford society graced the occasion and was resplendent in its handsome attire. The guest of honor was lovely in white spangled net over canary messeline; Mrs. F. A. Schumpert wore a handsome white lingerie dress; Mrs. R. S. Keeler was in black satin; Mrs. W. D. Holden, a blue organdie with white trimmings; Mrs. O. W. Brady, white lingerie; Mrs. F. C. Boardman, black crepe de chene; Mrs. Charles Bell of Atlanta, Ga., wore a white lingerie dress; Mrs. Samuel Puleston, black spangled net over yellow satin; Mrs. B. W. Herndon, hand-painted chiffon over plum satin; Mrs. Robt. Newman, blue marquisette over old rose satin, trimmed with black and gold; Mrs. W. W. Prather, yellow messeline with black jet trimmings; Mrs. C. O. McLaughlin, black lace with black and steel trimmings; Mrs. J. W. Barnes, blue messeline with white lace trimmings; Miss Charlotte Keeler, black net over black silk; Miss Belle Smith, pink-silk hand embroidered; Miss Peaches Lettler, blue messeline; Miss Linda Lettler, red silk; Miss Louise Shepherd, blue crepe de chene with bead trimmings; Miss Jacobs of Orlando, canary chiffon over silk with fur trimmings; Miss Mabel Bowler, blue messeline with pink trimmings; Miss Rose Dickinson, canary satin draped with white chiffon trimmed with amber bead fringe; Miss Florence Frank, white embroidered lingerie dress; Miss Genie Wicker, blue messeline with bead trimmings; Miss Annie Higgins, blue messeline with white lace trimmings; Miss Sadie Williams, yellow chiffon over messeline; Miss Vivian Yeiser, yellow silk with black trimmings.

The music for the occasion was furnished by the Stumon orchestra. Punch was served during the evening.

The evening's pleasure was very much enjoyed by Mr. Thigpin's guests. Dancing continued until 12 o'clock, when the delightful evening was over.

Cecilian Music Club

This most interesting and promising club of piano students held a very important meeting in the studio of their teacher, Mrs. Fannie Stenbridge Munson, Saturday afternoon at 3 o'clock.

After the conclusion of the business part of the meeting, which was the election of officers for the ensuing year, a very delightful musical program was given.

The officers elected were: Miss Bertha Packard, president; Miss Essie Purdon, secretary and treasurer; Miss Irene Thurston was appointed to call the roll at each meeting.

PROGRAM

- Left Hand Study, Arthur Foote
- Miss Lucca Chappell.
- Narcissus, Nevin
- Ada Wagner.
- Dolly's Funeral, Tchaikowsky
- Ruth Waldron.
- Violin—El Trovatore—Selections, Verdi
- Cinqetaine, Gabriel-Matre
- Eleanor Herring.
- Barcarolle, Tchaikowsky
- Miss Margaret Davis.
- Reading, High Culture in Dixie
- Miss Margaret Coffee.

As a reader Miss Coffee evidenced unusual talent. She was especially good in "High Culture in Dixie." For an encore she gave most effectively, "The Conquered Banner," by Father Ryan.

Eleanor Herring's violin playing called for repeated encores. She is a wonder child—only eight years old. Her's is the genius that develops under proper training into virtuosity.

The piano numbers were rendered in most enjoyable expressions and clean technique.

The Willing Workers, a band of bright young girls, who are members of Mrs. C. H. Summer's Sunday School class, in the Methodist Sunday School, held a very pleasant meeting, Thursday evening at the residence of Mrs. W. W. Abernathy. The meeting which was held for the transaction of business as well as pleasure

was called to order by President, Miss Maud Alice Wagner. The chairman of several committees, reported the progress of the work that is being done by these "Willing Workers," such as carrying fruits, flowers, kind words and smiles to some of the sick in the city. Nellie Lough, was elected secretary; Ruth Hand, treasurer; Douglas Abernathy, reporter. When all the business of the organization had been concluded, the girls enjoyed a social hour together. Mrs. Abernathy, assisted by Mrs. Summers, served them delicious ice cream and cake.

The members of the Eastern Star, had a very pleasant meeting in their lodge room—Friday evening. After the work and business of the organization was completed, the members enjoyed a social hour with each other and their guests for the evening; Mrs. Grahame of Chicago, and Mrs. J. B. Conrad, of DeLand; Mrs. L. Brotherson and Mrs. O. B. Singletary served punch and cake.

