Press censorship in Germany has

not last long satisfied in the logical

conclusion. There for some time

newspapers have been prohibited

from voicing reasonable criticism

of the Nazi government's acts. So

one Jewish newspaper, which had

A Building Boom

The United States is one of the greatest home building boom in its history, according to Fred T. Greene, executive secretary of the New York State League of Savings and Loan Associations, who advises prospective home owners not to wait before building until the boom is in full swing when prices will be much higher than they are now.

The six basic factors in the home building field which have brought Mr. Greene to the conclusion that a great wave of construction is about to get under way, are listed by him as follows:

1. For five years there has been less home building in proportion to our population than ever before in the country's history. Obviously, we must start to catch up some time.

2. For five years, we have hit the low point in modernization and repair. More homes are rundown, decrepit and out of date than ever before.

3. During these five years, science and home engineering have made their greatest advance toward the "perfect home." To date but a small part of this achievement has been made public. All of it will be brought to light when we are ready for it.

4. For five years, two or more families have been "doubling up" in single-family homes everywhere. The "un-doubling" has already set in and will gather momentum rapidly.

5. For five years the United States has witnessed the greatest demonstration in its history that the man with the greatest security behind him is the one who owns his own home outright. That urge has been planted deeper in the minds of our citizens than ever before, and it is bound to make itself felt once this movement really gets under way.

6. There is more home financing available today than there has been for five years. Savings and loan associations in New York State are in better liquid position than at any time since 1929, with cash and credit resources for home financing considerably in excess of \$300,000,000.

"Reports from our associations in practically every section show a limbering up," Mr. Greene concludes. "From a low point at the beginning of 1934, applications for loans showed a steady increase in every quarterly period of the year. The first half of this month brings in reports of continued improvement. All indications point to a great

Florida Municipal

The market price of Sanford lands has risen from a low of \$9 about one year ago to a high of \$31 at the present time. Whether this has been due to the general improvement in local business conditions, the passage of the Home Exemption Amendment, or as a friend of ours suggested the other day, the election of Mr. Duran as mayor, we do not know, but it seems to be a trend which is evident in most Florida cities.

Though most Sanford residents believe in effecting a reasonable compromise with the tax collector, it will hardly seem this time in price, as exemplified in the Tampa Times says that "cause for anxiety continues."

It is contained in an article in the January number of the Florida Municipal Report showing steadily increasing land values of lands owned in nearly three thousand

cities of the state. The report shows that the market price of land in the city of Sanford has increased from \$9 per acre to \$31 per acre.

In many instances, the Tampa continues, such lands as of January 1, 1934, at a price of 100 per cent above with their value of September, 1933, the record of those whose credit never has been impaired and whose legal obligations have not risen to par through 1933 and 1934, regular registration without further cause, a number of other municipalities either had dropped out of listing in the earlier statement or qualified for a reduction. Even the cities which have shown definite registered and minor drops have done so, for example, from \$15 to \$10 in January, and Tampa's does in the same period from \$10 to \$12.

Tampa's capital funds increased from \$4,000,000 in 1933 to \$4,500,000 in 1934, according to the recent statement. Figures for the last year of 1934, however, are not yet available. In 1933, the city of Tampa had 26,000,000 in 1934, \$10,000,000 in 1935, and from \$10,000,000 in 1936 to \$12,000,000 in 1937.

These figures are neither additional indications of progress in Florida, nor of the state's rapid growth in recent financial well-being. As such, they are well worth the careful study of everyone who places his trust in the welfare of Florida.

Malcolm MacNeill Has 7th Birthday

With about 70 guests invited, Mrs. Frank R. MacNeill entertained at a birthday party yesterday afternoon at her home, corner Oak Avenue and Ninth Street, in honor of her son, Malcolm MacNeill, who celebrated his seventh birthday anniversary. Games and contests were enjoyed throughout the afternoon.

At the conclusion of the games prizes were awarded to Nancy Dighton, Eugenia Ann Caswell, Walter Campbell, Jr., and Ralph Wright. Mrs. F. V. Lee, Mrs. Z. B. Ratliff, and Miss S. K. Dighton, and Miss Ellie Wright assisted the hosts in entertaining.

Late in the afternoon refreshments were served in the dining room which was decorated in red and white in observance of Valentine's Day. Centering the table was a large three-tiered white cake adorned with seven lighted red candles. Competitors of red sweet peas were placed at each end of the table; novelty red "pegs" marked the place of the girls, and bows of red and crimson added to the attractiveness of the color scheme.

obtained at 1% per annum, which indicates how the investing public regard the safety of their investments.

As stated by Mr. Judson, the local association is a co-operative, non-profit organization designed to be farmer-owned and controlled. He explained it is a bank where the local farmers may establish credit so that money will be available for crop production at the time when they need it. These loans are inexpensive since the borrowers pay interest only on the amount of the payment.