THE SANFORD HERALD

IN SANFORD—Life is Worth Living

Number 21

SANFORD, FLORIDA, FRIDAY, NOVEMBER 17, 1911

Volume IV

ALL AROUND FLORIDA

The General News of The Land of Flowers,

CULLED FROM THE STATE PRESS

An Epitome of the Week's Most Important Happenings in the State's Domain.

At the election Tuesday, in Hillsboro county on county division, the divisionists carried the day, and Pinellas county is now a county in fact as well as in name. The county seat will be Clearwater or St. Petersburg.

Hawthorn is to have a canning factory. It will be built and in operation in time to take care of the spare vegetables and fruits in that section next season.

The ladies of the Gainesville W. C. T. U., are contemplating the erection of a building of their own.

Work on the sea wall at St. Petersburg is progressing nicely, the piling having been put down between the Atlantic Coast Line dock and the Electric dock, with the exception of the channel near both of the docks.

The New York Giants are expected in Miami at an early date for a game of base ball. Three hundred dollars has been guaranteed the team if it comes.

Many improvements are to be made on the St. Johns Electric Plant in St. Augustine. The trolley line will be extended and it is estimated that it will require between \$15,000 and \$20,000 to make the contemplated extension, together with the other improvements. Heavier overhead wires are to be installed and heavier rails laid over the lower end of the line.

Governor Gilchrist in a speech at the Escambia County Fair, advocated strongly the abolition of the second primary. He pointed out what many candidates have already discovered, the primary system is extremely expensive, and he desires to see some method adopted by which the choice of the voter may be expressed at one primary.

In the election for a new county seat of DeSoto county, Arcadia won by several hundred votes over Zolfo. Arcadia the present site will build a fine new court house.

The coldest weather to be experienced in Pensacola this early was Monday morning, when the official thermometer registered 30 degrees above zero. Only once in the history of the weather bureau at Pensacola has this mark been reached before Nov. 13 and that was when the temperature dropped to 29 degrees on Nov. 12, 1894.

Bids are soon to be opened in Pensacola by the Board of Bond Trustees for the laying of \$450,000 worth of additional street paving.

The Florida Turpentine Operators Association will meet in convention in Jacksonville on the 22nd.

THE SPORTSMAN'S PARADISE

Sanford Section Offers Most Inducements to Nimrods

The way the nimrods are bringing in the game these days is enough to make an overworked editor quit the sanctum and take to the woods.

Messrs. Hixon, Evans, Will Hand, Tom William and Paul Biggers returned from their three days camp hunt and brought back three fine deer and plenty of smaller game.

Messrs. Rossetter, Whitner, Herndon, Brisson and Brumley returned yesterday from a two days hunt and brought in one of the finest bucks of the season. They reported seeing the Sanford party composed of Mr. and Mrs. D. L. Thrasher, Mr. and Mrs. Walter Hand, Mr. and Mrs. Robert Newman and Dr. and Mrs. Puleston and they had two fine deer and expected to get several more before their return.

The best part of the hunting trip around Sanford is the automobile. One can go for fifty miles into the very heart of the deer and bear country in an automobile making the trip and return in comfort and safety. If the Northern sportsmen could realize what a great game country this section of Florida is the hotels of Sanford would not hold the crowds that would come here during the season.

Miss Martin Attacked

Attacked by a bold highwayman in Springfield Park this morning about 11:30 o'clock, Miss Alice Martin is now confined to her room suffering from the effects of a nervous shock caused when the rough looking criminal grabbed her arm and attempted to wrest her purse from her hand. Miss Martin was badly frightened and ran to her home at 11 West Second street, where almost breathless from the experience she related the story.

The bold attempt at robbery was reported to the police station soon afterward and as a good description of the man was given there is every hope that he will be located. Miss Martin is sure she can identify the man if he is caught.—Jacksonville Metropolis.

Band Concert

Sanford Band will give a concert in City Park at 3:30 p. m. Sunday, Nov. 19th. A program has been prepared which will consist of just enough sacred, operatic and popular music to make a suitable Sunday program. The selection of sacred songs, "Joy to the World," and the trombone solo, "Holy City" to be rendered by Mr. C. H. Reasener, will be features of the concert.

To Our Correspondents

Every correspondent on the staff of The Herald is entitled to a complimentary ticket to Spark's Circus, here on Dec. 7th. If you do not receive this ticket in time for the circus, or if you have been overlooked, please let The Herald know. There is nothing too good for our faithful correspondents, and we want you to enjoy the day with us.

THE INSTITUTE SPECIAL

WILL REMAIN HERE ONE NIGHT

Giving Sanford Farmers a Fine Chance to Inspect Stock and Fruits

The Farmers' Special Institute train will arrive in Sanford tonight at 7:45, and will remain here until 10 o'clock tomorrow morning, thus giving Sanford people a grand opportunity to see the exhibits and listen to able addresses by the experts with the train.

These speakers include A. A. Murphree, president of the University of Florida; H. Rolfs, director, Experiment station; A. P. Spencer of the Extension division; C. K. McQuarrie, of the Farmers' Institute; J. C. Fawcett, of the Experiment station; E. W. Berger, State Inspector of nursery stock, and B. F. Floyd, of the Experiment station. There will be lectures on the subjects; how to load cars, whitefly control, citrus disease control, and citrus fertilizers. The six cars composing the train contain a splendid assortment of exhibit material, and the opportunity will be afforded for seeing the best of Florida's products. One car will contain nothing but citrus fruit and citrus material. The different methods of packing the different sizes will be shown, an expert packer being on the train to show how the packing should be done. There will be two cars exhibiting various grasses, legumes, and farm crops. These cars will prove of great interest, as few people realize that Florida can produce so much forage. There will also be one full carload of farm implements, such as are best adapted to Florida conditions. Another car will contain five breeds of hogs raised in Florida. It will be a decided surprise to many people to know what fine hogs are being raised in the State of Florida. In the day coach will be found thousands of bulletins, reports, and pamphlets on agricultural topics, as well as books that are useful in connection with Florida farming.

Experiments With Lettuce

Prof. Burger of the Experimental Station at Gainesville spent several days in the Sanford section this week experimenting with the lettuce crop. C. M. Berry sent several heads of lettuce to the station for examination with the result that Prof. Burger came here at once, the better to study conditions. He has laid aside a portion of lettuce on the farms of Mr. Berry and Messrs. Einstein and will watch developments. He wishes to note the present disease appearing this season with the continued warm weather and opinion and the result of his investigations will be awaited with great interest.

Notice to Owls

There will be an important meeting of the Lodge at Eagles Hall tonight. Wm. H. Beecher will be present and requests every member to attend if possible.

Boosting Beacham

Col. Beacham, of Orlando, has not yet announced for congress, but will probably do so in a short time. The Orange Co., papers are boosting his candidacy with a vim, and with such valuable support he would no doubt make a good race. He is well spoken of in South Florida.—Lakeland News.

Work on the new depot in DeLand is progressing rapidly, and the building will soon be ready for occupancy.

I. L. Blodock, a printer on the Tampa Tribune, is supposed to have committed suicide. The work on the Tribune is supposed to have unbalanced his mind.

The supreme court of Missouri has taken another scalp. It has fined the International Harvester Co. \$50,000 for being a trust and ordered it expelled forthwith from the state.

The Wallis case was argued today before the Supreme Court of the State of Florida, by Attorney-General Trammell, representing the comptroller, who in turn represents the state, and Congressman Frank Clark for Colonel Wallis, on an appeal from Judge Malone's denial of mandamus proceedings to compel the comptroller to audit and settle the Wallis claim for 15 per cent. commission on collection of the Indian war claims from the National Government for the State of Florida.

AT THE POPULAR STAR

The Popularity Contest Is Exciting—Great Interest

The Star Theatre is cleaning house and preparing for the good things which the manager is promising in the near future. Beginning next Monday they will put on a service of the newest films that have ever been run in Sanford. They are endeavoring in every way to improve their present equipment for the comfort and pleasure of its patrons.

The popularity contest is increasing in interest, a number of Sanford's most popular young ladies are in the race.

The first prize, a beautiful diamond ring, will be given to the young lady receiving the most votes; a lovely silver three-piece toilet set will be given to the one receiving next in number. A third prize will be announced later.

Every one attending the Star Theatre will be given a coupon for five votes. Some one is anxious for your vote; come out and help your friends.