Mr. Judson urged the farmers who might be interested in money for production purposes to discuss their needs with the association, Mr. S. E. Andrews, and file their applications 30 or 40 days in advance of the time they will need the money in order to have it available when needed and to avoid the inconvenience of being turned down.

The prizes, which were selected by W. H. Schmidt and awarded during the dance, went to Mrs. Rex Packard, Mrs. Corn Hollinger, a winter visitor from New York, J. O. Laney, and Edward B. McCall. Mrs. Packard received an electric egg cooker donated by the Sanford Electric Co., Mrs. Hollinger, Mrs. H. F. Moore, Mrs. F. E. Getchell, Mrs. M. Stewart, Mrs. Charles Stevens, Mrs. Margaret Kerlin, Mrs. E. L. Glenn, Mrs. George W. Huff, and the Misses Marie Newark, Alice Woodford, and Hazel Tew.

Nudist, Naughtiest Are Styles In Paris

PARIS, Jan. 21.—(UPI)—A sophisticated audience cooed and sighed yesterday as the nudist, naughtiest fashions Paris has seen in years were shown on the 1928 stage.

Gowns for spring and evening displayed by Robert Piquet had, above the waist, no top, no back, nothing but a little piece of cloth in front held up by three whalebones which the gawking buyers and newspaper people thought might slip any minute.

Billy Holleyhead, who fell from a tree recently and broke both arms, is improving and is able to be out again.

Mrs. Lee Ransbottom, Mrs. Drummond, and Miss Mary Kinney have returned from Miami where they spent a few days.

The Rev. H. Irving Loutit and William Clements of West Palm Beach spent Wednesday late at the guest of the Rev. Martin J. Bram, Palmetto Avenue.

Friends of George Huddleston will regret to learn that he has been buried at his parents' home, Mr. and Mrs. J. F. Huddleston, 4600 Lakewood Avenue, D. C., and past several weeks.

Mr. and Mrs. W. J. Morrison took their daughter, Miss Balleen Morrison, to Jacksonville this morning where she will receive treatment at Riverside Hospital.

Mr. D. D. Welborn, Mrs. C. O. Walker, and Carl Autrey were sick by the illness of their father.

Friends of Mrs. John D. Johnson will be glad to learn that she is improving at her home in French Woods from a recent illness.

Among those from here attending a district rally of the Woman's Missionary Union of the First Baptist church in Longwood were Miss H. H. Hill, Mrs. H. B. Beck, Mrs. Fred Meyers, Mrs. H. F. Moore, Mrs. F. E. Getchell, Mrs. M. Stewart, Mrs. Charles Stevens, Mrs. Margaret Kerlin, Mrs. E. L. Glenn, Mrs. George W. Huff, and the Misses Marie Newark, Alice Woodford, and Hazel Tew.

HARRY-ANNA HOME WILL RECEIVE \$140 FROM PROCEEDS OF DANCE

Roosevelt's birthday and the opening of The Mayfair were celebrated jointly last night at the second annual Roosevelt Birthday Party for charity held in The Mayfair with over 300 couples in attendance.

The party, which included dinner from 6:00 P. M. until 8:00 P. M., bridge from 8:00 P. M. until 10:30 P. M., and dancing from then until 2:00 A. M., was opened by the celebrities and entertainment committee of the Seminole County Chamber of Commerce, C. E. Adams, chairman. More than \$140.00 will be sent to the Harry-Anna Fund for Crippled Children at Umatilla through the local Elks' Lodge and more than \$80.00 will be forwarded to the Foundation for Crippled Children at Warm Springs, Ga.

The hotel, which has been entirely redecorated and refurbished, presented an attractive appearance. Dark green carpets were a complementary background for the furniture upholstered in soft colors, harmonizing with the long draperies at the large lobby windows. Many congratulations were extended to W. E. Kirchoff and his associates, Mr. Minich and Frank W. Swift, manager of the hotel.

More than 70 persons attended the dinner from 6:00 P. M. until 8:00 P. M. The first five meals were saved to a party consisting of John Meisch, chairman of the Board of County Commissioners, and Mrs. Meisch, City Commissioner H. J. Lehman and Mrs. Lehman, and Secretary Earl Lehmann of the Chamber of Commerce.

The contract and auction bridge was conducted in the lounge by a committee from the Civic Department of the Sanford Woman's Club of which Mrs. H. M. Papworth was chairman. Mrs. Arthur Branson was also in active charge of arrangements.

The prizes, which were selected by W. H. Schmidt and awarded during the dance, went to Mrs. Rex Packard, Mrs. Corn Hollinger, a winter visitor from New York, J. O. Laney, and Edward B. McCall.