List of contestants in Star Theatre Popularity Contest:

Essie Purdon	1165
Margaret White	960
Linda Connelly	490

Margaret Davis	90
Mabel Bowler	75
Lillian Higgins	75
Flossie Frank	55
Gussie Ellis	40
Ruth Mettinger	45
Willie Singletary	30
Sadie Williams	20

Synod at Gainesville

Gainesville, Fla., Nov. 16.—The synod of Florida, comprising the ministers of Presbyterian churches of the state, together with elders, is now in session at Gainesville, and the meetings will continue until the closing session tonight.

The opening session was held Tuesday evening in the First Presbyterian church, when the sermon was delivered by Rev. J. C. Tins of Tampa. He was greeted by a large congregation and all were deeply interested in his discourse. A cordial invitation is extended the public to attend all the meetings.

Every train Tuesday brought ministers and clerics from various sections of Florida and the committee appointed from the local church were kept busy assigning them to homes.

Sanford Census Grows

The following new arrivals in Sanford by the Stork Express are noted: Mr. and Mrs. C. R. Rayson, a fine boy; Mr. and Mrs. W. C. Falger, a fine girl; Mr. and Mrs. N. J. Johnson, twin boys; Mr. and Mrs. J. C. McDaniel, a fine girl.

NEWS OF THE WORLD

HAPPENINGS DURING THE WEEK

Here the Readers Will Find a Brief Historical Spring Flowing For Hurried Readers

The state department has practically decided to send a regiment of troops from Manila to Ching tao, a seaport in China, about 250 miles from Peking, on the Gulf of Pechili. The purpose is to perform an international duty under the Boxer treaty in keeping open the line of communication between Peking and the sea.

With the frank and emphatic statement that he believed in the prisoner's guilt Gov. Mann today declined to grant a respite to Henry Clay Beattie, Jr., convicted in Chesterfield county September 8 of wife murder. The refusal of the governor to interfere with the sentence which the supreme court declared on Monday to be plainly right, means that Beattie will die in the electric chair at the state penitentiary on Friday, November 24.

Attorneys for the indicted meat packers were busy today preparing for the next move in their latest action to obtain a ruling by the supreme court of the United States of the validity of the Sherman anti-trust law which they contend is not now a positive law because the "reasonable restraint" ruling makes it impossible to determine before hand whether the act is legal.

"Felon's stripes" as a punishment for "trust criminals" in the United States, to end "commercial piracy under benevolent rules of reason" are proposed in a bill amending the Sherman anti-trust law drafted by Representative Henry of Texas, to be introduced in the house upon the opening of congress next month. Its introduction probably will mean its passage in the house.

Harry Thaw is studying law in the library of the state hospital at Mattewan. Chemists there testified that a paranoic can't succeed in the study of law and Thaw hopes to make a good showing and prove himself no paranoic by next spring.

Woodrow Wilson is beginning to become a formidable rival of W. J. Bryan in the number of democratic interments in which he is the principal figure.

The state convention of women's clubs of Georgia entirely ignored the suffrage question at its session the other day, which is quite natural.

Several Constantinople telegrams received affirm that the porte is disposed to treat with Italy with a view to peace. It is now beginning to be admitted in Constantinople that the Turks and their Arab allies in Tripoli, despite desperate attacks, have been everywhere repulsed with heavy loss, and that a prolonged resistance is useless.

This Campaign Is Drawing to a Close

I wish to thank all my friends for their earnest support.

We have made a clean fight for clean principles.

We stand for a square deal and equal rights for all the people.

Do not make a mistake election day, Tuesday, Nov. 21st. Be sure you are there and indicate candidate you wish to vote for by X on the left of his name thus, For Mayor,

X G. W. SPENCER

SHALL THE PEOPLE RULE? The Peoples Candidates for Alderman

- P. M. Elder,
- T. J. Miller,
- Geo. Fox, Jr.
- B. W. Herndon
- W. S. Hand
- W. H. Underwood
- Frank L. Woodruff

We stand for Progress—the substantial kind. We stand for a better water supply for the people and fire protection for the peoples' property.

We are not the candidates of the politicians nor the bosses nor the Water Works Company, nor the candidates of ONE MAN.

We are for Sanford and its people. A business man's administration.

Vote for all of us. We stand for the best interest of Sanford and all the people. Equal rights to all—special privilege to none.
